### NEWCASTLE TRIMS BATHURST TEAM

On last Wednesday the local ball team motored to Bathurst to play the latter team there. A number of the Newcastle fans followed the team taking advantage of the half holiday and the nice motor trip to Bathurst and return. Through the inability of four or five of the local players not being able to leave their work, it was necessary to secure three players from Chatham; Martin, who played first, Archibald who played short, and Hanley, who looked after third base, all three putting their best into the game, especially Archibald who played a star game at short field. A great gathering of Bathurst rooters were on hand to see the game which started at 6 p. m. In the first inning Newcastle failed to score, while England scored one for Bathurst. In the second frame, after Melrose had reached third on a nice three bagger, he scored on Crak's hit. Bathurst also scored one in this inning. Neither team scored in the third. In the fourth stanza Newcastle got three runs. Archibald reached first, stole second and scored on Hanley's hit. Melrose tapped the pill for a homer and scored Hanley ahead of him. In the fifth and sixth Newcastle failed to score, while Bathurst tallied one more in the fifth. Each team scored one more in the seventh. In the eighth inning Newcastle failed to score, and with two men down. Lavigne reached first on an error, and moved to second on McKenna's hit. Duncan hit to short and was out trying to reach second. Lavigne and McKenna raced home, but not before Duncan was out at second, so these two runs do not count for Bathurst, although the latter team counted them. The boys claim that the base umpire was a novice at the game, this being the first game in which he had taken part as a base umpire, and could not make a decision until told what to say by the Bathurst players. The MANAGER of the team umpired balls and strikes. The final score was 5-4 in favor of Newcastle.

### EMPRESS THEATRE ON THURSDAY

ELSIE FERGUSON, who is starring "Footlights," a Paramount picture which will be shown at the Empress Theatre on Thursday brings to her role the finesse of both stage and screen experience. The part, which portrays an American, who is introduced on the New York stage as a Russian actress, challenges the best of Miss Ferguson's art. In one scene she gives an impersonation of Eddie Foy and in another she has a fencing bout. All through the picture there are the two personalities at play, the one of the puritanical New England girl, and that of the pampered Russian actress.

In making this picture, Miss Ferguson has broken a precedent. She has refused to appear in many plays and pictures, dealing with the stage, feeling that no true presentation of the profession has been given.

"Footlights," tells the story of a vaudeville entertainer who becomes the most famous actress in America. Her rise to fame, although unique in every way, is made through struggles, hardships and sacrifices. It is not the exaggerated story of an overnight career with flowers and dinner parties. To reach this height, Lizzie Parsons, had to give up her friends and past associations and lose her identity in that of a Russian. Miss Ferguson's interpretation of this role makes "Footlights" the outstanding picture of the year. Reginald Denny heads a capable supporting cast of players.

#### LABOR DAY

Next Monday, Sept. 4th is Labor Day and will be observed by the merchants as a Holiday. The Public Schools will also be closed.

### LIKELY COAL STRIKE WILL BE SETTLED

\*The general strike of Nova Scotia coal miners is likely to be over by the end of the present week competent observers say.

Sentiment in favor of the acceptance of the new wage scale negotiated Friday night between the British Empire Steel Corporation and the executive of District 26, of the United Mine Workers of America seems hourly to be gaining strength in the coal fields, according to late reports reaching Sydney from many quarters.

It is not denied that there are many "bitter enders" and "die-hards" among the strikers and that the voting opposition of considerable strength, but competent observers believe that at least 75 per cent of the referendum vote will favor an immediate settlement.

An insurgent movement in opposition to the new pact, organized during the week-end by a section of the Phalen Local, petered out and lent additional strength to the advocates of the new wage pact.

A section of Phalen, which started the strike movement, held a meeting on Saturday and decided to make strenuous efforts to call off the referendum altogether. Their plan was to send out telegrams to the mainland locals asking them to ignore the order for a referendum and continue the strike. When the Phalen men met again it was apparent that a change of heart had taken place, and the movement was abandoned so far as calling off the referendum was concerned.

A general mass meeting of the strikers had been called on Sunday afternoon at the Dominion ball park, but had to be abandoned because of a torrential downpour of rain which continued throughout the early afternoon.

The wet weather also put a stop to all but the most perfunctory picket work on the part of the troops and the United Mine Workers.

At New Waterford Saturday there was a meeting of strikers at which the new agreement came in for considerable criticism and a standing vote seemed to show the opposition was in the majority.

In the United Mine Workers camp it was forecast that the voting Thursday would show Pictou, Cumberland and Sydney Mines districts almost unanimous in favor of a settlement, a substantial majority for the pact in the Glace Bay, area, with New Waterford possibly showing a small majority against.

Official representatives on both sides reported all quiet in the strike area and all hands marking time awaiting the outcome of the referendum of August 31.

### THE BEAVERBROOK SCHOLARSHIPS

FREDERICTON, Aug. 28—A meeting of the trustees of the Beaverbrook Scholarships will probably be held this week or early next week to determine the winners of the five scholarships to be awarded in New Brunswick this year. The total number of applicants this year is about 25. The trustees are: Mr. Justice Crockett (chairman) Fredericton; Hon. William Pugsley and F. B. Ellis, St. John.

The scholarships are valued at \$325 a year for a period of three years. Five are awarded yearly and this will be the third year they have been in existence. By next year the full number of twenty will have been awarded.

If continued, that number will always be in existence after next year. The scholarships are open to all persons passing the University of New Brunswick matriculation examination, but the successful students may carry on their studies at any university in Canada, except that only when taking the theoretical courses can the winners attend denominational colleges.

The number of applicants this year is the largest on record.

### THE UNLOVED WIFE COMING

Men think they win women, when they are merely tolerated. Women will tolerate a great deal. That is one of the best characteristics. When writing "The Unloved Wife," the new, sensational comedy drama in three acts coming to the Opera House Newcastle on Wednesday Night Aug. 30, Florence Edna May, Ince and Night Aug. 30 with matinee for ladies only. Florence Edna May, the authoress, kept these sentences always in mind, and it occurred to her that "Does your husband really love you, or does he just tolerate you? You bestow countless smiles upon him, sing your best for him, do everything to please him and you—tolerate him. That is the woman side of it. What do you receive in return? Did it ever occur to you that many married men have a double personality? Should the woman be tied to the home, while the man can do as he pleases. Is this amazing situation-justice. How long does the honeymoon last?

These are the facts in married life and perhaps you have an answer for each of the above questions, but your answers are not correct because it is your God-given right to be happy. Your husband should understand you, you should not-tolerate each other.

Miss May, the authoress of "The Unloved Wife" unleashed the pent up feelings of a young married woman and in baring her soul, she drives deep into her audiences' hearts the truths as you should know them. With a cast of excellence and a Broadway production, this latest sensational comedy drama will no doubt create a favorable impression among playgoers when it comes to Newcastle.

### A NEW BOARD FOR C. N. R. TO BE NAMED SOON

The creation of a board of directors for the operation of the Canadian National Railways system, will be before the government again this week. While the personnel of the board is yet to be determined, finally the general constitution of it is understood to be decided. The special act of parliament dealing with the matter, authorizes a board of not more than fifteen members, and all that number are likely to be appointed. According to present intimations, each of the nine provinces, will be represented: Ontario and Quebec would each have two members, and each of the other provinces, one. The four remaining positions on the board, would be operating or traffic men, one of them president.

The delay is assigned to the difficulty experienced in finding a head for the board and no selection has yet been made though several are under consideration. One or two to whom the position has been offered, have declined.

In the meantime, conditions on the National system, are looking up, with prospects that the difference between operating expenditure and revenue, apart from fixed charges, may pretty nearly be equalized this year. The heavy wheat crop and the revenue resultant from handling it, will be a very helpful factor.

The Grand Trunk division, particularly is showing a rather remarkable betterment, with a steady upward trend of the operating ratio. One reason assigned for this is the increased traffic on the American lines from Chicago east through Canada owing to conditions on the competing American lines consequent upon the shopmen's strike. Another is the co-ordinating of traffic with other lines of the system and the saving effected in that way.

## MICHAEL COLLINS, HEAD OF IRISH PROVISIONAL GOVT. SHOT AND KILLED

Michael Collins, head of the Irish provisional government and the Irish national army, was shot and killed from ambush at Bandon, County Cork, tonight a few hours after he had been given an ovation by the people of Cork City, who for the first time saw the Free State hero in the uniform of commander-in-chief.

**Several Attacks**  
Several attacks have been made against the life of Michael Collins, head of the provisional government and commander-in-chief of the Irish Free State army. The latest attempt was a bombing outrage, when his car was ambushed last Friday afternoon on the Dublin side of Stillorgan. The official communication issued in connection with this attack did not indicate whether Mr. Collins was in the machine at the time. The driver was wounded and the car wrecked, a bomb and more than a score of shots being fired.

In Dublin on April 17, while Mr. Collins was on his way home after having addressed a meeting at Naas, County Kildare, he was attacked by a group of men, some with rifles, who rushed his car and opened fire. The Collins party returned the fire

and one of the assailants was captured. Collins was not injured.

**Assassination Forecasted**  
Mr. Collins, in addition to being commander-in-chief of the Free State army, was Finance Minister in the Dail Eireann Cabinet. He was one of those who succeeded in obtaining a temporary injunction in New York on Monday restraining Eamonn de Valera or his agents from withdrawing funds collected for the Irish Republican cause deposited in banks in New York City. It became necessary in view of the recent operations of the irregular forces for Collins to assume active charge of the Free State army in the field, and for some time past he had abandoned the civil part of the government for the military.

Recent arrivals in London from Dublin declared that the assassination of Collins was forecasted in Ireland. It was planned to secure the removal of the sole remaining outstanding figure in the provincial government, and it was said to be also in part a measure of reprisal against the shooting of Harry J. Boland, the close associate of Eamonn de Valera by Free State soldiers.

## NEW BRUNSWICK IN VITAL STATISTICS

Shares Highest Birth Rate with Manitoba—Highest Death Rate.

There were 123 pairs of twins and three sets of triplets born in the eight provinces of Canada, which are included in the bulletin on vital statistics for January. The province missing from the record is Quebec.

The deaths of 11 persons, who had reached the age of 100 or better were reported for that month. The oldest of the 11 was aged 110, an Indian widow of British Columbia. The next oldest was an Irish widow of Nova Scotia, aged 108. The cause of death in the first case is given as "cerebral hemorrhage" and in the latter as "old age."

The birth rate per 1,000 of population in January was 2.1, while the death rate was 1.0. These rates are the same as those for a year ago, although it is pointed out in the bulletin that the comparison is as between provisional and revised figures.

The highest birth rates given are those for New Brunswick and Manitoba, these being 2.6 in each. The lowest birth rate is 1.5 in British Columbia. The highest death rate is 1.3 in New Brunswick and the lowest 0.6 in both Saskatchewan and Alberta.

The deaths reported from cancer for that month are 408 as compared with 404 for the corresponding month of 1921. The deaths from tuberculosis numbered 417, as compared with 450 for January 1921. Nearly thirty nine per cent of all deaths were charged to six groups of diseases, namely diseases of the heart, pneumonia, tuberculosis of the lungs, senility, diseases of the arteries and broncho pneumonia.

## Estimate of Wheat Yield Is 350,000,000 Bus.

Winnipeg.—The grain Trade News in its weekly crop report made public here estimates the wheat yield of the three prairie provinces this year at 350,000,000 bushels. This compared with a total crop in the banner year 1915 of 360,000,000 bushels. However, the total acreage in 1915 was only 13,867,715 while this year the prairie provinces have between 20,500,000 and 21,000,000 acres sown to wheat.

According to the Dominion Bureau of Statistics estimate, based on conditions prevailing at the end of July, the prairie provinces should harvest 297,781,000 bushels. The Canadian Pacific Railway, in its weekly crop report issued yesterday estimated the yield of the prairie provinces at 317,000,000 bushels.

## London-Paris Airplane Crashes

Paris, Aug. 23.—Five passengers on a London-Paris airplane narrowly escaped death yesterday when the machine crashed at Berck-Plage, about two miles south of Boulogne. The mishap was due to engine trouble. Although the machine was smashed, the passengers escaped with minor injuries.

"Obedience is one of the first things a fellow must learn" remarked the Man on the Car, "yet he goes through life as stubborn and bull-headed as a yearling calf that has never been halter broke."

## FURNISH WARDROBE AT LESS THAN PAR

Stranger Caught Pilfering Things from Haberdashery Stores.

(Quebec Telegraph)  
Robberies in local retail stores have been frequent of late, according to information gathered by a representative of the Telegraph.

A case was reported which gives an instance of the degree of audacity which has been reached by some of the delinquents. A man dropped into an Upper Town haberdashery store, not far from the Post Office, yesterday, and as he was wearing rubber shoes his presence was noticed only several minutes after he had been in the establishment. While, being shown, at his request, shirts of various kinds, he slipped a pair of silk garters, worth \$1.00, into his pocket. This was actually observed by the proprietor, as well as by a messenger boy who was working behind the counter. The boy thought it his duty to tell the boss at once about what he had seen and when the man was about to leave—although he had bought nothing, was asked to pay for the garters, which he did, without fuss and without the color rising unduly in his cheek.

On his way out of the store the would-be thief dropped four little tags on the floor, of the kind generally attached to the goods to mark the price, and so on. The merchant immediately took possession of the tags and tried to guess the store where he believed that robberies similar to the one attempted in his store had been perpetrated successfully.

It was, as a matter of fact, found, about an hour later, that the robber had entered another haberdasher's store near the Basilica, and had taken four neckties with him without paying for them.

The man was well dressed and appeared to be a gentleman, but the merchants referred to are convinced that appearances can be very deceptive.

## FIRE WASTE WITHOUT INSURANCE

The picture represents one of the many Canadian villages destroyed this year by forest fires. It is rare in such conflagrations that more than a fraction of the loss is covered by insurance. There are practically no insurance policies whatever carried on Canada's timber resources, as the menace of careless campers, smokers, fishermen and trappers is yet too serious. The thousands of villages in close proximity to the forests must share the penalty of burning up the timber, and usually there is not the compensation of an equivalent insurance because of the severe hazard. The experience of New Brunswick is fairly representative of other provinces. There the forest fire losses on the average kill more timber than would build 5000 large homes and half of the fires are set by the gross negligence of those who build camp-fires and use cigarettes, cigars and matches.

In a recent speech to a large body of Quebec City business men, Mr. Robson Black, Manager of the Canadian Forestry Association, declared:—"Every forest fire this year exchanged valuable public-owned timber lands for worthless wastes of charcoal and firewood. It is sheer business stupidity, as inexcusable as the exchange of pounds sterling for paper roubles at par."

## COMMENT OF LEWIS ON COAL STRIKE

Philadelphia, Aug. 22.—John I. Lewis, president of the United Mine Workers, in a statement issued following the adjournment of the conference between the anthracite operators and miners, which failed to reach an agreement, issued a statement in which he blamed the present industrial trouble in the Canadian coal fields on the "Break-down in the Canadian Industrial Disputes Act as concerns the basic and essential industries of Canada."

Nothing kills time so fast, as a promissory note.

## YOUNG WOMEN WHO SUFFER

Letter Points Way Towards Relief—Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I suffered from the time I was a school-girl until I had taken your medicine with pain in my left side and with cramps, growing worse each year until I was all run down. I was so bad at times that I was unfit for work. I tried several doctors and patent medicines and was only relieved for a short time. Some of the doctors wanted to have an operation but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound and how thankful I am that I tried it. I am relieved from pain and cramps and feel as if it has saved my life. You may use my letter to help other women as I am glad to recommend the medicine."—Mrs. H. A. ## GOOD CROP OF APPLES IN N. B.

Although there will be a good crop of apples in this province this year, the fruit will not be as clean as that of the average year, said A. G. Turney, provincial horticulturist, following his return from an inspection trip of the St. John Valley orchards, between Fredericton and St. John. Continued wet and muggy weather which has existed during a considerable portion of the season is attributed as the cause of this condition, such weather favoring the spread of apple scab which was recently reported in the orchards along the river.

One of the peculiar situations noted was the fact that the orchards near the mouth of the river, in the vicinity of Long Reach, were producing cleaner apples than those nearer Fredericton, which is rather unusual. While there is more apple scab this year than usual very little has been observed in orchards which have been well sprayed. A number of horticulturists have sprayed their trees twice, but this has not proven sufficient to combat the scab, which has been furthered in its spread during wet weather, which has prevented spraying.

Strawberries have, however, benefited by the weather this season, and new plantings placed last year have done very well.

Children Cry for Fletcher's  
**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Food is specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. **FATHER DELORME  
DECLARED SANE**

Montreal—The whole question of Adelard Delorme's mental condition will be opened in the Superior Court August 30 at the continuation of hearings on interdiction proceedings instituted by a Delorme family counsel, following a report made by Dr. D. Brocheu, medical superintendent of St. Michael Asylum, Beauport, where Delorme is interned, that his patient is sane enough to administer his own affairs.

Dr. Brocheu will be called to give evidence supporting his report. It is considered likely that the crown and defence alienists, whose evidence in the Delorme criminal trial led the jury to pronounce the Abbe incapable of standing trial on the charge of murdering his half brother, Raoul, will be called in rebuttal of Dr. Brocheu's testimony.

The upshot of the whole affair may be that the Provincial Government may order a mental examination of Delorme by a third set of expert alienists to decide once and for all whether the Abbe is not in condition to face the murder charge, or whether he is sane, should be transferred from the asylum to Bordeaux jail once more to appear in the Court of King's Bench on the merits of the cause celebre.

**The World  
Growing Sober**

The legalized saloon is a thing of the past in the United States, as in most of the Provinces of Canada, and will never regain its former status. This does not mean that the use of spirits, wine and beer are near the end on this continent, but it does mean that the saloon has been removed as a temptation, to the wage earner especially. It is true that beer saloons are still legalized in one Canadian province and that spirituous liquors are sold freely in government stores in two provinces and on prescription more or less freely in others. It is true, also, that moonshining, bootlegging and smuggling have increased as a result of prohibition. On the whole, however, it is probable that the world is more sober today, that is, in the soberness promoted by abstinence from the use of intoxicating liquors, than at any period in modern times.

England has sometimes been described as a country in which drunkenness is more prevalent than in any other part of the world, though the Germans lead in the per capita consumption. The prohibition idea has not as yet made much headway in Great Britain, but the annual licensing statistics for England and Wales, recently published in the London Telegraph, show that the number of licensed houses is being steadily reduced, though the average of more than thirty-three licenses per ten thousand inhabitants seems to be quite enough for supplying the needs of the thrifty. The average reduction in licensed places since the permissive act of 1904 came into effect has been in excess of one thousand, last year's reduction of 672 being considerably below the average.

On the subject of drunkenness the report of the licensing board says: "The total number of conviction for drunkenness in England and Wales in 1921 was 77,789, as compared with 95,763 for 1920—a decrease of 17,974, or 18.77 per cent. This total is considerably less than half the high record of 1918, and rather less than two and three-quarter times the low record of 1918. It marks a check in the rise which had taken place in the years 1919 and 1920, the tendency downward which was to be observed in the latter part of 1920 being carried on with growing force into the earlier part of 1921. The drop was coincident with, and no doubt in great measure due to, the increasing lack of employment and paucity of money, but did not, like them, continue progressively till the end of the year. Indeed, unlike every year in the tables, which shows (like itself) a lower total than the preceding year, and differing even from 1920, which showed an increase on the preceding year, the year 1921 yielded more convictions in the last six months than in the first six months, namely, 40,639, against 37,150.

**Gas Exploded In Tank  
Of Ford Car**

Fredericton, Aug. 23—A Ford car, owned by William Hawkins, of Millville, was totally destroyed by fire this afternoon in front of the Fredericton Garage, King street, where gasoline was being obtained, from the pump. In some way the gasoline in the tank of the car became ignited, and an explosion and fire followed at once. The owner and Ralph McDonald, were seated in the car, and Thos Tomlinson, who had been with them, was standing beside the car. The two occupants leaped out but McDonald was burned severely before he could escape. The others were not injured. There was no insurance.

**5,067 Acres Burned  
Over by Eighty  
Forest Fires**

Fredericton, N. B., Aug. 23—The forest branch of the Department of Lands and Mines, reports that, to date, there have been 5,067 acres covered by 80 forest fires. Seventy fires were extinguished by local wardens, and municipal councillors. Sixty per cent of the fires were put out before they covered five acres. In only nine cases were areas of one hundred acres covered. Damage to merchantable timber is not extensive. At Antinori Lake, in the Jacquet River section, thirty men fought a recent fire, for three days, and three men are still on patrol there. Berry pickers are blamed for the fire. At Lower St. Mary's, York County, thirty acres of property owned by A. E. Hanson, of Fredericton, and John Hollan, of Lower St. Mary's, were burned over last week.

**Admiralty Court in Montreal Issues Writ on Application of Stevedoring Company—Breach of Contract Alleged.**

Montreal, Aug. 23—Seizure of a vessel now in Chatham, N. B., was asked this morning in Admiralty court by the Eastern Stevedores, Limited. In the absence of Mr. Justice MacLennan, judge of the court, W. S. Walker, K. C., clerk in admiralty, issued the writ of arrest, and ordered it sent forthwith to Chatham where it is to be nailed to the mast of the steamer. This is to guarantee an action of \$1,780 taken against the owners of the steamship Convalaria, for alleged breach of contract. It is claimed that an agreement was made by the boat owners to engage the stevedores, which agreement it is said was made by cablegram.

**20 P. C. WAGE  
INCREASE IN U. S.  
STEEL PLANTS**

**Three Big Corporations, Employing Normally Nearly 300,000 Workers, Increase Wages of All Day Laborers in Their Plants.**

New York, Aug. 22—Three big United States steel corporations, employing normally nearly 300,000 workers, today announced a 20 per cent wage increase for all day laborers in their manufacturing plants. The United States Steel Corporation took the lead but was quickly followed by the Midvale Steel and Ordnance Company and the Youngstown Sheet and Tube Company.

The Bethlehem Corporation and the Crucible Steel Corporation have taken no action but it is generally believed in financial circles that all important independent steel firms would announce increases within a few days.

News of the increase came as a surprise to the financial district, probably because wage adjustments in other industries have been generally downward. It was followed by slight recessions in the prices of steel shares.

No explanation of the increase was given by the steel corporations. However, it is known that immigration law has cut off the supply of unskilled laborers which formerly drifted to the iron and steel centres.

Resumption of coal mining and the increasing demand for laborers in other industries, combined with the expected business revival this fall, is reported to have caused apprehension among mill managers, who fear that the higher wages elsewhere would cause sufficient desertion to hamper their operations.

People who declare there is "no use talking" usually do a lot of it.

**HUNG BY HIS TOES  
FOR HALF HOUR**

NEW ORLEANS—To be suspended eighty feet in mid-air by his toes for nearly half an hour before being rescued was the experience on Wednesday, of John B. Thomas, a 60 year-old painter, who was painting a factory smokestack at Elysian Fields and Florida Walk.

Thomas was sitting in a rigger's chair attached to a block and tackle when he was overcome by heat. Falling backward he began to plunge, but his feet caught in a piece of rope and the fall was stopped.

A bucket of creosote paint, upset and poured over Thomas. A helper climbed from the top of the stack and lashed Thomas' feet to the rigging, being unable to pull him to safety.

Twenty-five minutes after the accident, extension ladders from a fire company was raised and Thomas was rescued from his perilous position.

**Liver Pains**

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes:

"For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

**FUNERAL OF COL. MERSEREAU**

Col. Geo. W. Mersereau was laid to rest on Tuesday by the banks of the Miramichi amongst the hills and dales he loved so well.

Never in the history of Doaktown has such a gathering taken place; the road from his late residence to the church, a distance of a mile, was literally covered with automobiles, carriages and foot passengers.

After a short service at the house the melancholy strains of the Dead March intimated that the last journey of our friend and comrade had begun.

Preceded by an escort in uniform composed chiefly of his old comrades in arms, the hearse-borne casket covered by the Union Jack and surmounted by the sword and cap of the deceased officer, the mournful procession arrived at the church where a very interesting service was engaged in, after which the brethren of the I. O. of Foresters filed slowly past the open casket where they took a silent and loving farewell of one who was largely engaged in the philanthropic work of the order.

The procession was again formed and the interment took place at the beautiful little hillside cemetery where the beautiful ritual of the Foresters was concluded by the deposit of evergreens in the open grave.

Space forbids more than a very short notice of the passing of a gentleman who was closely identified with everything which tended to the uplift of humanity.

Lt. Col. Donald issued an order for the assembly of an escort, which was under the command of Capt. W. V. Watling and composed largely of war veterans, paid the last military tribute to the memory of their late commanding officer.

The chief mourners were the immediate members of his family and the pallbearers were old comrades of the war period.

Amongst those present we noticed many from Fredericton, St. John, Moncton, Chatham, Newcastle and the neighboring residents. Two brothers of the deceased, his three sons, three daughters, two daughters-in-law, and son-in-law and several grand-children were present, while his former commanding officer from Chatham, the Mayor of Chatham and a host of friends and acquaintances attended to pay the last respectful ceremony to one who occupied such a warm place in the hearts of all who knew him.

in progress including the erection of a large new paper mill by the Bathurst Lumber Co., also the erection of a large new hotel, addition of a large new hotel, additions to business houses, and many new residences in all, of which were providing employment to a large number of men. In their opinion there were prosperous times ahead, which would mean much to the future of Bathurst as a manufacturing centre.

**Worried Women Need Rich Blood**

If The Blood is Not Kept Pure Health Will Break Down

It is useless to tell a hard working woman to take life easily and not to worry. To do so is to ask the almost impossible. But, at the same time, it is the duty of every woman to say her strength to meet any unusual demands. It is a duty she owes herself and family, for her future health may depend upon it.

To guard against a complete breakdown in health the blood must be kept rich, red and pure. No other medicine does this so well as Dr. Williams' Pink Pills. This medicine strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength by the occasional use of Dr. Williams' Pink Pills. Among those who have found benefit from this medicine is Mrs. Cora Conrad, Broad Cove, N. S., who says: "My system was very much run down, and my blood poor and watery. I suffered a great deal from headaches and dizziness; my appetite was poor, and I tired easily. I decided to try Dr. Williams' Pink Pills and have every reason to be glad that I did so. Soon I felt better, and under the continued use of the pills the headaches and dizziness were gone, and my blood seemed in a better condition than before. For this reason I recommend Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**REGAN—YOUNG**

A very pretty wedding was solemnized in St. Samuel's Church, Douglstown at 9 o'clock Wednesday morning when Charles Regan, son of Mrs. Mary Regan of Newcastle and Annie Young, daughter of Mr. and Mrs. Joseph Young of Douglstown were united in marriage. The ceremony was performed by Rev. B. J. Murdoch and was followed by nuptial mass. The bride was attended by Miss Josie Regan and Hubert Black assisted the groom.

The bride wore a pretty dress of brown canton crepe and black hat with trimmings of uncurled ostrich feathers. The bridesmaid was dressed in navy georgette with navy blue satin hat. The bride was a valued member of the Commercial staff, Chatham, and also a member of St. Samuel's choir, from which she received a cabinet of silver. The groom is employed with Mr. D. P. Doyle. After the ceremony the bridal party motored to Newcastle and enjoyed a delicious wedding breakfast at the home of the groom. In the afternoon they returned to the bride's home, where supper was served, followed by a reception, at which music and dancing were enjoyed. Many presents were received which testified to the popularity of the young couple, who will reside in Newcastle.

Don't forget the Soiree at the Newcastle Rink on Thurs. Sept. 6th.

## OBITUARY

J. M. MORRIS

St. John, Aug. 23—Joseph M. Morris, of Sussex, died here this morning. He was district superintendent of the New Brunswick Telephone Company at Sussex. Besides his wife he is survived by four small children, one sister and seven brothers. The brothers are Hugh J., of Newcastle; Michael and Dennis, of Ontario; Harry, of Chatham, and William, Thomas and Arthur of St. John. The sister is Mrs. Frederick Cook, of this city.

JAMES MURDOCH

The death of James Murdoch occurred Sunday morning at the home of his niece Mrs. Geo. Harper, Loggieville after a lengthy illness, aged 71 years.

Three sisters survive, Miss Annie Murdoch, Loggieville, Mrs. John T. McGinn, Wipdsor, Ont., Mrs. Wm. Kelly, Loggieville.

The funeral was held Tuesday morning leaving the house at 9 o'clock to St. Michael's Cathedral, Chatham, where Requiem Mass was celebrated. Interment was in St. Michael's Cemetery.

DAVID T. JOHNSTONE

Mr. David T. Johnstone, one of Chatham's best known citizens, died at his residence on Friday, 25th inst. Mr. Johnstone was the eldest son of Dr. James B. Johnstone, who practised in Chatham more than sixty years ago, and was educated in the local schools. Mr. Johnstone married Miss Martha Benson and is survived by his widow and one son Earl Harold of Moncton as well as one brother, Charles, of this town and one sister, Mrs. A. Shieffer, of Seattle, Washington. He was in his 75th year.

The funeral was held yesterday at 2.15. Services in St. Paul's church and interment in St. Paul's cemetery.

MRS. TIMOTHY LAWLOR

The death of Mrs. Timothy Lawlor occurred at her home in Redbank on Sunday, August 13th, after several months' illness, of paralysis. Deceased was a patient in the Miramichi Hospital for two months and returned home only ten days before her death. Mrs. Lawlor was formerly Miss Lillian Murphy, a daughter of the late Mr. and Mrs. Patrick Murphy of Redbank. She is survived by her husband; one brother, Joseph in Dakota; and two sisters, Mrs. William Sheasgreen, of Montreal, who was with her during her last illness, and Mrs. Laura Sheasgreen of Sunny Corner.

The funeral was held on Tuesday, August 15th to St. Thomas' Church where requiem mass was celebrated by Rev. F. C. Ryan. The pallbearers were Patrick Power, William Lawlor, James Lawlor, William O'Shea, William Sullivan and William Holand.

WILLIAM JOHNSTON

Newcastle, Aug. 25—Death came with startling suddenness to William Johnston, of Bridgetown, Newcastle, on Tuesday morning, shortly after arising. He had put on the fire and when Mrs. Johnston came down in the kitchen a few moments later she was horrified to find the dead body of her husband, he having expired from heart disease, of which he had been a sufferer for some years. Deceased was born in Halifax 78 years ago, but has resided at Newcastle for the past 34 years. He is survived by a widow, formerly Miss Jessie Johnston, of Newcastle, two daughters, Mrs. James Howes and Mrs. Louis Comeau, of Newcastle, also three sons, Percy, Leslie and Freeman, all of this town. The funeral took place at 2 o'clock on Thursday afternoon. Services were conducted at the house and grave by Rev. J. B. Champion and interment took place in Miramichi cemetery.

RONALD HURLEY.

Ronald Hurley, a well known farmer of Blissfield, died very suddenly on Thursday morning, August the 17th from epilepsy. The deceased had been around in good health the night before and his death was a great shock to the whole community.

Deceased was 57 years of age and is survived by his wife and eight children, Mary, Washburn, Basil, Margaret, Bessie, Edward, Stanley and Beatrice. He also leaves four sisters and three brothers. The sisters are Mrs. John Weaver, Mrs. Matthew Bowes and Mrs. Thomas Holmes of Blissfield, and Nora, a single girl in Yarmouth, Mass.

The brothers are Robert of Wolf creek Wis., John of Frederic, Wis., Thomas of Regina.

The funeral was held at ten o'clock to Loggieville and interment at high mass was sung by the Rev. Matthew Bowes and Ernest Brennan

### RADIO ON A C. N. R. TRAIN

The utility of radio as a means of entertainment on passenger trains was demonstrated by Canadian National Railways between Montreal and Toronto, via Ottawa, last week. Not only were the messages received, but they were received in volume sufficient to use a loud speaker, making it possible for the entire car to hear the performance.

An interesting feature of the tests is that radio functioned perfectly while the train was passing through the tunnel of the company, under Mount Royal. The high tension wires running through the tunnel did not appear to retard the waves of sound.

### QUEBEC'S PROLIFIC BLUEBERRY CROP

Quebec.—The blueberry crop at St. Felicien and Roberval, in the Lake St. John district, is said to have beaten all records this year. Large shipments of the berries are being made every week and it is estimated that the total value of the crop will reach \$200,000, which will be a veritable fortune divided among a few small parishes in the northern part of the Lake St. John county.

### Railway News in Brief

Edmonton.—Grain is still coming into Edmonton in large quantities from towns along the line of the Edmonton, Dunvegan & British Columbia Railway. From the Berwyn extension and from other northern points, the movement has been of sufficient volume to tax the accommodation in the way of freight cars to the limit, and there is no indication that this large movement will not continue. Much grain is still being loaded in preparation for shipment.

Winnipeg.—Stimulated by special rates from Eastern Canada and the United States tourist traffic to the Coast will be fairly good this summer, in the opinion of C. E. MacPherson, assistant passenger traffic manager, Canadian Pacific Railway, with headquarters in Winnipeg. There will be no general reduction of passenger fares over the Canadian Pacific, Mr. MacPherson thinks. Special round trip tourist tickets should make their appearance about the middle of May.

Calgary.—P. L. Naismith, manager of the Department of Natural Resources of the Canadian Pacific Railway at Calgary recently visited Montreal in connection with the proposed bringing of members of the Royal Irish Constabulary to settle in Alberta lands. In connection with this matter a meeting will be held in Winnipeg at the end of March. Amongst those who will attend this meeting are Sir Augustus Nanton, D. C. Coleman, Colonel J. T. Dennis, and Mr. George Walker, solicitor, Calgary. It is expected that some decision will be reached at this meeting.

Invermere.—Mr. Conrad Kain, Alpine guide at present residing at Wilmer, has received a flattering offer to join the second expedition which is being formed to ascend Mount Everest, the giant peak of the Himalayas. Before coming to this section Mr. Kain was an official guide in the Austrian Tyrol. He was brought out here by the C. P. R. as one of the qualified persons to lead Alpinists in their climbs in the peaks of the Canadian Rockies. He has climbed peaks in all parts of the world. Owing to personal reasons he is unable to accept the tempting offer which has been made to him.

St. John.—With a total of 9,455,860 bushels of grain shipped from West St. John by the C. P. R. last week, and 1,500,000 in the elevators, besides 94 carloads on track, prospects are that the total volume of cereal exported from the West Side this season will not be less than 12,000,000 bushels. The grain handled this season includes all varieties with the exception of flax and peas. A small quantity of buckwheat has been handled. Last season, to date, 6,227,297 bushels of grain were exported and for the whole season, which lasted until June, 9,004,160 bushels were shipped.

The C. P. R. elevator crew achieved a record for February, sending out a total of 3,719,891 in the 28 days, the best output ever recorded for the second month of the year.

Vancouver.—The new Canadian Pacific liner "Empress of Australia," it is announced, will be placed in service early this summer. Her first trans-Pacific trip is scheduled to start from Hong Kong for Vancouver on June 29 and from Vancouver and Victoria for the Orient on July 27.

The "Empress of Australia" is practically a new ship, having been in the builder's hands at the outbreak of the war. She has lately been converted into an oil-burner, and is similar in equipment and standard to the "Empress of Scotland." A twin-screw steamship of 19,300 gross tons, 590 feet in length, 75.2 in breadth and 41.5 in depth, the "Empress of Australia" will prove a notable addition to the company's Pacific fleet, which already maintains the quickest time across the Pacific with the well-known 16,500-ton liners "Empress of Russia" and "Empress of Asia." She is expected to maintain a speed of 22 knots, and will be able to accommodate 410 first class, 130 second class, 330 third class and 1,000 Asiatic steerage passengers.

"Man wants but little here below," and when he gets it, if ever somebody tries to make it away from him.

### NORTHCLIFFE AND BEAVERBROOK

#### The Credit for Making Lloyd George Premier

In an article on Viscount Northcliffe, in the New York Times, Isaac F. Margossian, an American writer, says:

In connection with Lord Beaverbrook are several Northcliffe revelations. Most people believed that Northcliffe made Lloyd George Prime Minister. This is not entirely true. Northcliffe conducted the press campaign that uprooted Asquith, but it was Beaverbrook, who was then Sir Max Aitken and who had risen from a struggling Canadian bank clerk to be one of the most influential men in England, who really did the job. Beaverbrook was Bonar Law's most intimate friend, and Bonar Law held the balance of power. The five historic meetings at which the new deal was framed were held at Beaverbrook's house, near Leatherhead, in Surrey. I have read the private memoranda of these meetings, prepared by Beaverbrook for his son.

As a result of these conferences a real coalition was effected, but with one condition, namely, that Northcliffe should not have a place in the Cabinet. I believe that this fact is now being disclosed for the first time. It showed that even then Northcliffe had aroused hostility and jealousy in the Whitehall district. It was a useless precaution, because Northcliffe never aspired to public post as such, although there were various times later on when he could have had one. Lloyd George once offered him the Air Ministry, which was promptly declined. As Director of Propaganda in enemy countries and head of the British War Mission he felt that he was doing a patriotic service and not "holding office."

There was no envy in the Northcliffe make-up, for his success was so complete that he got pleasure out of the progress of others. Concerning Lord Beaverbrook, however, he had a tiny feeling of what almost amounted to resentment because of his projection into London journalism. In conjunction with R. D. Blumfield, Beaverbrook bought The Daily Express, which was galvanized into life. Although The Daily Mail was Northcliffe's pride and joy, he always regarded the acquisition of The Times as a great achievement. He felt, to use a war phrase, that it consolidated and dignified his journalistic standing.

In 1917, and upon my return from Russia, I crossed the Atlantic to New York with Northcliffe. He was then coming over to head the British War Mission. The German submarines were at their worst and Northcliffe realized that they would go to any extremes to "get him." One day, as we were walking on deck, he said: "If I should die on this trip, your friend Beaverbrook will own The Times within a week."

## To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

### CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,  
Minister of Finance.

## BILL SHARON WON AT POUGHKEEPSIE

Tom Murphy Drove N. B. Animal to Win in Three Straight Heats.

Poughkeepsie, N. Y., Aug. 23—Four heats were required to decide "The Knickerbocker" 2.05 class trot, purse \$2,000 at the opening of the four day meeting of the Grand Circuit at the Hudson River Driving Park today. King Watts, driven by A. McDonald, won the event by taking the two last heats after the first had gone to The Great Volo, piloted by Walter Cox, and the second to Legal J. piloted by Warman.

Herbelyn, veteran of the half-mile tracks, lost to The Great Volo by a head in the first heat. In the second Legal J. broke at the finish but crossed the line a length ahead of King Watts. The third heat was captured by King Watts only after a close brush with Princess Etawah in the stretch while the fourth came in an easy win over The Great Volo in the last quarter after Legal J. which led previously broke twice.

Peter the Brewer in straight heats won the 2.21 class trot. The 2.21 class trot went to Bill Sharon. Tom Murphy up, in straight heats without competition. After dropping the first heat of the 2.10 class pacing to The Sherwood in a neck and neck drive Robert Direct annexed the last two heats easily.

## PRESERVE THE FORESTS

The preservation of the Canadian forests is one of the most important national needs, as it is most essential that a proper crop of timber shall be assured in perpetuity commensurate for the requirements of the home and foreign markets. The list of "Don'ts" for those who visit the forests has been given wide publicity, yet despite all the preventative urged the fires in the forests keep recurring with most unpleasant frequency. The United States, Great Britain and other large nations are all very keen in the upkeep of forestry development, and authorities are agreed that an extension in this direction is wise economy. Natural restoration methods are as good as any and the most economical in the end, so that a wise policy for Canadians to pursue is to take a common share in the preservation of our huge belts of timber lands and pertinaciously see to it that nature is not handicapped in any way through the reckless carelessness of adventurers and others who have no stake or interest in the Dominion. Canada is richly endowed by nature with a wealth of timber lands, and it is very necessary therefore that this common heritage must be preserved by compelling holidays-makers, campers and others to exercise more thoughtfulness by exhibiting a reasonable appreciation of their personal responsibility in a national matter of such overwhelming importance. "Preserve the forests" is a good enough Canadian slogan for every day in the year, says the Montreal Gazette.

## PENALIZING BRAINS IN UNIVERSITIES

(Boston Globe)  
A western university, in excellent standing, has served notice that hereafter it will engage no married instructors unless they are possessed of independent means.

The institution is quite frank about it. The Dean explains that salaries \$35 or \$40 a week, while quite as princely as the stipends paid in other universities for the same grade of service, are inadequate to keep up the scale of living expected of a college instructor.

This candor at least is refreshing. It recognizes that the university cannot, or does not pay what is, for a married instructor, a living wage, and must obtain such labor either by imposing bachelorhood or else by sponging on the independent incomes of such as are fortunate enough to have them.

This difficulty is one commonly recognized among young college instructors. It is sometimes met by their arranging marriages with women—or girls—of means, the woman getting the social position of a professor's wife, and the man the money. The moral elevation of such a match is self-evident.

**SHIP NEWS**  
The Br. S. S. Sheaf Spear is loading at Buckley's mill for F. E. Neale with old Government stock, and the Danish S. S. Natal which arrived Friday, will load at Ritchie's mill, also for F. E. Neale. The Swedish S. S. Thyra, loaded at Sullivan's mill for F. E. Neale, cleared Friday with 1560 1/2 stds. on a tonnage of 1574 net. This is exceptionally good carrying. This boat is new, built specially for carrying lumber, and is probably the handiest boat that ever loaded here. The Swedish S. S. Convalleria was cleared Friday by the Snowball Co., with a cargo of lumber. A steamer for Apolwood and several more deal boats are expected shortly. A big four-masted schooner is loading at Fraser's.

**NORMAL SCHOOL**  
The Scholastic year at Normal School will open on Monday Sept. 5th

**MILL PURCHASED**  
Mr. Charles McCullam of Tabusintac has bought the Donald Morrison mill at that place. He will put it in shape and run pulp wood and saw long lumber, starting as soon as possible. The mill has been idle for some time.

**HEAVY PASSENGER TRAFFIC**  
An exceptionally large number of passengers were noticeable on the North bound Ocean Limited during the week-end. On account of the special low fares to the Toronto Exhibition the Limited was practically loaded to its capacity. Many people returning to their homes from seaside points were also responsible for the heavy traffic.

**GRADUATION EXERCISES**  
The graduation exercises in connection with the training school of the Miramichi Hospital, will be held in the Assembly Hall of the Harkins' Academy, Newcastle, on Thursday evening, August, 31st, commencing at eight o'clock.

The Board of Trustees extend a most cordial invitation to all friends to be present.

**PROPERTY SOLD**  
The property of the Southampton Lumber Co., was sold under the hammer by Auctioneer J. R. Lawlor here on Wednesday afternoon under a foreclosure of mortgage held by the Royal Bank of Canada. The lot of land known as the Hagerman lot, situated in Queensbury, York, Co. was bid in by Mr. H. A. Powell for the mortgagee's for \$450.00 while the Swim Mill Property at Doaktown went to Elwood Burt, well known Fredericton Lumberman for \$10,000.00

**ESCAPED FRIGHTFUL DEATH**  
George Dricoll, Sr., had a narrow escape from death last week while engaged in oiling machinery at the Fraser Companies Mill at Chatham Head. A strap on his overalls was caught by a belt of the planer and he was being rapidly drawn under the machine when he caught a post and clung with the strength of desperation until every vestige of clothing was torn from his body. Though uninjured, Mr. Dricoll was so shaken that he was unable to resume work until the following day.

**TO MANUFACTURE NEWSPRINT**  
The announcement has been made that the Bathurst Company Limited is starting the erection of a mill for the manufacture of newsprint in the very near future. In an interview last week, Mr. Angus McLean, general manager of the Company authorized the statement that preparations for construction of the new building necessary to house the machinery for the new mill are now being made, and that within a very short time the actual work of construction will be undertaken.

**GOOD ATTENDANCE**  
Yesterday, the first day of school, 464 pupils were enrolled at Harkins Academy. Many more are yet to be enrolled and this year promises to be a record one in attendance while prospects are bright for a large graduation class. Interest in school matters this year would materially assist the teachers and pupils in their work. We have one of the best schools of the province, in every particular, and more interest should be shown by the general public. Let us make this year the best in the history of the Academy. It can be done if we would all co-operate and think of OTHERS rather than to be continually thinking of ourselves.

**STILL SEIZED IN NOWLAN SETTLEMENT**  
Inspector Stewart of Chatham and Quartermaster of Newcastle, having knowledge that moonshine whiskey was being sold in town, went out to reconnoitre Monday night about midnight, and surprised a resident of Nowlan Settlement, about eight miles from Chatham, by relieving him of a fine copper still and worm as well as a couple of gallons of manufactured whiskey. They destroyed a barrel of brew. The man appeared before Magistrate Gaynor on Tuesday and was fined \$200 under the Inland Revenue Act for having a still in his possession, and \$50 and costs under the N. E. Prohibition Act for having liquor in his possession unlawfully. He paid up and promised to be good in future.

**TRAVELLERS FINED**  
Two travellers were fined in Newcastle on Thursday for having liquor in their possession.

A bill authorizing full investigation of the coal industry, as demanded in President Harding's message to Congress was drawn up by Representative Winslow, chairman of the House Interstate Commerce Commission after a conference with the President.

The bill provides for appointment of from five to nine members of the commission by the President. The commission would be authorized to analyze every phase of the coal industry and submit a report to the House of Representatives by January 1

**MUCH DAMAGE FROM RAINS IN THE PROVINCE**  
New Brunswick was deluged by torrential rains, which set in on Saturday morning and still continued Monday and Tuesday. Since the storm moved over this province six inches of rain has fallen. In ten hours on Saturday night 5.18 inches fell in St. John, the greatest on record there. Miles of low lands in the suburbs are under water and geese swam in the old Westmorland Road.

Lightning struck several buildings in various sections. The home of John Ross, at Morrisdale, near Westfield, was struck by a bolt on Saturday night and destroyed, the family escaping with difficulty. The Kennebecasis River in the vicinity of Bloomfield is out of its banks, heavy damage to farm lands ensuing. One of the St. John street cars had to be abandoned in a suburban district and electric wires in Brookville and Rothesay were disabled by lightning.

The loss to crops is heavy through out St. John County, Kings, Queens and Sunbury counties. The Boston express which left that city on Saturday morning did not reach St. John until Sunday morning because of high water along the Maine Central. The Nova Scotia passengers went out on the Moncton train in the forenoon.

Rain fell over Nova Scotia. A fall of one and one-half inches was recorded. Considerable crop damage was reported in the vicinity of Truro and highway damage was reported at a number of other places.

**BAND CONCERT**

**SOCIAL SERVICE CONVENTION**  
The Social Service Convention, under the auspices of the Social Service Council and the Temperance Alliance of New Brunswick will be held in Newcastle, next Wednesday, Sept. 6th. Interesting meetings are expected and they will be held in St. James' Hall. The speakers will be, Dr. J. G. Shearer, Rev. W. D. Wilson and Rev. H. A. Goodwin.

**POTATOES ARE CHEAP**  
New potatoes were retailing in Boston recently at from 20 to 25 cts. a peck and from 85 to 90 cents a bushel. One dealer said that the new potatoes have never been cheaper in his recollection. He gave several reasons for the low price: First, the farmers need the money; secondly, the crop is large, and thirdly, some of the potatoes do not keep so well as the crops of other years.

**NOTICE**  
We would esteem it a favor if our subscribers would notice the date of their subscription on their paper and if in arrears to kindly forward us the amount due.
