JOHN CATTO & SON
King Street—opposite the Post-Office.

OWEN SOUND NEWS.
Owen Sound May 15—W. J. Totten, publisher of The Markham Sun, is visiting his former home at Gore Bay.

William Pulling & Co. of Windsor have purchased 650,000 feet of mill-calls from Sims Bros. of Little Current.

Keenan Bros. of Owen Sound have 2,000,000 feet of logs on the north shore, which will be cut in their mill here this season.

Georgian Bay sawmills are running night and day. The output of lumber this season promises to beat the record. The demand for lumber is unprecedented.

Wm. Houston, M.A., of Toronto is inspecting the schools on Manitoulin Island. Mrs. Houston accompanied him to the island.

GRAND TRUNK RAILWAY SYSTEM.
San Francisco and Los Angeles and Return for \$62.

The Grand Trunk Railway announce another cheap excursion to San Francisco and Los Angeles, Cal., Round Trip tickets will be sold for \$62.40 from May 20th to June 7th, 1902, with limit of 60 days. Choice of routes west of Chicago.

The Grand Trunk's splendidly equipped Pullman sleepers and cafe-parlor cars. For further particulars apply to J. W. Ryder, C. P. and T. A., northwest corner King and Yonge streets, Toronto.

Unitarian Church W.A.
The annual meeting of the Women's Auxiliary of the Unitarian Church took place yesterday, with a good attendance. The officers elected for this year are as follows: Honorary president, Mrs. T. S. Sunderland; president, Mrs. H. F. White; vice-president, Mrs. W. A. Hamilton; secretary-treasurer, Mrs. T. R. Roseborough; secretary of P.O. mission work, Mrs. E. D. Thompson.

Rev. J. T. Sunderland gave a very interesting address on Dr. Edward Everett Hale, which was greatly appreciated. At the close of the meeting refreshments were served.

A Clear, Healthy Skin.—Eruptions of the skin and the blotches which blemish beauty are the result of impure blood, caused by unhealthy action of the liver and kidneys. In correcting this unhealthy action and restoring the organs to their normal condition, **Pearl Paving** Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace.

Pearl Paving.
The entire surface of the Heart Pendant shown above is paved with perfect Pearls. The selling price is \$80.

We show smaller sizes in Turquoise or Pearl Paving at \$10 and \$15. Quality is maintained throughout our stock irrespective of price.

Ryrie Bros.,
100, Yonge and Adelaide streets, Toronto.

HIGHWAY OF THE EMPIRE

Canada's Opportunity Emphasized by the Vancouver, B.C., Board of Trade.

WOULD SUBSIDIZE OCEAN LINES

Resolutions for Dominion Board of Trade Conference to Be Held in June.

Resolutions continue to arrive at the Board of Trade from boards in various parts of the Dominion for presentation to the big conference to be held in Toronto on June 4 and 5. An important letter was received yesterday from the Vancouver Board of Trade enclosing resolutions and a memorial which they have forwarded to Premier Laurier. One resolution is:

"That every possible pressure should be put upon both the Imperial and Dominion governments to encourage by liberal subsidies, the establishment with the least possible delay of a direct British-Canadian Atlantic service superior in every particular to any existing line of steamers, and that it is equally important in the Imperial interests that a much-improved service be simultaneously placed on the Vancouver-Australia route, as these combined with the Empire Line to Japan and the approaching improved service by the Imperial Limited cannot fail to make Canada the principal highway of the empire; that integral parts of the empire should be factors in contributing to its defence; that the acquisition of a complete telegraph and cable system throughout the empire by the Postoffice Department could not fail to materially develop our commercial intercourse by affording a much lower tariff of rates than is at present in existence." The board suggests the following for consideration at the conference:

1. That the adoption of the decimal system of weights and measures throughout the empire be desired, and the establishment of a uniform system of weights and measures be desired.

2. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

3. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

4. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

5. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

6. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

7. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

8. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

9. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

10. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

11. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

12. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

13. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

14. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

15. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

16. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

17. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

18. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

19. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

20. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

21. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

22. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

23. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

24. That the adoption of a uniform system of weights and measures be desired, and the establishment of a uniform system of weights and measures be desired.

PARLIAMENT PROLOGUE

Senate Chamber Yesterday Afternoon Graced by Many Women.

Ottawa, May 15.—Parliament was prorogued this afternoon by the Governor-General. The Senate floor was occupied by handsomely gowned ladies, and the galleries were filled with spectators.

His Excellency was escorted to the Senate by the Esquimaux Guard, and received at the House of Commons by a guard of honor from the Foot Guards.

Lord Minto's speech, referred to the unusual number of acts incorporating industries and railway companies, the increase in the country's revenue, the influx of immigrants, as showing that prosperity is with us.

STRIKE IN SWEDEN.
Democratic Party Favors Suffrage Bill and Ties Up Business.

Stockholm, Sweden, May 15.—The general strike decreed by the social democratic party in support of the suffrage bill, the debate on which begins in parliament to-morrow, was carried out as arranged, and the tie-up of business has been practically complete since this morning.

Traffic generally is suspended. The street cars, cabs, vans, carts and steamers are not running and no work is going on in any of the factories or shops. The printers also have joined the strike, which will last through the parliament debate.

Navigation Notes.
The People's Ferry, which is running to Island Park from the foot of Church-street, is being liberally patronized this season. The boat, which is owned by the Clark Brothers and commanded by Capt. Thomas J. Clark, was converted into practically a new vessel last season. New engines were installed, the upper works were renewed and she was handsomely fitted up with all modern conveniences.

This season she has made her bow to the public looking trim and neat. She is the fastest ferry running over in a most graceful, easy manner, subjecting the passengers to no jostling. The Clark Bros. boat caters to the residents of Island Park, and will also carry this season a large number of picnic parties. Her owners invite the public to take advantage of this popular boat.

The hull of the yacht Kate, being built at the Palmer shipyard for Chas. MacDonald of New York was placed in the water yesterday morning. The vessel was lifted from the ways into the water by a huge crane. The Kate is 63 ft. long, 9 ft. 3 in. beam, with a draught of 3 ft. 9 in. and will have a speed of 12 1/2 miles an hour. When completed she will be one of the most beautiful yachts ever turned out in a Canadian shipyard.

The Dundee cleared last night for Oswego. Steamer rates will be put in effect for the 24th by the Hamilton Steamboat Co. Tickets will be issued for 65 cents, good to return until the following Monday.

On Sunday afternoon the band of the Queen's Own Rifles will give a concert at the Point.

The St. Joseph came in yesterday from Oswego with 613 tons of coal for Dickson & Eddy.

The Reuben Dowd is unloading a cargo of coal at the Concor Coal Co.'s docks.

The Cuba called here yesterday on her way to Montreal from Cleveland, and the Lake Michigan stopped to take on freight for Lake Superior points on her way from Montreal.

Chorea
OR
St. Vitus' Dance
Has Its Origin in Weak and Debilitated Nerves.

Children of Nervous Temperament Are Usually the Sufferers.

Paine's Celery Compound
AN INFALLIBLE CURE FOR THE TERRIBLE DISEASE.

While Chorea is common with children of nervous temperament, it is not infrequently observed in adults, and is the result of debilitated nerves.

Parents can easily note the leading symptoms: unusual nervousness, jerking of the limbs, and twitchings of the muscles of the face. Frequently the limbs affect a circle round the head, and the patient is unable to raise a glass of water to the mouth. The tongue at times is involved, and speech is stammering.

Deaf parents, when any of the symptoms just mentioned are manifest in their impetuous child to exercise all necessary care, and have your child use Paine's Celery Compound.

Paine's Celery Compound has already achieved a marvelous record in the cure of St. Vitus' Dance. It has made strong boys and girls out of puny and almost helpless children, and the hearts of thousands of fathers and mothers have been gladdened.

Bear in mind, dear parents, that it is folly on your part to try to cure the disease by the use of medicine when you note the symptoms of nervous troubles in your children. The great medicine Paine's Celery Compound enables them to grow up strong, happy and contented. Do not make it possible for them to be afflicted with this disease and enable them to grow up strong, happy and contented. Do not make it possible for them to be afflicted with this disease and enable them to grow up strong, happy and contented.

Humane Society Meeting.
The annual meeting of the Toronto Humane Society yesterday afternoon, J. J. Kelso, vice-president, occupied the chair in the absence of the president. The chief subject considered was the holding of a grand horse parade, it has been decided to hold on Civic Holiday, and full particulars will be published later.

W. V. Skane was appointed chairman of the committee, and he will be ably assisted by Dr. William Mole, Walter Harland Skane, and others. Steps will be taken to have Band of Mercy work taught in Sunday day schools. The secretary being instructed to correspond with the various officials. All citizens having dog troubles are requested to have their dogs vaccinated and kept with fresh water. This service will be much appreciated by the public.

Constable Chapman reported that two boys had been fined in the Police Court for robbing birds' nests.

50,000 Persons There.
Indianapolis, May 15.—Fifty thousand persons were present at the dedication of the Soldiers' and Sailors' Home today. Gen. Lew Wallace presided.

DR. A. W. CHASE'S 25c. CATARRH CURE
Is sent direct to the diseased parts by the Improved Blower. Relieves the ureters, clears the bladder, and cures the disease. Free. All dealers or Dr. A. W. Chase Medicine Co., Toronto and Duluth.

OBJECT OF THE CHANGES

Manufacturers Think Shippers Should Be Consulted Before Freight Classifications Are Made.

WILL BANQUET LORD BRASSEY
And Other Delegates From London Chamber of Commerce-Painters for Sir Wilfrid.

Various matters relating to Canada's industries were discussed at the regular monthly meeting of the Executive Council of the Canadian Manufacturers' Association yesterday afternoon.

President Robert Munro occupied the chair. In the report of the Commercial Intelligence Committee it was announced that provision had been made for increased facilities in securing financial and trade reports from foreign countries.

The meeting endorsed the recommendation of the committee in Belgium, South America and the Transvaal. The Exhibition Committee reported that they had taken steps in conjunction with the government to make the exhibits of the Dominion at the St. Louis and Osaka, Japan, Exhibitions as widely representative as possible.

A complaint was made that changes were being made from time to time by the Joint Freight Classification Committee without first consulting the shippers. This will be looked into by the Railway and Transportation Committee.

It was decided to tender a banquet to Lord Brassey and other members of the London Chamber of Commerce on their visit to Toronto in November next. The Board of Trade will be asked to cooperate with the association in making the banquet a success.

From the St. John Board of Trade, asking for preferential tariff, and a resolution of the Halifax Board of Trade, asking that mutilated coins be called in, and favoring the subsidizing of shipbuilding industry, were endorsed.

The committee appointed to recommend suggestions to Premier Borden, in connection with the International conference reported that they had forwarded the Premier's thirteen resolutions.

Several of their recommendations have been included in the government's plans. E. L. Drewry of Winnipeg was appointed vice-president for Manitoba, to succeed F. W. Thompson, who has been removed to Montreal.

FINAL SITTING OF HOUSE.
Mr. Fielding Expects a Larger Surplus Than He Had Calculated.

Ottawa, May 15.—In the House this morning, Sir Wilfrid's bill to rejoin stock companies received its final reading.

Mr. Kaubach urged railway communication from Halifax to the south shore of Nova Scotia.

Reports of an inquiry re the tax of C. P. R. lands in the West, and Mr. Sifton replied the government was moving in the matter.

In presenting the supply bill Mr. Fielding said he expected a larger surplus than he had calculated on in his budget speech.

Hon. Mr. Bernier read a report on coal oil in Manitoba, showing that there was one consignment of inferior oil last October. Mr. Boyd charged the customs office with neglect.

Cooking oil and kerosene that it was the duty of the government to alter the law so that the people would get the best oil at the lowest price.

The House the people of the West were prepared to pay a little more if they could by doing so get good oil.

To Inspect Mining Properties.
Charles M. Butcher and W. E. Watson of the firm of Butcher & Watson, managers of the Ontario and Northwest Territories, for Douglas, Lacey & Co., New York, left last evening to make an inspection of the mining and oil properties in California, Arizona, Colorado and Mexico, handled by that firm, in which a great many Canadians are interested.

In California they will visit the mines of the Consolidated Oil Company, the Mammoth Gold Company, the Consolidated Silver and Copper Company, the Mammoth Gold and Copper Company, El Capitan, and the plant of the Standard Smelting and Refining Company and the Mammoth Gold Company.

In Colorado they will go through the New Century mines, and in Mexico the Aurora group, as well as a number of smaller ones, as well as the Vizcaya Mining Company's property in the locality of the Mammoth Gold Company.

Canadian stockholders in the Standard Smelting and Refining Company, as well as the Mammoth Gold Company, are expected to be present at the inspection.

Going to Foreign Fields.
The Executive Committee of the Methodist Women's Missionary Society met yesterday afternoon to appoint the following missionaries:

Miss Ada Killam, Yarmouth, N.S., to Japan.

Miss Florence O'Donnell, M.D., Halifax, N.S., to West China.

Miss Martha Swan, Drayton, Ont., to Upper Skeena River district, B.C.

Miss Margaret Sherlock, Toronto, for Chinese work in Victoria, B.C.

Miss Margaret Baker, Ridgeway, Ont., to Kila-Matt, B.C.

The board will meet in Port Hope in October.

WHAT A DIFFERENCE IN THE MORNING

That nasty feeling of "Club" Old Tom Gin.

No other Old Tom will settle your stomach and clear your head as quickly as the "CLUB" OLD TOM GIN.

It's a strictly pure and wholesome spirit, distilled with aromatic herbs having medicinal properties especially adapted for stomach disorders.

"More true affection bear I to the rose
That's in a cheek than in a garden rose."
—RANDOLPH.

Any lady can banish wrinkles (unless the result of extreme age), sallowness, pimples, freckles, etc., and gain a complexion of roses and lilies with

Campana's Italian Balm
The finest skin food ever placed upon the market. Unrivaled for making neck, arms and hands white and velvety. At most city drug stores and proprietors.

THE HUTCHINGS MEDICINE CO., 786 Yonge St., Toronto.

CUNARD LINE OUT OF IT.
London, May 15.—In the House of Commons to-day, the president of the Board of Trade, Gerald Balfour, formed Rear Admiral Sir Charles Bampfylde (Conservative) that he had reason to believe that no contract existed giving the American Shipping Company the right to take over the Cunard line of the fleet of the Cunard Line.

British Steamer in Tow.
Melbourne, May 15.—The British steamer Boverie, from Melbourne, 21st for Port Natal, reported May 8 disabled at sea with loss of propeller, has arrived at Fremantle in tow. The Boverie had on board a lifeboat containing an officer and three men, who were rescued by the ship.

Another California Excursion.
The Washburn Railroad Company is again in the field with another cheap excursion to Los Angeles and San Francisco; the round trip will be less than the one-way first-class fare for the same route.

Good to return any time within 60 days. Choice of routes going and returning via Los Angeles or St. Louis. All tickets should read via Detroit, and the Washburn, the short and true route from Canada to California.

Chose Death in Water.
Ottawa, May 15.—Mrs. J. Denis, aged 72, formerly a resident of Hull, committed suicide at an early hour this morning by jumping into the surging waters of the Ottawa River at the foot of the Chaudiere Falls.

Chauvinist in an effort to prevent him, St. Denis is said to have acted strangely of late.

Doctor Shoots Himself.
Montreal, May 15.—Dr. J. A. Bouchard, of Rawshurst, Rhode Island, was found dead this morning in the Jacques Cartier Hotel with a bullet wound in his head and a revolver in his hand. The deceased had been drinking heavily, and he is believed to have shot himself while in a condition bordering on delirium tremens.

Circus in a Wreck.
Harrisburg, Pa., May 15.—Six canvas men were injured, three of them seriously, in a wreck of the canvas and wagon train of Forepaugh and Sells Bros. circus at 5 o'clock this morning at Marysville, six miles west of here. The injured were brought to the Harrisburg Hospital, and their wounds dressed.

May Wed Her Cousin.
Montreal, May 15.—Madame Adolphe S. Complain was expected by Mr. Justice Mathias in chambers yesterday from 2 to 4 o'clock. The judge came to the conclusion that she was sane at the same time she had been spending her money rather freely. It is likely that the parties will arrange their wedding at court so that she will marry her cousin, Louis Gagnon, but at the same time he will not have control of her property or money.

\$230 a Share.
Philadelphia, May 15.—By order of the United States District Court for Eastern Pennsylvania, James M. Beck, special master commissioner, to-day sold at public auction 5000 shares of the 10,000 shares of the Philadelphia Record Publishing Company, par value \$100. William S. Stenger of Philadelphia bought the stock for \$230,000.

TAX RATE UNDER 20 MILLS

Board of Control, Still Struggling
With the Estimates, Make
Some Changes.

CUTS ON SCHOOL BOARD FIGURES

Controller McMurrich Favors a Tax
Rate to Cover Obligations—
City Hall Notes.

It has transpired that the Mayor and the City Treasurer have practically decided upon a tax rate of 19 1/2 mills for 1902. There have been a number of lengthy conferences in the Mayor's office during the past two or three weeks, and the figures have been arranged so that by switching items to debenture and capital account the ratepayers can depend upon a rate as stated above, and less, if possible.

A Business Proposition.

"Wipe out these old scores and start out on a good financial basis," was the text of a long sermon from Ald. McMurrich to the Board of Control yesterday afternoon. "Make the rate 20 mills and let us be out of debt. The men who pay a large proportion of the taxes. What is the use of us keeping in debt when everything is in our favor to get out of it? We have an overdraft from last year and we owe it. We do owe it, don't we? Well, then, let us pay it. Clean off the old debts and let us be out of debt. The men who own the property are raising their rents. Pay as we go and wipe out all the overdrafts and everything. Don't cripple your departments and have them placed in the position they were placed in last year. Be as honest as possible and pay your debts. The fair, isn't it?" said Ald. McMurrich who, as a business man, differed with the Mayor on the ground of making a low tax rate and making next year pay the balance.

Ald. Graham Wants Low Rate.

Ald. Graham advanced any proposal that would keep the tax rate as low as it could be kept. He said that Ald. McMurrich had been talking only to the rich men of the city, whereas Ald. McMurrich replied that he had seen men who paid a lot of taxes, and the appropriate rate was no small, even if the tax rate was 20 mills, that they would advocate paying it and getting out of debt.

Ald. Louden said it was of no use arguing between the rich and the poor. All paid taxes, and the general benefit of both classes was to be considered. "Get the tax rate as low as we can, but let the people know what they are paying for," he said, with a view to the school tax.

McMurrich's Report.

"Sometimes there is more common sense in a layman than there is in a lawyer," said Ald. McMurrich, who, as Mayor, and His Worship technically smiled.

An Essential for Health Building.

Malt Breakfast Food is now recognized as a prime essential to health building. The ablest physicians as well as the most noted food experts after repeated tests and experiments have found to their satisfaction that Malt Breakfast Food contains much more nourishment and is more easily digested than any other food now on the market.

Doll-Dressing Contest.

The summer club of the Y.W.C.G. held a meeting last evening. The chief event was a doll-dressing contest, about forty dolls being dressed. The prizes were won by Miss Maud Law and Miss Nellie Whitlock, who were presented with handsome flower vases.

The Canadian Club.

R. E. Walker, general manager of the Bank of Commerce, will address the members of the Canadian Club at the luncheon of the club's 10-day. This will be the last regular weekly meeting for the season. The club will then adjourn until Friday, Oct. 3.

LOCAL TOPICS.

The Park Commissioners.

The Park Commissioners have decided upon a plan for planting 2000 trees this year. Only 2000 were ever planted here before in the same time. His Worship the Mayor has been invited to turn the first sod in preparation for the planting.

YORK COUNTY AND SUBURBS

Dr. Spence Addresses South York Teachers on Lay Opinions on Educational Matters.

FELL HEAD FIRST OFF A ROOF

J. Harrison Was Saved By Striking a Gilder, Which Gave Him a Tarn.

Toronto Junction, May 15.—The South York Teachers' Institute commenced their annual meeting in the High School this morning. Dr. Fotheringham presiding. There were present a large number of teachers from the South York Inspectorate, and interesting subjects were discussed. C. W. Nash gave an interesting discourse on "Nature Study," in which the peculiarities of insects, the migration of birds and the habits of living things in nature were entertainingly treated. I. L. Beattie gave a paper on "How I would treat words in 'ing,'" and H. Jones and A. W. Wrong, Markham, gave opinions in "Writing from a practical standpoint." In the evening, the courtesy of Miss Mackenzie, directress of the College of Music, an entertainment and public lecture was given in the College of Music Hall, at which Dr. Spence, chairman of the Public School Board, Toronto, delivered a lecture on "Some lay opinions of the current educational topics." Verdict of the examination was that the writing, he thought, had proved a failure, especially in the higher classes, where it became a serious matter. The essay where there was not individual teaching, and with 30,000 scholars in the schools, as in Toronto, it was not to be expected that it could be so good. He thought that teachers were underpaid, and that it could not be said of them that they were working for money. Miss Dorothea Davis, Wilberforce, and Miss George Waverly, pupils of the College of Music, were invited to the enjoyment of the visiting teachers by a varied and entertaining musical and literary program. The convention closes to-morrow.

J. W. St. John Will Address the Electors of Toronto Junction in Kilburn Hall to-morrow night.

J. W. St. John will address the electors of Toronto Junction in Kilburn Hall to-morrow night. J. J. Foy, K.C., and Rev. Peter Campbell will also speak.

J. Harrison of Lakeview-avenue, a carpenter working at the Canada Foundry Co., to-day fell head first off the roof of a building a distance of 100 feet.

All that saved him from breaking his neck is the fact that his shoulder caught on an iron girder and gave him a turn. Dr. McNamara attended his injuries.

At Kingston Station yesterday Geo. Deane boy had a narrow escape from injury.

His horse took fright at a train and ran away. When the wheels of the wagon struck the railway track six cans of milk and the boy were thrown over the dashboard. The boy hung on to the horse until the horse came to a standstill in St. George's street.

William Carruth threw a stone at the bartender of the Occidental Hotel this evening, and the bartender threw a glass at Carruth in return.

Swanston. The fight was broken up by the police. Carruth was placed in the police court in the morning.

On Thursday evening, 15th inst., a dramatic and musical entertainment was given in the Masonic Hall, Toronto.

Assisted by the following soloists: Miss Mabel Hickey, Miss B. G. Goudie, Miss H. Watson, Messrs. Heyes and Millward; Miss K. Bourne, accompanist. Friends in aid of St. Olave's church.

Friday last Township Engineer Gibson inspected the Swansea roadhouse and reported on several important improvements, including the grading of College-street between Ellis and Win.

demere avenues.

The funeral of the late Miss Mary Mackenzie took place to the cemetery here yesterday and was largely attended.

The young lady was in her 20th year, and previous to her removal to Churhill had resided at Willowdale. The funeral services were conducted by Rev. Mr. Ashcroft of York Mills.

North Toronto.

Owing to the annual teachers' convention, the Liberal school have remained closed since Wednesday.

Workmen were busy engaged yesterday trimming and painting the new flagpole, which will be erected in front of the Town Hall.

The staff is 75 feet high and will be topped by a flag. It was successfully flung by James Brown and John Smith. The town will contribute a flag in keeping with the staff, and it is proposed to fly the new standard on Victoria Day.

York Mills.

J. W. Mowbray held an organization meeting at York Mills to-night at 8 at Bell's Hotel. Friends from No. 5 and No. 6 divisions of York are asked to be present.

MAN THE UNCONQUERABLE.

New York World: Modern cities will be wiped out by fire before their builders' embers still smoulder.

At St. Pierre the question of rebuilding, as it is discussed, seems to hang not on the possibility of another volcanic catastrophe, but on the geographical consequences of the late eruption.

The human mite is occasionally hindered by outbreaks of elemental energy. He may be temporarily appalled. He is never dismayed beyond the day of disaster.

Separate School Board.

A special meeting of the Separate School Board was held last evening. General McMurrich presiding. Tenders for the erection of a four-room brick school on Osceola-avenue were accepted as follows: William Kean, mason and brick work, \$4200; Mauden Bros., carpenter work, \$2373; Dunswoth & Co., plastering, \$227; J. P. O'Brien, slating and gutters, \$553; J. J. Runkman, painting and decorating, \$250; Metal Roofing Co., roofing, \$1897; Bird & Co., heating and plumbing, \$1197. Total, \$9870.

Operator Suspended.

New York, May 15.—The suspension for thirty days from the St. George's telephone exchange of Eugene A. Sichel, a member of the firm of E. A. Sichel & Co., was announced this afternoon. The suspension was made on the charge that the suspended member had made use of "improperly obtained information."

Going to Winnipeg.

Matthew Popplewell, who has been with the Canada Bleuch Company for some time, was presented with a handsome case of pipes by the shipping syndicate. Mr. Popplewell goes to Winnipeg.

No person should go from home without a bottle of Dr. J. C. Kellogg's Dysentery Corral in their possession, as change of water, cooking, climate, etc., frequently brings on summer complaint, and there is nothing like Kellogg's with a sure remedy at hand which cures in a few days.

This corral has gained for itself a widespread reputation for affording prompt relief from all summer complaints.

Mrs. George Williams, Fairfield Plains, Ont., writes as follows: "As there are so many other medicines offered for sale in substitution for Laxa-Liver Pills I am particular to get the genuine, as they far surpass anything else for regulating the bowels and correcting stomach disorders."

Laxa-Liver Pills are purely vegetable; neither gripe, weaken nor sicken, are easy to take and prompt to act.

Those who have used Laxa-Liver Pills say they have no equal for relieving and curing Constipation, Sick Headache, Biliousness, Dyspepsia, Coated Tongue, Foul Breath, Heart Burn, Water Brash or any other disorder of the stomach, liver or bowels.

BURNING THE DEAD.

Great Fires, Fed With Petroleum and Tar, Kept Going.

Fort de France, May 15.—In the destroyed City of St. Pierre the work among the ruins is being continued. The dead are being burned, the pyres being fed with petroleum and tar.

Altho thousands have been burned, many still remain to be cremated. Searchers while walking thru the ashes, often stop upon what appears to be a charred pillar of stone, only to learn as it yields grudgingly under foot, that it is the trunk of another unfortunate.

Some of the walls of the houses that still stand crumble and fall at touch. Some idea of the terrible heat that poured down from Mont Pelée may be had when it is known that the iron rollers of the Pringle Sugar Mills were melted as they had been passed thru a furnace.

The Young Man's Hat Store

This is essentially a young man's hat store. Not that we don't handle hats for elderly men, but we make a specialty of hats for young men. For those who are particular and fastidious about their appearance. We realize that they know a good style in a hat, and for that reason we are particular to keep nothing but the best.

We are Dunlap's and Heath's sole Canadian agents. Every one red hot from the manufacturers.

Silk Hats, \$5 to \$8
Derby Hats, \$2 to \$5
Alpine Hats, \$2 to \$5

MORNING RUN OF THE HOUNDS

Again Last of Season, With Many in the Saddle—A Breeze.

The last regular afternoon run of the hounds of the Toronto Hunt Club for this spring took place about two weeks ago. Since that several early morning runs from the kennels have been held, at which the members have turned out well, in order that some might complete qualifying their mounts for the races. The last early morning run was held on May 14th, and the hounds were out at 7 o'clock sharp. The turn out was large and the run was a breeze. The weather could not have been improved upon, the early morning air being most bracing and the scenery round the kennels, with the freshness of spring, showing itself in the budding trees and that peculiar greenness of the grass in the early days of May, was indeed good to behold. The horses were in the fettle and the dogs eager for the chase. The start was made about 7:30 at the Newmarket race track. Among those who defied the catlike influence of Morpheus subsequent to a o'clock and who preferred to be awake for the start of the hounds, the houndsman's horn and the baying of foxhounds, were: Mr. J. Lovell on Courrier, Dr. W. A. Young on the Duke of York, Mr. Proctor on Tourist, Walter Macdonald on May, Mr. James Mill on Spark, Mr. Murray Hendrie on a thoroughbred, Mr. Louis on a polo pony of Mr. Hendrie's, Mr. Peden on Abingdon, Mr. Adanson on Dr. Young's horse, Mr. C. T. Peden on a thoroughbred, Huntman Munro and Whip Donavan and quite a bunch of the run took turned to the races, which opened in a few days. And by way of a finish to the last run for this spring a half mile breeze was run between Sargant, the Duke of York, two mighty good-looking half-breds. The race was won hands down by the Duke of York, who had been having to settle by buying various things in the line of refreshments at Gates Hotel.

ROSEDALE C.C.'S FIXTURES.

Season Opens May 24 With Guelph-Maritime Province Tour.

The Rosedale Cricket Club's regular season will open on the home ground May 24, with Guelph playing an all-day match. Mr. J. H. Forrester, secretary, yesterday handed out the list of fixtures, which will give Rosedale a good season. The team will likely take a tour thru the Maritime Provinces in July and August. The fixtures are as follows:

(Opp. the Cathedral).
We sell Boys' Overcoats, too.

A Toronto Boy's Success.

Clifford Williams, an old Toronto boy, who is known as William Clifford Williams, is making a fortune of \$300,000, which is estimated that tourists spend there annually, and the Imperial government spends about two and a half million dollars in keeping the island properly equipped as a military and naval base. Williams is a high as \$1.75 and \$2 per acre. Land is held in small holdings of three or four acres, and all are owned by Williams. There is a large class of independent land owners. The government disposes of three or four hundred acres of different kinds and a deposit of 100 per cent, which is collected unless the emigrant remains on the island three years.

Catarrh

JAPANESE CATARRH CURE removes that stinging feeling in the head and nose, clears out the throat and stops the drip of the catarrhal secretions, which irritates and purifies the diseased parts. Every breath carries the healing properties throughout the entire breathing apparatus. Don't suffer longer. Japanese Catarrh Cure will cure you. Send for sample, 50c at all druggists, or postpaid from the Griffith & Macpherson Co., Limited, Toronto.

Losers Held.

The islands termed British Gens of the Ocean, with the exception of Bermuda and Turk's Island, may be called sugar lands. Years ago, when there was a good demand for cane sugar, money was made very easily. It was a common occurrence for an estate owner to have forty or fifty thousand dollars a year to the good. At the present day most of the estates are mortgaged far in excess of their present value. Some of them are not operated, and a tumble-down sugar factory is not an unusual sight. The condition of those islands which have tried to keep up the fight and stick to sugar growing can thus be understood. With the exception of some of the islands in Demerara and Trinidad, all the islands that are being operated at a loss. The best sugar in the continent has caused the trouble. The bounty and cartel systems have been going on for years and forcing cane sugar off the market. The governments have been giving wonderful inducements to increase the production and exportation, with the result that they are driven to think that providing England and this continent with sugar cheaper than the consumers at the door of the mills can obtain it. So much the better for England and America we may say. Be this as it may, year by year England is losing more and more of her sugar supply to the West Indian Islands. Not only commercially is she losing ground, but she is driven to think that the Mother Country has neglected them, and cares not what becomes of them. The United States provides for them their best market, and in return is annually providing the islands with more and more of the necessities of life. Altho the United States is getting the trade, I hesitate to say that the people are anything but loyal to the United States, but where the mother neglects her child for as long as has been the case here, we must expect the child's affections to be to some extent alienated to its next friend.

REPORTS FROM WEST INDIES

Assistant Secretary Stewart of the Manufacturers' Association Tells His Trip.

PRESENTATION TO T.A. RUSSELL, B.A.

Given a Gold Watch, Chain and Locket By the Association.

The Canadian Manufacturers' Association last night held a dinner at McClellan's. There were present Cyrus A. Birge (chairman), President Munro, George H. Hees, Robert Christie, P. W. Ellis, R. J. Young, T. A. Russell, J. P. Murray and many others, making a total of 78.

The chief reason of the dinner was in a social way to receive the report of J. P. Stewart, assistant secretary, who, with President Munro, spent the last six months in the West Indies.

T. A. Russell, B.A., the retiring secretary, was presented with an address and a gold watch, chain and locket by the association. President Munro made the presentation.

Mr. Russell, replying, said he was truly grateful, and declared that manufacturers had to recognize labor. He saw hope, however, in arbitration.

Mr. Stewart then presented his report, as follows:

J. F. Stewart in his report stated that in all 12 places were visited: Bermuda, St. Lucia, Antigua, St. Kitts, Dominica, Montserrat, St. Vincent, Barbados, Trinidad, British Guiana, Turk's Island and Jamaica.

All of these places are ports of call for the Pickford & Black boats, and in addition the Canada-Jamaica Steamship Company has a regular service between St. John and Kingston, Jamaica.

The area of the colonies varies from twenty square miles in Bermuda to 100,000 in British Guiana, with a total area of 116,000 square miles. The population, however, varies from 10,000 in Bermuda to 240,000 in Jamaica.

The total population of the islands varies from 10,000 in Bermuda to 240,000 in Jamaica. The total population of the islands varies from 10,000 in Bermuda to 240,000 in Jamaica.

Bermuda is the island nearest Canada, and the market is good and safe. The merchants are prosperous and have plenty of ready money. The blue book tells us that the imports exceed, by three or four times, the value of the exports. The exports are mostly raw materials.

The United States takes practically all of them. Of the imports for 1900, 587,000, the United Kingdom supplies 1-4, United States 5-8, and Canada 1-12. For 1901 the principal items are sugar, molasses, butter, 38 tons, compared with 124 tons from the United States; cheese, 35 tons compared with 10 tons from the United States; as compared with 11 tons from the United States. Box material, oil, fish and potatoes make up the greater part of the balance.

Prosperity accounted for. Prosperity is accounted for by the \$300,000, which is estimated that tourists spend there annually, and the Imperial government spends about two and a half million dollars in keeping the island properly equipped as a military and naval base.

Williams is a high as \$1.75 and \$2 per acre. Land is held in small holdings of three or four acres, and all are owned by Williams. There is a large class of independent land owners. The government disposes of three or four hundred acres of different kinds and a deposit of 100 per cent, which is collected unless the emigrant remains on the island three years.

The building material is coral, which is easily quarried. The coral is used for the roof as well as for the walls of buildings. This is because of the fact that the island is dependent on rain for their water supply, which is caught on the coral roof and runs down the sides of the buildings.

The imports of lumber last year were valued at \$1,000,000. The lumber is used for the construction of buildings. The imports of lumber last year were valued at \$1,000,000. The lumber is used for the construction of buildings.

Without a single exception the reports of the islands are in favor of the objects of our association. On even terms, we can have the greater part of the business done outside of Britain. If our manufacturers are to be successful, they must have a market outside of Britain.

A small discount will bring eight exchange against bills of lading, once or twice a year. The bank of Bermuda charges 10 per cent. collection on bills of lading. The bank of Bermuda charges 10 per cent. collection on bills of lading.

Turk's Island is a small port of call. The imports for 1900 are \$20,000, 2-3 of which come from the United States and 1-15 from Canada. The population is about 2400; 1,800,000 bushels of salt is about the limit. This island is in the happy position of having a surplus invested in British consols.

Losers Held. The islands termed British Gens of the Ocean, with the exception of Bermuda and Turk's Island, may be called sugar lands. Years ago, when there was a good demand for cane sugar, money was made very easily. It was a common occurrence for an estate owner to have forty or fifty thousand dollars a year to the good. At the present day most of the estates are mortgaged far in excess of their present value. Some of them are not operated, and a tumble-down sugar factory is not an unusual sight. The condition of those islands which have tried to keep up the fight and stick to sugar growing can thus be understood. With the exception of some of the islands in Demerara and Trinidad, all the islands that are being operated at a loss. The best sugar in the continent has caused the trouble. The bounty and cartel systems have been going on for years and forcing cane sugar off the market. The governments have been giving wonderful inducements to increase the production and exportation, with the result that they are driven to think that providing England and this continent with sugar cheaper than the consumers at the door of the mills can obtain it. So much the better for England and America we may say. Be this as it may, year by year England is losing more and more of her sugar supply to the West Indian Islands. Not only commercially is she losing ground, but she is driven to think that the Mother Country has neglected them, and cares not what becomes of them. The United States provides for them their best market, and in return is annually providing the islands with more and more of the necessities of life. Altho the United States is getting the trade, I hesitate to say that the people are anything but loyal to the United States, but where the mother neglects her child for as long as has been the case here, we must expect the child's affections to be to some extent alienated to its next friend.

After referring to the remedial expenditures by Great Britain to assist the islanders he goes on to say that at the present time the Canadian preferential tariff of 23 1-3 per cent, when applied to West India sugar, comes short by a few cents of the countervailing duty in the United States. The result is that the planters find in the States a slightly better market than we can give them. The United States market, is,

Y.M.C.A. ANNUAL MEETING

Secretary Rodger Handed in His Resignation Owing to Ill-Health—No Action Taken.

DEFICIT OF \$700 IS DISCOVERED

Street Car Takes off the Foot of Twelve-Year-Old Harold Marsh.

TO-DAY IN HAMILTON.

Registration Courts. 12th Regiment parade, 8 p.m. Daughters of the Empire concert, Hotel Royal, 8.15 p.m. Trades and Labor Council, 8 p.m.

Hamilton, May 15.—The annual business meeting of the Y. M. C. A. was held to-night, with President S. F. Lazier in the chair. The reports on the whole were regarded as satisfactory. The membership was given as 715, with 295 in the boys' department. The receipts for the year were \$5316.87 and the disbursements \$5027.78. A special effort will be made to reduce the deficit, which was incurred thru needed alterations and repairs. Secretary Rodger has handed in his resignation owing to poor health. No action was taken on it, the directors hoping he would withdraw it. The following were elected directors for three years: W. J. Atchison, S. F. Lazier, George Rutledge, P. Clarendon and George Rutledge. The directors subsequently elected the following officers: President, W. J. Atchison; vice-president, J. O. Callaghan; secretary, J. G. Y. Burkholder; treasurer, J. Clarendon.

At Home and Concert. The Ladies' Society of St. Lawrence's Church held an at home to-night. Concord Lodge, A.O.U.W., had a smoking concert to-night in the lodge room.

Foot Broken Off. Harold Marsh, a 12-year-old son of Henry Marsh, 223 West Main street, ran in front of a street car on the corner of Main and Front streets. The street car struck him, breaking off his foot. He was taken to the General Hospital in the ambulance.

Seven Coronation Men. At the parade of the Hamilton Field Battery to-night, Major Hendrie picked out seven men for the coronation contingent. As only four are wanted, the surplus will be the lucky ones. Here are the names of the seven: Shaw, Stacey, Peace, Coy, Hopkinson, Henridge, Buscombe.

High Noon Is Dead. Hugh Brown, the G.T.R. car repairer, whose legs were run over by a train last Saturday, is dead at the General Hospital. It was found necessary to amputate both feet, and at first no hope was held out for his recovery. He, however, rallied a little, but today he sank to his death. The deceased had been employed a good many years by the company.

Market Superintendent Hill wrote to Hon. S. Fisher, Minister of Agriculture, asking whether tomatoes put up in boxes were to be classed as fruit or not. He received the following reply: "Tomatoes are put up in boxes in the same way that peaches and other fruits are, they would be considered fruit and would be subject to the same duties. I have not yet, however, given any instructions in regard to this to the inspectors."

Police Notice. Herbert Bowman, who broke into the King street station baggage room the other night, was allowed to go on suspended sentence by the magistrate.

Eather Vagor, a domestic, pleaded guilty to the charge of stealing jewelry from her employer. She will be sentenced to-morrow.

Robert Stonehouse, John Lamplman and Thomas Connors will be tried on Saturday by the county judge on charges of theft.

Wheat went up to 83 1-2 cents a bushel on the grain market to-day. Lyman Lee and William Ray of Toronto will represent the Ontario Grain Council of the Royal Arcanum at the Supreme Council that opens in Atlantic City to-morrow.

The funeral of the late Joseph Connors took place to-day. Burial was in the cemetery at 10 o'clock.

Tenn Foot Race. To-morrow evening at 7 there will take place on Dufferin Park track what promises to be the most interesting foot race seen here this year, between teams representing the Grims, West End Y.M.C.A. and Central Y.M.C.A. Harrier clubs. The Grims and West End are the best talent available, these attending will be assured of seeing a well-contested race.

An attempt, cleverly prepared, to express a contrary opinion may possibly give rise to some misunderstanding, but can never be accepted as an expression of general sentiment on the capital topic of Canadian politics."

Drink Grano, Cereal Coffee. A mass meeting of the city members of national and fraternal societies in Mason Hall for the purpose of celebrating King Edward's coronation proposed by Court Humphrey Ancient Foresters.

Grano Cereal Coffee, Canadian Make. A mass meeting of the city members of national and fraternal societies in Mason Hall for the purpose of celebrating King Edward's coronation proposed by Court Humphrey Ancient Foresters.

Are an invaluable remedy for all diseases and disorders arising from Weak Heart, Worn Out Nerves or Watery Blood.

They are a true heart tonic, nerve food and blood enricher, building up and renewing all the worn out and wasted tissues of the body and restoring perfect health to those who are troubled with Nervousness, Sleeplessness, Nervous Prostration, Brain Fag, Faint and Dizzy Spells, Lightheadedness, Palpitation of the Heart, Anæmia, General Debility, After Effects of La Grippe and all troubles arising from a run down system.

MILBURN'S HEART AND NERVE PILLS are 50c. per box or 3 boxes for \$1.25 at all druggists, or will be sent on receipt of price by

The T. MILBURN CO., Limited, Toronto, Ont.

What is Distilled Water Good For?

Whole books are written on the subject—distilled water is without a peer as a beverage, with a few drops of phosphoric acid added; since it is pure, and is a solvent of the undesirable lime deposits abounding in food. If you want a demijohn sent to your house order from

J. J. McLAUGHLIN, Chemist
151 SHERBOURNE STREET.
