VERDICT "POPULAR" ARMSTRONG ADMITS

FATAL RETURNS REVEAL HUGE MAJORITIES SECURED IN EVERY CONSTITUENCY

Liberals Have Only Three Members Returned With 43 Candidates in The Field—Labor Unrepresented

PREMIER ARMSTRONG IS DEFEATED

Premier-elect Rhodes Secures Great Personal Victory—Victoria County Elects One of Each Side—Barnjum Goes In on Tidal Wave in Queens

HALIFAX, N. S., June 26.—Nova Scotia found itself this morning in the hands of a Conservative administration-elect for the first time in 43 years, while the Liberal forces which had wielded uninterrupted power during that period found themselves with but three survivors in an assembly of 43, as a result of the most astonishing political upheaval recorded in Nova Scotia since Confederation, achieved at the polls in yesterday's provincial election.

The Liberal government went down with it, when Shelburne county, which he contested, returned two Conservative members with safe majorities.

Only one Liberal member of the last House was returned, Hon. William Chisholm, Minister of Works and Mines, who with his colleague was elected in Antigonish county. Alister McLeod, a newcomer to the political field, was elected in Victoria county.

LABOR OBLITERATED. Labor was obliterated and eight of its candidates are believed to have lost their deposits. In this connection it may be noted that the celebration was held in Cumberland county, where he ran under the endorsement of the Conservative party.

The storm, which was accompanied in some districts by thunder and lightning, rendered quick transmission of the returns difficult for the telephone and telegraph companies, but the result was not in doubt after 11 o'clock.

Premier Armstrong is expected to return to Halifax today from his constituency, where he and his colleague, Hon. Robert Irwin, Speaker of the House, received the news of their defeat last night.

PREMIER ARMSTRONG. Last night Premier E. H. Armstrong at Shelburne gave out the following statement: "Latest information unmistakably indicates that a substantial majority of the electors have come to the conclusion that a time for a change had arrived. The outstanding majorities in many of the counties clearly show that a popular verdict has been rendered against the government. It is quite impossible at this distance, and without the full facts before me, to arrive at any well reasoned cause for the defeat of the government. The Liberal party had as fine a lineup of candidates in the field as ever presented themselves to the electorate for support, and that they put up a gallant fight against overwhelming odds, will be admitted by the entire country. The verdict would seem to indicate that there is no very practical desire for a redress of our economic ills. I am satisfied, however, that the determination of our people to secure a redress of their grievances will have to be dealt with."

EXPRESSIONS THANKS. "I wish to express my sincere and warmest thanks to all candidates and party friends for their splendid support and hard work during the campaign. The government appealed to the people with a constructive programme that we felt deserved support. It can only be too true that I am convinced, however, that the policy which the government put forward and supported must, in the interests of the province, some day be ripened into action.

There is little doubt that there were many causes contributing to our defeat for which the government was held responsible. It was more than evident that many irrelevant issues were raised by the opposition for which the government was neither directly nor indirectly responsible. These all had their effect. The opposition have sown to the wind—they must now reap the whirlwind."

NEW LEADER. Last night Hon. E. N. Rhodes gave out the following statement: "The magnificent victory achieved by the forces of the Opposition in today's contest, I do not regard as a victory for the Conservative party alone, but rather a victory of the whole people—Liberal, Conservative,

SOLUTION SOUGHT IN LABOR CRISIS

Nominations 7 Days Before Polling Time

OTTAWA, June 26.—Reduction in the time between nomination day and polling day, in Federal elections, met with considerable opposition in the House of Commons yesterday. The bill to amend the Dominion Elections Act would reduce the interim between nominations and polling from 14 days to seven days.

CANDIDATES LOSE DEPOSITS IN LANDSLIDE

Those Failing to Secure Half Votes Scored by Opponents Are Out Money

HALIFAX, N. S., June 26.—Six Government candidates and eight Labor lost their deposits in yesterday's Conservatively landslide. The Liberal candidates failed to obtain half the number of votes secured by their lowest successful opponents were: M. A. Archibald and Frank Iyemore in Colchester; Mayor James McConnell and Dr. Dan Macdonald, in Cape Breton Centre; and James L. Mackinnon and D. C. Macdonald, in Cape Breton East.

FRENCH CURRENCY INCREASE PROPOSED

Issue of Four Per Cent. Bonds on Gold Parity Also Considered.

PARIS, June 26.—Semi-official sources said today that Finance Minister Caillaux proposes to increase the French currency by six billion francs, and to increase the Bank of France's advances to the state by the same amount. His financial plans, it was stated, also include the issuance of 4 per cent. bonds on a dollar or gold parity, guaranteed against exchange fluctuations.

NOT PARTY WORK. The Halifax Herald editorially says in part: "The decision of yesterday is not the work of a party. All classes of Nova Scotians, men and women, of every shade of political conviction, united in bringing about the downfall of machine government in this province. The people had been exceedingly patient and enduring. They had waited on successive governments, reposing confidence in them, ever and anon giving them fresh opportunities to prove their patriotism and faithfulness. But patience was exhausted. Confidence was betrayed. Opportunities were wantonly disregarded. For this unworthiness, the Armstrong government paid the penalty yesterday, when the people's opportunity was given to them at the polls."

United States Government Asked to Show Firmness in the Chinese Situation

British United Press. LONDON, June 26.—The American Association in China has cabled the State Department in Washington urging the government to "show firmness and demanded that China be held responsible for the lives and property of foreigners, and for the observance of the treaties until they are modified by orderly processes."

There are rumors, suspicions, petty jealousies and intrigue, but in the end all turns out well, just as all good stories should.

Will Consult Dominions On Security Pact

British United Press. LONDON, June 26.—"The Dominions will all be consulted and will be asked their opinions on the security pact before it is actually signed" was the statement made by a high authority today. If signed by Britain in face of Dominion disapproval a clause will be inserted at the end of the pact saying that Canada and other Dominions are not affected by the pact unless they specifically state that they share its obligations. This, it is thought, would protect their position internationally.

SHIP'S PAPERS REVEAL GREAT RUM SYNDICATE

British and French Financiers Are Backing Operation

"CHERIE" SEIZED

Cargo of High Grade Liquors Taken on Schooner on Maine Coast

BANGOR, Maine, June 26.—A rum syndicate backed by millions of dollars, at the command of British and French financiers, and operating in the United States through the influence of wealthy United States citizens, is revealed in the ship's papers of the schooner Cherie, it is disclosed. The Cherie was seized off the Maine coast with a half-million dollar cargo of high-grade liquors which is now under guard in the rum room of the Federal building here.

Names of the British and French liquor owners are in the hands of the government officials, it is learned, as well as proof that the half million dollar cargo was intended for wealthy residents of Maine summer resorts.

Captain Harry Ducos, master of the Cherie, had not obtained the \$5,000 bail in which he was ordered held yesterday when arraigned before a United States commissioner here yesterday. His men are held under \$2,000 bail each.

ENGLAND WATCHES SOVIET MOVEMENT

Chinese Situation Said to be Caused by Russian Propaganda—More Outbreaks.

By HERBERT BAILEY British United Press. LONDON, June 26.—The British government is watching the spread of Russian propaganda in China with the closest scrutiny. It is found that the evidence which it has already gathered is substantiated, immediate representations will be made to Soviet Russia pointing out the breaches in the trade treaty with Britain which prohibits such propaganda. A large amount of evidence has already been gathered showing that the Russians are behind the anti-foreign movement which has been directed principally against the British and the Japanese but the British want to be absolutely sure of their ground before taking definite action.

Russia apparently has political reasons for entering apart from her general policy of spreading such propaganda. Russia fears that the security pact means the "gnoring" of her in world politics and is determined to keep herself in the forefront by becoming the world's great nuisance if she cannot do so by other means.

Britain, however, does not intend to allow Russia to direct anti-British movements all over the world with impunity because Russia has given her word not to do so.

OTTAWA, June 26.—When the vote to provide for the annual pension of ten thousand dollars to Hon. W. S. Fielding came before the House of Commons, at an early hour in the morning, Hon. George P. Graham, Minister of Railways, paid a brief tribute to the veteran minister of finance. Mr. Fielding, he said, had devoted his whole life, to public service. He had entered public service a poor man, and he was a poor man today.

"No matter what sum was put in the estimates, it would not repay the services of Right Hon. W. S. Fielding," said Mr. Graham.

Hon. E. M. Macdonald, Minister of National Defence, joined with the Minister of Railways in tribute to Mr. Fielding, as a colleague from his own province of Nova Scotia. The vote was carried amid general applause from all sides of the House.

Fractured Skull Results From Hitting Head on Concrete Walk.

BOSTON, June 26.—A fall of five feet from her back porch to the ground resulted in the death of Mrs. Nancy Rogers, 79, of 698 Green street, Cambridge, yesterday afternoon. She had been hanging out her wash and was returning to the house when she was seen to reel and collapse, falling down the stairs to the ground.

Neighbors rushed to her assistance and a physician was called, but Mrs. Rogers was dead. Death was due, he said, to a fracture of the skull.

VOLUNTEERS SEARCH RUIN FOR BODIES

Blast Causes Whole Structure to Collapse Suddenly

FIREMAN KILLED

Exits to Building Blocked and Stairways Crumble, Trapping Audience

KANSAS CITY, June 26.—An indefinite number of persons, probably 35, were killed and scores were injured, when an explosion, followed by a fire, destroyed the Gillis Theatre, a burlesque house, here, last night. A audience of about a hundred was viewing a motion picture.

Hours after the destruction of the five-story theatre building, today, no definite estimate of the number of dead could be made, although police and fire officials said they believed from 30 to 35 of the hundred or more persons in the theatre and restaurants and stores of the building had been trapped in the debris.

Firemen today organized a volunteer party of 100 men to search the smouldering wreckage for bodies.

They predicted it would take many hours of digging before an accurate appraisal of the casualties could be made.

FIREMAN KILLED. A fireman, John Hogan, was killed on his way to the scene, when a fire truck overturned. Two other firemen were injured.

The explosion came at 11 o'clock. Flames enveloped the structure almost immediately following the blast, and the roof and floors of the ancient building collapsed.

Exits of the theatre, which was on the second floor, were few. A main entrance and a rear exit both led down a confusing arrangement of hallways and stairs of wood, which crumbled in a moment under the falling building.

EXITS BLOCKED. Firemen gathered from survivors indicated the front exit must have been cut off by the collapse of the theatre floor, but none of those who reached safety by a rear exit could tell clearly how he got out or where he went.

The midnight picture show had just started when the blast rocked the building, bringing down the balcony as the floor gave way, according to survivors.

Only a few members of the burlesque company were in the theatre, the rest being in nearby restaurants.

BRICKS FLY. When the entire centre section of the building collapsed it sent bricks and debris into surrounding streets, and broke windows in buildings nearly a block away.

Thirty minutes after the explosion the south wall of the theatre fell, crushing several small stores.

"All I could see was wreckage, and everybody swarming, screaming and shouting," he said. "I don't know how I got out."

MILITARY IN CONTROL

ATHENS, June 26.—The Greek Government under the premiership of Michalakopoulos has been deposed and a new government under military control is installed at Athens. The revolutionary movement started simultaneously in Athens and Saloniki, when anti-government forces after a brief and harmless fusillade seized the telegraph offices and cut communications.

The military movement had been foreseen for several days but up to the last minute the government had declared itself master of the situation and was absolutely convinced of the loyalty of the troops.

THE LEADERS. Premier Veniot is expected to be in Saint John tonight. Hon. J. B. M. Baxter, Opposition leader, has returned to the city after being at nomination meetings outside.

REPAIRS MADE. The water was shut off in the '86 inch main from Spruce Lake last night about midnight to repair a leak. The repairs were made and the water turned back into the main about 4 o'clock this morning.

ROYALS VS. SAINTS. In the City League tonight, the Royals and St. Johns will play on the North End grounds. On the South End, a great game is expected between the St. John Baptist and the Water Department (Hannah and Dalton will be the pitchers).

TO WEST FOR YEAR. Miss Bertha Boyaner will leave soon to reside in Vancouver for a year with her brother, Dr. Harry Boyaner, manager for British Columbia for the Imperial Optical company. Miss Boyaner has been feted by friends at delightful functions. She is captain of the Hebrew Girl Guides and the girls at the school regret that she will be absent from them for such a long period.

'YS' CLUB LUNCHEON. There was a large attendance at the weekly luncheon of the Y's Men's Club in the Y. M. C. A. at noon today with C. M. McCully in the chair. The speaker was Bayard Shillwell and his subject was "Fraternalism as Regards Citizenship." A nominating committee composed of C. M. McCully, S. H. J. Hargreaves and H. F. Black was appointed to draw up a slate of officers for the second half of this year, to be elected early in July.

BOY IS FOUND. Walter Bent, 11-year-old son of Arthur Bent, 90 St. James street, left for school yesterday afternoon but failed to show up during the night and his parents notified the police. The West End officers searched carefully for him during the night and this morning Sgt. O'Neill received word that the boy was at a home in the Manawagish road, where he was given shelter. The parents then were notified regarding the boy.

LEAVE FOR ENGLAND. Among the passengers from New Brunswick sailing by White Star-Dominion Line S.S. Megantic from Moncton for Liverpool Saturday morning will be Mrs. H. Grier of Campbellton, Miss Inez Welling of Shediac, Mr. and Mrs. J. Roberts and Miss Margaret Turner, Fairville, N. B., and A. J. HYDRO FINANCE. A meeting of the City Hydro Commission will be held this afternoon. One of the matters to come up will be providing for the payment of the adjustment account of the New Brunswick Electric Power Commission. This account was about \$62,000, of which the commission had about \$12,000 on hand. It is expected the city council will be asked to provide the balance of the amount.

CHANCELLOR RETURNS. Bernard Stowell, Grand Chancellor Maritime Domain, Knights of Pythias, returned yesterday after official visits to loges in Nova Scotia. He was accompanied on the trip by Past Chancellor Stratton of Moncton. On Monday night he paid a joint visit to Springfield and Oxford lodges, and on Tuesday, Tuesday the meeting was at Port Greville, where Port Greville, Advocate and Parrboro lodges held a joint meeting and on Wednesday night a joint meeting of New Glasgow and Westville lodges was held at Westville for the Grand Chancellor.

DIED THIS MORNING. Mrs. Sarah Isabel Morrell, widow of J. W. Morrell, died at the home of her son, Scott E. Morrell, 90 Princess street, this morning, after an illness of a year. Mrs. Morrell would have been 84 on next Monday. She was born in Scott's Settlement, Queens county, but had resided here most of her life. She was active in the Victoria street Baptist church in her earlier life and until infirmities overtook her. She leaves besides her son, with whom she resided, another son, James W. Morrell, also of Saint John; five grandchildren and five great grandchildren. The funeral will be held on Sunday afternoon at 2:30 o'clock from the residence of Mr. and Mrs. Morrell to Cedar Hill.

John Livingstone. John Livingstone passed away at the home of his son, George W. Livingstone, 222 Prince Edward street, yesterday afternoon at 3 o'clock. Besides his wife, he leaves to mourn two sons, Walter W. and George W.; two daughters, Mrs. C. R. Parlee and Mrs. C. Peterson, all of this city; one brother, William Livingstone, and one half-brother, George Lourie, both of New Jerusalem; 17 grandchildren and three great-grandchildren also survive. The late Mr. Livingstone has been a resident of this city for the past 30 years and was a coal dealer. The funeral will be held Saturday afternoon at 3:30 o'clock from his late residence.

Jarvis R. Steeves. MONCTON, June 25.—The death of Jarvis R. Steeves occurred today at his residence, 830 Bonaccord street. Mr. Steeves had been a resident of the city for the last 20 or more years, having been a farmer at Boundary Creek previous to that. He was 77 years of age. He is survived by his wife and one son, Otto, of this city. The funeral will take place at 2 o'clock on Saturday with service at Boundary Creek at 3 o'clock.

HONG KONG, June 26.—All the foreign missionaries have escaped from Canton but there are grave fears concerning the fate of some of those in the country districts from whom nothing has been heard since the outbreak of the anti-foreign movement. This is the report of O. W. McMillen, and W. W. Wrighton, Presbyterian missionaries, who arrived here today from Canton.

problems be given serious consideration and that an expert be secured to make a study of the situation, and that an investigation be made into the freight rate situation as it affected the Maritime.

The committee recommended an increase of a flour mill reported that in 1910 there had not been much progress, but they were still working and had taken the matter up with some of the United States mills.

G. B. Barbour is chairman of the committee preparing matter for the conference at Moncton and the board expects to suggest some important matters for consideration.

The hydroplane which has been here since Wednesday got away this afternoon at 1:30 o'clock after being detained here by trouble with the generator. A new generator was brought from headquarters at Halifax yesterday.

The aviators were busy this morning tuning up the engine and many citizens lined Reed's Point wharf and watched them. The engine did not function properly at first, but the flyers finally got it in working order. The three officers and the corporal all left on the last lap of the jump to Fredericton. They will stop off here for fuel on the way back to Halifax after completing photographic survey work for the Dominion Government.

At the residence of Mr. and Mrs. H. J. Machum, 4 St. James street, this afternoon at 6 o'clock, Mr. Machum's sister, Miss Veturia Machum, daughter of Mrs. Alice J. and the late John S. Machum, will become the bride of Stanley E. Fisher, son of Mrs. Charlotte Fisher and the late Samuel Fisher of this city. Rev. Dr. S. S. Poole, of Gervain street Baptist church, will perform the ceremony.

The matter of immigration was another which it was considered should be a headline and efforts will be made to see that this part of the country receives more attention from the federal immigration authorities. It was pointed out that immigrants who would have made ideal settlers for these provinces had been carried to the prairies, where they were not suitably located, notably the Croftens.

With regard to a suggestion that the name of the board be changed to the Chamber of Commerce it was decided not to take any action for the present. The matter of formation of a junior section of the board also stands in lieu of the latter it was decided to make an effort to have the young business men of the city take a more active interest in the board and its work.

Action on the suggestion that trade sections, embracing the wholesale, retail and manufacturing interests of the province, was deferred for more information.

Quaint Scene of Old Quebec on Canadian Advertising Agency Ltd. Calendar.

The Times-Star has received from the Canadian Advertising Agency, Ltd., Montreal, a fine large wall calendar for the latter part of the present year—June to December—and for the whole of next year. The upper portion is given up to a striking old Province of Quebec scene. It shows the old customs house and the first public square that was set apart in Montreal. That was in the year 1676.

At the dock which is seen in the foreground, are tied up several sailing vessels of the type of that day, with their old style rigging and arrangement of sails. An idea of the dress of the time and the vehicular traffic of the period is given by the figures enveloping the space in front of the customs house. The whole makes an appealing and interesting picture.

Rural Credits Bill Under Criticism in House of Commons

SUM INSUFFICIENT FOR NEEDS, IS CLAIM

Acting Minister of Finance Explains Measure at Second Reading.

OTTAWA, June 25.—The Rural Credits Bill was given second reading in the House of Commons today.

Hon. J. A. Robb, Acting Minister of Finance, explained that the fundamental principle of the bill was cooperation between the Dominion and the provinces.

DEBT TO DOMINION. The advance constituted a debt of the province to the Dominion secured by provincial bonds.

Right Hon. Arthur Meighen said it was a joke to call this rural credits.

MR. ROBB SAID THAT THERE HAD BEEN representations in the House of Commons which indicated that such a bill was desirable.

Mr. Speaker suggested that if the House was in committee, discussion could be carried more freely.

SOUTH AFRICA IS STILL UNDEVELOPED

Officials Make Survey and Move to Stimulate Production—Minerals Valuable.

WASHINGTON, June 26.—A committee of experts of the government of the Union of South Africa wants the world to know that its territory has only begun to be developed, according to advice received today by the Department of Commerce.

A report by the committee on a survey of mineral resources of the Union, transmitted to the Department by Trade Commissioner Stevenson, dispelled the universal belief that South Africa had reached the peak of its development of mineral resources.

Through stimulation of production, removal of obstacles to exploitation and development, and greater utilization of new mineral wealth, the mineral output of the Union could be greatly increased, the committee said.

Better Wives and Mothers

The emancipation of women as evidenced by the evolution in dress from steel stags to a twenty-inch waist and the long street-sweeping skirts to the sports clothes of the present day has certainly had its effect upon the health of women.

With proper attention to diet and exercise a race of better wives and mothers is assured by it. If, however, women develop as evidenced by irregularities, backache, headaches, nervousness and irritability, Lydia E. Pinkham's Vegetable Compound may be depended upon to overcome them. Thousands of women testify to its success.

FIVE TRUSTEES RESIGN

Five of the ten trustees of St. Andrew's church handed in their resignations yesterday, giving as their reason their non-concurrence with the decision of the church recently to remain in the Union. They are: J. H. Hamilton, chairman of the board; R. P. Cowan, treasurer; J. L. Finley, H. Fielding Rankine, and J. H. Stevenson. They were asked to re-consider but declined to do so.

SAINT JOHN, N. B., JUNE 26, 1925.

A CONSERVATIVE LANDSLIDE

After being in the political wilderness for forty-three years, the Conservative party swept Nova Scotia yesterday, with the amazing result that in the next Legislature forty of the forty-three members will be Conservatives.

As a matter of fact, the event in Nova Scotia has confounded most of the prophets. A majority of them probably expected the return of the Armstrong Government with a reduced majority.

The Liberal Government was swept out of existence by a great overturn of popular sentiment. Premier Armstrong and his running mate were soundly beaten in Shelburne, and the only Liberal who sat in the last House was the late Hon. William King.

Hon. E. N. Rhodes and his running mate were returned in Hanis, the leader with a majority of more than 700. The mining districts disintegrated, and went heavily Conservative.

The effect of the Nova Scotia verdict will be to give strong encouragement to Conservatives throughout the country, just as the Saskatchewan verdict was hailed as a significant political portent by the Liberals.

There were other elements making for Conservative success. The party had enlisted new strength. Hon. E. N. Rhodes, an outstanding figure, long a member of Parliament, and Speaker of the House under the Meighen administration, lately accepted the Conservative leadership in the province.

Both he and Premier Armstrong suggested remedies for the existing depression. Mr. Armstrong advocated freedom for the province to make its own tariff with countries other than Canada.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Erratic Baseball

Never has there been a baseball season equal to the present in bewildering the experts and falsifying the prophets. It is not a question of one team or another, but of the game itself.

Everybody is asking how such things can be and overcome us like a summer cloud. The explanation is a varied but contradictory. Some baseball sharks say it is the "lively" ball.

SUGGESTIONS WANTED.

The Saint John Board of Trade, in view of the importance of the forthcoming Maritime Conference at Moncton, has sent to each of its members a request for constructive suggestions to be presented at that meeting.

It is desirable that members should be prompt in submitting their ideas, in order that they may be examined and digested in advance of the Moncton conference.

Some suggestions from those who are not members of the board are invited and will be welcome. Inquiries from other parts of the Dominion regarding this Maritime Conference are increasing in number.

What is done at this forthcoming Maritime Conference will be scrutinized very carefully elsewhere in Canada, and therefore the deliberations demand broad-gauge thinking.

While Canada is awaiting a general revision of freight rates by the Railway Commission, American railways, particularly in the West, are preparing to ask the Interstate Commerce Commission to allow them to impose increased charges.

There has been a growing demand for lower freight rates in the United States, particularly on agricultural products. The railways complain that the existing charges are insufficient.

A great English divine recently classified seven social sins, which are quite recognizable to the ordinary mind and are worth meditating upon.

There has been some gossip in political circles that Mr. Graham would be Canada's first Minister to Washington, an appointment which is to be made shortly.

The breadwinner of the family frequently underestimates the financial loss which would be incurred by his dependents in case of his untimely death.

A brakeman, aged twenty-eight, earning \$140 a month—judgment \$27,500. An engineer, aged thirty-two, earning \$200 a month—judgment \$32,000.

When redress is sought through the courts for compensation to dependents because of death occurring through criminal negligence, the economic value of the life thus taken is always placed by the plaintiffs at a high figure.

Revised Version. (Chicago Journal of Commerce.) Back in the United States, John H. Gowrie denies that he rushed up to King George at the Wembley exposition in London, seized the king by the hand, and cried, "I'm an American—put 'er there."

Mr. Gowrie is a resident of Des Moines. His business is that of glove manufacturer. He explains that he spent a good deal of time at the Wembley exposition with his young son.

It looked at the king and nodded, and the king smiled and nodded to me in a friendly manner," explains Mr. Gowrie.

Modern Pioneers. (New York Herald-Tribune.) Forests primeval and the seven seas have been alike explored and mapped

and charted. Only the regions about the poles and these only to a limited extent, remain unknown.

There is fitness in the ardor for achievement that sends the Arctic explorer forth into peril.

Dreamland. (Samuel Minturn Peck in Boston Transcript.) "It's always summer there; The laughing daisies ripple On the hillside ever fair.

That far and lovely country! Who craves not to depart, To find there, never vanishing.

FINAL RETURNS SHOW VICTORY

Labor, Farmer and Independent—who have risen in their might to wipe out a government which through long tenure of office has regarded itself as all powerful, and in consequence has lost touch with the people.

"This expression of the polls is an evidence that the people are determined to assert that they are the real masters and in consequence their verdict means that restoration of responsible government to our province, which has always prided itself on the fact that we were the first of the British colonies in North America, to secure the right of representation which led to responsible government.

MANY PROBLEMS. "It will be my endeavor, when called upon by His Honor, the Lieutenant-Governor, to do so, to form a government which will be truly representative and composed of men who will command the confidence of the people. I am deeply sensible of the great responsibility which has been placed upon my shoulders, and though fully conscious of my limitations, it will be my earnest endeavor to cope with the many and grave problems confronting the province, which today finds itself in a sorry condition.

"It would be too much to expect that immediate results can be obtained, but the province may rest assured that the new government will address itself earnestly and vigorously to the varied and important questions which await solution.

TRUE ISSUES. "A particularly gratifying feature of the campaign has been the consistent and persistent course pursued by our candidates and those who assisted them on the platform in discussing the true issues. That there is a sound body of public opinion in the province is demonstrated by the size of the unprecedented majorities given by an electorate who so readily discerned and therefore turned in disgust from the changes of the government, in their varying attitude upon so many important questions.

"In its struggle to retain power the Armstrong administration and those who supported it, made the mistake of attempting to play politics at a time when we were confronted with a grave situation, with respect to which a serious-minded and tax-burdened people had the right to expect, at least, an effort at some reasonable solution.

"To the candidates, many of whom made very great sacrifices in presenting themselves, to the great body of loyal workers who gave of their best unsparingly to the press as a whole, and to the electors of the province, I tender my grateful thanks."

DIETS FOR BEAUTY

Agatha Debussey says—Because I know beauty must come from the inside instead of the outside, I am extremely careful of my diet. During the summer I avoid all complicated mixtures of food and all highly seasoned dressings or sauces.

Once or twice a week, but no more, I have meat. The rest of the time I live on green vegetables, simply cooked or arranged in crisp salads. No desserts of cake or pie come my way, but I have all the fresh fruits and melons I want. Often I drink a glass of buttermilk or of sweet milk, and call it a meal.

By keeping my diet simple, I have very little to do for my complexion but cleanse it. And my weight stays down so well I don't have to worry about any extra pounds.

So my beauty creed is just "Watch your diet and your face and figure will take care of themselves."

TRUE BILL FOUND IN ASSAULT CASE

Short and Winchesters Are to be Tried at End of July.

A true bill in the case of the King vs. Robert Short, George Winchester and Harold Winchester, charged with assaulting a married woman, was returned by the grand jury in the circuit court this morning. Mr. Justice LeBlanc ordered the prisoners remanded until July 28, when they will be tried in the new court house, court having adjourned to that date. W. M. Ryan appeared for the Crown, and J. Starr Tait and E. J. Henneberry for the accused.

WILL BE ATTENDED TO.

There was hearing this morning in the police court by Magistrate Henderson in the matter of a report made against J. H. Stephenson for not having his lot properly fenced. On agreement to have repairs made at once, the magistrate allowed the report to stand.

The Senate will sit. The House will proceed with government business in an endeavor to have prorogation on Saturday.

FIRST BIRTHDAY.

The first birthday of little June Phinney was honored one day this week at the home of her parents, Mr. and Mrs. C. F. Phinney, 148 Broad street. The dining room was very pretty with white and purple lilies. The tiny guest of honor received loving gifts. The guests enjoyed music and cards, with the winners as follows: Miss B. Smith, Mrs. L. Nichol, ladies; Messrs. M. Woolley and S. James tie and in play off, prize went to Mr. James. H. Alexander was another of the gentlemen prize winners. Dainty refreshments were served with the cake which was cut for the baby by her grandmother, Mrs. A. Phinney. Miss M. Kane assisted the hostess and Mrs. Phinney, Sr., in serving.

ZEPPELINS MAY CROSS NORTH POLE

Dr. Hugh Eckner Tells of Plan For Arctic Flight by Airships.

BERLIN, June 26.—It is the opinion of Dr. Hugh Eckner, director of the Zeppelin works, that Zeppelin airships as they now are constructed, could successfully cross the North Pole.

It was originally planned, he added, if Amundsen's Dornier planes were successful in reaching the North Pole, with an airship. If the funds were forthcoming, an airship for traversing the North Pole could be constructed in fifteen months. Dr. Eckner admitted that a plan for polar exploration by airship, was under way during the life of Count Zeppelin, inventor of the Zeppelin airship, but the collection of funds for the air voyages, was suspended by the world war.

Yesterday In Parliament

In the Senate the Grain Act, as amended, was given third reading, and referred back to the Commons, the Australian treaty was given second reading and a bill to amend the Canada Temperance Act was given six months hoist. At a conference between Senate and Commons managers, the latter agreed to accept the Home Bank bill as amended by the Upper House, with the exception of the preamble to the bill, and one minor amendment.

In the House of Commons, rural credits legislation was given second reading, and progress was made in the committee stage with the amendments to the Dominion Elections Act. A vote of fifty million dollars for the Canadian National Railway was passed and the day was mostly spent in consideration of estimates for the labor department, the immigration department and the department of the Secretary of State. In all estimates totaling approximately \$86,000,000 were passed.

MONEY VOTED FOR IMMIGRATION PLAN

Empire Settlement Scheme is Given Financial Backing by Canadian Government.

OTTAWA, June 26.—A vote of \$500,000 for the department of Immigration, Empire Settlement Scheme, provoked some discussion in the House, last night. Hon. James A. Robb, Minister of Immigration, explained that under the agreements between the British and Canadian governments, assisted passages were provided for household workers, and agricultural families.

The passage assistance was provided by the two governments on a fifty-fifty basis. The vote was carried. In all, \$3,092,000 for the Department of Immigration, and Colonization, passed the House of Commons.

Weddings

Moore-Lee.

A pretty wedding was solemnized last evening at the Burpee avenue parsonage of the Zion church by Rev. William Lawson, when Miss Celia Lee, daughter of Mr. and Mrs. Thomas Lee of this city, and William Moore, son of Mr. and Mrs. James Moore of Saint John, were united in marriage. They were attended by Mr. and Mrs. James Moore, brother and sister-in-law of the groom. After the ceremony they motored to the home of the bride's parents, where a dainty buffet luncheon was served. Many beautiful gifts were received, including a floor lamp from the bride's parents. After a motor trip through the province Mr. and Mrs. Moore will take up their residence in this city.

Dyas-Daymont.

A pretty wedding was solemnized by Rev. A. L. Tedford in the parsonage of the Tabernacle Baptist church on June 24 when Miss Muriel Irene (Queenie) Daymont, daughter of Mr. and Mrs. George Daymont, Thorne avenue, and George Harold Dyas, son of Mr. and Mrs. Burton Dyas, Parrsboro, N. S., were married. The bride was dressed in an ensemble suit of yellow Canton crepe with leghorn hat and carried a bouquet of roses. F. Daymont acted as groomsmen. Following the ceremony a buffet luncheon was served at the home of the bride's parents. The honeymoon trip will be made to Nova Scotia towns. Mr. and Mrs. Dyas will reside in New Jersey, where the groom is employed.

Atwood-Law.

A wedding of interest to Saint John people took place at the Methodist church, Newport, R. I., on June 17, at 7 p. m., when Miss Verna T. Law, daughter of the late George Law, of Saint John, became the bride of Alonzo D. Atwood, only son of Mr. and Mrs. George Atwood, of New Orleans, Miss. The bride wore a becoming gown of sand georgette with shoes and hat to match, and carried a bouquet of orchids and lily-of-the-valley. She was unattended. Mr. and Mrs. Atwood are going south to visit the groom's parents. They will reside at Newport, R. I., on their return.

Wylie-Kirkpatrick.

PARRSBORO, June 25.—The home of Mr. and Mrs. J. W. Kirkpatrick was in gala decorations on Wednesday at noon when their daughter, Bessie, became the bride of William Wylie. The ceremony was performed by Rev. W. J. Wright in the presence of over 50 guests among whom were a number from out of town. Dr. and Mrs. Gilroy, of Oxford; Mr. and Mrs. Warren Johnson, of New Glasgow; Mr. and Mrs. John Elderkin, of Apple River; the Misses Collins and Miss Reid, of Advocate, were among those present. The home was tastefully decorated with plants and flowers by the friends of the bride. White lilies were the predominant flowers beneath an arch of which the couple stood unattended. The bride was charmingly gowned in tiger lily crepe de chene with gold fact and panel trimmings, with hat to match. The presents were numerous and included substantial checks and cash. Mr. and Mrs. Wylie left by motor for a trip to Halifax and through the Annapolis Valley as far as Weymouth, where they will be the guests of Dr. and Mrs. Elderkin, uncle of the bride. On their return they will occupy for the summer a cottage at the Parrsboro Beach.

Fables On Health

DON'T MAKE IT TOO SPICY PERSONS who enjoy spicy life, usually enjoy spicy foods. Yet spicy foods are not the best for one's health. Peppers are mustard, vinegar, pepper or salt if they are taken in large quantities. These flavors whoop up the blood pressure. They irritate the kidneys. They cause an unnatural thirst, and they start a craving for more highly seasoned foods. Hyperacidity and a host of other illnesses of the digestive tract are caused by too many spices and condiments. Heavy meat eaters, gay liveries, and those tending to dissipation all like spices. Nature left spice out of food. Man, in an attempt to improve food, added it. Some salt is necessary for a well regulated system. Lemon juice is a good substitute for vinegar. And mayonnaise dressing, made

Adventures of the Twins

By OLIVE ROBERTS BARTON.

THE GIANT AND THE CAULDRON.

"I told you a story about The Pot of Gold," said Mi O' Mi to the Twins. "That story showed that it is well to believe in many things that we do not see. Now, I am going to tell you a story which shows that we cannot—or should not—believe in all the things that we do see. "For instance once upon a time a man was sent to prison for life because his pipe was found in a house where there had been a robbery. And once I knew a boy who was kept back and not promoted in school because at examination time he was caught copying. He wasn't copying at all, but watching a fly on his neighbor's desk, which had fallen into the ink-well. "Is this a fairy story?" asked Nancy. "It would rather have listened to one fairy tale than a dozen of any other kind. "Sort of," nodded Mi O' Mi. "At least it is about a giant." "Once upon a time in a country where the high mountains seem to rise right out of the sea, there lived a peasant and his wife and two children. "Their cottage was on a cliff above

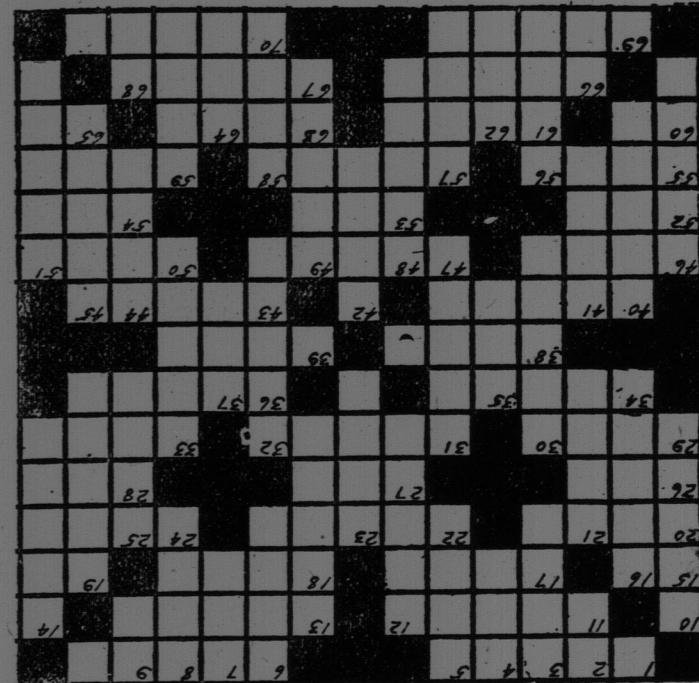

mountain path to his cottage where he met by his wife, wringing her hands in despair. "The children are lost!" she cried. I was down at the beach scouring out the big copper cauldron with sand. I left for a few minutes and when I went back they were gone. I have searched everywhere. "The giant has stolen them!" cried the peasant, telling his own tale of what he had seen on the mountain. "You see," said Mi O' Mi, "how they jumped at a conclusion without waiting to find out the truth." "But had he?" asked Nick. "Certainly not," said Mi O' Mi. "There was no giant at all. What the peasant had seen was his own huge shadow reflected on the sky. Others had seen it, too! It sometimes happens when the sun is in a certain position and there is a fog. "But the children!" said Nancy. "The copper cauldron was so big that the children had crawled inside," said Mi O' Mi. "The tide came up and carried it out to sea to a little island not twenty yards from shore. When the fog went away—there they were, safe and sound. It doesn't do to guess at things, you see." To Be Continued.

Elaborate and Festive

FOR the past season we have been working toward a more elaborate and sophisticated type of evening frock, such as this one. It is of white satin embroidered with pearls and gold beads. A shoulder bow of satin is caught in the centre with a white camelia and the long ends give the appearance of a sleeve drapery.

Social Notes of Interest

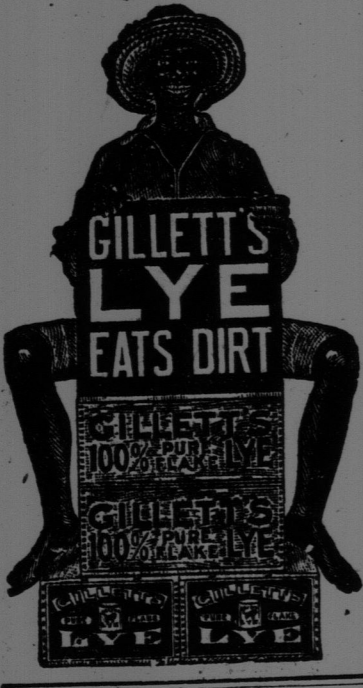

Mrs. William B. Tennant was a hostess yesterday afternoon at a most delightful home at her residence, Orange street, in honor of Miss Jessie B. Robertson, whose engagement was recently announced to Mr. Nigel Tennant.

During the afternoon Mrs. L. M. Curran gave several delightful solos and was accompanied by Mrs. Frank J. Hodgson and Lillian Clark.

Mrs. Tennant received her guests, who numbered nearly 400, in a handsome gown of black and white printed crepe and carried pink roses and snapdragons. Miss Robertson, who received with her, wore a lovely tulle net and flit lace frock over turquoise blue and carried deep red roses.

Daisies, purple and mauve columbines and other lovely June flowers were used for decoration in the drawing room and centred the tea table in the dining room, which was presided over by Mrs. H. P. Robertson and Mrs. A. P. Barr.

Another tea table was placed in the sun porch, where Mrs. H. O. Clark and Mrs. Joseph Key presided. Mrs. W. Edmond Raymond, Mrs. Daniel Mullin, Mrs. F. C. Beattie, Mrs. P. Cowan, Mrs. George Scarborough ushered the guests and those who assisted at tea were Mrs. Ralph Robert, Mrs. L. De V. Chipman, Mrs. A. R. Melrose, Mrs. Andrew West Murray, Mrs. Grant Smith, Mrs. Howard P. Robinson, Miss Margaret Robert, Miss Helen Smith, Miss Beryl Mullin, Miss Ruth Robertson, Miss Frances Ewing, Miss Marion Henderson, Miss Daphne Paterson, Miss Margaret Henderson, Miss Edith Paterson, Miss Dorothy Evans, Miss Frances Campbell. Among those

present were many guests from out of town, who were Mrs. W. F. Todd and wife of the Lieutenant-Governor, and her daughter, Mrs. Carleton Brown, Canadian Club; Mrs. R. D. Foster, Mrs. H. D. Allen, Mrs. D. I. Sprague, Mrs. J. B. McRobert, Mrs. F. H. Basley and Miss Basley; Mrs. H. C. Fairweather, Mrs. Murray MacLaren, Mrs. D. P. Chisholm, Mrs. L. P. D. Tilley, Mrs. E. Kirkland, Mrs. Percy McAvity, Miss Louise Stewart, Mrs. George Fleming, Mrs. L. V. Lingley, Miss Golding, Miss Gunn, Mrs. James Paterson, Miss Sprague, of Boston.

Mrs. E. Atherton Smith entertained at a beautifully appointed luncheon of thirteen covers yesterday at the Union Club, in honor of Mrs. W. F. Todd, wife of the Lieutenant-Governor, her daughter Mrs. Carleton Brown, Mrs.

Fred Magee, Port Elgin; Mrs. G. W. Babbitt, St. Andrews, and the following visiting members of the Women's Boston Canadian Club: Mrs. R. D. Foster, Mrs. I. D. Small, Mrs. F. A. Master, Mrs. F. R. Basley, Mrs. H. D. Allen, Mrs. D. I. Sprague, Mrs. J. B. McRoberts and Miss Basley.

Mrs. E. J. Dissette, with her two children, arrived yesterday from Toronto to spend the summer with her mother, Mrs. C. J. R. Kerr.

Miss Sprague, of Boston, is the guest of her sister, Mrs. James Paterson, Queen street.

The many friends of Mrs. C. B. Allan will be sorry to learn that she is ill in Miss Craig's hospital, Pitt street.

Mrs. Kenneth King and little son, Murray, of Upham Station, are visiting her sister, Mrs. E. Hig Stacey, 168 St. James street, and later will visit other sister, Mrs. W. J. McAdam, of West Saint John.

Mrs. Mayes Case left yesterday afternoon for Montreal to visit her brother-in-law, J. M. Ellwelling, M. L. A. St. Stephen, who is a patient at the Royal Victoria Hospital pavilion.

PRESENTATIONS TO PYTHIAS SISTERS

Loyalist Temple Meeting is Marked by Pleasing Events—Picnic is Planned.

Loyalist Temple No. 13, at its meeting in Temple Hall last night, honored two of its officers, with the presentation of past chief's pins and past chief's certificates in recognition of faithful service in their respective offices throughout three years. Mrs. Maud Dykeman, M. of R. and C. and Mrs. Mary Jeffries, M. of F. were the two officers. Mrs. Dykeman was also made the recipient of a pair of handsome silver candlesticks in recognition of having missed only five meetings in her three years in office. The presentations were made by the M.E.C., Miss Beatrice Andrews. Plans were made for a Pythian Sister picnic to be held at the home of Mrs. Dykeman in Fair Vale. The Temple adjourned for the summer months and will hold its next regular meeting in September.

Certo makes better Jams and Jellies at less cost

EVERY housewife knows that the old "lb.-for-lb." mixture of fruit and sugar must be boiled down to make it "jell." This long boiling evaporates a lot of the delicious fruit juice. For instance, as shown here, by the old method, with 2 lbs. of fruit and 2 lbs. of sugar, the result will only be 3 lbs. of jam. A full pound is lost through evaporation by long boiling.

OLD METHOD	
2 lbs. Fruit.....	30c
2 lbs. Sugar.....	15c
Makes 3 lbs. Jam for.....	45c
or 1 1/2 c a pound.	

With the Certo method of jam and jelly making, all this is changed, because the mixture is boiled only one minute. With 2 lbs. of fruit and 3 lbs. of sugar you now make 5 lbs. of jam—over one-half more than is made by the old method, with the same amount of fruit.

NEW METHOD	
2 lbs. Fruit.....	30c
3 lbs. Sugar.....	24c
1/2 bottle CERTO.....	28c
Makes 5 lbs. Jam for.....	72c
or 1 1/2 c a pound.	

The extra sugar is simply used to make jam or jelly from the juice and flavor that was formerly boiled away, the amount of sugar in each glass of jam being the same in both methods.

Certo eliminates hours spent over a hot stove. Certo eliminates any chance of failure. Certo reduces the cost of your jam or jelly.

Try Certo once and you will never return to the old method of jam and jelly making, with its hard work, worry and extra expense.

Follow exactly the complete, simple directions in the Certo Booklet which goes with every bottle.

"For economy's sake I buy a supply and let it age" -

says Mrs. Experience, speaking of the economical use of soap.

"I always keep a good supply of Sunlight Soap on the shelf because I find that Sunlight actually improves with age. It becomes harder and so goes much further.

"With this added economy of lasting longer, I've learned that Sunlight is by far the most economical soap I can buy. The

reason is that every particle of Sunlight is pure, cleansing soap—a little of it does a lot of work. Sunlight, you know, is guaranteed to contain no injurious chemicals or harsh filling materials to make the bar large and hard. These filling materials, of course, are just so much waste as far as cleaning goes.

"To any woman who wants to get real cleaning value out of a soap for her money, I decidedly say, 'Use Sunlight,' and keep a good supply on the shelf." Sunlight is made by Lever Brothers Limited, largest soap makers in the world.

MASSON'S GARAGE FAIRVILLE, N. B. Phone West 529

WITH a population of about 3,500 people, Fairville has grown into a prosperous suburb of Saint John and its growing days seem by no means to have ended, for new residences are springing up and the outlying portions are becoming well populated.

Fairville bristles with industrial life, for there are important and large industries there. It is also a delightful residential section and boasts, as well, good stores, well designed churches and schools and is in the enjoyment of modern streets, fire equipment, lighting, water and sewerage services.

EARLY HISTORY. The village is about 100 years old and received its name in honor of Robert Fair, one of its early settlers.

SOME BUILDINGS. The principal buildings are the Provincial Hospital, built in 1846, situated in a picturesque spot near the Reversing Falls; the Bank of Nova Scotia, post office, an up-to-date concrete block fire station with all the necessary fire equipment; Orange Hall and the N. B. Protestant Orphanage on Manawagonish Road, where 100 children from all over the province is now housed.

EXCELLENT STORES. Fairville boasts a large number of excellent stores which give everything which is to be had in the way of food, clothing, medicine, furniture, etc.

IS EXTENDING. Its upbuilding goes on. Fairville Plateau, which is accessible from Sand Cove Road, is being rapidly built up and already has the appearance of a hamlet.

ST. ROSES. The Roman Catholic church, St. Rose's, is located at Milford amid beautiful surroundings on an elevation which commands a splendid view of the surrounding country.

GOOD SHEPHERD. The Church of the Good Shepherd (Anglican) was built in 1877, is of English design. Its old fashioned bell tower contains one of the best sounding bells in the province.

WILSON BOX & LUMBER CO., LIMITED. The Maritime Construction Company, Limited, was organized four years ago, with J. L. O'Brien, president; Murray W. Long, vice-president and general manager, and H. B. Tippetts, secretary-treasurer.

MASSONS. Here is a fine old firm with a record of 80 years successful career in business as carriage builders. Messrs. Masson are landmarks in Fairville, and although their business is old, their methods keep pace with the times, and it is now their boast that they can remedy any trouble that may develop in anything that runs on wheels.

THE FAIRVILLE BAPTIST CHURCH was organized on Sept. 6, 1881. It has had twelve ministers, the Rev. C. T. Clark now officiating. The seating capacity is 300. The auditorium has a large memorial window unveiled in 1924, in memory of the 47 men and two women who enlisted for service in the great war, six of whom made the supreme sacrifice.

BRITAIN PUTS FRONTIER GUARANTEE

CHAMBERLAIN MAKES CLEAR SECURITY IDEA

Western Boundary of Germany Is Only One Considered

GUARDS AGAINST EUROPEAN WAR

Expenditure on Aircraft Is Caused by Activity of France

LONDON, June 26—Foreign Minister Austen Chamberlain's statement in the House of Commons regarding the proposed security pact has had one important and immediate effect in Great Britain. It has made clear before the Sovereign's signature is finally appended to any such treaty that it will have to be fool-proof and recognize that with Great Britain herself with rest, in the last analysis, the decision when her blood and treasure shall be used in armed conflict on the continent.

Under the proposed pact she will guarantee the western frontier of Germany and that frontier only. But before any final step is taken there will be a full public discussion in connection with the German-Polish boundary issue. The London Times says in this connection:

GUARD AGAINST WAR.

"It is perhaps as well, however, that it should be stated now and should be made perfectly clear from the outset that we must not in any case be involved in a European war on account of special relations between France and Poland."

The advocates of the isolation policy were almost dumb under Mr. Chamberlain's devastating attack on the futility of such a policy. It was suggested in Liberal quarters today that before the pact finally takes shape some definite understanding should be obtained from France on the score of disarmament. It is contended that this should not be left until after the pact is signed. It is therefore likely that Mr. Chamberlain in the forthcoming important negotiations will raise this issue.

FRANCE BLAMED.

It is the huge expenditure in France on aircraft which has made it necessary for three successive British governments to sanction heavy appropriations for development of the country's air

Two Children Killed and 14 Injured When Boston House Collapses

Strawberry Crop Heavy This Season

FREDERICTON, June 25—Although it is too early to make an announcement concerning a good crop of apples in New Brunswick or that of strawberries in the Maritimes, it is known that Fameuse and Macintosh will be a light crop. This is due probably to injury to the flower buds during the severe weather of the early winter. Other fall apples promise better. The season will not produce the heavy yield of early apples which occurred last year, which was one of the most remarkable in a long time. Strawberries are beginning to yield and the fruit promises a good crop. A light crop in Ontario and British Columbia is reported and Quebec has a four-fifths crop. This should give New Brunswick strawberries an advantage on the Montreal market, where competition with Ontario and Quebec fruit was keen last year. All Ontario small fruit is a light crop.

EVEN WITH BARNES

Arthur Compton Turns in Low Card in British Gold Title Play.

PRESTWICK, Scotland, June 26—Arthur Compton of North Manchester, with a 75, had the best score of the early finishers in the third round of the British Open Golf Championship today. This put him even with Jim Barnes, in the aggregate score for the three rounds, both having 226. Barnes had a 72 this morning. Macdonald Smith continued to lead the field, however, with an aggregate of 221. He played this morning's round in 74. Joe Kirkwood, the third entrant from the United States, also had a 75, but his aggregate score was 225.

force. France's submarine building problem also has an important bearing on the Admiralty's plans for cruiser construction. Mr. Chamberlain's speech and the debate which followed have served to allay the initial fears regarding the Foreign Secretary's commitments. The British policy, it is clear from Chamberlain's statement, puts the interest of Europe before the interest of either France or Germany, and, according to the Manchester Guardian, the British Ministers must firmly adhere to it. Both the French and German reactions to this air-clearing debate is eagerly awaited.

FIGHT AGAINST DIABETES IS MUCH STRONGER

Figures Show That Death Rate Is Being Gradually Reduced

DOCTORS HELP

Family Physician Given Credit for Helping in Great Campaign.

NEWARK, N. J., June 26—Another great victory over human ills looms within the medical observer's field of vision. Diabetes is suddenly giving ground before a relentless onslaught and as soon as its defeat becomes more manifest and unquestionable, some of the laurels of success are likely to rest upon the modest brow of the family physician. Insulin, the pancreatic extract obtained from sheep and hogs, which restores the metabolic balance of the diabetic sufferer, and forestalls definitely the lethal coma that marks the end, has been, with a properly restricted diet, the doctor's chief reliance in the fight.

DOCTORS PRAISED.

He also has had the assistance of the diagnostic and test laboratory facilities placed at his disposal by the great life insurance companies. But after allowing for all this, and according due honor to the Canadian scientists whose discovery of insulin provided him a weapon, the major credit remains his for having forced a deadly and still incurable—malady into its first retreat. It is a comparatively new combination, this alliance of family doctor and the chemico-medical experts of the life insuring organizations. Some credit is given to the underwriters for an era of milder medical treatment. But with the liaison at last established, the efficiency of the coalition promptly became apparent in current mortality statistics.

STILL RAMPANT.

Diabetes ranked eleventh or twelfth among the causes of death throughout the United States in 1922. Today, two years or so after the use of insulin became general, that position is no longer tenable. Moreover, thousands of diabetics have been rescued from the unhappy status of helpless invalids and enabled to resume normal pursuits.

Among the polyphtholders of his own company, according to James F. Little, associate actuary of the Prudential, the diabetes death rate was reduced a third last year, compared with the year before. On the other hand, among the general population, as indicated by the vital statistics of the state of New York, the reduction during the same period was comparatively slight.

Little, who made a study of the figures and comparisons, was inclined to caution because, as he pointed out, the remarkable showing was for the period of one year only. Nevertheless, he ventured to ascribe its largely to the co-operation of the longevity services, the efficiency of which, he added, "seems already to have been demonstrated."

"In our own case," he said, "over a period of several years, between 19 and 20 of every thousand deaths among male polyphtholders were due to diabetes, while among females the corresponding figures were from 28 to 27 per thousand. In 1924, the diabetes deaths were between 12 and 13 out of each thousand in the case of males, and 18 to 19 for females, the reduction in each instance being practically one-third. "But, on turning to the general population figures for the state of New York, we find that while deaths from diabetes averaged 22 per thousand during the years 1919 to 1923, and were 23 1/2 per thousand in 1923 alone, the rate in 1924 fell only to 21, a much smaller decrease."

TWO ARE INJURED

Strike Situation at Drumbeller Becomes More Serious—Mine Working.

DRUMBELLER, Alberta, June 25—The strike situation at Drumbeller took on a much more serious aspect this morning, the A. B. C. Mine was working again and the strikers made every effort to keep others from working. Two men were slightly hurt. The women were very active at the railroad crossings and at the pit mouth, jeering at the men as they went down. Men were standing on the hills surrounding the mine and they shouted abuse and threats at those coming to work, many of whom were brought in the cars of the mine officials.

1,000 Attend London Court

LONDON, June 25—One thousand guests tonight attended the court at Buckingham Palace and were presented to King George and Queen Mary. King George wore an informal Royal Horse Guards blue uniform. Queen Mary was dressed in a gown of pure gold brocade with a pale blue train. The royal circle was smaller than usual, but otherwise the brilliant function followed the customary routine.

LIBERALS NAME FOUR IN GLOUCESTER

Veniot, Doucet, Legere and Lorton to Carry Local Government Banner.

CARAQUET, N.B., June 25—The Gloucester County Liberal convention here this afternoon nominated unanimously the three present members, Premier Veniot, James A. Doucet and S. R. Legere, as candidates in the coming election and to fill the vacancy caused by the nomination of Attorney-General L. C. Hahn in Albert county. The convention selected John P. Lorton.

The names of three others were placed in nomination for the vacant seat, but they withdrew in favor of Mr. Lorton, whose nomination was made unanimous. The three were William Fenwick, C. T. Richard and H. C. Ramsay. There were 1,000 in attendance at the convention which was held in College Hall with C. T. Richard, vice-president of the Liberal executive in Gloucester county, as chairman. J. A. Allain was the secretary. Mr. Allain is the French-speaking general organizer for New Brunswick.

SENDS MONEY FOR KIDDIES AT CAMP

Former New Brunswick Woman in States Helps Work at Fair Vale.

The Lady Byng summer camp for delicate and undernourished children is an appeal which touched one of the New Brunswick residents who lives in the United States but spends every summer in New Brunswick. She is Mrs. M. J. Dymekman, who has been in the camp and recently sent to Miss H. Dykeman, the camp director at the Health Centre, a gift of \$10. In the accompanying letter the donor wrote that the summer camp she believed to be the most worthy cause.

Mrs. Dymekman was at the camp yesterday morning getting things in order and finding out exactly what the needs in equipment and supplies would be this year when the work is to be carried on on a larger scale. Yesterday afternoon Miss Dykeman was visiting the city merchants, soliciting supplies of provisions and other necessities. She found the merchants very kindly disposed towards the appeal.

The camp is to open early in July and \$1,800 to \$2,000 will finance the entire season.

Presbyterians Move For Adoption of Common Creed

CARDIFF, June 26—The prospect that the present session of the Presbyterian Alliance Council would succeed in uniting the Presbyterian churches of the world by adopting a common creed were defeated today by the action of the council, in adopting, instead, a motion referring to the business committee a proposal that a committee be appointed to report on the advisability of a common creed and drawing up of a tentative one. The prescribed committee would not report until the next meeting of the council in 1929.

To Be Trained as Domestic Servants In Canada

Here is a party of 40 young girls bound for the St. George's Homes, Ottawa, where they are to be trained as domestics. They were sent out to the Dominion by the Catholic Emigration Society of Colehill, Birmingham, England, and sailed on the Canadian Pacific liner Montclair recently from Liverpool in charge of nuns and priests. These girls are all around 12 to 14 years of age, and so will have an admirable opportunity of taking in the mental viewpoint of Canada and Canadians which is so necessary a part of the outfit for success in a new country. They will undoubtedly make the best of citizens later on and represent a feature of immigration against which none in this country would be found to object.

SUGGESTION IS WELL RECEIVED

Plan of Visiting Housekeeper Favored by Welfare Workers Here

Believe Educational Campaign in Homes Would Bring Good Results.

The suggestion that a visiting housekeeper should be maintained in Saint John to give instruction in housekeeping methods and to aid the mothers in their homes, helping to solve any perplexing problems and ameliorating conditions of distress which are purely those of housekeeping, is finding much favor in the minds of those interested in social welfare work in Saint John. In this connection some very interesting discussions at recent conventions have been recalled. Dr. R. F. Wodehouse, secretary of the Canadian Society for the Prevention of Tuberculosis in addressing the New Brunswick Medical Convention at Campbellton a few days ago, spoke of the housing problem in London, Eng. He said that model tenements had been erected there and these tenements were ideal homes, beautiful in construction and fitted with every modern improvement, but within a few weeks after the families had taken possession these splendidly built and equipped homes had been turned into unsightly, unsanitary and loathsome hovels.

TEACHERS NECESSARY.

It was not entirely that the people had not appreciated the comforts and conveniences supplied for them, they had no knowledge of how to use them. It was found absolutely necessary to send tenement workers to the quarters to teach the people how to live.

Profane Persons Invade Forbidden City and Remove Priceless Curios.

By RANDALL GOULD United Press Staff Correspondent PEKING, June 26—Profane feet have stolen inside locked precincts of the sacred Forbidden City of the Emperors here and profane hands have removed large quantities of most priceless curios, it has been revealed by members of the Inventory Commission appointed to inspect the quarters of the recently deposed "Boy Emperor" Hsuan Tung.

Following the departure of Hsuan Tung and his metamorphosis into a private citizen bearing the name of Henry Pu Yi, the halls and courts which he and his two young wives had occupied for years were sealed and kept under guard. That the guard was not as strict as it should have been is evident from the discoveries just announced.

SACRILEGE.

While the material value of the articles was great enough to warrant something of a commotion over this discovery, of even greater moment to the Chinese mind is the sacrilege connected with such an act. Even though the Emperor no longer reigns, his name is still connected with the highest things of earth and with heaven itself as well, in the mind of the ordinary citizen of the so-called Republic of China, and great is the scandal attendant upon the leaking out of this news—news at first kept secret, but at last revealed.

The general lack of order in China's harassed capital is illustrated by the fact that when the Provisional Government tried to borrow some furniture from the Presidential Palace, unoccupied but guarded since the abdication of the former President Tsao Kun last fall, it was found that all the furniture had disappeared. Even the metal ring mountings on the door of

Youngsters Engaged Carrying Away Pieces of Lumber When Crash Came.

BOSTON, June 26—Two children were killed outright, 14 children and adults received injuries requiring hospital treatment and others were less seriously hurt when a vacant three-story wooden building situated at the corner of Paris and Emmons streets, East Boston, collapsed with a roar that was heard for blocks, burying therein a score of youngsters who had so torn and cut away boards and timbers for firewood that the 65-year-old structure fell of its own weight.

The building wreckers, to whom was left the responsibility of properly safeguarding the children who entered to gather the wood, declared that the children resisted every effort of theirs to drive them away, asserting even that they were pelted with stones by the youngsters. The police of East Boston station say they were not called on to drive the children out or even notified that the children resisted efforts of the contractors to put them out. On the other hand the wreckers acknowledge that the old building material was given away freely to the children, who had been swarming to the spot for days carrying away every bit of movable wood fit for burning.

CITY OWNED HOMES.

The city of Boston recently acquired the property and the building was on the eve of demolition by a building wrecking company, the last of several structures to be razed to clear the ground for the construction of a new health unit building.

CONSERVATIVES AT CAPITAL ELATED

Ottawa Thinks Federal Contest Will Be Staged This Fall.

OTTAWA, June 25—Unrestrained elation on the part of the Conservatives in the Federal House over the landslide in Nova Scotia today manifested itself at the opening of this evening's sitting of the Commons.

On the Liberal side, while there is general regret at the overwhelming defeat of the Armstrong Government, there is really little surprise at the result, for some days news from the province "down by the sounding sea" has been far from a reassuring character.

REASONS FOR DEFEAT.

In brief the triumph of the Rhodes party is attributed to a few widely recognized factors or reasons. One is that a party that has been in power for nearly half a century can hardly be expected to be returned amid adverse circumstances.

EFFECT ON FEDERAL FIGHT.

While, of course, no member of the Government nor Mr. Meighen would make any official comment on the result, it is evident, especially in Conservative ranks, that the question uppermost now is, will this affect the fixing of the date for the Federal contest.

ORGANIZATION PRAISED.

Those in charge of activities of the Federal Conservative party attribute the victory in Nova Scotia to high class organization, and cast envious eyes upon the manner which the machinery of President Frank Stanfield of the Nova Scotia Conservative Association was got to work.

EYES TURNED ON N. B.

Political eyes will next be turned to New Brunswick, where Premier P. J. Veniot of that province says a general election is likely to be called for the latter days of July.

FIRE LOSSES CUT IN NEW BRUNSWICK

Supervision of Slash Burning Helps to Protect Forests.

FREDERICTON, June 25—So much success has attended the inauguration of the policy of supervised slash burning and fire losses have been so materially reduced as a direct result of the strict enforcement of the regulations now in force that New Brunswick never can afford to return to the old system, or rather lack of system, says a bulletin issued by the Forest Service of the Department.

Supervised slash burning has been generally welcomed and is recognized by the settlers as a decidedly advanced step towards the elimination of danger. Reports from rangers to the Forest Service here show that no fires have spread and done damage from supervised burning this year, although conditions have been more trying than in 1924.

VIOLATOR IMPRISONED.

Violators there have been 11 fires in New Brunswick this year, the result of slash burning, but these all originated from burning carried on without permit and in violation of the law.

LOOKOUTS REPORT.

The chain of lookout towers erected in the forest area of the province by the Forest Service have proven a great aid in locating violators of the permit law; immediately a slash fire is started, the lookout observes the smoke, notes the location and communicates with the warden.

BERRIES DOWN RIVER.

About 70 crates of strawberries arrived on the river boats yesterday. The D. J. Purdy, on the Fredericton route, brought in ten crates of berries, about 100 barrels of potatoes and several head of cattle.

FIRST TO PAY.

To Mrs. Margaret A. Robertson falls the honor of being the first of the city rate payers to settle with the city for the 1925 tax bill.

STAY AT HOME IS ADVICE GIVEN

World's "Oldest Graduate" Visits Saint John, His Former Home.

Professor J. F. Browne Through College at 75—Goes to See Mother's Grave

Returning to New Brunswick to visit his mother's grave at Hartland, John Franklin Browne, 75, described as the world's oldest graduate, was in this city yesterday. He graduated this month from Salem College, at Salem, West Virginia, at the age of 75 years. He is on his way to Toronto to attend the summer school of astronomy at the University of Toronto.

Professor Browne's great-grandfather, Lieut.-Col. Zachariah Bernard Browne, of De Lancey's 8th Battalion, came here from Massachusetts with the Loyalists, bringing with him his two-year-old son, Josiah Sawyer Browne, 1st, who later lived most of his life in Carleton county.

The visitor's parents removed from New Brunswick in 1852 when Professor Browne was only two years old, proceeding to the Canadian west, where they remained until near the close of the Civil War in the United States, when they removed to Wisconsin.

Although engaged as a teacher and home mission worker, Professor Browne was only able to pick up portions of his college education here and there and it was only recently he entered Salem College and secured his degree.

The visitor spent yesterday visiting several older citizens who had known many of the other members of the family and in looking over historic documents at the Public Library which contained references to the lives of his forefathers in earlier Saint John history.

He expressed his pleasure at the kindness shown him on every hand by many citizens and wished to thank them for the hours of happiness given to him on his return to the home of his forefathers.

"Stay in Canada as it will be better in the end" was the advice given by this man, who declares that, in his opinion, the opportunities during the next few years will be greater for young people right at home than in the United States.

CAMPBELLTON HEARS BELDING

Rotary Club and Citizens Are Told of Maritime Problems.

CAMPBELLTON, June 25—"For years," said A. A. Andrew, introducing A. M. Belding to the Rotarians, Board of Trade members and other citizens at today's luncheon in the Chateau Restigouche, "there has been talk of doing something to make the case of the Maritimes better known to the rest of Canada but it remained for the Saint John Telegraph-Journal to take the first practical step by sending Mr. Belding from coast to coast."

Mr. Andrew congratulated both the newspaper and its representative and said the people were greatly indebted to them for a work that is bearing fruit for the good of the Maritimes and Canada as a whole.

Mr. Belding, on rising, was given a hearty greeting and attentive hearing as he outlined events leading up to the coming Maritime and national conferences on the economic situation in Canada.

SECTIONAL DIFFICULTIES.

Mr. Belding said the question was a very complex one owing to the Dominion being made up of four different sections, each laboring under

House of Commons Hears Condemnation of C. N. R. Officials During Debate.

OTTAWA, June 25—Sir Henry Drayton criticized the composition of the Canadian National Railway board in the House tonight when a vote of \$60,000,000 for the Canadian National was discussed.

But what could the country expect? asked Sir Henry, when instead of financiers, men without experience and knowledge were put on the board of the railway for political reasons.

"The political hack is not the man in whom these great trusts should be placed," he said. Sir Henry Thornton alone among the government appointees to the Canadian National Railway board knew something about a railway. The vote was carried with a reduction of \$10,000,000 moved on behalf of the government.

### ADVISES CITY MAKE CAMP SITE

#### F. M. Logan Says the Lack Means Loss of Tourist Business.

#### Gives Own Experience; Points Value of Expenditure of Few Hundreds.

Camp sites are a prime necessity in the development of tourist traffic and Saint John will be the loser if one is not provided here, in the opinion of F. M. Logan, proprietor of the Standard Creamery. Mr. Logan has had considerable experience with camp sites, having crossed the continent 14 times in addition to taking a great many motor trips. He speaks, therefore, from experience.

"After several years in the western prairie provinces," Mr. Logan said in an interview, "I decided to visit my old home in Nova Scotia, traveling back by auto with my wife and three children. As you are aware, there is not any road around the head of Lake Superior so we came by way of St. Paul, Milwaukee, Chicago and Detroit, crossing into Canada at Windsor, Ont., and thence to Toronto, Niagara Falls, Montreal, Quebec and Fredericton.

**CARRIED TENTS**  
"When we decided to motor east, we expected to spend most of the nights at hotels but brought a tenting outfit along as an experiment. The first two nights, we put up at hotels but the third night brought us to Minot, N. D. Here we found a tourist camp site located in the finest park in the city. The tenting ground was within 200 feet of a swimming pool, dance hall and other attractions, so we decided to put up the tent. We found it so satisfactory and pleasant that we tented almost every night for the rest of the journey.

**SITES EQUIPPED**  
"The tourist camp idea," said Mr. Logan, "is certainly popular in the United States. In the average town or city, it is as much of an institution as the town hall and much more widely advertised. The sites are usually located in the parks or in some place easy of access with signs along the way, directing tourists where to find them. They are usually fitted up with a small house or kitchen with a stove, sink, water supply, toilet etc., installed for the convenience of the tourists. This means about an outlay of only a few hundreds of dollars yet they easily supply the needs of the average tourist."

**IDEA SPREADING**  
Moderately-priced automobiles and tourist camps, Mr. Logan believes, enable the man of moderate means to give his family a vacation and change of scenery that they would otherwise not get, as many of them cannot afford to put up at hotels for several weeks. At some of these western camps, he says, you will meet tourists from California, Seattle on the west coast and as far east as Maine. They all like the free lift outdoors.

"It is the general opinion that camp sites detract from hotel revenue," Mr. Logan said. "Well, it is possible that they do in some cases but not to any large extent. Without tourist camp sites, there would not be half as many motor tourists, so it about events itself up. An attractive camp with a good view and pleasant surroundings will cause a tourist to remain two or three days, whereas they never would start from home if they had to live at the hotels. They are bound to leave some money in the town or city.

**URGES ACTION**  
"There would be some foggy nights here, it is true, when it would not be pleasant to remain outdoors but these would, it was hoped, be few and far between. If Saint John does not provide such accommodation for tourists, they never will come here but will go where they are provided and the city

will be the loser merely for the sake of an expenditure of a few hundred dollars. I would be strongly in favor of public funds being voted to establish a tourist camp site at some suitable place in or near the city."

### SLUTHS AT DINNER

#### Laborite Will Ask British Government Why Scotland Yard Acted.

LONDON, June 26—The Home Secretary will be asked to explain to the House of Commons on Monday why Scotland Yard recently presumed to spy upon a private dinner attended by a former cabinet member and several M.P.s.

Two members of the famous Yard's sleuthing detachment are alleged to have attended the dinner disguised as waiters.

Ellin Wilkinson, one of the Labor members of the Commons, has given notice of her intention to ask the question.

She wants to know who authorized the Sherlock Holmes tactics.

**RAND RETURNS.**  
Hon. I. C. Rand, Attorney-General, has arrived home from Washington, where he was in conference with the International Joint Commission regarding the Grand Falls hydro development order which was made. It is expected that tenders for the construction of the dam and other necessary work at Grand Falls will be called for at once.

**Great Expectations.**  
(Edmonton Journal.)  
On the basis of acreage sown and present conditions Mr. James Stewart hazards the estimate that the West may thresh out 800,000,000 bushels of wheat next fall. We are a long way from fall yet, and a favorable June does not guarantee a well ripened, uniformly high-grade quality of grain. But if anybody is qualified to make a shrewd calculation of the prospect Mr. Stewart is the man. Unforeseen circumstances may make his forecast only a bad guess, but there is nothing in the conditions at present to discredit it. The prairie country over, reports were never more encouraging, if they were ever so unanimously cheering.

#### Descends 3,500 Feet Into Biggest Gold Mine in the World.

JOHANNESBURG, June 25—The Prince of Wales had today the novel experience of descending into the crown mines, the greatest gold mines in the world.

He made the descent of 3,500 feet in the cage in two minutes and declared it was an eerie sensation.

Arriving at the bottom of the shaft the Prince drove in an electric train about four miles to another shaft where the white overseers had gathered. He eagerly inspected the drillers and other machinery and insisted that each over-

see be personally presented to him. On leaving the Prince was given a pure gold paper weight with a quartz handle.

### NOVELTY SHOWERS

About 25 girl friends of Miss Marie Duffy gathered at the home of Miss Florence Durnell, Chesley street, and tendered her a novelty shower in honor of her approaching marriage. Little Misses Jean Humphrey and Mary Walker brought in a daintily decorated cart laden with gifts. The evening was pleasantly spent in games, music and dancing, after which dainty refreshments were served by the hostess. The party broke up wishing Miss Duffy much happiness.

**Making Economy Popular?**  
(New York Times.)  
The budget speeches of the President, together with the comments of the Director of the Bureau of the Budget, have come to be thought "mighty interesting reading." This is not because they are presented in piquant literary form. Few can rival Gladstone in making a three-hour speech on taxation absolutely fascinating. Figures of Government expenditure, Government debt and Government revenue are pretty dull in themselves. But President Coolidge and General Lord have had the good fortune to identify financial statistics with what has now become a popular movement. Economy in the Federal service was always applauded as an abstract thing, but now it is praised as a matter of practical achievement.

DOROTHY'S DIARY

No. 3 My room at Mrs. Lazarus' is just lovely. Really, I should have written "OUR room" because I am sharing it with my new friend, Alice McBee.

What a strange way to make a friend—through a want ad! But it's a very satisfactory way because Alice and I "hit it off" splendidly right from the start.

A letter from Aunt Mary today awaited me at the hotel. She is worrying about my finding a job. Well, Diary, if my "Situation Wanted" ad pulls as quick results as my ad for a roommate, I have nothing to worry about.

Alice has the most beautiful hair I have ever seen!

(Continued tomorrow.)

CHINESE HURT DURING RIOT

Police and Guards Clear Ships' Decks at Hong Kong

Foreigners in Canton Ordered to Evacuate Foreign Suburb of Shamun.

HONG KONG, June 25.—Foreigners in Canton have been ordered to evacuate Shamun, the foreign city there, by Friday, according to reports received here.

The defenses of Shamun are ready to resist the enforcement of the Government's ultimatum.

Many Chinese were injured by police and volunteer civil guards who welded bayonets on Thursday to clear the decks of several ships which had been engaged to carry strikers to Canton from Hong Kong. Three thousand strikers had boarded the ships when the Hong Kong authorities cancelled the sailings. The strikers immediately began a noisy demonstration of protest.

REDS DEMONSTRATE

PEKING, June 26.—Communists and other Chinese demonstrated before the Forbidden City on Thursday, causing police to warn all foreigners to avoid the vicinity. Communist banners predominated among the many borne by the demonstrators.

COMPLAINT LODGED

HONG KONG, June 26.—The Canton Government has lodged a complaint with the foreign authorities regarding Tuesday's shooting, alleging that the foreigners opened fire from Shamun on parading Chinese across the water. The British consul-general repudiated the statement and reiterated that the first shots came from the Chinese.

SENATE FAVORS RAILWAY MERGER

Would Join C. N. and C. P. Under One Management For Operation.

OTTAWA, June 25.—Merging of the Canadian National and Canadian Pacific Railway systems for purposes of administration and operation is recommended by a special committee of the Senate on railways which made its report to the Upper House this afternoon. The committee recommends:

That both the Canadian Pacific and the Canadian National Railways should be placed under one management of a board of 15 directors, five to be named by the Canadian Pacific Railway, five to be named by the Government and five to be named by the Government and the Canadian National Railways in proportion to the valuation of the two systems.

After payment of these dividends any surplus earnings available for distribution be divided between the C. P. R. and the Canadian National Railways in proportion to the valuation of the two systems.

FAIR NOT HELD. Owing to unfavorable weather, the St. Mary's Band fair at the tennis courts at Gilbert's Lane was not held last night but arrangements were made to carry on the fair this evening with every attraction in full swing. The band will play in front of the Admiral Beatty Hotel and then march to the grounds to give another concert there.

SUNBURY SELECTS TWO OPPOSITION

Taylor and Atkinson Are Chosen to Conduct Fight Against Government.

BURTON, N. B., June 25.—As candidates opposed to the Government in New Brunswick led by Hon. Dr. P. J. Veniot, the Conservatives in Sunbury this afternoon at Burton court house nominated Ewart C. Atkinson, of Fredericton, lumberman, and Alton D. Taylor, of Minto, coal mine operator. Walter Hargrove, of Sheffield, farmer, also was considered by the convention but failed to receive sufficient support. On his motion the nomination of the other two was made unanimous.

BIG ELIMINATION SINGLE SCULL RACE WILL BE HELD ON JULY 18

PLANS FOR THIS FEATURE EVENT ARE COMPLETED

Keen Interest Shown In Coming Aquatic Classic

At a meeting of the Saint John Rowing Club held last evening plans were furthered for the big single scull rowing race which is to be held on Cotnam Bay on July 18.

In addition to the senior race there will also be an intermediate class between Wylie Logan, Grenville McCavour and Anthony Belyea.

The races will be held over the regulation distance of one mile and 550 yards the course will be laid off by one of the engineers of the Saint John Dry Dock & Ship Building Company.

Are Training Hard All of those who will compete are, and have been, training hard and as a result the meet is expected to be one of the best ever held in these parts.

Speculation is running high as to the probable winners. Belyea is favored by many to win the feature event, although a host of admirers are backing Giggey and others are expecting Ward to prove "a dark horse."

BIG GAME TONIGHT

St. John The Baptist and Water Dept. Teams Will Clash, Weather Permitting.

The long-expected duel of batting strength versus pitching prowess as exemplified by the Water Department team and "Tack" Dalton, respectively, is carded for this evening on the South End grounds.

BLUE CAPS COMING

INTEREST IN THE Suburban Tennis League is certainly running high despite the fact that both Fair Vale and Drury Cove dropped out of the C. N. R. section.

FANDOM IN GENERAL are looking forward with more than ordinary interest to the coming elimination race between Hilton Belyea, Harry Giggey and W. Ward.

THE PITTSBURG PIRATES are certainly making a strong bid to head the New York Giants in the National League pennant race.

THE SAINT JOHN HORSES certainly got away to a good start in the Chatham meet. David Hal had little difficulty romping home with first money.

IN ALMOST EVERY publication of sport editions in the States critics are predicting that this or that fighter looks like a good prospect to capture the heavyweight championship from Jack Dempsey.

RAIN POSTPONED THE first engagement between the White Sox and the Indians, but the last half of the scheduled double header was concluded with Chicago on the long end of a 7 to 2 count.

DOWNPOURS AT NEW YORK and Boston, forced the postponement of National League games, and the only other scheduled for the day, was at St. Louis, which the Pirates tucked away to the tune of 4 to 3.

NEW YORK, June 26.—Bucky Harris, youthful pilot of the world champion Senators, has once more triumphed in a battle of wits in surrounding himself with seasoned players.

NEW YORK, June 26.—Max Marston, of Philadelphia, amateur champion of the United States in 1923, is certain to play for the Canadian Amateur Championship at Ottawa.

PARIS, June 26.—Jack Dempsey is reported to have told friends here on his arrival from Germany with \$22,000 and a grievance that he was "a victim of the Dawes' plan."

BUCKY HARRIS TRIUMPHS IN BATTLE OF WITS

Securing Old Timer Was a Master Move

NEW YORK, June 26.—Bucky Harris, youthful pilot of the world champion Senators, has once more triumphed in a battle of wits in surrounding himself with seasoned players.

IN FIRST DIVISION Detroit finally broke into the first division in the American League by gaining a 3 to 2 verdict over the Browns.

RAIN POSTPONED THE first engagement between the White Sox and the Indians, but the last half of the scheduled double header was concluded with Chicago on the long end of a 7 to 2 count.

DOWNPOURS AT NEW YORK and Boston, forced the postponement of National League games, and the only other scheduled for the day, was at St. Louis, which the Pirates tucked away to the tune of 4 to 3.

NEW YORK, June 26.—When Fred Taral, famous jockey and trainer of thoroughbreds, died recently he left as one of his most cherished possessions a stop watch that had been presented to him by the late John L. Sullivan.

PARIS, June 26.—Jack Dempsey is reported to have told friends here on his arrival from Germany with \$22,000 and a grievance that he was "a victim of the Dawes' plan."

TORONTO, June 26.—Max Marston, of Philadelphia, amateur champion of the United States in 1923, is certain to play for the Canadian Amateur Championship at Ottawa.

Protection, Fundy Gas

The choice is plain—Gasoline that kills oil and doubles repairs or the pure distilled product.

Acid "cracked" Gas makes more money for refiners yielding 15 p. c. to 25 p. c. more fuel per barrel of petroleum.

Low grade gas burns slower, providing less power and, worse still, a lot of it leaks unburned down into your oil, cutting the life of your oil in half and doubling the wear and tear.

Stick to straight distilled Gas and keep your car longer. Spend less and get more out of it—more power, more mileage, more economy.

SMOKERS' TASTES CHANGE INDUSTRY

A primary difficulty with the tobacco-growing industry in the Connecticut valley is the change in the habits and tastes of smokers that has developed so rapidly in recent years.

Cigarette tobacco is not grown in Western New England. Yet cigarette consumption has increased some 2,000 per cent in the last twenty years.

Connecticut valley tobacco remains the wrapper tobacco which must find its market in the cigar-making industry alone. The consumption of cigars, however, has been stationary for a long period, and has declined sharply relative to the phenomenal growth of the popularity of the cigarette.

In the face of these conditions, growers of wrapper tobacco in Western New England have been the victims of overproduction. With very high tobacco taxes levied by the Federal Government, with fertilizer and labor still high, and with tobacco storerooms carrying crops two years old which cannot be sold at a profit, even co-operation in marketing has its limits.

It is no surprise to find the acreage being planted for the new crop this season very substantially diminished. The movement to reduce the acreage is wise and the policy of construction should be adhered to while there is a need for it. The tobacco-growing industry as a whole in this valley is passing through a period of readjustment, the end of which may not be clearly forecast.

An encouraging feature of the present situation is that the possibilities of growing cigarette tobacco in the Connecticut valley are now being studied in earnest by complete experts in tobacco culture. If a shift could be made into the cigarette field, tobacco-growing hereabouts would quickly revive. It is reported on reliable authority.

CAPT. ROBT. DONALDSON PASSES AWAY

Soldiers Settlement Board Official Dies at Chignecto Mines

LOCAL OFFICE IS SHOCKED BY NEWS

He Was District Superintendent Here—Made Fine Record in War

Word was received at the local office of the Soldiers' Settlement Board this morning that Capt. Robert I. Donaldson, district superintendent, had passed away at Chignecto Mines, N. S., following a brief illness from typhoid fever and heart trouble. The word came as a great shock as only 10 minutes before they had received a night telegram from him giving them instructions regarding some business to be transacted. Captain Donaldson was appointed district superintendent with headquarters in Saint John in 1921 and since then had resided at Torryburn. From last November until April he was in England in connection with the British family settlement scheme and as a result of his efforts several families migrated to this province.

WAS THROUGH WAR

He was formerly connected with the Government Experimental Farm at Napan and for several years took an active interest in the work. He had also been attached to the Dominion Live Stock division. At the outbreak of the war he enlisted as a private with the 85th Nova Scotia Highlanders and was soon promoted from rank to rank until he received a commission as Captain. As a result of his gallantry he was mentioned in despatches twice, was awarded the military cross and was made an O. B. E. After the termination of the war he became interested in Soldiers' Settlement work and for a time was stationed in Halifax.

He was born in Musselburgh, Scotland, on May 11, 1872 and resided in Canada for 38 years. Besides his wife, who was formerly Miss Etta MacDonald of Chignecto Mines, Cumberland county, N. S., he is survived by four sons, David, John, Douglas and Evan, and one daughter, Grace, at home; and three daughters, Mrs. Lawrence Ward of this city, Mrs. Evan Craig of Kentville, N. S., and Mrs. Alexander Campbell of Halifax. With exception of one son all the members of his family were with him at the time of his death. He was a Presbyterian in religion. The funeral will be held at Fenwick, N. S. on Sunday afternoon.

SAINT JOHN MAN IS MARRIED AT "SOO"

Wedding of Edgar Daryl Fairweather to Miss Dorothy Elizabeth Ross Solemnized.

The Sault Daily Star, published in Sault Ste Marie, Ont., has the following account of a wedding of interest in Saint John, in its issue of June 18:

"St. Luke's Pro-Cathedral, Sault Ste Marie, on Wednesday, June 17, at 12:30 o'clock was the scene of a pretty wedding when the marriage was solemnized of Dorothy Elizabeth, only daughter of Mr. and Mrs. John W. LeBreton Ross, and Edgar Daryl Fairweather, son of the late Edgar and Johanna Fairweather of Saint John, N. B. Archbishop Thorne performed the ceremony, assisted by Rev. C. W. Balfour. The church was attractively decorated with white lilies, bridal wreath and pink honeysuckle with white and pink flowers on the altar.

The bride was given away by her father and made a lovely picture in her gown of white crepe embroidered in crystal and pearls. Her veil of very old lace was caught to her pretty dark hair with orange blossoms. An under veil of pale pink tulle, which also formed the train, was caught with a large spray of orange blossoms. She carried an old-fashioned bouquet of maidenhair fern, baby's breath, Ophelia roses and forget-me-nots.

"The maid of honor, Miss Margaret Kinneer, of Oshawa, wore pale mauve georgette with hat to match and carried pink snapdragon and mauve columbine tied with pink tulle. The bridesmaid, Miss Alice Shannon, of Sault Ste Marie, wore powder blue georgette with hat to match and carried pink snapdragon and pink columbine tied with pink tulle. Jack Ross, brother of the bride, was best man.

"Following the ceremony a luncheon was held at the home of the bride at the Ship Canal. Mr. and Mrs. Ross received with the bride and groom. Mrs. Ross was handsomely gowned in black charmeuse embroidered in gold with black lace hat and carried gold and brown snapdragon. The house was beautifully decorated with flowers from the conservatory and rose garden.

"The health of the bride and groom was proposed by the Archbishop, the groom replying. Mr. and Mrs. Fairweather left by the 8:20 train for Toronto, the pretty bride going away in a smart ensemble suit of sandalwood crepe with hat to match. After the honeymoon they will live in Saint John.

"Mr. and Mrs. Ross entertained the younger set to a jolly dance the night of the wedding and the day previous gave a large farewell tea for their daughter."

TO SPEAK HERE.

Rev. C. F. Checuzzi, D.D., Ph.D., M.A., a distinguished negro divine, is to visit the city and will be heard at St. Philip's church on next Sunday at both services. He is a graduate of Oxford and Paris universities and at present is dean of Princeton University of Indiana.

PRESENTATION MADE

A banquet was held in one of the private dining rooms of the Admiral Beatty last evening by the members of the Young Men's Hebrew Association, when they met to honor Archie Evans, one of their members, who is leaving the city to reside elsewhere. Mr. Evans was made recipient of a purse of gold, and thanked his friends in happy manner. H. L. Marcus was chairman. Eli Boyaner responded to the toast of the Y. M. H. A., of which he is president, and Frank Boyaner responded to the toast of the ladies. Speeches also were made by Messrs. Ronald Hart and Ben Cohen. The company joined in several vocal selections. There were 25 present.

TEMPORARY WORK IN DOUGLAS AVENUE

Commissioner Frink Speaks of Street Plans—Indiantown Hill Blocks Arrive.

Commissioner Frink said this morning that blocks for the paving of the track section on Indiantown Hill had arrived and this work would be undertaken just as soon as the granite blocks had been laid in St. James street.

He said the New Brunswick Power Company had been advised of the intention of the city to pave the rest of Douglas avenue but as it would take some time to get rails he had decided to make temporary repairs to the road to make it more usable for the summer travel. The surface will be ploughed, rolled and graded and probably oiled.

An inspection of Manners-Sutton street, Millidgeville, was made yesterday and repairs will be made to this street in the near future. The floors have been laid in the new stables and the stalls are now being built and the exterior painting being completed.

JAS. H. WORCESTER FUNERAL ON SUNDAY

Railway Man Succumbs to Injury Received When Struck by Baseball.

James H. Worcester, Metcalf street, St. P. R., was struck on the back of the head by a thrown baseball while sitting with some companions watching a ball game at the Hotel at Salem, Mass., and instantly between Lake Megantic Club and East Angus, died of intercranial hemorrhage at the General Public Hospital yesterday afternoon between 4 and 4 o'clock. Horace A. Porter, coroner, announced last night that no inquest would be held.

FUNERAL ON SUNDAY

The funeral will be held on Sunday afternoon, from Victoria street Baptist church at 2:30 o'clock and will be attended by members of the Brotherhood of Railway Trainmen and of the Masonic fraternity. Mr. Worcester was highly esteemed by his co-workers and there were heard many expressions of regret at the news of the fatal termination of his life. For three years he had been the secretary of R. W. Alingham Lodge 854, Brotherhood of Railway Trainmen and also was a member of the Alton Lodge, A. F. and A. M. Mr. Worcester is survived by his wife and one daughter, Phyllis, and by his father and mother.

PERSONALS

A bridge was given last evening by Mrs. L. Isaac, 21 Orange street, in honor of Miss Bertha Boyaner, who is to leave soon for Vancouver. The prize winners were Miss Gilbert, Miss Budvitch and Mrs. Green. Mr. Bernstein entertained at the tea hour last evening at the Admiral Beatty Hotel, in honor of Miss Boyaner.

Miss Margaret Murray, who has been taking a post graduate course at the University of Toronto, returned to the city this week. She will sail from Montreal on July 10 for a European tour on which she will be accompanied by Miss Beatrice Price.

Dr. and Mrs. C. A. King of Petitcodiac, are expected in the city this evening from St. George.

Alfred I. Baxter of Yarmouth, N. S., son of Mrs. Annie Baxter of Main street, has left for a three months' vacation in Havana, Cuba.

J. M. Woodman, general superintendent C. P. R., arrived in the city last evening, in his private car "New Brunswick" attached to the Fredericton train, from a local inspection trip.

Rev. James Woods, C. S. S. R., of St. Peter's rectory, left yesterday for Quebec to be present at the Diamond Jubilee of the arrival of the Remerciporists of St. Patrick's church there. Father Woods expects to be absent from the city for a week.

F. A. Currier, connected with the advertising department of the Boston Evening Transcript, who was here for the opening of the Admiral Beatty Hotel, left Wednesday evening for Boston.

Thomas Nagle, president of Nagle and Wigmore, Ltd., left yesterday afternoon for Montreal and will be absent from the city over the weekend.

BOOSTS CITY FOR TOURIST TRAFFIC

United Hotels Co. Tells of Saint John in Summer Tourist Directory.

That every effort would be made to direct tourist traffic from the United States this summer, was a statement made by George H. O'Neill, general manager for Canada of the United Hotels Company, before leaving yesterday on return to Toronto.

One instance of the company's energy in this direction is shown in the summer directory of the Brooklyn Daily Eagle, a compilation for the convenience of tourists that reaches all parts of Canada and the United States. The back page of this issue is taken up by the company in featuring their Canadian hotels. There is a magnificent picture of Niagara Falls, and included are smaller views of the five hotels in Canada, the Mount Royal, Montreal; the King Edward, Toronto; the Royal Connaught, Hamilton; the Clifton, Niagara Falls; and the Admiral Beatty, Saint John. There is also a picture of the hotel at Niagara Falls, N. Y. Saint John is prominently mentioned in the appeal for tourists to visit Canada, and a list of the attractions here is given.

NEW ROAD MAP

Manager Peters announces that he is having a road map, Boston to Saint John, prepared and expects it here in a few days. This map will show the hotels at Salem, Mass., and the Ponds Springs Hotel, the Algonquin, at St. Andrews, and the Admiral Beatty. This will give to motor tourists in concise form all details of the trip here.

WELCOMED HOME

Two Thorne Lodge Members, Returning to City, Honored at Reception.

In Thorne Lodge Hall last evening a hearty welcome was extended to Henry W. McEachern, just returned from Colorado Springs, and Miss Margaret Brown, Boston, at a reception held in their honor. The hall had been artistically decorated by Mr. and Mrs. John J. Fitzgerald, who were complimented on their work. T. D. Owens was in the chair.

The Programme

Opening chorus—O Canada. Address of welcome to Canadian Soil—E. N. Stockford, P. N. C. T. Solo—John McEachern.

Address—Welcome to New Brunswick—Jas. A. McEachern, G. C. T. Piano solo—Miss Helen Wheaton. Address—Welcome to Saint John—T. D. Owens, D. T. Solo—Wm. McEachern.

Address of welcome to home lodge—R. A. Brown. Violin and piano duet—Miss Helen Wheaton and Arthur Clitick.

Address—Sister Lodges—Dominion, G. P. Kelly; No Surrender, Mrs. McPherson. Duet—Wm. and John McEachern. Solo—H. P. Gardner.

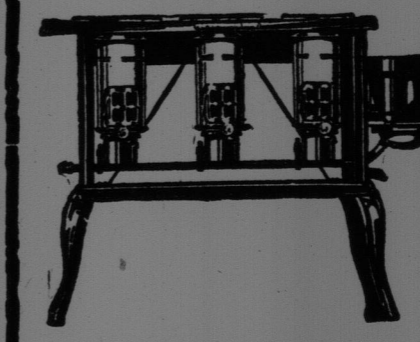

Mr. McEachern in reply told of the wonderful treatment he had received during his stay at Colorado Springs, and said how proud he was to be a member of the Typographical Union and of his membership in the I. O. G. T.

Miss Brown made a neat reply, thanking all for the cordial reception. Refreshments were served by a committee composed of Mrs. W. W. Brown, Miss Marion Brown, Miss Helen Wheaton and Mrs. Iva Murray. The meeting closed with the singing of "Best be the last birds."

WEDDING ANNIVERSARY

Mr. and Mrs. Frank Arthur, of Fairville, celebrated the sixth anniversary of their wedding last evening at their home with a pleasant company of friends to assist them. More than 30 assembled and presented a lovely china tea set. Mrs. Joseph Sargeant sang a solo. David Linton made the presentation on behalf of the guests. Those who assisted the hostess in serving were Mrs. H. Dannels, Mrs. Walter Sutton, Mrs. David Linton and Miss Mattie Gouffry.

They Stand Up

Clothes are like automobiles—lots of them are bought on looks, but the experienced man buys on performance.

A suit that looks like a million dollars in the store, and like a meal bag a few weeks later, is not a good suit for you to buy or for us to sell.

Oak Hall suits do not act that way. They stand up—their good shape is built in—it's permanent.

That's why thousands of men prefer Oak Hall Suits that along with the low prices for such qualities.

Human nature is very much the same wherever you meet it. It is natural that you, in buying home furnishings, should seek the highest possible value for the price you pay. This Store realizes that this applies whether your expenditure is to be limited or unlimited.

If you do not rely upon Everett's for your home furnishings, it is probably because you are under the false impression that we carry only the higher priced, more exclusive home furnishings, which are so frequently seen in our window displays.

As a matter of fact, Everett's carry very comprehensive stocks of moderately priced furnishings, particularly selected and suited for the average Saint John home. Almost every day patrons who have shopped around tell us unsolicited that by actual comparison they find very much more desirable selections and better values here than anywhere else.

In your sincere search, therefore, for the highest possible value for your money, you can very well afford to include a visit to Everett's.
