UNABLE TO QUALIFY.

One of the Labor Candidates Falls. Dr. J. H. Frink May Run for Alderman at Large—George Chamberlain Wanted in Dufferin

Not until tomorrow night will the labor people know definitely that they are to have a candidate for alderman at large. It was learned, however, in labor circles this morning that they are pretty sure of bringing out a candidate for alderman at large, and that possibly that candidate will be James Chamberlain, a prominent mason of the West Side. This will conclude the labor ticket, as the labor people will be unable to secure any more qualified men.

The Star announced a few days ago that Thomas Kitcham would probably oppose Ald. Macrae in Wellington ward. Mr. Kitcham has now finally given out his intention of running. Speaking of Mr. Kitcham's candidature this morning, a well known union man said that he felt quite sure that the labor people would support him in a body. Dr. J. H. Frink, who a morning paper said would probably be a candidate for Prince ward, told the Star today that he had no intention of entering the contest for Prince ward. He might possibly offer as a candidate for alderman at large, but he has not yet come to any kind of a decision.

For the past week or so there has been much talk about the city to the effect that many of the labor candidates would fail to qualify. The Star this morning took steps to ascertain whether or not this was true with the following result:

Chas. Jones, of the Teamsters' Union, who was nominated to oppose Ald. Hamm in Kings' ward, will be unable to qualify, as he is only assessed on 50 persons property. James Sprout, who is to run against Ald. Maxwell in Prince ward, is qualified five times over. Nevin Cameron, who is coming for Dukes ward is also qualified many times over. Wm. Daley, who will oppose Ald. Millidge in Dufferin ward, is similarly possessed of the required qualifications.

Incidentally it was learned that A. J. Megarity, who announced some days ago his intention of running for Victoria ward and who later gave out his retirement from the labor party, does not answer the required qualifications. It was rumored this morning that possibly George Chamberlain, the well known Mill street undertaker, would come out for Dufferin ward. It is said that Mr. Daley may have the favor of Mr. Chamberlain. The labor people would probably give Mr. Chamberlain their support, but the only thing against him is that he is not a member of any union, but he has always been a hearty supporter of unions.

FIRST CLASS MEN!

Another Military Novel Confiscated in Germany.

BERLIN, March 23.—"First Class Men," a military novel on the pattern of Lieut. Eblen's book, "A Little Garrison," which related incidents of the abuse of soldiers, was confiscated in the Berlin bookstores today. It is supposed that proceedings will immediately be initiated against the author of the book, Count Wolf Baudis. The Socialists in the Reichstag recently lauded the minister of war with inefficiency in this case, saying that every child in Berlin knew that the book referred to the elite fusilier guards regiment, the officers of which are depicted as unrepentably immoral, corrupt and detestable.

Some doubts are expressed regarding the wisdom of the action taken today on the book inasmuch as it is coarse and clumsy, full of exaggerations, without the slightest literary pretensions and consequently not worth anything. It is supposed that Count Wolf Baudis will try to establish the truthfulness of his charges, in which case the case will doubtless surpass Lieut. Eblen's book in public interest since the fusilier guards regiment is quartered in Berlin, whereas the scandals alleged in "A Little Garrison" took place in a small frontier town.

DR. DANIEL ELECTED CHAIRMAN. (Special to the Star.) OTTAWA, Ont., Mar. 23.—The Conservative held the first caucus of the season this morning. Dr. Daniel, of St. John, was elected chairman. All present were in high spirits and confident of approaching victory. Committees were appointed to look after various phases of business during the session. The Liberals held their first caucus this morning and are still sitting.

JAPS ARE WEARING OUT GUNS AND MACHINERY.

This is the View Taken by the Officials at St. Petersburg of the Bombardments of Port Arthur.

TOKIO, March 23A despatch from Mokki says the Japanese fleet made another attack on Port Arthur on Mar. 23, bombarding the city and its defenses and fought a furious engagement with the Russian fleet outside the harbor, destroying one Russian battleship. Seven Japanese casualties are reported. There is no information concerning the Japanese fleet's condition. The navy department has not been advised officially as yet.

WEARING OUT GUNS AND MACHINERY.

ST. PETERSBURG, March 23.—No further details of yesterday's attack on Port Arthur are expected during the day, but nothing in the way of private newspaper despatches supplementing the official account has been received up to the present.

According to the information there now exists a complete embargo upon newspaper despatches from Port Arthur. The military authorities seem to manifest no disposition to disclose any tactics yesterday. On the contrary, they declare that the positions taken by the Japanese and machinery of ships and vast ammunition without compensating advantages. They point to the small damage at Santiago by the American fleet as proof of their futility. From the positions taken by the Japanese the latter could not see either the town or the batteries. The range was from six to eight miles, with a high angle fire and precision was impossible. Although the general target was large only a lucky chance could really damage the batteries or ships. So far as known the Japanese accomplished nothing. On the other hand, the Russian fleet has lost a shell from the battleship Retvian, which was firing over the hill, landed on one of the Japanese batteries. Of course it is admitted that these shot are trying to the garrison.

Local Admiral Makaroff (the naval commander at Port Arthur) is being commended for his self restraint in not making his own an engagement with the enemy. A prominent Russian admiral explains to local correspondents of the Associated Press how absolutely essential conservatism on the part of the Russian naval command at Port Arthur was at present. He said: "If Admiral Makaroff, whose disposition is to go out at almost any cost, should give battle upon the approach of the Japanese and defeat them his victory would be fruitless, as necessarily it would be purchased by some injuries to ships, and our lack of adequate dock and repair facilities at Port Arthur would render it impossible to refit them, whereas the Japanese have abundant docks in which to repair their vessels."

The feeling here is that the Japanese tactics are preliminary to a landing on the peninsula in an attempt to cut off Port Arthur simultaneously with a general bombardment and commencement of a siege. For this the Russians declare they are fully prepared. During the last ten days a general shelling down newspapers and telegrams from the Far East has been noticeable. This is owing to increased precautions to prevent the enemy from obtaining news of the movements of Russian troops.

The Russians are being massed in force along their first line, from Feng Huang Cheng northward for thirty miles, while the second line extends from Mukden to Hai-Cheng. All the rolling stock required for use on the Far East has now crossed Lake Balkal. The last locomotive was taken over yesterday.

Prince Khilkoff, the minister of public works and railroads, who has been personally superintending this work, leaves Balkal in a few days. Forty trucks of grain reach Port Arthur daily.

LAND BATTLES EXPECTED.

ST. PETERSBURG, March 23.—Vice-Admiral Topp's Activity at Port Arthur is being emulated by the commander of the Japanese forces in Korea. The advance of the Japs shows that they are losing no time and that they are more rapid than the Russians expected. Nevertheless, the fortification of Anju shows the Japanese operations are accompanied by all proper military precautions.

So far as the Russians are concerned they have no intention of attacking Anju, but the province of the five thousand or six thousand cavalymen under General Mitrchinkow will be to harass and retard the Japanese in every way possible. The authorities here believe that it will be only a matter of a short time now when active land operations will begin.

WILL INVESTIGATE.

TOKIO, March 23.—The house of representatives today appointed a committee of eighteen members to investigate the charge that "Yoshikichi Aki-Yama, a member of the parliament is in the employ of the Russian government." Aki-Yama is the publisher of the Nirokushitshun, a Tokio paper, which has been bitterly assailing the government, particularly upon its financial policy. It has also charged the government with having forced capitalists to subscribe to the war bonds recently issued and has predicted that a second loan will prove a failure. A local prosecution resulted in an order for the permanent suppression of the publication and the imprisonment

PROTESTANT MINISTERS

And Prominent Laymen in Session in New York. Will Oppose Divorce and the Marriage of Divorced Persons—Ask for Legislation on Subject

NEW YORK, Mar. 23.—Agitation against divorce and the marriage of divorced persons has resulted in a meeting here of eminent Protestant ministers and laymen, who will attempt to solve the problem of uniform legislation on the subject by the states of the union. A meeting of the executive committee of the conference, presided over by Bishop Doane of Albany, drafted a rough outline of the proposed law which later will be presented to the full meeting for discussion. The conference is a direct result of action taken by the Protestant Episcopal church in its last general conference at San Francisco.

"Every effort will be made to forever solve the difficult question, so far as the Protestant churches are concerned," declared Right Rev. David H. Greer, bishop condutor of the Episcopal archdiocese of New York. "The Roman Catholic church was invited to participate in the deliberations of the conference, but declined. The opposition of that church regarding divorce is well known, however."

"Personally, I do not believe in divorce or re-marriage, but in separation only. Other gentlemen at the conference may have other views, but it is the purpose of the representatives of the Episcopal, Methodist, Presbyterian, Evangelical, Lutheran, Baptist, Congregational, Universalist, Unitarian and Reformed Presbyterian churches to decide upon some initial method involving a unity of relation and uniform practice to regulate the great evil of divorce in this country so that persons who were married under the rites of one church cannot after securing divorce re-marry under the rites of some other Protestant church."

DEATH OF LOUIS CUNNINGHAM. The flag on No. 5 engine house, Main street is flying at half-mast today, for the death of Louis H. Cunningham, son of Engineer Cunningham. The young man's death occurred yesterday from pneumonia after an illness of about a week. He was seventeen years old.

Much sympathy is expressed for the sorrowing parents in the untimely demise of their son, who was very popular with his boy companions.

BLOWN TO ATOMS.

(Special to the Star.) KEEWATIN, Ont., Mar. 23.—In an accident yesterday at Foley Bros. and Larso's railway construction camp, three miles from Port Hope, Ontario, a large hole, which had missed a steam locomotive, struck a person and was blown to atoms. Philip Mercer and A. Turner were injured by the explosion.

A LONG CHASE.

PARIS, March 23.—The Echo de Paris correspondent at St. Petersburg, says it is rumored in local circles here that Captain Reitzenstein's Vladivostok squadron has been ordered to over-haul at a certain point on the coast of the Japanese and two cruisers bound from Chilly by Japan and to return with the Vladivostok. The correspondent says it is also rumored that William of Germany has refused to accept three cruisers built at Kiel and Strassburg on the ground that they did not conform to the terms of the contract and that Russia is negotiating for their purchase. The Russian general staff, the correspondent says, estimates the number of Japanese troops landed in Korea does not exceed 75,000.

F. R. STRONG IN TOWN.

Federick R. Strong, who is staying in St. John and is registered at the Victoria hotel, stated to a Star reporter that he was much surprised to read the despatch about his wedding, which appeared in yesterday's paper. Several statements of which were much exaggerated.

WOULD NOT GO TO RUSSIA.

(Special to the Star.) WINNIPEG, March 23.—William Whyte, recent vice-president of the C. P. R., desires having received an offer of the management of the Trans-Siberian Railway, and says that were the offer made he would decline and that were modern railway methods introduced in the management of the road the manager's life would not be worth an hour's purchase. The whole system is undermined by officialism which obstructs every department.

SLAVERY IN THE TRANSVAAL.

While economic conditions in the Transvaal are so generally disturbed during the reconstruction period that some radical measures of relief are necessary these conditions will not be generally accepted as justifying the introduction of Chinese coolie labor under arrangements that practically mean slavery, as decided by the British government.

The mine owners, of course, are in favor of the movement, in fact it is upon their influence with the government that the adoption of the scheme is based. The owners claim that the blacks will not work satisfactorily, that wages demanded by white laborers, and that unless coolies are introduced the mines must close, to the ruin of the Transvaal. But the system proposed, demanding as it does, the binding of the Chinese to work in certain places for a certain term of years; to labor under taskmasters and to live in quarters which they may not leave except to go to their work or to be buried, is so near to slavery, so contrary to British principles, that the sentiment of British workmen is justly aroused against it. If any question recently has had an unpopular side it seems to have been the misfortune of the Balfour government to have invariably chosen that side.

LABOR CANDIDATES.

Under a ward system of voting the labor unions would have little difficulty in electing at least some of their candidates in the coming civic election. Under the present system their success is doubtful, and depends largely upon the impression which the labor candidates can make personally in those wards where the labor vote is not mighty, and unless the labor men take their stand on some definite platform with reference to civic politics they have no right to expect support for other than personal reasons. Unless unionism stands for something definite with reference to the government of the city; some reform, some special feature of civic administration, a union man, as such, has no more claim for support than a representative from the legal, medical, mercantile or financial classes.

FACTS AND MEANINGS.

According to the latest semi-official interpretation when Dr. Pugsley said: "That he had brought from Ottawa a message from the leader of the government of the province of Quebec, which had given them the strongest possible assurance that the resolutions of the Quebec conference in regard to the additional subsidies for the provinces would be carried into effect."

He did not mean that any assurance had been given. He only meant: "That from what the leader of the federal government had told him the provincial government had the very strongest reasons for believing that the resolutions of the Quebec conference would be carried into effect."

By the same rule a politician who produces and publishes a message from a New York capitalist in reference to electricities and docks may only mean that he had the strongest reasons for believing that the capitalist would have written such a message.—Sun.

Dr. Pugsley's organ complains that the Sun charged him with receiving from the provincial treasury over and above his salary \$5,000 to \$10,000 a year. What the Sun said was that the attorney general is gathering in \$5,000 to \$10,000 a year in salary and special charges while the nominal salary of his office is \$2,100. But as these payments seem to be largely "on account," so that no one but Dr. Pugsley himself will ever know when he is paid off, the organ's interpretation may not be far wrong.—Sun.

Dr. Daniel's query about the St. John collectorship resulted in that long vacant office being filled within a week. Now the new M. P. is inquiring concerning the arbitrary discharge of the I. C. R. men Demille and Petersen. If the government in this case also decides to take action by re-instating the men in preference to explaining their discharge a great injustice will have been remedied. Dr. Daniel shows no signs of becoming a figure-head representative.

If we accept Sir Wilfrid Laurier as a good judge, Mr. Blair is the worst authority in Canada on the Grand Trunk Pacific deal, but on all other railway questions he is the best Canadian authority in sight.—Sun.

So far as heard from the St. John militia are ten to one against the Barrack square site for the drill shed and armory.—Sun.

MILITARY VETERANS DINNER.

The Military Veterans celebrated their eighth anniversary last night by a dinner at the Alexandra Cafe. Those present were: Lieut. Col. Blaine, Lieut. Jas. Hunter, Capt. Mackenzie of Fredericton, Lieut. Col. White (major), Major Wedderburn, Major Baxter, Wm. T. Fowles, Geo. Gorham, Comrades Noble, Wilson, Alexander, McAvity, Dansey, Nixon, Lt. Col. Buchanan, Purdy, Ring, Frye, Jas. Brown, John Lemban, Emery, Ritchie, Banks, Burns, Walsh, Eagles, Thompson, Calvert, Noakes, McArthur, H. E. Colner, P. Brown, Waterbury, J. King Kelley, and Jacob Brown, who presided.

Patriotic toasts were the order of the evening. The first toast of "The Governor General," called forth a hearty response from the members of the Local Assembly. "The Members of the Local Assembly" was the signal for the song "For they are Jolly Good Fellows," in which all joined.

Mayor White responded to the toast of "The Mayor and Common Council." The toast "The Ladies," was responded to by J. King Kelley.

The toast "The Active Militia," was coupled with the name of Major Wedderburn, who happily responded.

H. E. Colner and Wm. Raymond responded to the toast "The Press."

"The Day We Celebrate" was responded to by two sturdy veterans, Col. Blaine and Capt. McKelvey.

Mayor White recited a military poem by Kipling and Mr. Noakes gave a song.

Col. Buchanan of the Boys' Brigade spoke briefly of the history of the brigade, which now numbered fully three hundred.

MR. SMART'S OPINION.

James A. Smart, deputy minister of the interior, who accompanied by Mrs. Smart and Dr. Bryon, principal medical officer of the department, arrived in the city yesterday, returning to Ottawa from his recent European trip, visited, before his departure last evening, the winter port facilities at Sand Point, with a view of selecting a site for the new station.

Mr. Smart says that the number of incoming settlers in the West will be greater this year than ever before.

FLOWERS.

The flowers to me messengers Sent from the world on high. I cannot bear, when winter comes, To leave them out to die. So, carefully I lift them up, And bring them in the home, Where their bright little blossoms Chase away the winter gloom.

In a sunny southern window They bloom in colors gay, And breathing a tender fragrance, My loving care repay. Reaching out his little tendril To touch the window pane, And tell to sad hearts passing, Summer days will come again. —J. R. A.

Sure Mrs. Edmond Brown, Inwood, Ont., who she had almost given up hope of ever getting well again.

"She writes: 'I was so run down that I was not able to do my work, was short of breath, had a sour stomach every night and could scarcely eat. My heart palpitated, I had faint and dizzy spells and felt weak and nervous all the time. My husband got me a box of Milburn's Heart and Nerve Pills but I told him it was no use, that I had given up hope of ever being cured. He however persuaded me to take them and before I had used half the box I began to feel better. Two boxes made a new woman of me and I have been well and have been able to do my work ever since.'

BIG FIRE AT FLORENCEVILLE.

FLORENCEVILLE, March 22.—Fire this morning destroyed the warehouse of A. C. Smith & Co., also the new warehouse owned by Bohan & Co., of Bath.

The Strath building, like that of the Bohans, was used for the storing of hay and other farm products. It contained about 450 tons of pressed hay, 100 bushels of oats and a large quantity of other products, all of which were destroyed with the exception of the oats, and these were saved for the reason that they were stored away in bags. The loss is estimated at \$2,500, against which there is \$4,000 insurance.

Bohan & Co.'s warehouse was comparatively new, and its contents were made up of the products of the farm. Their loss is placed at \$1,000.

THE FLORENCEVILLE FIRE. A. C. Smith & Co. of Carleton, up to town today had received very little information in reference to the burning of their warehouse at Florenceville, Carleton county, early this morning.

V. S. Smith, who looks after the Florenceville end of their business was absent in Fredericton at the time of the fire. He was apprised by wire this morning of what had occurred and left immediately for Florenceville.

The warehouse destroyed was a large building, about 200 feet long and valued at about \$300. It was stocked with about six hundred tons of hay and other produce. The exact amount has not yet been ascertained, but it is thought that it will fall far short of the loss.

WILL PUT UP A FIGHT.

Aldermen and Labor Delegates Will Clash on the Franchise Bill.

Possibly at the end of this week the Trades and Labor Council will receive intimation from Premier Tweede that the government is ready to hear them in reference to the franchise bill. The labor people will be represented before the government by a committee composed of capable men and the endeavor will be made to impress the house with the necessity for the passage of the legislation sought.

The passage of the bill will, of course, in its unqualified form, be strongly opposed. A number of aldermen will be present for this purpose.

What amendments will be proposed to the bill in its present form are not yet known. New York has been perfectly aware that a strong attempt would be made to defeat the bill. He estimates that if the aldermen or those who are present to oppose the bill show an uncompromising front, the labor people will themselves be equally uncompromising. The labor people feel confident that their efforts will be attended with a good measure of success, and that they will get substantially what they were after.

Miss Ada White and Miss Nellie Winslow returned yesterday from a trip through Nova Scotia.

Inland Revenue Inspector Burke left yesterday on an official visit to Nova Scotia.

John Brittain, of Boston, is home on a visit to his father, James Brittain, Carleton.

Fred Pheasant, Jr., formerly of this city, but now a prosperous merchant of Yarmouth, N. S., is in the city on a business trip.

Andrew Malcolm returned to the city from Montreal yesterday on the noon train. He reports that his son was resting easily in the Royal Victoria Hospital there. Mrs. Malcolm will stay until he is strong enough to return to St. John.

Fred S. Crosby, son of L. G. Crosby, has gone on a "three months" cruise through the West Indies and South America.

Miss Jessie Hunter is visiting her brother, J. R. Hunter, in Sydney.

THE FISH MARKET. The Arrival of Several Small Lots Does Not Ease the Market.

The reports which were current in the city yesterday to the effect that the fish scarcity had been relieved by the arrival of large quantities of dried and pickled fish are not borne out by the facts. A number of small vessels with partial cargoes of cured codfish arrived yesterday, but the quantity of fish brought by them will not have a perceptible effect in softening the market. Dried and pickled fish is still unusually scarce and the fish dealers think that fish of all kinds will continue scarce until the spring season opens. The unusual scarcity of fish just about this time is attributed to the very small catch of last year.

THE CARLETON CURLERS. A smoker was given in the rooms of the Carleton Curling Club last night and amid many speeches and songs, the members and friends enjoyed themselves immensely. The games of the past year were spoken of and many happy memories were alluded to. The rapid advancement of the Carleton Club was spoken of by many, as their curling for the past year was exceptionally good. It has been the best year of the club and the play has been in most ways successful, and the total gain very creditable for a club which is much the junior of the others in the city.

During the evening the trophies were presented to the winners. The Mace cup was presented by W. D. Baskin to Skip G. R. Clark of the rink. The trophy was presented by D. C. Clark to G. W. Wetmore, A. Bauer, E. R. Taylor, and C. R. Clark, skip.

The club trophy was presented by Jas. Scott to J. M. Wilson, skip.

The points medal was presented to Harry Belyea, who having won it by 23 points.

MISS BLANCHE LEADS. Tonight the last performance of The Fire Patrol will be given by the Dalley Company and all who have not yet seen it should do so. Tomorrow night the company will produce Boucault's charming comedy drama, The Jilt. This piece is sure to please all classes of society, as it is one of the best pieces that Boucault ever wrote, and he was the author of over one hundred and fifty. The scenes are laid in and around the racing centres of England, and the story deals largely with the sporting members of the English "four hundred." There is plenty of comedy, a good plot and a pretty love story throughout the piece.

In the voting contest for the most popular member Miss Blanche is in the lead with Mr. Southern second, Mr. Eckstrom third, and Miss Carr fourth; the balance of the company are all in close order.

QUIET AT THE POLICE COURT. Proceedings at the police court this morning were somewhat slack. Robert McCallum and William Duke had been drinking and wildly hit one well, and had to pay \$5 apiece this morning.

Albert D. Morey and Werner Cassidy were charged with throwing snowballs on the street and were fined \$5 apiece.

HARD HAULING. The going this morning on the ferry flats was very heavy. The snow had been entirely washed away. Teams had the greatest difficulty in getting from the boat to Water street, one team having to hitch four horses before any progress could be made.

MASSIVE WALL CRACKED.

Monday Morning's Earthquake Considerably Damaged Jones' Brewery.

The severity of the earthquake which took place recently hardly seems to have been realized by the people of St. John. Among the damage done was a crack in one of the walls of Jones' Brewery. The wall is a very solidly built partition, covered with glazed tiles and strengthened by a very heavy iron cross-beam. On Monday morning a crack was discovered a few inches from the floor sixteen feet long by half an inch broad. The damage was repaired within a few hours.

Although not of a very serious nature, an accident such as this shows that the earthquake must have strained the buildings of St. John very severely and the city is fortunate to have escaped without any severe accidents.
