

THIRTY-FOURTH YEAR. OUR OTTAWA LETTER.

Imperial Reciprocity Gaining Public Favor—The Reasons for Delay in the Negotiations.

The Quarantine Regulations of B. C. Brought Before the Premier.

OTTAWA, June 4.—The generous support accorded by the Dominion Government to the resolution in favor of Imperial reciprocity has been warmly endorsed by public opinion. It is astonishing that an impetus has been given to the question of preferential trade by the attitude of the friends of the movement...

HOME RULE FOR IRELAND.

Mr. Devlin has acted unwisely in his determination to press his resolution on the Home Rule question. The House is tired of this question and will not tolerate its time being taken up by an extraneous subject such as this. It is said that Mr. Devlin will not get an opportunity of reaching a vote on the matter this session.

CANADA AT THE WORLD'S FAIR.

Ontario newspapers are calling attention to the prospective remarkable display of the mineral resources of Canada at the World's Fair. The Government of Ontario has determined on making a large exhibit of the minerals found in this Province and Quebec has resolved not to be one whit behind. The same observation applies to Nova Scotia, which is rich in mineral wealth...

CAPITAL NOTES.

The Columbia Southern Refused a Right of Way to the Boundary.

The Staunch Old Conservative Party Complimented by Sir John Thompson.

OTTAWA, June 9.—The Government was decided not to allow the Columbia Southern railway to have a branch to the boundary on the same principle as a charter was refused to the Nelson and Fort Sheppard.

QUARANTINE MATTERS.

The interview which Hon. John Robson and the members from British Columbia had with the Premier, to-day, on the subject of the proper observance of the quarantine laws in British Columbia, was the means of placing forcibly before Sir John Abbott the duty of the Chinese immigration with regard to the case of the unfortunate now lying in Darcey Island.

THE SALMON FISHERY REGULATIONS.

In a conversation which I had with Mr. O'Connell this morning, he expressed the opinion that the new fishery regulations would be of great benefit to British Columbia. If in a good year the canneries want extra hands to fish they can easily engage the fishermen or those to whom licenses had been granted.

BEHIND SEA MATTERS.

The Eastern Canadian press is unanimous in its expressions of satisfaction at the appointment of Sir John Thompson as the Canadian representative on the Behring Sea arbitration. I need hardly remind you readers that the greater part of the fighting in it has been a hard fight which has taken place on this question during the past five or six years—has fallen upon the

REPUBLICAN CONVENTION.

Scenes During the Day—Discussions on Credentials—Harrison Men Confident.

Speculations as to the Vote, as Indicated by Divisions on Incidental Issues.

MINNEAPOLIS, June 9.—Rumors by wholesale float around. One is that the Blaine faction had decided to throw its strength to an outsider, and McKinley was named as the lucky man. When the Blaine leaders were approached, they shook their heads, assumed a sphinx-like attitude and said a word was said. There are also rumors that the Harrison forces, in the event of a probable defeat of their candidate on the first ballot, will flock to the standard of some other than Governor McKinley, as they look upon him as the favorite of the Blainites, whom they would wish to defeat.

THE REPUBLICAN PLATFORM.

Reaffirmation of the Previous Programme, and Congratulations as to Its Benefits.

MINNEAPOLIS, June 9.—The following is a summary of the platform reported to the convention by the Committee on Resolutions. The platform begins as follows: The representatives of the Republicans of the United States, assembled in general convention on the shores of the Mississippi—the everlasting bond of an indestructible Republic—whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the majestic march of the nation under banners inscribed with the principles of our platform...

DEATH OF SIDNEY DILLON.

New York, June 9.—Sidney Dillon, president of the Union Pacific, died this morning. Sidney Dillon worked his way up from a poor farmer's son to one of the leading men of the country. He was born in New York in 1825, and was a native of the Northampton, New York. His parents were poor, and he was educated in a common school. He began his career as a surveyor, and was later employed by the New York Central Railroad. He received the magnificent salary of one dollar per week. His ambition was to be wealthy, and he achieved it by his shrewdness and energy. He was a man of great energy and ambition, and he was a man of great energy and ambition.

BY APPOINTMENT.

Col. Baker returned from East Kootenay, there being no opposition.

GOLDEN, June 8.—There being no opposition candidate, Col. Baker, Minister of the Interior, was declared to be elected to the Provincial Legislature for East Kootenay.

HARRISON CHOSEN!

The Party's Benjamin to Try His Chances in Company With Whitehall Reid.

How the News was Received at Washington—Miss Halford's Kiss of Congratulations.

WASHINGTON, June 10.—A kiss given by Miss Halford, as she flew her arms around President Harrison's neck, 6:12 this afternoon, announced to him that he had been renominated by the Minneapolis Republican convention for President. The President was in his office across the hall from the telegraph room where the bulletins were being received by an enthusiastic crowd, composed of cabinet officers, generals, men in the U. S. army, general newspaper men and women attaches of the executive mansion. Miss Halford rushed across the hall and saluted the President as he had done four years ago at Indianapolis when he received his first nomination. Mr. Harrison was surrounded by secretaries, Noble and Rusk and the members of his private family. It was a memorable scene, and only one face was missing from the picture—that of Mrs. Harrison, who lay on a sick bed less than 100 feet away, anxious but as yet unconscious that the great event was taking place. Her husband was disappointed, and that her husband—Benjamin Harrison—had been selected to lead the Republican party in the coming campaign for the presidency, cost McKinley and Mrs. Parker kissed the President, and Russell Harrison and the cabinet officers congratulated him. They were followed by an eloquent speech by the Vice-President. The President shook hands with them all, and had some pleasant remark to make to the many warm greetings that he received.

SALVATION ARMY DISSENTS.

LONDON, June 9.—The Salvation Army is in financial difficulties, and General Booth has been compelled to issue a stirring appeal for aid. What is known as the Dark-England scheme was started on the calculation that \$150,000 would be required annually for its development and maintenance. This estimate has proven correct, but of the sum total required for this year, only \$20,000 has, so far, been furnished, which, together with the deficiency of last year, has brought operations to a standstill.

THE CHURCH AND THE ISMARACKS.

VIENNA, June 10.—A circular has been issued by the clergy to the Austrian aristocracy urging them to abstain from all participation in the Bismarck-Hoyas wedding. Mr. W. also made an attack on the other holders and will cheer.

KILLED HIS WIFE AND CHILDREN.

BERLIN, June 10.—Hoor Gunther, a master dyer of Weissendorf, murdered his wife and three children, of whose paternity he had expressed some doubt. The husband and wife were quarrelled, and after the murder Gunther declared that he had killed the children to spite his wife.

THE U. S. BUYS SAMANA BAY.

PARIS, June 8.—A dispatch from Kingston, Jamaica, says great excitement was caused in San Domingo by the announcement that the port of Samana Bay, in the western part of the island, had been ceded to the United States and the cession confirmed. The Haitian minister is alarmed, fearing the fact that American Minister Durham, of Haiti, who is in charge of affairs in San Domingo, has taken possession of the port of Samana Bay. The German consul at Port-au-Prince has received instructions to come to an understanding with the republicans of Haiti, who are in charge of the port, and to see that the port is not used as a base for the sale of arms to the republicans.

THE NEW ORLEANS BANK.

Mr. Balfour announced that the Irish local government bill would be dropped, and he would state on Monday what other bills would be proceeded with.

All of them will be demolished to make way for the construction of a magnificent building designed for the Law Faculty. It is rumored Sir Hector Langevin will shortly be appointed Lieut.-Governor of Quebec. QUEBEC, June 9.—In the Police Court, to-day, Judge Chauveau gave a decision in the conspiracy case against ex-Premier Mercier, ex-Provincial Secretary Charles Langlois, and Ernest Pascal, dismissing the charges against Mr. Langlois, but committing Messrs. WINNIPEG, June 9.—A big political meeting was held at Beldur, in Southern Manitoba, on Tuesday afternoon, which was addressed by Premier Greenway and Hon. Mr. Balfour. The meeting was a success. Speaking on the school question, the Premier said: "The Government had nailed its colors to the mast. They have announced that no state aid shall be granted to separate schools, other than the public schools, and the Government will stand or fall by that principle. If it should happen that the Government had no right to tax the separatists, then they will presumably go on and have their own schools, and the Government will go on with a system of national schools."
