Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Glenbow-Alberta Institute
Calgary

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\longrightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Glenbow-Alberta Institute
Calgary

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\longrightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE

THE Fifth Edition of the North West Brand Book is the largest and most complete yet issued. The task of compiling it was much greater than was anticipated, and some delay occurred from this cause and also from the desire of the Government to include all brands recorded up to Jan. 1st, 1900.

The book is compiled direct from the Government records at Regina. While the greatest possible care has been taken to ensure accuracy, it is quite possible, where so many thousand brands are involved, that mistakes have occurred. Where such are found, the publishers will be glad to have them pointed out for correction in next year's edition. It must be borne in mind, however, that a brand cannot be altered in the body of the Brand Book unless it is first changed on the records at Regina. Brands in the ranch cards may, of course, be changed to suit the owners, irrespective of the Government records.

Orders for ranch cards in the next edition may be sent in at any time.

THE CALGARY HERALD CO., LTD
PUBLISHERS.

CALGARY, April 20th, 1900,

ABBREVIATIONS

TO contract the matter of the book as much as possible, the following abbreviations have been used throughout:

C, for cattle.

H, for horses.

rt. for right.

l. for left.

r. for ribs.

sl. for side.

sh. for shoulder.

t. for thigh.

h. for hip.

w. a. for any part of animal or whole animal.

RANCH CARDS

PROTECT your stock by having your brand engraved on a cut of an animal. Cuts and fac-similes are inserted at the following rates:

Ranch card with cut of animal	\$3 00
Each additional cut	2 00
Ranch card with fac-simile of brand	2 00
Each additional fac-simile	1 00

The logo of the German Society for the Study of the History of Psychology (DGVP) is a square emblem. It features a stylized, bold letter 'G' in the center. The 'G' is formed by a thick horizontal bar at the top, a vertical bar on the left, and a curved line on the right that ends in a small hook. The background of the square is white, and the 'G' is black.

Ranchers' Printing

It is to a cattle owner's advantage that his brand should be as widely known as possible.

Many ranchers adopt the excellent plan of having a cut showing their brand printed on their letter paper and envelopes.

It costs very little more than you pay a stationer for blank writing paper.

We have special facilities for engraving brands.

One thousand sheets large letter paper, with brand, name, address, etc., neatly printed, for \$4.50; 500 for \$3; 250 for \$2.

Ranchers' envelopes, neatly printed, 1000 for \$3.50; 500 for \$2; 250 for \$1.25.

Cash with order.
