WEEK OF OPERA WILL BE UNIQUE

Hundreds of Mail Orders Already Have Been Sent for Tickets.

SEAT SALE NOW OPEN

World-Renowned Artists Will Be Heard in Best Operas.

Prospective patrons of the opera season will find the first seats for the engagement here of the National Opera Company of Canada at the Alexandra Theatre, commencing Monday, January 26, and continuing for one week, on sale at Bell's, 146 Yonge street, at 3 o'clock this morning.

Already several hundred mail orders for seats have been received, many from outlying towns. Interest in the season has been evinced from the very first announcement of the coming of this superb organization, which has just completed a season of eight weeks in Montreal. All the most notable and successful productions of the Montreal season have been selected for the Toronto repertoire. These comprise almost exclusively novelties so far as Toronto is concerned.

"La Gioconda," which will open the season, had never been heard in Canada until this year presented by the National Opera Company. "Lohengrin" is to be sung in German, the production of the Montreal Opera Company being the first one in the original tongue of the Wagner opera in Canada. "Samson and Delilah" and "Otello" are other operas to be seen here for the first time.

In the latter two operas Leo Slezak, the giant Czech tenor, who was one of the sensations of the Montreal season, will appear. His conception of the role of Otello is world-famous, and his Samson, which he added to the gallery of his characterizations at Montreal, is accorded a place only second to his picture of the great Moor of the Shakespeare drama.

An all-star production of "Carmen," with Grevelle-Renay in the title role, and Michascha Leon as Don Jose, Helen Stanley as Micaela, George Rossell as Escamillo, Dora de Philippe as Frasquita and Elaine de Sellem as Mercedes, will form one of the particularly attractive features of the season.

"La Traviata," with Luisa Villani, a beautiful Milanese singer, in the title role, and "Madame Butterfly," with Dora de Philippe as Cio-Cio-San, complete the roster of what promises to be a week of opera unique in the music annals of Canada.

BIG INNOVATIONS AT THE GARDEN THEATRE

Entire New Policy to Be Inaugurated.

World Famous Photo Drama "Quo Vadis" to Be Staged at Enormous Expense.

Without a doubt the Garden Theatre (College and Spadina) stands pre-eminent as the pioneer house in the presentation of what is considered the cream of motion photography not only in Toronto but throughout the entire Dominion, and thousands will be interested to learn that Mr. Leon Brick, the enterprising manager has decided after much careful consideration and deliberation to change the entire policy of this justly popular house.

Commencing Monday next, the theatre will be run on a single show basis. Instead of the usual continuous entertainment there will be only one performance at each session—that is, one in the afternoon and one in the evening. The bill of fare will include the faultless projection of the world's best features in moving pictures, supplemented with high-class entertainment, second to none on the continent. Another interesting innovation will be the introduction of an electric fountain, the first to be installed in Canada, which will create a highly spectacular effect.

The prices of admission will be 10c, 15c and 25c (reserved), the matinee price being 10c to all parts of the house. To introduce the new arrangement, Mr. Brick has negotiated contracts with the George Kleine Company at enormous expense, whereby all their great features will be shown in the Garden. Another contract made with the New York Motion Picture Company will entitle the theatre to first run of their finest and foremost productions.

As evidence that no expense is being spared, the management has secured George Kleine's world famous photo drama, "Quo Vadis" (the only original), which aroused so much enthusiasm in New York, Chicago, Philadelphia, Boston and the Princess Theatre, Toronto, last summer, and now to be shown for the first time in a strictly motion picture house. This masterpiece, which embraces eight parts and takes two and one-quarter hours to run, is considered from all quarters to be one of the most dramatic, spectacular and thrilling photo dramas ever projected on a screen. To give full effect to this great feature the theatre will be augmented with three extra pieces and special music appropriate to the subject. Mr. Sylvester, leader, will conduct, thus ensuring music of an exceptionally high standard, which is certain to be appreciated.

"Quo Vadis" has been booked for one week, but the expense of such an innovation being so heavy and also the Kleine Company objecting to less than \$30 for admission, Mr. Brick reluctantly will have to slightly increase the charges for this week only. Matinees will be 25c to all parts of the house, doors open at 2 p.m. Evenings, 25c and 50c, doors open 7:30 p.m., orchestra music and supplementary subjects will be shown during the interval to allow everyone to be comfortably seated. Immediately following "Quo Vadis" a four-reel photo play, "Moths after the Fire," by Ouida, will be shown, featuring Mand Realy as principal. Reserved seats for evening performances may be booked at these prices, phone COll-7484. For further particulars see next issue of Sunday World.

The Question of Corsets is Insistent. It is well nigh impossible for women to get far away from the corset problem. It is coming for many reasons. The figure is ever-changing, fashions are short-lived and different gowns suggest different corsets. To get corsets that fit perfectly, give the essential comfort and the desired style, is necessary in most cases to have these garments tailored to order, but it is imperative that you enter your order to efficient corsetiers such as the House of Woolnough, 276 Yonge st. This firm has a reputation for superb work not surpassed anywhere in Canada, and satisfaction is assured. The service is most reasonable and corsets are guaranteed to keep their shape until worn out. To keep their shape, the department has developed at a tremendous pace, and offers unrivalled values at prices that range from \$1.95 up.

Mrs. Ambrose Small gave her interesting and instructive lecture on Japan at Loretto Abbey, yesterday afternoon. Despite the intense cold a large audience of the alumnae of the institution and their friends turned out for the occasion. The lecture was constructed from the experiences of the lecturer during a recent trip through the beautiful land of flowers.

The address, which was illustrated by a large number of beautifully colored views, which were thrown upon the screen, was highly educative, demonstrating the customs, industries and physical outlines of Japan. The general turnout of the inhabitants to take part in the different festivals of cherry-blossom time, the wistaria season, of the chrysanthemum and of the rose were brought to notice. The pretty and courteous etiquette of the little world, which in many respects resembles that of the domestic land, was something in which Japan outruns every other part of the world. In the rice and tea gardens, the magnificent temples, children studying out in the open amid beautiful groves and flowers, the industries of the silkworm, mulberry tree and the silk itself, were all touched upon and illustrated.

Mrs. Maloney, president of the alumnae, introduced the speaker, and a vote of thanks was tendered by Mrs. Hynes.

THE WOES OF MRS. NEWLYWED

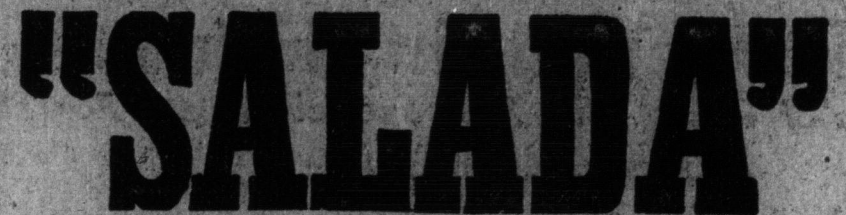

"My palm don't seem to grow and is all covered with scales," complained Mrs. Newlywed.

"You can remove those scales easily," advised Mrs. Neighbor, "if you wash the leaves with a soft sponge in water to which has been added a few drops of cedar oil."

Fresh from the Gardens

of the finest Tea-producing country in the world.

Ceylon Tea. Sealed Lead Packets Only. Try it—it's delicious. BLACK, MIXED or GREEN.

At Home and Abroad.

FROM Mrs. Bickham, New Orleans, Orleans Croquettes.—Tie three sets of calves' brains in a muslin bag and boil them in salted water twenty minutes. Chop the meat from a cold chicken, add the cooked brains, chop again until they can be chopped no finer. Season with celery salt, pepper and minced parsley. Mix in one-half cup of softened butter and one cup of rolled, sifted cracker crumbs. If too stiff to shape into cones or cakes add a little thick cream. Now shape and roll in bread crumbs that have been rolled and sifted. Place on ice until the butter in the mixture gets hard and so makes them firm. Dip in egg and bread crumb then once more so the outer surface is covered. Place in a frying basket and immerse in hot lard; fry like breaded oysters. They will be richer and more creamy made like this than if a foundation white sauce is used. Serve with mushroom or cream sauce or alone.

To make Salted Almonds (from a Pasadena, Cal., reader).—Shell almonds and put into hot water; let them stand until the water is cold. Then the brown husk can be easily rubbed off and the almonds are said to be "blanched." Now place the almonds in a shallow pan with a little butter and set it in the oven. When the butter melts salt them evenly and return to the oven until the butter browns. Drain the almonds on blotting papers to prevent their tasting oily. Olive oil is preferred to butter by those who like its nutty flavor.

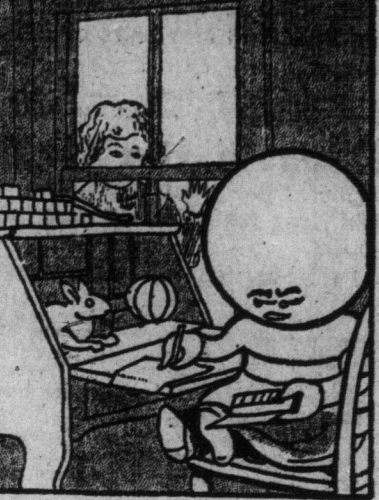

Broiled Mutton Chops (from Mr. A. E. McKee, Columbus, Ohio).—Have the chops cut an inch thick from mutton that is almost lamb and has hung long enough to have a fine flavor. To get this perfect chop get acquainted with a wholesale meat dealer or a timid butcher who will cut the chop from really fine mutton.

Now, on Sunday morning, when you have plenty of time, and your wife is asleep, send the maid out to church, and to broil the chops. We have gas at our house and the boiler swings between an upper and a lower flame of fire, but a hot bed of coals is as good.

Firm off as much of the thick mutton fat as you can and rub the broiler bars with it. Put in the chops and cook with a high heat for three minutes, when both sides of the meat will be seared. Lower the heat and cook slowly twenty minutes. Have the breakfast plates hot and dish a chop on each one. Use the rich drippings in the broiler pan, seasoned with pepper and salt, for a gravy, pouring a little over each chop.

Queen's Toast.—This recipe was begged from a new caterer in this town who is making a specialty of it, and who was not very willing to have it made public property. Cut inch thick slices of stale bread from a long, sprinckle with powdered sugar, cinnamon and chopped walnuts. Place in a hot oven until the sugar melts and bubbles over the nuts. Watch it or it will burn. These slices can be kept for a week and heated as needed. They are delicious with breakfast coffee or with afternoon tea.

GOOPS

LOUISE TALCUM
Lou Talcum wouldn't lend a toy to any girl, or any boy; Her desk, her doll, Her Teddy Bear, or color-box—She will not let a person use them! Isn't she a Goop to so refuse them?

Don't Be A Goop!

WOMEN OF GERMANY DEMANDING FRANCHISE

But Petition Was Coldly Received When Presented to Imperial Parliament.

BERLIN, Jan. 13.—(Can. Press).—A petition asking that the franchise be given to women and that they be allowed to vote at the elections for the imperial parliament, and also to sit as deputies, was introduced today by the German Woman's Suffrage Union, and although it was not directly rejected, it was referred to the consideration of the government without any recommendation.

Members of all parties took part in the debate on the petition. A Socialist deputy moved that the government be recommended to take action in the matter, and most of the Radical members supported his resolution. On the other hand, the National Liberals voted for a counter resolution moved by the Conservatives, that the petition be placed on the table of the house, and thus virtually ignored.

A DAILY STORY FOR CHILDREN

The Doll's Tea Party
By Virginia Vale.
Once upon a time there was a little girl who had so many dolls she didn't know what to do with so many. She loved them all and wanted they should have a good time, so she told them she was going to give them a tea party and that they must put on their best clothes and behave very nicely. They all said they would and she set them in chairs around the room and told them to watch her set the table.

Her doll that came from Paris had on a lovely blue silk dress and sat on a little island doll, all dressed in a red skirt, a nice white apron and cap and morden shoes.

Just beside her was an Indian boy with feathers sticking out of his hair and a fringe on his trousers. All the other dolls were near and watched what the little girl did. She set a table with her best dishes and then went to get the tea and other things for the dolls.

They had all kinds of cakes and candy and stop this grocery moodiness. This condition arises from a faulty digestion, and cannot be removed unless you use common sense and assist Nature a little.

Not alone archaeologists, but many who are interested in "the seven churches which are in Asia" will welcome the opportunity of hearing an illustrated lecture on "The Ruined Cities of Asia Minor," to be given in the northern building of the University of Toronto, Thursday evening, Jan. 15, by David M. Robinson, Ph.D., professor of Greek archaeology, Johns Hopkins University, Baltimore. Dr. Robinson possesses an intimate knowledge of all the excavations that have been systematically carried on in Asia, a region which offers boundless opportunities for research, and has himself had a very important share in the work at Sardis and elsewhere. The present state of the excavations in view of the new Testaments, as well as on other ancient sites, will be shown by pictures and monuments illustrating described. The lecture will begin at 8:15 and is free to the public.

NEW LINE SOON READY.

Announcement was made by the Canadian Northern Railway yesterday that the new line between Prince Albert and North Battleford would be placed in operation on Monday, Jan. 19. This line gives a direct connection between Prince Albert and Edmonton and opens up a large territory of fertile wheat lands.

COST OF LIVING COULD BE CUT

J. Lockie Wilson Suggests Radial Lines and Better Deliveries.

"SUCCESS OF SALES"

Housewives' League Will Hold a Series Under New Organization.

"Boys leaving the farms to come to the city to find work has a great deal to do with the high cost of living," stated J. Lockie Wilson, superintendent of fall fares, while addressing the Canadian Household Economic Association of Toronto at its monthly meeting on Monday at the market problem from the standpoint of the city.

"When the boys leave the farms their places are taken by immigrants who are not accustomed to the Canadian style of farming, and as a result they are less productive than Canadian boys.

"Delivery of goods also tends to the high cost of living and I think a new system of delivery, whereby one delivery from the market could be made to one entire street on the same trip, would help a lot.

"If radial lines were built through the farming districts surrounding Toronto, it would greatly facilitate the shipment of farm products and would also tend to reduce the high cost of living. If this were done three or four market centres could be established throughout the city and the products could be carried right to each by means of the radial," stated the speaker in concluding.

A report was read by Mrs. Lister, secretary of the Housewives' Economic Association, which is a branch of the Canadian Household Economic Association, in which it was stated that the great success had been met with in the sale of butter, eggs, chickens, turkeys and geese for Christmas; that in all likelihood these sales would be continued at various times. A plan was outlined for the future sale of these products in which it was suggested that the city be divided into wards and that captains be appointed for each for the purpose of canvassing them for the sale.

BEACHES PROGRESSIVE CLUB.

The Beaches Progressive Club held their regular monthly meeting on Monday afternoon at the residence of the president, Mrs. C. J. Campbell, 82 Balmawater Avenue. Miss Glendinning was the speaker of the afternoon. She took as her subject, "What the Referendum Means to Us."

Stop Stomach Worries Now

And Use Stuart's Dyspepsia Tablets So Quickly, and at the Same Time Renew Your Digestive Strength.

Learn once again how to smile and laugh and stop this grocery moodiness. This condition arises from a faulty digestion, and cannot be removed unless you use common sense and assist Nature a little.

"I Am a New Man Since Stuart's Dyspepsia Tablets Gave Me a New Stomach and Appetite."

If the stomach is overworked, its muscles become tired and gradually grow weaker and weaker until they are unable to take care of the food properly. The glands fail to provide the juices necessary to digest the food. Gases form and cause all sorts of pain, misery and wretchedness, as well as extreme danger to the heart.

If you experience an oppressive feeling just inside the lower end of your breast bone and extending upward towards your heart, do not hesitate to take Stuart's Dyspepsia Tablets from the nearest druggist at once and take one. In a few minutes the pain will leave you and you will feel better. Take a tablet after each meal for several days and your stomach will once more perform its duties. All druggists sell them at 50c a box.

THE GARDEN

CONDUCTED BY RACHEL R. TODD M.D.

Children's Gardens

The Value of Fresh Air.
One of his very first lessons a child learns in his garden is the value of fresh air. It takes almost no time for the young gardener to find out for himself that his plants thrive poorly if he has cooped them up in some corner, where the air does not reach them readily. The immense beauty and the wonderful utility of this knowledge lies in the fact that he will find it out for himself.

What he finds out from experience, he does not as a rule forget. At once and unconsciously he begins to absorb the fact that fresh air is good for plants. Why not, then, just as good for human beings? One lesson learned.

If a positive fact that many years ago we ourselves were made amazingly aware of the speed and certainty with which children will absorb and assimilate workable knowledge. We had been teaching, as energetically as we could, the sure and certain effects of this same fresh air. The class was one composed entirely of boys, ranging in age from the ages of 12 to 15. And let us remind you that this is an appallingly receptive age for children.

A terrific game of ball had been waged during the morning recess, the field being a vacant lot just across the way from the school. The boys came in hot, triumphant—or defiant, as the case might be—prespiring and panting.

"Well" after the chorus of husky breathings and panting coughs had partially subsided, and might make itself heard, "Well, how?"

Of course, everyone answered—at the top of their voices. More animal energy safely expended! From the general mass, however, the captain of the victorious side was finally given a chance to speak.

"Aw, pehaw!" in accents of indescribable and biting scorn, "they can't do nothing. Look at the legs of them. They want to sleep with their heads out of the window before they tackle us again."

Everyone in the room at once, and fearfully, looked at their legs. Many withdrew those poor, spindly shanks in a shamed swiftness that bespoke a sudden determined resolution. A few, captivated among the number, spread fat calves proudly in the aisle for our solemn appreciation. And the way those young victors strutted the rest of the day was a lesson to us. A perfect rage for open bedroom windows followed.

Indeed, we ourselves were severely censured, the whole neighborhood around, for putting such nonsense into the young ones' heads. People were not going to burn good wood to heat the outside air, just because teacher had some crazy ideas in her young head.

But, let me tell you, "calves" were the important and determined end in view the rest of the term. And many a boy achieved his desire. These things are important among the boys.

Argonauts Down T.R.C. In Senior Fixture, 4-3

ARGONAUTS SPRING SURPRISE IN PLAY ROWING CLUB SEVEN

Close, Hard Checking Game Goes to Double Blue Scullers—T. R. C. Failed at Critical Moments—Gilbert a Wizard.

In a game replete with all kinds of spectacular hockey and also flagrant mistakes, Argonauts succeeded in stopping the Toronto Rowing Club, who made their initial appearance in senior O.H.A. hockey, by the score of 4 to 3. It was Argonauts' best and the greater part of the struggle, and the end, although the double blue scullers were fully justified in the calibre of play put up by the winners.

The Rowing Club were very strenuous in their checking and spared neither effort to score. Their over-anxiety in this respect spoiled many of their other efforts. The Argonauts, on the other hand, contented themselves with staying with the puck and waiting for their opportunity to strike. Their play was not a dazzling affair, but it was fast enough to keep the Rowing Club on their toes. The forward lines of both teams over-stated their defence, and the result was a struggle that had gathered its critical moments in the latter part of the game, and what looked like possible scores were wasted.

Gilbert in goal for Argonauts was the hero of the struggle, and his exhibition was one of the best ever seen at the Arena. To his brilliant work, the Argonauts owe their victory. Time after time he out-generaled the enemy and cleared shots from practically impossible angles. The three tallies that he put in were all scored in the latter part of the game, and his defence, Schlegel and Uffelman, were also stars. The former put up a great game at right defence, and broke up rushes consistently. His goal to end the game was one of the features of the game. Uffelman, at right wing, found Dopp a husky and aggressive opponent, but the little Dutchman stuck with his heavier check and came up smiling every time. He scored the winning goal by beating Uffelman, who was passing from behind. Waugh, Swan, Anderson and Burritt were good in spots and behaved creditably.

For the Rogers Sidley was the strong man, and his all-round playing forced the Argos to let up many times. Skinner put up his usual aggressive and skillful game and was ever in the mix. Hyland and Dopp flashed intermittently, but were not particularly conspicuous. Ack Hunter was decidedly off form, although he pulled off several good rushes, and his absence seemed to be in comparison. Barrett never seemed to get going and his absence in front of the net was a tragic one for the Argonauts. The Rowing Club pressed from the start, and it looked as if they would soon run up a score. However, Gilbert was equal to the occasion and turned aside a regular rainstorm of shots in the first five minutes. Hunter started an end to end rush and skillfully passed to Barrett, who made the first tally in seven minutes. Argonauts pulled off a three-man combination attack, which laid back Hyland, but he was not able to get a shot off. Waugh relieved a Rowing Club rush and made for his opponents' goal, but Hunter upset him and saved a tall shot. Hyland and Hyland returned after three minutes' absence. Sidley was benched for tripping. Burritt missed twice to tally on passes at the goal mouth, but finally he beat Laird with a hard low one, tying the score in ten minutes.

Hunter and Hyland combined and although they best the defence, failed to find the net. Dopp was chased for butt-ending Waugh, and Hyland followed a half minute later for tripping, leaving the Rowing Club with only five men. Argos pressed, but were unable to take advantage of their opponents' absence. After the Rowing Club pair had returned to the ice, Hunter was sent to the front for tripping. With Captain Ack being Uffelman succeeded in camping in front of Laird and finally beat him, when he took a pass from behind. The score at half-time was 2 to 1 in favor of Argonauts.

The second half opened with end-to-end rushes and with wild shooting prevalent. It took Swan seven minutes to find the net, but finally on a long shot from outside defence he caught Laird napping. At this juncture Argonauts looked very good, but Sidley combined with Hyland a minute later and came down the double blue's lead to one goal again. Burritt went off for tripping, and in his absence Sidley again came to the rescue with a great zig-zagging rush, in which he beat four men and finally tied the score. Both teams were beginning to show

STRATFORD TAKES ST. MARY'S MEASURE

Skated St. Marys Into Submission in Overtime Period—The O. H. A. Games.

STRAFORD, Jan. 13.—In ten minutes overtime, during which time they skated the visitors into a state of bewilderment, the Stratford intermediates tallied five goals to St. Mary's three. The game, excepting in this period, in which some fast hockey was played, was an unpleasant mixture of scrappy, rough work and abominable hockey, both teams being alike in this respect.

ROUGH AT DUNNVILLE

DUNNVILLE, Jan. 13.—Dunville's intermediates O.H.A. team defeated Port Colborne last night by 10 to 3. The game was full of rough play and several of the players were laid out.

PETERBORO WIN AT OSHAWA

OSHAWA, Jan. 13.—In a fast, close game, Peterboro scored a victory over the Oshawa intermediates last night by a score of 4 to 2.

GREAT BATTLE AT THE FALLS

NIAGARA FALLS, Ont., Jan. 13.—The Tecumseh of the south end defeated the Falls team of the north end in an intermediate O.H.A. match here tonight by the score of 4 to 3.

COLLINGWOOD IN A ROMP

COLLINGWOOD, Jan. 13.—The Collingwood intermediates took Gravenhurst into camp here tonight, defeating them by 15-3. Half-time score stood 8-1 in favor of the locals.

EVEN BREAK FOR TORONTO RINKS ON THE FIRST DAY AT LINDSAY

Lindsay's Crack Rink, Skipped by George Little, Defeated in Preliminary Round—Granites Win Two—The Scores.

LINDSAY, Jan. 13.—Good progress was made in the bonspiel today. The thermometer reported 34 below zero this morning, the coldest in the memory of the oldest inhabitant. Toronto rinks secured more than an even break while the home town had rather a bad day.

Granites won both games. Harstone beat Luke of Oshawa easily, while Dan Rice did the same to Crawford of Winham. Col. Rennie and Malcolm, Markham, in a uphill game, defeated the O'Connors of the rebellion again.

Peterboro and Corcoran also went down to defeat, the latter by a single shot. Tom Thaburn of Brampton beat Fred Gibbons of East Toronto by two shots. Emphingham of Aberdeens fell behind Toogood of Orillia an even dozen.

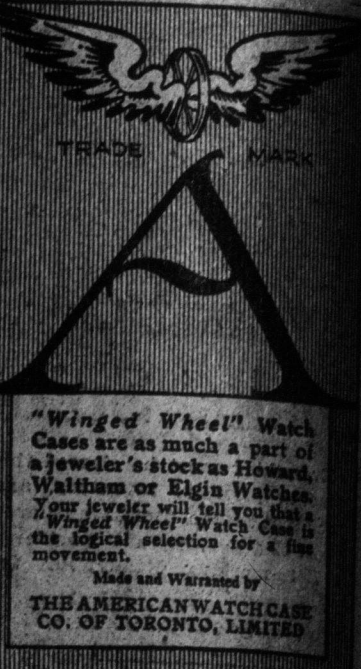

Seagram of Waterloo in a raise out game by four shots, while of Meaford, one of the Tankard champion skips two years ago, started out by beating Needer of Plungin, skip.

John L. Scholes recovering. The many friends of John L. Scholes, ex-featherweight and champion of the world, will be glad to learn that he is recovering from a rather serious attack of pneumonia.

Why Konigsbier is Unlike All Other Lagers

"Why is *Konigsbier* so much superior in taste and flavour to all other lagers—haven't all brewers the same facilities for brewing?" are questions which are frequently asked.

To brew *Konigsbier* requires that the Lager be aged at an unvarying temperature, that the malt, hops and water be properly blended, that scrupulous cleanliness be maintained in every process of the brew.

But to be able to do this and produce a lager like *Konigsbier* is a rare art—one not easily acquired.

If your dealer cannot supply *Konigsbier*, order direct from us.

DUAL SWIMMING MEET NEXT WEEK

The swimming club of the Central Y.M.C.A. of Buffalo will next Tuesday have a dual meet with the West End swimming club in the West End tank.

Buffalo have long wished to invade Canada in this way, but heretofore the pools of the Toronto association were not large enough to have such a meeting.

The West End have one of the best pools in the city, and some swimmers who will make the Americans jealous, more than one meet will be held.

WANDERERS TACKLE TORONTOS TONIGHT

Montrealers Make Initial Appearance of Season at Arena - Hockey Gossip.

Wanderers will make their first appearance of the season here tonight, when they hook up with the Torontos at the arena.

Now that "Minnie" McGiffen has been handed a full suspension by the N. H. A., President Quinn is handing out a letter to each of the "movers," instead of lining them up.

Tonight's games in the Beaches Hockey League will have seen every group met, and the premier outdoor-rink league in Toronto will now take things strenuously for a few weeks.

All teams in the Beaches League are asked to have their players on hand early for their games.

In this some more of George Kennedy's clever press work, or is it to be taken as his face value? A Montreal despatch says: "Lest there should be doubt as to the fact that the Montreal Canadiens meet Quebec here, George Kennedy of the Canadian Club requested President Emmett Quinn of the N. H. A., personally to warn each of the two parties."

Shamrocks and Dominion Express played a 3-2 tie game on Tuesday night at Varsity Rink, and they will play it off at a later date.

The St. Ann's hockey team of the Beaches League will practise tonight at the usual pace, from 8 to 10. All players are urged to be on hand.

The Riverside Athletic Club Intermediate O.H.A. team will journey to Markham on Friday night, Jan. 16. The club has chartered a special C.T. train, which leaves Union Station at 7:15 p.m.

Riverdale School Hockey League

All games are to be played on the Broadview Rink. The first-mentioned games are to be played from 4 to 6 o'clock, the second two, from 6 to 8 o'clock.

The first mentioned team is to notify the referee.

A statement of weights of players, signed by the school doctor and the secretary in charge is to be sent to the referee on or before Jan. 20.

The Canadian Bank of Commerce

Report of the Proceedings

—OF THE—

Annual Meeting of Shareholders Tuesday, 13th January, 1914

The forty-seventh Annual Meeting of the Shareholders of The Canadian Bank of Commerce was held in the banking premises at Toronto yesterday.

The President, Sir Edmund Walker, having taken the chair, Mr. A. St. L. Triggs was appointed to act as Secretary, and Messrs. Aemilius Jarvis and Edward Cronyn were appointed scrutineers.

The President called upon the Secretary to read the Annual Report of the Directors, as follows:

REPORT.

The Directors beg to present to the Shareholders the forty-seventh Annual Report, covering the year ending 31st December, 1913, together with the usual statement of Assets and Liabilities.

The balance at credit of Profit and Loss Account brought forward from last year was \$71,875.58

The net profit for the year, after providing for all bad and doubtful debts, amounted to 2,992,951.10

\$3,768,526.68

This has been appropriated as follows:

Dividends Nos. 104, 105 and 107, at ten per cent per annum \$1,500,000.00

Bonus of one per cent payable 1st December 150,000.00

Written off Bank Premises 500,000.00

Transferred to Pension Fund 1,000,000.00

Transferred to Res. Account 384,526.68

Balance carried forward 3,768,526.68

In accordance with our usual practice, the assets of the Bank have again been carefully reviewed and ample provision made for all bad and doubtful debts.

The following branches were opened during the year: In British Columbia—Comox, Courtenay, Pandora and Cook (Victoria) and Parksville, in Alberta—Highland, Montrose, Peace River Crossing and Redway; in Saskatchewan—Kinross, Redlyn, Shewan and Weston; in Manitoba—Kelvin Street (Winnipeg), in Ontario—Oshawa and Port McNicoll; in Quebec—Upper Town (Quebec), and in New Brunswick—Campbellton, Moncton and West St. John.

The sub-agencies mentioned below have been made independent branches: Asbestos, Chambly, Clarenceville, Dunham, Iversville, Lacolle, Roxton Falls, Stanbridge East and Upper Town (Sherbrooke), all in the Province of Quebec.

The branches at Stewart, B.C., Black Lake, Que., and St. Elizabeth, Que., have been closed, and the business of the branch at 367 Main Street South, Winnipeg, has been transferred to the main office in Winnipeg.

The sub-agencies at Naramata, B.C., Beloit Station, Henryville, Lawrenceville, St. Philippe, St. Robert, St. Sebastian, Ewertburg and Upton, all in the Province of Quebec, have been transferred to their respective parent branches.

Since the close of the year branches have been opened at St. Denis and Duluth (Montreal), Bath, N.B., and Bristol, N.B.

Due notice has been received of intention to nominate Mr. T. Harry Webb of Messrs. Webb, Reid, Heenan, Collingham & Co., Montreal and Winnipeg, and Mr. James Marwick, C.A., of Messrs. Marwick, Mitchell, Peat & Co., Montreal, as auditors of this Bank under the provisions of sub-section 10 of section 35 of the Bank Act.

The branches and agencies of the Bank in Canada, the United States, Great Britain, Newfoundland and Mexico, and the departments of the Head Office have undergone the most careful inspection during the year.

The Directors wish again to express their appreciation of the efficiency and zeal shown by the officers of the Bank in the performance of their duties.

ALEXANDER LAIRD, General Manager
E. E. WALKER, President

B. A. WALKER, President
Z. A. LASH, Vice-President
ALEXANDER LAIRD, General Manager

Before moving the adoption of the Report, the President called upon the General Manager to address the shareholders.

We have closed our accounts for the past year and have great pleasure and satisfaction in presenting you with a statement of the results of the Bank's business, which you will realize is the best record in its history, and should be a source of gratification to the shareholders and those actively engaged in its administration.

The Head Office and Toronto Branch premises was referred to, and arrangements have since had to be made for the temporary accommodation of some departments of the Bank outside the present building. We are now pleased to say that we have purchased the two properties adjoining, and will proceed to build a new building, although we do not expect to make much progress towards altering or erecting a building for two or three years. We have acquired property in Windsor, Ont., where a suitable office building will be erected during the coming year and are also engaged in planning the erection of an adequate building in the City of Quebec. In both these places it was absolutely necessary to provide for the growing business. Bank premises account now stands at \$4,381,481.60, and in this connection I would direct your attention to the item of \$779,915.61, stated under Real Estate. This includes bank premises acquired by the amalgamation of the Eastern Townships Bank, which will be considerably more than the book value. With this sale and the sum of \$779,915.61, provided off Bank Premises we should be able to keep this account within reasonable limits and still show our properties at approximately 50 per cent of their value.

The enrolled members of the staff numbered 3549, an addition of 544 during the year, and we are proud of our plan of contributing to the Pension Fund, which includes provision for widows, orphans and other dependents of our employees, we have appropriated \$80,000. It will interest you to know that the Pension Fund now stands at the magnificent sum of over \$2,000,000. This, of course, includes the contributions of the members of the staff themselves. This large amount has been placed in the hands of a Board of Trustees charged with its administration. In this connection I should like to mention that those who have given loans and made other contributions to the Bank. We are pleased to record our appreciation of the service rendered by the staff during the year, and we believe that the same has been exercised. A large portion of the amount has been invested in western farm mortgages and the whole fund is earning at the rate of about 6 1/2 per cent per annum. The importance of making every reasonable effort to create a large and efficient staff cannot be too strongly emphasized, and your generous aid in the direction of strengthening the ties which bind its members to the Bank is of great value to our service and is creditable to the institution. The fund has been actively administered from time to time, and we believe that the same has been exercised. We hope in the near future, with the accretions from well-informed sources, to increase the maximum pension.

You will notice that after paying dividends, making appropriations for Bank Premises, and other items, we transferred to the Rest Account a balance of \$984,529.38 to profit and loss account. This large amount has been noted in our statement in November, 1913, and reached a maximum of \$1,648,425.14 in December, 1913. The lowest point, \$1,322,000.00, was reached in August, 1913. The early movement of the report relieved the pressure, but we took advantage of the emergency provisions of the Bank Act, and the date of our statement we had an excess of \$2,656,628.37 in our deposits show a decrease of \$4,592,746, but this is accounted for by the liquidation of several large amounts which were held in connection with the withdrawal of Provincial Government funds. The ordinary deposits and the call and short loans, \$27,649,310, compared with \$18,753,559 in 1912, an increase of \$8,895,751. This is the total current loans were \$31,841,800, a decrease of \$1,194,803 for the year. We show an increase of \$9,297,707 in the total of our other securities, and \$2,960,650 in cash.

We think it advisable to give you an assurance that in the midst of the troubled and dangerous times which prevail in Mexico our interests are being safeguarded and every precaution exercised for handling a difficult problem. Our Manager in Mexico, Mr. J. H. G. G. G., has shown unusual ability and judgment under these trying circumstances.

We deemed it prudent to restrict the opening of new branches to the carrying out in some measure of a program we had planned early in the year; and we consequently confined ourselves to districts where we had no representation, except in some cases where our opening was a re-creation of other branches. The geographical distribution of branches and agencies as at 31st November, 1913, was as follows:

Total in Canada 386

Newfoundland 1

Ontario 176

Prince Edward Island 1

Quebec 84

Saskatchewan 57

Yukon 2

Total in United States 36

Newfoundland 1

Ontario 176

Prince Edward Island 1

Quebec 84

Saskatchewan 57

Yukon 2

Total number of Branches - 373

The number of the Bank's shareholders is now 6,026, as against 5,656 a year ago, an increase of 870. The following table indicates how widely our shareholders are scattered, not only in Canada, but abroad:

No. of Shareholders

Ontario 1,468 4,077,450

Quebec 1,182 3,011,900

Maritime Provinces 753 1,571,650

Vinces 126 257,700

Great Britain 1,722 3,315,650

United States 384 2,599,550

Other Countries 105 168,200

6,026 \$15,000,000

There has been a widespread agitation in the Central Western district as to the claims of the farmers for recognition of the claims and farm mortgage accommodation from the banks, but contention does not support this. A carefully prepared statement of the business of this bank in the western provinces shows that the total loans in this district to total loans in this district to be 55.5 per cent, which means that for every one dollar on deposit in these provinces there are two. A compilation of the figures of the business of this bank in Saskatchewan made at the request of the

such purchases differ in effect from the import of foodstuffs and other goods, and the objects of the same time are similar. To the extent to which, by making these goods in Canada, we could have lessened the debt represented by the securities we have sold to pay for the difference between imports and exports, we have burdened ourselves for a long time to come. Of course while workers are busy engaged in other things, as they have been in Canada, it may be said that they are not available for more work in iron and steel, but as soon as railway and other building seasons volume, not in the aggregate, but in proportion to other industries, we may be able to make in Canada the larger part of the iron and steel goods now imported. The increased output of our coal and iron has been a great help to our industries, which would be of inestimable value to the country as a whole.

In view of what has been accomplished in spite of so many adverse influences and taking into account the excellent evidence of the Bank Act, as an important feature of the last session of Parliament. A most interesting discussion and discussion of every conceivable phase of banking as it affects this country resulted in a measure evidently framed with the object of meeting every reasonable requirement and the Act is generally regarded as a piece of unusually good legislation. The most prominent of the new features are the provisions for the creation of a Central Gold Reserve and the appointment of auditors for the independent examination of banks.

The fact remains that under all this pressure England has taken more of our securities this year than ever before. This has not been a matter of surprise, but it is a matter of regret. The many sound and important enterprises, public, semi-public, and private, which have been undertaken for the benefit of the community, and which have opened the markets of the United States to our securities to an extent which has never before been known, have been hindered by the fact that we have not been able to secure a sufficient amount of capital for these enterprises. It is well to bear in mind some of the reasons for this. The first is the fact that the investment resources of the world and the securities offered for sale. It is the higher rate of interest offered by the United States to our securities to an extent which has never before been known, and which has opened the markets of the United States to our securities to an extent which has never before been known.

Now that we have come to a slight pause in the growth of North America, it is well to bear in mind some of the reasons for this. The first is the fact that the investment resources of the world and the securities offered for sale. It is the higher rate of interest offered by the United States to our securities to an extent which has never before been known, and which has opened the markets of the United States to our securities to an extent which has never before been known.

Be it enacted as a bylaw by the Board of Directors of the Canadian Bank of Commerce, that the annual general meeting of the Board of Directors of the Canadian Bank of Commerce, held on the 13th day of January, A.D. 1914, at the following substituted:

(1) That the first sentence of bylaw No. 1, adopted by the shareholders on the 12th day of January, 1905, and amended by them on the 9th day of January, 1913, be and it hereby is repealed and the following substituted:

"The Board of Directors of the Bank shall consist of twenty-one (21) in number, and shall be elected by the shareholders of the Bank at the annual general meeting of the Board of Directors, and hereafter the Board shall consist of twenty (20) in number. Three members of the Board shall constitute a quorum."

(2) Bylaw No. 4 adopted by the shareholders on the 12th day of January, 1905, and amended by them on the 9th day of January, 1913, be and it hereby is repealed and the following substituted:

"The Board of Directors of the Bank shall consist of twenty-one (21) in number, and shall be elected by the shareholders of the Bank at the annual general meeting of the Board of Directors, and hereafter the Board shall consist of twenty (20) in number. Three members of the Board shall constitute a quorum."

BARCELONA TURNS TO LOWER LEVELS

Spanish Issue Makes Low Record Since Its Local Listing.

C.P.R. NOT AN INFLUENCE

Mackay Preferred and General Electric Are Bought for Dividends.

If there was any feature to the Toronto stock market yesterday it was a fresh decline in Barcelona, which was offered near the close of the market at 24 3/4.

C. P. R. made another down turn on the big exchanges. The shares had no effect on New York, and its former prestige as an incoming Wall street firm now to have been lost.

C. P. R. STARTED A DECLINE IN LONDON

American Securities Were Depressed on Selling From Wall Street.

LONDON, Jan. 13.—Money was scarce and discount rates were dearer today. The Bank of England secured most of the \$2,000,000 of gold offered in the open market. The stock market was quiet and irregular as traders were principally occupied with the settlement of gold mines sagged owing to the African labor situation and home rails and Japanese bonds were easy.

BROOMHALL'S CABLES

LIVERPOOL, Jan. 13.—Steady American cables, and a strong Buenos Ayres yesterday were offset here by realising. The heavy increase in the European visible supply, heavy American clearance rather than large export offers, and less demand for Manitoba parcels, together with generally favorable European crop estimates, caused the depression.

CANADA'S TRADE ABROAD.

Canadian exports for 1912 totalled \$215,317,250, of which amount, \$151,858,413 went to the United Kingdom. These figures show an increase over 1911 of \$14,885,820 exports to Great Britain alone.

EUROPEAN BOURSES

BERLIN, Jan. 13.—Prices closed slightly higher on the bourse today. Exchange cheques money, 2 per cent.; private rate of discount, 3 1/2 per cent.

CONSOLS STEADY.

LONDON, Jan. 13.—Consols closed unchanged at 71 11/16 for money and 71 15/16 for account.

THE EXECUTOR OF YOUR WILL

The executor of an estate should possess a thorough knowledge of banking, real estate and an experienced organization for its management.

THE TRUSTS AND GUARANTEE COMPANY, LIMITED

43-45 King Street West, Toronto. JAMES J. WARREN, President. E. B. STOCKDALE, General Manager.

MARKET AWAITING WILSON'S MESSAGE

Bull Campaign in New York to Be Engineered Warily.

PRICES QUITE FIRM

While Number of Rather Obscure Issues Were Given Sharp Upturn.

NEW YORK, Jan. 13.—After observing an early tendency toward a lower level, stocks held firm today. The market was held in check by the effect of free selling in apes, but offerings were well taken. In spite of apparent unduly strong strength, no attempt was made to bring about a continuation of yesterday's upward movement.

While the standard shares moved narrowly, some of the stocks which were coming as classed in the inactive list were active. Securities of independent steel companies again made a good showing, and there were further advances in the fertilizer, petroleum and local traction issues.

WILL EXPORT GOLD.

Engagement of \$2,000,000 gold for export to Paris, while not expected at this time, had little influence on stocks. Cash has been accumulating here rapidly of late, and it is expected to continue for some time. In the absence of any unusual development, the local money market is not likely to be affected by shipment abroad of a moderate amount of gold.

TONE AT MONTREAL WAS REACTIONARY

Brazilian and C. P. R. at Lower Levels—Twin City Was Strong.

MONTREAL, Jan. 13.—The advancing tone of the local market today was reactionary. The market was held in check by the effect of free selling in apes, but offerings were well taken. In spite of apparent unduly strong strength, no attempt was made to bring about a continuation of yesterday's upward movement.

MEXICO TO REPUDIATE FINANCIAL OBLIGATIONS?

New York Bankers in Dark as to Reported Government Decree.

NEW YORK, Jan. 13.—(Can. Press.)—None of the local banks, houses with Mexican connections have received any word from the government regarding the reported decree of the government suspending financial obligations for one year on the Mexican railways of Mexico. It was without information on the subject. The news was puzzling to bankers in this city, for the reason that they have information to the effect that the interest due on Mexican governmental obligations Dec. 31, 1913, and Jan. 1, 1914, had been paid, or the next interest payments are not due for several months.

GOOD STATEMENT OF METROPOLITAN

Liquid Assets Over Forty-Five Per Cent. of Public Liabilities.

The annual statement of the Metropolitan Bank for the year ended Dec. 31, 1913, today shows the bank to be in a strong position.

At the end of the year the liquid assets of the Metropolitan Bank amounted to \$4,568,241.06, equal to 45.48 per cent. of the total liabilities to the public, while the cash on hand as represented by current gold and subsidiary coin was \$1,206,454.50.

The net profits for the year, after deducting charges of management, interest due depositors rebate on un-matured bills and after making full provision for bad and doubtful debts, amounted to \$1,143,632.76.

The profit and loss account at the end of the year stood at \$12,454,115.72. Of this amount the Dominion Government bearing interest including interest accrued to date, amounted to \$7,143,632.76 and deposits not bearing interest \$1,206,454.50.

The profit and loss account at the end of the year, after deducting charges of management, interest due depositors rebate on un-matured bills and after making full provision for bad and doubtful debts, amounted to \$1,143,632.76.

The profit and loss account at the end of the year, after deducting charges of management, interest due depositors rebate on un-matured bills and after making full provision for bad and doubtful debts, amounted to \$1,143,632.76.

The profit and loss account at the end of the year, after deducting charges of management, interest due depositors rebate on un-matured bills and after making full provision for bad and doubtful debts, amounted to \$1,143,632.76.

SEA SAFETY POLICY CREATING DISCORD

U. S. Delegates Opposed to Proposal That Disputes Be Arbitrated.

LONDON, Jan. 13.—(Can. Press.)—The international conference on Safety of Life at Sea, which has been holding its sessions here since last November, is in danger of splitting on the same point that wrecked the first international commission, called in 1893, to settle the complications arising from the Alaskan boundary.

In the boundary boundary, the American, Canadian and English commissioners founded on the question of arctic tonnage, and the same disturbing element menacing the fate of the present commission.

With the Panama tolls question in her mind, Great Britain has demanded that all disputes under the proposed convention and all violations of the law should be referred to arbitration between the parties in dispute.

U. S. senator J. Hamilton Lewis of Washington, D.C., on behalf of the American delegation, unqualifiedly opposed the proposal on the ground that it was contrary to the policy of America to allow any foreign nation to arbitrate the right of the courts of America to enforce the laws of that nation or of its states.

Lord Mersey, the presiding officer, then proposed that all disputes be sent to the international court of arbitration at The Hague, but this also was opposed by the Americans, because of the distance of the Netherlands capital from the United States, and the delay in reaching a settlement.

The French and Belgian committee suggest a conciliation board, but this also is under debate, but its progress practically is barred by the American opposition to the arbitration feature, and by the insistence of the United States delegates that any violation of the convention or treaty should be treated by the American courts as a violation of American law and punished accordingly.

STANDARD EXCH. ELECTED OFFICERS

D. G. Lorsch, the Well-Known Mining Stock Broker, Made President.

At the annual meeting of the Standard Stock Exchange yesterday considerable interest was attached to the election of the officers for the coming year. The result was as follows: D. G. Lorsch, president; S. G. Jackes, vice-president; A. J. Pattison, secretary; and the following board of directors: S. B. N. Patterson, Jos. P. Cannon, S. G. Dawson, J. M. Wallace and L. J. West.
