PARTLY FAIR

TWO CENTS

YORK-SUNBURY ELECTED R. B. HANSON BY ALMOST ONE THOUSAND MAJORITY

**GREAT AND TIMELY
VICTORY SAYS PREMIER**

Special to The Standard.
Fredericton, May 29.—Among the congratulatory telegrams received by Mr. R. B. Hanson since his election on Saturday is the following from the Premier, the Right Hon. Arthur Meighen:
"You have won a great and timely victory. I send you my sincere congratulations and join those of my colleagues and the government supporters here. Please express my personal thanks to all who assisted in administering a crushing defeat to a reprehensible campaign of misrepresentation and class appeal. The result does credit to the people of York-Sunbury, and this government will continue to merit the confidence reposed in us by them."

LIBERALS THINK HOUSE RUSHING AT LAST MINUTE

Millions to be Voted in Dying
Hours of Session is
Claim.

**PREMIER CHANGES
LIBERAL BLOCKADE**

Pension Bill Will be Intro-
duced to Commons This
Afternoon.

Ottawa, Ont., May 29.—Sir George Foster announced in the House of Commons Saturday afternoon that government action yet to be brought down would arise out of the report presented by the committee on pensions. This would be ready on Monday.

Mr. W. S. Fielding said that in the past parliament he had been too prone to rush matters during the last days before adjournment. He protested against unnecessarily haste. The passing of estimates, he said, offered the only opportunity to members to discuss certain branches of public business. There were hundreds of millions of money yet to be voted, and they should not be rushed through at the last moment without any consideration.

Pension Bill.

The prime minister deprecated the assertion that the government wished to hurry matters unduly. He agreed that it had been the custom to put through business more expeditiously toward the close of the session. The opposition, he thought, were to blame for having wasted many days in unnecessary discussions. It was not reasonable to expect him to leave parliament before adjournment. The country expected him to remain until then, and he would do so.

Hon. W. L. Mackenzie King thought that in view of the early prorogation perhaps some legislation should be left over until next session, particularly the Lake of the Woods control bill. The prime minister felt it necessary that this bill go through before the session closed.

FIRES IN MONCTON

Moncton, N. B., May 29.—Two small fires occurred here between one and two o'clock this morning causing losses aggregating between two and three thousand dollars. A garage and a house owned by Millidge Crossman on Albert street were totally destroyed, and a few minutes later a fire broke out in the West End Meat Market on High street, owned by Campbell and Foster.

The building and stock were practically a total loss. The loss amounting to about \$1,000 is covered by insurance. A small grocery store adjoining, conducted by C. R. Wolfe, was also somewhat damaged.

ROBBERY AND FIRE.

Montreal, May 29.—Damage to the extent of \$100,000 was done by burglars who set fire to the top floor of the George Gale and Company stores at 481 St. Catharine street west, in an attempt to open the safe today. The neighboring stores of Fairweather, Limited, and Paquet and Grenier, Limited, were also slightly damaged by water and smoke.

SYDNEY MAN SUICIDES

North Sydney, N. S., May 29.—Sixty-seven years of age, in poor health, and said to be despondent on account that his recent engagement to be married was broken off, William Merritt hanged himself in a garage near his home in Sydney Mines yesterday.

SIR SAM HUGHES

Ottawa, May 29.—Sir Sam Hughes underwent his third blood transfusion today and tonight was reported as progressing favorably.

With One Poll to Hear From
He Has Lead of 963
Votes.

**MAY BE REDUCED
IN FINAL COUNT**

Victor Criticises Extremely
Radical Views of Some in
the Campaign.

Special to The Standard.
Fredericton, N. B., May 29.—Richard B. Hanson, K. C. of Fredericton, candidate of the National Liberal and Conservative party, carried York-Sunbury on Saturday for the Meighen government by a majority approaching 1,000. Complete returns were not available up to a late hour tonight, as Nortonville, located in the far north-eastern corner of the constituency, had not been heard from. There are only 67 eligible voters in Nortonville, and complete returns with that exception showed 1,119 votes for Mr. Hanson and 6,207 for Ernest W. Stairs, the United Farmers' candidate.

One Poll Missing.

With Nortonville returns missing Mr. Hanson has a majority of 963. But it is expected Nortonville will show about 2 to 1 in favor of Stairs as the United Farmers' organization at Millville, the nearest centre, has been active there. The final majority for Mr. Hanson will therefore probably be between 925 and 950.

The government party appealed to the people on the tariff issue and sought endorsement of their policy of moderate protection as well as their general record and the suggestion that the administration should carry on.

Farmer Leader Here.

Hon. T. A. Crerar, leader of the agrarians, on his visit here announced that the tariff was the issue in the contest, too, but since then everything from religion to radicalism has been introduced in the fight by the combination of the Agrarians and Liberals, one of the principal speakers brought in from the west urging the tollers—farmers and labor—to stand together for victory for the common people.

Mr. Stairs had the endorsement of the Liberal executive for York-Sunbury at the outset in the campaign and he also had the active support of what organization Liberal party has in York county, especially in Fredericton, Devon, Maryville and McAdam—the urban polling districts.

Women Were Active.

Women electors and workers took a prominent part in the battle of ballots. The government party had an especially active and efficient organization of women workers in Fredericton, who claim that as many women as men voted in the city and that at the up-town polls they got eighty per cent. of the women's votes for the government. In the rural districts, the women voters were as numerous as the men.

(Continued on page 3.)

Charles T. Wade Dies Suddenly

Left Penniac for Portland,
Me., Three Days Ago on
His Annual Visit.

Special to The Standard.

Fredericton, N. B., May 29.—Word has been received here of the death at Portland, Maine, of Charles T. Wade of Penniac after a few days' illness. Mr. Wade was postmaster at Penniac and three days ago left on his annual visit to his son at Portland. He was eighty-nine years of age and is survived by his widow, five sons, Harry of Portland, Maine; Thomas of Penniac; Gordon of Minot, and William and Melvin, in Wisconsin; one daughter, Mrs. C. N. Goodspeed of this city, twenty grand children and two great grand children.

The remains will leave Portland tonight and arrive here at noon Monday and will be taken to Penniac, where the funeral service will be held and interment made.

CHILD KILLED BY MOTOR.

Halifax, May 29.—Running to meet father "Billy," three year old son of John Fry, Jr., of Halifax, was accidentally killed when a motor car driven by H. M. Stairs, ran over him at Rockingham on Saturday.

GOES TO MAINE CHURCH.

Dorchester, May 29.—Rev. B. H. Thomas, who recently resigned as Protestant chaplain at the Maritime Penitentiary has received a call to the pastorate of the First Baptist church of Washburn, Maine.

U. S. PLAYERS WON.

St. Cloud, France, May 29.—All the players from the United States who competed in the world's championship hard court tennis tournament on the courts here today won their matches.

MISSING OFFICER A SINN FEIN VICTIM

Raid on Offices of Michael Collins Shows Major Gamston Smith Killed in Action

Dublin, May 29.—It was announced from Dublin Castle today that documents found during a raid of the premises in Mary street, Dublin, used as offices by Michael Collins, head of the "Irish Republican Army" and the Sinn Fein minister of finance, proved that Major O'Connell-Smith, who disappeared mysteriously from Cork in April, was murdered by the Sinn Fein. In a letter left for his wife, the late added, Major O'Connell-Smith said he was prepared to die as a brave man should.

Norton Dale to hear from is 963.	

**Soviets Lease All
Factories To Owners**

Attempt Being Made to Re-
vive Trade for Improve-
ment of the Nation.

Stockholm, May 29.—The Russian Soviet Government, according to reports reaching here, has decided to re-lease for the lease of all the big factories in the Russian dominion to their former owners. The taking of this step has not been officially confirmed, but it was commented in political quarters here today that although the reported step was in conflict with the fundamental principle of Sovietism, it was in line with the number policy of the Soviet authorities inaugurated by the issuance of their recent freedom of trade decree.

UNIONISTS STILL LEAD.

Belfast, May 29.—As the count now stands, the Unionists elected thirty-eight members, the Republicans six and the Nationalists five, with three seats still to be filled. Queens University has returned four Unionists.

AUTO AND DEER COLLIDE

While proceeding out the Loch Lomond road early Sunday morning, an automobile, driven by George Whiteman and occupied by the driver and Robert Crawford, struck and killed a deer which jumped in front of the car at Riverside. Mr. Crawford was reported the death of the deer to the Chief Game Warden this morning.

MILLION VOTED FOR PARLIAMENT BUILDING WORK

Member Complains House
Will Cost \$15,000,000 Be-
fore Its Completion.

**FINDS FAULT WITH
DESIGNS ON WALLS**

Slavish Following of Monas-
teries and Abbeys of Old
England His Claim.

Ottawa, Ont., May 29.—A quiet sitting wholly given over to discussion of estimates of the department of public works on Saturday evening saw the House of Commons make steady progress toward prorogation in the first place, and after the criticism had been made by Hon. Charles Murphy (Russell) that in the interior of the new house there had been a slavish following of designs at the monasteries and abbeys of the British Isles, the vote of \$1,000,000 toward the reconstruction of the parliament buildings was carried.

Copp's Price Estimate.

A. B. Copp (Westmorland) declared the building would cost \$15,000,000 by the time it was completed and the architects' and contractors' fees would be enormous. Huge sums of money were being improperly spent. Consolidation of the outside engineering service with a consequent reduction in staff brought the remark from Hon. D. D. McKenzie (Cape Breton) that the Liberal engineer in Nova Scotia had been retired. It was evident, the minister retorted, that Mr. McKenzie knew more about the political stripe of the engineers than he did.

Mr. Fielding commented upon the reorganization in Nova Scotia, where five districts have been united in one. He said he presumed that there would be some economy, but he thought it would be necessary to wait for a year to see. With a larger area to supervise, the resident engineer would have heavier travelling expenses, and that might turn saving into loss.

Saves the Money.

Mr. McCurdy said that that point had been considered. Under the old system, too, there were heavy travelling expenses, and sometimes, as in Shelburne, Queens and Cumberland, it was necessary for the engineer to cross several counties to get to some parts of his district. With the reduction to a single district the staff had been cut from twenty-five to sixteen. In reply to D. D. McKenzie, the minister stated that the chief engineer, C. E. W. Dodwell, was 67 or 68 years of age.

Defends Charwomen.

A light touch was given the discussion when the amount of \$90,000 for lighting the government buildings was up. Part of this amount pays for lighting sections of Wellington street, Ottawa. Hon. Mr. McKenzie objected. The people of the capital seemed to think they should ask the government for anything, and get it, he declared. It was time the government told the wealthy city of Ottawa to look after itself. From this the debate wandered on to a defence of the charwomen who cleaned the government buildings. J. H. Sinclair (Antigonish and Guysboro), standing between them and any reduction in wages, said:

When this committee plunged steadily ahead until shortly before midnight when Mr. McKenzie, in reply to an explanation by the minister, said that Mr. McCurdy was "camouflaging" the committee. The minister objected and was sustained by Deputy Speaker Bolvin. "I said that he actually camouflaged the house," persisted Mr. McKenzie.

GEN. PORTER DEAD.

New York, May 29.—General Horace Porter, last survivor of General Grant's military staff, and formerly ambassador to France, died early this morning, in his eighty-fifth year.

LIBERAL IN YAMASKA IS THE WINNER

Elected Over Gov't Candidate
by 1608 Majority in
By-Election.

**FARMER POLLED
ONLY 350 VOTES**

Ninety Per Cent. of the Elec-
tors Exercised Their Privi-
lege of Voting.

Pierreville, Yarmaska, Que., May 29.—With figures subject to revision, the Liberal candidate, Aime Boucher, took the Federal seat of Yarmaska county, vacant through the death of Oscar Gladiu by a majority of 1,608 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes.

The vote polled showed the keenness of the electors, over ninety per cent. of the total ballots numbering 8,300, being cast, women voting with the same intensity as men. While final figures are not yet available, both sides estimate that over 7,000 votes were polled.

How It Happened

Hated of the conscription law of 1917 and fear that it may again be invoked by the government carried the Liberal candidate to victory, but the extent of the victory was a surprise even to the most enthusiastic of his supporters. "Another" strong point was made by Mr. Boucher, who stated that the election of Mr. Mondou would be interpreted as the endorsement by Quebec Province of the Meighen government. Further arguments used in committee room were that war might again break out at any time and this would mean dragging on from their mothers' arms to fight overseas in English battles. The Farmer speakers were yet more open in their statements, of "not one cent or one man for England."

Solid Block Unbroken

"The vote shows that the County of Yarmaska cannot be bought," Mr. Boucher declared, after the result had become clear. "This solid block of Quebec remains unbroken and will remain until Mr. Meighen has been beaten."

When the first result from La Baie poll came in, showing Mr. Mondou beaten over the Farmer vote in the town of La Baie, the Liberal vote in his own stronghold, and with the Liberal leading, Mr. Boucher announced that the fight was over.

There was much jubilation all over the county on Saturday night.

COURTENAY BAY WORKS COMPLETE BY NEXT SPRING

Report That Excavations Are
Filling up Will be In-
vestigated.

**WANTS CANADIAN
COAL FOR COMMONS**

Over Four Million Dollars
Voted for Rivers and Har-
bors of Land.

Ottawa, May 29.—On a vote in the Commons for fuel for the government buildings, Mr. Sinclair asked whether Canadian coal was used in the Government building at Ottawa.

Mr. McKendry replied that it had been very difficult to get Canadian coal, but that he hoped to be able to get more soon. Mr. Sinclair remarked that in view of the earnestness with which the Minister of Finance advocated the buying of Canadian made goods, he thought the Government should be burning Canadian coal at Ottawa.

Courtenay Bay

A vote of \$4,001,000 for rivers and harbors was approved. D. D. McKenzie said he had heard that the excavations dredged for the new harbor at Courtenay Bay, were filled in. If this was so the Government should stop further work.

Mr. McKendry replied that no report of this had reached his department but he would have the report investigated. The work should be completed in the spring of 1922.

PLEBISCITE CHANGE

Ottawa, Ont., May 29.—Hon. C. J. Doherty's bill to validate the plebiscite in the five provinces where prohibition plebiscites were taken was given first reading in the House of Commons yesterday afternoon. There was no discussion on first reading.

SENATE AMENDMENTS

Ottawa, May 29.—Senate amendments to the bill to amend the opium and drug act were carried without comment in the House of Commons yesterday afternoon.

ALLIES TO BACK
GREEKS AGAINST
TURK NATIONALISTS

Execution of British Indian
Subject Provokes Much
Ill Feeling.

**FALSE CONFESSION
THROUGH TORTURES**

French Army Causing Serious
Alarm to the Turk Nation-
alists Everywhere.

Constantinople, May 29.—With Moscow dominating the Turkish nationalist policy, as appears from recent developments, the whole near eastern political situation has again been thrown into confusion, with the possibility appearing that France and Great Britain may decide to stand back, to some extent, of the Greek campaign against Mustafa Kemal Pasha's forces.

Trouble Increases.

The crisis has been accentuated by the execution in Ankara, the Turkish nationalist capital, of the British Indian subject, Mustapha Sahir, hanged as a spy, as told in Ankara despatches of May 27th. Before the execution the Turks were warned that in addition to arousing the British the carrying out of the death sentence upon this British Indian would injuriously affect the Turkish nationalist cause in India. Mustapha Sahir was sent to Ankara by the British with the idea of improving relations between Great Britain and the Turks. It is asserted here that he was tortured into a false confession, with the promise that his life would be spared, but that Russian Bolshevik influences were successfully exerted to secure his being hanged.

French Action.

As for the French, who have objected decidedly to the recent Turkish nationalist proposals for repression of the Franco-Turkish agreement, the army of some 80,000 which the French have in Syria is causing alarm to the nationalists in view of the recent developments, and they have instructed Munir Bey, who is now in Beirut, to try to gain time in the negotiations, and it is reported in this connection to make a new offer of Alexandria to the French.

**Finds It Possible
To Educate Wasps**

Naturalist After Many Experi-
ments Arrives at This Con-
clusion.

In his studies of wasps and their ways a naturalist has found what he deems proof that these insects are capable of a sort of education. His wasps quickly learned to distinguish colors. He put papers of different colors over the entrance to the nests of the ground wasps and watched to see what would happen.

Red paper, with a hole for the wasps to go through, occasioned great excitement, but in the course of three hours the wasps became accustomed to their decorative doorway and went in and out as if nothing had happened.

When the red paper was exchanged for blue the wasps were as excited as before, although they more quickly became accustomed to the new color. When they had become used to going in and out through the blue paper a number of them were caught, the blue paper was removed, and the wasps were liberated.

Missing their blue landmark, they buzzed confusedly about, not knowing how to find the nest, until the blue paper was replaced, when they all went in.

Once, a red paper having been left over the nest for 24 hours, and then moved a foot and a half away, many wasps went through the hole in the paper as usual, doubtless expecting to find the nest entrance beneath it. The colored papers were frequently changed, and the wasps finally learned.

HUN CAPTAIN ON TRIAL FOR WAR CRUELTY

Kicked and Beat Sick Prison-
ers and Bound One to
Stake.

**WOULD LIKE TERM
IN A FORTRESS**

Prosecution Asks for Fif-
teen Months' Sentence in
Jail.

Leipzig, Germany, May 29.—A sentence of fifteen months ordinary imprisonment was demanded by the state prosecutor today for Captain Mueller, the second German officer to be tried on criminal charges arising from the conduct of the war. He is charged with cruelties to prisoners at the Flay Le-Martel prison camp, in the department of the Aisne, France.

The prosecutor told the high court, which is conducting the trials that the case of Captain Mueller was not as bad as that against Sergeant Heyne, who was sentenced to ten months' imprisonment for having ill-treated British soldiers at the camp at Herne, Westphalia.

Admits His Guilt.

Nevertheless, he said, Mueller was to blame for the striking and kicking of prisoners, the binding of one of them to a stake and for compelling sick prisoners to work. He held the case was not one for imprisonment in a fortress on the ground that the charges against the captain were "moral, rather than legal."

Mueller's counsel pleaded that six months' confinement in a fortress would be ample punishment. Sentence will be pronounced tomorrow.

AIRSHIP CRASH KILLED SEVEN

Army Ambulance Plane Fell
in Terrific Wind and Elec-
trical Storm.

Washington, May 29.—Seven men of the army, and two civilians were killed in the wreck of an army Curtiss Eagle ambulance plane near Indian Head, Maryland, forty miles southeast of Washington yesterday evening in a terrific wind and electrical storm. The dead are: Amos G. Batcher, of Washington, chairman of the executive board of the American Automobile Association; Morris Connolly, of Dubuque, Iowa, Major in the Aviation Reserve Corps; Lieut. Colonel Archie Miller, Pilot, United States Army; and Lieut. Pennyhill, Mechanic Sergeant Bunnkraus and Lieut. McDermott.

How It Happened.

The plane was a Curtiss eagle, which had been used as ambulance. The litters were removed, however, and chairs installed for the trip to Tangle Field, where a review was held of airplanes which are to take part in the naval bombing tests off the Virginia Capes next month.

The accident is described by officials as one of the worst in the annals of the army air services. The plane had just crossed the Potomac, when it ran into the storm. Officials who viewed the wreck were of the opinion that the fall had been from a great height.

Jap Prince Quits

London, May 29.—Prince Hirohito, heir apparent to the Japanese throne, said farewell to Great Britain today after a three weeks' visit. He was bidden good speed at the Victoria station by King George, the Prince of Wales, the Duke of York and various personages of prominence. This afternoon the Crown Prince embarked at Portsmouth for Havre for his visit to France.

ed to look for these changes, so that fewer and fewer were deceived.

The wasps, having learned to expect different colored paper porticoes, were finally deceived by having the paper entirely removed. Not a wasp recognized its hole until the paper was replaced, when they went tumbling, six or seven at once.

6th Canadian Siege Battery Reunion

Third Annual Banquet Held at Prince William Apartments Saturday.

The 6th Siege Battery, 2nd Canadian Division, held its third annual reunion on Saturday evening at the Prince William Apartments. The members sitting down to a well prepared and tasty dinner at 7:30 p.m.

Originated by Macdonalds from Argentia, the menu included: Roast Lamb, Sully Beef, Potatoes, Green Peas, Washed Potatoes from Vimy, Chicken Croquettes, Not Picaresque Chickens, White Sauce, Chalk of France, Apple Pie, Ice Cream, Soldiers' Friend, Pickled Kilm.

"Cafe Aves" a la Belgique. During the dinner, the members of the old battery recalled old times by singing the battery songs and other well known favorites. On the conclusion of the dinner, the following toasts were drunk:

The King—The 3rd N. B. Regiment, Cdn. Garrison Artillery, proposed by Battery Sergeant Major Griffin and responded to by Lieut. Col. W. H. Harrison, D. S. O.

The Infantry and the 6th C. M. F.'s, proposed by Lieut. D. Lawrence MacLaren and responded to by Major Ed. Mooney.

The 6th Canadian Siege Battery, C. E. F., proposed by J. S. Henderson, provincial secretary of the Fraternal Association, and responded to by Major L. T. Allen, honorary president of the association and first O. C. of the Battery.

The fallen—Responded to in silence. Battery Roll Call was held and the addresses of members corrected to

data. Norman Macdonald, president of the Fraternal Association, spoke, going into various details of the reunion and also in a word to the various aims and objects.

Tolson, the expression of regret at absence was read from members from every province of the dominion and several distant states.

About seventy sat down to dinner, including, many from the Maritime Provinces and Quebec. After notes by Mr. Stanhouse and Mr. McCowan, the dinner revolved itself into a social hour, talking over old times and past experiences.

Ever since the return of the Battery from overseas this dinner has been an annual affair, increasing in size and popularity, and the consensus of opinion was that under no circumstances should a single year pass without a similar gathering.

The 6th Canadian Siege Battery, Fraternal Association was formed at Mehem on the Rhine, its object being to keep all members of the battery in touch with each other after demobilization, and that old friendships and the spirit of comradeship which always existed in the battery might always be kept alive after the return to Canada, and to prepare a history of the battery from the time of its organization to its return to Canada. This history is now about ready for the press.

DIED.

MELVIN—Suddenly at Lawrence, Kansas, on May 28th, Alice Melvin, eldest and beloved daughter of Dr. Geo. G. Melvin, of Fredericton, N. B. Funeral on Monday afternoon, May 30th, at 3:30 o'clock from residence of D. H. Melvin, 37 High street, service at 3:15.

LOCKHART—At Avonmore, Kings county, May 26, Robert Lockhart, aged 82 years, leaving his loving wife and four daughters and large circle of friends to mourn.

Funeral was held Saturday, May 28 from his residence. Interment in Middlefield cemetery.

Only Efficient Men Need Apply

Manager Thomson of N. B. Power Co. Has Many Applications.

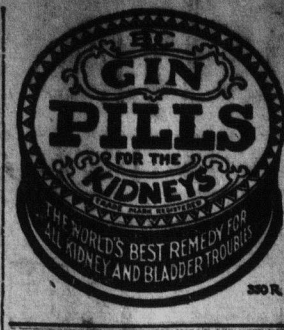

"After the tenth day of June I shall open up a labor employment office, if necessary, to hire men required to carry on the work of the New Brunswick Power Co.," said General Manager Thomson of the Power Company to The Standard Saturday.

"After the tenth of June," he said, "the presence now accorded to present employees who make application for work previous to that date will be annulled. The impression prevails among some of our employees that they can help right on the job after midnight of June 14 without having filed an application for employment. In this belief they are in error. Only those who have applied for work will have consideration."

No Conciliation Board

Manager Thomson said all that is an arbitration or conciliation board was both. There is nothing to arbitrate, and the company will not be a party to asking for any conciliation board. There must be two corporate bodies interested in a dispute before a conciliation board can be had, and it is the view of the company that there will be no union, in so far as the company is concerned, after June 14.

Manager Thomson again reaffirmed his determination, and that of his colleagues in the company to give the public a better service than they have enjoyed for some time. Their plans are all laid to give that service, and it must be given in accordance with those plans. In order to serve the public in the best possible way, Manager Thomson says the company cannot be handicapped by agreements which tie its hand and foot and hamper it in the conduct of its own affairs.

The company feels, he says, that with the capital it has invested it should be permitted to handle its business for the good of the public. It serves and its own best interests.

Many Apply For Work

Applications for employment with the company are pouring in from all sections. Hundreds of men, some of them experienced, all capable and intelligent, are almost begging for jobs and the management is of the belief that there will be no difficulty in finding enough efficient men to fill the places of the present employees who may not elect to continue their services with the company.

"We have many faithful and valued employees," said the manager, "and we hope they will continue with us. A man with us today whose record is not good need not expect employment, even if he does apply. The past is forgotten. A man's efficiency is what counts from now on."

Great Weather For Automobiling

Vanguard of Summer Tourists Are Arriving; Many from the United States.

Yesterday was an ideal one for motoring, and cars were out a plenty, trying out the roads in the surrounding district. A number of out of town cars and the van guard of the Summer tourists were registered at the different hotels about town. They were: Royal—Mr. and Mrs. C. J. Osmann, Jr., Hillsboro; Mr. and Mrs. E. W. White, R. A. Morrison and Miss E. Harvey, Fredericton; DeBaris—Mr. and Mrs. John Lewis, Mr. and Mrs. Herbert Livingstone, Mrs. Nora Denny and child, Brownville, Me.; Percy Mitchell, Portland, Me.; W. E. Curtis and family, Rochester, N. Y.; Victoria—Mr. and Mrs. W. M. Pearson, Miss Mabel Lowe and W. E. Pearson, Bangor, Me.

The Rochester motorists stated that they struck some rough riding in Maine and a fine stretch from Calais to St. George, from St. George to the city the road was bad.

Charges Desertion After Cuban Trip

New York, May 29—James Risk, knit goods manufacturer, with an income of \$30,000 a year, was on the witness stand before Justice Geo. V. Mullan, in the Supreme Court yesterday, in the suit for separation brought by his wife, who was formerly Mrs. Florence A. Stulow. He told of their marriage, that after the ceremony the entire wedding party, including the minister, went for a ride on a Fifth avenue bus. This, he testified, was about all the honeymoon he had.

Pure, Purer, Purest!

We used to make ice cream for you, PURE as we could—by buying GOOD things, only, to put in it. Then we learned new methods of manufacturing, and made it still purer. But NOW, we have secured exclusive rights for this province to a NEW process (called "CARBONATING")—and we're making the PUREST ice cream that human skill and care and scientific methods can produce.

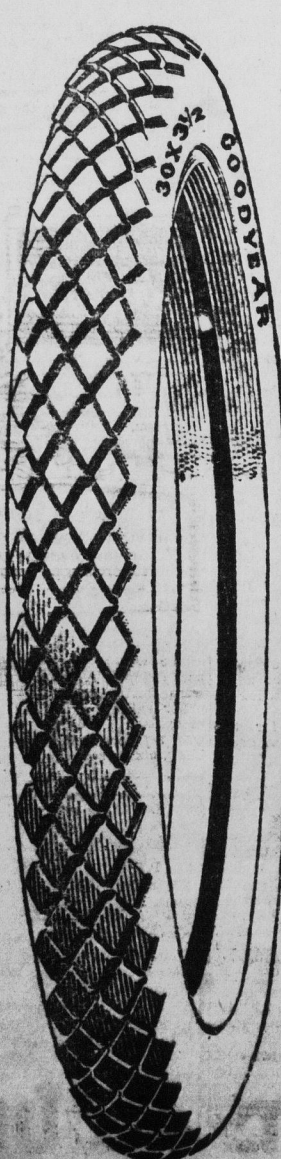

The ice cream we made for you was as pure as we knew how to make it—before the new method of CARBONATING was introduced! Now it's super pure!

Why? Simply because, NOW, we BUY a sterile, 100 p.c. PURE atmosphere—in which to make your ice cream—instead of using ordinary air. An atmosphere ONE HUNDRED TIMES PURER THAN AIR! This final step towards ABSOLUTE PURITY—in addition to the purity safeguards we have used for years—gives you finer, PURER ice cream than we had dared hope was possible. PURER and BETTER! Better tasting, and better FOR you. And what's more, it even KEEPS better. Try it and SEE. At OUR dealers, ONLY, since we have exclusive rights for this province.

Goodyear could make a good looking 30x3½ tire to sell with a profit at \$10.00

All-Weather Tires are All-Wheel Tires

There are a number of tire buyers to whom we could sell Goodyear Tires by building a very cheap tire.

These men are shoppers—purchasers on a basis of price alone—blind to the true economy of quality and value.

They have been the mark for every brilliant salesman with means enough to manufacture a few tires from the market's cheapest materials.

Such tires have been legion—here to-day and gone to-morrow, only to be replaced by another "morning glory" under another name.

The Goodyear Tire & Rubber Company from the wealth of its experience as the world's largest maker of tires wishes to convey a frank message to every motorist in Canada.

Goodyear could make a good-looking 30x3½ tire to sell with a profit at \$10—but it wouldn't be worth the price—the cost-per-mile would be higher

Motoring, as a business or as a recreation, cannot stand the high cost of low mileage, quick blowouts, annoyance, and frequently soiled clothes. Over 4,000 Goodyear dealers in Canada are ready to serve you on Goodyear Tires in both Cord and Fabric types, and the new Goodyear Non-Skid Tread 30x3½ Tire. These tires are, each in its class, the finest, strongest and most rugged tires we can possibly produce. By their use the minimum of annoyance and expense can be obtained.

Presentation To Dr. I. W. N. Baker

Baracca Class of Central Baptist Presented Their Leader With Address Yesterday.

A very impressive service was held at the closing of the Baracca Class of Central Baptist church. Dr. I. W. N. Baker is leader of this class and he was, yesterday afternoon, presented with an address beautifully engraved and worded to express the sincere gratitude of his students.

Officers Reports.

J. L. Collins, president, was in the chair and made an interesting opening speech. Reports from the different officers told of a very successful year with a membership of 87.

Douglas Mawhinney sang "Face to Face" with fine expression.

Rev. Lawrence Telford, whose subject was "The Sword of Christ," gave an inspiring address which made a deep impression upon his hearers.

His eloquence and the spiritual lessons drawn will not soon be forgotten.

H. S. Cosman, chairman of the Deacons, and Rev. F. H. Bone, pastor of the church, also spoke, telling of the great influence for good which the class exercises in the church.

Almon A. Wilson on behalf of the class presented to Dr. Baker the following address:

Dr. I. W. N. Baker, leader and teacher Young Men's Baracca Class Central Baptist church:

The Address.

To our dear Leader and Teacher—It is the unanimous request made by the members of your Baracca Class that on this closing day we, the undersigned, on behalf of the members extend to you their sincere thanks for the excellent work you have done during the term of study ending with the view of making them better men for God and humanity, and that the community in which they reside will also receive the benefit of their lives.

The theme is too large for treatment in short space. It is not obvious what most of us are born for; occasionally, however, it is plain a man is sent into the world with a peculiar work to perform. If the man commonly, (though not always unconsciously of his mission), his contemporaries being as a rule equally blind, it remains for after generations to discover he has lived and done his appointed task. But, we can assure you, it is the feeling of the members which form your class, that during the term of study now ending, you have attempted and achieved your appointed task, resulting in the lives of the members being different in the future from what they would have been without your services.

The class considers the work to which you have been devoted to be of

as high a nature as any to which human faculties can be addressed, and if we consider the manner in which the work has been done, it must be admitted that anything better, the way of execution would be difficult to conceive.

And, if we consider, both the greatness of the work and the excellence of its performance relatively, to any opportunities of yours to duty equip yourself for it, you must be admitted to be seemingly preordained to pursue the task, which the class feels you have carried to such a successful issue, and the class sincerely trusts that you feel that your efforts have not been in vain.

In closing we assure you it is the prayer of the class that you will again be spared to them by God, and that you will be able to join them again, to continue your good work, when the time arrives for the opening of our next term of study.

With many good wishes for you, "Young Men's Baracca Class of Central Baptist Church," J. L. COLLINS, President, Secy.

Dr. Baker was deeply touched by the sincerity of the address and replied in suitable words.

The class then proceeded to meet again in the autumn.

Jones' Orchestra Seaside Park Pavilion tonight, weather permitting.

There are 56 varieties of hangers.

A hug, as strenuous as that of a bear, is the salutation of the P.W. leader.

The Chinese have a code of eight salutations to be used in accordance with the rank and position of the person so greeted.

Evidence Enough.

"Katie," said the fashionable mother, with a frown, "you've been giving the children molasses candy again."

"Why, ma'am, do they look sick?" asked the nurse, alarmed.

"No; but every door-knob in the house does."

The Liver Is the Road to Health

If the liver is right the whole system is better off. Pills weaken your strength, clog up liver and bile, leave constipation, stomach trouble, loss of appetite, loss of sleep, sick headache and dizziness. Purely vegetable. You need them. Small Pill—Small Dose—Small Price.

R. B. HANSON IS ELECTED IN YORK-SUNBURY

With One Poll to Hear From
He Has Lead of 963
Votes.

MAY BE REDUCED IN FINAL COUNT

Victor Criticises Extremely
Radical Views of Some in
the Campaign.

(Continued from page 1)
Mr. Hanson stood at the front of the hall; it is one of the farmers' strongholds, just as is Canterbury Station, where John D. Palmer, who has been one of the most active workers for the government throughout the campaign although defeated in the party's convention for the nomination, stood. Mr. Stairs stood at the back of the hall, and rolled up a good majority for himself there.

Result of Poll.

Mr. Hanson, the successful candidate, when asked to make a statement today on the result of yesterday's polling said: "The result of the York-Sunbury polling yesterday unquestionably demonstrates that once the electors appreciate the true political issues now before the public the verdict is bound to be in favor of a confirmation of the fiscal policy which has been in force in this country with the common consent of all shades of political thought, for more than a generation and under and by means of which the Dominion has grown into a nation. "The constituency is about fifty rural including Sunbury which is entirely so. The country polls, with the exception of a few, divided equally or gave a government majority, thus showing that public opinion in the agricultural district is against the agrarians' policy of free trade and direct taxation."

Preach Radicalism.

"In those polls where a slump occurred in our vote our organization has abundant evidence that extremely radical doctrines verging on socialism were proclaimed from the platform and from house to house by imported western speakers who momentarily carried all before them. "The result was undoubtedly a complete victory for the established fiscal policy of moderate protection and sanity as against experimental free trade, coupled with a most insidious appeal to class prejudice and a campaign of misrepresentation and is creditable to both the rural and urban electorate of a typical semi-rural constituency and should be treated by the government as a mandate to carry on."

Mr. Stairs, the defeated farmer's candidate who was at his home at Southampton, said he did not wish to make any statement at this time.

Smallest Class In Years At Normal

Fairville Student Valedictorian for Exercises to be Held on Friday.

Fredericton, N. B., May 29.—The smallest class of teachers to graduate from the Provincial Normal School for the past twenty years will be that of this year, when only 176 future teachers will go on to teach the youth of New Brunswick.

The closing exercises will take place in the Assembly Hall on Friday morning, June 10th. At the evening reception the valedictory will be delivered by G. A. Richardson of Miramichi, while the class prophecies will be given by Miss Peniston of St. John and Miss Jean Sharp of Woodstock.

There are at present 176 students attending the Normal School, of whom 75 will be taking first class license examination and 101 second class. There are only twelve young men this year, eight of whom are in for first and four for second class licenses.

The French class, numbering only eight, completed their studies on May 24th, when they wrote their final examinations.

Bad Forest Fires

Are Near Rothesay

Fire Raging for Some Days and Burned Over Three Hundred Acres.

Several brush fires were observed burning in the vicinity of the city yesterday. One which broke out at Red Head during the afternoon was checked without any serious damage being done, and another was put out near Ashburn. The most serious of all is that which is burning a short distance above Rothesay, between the Post and Village Roads. It first started on the 24th and has already burned over some three hundred acres, but has not got into any big timber as yet.

Becoming Dangerous

It had approached within thirty or forty rods of the city yesterday afternoon, and while nothing could be done to check its progress, a ready corps of workers collected barrels of water prepared to protect the house and barns from falling embers.

The lack of rain has made the woods as dry as tinder, and it is feared that if the wind veers to the north-east a number of houses will be endangered, amongst others Jack Doherty's, Kindred's, and five or six others.

THE VETERANS' FAIR

Over fifteen hundred people attended the Veterans' Fair in St. Andrews this Saturday evening.

The door prize, a half a ton of coal, was won by Miss No. 1184. The Ladies' Bazaar prize went to Mrs. J. Garay, his fiancée to Mr. Parit. The fair is in its eighth year and is a most successful one.

The prize of \$250, forty-eight pounds of flour, No. 1385, half a ton of coal, No. 496 Ladies' Sweater Coat, No. 157, China tea set.

Young People Want it

That view was supported by Dr. John L. Carver, principal of Friends' Seminary, who said "The young people want to taste life."

He said he believed 1921 is but repeating the Elizabethan age, the children not being greatly to blame, as they merely want to taste life.

He counselled placing responsibility of choice on the young.

"Great opportunities are offered for them," quipped Elbert Russell, director of Woodman School, Sarnia, Ontario, at this morning's meeting. He uttered the fervent wish that "God may make us as good as people think we are, and that growing souls may be big and strong enough for the tasks before us."

Depends on Parents.

He declared usefulness was measured by the nourishment of the spiritual life, and urged children get the same spiritual climate in which the parents grew up.

He deplored the giving way to the calls of busy lives which hinder the holding of family worship and attendance to religious duties.

Other speakers at this morning's devotional session were Albert K. Lawton, Dr. O. Edward Janney, Isaac Wilson, Jas. Stringham, Diana Clough, A. Pearson and James McAfee, the meeting closing with prayer by J. Barnard Walton.

The question of amusements claimed attention at the afternoon meeting, introduced by Wm. Walker Jackson, who touched upon films and methods of division and raised discussion as to whether friends' children occupy the place they should and, if not, where lay the fault.

The Terrible Tempered Mr. Bang

GIRLS BETTER DESPITE STYLE IT IS CLAIMED

Big Improvement Over Twenty-Five Years Ago Say Friends.

SPIRITUAL STATE UP TO MOTHERS

Children Need Pleasure and Parents Should See They Get the Right Kind.

New York, May 29.—Boys and girls today are truer, cleaner and better, despite rouges, powder, ear plugs and short skirts, than they were two, or even one, generation ago, according to the opinion voiced by the New Yearly Meeting of Friends, in the Friends' Meeting House, here, Fifteenth street and Rutherford place.

The thought was advanced that if mothers dress as they should, children will likely follow.

One friend declared "it is as natural for a child to dance as to breathe."

Ethel H. Cornell said most Quaker parents are moderate in dress and declared the young people of today have ten times as much temptation as when she was a child.

She counselled placing responsibility of choice on the young.

Young People Want it

That view was supported by Dr. John L. Carver, principal of Friends' Seminary, who said "The young people want to taste life."

He said he believed 1921 is but repeating the Elizabethan age, the children not being greatly to blame, as they merely want to taste life.

Census Enumerators Named For Newcastle

Supreme Court Sends One Case from Northumberland to St. John Circuit.

Special to The Standard.

Newcastle, N. B., May 29.—Supreme Court was in session here on Wednesday. His Honor Judge Chandler presiding.

The docket was composed of civil cases entirely.

James Rundle vs. Miramichi Lumber Co., which was stood over from last court. The plaintiff was allowed to withdraw record and enter same at the St. John circuit.

W. F. McLean and George P. Cain vs. Alexander Mullin. An action to replevin land. This case comes from North Esk parish and the plaintiffs claim land by right of purchase, while defendant by purchase and possession.

Court considers H. A. Powell and A. A. Davidson for plaintiff; J. B. M. Baxter and G. M. McDade for defendant.

Bessie Hackett, wife of Patrick Hackett, vs. B. Leo Moran. It was agreed that case be heard before Judge in Chambers at a future date.

G. M. McDade for plaintiff; W. H. Teed for defendant.

Messrs. L. A. Morrison, M. P. Russell and Walter Donovan have been appointed census enumerators for Newcastle town and will begin their duties on the 1st of June.

FAIRVILLE HORSE

BADLY ABUSED

Taken Without Owner's Knowledge, Overdriven and Collapsed on Chesley St.

A horse said to be the property of a man in Fairville collapsed on Chesley street late last night and from all reports it is a case that the S.P.C. officials will probably give some attention to. The facts could not be learned, but it is understood that two or three young men took the horse away without the knowledge of the owner and took a drive to the vicinity of Hampton, returning to the city last night. It was about midnight while the men were returning to Fairville that the exhausted animal fell down on Chesley street. It was hauled on wagon to a barn near by early this morning where an endeavor was being made to save its life.

WEDDINGS.

Akerley-Barlow

The marriage of Dr. C. W. Barlow of Providence, R. I. and Mrs. Laura E. Akerley took place on Saturday afternoon at Trinity Church, Springfield, Kings County. The ceremony was performed by Rev. A. W. Dutton, rector of the Parish. The bride, who was unattended, wore a tailored evening costume of navy blue with small French hat and carried a white prayer book. After the ceremony a luncheon was served at the home of the bride's brother, Edward Keillor, in and Mrs. Barlow left immediately afterwards by C. N. R. and will reside in Providence, R. I. Dr. Barlow is the son of the late E. W. Barlow of Colberg street, St. John, N. B.

OBITUARY

A gloom was cast over Avonmore, Kings County on May 28th when it was learned that Robert Lockhart had passed peacefully away in his 83rd year. He was a devoted member of the Reformed Baptist Church and will be greatly missed. He is survived by his wife, who was Celia Spruell, of Apolaki and four daughters, Mrs. F. W. Steeves, Mrs. H. C. Steeves of Nokomis, Sask., Mrs. W. C. Hayes of Kings County and Mrs. James Armstrong at home.

The funeral took place on Saturday from the late residence and the services were conducted by Rev. G. J. Trapp of St.

ST. JOHN, N. B. MONDAY, MAY 30, 1921.

YORK-SUNBURY

Taking all things into consideration, the majority for the Government candidate, Mr. R. B. Hanson, K. C., of York-Sunbury, must be considered quite satisfactory. To begin with his opponent, Mr. Ernest Stairs, is himself a life-long Conservative, and was until recently a leading member of the Conservative Executive in the constituency and large numbers of his friends in the party stood by him of that account. Added to this is the fact that being a prominent farmer he would naturally expect to get—and as results show—actually did get almost the solid support of his fellow agriculturists. Mr. Hanson won his victory to the support he got in the urban districts. Outside of the urban districts York is purely an agricultural community, with largely Conservative sentiment; and had the contest been a straight party fight the Government's majority would have been at least twice what it was. As things were, the York farmers stood by a man of their own class, and a Conservative at that.

The Liberal votes both in urban and rural districts, also, it is said, were given to Mr. Stairs; not because these voters approve of the policies for which he stood, but simply in an effort to beat the Government candidate at any cost. The Liberals of York have no more love for the farmers than they have for the Government; but the opportunity to help to give the Government a black-eye was too good to be missed. The Liberals realized from the first that it would be utterly futile to attempt to carry a candidate of their own; but they hoped that the Conservative Farmer would be able to detach an amount of Conservative support from the Government candidate which would be sufficient to defeat him. The scheme apparently worked all right in the rural sections, but failed in the City of Fredericton and adjoining urban districts.

Sunbury went practically fifty-fifty, four parishes giving Mr. Hanson a majority of 178 and in the other four his opponent led by 157, leaving the former a net majority of 21.

It is not a very difficult matter to judge the exact significance of this election from a purely party standpoint. It is abundantly clear, as far as York is concerned, that the Farmers' party, as such, is of no account as a political factor; even those who honestly believed in the policies for which their candidate stood, were unable—notwithstanding the assistance they got from the dishonest Liberals who did not believe in those policies, but who were willing to vote any way, if it would only upset the Government—to defeat the latter's candidate. The converse is probably true also; had there been a Liberal candidate running instead of a Farmer, but endorsed by the latter party, it is extremely doubtful if enough Conservative Farmer voters would have been detached from their own party affiliation to enable the Liberal to win. York is preponderantly Conservative, and Saturday's election gives that party no cause for alarm as to the future in any straight party fight.

THE LEAGUE OF NATIONS.

Col. George Harvey, the new American Ambassador to Great Britain, doubtless found a malicious pleasure in telling his hosts at the Pilgrims' dinner in London that America would have nothing to do with the League of Nations or with any commission or body acting for the League. The League was the particular hobby of President Wilson and hostility to Mr. Wilson, no longer President, is the particular hobby of Mr. Harvey. It has been claimed for Mr. Harvey that he was chiefly instrumental in bringing Mr. Wilson forward as a Democratic candidate for the Governorship of New Jersey and then for the Presidency. Mr. Wilson and Mr. Harvey soon parted company. In the events of the latter part of his term Mr. Wilson had no more severe critic than his quondam friend, Mr. Harvey was as zealous in the last Republican campaign as he had once been in the Democratic campaign. The Ambassadorship in London is his reward. In telling the Pilgrims, in more explicit words than had been used by any other authoritative speaker of America's determination to have nothing to do with the League he had an opportunity to give one more thrust at Mr. Wilson.

Hostility to the League played a large part in the campaign which placed Mr. Harding in the Presidential chair. But there were many Republicans of prominence who favored the League, and Mr. Harding himself in his speeches often used words which seemed to reserve to himself a right to accept the League, with some amendments. In office Mr. Harding

probably was disposed to find some ground on which the United States could enter the League. The "bitter enders," however, would have no compromise, and in the end, Mr. Harding surrendered to them. Mr. Harvey was delighted to be the medium of communicating this decision to the European nations in his first speech as Ambassador in London.

In the opinion of the Journal of Commerce it is probable that if there had not been a belief that the United States would have been an active participant, there would have been no League of Nations. The possibility of some such world organization for the preservation of peace had often been considered. Efforts had occasionally been made by students of world politics to devise some scheme of the kind. But the proposal hardly got beyond dreamland until it was taken up at the Peace Conference in Paris. Others welcomed the proposals and assisted in casting them into definite shape. Lord Robert Cecil championed them very warmly on behalf of Great Britain. General Smuts, the soldier statesman of South Africa, had an honorable part in the drafting of the scheme. But to President Wilson the chief honor of the movement has properly been given. When the representative of the great American Republic became the chief sponsor of the project, thus apparently giving assurance of the cordial support of that great nation, what had before been a noble reality.

To the European diplomats the refusal of the United States to ratify the Treaty of Versailles, and the hostility particularly manifested against the Covenant of the League of Nations, were a great surprise. They had not fully understood the American system of treaty-making. They had failed to take into account the party strife that arose from President Wilson's manner of handling the question. They regarded the Covenant of the League of Nations as a triumph for President Wilson and for his country. Naturally they expected the United States to accept the Covenant and with it the glory that the other nations were ready to award.

The final and emphatic declaration of the United States against participation in the proceedings of the League in any form opens up questions as to the League's usefulness. Lord Robert Cecil pleads that the League has already accomplished much and that it should continue its good work, even though the United States remains outside. It is perhaps the only kind of advice that any supporter of the League can give. So much machinery designed for a high purpose and yet getting into working order cannot be at once consigned to the scrap heap. Friends of the League must desire to see it maintained. But there will be an almost universal feeling that such an organization without the assistance or sympathy of the world's greatest Republic can have but a very limited degree of success.

The Opposition victory in Yamaska was practically a foregone conclusion so that no surprise will be felt in regard to it. In the election of 1917 the Government did not put up a candidate to oppose the late member, Mr. Gladu; and the fact the contest on Saturday was a three-cornered one, by reason of the presence of a Farmer candidate, apparently made little difference to the strength of the Opposition.

Apropos of some remarks made recently in these columns upon the low price of hides, we are informed by a gentleman in close touch with the leather market, that "there is at the present time no market for hides, it's glutted with them." Such being the case leather should be cheap; and it ought to be possible therefore to get good sound wearing boots "with the stuff in 'em," for considerably less money than is at present being asked for them.

His Honor the Lieut-Governor having now returned to the province, will possibly proceed to take into consideration the case of one Margaret Long, who has been confined to the York County Gaol for several weeks, because the only authority who has power to deal with her case was not available, and no provision is made for another to perform his duties during his absence.

Now that the election in York-Sunbury is over, we presume that the Government may, "with propriety" proceed to fill the vacant County Court Judgeship, and thus permit the course of justice to run smoothly once again.

When an election provides so much opportunity to fight, it's a wonder that Ireland does not go in for Home Rule, with elections about twice a year.

WHAT OTHERS SAY

Where the Bourgeoisie Come in.
 Trotsky has the best surgical advice in his illness. No proletarian doctor for him!—Toronto Globe.

All Alike.

If there's truth in the report that Louie has gone crazy, they won't be able to distinguish him from the rest of the bunch.—Atlantic Constitution.

Remarkable News.

The Golden Age, the organ of the International Bible Students' Association, informs the world that the British Empire will be dismembered within the next few years and Ireland will be free.—Kingston Whig.

John Bull's Shirt.

Great Britain is still working along without a general strike, though her coal strike is still unsettled and she is loaded up with unsolved problems, especially labor problems. But even in the throes of revolution, John Bull traditionally prefers to keep his shirt on, and at last admits it was still tucked in at the waist line.—New York Life.

Dangerous Enough Without Liquor.
 The hand of the law stretches out for the man who drives an automobile while intoxicated. By the latest amendment to the criminal code this has been made a criminal offense. An automobile in the hands of a drunken man is an engine of destruction. The danger arising from the combination of the two is too great to be tolerated.—Calgary Herald.

The Liberty of the Press.
 Because the Quebec Telegraph did not publish his name in connection with a police court case, Armand Lavergne, K. C., is suing that newspaper for \$500. Armand alleges that "the omission was intentional and with the object of doing him injury," and he feels so bad about it that it is doubtful if \$500 will put him out of his misery.
 Inasmuch as Armand's client was given 20 years for highway robbery and burglary, it is rather hard for the layman to see where the lawyer suffered from having his name kept out.—Brantford Expositor.

A BIT OF VERSE

NEW WARS FOR OLD.

(Alfred Noyes.)
 Peace. When have we prayed for peace?
 Over us burns a star
 Bright, beautiful, red for strife!
 Yours are only the drum and the fife
 And the golden braid and the surface of life!
 Ours is the white-hot war!

Peace? When have we prayed for peace?
 Ours are the weapons of men!
 Therefore your ancient flags are unfurled,
 And ours are the unseen legions harried
 Up to the heights again!

Peace? When have we prayed for peace?
 Is there no wrong to right?
 Wrong crying to Go on high
 Here where the weak and the helpless
 And the homeless hordes of the city
 Go by.

Peace? When have we prayed for peace?
 Are ye so dazed with words?
 Earth, heaven shall pass away
 Ere for your passionless peace we pray!
 Are ye deaf to the trumpets that call
 Us today,
 Blind to the blazing swords?

THE LAUGH LINE

Landslide divides honors with clean sweep in the case of an overwhelming victory.

"Another country heard from," originated during the Hayes-Tilden combat as the result of the slow returns

Had Him Guessing.
 "It is a question in my mind," remarked the dentist who had got up from a warm bed to respond to a cry from his baby, "if a fellow makes most noise when his teeth are coming, or when they are going."

Had Scruples.
 "Did you hear about Black proposing again to his widowed wife?"
 "No; what did she say?"
 "Said she couldn't think of marrying a man whose first wife was still living."

Evidence Enough.
 "Katie," said the fashionable mother, with a frown, "you've been giving the children molasses candy again?"
 "Why, ma'am, do they look sick?"
 "No; but every door-knob in the house does."

Educated Thermometer.
 First Student—A thermometer certainly is a clever instrument to be able to tell temperature so well.
 Second Student—It should be; it had a college education.

First Student—A college education, how so?
 Second Student—Well isn't it graduated with many degrees?

Nothing of That Sort.
 There came into a church a man who informed the vergor that he wished to be married on a certain day.

The vergor inquired the man's name, it was given. "And your finances?"
 The man shook his head. "We're not going to have any of that," he replied. "It will only be a quiet affair."

HOW OTHERS DO IT.

Tibetans stick out the tongue as a greeting.

Some African tribes as a greeting, pull their fingers until the joints crack.

Benny's Note Book

BY LEE PAPE

MOUNTAINS.

1.
 A hill is a little short pile of land
 Ware cows and horses daily,
 While a mountain is a big high pile
 And the absence of land makes a valley.

2.
 Most mountains just stand in their place on the map
 To leave you admire their beauty,
 But some blow lava all around,
 Being volcanoes performing their duty.

3.
 Each row of mountains has a name
 Such as the Rockies and Alps,
 O what is it makes them so white on top?
 O is it the snow on their scalps?

4.
 Some mountains are higher than others.
 Such as for instance Pike's Peak,
 Which if you ever climbed up to the top of it
 You'd set down all the rest of that week.

5.
 You can see all around on a mountain top
 Much better than you usually do,
 But then on the other and down where it starts
 It crotches out of your view.

Shotgun New Arm of Chicago Police

Weapon Found Effective in Fights With Automobile Bandits.

Chicago, May 29.—Substitution of the shotgun for the rifle is the latest development in man-hunting by the Chicago police. The time-honored pump-gun has given way to the pump-gun squad.

The reason for the change was thus outlined by Michael Hughes, chief of detectives:

"In close-range fighting the pump-gun is much the more efficient weapon, for within ninety feet of the objective it has a spread of four feet. Each shot carried nine rounds of lead, corresponding in size to that in a .38 calibre revolver bullet."

"In street fighting, also, the chances of hitting the innocent bystander are greatly minimized by the use of the shotgun, because the effective range is so short."

"The other day we discovered a new use for the shotgun. During a race after bandits in an automobile, one of our men emptied his gun thru the rear curtain of the speeding machine ahead. The hail of bullets stopped the car as no rifle shot would ever have done."

"The gun we use has the shortest stock. Every one of the detective cars carries these guns as regular equipment."

Another innovation in the detective bureau equipment is a steel shield, as high as a man's head, from behind which the operators can direct, in comparative safety, their fire on bandits barricaded in a building. This portable armor is mounted on rollers, and is light enough so that one man can operate it. Port holes, through which to fire, and a heavy glass porthole are appointments.

Bombing which is now a recognized part of police tactics in Chicago, can be carried on with great impunity from the shelter of this shield, said Chief Hughes.

POLITICAL SLANG.

OBITUARY

Special to The Standard.
Mrs. James J. Hachey,
24 Westside, N. B., May 29.—The
decease of Mrs. James J. Hachey oc-
curred very suddenly at her home
here on Tuesday morning, after a very
short illness following child birth. De-
ceased was 47 years of age and was
formerly Miss Louise Huard, of Bath-
urst. She was the mother of fifteen
children, four of whom died in in-
fancy. Those surviving are Beulah
(Mrs. Lemis Cormier), Bernette,
Sadie, Clara and May, Benjamin,
Frederick, James, Edward, Owen,
Charles and William, all at home, be-
sides her husband, who is employed
as yard foreman in the C. N. R. here.
The funeral took place at 3 o'clock on
Wednesday afternoon and was largely
attended. Services were conducted in
St. Mary's church by Rev. Fr. Dixon,
and interment took place in St. Mary's
cemetery. The pallbearers were
Messrs. Charles Donovan, John Wit-
zell, Orie Collette, Patrick Keating,
George Mason and James O'Brien.

Miss Alice Melvin
The body of Miss Alice Melvin who
died at Lawrence, Kansas last Mon-
day will arrive on the Boston express
today. The funeral will be held at
3:30 o'clock this afternoon, from the
residence of D. H. Melvin, 37 High
street, service at 3:15.

WAS SUFFERING FROM INDIGESTION

No Fear of Pains Now.

Indigestion is one of the worst
forms of stomach trouble, and many
people suffer terribly after every meal
they eat. The rising and souring of
the food, pains in the stomach, heart-
burn, water brash, belching of wind,
vomiting shortly after eating, etc., are
some of the symptoms.

There is no need for any person to
be troubled with indigestion, dyspep-
sia or any other stomach trouble if
they would only take Burdock Blood
Bitters, which contains a combination
of nature's roots, herbs, barks and
berries; a combination that cannot
be put in the stomach right.

Mr. H. H. Collins, Newton, N. B.,
writes:—"I was with the overseas
forces for four years and two months,
and in October, 1916, I was unfortunate
enough to be wounded and taken
prisoner. I was a prisoner for two and
a half years, and the food they gave
me was not good, at times, and after
a few months I found I was suffering
from indigestion. When I came home
in July, 1919, was nearly a wreck.
I was told to use Burdock Blood Bit-
ters. I did so and found great relief,
and can now eat without fear of pains
and sickness. I would recommend Dr.
B. B. to all who suffer from indiges-
tion."

Burdock Blood Bitters has been on
the market for over forty years, and
during that time has made a reputa-
tion second to none for relieving all
stomach troubles. Manufactured only
by The T. Milburn Co., Limited, Tor-
onto, Ont.

Lobster Business Increases At Boston

Boston, May 29.—If the trend of the
times in seafood were to be followed,
the lobster might be bracketed with
the sea-foot as the emblem of
this state's fishery activities. Figures
just announced for the last year show
that a total of 3,500,000 lobsters came
into this port, an average of a thou-
sand a day. By this adding to its
prestige as the principal lobster mar-
ket of the world, Boston sometimes
described as the home of the bean
and the cod, might be known as the
"lobster port."

Steamers from Halifax, N. S., and
smacks from ports in Maine and Mas-
sachusetts have landed live lobsters

SUNLIGHT SOAP

If you were to

LOST RIVER OF GOLD IS SOUGHT BY PROSPECTORS

Old Timers to Start Hunt for
El Dorado in Alaska and
the Yukon.

BELIEVED THERE IS MUCH WEALTH THERE

Found by a Trapper Who
Secret of Its Location.
Died Without Revealing

Edmonton, Alta., May 29.—Search
for a lost river of gold will be
undertaken this year by several
prospectors, including old-timers from
the Yukon and Alaska, who are now
back to the north country. The lost riv-
er, where the Peace River once
flowed, is somewhere in the big bend
of the Peace, bisected by a line drawn
from Fort St. John to the mouth of
the Battle River.

Some years ago an Indian brought
in to Fort St. John a fair-sized gold
nugget which, according to the tale
told by old-timers of the North, he
discovered in a stream in the country
to the northeast of the post.

Soon after this an old trapper, a
white man, who made Fort St. John
his headquarters, came in to the fort
with a quantity of coarse gold which
he had washed from some stream in
a similar direction to that from which
the Indian hailed.

He never visited his trap lines after
this, living on the fat of the land in
care-free idleness at the post. He of-
ten disappeared, whenever his supplies
of necessities ran low, and would be
away for a few days, always returning
with a fresh supply of gold.

This aged trapper lived in this man-
ner for a number of years. He died, as
many trappers and North country
men have, on the trail. His body
was found frozen. With him was his
secret, never having told anyone the
location of his find. The books of the
Hudson Bay Company still contain a
large credit account in the name of the
old trapper.

Believe in Old River Story.

Northmen, who tell the story of the
mythic El Dorado north of the Peace,
declare that the gold was only avail-
able after a heavy fall of snow, with
which the old fellow apparently wash-
ed in the flat. From an analysis of
the circumstances generally, it is
thought that the place from which the
gold was taken was some old river
bed where the Peace once ran, and
whether the story is correct or not
remains to be proved.

Prospectors, however, are putting
up good money to test the truth of the
theory that the precious metal does
exist somewhere to the north of
Clear Hills in large quantities.

HOW IS THIS?

Dubuque, Ia., May 29.—A month's
search for a home here was rewarded
by the gratifying news that a six-
room flat was to be had for a rental
of \$60 per month with a six months'
lease, if desired. Paul J. Richards
rushed to see the agent. The flat is
still vacant.

The proposed lease declared there
were to be no children or dogs al-
lowed in the flat, no piano nor pho-
nograph and visitors with children
not permitted. Occupants would be
obliged to pay their own light and
heat bills.

Young Terrorists Are Freed By Court

Three Youths So Bad Camden
Recorder Doesn't Know
What to Do.

Philadelphia, May 29.—Three youth-
ful terrorists, who police say attained
a record of crime in less than a week,
were discharged yesterday by Record
or Stachhouse in Camden because he
"didn't know what could be done with
them."

The erstwhile prisoners are Leroy
Bodie, 11, Chestnut street; John
and Stanley Bialoskiski, 12 and 9, Mt.
Vernon street. The boys faced six
charges, but the court found that it
was the greatest misfortune in deal-
ing with offenders of such tender
ages.

This is the list of their activities
since Saturday, according to the re-
corder: They stole a \$200 phonograph
from the Lincoln school; took milk
and cakes from doorways; ran away
from home and smashed furniture in
the detention room at the city hall,
causing damage estimated at \$300.

"It would be folly to put them in the
detention room again," said the re-
corder, "for they would play havoc
there." He declared himself in favor
of a juvenile home or some similar
arrangement, to take care of such in-
corrigibles.

"WETS" WORKING HARD.

Winnipeg, May 28.—The Moderation
League of Manitoba, with a mem-
ber of approximately 15,000, have
launched a petition asking the pro-
vincial government to pass an act pro-
viding for the government control and
sale of alcoholic liquor. Members will
endeavor to obtain the signatures of
hundreds of electors of the province.

Stills Run At Night; Sunk In River By Day

Fifty Moonshine Factories
Said to be Hidden in Mo-
nongahela.

Uniontown, Pa., May 29.—Investi-
gating complaints of a wave of crime
in the section of Fayette county, of
which Martin is the centre, Fayette
county officials unearthed the largest
hothead of illicit booze traffic in west-
ern Pennsylvania.

Constables who have been working
on the case declare that at least fifty
stills have been operated at night and
dropped into the waters of the Mon-
ongahela river during the day time, thus
frustrating attempts to detect those
active in the traffic. Only two arrests
have been made to date—Mary Gidlo,
aged 56, and her husband, Irma, but
the authorities say that at least 100
others will follow.

Constables Walter Brown and John
Shipley have confiscated large quanti-
ties of supplies, including thirty-eight
crates of raisins, two barrels of raisin
mash, several copper stills and copper
presses, several barrels of "pick-
handle," the name given the liquor on
account of its vicious kick. It is as-
serted that after their arrest, Mary
and Irma Gidlo gave the officials
startling information.

FOR WOMEN

AMUSEMENTS

Christian Character
of Lady Tilley's Life

Her Real Worth Told in
Sermon by Rev. Canon
Kubring at Stone Church.

The truly Christian Character of Lady Tilley's life was emphasized in a sermon preached by Rev. Canon Kubring yesterday morning at St. John's (Stone) Church.

The texts were as follows: 2 Timothy 1:5—"When I call to mind the unforgotten faith that is in thee, which dwelt in thy grandmother Lois and thy mother Eunice."

Judges 5:7—"Deborah arose a mother in Israel."

The sermon

Canon Kubring said—"St. Paul has had the blessed experience of having with him a faithful, unselfish co-worker. One in whom he had reposed absolute confidence—whose sole aim was the glory of God. And as he looked at Timothy, he began to ask himself, how had Timothy attained to that lovely character? and he pointed to its sources—the unforgotten faith that was in his grandmother Lois and his mother Eunice."

Timothy the good, could not have been had there been no faithful Lois and Eunice. St. Paul is not alone in his conclusions—all through the Holy Scriptures, holy men as they were, moved by the Spirit, placed on record, he debt the world owes to Godly women such as the grandmother Lois and the mother Eunice. They have been the saviors of the family.

It is also in national life that women are the preservers. My second text points us back to the time when, in Israel's dark days, courage, faith, and morality were low that there arose a woman named Deborah, a mother in Israel—inspiring faith and leadership and keeping high the standard of morality.

Not therefore in the family life alone but in National crises—women have been a great factor in uplifting the nation.

This is true in these modern days. Woman's influence is the most potent influence in the life of mankind. The memory of a good woman should be cherished with thanksgiving to God for His work of grace. It is in this spirit that I invite you this morning to remember some of the good deeds of a number of this congregation, who, this past week has been called from the ranks of the "Church militant," to those of the "Church at Rest."

An Example

Lady Tilley will ever be remembered as an example of a mother, grandmother and a mother in Israel. The words of the biographer of Catherine Tait (wife of the Archbishop of Canterbury) may be fittingly applied to her as a true summary of her life.

"This ended her earthly life of 77 years,—refreshing her childhood onwards, through the grace of God by a wellspring of joy within, which poured forth in acts of kindness to all those whom she could reach; a life sanctified by prayer, disciplined by trials, ever thankful to God, active, cheerful, mixing in the world's innocent enjoyments and ready to fulfil all worldly duties."

She was a model to all "Home Builders." Among her manifold activities, her duties as wife and mother came first and there was a holy jealousy which sought with passionate fervor to guard those sacred charges committed to her. Her highest desire was to have them share her unforgotten faith in God her Saviour.

Here was a faith constant to wait until God's plans were revealed. "Wait and see the goodness of God" was her constant attitude of soul and her advice to many who sought her counsel. Her interests were not, however, confined to home. Because they were so deeply rooted there her sympathies were able to extend to all who needed her help.

Took Active Interest

No object was too remote, no cause too humble to obtain her active interest. It was always a real interest and devoid of any thought of condescension. How many of our "overseas boys" in the trenches and in German prisons owe their lives to her today by means of the many boxes of comforts and necessities she saw were forwarded to them. On my return from the front I noticed that her strength had been sorely tried—but she persisted to the end and no doubt

THE LITTLE MAID.

In Domremy some little ghost of you
Must wander lonely in the haunted
spring.

Most still, I think, its longing foot-
steps bring.

To petalled orchard and to pasture
too.

Watching with wistful eyes some other
maid.

Who tends her sheep and dreams her
simple dreams

With happy thread of song, until it
seems

That all the weary, waiting years
must fade.

Leaving you young as she, before you
heard

The voices of the angel chorus ring
Or saw across your sky the flaming

That bade you give your young life to
the King.

O little Maid of France, may you find
that

Some happy dream of youth come true
again!

—Abigail Cresson.

WHAT'S WHAT.

That Paris reports that yellow is
much favored for this spring's bridal
lingerie.

That horsehair hats of blue, adorned
with snowballs, white, or lilacs of
the valley, are very smart.

That painted organdie in futuristic
flower patterns or stripe effects are
being featured by Madeleine for the
French races.

That poets are born, not made, and
every spring the world tries to decide
whether this is a boast or an alibi.

That Justine Johnston announces
that she will co-operate with Ellen
Key to produce films that will por-
tray the intelligent and independent
woman of today, since the screen now
either features a pattern of nobility
or a vamp.

That self-determination is all very
well, but just at present the world
could get along with a little less self-
determination.

That Miss Kate Carey, who has been
described as "the world's greatest
woman caricaturist, is now doing her
best to teach her art to all who want
to learn it, men and women alike,
students of the London School of Car-
toonists.

That Dr. Eliot objects to such tele-
phone exchanges between the young as:
"Hello, Jack!" "Hello, Bess!" "A
New York man wants to know if he
would prefer an English variant:
"Are you there, old dear?"

That New York reports a vogue for
travel coats of blue, tan and green
gabardine, worn over smart one-piece
dresses of taffeta, crepe, and wool,
made in straight lines, and trimmed
with bright colored wooden bead in-
sertions, silk white glass bead em-
broidery and galloons.

That the reality of her faith was seen
in the day when she felt her work
was about to be ended. To accept the
laying aside of an active life calls for
the greatest faith. Perhaps the words
of Francis Ridley Havergal best ex-
press her mind at this time.

"I am not eager, bold or strong,
All that is past;
I'm ready NOT to do
At last, at last,
All my life's work is almost done
"All my part."
I bring my patient God, a patient
heart."

A faith ready to endure inaction
can only be the sum of a life of active
faith.

The Church and community have
lost one faithful to "Reformation truth,
a tower of strength in the preservation
of the family life, and one who hon-
ored God's day and His word.

In our loss let us not lose sight of
what her gain has been:

"Light after darkness, gain after loss,
Strength after suffering, crown after
cross.

Sweet after bitter, song after sigh,
Home after wandering, praise after
cry.

Shaves after sowing, sun after rain,
Sight after mystery, peace after pain,
Joy after sorrow, calm after blast,
Rest after weariness, sweet rest at
last.

Near after distant, gleam after gloom,
Love after loneliness, life after tomb,
After long agony, rapture and bliss,
Right was the pathway leading to
this."

REFLECTIONS OF A BACHELOR GIRL.

By HELEN ROWLAND
(Copyright, 1920, by The Western Syndicate, Inc.)

Nowadays, a nice young man has to be very circumspect about
avoiding all the dim corners of the piazza, to keep from being kissed
when he is off his guard.

The worth of a woman's love may be estimated approximately at
half-way between the flattering price her husband would set on it in
an alienation suit, and the modest amount of alimony at which he
would value it in a divorce suit.

The "one great love of a man's life" is usually that which springs
into being at his first sight of his own little pink toes, and never
dies until it is laid in the coffin with him.

Now that the fad for the Oulpa beard has died out, a woman has
only that "little bird," her intuition, to rely on for the explanation of
a man's absence—but her husband still continues to wonder "how on
earth she found out."

This is the time of year, that a husband becomes so tender-
hearted that he hates to put up the screens to keep out the poor little
hungry flies and mosquitoes.

A woman knows that, to tie a man to her forever, she has only to
give him all the rope he wants; but, sometimes, it seems as though
there wasn't that much rope in the world.

That California man, who was so strangely affected by the moon,
that he danced out into the ocean, may not have been crazy, after
all. Lots of men have danced right into marriage on the same pro-
vocation.

The Socialist and the "sweet, old-fashioned wife" seem to have
similar ideas of the "division of wealth." The motto of both is "You
do all the work, and I'll take your pay-envelope."

To be domesticated, a bachelor should be caught young. No
woman can tame an animal of a man either, after he has been run-
ning wild for half his natural life.

SOME LEMON DISHES.

Lemon Cream Pie.

2 cups milk.

2 rounded or 4 level tablespoons
cornstarch.

1-4 cup sugar.

1-4 cup lemon juice.

1 tablespoon grated lemon rind.

1-4 teaspoon salt.

2 eggs.

Put the milk on to boil.

When boiling add the cornstarch, which
well, then add 1-4 cups of confectioners
sugar, stirring until the lumps have
all disappeared. This amount will ice
3 cup cakes and should be put on
while the cakes are still hot.

To Make a Yellow Icing for Cup
Cakes:—Break 1 egg yolk into a small
bowl and add to it 1 tablespoon sweet
milk and 1-2 teaspoon vanilla. Mix
well, then add 1-4 cups of confectioners
sugar, stirring until the lumps have
all disappeared. This amount will ice
3 cup cakes and should be put on
while the cakes are still hot.

To Make a Crush-Strawberry-Color
Icing for Cup Cakes:—Break 1 egg yolk
into a small bowl and add to it 1
tablespoon sweet milk and 1-2
teaspoon vanilla. Mix well, then add
1-4 cups of confectioners sugar, stir-
ring until the lumps have all disap-
peared. This amount will ice 3 cup
cakes and should be put on while the
cakes are still hot.

Everybody knows how to make
chocolate icing, and with these three
colors—yellow, chocolate and pink—the
refreshments table will have a festive
look which will delight the little
ones.

Lemonade is perhaps the best be-
verage to serve at summer parties, un-
less iced cocoa be preferred. Some
sort of simple, home-made candy may
accompany these delicious goodies and
the following recipe will be found a
nutritious and popular variety.

Soft Raisin Candy:—(This candy is
about as hard as fudge.) Put on the
fire in a frying pan 2 cups cran-
berry sugar, 1-3 cup cold water, and

2 cups dry bread crumbs.

2 cups hot milk.

3-4 cup sugar.

3 tablespoons lemon juice.

1 teaspoon grated lemon rind.

1 egg.

Pinch of salt.

1 teaspoon butter.

Put the crumbs in a bowl; pour
over the hot milk; add the salt, well-
beaten egg, sugar, the grated rind
and juice of lemon, mix well. Brush
baked dish with a little butter; put in
mixture and bake 40 minutes in a
slow oven. Serve plain or with a hot
lemon sauce.

Lemon Meringue Pie.

2 tablespoons lemon juice.

1-2 teaspoon grated lemon rind.

1 cup sugar, pinch salt.

2 cups water.

2 eggs.

1 tablespoon butter.

2 rounded tablespoons cornstarch.

Put water on to boil; mix corn-
starch with cold water; add sugar,
salt, and juice and rind, and the
yolks of two eggs; beat all well to-
gether and add slowly to the boiling
water; boil 3 minutes. Pour into well-
baked crust and bake 10 minutes.

When cooled, beat the whites of
eggs until dry with two tablespoons
sugar; spread on lemon, rough with
fork; beat liberally with powdered sugar,
place in cool oven until dry and
light brown.

Lemon Custard Pie.

2 tablespoons lemon juice.

1-2 teaspoon grated lemon rind.

1-2 cup sugar.

2 eggs.

Pinch salt.

2 cups milk.

Line deep pie tin with good pie
crust; pour in the mixture and bake
until custard is set. If baked too
much, it curdles and the eggs sepa-
rate. Always try a custard pie or pud-
ding with a silver knife; if the knife
is dry after testing the custard is
done. The custard is made by beat-
ing the eggs, sugar, salt, milk; then
add the lemon juice and rind.

Lemon Appetizer.

1 cup lemon juice.

1 tablespoon grated lemon rind.

1 cup sugar.

1-4 cups water.

Boil sugar and water together 10
minutes. Remove from fire and add
the strained lemon juice and grated
rind; when cold, serve over shaved
ice and garnish with thin slices of
lemon placed on edge of glass.

If water is used in lemon custard
instead of milk the custard has a
much better taste. The lemon juice
and the milk do not combine happily.
A pinch of salt, added brings out the
best of all the ingredients.

The cover of a lard pail is very con-
venient to place over the burner of a
gas stove when heating something in
a small dish or cup.

Preserved fish is most popular and
some delicious dishes are made from
canned lobster, salmon, codfish, sar-
dines and fish bones. These with can-
ned vegetables form the basis of many
dishes that help to make the meals
appealing.

When measuring shortening and so-
lances for gingerbread, etc., measure
the shortening first. This will grease
the cup and some of the molasses will
be wasted.

CITY STREETS.

A tireless tide, a countless throng,
A ceaseless river pouring
Through city streets and avenues,
With din of traffic's roaring.

A distant purpose in each face,
Eyes deep in gloomy thinking;
My only friend in the host—
A gutter swallow, drinking.

No answer does my yearning find
To brotherhood of smiling
That ventures with fainting hope
Of heedless world beguiling.

It does not know the fields are fair
And new grown cowslips blooming.
He does not know the robber bee
His sycamore carol's booming.

I would my song could stay its steps
And give it heart to singing.
And eyes to see a greenish earth
With vivid glories springing.

—Maude Devere Newton.

TIPS TO HOUSEWIVES.

Muffins require a better oven than
biscuits.

Use steel wool to remove paint
from glass.

Baking pans of Russian iron need
not be greased.

If possible use pastry flour for mak-
ing biscuits.

The sweetened omelet is often
used as a dessert.

Use left-over coffee in spice cakes
in place of sour milk.

When canning greens for winter
use, use the cold-pack method.

Tack burlap from an old bag on the
lowest shelf of the refrigerator to
so much dirt upstairs.

Drop all kinds of cookie dough in-
stead of cutting and time is saved.
They are just as good.

If house ferns are set in a pan of
hot water once a week and well
steamed new shoots will soon appear.

Plain egg custard may be made
interesting by adding stoned dates be-
fore baking.

A HAPPY EVENT.

Friends of Howard P. Robinson, 1
Prince William street will be interested
to learn that his marriage to Miss
Pearl Fox of Gagetown, will take place
on June first at Winnipeg. Miss Fox
has been living in Winnipeg for a year
practising her profession as a nurse.

1-2 cup molasses. In about five minutes
this mixture will begin to boil; it
should be allowed to boil for another
five minutes after reaching the boiling
point unless a little, when dropped in
a cup of cold water, will form a soft
ball before that time—when it may be
boiled a shorter time after reaching
the boiling point. A stiffly-beaten egg
white should be waiting in a large bowl
and the syrup will be poured upon
this, the mixture being stirred con-
stantly as it is added. One cup of
small washed seeded raisins should
be added at once as well as 1-4 tea-
spoons vanilla. Mix well, then pour
the candy into a well buttered layer-
cake pan; this recipe will fill the pan.
Almost immediately it should be
cut into squares, like fudge. In a
few minutes more, when cold, it may
be taken from the pan and arranged
on a pretty candy dish. It should take
only 15 minutes to make this candy
and one must work fast after adding
the syrup to the egg-white lest it
harden too soon.

IMPERIAL

THE MOST ELABORATE AND POWERFUL
SEX PROBLEM FEATURE OF THE SEASON

"To Please One Woman"

Do you believe a man's chief job in the world is to
please a woman? What happens when the woman
is beautiful and selfish? Lois Weber answers these
questions in a lavishly produced and deeply appeal-
ing photoplay. It's a story of real, human folk and
the unhappiness caused them by the pretty, rich
stranger who came into their midst, until finally she
met defeat, and the love and faith won the day.
Claire Windsor, the latest Lola Weber "find";
Moná Lisa, Edith Kessler and Edward Burns are
included in the brilliant cast.

On the Same Order as "The Furnace," Male and
Female," Don't Change Your Husband," Etc.

SERIAL PHOTO DRAMA

WHO SAID

Ask ten persons who is the author
of this famous quotation and nine of
them will invariably say it is the ut-
terance of some character in the Bible.
They are wrong.

Laurence Sterne, the great English
humorist, is the author of these words.
They appear in his "Sentimental
Journey," a work which is considered
to contain some of the finest bits of
humor ever written in the English
language.

Sterne was the son of a lieutenant
in the English army. He was born at
Cromford, Ireland, in 1713, and his
death occurred in London in 1768.
Part of Sterne's boyhood was spent in
Ireland and it may be that he absorbed
there some of the wit of which the
Emerald life is famed. Later he was
put in charge of a relative in Eng-
land and there he was educated.

This man, who is best known to
history as a humorist, was a clergy-
man. He took holy orders in 1740 and
was given the parish of Sutton and
later that of Stillington. At these two
places Sterne performed the duties of
clergyman for more than 20 years. At
this time he was quite unknown as an
author. In 1758, however, he came
before the public with the two first
volumes of his longest work, "The
Life and Opinions of Tristram
Shandy," which, by its likable humor,
soon became very popular.

From the publication of his first
work Sterne spent most of his life at
London or on the continent. He seems
to have become estranged from his
wife and daughter and his later years
were spent apart from them. They
were not with him when he was
claimed by death.

The two works mentioned, together
with several sermons, constitute the
greater part of the literary work left
by this famous humorist at his death.

"Tiz" Eases Tired,
Sore, Swollen Feet

Instant relief for aching, puff-
ed-up, calloused feet
and corns.

Why go limping around with aching,
puffed-up feet—feet so tired, shad-
ed, sore and swollen you can hardly
get your shoes on or off? Why don't
you get a box of "Tiz" from the drug
store now and gladden your tortured
feet?

"Tiz" makes your feet glow with
comfort; takes down swellings and
draws the soreness and misery right
out of feet that chafe, smart and
burn. "Tiz" instantly stops pain in
corns, callouses and bunions. "Tiz"
is glorious for tired, aching, sore feet.
The purest notes of life entrance—
No more shoe tightness—no more foot
torture.

Mother and Daughter.

A rose that glows, enhancing beauty
ran.

The glowing rose of deepest richness,
The depths of music's sweetness,
The rich and glorious tones of dark-
ness.

A spray of cherry blossoms fair,
The fairest joy of sunbeams dawning,
The purest notes of life entrance—
The water-lily rose of life.

An omelet is done if, when you
lightly touch it, the egg does not stick
to your finger.

Quality maintains economy. You may pay less
"per gallon" for other lubricating oils, but you
get more lubrication "per dollar" when you buy
Imperial Polarine Motor Oils.

Imperial Polarine Motor Oils

CUTS
OPERATING
COSTS

THE economy of using Imperial Polarine
Motor Oils extends over practically
every item of motor operation.

The lubrication afforded at every friction point and
the gas-tight piston-to-cylinder seal means a big
saving in fuel bills and a noticeable increase of power.

Through perfect protection of all motor parts, undue
repair bills are avoided and depreciation is greatly
reduced. By using Imperial Polarine Motor Oils
you can save dollars this year on maintenance alone.
Besides, you realize more profit and greater usefulness
from your car.

Always use the grade of Imperial Polarine recom-
mended on our Charts for your type of motor. See
Charts at your dealer's or write to 56 Church Street,
Toronto, for a copy of our interesting booklet,
"Automotive Lubrication," which contains the com-
plete Chart of Recommendations.

PARKER ISLAND HAS IMPORTANT NEW INDUSTRY

Catching Sharks is Latest Business Undertaken on Pacific Coast.

POSSIBILITIES SAID TO BE LIMITLESS

Nothing Wasted in a Shark Plant—Greatest Interest is in Hides at Present.

Victoria, B. C., May 29.—With the supply of raw material unlimited, an industry new to this country is flourishing at Parker Island, between Gair and Mayne Islands on the Gulf of Georgia. It is the business of catching sharks, and a week's catch at the beginning of May ran to eighty, with an average weight of over a ton each. The work is being carried on by the Anglo-British Canadian Company, Mr. Nelson Macdonald, of this city, who operated the first shark-catching machinery on the island, declares there will never be a shortage as there are millions in the waters surrounding the island. "In fact, the further north you go the more sharks you will find, and from here to Alaska are their feeding grounds," Mr. Macdonald said. "Taking them from the bottom of the sea is automatic. Norway has a hundred of such industries. The only real hook for catching them, which works on a swivel, comes from there, and the so-called cod-liver oil, which invades the markets of the world, is really shark-liver oil, manufactured in Norway."

Nothing is wasted in a shark plant. There is no finer fish-meat than that made from the bodies of the sharks. As a fertilizer it is superior to dog fish. The heads of the shark is full of glue of a highly valuable quality, and the fins are a much-prized Chinese food delicacy. Orientals here pay as much as \$2 a pound for it. The liver content runs from 60 to 70 per cent. of finest oil of which about ten per cent. is glycerine. Sharks' teeth are in demand in many parts of the world and fetch a high price for the manufacture of ornaments. What bones there are, and they are few, go into the fertilizer part of the industry.

Possibilities of Hides.

The greatest interest in this new industry is being manifested in the manufacture of hides. Several large companies have been formed and much excellent research work is being done at present. A Seattle company is making very rapid progress, although they have not yet arrived at a commercial paying basis. The shark hides run from an inch in thickness to the consistency of paper in the baby sharks. Samples recently exhibited here to a number of local business men included skins for boots and leathers for the "suede" shoes or women's wear. There was also a "pigmented" product which would make a club bag that would last a lifetime. In Seattle they are manufacturing hip-boots from shark hides, and they are declared to be completely waterproof. It takes a day of specialized process to turn out these "bathers" and some six months' treatment to prepare sole leather for the market.

Mr. Macdonald predicts that the time will come when British Columbia will have as many shark-catching and manufacturing plants as Norway now has. "There are millions in it," he asserted, "and it is right at our back door."

Moscow Faced By Starvation

Peasants Refuse to Give up Corn, While Large Caucasus Supplies Are Destroyed.

Riga, May 29.—Moscow is near starvation, it is said in reports from that city, as peasants refuse to sell corn, and are keeping it for seed. The decree issued by the Bolshevik Government restoring freedom of trade does not seem to have removed the menace of a food shortage. Governmental commissions sent to nearby villages to purchase corn are said to have returned empty-handed, and the hope entertained by the government that it might secure a supply of flour from the Caucasus has vanished, as several million pounds of corn have been destroyed by rebellious elements in the Caucasus region. The economic soviet of Moscow has issued an order that the families of all citizens and Soviet employees except those living in Moscow, Petrograd, Kronstadt and Ivanovo Vosnesensk are to be excluded from receiving supplies from the state. These state supplies will be granted only to workmen and children. Since the first of April this supply, however, has consisted of only one pound of bread each week.

Workers Are Leaving.

Workers are leaving Moscow to hunt for food in the villages. A pound of bread sold for 1,500 rubles two weeks ago, and it is declared that its price today is 3,000 rubles. Sugar is selling at 15,000 rubles per pound. The Kronstadt, the historic castle in Moscow, which is the present seat of the Soviet commissaries, is said to be

Better Demand For Cash Wheat Reported

Two Cent Gain Made Near End of Session at Winnipeg.

Winnipeg, Man., May 29.—Saturday's session on the local wheat market was quiet although a fair volume of business, mostly of an evening-up character, was worked. Prices held fairly steady during the greater part of the session around the opening figures and closed with a gain of 1 7/8 to 2 3/8 cents. There was a somewhat better demand for cash wheat and a fair quantity of contract grades changed hands. 1 1/8 being paid over the May. There was liberal offerings. Coarse grains were all higher. Close: Wheat, May, 1.38 3/8; July, 1.64 1/4; October, 1.30 1/8 asked. Oats, May, 46 3/4; July, 47 1/8; October, 48 asked. Cash prices: Wheat, No. 1 northern, 1.29 3/8; No. 2 northern, 1.35 3/8; No. 3 northern, 1.32 3/8; No. 4, 1.21 1/4; No. 5, 1.24 1/4; No. 6, 1.39 1/4; track Manitoba, Saskatchewan and Alberta, 1.24 1/4. THE WEATHER

Toronto, May 29.—Pressure is highest over Manitoba and lowest over the middle Atlantic States. Thunder showers have occurred locally today from Lake Ontario to the Ottawa Valley, and they have been a few light scattered showers in the Western Provinces. Otherwise the weather has been everywhere fair.

Forecast.—Fresh winds, partly fair, followed by showers. Northern New England.—Cloudy Monday, Tuesday; moderate temperature; fresh east to north winds.

AROUND THE CITY

YOUR COUNTRY CALLS.
The business section of the city will be canvassed by Red Cross agents this week.

SUNDAY CLASSES CLOSED.
The Philanthropic Class and the Knights of Honor of Central Baptist church closed their Sunday classes for the season yesterday.

HOME FOR HOLIDAYS.
Edward and Frederick Jungs and Frank Murphy, students at St. Francis Xavier University, Antigonish, returned home Saturday morning. Since the closing of the college they have been visiting Mrs. J. P. Grady, East Chezzetcook.

FIRST WEEKEND TRIP.
The "Governor Dingley" got away at 7:30 Saturday night on its first weekend trip of the season to Boston. The steamer carried about one hundred passengers, and a light cargo of general freight.

TRAVELLED ALL NIGHT.
An automobile party from Bangor, Maine, arrived in the city at noon, Sunday and registered at the Victoria. They left Bangor at 8 o'clock Saturday and kept moving until they arrived here. The party came via St. Stephen.

ON EUROPEAN TRIP.
Chas. E. Magnuson, senior member of the firm of Chas. Magnuson & Son, left Saturday evening for New York. Mr. Magnuson will sail on the 31st from New York on a visit to England. His many friends wish him bon voyage and a safe return.

HELD A PANTRY SALE.
The Sapphire Hebeah Lodge, I. O. O. F., held a pantry sale in the lobby of the Imperial Theatre Saturday morning, when a tidy sum was realized, which will go towards the general fund. The committee in charge consisted of Mrs. K. W. Epstein, convenor; Mrs. B. Budge, Mrs. B. Colwell and Mrs. J. Duke.

CHILDREN RECEIVED.
There was a grand reception of the children of the Confraternity of the Holy Childhood in the Cathedral Saturday morning following eight o'clock mass, which was celebrated by Rev. William Duke. He spoke on the importance of the occasion, after which he distributed cords and medals to all present.

NEW UNIFORMS.
The ferry boat attendants look spry in their new uniforms. Each is now obliged to wear a regulation cap along with their brass bands, which adds much of dignity to the bearing of the very efficient force. They frankly admit they don't care for the head top as it is too heavy and burdensome.

TRAINS CROWDED.
All trains, suburban and local, out of the city Saturday were crowded to capacity with passengers for various resorts to spend the week-end. The Suburban leaving at 12:30, both east and west, each carried six extra coaches to accommodate the public seeking retirement along the St. John and Kennebecasis rivers.

VITAL STATISTICS.
Thirteen deaths occurred in the city during the week ending May 28, from the following causes: Premature birth, two; paralysis, pneumonia, marasmus, myocarditis, endocarditis, heart failure, acute nephritis, acute appendicitis, cerebral hemorrhage, cerebral thrombosis, cirrhosis of liver, one each.

Ten marriages were solemnized in the city during the week. For the same period there were twenty-five births, twelve boys and thirteen girls.

RAILWAY HEADS COMING.
The Mayor has received word that President Beatty, of the C. P. R., will be in the city on next Friday. His Worship announced Saturday that he had arranged for a meeting between Mr. Beatty and the City Council. The Mayor also said that the superintendent of this district of the C. N. E. would be in the city on Monday morning and would meet the commissioners regarding the tracks on Pettigill and McLeod wharves.

SATURDAY'S MARKETS.
Spring lamb was plentiful in the city market Saturday morning and was selling from \$2 to \$3 a quarter. There was also a good supply of butter and eggs, the former being quoted at thirty-five cents a pound and the latter at thirty-five cents a dozen. Poultry was selling for forty cents a pound, veal from twelve to eighteen cents a pound. Native spinach was retailing for twelve cents a bunch and rhubarb six pounds for twenty-five cents. There was a lot of early blossoms for sale, including purple and white lilacs, apple blossoms and violets.

CLIFTON HOUSE, ALL MEALS 60c

Ludlow St. Sunday School Anniversary

Was Eighty Years Old Yesterday—Address and History Given by Rev. C. T. Clark.

The 80th Anniversary of the Ludlow street Baptist church Sunday School was celebrated yesterday afternoon in the school room in the church. The Rev. Clifford T. Clark, M. A., great grandson of one of the builders of the church, and pastor of the Fairville Baptist church, spoke and took as his subject: "The Unearned Increment."

The text: "Others have labored ye have entered into their labor." Mr. Clark spoke on our inheritance, the religious liberty we have at home, and the religious toleration abroad. The wonderful large churches that we now have, the splendid staff of teachers and the organizations for extending morality and religion amongst the masses of the world over and the responsibility of this in proportion to the opportunity.

Eighty Years Ago
Eighty years ago Ludlow Street Baptist Church, then known as the Carlton Baptist Sunday School, was organized during June 1841 with an enrollment of 30 members, John H. Campbell being the first superintendent. The Sunday School met for some years in the hall on King Street, now known as the W. C. T. U. Hall. Since the year 1850 every Lord's Day and have been greatly blessed of the Lord. Four members of the school have been ordained to the ministry, namely: Rev. J. Stachhouse, A. J. Vincent, W. C. Vincent and J. H. King.

The Programme
Yesterday afternoon the superintendent, E. H. Parsons presided and a short song service preceded the regular session of the school after which the Primary Department rendered some selections. The 23rd Psalm was read by the school and the pastor, Rev. Isaac Brindley, led in prayer. The service was read from Acts sixth, Verses 1-5, in which is described how the first deacons were called and the necessary qualifications of each. The superintendent gave an address of welcome to those present and alluded to the past history of the school and the past year which they were finishing yesterday was the most successful in the history of the school in work, membership and finances. Deacon J. H. King read a list of the 23 former superintendents of the school, six of whom are living now. A hymn was sung by Ralph J. Rupert and E. Clyde Parsons and a solo was given by little Beatrice Ramsay and a duet by Sadie Carrell and Louise Burke. After which the closing exercises were performed and the school dismissed.

Cases Dealt With In Police Court

Two Liquor Violation Charges and an Assault Case Heard and Defendants Remanded.

The cases of Ross and Morrison charged with operating stationary steam boilers within the province without a license from the provincial government, were heard in the police court Saturday after a month's adjournment, and again postponed to June 10th.

A. C. Allen, of the C. N. E. legal department, of Moncton, represented the defendants, who are engaged in drilling on the site of the new depot. He contended that as the men are servants of the C. N. E. and engaged in a Federal undertaking they were not liable to provincial enactments. K. J. MacRae appeared for the provincial factory inspector who laid the complaint.

Further evidence was taken in the case of Matthew Ramsey, charged with violations of the Prohibition Act. W. M. Ryan for the prosecution, E. S. Ritchie for the defence.

Robert Burke, arrested for violation of the same act, was remanded. Thomas Frontin, proprietor of Union street lodging house gave evidence in the case of A. Arsenault charged with indecent assault. The affair was alleged to have occurred in the Union street house. E. S. Ritchie appeared for the defence. Postponed.

Rev. J. A. Cooper At Trinity Church

Bathurst Clergyman Preached Excellent Sermons Yesterday.

Services at Trinity church were conducted yesterday by Rev. J. A. Cooper, of Bathurst, N. B. In the morning Mr. Cooper preached a fine sermon from the text: "In Him Was Light; and the Light Was the Life of Men." At the evening service the subject was: "Visions of God," the text being taken from Ezekiel, I. "I Saw Visions of God." Mr. Cooper dealt with the time of the vision, the place where it took place and the man to whom the vision came. He then applied the lesson saying that there is no particular place to which we must go to find the Living God. The Jew felt he must go to Jerusalem, the Samaritan to Samaria, the Mohammedan to Mecca. The vision may be seen in every-day life, the whole creation is a vision of God.

Proposition From N. B. Power Co.

Ask City to Loan Funds for Company's Share of Brussels Street Work.

Commissioner Frink reported on Saturday morning to the city council that the New Brunswick Power Co. had made a very modest request in connection with the paving of Brussels street, namely, that city provide all the funds necessary for Power Co. part of the work and take in payment two-year notes of the company bearing 6 per cent. interest. The proposition did not seem to meet with the approval of the commissioners and the whole matter of Brussels street will be further discussed on Monday.

Company's Letter
Before presenting the report of the road engineer on Brussels street, Commissioner Frink read a letter which he had received from the Power Co. in regard to the proposition. The letter stated, given matter earnest consideration, and it had caused them much anxiety. The present bill on that street was a 76 pound bill, and they suggested taking rate from Douglas Avenue, which were the same weight. This would give a good bill for ten years. But, and this was the firm in the statement, they had no money and were unable to get any to do the work with, and they suggested that the city, in addition to laying the concrete foundation, provide the money necessary and accept two years notes of the company bearing 6 per cent. interest, in payment.

Engineer's Report
After reading the letter the commissioner presented the report of the road engineer re the equipment which would have to be purchased and the cost of the work. The department would have to have a concrete mixer, an asphalt pot, three wagons, one pick and a motor dump wagon. These would cost \$11,602.50. With respect to the difference in the cost of vitrified brick and granite blocks he reported that all things considered to cost of the finished job was about the same. The estimated cost of paving Brussels street with asphalt sides and granite block section was \$121,467. This with the amount for equipment, \$11,602.50, would bring the total up to \$133,070. The engineer also recommended that the south side of Haymarket Square be included in the job at estimated cost of \$14,848.

The proposition of the Power Co. the commissioner said, opened up a new phase of the whole matter and one which required serious consideration, and so far as he could see the only alternative was to build a twelve-foot road on each side of the tracks, but the road engineer was strongly against such a project. He moved that the report of the road engineer be proceeded with and the necessary equipment purchased, payment to be made by bond issue.

Favored Taking Notes
Commissioner Thornton was of the opinion that if Messrs. Thomson and Ross would give their personal notes for the amount, the city might consider the proposition, but he was not in favor of taking the company notes. He favored going ahead with the work and charging the portion of the base which the company had to pay for to them in the usual way.

Commissioner Bullock was in favor of going ahead with the work, but not of financing the Power Co. any further than the putting down of the base under the tracks. So far as the rails and ties, etc., were concerned he would let them do the same as they did in Douglas Avenue, and in that connection he stated that he had been informed that the rails for Douglas Avenue had not yet been ordered.

Mayor Schofield said he would not consider the request of the company for financing their work and asked the road engineer what the Power Co. would have to pay for their share of the base. That official stated the amount would be about \$27,000.

Commissioner Frank pointed out that in the case of Douglas Avenue the city was in the position of a secured creditor and the notes, if the city should finance them, would be some security.

On the suggestion of the mayor, further consideration of the matter was deferred until Monday, the commissioner of public works to hold another conference with the Power Co. in regard to their part of the work.

Automobiles Crash On Hampton Road

St. John Cars Collide and West St. John Lady Receives Severe Injuries.

On the Hampton road, about a quarter of a mile above Robbsey, two automobiles, heavily loaded, collided during the early part of last evening with disastrous results to the cars and slight injuries to the occupants, as reported by Traffic Officer Crawford doing duty on the Robbsey road.

One of the cars, owned by Lambert Stockford, of West St. John, was coming from Hampton. There were six in the car. Another car, owned by the New Brunswick Building and Construction Company was coming on the Golden Grove road. At the point where the two roads intersect the cars came together, one plunging into the side of the other with terrific impact. The occupants of the Stockford car were shaken up, and one of them, Miss Laura Akley, was badly hurt.

Officer on the Scene
The affair was reported to Officer Crawford, who was quickly on the scene, continuing the investigation. Each driver accuses the other of being at fault, and from the temporary display last night, a law suit may be expected to follow.

Another Near Mix-up
While Officer Crawford was investigating the circumstances surrounding the accident, and the cars were mired up in the road, a machine, bearing a P. R. I. tag, came tearing along at forty miles an hour clip without sounding of horn or giving any warning of its approach. It narrowly escaped crashing into the two wrecked cars, or hitting some of the people standing about. Officer Crawford immediately placed the driver under arrest. He went before the magistrate and left a deposit of \$50 as surety for his appearance on Tuesday when he will be given a hearing on the charge of exceeding the speed limit and reckless driving.

Conference Will Be Opened Today

Delegates of Methodist United Missionary Societies of N. B. and P. E. I. to Assemble.

The conference of the Methodist United Missionary Societies of New Brunswick and Prince Edward Island, which opens today will be addressed by two returned missionaries, Miss Myra Veazey of Japan and Miss Florence Bird. The executive will meet this evening and regular sessions will begin Tuesday morning. On Tuesday afternoon a prayer will be held entitled "The Striking of Canada's Hour."

Two missionaries-elect, Miss Calbeck of P. E. I. and Mr. H. E. Patrick of Port Elgin, will also give talks before the sessions. Miss Calbeck is leaving for Japan and Miss Fitzpatrick expects to sail for work among the foreigners in Regina.

While in St. John, Miss Bird will be the guest of Mrs. A. W. Estey, Douglas Avenue.

Sermon In Interest of Brotherhood

Rev. Dr. Hill of Yarmouth Preached at Carmarthen Street Methodist Church.

The Rev. Dr. Hill of Yarmouth, N. S., secretary of the Canadian Brotherhood Association, delivered an eloquent sermon in the interests of the movement at the evening service in the Carmarthen street Methodist church last night. He took as his text "For One is Your Master even Christ and all ye are brethren." Math. 23:8-10.

Dr. Hill said the words of his text meant peace, but that there could be no peace where brotherhood was not found. The war had been due to the fact that brotherhood had broken through its various stages. He said slavery had gone, mere wage contracts were no more, and throughout the world there was a demand that industrial questions should be settled around the conference table. Today he termed an age of power for Christians in Canada and throughout the world.

Referring to the miracle at Gadara, the preacher remarked that in order to destroy the demoniac Christ had had to destroy property, 2,000 swine, and the people thought it too costly and asked Him to cease. So today some people would say that efforts to cure the ills of men were too costly, but that was not brotherhood.

Gardening Tools

The most glorious flowers, the finest vegetables, are only possible through proper care of your garden, and, to do it justice, you should have a complete set of the best and most suitable Gardening Tools which you'll find here in full range of the better qualities.

There are Spades, Hoes, Trowels, Weeding Forks, Sod Cutters, Watering Cans, Insecticides, in fact everything for the proper care of the garden.

Manchester Robertson Allison Limited
KING STREET • GERMAIN STREET • MARKET SQUARE

CITY WILL NOT BE REPRESENTED

The city will, in all probability, not be represented in the delegation which is to interview the premier on the matter of Maritime freight rates, as the city solicitor, Hon. J. B. M. Baxter, K.C., was unable to go and the mayor was not successful in finding another representative. The Retail Merchants Association will be represented by W. S. Allison of St. John and A. E. McSweeney, of Moncton. The Commercial Club delegates will be A. P. Paton and H. R. McLellan.

Jonas' Orchestra Seaside Park Pavilion tonight, weather permitting.

New Things for Summer Wear

The Order of the Day at Dykeman's

Just the sheerest of real Swiss Organdies in such a sunburst of gay colors one must immediately associate them with the out-of-doors, for afternoon or warm evenings in the country they are awfully good to look at, right full of style, and in so many wonderful shades. The styles are the newest thing in fashionable summer resorts of the South, and we feel proud of the fact that we have so many at such moderate prices to offer the people of St. John. This is only one line we refer to today. Silk Stockings is another. Smart and new, first time shown, entirely different, of

excellent quality. Underwear, Sweaters, Pull-overs, Wash Skirts. New lines receiving their formal showing during this holiday week.—Dykeman's.

WANTED — Office Boy.

Apply Standard Office.

Cooking in general is much better if Borden's St. Charles or Jersey Milk "with the cream left in" is used. Pure, rich and convenient.

Dr. C. W. Barlow, of Providence, R. I., who was visiting his sister, Mrs. E. L. Ingraham, West St. John, returned home Saturday night with his bride and her daughter, Miss Carla Akley.

League game tonight, East End grounds, St. Peter's vs. Commercial.
