Logan Preaches Policy of Maritimes First, Last and Always

BRITISH AWAIT CANADA'S ATTITUDE

SEES CHANCE FOR INCREASED TRADE WITH WEST INDIES

H. J. Logan, M. P., Says Business Might Reach Billion Dollar Mark.

URGES LOYALTY

Says Force Almost Needed to Obtain Anything for Maritimes.

(Special to Times-Star.)

Kentville, Sept. 18.—"My politics are the Maritime Provinces first, last and all the time," said H. J. Logan, M. P., at the Maritime Board of Trade dinner in Cornwallis Inn last evening.

"The longer I am in politics," went on Mr. Logan, "the more I believe we must have union or fall. I believe in bi-party politics but when it becomes a question between the interests of party and of our homes, let us be true to our homes."

Mr. Logan said he had lived long enough at Ottawa to learn that anything for the Maritime Provinces must be obtained almost by force.

Hopes for Justice.

While he was disturbed that we had not had our just claims recognized, he would make no rash statement but expressed the hope that we may soon obtain justice.

Last night's dinner, because of the eminence of the speakers and the subject matter of their addresses, was a fitting close to the Maritime Board meeting.

More than fifty gentlemen sat around the tables in the handsome dining room of the Cornwallis Inn, and the service was all that could be desired.

Mayor Chesley presided and cordially welcomed the visitors to Kentville.

Premier of N. S. Speaks.

Premier Armstrong of Nova Scotia made an impressive speech, in the course of which he set forth the claims of his province. One of these was such action as would stop the importation of bituminous coal into Canada.

Another was an increased federal subsidy. Another was the matter of western lands, and there was also the matter of transportation. For recognition of these definite rights he would continue to fight.

The Premier next delivered a eulogy of Nova Scotia, taking note of progress in many directions and appealing for the practice of industry and thrift by the people. He protested against any action or policy that would tend to drive capital out of the country.

Hon. J. A. MacDonald, Minister of Public Works for P. E. Island, endorsed the Maritime Board of Trade and Maritime Development Association and pointed out that the Island Government had been willing to give financial aid if the others did so. He very strongly endorsed the buy at home campaign and urged business men to encourage home industries and provide them with a selling organization. He said publicity had doubled the number of American tourists to the Island this year.

Mr. Logan Heard.

Mr. Logan was the last speaker. He made a very vigorous plea for trade development with the West Indies and in opening his address made the remarks already quoted.

He submitted figures to prove that (Continued on page 9, third column.)

ACCOUNTS SHORT, HAMILTON SEEKS MISSING OFFICIAL

Trace of City Treasurer's Clerk, Away Two Weeks, Found in Buffalo.

SEEN WITH WOMAN

Automobile Purchased by Absconder for Companion, is Found.

(By Canadian Press.)

Buffalo, N. Y., Sept. 18.—Search for Harold S. Forbes, missing Hamilton, Ontario, city employee, who disappeared more than two weeks ago with \$32,000 of city money, now centres in Buffalo. An automobile purchased here in May by Forbes for Mrs. Lorin Sears, a Cleveland divorcee, was found late yesterday afternoon in front of 59 Ardmore Place, where Mrs. Sears was a guest for several weeks early in the summer. Her five year old son was with her at the time.

Following the finding of the machine detectives were investigating places in the city where Forbes is known to have visited on his frequent trips to Buffalo.

Last night police learned that Forbes was an employee of the Hamilton city treasurer's office. He was given a leave of absence from his duties on August 23 because of wife's illness. When he failed to report to work a week later his books were examined by auditors and shortages of \$32,000 in his accounts was noted.

The outstanding case is the action of R. B. Hanson, K. C., M. P., against The Glasgow Limited, in which writ for libel is being brought. This case was for trial before Judge LeBlanc at a previous sitting. Postponement was made at that time and His Honor took into consideration an application to strike out the defence on the ground that the managing director of the defendant newspaper had refused to answer questions on examination for discovery. Judge LeBlanc recently gave judgment refusing the application.

The jury list for the trial of this libel action has been prepared and the preparation of the site for the trial is being hastened.

The alleged libel consisted in accusing the plaintiff of unprofessional conduct as a member of the bar.

Fredericton, Sept. 18.—(Special.)—Hearing in the case of Sollows vs. Schofield et al, was completed before the Appeal Division, Supreme Court, Wednesday, court considers. Judgment will be delivered Friday.

A C. N. R. official party, including Vice-President S. J. Hungerford, General Manager W. U. Appleton and Supt. H. Griffin, arrived here today on inspection.

Mrs. Catherine Stickle, aged 78, died this morning at the home of her daughter, Mrs. William Harrison, Devon. Death was sudden. She was the widow of James W. Stickle.

Exhibitors of live stock at the Fredericton exhibition, on the invitation of Supt. C. F. Bailey, attended a field day at the experimental farm today. Judges and others delivered addresses, and demonstrations of various kinds took place.

WIFE ON DEATHBED NAME S SUCCESSOR

Claire Adams, Film Actress, To Wed Wealthy Tobacco Man.

(United Press.)

Los Angeles, Cal., Sept. 18.—On her deathbed, Mrs. Benjamin B. Hampton selected her successor.

"My dear," she told beautiful Claire Adams, film actress, "I would rather my husband married you after I am gone than any other woman."

Neither Hampton, a wealthy tobacco man, nor Miss Adams, who played with William De Mille, and Larry Senon, took the suggestion seriously at the time. This was three years ago, Mrs. Hampton died.

Today friends heard that Hampton, who is 48, and Miss Adams, 24, will soon wed. "He took me three years to fall in love with the woman my first wife picked out for me," Hampton said. "But we certainly are in love now."

Appeal To Save Another Youth

Oklahoma City, Sept. 18.—(United Press.)—An effort is being made for clemency for Elias Ridgeway, 16 year old negro, sentenced to death for murdering a woman. The youth is now at the state penitentiary.

Mrs. Bessie Bassett, first cousin of the victim and corrections officer in the center of the fight to save the negro's life.

Loeb and Leopold, possessing college degrees, were too young to die at 19 for murdering a boy just as Mrs. Bassett's nephew, the young negro boy certainly is too young to die for a crime he committed while under the influence of an uncle. Mrs. Bassett says a direct appeal will be made to the governor.

LIBEL CASE TO BE HEARD ON TUESDAY

Action Involving Fredericton Cleaner Will Be Resumed Next Week.

(Special to The Times-Star.)

Fredericton, Sept. 18.—The York sittings of the Court of King's Bench is to be held here opening on Tuesday next. Chief Justice MacKinnon will preside as presiding judge but a change must be made because of his appointment to the Railway Commission. He will personally assign one of his brother judges to the sittings but it is not known who it will be. Judge Barry of this city and Judge LeBlanc are those available, and as Judge LeBlanc was judge of the previous York sittings it is considered likely that Judge Barry will hold the court.

The outstanding case is the action of R. B. Hanson, K. C., M. P., against The Glasgow Limited, in which writ for libel is being brought. This case was for trial before Judge LeBlanc at a previous sitting. PRINCE IS ANXIOUS TO MAKE ANOTHER TRIP TO THE U. S.

Desires to Study Industrial and Farming Conditions in Republic.

INTEREST IN PEOPLE

This Feature is Taken to Account for His Popularity.

(Special to The Times-Star.)

Styssel, N. Y., Sept. 18.—The Prince of Wales is anxious, it was learned today, to return to the United States at a later date to visit the great industrial centres and farming communities, to become acquainted at first hand with industrial conditions, and to meet the working men and women.

The Prince has long meditated such a trip, and the project has grown in his mind as the result of numerous invitations he has received this summer from all parts of the North American continent, showing that a tour of industrial exploration would be as welcome to his hosts as to him.

The contemplated tour of factories and farms would be similar to the one he has made in the industrial cities of Great Britain since the war, when he spent a long period going through the workshops and talking with the people employed in them. On these tours the Prince often remarked to his companions:—"It is the people, not the plant, that counts."

That his acquaintances point out, is the dominant element in all his tours, and this is held to account for his extraordinary personal popularity—the interest that he takes in the affairs, the joys and sorrows, the work and the amusement of those with whom he comes into contact. This is the case, it is pointed out, whether he visits workshops, farms, or country houses.

TAKES UP MATTER OF MINIMUM WAGE

Premier Veniot Addresses School Inspectors at Annual Meeting in Fredericton.

(Special to Times-Star.)

Fredericton, Sept. 18.—The school inspectors of the province are gathered here today in semi-annual conference with Dr. W. S. Carter, chief superintendent of education. A lengthy agenda of matters connected with their duties has been prepared.

This morning Premier Veniot attended the conference for the purpose of directing particular attention to the matter of the minimum salary regulation for teachers. He pointed out that in some districts, through a misunderstanding of the regulations, there had been an over-assignment with an attendant burden upon the rate payers. He urged upon the inspectors that they should do everything in their power to bring about a proper understanding of the minimum salary regulation in order to avoid these mistakes in the future.

The Provincial Government has completed its sessions, matters of routine only being dealt with.

Textile Workers Reject Reduction

Manchester, N. H., Sept. 18.—The operatives committee of 20 members, representing the 14,000 textile operatives at the Amoskeag, yesterday rejected the proposal of a 20 per cent wage reduction, submitted by the corporation. Another session will be held by the committee today to consider a compromise proposition. The cotton section operatives are ready to accept a 10 per cent cut, but the mechanical and worsted sections, employing 10,000 men, are against any reduction.

Friars of England Celebrate 700th Anniversary of Their Arrival There

London, Sept. 18.—Seven hundred years ago St. Francis of Assisi ordered a little company of his friars to cross to England to preach the gospel of holy poverty.

In 1924 they established themselves in London and in Oxford, and the anniversary of their arrival was celebrated last week at Canterbury, under the presidency of Cardinal Bourne.

Representatives of the Catholic English hierarchy, together with a large contingent of Franciscan friars and of the clergy and laity, attended a special train from London in connection with the event.

Very soon after their arrival in Oxford the Franciscans attained a European reputation as teachers of philosophy and theology, and their many charitable works had a deep social influence on the condition of medieval England. Known then as the grey friars, on account of the color of their habits, the Franciscans now wear dark brown. The friars are familiar figures in many parts of the north of London, Forest Gate, Stratford, and Woodford Green.

The Pope has written to Cardinal Bourne expressing his sympathy with the celebrations.

10,000 JEWS STARVE

Bound For U. S., Are Stranded in Several Foreign Ports.

New York, Sept. 18.—Ten thousand Jews, bearing American consular visas and tickets calling for trans-Atlantic transportation, are stranded in Cuban, German, English, Dutch and Rumanian ports, an emergency committee headed by Louis Marshall and Dr. Stephen S. Wise asserted in appealing for a \$500,000 fund for relief of the refugees.

These people are the victims of the United States immigration laws, the committee said, and in some cases have been held in foreign ports for more than a year. Peniless after their long detention, they are facing starvation, the announcement continued.

The emergency committee is seeking information on immigration conditions in Palestine, Mexico, the South American republics, Australia and South Africa, in hope that a home may be found for the refugees.

Hitch Reported In French Financing

London, Sept. 18.—Negotiations for the renewal of the Morgan and Co. credit with the French government, which was hurriedly arranged for France some time ago when the franc began to drop steadily in value has struck a snag, according to a dispatch to The Financial Times from Paris.

The negotiations are between the Bank of France and the House of Morgan, and it is understood that an "awkward hitch" was reached when the French institution declared its unwillingness to pay interest on the whole credit and insisted that it should pay interest only on the amount actually used.

The Morgan negotiators were said to object to this arrangement.

LEAGUE MOVES TO PLUG EVERY HOLE IN ITS COVENANT

Committee is Appointed to Study Matter of International Law.

BRITISH CAUTIOUS

Hesitate to Commit Selves on Matter of Naval Assistance.

BY C. F. CRANDALL (British United Press.)

London, Sept. 18.—Indications of the attitude of Canada towards the proposed use of the British fleet in order to enforce arbitration awards of the League of Nations, are being awaited here with much interest. Although Lord Parmoor has withdrawn his original offer to place the fleet at the entire disposal of the League, which was regarded as a generous gesture towards France to ensure the acceptance of MacDonald's arbitration proposals, Foreign Office officials do not attempt to disguise their anxiety that Britain may be committed to action which would bring embarrassing and perilous consequences, involving the whole Empire, yet it is realized just what these obligations to the League would mean and what they would involve.

International Law Matter.

Geneva, Sept. 18.—Plugging up every hole in the covenant of the League of Nations so that nobody can crawl out and have an excuse to start a war is the picturesque phraseology now used in Geneva to describe the efforts of the statesmen and jurists to construct a protocol that will really make for peace.

Paragraph 8 of article 15 of the covenant declares that "if the dispute between the parties is claimed by one of them, and is found by the council to arise out of a matter which, by international law, is solidly within the jurisdiction of that party, the council shall so report, and shall make no recommendations as to a settlement. Everybody regards this as negative and as leaving a hole in the covenant which must be plugged."

mandates of Brazil, M. Politis of Greece and M. Loucheur of France have been charged with this plugging operation, and are beginning their study of the question today.

The French idea is that if the council is unanimous in declaring any disputes plugging a domestic problem all the members of the league must accept (Continued on page 2, sixth column.)

WANSWORTH JAIL WARDEN HANGS SELF

Follows Elaborate Detail Of Many Executions He Had Witnessed.

By PERCY M. SAHL (United Press Staff Correspondent.)

London, Sept. 18.—Haunted by memories of executions he had witnessed while chief warden at Wandsworth Prison, Charles Lazel, hanged himself with all the elaborate detail with which he had seen scores of men sent to their deaths.

The aged man past 80 went through the complete death formula. First he found that the shed he had chosen as the spot for the suicide was the same number of paces as the Wandsworth execution shed was from the death cell.

Early in the morning he arose and demanded his favorite dishes in accord with the prison custom of allowing prisoners under death sentence to eat what they like the morning of their execution. He was given these delicacies. Then he told his family he did not care to be disturbed as he was going to the shed and "he had work to do."

In the shed he tested the noose which had been strung from one of the rafters. This was in accord with the Wandsworth custom. Then he mounted a pair of steps, fixed the noose about his throat and leaped through a trap door. His body was found several hours later.

HON. H. A. M'KEOWN BECOMES HEAD OF THE RAILWAY COMMISSION

Judge Anglin Chief Justice—Matthew Lodge to C. N. R. Board.

Important appointments were announced yesterday by the Dominion Government, and three came to New Brunswick—that of chairman of the Board of Railway Commissioners; Chief Justice of the Supreme Court of Canada, and a place on the Canadian National Railway Board of Directors. Two of the men appointed from St. John and the third from Moncton.

Hon. H. A. McKeown, Chief Justice of the King's Bench Division of the Supreme Court of New Brunswick, has been appointed to the position of chairman of the Board of Railway Commissioners of Canada, in succession to Hon. Frank B. Carvell, who died suddenly a few weeks ago.

Hon. Francis A. Anglin of Ottawa, who was born in this city, but of late years has resided in Ontario, has been appointed Chief Justice of the Supreme Court of Canada, succeeding the late Sir Louis Davies.

C. N. R. Appointments. Matthew Lodge of Moncton has been appointed a member of the Board of Directors of the Canadian National Railways. Mr. Lodge is one of the best known business men of the province and is well known beyond its borders. Four other members of the Board of Directors of the C. N. R. were named yesterday as follows: Robert H. McKay, New Glasgow; J. S. Stewart, Rayside, Montreal; Edward Brown, Manitoba; and James G. Gardner, Brockville, Ont.

The New Railway Chief.

Hon. H. A. McKeown is a native of St. Stephen, born in 1863, a son of the late Rev. Hezekiah McKeown. He received his education in the collegiate school at Fredericton and at Mount Allison, graduating B. A. in 1881. He

entered the office of the late Dr. A. A. Stockton and Hon. A. S. White, where he studied law, being admitted an attorney in the supreme court in 1884 and the year following he received the degree of LL. B. from Toronto University.

Going into politics, he was first elected to the legislature for St. John city in 1890. In the general election in 1892 he again offered and was defeated on the vote of the sheriff. In the general election of 1899 he was again elected for the city of St. John and was successful in retaining the seat in the following election in 1903. Hon. Mr. McKeown was appointed a member of the executive council without portfolio and continued till February of 1903 when he was made solicitor-general.

After his appointment he was re-elected by acclamation but resigned to contest the seat in the federal house made vacant by the appointment of Hon. A. G. Blair as railway commissioner. He was defeated, however, by Dr. J. W. Daniel. In the general election of 1904 he offered for St. John city and county but was not elected. On October 28, 1907, he was sworn in as attorney-general of the province and elected a member of the local house for St. John county by acclamation on Nov. 8, succeeding Dr. R. C. Rudolph, who resigned. At the general elections of 1908 he was returned for the county by a good majority but resigned his portfolio with his colleagues following the defeat of the Robinson government.

In 1909 Hon. Mr. McKeown was appointed to the Supreme Court bench of New Brunswick at the same time as Judge J. H. Barry was elevated to the bench. Later he was appointed Chief Justice of the King's Bench Division, a position from which he retired to become head of the Railway Commission of Canada.

He has been an outstanding New Brunswicker both in law and politics, is chairman of the St. John Board of School Trustees and has been active in many ways in public affairs. His handling of the Home Bank inquiry was taken to mark him for new honors

THREE IMPORTANT APPOINTMENTS

The news of the appointment of Hon. H. A. McKeown, Chief Justice of the King's Bench of the New Brunswick Court, as Chairman of the Board of Railway Commissioners for Canada, will be received in this province with some surprise and much satisfaction.

There was some doubt before the Maritime Board of Trade met this week in Kentville as to the relative status of the Board and the Maritime Development Association. The latter had not begun to function, it is true, but all it lacked was funds and in the event of these being made available there was the question whether two organizations operating along somewhat similar lines could both survive.

On motion of President George E. Barbour of the St. John Board, she executive will, during the next year, consider fully the proper functions of the Maritime Board and how it can best serve the interests of the provinces. The view expressed at the convention was that the Board can act in an advisory capacity, while the Maritime Development Association will be a working organization with definite aims and the machinery to get results.

Germany seems to be somewhat worried over conditions in Russia. Everybody who has studied conditions in these two countries carefully has felt for some time that Berlin proposes to take any advantage possible in Russia regarding a part of her former prosperity, but now, according to a high German diplomatic envoy to Moscow, Russia faces the worse famine in her history and his report paints a terrible picture of conditions which the Soviet Government is making strenuous efforts to conceal from the world.

It is increasingly apparent that all Soviet efforts to gloss over the truth of the situation are absolute distortions. Wheat prices, even before the new harvest, have risen 140 per cent since the end of July. Simultaneously the price of meat fell, and the quality deteriorated because the farmers sold at an price in trying to lay in a stock of flour.

IN LIGHTER VEIN

An Oversight. Lady (visiting prison)—And how did you come to be put in here, my good man? "I'm unlucky," declared the imprisoned wood alcohol vendor, who was in a confidential mood. "One of my customers didn't go blind, and he identified me."—American Legion Weekly.

Fatal Mistake. Wife—The servant has thrown up her position because you were so rude to her on the telephone. Husband—Oh, I thought I was talking to you.—Kasper (Stockholm).

Raising the Ante. Mr. Stuytlate—I was thinking of going. Her Father (at head of stairs)—Give him half a crown for his trouble.—Trio-Bits (London).

No Matter. Guide—In this room the earl was murdered. Visitor—But you told us that in quite a different room last year. Guide—Yes, but that one is being repaired now.

Suggestion. The man seated himself in a restaurant and made a long study of the menu. "Walter," he said at length, "I have only two shillings. What would you suggest?" The waiter removed the menu before adding: "Another restaurant."—Passing Show.

MARITIME INTERESTS

There was some doubt before the Maritime Board of Trade met this week in Kentville as to the relative status of the Board and the Maritime Development Association. The latter had not begun to function, it is true, but all it lacked was funds and in the event of these being made available there was the question whether two organizations operating along somewhat similar lines could both survive.

On motion of President George E. Barbour of the St. John Board, she executive will, during the next year, consider fully the proper functions of the Maritime Board and how it can best serve the interests of the provinces. The view expressed at the convention was that the Board can act in an advisory capacity, while the Maritime Development Association will be a working organization with definite aims and the machinery to get results.

It was also declared that, once the association is put upon its feet financially, and begins its work, it will be supported by the business and transportation interests and further government aid will not be necessary. It is hoped the necessary aid to establish the work will be provided. It is also to be hoped the Maritime Board will be able to get more local boards to affiliate and that it may become a more effective agent to promote Maritime unity and advance Maritime interests.

It would be unfortunate if any organization capable of acting as such an agency should be dissolved. The Maritimes never needed co-operation so much as now.

The Maritime Board has adopted important resolutions, as this session is in the interests of the Maritime trade and maritime ports. It is a signal the public to read reports of some very able addresses by outstanding men on matters relating to Maritime development.

Since the executive will hereafter meet quarterly and keep the interest alive throughout the year next year's sessions at Charlottetown should mark a still further advance in its work. It is most important that the Halifax Board should affiliate, since that Board was active in the original organization.

CONDITIONS IN RUSSIA

Germany seems to be somewhat worried over conditions in Russia. Everybody who has studied conditions in these two countries carefully has felt for some time that Berlin proposes to take any advantage possible in Russia regarding a part of her former prosperity, but now, according to a high German diplomatic envoy to Moscow, Russia faces the worse famine in her history and his report paints a terrible picture of conditions which the Soviet Government is making strenuous efforts to conceal from the world.

Wide territories are again being devastated by hunger, death and disease, the appalling sufferings of the inhabitants almost defying description. Hundreds of thousands of peasants who have been menaced by famine since 1923 are leaving their homes to wander they know not whither, searching for bread they cannot find. Their path is strewn with dead horses and cattle, fallen because there is nothing to feed them, while gruesome heaps of human bones tell the fate of their owners.

"Horrible news reaches us," continues the report, "of disease, cannibalism and death, stories of a nature barely comprehensible to the cultured world. East Siberia, the North Caucasus, Southeast Russia, German colonies of the Volga, certain parts of Ukraine and part of the northern provinces are already invaded by the famine."

Every day new famine zones are added to the list. "It is increasingly apparent that all Soviet efforts to gloss over the truth of the situation are absolute distortions. Wheat prices, even before the new harvest, have risen 140 per cent since the end of July. Simultaneously the price of meat fell, and the quality deteriorated because the farmers sold at an price in trying to lay in a stock of flour.

"Russia is laboring beneath a burden of economic depression which is catastrophic, and the issue of which cannot be foreseen because the real causes of depression lie in the utter ruin of the basis of the whole economic fabric."

Opium Smokers May Be Put On Rations

Singapore, Sept. 18.—The use of prepared opium in Malaya has diminished in recent years, and its eventual elimination depends on individual control, says the report of a committee appointed to enquire into the matter. It is stated that registration of smokers should be given an exhaustive trial leading up to a rationing system.

The committee expresses gratification "in finding that the disease is not so desperate as to demand desperate remedies," and adds that precipitate suppression affords no solution and would introduce complications in the ultimate eradication of the habit.

N. S. Apple Crop 65 Per Cent. Lower

G. H. Vroom, of Middleton, N. S., district fruit commissioner, said last night that the apple crop in Nova Scotia will total about 1,250,000 barrels, or approximately 65 per cent, of last year's crop. In some sections there was considerable spot although the fruit was clean in the larger portion of the province this year. This spring about 75,000 new trees were planted. Mr. Vroom, who also recently toured the potato fields of New Brunswick, said that there were between 40,000 and 50,000 acres planted and the yield would average at least 100 barrels per acre. Mr. Vroom, accompanied by G. E. McIntosh, of Ottawa, fruit commissioner with the Dominion Department of Agriculture, left this morning for a tour of Prince Edward Island.

OPENS FOR SEASON

The Carmarthen street Methodist Young People's League reopened for the season last evening with Miss Alma Roberts, the new president, in the chair. There was a good programme and a splendid attendance. Rev. A. D. McLeod, the new pastor, was cordially welcomed by the young people, who listened with pleasure to his address. They were also much pleased to have a short address from Charles Styles, president of the United Methodist League of St. John, and a former president of the Carmarthen street league. Miss Gladys Styles, past president, was also present and played for the meeting. After the programme was concluded refreshments were served.

The Canadian Pacific Railway and The Canadian People

IN order that the people of Canada may have a clear understanding of the relation of the Canadian Pacific to the national interest and to the interest of the people individually, we have chosen the press of Canada as the medium through which to make a series of statements in which will be frankly told the story of the beginning and development of the road, and its services to Canada.

We believe the people of Canada will be interested in these statements. We believe when the people of Canada know and understand the relation of the Canadian Pacific to the country that the company will continue to receive its due measure of esteem and public confidence. The Canadian Pacific frankly desires this esteem and confidence because it is good business for a great corporation to be on terms of good will with its customers—the public.

Canada and the Canadian Pacific Railway must continue together the work of nation-building that was begun the day the C.P.R. commenced to fling its steel rails from coast to coast. This co-operation has been in the nature of a great partnership for the advancement of mutual interests.

It is one of the proudest pages of Canadian Pacific history that no government, no province, no community has ever lost a dollar through this national partnership. The record of the railway for forty years reveals one unbroken course of constructive achievement.

The creed of the Canadian Pacific has been to carry its own burdens, and to proceed with cautious and well-measured plans for the steady, forward march of its own and the national progress. Exploitation is unknown in its annals, despite the tremendous difficulties of financing in the lean eighties. For every dollar received from the nation, the Canadian Pacific has contributed an abundant dividend in national progress.

The partnership of mutual advancement must remain unbroken. It must not be weakened nor jeopardized by misunderstanding or lack of knowledge of the facts, so that the Canadian Pacific may continue to do its full share toward the greater development of Canada, as it has so abundantly proven its ability to do in the past.

The Canadian Pacific asks only to be judged by its past record and to be measured only by the service it renders. It makes no appeal for business on grounds of sentiment, but, confronted by such appeals, it does ask that its national significance, its record as a nation-builder and its world-wide services to Canada, be remembered.

W. A. Mackenzie, Chairman and President.

SEPTEMBER BRIDES

Kee-Beyea.

A very pretty wedding was solemnized in St. Mary's church, Waterloo street, at 2:30 o'clock this afternoon when Rev. R. Taylor McKim, rector of the church, united in marriage Miss Mabel E. Beyea and Edwin Allison Kee, both of St. John. The bride, who was given in marriage by her father, J. D. Beyea, was attired in a navy blue traveling suit with grey hat and a platinum fox fur, the gift of the groom. Her bridal bouquet was of Ophelia roses. Little Miss Kathryn Beyea, niece of the bride, acted as flower girl, carrying a dainty bouquet of sweet peas. She was dressed in pale lavender tulle silk with salmon pink trimmings. J. Edgar Beyea and Ralph H. Kee were ushers. During the signing of the marriage register Miss Mildred A. Austin sang very sweetly "O Promise Me." The bride received many beautiful and useful gifts, among them a handsome silver service from the O. H. Warwick Co., with whom the groom is employed; a china dinner set from the employees of the same firm, and a seal coat from the parents of the bride. After a visit to U. S. cities by auto, Mr. and Mrs. Kee will reside in West St. John.

Galbraith-O'Dell.

St. Anne's church, Musquash, was the scene of a pretty wedding yesterday afternoon at 2 o'clock, when the Rev. Norman Fairweather, united in marriage Miss Sadie O'Dell, daughter of Mr. and Mrs. W. J. O'Dell, and Stanley Galbraith, son of Mr. and Mrs. George H. Galbraith. The bride was given in marriage by her father. She was attended by her sister, Miss Lena O'Dell, and the groom was supported by his brother, Earle Galbraith. The bridal couple left on the Montreal train for a trip to Canadian cities, and on their return will reside in Main street, Fairville. Among the guests were Rev. and Mrs. W. J. Lorneville; Mr. and Mrs. Fred Rice and Mr. and Mrs. Charles O'Dell, West St. John; and Mr. and Mrs. H. Davidson, Pleasant Point.

Milton-Tingley.

Sackville, N. B., Sept. 17—An exceptionally pretty wedding of much local interest was solemnized at noon today at the home of the bride's parents, Mr. and Mrs. F. T. Tingley, when their only daughter, Hazel Fretz Tingley, was united in marriage to Roland Dwight Milton, barrister, of Moncton, son of Mr. and Mrs. Charles H. Milton, of Port Elgin. Rev. Dr. J. H. Philip, pastor of the Methodist church, officiated at the ceremony, which took place in the presence of a large gathering of interested relatives and friends.

Murdoch-Love.

Very pretty was the wedding of Miss Ethel Roberta Love, daughter of Mr. and Mrs. David Love, Cliff street, when she was married to James Arthur Murdoch, son of Mr. and Mrs.

You'll Get Rid of Blackheads Sure

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of pure powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dust and secretions that form in the pores of the skin. The proxaline powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

Exceptional Value English Broadcloth Shirts for Men, \$2.95 White, Cream, Helio, Grey, Blue AMDUR'S LTD. No. 1 KING SQUARE "The Store That Sets The Pace"

Showing Types High in Autumn's Favor in The New Overblouses

That Fashionably Complement the Suit or Separate Skirt.

Graceful lines, colorful fabrics, brilliant touches give to these new Fall Overblouses a very particular distinction. Their every detail is identified with the new Fall Fashions. Among the favorites you will find the new French Hand made Beaded Blouses, the silk crepe de chene prettily embroidered, the tailored styles in silk broadcloth, and the "novelty stitch" Tricotsham. One style particularly attractive is of fine silk crepe with new "scarf" or "tie" collar in contrast, with embroidered monogram. The colors are so varied that one may choose with ease a shade to match or harmonize with the suit or separate skirt. Among them are crabapple, Sahara, tablo, flame, cinnabar, etc. And some are priced as low as \$4.75.

"Trenella" Flannel. The Favorite Material in Skirts for Fall

That skirts will have a prominent place in every woman's wardrobe this season is evidenced by the wonderful assortment of styles and materials arriving here daily. For your choice there are the new "trenella" flannel models—skirts of rich velour finish as well as the popular French wool crepes in smart pleated styles or the plain wrap around, button trimmed. Every desirable fall color may be had in them. And the prices are unusual too—\$2.98 to \$5.75.

London House F. W. DANIEL & CO. Head King St.

James S. Murdoch, of St. Stephen, in Exmouth street Methodist church, at 6 o'clock Wednesday afternoon, Rev. E. E. Styles officiating. The bride was a member of the choir of the church and was honored by their presence, with Miss Mabel Sandall, the organist, playing the wedding marches. "The Voice That Breathed O'er Eden" was sung during the signing of the register. Autumn flowers were tastefully arranged by her young friends, making a pretty setting for the bridal party. The bride, who was given in marriage by her father, was becomingly gowned in a navy blue tailored suit with hat to match and carried a bouquet of Ophelia roses. She was attended by her little niece, Miss Catherine MacFarland, who was fairylike

BETTER IN EVERY WAY

After Taking Lydia E. Pinkham's Vegetable Compound Ingomar, N.S.—"I took your medicine for a run-down condition and inward troubles. I had pains in my right side so bad at times that I could not walk any distance. I saw about Lydia E. Pinkham's Vegetable Compound in the newspapers and have taken five bottles of it. I am better in every way and you can use my letter to help other women."—Mrs. ALVITA M. PERRY, Ingomar, N. S. Nervous Breakdown Relieved Toronto, Ont.—"It is pretty hard to explain your feelings in nervous troubles. I felt low spirited, had pains in my head and eyes, always crying, and did not want to go anywhere. I do knitting and fancy work, and I would get irritable after a few minutes of work. I have been in Canada five years and have been this way ever since I came. I am taking Lydia E. Pinkham's Vegetable Compound and I sleep better and it seems to make me eat, and I must say I am feeling more jolly. I have great faith in your medicine because of what it has done for my husband's sister and she recommended it to me."—Mrs. A. SMITH, 10 Bursleigh Ave., Tordornen, Toronto, Ont. All druggists sell this dependable medicine, and women suffering from these troubles so common to their sex should give it a trial now.

Class-Saunders. The home of Mrs. Peter Murray, 12 Erin street, was the scene of a pretty wedding last night when Rev. A. L. Tedford solemnized the marriage of Miss Nina Mary Saunders, of Kingston, Kings county, daughter of Mr. and Mrs. James Saunders, and John Stanley Glass, of St. John, son of James J. Glass, of Manchester, Eng. land. The bride was becomingly gowned in grey canton crepe with gold

and blue trimmings and wore a corsage bouquet of white roses. Mrs. Clara Gilliland attended the bride and the groomsmen were Sydney Glass, brother of the groom. Mr. and Mrs. Glass will reside in St. John and have the best wishes of many friends. Esmonde-Levins. The marriage of Sir Thomas Henry Grattan Esmonde, of the Irish nobility, to Miss Anna Frances Levins, daughter of the late Peter Levins, of Drogheda, Ireland, is of considerable local interest, as Sir Thomas and his daughter, by a former marriage, Miss Patricia, have been frequent visitors here, the guests of Mr. and Mrs. T. N.

7 KING STREET GERMAIN STREET MARKET SQUARE SUICIDE PLANT. London, Sept. 18—Hundreds of Londoners have been attracted to the spot where an American aloe plant is growing in Regent's Park, N. W. The plant is preparing, after 75 years of life, to flower—and die. It is a peculiarity of the plant that it blossoms only at the cost of its own life. OPIUM HABIT GROWS. Durban, South Africa, Sept. 18—The opium habit has swept Durban. Frequent police raids have failed to halt the traffic, which has become particularly widespread among women. Opium dens have been found at the rear of supposedly respectable shops. AIRMAN CRASHES. Paris, Sept. 18—Flying over Bourla la Reine, near Paris, with the object of paying a surprise visit to his mother, Marcel Rospa, an army aviator, crashed to the ground outside her house. He was seriously injured and the plane was wrecked. MORE SCHOOL PERMITS IN '24. The number of school permits issued to new scholars in St. John this year is now 1,127, as compared with 1,115 issued at the same date last year. Mr. Turner Cuts Loose

It happens once in a lifetime, and it took nerve to plan such a gigantic selling event as this, but we knew that people of this community and surrounding territory would stand by us if we offered them good and true bargains in Men's Clothing and Furnishings at prices low enough to interest their pocket-books.

Confidentially, we have more faith in women's judgment of values than we have in men's, and we know that most husbands will agree with us. So we want the wives, mothers and sisters, too, to come along. They will know in a minute that merchandise like we have here was never meant to be sold at such ridiculous prices!

STUDY YOUR HEAD BEFORE YOU WED; SPEAKER'S ADVICE

How to eliminate the unpleasantness that so often occurs in home life by knowing the differences physical between masculinity and femininity was the theme of Edward Lee Hawk yesterday afternoon in Pythian Castle before an audience of 200 women.

Mr. Hawk had charts of heads of women, in profile and various positions. He pointed out the sections of the brain which, he said, showed animal, spiritual and intellectual tendencies.

Education and ethical codes had great power to control coarse texture and other strong characteristics.

Winnipeg man prefers Kellogg's Bran to Million Dollars

"If," says Mr. J. M. Nichols of Winnipeg, "I had to choose between doing without your bran or a million dollars, I would much rather do without the million."

Mr. Nichols is one hundred per cent right. The wealth of the world could not buy the health that Kellogg's Bran, cooked and krumbled, has brought to thousands of Canadians.

Kellogg's Bran is sold in Liverpool as he is going abroad and did not want to be without it. Kellogg's Bran has restored health to legions of sufferers after all else has failed.

FAIRVILLE AND VICINITY.

Raymond, of Fairville, has returned home from Arcola, Sask., where they were visiting relatives.

Mrs. Margaret Mitchell, of Armstrong's Corner, is visiting at the home of her daughter, Mrs. Vernon McChamber, and Mr. McChamber, Manawagonish Road.

Miss Elizabeth Owens, of Boston, is visiting her parents, Mr. and Mrs. James Owens, Manawagonish Road.

Mrs. Kenneth Linton, who had been visiting friends at Glenwood, is spending this week at her summer cottage at Crystal Beach.

Mr. and Mrs. H. B. Durkee, of Boston, are visiting Mrs. Durkee's sister, Mrs. A. B. Crosby, and Mr. Crosby, St. Patrick street, city. They intend to visit the Fredericton exhibition.

The regular meeting of the Fairville W. C. T. U. was held this week at the home of Mrs. O. D. Hanson. Mrs. A. L. Bonnell, president, and Mrs. W. J. Stevens, corresponding secretary, were appointed delegates to attend the provincial convention in Campbellton in October.

GIRL FINDS NUGGET.

Merced, Calif., Sept. 18.—Playing in the barnyard of her father's ranch near Mariposa, little Maxine Mudgett found a gold nugget worth \$510 and weighing 28 ounces.

The little girl made the discovery at a spot where water had washed away considerable earth.

TELLS OF WORLD WORK OF Y.W.C.A.

Visiting Executive Member Speaks of Origin and Growth.

The vision of the worldwide scope and wonderful unifying work of the World's Young Women's Christian Association given by Mrs. C. P. Luxmoore, of England, a member of the world's council, in her informal address at the recreation centre of the local association yesterday afternoon was something entirely new to the majority of those in her audience and something which impelled appreciation and a desire to help.

She wondered if her audience realized what a magnificent thing the World's Association of the Y. W. C. A. was, the largest society of women in the world, having more than 1,000,000 members, reaching out into 80 different countries and always having the Christian standpoint.

She traced the progress of the Y. W. C. A. from its inception in 1855, the time of the Crimean War when Florence Nightingale's nurses were doing things which it was felt were very "nice" for women to do.

The countries with voting membership, she said, were Austria, Canada, China, Denmark, Finland, Norway, France, Germany, Great Britain, Holland, Hungary, India, Italy, Japan, Norway, South Africa, United States and Sweden.

The World's Council of the Y. W. C. A. meets every two years and during the rest of the time the world's executive carries the work forward.

Paris, Sept. 18.—When Miss Fanny Hurst came to France last spring for what was to have been a six months tour of Europe, she could hardly wait to get to Russia, the land which she thought had realized her pet Marxist theories.

The author had had enough and was "ready to climb down from the sphinx." The new Russia was not the golden land of her dreams, but "a great beast, half stupid, half mad, on its back and dying."

"I am so glad to get out that I could kiss the cobblestones," she said. "I was even happy to get back to Berlin, which I have always hated. Out of

The "Night Cap" that assures Restful Sleep

If you would enjoy sound, natural sleep, make "Ovaltine" your regular "night cap."

"Ovaltine" overcomes the two main causes of sleeplessness—digestive unrest and overstrained nerves. Made from ripe barley malt, rich, creamy milk and fresh eggs, "Ovaltine" is highly nourishing but causes no digestive activity. It induces restful sleep by soothing and restoring the worn nerves, brain and body.

"Ovaltine" is easily prepared—in the cup—with warm milk.

We will gladly send you a trial sample on receipt of five cents to cover postage and packing.

New York, Sept. 18.—The market broke out of its rut vigorously yesterday on the upside, so vigorously in fact that new high levels for the averages may be made in the next day or so.

Sees Chance For Increased Trade

(Continued from page one) there is a great trade in the south which Canada should have and the Maritime Provinces are more interested than any other part of Canada.

(By Canadian Press) Kentville, N. S., Sept. 18.—The twenty-sixth annual convention of the Maritime Board of Trade was concluded last night when the delegates were guests of the town of Kentville at a banquet in the Cornwallis Inn.

Mr. Logan made a plea for Canadian trade with the West Indies narrating a number of the facts he presented to Parliament last June. He showed the possibility of the trade reaching the billion dollar mark, increased trade for Canadian ports and lowered costs of fruit.

He said that on September 10, the Canadian Parliament had voted \$10,000 towards investigating West Indian trade matters.

Urges Co-operation. Premier Armstrong, in making a plea for co-operation among the people of the Maritime Provinces, declared that while Maritimers must stand together they must never lose sight of the fact that they are part of the Dominion.

Hon. Mr. MacDonald stressed the importance of the proposal to organize a Canadian Maritime Development Association. He said that Prince Edward Island had agreed to support a paid Secretary for the Maritime Board of Trade but that the other two maritime provinces had not as yet agreed upon such a course.

Resolutions Passed. The resolutions adopted by the meeting included the following: Endorsement of the establishment of a national park at Old Fort Beauséjour; a request that the railways in the Maritime Provinces reduce the freight rates on agricultural lime, such reduction not to be taken as a precedent for a general reduction of freight rates; that the governments of New Brunswick, Nova Scotia and Prince Edward Island be asked to take steps to have the history of the provinces taught in the public schools; that a delegation of Maritime business men visit the west coast that meeting endorse the buy-home and Maritime-made campaign; that mails for the Maritime Province should be landed at a port or ports in the Maritime Provinces during the summer and fall.

New Officers

Thanks were voted to all readers of papers before the board. Officers were elected as follows: President, W. L. Higgins, Charlottetown; 1st vice-president, M. E. Agar, St. John; second, J. A. Young, Sydney; third, Hand, Moncton; secretary, Geo. B. Worthington; executive, A. E. McMahon, Kentville; J. E. Masters, Moncton; H. J. Logan, M. P., Amherst; Hon. J. A. McDonald, Charlottetown; D. M. Cummins, Truro; ex-Mayor Smith Amherst; C. C. Avar, Sackville; A. A. Pomeroy, Charlottetown; W. F. Burditt, St. John; L. C. Gardner, Yarmouth.

Price Anxious Again To Visit United States

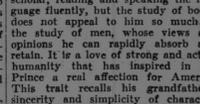

(Continued from page one) the world is naturally an important element in the education of a future King of Great Britain. His life, his acquaintances explained, has to be that of a practical man, relying more on his judgment and knowledge of human nature than on the scholarship that comes from an academic career. It is considered the part of the Prince of Wales to carry on the traditions of his father George V and his grandfather, the late Edward VII, and to become a successful constitutional King by reason of his education in practical human affairs including sport, which plays a part in the national life and to be acquainted with all sorts and conditions of men within the British Empire and outside it.

As one of his acquaintances has put it: "What he does, he does with keenness and vigor, whether it be riding or dancing, as on this visit to Long Island, or whether it be attending the public functions of his own country, presiding at meetings of charitable institutions such as King Edward's Hospital Fund, or attending to the affairs of London's largest hospital such as Guy's and St. Bartholomew's with which he is closely connected."

With all these various interests his life is a very full one and he has little time to give to reading. He is not a great reader, though he is interested in certain kinds of current literature, especially biographies of public men whom he has known in the course of his travels. He is a good French scholar, reading and speaking the language fluently, but the study of books does not appeal to him so much as the study of men, whose views and opinions he can rapidly absorb and retain. It is a love of strong and active humanity that has inspired in the Prince a real affection for America. This trait recalls his grandfather's sincerity and simplicity of character, which endeared him to his own countrymen and similarly endears the Prince to all with whom he comes into contact.

LECTURE ON TIBET

A very interesting lecture was given on Tibet last night by Mrs. M. V. Romig, travelling secretary of the Women's Missionary Society of the Disciples of Christ in Canada, and will be repeated tonight. Mrs. Romig is accompanied by Miss Marion Royce of Toronto, director of religious education among the young people. Miss Royce held a conference with the Bible School workers preceding the lecture. Mrs. Romig has about 200 pictures of Tibet.

ENOUGH TEA.

Seattle, Wash., Sept. 18.—Tea—hot or iced—never is served in at least seven Seattle homes. Not when father is about, anyhow. Seven men are paid by Uncle Sam to taste all the tea that arrives over the local docks to establish its value, age and amount of coloring. After eight to twelve hours of this, they prefer to drink milk at home.

Catholic Truth Society Meets

Toronto, Sept. 18.—The fourth annual convention of the Catholic Truth Society here has a large attendance. At the first session the place of the Catholic Church and its mission to non-Catholics and Catholics was discussed by Rev. Father Cline, Toronto, and H. F. McIntosh, associate editor of the Catholic Record.

GOOD RACING AT FREDERICTON MEET

Pale Face Wins Free-for-All—One Driver Fined.

The second day's racing card at the Fredericton Exhibition race meet yesterday produced 11 good heats. A crowd, estimated at approximately 4,000 people from all sections of the province and many parts of Maine, attended. The free-for-all, the feature event on the programme, was won by Pale Face, the grey stallion owned in Schenectady, N. Y. Jackson Grattan, the Houlton entry, made a good race in the last heat, winning it and second money. This horse, however, acted badly in the first two heats.

A bad feature of the day was the alleged indifferent driving of Dr. J. W. Baker of Fort Kent, Me., owner and driver of Tom B., in the 2:16 trot and pace. He was fined \$80 and suspended until the fine is paid. College Swift, Woodstock Driving Club, won this event with the best score after five heats. The 2:25 trot was won by Brother Edward, owned by Kenneth Colbath, Presque Isle, Me., in straight heats.

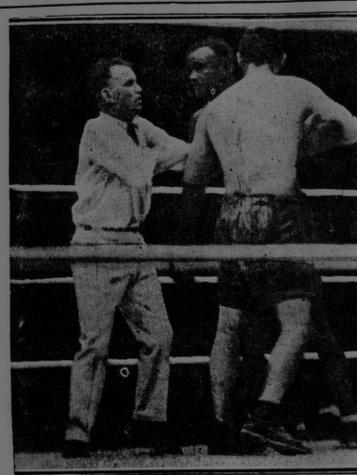

The summary: 2:16 Trot and Pace, Purse \$400. College Swift, 2:11 1-4, blk.m., by Alto Dewey, Woodstock Driving Club, Woodstock, N. B. (Brickley) 3 1 4 1 3 Tom B., h.g., Dr. J. W. FAVORS RETURN OF SPOON AND MASHE

Manager of Famous Club Says They Should be Used.

New York, Sept. 18.—Judging from the remarks of Henry Gulien, secretary of the Royal and Ancient Golf Club, who is here as manager of the British Walker Cup team, golfers on the other side of the water are not nearly as perturbed over the question of a ball change as they are here in America. While speaking unofficially, Mr. Gulien said yesterday that in his opinion the reason for the constant lowering of scores is not due so much to the ball as to the fact that golfers are getting ever and ever better. Like every one else, Mr. Gulien would like to see some of the old clubs such as the spoon and the mashe return to the place of importance which they formerly held in the game, but in his opinion the new ball with which the U. S. G. A. is experimenting will hardly succeed in doing so. It is his opinion that club officials who are inclined to complain when some of the stars perform feats that make the par look silly are making a mountain out of a molehill. "It is no disgrace to a course to have some golfer such as Tolley come along and register a 68 on a 66 when the par is 71 or 72," said Mr. Gulien yesterday. "Such things are likely to happen no matter how far the ball travels. Rather should we pay tribute to the men who are able to do such marvelous things. At St. Andrews we have lowered the par two strokes, one way of compensating for the scoring."

LEAVES FOR MONTREAL

James P. McInerney, former High School athletic star and last year of Edinburgh University, left yesterday afternoon for Montreal to continue his studies in medicine at McGill University. "Bull," as he is popularly known, was for two years captain of the St. John High School football team, broke a Canadian interscholastic record in the shot put, was captain of the Y. M. C. I. intermediate basketball team and is well known throughout the province as a tennis player. He is expected to turn out for football at McGill this fall and his progress will be watched closely by his many friends here.

SUFFERING WAS TAKING THE JOY OUT OF LIFE

Winnipeg Lady Suffered All the Misery of a Badly Run-down System Till She Heard of Dreo—Marked Improvement Followed and Today She Feels Like a New Woman. "My stomach was out of order," says Mrs. A. Thomson, of 192 Kentway street, Winnipeg. "It would not digest my food properly and I was troubled with gas and sourness after every meal. My kidneys were weak, too, causing pains across my back, and rheumatism also had a hold on me. My feet and legs would get stiff and sore. They would also swell painfully and I was very nervous. "I have only taken two bottles of Dreo, but feel like a new woman already. My food digests much easier now, the pains in my back have gone and the rheumatic pains, aches and swellings are practically a thing of the past. I feel better and stronger in every way, thanks to Dreo." Dreo is an effective system cleanser and blood purifier. Besides, it possesses remarkable tonic properties and strengthens all the organs of digestion. It is purely herbal and contains no mercury, potash or habit-forming drugs. Dreo is being specially introduced as follows: St. John—Ross Drug Co., F. W. Munro, Wassons, 9 Sydney St., 711 Main St., Moore's Drug Store, West St. John—W. R. Dunlop, Bathurst, W. E. Pepper; Woodstock, Newham & Sillip; Grand Harbour, A. Le Roy Ingalls; Sussex, Sussex Mercantile Co., Limited, B. J. Sharp; Grand Falls, The Wiley Drug Co., Ltd.; St. Andrew's, The Ween Drug Store; Perth, O. C. Johnson; Fairville, T. H. Wilson; Dreo is also sold by all good druggists everywhere.

MODERN BREEDING PROVING A FAILURE

English Critic Favors Importation of Foreign Dogs—Gives Reasons.

Brig. Gen. Fred F. Lance does not agree with those who are against the importation of foreign dogs into England. What to him appears more deplorable than the importation of foreign dogs in the state that some of the older breeds have been brought to by modern breeding. "To me it seems rather hard to determine what is a foreign dog or a purely British breed," says Brig. Gen. Lance in the London Field. "Our hounds surely come from the continent, our greyhounds certainly originated from the Saluki—the oldest known breed of domesticated dog, which was brought to this country by the Phoenicians and later by the Crusaders. "Our shooting dogs are of comparatively recent date, and cannot have been kept as a pure breed for snazing game for use with the cross-breed before the advent of the shotgun. The pointer probably originated in Spain, and from its very name the spaniel also came from the same country. The toy spaniels must have come from these or from the Pekinese or Japanese spaniels. It is hard to believe they originated in England. "To me what appears more deplorable than the importation of foreign dogs is the state that some of the older breeds have been brought to by modern breeding. Compare, for instance, the building of fifty years ago, then an active dog capable of running behind a horse and trap or jumping a five-foot gate, to the ponderous inactive animal of the present day. Much the same may be said of the mastiff. Compare the present-day collie to the working sheep dog for intelligence. I cannot but feel that we owe much to the foreigner, and that he should receive the credit that is due to him for establishing so many breeds that have been brought to their present perfection in this country."

Gene Sarazen Is Dethroned

French Lick, Ind., Sept. 18.—There will be a new champion of the national professional golfers this year, for Gene Sarazen of New York, who has held the title for two years, was dethroned in the championship contest at French Lick Springs course yesterday by young professional from Lima, Ohio, Larry Nabholz, who outplayed the champion much of the way.

STOLE 1,000 PURSES

Manchester, Sept. 18.—After confessing to the theft of more than 1,000 purses in a period of three months, Peggy Weaver, 19, was given an indefinite sentence in prison by the Manchester stipendiary. The girl told police that she "worked" only the exclusive shops, where the most expensive purses were to be found.

ROD AND GUN

The readers of the October issue of Rod and Gun in Canada are introduced to the intimate haunts of the elk, the red fox and the moose. The Bugler of Crystal Mountain, by Naine LeRoy Gayle, is an unusually interesting biography of the elk. Bonnycastle Dale, in his best style, writes of Sly Reynard in Nova Scotia. Sure Fire Fishing on French River by J. B. Kerrott is a description of an ideal place for the sport of the angler. Bob White's Rival, a story of Hungarian partridge hunting in Alberta, by W. D. Elliot, is equally interesting reading, and Back to Nature, by "Nimrod II" and Surprises for Miller, by Martin Hunter, are two particularly entertaining sketches.

BABE'S RECORD SAFE. KRAFT'S LIMIT IS 85.

Forth Worth, Tex., Sept. 18.—Babe Ruth's record of 59 homers in a season is safe for another year at least. Clarence "Big Boy" Kraft of the Fort Worth Club, striving to beat Ruth's record, missed the Texas League season this week as champion home run hitter of the league, but fell four short of Ruth's mark. He got his 55th home run in his final game.

THE HAUNTS OF BIG GAME.

Sportsmen Are Anticipating the Hunting Season in New Brunswick and Nova Scotia.

The big game hunting season is near at hand. On Oct. 1 the season for moose will open in Nova Scotia and New Brunswick and sportsmen are getting down their rifles, overhauling their camp duff and arranging their rail-routings to the various localities. According to advices received at Canadian National Railway headquarters many non-resident sportsmen will hunt in the Eastern Provinces this season. Many will go as usual to Northern Ontario after moose and deer. Others will go to Quebec province, where wide domains of forest interspersed with lakes and connecting rivers offer the huntsman countless features of a fall outing. The forests of New Brunswick and Nova Scotia also invite the hunter, for they vie with the larger provinces in the abundance of big game, and have a certain advantage of being more readily accessible, particularly to those not desirous of taking a prolonged outing and hitting the harder trails. An early fall outing in the Canadian woods is something well worth while. The game is there. The moose comes in the abundance. The trails of the guides are often by some placid lake where the animals feed in the lily pads. Connecting rivers unite wonderful lake chains, affording the finest of canoeing. There is the trek by day and the calling of the still hunting—and the night under canvas; or better still, in the comfortable log camps of the guides. No matter how great the pressure of modern business, there is still in the breast of man the love for the forest primal and the passion for the chase. For information concerning the best localities for hunting consult any ticket agent of the Canadian National Railways; or write the General Passenger Department at Montreal, N. B., for detailed information or descriptive booklets.

BIG LEAGUE STARS COMING TO HUNT

Party Includes H. Pennock and Eddie Collins, Going to Cain's River.

New Brunswick, particularly that section near Cain's River that so delights the hearts of sportsmen from the United States, will be favored this year with a visit by several big league stars, according to the New York Herald-Tribune. Last year, following the world series, the prospects were bright that the mighty Ruth himself would accompany Herb Pennock, leading southward in the American League, down here but other arrangements interfered and the lanky Pennock came on his own hook.

This year, it is expected that "Bullet Joe" Bush, "Bob" Shawkey, Fred Hofmann, and the peerless Eddie Collins will make the trip down here with Pennock, who has become extremely interested in the fox farming industry. When Pennock was here last year, he said it was not improbable he would get into the business strongly when his playing days were over. It is probable the party will be guests of a Dr. MacDonald, of Boston, a warm personal friend of Pennock's.

Chief Justice McKeown Goes to Ottawa Tonight—Tributes Paid.

Official notification of his appointment to the position of chairman of the Board of Railway Commissioners was received by telegram early this afternoon by Chief Justice Hon. Harrison A. McKeown, and his honor will leave for Ottawa tonight to be sworn in by Lord Byng, the Governor-General, at noon on Saturday.

Chief Justice McKeown said the length of his absence from the city would depend entirely on the official duties of the honor. He said he had received notification from S. J. McLean, deputy chairman, that the meeting of the board had been adjourned until Monday morning and would probably last well into next week.

In addition, the Chief Justice has been dean of the law school faculty here for many years and his acceptance of the railway board chairmanship will result in his severance of relations with the school, which is now affiliated with the University of New Brunswick, but formerly with King's College.

The appointment of Chief Justice McKeown of the King's Bench to be chief of the railway commission, makes a vacancy in the King's Bench Division which will necessitate an appointment at an early date to complete the bench. As is usual following an appointment there is much talk today of others to follow in line.

Interviewed in the County Court chambers, this morning regarding the appointment of the chairman of the commission, His Honor Judge J. A. Barry, of the County Court, commented on the great loss to the bench of this province which this appointment occasioned.

Our bench and, if his appointment unfortunately means his removal from St. John, our school board, of which he has been chairman; our health centers, of which he has been president; our law school, of which he has been dean; and various other boards and institutions in which he has been interested will all sustain a great loss.

IS ADJUSTED. It was said today that there will be no legal proceedings in connection with the collapse of the two houses in Harrison street. W. E. Emerson, who owned the house which first collapsed and then fell into an adjoining house owned by Thomas Buckley, has made satisfactory arrangements with the owner of the latter house.

BURIED TODAY. The body of Robert Campbell was taken this morning to St. Martin's funeral service this afternoon at the St. John church. Interment will be made at West Quaco.

DIED TODAY. The death of Miss Dorothy L. Ingraham, daughter of the late James and Dorothy Ingraham, occurred today at the St. John County Hospital, in the sixteenth year of her age. She is survived by her sister, Miss Helen, and two brothers, Otty and Hazen, all of this city.

GETTING AFTER TAXES. The city marshals are busy just at present rounding up those who have not paid taxes. They have instructions to give every person full opportunity to pay their taxes in convenient manner, but to exercise the full powers of the law where the man tries "to put one over." Recently three arrests have been made in connection with this work.

AGAIN IN TROUBLE. Frederick Biggar, whom a fine of \$10 was struck yesterday morning in the police court for driving an automobile in Rockwood Park, was only clear of the police station a short time when he was arrested by Detective Hildescombe on a warrant charging him with non-support of his wife and family in Moncton. The automobile which Biggar used here, was purchased from a local taxi man. It is expected that it will be used to take the man back to Moncton when the officer arrives from the railway town today.

PORTLAND METHODIST CHURCH. Last evening at the close of prayer service in Portland Methodist church the following members were elected as society representatives to the quarterly conference: Robert H. Maxwell, Manly Killam, M. E. Grass, D. G. Lingley, Fletcher Kirk, Mrs. Fred Snider, Charles McConnell, C. D. Hantspacher. The pastor, Rev. H. A. Goodwin, presided and announced that the members elected would be entitled to be present at the first quarterly board meeting which will be held this evening in the Y. M. A. hall.

WARMLY WELCOMED. A visitor to the city today who was warmly welcomed by all old friends who met him is John F. Gordon, of the firm of Moore & McLeod, Ltd., Charlottetown, P. E. I. Mr. Gordon, who is prominent in the work of the Baptist Church in the maritime provinces, came here to attend a meeting held in the German street church, and referred to elsewhere. His minutes free from his duties at the meeting were spent in looking up men who were friends in the old school days when he attended Leinster street school and the old Grammar School during the years of the pastorate of his father, Rev. J. A. Gordon, in Baptist churches in St. John. Mr. Gordon has had a successful business career on the island.

AUTO AND HORSE. Fear of an automobile proved the undoing of a horse in Main street yesterday afternoon. The horse, owned by James Gault and attached to a sloven, was standing in front of a store when an automobile, driven by Miss Bilzard, approached. The horse, it is said, shied up on the sidewalk and in so doing turned the front wheel outward and the automobile crashed into it. The wheel was demolished, the axle broken and the horse was thrown to the sidewalk and then dragged for some distance along the pavement. The shafts were broken and other damage done. The horse showed little signs of injury at the time, but it is reported to be quite lame today.

COMMISSIONERS DO NOT AGREE

Opinions Differ as to Wall Street Bridge—People Ask Safety.

A petition with some 20 signatures, asking that steps be taken to make the Wall street bridge safer for pedestrians, was read at a council meeting this morning by Commissioner Frink, who said it had been passed along to him by the Commissioner of Safety. The petition stated that conditions were dangerous and minor accidents had already occurred. The commissioners said he understood they wished the railing extended for about eight or ten feet, and he would have had engineers look the situation over in order to ascertain if in doing this the city would encroach on the property of the C. N. R., as the railway was very particular on that point.

Commissioner Bullock expressed the opinion that both the Wall and Stanley street bridges should be better lighted than they are. Mayor Potts presented a letter from P. J. Legg, asking that some action be taken in the matter of a sidewalk in the matter of a King street, west of Lancaster street, and moved this be referred to the Commissioner of Public Works.

COMMISSIONER PRINK SAID THAT HE HAD GIVEN ORDERS THAT ON THE COMPLETION OF THE ASPHALTING OF KING STREET, THIS PIECE OF SIDEWALK SHOULD BE BUILT.

FEDERAL AID FOR THE SHIPMENT OF MARITIME COAL. Shipment of Maritime Provinces coal to central Canada, says an Ottawa despatch, is to receive Government assistance, providing the railways make reductions in their present published freight rates on coal.

Under an order-in-council, which has just been passed by the Dominion Cabinet, Hon. Charles Stewart, minister of mines, is enabled to pay a premium of 1-5 of a cent per ton on coal shipped wholly by rail from Eastern Canada to stations in Ontario and Quebec west of Riviere du Loup. On water borne coal from the Maritime Provinces, the same subvention is allowed on the railway haul from the point of transshipment to destination.

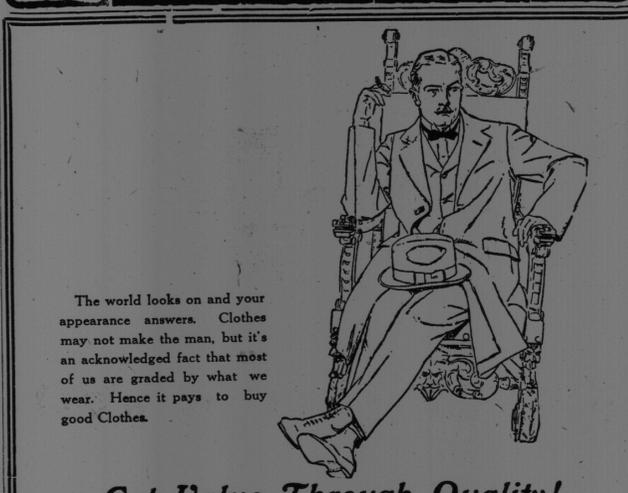

As Hiram Sees It. "Did I hear that you were complaining," asked The Times reporter of Mr. Hiram Hornbeam, "that people were not going out and buying your apples and plums?"

"No, sir," said Hiram, "you didn't. I ain't got many to sell—an' I kin always get acustomer. If I had a hull lot I wouldn't look fer folks to come chasin' after 'em."
