J. & D. A. HARQUAIL COMPANY, Limited

CONTRACTORS — PLANING MILL — BUILDERS.
DRY KILN, DOOR AND SASH FACTORY.
CAMPBELLTON, — — — N. B.

BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings. We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Wholesale and Retail Dealers in PUTTY, SHELLS, ACRES, METAL ROOFING, SIDINGS, NONSET, PAPERS and ROOFINGS, SHEET LEAD, and ZINC PLAIN, FANCY ART and PLATE GLASS MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 6 P. M.

SHORT MEETING OF TOWN COUNCIL

F. A. O'Leary Appointed Collector of Rates and Taxes—New Boxes Ordered.

A meeting of the Town Council was held in the Firemen's Hall Monday evening. His Worship Mayor McKay presiding. There were present Councillors Wallace, Wallace, Patterson, Moores, Bissett, Chamberlain, St. Onge, and Duncan.

The minutes of the previous meeting were read and approved.

A communication was read from the Compensation Board calling the council's attention to a balance due them on last year's insurance of \$233, and giving an estimate of \$302 for this year. Communication referred to the Finance Committee with power to act.

The usual departmental reports were then gone into and ordered paid.

The Assessment and Appeals Committee reported recommending that a reduction of \$200 be made in the valuation of Joseph Belanger's assessment, that Mrs. Guimond's taxes be \$50, that Thos. Roberts be relieved from his poll tax, that the taxes of John P. LaTourneau be written off, and that no reduction be made in W. A. Smith's, Wm. Brown's or Howard Sanson's taxes. Report received and adopted.

The Finance Committee submitted Auditor Adam's report on the accounts as closed Dec. 31st last. On motion the town clerk was authorized to arrange for the printing of the blue book.

Coun. Bissett suggested that the tax roll be printed in the Blue Book instead of receipts from Light and Water. No action taken.

On motion of Coun. Duncan, Mr. Fred A. O'Leary was appointed collector of rates, water and light rates also reader of electric meters under the jurisdiction of the town treasurer at a salary of \$125.00 per month.

Coun. Patterson was not in favor of this appointment. The council had all the machinery necessary to collect such rates and did not think a high salaried official was necessary.

Was another case of spending the ratepayers' money without good cause. Coun. Bissett was of the same opinion.

Councillor Wallace said at that stage of the discussion he would not say that he favored the appointment. He felt that perhaps such a collector would relieve the manager of the Electric Light department, a six dollar a day man from such duties, and also O'Leary might be able to help in line work, etc. The move might be a good one.

Coun. Moores said that the collection of rates and taxes was the main thing. If a new man could do the work thoroughly he favored his appointment temporarily.

Coun. Belle-Ile favored a radical change. The council had all the machinery Coun. Patterson spoke of for many years, but what good was it if it was out of order and wouldn't work.

Coun. Duncan spoke strongly in favor of the new system. He pointed out that if the new man was placed collecting on a five per cent. basis he would get between \$17.00 and \$20.00 for the default taxes and rates alone. He wanted every dollar collected and the overdraft reduced.

His Worship said that what they wanted was efficiency. It appeared that the police would not attend to tax collections. He said the notices published re taxes was having a good effect. Twelve thousand dollars had come in and four thousand dollars more had been arranged. He felt sure that if our present officials got down to business better results would follow.

Coun. Wallace said that after hearing the discussion he felt like giving the proposed system a trial. If it was not satisfactory after a month or two we could make a change.

The motion carried, Couns. Duncan, Belle-Ile, St. Onge, Wallace, Moores, and Chamberlain voting for and Patterson and Bissett against.

Coun. Wallace gave a report of the work of his department showing that

WORLD RECORD FOR LOAD OF LOGS

Hauled at Ben. Underhill's Camp on Upsalquitch River.

The largest load of logs ever hauled by two horses, so far as is known was that at B. F. Underhill's camp on the Upsalquitch river, who hauled for the Shives Lumber Co.

On March 10th preparations were made for the breaking of the record in large loads. The large bob-sleds to which were harnessed Cap and Frank, one of the finest teams of the Shives Lumber Company with driver James Clark, handling the lines were placed and then the expert loaders, John Hyland of South Esk, Miramichi, Patrick and Edward Casey of Barnaby River and Fred Smith of Underhill, camp foreman set to work.

The load was piled up until there were 350 logs on the bobs scaling 16,349 feet, and hauled to the landing. The counting and scaling were done by the president of the league, J. D. Black, of Fredericton, who resigned at the time as a result of the Chatham club's action.

There was also a discussion yesterday regarding a proposal to have each club post a bond of \$500 before next season, same or part thereof to be forfeited in the event of infraction of rules, and thus be able to guard against a recurrence of such a situation as that at Campbellton, where the Chatham team were able to dominate the situation and force the Campbellton club to play under their terms, begood.

We present the best of the lot which shows the height of the load in comparison with the horses and driver.

A large load was hauled at Wetwood, Ont., in 1920, containing 306 pieces, but no scale was given. Which was supposed to hold the record up to that time, but it is now badly beaten and brought back to Restigouche.

RECORD LOAD OF LOGS HAULED AT B. F. UNDERHILL'S CAMP.

besides keeping the streets in good far as a town hall and fit council condition he had by an expropriation of chambers was concerned, besides \$1855.48 also been able to have hauled 4500 lbs. of gravel and 500 yards of stone. This at a conservation estimate was worth at least \$3229.00 which showed a net profit for the two months of \$1564.52.

Councillor Moores reported that the new switch board for the fire alarm system had been installed and recommended that additional insurance be placed upon the fire equipment as there was now some \$3000 worth of goods not being covered. He also recommended that two additional fire alarm boxes be purchased and suggested one be placed at the corner of Water street somewhere near the Opera House also that 1000 fire alarm cards be printed for distribution among the ratepayers. On motion the Fire Committee was given authority to carry out all these recommendations.

Coun. Wallace said that he hoped the Fire Protection Committee would go easy. They had spent about \$40,000 on a fire station last year and set Campbellton back ten years so

CHATHAM LOSES BOTH PROTESTS

Meeting at Bathurst Last Friday Decides in Favor of Campbellton.

Bathurst, N. B., March 24.—(Star Special.)—The New Brunswick Hockey League at its annual meeting here today, the first meeting under a new constitution framed after that of the Ontario Hockey Association, upheld the protest of the Campbellton Club regarding the game played at Campbellton on February 9 last, when the Chatham club, disregarding the appointment by the then president of the league, of Sandy Staples, of Fredericton, as the sole referee for the game, held up the game until almost 10 a.m. by refusing to go on the ice, except with Frank Brown, of Moncton, also acting as referee.

The league also decided that the Chestnut Trophy be awarded for 1921, as a penalty for the Chatham club's failing to follow the instructions of the president of the league, J. D. Black, of Fredericton, who resigned at the time as a result of the Chatham club's action.

There was also a discussion yesterday regarding a proposal to have each club post a bond of \$500 before next season, same or part thereof to be forfeited in the event of infraction of rules, and thus be able to guard against a recurrence of such a situation as that at Campbellton, where the Chatham team were able to dominate the situation and force the Campbellton club to play under their terms, begood.

We present the best of the lot which shows the height of the load in comparison with the horses and driver.

A large load was hauled at Wetwood, Ont., in 1920, containing 306 pieces, but no scale was given. Which was supposed to hold the record up to that time, but it is now badly beaten and brought back to Restigouche.

CARDINAL GIBBONS DIED THURSDAY

Nearly Eighty-Seven Years of Age—Head of Catholics in America.

Baltimore, Md., March 24.—(Canadian Press.)—James Cardinal Gibbons, Archbishop of Baltimore and Primate of the United States Catholic Church, died at the archiepiscopal residence here today after a prolonged illness which mainly affected his heart. He was in his 87th year. The end came peacefully at 11:33 o'clock.

MEETING OF HOSP. AID.
The regular monthly meeting of the Soldiers' Memorial Hospital Aid will be held in the Oddfellows' Hall on Tuesday afternoon, April 5th, at three o'clock.

schedule and other details connected with next season's league will be held in the fall. The Chatham club were not represented at the meeting, and efforts to get one of the officers of the club by telephone failed. The Chatham team went through the season with only one defeat, but two of their games were declared no contests, because of their failure to obey the rules of the A.A.U. of C., and the N.B.H.L. The first was Fredericton's game at Chatham, on January 26, when Chatham played "Sherry" Veno in defiance of the A.A.U. of C. ruling that he was ineligible, and the second was the game referred to above, at Campbellton.

The Canadian Amateur Hockey Association's rules were adopted for next season. This year the N.B.H.L. played under National Hockey League rules, but they did not fit conditions as well as the straight amateur rules. Those present at the meeting were: M. M. Mowat, Vice-Pres., P. R. McLean, Chas. A. Alexander, Campbellton; G. N. Beatty, W. Lounsbury, Fredericton; Clarence Wade, Marysville; P. McManus, H. O. Schryer, Bathurst.

BEAUTIFUL CUPS HAVE ARRIVED

Holt-Refnew Trophy and Individual Cups on Display at Wran's.

The beautiful Holt-Refnew Curling Cup and the four individual cups for each member of the winning rink which carried off this historic trophy at the Quebec Bonspiel in January last, have arrived and are now on display in the window of Mr. Thos. Wran's drug store.

It will be remembered that Mr. Wran's rink made up of Alex. McLean, 1st; M. M. Mowat, 2nd; H. A. Carr, 3rd, and Thos. Wran, skip, won out in the finals by a very exciting finish and for the first time in the history of this cup brought it to New Brunswick.

This trophy is presented by Holt-Refnew & Co. of Quebec to be played for in the City of Quebec each year, the individual cups remaining the property of the members of the rink winning the trophy, the main cup of course remaining the property of the winner only until such time as another rink defeats them. It was in the 100th Anniversary Bonspiel held in Quebec in January last that Mr. Thos. Wran's rink won this trophy. The trophy is a most beautiful piece of work and is being greatly admired and the members of the rink are being heartily congratulated upon bringing it to Campbellton this year, and the hope is being expressed that it will remain here for a number of years to come.

IMPORTANT NOTICE.
As I am leaving town immediately, any person having accounts against me will please render same at once. Persons owing me are required to settle their amounts within the next week or they will be left with a collector for collection.

ENFORCEMENT OF PROHIBITION LAW

Rev. W. D. Wilson's Report—Amendment to Law Proposed.

Fredericton, March 19.—The final report of Rev. W. D. Wilson, as Chief Inspector under the Prohibition Act, has been tabled in the Legislature by Hon. Dr. Hetherington, provincial Secretary-treasurer.

The report covers the fiscal year ending October 31st last, and shows receipts totalling \$79,335.86, but no statement of disbursements is given. The details of the financial statement follow:

Fines \$45,540.00

Wholesale licenses 500.00

Retail licenses 1,515.62

Brewers' licenses 600.00

Beer licenses 6587.66

Special beer licenses 103.00

Cider licenses 95.00

Liquors disposed of 22,316.57

Record books 69.10

Miscellaneous 1,918.82

Total \$79,335.86

Extracts from the report follow:

The number of prosecutions conducted by the department was 918; convictions 824, dismissals 94.

There were 15 retail licenses, either by themselves or by their clerks, before the court for violations of the Prohibition Act, 13 of whom were proved guilty. The others failed to put in an appearance and one of them forfeited \$400 and the other \$200.

One wholesale licensee, the Canadian Drug Company, of St. John, was reported for a violation of the Prohibition Act on June 25th, 1920. This case was disposed of on December 8, a conviction being recorded. Another case against this company was also disposed of on the above date, resulting in a conviction. This makes the fourth conviction against the said company.

It will be remembered that the price of liquor was fixed by an expert accountant and approved by the government in 1919 and early in 1920. The price list approved and issued under the direction of the government was only valid for a few months and nothing further was done in this regard. It appears to me that there are great responsibilities in this method, and steps might be taken to prevent the many complaints of overcharging that arise from time to time.

The question of issuing of doctors' prescriptions is still acute. Through out the year several doctors were brought before the court for violations of the law and were convicted. One doctor issued 260 prescriptions in one day, which another was convicted for issuing to one man 14 prescriptions made out in various names.

So that the law might be a more effective instrument for the purpose for which it was enacted, I would respectfully suggest and recommend the following:

(1) That the 1919 amendment be made fully effective by the appointment of the commission and the elimination of the wholesale liquor licenses. These have been and are a menace to the successful operation of the Act.

(2) That Section 27 be changed so that those few doctors who insist on violating the law may be successfully prevented from issuing prescriptions contrary to law. That the Act be amended so that eight ounces be the maximum amount to be prescribed by a physician, except in extreme cases.

(3) That as on several occasions during the past year offenders when summoned to appear in court have done so, and asked for an adjournment which was granted, the defendant being asked to leave with a court deposit for his appearance on the date set. When the date arrives for the trial the defendant results from the fact that in this fails to appear and the deposit is forfeited, and nothing further is done in the matter. This is a grievous condition, as it prevents a record of conviction from being entered against the accused and so defeats the purpose of the Act.

(4) That an amendment might be made so that this serious matter may be remedied.

(5) That an amendment be made so that both the wholesale and retail distribution of liquors for medicinal purposes be in the hands of the commission to be appointed by the government. This would eliminate most of the objections raised to the present system.

NERVES ALL GONE TO PIECES

"Fruit-a-lives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAIN, MAN. "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds. The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take 'Fruit-a-lives'."

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without 'Fruit-a-lives' in the house." JAS. S. DELGATY.

Campbellton, N. B., March 31, 1921.

Additional interest is added to the attack on the appointment of John A. MacDonald to the Senate by the publication of a letter in the Standard today, written by Hon. George W. Fowler, Sussex. The senator from Kings county speaks of the new appointment as "disgraceful" and a "gratuitous insult" to his province, which he resents. "Union government," he declares, "has certainly proved the traditional stepmother to our province," and he expects the powers that be will eventually get a jolt as a consequence.

The indignant Senator finishes by declaring that "the next election returns will show whether the people of New Brunswick have short or long memories." Coming from a sturdy supporter of the government, this may be considered reasonably strong language.

THROWING MONEY AWAY.

The discount upon Canadian currency in the United States still hovers around fourteen per cent, not quite as high as it was in Dec. but higher than it was for a time since its January drop and far too high to justify the enormous loss sustained by Canadians in persisting in American expenditure. The fact of exchange on the Canadian dollar being again at about 85 cents in New York cannot be too well borne in mind. Our readers know what this means. If they take a Canadian dollar to New York they will get but 85 cents for it there; if they go to a bank here and ask for a dollar in American money to take to New York, they will have to pay a fraction over a dollar for it, if they send to New York an order for goods advertised there for a dollar they will have to remit a fraction over a dollar and fifteen cents in Canadian money for it. And so on in proportion. If for instance they happen to be a big customer of a United States firm, and send for American cars the listed price of which in the United States aggregates \$20,000, they will have to pay to the American firm more than \$23,000 in Canadian money—as well as pay the Canadian customs duty of several thousand dollars afterwards.

If they happen to be purchasing goods listed in the States at \$100,000 they will be obliged to put \$115,000 additional in Canadian funds before they reach the customs border. This is not a nice condition so far as buying from the United States is concerned. And Canada is buying at present from the United States at the rate of eight hundred millions of dollars per year.

So the present rate of exchange means that on purchases from the United States Canada is throwing away money to the tune of nearly a hundred million dollars annually. This loss arises from the fact that in this fails to appear and the deposit is forfeited, and nothing further is done in the matter. This is a grievous condition, as it prevents a record of conviction from being entered against the accused and so defeats the purpose of the Act.

So that the law might be a more effective instrument for the purpose for which it was enacted, I would respectfully suggest and recommend the following:

(1) That the 1919 amendment be made fully effective by the appointment of the commission and the elimination of the wholesale liquor licenses. These have been and are a menace to the successful operation of the Act.

(2) That Section 27 be changed so that those few doctors who insist on violating the law may be successfully prevented from issuing prescriptions contrary to law. That the Act be amended so that eight ounces be the maximum amount to be prescribed by a physician, except in extreme cases.

(3) That as on several occasions during the past year offenders when summoned to appear in court have done so, and asked for an adjournment which was granted, the defendant being asked to leave with a court deposit for his appearance on the date set. When the date arrives for the trial the defendant results from the fact that in this fails to appear and the deposit is forfeited, and nothing further is done in the matter. This is a grievous condition, as it prevents a record of conviction from being entered against the accused and so defeats the purpose of the Act.

(4) That an amendment might be made so that this serious matter may be remedied.

(5) That an amendment be made so that both the wholesale and retail distribution of liquors for medicinal purposes be in the hands of the commission to be appointed by the government. This would eliminate most of the objections raised to the present system.

HEALTH WEEK IN NEW BRUNSWICK

Commencing Sunday, April 24, Meetings Will Be Held.

FREDERICTON, March 22.—Hon. Dr. W. F. Roberts, Minister of Public Health, announced this morning that it was the intention of the department to declare one week each year as a public health week in New Brunswick and to be observed as such.

The week set for the observance this year is April 24th to April 30th. Public meetings will be held at seven or eight of the larger centres of the province and leading public health authorities from both the United States and Canada will be asked to address the meetings in the interests of better public health.

Among those who have volunteered their services are Dr. George E. Vincent, president of the Rockefeller Institute, New York, and Dr. Charles J. Hastings, Toronto, both national figures in public health matters.

Societies in connection with tuberculosis, child welfare and social hygiene will be formed during the campaign to press home the need of further development along these lines and Hon. Dr. Roberts believes the result will be beneficial to all parts of the province.

The meeting in St. John on April 24 will be held in the Imperial Theatre and will be addressed by Dr. Vincent and Dr. Hastings.

alized for doing it. Much of the business we might do at home we send to the United States, and at present every time we send a dollar's worth of business to the United States, the United States charges us fourteen cents for taking it—Quebec Telegraph.

THE McADOO AWARD.

Despatches from the United States centres within the last week have told of the decision of the leading railways to effect important economic changes on the roads, and particularly to do away with what is known as the McAdoo award, by which the wages of all railway men were largely increased. The railways, nearly all of which show deficits even with largely increased freight and passenger rates, declare revision is an absolute necessity. On the other hand the labor unions insist the wage rates must be maintained, and are preparing for a fight to the finish. According to the railway the increases in wages in six years has been from 60 to 200 per cent, with most classes of railway workers getting a rise of more than 100 per cent. The average increase since 1917 is figured out as 90.2 per cent. According to figures compiled from various sources by the railways the increases by classes are as follows:

Class.	Per Cent. Increase.
Masons and bricklayers	105
Clerks	82
Ironworkers	106
Carpenters	106
Upholsterers	113
Electricians	126
Airbrake men	116
Car inspectors	113
Section men	102
Unskilled labor	99

OXO CUBES

A daily cup of OXO makes good the wear and tear due to cold and fatigue. So handy, too. Made in a minute, the minute you want it.

Tins of 4 and 10 cubes

A CUBE TO A CUP

WHAT CAUSES GAS ON THE STOMACH?

She had stomach trouble for years. After giving her simple buckhorn bark, glycerine, etc., as mixed in Adler-ika, her husband says: "My wife feels fine now and has gained weight. It is a wonderful stomach medicine." Adler-ika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. McE. McDonald, Druggist.

Have You Tried "SALADA" TEA

(BROWN LABEL)

Your Grocer sells it for **55c** per pound.

Telegraphers	110	Surely those in charge of law enforcement have all the authority they need for keeping a check on firearms, in the importation permit clause. Every weapon that is brought into Canada must be admitted through the Customs department, and then only when a permit has been issued. Wholesale dealers and jobbers and even individual purchasers know the difficulty of importing firearms so that their need no fear on that account. Anyone who would smuggle firearms into the country would be the last person to apply for a permit to own or carry, as required by the present amendments. The only arm that is being manufactured in Canada at the present time is the 22 calibre so the fear of a Red uprising with non-imported guns can be dispelled.
Station agents	99	One amusing feature of the law is that permits have to be secured for all firearms, etc., so the various municipalities have to go to the proper authorities and get permits to own relics of the Crime and all wars since that time.
Station employees	110	If sufficient pressure is brought to bear on the Government there is no reason why these amendments cannot be repealed before too much damage is done.—Red and Gun.
Station masters and assistants	110	
Yard engineers	56	
Yard firemen	97

Road passenger engineers	96	
Road passenger firemen	96	
Road passenger conductors	58	
Road freight conductors	69	
Road passenger brakemen	105	
Other passenger employees	92	
Flagmen and gatemen	128	
Marine department	78	
Watchmen, etc.	60	
Machinists	71	
Boilermakers	73	
Blacksmiths	78	

It is furthermore affirmed by the railways that the railroad employees, when the railroads were turned back to private operation, numbered 261,000 more than when the roads were put under government control, and that these are unnecessary.

The Toronto Globe, pointing out that Canadian railroads will be directly affected by conditions in the United States, says wages in this country were raised to the level of the McAdoo award, and wage reductions across the line would entail similar reductions on Canadian railroads. The hourly wage rates in Canada for the most numerous classes of railway employees were increased by the McAdoo award as follows:

er	Machinists	35.0	58.5
er	Masons and bricklayers	35.0	58.5
er	Carpenters	30.4	58.1
er	Painters	29.6	59.7
er	Electricians	32.3	61.3
er	Car repairers	26.3	54.2
ed	Despatchers	62.3	95.7
er	Telegraphers	30.8	60.8
ol-	Station agents	32.2	62.0
at.	Road freight engineers	53.8	79.8
se.	Road freight firemen	36.4	60.7
	Road freight conductors	48.3	67.8
	Road freight brakemen	32.4	53.7
	Passenger engineers	68.8	101.7
	Passenger firemen	41.3	76.7
	Passenger conductors	59.9	79.8

Probabilities indicate that a severe struggle is ahead in the railways, both in the United States and Canada, if no compromise is not reached. It is noteworthy that Hon. F. B. Carvell, Chairman of the Board of Railway

Probabilities indicate that a severe struggle is ahead in the railways, both in the United States and Canada, if a compromise is not reached. It is noteworthy that Hon. F. B. Carvell, Chairman of the Board of Railway Commissioners, in a speech delivered in Ottawa on Monday, strongly denounced the McAdoo award.—Ex.

SHOULD REPEAL LAW.

In the best interests of the country the Government at Ottawa should either repeal or further amend the present obnoxious law pertaining to the owning and carrying of firearms, throughout the Dominion. The tragic years of 1914 to 1918 inclusive and the spectacle of Allied troops stationed in Germany in 1921 show the need of maintaining a high standard of national physical fitness, coupled with the necessary training in the use of firearms. There is no need to review the work of the citizen soldiery that astonished the world. Canadian marksmanship during the recent upheaval is now a matter for the historian. Anything that hinders the free use of firearms for legitimate sport and target practice is nothing short of a calamity. The youth of the country must be trained and developed; not for the purpose of provoking war but as a matter of preparedness for any eventuality. The restrictive amendments to the criminal code are slowly but none the less surely stopping the training of Canadians in the art of marksmanship.

BRITISH WOOD DEMAND SLIGHT

Trade Regarded as Unsatisfactory—Little Demand.

LIVERPOOL, March 1, 1921.—Inactive and restricted demand continued throughout the month, particularly noticeable in some of the chief varieties. Values were unsteady, showing in some cases a marked decline. Ocean freight space offered at reduced rates. Fortunately imports were moderate, with the result that stocks in the aggregate were somewhat reduced, but surveyed generally are sufficient.

New Brunswick and Nova Scotia Spruce and Pine Deals, etc.—The import to the Mersey (including the Manchester Canal) was moderate, amounting to 1,440 Standards. Consumption fairly evenly distributed between Liverpool and Manchester, amounts to 29,500 standards, compared with 22,380 standards for the corresponding period last year. Throughout the month trade was unsatisfactory, and difficult to maintain values. Stocks ample for probable early requirements and consignments should be discouraged. There was a plentiful supply of ocean freight space at reduced rates. Pine Deals—Stocks are not heavy, but quite sufficient for the disappointing demand.

Birch—Logs—No arrivals. Consumption poor. The present stock of 39,000 cubic feet is sufficient. The demand is chiefly restricted to large sized logs of first class quality. Plank, etc.—Were not imported. Small consumption. Stocks high. Values weak.

Canadian National Route offers Finest Advantages to Travellers.

The finest of rail service to Western Canada points and to the Pacific Coast is afforded by the Ocean Limited, leaving Campbellton at 7:40 p.m. daily, making connection at Montreal with the fast through Transcontinental train of the Canadian National Grand Trunk service, viz. the "Continental Limited."

This train, with unexcelled equipment of steel sleepers, the finest of compartment cars, observation cars, modern steel diner, tourist cars, colonist cars and first class coaches, leaves Bonaventure station at 5:00 p.m. daily, for Ottawa, North Bay, Port Arthur, Fort William, Winnipeg, Saskatoon, Edmonton and Vancouver. Travellers from Maritime Province points by the Ocean Limited, arrive at Montreal at 9:20 a.m., and therefore have a few hours stop over in the Canadian Metropolis before beginning their Transcontinental flight across Canada on one of the best equipped trains on the continent.

For information regarding fares, reservations, etc., apply at Ticket Office of Canadian National Railway.

Reflector of Scottish Glory.
All gentlemen take pride in their native land, but none more than an old gardener of Duddingston, Edinburgh, of whom an American contemporary tells the following story:

The gardener was showing to a tourist the beauties of the loch and of the little village. It was evening and as he expatiated on the lovely scene and on the glories of his country, the moon rose over a hill.

The old man stopped short in the middle of a speech and gazed at the moon in admiration.
After a moment he turned to the tourist, and said, "There's a moon fur ye, mon, we're a grand nation!"

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound. Remarkable Recovery of Mrs. Church.

Smith's Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in my face and head, and a terrible sinking feeling. I felt that I could not live and would not. In order every night so there would be no trouble if I dropped off in the night. My husband went to the drugstore to get the best remedy he had and he gave him Lydia E. Pinkham's Vegetable Compound. I took six bottles and not a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. O. Church, Box 845, Smith's Falls, Ont.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female life.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Is it? or is it not? Worth while. If it is, then push it. If it is not, then stop it. This is addressed to YOU, not the other fellow. If we are going to have a bigger and better Campbellton, there is only one way to accomplish that end. The public mind must be educated along lines conducive to the public interests. You must show the people the WHY and HOW. A LIVE board of trade is the best channel for the accomplishment of that purpose. There are many important problems confronting this town. We want the bridge, we need better streets, and that involves the water and sewerage problems. We need more school house accommodation, and that means a heavy expenditure. The question of employing a Town Manager, and also the question of the enforcement of the Provincial Government's liquor laws. A board of trade, composed of the best business minds of our town, is the medium whereby these very important matters could be most intelligently dealt with. A REAL board of trade is the safety valve of all public affairs. It would be the CONSULTING ENGINEER to the Town Council.

Their objective would be attained by the educational means. So many GOOD people sit quietly down at the office desk or in the big arm chair, and say, "I suppose you are right, but really old chap, I am not INFORMED on the subject." Go to the board of trade, get information and then get active. Centralization and concentration are the keys to the intelligent disposition of such problems as are confronting the Town of Campbellton. "United we stand, divided we fall." A representative, united board of trade, can overcome every obstacle, and dispose of the problems, in such a way that the town will get the best results. Every city and town is facing financial and commercial problems, as to income and expenditure, and it largely depends on the majority of the town whether these problems are to be met successfully. If you are in sympathy with the Board of Trade show your sympathy by attending the meetings.—Cor.

Rattles Him, Too.
"The average lawyer fills me with admiration."
"In what way?"
"On account of the confidence you have in a man on a subject he has barely heard of, when the man has made it a life study."—Munsey's Journal.

ASKED QUESTIONS RE GASPE RY.

Hon. Chas. Marcell Gets Information as Regards Operation.

On the orders of the day for Wednesday, March 16th, Hon. Wm. Marcell put the question to the Government and received the answers given:

1. Question—Has the attention of the Government been called to the Quebec Board of Trade to the Chairman and members of the Board of Railway Commissioners for Canada, on February 23rd, 1921:—
"We would also ask your Commission to lend its influence in favor of Answer—Yes.

The effort now being made by the Quebec Board of Trade, to remedy the painful situation in which the large population of the Gaspé Peninsula—nearly 80,000—now find themselves owing to defective railway service and the absence of cold storage and refrigerator car service, needed to give their fisheries, which for two centuries have

This Is Better Than Laxatives

One 100 Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Bowel Unnecessary. Try It.

Poor digestion and assimilation means a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisons which are absorbed by the blood and as the eliminatory organs, well, the right is weakness, headache, dizziness, constipation, liver troubles, blood attacks, loss of energy, nervousness, poor appetite, impoverished blood, malow complexion, pimples, skin diseases and often times serious illness.

Ordinary laxatives, purges and cathartics—sals, oils, calomel and the like—relieve for a few hours, but rest, lasting benefit can only come through use of medicine that builds up and strengthens the digestive as well as the eliminatory organs.

Get a 250 box of Nature's Remedy (N.R. Tablets) and take one tablet each night for a week. About the first week you will feel better, but a few days later you will feel the full benefit. When you get again you need not take medicine every day. You will always feel your best. Remember, keeping well is better than chasing down illness.

Nature's Remedy (N.R. Tablets) are sold everywhere and recommended by your druggist.

JAS. H. MOORE, Druggist
F. J. Cheney & Co., Toledo, Ohio.

Cataract Deafness Cannot Be Cured
by local treatment, as they cannot reach the diseased portion of the ear. Complete recovery of the ear can only be made by the use of the natural treatment. HALL'S CATARACT REMEDY is a natural remedy. Cataract Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result. What the inflammation can be reduced, your hearing may be restored forever. HALL'S CATARACT REMEDY acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists.
F. J. Cheney & Co., Toledo, Ohio.

Mother
"California Syrup of Figs" is
Child's Best Laxative

Beware! See "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the stomach and liver so gently, so thoroughly. Directions on each bottle. But you must get "California." Don't be talked into an imitation fig syrup which hasn't the delicious, tasty taste or the perfect "laxative" effect.

been amongst the most important in the world, an opportunity to furnish the cheap food of fresh fish to Canadian cities, and at the same time the fishermen of the Gaspé coast a fair price for his catch. He now gets one-fifth of the price earned by the fisherman at Prince Rupert, who has these facilities. Our suggestion is that the Dominion Government should take over the 200 miles of railway from Matapédia to Gaspé, which runs for its entire length within sight of the fishing boat, and make it part of the Government Railway System.

Answer—Yes.
2.—If so, is it the intention of the Government to take action?
The Government is not, at the present, in a position to take over these railways.

NEW CITIZENS FOR CANADA

With a population of less than two persons to the square mile compared to England's six hundred, with only five per cent. of her rich agricultural land in the West under cultivation, with a heavy national indebtedness and only a few people to pay the interest in the form of taxes, the reason why Canada is hungry for immigrants can readily be understood. Immigration is the human rain without which Canada must parch and wither up.

If Great Britain had a large surplus of farmers and farm hands, Canada might not have to invite immigrants from any other source. But Great Britain is not so much an agricultural as a merchant and manufacturing centre, and every year grudges more and more the farmers or farm hands who leave her Colonies for the Dominions. She is quite willing to send out countless city folk in the hope that they may be transformed into farmers in their new environment, but she has fewer farmers to spare than many other countries from which Canada in the past has drawn excellent settlers.

This is illustrated by the homestead entries. From 1897 to 1919, only eighteen per cent. of the British immigrants made entry for homesteads in Western Canada as compared to twenty-seven per cent. of the United States immigrants and twenty-nine per cent. of the foreign born from Continental Europe.

In certain parts of Europe where there is a genuine land hunger, there is not enough land to go round. Five or six acres per family is all the land available in certain parts of Belgium, and even on that the thrifty Belgian frequently brings up a family of ten. The great immigration of Ukrainians from Central Europe which has given Canada nearly 300,000 of her Western farm population was due to the constant subdivision of farms which were only fifteen acres to start with. These Ukrainians have become a great asset to Canada, and have at their own expense erected four large colleges for higher education. Then again we owe our fine stock of seventy thousand Scandinavian settlers to the lack of sufficient land in Sweden, Norway, Denmark and Iceland.

Have these foreign born made good Canadian citizens? Read "The Immigration of the New Canadian," by T. M. Anderson, of Saskatoon, and you will say "Yes." There are two groups at first there is a little trouble, but now it is difficult to find sufficient teachers to meet the demands of the schools. And it is not only in the schools where you find the foreign born. More than half the students at the University of Manitoba are of foreign parentage. Many are of foreign parentage who found refuge in England, are great English and to some "The Maples Leaf" is a B. B. A. B.

Modern milling of the world's best wheat, naturally produces the world's best flour.
Ask your grocer for the best and he will sell you
PURITY FLOUR

The Immigrant Tide to Canada. Some Recent Pictures.

born as leaders in the professions and in the Cabinet of at least one British industry. Canada's chief industry is agriculture and her agricultural population is the smallest in the world. The tiny and industrious new Canadians who come to the wide acres of the West from the overcrowded lands of Europe, and whose children today are proud to speak English and to sing "The Maple Leaf" is a B. B. A. B.

IN MEMORIAM.

HAMILTON—In loving memory of our mother, Mrs. John P. Hamilton, who passed away on April 2nd, 1919.
"Tis just two years since you left us,
Yet it seems but a day,
So dear is the memory cherished
Of much you used to say.
Of the good advice you gave us,
Of your faith, your hope, and your prayers;
These will ever go with us,
Adown through the coming years.
And when our years are numbered
And our task on earth is done,
May we have followed in your footsteps,
And a crown as nobly won.
—Inserted by her Children.

EXCITING GAME OF BASKET BALL

Campbellton High School Girls Meet Defeat on Monday.

(Newcastle Advocate).
A game of Basket Ball was played last night in the Temperance Hall between the Campbellton Basket Ball team and the Newcastle C. G. I. T. team. The visiting team was entertained at several homes throughout the town during their visit, and after the game were banqueted in St. James' Hall, by the girls of the C. G. I. T.

The game was fast and interesting all the way through, and the audience present enjoyed the many exciting incidents which arose during the game. The score was 16 to 40 in favor of the Newcastle C. G. I. T. team.

The audience was a large and appreciative one, and took a keen interest in each and every play that was made. Both teams were evenly matched, and considering the short period of time that the local team have been practicing, they are deserving of congratulations in the manner in which they acquitted themselves in their first game. It is expected that a return game will be in the near future.

Mr. F. E. Locke, refereed the game in a most impartial manner, and to the delight and satisfaction of both players and audience.

The line-up was as follows:—
Newcastle Campbellton
Centre Jean Harding
Forwards Margaret McCurdy
Jean Jardine Nora Rossborough
Katie Cassidy Elizabeth Anslow
Defence Florence Cassidy Bertha Dickie
Jessie Harris Dora Mackay

OPERA HOUSE

FRIDAY & SATURDAY

SUCH an easy-going, honest soul, that all his friends made him their shock-absorber.

So, of course, when a skittish wife ran away, she sent her three "darlings" to Bachelor Charlie.

Then the measles, a quarantine, a jealous husband and a scandalized sweetheart set in, and—

You'll say Charles had a howl of a time.

"Pirate Gold" and Snub-Pollard Comedy.

Next Monday and Tuesday—**"MILESTONES."**

JESSE L. LASKY PRESENTS,

ROSCOE (FATTY) Arbuckle

(BY ARRANGEMENT WITH JOSEPH M. SCHENCK)

in "Brewster's Millions"

A Paramount Picture

With Jean Ackler and Betty Ross Clark.

EVER wonder how you'd spend a million? Well, Brewster got his. And had to squander it, every cent, in a year!

But when everything he touched made money--You'll howl with glee at the stunts he did to grow poor!

A comedy king in a picture lavish with laughs.

From the Novel by George Barr McCutcheon And the Play by Winchell Smith.
