We don't ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High-
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.

YACHT WITH SEVEN ABOARD DISAPPEARS

The "Bernadette" Believed to
have Foundered Crossing
St. Lawrence.

NO TRACE FOUND

Rimouski, Quebec, Oct. 9.—Careful search up to noon today had failed to fathom the mystery surrounding the disappearance of the yacht Repadette, which with a party of seven, has been missing since Saturday night. The steamer Lady Evelyn of the post office department, after a twenty-four hours search reported at noon today that no trace of the missing yacht could be found. The Bernadette was commanded by Harold Blair, its proprietor, one of the managers of the Price Bros. firm at Rimouski, and should have reached port early Monday morning. The Bernadette left for the North Shore in a friendly race with the yacht Oeone, commanded by Mr. Alphonse Fournier of Rimouski, its proprietor. The Oeone arrived in port early Monday morning and reports a very rough passage across. The Bernadette left at the same time, friends of the missing men have communicated with all the signal service stations, but nothing has been seen of the yacht. The missing are: Harold Blair, Emile Tessier, son of Judge Tessier, F. X. Proulx, secretary of the town, A. Riuguet, merchant of Rimouski, Beckingsale and Bonner, clerks in the Bank of Commerce, and George McKinnon, clerk in Price Brothers' office. Everything points to the Bernadette having foundered while crossing the St. Lawrence.

BATHURST MAN IS FOUND DROWNED

Ed. J. Roy Rode Over a Bridge
on Bicycle in the
Dark

NO RAILING

Bathurst, N. B. Oct. 8.—Ed. J. Roy, restaurant keeper, left home about 7 o'clock last night to bring oysters to a patient in the hospital at Bathurst Village. He rode over on a bicycle. Returning, he stopped to speak to Jos. Fournier and wife and to adjust the chain of the "bike," which had slipped off. He was never seen nor heard of after leaving them until his body was found in the channel near the village bridge at noon today. Parties, suspecting an accident, were looking along the side of the bridge when they noticed a bicycle in the water. On hauling it to the surface they brought the body of the unfortunate Roy. His hands were still gripping the handle bars. A part of the railing of the bridge has been missing for a long time and it is supposed that the chain of the bicycle having again worked off, the front wheel served to the open rail of the bridge, Roy striking his head against the rail and going over in a dazed condition carrying the wheel with him. When recovered, the chain of the wheel was off the sprocket. An inquest is now being held by Coroner J. C. Meahan. Roy was industrious and popular. He was about twenty-eight years of age and leaves a wife and one child. The local government authorities would do well to look after this dangerous place before another tragedy occurs.

CROCKET CASE AGAIN SHELVED

Suit Against the Town for
Damages is Adjourned
Till Next Term.

NO SETTLEMENT

An adjourned session of the supreme court was held in Dalhousie on Tuesday when the case of C. S. O. Crockett against the Town of Campbellton was up for trial, before Judge McKeown. The case however was not taken up, and will be held over till the next sitting of the court which takes place in March 1913. LONDON, Oct. 10.—There are still some old-fashioned people who think that blushing like feminine modesty, has gone out of fashion. They believed that a fluttering heart sent the blood to the cheeks, but scientists will not have us in such blissful and sentimental ignorance, and in the presidential address of the British association the real reason why people do blush was told. Nowadays very few people do blush, but if it can be managed it is a most effective thing to do. Few men are proof against a becoming blush, and if Jack sees Jill's cheeks "suffused" as the old-fashioned novelists used to put it—"with tell-tale color" he is an easy prey. But let him know that blushing is a purely physiological phenomenon "due to diminished action of the muscular tissues of the arterioles," and he will only feel desperately anxious to get smelling salts or summon help.

THE FIREMEN WILL OPEN FESTIVE SEASON

Second Annual Ball will be
Held on October 24th in
Masonic Hall.

THE COMMITTEE

At a meeting of the Fire Brigade held on Monday evening it was decided to hold their second annual ball in the Masonic Temple on Thursday evening 24th inst. Looking to the last dance the firemen are certain to have a thoroughly enjoyable and popular ball this time and the committee in charge are working hard for the comfort of their guests whom they expect to have in large numbers. The invitations will be issued some time next week when the committee in charge finish their labors on the invitation list. A good stroke has been done in the engaging of the opera house orchestra for this evening so that the music will be in good hands. The committee in charge of the arrangements are:—Dr. Price, Mr. H. M. Millican, Mr. C. R. Mersereau and Mr. H. W. Ferguson as secretary.

EIGHT LIQUOR CASES IN COURT

This week has been a busy one in the police court circles. Police Judge Matheson having no fewer than eight contraventions of the Liquor License Law to dispose of. In two cases fines were imposed, one of \$50, and another of \$75, while another man, not a hotel keeper, pleaded guilty to two counts and was fined \$50, for each offense. Four of the cases were dismissed and one case continued for further evidence.

PAST TRAGEDY IN ITALY RECALLED

Early Trial of Man who Murdered
Wife at Lake Como

Washington, Oct. 9.—The fate of young Porter Charlton, who murdered his wife on Lake Como, Italy, in June, 1910, and who has been held a prisoner in Hoboken, N. J., for two years, will be determined within the next few days by the Supreme Court of the United States, whose session begins on the 14th. At as early a date as possible after the opening of the court the question as to whether or not Charlton will be turned over to the Italian authorities and sent back to Italy to be tried there will be argued. The prosecuting of this matter before the court will revive interest in one of the most remarkable wife slaying cases on record. It is the story of a young man of high birth and breeding, youthful in years, handsome in face and figure, of high mental gifts and quiet demeanor, caught in the fascinating grasp of an experienced woman of the world, whose checkered and hectic career furnished division for newspaper readers for more than a decade and who finally met a hideous death at the hands of the young man she had so strangely enchanted. Porter Charlton is the son of Judge Paul Charlton, solicitor of the War Department, and a classmate of President Taft. It was the intervention of the father and all the powerful influences he was able to summon which prevented the extradition of young Charlton immediately after his arrest in this country, whither he had fled after murdering his wife, cramming her body into a trunk and throwing it into the Lake Como.

AMHERST LIKELY TO HAVE NEW PAPER

Arrangements are being made
to establish a local Journal.

AMHERST, Oct. 7.—It is understood that arrangements are being made whereby in the very near future Amherst will have a second daily newspaper. There is plenty of opportunity for such an enterprise in a town as large as Amherst. The taking over of the News and Sentinel by a company, composed entirely of Conservatives, and the consequent change in the editorial policy of that paper has made it desirable from the point of view of the Liberal Party that a local paper be circulated in the County representing Liberal policies. It is understood that a very generous subscription has already been made with this in view, and arrangements will be completed in due course for a paper which will worthily uphold the standard of Liberalism in this County.

RURAL MAIL FREE DELIVERY

Ottawa, October 10.—Under the new supervisor of the rural mail delivery, work on the extension of the service is being actively pushed forward and two hundred new routes have been established in Ontario and Quebec during the past six months. Though the work became somewhat disorganized for a short period to the fact that the new government contemplated a new extension of the scheme, it is now in good condition. At the beginning of November the department contemplates having in operation the scheme of providing the rural mail carriers with postal notes and stamps so that they can be purchased by inhabitants on the different routes.

GRAPHIC CONTEST WARMING UP

Contestants Are Actively at
Work in Various Sections

The Graphic's Piano Contest in District No. 2 is already creating much interest and the Contest Editor has had numerous enquiries as to this contest. The contest in District No. 1 was such a success and the piano such a fine one that people are now anxious to help the young ladies who are in the field. At present there are only five names in nomination and there is room for three or four more. Some of the best localities are still open. Gloucester County, with the towns of Bathurst and Bathurst Village would be an excellent field for an enterprising young lady, who wishes to win a \$400. piano, as would also Gaspé Co., with its numerous towns where the Graphic's circulation is rapidly increasing, without special efforts. The following are those already nominated:
Miss Ruth Donnelly, Jacquet River.
Miss Ella Hamilton, Point la Nim.
Miss Juliet Cyr, Ruiseau Le-Blanc.
Miss Alice Robertson, New Richmond.
Miss Lydia Grenier, New Carlisle, P. Q.
Fill in a coupon and nominate yourself or a friend. Read the instructions on another page carefully and then go in to win the piano. Remember if you do not win the piano you earn 10 per cent on all the money you hand in. Write your friends and get them

NEEDED EQUIPMENT FOR INTERCOLONIAL

Much Rolling Stock Ordered
by Management

Ottawa, Oct. 9.—The cabinet at its meeting today awarded heavy contracts for rolling stock for the Intercolonial. With one exception the various contracts were awarded to the Canadian Car and Foundry Co., of Montreal. Those awarded to this company were 500 additional steel framed box cars, price \$1,210 each; 100 Hart convertible cars of 40 tons capacity; 100 steel underframed platform cars of 80,000 pounds capacity each, price \$1,070; 50 Otis all-spring dump cars 20 refrigerator cars, price \$2,058.50 each; 18,000 gallon tank car, price \$2,650. In addition the Preston Car and Coach Co. of Preston, Ont., has been awarded the contract for three baggage cars for the I.C.R. at \$7,500 each. It will be recalled that several large orders for box cars and locomotives have preceded today's announcement. to help you. Ask present subscribers to pay up arrears and one year in advance. Hustle for new subscribers, they count twice as much as renewals. Contestants are asked to mail reports weekly so as to reach us not later than Thursday evening. Remember the contest editor is at the service of all contestants and subscription lists and coupons will be furnished upon request. Subscribers remitting should fill in coupon for one of the contestants. Each new subscription counts 500 votes and every renewal for one year 250.

BE PREPARED

Winter lines up with death and taxes among the sure things of life in this Northern country of ours.

If we were all millionaires we could leave for warmer climes, directly the weather man lets Jack Frost loose to begin his yearly depredations.

But ten per cent of our population can go when and wherever they please, the remaining ninety per cent must toil the whole year round to make this possible. Do you belong to the ninety per cent?

For our Canadian winters warm clothes are a necessity and must be bought sooner or later if one would be comfortable.

Why not buy yours while our stock is practically unbroken. We have fall lines to show you now and a satisfactory and pleasing selection is very easily arrived at. Drop in and try on our new Beited Model Overcoat made for Canadian Winters.

ST. JOHN BOY IN FLAG INCIDENT

Would Not Salute the Stars and Stripes

New York, Oct. 5.—Another flag saluting incident has arisen in New Jersey. Leofric Temple, a 17 year old boy, is one of the brightest pupils in the High school of Cedar Grove, N. J. His father, Frederick L. Temple, is auditor in a business house in St. John N. B. and was formerly a lieutenant in the Fifth Canadian Artillery. Last Monday morning, when the ceremony of saluting the flag and pledging allegiance thereto was in progress in the school, young Temple was observed to place his hands in his pockets. When asked why he did this he said he had been instructed by his father not to pledge allegiance to the flag. Feley Hutchinson, the principal, reported the occurrence to the school board and was instructed to expel the boy unless he gave the pledge required of the school children.

Discussing the incident, Mr. Temple said: "I am perfectly willing to compromise this matter. I have no objection to my son taking off his hat to the American flag, just as he would take off his hat when speaking to a lady. But as to my son's pledging allegiance by repeating the sentence about pledging head, heart and hand, that shall not be done. My son and I were born in Canada and as an officer I swore allegiance to the British flag. He shall not pronounce allegiance to the American flag so long as I am his guardian."

When asked what he would do with regard to his son's education, Mr. Temple remarked that there were other schools to which his boy could go, and there were courts that were not as narrow as the Cedar Grove school board.

Mr. Frederick L. Temple was formerly a St. John man, son of the late Mr. Thomas A. Temple, insurance agent, and son-in-law of Mr. F. A. Jones, a former hotel keeper in St. John. He was an officer in the Artillery here. The boy is an earnest Britisher, and once before—four or five years ago—figured in an incident over flag exercises which riveted the attention of the school board for some time.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Fnos Lollar of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

CONVICTS KILL PRISON GUARD

Injure Two Others in Attempt to Escape.

Vancouver, B.C., Oct. 7.—Prison Guard J. H. Joynson was killed and two other guards injured on Saturday afternoon while attempting to frustrate a desperate attempt of H. Wilson and Joseph Smith to escape from the New Westminster penitentiary.

Wilson and Smith were in a stone breaking gang and as Guard Craig turned at the end of his parade, Smith struck him on the head with a hammer, knocking him down. He jumped up and grappled with Smith, getting him down; but Wilson rushed in and together they overpowered him and took his pistol. Then they ran towards the vestibule with Craig after them, but they had secured a good start. Guard Round, who was standing in the vestibule, was next attacked, while another guard was held up and his pistol taken from him. Other guards finally came to the rescue and over-powered the two desperadoes. Smith being wounded. Wilson and Smith are both long term burglars.

WEATHER IN WEST FINE

Conditions Favorable for Harvesting.

Winnipeg, Man., Oct. 5.—This weather is worth \$5,000,000 per day to the farmers of the West," said Commissioner J. Bruce Walker yesterday morning, referring to the bright sunshine and warm winds of the past few days prevalent all over the West.

"At first glance this seems a large estimate," Mr. Walker went on to say, "but when one takes into consideration that this continued sunshine and warm wind means not only that threshing of this season's crop can go on apace, but that fall plowing and winter sowing will be over this year—earlier than for some previous years, provided fine weather continues, it is worth a tremendous amount of money to the farmers who have in recent years been delayed by heavy and continued rainfalls."

"Yesterday the Canadian Pacific Railway loaded 735 cars of wheat and it is a very conservative estimate to state that from to-day on until the wheat has practically all been removed to Lake ports, no less than 1,000 cars a day will be loaded by three railroads and will pass over the rails for the east. It is hard to realize just what 1,000 cars a day means, but when I tell you that this caravan made up of twenty trains of fifty cars each laden with the grain of the West, will pass through Winnipeg every day until the work of loading is done, one can get a vague mental picture of the wonderful grain activity in Western Canada."

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. This is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain! Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and naturally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Del-River Ave., Montreal, called upon the Zam-Buk Company and told them that for over twenty-five years he had been a sufferer from eczema. His hands were at one time so covered with sores that he had to wear, in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after his cure of eczema—he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

An analysis will Zam-Buk at 50c. box, as we will send free trial box if you send this advertisement and a 1c. stamp to pay return postage. Address Zam-Buk Co., Toronto.

A TREE OF MIGNONETTE

A plant of the fragrant mignonette may be preserved from year to year, and it takes on the proportions of a little tree.

Take a good healthy plant that has grown from seeds sown in the month of April, keep it in a flower pot, and whenever it attempts to show a blossom, nip it off remorselessly.

At the end of September, or the beginning of October, cut off all the bottom shoots to make it look like a tree; move it into a larger pot, and put it in the greenhouse. Water it regularly and keep it moderately warm. Treat it in the same way the following year, cutting off all the lower shoots and blossoms, and you will have a mignonette tree that will last and bloom for years.

THE SHRUNKEN DOLLAR

Statistics gathered from all the world point with more or less certainty to the conclusion that although in the last fifteen years the rise in the cost of living abroad has been about 13 per cent., or a little more, the rise on this continent has been about 40 per cent. Reduced to plain figures this means that, while the European citizen's dollar has shrunk to about 83 cents, our dollar, measured by purchasing power of necessities, has dwindled to about 71 cents during this period.

Warmth Without Weight

You don't want to be loaded down with clumsy, heavy cotton-filled underwear, you want to feel free—FREE to move your limbs and body without carrying a load all day. GET INTO

Eureka Underwear.

The one underwear made from pure domestic wool! "NOVA SCOTIA WOOL IS CANADA'S BEST." Wool that won't shrink. Wool knit into garments which will retain all that nature intended it to do, viz., Warmth Without Weight.

Eureka Underwear is guaranteed Unshrinkable.

Note the Trade Mark below. Almost every storekeeper sells Eureka. Any trouble in seeing either on our three weights, write us. We will see that you have warmth without weight this Fall.

NOW HAVE CRUSADE AGAINST HAT PINS

Notices Posted by English Corporation Warning Women Passengers

London, Oct. 10.—The Manchester Corporation has taken steps to minimize the risks associated with the wearing of large hat pins. The tramways committee has placed notices in the tram cars, calling the attention of women passengers to the danger to other passengers from the practice of wearing unprotected hat pins. The corporation officials hope that the mere posting of the notices will be sufficient.

OVERHEARD IN TOWN

"Nice morning, Mr. A.—"
"Fine morning, yourself, sir. How are you?"
"Splendid, Mr. A.— Getting a little cold though."
"Oh, I don't feel it. I'm pretty thick skin ed."

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Began, of Wilton, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by all dealers.

SCHOOL FOR THE DEAF AT HALIFAX
 The school for the Deaf at Halifax has re-opened after the summer holidays and the Principal, Mr. J. Pearson, would be grateful for the addresses of parents who may have deaf children. There are throughout the Maritime Provinces many children who are not totally deaf, but so hard of hearing that they cannot take due advantage of the instruction in the hearing schools. Such children should attend the school in Halifax where their speech will be improved and everything possible done to help their hearing by prominent ear specialists.

TWO DEAD AND THREE ARE DYING
 Result of Prolonged Carousal at St. Malo, Que.
 St. Malo, Que., Oct. 8.—Two men are dead and three dying as the result of a prolonged carousal in the house of a doctor and of a mysterious drink which the physician is alleged to have mixed for the party.
 Jos Desrocher, A. Desrocher, Pleniox, Jos Oullette and Gandrau had been drinking heavily and exhausted their supply before they were ready to break up. It was then according to the reports which are current, that the doctor made up a drink of which the five partook.
 The ill effects became manifest on Sunday, when all five were found to be in a critical condition. Jos Desrocher and Pleniox died yesterday afternoon and to-day small hopes are entertained for the recovery of their companions.
 St. Malo is near Cookshire on the line of the Maine Central Railway, and it is said that the doctor has fled to the United States.

DRINK CURE A MIRACLE
 No, Just Sound Science
 Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomach and nerves, until the craving must be satisfied, if it is not removed by a scientific prescription like Samaria.
 Samaria Prescription stops the craving, restores the shaking nerves, builds up the health and appetite, and renders drink distasteful, even nauseous. It is odorless and tasteless, and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge.
 Read what it did for Mrs. G., of Vancouver: "It was so simple to get my husband cured that I went up to Hamilton Drug Store, and got your remedy there. I had no trouble giving it without his knowledge. I greatly thank you for all the peace and happiness that it brought already into my home. The cost was nothing according to what he would spend in drinking. The cure of drink was putting me into my grave, but now I feel so happy, and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."
 Now, if you know of any unfortunate needing Samaria Treatment, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write to-day.
 A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence strictly confidential. Write to-day. The Samaria Remedy Co., Dept. 77 49 Colborne Street, Toronto, Canada. Also for sale by Thos. Wran, Druggist, The Retail Store, Campbellton, N. B.

FORMER MAYORS FOR HARBOR BOARD
 Montreal, Oct. 7.—Ex-Mayors Ekers and ex-Mayor Laporte will be offered the vacant positions on the Montreal Harbor Board, replacing C. C. Ballantyne and E. Geoffrion.

PLEASE BE CAREFULL
 The proprietors of the Graphic would request the postmasters and clerks in the different post offices and mail clerks on the different routes to handle the Graphic mail carefully. Our circulation is now very large, and some papers are bound to go astray, but we hope to out these down to a very small percentage. We have gone to considerable expense in preparing our mailing lists so that the clerks would have as little work as possible, but if any of these have any improvements to suggest we would be glad to have them. We also request our subscribers who do not receive their paper regularly to notify us at once so that the matter can be investigated. We want every subscriber to receive the Graphic every week without fail.
 Oct. 3/11.

PARALYSIS COMPLETELY CURED
 "Fruit-atives" Performs Another Miracle
 BRISTOL, N. B., JULY 25th, 1911
 I had a stroke of Paralysis in March 1910, and this left me unable to walk or help myself, and the Constipation of the Bowels was terrible.
 Nothing did me any good and I was wretched in every way.
 I then took "Fruit-atives" for the Constipation and it not only cured me of this terrible trouble, but gradually this fruit medicine toned up my nerves and actually cured the Paralysis.
 By the use of "Fruit-atives", I grew stronger and stronger until all the Paralysis and weakness left me.
 I am now well again and attend my store every day. I say "Thank God for Fruit-atives."
 ALVA PHILLIPS.
 "Fruit-atives" not only cured the terrible Constipation, but so toned up the nervous system and the general health as to completely overcome the palsy.
 Truly "Fruit-atives" is a wonderful medicine.
 See a box, 6 for \$2.50 trial size, 25c. At dealers or sent on receipt of price by Fruit-atives Limited, Ottawa.

"BULL MOOSE" BOOM AFFECTS I. C. R.
 Great Demand for Literature Bearing Government Railway Emblem.
 The great demand for the "Bull Moose" emblem in the United States is creating a craving for the advertising literature of the Intercolonial Railway, many requests being received from American cities, and from the various outside agencies. The reason for this is that the "Bull Moose" is really the trade of the Canadian Government Railways, and the stamp of the moosehead is to be found on all pamphlets, guide books, posters, etc. The Progressive Party in the States is conducting a vigorous campaign, and the Bull Moose is being used extensively for illustration purposes, and widely circulated as a souvenir. Photos of moose are being urgently requested by publishers and printers everywhere. In some States the service of guides have been engaged to give the "moose call" at the conventions and party rallies.
 It is a curious coincidence that a political party in the United States should adopt as a party emblem the trade mark used for many years by a railway owned and operated by the Canadian Government, but the "Progressives" evidently know a good thing when they see it. Incidentally the American people will learn that it is in Eastern Canada the bull moose flourishes in his native haunts, untroubled by the contaminating influences of political strife.

WHAT TOADS ARE WORTH
 They Are The Greatest of All Extremators of Insects
 Science offers a new solution for the bug problem. It is to employ in its professional capacity, so to speak, the toad—the ordinary hop-toad of the field and garden—as an insect destroyer.
 In this business the humble toad is unequalled by any other living animal. He is the greatest big exterminator in the world. It is entirely practicable to utilize his services on an extensive scale, employing him systematically as an ally to keep in check the insects which levy an annual tax of more than \$8,000,000 upon our agricultural resources.
 There is no reason why the farmers of the country should not hatch and rear their own supply of toads for local service. With a pond or even a small pool insures against drying up during late Spring, the creatures will breed of their own accord in any deserted numbers up to the limit of the food supply available in the shape of insects. But one thing absolutely essential is that they shall be protected against their natural enemies, and by no means the least destructive of their enemies are small boys, who through more thoughtlessness kill toads whenever they get a chance.
 It is estimated that an average toad is worth to the farmer \$5 a year for the cutworms alone which it destroys. But this is only one item. The amount a toad will eat is astonishing. A large specimen has been known to devour a hundred rose beetles at a single meal. One toad needed seventy-seven night-crawlers—the household centipede—to satisfy his appetite, another fifty-five army worms and yet another sixty-five gypsy moth caterpillars. Still another toad was seen to eat thirty-five large, full grown celery worms in three hours, while another accepted eighty-six flies fed to him in less than ten minutes.
 It is a common thing when the occupants of an ants' nest are awarining and the insects are emerging in large numbers to see an enterprising toad sit at the entrance of the burrow and snap up every ant that comes out. The slaughter he accomplishes under such circumstances is frightful. But of course most ants are not recognized as insects injurious to man; and the toad unquestionably destroys some species which are beneficial to the farmer. Upon the whole, he is immensely useful, devouring countless numbers of the very worst bug foes of the crops.

Dominion Day
 Calls Lily—"What a pity you are engaged so young. You will never have the fun of refusing a man."
 Hollyhock—"No, but I've had the fun of accepting one."

Soil Fertilizing in Denmark
 According to a Consular report, the annual import of artificial fertilizers to Denmark amounted to 300,000,000 pounds with an estimated value of \$2,700,000. The Danish Government makes about 1,600 experiments every year in different localities with fertilizers, thus teaching the farmers the scientific treatment of their land.

At the International Flower Show in London, Canada and Australia were awarded blue ribbons in the form of large gold medals for the best collection of fruit.
 The King expressed great satisfaction at the admirable arrangements of the exhibits.

Disappointed Squaw Made a Pitiful Effort to Hide Disappointment
 A tragedy of disappointed motherhood was revealed at the Fairbairn Indian Reserve, in Manitoba, as the result of an investigation by the Indian Department into a supposed case of infanticide.
 The department was notified that Mrs. Gilbert Cook, a squaw of the reservation, had given birth to a child in the doctor's absence at Crane Lake; that in his absence also the child had been buried, and the Indian woman and her husband informed the doctor on his return that the infant had been born dead, and had been buried immediately after death. The chief of the tribe demanded that the body be exhumed, and when the grave was opened in it was found only a pitiful dummy of a child, a body made of moose liver bound round with bandages, a head of tea lead, on which was a baby's bonnet, while for lower limbs there were the legs of a partridge. The attorney-general's department of Manitoba was asked to investigate and find what had been done with the real child. Then there came to light the story that there was no real baby and the mock burial was a sorry subterfuge to hide the shame of a disappointed motherhood.
 The squaw had told the reserve that a little heir was expected at the Cook household. But the stork stayed away, and flame sat so heavily on the heart of the Indian woman and her husband that the subterfuge was planned.

CAUSE OF ECZEMA EXPLAINED
 IN THE PROBATE COURT, COUNTY OF RESTIGOUCHE.
 To the Sheriff of the County of Restigouche or any Constable within the said county, Greeting:—
 WHEREAS Margaret McMillan, Administratrix of the Estate of Daniel McMillan late of the Parish of Colborne in the County of Restigouche, deceased, hath prayed for the granting of a license to the Administratrix for the sale of the Real Estate of the deceased for the payment of the personal property tax that purpose.
 You are therefore required to cite the heirs, next of kin, creditors and all other persons interested, to appear before me at a Court of Probate to be held in my office in the Murray Building in the Town of Campbellton within and for the said County of Restigouche on the eight day of November next, at two o'clock in the afternoon to show cause, if any, why license should not be granted to the Administratrix for the sale of the Real Estate of the deceased by reason of there being a deficiency of personal property for that purpose.
 Given under my hand and seal of the said Court, this twelfth day of September, A. D. 1912.
 (Signed) WILLIAM MURRAY
 Judge of Probate in and for the County of Restigouche.
 (Signed) JOHN BARRELL
 Registrar of Probate.
 Sept. 26-6w (Seal)

RENEWAL REQUIRED

The government subsidy of the S. S. Canada on the Bay des Chaleurs route terminates this year, and we understand the petitions are being largely signed all along the coast praying the government to have a vessel on this route is of great importance to all along the North Shore, and as it is impossible to operate the company without the help of the government there seems to be no reason in the world why the subsidy should not be renewed for other five years.

True the railway now runs from Matapedia to Gaspe, but if the vessel is withdrawn the wholesale houses who supply the coast would be placed in the predicament of having to pay any rate the railway Company cared to exact as well as paying two railway charges. And healthy competition in rates will always tend to successful service. Further there are incalculable benefits accrued by the constant stream of visitors who making Campbellton their central point take the cruise down to Gaspe through the famous bay, and as we are endeavoring to attract the notice of such travellers, it would be direct suicide to allow our publicity to be killed by the withdrawal of the steamer. Since taking over the S. S. Canada the new company has made large improvement in the personnel and equipment of the steamer, and today according to the government inspectors the vessel is one of the best on the coasting route. The new company have worked along under many difficulties and have done excellent service with the small subsidy granted by the government which after all, remains at the same figure as it was twenty years ago, when the cost of operating was only about half what it is to-day.

The withdrawal of the steamer would be keenly felt here and all along the Gaspe coast and we trust the government will take heed to the prayers of the petition and grant a renewal of the subsidy.

HOW "DECADENT FREE TRADE BRITAIN" IS GROWING IN WEALTH

London Advertiser: The marvellous increase in the wealth and trade of the United Kingdom is registered in a blue book just issued by the British Government. In the month of August last exports and imports touched the highest figures ever recorded by a review of a period of years. Foreign trade has advanced as follows:—

Imports	Exports
1897 £451,000,000	£264,000,000
1905 565,000,000	408,000,000
1911 680,000,000	557,000,000

It will be seen that the exports have almost doubled since 1897. In 1903, a year of depression, there was much pessimism over the state of the export trade, and Mr. Chamberlain predicted the progressive decline of the great staple industries—cotton, wool and steel. An improvement set in at once, which has been maintained, as this table of exports shows:—

Manufacture	1903	1911
Iron and steel	30,400,000	43,700,000
Other metals	7,000,000	11,000,000
Cutlery and hardware etc.	4,600,000	7,400,000
Machinery	20,000,000	31,000,000
Cotton	73,600,000	120,000,000
Wool	24,500,000	37,200,000
Silk	1,690,000	2,380,000
Other textiles	10,940,000	13,800,000
Apparel	9,600,000	13,800,000
Chemicals	13,500,000	20,000,000
Rubber	—	—
and glass	3,270,000	4,700,000
Totals	234,000,000	362,000,000

OAK HALL!

Men speak of our Overcoats in the highest terms and they merit their comment.

They are from the best makers in Canada and well tailored.

Every man can find here an Overcoat that will be sure to be made for him.

Overcoats in the season's most correct models and beautiful patterns. \$7.50, 10.00, 12.00 18.00, 20.00, 22.00.

Boys' Overcoats

in single and double-breasted, military collar, styles in beautiful patterns, \$3.75, 4.50 and up.

SPECIAL—Men's Blue Serge Suit, \$15.00.

OAK HALL.

No less striking has been the growth of taxable income, an even more accurate test than the exports trade. The amount of income subject to taxation shows this increase:

Year	Gross income
1886-97	£ 704,700,000
1902-03	897,700,000
1905-06	925,184,000
1908-09	1,010,000,000
1910-11	1,045,000,000

The amount cleared in the London Banking Clearing House rose from £7,491,000,000, in 1867, to £14,614,000,000, in 1911; and the deposits in the post office savings bank similarly.

NEW PROFESSORS AT ACADIA COLLEGE

The following new Professors have been appointed at Acadia University.

Mr. Ralph P. Clarkson has been appointed to the Ivan Curry Professorship of Engineering. Mr. Clarkson a graduate of Worcester Polytechnic Institute having taken his work in Electrical Engineering; he also included most of the Mechanical subjects. Besides practical work he has taught one year in the University of Vermont and left there to accept an important position in the Patent Office in Washington. There Mr. Clarkson has been employed as a government expert in the examination of applications for United States patents in Engineering subjects, passing judgment on the operativeness, usefulness, and novelty of machines submitted. Mr. Clarkson will take up the work in Engineering formerly done by Professor Durkee.

Harold Garnef Black has been appointed Professor of English. Mr. Black was a native of Pugwash, Cumberland Co.; prepared for college in Sackville Academy and graduated from Mt. Allison in 1907 when he was valedictorian of his class. The following year he taught in the Mt. Allison Ladies College and since then has been doing graduate work in English at Harvard. He has received his M. A. from the latter Institution and has almost completed his residence for his Doctor of Philosophy requirements. Mr. Black comes to Acadia with the highest recommendations and the authorities feel assured of his success.

LETTERS TO EDITOR

Black Lands
Oct. 5th 1912

Dear Editor:—
In reading over your columns in the Graphic I noticed a letter from "One who knows" which I would name "One who does not know." They made an error when they said rum was sold in Black Lands, for the people are very much opposed to liquor, and there is not a single place in Black Lands where it is sold. It may be obtained in Charlo and likely to be. We with "One who knows" would like to have the liquor traffic stopped. Up to the present time it has not been sold in Blacklands nor is likely to be.
True Blue.

Black Lands
Oct. 7th 1912

Dear Sir:—
I noticed in the issue of the 4th an article signed by "One that knows" but I think they forgot to mention Charlo. And if there is any liquor sold in or near Black Lands, I would like to know the place, as I would not mind getting a drop.

One that don't know.
Upper Charlo, N.B.
Oct. 9th 1912

To the Editor of Graphic

Dear Sir:—
In your issue of the 4th inst. appears a letter signed "One who knows." It recalled to my mind the saying of the late P. T. Barnum that "it is wonderful how much some people know of things that ain't so." If this writer knows of so many selling liquor in the Parish of Colbourne and other places he mentioned why does he not forward the complaints against the alleged law breakers and sign his name and I will gladly prosecute the parties. Does he think that because I am Liquor License Inspector I am required to do the work of a detective. If he knows the difference between the two services he should not ask that foolish question in the opening sentence of his letter.

I do not shirk my duty when complaints come to me with the writers signature. Since I have been Inspector I have been constantly receiving complaints from people like the party who signed himself "one who knows" afraid to sign his name. If "one who knows" is so anxious to see the sale of liquor stopped in those places he mentioned I challenge him to send the names of those who are violating the law with the names of witnesses to support the charge and his real name, I will be grateful for the information and will bring the parties into the courts of justice as soon as possible.
Thanking you Mr. Editor for space in your paper I remain,
Yours Truly,
JOHN A. CRAIG,
Liquor License Inspector.

TO CORRESPONDENTS
Numerous correspondents have sent in notes this week from various places without signature. The editor is unable to publish items which are not signed by the correspondent (not necessarily for publication) but as an evidence of good faith. We are always glad to receive social and news items from all the towns along the bay, but the better way is to drop the editor a line signifying your intention of doing so, and stamped addressed envelopes will be forwarded for the correspondents use.

WISE MAUD
Maud Muller, on a summer night,
Turned down the only parlor light.
The judge, beside her, whispered things,
Of wedding bells and diamond rings.
He spoke his love in burning phrase,
And acted foolish forty ways.
When he had gone Maud gave a laugh
And then turned off the dictagraph.

Electric Restorer for Men
Phosphonal restores every nerve in the body
and vitality. Premature decay and all sexual weakness—swelled, at once. Phosphonal will make you a new man. Price \$1 a box, by two for \$2. Sent to any address. The Sarsaparil Drug Co., St. Catharines, Ont.

A \$15.00 SUIT.
Here's Something Special.
Without a single extreme feature and just the style to appeal to the quiet, correct dresser, who knows that the best dressed man is the one who is quietly but carefully dressed.
Tailored by experts, a fine, rich imported worsted, with mixed brown pattern. Priced lower than anything of similar quality, —\$15.00.
Other suits at \$12, 13, 17.50 to 22.00.

ATTENTION TO DETAIL ON L.C.R. DINING CAR

It is the little things of life that count, and careful consideration of the smallest details with regard to public service is sure to bring its own reward. This it was that the superintendent of the Inter-colonial Railway Dining Car Service recently received a letter from a gentleman well known in Canadian Financial and Industrial circles, complimenting him highly on the excellence of the menu and the service on the L.C.R. dining cars and incidentally enquiring the name of the producer of some very fine breakfast bacon which he had enjoyed, as he would like to procure some of the same curing for his own household.
A dish of bacon on a dining car does not seem an important thing when so many other palatable dishes are served, yet here is a case where attention to detail counted, for it earned the appreciation of one whose appreciation was worth having.

NO REASON FOR DOUBT

A Statement of Facts Backed by a Strong Guarantee
We guarantee complete relief to all sufferers from constipation. In every case where we fail we will supply the medicine free.
Resall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic. They re-establish nature's function in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by anyone at any time. They thoroughly tone up the whole system to healthy activity.
Resall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. Two sizes, 10c and 25c. Remember, you can obtain Resall Remedies in this community only at our store—The Resall Store, Thos. Wan.

Aviators are not the only people who deliberately take chances. There are many amateur mushroom gatherers.
Miserable Salaries, it seems, are paid school teachers in Quebec. Still, the privilege of wielding the birch is worth something.
James Scott of Youngstown made a record the other day. He drank a quart of whiskey in five minutes and died in thirty.

LOCAL ITEMS OF INTEREST

Newsy Notes of Town and Country Happenings Gathered by Graphic Reporters.

HAS SEVENTY FOXES

There are now thirty-five pairs of foxes on the Tupper farm, near Summerside. It is proposed to start a fox farm near Buctouche, N. B.

THE LATEST

The latest rumour around town is that a Ladies Bridge Club will soon be organized. Entertainments are so far between that some mild form of excitement is necessary.

MASONS MEET

The regular monthly meeting of the Masonic lodge was held in the Masonic Temple on Monday evening. A number of visiting brethren were present.

A WARNING

At the Police court on Monday, before Police Judge Matheson, George Jones (26) colored man, a native of Nova Scotia was charged on two counts of indecent behaviour. He was found guilty and was sentenced to six months imprisonment on both charges.

THE PRICE OF CODFISH

The price of dry codfish is off from 50 to 75 cents per quintal. It turns out that the eastern catch of codfish was a good one, although they were very scarce here. The fishermen are reported to be landing great numbers of them in Bay Chaleur just now.

FIREMEN'S MEETING

A meeting of the members of the Fire Brigades was held on Monday evening for the purpose of making arrangements for the firemen's depot. This event will probably take place towards the end of the present month.

VETERANS AWAITING CHECKS The veterans of the Fenian Raids, who reside in Fredericton and vicinity are still awaiting their checks for the grants voted them. Advice from St. Stephen are to the effect that several veterans there have already their money and others are expecting it.

TUG BOAT FIRM IN DIFFICULTY It was announced in St. John, yesterday that the firm of Taylor Bros., tug boat owners and operators of that city, had suspended payment. The announcement was greatly regretted but there is a possibility of the matter being arranged with the creditors.

BASKET SOCIAL

An enjoyable basket social was held in the High School on Friday evening, large numbers turning out. The sum of over \$30 was realized from the sale of baskets, and after the good things had been attended to, some of the younger guests enjoyed a little tripping of the light fantastic toe.

LAW EXAMINATIONS.

On Tuesday next, October 15th, examinations will be held at Fredericton for admission as attorney, also intermediate examinations for those not taking courses at law schools. It has further been arranged that there will be a special examination for entrance at students-at-law. This has been arranged for an intending student who was unable to take the regular examinations in August and others are expected to avail themselves of the opportunity.

DREDGING SUPERINTENDENT

Mr. Harold H. Donnelly, an Ontario man, has arrived in St. John and will it is understood, take over the duties of the superintendent of dredging when Mr. George G. Scovell retires. The orders for Mr. Scovell's retirement on November 1 are understood to have come from the officials at Ottawa, and to have been a surprise to the politicians. The explanation offered is that it is intended to change the system and that Mr. Donnelly will have charge of dredging work in three provinces. Mr. Scovell is a good and faithful officer and it is understood that influential friends of both parties are opposed to his retirement and will endeavor to have the order rescinded.

LOSS OF THE PEERLESS.

Some further particulars of the loss of the schooner Peerless, Captain Llewellyn, have been received. The schooner sprang a leak during the gale of September 30 last off St. George's Bank. The vessel was awash and the crew were constantly at the pumps until the morning of October 3, when she was abandoned. The crew of seven all took to the boats, and in about an hour afterwards the Peerless sank. After rowing for forty hours the crew landed at John's Island and on Saturday the men were taken to Wood's Harbor in a gasoline boat. From there they went to Yarmouth, reaching the latter place on Saturday last. The crew were paid off at Yarmouth. Captain Llewellyn, who described the storm the worst he had ever witnessed on the coast, will come to St. John. The Peerless was bound from Perth Amboy to St. John with a cargo of hard coal for Mr. C. E. Colwell.

AWKWARD ACCIDENT

On Monday afternoon Mr. W. H. Ferguson met with a mishap in his store, having the misfortune to break his arm above the elbow.

PROFESSIONAL

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the Waverly Hotel, Campbellton, FRIDAY, OCT. 12th, where he may be consulted professionally.

NOTICE OF MARRIAGE

At the rectory, Dalhousie, Sept. 30th, St. Mary E. Beckingham and Myrtle Atkinson by the Rev. R. J. Coleman.

HEALTH IMPROVED

The Sackville correspondent of the Standard writes—Dr. J. R. Inch, ex-Superintendent of Education, has been spending a week at Amherst Hospital undergoing treatment and returned home on Monday much improved.

CANNOT SELL PARTRIDGES

Many people are asking whether partridges may be legally sold in this province. The answer is that they cannot. Though a clerical error the year 1912 was inserted instead of 1915 in the regulation and this has been rectified. The Royal Gazette announces that neither partridges nor woodcock can be legally sold before Sept. 15, 1915.

WHAT OTHERS THINK

Mr. Grattan M. P. P. of St. John who spent the last week end here expressed his appreciation of new Campbellton. He was greatly surprised at the class of buildings now erected and said that the progress made by the town although heard of in St. John must be seen to be realized.

MEETING OF REVISORS

A meeting of the revisors of electoral lists for the province of New Brunswick will be held at the office of the Slogue Sewing Machine Co. on Tuesday, Oct. 22. Messrs J. O. Pichette, A. G. Adams and Harvey Gillis are the revisors. See that your name is properly enrolled.

FAT POST

The Sackville Tribune remarks: It is said that Hon. George E. Foster will take up duties in London next year as imperial minister, from Canada, with a salary of \$15,000 a year and possibly a residence and other allowances in the way of living expenses. Steps are now being taken for the purchase of a Canadian office in London near Westminster Abbey and adjacent to the houses of parliament.

WANTED

A girl for general housework in small family. Good wages. Apply in writing to (L) care GRAPHIC OFFICE Oct. 10-21ms

LOST OF THE PEERLESS.

Some further particulars of the loss of the schooner Peerless, Captain Llewellyn, have been received. The schooner sprang a leak during the gale of September 30 last off St. George's Bank. The vessel was awash and the crew were constantly at the pumps until the morning of October 3, when she was abandoned. The crew of seven all took to the boats, and in about an hour afterwards the Peerless sank. After rowing for forty hours the crew landed at John's Island and on Saturday the men were taken to Wood's Harbor in a gasoline boat. From there they went to Yarmouth, reaching the latter place on Saturday last. The crew were paid off at Yarmouth. Captain Llewellyn, who described the storm the worst he had ever witnessed on the coast, will come to St. John. The Peerless was bound from Perth Amboy to St. John with a cargo of hard coal for Mr. C. E. Colwell.

WANTS TO EXPROPRIATE

George G. Gilbert, of Bathurst, appeared before the meeting of the local Government, at St. John, on Wednesday representing the Bathurst Electric Light Company. He asked permission to expropriate certain lands on the Teitogouche River, near Bathurst, for the purpose of developing power to supply light to the town of Bathurst. The company was unable to purchase the land from the owners, and consequently were forced to seek expropriation powers. The application will likely be granted.

DEATH OF CHILD

Mr. and Mrs. Charles Stevens have the sympathy of the community in the loss of their bright eight months old child on Wednesday. Death was caused by inflammation of the lungs.

DREDGING AT DALHOUSIE

The Northern Dredging & Construction Co. Ltd., has been awarded the contract for the dredging to be done at Dalhousie. The contract price calls for the expenditure of about \$1,000.

MOOSE PLENTIFUL

The I.N.R. trains have so far this season killed three moose on the track. Moose are frequently seen by train hands in the vicinity of the railroads.

FOX FARM HERE

The Graphic understands that two or three young Campbellton men, with another Bathurst man are preparing to go into the black fox farming. Already one pair of black foxes have been purchased. A very desirable site has been chosen.

MARRIAGE

At the manse by Rev. T. P. Drumm on Oct. 8th, William Arthur Mann of Oak Bay to Mabel Hunter also of Oak Bay.

SAMPLE COATS

Mr. J. F. Gallagher has taken advantage of an opportunity to buy a lot of children's Bear Coats which he will dispose of at wholesale prices.

SUMMER WEATHER

Monday was a beautiful summertime day, but it lasted only for one day. Tuesday the wind was from the North and there were several snow flurries.

THE PEOPLE'S CHURCH.

A meeting for all people will be held in the Opera House, Sunday evening, at 7 o'clock. Rev. J. Hugh Jenner, M. A., will speak on the question, "Does God suffer with His People?" Special music by mixed quartette.

COMPANY, MORE ESPECIALLY BY THE LEADING ROLES ENACTED BY MARGIE ADAMS AND H. WILMOT YOUNG.

Favorites from the opening, they easily held the audience until the last act. It is safe to say that crowded houses will be the rule for the balance of the week, for with such plays as "Jane Eyre" "Ishamel" "The Girl of the Sunny South" etc., the patrons of His Majesty's are assured of entertainment of the highest order.

A big feature of the Young-Adams Co. is the capable specialties introduced between the acts, and seldom have they been bettered—and no less than six are on the programme for every performance. The musical act of Archer and Garlow is exceptionally good and brought down the house. Shadrack and Talbot in a singing and comedy sketch, Baby Marguerite; Kola, the Frog, and Edw. B. Hugh, are sure to make good during their stay here. By the looks of things last night tickets will have to be spoken for in good season if you don't wish to stand up.

DRUGGISTS' SUNDRIES

Trusses \$1.00 to \$10.00
Suspenders 25c to 5.00.
Abdominal Supporters 1.50 to 5.00.
Fountain Syringes 1.00 to 5.00.
Hot Water Bottles 1.25 to 4.50.
Everything in Rubber Goods and best quality.

AT LAST, HE IS FREE OF LUMBAGO

Because He Took GIN PILLS

Winnipeg, Jan. 6th. "I have been a sufferer from Lumbago for some years past and during Christmas week had a very acute attack which confined me to the house. About the latter part of April, I met your Mr. Hill and mentioned my complaint to him. He advised me to take GIN PILLS. I have been taking them at intervals during the early part of the present winter, and up to date have had no return of my old trouble—in fact, I feel better than I have for years and think that my old enemy has vanished for good and all."

H. A. JUKES. GIN PILLS will protect your Kidneys and Bladder against the ravages of winter. No matter how much you may dread cold weather, because you have been subject to Rheumatism or Lumbago, you will be free of pain if you take GIN PILLS. 50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 136

CLAIMS AGAINST OTTAWA CITY

Actions are the Outcome of Typhoid Epidemic

Ottawa, Oct. 10.—Several claims for compensation on account of the typhoid fever epidemic and alleging negligence on the part of the city, have reached the city hall. Some sent in the doctors and hospital bills, others have not. Several point out that the illness had left members of the family unable to work and that they are now nearly destitute.

There were upwards of one thousand cases of typhoid during the recent epidemic, due, it is claimed, by impure water, and if the city is held responsible for the epidemic it will be costly for Ottawa.

MOORES SETTLEMENT

The weather which has been quite cold for some time has changed and we are now having some very fine weather.

Messrs Cameron and William Adams left Monday on the I.N.R. for their lumber camps on Kedgewick.

Mrs. J. R. Miller, Bass River is visiting her father Mr. James Adams Sr. "Willow Cottage."

Mrs. David Fraser was visiting her daughter Mrs. Wm. Ferguson last week.

Mrs. R. O. Styles who has been very ill for sometime, we are pleased to say is slowly recovering.

Mr. Arnold Baxter, Three Rivers was the guest of Mr. and Mrs. A. J. Adams last week.

Mr. Richard Ayters paid a flying visit to town on Thursday.

FIVE FINGERS I.N.R.

Many of our readers may not know of the bustling little village up on the I.N.R. where but a few years ago the best of the forest reigned supreme. To day you will find some 10 families, mills, stores, etc., and a crowd of men daily going and coming to and from the lumber woods.

Just a mile above us is the little village of Anderson which in a few years time bids fair to become a good farming country.

Here at Five Fingers the firm of J. D. McLaughlin have a branch office and supply sheds and employ each winter in the vicinity of 300 men in the lumber woods. The Richards Manufacturing Co. also have sheds enclosing the land laid off for settlement in all directions.

The inclemency of the weather, which was especially severe in this locality has given our farmers slight encouragement this season, but all are looking forward hopefully to the season of 1913.

And our forests, alive with game of all kinds from the antlered moose to the speckled partridge, would entice any sportsman to waltz forth with powder and shot. Every other day we are stalking around with men behind them.

A restaurant has been opened at this siding which fills a long felt want. Travellers can now have good meals and lodging. Also a new hotel which will be known as the "Five Finger Hotel" within an acre of the siding will be opened up here in a few days, so there will now be ample accommodation for those who may come to spend a few days in this "sportsman's paradise."

The mill now owned by Mr. Pelletier formerly belonging to Mr. Des Chenes, is being rebuilt and repaired and in a short time will be in operation with a larger crowd than before. Mr. Michaud's mill, a mile above us is a fine structure, well equipped, and will be in running order in a couple of weeks.

We also have one large store and several smaller ones, besides three at Anderson, and we expect a Post Office in a very short time. What is the matter with Five Fingers?

PASPEBIAC WEST

The weather is getting cool again and we have had heavy frost. People are busy digging and harvesting, and the crop appears to be good one.

Mr. H. Scott has returned from a trip to Toronto and Montreal where he has been visiting friends.

Mr. Hugh Johnson of Black Cape who was relieving Mr. H. Scott has returned to his home.

Miss Stella Scott only daughter of John T. Scott was united in marriage to Mr. McCleymont of Montreal formerly manager of the Bank of Nova Scotia here.

Master Wilson Scott has gone to Montreal to take up a position with the Northern Electric Co.

Rev. Mr. McCallum, pastor of New Richmond church was in this place last Sunday.

A number of carloads of fish are being shipped by the Robin Jones & Whitman Co., for export.

Mrs. F. J. Scott left for her home in Winlock, Wash., U. S., on Tuesday, after a stay of three months in this vicinity this was her first visit home in 28 years.

We will be glad to hear any of the bands at any time to break the stillness in this little village.

BLACK CAPE

Rev. George Anderson filled the pulpit in St. Andrew's church, New Richmond on Sunday morning Sept 29th and at Black Cape in the evening where he preached most interesting sermons before large congregations.

The Dr. Wardrop and McCurdy Mission Band held their annual talks offering meeting in the Black Cape church on Friday evening Sept. 27th which was most interesting.

Miss Mamie McLeod left on Saturday for Montreal to take up her duties there after spending a few weeks with her sister Mrs. Wallace McRae.

Mr. and Mrs. J. A. West and children have returned from Port Daniel and have taken up their abode at Pomana Cottage.

Mrs. Wm. Jamieson and children of Bathurst Village are in Black Cape and intend to spend the winter with Mr. and Mrs. Robert McLennan.

Mr. and Mrs. Sydney McLellan are receiving the hearty congratulations of their numerous friends on the arrival at their home of a son.

Mr. and Mrs. George Willett of Caplin River are also being hearty congratulated by their many friends on an addition to their family the new arrival being a little son.

Mr. and Mrs. John Steele drove to New Carlisle on Sept 25th where they attended the marriage of Miss Annie Cooke of that place.

Messrs Alvin Jamieson and Earl Campbell returned on Wednesday to St. Omer to resume their duties with the Chappell Bros.

Mr. Herbert Campbell spent Sunday Sept. 29th in St. Omer.

Miss Robina Stevenson and Miss Winifred Campbell spent Sunday Sept 29th in New Richmond with friends.

Mr. Sydney McLellan arrived home Oct 4th from Ont. where he has been for some time employed in railway work.

The many friends of Mr. Wm. Burton are sorry to learn of his illness but hope he will soon recover.

Mr. Duncan Campbell has returned from a trip to Gaspe.

Mr. Ernest Steele and Miss Gertrude Cooke drove to New Carlisle on Sept. 25th where they attended the marriage of their cousin Miss Annie Cooke.

Mrs. J. E. Pritchard and children who have been spending the summer in Black Cape with relatives and friends have left for their home in British Columbia.

Messrs I. D. Morrison, Norman McNair, and Ernest Belanger returned from a hunting trip on Sunday night.

Mr. Harry Scott of New Carlisle was a visitor in Black Cape recently.

NEW CARLISLE

We are again sorry to relate the death of one of our old and respected people Mrs. Wm. Cook who passed away Monday morning Oct. 7th after a lingering illness which she bore very calmly to the end. She had come to the ripe old age of 84 years, but was always active until about six months ago when she began to weaken which resulted in her death. She leaves to mourn her loss four sons and three daughters, Alfred and W. E. Cook, North Dakota, Charles and Arthur of this place, Mrs. Edward Steele of Black Cape P. Q. Mrs. H. Miller and Miss Clara of this place a number of grandchildren and several great grandchildren. She was a loving mother and very much thought of by all who knew her. Interment will take place on Wednesday 2 p.m. in the Episcopal cemetery.

Rev. T. P. Taitrie and wife also Mr. J. O. Shears returned by Saturday train Oct 9th from Fictou N.S. where they attended a meeting of the Maritime Synod and report a very enjoyable and profitable trip.

The farmers here are taking advantage of the fine weather and many are well advanced with their grain and potatoes.

Mr. J. O. Shears expects to ship potatoes about the 12th or 14th of Oct. The crop is very good in this vicinity and prices are very low.

Confidently Guaranteed
YOU'LL LIKE THE FLAVOR.
Or you get your money back.
35c., 40c., 50c. per lb.

KING COLE TEA

favorable owing to the wet and unsettled weather, which is quite different to the conditions here. Last Sunday was one of the warmest days seen for a long time, although the average weather continues dry and frosty.

According to the way things look much of the grain will be cut in a green and unripened condition.

Rev. Fr. Rious preached his first sermon in the Catholic Church in Bonaventure last Sunday, owing to Rev. Fr. Gravel having departed from Bonaventure to take up his duties in some other locality.

We understand that the Bonaventure Brass Band is making excellent progress under the auspices of their Professor from Campbellton who is teaching them. This Band was organized by the members of the Canadian Foresters. We wish them success.

The Bonaventure Baseball Stars have given up all hopes for any more matches this fall, but according to a statement made by one of the players, if they are active next Spring, they intend to reorganize and show a hard fight against their opponents who have beaten them twice during the fall.

KRACKED JOKES
From New Carlisle.
A—"I am thinking of dabbling a little in stocks. What's a good thing to put your money in?"
B—"Your inside pocket."

The Lady—"My kingdom! you back here again? I'll bet you ain't done a day's work since you were here before?"
Tramp—"You've done me an injustice ma'am! I've done sixty day's hard labor since I last seen yer. "Now, won't yer please pump?"

A TOAST
To the N. C. F. & D. B.
Here's to our band!
It's certainly grand,
The music is as sweet as honey;
We've got good drums,
And we're not bums,
We know how to be merry.

ST. OMER

The Chappell Bros. lumber mill was closed down for a few days last week on account of some little damage by fire which started in the furnace room on Saturday night.

The Norwegian barque Carmel is in port loading a cargo of deal for Chappell Bros. They have cleared two large steamers this summer, which will carry away nearly five million feet of deal besides a large shipment of shingles and laths which have been shipped to the U. S. market.

Mr. and Wm. Walker spent Sunday in Nouvelle.

Mr. Angus Bond who has been working for Chappell Bros. left on Monday for his home in Gaspe.

Alvin Jamieson and Earl Campbell have returned to St. Omer to resume their duties with the Chappell Bros. after a short trip to their homes in Black Cape.

Mr. Giroux of Chaleurs has been in St. Omer lately in the interest of the Cascapea Mfg and Trading Co.

Mr. Howard Harper of Escuminac drove to St. Omer on Sunday afternoon accompanied by Miss Jennie Campbell of Black Cape.

RIVERSIDE, N.B.

We are enjoying a lovely spell of weather after a week of heavy frost and a small snow storm.

Mr. and Mrs. James P. Walker have returned from a pleasant visit spent among friends and relatives in Selwood and Balmoral.

Mr. Robert Roberts has returned from a business trip to Dalhousie.

The farmers are looking forward to a big harvest of potatoes but the oats crop seems to be a failure.

Partridge seems to be quite plentiful along the river and the report of the guns is often heard in the land.

Mrs. James Walker was the guest of Mrs. James McNaughton last Thursday evening.

Mr. Duncaan G. Myles of Brandy Brook passed through here Wednesday morning en route for Campbellton.

Mr. E. W. Roberts paid Matapedia a flying visit on Saturday last.

Mr. and Mrs. John Sharpe, Dec Side P. Q. were visiting Mr. and Mrs. J. P. Walker on Sunday.

We notice Mr. and Mrs. James Adams of Moores Settlements P. Q., passed through here this week to spend the winter at their home here. Mr. and Mrs. Adams have been spending the summer months at Kedgewick, Dunbars Point where Mr. Adams was managing the affairs of Mr. Alex. Mowat.

Miss Wesley Myles was the guest of Mrs. J. P. Walker on Sunday last.

Mrs. John Myles was visiting Mr. Stephen Walker one day last week.

Wedding bells will ring in the near future for a score that of one of our young bachelors provided they don't get field married.

COLLECTOR OF CUSTOMS DISMISSED

J. J. Harrington Appointed in Place of D. J. Hachey.

Bathurst, N. B., Oct. 4.—J. J. Harrington, clerk of the peace, was sworn in today as collector of customs for this port, in place of D. J. Hachey, dismissed.

SERVIA has confiscated all the automobiles and will use them for war purposes. War in these days mean more than mere bloodshed. It means a gasoline shed also.

THIS BABY TO BE "PERFECT WOMAN"

Minneapolis, Oct. 10.—To become the world's most perfect woman physically is the future mapped out for Margaret Terry Hudson Grant, two years and two months old, by her father, Richard Grant, director of track athletics of the University of Minneapolis. Ever since she was three weeks old the baby has been training for the place she is expected to fill. Systematic exercise under the careful supervision of her father, who himself was formerly a track star at Yale and who has "made" many Minnesota athletes, is as much a part of little Margaret's daily life as the food she eats.

The exercises have already had wonderful results. Some of the ways in which Margaret differs from other two-year-olds are these: Every part of her body is perfectly formed. She has a normal chest measurement of nineteen inches and an expansion of nearly two inches. Her biceps muscles measure five inches. She could walk when she was ten months old. She could swim when she was eight months old. She weighs twenty-eight pounds, without an ounce of fat on her little body. She can walk up three flights of stairs and back without stopping.

The little girl, who has just begun to talk, delights in her exercises. The more common of these include a wand drill to strengthen and develop her chest muscles; exercises on a horizontal bar, consisting of a cane held in the hand of her father, to which she can hang for forty-five seconds; swinging back and forth while holding to her father's finger, and reclining on the floor and rising without touching her hands to the floor.

REVENUES OF CANADA ARE SOARING

Report for Half Year Ending September breaks all Records

Ottawa, Oct. 10.—The semi-annual financial statement issued today showed that the revenues of Canada were never so buoyant. The national debt in six months has been reduced by no less than ten and a half millions of dollars. The revenue for six months from March 31st to Sept. 30th, breaks all records, reaching \$81,378,650. This is an increase of \$17,309,176 over the six months of 1911. The increase is no less than 27 percent, which is the record. It is estimated that the figures for the year will touch the unprecedented sum of \$170,000,000.

The half year's revenues consists of Customs, \$56,455,140; excise, \$10,152,014; post office, \$4,850,000; public works and railways, \$6,720,570; and miscellaneous, \$3,200,911. The expenditure upon the consolidated fund for six months was \$43,931,539 against \$25,934,456 last year. The expenditure on capital account was \$11,671,983, against over twelve millions last year. One of the largest reductions in capital expenditure is on the Transcontinental, although Major Leonard has been rushing construction. The net debt on Sept. 30th 1912, stood at \$313,508,876, compared with \$323,038,768 during Sept. alone there was a reduction of about three millions.

GENERALLY regarded as a modern disease, appendicitis was known in Egypt 5000 years ago and accurately described in still existing records.

ACCORDING to exhaustive tests by two German scientists one coat of paint or varnish protects iron from corrosion better than two or more coats.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

WHEN RAILROADS RACED

The manager of the Canada Atlantic was ambitious says Edward Hymas, writing in the Canadian Magazine on E. J. Chamberlin, the new president of the G.T.R. When he had succeeded in putting his track in good shape, he went into the market to secure a couple of "roadsters." He would build, he said, a pair of black flyers that would stover this 120 in 120 minutes. When he placed the contract for these two locomotives the main specification was that they should make seventy miles an hour with a full train. In a little while the new engines were delivered at Ottawa and tried out. "They delivered the goods." They actually hoisted along the line at a mile a minute, and to test them, they were speeded up to eighty miles an hour. The big competitor, with its splendid track and rolling stock, was amazed at the speed of the little line. Presently the two roads—three, in fact, because the Grand Trunk was made a part of the route—got together and slackened the maddening speed. A few years later the little line was absorbed by the Grand Trunk System.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my fam-

ily, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for women's ills known.

THE CANADIAN MAGAZINE for October is notable for the quality and quantity of its fiction. The first story, "Valuable Space," by Ethel Seymour, a young Canadian writer, is an exceptionally fine newspaper tale, and it is related with verve and an intimate acquaintance with the subject. There is a fine story of the wilds by C. Lintern Sibley, with other stories of absorbing interest by George Randolph Churchill, Harold Erye and G. A. Palmer. Dr. J. D. Logan contributes an analytical essay entitled "The Witchery of Woman's Smile," with illustrations, and there are as well "The Ring in Hyde Park," by John Edgumbe Staley, "A Tennysonian Interpretation," by Professor Adam Caruthers, "The Queen Victoria Niagara Falls Park," by Frank Heigh, "How Much Shall I Tip?" by Louise Hayter Birchall; "The Art of Mary Riter Hamilton," by Florence E. Deacon, and a sketch of Mr. E. J. Chamberlin, the new President of the Grand Trunk Railway system.

LARGE WATER POWERS

A report has just been filed at Victoria, B. C., on the water power of the Willow river, about 17 miles east of Fort George. At this canyon it is proposed by the Fort George Power Company, Ltd., a company which has undertaken the work of development there to develop cheap power for manufacturing and other purposes. In the development scheme a dam is planned to create a service reservoir which will be the means of maintaining a constant head of water on a turbine to be installed in a power house situated on the lower face of the dam. In addition, a smaller dam will create a local storage reservoir. According to the report 40,000 or 50,000 horse power might be obtained with a sufficient storage. Such an asset should prove an important factor in the industrial growth of this Grand Trunk Pacific townsite, closely situated as it is the sources of supply for raw material.

According to an English dietary expert, growing children should eat to repletion. The maximum of leaving off hungry at a meal must not be applied to them.

GETS MARRIED ON STOLEN MONEY

After Short Married Life Bridegroom gets Penitentiary

Windsor, Ont., Oct. 7.—A month ago Charles H. Doss, aged 22, of Leamington, stole \$50 from his former employer in order to marry Miss Grace Dodge, of Leamington. The wedding took place and the young couple went to Detroit to live. Doss was located and arrested for theft, brought back to Windsor and committed for trial. He was arraigned before Mr. Justice Britton at the Sanwich assizes, found guilty, and sentenced to two years in Kingston. Doss was without counsel. His bride, who is but 18 years old, was not in court, and her parents say she will have nothing to do with her husband after his release.

Prof. Father—"There is one good thing about that young man that called to see you last night, he is healthy."

Daughter—"That is real nice, but how do you know?"

Prof. Father—"I heard you say when you met him in the hall, 'Oh Billy, how cold your nose is!'"

FLEURANT POINT

A very pretty wedding took place here on Tuesday, October 8th, at 12 o'clock, when Miss Mary Dunville, youngest daughter of Mrs. Jane Dunville, became the bride of Mr. Walter McDonald of Espanola Falls, Ontario. The ceremony was performed by the Rev. P. L. LeBel, in the presence of the immediate relatives and friends. The bride, who was given away by her brother, entered the parlor to the strains of Mendelssohn's wedding march, played by Mrs. LeBel, and wore a lovely gown of embroidered net over white satin. The bridal party stood under an arch of evergreen and autumn leaves and were unattended. After the ceremony and the usual congratulations the guests repaired to the dining room, where a dainty luncheon was served, after which Mr. and Mrs. McDonald left on the 8-45 train for their future home in Espanola. The bride's travelling suit was of navy broadcloth with velvet hat. The presents were numerous and beautiful consisting of gold and silverware, cut glass, china and linen. The groom's gift to the bride was a beautiful gold watch and chain. The out-of-town guests were Miss M. McDonald of Riverside and Mr. and Mrs. McKenzie of Moncton.

FOR BALD HEADS

A Treatment that Costs nothing if it fails.

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will retard baldness, overcome scalp and hair ailments, and if any human agency can accomplish this result, it may also be relied upon to promote a new growth of hair.

Remember we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Thos. Wm.

INTERESTING COMPARISON OF RATES

Ottawa, Oct. 9.—An interesting comparison of freight rates on Canadian and American roads in the West was the feature of yesterday's session of the Western Rate Inquiry before the Railway Commission. That for short distances American tariffs were less and for long ones greater than the Canadian railways was indicated. Density of population and greater development of American States was given as the reason for this.

Mr. W. R. McInnes, freight traffic manager of the C.P.R. was again on the stand yesterday and continued his explanation of the statement of reductions of the C.P.R. on Monday. The volume of reductions entitled series A was finished, and another entitled series B presented showing a comparison between United States and Canadian rates.

That in many cases C.P.R. rates in the West were lower than American ones for similar distances was the trend of Mr. McInnes' evidence. Mr. McInnes gave population figures of American States where rates were higher than in the Canadian West.

Maitland, N. S., Oct. 10.—A fatal shooting took place here Wednesday when Joy Tomlinson, about 15 years of age, daughter of Mr. James N. Tomlinson, was accidentally shot by a toy rifle, not supposed to be loaded, in the hands of her little brother of about twelve years. The boy brought the gun down stairs and laid it on the table in the kitchen where the girl was. She was the only daughter and housekeeper, her mother being dead about two years. After a few minutes he put the gun on his shoulder and was going out when it was discharged somehow, the bullet entering just below the throat. The girl fell and lived but a short time, being dead when Dr. Creelman arrived.

NEWSPAPER PLANT SOLD AT AUCTION

Fredericton, Oct. 10.—The Mail Publishing Company's plant and business was sold at auction to-day under an execution issued for the Toronto, Type Foundry Company and subject to a trust deed held by Mr. J. J. F. Winslow. Mr. J. P. Farrell bid it in as the nominal purchaser, after a conference with A. J. Gregory at \$625, it being announced that the sale was subject to a bonded indebtedness of \$7,117.16.

SWEATERS.
