YOUNG ROOSEVELT'S FRIEND APPEARS IN POLICE COURT

And Denies That He Assailed a Policeman on Boston Common.

BOSTON, Oct. 3.—Shawn Kelley of Fitchburg, the room mate of Theodore Roosevelt, Jr., at Harvard, appeared in the municipal court today and pleaded not guilty to a charge of assault upon a police officer. At the request of his counsel, Alderman Bangs of this city, the case was continued until October 10. The charge against Kelley is based upon an incident which occurred on Boston Common last Thursday night, when Patrolman Freyer was locked up by young men said to be Harvard students. Roosevelt and another friend, Meredith Blagden, have been named to appear as witnesses in connection with the same case, which is being investigated tomorrow by the jury.

CHATHAM Y.M.C.A. WILL PURCHASE A BUILDING

CHATHAM, N.B., Oct. 3.—At a largely attended meeting of Y. M. C. A. members last evening, it was decided to buy old St. John's church, the building in which the Y. M. C. A. is at present located. The officers of the church had received an offer of \$1,000 for the building from local Jews, who are looking for a suitable building to be used as a synagogue. The building was then offered to the present lessees at that price, and the association decided to buy it. The first thing on the programme for raising the money necessary is a concert in the hall on Thanksgiving day.

BALTIMORE, Oct. 3.—One of the furnaces of the Maryland Steel Co. at Sparrows Point, blew up this morning. It is reported a number of men were killed.

BROTHER AND LOVER FOUGHT; FRANTIC WOMAN WATCHED.

A Desperate Affair in New York This Morning—The Woman's Brother Objected to Attention of Another Man and in Trying to Kill Him Was Fatally Shot.

NEW YORK, Oct. 3.—While a woman and her two little children stood helpless from fright in the arms of their mother, a desperate fight broke out between two men, one the woman's brother and the other her lover, fought each other for their lives in the little apartment. The brother, who was armed with a large knife, finally went down with three bullet wounds in his body. He is in a hospital and probably will die. The lover is a fugitive, and the police are searching for him on a charge of attempted murder.

The principals in the affair were Mrs. Jennie Smith, a widow, her brother, Herbert Partridge, with whom she made her home, and Charles Johns, a stenographer who has been employed by the Adams Express Company. According to the story told to the police by Mrs. Smith, who has been retained as a witness, the affray was the outgrowth of the refusal of Johns to cease paying attention to Mrs. Smith. Partridge had warned him to do so. When he began to call upon her some time ago, Partridge took a dislike to him, forbade him to call and ended by throwing him out of the apartment. When Partridge returned home early this morning and found Johns in the apartment he became enraged, rushed to the kitchen and seized a carving knife and sprang upon the intruder. Then the fight began in earnest. As the men struggled around the little room, overturning and breaking furniture in their battle for possession of the knife, Mrs. Smith with her two children clinging to her and screaming at the top of their voices, stood in one corner of the room, a helpless, terrified spectator.

In the struggle the blade of the knife was snapped in two and a temporary respite was taken. Johns took advantage of the rest to say to Partridge: "This thing has gone about far enough. If you don't let up you will be sorry for it." This seemed to incense Partridge the more, for Mrs. Smith says he rushed at Johns again, lunging at him with the broken blade of the knife. Johns then pulled a revolver from his pocket and sent one bullet after another into his opponent and then rushed from the apartment and disappeared. The noise and confusion of the fight had attracted the attention of the neighbors, and they came pouring into the apartment, to find Mrs. Smith, wildly hysterical, lying on the floor, her brother bleeding from a wound in the head. When Partridge was taken to a hospital his condition was found to be so critical that the surgeon said he had but a slight chance for recovery. Mrs. Smith was locked up in a police station as a witness, and the police began a search for the missing Johns, whose home is in New Rochelle.

THE KING, LIKELY TO VISIT CANADA

He is Expected at Quebec on the Occasion of the Tercentenary Celebration

LONDON, Oct. 2.—It is probable that the royal subjugation of King Edward and Queen Alexandra, resident in Canada, will be favored with a visit from His Majesty during the summer of 1908, in which year the ter-centenary of the founding of Quebec will be celebrated. Notwithstanding the fact that His Majesty was obliged to decline the invitation of the Canadian Parliament to visit the Dominion this year, there is every reason for believing that a royal tour of Canada will take place in 1908. When His Majesty declines the invitation of the Canadian Parliament he has not unhesitatingly expressed the hope, through his ministry, that at some future time it might be possible for him to visit his Canadian dominions, and it is thought that, providing affairs of state will allow of his temporary absence from the heart of the Empire, he will avail himself two years hence of the opportunity of seeing one, at least, of its outlying sections. It is understood that the Ter-Centenary Committee at Quebec is anxious that their Majesties should be present at the celebration they are arranging in honor of the founding of Quebec by the chivalrous French explorer, the great Champlain.

FRENCH GIRL JOINED RUSSIAN REVOLUTIONISTS

TOULON, France, Oct. 3.—A girl arrested here on the charge of having thrown a bomb at the Governor of Ekaterinoslavl, and who claimed to be a Russian, turns out to be French. Her name is Jeanne Tilley, and as a result of association with Russian students in the Latin quarter of Paris, she joined the terrorists and undertook the task of killing a prominent Russian official.

TODAY'S SESSION OF MARITIME SYNOD.

Congregations Asked to Support the Witness.

The Halifax Ladies' College Report Received—Many Words of Praise For That Institution.

MONCTON, N. B., Oct. 3.—At this morning's session of the Maritime Presbyterian Synod, the claims of the Presbyterian Witness on the people of the Maritime Provinces and the work of the ladies' college at Halifax, occupied the greater part of the time. The session opened at half past nine and the business session was preceded by a half hour of devotional exercises. The clerk drew attention to the fact that the moderator of the general assembly, Rev. Dr. Falconer, of Piccadilly, had been elected Moderator of the Maritime Synod. Rev. G. S. Carson, business manager and secretary of the synod, presented and read the report of the ladies' college at Halifax. The report was a glowing one, and was commended to the whole membership. In view of the special effort now being made to extend the circulation of the paper and the place it occupies in the synod, Rev. Dr. Carson, business manager, moved that the report be read by the Moderator. Rev. Dr. Carson, business manager, moved that the report be read by the Moderator. Rev. Dr. Carson, business manager, moved that the report be read by the Moderator.

NEW SERVICE TESTED; MAIN PIPE BURST

A Bad Break In a 24 Inch Main This Forenoon.

Fifty Five Pounds Extra Had Been Turned On When One of the High Service Pipes Gave Way at Hickey Road.

A serious break occurred in No. 3 high service water pipe this forenoon at 11 o'clock. The accident happened a short distance beyond the Hickey road. The broken pipe, which is a twenty-four-inch main known as No. 3 high service, has been in use for a number of years, and ran from the reservoir into the city. At nine o'clock this morning the new supply was turned on. Owing to the pipes being old, a very low pressure was at first sent through No. 3 pipe, the increase being ten pounds at a time. At 11 o'clock 35 pounds extra pressure had been put on, when the burst occurred.

A gang of men had been stationed at Silver Falls to be ready to set to work if a break should be noticed, and in fifteen minutes after the accident repairs were being made. Great precautions had been taken by the authorities as a crew of men were also stationed at the Marsh bridge. At one o'clock to-day work was progressing favorably at the scene of the accident. The high pressure was also to have been put through No. 4 low service pipe but when the accident occurred this was not done. Owing to the accident, residents of both parts of the city will be without water until the leak has been repaired.

It is estimated that there will be a scarcity of water at least until to-morrow night.

WAS A SOLDIER AND PRIEST AT THE SAME TIME

A Rather Sensational Case in Italy—The Young Officer Has Fled With a Prominent Lady.

ROME, Oct. 3.—A case resembling the famous D'Almeida mystery which recently caused such a sensation in France, has aroused considerable interest here. A few days ago it was announced that Father Virginio Carones, of the Camillini Order, rector of the Aristocratic Church of the Santa Maria Maddalena, has resigned from the priesthood and disappeared. It has now been discovered that the ex-priest fled from Italy with a beautiful girl belonging to a distinguished family, and it is reported that they are on their way to America. Carones, who is young, tall and handsome, served the annual in the army, where he was attached to an artillery regiment and rose to the rank of Lieutenant. After leaving the army he became attached to the church of the Santa Maria Maddalena but was recalled to the colors when he became a reservist. As to the financial position he reported that the property had cost \$20,000 and the mortgage against it was a mortgage of twenty-five thousand. The report traced the history of the institution and said that the attendance was all that could be expected being an average of 400 to 500 annually, with fair representation from all over the Maritime Provinces. The report referred to the large number of distinguished laymen and the progress and the progress made in this direction. Discussion of the report followed in which Judge Forbes, Rev. Mr. Sedgewick and Rev. Thomas Fowler participated. Dr. Sedgewick submitted a resolution seconded by Judge Forbes that the synod adopt the resolution of the visiting committee and directors and appoint a standing committee to investigate the matter and report to the synod. The following committee was appointed to confer with the college board: Moderator, Rev. Dr. Falconer, Dr. E. Smith, Principal Calkin and Thomas H. Somerville. Report of the proposed changes in the synod fund was presented by Dr. McMillan and spoken to by Revs. J. D. McGilvray and A. H. Foster. It advocated a tax of one half per cent on salary to cover expenses. Previous to the session this morning a number of committees were appointed by the Moderator. One of these was made up of sub-committees from the Presbyteries of Inverness, Pictou, Wallace, Truro, Lunenburg and Yarmouth. Miramichi, P. E. Island and St. John. From the latter Presbytery Revs. W. F. Falconer, Willard McDonald and Elder A. Jardine were appointed.

JEWISH THEATRE IN RUSSIA BURNED

Police Ordered to Carry Rifles—Peasants Rob by Force of Arms

ODESSA, Oct. 2.—The local theatre where the Jewish company played has been burned. A professor and two students perished in the flames. Police patrol and conveyers are now supplied with rifles in addition to revolvers. Governor General Kaukhas has ordered the guards on duty at public buildings to have their rifles always loaded. At an estate in the Penther district of Kheron province peasants at the point of revolvers extorted \$1,500 from the landlord and shared the money among the famishing villagers of the neighborhood.

IS UNDER ARREST FOR KILLING HIS BROTHER

MONTREAL, Oct. 2.—A brother mortally injured by a brother, and left to die in a hospital, is the sensational story stirring Carleton Place, Ontario. John William and George Bradley, of Beck's with township, were on one way up the lake in their gasoline launch, when it broke down. In a quarrel over this, George struck John with an oar. Not being able to make progress, they got ashore and slept in a vacant hut till morning. William and George went away, and later John was found by friends, taken home, but died shortly after. George says he thought his brother was asleep when he did not get up in the morning. George is under arrest.

CUBANS REFUSE TO LAY DOWN THEIR ARMS

Two Thousand Are Still in the Field.

Situation Is Serious—French Comment Favorable to United States Intervention

PARIS, Oct. 3.—In an editorial article this morning the Temps deprecates the institution of certain French newspapers against the motives of the intervention of the United States in Cuba. The paper voices high praise of Secretary Taft and expresses profound respect for the sentiments which inspired President Roosevelt's course of action. Nevertheless the Temps regards the peace which the United States will bring in Cuba as only temporary, and as a postponement only of the ultimate solution of the Cuban problem.

SANTIAGO, Cuba, Oct. 3.—It is reported that 2,000 rebels in the vicinity of Guantanamo have refused to disarm. The situation here is still serious. The revolutionists continue to concentrate around Santiago. They promise to disarm if General Del Castillo orders them to do so. Del Castillo has not arrived but is expected at any time.

Officers from the cruiser Desmoules unofficially witnessed a spectacular review of the insurgents yesterday. The naval men were enthusiastically cheered when they were recognized. Good order prevailed here. HAVANA, Oct. 3.—The disarming of the rebel forces in the immediate vicinity of Havana began today without opposition. Many of the men were allowed to keep arms, which they claim as their personal property. Special trains during the day will convey the disbanded troops homeward. No break is reported to have occurred in any part of the island. Preparations are being made at the palace for the reception of Governor Taft, who will establish his office there this afternoon.

JENNINGS-MCPEAKE

FREDERICTON, N.B., Oct. 3.—At St. Dunstan's church at 4.45 this morning, Rev. Dr. Carney united in marriage John T. Jennings, of the firm of Colwell & Jennings, and Miss Isabel McPeake, daughter of the late Postmaster P. McPeake. Miss Stella McPeake, sister of the bride, was bridesmaid, while J. P. McPeake supported the groom. The ceremony was a quiet one, only the immediate relatives of the contracting parties being present. The bride was given in marriage by Timothy Burke of St. John, uncle of the bride. After a wedding breakfast at the bride's home, the happy couple left on the 8.20 train on a honeymoon trip, which will include the cities of New England States. The remains of the late John Clinton Worcester, who died at the station by friends. After service at St. Dunstan's church the remains were interred at St. Hermine.

BRIEF DESPATCHES

MOBILE, Ala., Oct. 3.—Roy Hoyle, the special officer who was shot last night during the attack on the county jail by a mob, died early today. CHICAGO, Oct. 2.—The national convention of the industrial workers of the world split on the rock of socialism yesterday when the delegates from the western federation of miners, representing 25,000 miners bolted. The seceders will organize under another name. PUEBLO, Col., Oct. 3.—Several men are reported killed and injured by the explosion of a blast furnace at the Minnequa Steel Works early to-day. Mrs. Jack, wife of Dr. Du M. Jack, late of Grand Mann, is now returning from France, whither she had gone to look after the interests of her nephew, who had been bequeathed an estate there by an uncle, who recently died. Incidentally she also gave attention to a very substantial bequest, amounting it is said to \$30,000, that had been bequeathed to herself by the same relative. Dr. Jack is at present on Grand Mann, getting his goods packed up for shipment to his new home. He has informed his friends that he has abandoned his profession for a time, and has accepted a responsible and lucrative position as factory inspector for a manufacturing firm that has large connections.—St. Andrews Beacon.

Mr. Clark Having Carefully Prepared for the Task, Found No Difficulty in Raising Mass of Timber—The Work Proceeded Without a Hitch.

The old saying "That everything comes to him who waits" was verified this morning when No. 1 crib of the new wharf was raised from the mud at Sand Point and placed in position. For the last three or four weeks there has been a continued discussion as to when this crib would be floated, and whether this was possible or not. Mr. Mayes has been claiming that the site was all ready, while Mr. Clark stated that any time the site was completed he would be prepared to put the crib in place. Yesterday Mr. Clark took soundings, and being satisfied with the depths said that he would place his crib in position about noon today. He has carried out his promise. Without a hitch the crib was raised, and at twenty minutes past twelve was placed on the site prepared.

A large crowd witnessed the operations. Before ten o'clock the wharves were lined with people, who stayed until the crib was placed. On top of the crib Mr. Clark had fastened a number of saws, and the plugs were placed in these at low tide this morning. There were many speculations as to what would be the result when the tide came up. Some thought the fastenings would break, others thought differently, but only one person seemed confident that everything would go right and that person was Mr. Clark, who occupied a position in the window of his office, where by the aid of a telescope and a megaphone he was able to direct the whole proceedings.

As the tide came in it was noticed by landmarks that the screws with their loads were gradually coming up. However, when the wire fastening to the other end of the two screws at the eastern end of the crib gave way it was feared that all the wires would break and that the crib would again go to the bottom. Nothing of the sort happened, however, for the remainder of the wires held fast. About eleven o'clock the tugs Lord Kitchener and Lord Wolsey arrived and attached hawsers to the crib. A winch had, in the meantime, been moved on Union street and a line attached to the crib was fastened around the winch, and then the tugs with the assistance of this winch slowly started to move the crib in towards Union street in order to avoid the No. 3 crib, which was sunk at the eastern end of No. 1 crib. In showing the crib towards Union street the tugs took a little too far, and the result was that it grounded. But the tugs soon hauled it off, and in very few minutes had the crib over to the place where it is to remain. Winches had been placed on Rodney wharf, and the tugs, by the assistance of these were able to place the crib in its exact position by twenty minutes past twelve. The only accident which occurred during the moving process was the filling of a row boat, causing two men by the name of Woodworth and Cobham to be thrown into the water. They were picked up in a very few minutes, neither apparently being any worse for their ducking. When it was seen that the crib was finally in its position Mr. Clark was warmly congratulated on the success of his efforts. He was also warmly congratulated by all who were watching the operation for the manner in which he directed the work. He gave orders only when orders were necessary, and in every case made his words so clear that they did not have to be repeated. Among those who watched the proceedings this morning were Mr. D. C. F. R. George Robertson (M. P.), Dr. Daniel (M. P.), W. Watson Allen, A. G. McGoldrick and three Cashing, all of whom expressed themselves as very much pleased with the result of the morning's work.

SECRET SERVICE MEN LOOKING FOR DIAMONDS

Three U. S. Officials are Shadowing a Dealer in Montreal Who is Trying to Cross the Line

NEW YORK, Oct. 3.—The Times to-day says:—It was reported among customs officials yesterday that a New York diamond dealer who arrived recently in Montreal intended to smuggle across the border diamonds to the value of \$150,000. On the request of E. H. Tweedy, the U. S. customs representative in Montreal, three secret service men were sent there from New York. It is said that they have been watching the suspicious men. The story states that the diamonds were cut and polished in Amsterdam and that an English broker brought them to Montreal where he handed them over to the New York dealer. The latter on reaching Montreal learned that the secret service men were watching him and he changed his plans. The jewels are said to be in Montreal.

DANGER IN WEST'S BRANCH
BANKS.

Hon. L. J. Forget Believes Their Large
Number Constitutes Menace to Sta-
bility.

(Montreal Star.)
"A magnificent future is just as cer-
tainly assured to our western heritage
as is the rising of to-morrow's sun."
In this optimistic manner does Hon.
L. J. Forget speak of conditions gener-
ally throughout the western country.
The Senator has just returned from a
trip to the Pacific coast, made in com-
pany with Sir Thos. Shaughnessy and
directors of the Canadian Pacific Rail-
way.

However, Senator Forget believes
there exists one drawback to the great-
ness of the western province, and that
is the great number of branch banks
scattered over the territory, and these,
in his opinion, are detrimental to the
healthy financial development of the
west.

Speaking of the crops, Senator For-
get stated that the yield might not
reach the figures first claimed, but
apart from the safe estimate of \$5,000-
000 bushels, he found the quality su-
perior. The farmers had already re-
alized this fact and wheat buyers have
very recently been met with refusals to
sell, and the producers are holding
grain in the elevators and securing ad-
vances on the same from the banks.

"The advent of so many railways in-
to the west has greatly pleased the
people out there," said he, "though a
good deal less is heard to-day regard-
ing the wheat which was raised last year
will be largely increased as the plans
of the company are more fully devel-
oped."

Speaking of the double tracking op-
eration of the Canadian Pacific Rail-
way, the Senator stated that, like all
railway work, the second line of rails
between Lake Superior and Winnipeg
had been delayed owing to the lack of
men, who had been attracted to the
harvest fields. However, it was ex-
pected that the line would be in opera-
tion during October.

**CANADIAN NORTHERN HAS 4,000
MILES OF TRACK.**

The Canadian Northern has this year
built 500 additional miles of track, mak-
ing a system of 4,000 miles of track
built within ten years, principally in
the Canadian Northwest by Mackenzie
& Mann. This construction is at the
rate of a mile of track a day for nine
years, and two miles a day for the past
year.

As against this mileage there is out-
standing \$24,000,000 in bonds, and 750,000
of stock. The road has been built
for its own sake with the aid of govern-
ment subsidies and the stock is all
held by Mackenzie & Mann, having
never been distributed to the public.

OCTOBER DIVIDENDS.

During the month of October 188
American industrial, railroad, street rail-
way, lighting and miscellaneous com-
panies, not including banking and trust
companies, will distribute \$81,140,521
in dividends.

Interest payments during the month
will also be heavy. Sixty-six railroads
alone being called upon to pay out \$19-
106,023. The payments of interest by
other companies and the disbursements
in dividends of companies not included
in the 185 mentioned above will bring
the total dividend and interest dis-
bursements for the month to more
than \$110,000,000. A large majority of
this amount will be paid out on the
first day of the month.

The dividend payments of the 185
companies will be summarized as fol-
lows:

109 industrial and miscelane-
ous companies, \$32,490,438
27 steam railroads, 34,919,704
27 street railway and light-
ing companies, 7,580,495
12 mining companies, 6,149,886

..... \$81,140,521

The largest dividend payment by any
company will be \$1,055,000 by the
Pacific; Southern Pacific will pay out
\$1,948,231, making \$1,604,282 for the two
roads.

United States Steel will distribute \$5-
083,025, an amount larger than any
other industrial corporation will dis-
burse. It will distribute \$2,000,000;
Western Union, \$1,217,125; American
Tobacco, \$1,190,338, and General Elec-
tric, \$1,055,735.

MONEY AT STAKE IN CUBA.

Canadian and United States invest-
ments in Cuba total close to \$160,000,000,
one authority summarizing them as follows:

Ranking \$4,000,000
Railroads 24,000,000
Sugar 30,000,000
Tobacco 30,000,000
Telegraph and telephone 2,500,000
Fruit and fruit lands 6,000,000
Cattle 30,000,000
Real estate and unimproved
land 1,500,000
Mining 3,000,000
Mortgages 2,500,000
Steamships 1,000,000

Total \$160,000,000

MAKING SPLENDID PROGRESS.

Canadian Northern net earnings for
July and August were \$280,000, against
\$254,220 last year, \$190,000 the year
previous. In 1903 they were \$170,900.
The Mackenzie and Mann road is
making fine progress.

HOW CANADA'S BANKS STAND.

Now that the banks have had a re-
serve fund of \$64,000,000, and deposits
of \$66,731,000, the proportion of re-
serve to liability is a little over 10%
per cent.

A year ago the proportion was nearly
11 per cent.

British Federation of Miners Decide on
Their Course—The Situation an
Interesting One.

LONDON, Oct. 3.—The labor move-
ment in Great Britain is at present
passing through an interesting phase,
which is tending to decide the future
dominance of one of two sections of
the labor party in the house of com-
mons, the liberal section, led by John
Burns, or the socialist section, led by
James Keir Hardie. The Federation of
Miners, a meeting held this week
at Swansea took a ballot which al-
though official figures are not yet avail-
able, is believed to have decided in
favor of the liberal section. The
other hand a conference of the
Amalgamated Society of Railway
Employees, held at Cardiff
passed a resolution after a long and
bitter debate in favor of adhesion to
the Hardie section in spite of the fact
that their leader, Richard Bell, M. P.,
was strongly opposed to the railway
men committing themselves to socialist
dictation.

**REV. J. A. GORDON, CHURCH
BUILDER.**

Rev. J. A. Gordon, formerly of this
city, is up to his old tricks in Mon-
treal. He is building another hand-
some edifice. When he went from St.
John to the First Baptist church in
March, he took the second "For
Sale" on the church property. But the
redoubtable Rev. J. A. got to work,
applied some of his St. John ideas to
the case, and now this is what he has
done to do:

The First Baptist Church of Mon-
treal, of which Rev. J. A. Gordon, D.
D., is pastor, and which recently sold
its property on St. Catherine street, has
purchased a new site and will build
at once. The new site, which cost
\$15,000, is on Sherbrooke street, at the
corner of Union Avenue. The new
church edifice will cost \$80,000. The
church has no debt, and it is intended
to have the new building free from
debt when ready for dedication, about
this time next year—Martine Baptist.

**ANOTHER CHILDREN'S PLAY-
GROUND.**

A noticeable thing during the last
week or so—since the cooler weather
has set in—is the large attendance of
children at Victoria Roller Rink. The
band plays there every afternoon and
an extra corps of instructors is on
hand to assist the little ones in learn-
ing the stroke and knack of propelling
themselves on the wheeled skates. An
amusements interior, good smooth floor,
catchy music, sight-seeing promenades
and polite prompt attendance.

PEARY AT THE POLE

HIS WIFE BELIEVES

If All Has Gone Well With Famous
Maine Arctic Explorer

PORTLAND, Oct. 2.—"If all has
gone well with my husband, I believe
that the North Pole has been reached
at last and that Commander Peary is
three now, making observations."

This is the statement to a reporter
which voiced the hopes of Mrs. Robert
E. Peary. While her husband is mak-
ing a sledge dash to the point where all
the parallels of longitude meet, she is
living at Eagle Island, Casco Bay. She
has been an Arctic explorer for years. A
daughter was born to Commander and
Mrs. Peary in the faraway Polar re-
gion. Few women have been farther
into the desolate, frozen fastnesses of
the awful north than she. When she
talks about her husband's probable do-
ings and whereabouts, it is as an ex-
pert.

"My husband," says Mrs. Peary,
"has his hopes upon his dogs and ex-
perience. If everything has gone well
with him, he is now at the goal which
has been sought in vain for centuries
by Kane, Sir John Franklin, Long,
Greely, Nansen and many other in-
repid navigators of ice-bound seas. He
has accomplished his lifelong ambition.
This will be his last trip. He is get-
ting too old to try again. He has suf-
fered great hardships in his past polar
explorations. If he cannot reach the
Pole this time the chances are against
his ever doing it. As time passes I feel
less worried. I know it is folly to ex-
pect any word from him now. He
should be where it would be impos-
sible to send any message. Nothing can
reasonably be expected until next mon-
day. Much of Mrs. Peary's time is now
given to studying maps of the polar
region. While doing this she weighs pos-
sibilities and tries to figure at what
point the brave naval officer may be.
Somewhere in the high latitudes, sur-
rounded by eternal snow and ice, he is
thinking of her.

It is fourteen months since Com-
mander Peary, on his last expedi-
tion, and he went in a specially built
vessel and with every arrangement as
complete as long personal experience
could suggest. He reached North Syd-
ney safely and on July 25, 1905, headed
north for the final stage of the jour-
ney.

He planned to reach the highest point
north that a ship could take him, and
then to make a dash with dogs and
sledges for the pole itself. He has been
the greatest dog sled voyager who ever
lived. His expedition at this time, how-
ever, is not a dash, but a steady march
ling may win him an immortal name.

PRESIDENT JOSEPH SMITH

IS UNDER ARREST

Mormon Leader in Custody on the Charge
of Having Five Wives

SALT LAKE CITY, Oct. 2.—The pre-
sident of the Mormon church, Joseph
P. Smith, was arrested and bound over
to the district court to-day on charges
of living unlawfully with five wives.
The complaint was sworn to by a Mor-
mon deputy sheriff. The warrant was
served by the order of a Mormon sheriff,
and the committing magistrate is also a
Mormon. President Smith was al-
ready immediately after his arrest,
and waived preliminary hearing. He
was released on his own recognizance.
President Smith reached here two
days ago on his return from Europe.
He then learned that an attempt had
been made to secure his arrest for a
statutory offence in connection with
the birth of his forty-third child. The
complaint was made from a distinctly
anti-Mormon source. The county at-
torney refused to approve a prosecution,
and was upheld by the decision of the
judge. Whatever the motive back of to-
day's proceedings, the effect will be to
disarm the claims that have been set
forth against the authorities for their
failure to take cognizance of the ad-
missions made by President Smith.

BURNS FIGHTING HIS WAY

TO THE CHAMPIONSHIP

In a Fourteen Round Bout He Knocked
Out Jim Flynn at Los Angeles.

LOS ANGELES, Oct. 3.—Tommy
Burns, claimant of the heavyweight
championship, scored a decisive victory
over Jim Flynn of Pueblo, last night
before the Pacific C. C. knocking
Flynn out for ten minutes in the 15th
round.

The battle was hard from the start.
Burns had Flynn almost out in the 14th
round, the going saving a knock-out. A
fight to the jaw sent the Colorado
fighter down in the beginning of the
15th. He was up in a few seconds, but
his feet as Referee Robinson counted
10. He was sent down again and then
a few seconds later went to the canvas
without being struck. The referee for-
ward him to rise, and after fainting
Burns sent in the punch which sent
Flynn down and out. He lay on his
back in the centre of the ring for 10
minutes.

Burns fought a heavy and shifty
fight, much of his effective work was
done at close quarters.

ANTWERP, Oct. 2.—The story of the

to light. A young American woman
was married to a Belgian named Van-

The couple went to Belgium. On their
arrival there the husband sequestered
his wife in the country near Antwerp
and treated her with terrible cruelty,
threatening to kill her if she did not
make over all her property to him,
which she refused to do.

She managed to make her escape and

she had no witnesses. The unfortunate

CANON RICHARDSON AS THE CO-ADJUTOR BISHOP

Elected This Morning on the Eleventh Ballot
After a Long Contest.

Synod Sat Almost Continuously from Afternoon Until
Long After Midnight — On Motion of Archdeacon
Neales, Election Was Made Unanimous — Sharp
Dispute Over the Payment of His Salary.

FREDERICTON, Oct. 3.—After a prolonged session marked by a strong feeling between the supporters of the candidates for the position of coadjutor bishop, Canon Richardson was elected this morning on the eleventh ballot, when for the first time during the contest he obtained the necessary two-thirds majority of the clerical vote. Each succeeding ballot showed a steady drift in his direction and the process was continued in spite of repeated efforts to adjourn. After the last ballot, Dr. Richardson's election was made unanimous by standing vote.

When the Synod assembled this afternoon at 2 o'clock the regular business of the session was taken up. After prayers and roll call, the secretary presented the memorial from the Sheddian deacons protesting against the interference with any missionary funds in the diocese for paying the bishop coadjutor.

A. C. Fairweather from the standing committee reported that since the last meeting, on account of criticism and inquiries made the committee had interviewed the bishop to ask him if he could contribute towards the coadjutor's salary from the endowment fund. As a result of a conference his Lordship had placed at the disposal of the Synod the entire income arising from the local endowments, the sum amounting to \$768.68 per annum.

The capital from which this income is derived constitutes the entire contributions of New Brunswick and Nova Scotia towards the Episcopal Endowment Fund of the Diocese of Fredericton. This makes the charges upon the mission fund reduced \$768.68 leaving \$483.32 to be paid from this latter fund. The committee still thought that the first proposition the best but accepted this as the best solution practicable.

Rev. C. M. Campbell on invitation of the Synod addressed the meeting as representative of the Foreign and Canadian Auxiliary Bible Society. Mr. Campbell gave a most interesting account of the progress of this great society during the past year. The Bible was now translated into 461 languages. The deficit had been decreased from thirty-five thousand pounds to six thousand. But he did not believe the great work the income was not meeting expense and the society asked that the contributions should be increased by half again. The reason the society makes its appeal is the need to meet the great tide of immigration moving into the great West. Today there are appeals coming from west of Winnipeg for the Bible in sixty different languages. We must give to these people the living word of the living God. If the Bible is not distributed it means the lowering of humanity. We must either let them fall to the degradation which the absence of the Bible means or we must bring them up to our level. We must save the empire and save Canada. Your church members hold some of the highest offices in this great society and I ask your great church to assist the society in its work.

A most hearty vote of thanks was extended Mr. Campbell by the commissary for the eloquent and powerful address. On taking up the consideration of the memorial presented by the Deanery of Shediac, Mr. Justice Hanington spoke earnestly and strongly. He regretted his Lordship's illness and all felt for him. He wished to raise his voice in the strongest language against the proposition to interfere with trust funds, and this Synod, he maintained, had no right to tamper with them. The money given to the Cathedral was never intended to go towards paying a bishop coadjutor's salary.

of the standing committee be adopted, carried, the vote standing 18 to 74. The synod then proceeded to ballot on the choice of a bishop coadjutor. While the scrutineers were counting the ballots Mr. Justice Hanington moved the following resolution: In a few appropriate remarks, which was seconded by Rev. Dr. Raymond. Resolved, That the synod would impose upon the clergy and laity of the diocese the importance of a generous support of the British and Foreign Bible Society, through its Canadian auxiliary in aid of its good work, without which the missionaries of the church would be unable to carry on their work effectively. The resolution was carried unanimously.

The first and second ballots resulted as follows:

	First.	Second.
Clergy. Laity. Clergy. Laity.		
Neales.	23	20
Richardson.	27	37
Farthing.	3	3
Tucker.	2	1
Newham.	1	1
Williams.	1	1
Cowie.	1	1

The synod resumed its session at 7:30 when the third ballot was taken with the following result: Neales, clergy 20, laity 21; Richardson, clergy 25, laity 37. Others scattering. Total clergy vote, 53; laity, 62.

After the taking of the third ballot it became evident that balloting might continue indefinitely without any result being reached. Though Canon Richardson continued to gain, the gain was not sufficient to assure an election. It was at this stage that the Rev. Mr. Cowie moved a resolution which was accepted by the meeting, that the Synod adjourn until 9 o'clock and that in the meantime the clergy and laity meet in separate conference to see if some solution of the difficulty could not be arrived at.

On resuming the session at 9 o'clock, the question of the election of a coadjutor bishop of this diocese, is given above, was born Oct. 30th, 1883, in Warwick, England, being a son of Rev. John Richardson. He came to Canada in 1887, and was ordained in 1891. He was rector of St. Luke's church, Fort Rouge, Winnipeg, which until then he had carried on as a mission. In 1898 he received a call from Trinity church of this city, and entered upon his duties as rector in August of that year. Since coming to the city Canon Richardson has been prominently identified in the philanthropic work, and has given much valuable assistance to various societies that have for their object the uplifting of the people. In his church work he has been singularly successful, being an earnest and thoughtful preacher and indefatigable in his efforts among the younger element of the church.

Since he became rector of Trinity there have been large accessions to the membership of the church. He has flourished in every respect. While rejoicing at his election to the high office of coadjutor bishop, the congregation here and the people of the city generally will regret that his acceptance of the appointment will make necessary his relinquishing of the rectorship of the church in which he has labored so faithfully, and his removal from the city.

Rev. Subden Street then, as a supporter of Archdeacon Neales, asked the clergy in the interest of the church, since the laity had thrown such a strong vote for Canon Richardson, to support Canon Richardson and have the bishop elected.

Judge Hanington spoke strongly, asking the clergy in the interest of the church and Christianity to join with the laity in electing Canon Richardson. He said that the laity had shown their preference for Canon Richardson, and he thought it would be unwise for the clergy to do otherwise.

The fifth ballot was then taken, resulting as follows: Neales, clergy 24, laity 25; Richardson, clergy 31, laity 42. Sixth ballot: Neales, clergy 22, laity 20; Richardson, clergy 33, laity 40.

The commissary again declared no election.

The story as told by Wm. Pyne is that about three weeks ago he arrived one morning and found a policeman's padlock on the door and from the till there was missing \$158. He hurriedly called Harry Pyne and Percy Harney, who are engaged in the shop. If they had locked the door, and they replied that they had.

Those Sullivan and Ira Perry have been suspected, charged with the serious crime of breaking into a saloon early yesterday morning. The charge is made by William Pyne, manager of T. Cronin's liquor store on Gormet street. The affair was under investigation by Chief Clark last night, but was not finished. The suspended officers, however, affirm their innocence, and tell a story which decidedly puts another side to the case.

He hurriedly called Harry Pyne and Percy Harney, who are engaged in the shop. If they had locked the door, and they replied that they had.

A week ago there happened a similar incident. Again there was a policeman's padlock on the door and \$125 was missing from the till. A peculiar thing was that on one occasion the door was left open and the contents of the keys had flowed into the cellar. Glasses were also left on the counter. The opening scene of the 3rd night on guard in the shop instructing the bar-tenders to lock him in which they did. The first denials were made about 1:30 when footsteps were heard and each of the doors was tried. Shortly afterwards again there were footsteps, this time apparently of two men, and a dog came in scolding about the premises.

It was very long before again there were steps which, says Mr. Pyne, he recognized as the same as before. He had not seen the men before, but in walked two men. One of them struck a match whereupon Mr. Pyne saw the faces of the men. He did not find the door open this time to which one of the policemen is alleged to have admitted the men. He did not. Mr. Pyne thereupon told them he slept in the building now and left them.

Going out in the street in his bare head he told the driver of one of the slaughter house teams and informed him of the men being in the saloon. Later he met Sgt. Campbell and to him told the whole story.

Both officers feel that the position of Officer Sullivan says that he will immediately take legal action against his accuser. There seems little doubt, therefore, that the matter will be aired in the courts.

The officers' position may well be summed up by the report which they in regular course put on the police records yesterday morning.

SENSATIONAL CHARGES MADE

Officers T. Sullivan and Ira Perry Accused of Burglary

DR. ANNAND IS
NEW MODERATOR

Former Missionary Head of Maritime Presbyterians.

Retiring Moderator in Able Sermon in-terestingly Sketches Progress of Canadian Presbyterianism

MONCTON, Oct. 2.—The election of Rev. Dr. Annand as moderator was the principal business transacted at the first session of the synod of the Maritime Provinces convened at St. John's Presbyterian church this evening.

The synod was largely attended, not only by lay and ministerial delegates but by a large number of the laity. The election of Dr. Annand as moderator was unanimous on the part of the synod. The late Moderator, Rev. J. D. Murray, of the Presbyterian church of Lunenburg, Yarmouth, Halifax and Miramichi, was elected Moderator.

Rev. Dr. Miller, of Yarmouth, the previous moderator, occupied the chair and after the opening devotions addressed the court referring touching-ly to the loss sustained by the death of several brethren during the year including Revs. J. D. McKay, missionary to the Indians, and J. D. Murray, of the Presbyterian church of Lunenburg, Yarmouth, Halifax and Miramichi, and even Gillis of the Presbyterian of Pictou. He also referred to the lamented death of former members of the Synod, Revs. G. F. Johnson and Dr. J. S. Black. A notable fact mentioned was that there were present at this session synod less than four native missionaries.

Dr. Miller's sermon was an interesting one, full of facts and figures of Presbyterian progress. After referring to the discouraging circumstances under which the church had been planted in these provinces, the lack of support from home and untoward local conditions, the preacher went on to speak of the other side of the picture. Many things marked the progress of the church from the year 1855, when the Glasgow Colonial Society began to send missionaries and support to the provinces, until the present time. Particular reference was made to the last thirty years. In thirty years the population of the Maritime Provinces has practically remained stationary. In 1876 it was 804,000, and in 1906, 800,000. But last year there were 240 regular pastoral charges. In 1876 there were 172 congregations, some of them only mission stations. The giving for education had doubled. The contributions to foreign missions had more than trebled, and home missions had increased seven times, and to augmentation three times. The giving for education had doubled for aged and infirm ministers had been multiplied by eight. The total in the collection for all purposes was \$39,000 and \$95,000.

It was more difficult to make comparisons in moral and spiritual sphere, but Dr. Miller declared himself an optimist. He believed that the ministers of the church were preaching a clearer, richer, fuller gospel than ever before. The Christian conscience was

more sensitive to truth and more responsive to the spirit of the Gospel. To the home mission and foreign mission problems the church was fully alive but he believed that the old emphasis ought again to be laid upon the training of the young. In closing Dr. Miller referred to the fact that the church in the Maritime Provinces by the union of 1817 had led the way in the matter of church union. There was in Canada a Presbyterian church, one Methodist, one Baptist and one Congregationalist. It was only natural that many hearts should long for a still closer union. But the speaker would deprecate any organic union that would endanger existing ties. The ideal of Christ for His people must ever be kept in mind, "that they all may be one."

The new moderator, Rev. J. Annand, was born at Guys River, Halifax county, N. S. He studied in Halifax in 1873 and upon being licensed was appointed missionary to the New Hebrides. Since that time he has been distinguished for his assiduity in the discharge of his duties and for the remarkable success of his labor there. Some years ago he was appointed principal of the Sunday school at Pangloss, in the neighborhood of Santo. This is Dr. Annand's second tour of duty in the field, and he is still healthy and vigorous.

OTTAWA, Oct. 2.—The notorious St. Ann's election case occupied the opening day of the supreme court. Justice Gauthier presided. Chief Justice Fitzpatrick declining to sit on the trial of a man who was elected from his province to support a government of which he was a member.

E. F. B. Johnston, counsel for Mr. Gallery contended that the lower court had no jurisdiction for disqualifying Mr. Gallery, the successful candidate. There was no specific instance of personal corruption proved. The judges of the lower court seemed to have found for disqualification as cumulative evidence. Mr. Johnston contended a specific instance was necessary; he also held Mr. Gallery was within the law in spending \$5,000 for the employment of lecturers outside the regular expenses returned by him.

At the opening of the court this morning the commission appointing Mr. Justice Duff in succession to the late Judge Sedgewick was read. Before proceeding to business the Chief Justice made touching reference to the death of Judge Sedgewick eloquently his merits as a man and his ability as a lawyer, and regretting the loss that his death would prove to the profession.

A motion was made in the case of Leahy v. the Town of North Sydney, a case decided during the last term, the object being to vary the minutes of the judgment as settled in

Big carpet sale at M. R. A.'s again tomorrow.

American Pea Coal \$4.00 a ton delivered. Gibbon & Co. 5-10-1

Mrs. Sarah Evans, wife of Thomas Evans, died today her home, 117 Prince William street, aged thirty-nine.

Here's the latest—one dollar coupons are to be had by looking on page 3. Cut it out.

The quarterly business meeting of the Ladlow street Baptist church will be held this evening, when the resignation of the pastor, Rev. F. S. Bamford, will be considered.

A talented lecturer can always command attention. Dicknell Young, C. S. B., of Chicago, is such a character. He will give a free lecture on Christian Science in the Opera House on Thursday evening, October 4th. You are cordially invited.—Adv.

Just Arrived—Big shipment of Men's new wing linen collars in different shapes at 15c. or 2 for 25c. Get your supply in new Union Clothing Co. 28 29 Charlotte street, old Y. M. C. A. building.

The special prices on first-class carpets quoted in M. R. A.'s adv. today make a strong argument in favor of attending to home brightening and furnishing before real cold weather sets in. Today's sale opened with a swing and will increase in volume tomorrow and next day. There are lots of exquisite patterns and highly attractive colorings. Every yard a notable bargain.

George Ballie, director of ceremonies in Carleton Union Lodge, who was married last night, was on Monday made the recipient of a pair of solid silver table spoons, suitably engraved. Harold Perry, another member of the same lodge, who was married a few days ago, was similarly remembered. Rev. G. F. Scovell made both presentations.

The season is near at hand when everyone is thinking of heavier garments. F. A. Dykeman & Co. have made special preparation to provide for the wants of the ladies in this regard and are showing their complete stock of German made coats which are lady select from and satisfy her most fastidious want at the most reasonable and easy price.

This has been a prosperous year for Grand Manan, according to the reports that come from the island. Fish have been plenty, and the weather for curing them all that could be wished for, so that now all that is wanted is a steady market on which to dispose of them. The tourist business, too, has been good, and those who matter have well repaid, so that altogether, this year the people of Grand Manan have prospered.—Portland Press.

Harry Steeves, a section foreman working on the railroad at Hillsboro, met with a terrible accident yesterday. While jumping from a moving train he fell under a car and had his left arm badly crushed by the car passing over it. The injured arm was amputated by Drs. Marvin and Lewis, assisted by Dr. E. C. Randall. Mr. Steeves is resting comfortably, and the medical attendants have every hope of his recovery.

It may not be generally known that Portland can boast of one of the oldest lighthouses on the Atlantic coast. Portland Head Light, situated at the entrance of Casco Bay, was erected in the year 1790 and sent forth its first light Jan. 10, 1791. As far as is known it is the smallest lighthouse in the world, and could only be seen a short distance. Today it has one of the latest lamps manufactured in Paris and sends a white, steady light that can be seen 15 miles away.—Portland Press.

Dr. W. J. Scott, who recently resigned the position of resident physician in the General Public Hospital, was married Monday last at Ayer, Ont., to Miss Freda Lee Jowsy, who was formerly a nurse in the general hospital in Seattle. The ceremony was performed in the morning at the home of the bride and Dr. and Mrs. Scott left for Chicago, en route for Seattle, whence they will sail on the Boston line steamer Tremont for China, where Dr. Scott has an appointment in connection with missionary work.

The list of entries for the hour race which starts at St. Andrew's Rollaway to-night are as follows: Dean, McCaw, Wilson, Bennett, Hecker and Nixon. The race will start at 8 o'clock this evening and will continue until one hour, each night until Saturday night, when the race finishes. Each night the skaters will start from the scratch, and in order to be a winner the contestants must have gained a full lap. This is on the same plan as the six days' bicycle race, and is new to St. John. There is a band each evening, and the public may skate up to 8.40. Merritt and Polls will set the pace for the skaters.

LEONARD BARNARD.

A quiet but pretty wedding took place in Queen Square, Methodist Church at 8 o'clock this morning, when Miss Emma Gardner, daughter of Alonzo B. Gardner, was united in marriage to Beverly Leonard, foreman in F. E. Sayre's mill.

Rev. George M. Campbell performed the ceremony. The bride was unattended, and was given away by her father. J. J. Leonard supported the groom. The bride was charmingly attired in a travelling suit of navy blue. Mr. and Mrs. Leonard left on the Prince Rupert for a trip through Nova Scotia.

Miss May Gardner, of Boston, accompanied by Miss Bessie Allen, arrived here on Monday to be present at the wedding.

ANOTHER POSITION.
Samuel Irons, of the West End, has been selected by the Canadian Pacific Railway to take charge of the business in connection with the company's two largest hotels at Quebec. Mr. Irons is a graduate of the Currier Business University.

POLICE ROUNDING UP

DISORDERLY BOYS

One Was Fined Twenty Dollars—A

Lecture on the Evils of the Union Alley Gatherings.

In the Police Court this morning two boys were charged with being members of disorderly gangs. Leo Monahan was given in charge last night by W. Bell for throwing stones in Union Alley. Mr. Bell said that as he was reading in his home, two stones struck against the window. He went out and saw a crowd of boys in Union Alley. When they saw him coming they ran, but he managed to catch young Monahan, whom he handed over to the police. Monahan denied having thrown the stones, and Mr. Bell could not swear that he was the one who did. The magistrate spoke on the futility of bringing boys to court and then not being able to prove anything against them. This, he said, only made them bolder, as they thought themselves young heroes for having got ahead of the police. His Honor said he could not call a member of a crowd guilty of throwing stones because some other member had thrown them. Monahan's father was present, and said he did not think that his boy had thrown any stones. The magistrate said that no boy who did not live there had any business in the alley. This Union Alley and around the Opera House was the gathering place for all the young fellows around town, where they learn to smoke cigarettes and swear. This was the place where the tanyard gang first originated, and it needed something like the murder of Doherty to awaken the people to the fact that these gatherings should be put a stop to at once. Monahan was told to keep away from around the Opera House in future, and was let go.

Wm. McArthur was arrested by Officer Crawford on St. Patrick street last night, charged with breaking windows. He was also charged by Walter Winters with using obscene language. Officer Crawford stated that he had received a telephone call from St. Patrick street last night. He went down and rounded up a large gang which had congregated at the corner of Richmond street. He met Winters, who told him of the conduct of the same boys earlier in the night. Winters especially named McArthur as having been in the gang. Officer Crawford managed to catch McArthur and placed him in jail. The magistrate imposed a fine of \$20 or two months' hard labor.

Margaret McNamee, drunk on Union street; John Stokes, drunk on St. John street, were fined \$5 or two months. John Cotton, drunk and disorderly, was fined \$4 or ten days. One drunk forfeited a deposit of \$8.

UNION IS NOT PROBABLE

AMONG CARLETON BAPTISTS

Although Both Churches Are Now Vacant,
Members Believe That the Field Is Not
Suitable for One Congregation.

The suggestion has been made that the time is now ripe and the conditions favorable for a union of the two Baptist churches in Carleton. The Carleton Baptist church is now without a pastor. Rev. R. W. Ferguson, having preached his farewell sermon on Sunday evening last, and left yesterday for his new charge in River Glade. Rev. F. S. Bamford, pastor of the Ladlow street church, has also tendered his resignation, which will be considered, and in all probability accepted at a business meeting of the church this evening. This leaves both churches without pastors.

In union of many of the members of both churches, however, the plan to unite is not considered desirable. A new church building would have to be erected, as neither now in use would be available for a united congregation, and thus both would have to be disposed of, probably at a loss.

Other circumstances render the plan impracticable for the present, and it is probable that it will be a good many years before such a union takes place, if it ever does.

ST. JOHN HUNTER

CHARGED BY A MOOSE

But George T. Hay Kept the Rifle in His

Hands and Succeeded in Killing
a Fine Specimen.

George T. Hay, of 206 Carmarthen street, returned to the city from Gagetown this morning bringing with him an exceptionally fine moosehead, which he secured on Monday. The antlers are beautifully formed, have a spread of fifty-two inches, and the head is one of the prettiest brought in this season. But Mr. Hay for a time had an idea that he would not live long to enjoy the sight of it. For a moment or two in the Gagetown woods his brain was busy making lightning calculations on the value of his life insurance policies and endeavoring to picture himself in a quiet corner of Fernhill. This was when the maddened moose was rushing at him, and in his excitement he felt scarcely able to take a steady aim. Mr. Hay went up river a week ago, and, accompanied by his brother-in-law, George McRay, proceeded from Lavale to the Davis camp. There, on Monday morning, they called, and soon a moose answered. When the animal was about fifty yards away Mr. Hay fired. The moose, catching sight of the enemy, charged, and for an instant Mr. Hay felt like dropping through the earth. So swift was the animal that it was almost directly on him before Mr. Hay could fire again; but on the second shot the animal turned and made for the woods. Mr. Hay fired again, and later he found that all his shots had taken effect.

Continuation of Carpet Sale!

Numerous Bargains Secured Today.

THE LAST SEASON'S PATTERNS are not distasteful to the sensible housewives of St. John. was most unmistakably evidenced today by the ladies in attendance at our big special sale of **WILTON, AXMINSTER, BRUSSELS and TAPESTRY** Carpets. Small rooms and large rooms were fitted, and not a buyer had a complaining word to say. The whole sale is going with a swing that means a complete sell out of all the last season's designs we do not intend to re-order. Lots of certain bargains again tomorrow.

JUST GLANCE AT THESE PRICES:

Tapestries, 26c, 30c, 35c, 40c, 45c, 50c, 60c Yd.
