TO OUR FRIENDS AND PATRONS.

The habit of taking note of events, dates, etc., for future reference is so general that a Pocket Memorandum Book becomes almost a necessity to all. We have endeavored to meet this public want free of cost and all we ask in return is a careful perusal of the reading matter opposite the blank pages. It will repay the time and trouble many times over in health, wealth and wisdom. A concise calendar is also given, and in addition we beg to call attention to the following hints on the care of the health during the **FOUR SEASONS OF THE YEAR.**

WINTER. The bracing air gives increased appetite for food, and, where the proper conditions exist, increases bodily vigor. Care must be taken not to overdo the matter, however; excess in eating lays the foundation for dyspepsia and kindred evils, therefore be moderate. Guard well against coughs, colds and throat and lung affections, making prompt use of Hagar's Pectoral Balsam, the best remedy for all such diseases.

SPRING. The enervating influence of the approach of warmer weather and the presence of waste matter in the system caused by the increased consumption of food during winter, calls for some natural and effectual means of toning and purifying the system, and it is here that the marvelous remedial powers of Burdock Blood Bitters find fitting use in preparing the system to withstand the trials of the summer's heat.

SUMMER. Care should be taken during this season to have the food light and easily digestible in order that the body may be free from attacks of dangerous summer complaints, diarrhoea, dysentery, colic, etc. Often when, despite all care, these distressing diseases do arise, it is comforting to know that a prompt and certain cure exists in Dr. Fowler's Extract of Wild Strawberry—nature's specific for all summer complaints.

AUTUMN. Sudden cold spells, wet weather and storms often prevail in the Fall, and suitable clothing should be early put on to ensure safety from the effects of changeable weather. Muscular rheumatism, pains in the chest and side, sore throat, croup, etc., are often produced by such sudden changes, and the remedy which should always be kept in the house for use in such cases is Hagar's Yellow Oil—known as reliable for over a quarter of a century.

HOW TO BE HEALTHY.

IMPURE OR BAD BLOOD.

**Burdock
BLOOD
BITTERS**

The Blood reaches every portion of the body to distribute nutriment and remove effete matter and waste products. Clearly then, any influence, good or bad, affecting the blood must necessarily affect the entire system for good or evil as the case may be. To this fact is due the wonderful efficacy of Burdock Blood Bitters in removing every form of blood disease. It at once strikes at the root of the trouble, removing all impurities, humors and waste matter, on which disease feeds. Such symptoms as Boils, Pimples, Blotches, Sores, Eruptions, Rashes, Tetter and nearly all skin diseases, are proof that the blood is impure, and if not cleansed these troubles may be followed by severer symptoms, such as *Ulcers, Tumors, Abscesses, Festering Sores, Scrofula*, and cancerous affections, which are too often neglected until firmly established. It is, however, comforting to know that in Burdock Blood Bitters we have a remedy that has cured the severest forms of bad blood, no matter how firmly seated, that is a natural foe to bad blood in any form, and that is purely vegetable, so that the user, while certain of cure, runs no risk of harm. As an instance of the power of B. B. B. over blood diseases, we may state that although we have never recommended it as a cure for Cancer, we have received reports of several cures, and many cases have greatly improved under its use.

Skin Eruptions Cured.

DEAR SIRS,—My children have long been troubled with pimples and other irritations of the skin, headache, etc. I have tried many different remedies, but nothing seemed to do much good until I tried some of your B. B. Bitters. Since I made a practice of using your Bitters, my children have got strong and well, and are enjoying good health.

Yours respectfully,

R. McCONNELL,

DYSPEPSIA.

Full and proper nutrition depends upon the action of the stomach. If the action of the stomach be wrong, the best of food cannot properly nourish the body, while with a healthy stomach even coarse food furnishes strength and vigor to the body. With good food and good digestion the highest health is obtained, pure blood is formed, and disease quickly cast off. The grand secret of life and health rests, therefore, in good digestion making pure blood. To secure these requisites the use of B. B. B. is indicated wherever dyspepsia or impure blood are present, and there are but few who do not suffer either occasionally or chronically from these complaints. Prominent symptoms of dyspepsia are variable appetite, faintness, heartburn, sour stomach, nausea, headache, dizziness, fluttering of the heart, coated tongue and bad taste in mouth, costiveness or diarrhoea alternately, low spirits, tired feeling, etc. Burdock Blood Bitters is guaranteed to cure dyspepsia in any form, having cured cases of twenty-five years' standing which had resisted all other treatment.

Merry Xmas.

GENTLEMEN,—A Merry and a Happy Xmas to you, for I have to be thankful for my happiness this Xmas to your B. B. B. I suffered for a long time in England and this country from dyspepsia, but thanks to your wonderful Blood Bitters I am in perfect health to-day, and have recommended B. B. B. to my neighbors. In gratitude to it I never lose an opportunity to praise it, and shall, if possible, never be without a bottle in the house.

MRS. SARAH IRELAND,
Binscarth, Man.

Severe Suffering Stopped.

DEAR SIRS,—I was troubled with dyspepsia for six years, and tried several remedies without relief. Four years ago I procured a bottle of B. B. B. from your agent, Mr. John Pearce, of Parry Harbor, and received so much benefit from it that I considered myself entirely cured by it. I took a return of the symptoms five or six weeks ago, when I got another bottle, part of which I took, and am now so well that I deem it unnecessary to continue the medicine, as I feel as well as ever I was in my life, which I attribute solely to the use of B. B. Bitters. The truth of this statement can be attested by Mr. John Pearce and others in the neighborhood.

CONSTIPATION.

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from costiveness or irregular action of the bowels. That savages do not so suffer is due to their active, open air life, simple food, etc. There is no doubt that many distressing diseases are caused by constipation. Aside from creating impurity of the blood, it gives rise to headaches, piles, foul humors, fevers, debility, etc. Therefore it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Burdock Blood Bitters to regulate the bowels and establish healthy action of the stomach, liver and kidneys, cannot fail to perform a complete cure even in the most obstinate cases. B. B. B. is a natural remedy for constipation, and its reputation is one of continued success, proved by the overwhelming evidence of thousands of testimonials.

Sure to Cure.

DEAR SIRs,—I suffered with constipation and headache, and having taken a bottle of B. B. B. on trial, found it doing so much good that I sent for several more, and it proved a sure cure. I use it in my family, and feel safe in recommending it to my friends.

MRS. GORDON McKAY,

DEAR SIRs,—I was very bad with costiveness, and one bottle of your Burdock Blood Bitters cured me. I would not be without it.

Felt Very Miserable.

DEAR SIRs,—I was troubled by costiveness and sick headache, and in fact felt very miserable until I tried B. B. B. I used seven bottles with Burdock Pills also, and they made me as well as ever I was. This was about two years ago, and I still enjoy the best of health.

BILIOUSNESS

—OR—

LIVER COMPLAINT.

The liver secretes bile, the natural cathartic; it also filters and purifies the blood. When torpid or inactive, the bowels become costive; when too much bile is secreted the subject becomes bilious and has diarrhoea; when the bile overflows into the blood, we have jaundice, with sallow skin and yellow eyes. Signs of liver complaint: Foul, coated tongue, sleepy, weary feeling, aching shoulders, headache, nausea, irregular bowels, depression of spirits, dull, yellow eyes, bad breath, and general prostration, burning feet and hands, etc. Regulate the diet; take ripe fruit and vegetables, with simple, plain diet; avoid all stimulants; take Burdock Blood Bitters, the great antibilious vegetable compound, that acts at once upon the stomach, bowels, liver, kidneys, skin and blood, opens all the sluiceways or outlets of disease, and at the same time strengthens the entire system. Burdock Blood Bitters thus cures even the worst forms of chronic liver complaint, from which relief often seemed impossible. Many thousands of bottles have been used for liver diseases, and we have yet to hear of a single complaint.

Bilious for Years.

DEAR SIRS,—I was troubled with biliousness for years, and after trying many medicines I was advised to try Burdock Blood Bitters. I did so, and ever since I began its use I have enjoyed splendid health.

Yours,

ANN STUART,

Muskoka Falls, Ont.

History of 15 Years.

DEAR SIRS,—For fifteen years I had been troubled with biliousness, and had consulted physicians and used different medicines. Finally I used one bottle of Burdock Blood Bitters, and though it is nearly five years since I used it I have never been troubled since.

CURSES KIDNEY COMPLAINTS.

Many disorders can be traced to wrong action of those important organs which in health form an important outlet of impure and waste matter. Gravel, Bright's Disease, Diabetes, Rheumatism, Dropsy, and other common if less severe complaints spring from kidney diseases. When the kidneys are disordered, there is pain and weakness, and often heat, in the small of the back; a dragging sensation below the hips; high-colored, hot urine, with sediment, though sometimes pale, scanty or too profuse, slimy, bloody, etc. When any of these signs are present, look out for kidney troubles. Burdock Blood Bitters contains some of the best vegetable diuretics or kidney regulating medicines known, which, with its purifying properties and thorough action upon the whole glandular system, and strengthening properties as well, make it the most reliable cure for kidney troubles and urinary complaints known, as shown by numerous unsolicited testimonials.

Kidney Complaint Cured.

DEAR SIRs,—We have taken a great deal of your B. B. B., and highly recommend it. My mother has taken it for her kidneys, and it cured her, and at different times my brother, sister and myself have used it for other complaints, which were all cured by it.

MISS MARY A. TIMPSON,

Dying of Dropsy.

DEAR SIRs,—My mother was failing very fast after three months' suffering from dropsy, being swollen from head to foot, but after she used one bottle of your Burdock Blood Bitters it was removed, and she felt quite well. We think there is no better medicine, and are true friends to B. B. B.

A Wonderful Remedy.

DEAR SIRs,—I have used several bottles of B. B. B. for kidney disorder, and can pronounce it a wonderful remedy. My skin was yellow, and the urine loaded with sediment of a reddish cast, but now I am quite well, and will always speak in great praise of Burdock Blood Bitters.

SCROFULA.

This is the plague of our country, as well as of nearly every nation, and is the parent of consumption and most wasting diseases of the blood. Scrofula usually develops early in life, and is characterized by glandular swellings, especially of the neck. It is simply bad blood, low vitality and poor nutrition, giving rise to sores, sore eyes, abscesses, tumors, diseased bones, white swellings, hip disease, etc. Consumption is really scrofula of the lungs. It is often inborn, but may be acquired by any cause that will impair the blood, such as bad air, improper food and irregular habits. Burdock Blood Bitters, by regulating all the *secretions*, and exciting a healthy action of the absorbents to nourish the system with pure blood, will expel all foul humors from the system, and eradicate Scrofula, even in its worst form, having cured cases of twenty-five years' duration after all hope of cure had been abandoned. The best results are attained by applying externally to the parts affected, besides using it internally as directed.

A Faithful Friend.

SIRS,—I have great faith in your Burdock Blood Bitters, and can recommend it for most anything. Two years ago I was troubled with an ulcer on my ankle; having used B. B. B. for bad blood I procured a bottle, and a box of Burdock Healing Ointment. After using three bottles and three boxes I was completely cured, and can recommend it everywhere.

SKIN DISEASES.

Many skin diseases, including Salt Rheum, Erysipelas, Tetter, Shingles, Eruptions, Scurf, Itching and Burning Rashes, Sores, etc., are caused by bad blood, and their cure depends upon the purification of the vital fluid by the prompt and faithful use of a powerful alterative, blood purifier and tonic like Burdock Blood Bitters. This medicine not only counteracts the poison in the blood, but by unlocking all the secretions, it completely removes all poisonous waste or impure matter from the system. In skin diseases the use of Burdock Healing Ointment is of value as a soothing application to exclude the air, and hasten the healing process. It is claimed for B. B. B. on unmistakable evidence that it cures all blood diseases from a common pimple to the worst scrofulous sore.

Ten Years' Trouble.

DEAR SIRs,—I was for ten years troubled with erysipelas, and could get no medicine to help me until I tried B. B. B., of which six bottles thoroughly cleansed my system so that I have not been troubled since.

Large Sores Cured.

GENTLEMEN,—I have used your Burdock Blood Bitters, and am satisfied that they are very efficacious. Two years ago two of my children had large sores breaking out on their bodies. The doctor called it poorness of the blood, and gave them cod liver oil and other medicine which failed to do them any good. Seeing B. B. B. advertised, I bought one bottle, and before it was finished they were completely cured.

There can be little doubt at the present day that Cancer is curable when correctly treated. Frequently a sore is neglected until by constant irritation it assumes a cancerous appearance. If taken in time the majority of these could be readily cured; while in the later stages they become difficult if not impossible to cure. Now, while we do not put forward Burdock Blood Bitters as a cure for Cancer, we know of several cases, pronounced to be true cancer by reliable physicians, which were absolutely cured by B. B. B., and we have evidence of numerous cases where its effects have been remarkably beneficial. If space permitted we could present many testimonials but content ourselves with one or two. We will, however, furnish information and further testimony to all applicants free of charge. Cancer is a blood disease, and it is not unreasonable that such a powerful alterative blood purifier as B. B. B. should act successfully on it.

A Good Result.

GENTLEMEN,—I have used fourteen bottles of B. B. B. and have received a benefit from it. I have a cancer, and although it has not yet cured it, I am quite sure it retards its progress.

MRS. DAVID TITE,

True Cancer Cured.

DEAR SIRS,—Last summer my wife was ailing with a sore breast which looked and acted like a cancer, and as my mother died from this terrible disease, we became alarmed and called in our family doctor who pronounced it cancer, but did not tell my wife that this was the case. He told me I had better send her to Montreal at once, and I supposed she would need to have an operation performed. About this time she was looking over an old Burdock Blood Bitters Almanac, when she saw B. B. B. was recommended to cure cancers. She at once commenced using it internally and externally, according to directions, and strange to say in less than two months it had all disappeared. I reported it to the doctor and he said it was very strange, as he felt quite satisfied that if twenty doctors had seen it they would all have pronounced it a cancer. As this is the first medicine we have ever known to cure cancers, I think it is only fair to suffering humanity to report this case, hoping others suffering as my wife did may be induced to try it.

I am, yours very truly,

GENERAL AND NERVOUS DEBILITY.

These complaints are on the increase. A few prominent symptoms are weariness, tired, all-gone feeling, exhaustion, weakness, faintness, dizziness, depression, loss of memory, fluttering or palpitation of the heart, wasting of flesh, and poor blood. When any of these symptoms exist it is good evidence of the presence of some exhausting form of disease of the body or brain. This class of diseases is best treated by tonic, invigorating, purifying and vitalizing remedies which strengthen the system and remove impurities. A combination perfectly suited to meet these conditions is found in Burdock Blood Bitters, nature's grand blood renovating tonic for all exhausting forms of disease which revitalizes the blood, invigorates and strengthens the nerves and fortifies the entire system against weakness or exhaustion in any form.

Headache usually arises from disorders of the liver, stomach or nerves and is more a symptom of disease than a disease in itself. As Dyspeptic, Bilious or Sick Headaches, Headaches from Constipation, etc., depend upon wrong action of the stomach and liver, their cure with B. B. B. becomes an easy matter, as this medicine removes the cause of the trouble by its regulating curative action upon the biliary and digestive organs. The pain in Headache varies with the cause and may be dull or sharp, throbbing or steady, and in one part of the head, in several parts or the whole. Whatever the form or cause, the remedy sure to give the best results is Burdock Blood Bitters, which builds up the shattered nerves, regulates the stomach, liver and bowels, and never fails to cure any form of Headache from the mildest to the most severe.

Reason to Speak Well.

SIRS,—I have great reason to speak well of your B. B. Bitters. I have taken six bottles for myself and family, and find that for loss of appetite it has no equal. It cures sick headache, purifies the blood, and will not fail when used. I heartily recommend it to all wanting a pure medicine.

MRS. HUGH McNUTT,

Truro, N. S.

Severe Headache Cured.

DEAR SIRs,—I suffered from severe headache for months and did not know what to do. I used every kind of medicine I could think of to no effect, but after trying two bottles of B. B. B. I was completely cured of it. I recommend it to all my friends as the best.

Yours truly,

MISS BERTHA SAYER,

Aylmer, Que.

It Cannot be Surpassed.

After suffering from headache and loss of appetite for nearly four years, I was induced to try B. B. B., which I did with success, finding it gave me great relief and good appetite, and now I enjoy good health, which I owe to your valuable medicine.

Nothing so Precious.

DEAR SIRS,—I can tell you I would probably have been in my grave to-day if I had not got Dr. Fowler's Extract of Wild Strawberry. Three years ago I became very weak, and everything I ate seemed to pass right through me. The doctor did what he could, but could only stop it for a little while. I tried all the remedies I could think of until I came to Canada and heard about Wild Strawberry. That is about a year ago. I used four bottles altogether and have not had the bowel complaint since. I would not be without the Extract for anything, as I think there is nothing so precious.

MRS. ANSON HANNON,

HOW LONG WILL YOU LIVE ?

Insurance Companies make use of a table giving the Expectation of Life at a given age, that is to say, supposing a person to be in good health, the table gives the length of time which experience shows he or she may be expected to live. This table was compiled by Dr. W. Ogle, and is based on an average of 1,000,000 lives. Women generally outlive men.

WORN OUT AND RUN DOWN.

Amid the hurry and worry of modern life more nervous force is expended than tired nature can replace promptly. Nervous debility followed by physical and mental exhaustion soon ensues, giving rise to sleeplessness, dizziness, palpitation, lost strength, languor, lack of vitality, weak all-gone feeling, etc. Like a clock which has run down, the motive power of the system is wanting and must be restored. It is the office of Milburn's Aromatic Quinine Wine to supply and restore this motive power, by stimulating the organs of nutrition, sharpening the appetite and building up both body and brain in health and vigor. It is a certain tonic and acts promptly in curing ague, chills, bilious fever, dumb ague, malaria, etc., and prevents their return by fortifying the system. Being the most grateful and palatable appetiser known, it may be used by children, delicate females and convalescents in comfort and safety and with the happiest results. Price \$1.00.
