Train Struck Hayrack Party Causing Death of Thirteen

**Terrible Disaster Occurred at
Neenah, Wis., Thru Engineer of
Fast-going C. and
W. Train Failing to See
Merrymakers in Dust and
Fog.**

THREE WOMEN AMONG VICTIMS

NEENAH, Wis., Sept. 24.—Thirteen persons are dead, three others are dying and five are seriously hurt as a result of a fast train on the Chicago and Western Railroad to-day crashing into a hayrack on which a party of merrymakers was returning from a picnic.

Dust and fog, and a big signboard near the side of the track contributed to the cause of the disaster being unable to see the party. Nobody on the train suffered, except from a severe jar.

The collision occurred at 3.40 a.m., at the Commercial street crossing here. Train No. 121 northbound whirled thru the wagonload of singing and happy merrymakers, who were returning from the Peter Hanson farm, where they had gone to attend the celebration of a wedding anniversary.

Of the dead ten are men and three women. All but two of the dead and injured were residents of Menasha, Wis.

Bodies Terribly Mutilated.
Armless, legless and headless bodies covered the right of way as the train chugged along. The bodies were brought to a stop eight hundred feet from the scene of the crash. Several of the bodies were so badly mutilated that identification was possible only by fragments of clothing. Six bodies were discovered on the engine pilot and two other bodies were hurled thru a flagman's shanty with such force as to overturn the structure. One of those was a Miss Finn, who was projected thru one of the side walls of the house and was breathing when rescued. She died a few hours later. Another of the victims was thrown high over a barn fifty feet from the tracks.

Parents and Child Escaped.
Among the occupants of the hayrack who escaped were Mr. and Mrs. Joseph Brignald and child of two years. They were seated in the front half of the rack, the mother holding the child in her lap. About half way back in the wagon sat Mary Schwartzbauer. This latter was hurled about fifty feet and rendered unconscious. When found by rescuers the spinning child was in her arms, having landed unscathed. The parents of the child were only slightly injured.

Peter Hanson, driver and owner of the horses attached to the ill-fated rig, managed to hang to the reins, and was the only person aboard who was not temporarily stunned by the collision. He declares he did not observe the onrushing train until his team had reached the track. He whipped up the horses, but managed to get the wagon only half way across.

The train is said to have been nearly a half hour late and was running approximately 60 miles an hour.

SHOOT SALT AT MOBS
Sir Hiram Maxim Has an Idea That
Would Be Effective on Riots.

LONDON, Sept. 24.—Sir Hiram Maxim suggests that it would be a good thing to treat future mobs to a dose of rock salt. He says: "Suppose the officer in command had 400 soldiers opposed to 20,000 hooligans and strikers. It would be best to arm about 200 of them with very large bore, single-barrel shotguns, having rather short barrels, and these should be provided with cartidges of the ordinary type, but, instead of lead shot, they should be loaded with very coarse grains of hard rock salt, the grains being about the size of large peas. The salt has the advantage of being light, so that it does not penetrate very far, and, as it soon dissolves and runs out of itself and as it is also antiseptic, no surgical operation would be necessary."

CRUSHED BETWEEN CARS.
CHATHAM, Sept. 24.—Hector Desautels, an employe of the C. W. and L. E. Electric Railway, died yesterday as a result of an accident received at Erie Beach on Friday. The unfortunate man was caught between two cars and badly squeezed. He was removed to the hospital here, but died about 23 hours after the accident.

Deceased had been married just two weeks. An inquest will be held and the coroner's jury will meet on Tuesday evening to enquire into the cause of his death.

WON'T EAT SUGAR.
HOUSTON, Texas, Sept. 24.—To combat the rise in prices of sugar, housewives here have started a movement to boycott its use.

Lord Stratcona Has Not Resigned.

The story recently published that Lord Stratcona is coming to Canada in order to resign the position of high commissioner for Canada is not absolutely correct.

During the imperial conference in London, Sir Wilfrid made a rather premature announcement of the resignation of Lord Stratcona. It is said that the high commissioner resigned this, and notified Sir Wilfrid that he would not resign until he had returned to Canada and taken an official part in the reception to be given the Duke of Connaught, the King's uncle, on his arrival in Canada. It is understood that after this event has taken place Lord Stratcona will place his resignation in the hands of the Canadian Government.

NEW PREMIER AT OTTAWA GREETED BY FRIENDS

Sir Wilfrid Expected to Be Only
Makeshift Leader of
Opposition.

OTTAWA, Sept. 24.—(Special)—R. L. Borden, premier-elect, arrived in Ottawa at 11.45 to-day from Halifax. It was a quiet and undemonstrative home-coming. On the platform when he alighted from the train were Mrs. Borden, G. H. Perley, M.P., John Thompson, K.C., son of Sir John Thompson, W. H. Rowley, and a few other personal friends. In addition, a number of electors who happened to be on the platform, came up and greeted the new prime minister-elect and shook hands with him.

Mr. and Mrs. Borden drove straight to their home on Wurttemberg-st., where Mr. Borden remained all day. He will be at his office on Monday. In the meantime, he is saying nothing, and the cabinet subject will have nothing to say until circumstances make an announcement possible.

Sir Wilfrid Laurier spent his first out-of-office Sunday quietly, going to church this morning with Lady Laurier. Sir Wilfrid's intimation that he will lead the Liberal opposition for a time, is not taken to mean that he will do more than hold the post of opposition leader till a successor has been discovered and formally accepted by a party caucus.

May Be More Gains.
It is announced to-day that two seats in New Brunswick now claimed by Liberals may yet be counted in the Conservative column. They are St. John City and Carleton held by Hon. Wm. Pugsley and F. E. Carvell. In these ridings recounts are demanded. In Saskatchewan, Qu'Appelle, and in Alberta, MacLeod, have gone over to the Liberal list, and in Manitoba the last reports show 8 to 2, with Dauphin and Provencher Liberal.

Alfonso of Spain Forgives Prince for
Neglecting Royal Consent.

MADRID, Sept. 23.—King Alfonso has granted the petition of Prince Alfonso of Bourbon-Orleans, restoring the prince to the rank of lieutenant and permitting him to be enrolled in the Spanish army for service at Melilla. Prince Alfonso was deprived of all his titles and decorations in 1909 on account of his marriage to Princess Beatrice of Saxe-Cobourg-Gotha without the royal consent.

Deferred elections

Conservative majority	45
-----------------------	----

Sir Wilfrid Laurier will likely elect to sit for Quebec East, in which case Soulanges will probably go back into the Conservative column. That would make it, with the four deferred elections probably Conservative:

Conservatives	136
Liberals	36

Probable majority

	51
--	----

The above table is substantially the same as The World printed the morning after the election. The changes are:

Ontario—East Algoma, Smyth is elected, the Bevan, Liberal, was stated to be at the head of the poll, with the probability that the mining district would return Smyth, which was the case.

Quebec—Later returns transferred Bellechasse and Shefford to the Conservative column, and gave Lotbiniere to the Liberals.

Nova Scotia—Later returns give Annapolis to the Conservatives.

New Brunswick—The only likely change there is St. John City, where Dr. Pugsley has only two majorities. He may lose on a recount, he thinks.

Alberta—Herron was defeated in Macleod.

Saskatchewan—Instead of three Conservatives, only one, McKay of Prince Albert, was elected.

FATAL WRECK ON PENNA. MORE AERIAL MAIL CARRIERS

**Flyer Crashed Into Freight Cars—
Trainman Was Killed.**

PITTSBURGH, Sept. 24.—The Pennsylvania 15-hour flyer between Chicago and New York, was in collision 80 minutes after leaving this city early this morning, killing one trainman, injuring four others and one passenger.

The train had left this city at 12.30, and after passing the Ft. Lehigh freight yards, where there are cross-over tracks entering the yard, the train was held up by the tower-man, near Larimer, 30 miles east of here. While the train was at a standstill a train of 20 empty freight cars was let in on the same track and crashed into the flyer, head-on.

It is thought that the tower-man, anxious at the delay to the flyer, in his hurry threw the wrong levers of the interlocking switch system.

Seven freight cars were derailed, blocking the four tracks for several hours. None of the passenger cars left the track. The flyer was provided with a new locomotive and proceeded east three hours late. It was not 8 o'clock before all tracks were cleared and six other trains that had been delayed were able to proceed.

S. E. Campbell, fireman of the flyer, was caught between the tender and the cab of his engine and crushed so that he died before he could be moved from the scene.

NEW YORK, Sept. 23.—The first United States mail ever transported by aeroplane was carried to-day from the aviation field on Nassau Boulevard, Long Island, to Garden City, a distance of five miles, by Earl L. Ovington in a Bleriot machine. His flight for this purpose was the leading feature of the international meet's opening day.

Ovington took only one bag of mail, held it between his knees, and when he was over Garden City he dropped it on the signal of a man who waved a flag as pre-arranged. This bag contained about 75 pounds of letters and postcards.

England has had the aeroplane-mail for a month.

When will Canada come in? Casey Baldwin is waiting and working at Baddeck, N.S., for the government to give him a chance to show that he can be an aerial mail-carrier.

EARLSCOURT JUBILATES OVER DEFEAT OF PACT

**Historic Spot Where National
Campaign Was Launched Scene
of Joyful Demonstration.**

It was no small and insignificant way in which the British-born of Earls Court celebrated the victory over the reciprocity pact on Saturday evening, when two hundred of them gathered in Little's Hall and nearly raised the roof with shouts of joy.

For a full hour Arthur Hawkes reviewed the fight and told how he and others from that district had traveled the country widely delivering lectures on Canada's gloomy outlook should the pact go thru. He recalled one evening early in February when a little group of Earls Court residents met in that same hall and discussed the agreement drawn up by Messrs. Fielding and Paterson at Washington. From the very first the people of that British neighborhood saw that reciprocity with the United States would tend to draw attention to the south and away from the motherland. Needless to say that even such a thought could not be entertained by these royal Britishers. British they were, and British they would remain and have nothing to do with anything that had even the shadow of disloyalty in it.

Historic Surroundings.
"In this hall the first meeting of protest was held," said Mr. Hawkes, "and in this hall we are holding the first meeting called purposely to rejoice over the victory. The effect of the meeting in February went broadcast over the country, and many a candidate owes his victory to our efforts. We have done the pact and put away for all time any idea of being bound in the least degree to the United States, but should ever such an agreement be presented to us again we will fight it just as hard and kill it with an even heavier blow."

Must Cling to Ideals.
John R. Robinson referred to a prophecy made by Harry Watson at the close of the meeting in February when he declared that the Laurier government would be overthrown by the loyalty of the people of Canada, and by the fight which had been started that evening. At that time Mr. Robinson feared otherwise, but the election proved the prediction to be true.

Mr. Robinson declared that only by clinging to ideals and not to party would Canada be safe. One party may go astray, but if the people have right ideals nothing of a very serious nature can be brought to pass.

Referring to Canada's navy, the speaker pointed out that it would be many times better to contribute to the upkeep of England's war department than to have a few cast-off toys floating around at a great expense. He declared that unless Canada contributed toward the expense of England's navy Canadians would be looked upon as "deadbeats."

"We enjoy the protection of these great English war vessels, and yet we do not so much as make any pretence of helping to support it," he said.

Controller Church, J. S. Cammell and A. R. Hassard spoke. At the close of the meeting it was suggested that a permanent society of British born be founded. A small committee will be appointed to consider the matter, and if thought advisable a meeting will be called.

Harry Watson rendered a few comic songs in excellent style.

REJOICING AT THE O.J.C.

**Opening Day Give Chance For Congr-
tuations On Defeat of Reciprocity.**

The opening day of the fall O. J. C. meet this year was particularly interesting from one standpoint. Instead of being merely an enjoyable sporting event it became almost a political celebration.

Nearly all the Toronto men and women who were prominent on the Conservative side in the recent election attended, and their relation with the recent victory of the Conservative party lent an unusually festive air to the occasion. It has been proved that Toronto for all political purposes is Conservative. There were few of the prominent people present at the meeting who were not willing to shake hands on the defeat of reciprocity.

Numbers of the newly elected M.P.s were to be seen on the members' lawn, busily engaged in receiving congratulations. The wives were also present and vied with one another in the brilliance and fashion of their attire.

Several members of the local house and of Premier Whitney's cabinet were also on hand. In fact, the whole thing resolved itself into a huge Conservative picnic of the highest class. The defeat of reciprocity was the chief subject of conversation.

Only one added touch was needed; if Mr. Borden or the governor-general had been present the day would have been complete.

HURRIES AT NINETY-ONE.

LONDON, Sept. 23.—Lord Strathcona, despite his age—he is 91—made a Duffey sprint to catch the special steamship train at the Euston Station to-day. He arrived at the station just as the train was starting, and assisted by a couple of friends, he raced and was pushed into a carriage before the train got up speed.

Races
First Day at Woodbine

Note and Comment

Those interested in propagating betting by the books will tell you that they get better odds the old way, and the tempo-rary and more reformers declare that there is more speculation in the mutuels than ever before. But both are convincing their captives.

Unprejudiced observers see better prices in the pools than they were in the races and outsiders, and all the horses are tried. There is no premium in this era of betting for a played horse to run outside the mutuels. Whatever cost is lost on him in the mutuels is paid to those who hold winning tickets, and only five per cent. to the machines.

As to the volume of betting: It is possible to give an accurate estimate, according to the O. J. C. method, and even two. There is no gain saying that the books handled double or triple the sum, and generally retained the same, and the above-mentioned society to the contrary, notwithstanding.

And, above all, there is method and order in the shed, instead of the hasty and chaotic race of the past. The first ticket is the same as the second, and the same as the third. The desirable element is entirely eliminated.

The Toronto Autumn Cup has now been run for nine years, the record being as follows: Year. Horse. Owner. Wt. Time. 1909—Janice... G. B. Morris... 119 2:10

Following is the record for the Woodbine Autumn Steeplechase: Year. Data. Horse. Owner. Wt. Time. 1917—John Dillon... Mrs. Webb... 152

The Eastern League baseball season wound up on Saturday, as far as Toronto was concerned, except that if the Orioles had lost twice as many as they did on Sunday the Leafs would have finished in second place. But they only dropped two games in the final three.

Followers of local cricket will express surprise at the finish of the City League, but Eaton's C.C. are none the less to be proud of their achievement of defeating the Toronto on Saturday for the championship. The Big Store won first place in Division B, while Toronto bested Rosedale in the extra game, after ending a tie at the finish of the season.

Kid McCoy Looks Like a "Come-Back"

NEW YORK, Sept. 23.—It took less than a round for Kid McCoy, in a "comeback" trial at Brown's gymnasium last night to stop Kid Elle of Brooklyn, who had been announced from the ring as "no joke." McCoy landed on Elle so frequently and so hard that he was wobbling in almost no time, and after one minute and four seconds of punishment for the Brooklyn man, the referee stopped the bout. McCoy was leaving the ring Bob Fitzsimmons, once heavyweight champion of the world, saved the ropes, seized the gloves from Elle's second, and invited McCoy back into the ring. McCoy accepted the invitation and the two noted fighters of former days battled vigorously for twenty seconds before the referee again intervened.

Eaton's Cricket Championship of City

Torontos Beaten in Final Game by Four Runs—Winners Make Good Use of Their Bowlers.

Eaton's Cricket Club defeated the Torontos by four runs in the final match for the City League championship. The victory was secured by a combination of brilliant batting and efficient bowling. The Torontos were out for 44 runs, while Eaton's scored 48 runs.

The match was played on Saturday at the Varsity campus in delightful weather. The batsmen were out for 44 runs, while Eaton's scored 48 runs. The bowling was equally brilliant, with five wickets taken for eight runs.

The credit of winning the match was greatly due to the captaincy of Alf. The time in which the bowlers were called into the field was most critical, and the batsmen were not able to score more than a few runs.

The match was a most interesting one, and the spectators were well served by the excellent weather. The batting was brilliant, and the bowling was equally efficient.

Record Entry List For Championship Ladies' Golf Tourney

OTTAWA, Sept. 24.—A record entry list and the assurance of competition the like of which has never been witnessed in a ladies' golf championship before makes the annual ladies' tourney of the Royal Canadian Golf Association on the Ottawa Golf Club links, an event that surpasses anything of its kind ever held in eastern Canada or the entire Dominion.

The tournament was officially inaugurated by His Excellency Earl Grey, who presided at the opening ceremonies. A complete list of the entries follows: Mrs. J. E. Ball, Miss J. N. Leung, Mrs. Cryster of Niagara, Miss M. Thompson and Miss Sara Hare of St. John, Miss M. Dawson of Waterloo, Miss D. Campbell, Miss F. L. Harvey, Miss G. C. Toronto Hunt Beat Ottawa Polo Team For the Earl Grey Cup

OTTAWA, Sept. 23.—(Special)—Only two riders finished this afternoon's country race for the Earl Grey Trophy at the Ottawa Hunt Club grounds, Toronto winning the event in a close finish from the Ottawa team. The weather was all that could be desired, but the heavy going made the race only two of the starters finishing. It was a very hard race, the contest was witnessed by a large crowd and His Excellency Earl Grey judged the event.

Previous to the event a farewell breakfast was given to the Governor-General by the Ottawa Hunt Club. Earl Grey making an appropriate reply to the toast in his honor.

The Toronto team, winners, was composed of the following: F. T. Proctor, Walter Rawlinson and J. C. Hall, Ottawa being represented by Major Gillmore, Mr. Edwards and H. Bate, Jr.

The Toronto Hunt Club came into permanent possession of the trophy. The game to-day resulted, after the most stirring tussle on record, in a victory for Toronto by fourteen points to twelve.

A farewell was afterwards tendered by the Ottawa Club presenting his excellency with a huge floral horseshoe. The annual race meet will be held in November.

Toronto Cribbage League

The annual meeting of the Toronto Cribbage League was held on Tuesday, Sept. 23. The following were elected officers for 1917-18: President, Mr. A. J. B. Cribbage, vice-president, Mr. G. C. Cribbage, secretary, Mr. E. H. Cribbage, and treasurer, Mr. J. D. Cribbage.

EATON'S Remarkable Price Reduction in Runabout Harness

Seldom, if ever, have we offered such fine quality at prices away below the actual cost of manufacture. Just think for a moment of the enormous saving this event offers horse owners who require a high class harness. They're made from the best selected stock, in latest styles, by skilled workmen in our factories and sell for less than it cost for the high-grade materials and labor.

The limited quantity offers a choice of either solid nickel, brass or genuine rubber mountings, and the following brief description gives a fair idea of the great value offered.

They have English saddles, large English blinds and side checkers. Some are made of breaching, others with hip straps only, and combine neat appearance and durability.

Better come Tuesday and see the numerous other features of the harness at this reduced price. —Eaton's.

OTTAWA R. Riders May Amalgamate With Rowing Club

OTTAWA, Sept. 23.—Sweeping changes, proposed by the Ottawa Rowing Club, are due at Monday night's meeting of the Ottawa R. Riders, when arrangements will be completed for the amalgamation of the club during the coming season. The disaffection among the different members of the club will be smoothed over, it is said, by the selection of a new slate of officers, and, which such bright prospects as regards material, every effort will be made to put things into running order at to-night's gathering.

Interviewed by The World representative, President W. A. Cameron of the Ottawa Rowing Club stated that the oarsmen were anxious and willing to take in the new slate of officers, and that the season's crew is what President Cameron is after, and the footballers can affiliate under the same flag.

Heavy membership to the club, heavy funds, one of the greatest winter players of the city, and captain of the Ottawa Rowing Club, is anxious to have the club amalgamate, and, as a large number of the oarsmen are at present members of the Rowing Club, this is the probable result.

Saturday, last Lansdowne Park, Coach Walsh had forty men in uniform, the best of them without exception, the greatest early season workout that the Ottawa can boast of for years past. By a large margin the rowers were better than the footballers, and the latter were not so well off.

Skeeters and Indians Divided Their Double-Header—Eastern League Closes.

PROVIDENCE, R.I., Sept. 24.—Providence defeated Baltimore in both games of a double-header to-day, 10 to 6 and 11 to 6, closing the Eastern League season here.

The first game was little better than a farce, especially during the first three innings when Baltimore made no effort to win.

IN THE STOCK MARKETS

The Following Summary of the Financial Conditions is Compiled by the Special Representative of The New York Evening Post.

LONDON, Sept. 22.—Nothing whatever is shown in financial circles here concerning the alleged steel trust disintegration, the talk of which has thrown Wall Street into such wild emotion...

The view taken by financial Europe is that your country is undergoing a highly interesting readjustment—social and political—and that this in its financial bearing, made inevitable a similar adjustment of policy to the changed conditions. This view is by no means pessimistic as regards your future; but the prevailing uncertainty could hardly fail to prevent any powerful support of your market, not to mention speculating speculation for the time being.

It is, however, felt that since the war is a settled issue the Morocco market will be greeted by a prompt advance in the markets. That would in all probability be succeeded by a further advance in the bond market, but not necessarily by dearness. For the immediate outlook here, as in America, is obscure.

It is strongly felt that removal of the Morocco burden would disclose the fact that stock markets are heavily over-valued, and would then reverse the present downward tendency, leading to more comfortable conditions in the autumn. But belief in the possibility of a settlement in Morocco is not shared by all, and the day would prevent a sustained advance in financial values.

Here in the European markets, this has been a week of paradoxes. The London bank rate goes up to 4 per cent, at a moment when the world-wide market is rampant with speculation that the rate will be 2 per cent. In Paris there seems to be actually an absolute decrease of rates since the beginning of the war. There is a heavy sale of funds from Germany; yet continuation rates on best security at the Bourse have gone to 10 per cent.

This movement at Paris is, however, mainly in consequence of what seems to be actual hoarding of gold. Our own large gold accumulations must be mainly ascribed to the bank's cautious attitude in refusing to lower the rate when the open market was extremely easy in the money market.

Amidst a variety of complex influences, the salient fact to remember is that the French economic position is probably the most serious since the failure of the grain and vintage crops, is weaker than in several years. The French situation is not as bright as it seems, and it is not clear that the situation was disorganised by the Bourse, which continued its policy of over-creating new securities for the benefit of foreign investors and lending immense sums to Berlin.

The Day of Opportunity

When he saw the election returns, a shrewd man said: "Now that we're to have a strong protectionist government, Simpson's great big stock of goods should be worth half a million dollars more," and the answer was: "Well, the customers will get the benefit of it."

Whether prices go higher or not, they certainly will not be lower. In assembling our great aggregation of merchandise for autumn and winter trade, we received many important concessions from manufacturers. Never were prices more favorable to the customer than those now marked on this immense stock of goods. It MAY cost us a lot more money to replace them—in any case, you can't do better than BUY NOW.

To-day's specials include Monday Basement Sale of Household Goods, Sweater Coats for Women, Rogers' Silverware at Half Price; "Carriage Hats," latest Paris models, at Half Price; Smart Tailored Waists for Women; New Arrivals in Autumn Dress Goods and Silks.

These Boys Will Be Voters

Boys' \$4.00 Suits at \$2.49

The boys who get these Suits will be Voters before there can be another election turn over like last Thursday's. Boys soon develop the patriotism which says *Canada for Canadians*.

Four hundred of them can be fitted. We've all sizes, up to almost men. Rig them out with one of these made-within-the-empire suits.

We thought of marking these Suits "only one to each customer," but as there might be two or three bonafide needs in one family, we've decided to take off the limit.

They're really the best value that's been offered for boys this fall. If there's any doubt in your mind about your boy's present school suit, here's your chance to fix him up right at least possible cost.

400 English and Canadian Tweeds, good, honest materials, in assorted patterns, brown and grey mixtures in stripe and check effects. Fall weight made up in popular Norfolk style with plain pants, well tailored, sizes 26 to 33; excellent suit for school wear to fit boys 9 to 16 years. Regularly sold up to \$3.50 and \$4. Tuesday at . . . \$2.49

One Fresh Curtain, and One not Quite

—THEREFORE HALF-PRICE—
