FREIGHT RATES

The Subject of Considerable Discussion Among Mer- chants of Dawson

OWING TO REPORTED BIG REDUCTION

Which it is Said the Officials Will Recommend

AFTER THEY VISIT THIS CITY

In Case Reductions Are Made to Future Shippers, Companies Will Be Asked to Blow Back.

A rumor is current on the streets today that information has been received in Dawson announcing the intention of the White Pass Route to ma-

said to have been made by heavy shippers, they contracting with the White Pass Route to pay the schedule tariff, but with the provision that if rates are decreased they would get a rebate in proportion to the cut. Verbal agreements by agents of the company has been made to the same effect with small shippers, according to statements made by merchants, consequently they will demand a return of moneys in the same proportion.

In speaking today of the subject Manager Mizner of the N. C. Co. said: "Should such a cut become effective it will mean that we will reduce prices in proportion. We are too big to move and are too heavily interested in the country to allow our interests to be jeopardized. Should they break the existing agreements you will witness a pretty fight. Let them reduce their rates to \$30 a ton if they want to, it won't wrong us."

Vice-President Isom of the N. A. T. & T. Co.:

"Why if such a reduction in rates should be made we will naturally protect our interests. I don't think, however, that there is anything in the rumor. It is a mistaken idea that freight rates are exorbitant and the reason that boats are now tied up is due to the immense quantities of freight which have already been landed in Dawson. The big companies are not appreciated for the work they do in the development of the country. The people should remember that the operation of a system like the White Pass Route entails in this country unusual

RECEIVED BY WIRE. ALASKAN TELEGRAPH

Will Extend From Juneau to Nome This Year—Valdes-Eagle Rail- road Assured.

Washington, July 8, via Skagway, July 13.—This season's work of the U. S. army signal corps in Alaska has proceeded sufficiently to give assurance of telegraphic communication via an all-American route from Eastern Alaska to the coast, upper Yukon points, St. Michael and Nome.

The ocean cable between Skagway and Juneau is certain to be laid this summer, an order having been issued today directing Major Glasford of the signal corps to proceed at once to

Skagway and assist in the laying of such cable.

With laying of the Skagway-Juneau cable and the completion of the land lines now being constructed it will be possible for people in the States, via the British Columbia lines, to communicate almost instantaneously with any important point in Alaska.

Skagway, July 13.—A cablegram from London capitalists received here today contains assurance that work on the railroad from Valdes to Eagle will go on this summer.

FED ON ROYAL HAY.

Unless lies the head of Chief Stewart of the fire department, for in the course of human events transpiring during the next few days it is possible the official ax of the government may guillotine the think piece of the hero of many fires and deposit it in the basket set aside for the use of has-beens. Between the chief and some of his men there has been strife for several weeks and on Wednesday the 10th the matter culminated in a series of charges being preferred and lodged with Commissioner Ross asking for an investigation and, if the charges are not refuted, the removal of the present chief of the department. The charges so far filed are eight in number, and it is said others will be placed on record today or Monday.

Much of the trouble seems to have originated with firemen who on one pretext or another have been discharged, and so it is now claimed by friends of Stewart, are endeavoring to get even for the loss of their sinecure. They claim they have been discharged after long and honorable service in order to make room for relatives and personal friends of the chief; that in his treatment of the men he has shown

great partiality; that he is incompetent and at times grossly negligent; that he keeps a race horse, his private property, at No. 1 hall, at the expense of the government; that he has taken freedom from their duties when the company was short handed and had them dig post holes for a fence around his residence on Sixth avenue; that on the Olympic fire he was not present and directing the firemen in their work; that the fire at Gandolfo's point was badly managed and resulted in the loss of a great deal of property which was unnecessary. It is said, too, that one of the discharged firemen will prefer charges of misappropriation of messhouse funds.

Chief Stewart has a host of friends among the business men, and those most intimate with him insist that the charges are prompted entirely through malice, and that at the investigation which will take place he will have no difficulty whatever in vindicating himself. The fire committee of the council consists of Commissioner Ross, Councilman Prudhomme and Legal Adviser Congdon. A meeting of the committee will be held Monday evening when the charges preferred will be investigated.

HOUSTON DEPARTS

Down River in the Light Iron Grey of Early Morn.

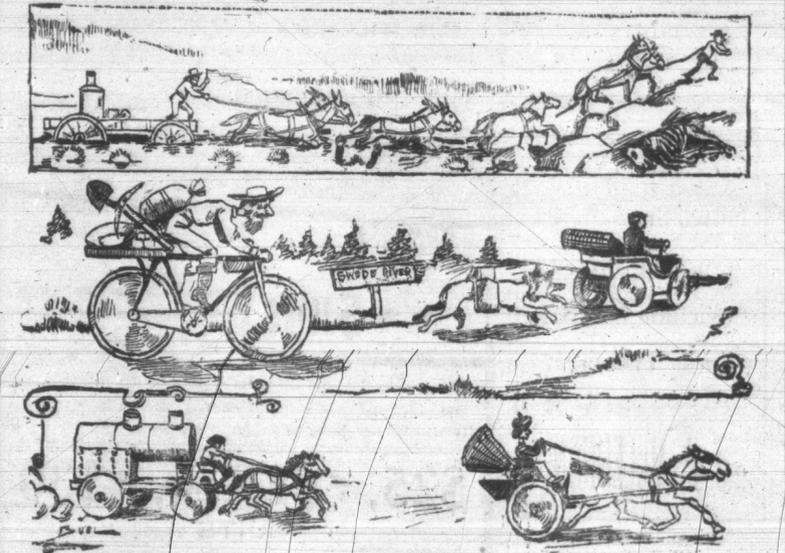

J. H. Houston, well known about town and formerly proprietor of a grocery store on Second street, it is said skipped by the light of the early sun this morning down the river for the American side of the line. A watchman employed on the water front at the lower end of town saw him enter a canoe at 2 o'clock and pull out for the lower country.

It is known that Houston secured passage for himself and wife on the Barz this evening and it is thought he will board the boat somewhere below the boundary line, should he succeed in eluding the police at Portymile.

He leaves a number of creditors behind, some of whom are having capias for his detention.

USES OF SALT.

- Salt puts out a fire in the chimney.
- Salt as a gargle will cure soreness of the throat.
- Salt in solution inhaled cures a cold in the head.
- Salt on fresh ink stains will help to remove them.
- Salt used in sweeping carpets keeps out the moths.
- Salt and soda are excellent for bee stings and spider bites.
- Salt and vinegar will remove stains from discolored linens.
- Salt in the water is the best thing to clean willowware and matting.
- Salt on the fingers when cleaning fowls, meat or fish will prevent slipping.
- Salt thrown on a coal fire when broiling steak will prevent blazing from the dripping fat.
- Kodak tripods, \$5.50 Gost man's

SIGHTS ON HUNKER BEFORE AND AFTER ROAD BUILDING.

O'BRIEN CLUB BANK ROLL

Is Now Object of Attention From Officials.

Legal Adviser Congdon is today preparing a decision at the request of Commissioner Ross is regard to the seizure and confiscation of the bank roll of the O'Brien Club amounting to \$300 taken when the clubrooms were raided Monday night. At the trial held Tuesday before Inspector McDonnell, Attorney McKay protested against the confiscation of the money. It was shown to have been taken from a desk which was located on top of the safe and it is said no testimony was brought out which would tend to show the money was connected in any way whatsoever with the gambling. At his urgent request the collection of the fine imposed upon the two charges preferred, \$50 and costs, was deferred until the counsel could communicate with the commissioner about the matter. Governor Ross promised to look into the legality of the seizure and also that the fine should not be collected until a decision had been rendered. Before the notification had reached the police, however, the fine was collected, payment being made yesterday. The legal adviser's decision will probably be handed down Monday.

Don't Forget.
That Soggs & Vesco, Third street Jewellers, are opticians, watchmakers, diamond dealers and manufacturing jewelers. Good treatment only; at best prices.
Reasonable prices, best service at the Plannery.
Best mixed drinks in town—Sideboard.

terially reduce the present freight tariff between outside points and this city. It is said that the reduction will follow the arrival in Dawson of Messrs. Graves, Hawkins, Newell and Lee, high officers of the company, who are now on their way down river.

The cause ascribed to the reduction is evidently the fact that shipments from coast cities have practically ceased and boats on the up river run are tied up one after the other almost as soon as they arrive at Whitehorse, there being no freight awaiting shipment, as several thousand tons which were ordered from Eastern and coast cities have been cancelled by Dawson merchants who fear disaster from a slump in prices this season.

Should such a reduction follow it is impossible to figure the ultimate result, for while the shippers who would take advantage of the new rate would be benefited, those having received their consignments, or in fact all who hold a stock of any description would suffer a direct loss in exact proportion to the reduction. That this loss would be a big one can be readily seen by the following illustration. The average cost of landing goods in Dawson by the present schedule of freight rates equals about the original cost of the article on the outside. Say a merchant has a \$50,000 stock landed in Dawson. A cut in freight follows equaling 33 1/3 per cent of original rate. Immediately the new rate goes into effect the merchant loses the exact reduction made in this case a matter of \$16,667, for his competitor taking advantage of the new rate can undersell him to that extent. It is the opinion of many merchants that the only solution to the problem should a reduction follow, lies in a rebate being given to those who have already paid freight rates this season. Such an arrangement is

expenses. The season lasts but a few months and rates must be in proportion to the expense of operation. The dissatisfaction manifested towards the company is not due so much to the freight tariff but to the arbitrary methods employed by some of the company's servants. I went over the tariff sheet last winter very carefully and I find that this year a material reduction has been made over that of last year."

J. P. McLennan: "Even at the best rate they offer us the tariff is exorbitant. Shippers should be given an immediate rebate and money should be refunded when the reduction is made."

Harry Jones of the Dawson Hardware Co.: "The prices charged now are far in excess of last year. For instance, take plate glass, the rate is \$200 a ton, last year was brought in for \$115 a ton. The company is blind to its own interest. We are forming a merchants' association and will take some decided stand on the freight problem in a few days. A refund of money should follow a reduction in rates."

R. W. Calderhead: "I heard about the rumor but do not care to talk at present."

Shindler: "They can't hurt me much anyway just now. Rates should be reduced without any question."
Luit Mohr: "I have heard of the rumor and I called on Agent Rogers who assured me that the small dealer would be protected should such a reduction be made. He stated also that as far as he knew no such reduction was contemplated. I had a verbal agreement with the company before I shipped that in such an event I would be refunded the amount to cover my loss. Mr. Lee will probably arrive today. I have every confidence in him and know that he will do the right thing by partons of his road."

Ames Mercantile Co.
Economy in Eating
No such thing as economy in eating poor foods—only so long to live anyway—and we might as well make life as pleasant as possible, and perhaps prolong it by eating fresh, pure foods. Nothing in this store but that is right. We won't buy inferior foods—we won't sell them—you know that, if you trade here. If you don't, let's get acquainted.

LETTERS.
And Small Packings can be sent to the Carriers by Tuesday carriers on the following days: Every Tuesday and Friday to Eldorado, Bonanza, Hunker, Dominion, Gold Run, Sulphur, Quarts and Canyon.

SATURDAY, JULY 13, 1901.

LET THEM SEE.

The president, vice-president, general manager and traffic manager of the W. P. & Y. R. are expected to arrive in Dawson this evening or tonight, and from their visit things of great benefit to the city may be expected. They are sensible men, else they would not hold the positions they do. They are men who can see and comprehend, and from their seeing and comprehension here there is little doubt but that they will become convinced that a material reduction in their transportation schedule is a necessity.

The attention of these distinguished gentlemen is especially called to the advertisement in this paper of Barrett & Hull, in which they offer potatoes at six cents per pound and other goods in proportion, in order that they determine whether or not their charge of seven cents per pound on potatoes from Seattle to Dawson is in keeping with present Dawson quotations on that article, not to mention its original purchase price, drayage etcetera. After comprehending the situation as it is, it may be reasonably expected that a cut of from 35 to 50 per cent in the present freight schedule will be made, and if such results are obtained from the visits of the distinguished gentlemen, it will abound in good for them and their companies as well as for the people, not only of Dawson, but of the entire Yukon.

Gentlemen, you are respectfully requested to size up the situation in Dawson as you find it.

ANOTHER SEATTLE.

According to a Philadelphia paper there are places other than Seattle in which sawed-off shot-guns and other weapons of destruction should be used. The paper plainly asserts that thieves govern that city and the great state of Pennsylvania. Senator Quay is the boss thief, the chief of the gang of bandits. For the second time within a few months franchises worth hundreds of thousands of dollars have been given away to members of the gang of thieves, the officials bestowing the franchises being members of the same gang. Some months ago Mr. A. L. Johnson, a brother of Mayor Tom Johnson of Cleveland, Ohio, applied for franchises to build certain street railway lines in Philadelphia, guaranteeing 3-cent fares and universal free transfers. This spurred the looters to pass a bill authorizing the secretary of state, a sub-chief of the gang, to grant charters to build railroads not

only in Philadelphia, but in other cities of the state. Under this law the secretary of state at once granted free franchises to members of the gang of thieves to build whatever lines they chose, permitting 5-cent fares and making no stipulation whatever about transfers, and this in the face of an offer by John Wanamaker to pay \$2,500,000 cash for the franchises that the gang voted away to itself for nothing. Wanamaker having deposited \$250,000 as an assurance that he meant business. This is what happens when a state or city gets into the suicidal habit of continually going one way politically by large majorities. It serves the people of Philadelphia and of Pennsylvania right to rob them; they have long known the character of Quay and his tools. The people of that city seem rather to enjoy being governed by thieves. But is it a sort of government to boast of and to point to with pride?

A BUSINESS DEMAND.

The demand of the business world is that England whip the Boers to a standstill very soon or give up the job. The Boer war has cut down the world's gold output from \$312,000,000 in 1899 to \$250,000,000 last year. The output of the rest of the world increased over \$10,000,000, and the increase this year is expected to be still more. If the Transvaal mines can be reopened by the end of the year the world's production of gold next year is likely to be more than \$50,000,000 greater than ever before.

South Africa is of too much value to the world to keep longer tied up and inactive by war. Her resources are too great to permit of their being idle without the entire civilized world being effected thereby. There is no country that realizes the effect of existing conditions more readily than does England, and it is this realization that is making the Boer question a contentious one in the house of commons, at the present session. A difference of \$62,000,000 in the gold output of one year is too great an item in the business world to ignore, and the deficiency is probably felt more appreciably in the money markets of London than in any other place. A spurt should be given that would wind up the Boer war in short order.

Two French senators lately fought a duel, the result of a heated debate on the floor of the senate. It is needless to say that no harm was done. Honor was satisfied and the great republic still remains intact.

Might Work in Dawson.

"Uptown, in the Kensington district," said the Philadelphia deal-game sport, "there is a poker room that has substituted an automatic parlor organ for a lookout man. The scheme has worked beautifully, and neither the neighbors nor the 'fly cops' of the district are onto the game. When the organ is started you might think it passing the house that a prayer meeting or revival service was in progress behind the closed blinds, for it plays nothing but hymns. All the evening it switches from 'Nearer, My God, to Thee' to 'Rock of Ages,' and then to 'From Greenland's Icy Mountains.' And all the time chips are rattling and the kitty is growing fat. Think of raiding a joint where an organ was playing 'Nearer, My God, to Thee.' I'm not much on religion myself, but it seems to me that's about the limit." Any kind of wine \$5 per bottle at the Regius Club hotel. Fine candies, delicious ice cream at Mrs. West's new store, Second ave.

Dixie's Author Dying.

Daniel Emmett, the founder of negro minstrelsy and the composer of the music of "Dixie," is dying of old age at his hermit's home near Mount Vernon, Ohio. Mr. Emmett is 86, and for years has lived retired in a suburban home, avoiding men and their ways and seeking companionship only in the wife of his old age and a few dogs. The circumstances which led to his writing "Dixie" are related by a resident of Mount Vernon. Emmett was playing in New York with the celebrated Bryant minstrels. Mr. Bryant one day requested him to compose a new "walk round" of a heroic kind. "One," said he, "which the bands will want to play and which the boys will whistle in the streets." The next morning Emmett appeared with the music of "Dixie" as it is now played. There was little enough in the words—mere clatter, really—but the music took at once in the North and was seized in the South for its own when the northerner took it thither early in the war. The original words have long since been changed to suit Southern sentiment.

Ottawa Items.

Ottawa, June 29.—The government is getting ready another call for tenders for the fast Atlantic service. An American gentleman, who a few days ago offered to supply a 26-knot service, now offers to make it a 30-knot service. This would revolutionize the passenger traffic of the world.

The war office has called for an additional 10,000 tons of Canadian hay for South Africa, to be shipped via St. John, N. B., not later than August. The Journal tonight will say that one of the most prominent marshals in the St. Jean Baptiste procession yesterday has been summoned to the police court for having struck one of the governor-general's horses with the scabbard of his sword, and at the same time ordered the driver of the street while the parade was passing.

Owing to receipt of immense stock we were compelled to move to more commodious quarters opposite S. Y. T. Co., on Second avenue. Sargent & Pinsky.

Notice to Creditors.

In the matter of Anton J. Nordale and Martin Olsen, carrying on business at Dawson as restaurant keepers, insolvents: Notice is hereby given, that the said Anton J. Nordale and Martin Olsen, carrying on business as restaurant keepers at Dawson in the Yukon territory, have made an assignment of all their estate, both real and personal, credits and effects, to me, George Murphy, of Dawson in the Yukon territory, butcher, for the general benefit of their creditors.

A meeting of creditors will be held at their place of business, Martroy Cafe, First avenue, Dawson, on Wednesday, the 17th day of July, A. D. 1901, at 8 o'clock p. m., to receive a statement of the affairs and for ordering of the affairs generally.

All creditors are notified to file their claims with the assignee, together with proofs and particulars of the same at or before the said meeting.

And notice is further given, that after the 17th day of August, A. D. 1901, the assignee will proceed to distribute the assets of the estate among the parties entitled thereto, having regard only to such claims of which he shall then have had notice, and that he will not be liable for the assets, or any part thereof, so distributed to any person or persons whose claims he shall not then have had notice.

GEORGE MURPHY, Assignee.
TABOR, WALSH & HULME,
Solicitors for the Assignee.
Dated at Dawson, Y. T., this 12th day of July, A. D. 1901. c17

A New Mining Field.

Excellent reports are being received from the prospects on Prince of Wales Island. Considerable work has already been done on some of the properties. Mr. S. L. Silverman, who represents some Spokane parties, says: "I have every confidence that the island will make a good camp. The ore is in unexampled quantities. There is plenty of timber. Coal from Vancouver Island is delivered for \$5 ton and coke for \$8."

This is of great interest to Victoria, for although Prince of Wales Island is in Alaska, its development must have a beneficial effect upon Vancouver Island. Cape Scott is more than half way between Seattle and Prince of Wales Island. With a railway extending the full length of Vancouver Island and fast steamers between this city and Seattle and from Cape Scott north, it would be possible to cover the distance between the latter city and the Prince of Wales Island mines in about 30 hours. With ferry connection with the Mainland, loaded cars could be carried directly to the north end of this island and all freight be transferred to steamers there. Not is it likely that Prince of Wales Island will be the only one of the Alaskan archipelago that will develop great mineral possibilities. No matter how many such there may be, the trade of the whole of them can be done better via Vancouver Island than in any other way. Hence the interest which attaches to progress in mining in that part of Alaska. Moreover the more that is done in one part of this Northwest coast, the better the remainder of it will stand in public estimation. Victorians can afford to regard the developments in the Alaskan island with a great deal of satisfaction.—Colonist, June 25.

SPORTING NOTES.

There has hardly been enough activity in sporting circles this week to indicate that there is any life in them. The summer is rapidly passing and the clubs should begin to take advantage of the fine weather to get themselves into practice if it is anticipated playing any match games this year.

All of the clubs are now well supplied with complete outfits and are in readiness to play as soon as the players can get up the necessary amount of energy.

BASEBALL.

J. R. Gandolfo is a most enthusiastic lover of sports and is particularly fond of the game of baseball. He has taken deep interest in the welfare of the members of the ball team which bears his name and has given for himself the name of a "good provider." His latest act of generosity was providing the team with a complete outfit consisting of a mask, three catchers' gloves, four base gloves, two catcher's gloves, a dozen bats and two dozen balls. These goods with the exception of the bats are the year's spalding goods the best baseball goods obtainable. To say that the boys are pleased with their outfit is putting the matter very mildly. The U. S. troopers, team of Fort Regent is very anxious to come to Dawson to play a series of three or five games with the Dawson team but as yet there has been no opportunity afforded to bring them up. If an excursion cannot be arranged in the near future it is intended to have the boys come up on one of the up-bound steamers in which event it may be necessary for the raising of a subscription to defray their expenses to which the merchants when called upon should respond generously.

FOOTBALL.

The football players have not sufficiently recovered from the effects of the game on the Fourth of July to even consider the arranging of another one; but we hope by next week to be able to make the announcement of the match game between the creek and town teams, which should have been played on the Fourth.

CRICKET.

The cricket players are now beginning to take a more active interest in the game. The grounds are to be filled in and smoothed off and made into a first-class cricket field. Arrangements are also being made for a dressing room with shower bath in connection for the benefit of the players. A game of cricket has been arranged for this afternoon at the barracks grounds between the N. W. M. P.

team under the captaincy of Sergeant Stillman and a picked team under the leadership of Deputy Sheriff Seymour. This will be the first match game of cricket this season and will undoubtedly have a large audience.

LACROSSE.

The challenge which the Civil Service lacrosse players issued to any team in the territory a short time ago still remains good and they are anxiously awaiting champions to materialize to accept it. A number of new lacrosse bats and balls were recently received by the McLennan-McFeely boys so that there is plenty of material with which to play if they can get the players together.

HOCKEY.

The proposition for sending the hockey team outside this winter to compete for the cup remains at the present time in the same position it was two weeks ago. It is expected to send a man up the creeks shortly to solicit the aid of the miners.

LAWN TENNIS.

The greatest interest is being taken in the tournament of the Yukon Lawn Tennis Club, which was opened last night by a game between F. W. Seddon (owe 30) and J. Stanley Long (owe 15). Both players played a strong game which lasted for two hours. Seddon won the first set by 6-4; Long won the succeeding sets 6-3, 6-3, thereby winning the game.

Later in the evening another game of the series was played by M. D. S. Finney (owe 30) vs. H. M. Martin (owe 15). Finney won the game by 6-3, 6-2.

Entries for the ladies' single, ladies' doubles and combined doubles do not close until Saturday next.

For the gentlemen's singles and doubles, entries have already closed. The following are the competitors and their handicaps:

Singles: H. G. Herbert, owe 40; A. P. Hughes, owe 30 1/2; C. W. S. Barwell, owe 30 1/2; F. W. Seddon, owe 30; D. S. Finnie, owe 30; F. R. G. Berry, owe 30; A. F. Nicol, owe 15 1/2; G. R. Glazy, owe 15 1/2; Dufferns Pattullo, owe 15 1/2; Arthur G. Smith, owe 15; H. R. A. Robertson, owe 15; C. R. Elderton, owe 15; J. Stanley Long, owe 15; J. K. Macrae, owe 15; C. C. McCaul, owe 15; H. M. Martin owe 15; J. B. Warden, scratch; J. Mackinnon, receive 1/2; H. E. Ridley, receive 1/2. Of 19 competitors 13 receive byes in the first round. C. C. McCaul plays G. R. Glazy, F. W. Seddon plays J. Stanley Long, H. M. Martin plays D. S. Finnie, to complete the first round which must be finished by Monday next.

Doubles, handicap—H. M. Martin

and D. S. Finnie, owe 15 1-6, play C. W. Barwell and F. W. Seddon, owe 30 1-6 Arthur Smith and J. K. Macrae, owe 4-6 15, play Dufferns Pattullo and H. G. Herbert, owe 30 1-6; A. F. Nicol and J. Stanley Long, owe 5-6 15, play C. R. Elderton and G. R. Glazy owe 15; A. P. Hughes and F. R. G. Berry, owe 30 1-6, received a bye in the first round.

SPORTS AT GRAND FORKS.

The sporting club of Grand Forks have formed themselves into an association called the Bonanza Amateur Athletic Association and not only the members of the organization but the citizens of that thriving city and surrounding creeks as well are taking the most active interest in the promotion and development of field sports. A fine large ground has recently been fitted up and a grandstand is under construction and the various clubs including baseball, cricket and lacrosse are getting themselves into good training for games.

A match game between the Grand Forks and Dawson teams has been arranged to be played in Dawson on Saturday the 20th of this month and other games will be announced later.

Foxy Girl.

A young woman schoolteacher of Kansas, on her way to the Philippines, where she is to teach, writes thus to a friend: "Dear Maizie: Yes, it is true that I have signed a contract to teach three years in the Philippines and that contract looks pretty big and horrid to me now, for papa says the government will hold me to it, whatever happens. But I don't believe the government would force a girl to keep on teaching if one of those brave, noble colonels or captains asked it to let her off so she could—oh, you sly thing! You know what we talked about. Anyway, I am going, and if I come back with a military title to my name won't you pokey things envy me? Your own, Cally."

FROM NUMBERS TO NAMES

Hereafter Streets of Dawson Will be Designated by Letter

Yukon Council Has Had Matter of Change Under Consideration Some Time—Names Selected.

Some time ago the matter of renaming the streets of Dawson was brought before the Yukon council and referred to the board of public works.

The subject has been discussed by the board and it has been decided to change the streets from numbers into names, leaving the avenues as they are at the present time.

Having numbers for streets both ways with the only distinction of streets and avenues is often very confusing especially to chechakos and even the old sour doughs often pause in their perambulations and wonder "where they are at" when trying to locate some parts of the town.

Several names have been suggested for the different streets but at the last meeting of the board the following while not altogether agreed upon will, with possibly a few exceptions, probably be the official names of the streets.

The dividing street is to be changed from First street where it has formerly been to Third street which will be given the most prominent name and will be hereafter known as King street.

From this street the names, going north, will be: York street for Fourth, Ladue for Fifth, Smith for Sixth, Yukon for Seventh, Standard for Eighth and Judge for Ninth. South from King street the names will be: Queen for Second, Albert for First, Harper, Mission and Hanson streets will be left as at present. Fifth street south will be named Grant street; Fourth street south Turner, Third street south Dugas, Second street south Craig and First street south River.

The business as well as the residence houses are to be numbered, the numbers for the avenues starting at 100 on either side of King street. Numbers for the houses on the streets will commence with 100 from First avenue so that with the streets given distinctive names and the houses numbered it will be a much more easy task to locate the residents of Dawson.

Fresh Lowney's candies. Kelly & Co., druggists.

COMING AND GOING.

W. H. White, mining inspector for Dominion, is in the city in attendance upon court.

Mr. and Mrs. H. P. Hanson were passengers for the outside Thursday on the Sifton.

Hugh Madden and three others left for Nome yesterday in Frank Simons' naphtha launch.

Contractor H. C. Davis is erecting a 40x700 warehouse for the Ladue Co. on Third avenue near the new brick warehouse. When completed the building will be occupied by Barrett & Hull the commission merchants. One-half of it will be for cold and the other half will be fitted for warm storage. The building is to be 14 feet high with a truss ceiling which will allow considerable space in the attic.

Pantages Going to Nome.

Alex. Pantages, who has been connected with theatrical enterprises in Dawson for the past three years, being the lessee of the Orpheum during last year, has disposed of all his interests here and will leave for Nome on the first boat. Mr. Pantages has joined forces with Frank Simons and will manage the Standard theater at Nome, which has opened for the season with a company of 35 people. Several people will accompany him from this point, among them being John Flynn, Jennie Guichard, Kate Rockwell, Clothilde Rogers and others.

Another "Bloomin'" Pug.

A new puglist is in town looking for a go with some of the undated champions of the city. He is an Australian welter-weight by the name of Arthur Walker and has fought some of the top-notchers in the fist arena.

He has gone against such men as Tommy Tracy who defeated Dick Case in Seattle last winter, and he beat Danny Needham in 20 rounds at New Orleans. Walker was at Nome last year and had a go with Kelley and also with Dick Case.

Rev. Whittington.

Rev. D. Whittington, superintendent of Methodist missions in Western Canada, who arrived Wednesday on an inspecting trip, will preach in the M. E. Church at Grand Forks tomorrow evening. Everybody is invited to be present as this is the only occasion on which the distinguished divine will be heard in the Yukon.

Will be Buried Tomorrow.

Robert McLaren, father of the young boy who was drowned in the slough a few days ago, arrived from up the river last night in a Peterbro canoe. The funeral of the lad will take place tomorrow afternoon at 3 o'clock from the Presbyterian church.

Elegantly furnished rooms with electric lights at the Regina Club hotel

Painful Accident.

Mr. C. Cleland Kelly foreman on 60 below on Bonanza met with a very painful although not serious accident Thursday morning. He was helping move a stove out of the cabin and stepped into a ditch onto a nail which was sticking through a board at the bottom. He had on a pair of light rubber shoes and the nail went nearly through the center of his foot. He came to town by the first stage and had his wound dressed and while it is not serious will cause him some inconvenience for a few days.

Erimston & Stewart, furniture and undertaking, Tel. 134.

LADIES ARE ALERT

And Already Preparing for Annual St. Andrews Ball.

What the annual charity balls are to the Eastern cities St. Andrew's ball is becoming to Dawson, and it will doubtless prove somewhat of a surprise to the members of St. Andrew's Society to know that many of the social leaders among the ladies are even at this early date making preparations for the event of the next winter's gaiety.

An old stager is accustomed to climb into his dress suit with five minutes notice, but with the ladies it is different; they must have all kinds of time in which to make their preparations and arrange the details of their toilettes so that each may outdo the other in the brilliancy of her plumage. A well known modiste of the city who makes two trips a year to the fashionable centers of the East and who will leave for the outside in a few days has orders for thousands of dollars' worth of gowns and dress fabrics ordered expressly for the ball given in honor of

the patron saint of Scotland. Last year the ball was a brilliant success, but the indications are that the one this year will even eclipse all previous efforts.

Religious Services.

The Rev. J. W. Sparling, principal of the Wesley College of Winnipeg, will preach at the Methodist church tomorrow at both the morning and evening services.

At the Presbyterian church the Rev. H. H. Turner will conduct the services in the morning at 11 o'clock and in the evening at 7:30.

Bishop Bompas will officiate at the services of the St. Paul's Episcopal

church. In the morning during matins Mr. Christopher Reed will be ordained a deacon of the church. Holy communion will be administered at 11 a. m. In the evening special music will be sung by the choir. The bishop will preach the sermon both morning and evening.

The regular Sunday services will be held at 10:30 a. m. and 7:30 p. m. at St. Mary's Catholic church, the Rev. Father Gendreau officiating.

Send a copy of Goetzman's Souvenir to your outside friends. A complete pictorial history of the Klondike. For sale at all news stands.
