KILLAM.

Bulletin News Service.
Mrs. Isabella Baycroft, of Weyburn, Sask., arrived on Saturday, March 28th, to spend the summer with her daughter, Mrs. J. A. Cottam, J. A. Barnes, local station agent, has resigned his position with the C. P. R. and will devote his time hereafter exclusively to his farm near town. Mr. Barnes is being succeeded by Mr. G. Whitlock, of Banff Alta. Two car loads of telephone poles have arrived at this place for use in the construction of the telephone line from Daysland to Sedgewick. It is the intention of the farmers between Killam and the Prairie Park district to have the line extended to that district and a petition is being forwarded to the public works department for the purpose.
Corporal MacGillivray, of Sedgewick, had Axel Lyden, a homesteader living south of town, up before Jas. T. Rattray, J.P., on Thursday, April 2nd, charged with being of sound mind. Mr. Rattray called him to Calgary for medical examination and he was taken there on Friday, the 3rd inst.

A quiet and pretty wedding took place on Tuesday, March 31st ult., at the residence of Wm. Childs, about eight miles north of here, between the eldest daughter, Clarice, was married to John W. Higgins by the Rev. A. Carter, of Killam. The bride is the daughter of Mr. and Mrs. Wm. Higgins, Wash., where they will make their future home.
B. H. D'Arcy, one of our energetic farmers, has purchased the heavy barn owned and operated by Swap & Macell, Mr. D'Arcy takes possession on the 15th April.

At a meeting of the football enthusiasts of Killam on March 29th, it was decided to organize for the coming year. It was also decided to affiliate with the Alberta Football association and an application was forwarded to the secretary of the same for consideration. A league is being formed of Daysland, Strone, Wavy Lake, Spring Lake and Killam. The following were the officers elected: Hon. president, Dr. W. McIntyre, M.P.; hon. vice-president, F. E. Niebohl; secretary-treasurer, C. E. McGowan; captain, Wm. Grant; secretary-treasurer, W. H. Chidley; C. J. Robertson, W. L. Chidley, E. H. Whyburn. The club would like to arrange a game out of town on the 24th of May. Address all communications to the secretary.
From present outlook things will boom in and around Killam this season. No less than five steam breaking outfits have been purchased and will commence breaking the sod as soon as the spring opens up. The following are the men who have outfits and who have purchased in the year: Anderson & Sorenson, Hauser Bros., Held and Kreischman, J. E. Vanderburgh, Clever Bros., and Holbrook and son. Messrs. Sorenson and Anderson have 1,200 acres under contract for breaking already and expect to break at least 3,000 more this year. Jno. Smyley, of Neg. Price, Idaho, arrived in Killam on Monday, March 30th, with 30 head of horses and a couple of settlers' effect to place on his farm west of town. Mr. Smyley has a fine quarter section of 160 acres which will make a splendid addition to our progressive community.

FORT SASKATCHEWAN.

Bulletin News Service.
There was a well attended and enthusiastic meeting of the Liberal association held here on Saturday night last. E. A. Walker, M.P., gave a short address on the work he and W. H. White, the Liberal candidate for the Federal House, had done during the past week among Mr. White's constituents. Both of these gentlemen feel confident of Mr. White's election in the eastern part, and judging from Saturday night's showing the western part of the riding will not be behind when the campaign is over. Mr. White was unable to be present, owing to a severe cold he had contracted whilst on the trip, but had to meet with the members of the association very soon. G. W. Davis, of Agricola, spoke for a few minutes urging upon all Liberals the necessity of not only a perfect organization, but a willingness to work for the success of their party. After the speeches, business was proceeded with. Owing to the enforced absence of several members of the executive committee, some changes were made, and the officers and committee stand as follows for the ensuing year: Hon. pres., Hon. E. Oliver, hon. vice-pres., F. A. Walker; president, W. A. Lake's; vice-president, J. J. Libby; secretary-treasurer, W. M. Corbett; executive committee, John Paul, D. J. Simons, Elwood Simons, Alfred Clark, John McCarty, A. W. M. Campbell (in place of Mr. T. Montgomery, resigned), James Graham, W. A. Dalno, D. Cranston from Fort Saskatchewan, A. Shackleton, G. W. Davis, W. Hambley from Agricola, J. Saxman, W. Burnett, Charles Israel, from Good Hope, W. M. Corbett, the secretary of the

few friends at bridge on Thursday evening. The warm sun and exceptionally high winds are playing havoc with the roads although the frost is fast disappearing. In fact during the severe wind storm on Friday evening there were clouds of dust.
S. P. Campbell came on the morning train Saturday from Vegreville expecting to spend a few days here.

SPRUCO GROVE.

Bulletin News Service.
A very pleasant social evening was held at the Fairview Hotel, Spruce Grove, on April 2nd, the occasion being the return of the party of Rev. Benedicte, of the complimentary banquet tendered some time ago to the abstinent benefactors by the Bachelor's club. Some forty covers were laid, and the excellence of the menu reflects the greatest credit upon Caterer Gitzel and his assistants.
The chair was very ably filled by Mr. Frank Smith, who after a few introductory remarks, made a most happily conceived response to the first toast of the evening, "The King." After suitably referring eulogistically to King Edward VII, he stated that the man who left the throne in 1901, and who left the British Empire as he left the world, was not only a great man, but a great man in the eyes of the people of this Empire, and who left the throne in 1901, and who left the world, was not only a great man, but a great man in the eyes of the people of this Empire, and who left the throne in 1901, and who left the world, was not only a great man, but a great man in the eyes of the people of this Empire.

VENOKE.

The first gun shot of the season took place on Thursday evening, the 2nd inst. The gun club, composed of one of the best sporting societies in the province, met at the residence of Mr. E. H. Allen, 19, Ed. Meade, 30, G. Gordon, 18, P. Wright, 22.
On the return of G. L. Lovell, late of the Concord district, who left last year in quest of pastures new, has become convinced that Alberta, not to say Venoke, is the right place. Mr. Lovell and his family were given a hearty welcome by the Venokians. Mr. Lovell, who is a large, fine fellow, and of the large, the King's Daughters, Presbyterian church, gave a social in the C.O.F. hall on the 4th inst. The club is now in the hands of the Venokians. Mrs. Banner entertained the Presbyterian male quartette and a few other friends on Saturday evening. Music formed the chief feature of the evening's enjoyment, and all the guests report a very pleasant time.
Bert Stevens and family moved to their ranch near Bear Lake on Saturday.
The equipment of the Macaroni factory, sold a week ago, was purchased by J. B. Cowan, who expects to have the factory running on a good sound basis before many moons.
Mr. Trelas returned from Nelson, B.C., last week. His friends greatly regret that his health has been very poor for some time past.

EAST BEAVER LAKE.

The Beaver Lake Literary and Debating Society brought a series of meetings to a close last Friday night, with a supper and miscellaneous program. On all hands were conspicuous expressions of regret that these enjoyable Friday evening debates were of necessity to be postponed for the spring and summer months. There is no doubt that they will be continued next winter with the same enthusiasm which has been so manifest for their untiring efforts to make the sessions a success.
Last Thursday J. S. MacCallum held a sale of horses, etc., at Mundare. Fairly good business was done. He expects to hold one again on the 15th.
Mr. and Mrs. Frank Stone, late of Edmonton, with their family have just arrived at "The Lake" to take up their residence here. A very hearty welcome is extended to them.

The sermon delivered by Mr. Hogg in the Presbyterian church on Sunday evening was very much appreciated. It was one of his earlier monthly lectures on Canadian citizenship, and his theme for last evening was the patriotic question in its relation to Canada. By Asiatic he referred to the Japs, Chinese and Hindus. He first pointed out that these three nations comprised half the world's population. 750,000,000 people, Japan claiming 50,000,000, China 400,000,000 and India 200,000,000. He then spoke of the feeling of the long sleep of these nations, their gradual awakening and their present thirst for knowledge of the insincerity of their own country to supply their increasing demands, and the consequent loud and repeated knocking upon our western doors. Then in a clear logical way he pointed out the danger should we accede to their demands. He claimed that they were a non-assimilable mass, that intermarriage with our people was out of the question, that they would never become Canadianized. At this strategic moment unless we dealt with this imminent danger wisely he claimed that our patrie 8,000,000 would eventually have to cope with the 750,000,000 of the East, for should we by unjustly harsh measures incur their hatred, they would turn on us in full force. He commended the wisdom of the government in proceeding cautiously yet firmly towards their exclusion.
Mrs. Bush, of Dulmead, came to the city on Friday to visit her parents, Mr. and Mrs. Carruthers, and returned on Wednesday. They have secured a comfortable home in that city and is boarding with the Lachelors.
Mr. Manley paid a short visit to the capital last week, returning on Friday evening. He has left the hotel, and is boarding with the Lachelors.
An open meeting will be held in the Presbyterian church on Wednesday evening at 8 o'clock. Mr. Hyslop, Dominion organizer for the W. C. U. will address the audience on Thursday afternoon at 3.30 a lecture on the subject of organization. On all hands were conspicuous expressions of regret that these enjoyable Friday evening debates were of necessity to be postponed for the spring and summer months. There is no doubt that they will be continued next winter with the same enthusiasm which has been so manifest for their untiring efforts to make the sessions a success.

BULLETIN CO., LTD. DUNCAN MARSHALL, Manager.

FRIDAY, APRIL 10, 1908.

A SPEECH WITH AN OUTLOOK.

The ex-Minister of the Interior addressed Parliament a few days ago in a speech which has been received by both friends and enemies as one of the most important of the session. Mr. Sifton's bitterest enemies have never accused him of in-competence, and by all who are not blinded by partisanship he is recognized as one of the ablest men in Canadian public life.

Mr. Sifton took the common-sense ground that the public are less interested in hair-splitting disquisitions about the exact percentage of tariff imposed by the former and the present Governments than in knowing what the Government and Parliament intend to do with the problems that confront us in the future.

The Toronto World announces that "who has just returned from an extended stay in England and knows the signs are all too plain that the Canadian Parliament does not properly grasp the essential difference between an academic debating society and a business committee of the people."

Mr. Sifton did not indeed suggest new subjects, but he called attention to subjects for the time being forgotten, and to some of these he offered valuable suggestions, and on other contributed valuable information.

The Department of Trade and Commerce he said should be changed in purpose and scope from a merely statistical department into an organism for including and creating trade; in other words Canada should not be content with the trade which comes to us, we should go after the trade and go after it with men properly qualified to get it.

Mr. Sifton did not indeed suggest new subjects, but he called attention to subjects for the time being forgotten, and to some of these he offered valuable suggestions, and on other contributed valuable information.

which we do not agree upon subjects of living and vital concern than that Parliament should spend the time smelting about the garbage heap.

THE REPORTED TELEPHONE PURCHASE.

Hon. W. H. Cushing and Manager Sifton appear to be somewhat mixed over the proprietorship of the Bell telephone system in Alberta. The Minister announced that the deal had been practically closed for the purchase by the Provincial Government. The manager denied this but in a way that made his words a disclaimer rather than a denial.

The deal is probably concluded except for the sanction of the Bell Co. directors and that Mr. Sifton's words were intended to assure the directors that he had not exceeded his authority or prejudiced the interests of the company before consulting them.

There will be a very general hope that the hitch in negotiations is no more serious and that the deal may be speedily closed. If this should be the case the wisdom or unwisdom of the bargain we are getting cannot of course be properly judged until the detailed figures are available as to the extent and value of the plant and the volume of business it is doing and is likely to do.

REASSURING FIGURES.

The Toronto World announces that "one of Canada's leading financiers, who has just returned from an extended stay in England and knows the signs are all too plain that the Canadian Parliament does not properly grasp the essential difference between an academic debating society and a business committee of the people."

Government Issues— Dominion of Canada, \$22,500,000 Railway Issues— Canadian Pacific Railway, debenture stock, 10,000,000 Canadian Pacific Railway, common stock, 24,000,000 Grand Trunk Pacific Railway, debenture stock— On equipment, G. T. R., guaranteed, 5,000,000 Bonds guaranteed by G. T. R., 10,000,000 Total, \$54,000,000 Municipal Issues— City of Vancouver, B.C., 4 per cent. bonds, \$1,225,000 City of Edmonton, Alta., 5 per cent. bonds, 1,700,000 City of Regina, Sask., 5 per cent. bonds, 555,000 City of Winnipeg, Man., temporary loans, 3,750,000 Power Co., 4 1/2 per cent. loans, 750,000 Total, \$7,280,000 Miscellaneous Issues— Montreal Street Railway, 4 1/2 per cent. bonds, \$2,300,000 R. & O. Navigation Co., 10 per cent. bonds, 1,000,000 Canadian General Electric Co., preferred stock, 2,000,000 Penman Manufacturing Co., preferred stock, 1,500,000 Montreal Light, Heat and Power Co., 4 1/2 per cent. bonds, 400,000 Toronto Street Railway, 4 1/2 per cent. bonds, 355,000 Total, \$7,505,000 Summary— Government issues, \$22,500,000 Railway issues, 54,000,000 Municipal issues, 7,280,000 Miscellaneous issues, 7,505,000 Total, \$92,075,000

There cannot really be much "stringency" in a money market which buys up \$92,000,000 worth of such varied securities from a single country in six months; nor with the credit of Canada when Government bonds, railway stock, municipal debentures and industrial stock are bought so readily by the Britisher.

IMPORTING MONEY.

Mr. Foster admits that Great Britain overcomes an "adverse" balance of trade because she collects exchange on transactions conducted in London by foreign people; freight on foreign goods carried in British ships; and interest from British money invested abroad.

price; on the next it explains the wisdom of buying farm lands from the Scandinavian Canadian Land Co. Unless circumstantial evidence has lost its import the hand that wrote the pamphlet also wrote the advertisement and admitted purpose—that of holding back free land and cheap land from the farmers to the end that the farmer must purchase land at a high price.

But writing these mistaken notions there is another very apparent fallacy in Mr. Foster's reasoning. Because we do not import cash from the same sources as Britain he presumes that we do not import cash at all. Nothing could be further from the fact.

That means is the movement of thousands of the most progressive and enterprising people from all parts of the world to this country. These people do not come to us empty-handed. Such as come thus are not permitted to enter the country. Intending citizens are required to demonstrate their economic fitness by bringing along enough money to carry them to their destinations in Canada and to support them for a reasonable time while seeking employment or land.

But this is the minimum demanded of immigrants. If by no means represents the average cash belongings of the newcomers. Thousands of these bring the proceeds of good farms, comfortable homes, successful business enterprises abroad. If the volume of this import could be calculated it could not fail to prove that the actual cash possessions of our immigrants averages several hundred dollars per head.

This incoming money places Canada under no obligation abroad. It is not borrowed money. It is not money for which we shall have to export dividends. It is found money—a clear cash gain to the country—an absolute increase of the national money supply without involving any corresponding out-go to "balance the account."

It is money brought into Canada to remain in Canada, to facilitate the development of Canadian land to increase the production of Canadian farms and factories, to employ Canadian labor. Its dividends remain in Canada and in turn go to increase the working capital of the national industry.

UNBUNG HEROES.

Thirty-six sailors lost their lives last week in a collision between a British cruiser and destroyer in the Channel. The fleet was engaged in night manoeuvres with masked lights when the cruiser struck the destroyer amidships, her sharp stem cutting the smaller craft in two.

Suppose that instead of in practice manoeuvres the disaster had happened in actual engagement. Suppose the British had been a foreign scout cruiser and the Tiger met disaster in trying to torpedo her. What a thrill would have run through the Empire! On every continent the heroism of these men would have been told in song and story and the memory of their devotion would be perpetuated in marble and bronze.

Mr. Foster admits that Great Britain overcomes an "adverse" balance of trade because she collects exchange on transactions conducted in London by foreign people; freight on foreign goods carried in British ships; and interest from British money invested abroad.

OUR MID-SUMMER FAIR.

The decision to hold an agricultural exhibition in October is not to be permitted to interfere with Edmonton's big annual gathering in June. This year the mid-summer event will be exclusively a stock show with a race meet and other attractions. The dates are slightly in advance of previous years to avoid conflict with the Dominion Fair in Calgary.

But writing these mistaken notions there is another very apparent fallacy in Mr. Foster's reasoning. Because we do not import cash from the same sources as Britain he presumes that we do not import cash at all.

AFTER THE FARMER.

The Bulletin has received a pamphlet entitled "The Land Laws of Canada and the Land Experience of the United States," written by Ditlew M. Frederiksen, of Canora, Sask. The publication betrays the general appearance of a "campaign" pamphlet and is devoted to the double purpose of proving that the homesteaded policy is a monstrous mistake, and that the supreme triumph of human wisdom is to grant lands to railway and colonization companies.

That means is the movement of thousands of the most progressive and enterprising people from all parts of the world to this country. These people do not come to us empty-handed. Such as come thus are not permitted to enter the country.

This incoming money places Canada under no obligation abroad. It is not borrowed money. It is not money for which we shall have to export dividends.

THE DUTY OF THE MEDICAL COUNCILS.

One of these days there is liable to arise in Canada a public demand for some more effective supervision and control of medical practitioners. At present the various provinces turn over the duty of safeguarding the public against incompetence and crime on the part of physicians to Medical Councils.

Suppose that instead of in practice manoeuvres the disaster had happened in actual engagement. Suppose the British had been a foreign scout cruiser and the Tiger met disaster in trying to torpedo her.

Mr. Foster admits that Great Britain overcomes an "adverse" balance of trade because she collects exchange on transactions conducted in London by foreign people; freight on foreign goods carried in British ships; and interest from British money invested abroad.

SASKATCHEWAN CROP RETURNS.

The final report on last year's grain crops has been issued by the Saskatchewan Department of Agriculture. The total acreage under crop last year was 3,868,012. From this were threshed 27,000,000 bushels of wheat, 23,000,000 bushels of oats, nearly a million and a half each of barley and flax and 35,000 bushels of speltz.

That means is the movement of thousands of the most progressive and enterprising people from all parts of the world to this country. These people do not come to us empty-handed.

ON THE SIDE.

Portugal has had a general election. The returns so far are six killed and one hundred injured. A drunken book agent shot four men in Montreal. Another argument against patronizing the perambulating purveyor of literature.

MADE FOR SERVICE.

IN THE ROUGHEST WEATHER AND GUARANTEED ABSOLUTELY WATERPROOF. POMMEL SLICKERS. This trade mark is the best of the buttons down the front of the high grade slicker from the best of wood brands.

AN ADVERTISING DIRECTORY.

A couple of weeks ago the city council "firmed out" the publication of the new telephone directory. Under the arrangement the city is to get the directories for nothing, the publishers to recoup themselves by selling advertising space in the book to merchants.

That means is the movement of thousands of the most progressive and enterprising people from all parts of the world to this country. These people do not come to us empty-handed.

WITH THE FARMERS

AGRICULTURAL SOCIETY FORMED.

Dayland, Alta., April 7.—At a largely attended meeting of all the prominent farmers in the district held in White's Hall Dayland, last Saturday the Dayland Agricultural Society was formed with an enrollment of over 130 charter members. Delegates were present from every part of the district and others who had been invited to the work of organization. E. J. Dinning acted as chairman and R. W. Dinning as secretary for the evening. The meeting was presided over by the new society and resulted as follows: President—Hon. W. T. Finlay, Medicine Hat. First vice-president—Mr. H. Hastings, Hastings House. Second vice-president—Dr. McEachern, Bow. Directors—J. T. Rattray, Killam; Geo. Bowie, Ferry Point; Thos. Hogan, Maudsl; John Buzsaki, Strathmore; Wm. Hillwood, Dayland; G. T. Campbell, Spring Lake; S. Y. Anley, Stroms; H. Bradley, Dayland; C. A. McLeod, Dayland.

SATURDAY'S GRAIN MARKETS.

Winnipeg, April 8.—The markets all declined on fine weather reports. The break came marked in Winnipeg, but traders were more active than for some time with a continued demand for low grade stuff. The drop was 3/4c for April wheat and 1/2c for July wheat, but October unchanged. World's shipments were estimated at 10,250,000 and were an added bearish factor on a short market.

MONDAY'S GRAIN MARKETS.

Winnipeg, April 8.—The wheat market here had a bad break today owing to the reports of good rains in the southwest winter wheat states. Liverpool was steady and closed only 1/4c lower. The American markets opened a shade lower and then gradually declined, closing 1 1/2 to 2 cents lower than Saturday. Winnipeg followed Chicago and Minneapolis—May opened 1.02 1/2, closed 1.01 1/2; July opened 1.02, closed 1.01; September opened 1.00, closed 99c.

MONTREAL LIVE STOCK.

Montreal, April 8.—Five hundred head of butchers' cattle, fifty milch cows, 2,000 calves, 25 sheep and lambs and 300 fat hogs were offered for sale in the live stock market today. Prime beef calves sold at 5 1/2c to 5c; prime good cattle 4 to 5 cents; pretty good 3 to 4 cents. There were quite a number of milkmen's milch cows sold at \$25 to \$30 each. Calves sold from \$2 to \$14 each, up to 16 cents per pound. Sheep sold five and a half to six and a half cents per pound, and spring lambs \$4.50 to \$5.50 each. Good lots of fat hogs sold at seven cents per pound.

CHICAGO LIVE STOCK.

Chicago, April 8.—The cattle trade was saved solely by the light supply. Had 20,000 arrived a 15 cents market would have been registered. The live stock trade is this week 10 cents lower. It took colored Colorado lambs to make \$7.50. No good prices are expected by the trade for the rest of the week, and country shippers have been advised to restrain their normal impulse to order cars. Fifteen hundred head of cattle were received today, which was a moderate supply for Wednesday, but apparently enough to fill the demand.

ON THE MARKET SQUARE.

The few farmers who are coming in to the market square with produce these days state that everything is in readiness throughout the country for seeding operations and that the farmers are now waiting for a few days of warm weather to take the snow away and bring out the frost so that they may begin work. Market produce is selling at about the same prices as have prevailed during the past month. Slough cattle were received today, 57 to \$11; Timothy, 57 to \$11; Upland, 57 to \$11; Strictly fresh, per dozen, \$1.25; Eggs, per dozen, 25c to 30c; Potatoes, per bushel, 45c to 50c; Apples, per bushel, 25c to 30c; Cabbages, per bushel, 5c to 6c; Carrots, per bushel, 25c to 30c; Parsnips, per bushel, 25c to 30c; Onions, per bushel, 25c to 30c; Lettuce, per bushel, 10c to 15c.

EDMONTON MARKETS.

(From Saturday's Bulletin.)
Wheat: No. 1 Northern, 90c; No. 2 Northern, 88c; No. 3 Northern, 85c. Oats: No. 1 white, 45c; No. 2 white, 43c; No. 3 white, 41c. Barley: No. 3, 35c. Malt: No. 1, 50c; No. 2, 48c; No. 3, 46c.

SEEKING THIS WEEK.

Regina, Sask., April 6.—With a continuance of such weather as prevailed here during the past few days, it is expected that seeding operations will be fairly general before the end of this week.

SEEDING THIS WEEK.

Winnipeg, April 6.—The market opened with a flood of bear news, and the result was a 1/2 cent drop in the visible over last week. Liverpool was steady and closed only 1/4c lower. The American markets opened a shade lower and then gradually declined, closing 1 1/2 to 2 cents lower than Saturday. Winnipeg followed Chicago and Minneapolis—May opened 1.02 1/2, closed 1.01 1/2; July opened 1.02, closed 1.01; September opened 1.00, closed 99c.

AMERICAN INTERVENTION.
Desired by Hay—Only Means of Averting Anarchy.
Port-au-Prince, April 9.—There is reason to believe that measures are being taken in this city to force the intervention of the United States. At the moment, apparent tranquillity prevails but the hostility against the Haitian government is more intense. It is rumored that those opposed to the government, including the better class of Haitians, contemplate bringing matters to a crisis quickly. It is said they will take advantage of the presence of the United States warships to make an armed demonstration precipitating the landing of marines and subsequently American intervention. Prominent Haitian officials state today that conditions were intolerable and that the prompt intervention by the United States or some other power is the only means of averting anarchy. The Haitian people can not maintain a stable government; they would gladly accept provisional American control if only as a guarantee of life and property.

BRITISH PREMIER RESIGNS POSITION

Physicians Advise Him Relieved
Mean Improvement in Health
Asquith Called to Biarritz

London, April 6.—The resignation of Sir Henry Campbell-Bannerman premier will be officially announced tonight in a court circular. The resignation is the result of urgent advice of Sir Henry's physicians that there might be a chance of improvement in his condition of mind was definitely fixed. It has well known by friends of the Premier that throughout his long illness he kept a close watch on the news of his rival, Her Majesty, and as the latter appeared to then his hold on the leadership party soon days, Sir Henry's health became wider, the strain already excessive, and the sick man became greater and added to his sea-sickness heart action, making recovery apparently impossible, as a last resort his physicians advised him to go to Biarritz, where he is staying at the Hotel de Ville. His Asquith has been summoned to Biarritz for a conference with King regarding the formation of a new ministry, as the British ministry is expected to resign the point of a new cabinet.

The last bulletin of Sir Henry's condition announced that while resting calmly no change had been noted in the past 24 hours. Sir Henry's resignation was announced today, and there is good reason to believe that the formation of a new ministry of the Liberal Party is now imminent. The resignation of the cabinet to hand in resignations. Lord Curzon is expected to succeed Asquith as chairman of the exchequer, and Winston Churchill will probably be the new secretary for the colonies. This is the first time in history that a change has been made in the premiership of the sovereign. The resignation of Lord Curzon is a landmark in the history of British politics. The Right Honourable Sir Henry Campbell-Bannerman, who has been one of the most distinguished political leaders of the Liberal Party, has been a member of the cabinet for many years. He was a member of the cabinet in the previous administration of Lord Curzon. He was a member of the cabinet in the previous administration of Lord Curzon. CHICAGO LIVE STOCK.

Chicago, April 6.—The cattle trade was moderate. The buyers took care of everything with a decent quality, in the sheep market there was a little excess of the trade news, and a lot of stuff looked a dime lower than last week's close, although some sales were steady. The supply is light everywhere in the west, indicating the country is not on the selling side of the market. About 6000 cattle showed up on the market today, which was a moderate supply for Monday, but was apparently enough to fill the demand.

WORLD'S GRAIN SHIPMENTS.

Vancouver, B.C., April 7.—F. B. Jones, of Kobe, Japan, who has been making a visit to Canada, has been reported to have said that Canada is now one of the best known countries in Japan and Japanese hold Canadian flour in high esteem. In his district Mr. Jones says Canadian flour is the best known and bread made from it is called Canadian bread.

BRITISH PREMIER RESIGNS POSITION

Physicians Advise Him Relief May Mean Improvement in Health. Asquith Called to Biarritz.

London, April 6.—The resignation of Sir Henry Campbell-Bannerman as premier will be officially announced tonight in a court circular. The resignation is the result of urgent advice of Sir Henry's physicians, who felt there might be a chance for improvement in his condition once his mind was definitely freed from the strain of political cares.

H. H. Asquith has been summoned to Biarritz for a conference with the king regarding the formation of a new minister, as the Bannerman ministry expires with the resignation of the premier. Pending the conference, no steps can be taken towards the appointment of a new cabinet.

The Right Honorable Sir Henry Campbell-Bannerman, who has been British premier since 1905, has had a long and distinguished political career. His command of the Liberal parliamentary party, with all its diverse elements, was a marvel in personal progress.

The right Honorable Sir Henry Campbell-Bannerman is the second son of the late Sir James Campbell, of Strathcathro, Forfarshire, and was born in 1838. He was educated at the University of Glasgow and Trinity College, Cambridge.

He entered parliament in 1863 and continued to represent the Stirling district until his death. He served in turn as financial secretary of the war, secretary of the admiralty, and finally, chief secretary for Ireland, and twice secretary of state for war.

He was elected Liberal leader in February, 1899, after the death of Gladstone. During the South African war his sentiments were of a decidedly pro-Boer character, with the result that he split his party on the question.

CLOSING GAPS ON G.T.P. Within Two Weeks Steel Will Be Laid 414 Miles Eastward From Saskatoon.

Winnipeg, April 6.—Before April 15 the Grand Trunk Pacific will be handling their own material supplies straight through from a short distance west of Winnipeg to Saskatoon.

The track will not be ready at that time for traffic, but the plan is to have it ready to operate by the end of June. On the whole line from Winnipeg to Saskatoon there are 37 miles of track to be laid to make the steel complete, and there are 250 miles to be ballasted.

Work on the bridge across the Assiniboine 40 miles west of the city has been held up very much during the past month by heavy snow, indeed the snow was so heavy that it was impossible to get any work done for several days.

London, April 6.—The cabinet meets today, and there is good reason to believe that the Marquis of Ripon, Lord of the Privy Seal; Earl of Egin, Secretary for Colonies, and Lord Tweedmouth, First Lord of the Admiralty, will take advantage of the reconstruction of the cabinet to hand in their resignations.

Lloyd-George is expected to succeed Asquith as chancellor of the exchequer, and Winston Churchill will probably be the new secretary of state for the colonies.

CATTLE EMBARGO, UP IN THE HOUSE

Minister of Agriculture Explains Attitude of British Politicians on Question.

Ottawa, April 6.—J. E. Armstrong (Conservative of East Lambton) in the House of Commons moved for a return showing what action has been taken since March 19, 1908, to secure the removal of the embargo on Canadian Cattle entering Great Britain.

When asked what action has been taken since March 19, 1908, to secure the removal of the embargo on Canadian Cattle entering Great Britain, the minister of agriculture explained the attitude of British politicians on the question.

The correspondence indicated a letter sent by direction of the Earl of Carrington, president of the British board of agriculture, under date of July 8, 1907. It says in part: "The enormous losses which the British agriculturists have suffered during the past thirty years, mainly by reason of the increased pressure of colonial and foreign competition, make it more than ever necessary that every possible step should be taken against the introduction of diseases consistent with the reasonable requirements of the colonial producers and the interests of the consumer at home."

Washington, April 7.—The government's department of justice and its subordinate legal officers cannot be expected at this stage of the game to disclose their hand or take the public into their confidence, but it is understood among these cognate of the situation that Emma Goldman and all other anarchists will be driven out and kept out of the United States, and its territory and islands wherever and whenever the legal conditions will permit of such wholesale action.

It is conceded that the limit of tolerating with anarchists has been reached and that the time for action has arrived when the United States and other governments acting in concert will refuse these dangerous people admission into their respective national boundaries, and apply the most drastic remedies wherever they are found.

The Premier made no reference to the United States, although in the course of reviewing the situation brought about by the offensive and defensive alliance of Britain and Japan, he traced the contingent possibilities to their extreme issue in the following words: "If, unfortunately, the interests of Great Britain were to be jeopardized in the Northern Pacific war break out, we might see the fleet of Japan and the fleet of England riding the waves together for a common purpose and against a common enemy."

AROUND THE CITY

LOCALS
(From Monday's Bulletin.)
John Necks, deputy minister of Public Works, returned to the city on Friday from a trip to the southern part of the province where he was inspecting the various public works in progress there.

Constable Wakefield, R.N.W.M.P. and formerly of the Second Dragoon Guards, has come down from Fort Chipewyan, where he has been for the past three and a half years. After undergoing an operation here he will return to the northern post, where Sergeant Field and he maintain law and order.

A few more arrivals at the immigration hall this morning served to fill up the vacancies made by those who have gone out, and the remaining accommodation in the annex. The hall and annex are quite full now, and some will have to move shortly.

Stephen Hanson, a young man nineteen years of age, died yesterday morning at the general hospital, where he had been brought critically ill on Saturday evening. He had been ill for three weeks. The funeral takes place this afternoon from the residence of his parents on Donald street to Edmonstou cemetery.

At the police court this morning a woman who keeps a boarding house in the city was fined for not having a license to keep a boarding house. Her husband had been playing upon her by two men and their wives, who were staying at her house for some time. Their board money was not forthcoming, but as they had trunks everything appeared to her all right. Eventually they disappeared, leaving their trunks behind. The woman grew suspicious, and after a few days, with the aid of a police officer, opened the trunks. What was her surprise to find both filled with stones and scrap iron, thus giving her the weight which made it appear as if they were filled with goods.

(From Tuesday's Bulletin.)
C. Small, of the City Engineer's staff, who has been away all winter on a visit to Scotland and England returned to the city a short time ago accompanied by his bride. Yesterday his fellow employees in the city offices presented him with a handsome Morris Chair as a token of their interest in his return to the city, and they were given the chair in his own name.

The siding railroad on the First street hill is rapidly nearing completion. During the past month the machinery has been installed as far as the siding up of the cuttings. The big cable drums and the cable itself are significant of the fact that the work is well advanced, and the use of the siding in the whole system.

The immigration hall is full, and will not receive any more arrivals until the 15th of next month. Chief Clerk, Charles Butler, immigration officer, says: "I can't walk down the street from five to six persons stop in every block to get information. Yesterday the following registered and helped send the already large numbers of immigrants: Thomas Wash, and S. Handall, Winnipeg. Under orders from the Chief of Police, Sergeant Griffith and his men were occupying ring seats at the boxing exhibition at the Edmonton Opera House last night. The contestants were about to rise six or seven when the night intervened and ordered eight or nine in accordance with the law as outlined in the letter of the immigration general to the Chief of Police. No officer or note could be procured but the officers were endeavoring to keep on as the law was used. At the close of the bout the referee announced a "fight" for next night, but the referee's assistant at the police had changed this to a "boxing exhibition."

At the office of the Building Inspector this morning C. W. Lipey took out a permit for a \$1,000 residence on Fifth street, lot 149, block 4, H.E.B. and H. Green for a \$200 house on Fifth street, lot 135, block 5, H.E.B.

(From Wednesday's Bulletin.)
The dust is rising on the city streets today and citizens are looking anxiously for the appearance of the watering carts. The Edmonton Carling Club will hold a smoker tonight in the Mechanics Hall at which the prizes won as the result of last winter's competition will be presented.

Geo. R. Westland, who has been manager of the Innisfail Province has purchased the business of the paper from E. J. Freeman.

The marriage of Frederick Speers of Edmonton to Miss Annie Melias took place yesterday afternoon at Queen's Avenue church, Rev. C.A. Myers officiating at the ceremony.

Mr. Palmer, a Clover Bar butcher, has purchased one acre of land from John Davis for \$120 on the base line five miles from this city and will open a shop there for the supply of meat to the farmers of the district.

At McDougall Methodist parsonage last evening the marriage took place of Miss Jane Cold to Mr. James McAlan. Both of the contracting parties reside at Bright Bank in the Stony Plain District. The marriage ceremony was performed by Rev. E. E. Marshall.

The Blouey-Henry Company are calling for tenders for the completion of the construction of their new station on Jasper Avenue, west of the Bulletin office year old daughter of B. Mills, 797 Ninth street, takes place tomorrow morning at 10.30 from the family residence to Edmonstou cemetery.

ATTEMPT TO WRECK TRAIN.

(From Monday's Bulletin.)
A daring attempt was made to wreck a C.P.R. freight train from Calgary to Strathcona, near the mile marker on last Friday night. Two boys, which had been thrown into the ground near the track, were removed and placed across the rails. Happily when they were struck by the engine they were crushed aside. The E.W.M.P. were notified and are looking into the case.

DEATH OF AN OLD TIMER.
(From Wednesday's Bulletin.)
One of the oldest timers of the district passed away from appendicitis early this morning at the Strathcona Public Hospital in the person of Robert McKernan. The deceased, who was 82 years of age, came to Strathcona in 1877 from Richmond Hill, Ont. He took up land to the south east of the present city and also dealt in real estate during the past few years. For some time he was the proprietor of the Domestic Hotel, but was recently relieved from active work. The deceased leaves to mourn five sons and five daughters. The sons are: William James in Revelstoke, B.C.; John, Wesley, George and Harvey in Strathcona and the daughters Mrs. George Cushing, Calgary; Mrs. Mrs. George Cushing, Calgary; Mrs. Mrs. George Cushing, Calgary.

PERSONAL.
(From Thursday's Bulletin.)
Dr. Quessell of Morinville, is a guest at the King Edward.
Dr. J. K. Sullivan, of Clover Bar, is a guest at the Windsor.
C. W. Gaetz, general merchant, Leduc, is staying at the Castle.
A. W. Anderson, merchant at Leduc, is stopping at the Castle.
Mrs. William Harvey, Calgary, is a guest at the St. James.

W. G. Greenhill, real estate and insurance agent at Tofield, is staying at the Windsor.
Chas. Sully, another sub-contractor, on the G.T.P., is registered at the King Edward.
G. Hardie, purchasing agent for Foley, Welsh and Stewart, is a guest at the King Edward.
Chas. Turner, representing F. G. Bryan, Winnipeg, is a guest at the King Edward.
J. W. Norton, representing the B. C. Lumber Co. of Vancouver, B.C., is a guest at the King Edward.

Thos. Wainland, who is putting a lot of real estate in the market, is a guest at the Windsor.
J. D. Sweet of Kansas City, one of the sub-contractors on the G.T.P., is a guest in the Windsor.
W. B. Lawrence, of the North-West Land Co., Winnipeg, is in the city looking into some real estate matters and staying at the Castle.
H. E. Wetland, a boot and shoe drummer, from Berlin, Ont., and prominent in Western Ontario, is a guest at the Alberta.

Inspector Worsley, R.N.W.M.P., and Miss Worsley returned last evening from a visit to the Baptist mission on a visit for the past two weeks.
Mrs. Becky Stentler was brought to the Public Hospital last night critically ill. She had no one in her home to take care of her and the Medical Health Officer had her sent to the hospital.

The Rev. J. K. Sullivan, pastor of the First Baptist Church, is on a vacation in the city on the King Edward. He says he had heard of Edmonton and was never sure if he would be here to see it. He has been to the city and will be here for some time.

At the office of the building inspector this morning, permits were granted for the erection of the following structures:
T. Adams, Trowell, dwelling, \$2,000.
Wm. Campbell, Ninth, two dwellings, \$1,000 each.
R. Maffee Curry, house, \$600.
R. Maffee Curry, house, \$600.
R. Maffee Curry, house, \$600.

SEVERAL CASES OF SMALLPOX.
(From Monday's Bulletin.)
An outbreak of smallpox among the half-breeds in the province is occupying the attention of the provincial health department at present time. Two cases have been reported at St. Paul de Mekka, some at Pagan and Lac La Poudre. In every case the patients and all those exposed have been promptly quarantined and an efficient local health officer, speaking of the outbreak, said that while the department had taken every precaution to prevent the spread of the dreaded disease, it behooved the people of the province to take the ordinary precaution against infection by being vaccinated.

At present in Minnesota, and although the Dominion government officials examined all those entering the country for contagious diseases, it was possible that the disease might be brought in, and the residents of Alberta should be in such a condition as to lessen the danger of their being affected.

STREET RAILWAY OFFER.
(From Tuesday's Bulletin.)
A purchase of the system as it is a syndicate of English capitalists for the Edmonton Street Railway. The interests of the prospective purchasers in this city are being looked after by H. B. Round, of the firm of Carruthers, Round & Co., who recently put through the big sale of Edmonton ventures at a satisfactory price to the city authorities.

Mr. Round is very reticent about the offer up to the present time but it is known that information is being gathered and a specific offer will be forthcoming within the next few weeks.
Another group of English capitalists are also looking for the franchise here and a purchase of the system as it is at the present time. Although they have not made a definite offer, their representative here has stated that the company has \$5,000,000 at their disposal if such a sum was necessary to secure the railway and they felt that they were getting value for the expenditure.

Then there is the offer from a company on the coast that now owns the franchises in several British Columbia cities. A representative is expected here within the next few days to look over the ground with a view of submitting an offer.

With so many prospects of customers there appears to be little doubt that Edmonton can secure a suitable market for street railway property in the near future. It is also desirable. It is altogether that such will be acceptable if a satisfactory bargain can be made with some of the applicants that now have their eyes turned towards Edmonton.

INFANT'S BODY FOUND.

(From Monday's Bulletin.)
Yesterday afternoon in the eastern end of the city on Kingston Avenue some new boys noticed a parcel underneath sidewalk. Upon making an examination they found the body of a newly born infant which had been hidden away there. The case was reported to the police and the body taken to the undertaker's company. The police are very reticent in connection with the case but it is understood that inquiries are being made with a view to a solution of the mystery.

GRADING ON G.T.P.

(From Thursday's Bulletin.)
The department of the G.T.P. is grading work in the vicinity of Tofield as rapidly as possible. The contractor Frank Jackson, who has the contract for this part of the line is now setting in curbs and manholes. His superintendent of construction, C. R. Shadok, has just returned from St. Paul, Minn. He has secured the best possible material for this part of the line and the outfit and everything is now in readiness for pushing the grading work on the line as rapidly as possible.

BROUGHT DOWN THE BODY.

(From Monday's Bulletin.)
Sergeant Anderson, R.N.W.M.P., Peace River, arrived in the city on Saturday evening with the body of George W. Coleman, with the murder of whom Fred Truemper, brought down from the north some time ago, is charged and now in the Kamloops jail. The body is in a tin case packed in sawdust and is being kept in the morgue at the Baptist mission, where it was brought down through three witnesses in the case—H. J. Galkin, J.P. at Spirit River; H. Tremblay, a packer at Peace Coulee Prairie; and G. Stanfield, who was a former companion of the dead man and acted as a witness when an inquest will be held. The trial was first set down for May 1908, but will likely be put on at an earlier date, in order that the men may get back north as soon as possible.

BAPTIST ORDINATION.

(From Tuesday's Bulletin.)
At the Synodical assembly Baptist tent last night the ordination took place before an audience that completely filled the tent. Rev. Mr. Sneyd, who for some time has been pastor of the East End Baptist church, was the moderator. The candidates were: Alex. McDonald, of Leduc, the pioneer Baptist missionary of the west; Rev. W. J. Stewart, of Spirit River; and to the candidate by Rev. C. P. McLaurin, of Calgary. The field of following the Baptist ministry, was extended by Rev. A. M. McDonald, of the First Baptist Church, Edmonton. Within the last few years the church and congregation has grown rapidly, and a new church will be built in the near future.

ST. JEAN BAPTISTE SOCIETY.

(From Tuesday's Bulletin.)
The annual meeting of the St. Jean Baptiste Society of Edmonton was held on Sunday afternoon at the assembly room of the Separate School. About eighty members were present. Officers elected for the coming year are: President, J. M. Dechene; vice-president, August Lessard; secretary, Louis Madore; treasurer, J. J. Lambert, Emilie Tessier and J. H. Garrier.

A telegram was sent to Hon. Senator Roy, who is in Ottawa, informing him of his election as honorary president of the society. The question of the contribution of the society to the fund for the preservation of Canadian history, was left in the hands of the board of directors, who will vote a certain amount and either send it direct or give to the Canadian Club, to be forwarded with the Edmonton subscription.

STONEY PLAIN CASE.
(From Monday's Bulletin.)
As a result of a decision of Judge Taylor handed out in the District Court today, John Foster has been ordered to pay the costs of the plaintiff and O. M. Biggar for the defendants.

The plaintiff claimed that the three cowboys, Foster, Miller and Biggar, had conspired to defraud the village of Stoney Plain, Forester, Miller and Biggar. Foster was elected councillor on the provisions of the village act, but Forester's election as councillor was invalid as he had been nominated but resigned and later withdrew his resignation; that this invalidated the appointment of a returning officer was not made by the minister of public works as required in the village ordinance.

The village of Stoney Plain was created prior to the coming into force of the village act of 1907. The case caused considerable interest, as it was felt that if the provisions of the village ordinance of 1907 were applied to villages created prior to that date it might upset the elections for councillors in half the villages in the province.

Judge Taylor held that the village ordinance did not apply to villages created prior to the passing of that act. The overseer had power to perform the duties of the returning officer, and the provisions in that respect, Forester was declared ousted from office as he had no power to withdraw his nomination as a candidate. Miller and Biggar were declared legally elected.

STRATHCONA NEWS.

A GRANT OF ONE THOUSAND DOLLARS TO BOARD OF TRADE.
This is in addition to \$700 already voted, and \$500 Due From Last Year—Natural Gas Franchise To Be Again Considered by Strathcona Council.
(From Wednesday's Bulletin.)
The regular weekly meeting of the Strathcona City Council, the new furniture for the Council Chamber, consisting of fourteen oak desks and chairs was in place, and the proceedings assumed a more dignified aspect than in the past.

Among the most important questions was the re-appointment of the proposed gas franchise similar to the one granted by Edmonstou to the American Oil Co. and the decision to grant \$1,000 to the Board of Trade in addition to the \$500 due from last year, and the \$700 towards the cost of the exhibit to the Dominion Fair at Calgary.

DEATHS IN STRATHCONA.
(From Wednesday's Bulletin.)
The death took place at 2:30 this morning after an illness of some weeks of appendicitis, of one of the oldest residents of Strathcona in the person of Robert McKernan. The deceased had been ill for some time from appendicitis, but was thought to be recovering when he took a relapse and had to return to the Strathcona hospital, where his death took place. He leaves to mourn a wife and family. The deceased was a brother of James McKernan of Athabasca Landing.

The death took place last evening of the infant daughter of Mr. and Mrs. Austin M. Fuller. The bereaved couple have the sympathy of many friends in their loss.

C.N.R. LINE FROM CALGARY.
(From Wednesday's Bulletin.)
A report has been received here from the following with reference to a railway line from Strathcona to Calgary to be built by the Canadian Northern, who are now surveying a line from Fort Saskatchewan to Edmonton: "Considerable activity is manifest in connection with the line, and it has been decided to proceed almost immediately with the building of the connection of that road between Edmonton and Strathcona. This road, as the letter 'S' implies, although coming from Edmonton, will run parallel to the main line of the C.N.R. and will cross it at a point west of Strathcona, and when west of Red Deer will curve back east and continue to Strathcona. It is estimated that at this point the projected branch of the C.N.R. from Saskatchewan will connect with the 'S' branch, thus enabling the two branches to enter the city at the same terminal.

"For some time past, delay was caused in initiating the work on the branch, owing to the fact that the surveying parties in the city are in the city markets, but a high authority connected with the C.N.R. is responsible for the statement that the work will be started in the near future, and that the era of construction is very close at hand."

(From Monday's Bulletin.)
C. W. Spencer, late general manager of the C.N.R., and now of Montreal, with his wife and daughter, are visiting in Strathcona, the guests of O. Bush.

The C.P.R. station at Strathcona yesterday afternoon presented the liveliest appearance, after the arrival of the morning train, that it has longed for some time. Hundreds of people were on the platform to meet the train, and a large number of passengers.

A report has been received in the city that the cattle for the new Collegiate Institute cannot be procured this summer. This report is manifestly false, as the material for the building is on hand and is expected to arrive daily.

The funeral took place yesterday afternoon from Waterloo street, west of Main, Mary Clifton, whose death took place on Saturday at the Strathcona hospital. The services were conducted by Rev. T. J. Johnston and interment was at the Strathcona cemetery.

This is the night of the regular weekly meeting of the Strathcona city council. No important business is scheduled for consideration, but there are several matters over which the council is expected to meet.

Among the passengers south this morning were Rev. W. J. Stackhouse, Winnipeg; C. C. McLaurin, Calgary; J. H. Bowering, Waskatunga and A. McDonald, Leduc. At the ordination of Rev. Mr. Sneyd in the Baptist church, Edmonton, last night, Rev. Mr. McDonald was moderator, Rev. Mr. Bowen, Strathcona, preached, and Rev. W. T. Stackhouse gave an address.

Mr. J. D. A. DeLage, of Fort Saskatchewan, is visiting in Strathcona. Mr. DeLage formerly lived in Beath, but is now living in Fort Saskatchewan, where he conducts a misadventure, having been appointed New London and Essex Hills.

The C.P.R. are investigating the charges and affidavits, submitted by the board of trade dealing with the alleged conduct of the City Treasurer's collector in diverting persons from staying at Strathcona. The allegation is that by misrepresenting that no accommodation was to be had in Strathcona, the government was induced through to Edmonton.

At the meeting of the city council tomorrow an application will be made for the board of trade to be granted to the work of the board for the ensuing year. Last year's grant was \$1,000, but the mayor has asserted that it had been secured by misrepresentation.

STRAIGHT LOANS.

The St. Louis hotel has put on a bus to the trains in the afternoon and evening. This is very commendable as it has been in the past that the Strathcona hotels have not made sufficient efforts to secure their part of the trade.

A deliberate attempt was made several nights ago to burn down the paint shop of W. H. McPherson. One of the windows was broken open and some canvas set on fire, but happily the fire did not spread.

The ladies of Knox church are preparing a very interesting entertainment to be given in the Oddfellows' hall in about two weeks' time. It will be composed of Mrs. Jarley's works, which will be shown for the first time in the city.

The school board is to have a public meeting on Tuesday night, where they will discuss the question of the removal of the school equipment to the new school building. Several canvassers are being placed across the Edmonton road, thus having an annoyance to residents for some time past.

There was a big attendance at the opening of the roller rink last night in the Strathcona Opera House. A large number took advantage of the opportunity to have a whirl on the smooth floor.

There are a great number of men, mostly foreigners, in the city at the present time, looking for work. Yesterday O. Bush, the C.P.R. employment agent, furnished 100 men to Calgary, where they will work at \$75 per day.

John Douglas has been appointed as the principal teacher at the school at Strathcona, where he will be in charge of the Duggan street school. At a competition between the Edmonton and Strathcona Odd Fellows on Monday night for the Past Master of the lodge, the members of the May's banners won by about forty points.

W. E. Ross has returned from a business trip to Winnipeg. The scavenging contract for the balance of this year has been let to Messrs. Wilson and Gilliland for \$4,800.

Mrs. J. Carmichael has received a telegram from Spenceville, Ont., Monday night for the first time since she left the city. Her eldest sister, Mrs. T. E. Kingston, and John Bush has returned from Ottawa, where he spent the winter with his family.

H. G. Hinton, of the staff of the Canadian Bank of Commerce, Strathcona, left this morning for Winnipeg, where he will be in charge of the branch there. A number of friends were at the station to see him off.

At 5 o'clock on Saturday morning last J. L. Somers' large barn on his farm south of Strathcona, burned to the ground, entailing serious loss. The barn was valued at about \$1,800 and was insured for \$1,200. The origin of the fire is unknown. The tenants who had occupied the farm during the winter had vacated the day previous.

The members had reports of experts on the telephone question before them and it would be for the house to see how far they ought to follow the recommendations made. They had been interested in the matter for some time in the law in regard to liquor licenses, and he appreciated Mr. Haultain's efforts as it was a subject which should be approached in a non-partisan spirit.

He believed they would have legislative and departmental building second to none in the Dominion. Continuing, the premier said they should not put up any longer with the election law Haultain had bequeathed to them. They had full evidence of its unsatisfactory character in the election of Mr. Turgeon for Prince Albert City. That they proposed bringing down a redistribution bill showed that the government wished to deal fairly with their friends in opposition, and because they recognized they would have to materially increase the number of members in the next legislature.

Roblin Prefers Subsidy Top.
Speaking in connection with the extension of boundaries, Premier Scott referred to the fact that Premier Roblin, backed by the Manitoba legislature, preferred a subsidy per capita on the population as granted to Saskatchewan in place of the handing over of Dominion lands. This was a remarkable testimony to the practicality of the terms which the people of Saskatchewan, by a substantial majority of that House, thought it was quite proper to accept at the hands of the Dominion government.

He asked did Mr. Haultain find anything in the high school legislation put through last year to uphold his charge made a couple of years ago of the government's duty to make compact to destroy the national virtues of the school system. He thought Mr. Haultain's duty to make public the confession that his suspicions were entirely unfounded.

The address and response received from the throne was carried without further debate.

Litigation Between Coal and Companies Effecting the Country.
Ottawa, April 10.—Mr. J. H. P. P. president of the Dominion Coal and Co., had an interview today with Wilfrid Laurier at the premier's residence in relation to the long drawn-out litigation between the Dominion from an company and Dominion Coal and Co. Mr. Laurier pointed out the long and unduly litigation and strife between companies was seriously interfering with the business of the country in the large interests represented by him. He strongly urged that efforts should be made to effect a settlement of the large interests represented by him. The issue between the companies now before the judicial committee is left to the courts there will be a reasonable litigation and appeal will be taken. The aggregate of the two companies is estimated at \$1,500,000 and the necessary for a company a good market in western Canada.

Guarding the White House.
Feared Roosevelt's Anti-American Message May Prove Outrageous. Washington, April 10.—The "St. Louis" message to Congress, which seems to have aroused all the archists in the country. While efforts are being made to keep the quiet it is known that the White House, within the last few days, been flooded with letters of protest from a threatening character. The facts show that extra precaution have been taken. Heretofore packages had been opened and returned by to-day all packages sent down stairs for investigation were opening. In addition the St. Louis message has been established in the last two days. It is said that the postmaster general refused to mail to anarchists packages addressed through to be directed to him.
