St. Quentin, Besieged by Entente Forces, Cut Off From Supplies Must Fall Soon

The British and French are knocking at the doors of St. Quentin, the medieval town that marks the backbone of the so-called Hindenburg line...

To the north of St. Quentin the British are surging forward along a thirty mile front, their rapid advance in the last few days unaccompanied by any major fighting...

French activity is mainly in evidence east of Soissons, where a sharp salient has been formed in the German lines...

While the allied capitals are filled with rumors of a coming great counter-offensive by the Germans, nothing has developed to show where such a blow, if one is contemplated, will fall...

TURK LOSSES HEAVY IN THE GAZA BATTLE

Total Casualties Sustained By Foe Eight Thousand LOSSES OF BRITISH In Fight Were Less Than 400 Killed

London, April 2.—Andrew Bonar Law, member of the British war council, to-day stated in the House of Commons that the total casualties suffered by the Turks in the battle of Gaza in Palestine were 8,000. The total number of British killed, he added, was less than 400.

U. S. Congress Meets in War Session

SIBERIA HAILED REVOLT

Unanimous Sentiment of the Country In Favor of Republic PATIENCE, LOYALTY Breathed by Speeches of Exiled Russians There ALL MUST CO-OPERATE In Work of Defeating Common Foe

Petrograd, April 1, via London, April 2.—Charles H. Boynton, president of the American-Russian Chamber of Commerce, who arrived here to-day after a journey across Siberia said that the revolution had been greeted with enthusiasm at every town through which he had passed...

Mr. Boynton said that the greater part of the crowd was composed of soldiers wearing the red badge of the revolution. "I was impressed," he continued, "by the extraordinary unanimity of sentiment expressed on every side in favor of a republic. The news of the arrival of the exiles seemed to precede us, and at every station crowds clamored for a sight of them and demanded speeches. One of the exiles named Anisimo, a former member of the Duma, who had been ten years in the mines, responded most frequently, and in fact spent most of his time on the platform."

The speeches of all the exiles breathed loyalty and patience. They asked everybody to turn in and help defeat the common enemy. Mr. Boynton reported that travel conditions were excellent and food was abundant. He said he had been told that an improvement was noticeable immediately the new government took control.

PRUSSIAN GENERAL HAS DIED

Gen. Max von Prittwitz Passes Away in Berlin OPPOSED RUSSIANS And Unable to Prevent Invasion, Was Removed GEN VON HINDENBURG Succeeded Him On Eastern Front

Copenhagen, April 1—via London, April 2.—Despatches from Berlin announced the death of General von Prittwitz and Graf von Tannenberg. The failure of General von Prittwitz to stem the flood of a Russian invasion opened the way to the appointment of von Hindenburg to command the East Prussian army and to the brilliant career which the German field marshal inaugurated with the victory of Tannenberg.

General von Prittwitz at the outbreak of the war was one of the most highly esteemed generals in Germany. He was born at Bernstadt, Prussian Silesia in 1848. CHILDREN'S SHOES. The new wide last for children is the correct thing. See the different qualities at Coles Shoe Co., 122 Colborne Street.

Question of America's Entry Into Struggle to be Ultimately Decided This Week, and Declaration of War is Practically Insured

By Courier Leased Wire.

Washington, April 2.—As soon as Congress assembled at noon President Wilson practically decided to make his speech to-day immediately after the organization of the House, even if it should be deferred until late this afternoon or early evening. Washington, April 2.—Congress met in an extraordinary session today to decide the question of war with Germany. First came the struggle between Democrats and Republicans over organization of the House. With that completed Congress will be ready to hear President Wilson's message on the most serious international crisis which has confronted the nation since the Civil War.

Sentiment at the Capitol apparently predominated for a declaration of war, or a declaration that a state of war exists. Pacifists in both House and Senate were to be heard from, but few believed that opposition would be effective. It seemed likely that the week would be well advanced before such action is taken. Even at the last minute tremendous moral pressure for or against war was being exerted on members of Congress by their constituents, mainly through the medium of telegrams which continued to pour in to-day. To these were added personal appeals of pacifists and anti-pacifists who came here in force, each side to combat the arguments of the other.

All signs early today pointed to a rather speedy Democratic victory in the House by the re-election of Champ Clark as speaker over Representative Mann, Republican candidate and the resultant dictation of committees by Democrats.

President Wilson's message was written and his appearance before Congress only awaited official notice that the House had effected organization and that both Houses were ready to hear him. Flags floated from nearly every window in downtown Washington, from houses in the residential sections and all automobiles carried red, white and blue banners. Men and women wore flags on coats, and children carried them to school. The day was marked by a show of patriotic fervor seldom equalled in Washington, even on Independence Day. Most pacifists came here from New York and other cities, under the direction of the Emergency Peace Federation. They arranged a meeting this afternoon to act on resolutions and petitions, and a mass meeting for to-night. The anti-pacifists, calling themselves "Pilgrims of Patriotism" came from a number of eastern cities, marshalled by a New York citizens' committee, to neutralize the effect the anti-war forces would have. Unless the war continues a year longer, an American army cannot be placed in the trenches of Europe, the former president said, but the government can aid with food supplies, money and credit and with the navy in suppressing submarines.

House, asserted that the people of the south and southwest are ready for war, and that the United States must enter the conflict "wholeheartedly." Mr. Taft spoke publicly in eleven cities in nine states from Virginia to Missouri in behalf of the program of the League to Enforce Peace, and urged upon people the necessity for preparation for war. New York, April 2.—William Howard Taft, returning to New York to-day, after what he said was the longest and most strenuous journey he has taken since he left the White House, asserted that the people of the south and southwest are ready for war, and that the United States must enter the conflict "wholeheartedly."

ZIMMERMAN IS HAULED OVER COALS IN REICHSTAG

Investigation Into Leakage of Teuton Intrigue With Mexico and Japan Provides Unpleasant Moments for Foreign Secretary, Who is Made the Goat of the Affair—A Revised Edition of the Offer Published in Germany

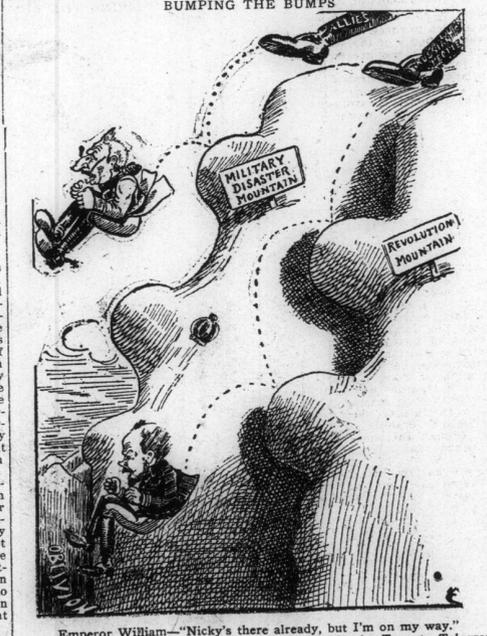

Copenhagen, April 2.—The German-Mexican Alliance incident, it is established by reports brought by persons recently arrived from Germany and from press reports of the reichstag sessions continues to provide unpleasant moments for Alfred Zimmermann, secretary for foreign affairs. His defense of his action behind the closed doors of the reichstag committee and in the open house has not availed to check either public or private criticism of the act itself and, still more, the greater crime of being found out.

Dr. Zimmermann's latest explanation in the reichstag on Friday is dismissed by The Tageblatt as avoiding the real crux of the matter, namely, the wisdom of the step as a matter of policy. Formal justification for the proposal is unquestioned, but as The Tageblatt points out, the vital point is the effect which the overtures might be expected to have on Mexico, on Japan and on public opinion in the United States, particularly in the western and southern states.

Regarding Dr. Zimmermann's statement that the manner in which the American Government gained cognizance of the negotiations is under investigation. It is stated authoritatively that this could only have occurred through the United States Government being in possession of the code in which instructions which were telegraphed, either before they reached Washington, or were on the way. The latter is regarded as the more probable and there is considerable anxiety as to the further material which the United States may have obtained through this insight into the most confidential German communications.

The channel whereby the instructions were conveyed to Count von Bernstorff, the former ambassador at Washington, is described mysteriously as a "special and particularly secure one," but it is considered not impossible that the foreign office took advantage of the State department, which allowed the American embassy at Berlin now and then to transmit communications between the German Government and Count von Bernstorff. Embodied within such despatches were other messages, in a second

"inside code." One such message was transmitted by Ambassador Gerard about the date of the Mexican discussion. "Revised Text." The text of the instructions as made public from Washington has never been published in Germany. An ostensible text has been made public in Germany, but that was subjected to a few, though important revisions, including omission of the offer to Mexico respecting Texas. Even at that the Socialist critics have ridiculed the idea that the Mexicans would consider the possibility of conquering Arizona and New Mexico, and have characterized the idea of a war between the United States and Japan as a dogma like the earlier one of "the inevitable Russo-English collision."

PENFIELD TO RETURN TO AUSTRIA

American Ambassador Does Not Look for Break in Relations GOES TO WASHINGTON To Confer With President on the General Situation RUSSIAN GOVERNMENT Recognized By Grand Duchess Elizabeth

Vienna, Saturday, March 31, via London, April 2.—American Ambassador Penfield confirmed to-day the impression here that he expects to return to Vienna as quickly as possible for his forthcoming visit to Washington. He said he might be gone three months. His residence here will be kept open. The ambassador and Mrs. Penfield will depart on Wednesday or Thursday.

The news of Mr. Penfield's impending departure made a great stir here, but the first impression was offset by a statement from the ambassador to the press that his trip to Washington was to be made on account of President Wilson's wish to consult him in regard to the general situation in Europe. The state department's message to Mr. Penfield said that during his absence, Joseph D. Grew, counsellor of the embassy will be in charge. At the foreign office it was learned that no significance was attached to Mr. Penfield's visit to Washington other than that given by the ambassador himself.

London, April 2.—Grand Duchess Elizabeth has telegraphed to the Russian Premier, Prince Lvoff, announcing that she recognized the provincial government, and asking that she be allowed to continue her philanthropic work in Moscow, where she is the abbess of a convent says a Reuter despatch from Petrograd to-day.

RUSSIAN REPLY IS BAYONET

Huns Must Rid Selves Of Cursed Hohenzollern and Bethmann DECLARES A DEPUTY Before Offering Friendly Hand to Russia HYPOCRISY IS SHOWN In Greetings Sent To Revolutionists

London, April 2.—The German Emperor and the chancellor von Bethmann-Hollweg were bitterly denounced by Deputy Skabeloff, vice-president of the council and workmen and soldiers and delegates during a demonstration in front of the duma building, according to a Petrograd despatch to Reuters. Deputy Skabeloff, addressing the thousands of soldiers and civilians who took part in the demonstration said "To the hypocritical greeting sent the Russian revolutionaries by Wilhelm and Bethmann we can only reply with the bayonet. We cannot shake hands with the German people until they have rid themselves of the cursed Hohenzollern and Bethmann."

French Advance Against the Foe; British Capture Several Villages; Russians Also Progress

Paris, March 2—2:05 p.m.—French patrols advanced last night to the German positions before St. Quentin, which they found to be held in force. South of the Ailette the French drove the Germans beyond Vauxaillon. The war office to-day gave out the following account of the operations:

"In the region of St. Quentin, our patrols pushed forward northeast of Dallon and north of Castres (these towns are about three miles from St. Quentin) as far as the enemy lines, which they found to be held strongly. In the sector south of the Oise there was heavy firing between the advanced posts. South of the Ailette our troops followed up their successes and drove the Germans beyond Vauxaillon. Enemy patrols were dispersed by our fire. The number of prisoners taken yesterday reached 125. We captured five machine guns.

"In the Champagne several German counter-attacks against the positions which we recaptured west of Maisons de Champagne were checked by our fire. We repulsed completely attacks on small posts east of Auberville and west of Navarin Farm.

"In Alsace we made a successful surprise attack at Carspach, wood and took prisoners. Over the remainder of the front, the night passed in quiet."

London, April 2.—The British have captured Croisilles after a desperate defense by the Germans, Reuter's correspondent at British headquarters reports. The towns of Longatte and Dognies also have been captured by the British, who took some prisoners. Headquarters in France, April 2, via London.—(From a staff correspondent of the Associated Press)—British forces to-day widened the wedge they had inserted in the German line in the region of St. Quentin, and captured the villages of Ailly and Villecholes, respectively, southeast and northeast of the village of Veruain.

Petrograd, April 2, via London.—Russian troops moving westward from Kerind, in Persia, are approaching the Mesopotamia border near Khanikan, continuing to drive the Turks before them, to-day's war office statement indicates. Two additional towns have been occupied by this column.

The more northerly column, which already has crossed the Mesopotamia border south of Baneh, has held its newly won ground there, breaking up a Turkish offensive movement. The official statement reads: "Caucasus front: "In the direction of Panjwin, in the region of the village of Ganganadoli, about 10 miles south of Baneh, our troops repulsed a Turkish offensive. In the direction of Khanikin, our troops occupied Milagu Poltair and Serpoule. The pursuit of the Turks, who are retiring in the direction of Kasrichin, continues."

(From Our Own Correspondent)
Simcoe, April 2.—In the death of
Capt. H. H. Paulin, Geo. G. Bam-
forth and A. A. Culver, the local
Oddfellows lodge has lost three
members who measured far above
the average in the matter of per-
sonal attention to duties and con-
tribution for the general weal of the
order. And during their lives all of
them were recognized in this re-
gard. The Bamforth funeral, held on

arrival of the casket containing the
body of Capt. Paulin, whose sad
death in England recently brought
on the bloom which has settled so
heavily over the Simcoe lodge.

**IMPURE BLOOD
IN THE SPRING**
The Passing of Winter
Leaves People Weak and
Depressed

As winter passes away it leaves
many people feeling weak, depressed
and easily tired. The body lacks
that vital force and energy which
pure blood alone can give.
Dr. Williams' Pink Pills for Pale
People are an all-year-round blood
builder and nerve tonic, but they are
especially useful in the spring. Every
dose helps to make new, rich, red
blood. Returning strength com-
mences with their use and the vigor
and cheerfulness of good health
quickly follows.
There is just one cure for lack of
blood and that is more blood. Food
is the material from which blood is
made, but Dr. Williams' Pink Pills
double the value of the food we eat.
They give strength, tone up the
stomach and weak digestion, clear
the complexion of pimples, eruptions
and boils, and drive out rheumatic
poisons.
If you are pale and sallow, if you
feel continually tired out, breathless
after slight exertion, if you have
headaches or backaches, if you are
irritable and nervous, if your joints
ache, if your appetite fails and food
does not nourish nor sleep refresh
you, Dr. Williams' Pink Pills will
make you well and strong. To build
up the blood is the special purpose
of Dr. Williams' Pink Pills, and that
is why they are the best spring
medicine. If you feel the need of a
tonic at this season give Dr. Will-
iams' Pink Pills a fair trial and you
will rejoice in new health, new
strength and new energy. Do not let
the trying weather of summer find
you weak and ailing. Build yourself
up now with Dr. Williams' Pink
Pills—the pills that strengthen.

Township Council in Session Today

The regular meeting of the township council was held in their morning session at the Court House this morning. Several important matters were dealt with, and a by-law passed appointing municipal officers. A communication was received from the Board of railway commissioners of Canada, notifying the council of a sitting to be held in the City Hall, Hamilton, on April 12th, to hear the application of the City of Brantford for an order directing that the Grand Trunk Railway shall not run its trains at a greater speed than six miles per hour along Clarence Street in said city or at the Market Street Crossing of its tracks south of the Canal Bridge or in the alternative that the Railway Company shall maintain watchmen at the several crossings mentioned. At the same time they will deal with the application of the City of Brantford and the townships of Brantford and South Dumfries for an order for the construction by the Grand Trunk Railway of a subway under the tracks of the said company at St. Paul Avenue. Leevee A. J. McCann was appointed to represent the township and protect its interests. The solicitor will also act on the committee. By-law No. 720 was passed, appointing several municipal officers: Ward One—Fence Viewers, Geo. Midgley, M. McAlister, H. Henderson, R. M. Shaver, H. B. Meadows, Beverley Lloyd-Jones and J. Sheppard. THE SITUATION

The fighting on the Western front develops in severity. Strong defence points have been taken by the Allies, and the British forces at this writing are close to St. Quentin, one of the basic points of the "Hindenburg line." Incidentally, ten more villages have been taken. The French are also advancing somewhat but the present initiative rests with the British. Rumors still persist as to a big German offensive on the Eastern front, with also with regard to an assault on the Italian front. Maybe, but to the average observer it began to look as if there was quite enough doing in the Western arena just now to keep the Hun busy without detaching big bodies of men for much other work elsewhere.

From Mesopotamia there comes word of a series of Turkish defeats and retreats. The British and Russians are working together on the job, which is apparently approaching a satisfactory completion.

The devilish devastation of the enemy in France has very properly provoked a strong resolution in the French Senate, in which the civilized world is asked to note that the foe has violated all the terms of the Hague Convention, and has exhibited a wantonness and barbarity without parallel.

BRITISH SEA POWER

One of the claims of Germany is that she wants freedom of the seas. As a matter of undisputed fact she has had it, like all other nations, ever since Britannia has been mistress of the waves. In this regard it is satisfactory to note the following acknowledgment in the "Saturday Evening Post," a United States journal with a circulation approaching two millions: "Since the Battle of Trafalgar, England's supremacy at sea has not been challenged. For a hundred years the British Navy has been the mightiest weapon that any modern nation has possessed. It is doubtful that even the Rome of Augustus could assert so decisive a superiority over any probable hostile combination."

On the whole, no invincible weapon was ever used with greater moderation. The period of British naval supremacy has been the period of ever growing freedom of the seas. Trade of other nations multiplied undisturbed. England adopted the most liberal navigation policy ever known, throwing open even the home coastwise trade to all vessels without restriction.

England's material interests required moderation; and the fact that moderation best served her own material interests was the surest guaranty of the continuation of that policy. Years ago her ablest men saw that she had already made all the conquests which would be profitable to her, and that what she most wanted was an orderly peaceful world in which to enjoy and develop her possessions. Her situation inclined to a liberal, peaceful program; and it was highly probable that she would have the wisdom to see it.

For a hundred years British naval supremacy put no obstacle in the way of the United States. We came to accept it with no more misgiving than over the geological possibility that an earthquake may happen in the Mississippi Valley. But if Germany could starve England this naval supremacy would undoubtedly end, and sea power would shift to the hands of a new nation, formed on concepts of conquest, ambitious for territorial expansion. Germany rejected proposals for reduction of armaments, preferring the system that kept the Continent of Europe armed to the last available man, each nation watching its neighbors, finger on trigger, and straining its resources to muster more battalions.

Sea power in Germany's hands would at once extend that system of competitive armaments over the world. Very few events of a political nature could give the United States greater ground for apprehension than a transfer of naval supremacy from England to Germany.

SINISTER WORK

Every cable from Europe deepens the conviction that the war has entered a critical stage, possibly the last phase. The soldiers of the Allies at the front face the test the world has been waiting to see, confident of the final result. The armies realize that never before has the demand been so insistent for the concentration of every energy upon the prosecution of the war.

In the British Parliament, the Lloyd George Government has developed a development of events which might force the Administration to appeal to the people, with consequent disruption of vital national activities.

What of Canada? Is there enough patriotism, enough respect for the best interests of the brave men at the front, evident in this country, to spare the nation the rude experience of a partisan political campaign? Will an attack be made on the war government which, if successful through the wiles and arts of professional politicians, must send a message to Germany to cheer and endorse the Kaiser's government?

Unfortunately the signs of the times indicate that Canada contains "a little band of wilful men" capable of exercising the accidental privilege they have in their hands and forcing a general election. Already the "bloody key" is fumbling at the lock. Under the spur of a lust for office, pledges to the country are being broken and scraps of paper are being torn up, while enemy conspirators in the neighboring country are invited to enthrone over the prospect that shortly the people of Canada are to be divided into belligerent factions.

Already on the record is Sir Wilfrid Laurier's picturesque estimate of the responsibility that would be undertaken by the man, who, during wartime, tore the Canadian people apart and held up the prosecution of the war by forcing a general election. Already Sir Robert Borden, when tempted to seek an expression of public approval to still the voices of petty, partisan criticism, resisted the temptation out of respect for a phase of the war by no means so critical as the present one. Yet those who have followed recent political history in Canada will not be greatly surprised that there are men in this country fully capable of the surrender to partisan expediency, as they view it, and lending the enemy the comfort of witnessing another British Dominion "temporarily" put out of action by a domestic convulsion.

NOTES AND COMMENTS

Better cultivate that garden plot if you want to feel "feed up" this year.

The Turkish war minister has left for a conference with the Kaiser. It is a safe wager that there will be an absence of any strutting performance.

The celerity with which Uncle Sam is getting into the war is not fast enough to warrant moving pictures.

Now then it is up to you to take a turn in cultivating the acquaintance of the frisky carrot and the valiant potato.

Our West railway workers will be detailed to help with the farms. It is to be hoped that no sleepers will be included in the levy.

Notwithstanding the temperance wave, the British have taken Beer-sheba, and the French are tackling Champagne.

This Bush Yields only 2 1/2 ozs. yearly.

A very small yield considering the size of the bush. It takes about 6 1/2 bushes to yield a pound of ordinary tea—and about 10 bushes to yield a pound of Red Rose Tea, as only the tender shoots and buds are used to produce the distinctive flavor and richness which characterize this high-grade tea. In sealed packages only. Try it.

RETURNED SOLDIERS IN SESSION

Meeting Held in City on Saturday Evening Last

APPROACH COUNCIL For Purpose of Asking For Grant From The City

Important matters were disposed of at the meeting of the local branch of the Returned Soldiers' Association at its meeting held in the Y. M. C. A. on Saturday night. It was decided to send Mr. L. Watson as a delegate to the Dominion conference to be held in Winnipeg, April 10th-12th. Brantford is now well represented on the Provincial body, Capt. the Rev. C. E. Jenkins being president, and representation will also be sought on the Dominion organization. The report of the Provincial conference was submitted by Capt. Jenkins. The choir of the Congregational church has offered to provide a concert, the proceeds to be devoted to the returned soldiers. The offer was accepted. It is the intention of the Association to hold a smoker in the near future but as yet arrangements have not been completed. The local veterans are proposing approaching the city council for a grant with which to carry out their work. The men are desirous of securing funds with which to establish club rooms and plans are being made to accomplish this purpose.

Children Cry FOR FLEICHER'S CASTORIA

THE WIND worse. If winds should cease to blow, we'd have a lot of snow, or rain, or hail, or sleet; perhaps a thunderbolt would give my muse a jolt, and make my harpstrings hum. However bad things be, I look on them with gloom, embalm them in verse; when evil things are gone, we'll likely see the dawn of something twelve times worse. I look on things like this, and so I'm full of bliss, when I'm full of prunes; and all the windy day I wend my cheerful way, and warble sprightly tunes.

CHURCH PARADE HELD AT PARIS

Paris Men of 215th Attend Divine Service

RECRUITING MEETING Held in Gem Theatre There Last Evening

OTHER NEWS OF PARIS Mr. John L. Folsetter Passes Away

Paris, April 2.—On Saturday afternoon Miss Gladys Govier, of Paris Junction was united in marriage to Mr. Bentley of Hamilton. Rev. J. C. Nicholson officiated.

On the previous evening a number of friends as also the members of her class at the Paris Station Mission paid a surprise visit to the home of Miss Govier's parents and presented her with a miscellaneous shower.

Yesterday the Paris members of "P" Company, 215th battalion paraded to the Methodist church, where a hearty service was conducted, the pastor, Rev. J. H. Wells delivering a most inspiring sermon. During the offertory, Mrs. C. Martin rendered "Land of Hope and Glory," very acceptably. The regimental band was in attendance.

In the evening a well attended recruiting meeting in the interests of the 215th battalion was held in the Gem Theatre at the close of church service. Mayor C. B. Robinson presided and stirring addresses were delivered by Mr. Raymond and Capt. McKenney. Selections were rendered by the regimental band and Sergt. F. Oldham favored with a solo.

Miss Renwick, of Hespeler, who was on a visit to her sister here, Mrs. John Inksater was in one of the cars in the L. E. and N. railway when a collision occurred Saturday morning and she was badly cut about the head and face by flying glass.

Another link in the chain of history of the past was broken on Saturday afternoon, when Mr. John L. Folsetter passed away at his residence on Banfield street, in his 72nd year. Deceased was a native of the Orkney Islands, Scotland, and came to this country in 1864, and was employed on the farm of the late James Deans, Keg Lane, South Dumfries. Later he went on the old Davidson farm, where he remained until some forty years ago, when he retired from active life and took up his residence here. In 1883 he was united in marriage to Miss Annie Plett, who predeceased him some 21 years ago. In religion he was a member of the River Street Presbyterian church, took a very active interest in the building of the new church here, and for some years served as school trustee, was also Councillor and Reeve for South Dumfries for some years, and represented the same at the County Council. Although busy with farm duties, the late Mr. Folsetter found time to act as President of the Paris Agricultural Society, and for some years was on the Board of Directors.

In politics he was a staunch Liberal, but always fair and charitable in his views with all. A family of two daughters, Daisy and Hazel at home, and one son, George, of Brantford Township, are left to mourn his loss. The funeral took place to Paris cemetery this afternoon, the services at the home and grave being conducted by Rev. J. C. Nicholson.

The town was startled on Saturday morning to learn of a serious head-on collision that had occurred on the L. E. and N. railway about one mile this side of Glenmorris. It is understood that the passenger car was to blame for the trouble, in not waiting at the Glen for the express car from Paris to pull in on the siding there. About 16 passengers, as well as the conductor and fireman of the express car, were seriously injured, and some 10 or 12 slightly injured. Taxi cabs and medical men from Galt took several passengers to the hospital. Just how the mishap occurred is not fully known at present, as it is said there are no very serious curves on the road near where the collision happened. A wrecking crew from Brantford had the line clear in about an hour after the accident.

The Empire's Call For Food!

You have heard it. Statesmen and economists agree that the universal food shortage is today the most dangerous menace of all. Yet the weapon to conquer it is in the hands of everyone able to increase production.

Were you raised on a farm? Can you drive a team? Can you handle fork or hoe? If you can't fight you can produce. Our farms are badly undermanned this spring—help is most urgently needed. IF YOU can help it is a PATRIOTIC DUTY you owe your country.

Don't let selfishness or indifference rob YOUR country of the food results of your efforts. Lloyd George declares, "One year's unselfishness will save the British Empire. It will save humanity!"

PHONE OR SEE THE SECRETARY, BOARD OF TRADE, ROOM NUMBER 12, TEMPLE BUILDING. Every available man and boy is needed on the farms. Act at once. Spring work is on.

But the farms cannot produce all that is needed. If you have even the smallest plot of ground available—grow vegetables. If you haven't any ground of your own the Thrift League will get some for you—free of charge—if you will cultivate it. Use this coupon.

To Mr. H. T. Watt, Secty., Brantford Thrift League, CITY. Date..... Dear Sir:— I hereby make application for a one-tenth acre lot to be cultivated to the best of my ability for the purpose of increasing the food production of the city. Name..... Street Address.....

MR. BROWN GAOL GOVERNOR

Was a Man Universally Esteemed and Respected

The passing of Mr. J. Y. Brown, Governor of the gaol, the man who, of himself and through his family, possessed many early and interesting associations with this portion of the province, was a sad loss to the community. The deceased had been suffering from eye trouble for some time and had been successfully operated upon at the hospital for cataract about three weeks ago. However, his constitution was unable to withstand the strain and despite all that doctors and nurses could do, he fell asleep at noon on Saturday. He had never completely recovered from the severe pummeling which he sustained last Fall when the two American desperadoes escaped from the gaol. It will be remembered that he showed characteristic pluck in helping to tackle the pair and that in the melee he had his head so severely bumped on the concrete floor that he was rendered unconscious. Without any doubt the rough handling he then received contributed to his end. Mr. Brown's father, Mr. David Brown, came to this country from Scotland in 1830 with the intention of buying Bow Park farm, but not being able to get a clear Indian deed he bought two farms in the Johnston Settlement and here Mr. J. Y. Brown was born in 1842, residing on the farm at intervals during his lifetime. His father was a railroad contractor and helped to build the Great Western Railway, the son acting as his Secretary. Later he followed the occupation of farming, until he assumed his late position in 1901.

He took a very active part in all Township and Municipal matters, but only once sought office for himself, being a member of the County Council, when he became Gaol Governor. In politics he was an ardent Liberal, and did much work for the party in both Brant Ridings. His parents attended church services in St. George, going there on horseback and helped to build the frame building built on what is now the market square, this city. It was used as a school house, services were held there and in this little frame building Mr. J. Y. Brown was christened, the minister walking from St. George to perform the ceremony. He attended the First Presbyterian church until the division took place, then he attended services in the town hall until the present Zion church was completed. He was a member of this church ever since. He was an excellent farmer, and it was the problem of help which led him to accept a post in the Court House. However, he had made plans to end his days on the farm, and intended to go back there next year upon the expiry of the present tenants' lease.

As Governor of the gaol he was at all times most courteous and efficient. The Inspector continually congratulated him upon the neatness of his books and his devotion to duty was exemplified by the fact that he had only taken one week's holiday during his nearly sixteen years of office. As a husband and father, he was most considerate, and as a citizen an ardent, loyal and true. He leaves to mourn his great loss, in addition to the sorrowing widow one daughter Pearl, and one sister, Mrs. E. T. Agnew. To them their deep sympathy of a host of friends will be extended.

Presentation Made to Miss A. Bloxham

Miss Alice Bloxham, one of Wellington St. Methodist church's popular singers, has secured a fine position with the government pension department, and leaves the city shortly. On Friday evening, after rehearsal, she was made the recipient of a handsome club bag, the gift of the choir and the officials of the church.

Police Raided Pearl St House

On Saturday evening about nine o'clock Chief of Police Slemia accompanied by several constables raided the residence of Joe Keiss, at 38 Pearl Street, and interrupted the courtship of Bacchus. In the police court this morning, Keiss was charged with keeping liquor in a boarding house, and having been caught in the act, pleaded guilty. He was assessed \$200 and costs amounting to \$5.35 with the alternative of spending the next three months in gaol. He decided to invest the \$205.35.

FIREMAN WERE APRIL FOOLED

Answered Call to Terrace Hill Street Yesterday WAS PRACTICAL JOKE Worked on House Owner And Fireman Both

The fire fighters of the city were not exempt from the universal celebration of the first of April, and yesterday morning at half past ten fell victim to a hoax unsuspectingly committed by a resident of 12 Terrace Hill St. Mrs. T. H. Brown, who resides there answered a telephone call and was told that the back of the barn to the rear of the residence was ablaze. Not suspecting a joke, and without investigating, Mrs. Brown immediately called up the fire department and notified them of the supposed fire. A hurried response was made, but on their arrival the firemen discovered their mistake, and returned somewhat crestfallen.

SPECIAL SERMON AT PARK CHURCH

Rev. Wm. Wrighton, Pastor, Spoke on "Christ Crucified"

Rev. Wm. H. Wrighton preached to a very attentive congregation on Sunday night, in Park church, on "Christ Crucified." In the course of his sermon Mr. Wrighton showed that Christ Crucified, is the greatest power in the world. The miracles of the cross have been seen in all ages and are being seen to-day. By means of this great dynamic, hard and stony hearts have been rent asunder, and the rocks have been broken to powder. Numerous instances were given of the transformation of hardened sinners into saints of God through the mighty charm of Christ Crucified. In a living and telling way, the preacher set forth the Deity of Jesus, and declared that this was the fountain of all the power found in the Atonement of Christ. If Christ were not God as well as man, then His sacrifice would not avail to save. The Park Church choir rendered the evening anthem with great taste, and afterwards met to practice stoney hearts which will be sung on Good Friday night. Reference to the call of the Government for increased food production was made at the service, and the pastor stated his intention to work a piece of land near the city.

MISSION AT ST. BASIL'S CHURCH

Brought to a Successful Conclusion There Last Night

A most successful two weeks' mission was brought to a close at St. Basil's church last evening when Rev. Father Mylett addressed the men of the congregation upon the subject of prayer as a means of strength against sin, advocating also frequent communion and the avoidance of the occasion of sin. The papal benediction was given at the close of the sermon. On Saturday a touching ceremony of the consecration of the Blessed Virgin was observed, the men pledging themselves to remain loyal sons of the Mother of God. Benediction was sung for the general congregation yesterday afternoon.

Dependable Merchandise
Dependable in quality—dependable for style—both factors count. For years we have tried to secure for our Customers—of late more than ever, and scores of people say we have succeeded.

A woman who buys any article—and finds it unsatisfactory—even if she paid a small price for it—will forget that and blame the seller. On the other hand if she has been pleased with her purchase—she will likely say, "Well, it was worth every cent, and more than I paid for it—AND BESIDES I HAD PLEASURE IN WEARING IT."

In these times when there are many unworthy articles—you will find it economy to BUY THE BEST YOU CAN; and this firm stands behind what it sells—something worth remembering.

Recruits Wanted for Production

Just as surely as lack of food is strangling Germany day by day, so plenty of food is winning the victory for the allies. The French armies, for instance, were never better fed than now, for France cannot forget the awful lesson of 1870—the failure of her food supply. To this she attributed the loss of that war.

To feed the French soldiers around Verdun, more than 25,000,000 pounds of food a week were required. This gives a faint idea of the colossal task of feeding an army. Canada and Britain have a huge army of fighting heroes on the line; every man must have plenty of food, in spite of a world shortage. Upon Canada's food production all principally rely.

The Farmers of Ontario Urgently Need Help

The Department of Agriculture appeals to men and boys to enlist in the farm help campaign. The Department appeals to men unfit for military service, or who find it impossible to enlist in the army. Do your "bit" by helping to increase production of foodstuffs. This is your hour of opportunity. The farmers of Ontario need the help of retired farmers, of men following no occupation (retired), of business men who can spare a portion of their time. We appeal to all who can so arrange their ordinary affairs to plan to help some farmer friend, particularly in seed time and harvest. Confer with your county District Representative of the Department of Agriculture, or write, "Farm Help Campaign," care Department of Agriculture, Toronto.

PALM SUNDAY COMMEMORATED

Feast Observed in Catholic Churches of City

The triumphal entry of Christ into Jerusalem a week before his crucifixion was commemorated at St. Basil's and St. Mary's churches yesterday, on the occasion of Palm Sunday, by the blessing of palm and its distribution to the congregation. The Passion of Christ was also read at the massing. The usual services of Holy Week will be held on Holy Thursday, Good Friday and Holy Saturday, the last three days of this week.

Laid at Rest William Smart

All that was mortal of the late Mr. William Smart, of 229 Marlborough street, who passed away after a long painful illness on Tuesday morning, was laid peacefully away on Friday afternoon in Mount Hope cemetery. Beautiful services were held at the home and graveside, the Rev. C. E. Jenkins of St. Jude's church officiating. There were a great many friends of the deceased assembled and also members of the Canadian Order of Foresters, to pay their last respects to an old friend and brother. The pallbearers were F. Wilson, J. R. Harmer, G. Adkins, A. Lawrence, C. B. Wright, W. Attlebury. The flowers were lovely and included the following: Willow, the family, "grandpa" from Gertrude and Harry, "grandpa" from Amy and Ernest, wreaths from the employees of the malleable dept. Massey-Harris Company, F. W. Woolworth & Co. and employees; anchor, Canadian Order of Foresters, Court Telephone City; sprays from St. Jude's choir, Ladies' Guild, St. Jude's church, Mrs. Springle and family, Mrs. McKinnon, Mrs. Davies, Mr. and Mrs. Henry Creath, Miss Shannon and Miss Kitchen, Mr. and Mrs. Fred Schultz, Mrs. Silverthorne and Mrs. Creath, Mr. and Mrs. F. Rathbun, Mr. and Mrs. W. Attlebury, Mr. H. S. Pierce, Mr. W. H. Forde, Mr. and Mrs. Fred Unger, Mr. and Mrs. W. Tipper, Mrs. Jane Elliott, Mr. and Mrs. J. No. Shannon, Mr. and Mrs. R. F. SENATOR AND CITIZENS HAD ENCOUNTER

Senator Lodge of Massachusetts Knocked Down His Opponent By Courier Leased Wire. Washington, April 2.—A personal encounter between Senator Lodge of Massachusetts and Alexander Bannwart of Dorchester, Mass., in which the Senator knocked his opponent down, occurred today in the corridors of the Capitol. Bannwart with the Rev. Paul Harris Drake, of Christ Church, Dorchester, and several other men and women of pacifist delegations, called Senator Lodge to the door of his committee room and asked him to vote against a declaration of war with Germany. Senator Lodge replied that if President Wilson asked for such a declaration he certainly would support it. "That is cowardice," retorted one of the group. "National degeneracy is worse than cowardice," replied the Massachusetts senator. "You are a coward," said Bannwart. "You are a liar," retorted Senator Lodge. Bannwart advanced and struck the Senator, who then, despite his sixty odd years, launched a blow that sent Bannwart sprawling on the hard tiles of the corridor. Bannwart and several of his friends were taken in charge by the capitol police. Senator Lodge appeared on the floor when the Senate met and apparently was not worse for his encounter. Scores of Senators went over to Massachusetts' senator's desk and shook hands with him.

CARD OF THANKS The President and members of the Women's Patriotic League, wish to thank the ladies of the various church organizations, who took charge of the tea hour room at the Art and War Relics Exhibition last week. Mr. Higgins, for the delightful programme arranged by him; Miss Cotterel and her pupils; Whitney and her class; Col. Snider and the band of the 215th Batt., C.E.F., and a fatigue party from the 215th, who were ever ready to lend a hand. To the following firms we are indebted for the loan of articles: J. B. Wace, piano; Purcell and Co., cabinets; M. E. Long and Co., cabinets, chairs, etc.; Chas. Duncan and Sons, cabinets, rugs; D. Taylor, signs; A. Ballantyne, wire netting; the florists, who so kindly sent plants. Our thanks are also due all those who in any way contributed to the success of the Exhibition, by loan of curios, motors and especially to Mr. Bloomfield, and Sergeant Walters, who were untiring in their efforts.

MISS STEVENSON, private secretary to Lloyd George. She holds a most important post, which she has won by faithful work as his secretary for many months before he was made Premier.

OFFENSIVES BY Foe NOT FEARED

Talk of Great Hun Thrust Against Petrograd is Scouted

TO DRIVE THRU ITALY Into Southeastern Provinces of France is Impracticable

MILITARY OBSERVERS Regard Prussian Boasts as Absurd

London, April 2.—Best opinion here is that the talk of a tremendous offensive by the Prussians against the northern end of the Russian line in a thrust against Petrograd that mooted in Rome of a Prussian drive across a conquered Italy into the south-eastern French provinces is just talk, born of imaginative fears, and nothing more. Military observers here consider both ideas absurd and impracticable.

Wedding Bells Bradshaw-Disher

The home of Mr. and Mrs. A. P. Disher, Hillside Farm, was the scene of a pretty wedding when their daughter, Sarah Mabel, was united in the bonds of holy matrimony to William Ray Bradshaw, eldest son of Mr. and Mrs. Wilfrid Bradshaw of Hagersville. The ceremony took place on Wednesday afternoon at 1 o'clock. Rev. A. Springer of Oakland officiating. The bride entered the drawing room leaning on the arm of her father to the strains of a waltz. The wedding march played by Miss Ella Disher, sister of the bride. The bride looked pretty in her wedding gown of white silk crepe de chine trimmed with seed pearls and satin roses, and wore a wreath of orange blossoms. She carried white roses and sweet peas. During the signing of the register the groom's father and sister, Mrs. Mary, sang duets in a very pleasing manner. After partaking of a dainty deliquescent served in the dining room, which was decorated in pink and white carnations, Mr. and Mrs. Bradshaw left for a short honeymoon to Niagara Falls. The bride travelled in sand shade gabardine with hat to match. On their return they will reside on the groom's farm near Hagersville, and will be at home to their friends May 1.

TEUTONS WEAK ON ROUMANIAN FRONT

Effectives of Foe Units Is Greatly Reduced By Fighting

GERMAN BATTALIONS Contain Generally Less Than 400 Men

THE REINFORCEMENTS Sent From Depots Are Very Small

With the Roumanian Army, Jassy, April 2.—The present military situation on this portion of the front does not give ground for disquietude, as the enemy forces are very weak. According to declarations by German prisoners, the effectives of the units have been much reduced. Battalions are generally formed of three companies of 127 men each, and reinforcements sent from depots never exceed twelve men monthly per company.

AFTERMATH OF L. E. AND N. COLLISION

Five Persons More or Less Seriously Injured on Saturday

TRAFFIC DELAYED For Over an Hour and a Half by the Crash

INJURIES SUSTAINED By Passengers Painful But Not Dangerous

Five persons were more or less seriously injured in the accident on the Lake Erie and Northern Railway on Saturday morning about six miles north of Paris and one mile south of Glenmorris, when the express and passenger car from Paris and the regular passenger coach from Galt collided at 9.20. Conductor E. Coleman of Preston, who was in charge of the express car is suffering from a compound fracture of the right leg, and Motorman John Allard, also of Preston, who was driving on the car, had his right wrist terribly crushed. Mrs. J. H. Brown, of Glenmorris, suffered an injury to her knee and was badly shaken up. J. E. Lockridge, Brantford, and G. A. Wanless, Kitchener, were brought in to the local hospital, shortly after noon Saturday, but as their injuries were of a less serious nature, they were later discharged. The first three mentioned are now in the Brantford Hospital, undergoing treatment. Both cars were travelling at considerable speed and the impact was severe, the passengers, mostly women being thrown from their seats into the aisles. The substantial understructure of the cars prevented the telescoping and to this fact may be attributed the comparatively slight injuries that were received by the passengers. The woodwork of the cars was splintered and crushed and traffic held up for over an hour and a half. The railway will hold an inquiry into the accident. W. B. Cole, motorman on the express car, who resides at 149 St. Paul Avenue, also suffered minor hurts. He is at his home.

GALT VERSION OF COLLISION The First Accident To Occur on L.E. and N. Railway

MANY CURVES IN ROAD Believed to be Responsible for the Smashup

CARS WERE DAMAGED By Collision, But Did Not Leave Rails

Galt, April 2.—A head-on collision between the 8.55 southbound L. E. & N. passenger car, out of Galt, and the northbound express car, occurred Saturday morning about three miles south of Glenmorris. From particulars secured, only two—the crew of the express car—were injured in the collision. Motorman J. Allard of Galt, is reported to have had an arm broken, and Conductor E. Coleman of Preston, a leg broken. Both of the injured men were taken on a car to Brantford, where they were confined to a hospital temporarily. The accident is the first that has occurred on the railway since its opening, and while full particulars were not available, it was reported that the passenger car overran its orders, failing to stop at Glenmorris to cross with the express car bound for Galt. When the accident occurred there is a series of curves in the road and no doubt this prevented the motorman from avoiding an accident. As far as could be learned, the other passenger on the express car, Ben Wittich of Galt, an express messenger, escaped uninjured and no report was received of any of the passengers of the southbound car being injured. The fronts of both cars were badly damaged by the impact, but they did not leave the rails, showing the advantage of having the steel frame cars. The crew of the southbound car were Conductor Rouse and Motorman Cole. Traffic on the L. E. & N. was held up only while the damaged cars were taken to Brantford.

II. TROVATORE

The roster of the Boston English Opera Company, which comes to the Grand Opera House (Good Friday) April 6th next, matinee and night, is an impressive one. Headed by Joseph F. Sheehan, America's foremost tenor and Mile Neill Cardinal, the greatest of all French dramatic sopranos, the cast includes such eminent artists as Miss Elaine De Sellem, whose characterization of the eponymous character is said to be the finest piece of character acting in the annals of opera, Robert Evans, the renowned English basso, Miss Grace Doxsey, one of America's foremost prima donnas, Harold J. Geis, whose beautiful baritone voice has been heard in many of the leading operatic productions in this country, Mr. Henry DeVarre, Mr. John Wandling, Mr. Clark Harcourt, Miss Sofia Du Frane, Miss Louise Heming, etc.

In addition to this unequalled cast of principles there will be an unusually attractive chorus, both as to voice and beauty, and the simple announcement that the orchestra will be under the leadership of Chevalier Joseph Rose is in itself a guarantee of excellence in that direction.

From a standpoint of production the Boston English Opera Company has excelled all previous efforts. Special attention has been given that every detail is carried out to perfection making the scenic picture one of rare beauty. There are few operas which give the opportunity for beautiful stage settings which "Il Trovatore" does; its eight different scenes are all picturesque to the extreme, and full advantage has been taken to make this end of the production on a par with its wonderful artists which comprise the Boston English Opera Company.

THE APOLLO.

The non-arrival of the Charlie Chaplin film at this house for Saturday afternoon, was a source of disappointment to many, but arrangements have been made to show this film, together with others, to-day and to-morrow. The management of the Apollo are succeeding in securing a choice lot of pictures and this house is bound to become again one of Brantford's popular picture houses.

BEAN BALKED

The indignities that are heaped upon the unsuspecting motion picture star under the guise of "duty" are multifarious. George Beban is of the opinion that the limit was reached when Director Donald Crisp started him punching time clocks at the Pallas studio in "The Bond. He knew the suggestion that the well-known character actor perform this menial task led to violent discussion on the set. "You are a 'realism,'" but the director was obstinate and won.

A PICKLE FELLOW.

House Peters has developed a remarkable fickleness in the matter of co-stars. In "As Men Love" he appeared with Myrtle Stedman, then in his next Pallas picture "The Lonesome Chap" with Louise Huff, and now it is announced that Kathryn Williams is to appear with him in his next Paramount picture.

POISONED FLOWERS.

Through the carelessness of a property man, Mac Murray was poisoned recently during the course of the production of a Lasky picture for Paramount. The scenario called for Miss Murray to weep bitterly into a bouquet, and a careless property man ordered primroses. As a result of touching the flowers, Miss Murray's face was so badly poisoned that she was forced to go under the doctor's care.

WINNIPEG MAN CURED

Says Dr. Cassell's Tablets Saved him from Nervous Breakdown

Mr. G. C. Inman, 330 Harcourt St., Sturgeon Creek, Winnipeg, for many years a well known man in the business life of Canada, says: "I was terribly rundown and weak. A LIFETIME OPPORTUNITY

More Evidence as to the Valuable Discovery by Brantford Men in Grey County

Are you going to let it pass you by? Temiskaming and Hudson Bay stock could have been bought at one time for ten cents per share. It rose from ten cents per share to four hundred dollars per share. The first dividend they paid was ninety dollars per share.

The Canadian Oil Fields, Limited, are a company of local men formed for the purpose of developing gas and oil lands. They have a large acreage of such lands leased in the vicinity of this city, and all indications point to this being a great producing field when properly developed. But aside from this, they have 1,800 acres of land leased in the Township of Artemesia, in the County of Grey, near the village of Fiesherston.

In this village there exists to-day the most remarkable condition of affairs that has ever been known in regard to oil. Think of 99 per cent Petroleum Lubricating Oil (without admixture), as per the statement of the Chief Analyst of the Department of Mines at Ottawa, coming into an ordinary water well in such quantities that hundreds of gallons have been baled out and given to the farmers to burn in their lamps and lubricate their machinery in its crude state as it comes from the

ground. This oil is being used today by the Hydro-Electric power people of Eugenia Falls, about six miles from Fiesherston, and the engineers say that they have never used as good an oil. This very same oil can be skimmed off the waters of the swamps, of which we have samples to show you. If we cannot verify these statements to your entire satisfaction, we do not ask you to invest one dollar with us. Up to the present time there has not been a well drilled in that district, but the people there now have become alive to the fact of the great possibilities existing there and the land in that locality has now been all leased up and drilling will surely start in the early spring, and we have 1,800 acres of land leased right on the belt.

The company expects to start drilling their first well at once and have every confidence that they will strike this remarkable oil in large quantities, which should result in the present selling price of the company's stock, 40 cents per share, going up to an unprecedented figure.

A cordial invitation is extended to the public to call at the company's office, Heyd Block, George St., where full particulars may be had and samples of the oil seen.

Some can produce food
Some can make munitions
Some can give money

It is the privilege of all to help.

YOU CAN SERVE by Fighting—Working—Saving—Giving

This is NATIONAL SERVICE

Are YOU doing your part?

ALL EYES turn now to the Canadian Farmer, for he can render the Empire SPECIAL SERVICE in this sternest year of the war.

But—our farms are badly undermanned—25,000 men are needed on the land.

With insufficient help, the Man on the Land fights an uphill fight to meet the pressing need for Food.

CITY and TOWN can help.

Municipal Councils, Churches and Schools, and other organizations, both of men and women, can render National Service by directing all available labour to the Land.

Farmers themselves can exchange labour. School boys can assist.

Were you raised on a farm? Can you drive a team? Can you handle fork or hoe? If you can't fight, you can produce. Spend the Summer working on the Farm.

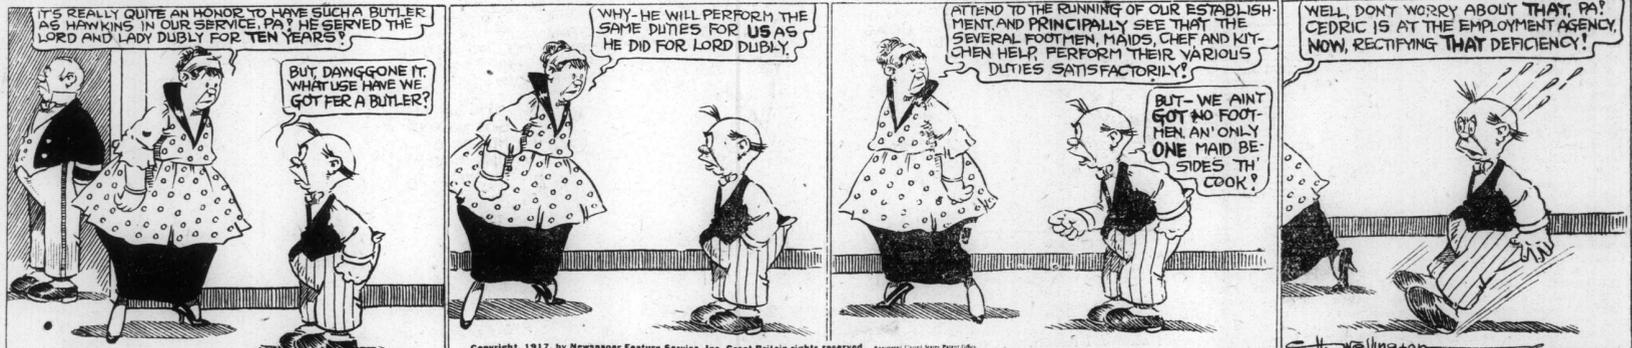

Let every man, woman and child in the Dominion who has access to Land, no matter how small the plot, make it produce Food in 1917.

1200 CAPTIVES TAKEN IN MONTH

That Number of Germans Captured by British During March

ALSO WAR MATERIAL Including Field Guns and Trench Mortars

FOE PRISONERS TAKEN In Three Months Total 4,679

London, April 2.—Last night's official report says:—During the month of March we have taken in raids and local operations, and in the course of the enemy's withdrawal, 1,239 German prisoners, including 16 officers, and have captured three field guns, 25 trench mortars and a quantity of other war material. The total German prisoners captured in the first three months of this year, numbers 79 officers and 4,669 men.

RHEUMATIC SUFFERERS

A tendency to rheumatism once established in the system is manifested by the return of the acute pains with every spell of bad weather. This is the reason so many people still think that the trouble is due to cold or damp. The fact is known, however, and acknowledged by all medical writers, that with the appearance of rheumatism there is a rapid thinning of the blood and that the rheumatic poisons are only expelled from the system when the blood is restored to its normal condition. Enriching and purifying the blood by means of Dr. Williams' Pink Pills is the best known cure for rheumatism.

Lombard, it may be remarked, is merely a form of rheumatism attacking the muscles of the back and loins and is similarly cured by the use of Dr. Williams' Pink Pills. At the first twinge of either of these troubles these pills should be taken and the poison that causes the trouble will soon be expelled from the blood. Here is proof: Mr. M. Sypauck, Arnes, Man., says: "I was almost crippled with rheumatism and suffered greatly from the almost constant pains. I tried several medicines but without benefit. Then I was advised to use Dr. Williams' Pink Pills and after taking them for a couple of months every vestige of the trouble had disappeared and I have since enjoyed the most perfect health. In view of my own experience I believe there is no case of rheumatism Dr. Williams' Pink Pills will not cure."

You can get these Pills through any dealer in medicine or by mail at 50 cents a box or 6 boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

News From Terrace Hill.

Mrs. Soffley and Miss Frances Good were in London last week attending the annual Diocesan Convention of the Women's Auxiliary of the Missionary Association.

We are sorry to report that Mr. Vantassel of West Street Road is seriously sick at the Brantford General Hospital.

Mr. Doughty had the misfortune of losing a horse the end of last week. It dropped dead as Mr. Doughty was turning off the road into his yard.

Lieut. Deifenbaker has been visiting Mr. and Mrs. Kenzie, 183 Terrace Hill Street for a few days. The Lieut. was a promising law student in the West, who at the outbreak of the war felt it to be his duty to answer the Empire's Call, and was seriously wounded and was for a considerable time in a Hospital, but is at the present time on furlough.

We are sorry to record the death of the infant son of Mr. and Mrs. Richardson, 132 St. George Street, and formerly of Paris. A sad feature of the death of the little fellow is, that Mr. Richardson is over seas doing his part in the great world conflict.

The services at the Shenstone Memorial church were conducted by the Rev. Mr. Martin of New Jersey. Mr. Martin preached good sermons.

The services at the Sydenham St. Church both morning and evening were of a very bright and helpful character conducted by the pastor the Rev. W. Smythe. In the morning the subject was "Christ Ye Menoz." Judges 5:23, and in the evening Luke 1:41,42, "Christ Weeping over Jerusalem." The Rev. gentleman preached two excellent sermons on Evangelistic lines. Special services were held every night last week and will be continued this week. The pastor is looking for a still more earnest response of the people for the coming services. The singing of the choir was good. A quartette was well rendered in the morning by Messrs. Johnson, Baty, Schortzberg and Knott. The solo parts in the evening anthem were ably taken by Miss Baty.

THE KIND OF LOVE.
"Oh, yes, he really loves her," said my neighbor, "but he's the kind that never shows it on the surface or says much about it."

"Doesn't do much good then, does it?" said I.

My neighbor looked scandalized so I hastened to relieve her mind by qualifying that. Nevertheless I must say that I should never be satisfied with that kind of love, and I think few women are.

Of course its rood in crisis, but how much part do crisis play in daily life?

How can you Feel Sure He Hasn't Stopped Loving You?

And of course it's a comfort to know that someone loves you even if he doesn't tell you about it very often. But how can you feel sure? "Torments me still the fear that love died in its last expression," said a lover once. Presumably, between lovers the last expression would be comparatively recent. What if it were a month ago?

Gail Hamilton's "Love me and tell me so sometimes" are very wise words to my mind.

Just Often Enough to Keep the Heart Warm

Only why not make it "often" instead of sometimes? Why not? It isn't so hard to do, is it? Of course not too often, not often enough to resemble "vain repetitions as the heathen do." Just often enough to keep the heart warm.

I know a widow with one son whom she brought up and sent to college single handed. He realizes and appreciates the sacrifices she made for him and has been making it up to her ever since. He sees that she has every comfort, he sends her beautiful gifts. But I don't think that anything he does pleases her more than the way he sometimes ends his letters to her: "I love you, ma." He is not naturally demonstrative. It would be so easy for him to expect her to take that for granted, to deduce it from his gifts and his thoughtfulness.

Why Women Have to be Reassured More Often

I think the spoken "I love you" means more to women than to men. I wonder why? Perhaps because men are more self-satisfied and more ready to believe they are loved. Perhaps it is a relic of the days (now disappearing, I think) when "man's love was of man's life a thing apart, 'twas woman's whole existence."

Anyhow it is so, and the man who realizes it and acts upon it, will make his married life happier and easier.

LADIES' SPORT COAT.

By Anabel Worthington.

The craze for sport clothes of every kind has taken a strong hold on woman-kind, even those who never indulge in sport of any character whatever. This has resulted in the designing of all sorts of apparel to satisfy the demand. Coats were perhaps the first garments to show this influence, as they have been popular for several seasons past, and undoubtedly will continue so for a long while to come. They are such a great convenience to slip on over light dresses or skirts that they will hardly be discarded.

The easiest kind of coat to make is shown in No. 8198. Its comfortable, loose lines are slightly held in by a throw-over sash, or else a belt may be chosen. Two lengths are given—the 29 and the 33-inch—the choice depending upon which is more becoming to the height of the wearer. Large, square pockets are applied to the sides of the coat, and the convertible collar may be buttoned up around the throat or left out flat.

The best liked materials for sport coats this season are Bolivia cloth, burella, corduroy, worumbo chinchilla and both wool and cotton duvety.

The coat on the figure in the 33-inch length requires 5 yards 36-inch, 4 1/2 yards 44-inch, 3 1/2 yards 44-inch, with 2 1/2 yards of wide braid, 2 1/2 yards narrow braid and 2 1/2 yards medium braid. To obtain this pattern send 10 cents to the office of this publication.

WHEN FEELING TIRED

Hood's Sarsaparilla Builds Up the Whole System—Makes Pure Blood.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or run-down condition inviting disease. It is a warning, which it is wise to heed.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness. It makes the rich, red blood that will make you feel, look, eat and sleep better.

Be sure to get Hood's, because it is the best. There is no other combination of roots, barks and herbs like it—no real substitute for it—no "just-as-good" medicine.

DEAN CRAVEN OF HAMILTON DEAD

Pastor of St. Patrick's Church Was Well Known Here

Very Rev. Dean J. J. Craven, pastor of St. Patrick's R. C. church, passed away Saturday morning at St. Joseph's Hospital, following a lengthy illness. Dean Craven, who was 62 years of age, was a native of Cayuga and received his early education there. On the completion of his studies at the Grand Seminary, Montreal, he was ordained in Hamilton by the late Bishop Crinon. He was curate of St. Mary's Cathedral and St. Patrick's Church, becoming pastor of the latter congregation and remaining there for 18 years. He was then transferred to Galt, where for a period of 16 years he served as pastor of Galt, Hespeler and Preston. After the death of Dean Coty he was installed in his old charge in Hamilton, and later made dean of the parish by Bishop Dowling. The remains will be sent to Cayuga for interment.

Directory First!

WHEN you call a telephone number from memory or when you guess at it you are apt to be wrong.

The mind has a trick of transposing figures—instead of "1263" you are quite likely to say "1623."

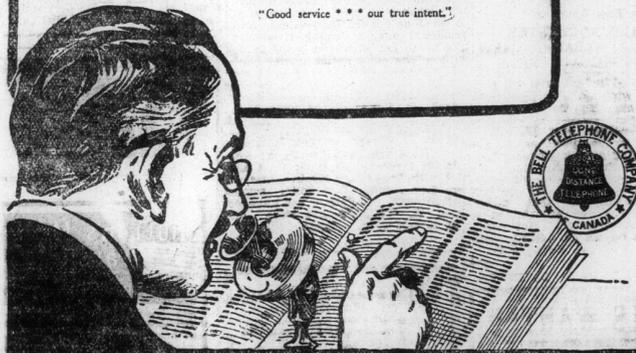

Also, telephone numbers, firm names, etc., are frequently changed.

And when you thus ask for the wrong number, you waste your own time, the operator's, and the time of the person called through your error.

Directory first is a good principle. In the end it saves time and temper to first consult the latest issue of the telephone book.

RECORD SHEEP SALE AT BURFORD

Excellent Prices Brought by Stock Disposed of by Mr. J. Lloyd Jones

The most successful sheep sale in the history of the Dominion of Canada took place last week at the home of Mr. Lloyd Jones, Burford, when a total of nearly \$5,000 was paid for sheep, and \$4,000 for other stock. The top price of the sale was paid for a Shropshire ram, which fell to a bid of \$158, made by Mr. J. G. Hamner, of Ames Agricultural College, Iowa, whose total purchases reached almost \$100. The price paid by Mr. Hamner was next to the highest ever asked in Canada in the past twenty years. Other buyers were from Wisconsin, Boston, Calgary, Bronte, Hudson Heights, Quebec, and other more adjacent points.

Doesn't Cost Much to Try It Anyway

Tells how to take soreness from a corn and lift it right out.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called IZONOL can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue of skin.

If your wife wears high heels she will be glad to know of this.

By Courier Leased Wire. New York, April 3.—A man in New York not only reported this morning's service duty. Police Commissioner Woods issued the emergency address to Congress for the declaration of a state between the United States and Germany. The order will be 12,000 men ready for service until further notice. The force of customs officers, where the German men have been tied up beginning of the war, was today from 400 to 700 freighters and hotels and were ordered to move close so that they might be watched and additional placed aboard.

The news from Washington announced last night in theatres and hotels and was greeted there with and with the singing of songs. There were few tions on the streets. At 6 o'clock, a crowd of orators, who denounced were dragged from a truck of them was beaten. One made.

One of the most enthusiastic demonstrations took place Metropolitan Opera House, performance was interrupted, rushed into the street to James W. Gerard, former ambassador to Germany, rose and led the audience in three President Wilson, Chief army and navy and for the loved. Mme. Ober, one of German stars singing "The Bath" faintly, and was cast the stage.

A big Socialist meeting glie Hall burst into hoots when word of the President was received. The meeting called as a demonstration several prominent Socialists spoke in opposition to peace in the war by the United States.
