BEAVER BOARD. If you are building or going to complete your unfinished rooms, let us show you some selected samples, illustrating the beautiful color effects obtainable by using this material and suitable board for walls and ceilings in all classes of buildings. We carry a large stock in assorted sizes.

MAIL ORDERS. We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how long we are in the possession of our factory in which the finishing goods are made. While we have exceptional facilities for promptly turning out goods, it is impossible to place orders so far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.

VICTORY LOAN CREATES ENTHUSIASM
Committee Hard at Work to Make Loan a Success—Buy a Bond.

Canada must make the new Victory Loan a success. It is up to the people as a whole to do their part. In the former loans the larger part was subscribed by the large business institutions, banks, insurance companies and brokers but this loan is intended for all the people. The bonds, which will be issued in \$50, \$100, \$500 and \$1000, denominated in interest at 5% per cent, payable semi-annually, and have interest coupons attached, should be represented in every home. The man of woman of small means who buys a \$50.00 bond will be doing just as much to help Canada win the war as the bank or company which takes \$100,000.

The Restigouche committee is making preparations to see that every home in this county has an opportunity to buy a bond. While it will not be possible to visit every home and put the matter up to every man or woman personally, advertising matter setting forth the necessity of making this loan a success is being published in the papers on attractive posters, so that all can see them.

Restigouche has been assigned at least a quarter of a million dollars of this loan. We know from experience that its citizens will do what is expected of them, but this means that every available \$50.00 will have to be subscribed.

Some may say "If we put all our money in the Victory Bonds how are we going to carry on business?" The answer is given by the banks as follows: Any bank in Canada will loan on these bonds as to practically the face value or the value as then quoted on the market. There is not security issued anywhere on which at the present time and in future, the borrower can secure a loan nearer the face value. The rate of interest charged by the bank will not be more than 6 per cent.

FORMER CAMPBELLTON RESIDENT DEAD
Edward W. McNeil Passed Away in Nanaimo Hospital Recently.

The death occurred in the Nanaimo Hospital, Vancouver Island, B. C., on October 18th of Edward W. McNeil for the past thirty years one of the best known residents of Restigouche. He was a native of Dalhousie, N. B. aged 64 years and was a harness maker by trade. He had resided in Campbellton, N. B. for several years before going west. In Nanaimo for years he conducted a business with the Crescent and later in a brick building erected by him on Wallace Street and known as the McNeil block. He retired from business some six years ago and took up his residence in Northfield, removing to Nanaimo less than a year ago. He had been in failing health for some time.

Besides three daughters residing in Vancouver, he is survived by three brothers, Havelock in Dalhousie, John in Boston and James, Nanaimo with whom he resided—Nanaimo Free Press.

MANN'S SETTLEMENT BOY KILLED
Another Member of Fighting 26th Makes Supreme Sacrifice.

Mr. and Mrs. Wm. Irvine have the sympathy of the whole community in the death of their son Private Richard Irvine who was killed in action on August 11th 1917. Private Irvine was 21 years of age, born at Mann's Settlement Feb. 9th 1896. Enlisted at Campbellton, N. B. on Jan. 12th 1916, in the 132nd North Shore Battalion, from there he went to Valcartier, and on October 4th, 1916 sailed for England where he remained until Feb. 23rd, 1917 when he was drafted to go to France to reinforce the Fighting 26th.

He was continuously on the firing line from that time until he was killed fighting gallantly for the defence of his country, and for the cause of liberty.

TURN TO RIGHT CAMPAIGN ON
Provincial Government Will Be Petitioned to Make Change of Rule.

Active steps are being taken to have the local government pass legislation at the next session of the local legislature changing the present rule of the road which says that all trams in meeting must turn to the left, to the one in vogue in the United States and generally throughout Canada, except in British Columbia and the Maritime provinces. It is expected that if New Brunswick makes the change Nova Scotia and Prince Edward Island will follow suit.

The matter of the change was discussed some time ago by the Restigouche Auto Association and a committee named to deal with this. So far as we have heard auto drivers are unanimous for the turn to the right. Petitions are being circulated throughout the province and one is at the Graphic office where anyone interested can sign same.

FOOD CONSERVATION NECESSARY
Dr. Kierstead of Fredericton who has been appointed to assist the Food Controller and, to whom is assigned the duty of organizing New Brunswick in food conservation, and increased production work spoke in the Council Chambers Tuesday evening.

His Hon. H. F. McLatchey acted as chairman.

Dr. Kierstead made an earnest address, stating reasons why all should economize in the use of wheat, sugar, bacon and beef, if Canada was to do her part in helping win the war. Not a crust of bread should be wasted, and more cornmeal and oatmeal should be used.

At the close of the address a vote of thanks was tendered the speaker.

A committee composed of John C. MacLean, Jas. Evans, M. M. Mowat and Mrs. D. Richards, Mrs. Wm. Currie, Mrs. A. H. English and Miss E. Duncan was appointed to look after the work in Campbellton.

BALMORAL BOY WRITES HOME.
Balmaral, N. B.—Letter of Private Willie LeClerc of 68th Batt. to his adopted parents Mr. and Mrs. Henry Diotte.

Somewhere in France,
My dear Parents:
As I have a few moments to spare, I will write you a few lines. I hope glad news to tell you this time. Guess Albert is with me now, and it goes without saying that we are both thankful that Providence is so good to us. I will feel more at home to have poor Albert with me. He says although he has been wounded, while in England, he often wished to be with me. As you see everything goes in our favor. Well, dear parents, you need not be uneasy about us because we are well treated. Seems to me everybody thinks a lot of our poor Canadian lads. Joseph Jean from Dundee is with us. He is a great "chum." We all hope this terrible war will soon end, to return to dear old Canada. Father must be in the woods now. How we would like to be with him! Tell Yvonne to write. Letters from home are welcome here. I will not write longer; will write more next time.

An revoir love and kisses to Yvonne and Emile.
Kind regards to all our old chums.
Yours adopted son,

PTE. WILLIE LeCLERC.
Private Willie LeClerc and his brother Albert both went overseas two years ago on October 31st. They were always together, faced the enemy side by side, till on September 17th, 1916 in the morning Willie was wounded and not more than ten minutes later Albert was also wounded.

They both shed some of their blood for their country and those they love. This incident had come to separate these loving brothers. Willie was taken to a hospital in France whilst Albert was transferred to England. They are both together again, Albert having completely recovered from his wounds returned to join his brother in France where they have returned to the front. Courage, brave boys! We are proud of you and all wish you a prompt and safe return.

BOYS CONFERENCE AT FREDERICTON.
The New Brunswick older boys conference at Fredericton last week was a great success in every way.

The Campbellton boys came home enthusiastic in the work and having nothing but good words of the hospitality shown them by the Fredericton citizens. The following boys from here attended the Conference:—
Roy MacLennan, Arthur Dewar, Lawrence Fitzmaurice, Ethelred Mowat, John McLennan, Everett Henderson, Alvin Meteler, Ronald MacDonald, Fred MacDonald, James Perry, Harold Wilson, James MacNeil, Ian MacKeisic, John Alexander, Willie Farnes, Ashby Matthews, George Alling-

ANOTHER BIG ATTRACTION APPEARING IN THE CAMPBELLTON OPERA HOUSE.
On November 12th the Harmony Glee Club of the Redpath Bureau, Boston, will appear at the Campbellton Opera House. This attraction was mentioned in the Graphic some few weeks ago as it is one of the musical attractions that Manager Dimock booked some time ago. Our readers will remember the first of these were the Filipino Players who failed to appear in Campbellton on account of the wreck on the International.

The Harmony Glee Club is said to be one of the best attractions of its kind that has ever appeared in the Maritime Provinces.

Don't forget the date, Nov. 12th. Prices, reserved seats 50 cents Adults rush 25 cents, children 25 cents.

Our next issue will give full information regarding this attraction and will also announce the opening date of the seat sale.

HON. CHAS. LABILLOIS FOR LIEUT. GOVERNOR
Movement on North Shore to Have Appointment go to Prominent Dalhousie Citizen

Who will be the next Lieutenant-Governor is a question which is, already being discussed and the Graphic understands that Hon. C. H. Labilloy of Dalhousie is being mentioned on the North Shore.

Restigouche has never had the honor of having one of her sons occupy such an honorable position, and in Hon. Mr. Labilloy we have a man eminently qualified for the position. For over twenty-five years he faithfully served his province.

We hope that this matter will be pressed by all classes in Restigouche and the North Shore.

OAK HALL, MORAE & MORAE

Private Richard Irvine

PTE. RICHARD IRVINE.
popular young man, and a general favorite with all, he was a member of the Baptist Church, and a very impressive Memorial Service in his honor was held at Mann's Settlement Church, conducted by the Rev. R. M. Brown.

He is survived by his father and mother, Mr. and Mrs. Wm. Irvine and six brothers: William, Edward, William, Murdoch, Albert and Gordon all of Mann's Settlement. Also seven sisters: Mrs. S. Mann, of Manns Settlement; Mrs. John Keays, of Millstream; Mrs. E. Mann, of Matapedia; Margaret, Sadie, Lucella, and Mable at home. To all of whom we extend our deepest sympathy in their sad bereavement.

The following letters from the Chaplain, and one of his chums gives the particulars of his death:
Dear Friend:
Just a few words to let you know how I feel about losing Richard. I was not sure till I got your letter today, whether he had died or not and was trying to find out about him. He certainly died "game" alright and was not afraid of anything. He was hit in the leg with a piece of shrapnel, a pretty bad wound that would have kept him in hospital for quite a while but he refused to go back and said that there was nothing in it. He had not gone very far when he was hit again, in the side. He was afterwards carried out where he died, but I don't think that he suffered much. I will try to find out more and write as soon as possible.

Your sincere friend,
GORDON.
Mr. and Mrs. W. Irvine,
St. Alexis Station, Que.
Dear Friends:
It is with deep regret and sympathy I sent you the sad news of the death of your son, Pte. R. Irvine of the 26th Canadian. He died of wounds the 17th inst., at this No. 6 C. C. S. and has been buried today by me in a cemetery near.

The military authorities will forward in due course any personal belongings of your son.

I pray that in your loss and sorrow you may be comforted by God our Heavenly Father and may find in Him a refuge and strength and a present help in troubles.

Yours sincerely,
J. A. TOWNSON,
Chaplain.

There is a man in this part of the world who represents, to our way of thinking, a pretty good average of human nature. Whenever the preacher in his church delivers a very hot sermon against some special kind of sin, this man gets enthusiastic and goes around to the vestry to tell the preacher what a fine sermon it was.

the well-to-do people only. Every man and woman should watch for these advertisements and start now to gather up the necessary money to buy either a fifty or a hundred or a five hundred or a thousand dollar bond.

The first thing anyone should do, in our opinion, is to get rid of the idea that there is any sacrifice involved in investing in this war loan. It is true that the patriotic spirit is appealed to and it is equally true that a great and generous response is expected on that ground.

PERCE ROCK AND THE BEAUTIES OF THE GASPE PENINSULA

Rev. Wellington Camp's Account of a Delightful Summer Outing.

If the reader has looked on the map at the Gaspé Peninsula and thought of it as a bleak, inhospitable country, inhabited by a few fishermen, without beauty or value, dismiss such impressions at once, and think of one of the most beautiful spots in North America—a land of sunshine, pretty streams, delightful scenery and rich and fertile valleys.

The starting point is Matapédia one of the most picturesque places on the I. C. R. Here is the "meeting of the water" where the Matapédia flows into the Restigouche. Near the station is the summer home of the Restigouche Salmon Club, where wealthy New York men and men from other cities spend a month or more each year in fishing the Restigouche, Matapédia and other rivers, for which privilege they pay large sums of money.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Chandler we imagine that a city has ahead, as he sees the lights of thousands of electric bulbs. Here is the large St. Lawrence Pulp and Lumber Corporation. Their timber areas extend over 600 square miles. They employ sometimes near 1,000. One sees thousands upon thousands of logs and wonders how long before the forests will entirely disappear under this heavy toll.

New Carlisle is a large and growing centre. It is the county seat. Here are situated the Academy School, Court House and jail. There are many handsome and costly residences.

If one is looking for an ideal spot to spend the summer or to spend a vacation, then of all spots on the earth, Barachois and Corner of the Beach offer the greatest attraction.

Send to the Crown Land's Office, Quebec, and get a large and correct map. There is one fact which will give generations to come a Gaspé household word. For it was in this basin in Oct., 1914, there rode the magnificent fleet of many transports and war vessels, which carried the First Canadian Contingent, some thirty old

PROVINCIAL PRODUCTION COMMITTEE WITH GOVERNMENT ASSISTANCE PLAN FOR 1918

The Provincial Production Committee met in the office of the Secretary for Agriculture on Tuesday, October 23rd, with the Chairman, E. A. Scofield, presiding. It was decided to entertain distribution of grain next spring and the Secretary for Agriculture was instructed to ascertain prices on the following minimum quantities: wheat 3000 bushels; buckwheat, 1000 bushels; barley, 1000 bushels and oats, 15,000 bushels. The prospective scarcity of fertilizers was discussed at some length and quotations submitted by several firms were considered. Home mixed fertilizers were favored, but upon the advice of one of the members, who has had extensive experience in this work, it was decided to allow the purchasing of chemicals to stand over for a time. One quotation was for 1500 tons of a 3-6-5 mixture delivered at any station in New Brunswick, in car-load lots; fertilizer to be in 100 lb. bags or in barrels, the latter at a slight increase over the former. The potash is guaranteed water soluble. The Department is taking the necessary steps to ascertain the value of the guarantee and also to learn more about the source. This committee, cooperating with the Department of Agriculture, wish to strictly a war measure and is not as it made clear that this movement for the purpose of interfering unduly with any existing business. The fertilizer is now available, if an agreement can be made, and to ensure this supply of potash fertilizer is the motive. Last spring the demand for fertilizers was greater than the supply and the prospects are that a similar condition, only more so, will exist next spring. If a demand for chemicals other than potash is manifested, no doubt the Department will seriously consider handling any that may be secured. The above supply of 3-6-5 fertilizer, or any secured subsequently, will be sold on a cash basis or upon a bank settlement, where the purchasers arrange the necessary credit with their local bank. Delivery will be made upon advice of the bank manager. Nothing less than car-load lots will be sent to any point. All agricultural Societies will be circulated immediately and they may order through their Secretary and make the necessary arrangements at their local bank as organized bodies. Picked a Good Time. Smithers got a job in a coal yard running empty freight cars down a hill. The boss warned him to keep the brake on and be careful or there would be a smash. Smithers said he would look out. For a week Smithers did his best. Then one day he got heedless, and six empty freights dashed down the hill like the wind, crashed through the wooden bunker and landed on their sides in the creek. The boss, yelling and waving his arms, ran full tilt from the office, but Smithers forestalling him quietly. "You needn't come cussin' and swearin' at me," he said. "I've quit."

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton. New-Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each week with a severe attack of rheumatism. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers. Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a woman cure of a drug called freestone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of freestone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain or injury. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

Will Class One Provide The One Hundred Thousand Men?

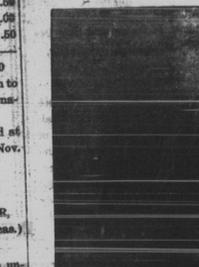

It will be generally to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917. This is almost self-evident for the following reasons: It is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc. Authorities estimate that, after all proper exemptions have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe. Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories: Category A—Fit for service in overseas fighting units. Category B—Fit for service overseas in Army Medical Corps, Forestry Battalion, etc. Category C—Fit for service in Canada only. Category E—Fit for military service of any nature. If not placed in Category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are unassigned for service. Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board. Issued by The Military Service Council.

BOCHE BRIBE OFFERED TO SPAIN

Gibraltar as Reward for Warring on Allies. That Germany offered Morocco, Gibraltar and Portugal to Spain for entering the war against the Allies is the sensational disclosure made by Spanish ex-Premier Count Romanones in the course of a special interview granted to the correspondent of the Rome Triumvirate. The issue, in which the interview appeared, has just reached Washington. Count Romanones, in explaining resignation, said: "After mature reflection, I have come to the conclusion that a middle course policy between the two groups of belligerents has been and is absolutely impossible for a country like Spain, which does not concern herself merely with her own immediate interests, but seeks definitely to determine her international position in the world after the war. It was then that I decided to direct to the King a message which ultimately resulted in my breaking off with the Government. To-day I had written but fully approve what I had written at that time, and I am sure that in a brief time all my countrymen, beginning with the Liberals, will hold the same views as myself.

BACKS CAUSE OF ALLIES

"There is no doubt that Spain is to-day aspiring to a number of reforms which only an ultra-liberal party can give her. She especially aspires to a democratic system of administration and government, the lack of which has been the cause of Spain's isolation and decadence. "She realized that here troubles derive from her singular position in the great conflict which is now dividing the world into two camps, each of which is following out its own social and political programme. An evolution which would be limited to a series of exclusively internal reforms and which would not adhere to one or the other of the two programmes would be vain, if not impossible. Hence, it is absolutely necessary that Spain should line up on the side of those powers with which she is united by

MIXED HIS DRINKS

A citizen got himself into peculiar mixup and it cost him \$60.00 and costs. He had ordered a case of wet goods from Montreal. A case duly arrived at the express office addressed to his sir name but not his christ name. As he was in a hurry he took delivery of the case. When he examined the contents he found that they were not what he had ordered. The next day his own case arrived and he took delivery of this also. He then got in touch with the rightful express company, delivered it direct. The Inspector in examining the express book saw that this man had received two cases and immediately investigated the matter and found out the facts of above stated. He at once laid a charge against him for trafficking in liquor without a license and upon appearing he was fined \$60.00 and costs. Our citizens will soon learn that under the present act it is dangerous to traffic or handle liquor in any way.

forget the chill in the air. If you plan for an outing next summer, and want to see nature at its very best, take a trip to Gaspé. It must be seen to be fully appreciated. WELLINGTON CAMP.

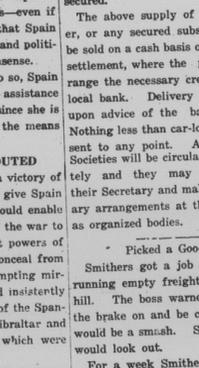

REVOLUTION SCOUTED

"It has been said that a victory of the Central Empires would give Spain great advantage and would enable her after the conclusion of the war to become one of the great powers of Europe. How could I conceal from you that fact that this tempting mirage has been skillfully and insistently displayed before the eyes of the Spanish people? Morocco, Gibraltar and Portugal were the gifts which were offered to Spain. "No. Let us leave similar reasonings to the deluded and to those who cannot see that the present immense conflict will end in the triumph of the peoples which stand for social and political liberty. "You are asking me whether there is any possibility of avoiding in Spain a revolutionary movement that would be directed toward over throwing the fundamental form of government of the country. "I firmly believe that the Spanish people will be able to obtain everything they desire without the monarchy's overthrow, which I would regard as the greatest misfortune that could befall the country."

OUR DUTY.

Within a short time, the Local Exemption Tribunal will be in session to consider the applications of persons fitted for military service, who may have reasons for desiring to be freed from requirement to enlist.

The fact of the need of men is apparent. The fact that men who have home ties as dear to them as the home ties to you are at home, are now in France and Flanders fighting for their country, is also apparent.

Men physically unfit, could and may perform the duties that physically fit men have taken upon themselves thus freeing the physically fit men to engage in this work for the defence of our country.

Some men have answered the call. Others are again asked to honourably answer to the call and it seems to be the lesson of the hour that men should respond to this call with unselfishness and a willingness to do their part.

There is no doubt but that the members of the Tribunal throughout the Province, throughout the County and in this Town are approaching their several duties with considerable hesitation, and also with a desire to do only the fair thing as between man and man.

We would ask our readers to whom this message may come that they will only ask for exemption under conditions which promise a better return to the State and to our fellow-countrymen by remaining at home, than if they went to the call of the colours.

AN INNOCENT VICTIM.

The Original of Squares Died of a Broken Heart. The greatest injury which Dickens ever inflicted on a fellow being was his too accurate portrait of an innocent man in his Squares. That Yorkshire schoolmaster was, as a rule, cruel and wicked enough it is true, but the particular schoolmaster who was recognized and who recognized himself as the original Squares seems to have been an exception to the rule.

History tells us that at first golf balls were nothing but round or nearly round pebbles about the size of the sphere used at present. These were supplanted by the hard cut wooden balls and then in turn by the feather ball. Then came the gutta percha ball, of which an interesting story is told.

Feathered Surgeons. Snipe and woodcock have often been taken with a mass of feathers on one of the legs. This mass when examined has always been found to cover a broken bone. The feathers have been carefully and neatly twisted round the part where the limb was fractured in such a way as to prove that they had been put on intentionally as a bandage or splint, and the repairs have been made quite as skillfully as if performed by a qualified surgeon.

Follies of Science. The history of science has seven problems which men at all ages more or less have tried to solve, but which have finally been given up by all. Today they are called follies.

Too Much For Him. "I thought he was going to marry that girl?" "Well, he did think of it. But it seems when he called the other night she threw him down."

Not That Bill. "I can't tell you that duck from a barnyard specimen." "Experts say you can tell by the bill."

Chastant Trees. No chastant tree in all Brittain may be cut down without a special permit, and such permits are not readily obtained.

Seaweed. Seaweeds obtain their nourishment from the water which they are not from the ground in which they may be rooted.

DEATH TO-DAY OF LT.-GOVERNOR GANONG.

His Honor Had Been Only Four Months in Office. His Honor Gilbert W. Ganong died at Government House, St. Stephen, at half-past two o'clock this morning. His loss is deeply mourned by the people of the border towns, who, but a few weeks ago, gave him an enthusiastic reception on his appointment to the office of lieutenant-governor of his native province.

Why does Canada Raise Money by Selling Bonds?

BONDS are issued payable in five, ten or twenty years as the case may be.

It means that repayment of the money will be spread over five, ten or twenty years instead of being raised by taxation to meet current expenditures.

To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making, —who will share in the freedom this generation is fighting for and largely paying for—will also pay their share.

* * *

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

* * *

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Victory Bond you give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada needs the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by everybody will unite the whole people in a determination to win the war.

Every purchase of Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

ALL SAINTS DAY. This is All Saints Day, and as a consequence many of the stores are closed.

ARRIVED HOME. Mr. J. W. Debon has arrived home from England. He is quite seriously wounded. His many friends are glad to welcome him home.

REACHES THE PEOPLE. On the 18th of October the Graphic contained an article in reference to Popular Japs. Mr. H. S. Alexander has received letters from numerous persons throughout the province and Maine asking about this matter, and the invariably state they saw it in the Campbellton Graphic. Mr. Alexander is glad in his praise of the Graphic as an advertising medium.

CAPE GILLES' HOME. A Despatch despatch says: Capt. Walter C. Gilles, Canadian Army Service Corps, arrived here this morning, having landed at Quebec Saturday. His wife and children have been residing here during his absence. Capt. Gilles is a son-in-law of R. W. Tibbitts, deputy provincial secretary. He left Canada in command of a Company of the Army Service Corps, based at Montreal. He is a graduate of the U. N. R., and prior to being appointed to the C. E. F. he was a civil engineer in the government service at Ottawa.

KILTIES HAVE A PLAY. Major C. R. Macneil, of the MacLean Kilties has written a one act play, "The Boys of the Bull Dog Breed" which accurately portrays life in the trenches. It will be presented on Friday night in Stanley Hall, Montreal. The Star says: "In common with the other Kiltie officers, Major Macneil has seen active service in France and he is competent to put the stamp of truth on a realistic life at the front. In the part of the play is Sgt. George Duthie who played with the Southern-Marlowe company for two years on Broadway and other actors of merit. By special request Sgt. Duthie will also play Sir Henry Irving's "The Straggler," by Sir Arthur Conan Doyle.

SUGAR GOING DOWN. The Atlantic Sugar Refineries has announced a cut of 10 cents per hundred on sugar with a promise of more to follow.

COUNTERFEIT QUARTERS PASSED AT FREDERICTON. Fredericton, N. B., Oct. 30.—The police report that counterfeit Canadian quarter dollars are in circulation in Fredericton. The coins have been passed at several stores but are light in weight and color. The milling is good. The date is recent.

NARROW ESCAPE. Tuesday of last week a special train doing shunting at Dalhousie Junction ran into the Dalhousie branch track as the branch train was pulling out for Dalhousie and a bad smash resulted. Fortunately no one was seriously injured although driver Ken. Cool had a narrow escape. He was thrown out of the cab and injured his arm, besides receiving a severe shaking up. The fireman, who saw the other train approaching, called out to Driver Cool and jumped. The branch engine was running tender first. The line was blocked for most of the day and the engine, which was considerably damaged was brought here for repairs.

HOPETOWN, Que. Mr. and Mrs. Duncan MacRae of Hopetown, Que. have received a despatch from Ottawa notifying them that their son, Pte. Wesley MacRae was reported missing on Aug. 15th. No further word has since been received although every effort is being made to find out where he is. Pte. MacRae went overseas last September with the 189th Battalion, training at Shorncliffe and Shoreham until February, 1917 when he went to France, being on active service ever since. He is the oldest son of Mr. and Mrs. MacRae and is just nineteen years of age. Three sisters, Mrs. H. McRae, St. Godfrey; Mrs. R. Kingsboro, Quebec; and Mrs. Fred Dow, Campbellton, and three younger brothers are left together with the sorrowful parents to anxiously await further news of their dear one.

Dear Editor: ATABOY!

There are many complaints heard about the darkened C. G. Ry. Subway and no one seems to know whether the town is to blame or the Railway Dept. If the latter, then the town should see that the Railway lived up to their agreement. There has not been any lights there for months. On a dark night this is a dangerous place, because of auto accidents that might occur owing to the fact that pedestrians are not protected as they should be by a wall between the foot passage and traffic way. The town should never have accepted from the Government a design so far from what it should be. Yours, CITIZEN.

ONE OF THE FAMILY. (From the Saturday Evening Post.) Marie Dressler, actress, says than an Irish servant girl, a member of a large family whose members have been scattered all over the habitable globe, was taken on her first visit to see the animals at the Bronx Zoo.

At sight of a giraffe browsing in a paddock her eyes bulged almost out of her head. "For the love of heaven what's that?" she asked. "That," said the sophisticated friend who had accompanied her, reading the information board attached to the bars, "is a giraffe—a native of South Africa."

The greenhorn gave a low moan. "Holy Saints!" she explained. "Me sister's married to wan of 'em!"

An old chap applied to an artist for the post of model. "Well," said the artist, "what do you sit for?" "Oh, anything, sir," said the model, fingering his beard nervously. Anything you like, sir; landscape, if necessary."

BARACHOIS.

On Sept. 28th St. Peter's church, Barachois was the scene of a pretty wedding when Miss Lottie Ingrouville was united in marriage to Mr. William Patrick McGeahy of Toronto by Rev. Father Plourde. Witnesses were father of bride and Dr. McNally. The church was tastefully decorated with evergreens. Special music was rendered by Miss Imelda Ingouville, sister of the bride and singing by Mr. Oswald Tapp and Winnie and Mollie Ingouville. After breakfast at the bride's home, they drove to the station where a number of friends had gathered to wish them "bon voyage."

Many are sorry to see the auto season coming to a close.

Mr. William Anderson spent last week in town visiting friends.

Mr. August Tapp station-master will be leaving for a trip to Montreal in a few days.

The stork called at Mr. and Mrs. James Vibert a few weeks ago and left a beautiful baby boy. Congratulations.

We are sorry to report the death of Mr. William Ste. Croix of this parish after an illness of two years. The deceased leaves a widow to mourn.

THICK, GLOSSY HAIR FREE FROM DANDRUFF
Girl! Try it! Hair gets soft, fluffy and beautiful—Goes a 25 cent bottle of Dandruff.

If you care for heavy hair that glitters with beauty and is radiant with life, use an incomparable softness and is fluffy and lustrous, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a fatal condition of the scalp: the hair roots fall out, loosen and die; then the hair falls out, and you are left with a bald spot. Surely get a 25-cent bottle of Dandruff and see what it will do for you.

What is Crushed Coffee?

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction.

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffee.

Sold only in double sealed air-tight cans to keep it good.

The same price as it was three years ago.

HIGH ORGANIZATION COVERS CANADA

Everything is Ready for prompt Operation of Military Service Act.

Ottawa, Oct. 26.—The machinery for putting into operation the Military Service Act was started with the Proclamation of the first class, which appeared in the Canada Gazette on 1 in all the daily newspapers of the country on Saturday, October 13th.

Everything is in readiness now for the reception of reports for service or appeals for exemption. A large organization has been built up, extending from coast to coast, and covering the territory effectively. There are means of finding men for service in the farthest corners of North, East or West.

The first class is composed of all male British subjects between 20 and 34 who were unmarried on July 9, 1917, or are widowers without children. All such men must report for service or apply for exemption on or before November 10th. Severe penalties are provided for failure to do so.

OVER 40 YEARS ON THE ROAD

The name of W. G. Reid of Hamilton, Ont., is a familiar one to thousands throughout the Dominion. For over forty years Mr. Reid has been service as a commercial traveller. A letter recently received from him indicates how these unswerving guests, and how I only found relief in the hills after spending a lot of time and money in foreign lands.

Since then the hills have been my abode, and I find it not only a duty but a pleasure to recommend the hills to my friends and to my thousands of personal friends throughout Canada to whom I am well known as a commercial traveller of over forty years' service.

Yours truly, (Signed) W. G. Reid. A sample of the hills sent free upon request to National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U. S. address—New Drug Co. Inc., 202 Main St., Buffalo, N. Y.

KEEP A PIG.

Do Your Bit by Raising Pork.

Ottawa, Oct. 26.—The "keep a pig" movement has spread to Canada. The ever-scarce price of bacon suggests strongly the need of increased production in porkers, not only to supply the army, but to keep pace with domestic requirements and, if possible bring down the price.

Today the Deputy Ministers of Agriculture of the eastern provinces, along with officers of the agriculture departments here, are meeting the Food Controller. A nation-wide movement is to be inaugurated to increase hog production among those who are already in the country, as well as those who heretofore have never harbored a pig on their premises. The business, it is calculated, will not only be profitable, but of great help alike in augmenting the supply for the soldiers and diminishing the domestic prices.

WHY THE ARABS HATE THE TURKS.

Soldiers Driven to Death by Ottoman Taskmasters in Asia Minor.

An article in El Kowkab, an Egyptian newspaper published in Arabic, gives instances of the ill-treatment of the Arabs by the Turks.

The writer in El Kowkab states that Ferid Bey was at the outbreak of the war sent to Basra with instructions to kill the Chief Sheriff of that place, but he was forestalled in this project by the occupation of Basra by the British. After this event, when the Arabs were hoping for deliverance from Turkish tyranny, Abdal Kader Bey, a staff major, was despatched to transfer the Mosul Army Corps to Aleppo and that of Aleppo to Constantinople. The Baghdad Army Corps was at that time divided into two portions, one for Basra and the other for Baghdad. The latter was ordered to Erzurum in order to scatter the officers of whom the greater part were Arabs.

The division proceeded from Baghdad to Erzurum in the depth of winter, the clothing of the troops being merely a linen uniform such as is worn by troops in hot regions. In this costume they arrived in a country where the temperature was 85 deg. below zero and the ice three feet thick. They died at the rate of from 50 to 60 a day. When the officers made representations to Abdal Kader he abused them and said: "Don't come appealing to me about clothes and fashions. This is too small a punishment for your Arab traitors, whose only wish is to hand over your country to the English."

GERMANS INSIST ON PEACE IN NOVEMBER OR THEY WILL QUIT

Workmen at Factories Necessary for Continuation of War Says They Will Not Work.

Washington, Oct. 26.—What is credited with being an accurate picture of conditions in Germany reaching Washington today, in an official telegraphic report, represents the situation as one of political and economic distress that is causing a great deal of discontent. It represents the Socialists as being active and threatening to quit German factories if the war goes into the winter, and asserts that there have been uprisings in different sections of Germany, including disorders in Berlin, in which soldiers participated.

"Germany's population wants peace," says a paraphrase of the report, "and the people declare it will be concluded in November. German workmen, stirred to a high pitch of discontent by the Socialists, boldly state that they will leave the factories necessary for the conduct of the war. If the war continues during the winter.

"In the meantime German workmen are demanding increases of pay and a far more liberal proportionment of food. Uprisings in several parts of the Empire are taking place with ever-increasing frequency. In Berlin, soldiers participated in tie disorders, in one demonstration twenty-five soldiers being counted. The Franco-English aerial bombardments of German cities and towns are increasing the dissatisfaction of the masses with the war. At Essen, bombs dropped from aeroplanes did enormous damage, some striking a circus during a performance for soldiers, at which 800 soldiers were killed.

"German civilian life presents a terrible picture. Children are obliged to go to bed at four o'clock in the afternoon, and to rise not before ten o'clock because of the knowledge that, being awake, they would feel the need of food for them.

"Interned enemy aliens in Germany are compelled to work in ammunition factories and they are treated with enormous hardships, especially being denied sufficient nourishment. They obtain food by the use of tickets, which entitles such enemy aliens forced to do German war work, to 250 grams of meat weekly, as much bread of a very bad and unpalatable quality, two and one half kilograms of potatoes, 250 grams of peas, and 30 grams of some undefinable grease. A suit of clothes costs them 200 marks.

"In the case of interned enemy aliens frequent quarrels have taken place and many interned enemy aliens have been killed by the German authorities. The relations between these enemy aliens and the Germans are extremely bad, especially in the case of Italians, of whom a large number have been interned at the commencement of the war. The Germans charge that had Italy not entered the war, the Germans would have won a quick military decision against the Allies."

PURITY FLOUR

More Bread and Better Bread---and Better Pastry, too.

It contains an extraordinary amount of nourishment which makes its use a real economy.

In England Canadian troops, numbering at present upwards of 100,000, include reserves for all the many services in France, awaiting call, as well as the sick and wounded, men in various stages of physical fitness, and those engaged in necessary storage, transportation, forestry, headquarters and other activities. Sufficient reserves for certain essential branches of the service in France are not available in England now. The situation threatens to impose too heavy a burden upon the Canadians now at the front. This is the need for early reinforcement.—B-14.

Bathurst, N. B. Oct. 28th, 1917.

To Editor of Campbellton Graphic:

Sir:

I have just read the article of "Citizen" in your issue of Oct. 25th.

There is more than one feature in that letter that belies the authors good intentions.

I should like to draw your attention to them. Firstly; Citizen (1) allowed the session to proceed, all day long without voicing any protest which protest needless to say if brought to the attention of the Dr's in Campbellton would have received immediate consideration.

Instead of this and secondly this writer who has the good of his fellow men so much to heart did not make his protest public until your issue of the 25th, or just one week too late. This man is mistaken in saying that the men were compelled to undress and wait their turn.

They were requested to disrobe to such an extent only as would enable them to be ready when called on. Any man who exceeded this did so voluntarily.

One very grave error I wish to draw to the writer's attention to, namely and in explanation.

This examination is not under control of the Military Authorities but is under the control of the Registrar and the Citizens of Campbellton. These men examined were civilians and not under control of the Military Authorities.

I may say in conclusion on behalf of the Dr's who held the examination that the screens provided for the windows were drawn and we had no idea that the press was public.

This letter, Mr. Editor is for publication, if you choose.

Yours truly,
A. E. LOGGIE, Capt.
Pres. Medical Board.

BLACK CAPE.

Mr. and Mrs. Clement Steele have the sympathy of the entire community in the death of their infant child which occurred on Sunday the 21st after a short illness. The funeral of the little one was held on Monday afternoon. Rev. E. J. Rattee, conducted the service and interment was made in St. Andrew's Cemetery, N. B.

Mrs. Thos. Young of Oak Bay, Mills is spending a few weeks here with her mother, Mrs. Peter McCrea.

Miss May Brake has gone to Weymouth, N. S. where she is attending school.

The people of Black Cape deeply sympathize with Mrs. Archibald McCrea in the death of her brother James McMillan of New Mills, N. B. which occurred at his home on October 17th.

Mr. Duncan Campbell was called to Bonaventure River on Sunday by the illness of his aged mother, Mrs. Nell Campbell.

Mr. D. L. Campbell who has been in Bathurst, N. B. for the past summer in the employ of the Bathurst Lumber Co., has returned to his home here.

Master Ross McCallum who has been spending a few weeks with friends in New Richmond and Black Cape has returned to his home in Shawville, Que.

In reporting the names of the teachers that attended the Teachers Institute which was held in New Carlisle on October 8th we omitted the name of Miss Mary Burton of this place who is teaching school in Caplan.

Mrs. James Powell left on Saturday for New Carlisle where she will spend a few days with friends.

We notice that the Quebec Oriental trains are now running on a new timetable and so far is giving us very good service.

APPOINTMENTS AND COMMISSIONS

Among appointments and commissions recently announced is the London Gazette were Lieut. L. Et. C. Kelly, St. John and Lieut. T. H. C. Eriem to be temporary captains.

TIDE HEAD.

At the regular meeting of Tide Head W. M. S. held in the Manse on Saturday last, Mrs. Thomas Adams presiding, the attendance was augmented by the presence of a delegation from the new Campbellton, Mrs. Fitzmaurice and Mrs. Gerrard brought fraternal greetings and Mrs. Bruce and Mrs. Hugh Miller gave interesting reports from the annual meeting of the W. M. Society's convention held in Halifax recently, the former dealing with the financial side of the Society's work and the latter giving the substance of the addresses delivered by the various speakers. Mrs. Miller also sang a solo which was much enjoyed. The programme was completed by a vote of thanks to the visitors whose presence and words were so helpful and cheering and the serving of a dainty lunch by Mrs. Bobb. Blair and Mrs. E. Gillis.

GORDON CALDWELL

A very pretty marriage was solemnized at Zion Presbyterian Church, New Carlisle, Que., on Wednesday, October 24th when Miss Althe Caldwell, eldest daughter of Mr. and Mrs. Albert M. Caldwell of New Carlisle and Mr. John Gordon of Aberdeen, Scotland were united in marriage by the Rev. E. J. Rattee, B. A.

The bride was given away by her father while Miss Rena Caldwell played the wedding march. Hymn "The Voice that Breathed" was sung by the choir while Mr. Jardine, manager of the Bank of Nova Scotia, Pasphebie, effectively rendered the solo "Because You Came to Me".

A wedding luncheon was served at the close of the ceremony at the home of the bride, the party leaving at the afternoon express in manager Gordon's private car for Montreal, Quebec and other cities.
