For Santa so Gay!

HE'S COMING TODAY, KIDDIES, WITH THE BIGGEST, BEAUTIFULLEST PROCESSION THAT EVER WAS

"TOOTLE-TE-TOO," GO THE TRUMPETS, AND THE HERALDS ON WHITE HORSES PRANCE PROUDLY AHEAD; THEN COMES A BAND, AND MORE HORSES—BLACK AND WHITE BOTH—AND WHOEVER DO YOU THINK RIDES BEHIND THEM? WHY, CINDERELLA DRESSED FOR THE BALL IN HER GOLD CARRIAGE DRAWN BY FOUR WHITE HORSES. OH! HOW LOVELY SHE LOOKS. GUESS WHO COMES NEXT! YOU'LL LAUGH WHEN YOU SEE THE ELEPHANTS AND DONKEYS RIDING HORSEBACK, AND UNCLE WIGGLEY AND HIS BUNNIES ARE THE FUNNIEST THINGS YOU EVER SAW. HUMPTY DUMPTY LOOKS AS THOUGH HE'D FALL OFF HIS OLD WALL ANY MINUTE, AND FAST BEHIND HIM COMES THE BEAUTIFUL GLITTERING FAIRY QUEEN WITH THE PRETTIEST OF HER FAIRIES. D'YOU REMEMBER THE OLD WOMAN WHO HAD SO MANY CHILDREN SHE DIDN'T KNOW WHAT TO DO? WELL, SHE'S THERE, TOO, PEEPING OUT OF HER SHOE, AND IT'S SIMPLY OVERFLOWING WITH CHILDREN. THEN, LAST AND BEST OF ALL, COMES DEAR OLD SANTA, SMILING ALL OVER HIS JOLLY RED FACE, AND WAVING HIS HANDS TO YOU, KIDDIES. THERE'S A NEW VISITOR WITH HIM THIS YEAR—MISS JUBY LEE, WHO WEARS A GOLDEN COSTUME OF 1869—OUR GRANDMOTHERS' TIME. MISS JUBY LEE IS GOING TO STAY IN TOYLAND WHILE SANTA IS THERE, SO THAT THE CHILDREN MAY SEE HER, TOO. THE TOYLAND ANIMALS ARE GOING TO BE ALL READY FOR SANTA WHEN HE ARRIVES; IN FACT THEY'LL BE OUT ON THE VERANDAH WAITING TO SHAKE HANDS. SANTA HAS TO CLIMB UP A LADDER FROM HIS COACH, AND AFTER HE HAS HAD A LITTLE CHAT WITH THE CHILDREN HE'LL DISAPPEAR INTO TOYLAND, ON THE THIRD FLOOR, WHERE HE WANTS YOU TO VISIT HIM ON MONDAY AND FOLLOWING DAYS OF NEXT WEEK.

Books For Children

THERE'S a special display of them on the Third Floor, and you'll find wonderful picture books for Christmas, fairy tales, Boy Scout books, exciting tales of adventure—the old favorites—Water Babies, Treasure Island, Robinson Crusoe, Alice in Wonderland, Mother Goose, Grimm, Andersen, and all the merry company of spinners of good yarns.

Bring the Kiddies to Toyland! It's Just Like a Fairy World

Oh! The Toys, the Dolls and the Animals—How Dear and Funny They All Are, and More Real and Lifelike Than Ever

SUCH DOLLS—babies, of course, first—tiny ones and life-size, dressed and undressed, with the cunningest little faces, eyes that open and shut, and double-jointed arms and legs.

The most beautiful dolls of all come from France, and they are ladies in silk dresses, little boys and girls in sailor suits and pinafores, nursemaids, soldiers,—oh, every single kind of doll you could possibly dream about.

Then when you've finished dreaming, along comes "Fluffy Ruffles," just as plump and chubby as she can be, and all dressed up in spangled net or rose-pink taffeta for a party, and the perky little Japanese dolls in gay kimonos, with their black hair and narrow slits for eyes. Aren't they the darlinest things you ever saw?

Tiny dresses, hats and coats, even gloves and shoes for dollies, you will find here—sewing sets, tea sets, trunks for travelling, toilet sets, carriages to ride in, cradles to sleep in, pianos to play on—everything that the most particular mamma wants for her doll. Then there are all kinds of furniture, tables, benches, stools, dressers, and houses to put them in, all painted in bright colors. These are for the doll's tea party, and there are bigger ones for the little mothers.

Don't think you're being left out, boys! Toyland has some great stuff for you. How about velocipedes, wagons and automobiles, circuses with performing animals and clowns, the finest telephone sets, wireless outfits, and all the Meccano and Erector Sets to help you build bridges, cranes and lighthouse towers?

There are trains with engines, tenders, cars, semaphores, switches, bridges, stations, tracks—every single thing you want, and exact models, of course. Some of them run by electricity and some by clockwork.

Little ice and coal wagons, ambulances and fire-reels make fine toys, don't they? And when you get tired playing with them, there are some fine new games—Naval Manoeuvres, where you play with battleships; Aerial Post, a great baseball game; Toyland Guards, with soldiers for tenpins; Cover 'em Up, Sharpshooters, Fishpond, Post Office—everything you can think of. Then for the very tiny kiddies there are building blocks and balls, rubber dolls and animals, and dear little toys and rattles made of celluloid.

We haven't told you nearly everything—just enough to show what a good time you'll have when you come to see Santa and Miss Juby Lee in Toyland.

Uncle Wiggley's Bunnies are here, too!

Yesterday's plan of campaign for the Victory Loan was to find out the nooks and corners where citizens might be found who had not yet contributed to the loan. Work previously had been done so well that it seemed as if it would take a Diogenes with his lantern to ferret out anyone who had been overlooked, but Toronto is a big city, and many willing to contribute were from home when the canvasser called, a second call in thousands of cases

ONTARIO'S NEW CABINET

Premier Drury and his cabinet photographed yesterday morning in front of the U.F.O. headquarters, Toronto. From left to right they are: Rear Row—H. C. Nixon, provincial secretary; Peter Smith, provincial treasurer; E. C. Drury, premier and president of the council; R. H. Grant, minister of education; W. R. Rollo, minister of health and labor; H. Mills, minister of mines. Front Row—W. E. Raney, K.C., attorney-general; Manning Bosherty, minister of agriculture; Banah Bowman, minister of lands and forests; F. C. Biggs, minister of public works; and Lieut.-Col. D. Carmichael, D.S.O., minister without portfolio.

proving effectual where the first had failed.

It was a regular "mopping up" day, for in addition to fresh subscriptions citizens were asked to renew their endeavor and double up on their work of buying bonds. How successful the plan proved is evidenced by the figures published. This "double-up" canvass will be continued today and Monday. To work strenuously in the interests of the loan until the last moment is the outstanding duty which campaigners set before their eyes. To come first in the friendly race between Toronto and Montreal is a secondary but by no means uninteresting motive for work. Arrangements have been made for the banks to remain open until midnight on Saturday, and bond salesmen will remain on duty until the same hour.

Appreciation of the work of the "tank" was shown yesterday when at the headquarters of the Victory Loan Gen. Gunn presented Lieut. Snyder, who is in charge of the tank party, with a Victory bond and a box of cigars and his fifteen assistants received each cigars and cigar case. Thanks were also extended to the government of the United States for their courtesy in lending the tanks and party.

Window decorators were compensated for their endeavors in behalf of the Victory Loan by the contest and awards, the following being judged the winners: First, A. T. Smith, 555 West Bloor street; 2, Fitzpatrick, & O'Connell, 354 Yonge street; 3, Loblaw Stores, 815 East Queen street; 4, Wilkinson Paper and Twine, 70 Bay st.

S. G. Arnold, 928 East Queen street; 6, S. Gansbar, 10 Teravay street; 7, W. G. Beaker, 611 West Bloor street; 8, National Furniture Co., 917 West Bloor street; Consumers' Gas Co., 12 West Adelaide street; George Hutton, 1899 East Gerrard street.

Highly recommended: Hydro-Electric, 226 Yonge street; Tegeler & Williams, 47 Yonge street; Grand & Toy, 8 West Wellington street.

The first prize was \$100 bond, second and third prizes, \$50 bond; fourth to eighth, \$10 paid on bond; ninth to tenth, \$5 paid on bond. The judges were Lieut.-Col. W. Rhoades, W. C. Miller, secretary Retail Grocers' Association; John G. Kent, J. C. O'Connor, Colleges Respond.

The various educational institutions responded generously to the loan, but none more so than St. Andrew's College, which is credited with having taken out bonds to the value of \$70,000. The University of Toronto Schools has also made a wonderful showing, winning an honor flag and a crest. One of the pupils subscribed to the extent of \$1,500. U.T.S. pupils chased to date aggregate \$29,000. Varsity students and staff are expected to reach the \$75,000 mark before the campaign is concluded. Honor flags were won yesterday by Imperial Varnish and Oil Company, 4 Morse street, whose 70 employees bought bonds totaling \$10,000, and the Counter Costume Company, 296 West King street, whose staff is entitled to eight crests, 80 per cent. of the personnel subscribing for \$15,000, representing 25 per cent. of the 600 staff.

Women, too, are doing their part in giving and hearing addresses on the Victory Loan and in rounding up prospective buyers. One of the enthusiastic workers boasted she had personally influenced \$5,000 purchases. Yesterday 3,321 women subscribed \$507,950, making to date 14,860 applications totaling \$1,937,050.

The Manufacturers' Life of Toronto have subscribed for a further million dollars, making their total subscription to this campaign \$6,000,000, the fourth largest in Canada. The Toronto Gas and Electric Corporation have subscribed \$1,000,000.

Only \$63,505,950 More is Needed to Pass Last Year's Total.

Yesterday's total of \$10,192,950 to date 272,547,950. Last year 239,065,950.

Ontario yesterday entered the home stretch. With only one day to go, the province raised \$272,547,950, which brings it within \$48,958,950 of the grand total of \$330,506,900 at the finish of the 1918 campaign.

The task assigned the 3000 team members throughout the province was \$141,100,000. Last night they had exceeded this with a total of \$153,718,400, which is 108.94 of their objective. The specialists were allotted \$44,725,000, but several days ago they passed that sum and their record tonight is \$118,829,550, or 140.25 per cent. of their objective.

The number of individual applications at this date is 340,648.

Nine units passed, their combined objective yesterday, bringing the total number up to 54 out of 60. The number of units whose team members passed their objective yesterday is 15, bringing the total up to 54. Specialists put four units over their objectives yesterday, making their total so far 52.

As the total to date for the Dominion is \$206,247,828 outside the province, it will be seen that Ontario, with \$272,547,950, has a big lead.

If Back Hurts, Begin on Salts

Flush Your Kidneys Occasionally, if You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which clogs the kidney pores so they sluggish after or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with sweet orange and has been used for generations to flush, clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, which, all regular steady eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

ALLEGED COMBINE PROBED BY BOARD

Laco Phillips Co. Claim Canada General Electric is Exercising Monopoly.

Who would believe that the two little pieces of wire seen in the electric light bulb in many homes were so valuable that three highly-paid members of a government enquiry board, two of the most highly-paid counsel on patent law, a Canadian senator, and no end of highly-paid officials would spend two whole working days to try and find out who has the legal right to use for commercial purposes these two bits of wire?—and then the report was not decided.

These two pieces of wire, according to W. A. Anglin, K.C., are called "filaments." Mr. O'Connor wanted to call them the wick, for short. Judge Robson thought they might be named the things that give the light, whilst Mr. Murdoch, the third member of the board of commerce, not being quite sure what they were, called them "filaments." The reports were so taken up with the right spelling of the foreign patentees names that they had no time to think about it, so followed Mr. Anglin and called a filament.

Charges of Combine.

All this was brought about by a case started before the board of commerce in Ottawa last Friday, and then transferred to Toronto, wherein the Canadian Laco Phillips Company asked for a declaration by the board of commerce that the Canadian General Electric is a combine. They also ask for an order to compel the company to supply them with drawn tungsten wire for use in the manufacture of incandescent lamps. Before the war, the Laco people imported lamps from Holland, but now they desire to manufacture their own lamps in Canada, and declare the General Electric refuse to supply the wire, of which they have a control, to enable them to carry on the business. They also claim the General Electric have agreements with other companies, under which they allege a world-wide combine exists, and that different companies operate the patent rights in their respective territories, and agree not to invade the territories of the others. The operation of this alleged agreement, the Laco people contend, is detrimental to the public interests.

The Canadian General Electric, in justifying their action, claim that they hold not only a patent for wire, but also for lamps, and that they are not bound to assist any competitor in improving their operation of this alleged patent. L. P. Hellmuth, counsel for the General Electric, said: "I state boldly that we propose to drive every pirate away we possibly can."

Cut Prices Purposely.

Senator Nicholas, the president of the Canadian General Electric, was the principal witness of the day. In reply to Mr. Anglin, he said that the big fall in prices of tungsten lamps in 1918 as made by his company might have partially been due to the Laco Phillips people out of business. He was not, however, aware, he said, of any effective monopoly in tungsten lamps. His company had recently refused to consider the question of licensing the Canadian Laco Phillips Company, and the other companies in Canada, carries the General Electric license. In a short time, declared Senator Nicholas, his company would have equipment to turn out 50 per cent. more than their entire output in Canada.

NOTED LECTURER RETURNS.

"End of the World" is the subject of T. W. Williams' lecture at the Allen Theatre Sunday evening next. Mr. Williams has returned from California and will lecture every Sunday evening at the Allen throughout the winter.

LATENT POSSIBILITIES.

Joseph Mastrangelo, an Italian, appeared in the police court yesterday charged with keeping a liquor "still" at his home. According to the police, the still had a 600-gallon tank and also only one gallon of liquor had been brewed, according to the accused, the magistrate was horrified at the latent possibilities and fined the offender \$200 and costs or six months in the penitentiary.

DECIDED ON JAIL.

W. J. Eakins was yesterday found guilty in the police court of having been drunk while in charge of a motor car. According to eye-witnesses and policemen he was very drunk. Eakins was sentenced to seven days at the jail farm and his counsel later served notice of appeal and Eakins started to walk out of the court. Later still the young man thought things over and decided to take the seven days.

CITY HALL NOTES

The board of commerce will meet today at the city hall to go into the question of the price of boots and shoes. As all the board will be present, Col. Price will put before them a review of the evidence taken on previous occasions and also make some suggestions for the fixing of prices on these articles.

Altho the board will be sitting here both today and Monday (they go to Hamilton on Tuesday), no fresh price orders will be issued by them during their stay here, and the question of the price of milk will not be considered at the present sitting.

At the council meeting on Monday a resolution will be put forward by authority to establish 41 skating rinks, 25 hockey rinks, 8 children's slides, skating rinks at 7 military hospitals, and two toboggan slides in the city. The whole cost is estimated at \$25,000.

Dr. Hastings, the M.O.H., estimates that at least 10,000 people have been vaccinated in the city since the small-pox scare was raised. In this estimate, which the doctor considers conservative, he includes children in the schools, students in colleges, those who have gone to the hospitals and the thousands who have had the operation performed by their own medical man.

The city clerk yesterday stated that the number of names on the city voters' list for 1920 was 164,416, or 5225 more than last year. By wards the tables are:

Ward 1	19,583	20,080
Ward 2	19,164	19,604
Ward 3	22,527	24,945
Ward 4	18,504	19,057
Ward 5	28,925	28,928
Ward 6	38,489	38,946
Ward 7	5,484	5,964
Ward 8	12,110	12,891
Total	159,091	164,416

January Coming.

Very few aldermen and hardly a controller were at the city hall yesterday. They are evidently saving up their strength for the council meeting on Monday, which is likely to be one of the most lively in its history. Not only are the three principal subjects for debate very "debatable," but all the members have in mind the nearing of January 1 and are naturally anxious to keep their names before the electors by making election speeches.

The following building permits were issued yesterday: Grand Trunk Railway, additional storey to present building, Station street, southeast corner York street, \$52,000; West, alterations to building, 504 Yonge street, \$10,000; J. R. Gifford, three pairs semi-detached dwellings, west side Rosedale avenue, \$15,000; J. R. Gifford, two pairs of semi-detached, two-storey dwellings, east side Rhodes avenue, \$7,500; Dr. W. R. Patterson, one pair semi-detached two-storey dwellings, south side Milverton boulevard, \$6,000; G. A. Evans, one 2 1/2-storey dwelling, north side Rose Park drive, \$4,000.

The Toronto World

FOUNDED 1820. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

From Strap to Satrap.

Yesterday morning just before 10 o'clock a man stood in a westbound King car between Broadview and Church street, to whom all but two of the passengers were oblivious.

Exactly an hour later, at the noble portal of the governor's palace, a vigorous, bronzed man alighted from another man's motor and was ushered in with those marks of respect which underlings bestow upon those to whom their lord pays the honors due to rulers and princes.

Change of Government Very Simple.

Such a radical change in government as the advent of the Farmers' cabinet in the parliament buildings is an extraordinary tribute to the sanity and simplicity of British methods.

Fair play will be given the new ministers in their task of learning their new duties. There will be no lack of assistance from the deputy ministers and the permanent officials.

There may be a few radical changes adopted before the legislature assembles, but it will be in the legislature itself that new measures and radical legislation will indicate how thoroughly the new administration is imbued with radical sympathies.

Only one lawyer is in the cabinet group; eight Farmers will overrule any legal reaction, and the two Labor men are even more radical than the Farmers.

After-war conditions, and the telephone No. 11

The telephone company is now speaking of members of the "knowers" as to who will be in the running for the board of directors.

Will Anyone Else Do?

IN placing a Long Distance telephone call, users sometimes ask to speak to a particular person in the distant city, whereas it would serve their purpose equally well to talk to anyone else at that person's telephone or in his office.

"Particular person" long distance service takes from 2 to 5 times as much circuit time as a call from telephone to telephone, and the operating labor is much greater.

Oftentimes of course, "particular person" service is necessary. We suggest, however, that where possible when placing a long distance call you tell the operator that "anyone at that number will do."

LABOR NEWS

TRADES UNIONS ELECT OFFICERS

Trade Union Group of Canadian Labor Party Chooses Executive.

John Macdonald, patternmaker, was last night elected president of the executive of the trades union group of the Ontario section of the Canadian labor party, and J. M. Baker of the Canadian Federation of Labor was elected vice-president. James Higgins returned soldier or unionist, being elected secretary. John Macdonald stated to The World that a delegation from the trades union group would appear before the convention of the I.L.P., which is to be held at the Labor Temple this afternoon, to arrange for a combined conference on Saturday, Nov. 22, with a view to nominating candidates for aldermen and the board of education. Mr. Macdonald stated that so far as he knew it would be the aim of the group to maintain its identity, but that the session on Nov. 22 would practically be a convention of the Canadian labor party, and that a thoroughgoing executive would doubtless then be elected which would put the Canadian labor party in Ontario at least on a proper business basis of organization.

NEW SHOPMEN'S SCALE

Agree With War Board for New Schedule of Wages.

Montreal, Nov. 14.—The new agreement arrived at between the Canadian Federation of Labor and representatives of the Shopmen's Union provides that men engaged in locomotive work are to receive an increase of four cents per hour and men in car repair shops an increase of nine cents an hour. The difference in the increases is due to the fact that the repair shopmen claimed that under the old agreement they had not received as liberal treatment as their fellow workers from November 1, 1919, but the men will get the new wage terms as from May 1, 1919, when negotiations with the war board began.

O. B. U. HAS GOVERNMENT RECOGNITION.

E. R. Bales, secretary of the Toronto Central Council of the One Big Union, in an interview yesterday afternoon with The World, stated that the intimation of the acting minister of labor, F. A. Acland, to the executive of the O. B. U., that the government was desirous of getting the names of the officials of the organization was evidence in itself that the government placed the O. B. U. on the same footing as any other trades union organization.

FOUND WOODS TOO COLD

Complaining that he could not stand the cold working in the bush up north, Bryce Bumpus walked into Court street station last night and asked for a night's lodging. He told Sgt. McArthur he had no money and had not eaten since morning. Bumpus kept stretched out one of his feet, as the he was reaching for the rail in a barroom. This was noticed by the police, but Bumpus replied that his legs were paining him from the cold.

UNITARIANISM.
It is the religion of reason and the human heart. It is the religion of the Lord's Prayer, the Golden Rule, and the two Great Commandments of love to God and Love to Man. It stands for deeds, not dogmas; for hope and trust, and worship, for freedom of thought and progress, not for bondage to the past; for earnest and united effort to build up the Kingdom of Heaven on earth. Jarvis Beat Commerce 22 to 0 For Junior H.S. Championship

JARVIS CHAMPIONS IN JUNIOR SERIES

Defeat Commerce, Twenty-Two to Nil, at Varsity Stadium.

In an exhibition game staged at Varsity yesterday afternoon, as a preliminary to the junior high school final, Parkdale emerged victors over Technical to the tune of 22 to 0. Both teams are light, but play a fine heady game, and Parkdale were victors because they stuck to their guns and never let up trying from the beginning to the end. McVicar and Brown were the outstanding stars for Parkdale, and grant the former a little additional weight and he would be good enough for senior high school. For Tech, Munro and Bentley stood out pre-eminently with their tackling and running.

The line-up: Parkdale (6)—Flying wing, Teeple; backs, McVicar, Brown, McKenny; quarter, Grant; scrum, Campbell, N. Brown, H. Brown; insides, Turner, White; middles, Munro, Oakley; outside, Lee, Dean. Technical (2)—Flying wing, Smith; backs, Lehigh, Bentley, Booth; quarter, R. Davis; scrum, Fackelberry, Morrison, Oakley; insides, A. Davison, Allison; middles, Munro, Oakley; outside, Ritchie, McKennan.

As soon as this game was over Jarvis II and Commerce II trotted out, and each received a good hand from the large student audience. Jarvis were the winners, 22 to 0. Jarvis won the kick-off and Tech elected to guard the north goal.

First Quarter. Jarvis started off with a rush, and when Commerce Pollock secured and raced over for the first touch. It was not converted. A few minutes later Jarvis secured and broke with Cotton, to whom he passed, and the latter went over for the second touch. He displayed a pretty bit of footwork when he converted against a side wind. Not to be outdone, Jarvis again secured on his 10-yard line and broke thru for an splendid 50-yard run before he was downed. But White relieved the pressure by booting, and the period ended with further scoring. Score: Jarvis II, 13, Commerce II, 0.

Second Quarter. Jarvis and Commerce both played airtight football in this quarter, and no scores resulted. Score: Jarvis II, 2, Commerce II, 0.

Third Quarter. Jarvis started off with a rush, and when Commerce Pollock secured and raced over for the first touch. It was not converted. A few minutes later Jarvis secured and broke with Cotton, to whom he passed, and the latter went over for the second touch. He displayed a pretty bit of footwork when he converted against a side wind. Not to be outdone, Jarvis again secured on his 10-yard line and broke thru for an splendid 50-yard run before he was downed. But White relieved the pressure by booting, and the period ended with further scoring. Score: Jarvis II, 13, Commerce II, 0.

Fourth Quarter. Commerce staged a come-back, but were unable to get up, and once they displayed signs of weakening, good right Jarvis tore into them, and before the period ended had tallied a touch and four runs.

The final score: Jarvis II, 22, Commerce II, 0. Cotton and Castle were the best for the winners, while Stewart and Gorofsky played a good game for Commerce. The reason Jarvis won is because they offered excellent protection to their backs.

The line-up: Jarvis II (22)—Flying wing, Burnham; backs, Castle, Cotton, Gebirg; quarter, Levine; scrum, Pollock, Elmhurst, Herschenhorn; insides, Fine, Rotenberg; middles, Montgomery, Donn; outside, Friedman, Borsani.

Commerce (6)—Flying wing, McBrice; backs, Stewart, Martin, White; quarter, Jones; scrum, Rogers, Sherbutt; Green; insides, Gorofsky, Richmond; middles, Rice, James; outside, Brown, Fielding.

Officials—H. DeGruchy, B. Armstrong.

PRINCETON PLAYS AT VALE TODAY

New York, Nov. 14.—The second of the season's eastern football classics will be played in New Haven tomorrow, when Yale and Princeton meet. The principal games are: Princeton at Yale, Colgate at Syracuse, Pittsburg at Pennsylvania, W. Virginia at Rutgers, Dartmouth at Cornell (at Boston), Penna State at Cornell, Tufts at Harvard, Villanova at West Point, Colby at Amherst, Wesleyan at Columbia, Amherst at Williams, Andover at Exeter.

RUGBY GOSSIP

The City Rugby League games today are: Senior Final—Arlingtons v. Capitals, Rosedale Field, 8:15 p.m. Officials: Smith and DeGruchy. Intermediate—Judeans at Beaches, New Gardens, 2 p.m. Officials: Lewis and Armstrong.

The final clash in the Muelock Cup series will be staged at 2 p.m. today at the Stadium, when O.A.P. will give battle to the juniors in a match for the Muelock Cup. Junior Mox has been practicing hard all week and are in top condition at present. They have been ably coached by Ab. Brown and Walter Hogarth, and these two coaches are unanimous in their belief as to the Mox's ability to bring home the bacon.

Montreal Star: The fumble about failure to play off for the Dominion cup by championship seems to be due more to the desire in some quarters to make a little easy money than the high and lofty sporting motives that are supposed to be the cause.

Asked why the Montreal teams were not enthusiastic for a championship game over in Toronto, a correspondent writes: "There will be a McGill-M.A.A.A. city championship game, but no Dominion game, because the Ontario champions are looked upon with suspicion."

R.M.C. II and O.A.C. of Guelph will play the intercollegiate junior final on Varsity campus this afternoon at 2:30.

Ridley College Old Boys will play their annual football match against the Ridley team at St. Catharines on Saturday afternoon, Nov. 22.

Cape and Arlington play their Senior City game this afternoon at Rosedale. Players are asked to be there before 4:45.

Beaches are unable to get together a team, and the Don't Beaches inter-mediate game, scheduled for today, has been cancelled.

BASKETBALL

On Monday night, Nov. 17, Room 7, Central Y.M.C.A., at eight o'clock, final entries will be received for the Inter-Church Basketball League, to commence immediately. Only churches that send a representative to this meeting will be admitted to this league.

McGill at Best for Today's Contest

Montreal, Nov. 14.—(Special)—With the stage set for the outstanding feature of the intercollegiate rugby football season, the final game this afternoon between McGill and Toronto University, the local students were put thru a light signal drill this afternoon, while the Varsity players were speeding on their way from Toronto to Montreal.

As the last work in completing the arrangements for the game, A. C. Dunbar, vice-president of the governing body, has appointed Jack Hazlett, former captain of Quebec, as referee, and Sinclair McEwen, former captain of McGill, now resident in Toronto, as judge of play. The competing clubs failed to agree on officials for the game, Varsity declining to accept the men who officiated in the game at Toronto, and the appointment was made this afternoon.

With the past two days' fine weather, the gridiron has dried, so that it promises to be in good shape for the game tomorrow afternoon, also it will be the battleground for the game between Varsity second and McGill second in the morning for the intermediate championship.

By virtue of their victory at Toronto and the advantage of playing on their own ground, McGill will start favorites. McGill will be equally as strong on the line as in the game at Toronto, while the backs will be strengthened by the services of Heney, who was given his first tryout in the game against Queens and made good at the asking. Varsity will be better fitted for the game than in their previous meeting with the local players. Their players will have benefited by their experience in that game, and they have worked out plays which they believe they will stop the onward rush of the McGill line. There has been a general swing about on the players on the Toronto University team, which will also better their chances, in the opinion of several of the graduates who have accompanied the team to Montreal.

AMERICAN RUGBY

Chicago, Nov. 14.—Football will reach climax in the west tomorrow with chief interest divided between the struggle between the undefeated Ohio State and Wisconsin at Madison, the Michigan-Illinois contest at Urbana, and the clash between Chicago and Iowa at Chicago. Northwestern and Indiana will take the field at Evanston in the other western conference game, but this contest will have little bearing on the championship, as both teams are hopelessly out of the running.

CITY PLAYGROUNDS FOOTBALL

The following are the football games for Saturday at Stanley Park: Intermediate 115 lbs. League, Final—St. Paul's Rimmynade v. Wesley Methodist, 2:00 p.m. Referee, J. H. Brunsden and W. D. Hantah.

Junior League—Final for Western Section—2:00 p.m.—Strathcona v. Carlton Park. 2:00 p.m.—Franklin v. Elizabeth, Referee, E. K. Buecumbe. Umpire, D. Brody.

Uster Juniors play Beavers in a Sibbery Cup game on Queen Alexandra school grounds, kick-off at 2:15 p.m. Following players to meet at Broadview Y.M.C.A.: W. Brown, Johnston, Smith, Galwey, Dalziel, Fint, Taylor, McPhee, Conolly, Amblett, Glenville, Irvine, Campbell, A. Brown, Yeates, Paul and Dowds.

Linfield Rovers juveniles are requested to be at the clubrooms by 2 p.m. today.

Aston Rovers meet Second Rovers in the replay of their first round Sibbery Cup game at Little York today. The following Aston players are on hand at 2 o'clock: Messrs. Green, Muir, Pritchard, Whittaker, Pyles, Jackson, Smith, Whitham, McCullum, Russell and Bradley. Reserves: Taylor and Daffern. An important meeting will be held on Monday evening in the Central Y.M.C.A. at 8 o'clock, and a full attendance is requested.

Intercollegiate Closes Today Unless Varsity Can Beat McGill

EXPECT RECORD CROWD VARSITY AT MCGILL

First Meeting of These Two Teams for Several Seasons in Montreal.

The Varsity firsts and seconds and the track team are resting tonight at the Queen's in Montreal prior to their struggles today. The seniors are in fine fettle and the change in the line should not weaken the team. Referee Hazlett will likely allow Shag to use his plays, and Varsity will likely also wobble around ahead of the ball some. Since McEwen is slated as umpire, the intermediates are fairly confident of winning their game.

In the opinion of several of the graduates who played with the team in 1912 and the change in the line should not weaken the team. Referee Hazlett will likely allow Shag to use his plays, and Varsity will likely also wobble around ahead of the ball some. Since McEwen is slated as umpire, the intermediates are fairly confident of winning their game.

There is room for eighty automobiles in the parking space, and that space also has been sold out. Arrangements have been made for the handling of a record attendance and extra seats have been opened on University street.

AMERICAN COLLEGE RUGBY TRAGEDY

How Columbia Captain Was Taken Out of Game and Later Fired From the Team.

The storm that has been hanging over Columbia (New York) football affairs for three weeks broke, when Frank Canapary, captain and quarter-back of the Varsity, and quarter-back of the Columbia team, was summarily dismissed from the squad. Jack Kennedy, left end and captain-elect of the 1917 eleven, was elected to succeed the deposed leader.

The official version of the affair as given in a statement issued last night by C. Danielson, graduate manager of athletics, was as follows: "Frank Canapary left half-back and captain is no longer a member of the football team of Columbia University. His connection with the eleven ceased on Saturday, Nov. 8, when, because of insubordination, he was dismissed from the squad by Coach Fred Dawson. At a meeting of the squad at the training table this evening, John Kennedy of Manchester, N.H., was chosen captain for the rest of the season."

The alleged insubordination occurred in the third game of Saturday's game, when, with the ball in Columbia's possession, on Stevens' seven-yard line, following a long run by Foran, Canapary was taken from the game and Eccles was substituted for him at quarter-back. When the Columbia leader reached the players' bench he demanded of Coach Dawson the reason for his removal, and, according to witnesses of the affair, used abusive language toward the coach, besides accusing him of favoritism in sending Eccles into the game. When Canapary refused to obey Dawson's order to keep quiet, he was sent from the field. Later he reappeared in street clothes and sat near the Columbia bench.

The second episode came when Canapary reported at the dressing-room for practice. When he found his uniform missing from his locker, he sought out Dawson and told him that he wanted to continue playing football. The coach then informed him that he had been dismissed for the season, and that his successor would be elected after the practice. During the entire workout Canapary sat along the sidelines in his street clothes, but refused to comment on his removal.

CHARGED WITH FRAUD. S. T. Balcombe was brought to Toronto last night from Newmarket on a charge of fraud. He is alleged to have put down \$10 on a bicycle and sold it to another person before he had paid the owner, Robert Young, Red Triangle Club, is the complainant.

CONGRESS FAVORS 48-HOUR WEEK

Labor Delegates at International Conference Fail to Get Eight-Hour Day.

Washington, Nov. 14.—A special committee of the international labor conference has decided in favor of an international convention for a general 48-hour week. Decision was reached by a majority vote, labor delegates constituting the minority. The labor men are now endeavoring to have the question reopened in committee that they may make further suggestions. About the sitting of the committee they have stood for a maximum 8-hour day, but have not so far succeeded in their point. Senator Robertson, minister of labor, has, however, it is understood, a compromise proposal for consideration. Under this proposal, the convention would still be on a 48-hour-week basis. But working hours on any individual day would be limited to nine.

Whether the committee will so far agree as to be able to present a unanimous report is not yet evident. The committee meets again on Monday and the labor request for a reopening discussion on the 48-hour week will be considered, but it is not regarded as practically a foregone conclusion that a convention on the basis of a 48-hour week would receive the necessary two-thirds vote of the conference.

The Canadian position, as has been emphasized before, is rendered difficult by reason of proximity to the United States, which, from present indications, will not be a signatory to the convention. Proposals have been submitted by the employers group, that any convention adopted by the conference shall not become enforceable until accepted by the United States among other countries. These proposals would to a certain extent, remove the objection raised by Canadian employers to a convention to which the United States is not a signatory.

Plays, Pictures and Music

Big Moments in a Big Play. Most authors are usually satisfied to have one big scene in a play. It usually transpires about the end of the third act. From the beginning of the play, every detail is built up and directed toward that one crucial moment. It has almost become a formula in the writing of serious plays. Samuel Shipman and Max March, authors of "The Woman in Room 13," the melodrama which will be seen at the Alexandra next week, have far transcended this ancient plan, for they have succeeded in writing a big scene in each of the four acts.

In the first act the husband of an attractive woman secures the services of a private detective to protect his wife from the wiles of his unprincipled employer while he is absent on a long business trip. The detective happens to be the former husband of the wife, whom she divorced. In the next act, the wife is expected in the banker's apartment. The room is connected with the apartment by a telephone. The conversation of a man and woman are transmitted to the husband and wife by two operators. The husband becomes infuriated and rushes upstairs. Thru the rear glass doors of the detective's apartment, a woman in evening clothes is seen descending the fire escape. She enters and confronts the husband. It is not the wife.

In the third act, the captain of police brings the two women together. Each insists that she is not the woman who was in the room at the time of the shooting, but their conflicting statements appear to prove that either the one or the other is guilty, and the police captain finally decides to leave them alone to settle it among themselves. It is then that the wife determines to make the sacrifice of her own reputation in order that her husband may have the chance of acquittal on the plea of "the unwritten law."

The last act shows one of the most unique and powerful murder trial scenes ever seen on the stage. The setting shows a corridor in the criminal court building. By system of lights, the proceedings of the trial are seen thru a screen, so that the audience practically sees two scenes going on almost simultaneously.

"Flo-Flo" at Princess. No musical comedy seen last season has been more persistently hummed and whistled into fame than "Flo-Flo," John Cort's tuneful offering, which will present at the Princess next week, with Wednesday and Saturday matinees. "Flo-Flo" enjoyed a run of one year in New York and has proved a real success on the road.

"I Don't Know What You See in Me" has been sung into popularity in all parts of the country. It is one of the features in which the orchestra and vocal soloists come to the front to establish its claim to being the only eccentric chorus in captivity. The eccentric dancing of the girls in this number captivated New York. The chorus supports an excellent cast, which includes Hardy and Mills, the two young eccentric dancers and comedians, as its featured numbers. Other principals are Katherine Stout, Harry Short, E. Shean, E. Gardner, Venita, Pomeroy, Adelyn Wesley, Henry Sherwood, Roda Mantels, William Hugh Mack and Shirley Leatham. The brilliant scene, where Moser and Simpson exhibit the dainty H-gerie of the bride-to-be in living models, is still the means of the lavish display of this important adjunct of "Flo-Flo" costume extravaganza.

"The Rocky Road to Dublin." An announcement of unusual interest is that Barney Gilmore and his great Irish play, "The Rocky Road to Dublin," is to be the attraction at the Grand Opera House all next week. This is Mr. Gilmore's tenth season in this play that will live forever, and from present indications it will be the biggest financial year of his entire successful career. "The Rocky Road to Dublin" is by Daniel L. Hart, author of "The Parish Priest," and has been acted by the press throughout the country as the best Irish play ever written. The simple, wholesome story, its far-reaching effects and the sermon it makes it a play that will live forever. There will be only one "Rocky Road to Dublin," and there will be only one Barney Gilmore in the part of Bobbie Daly, the boy that lost his job at the bank to save his sweetheart's brother from disgrace. The supporting company is one of excellence and includes Miss Helen Evly, who has been associated with the Irish players at the Fine Arts Theatre, Chicago, where she played the leading roles in the repertoire offered. The production carried by Mr. Gilmore and the engagement here is being looked forward to with great anticipation.

Gaiety Next Week. "The Girls of the U. S. A.," without doubt one of the best shows in the burlesque field this season, is the offering at the Gaiety Theatre next week. It has more specialties, humorous and novel ideas than are generally found in this class of entertainment, and the music is said to be exceedingly catchy and tuneful. The ensembles, it is declared, would do justice to a Broadway musical comedy. The scenery and costumes are a revelation and are magnificent to the extreme. Thersa Adams is one of the leading lights in the cast, which includes Lewy Hilton, Maurice Samuels, Will Murphy, Tenny Hilsdon, Baby Levette, John Bohman, Roy Peck and the Red, White and Blue chorus. Manager Morley is expecting big crowds next week.

At Loew's Next Week. Dorothy Gish, the popular comedienne of the screen, has a delightful vehicle in "Nigger Nell," which will be shown at Loew's Young Street Theatre and Winter Garden next week. It is a satirical comedy of the wild and movie world, and Miss Gish is a most delightful wild and woolly western girl therein. There are many exciting situations which serve to make the picture thoroughly enjoyable. The outstanding feature of the vaudeville will be the "Juke-Box," presenting a jovial and humorous "From Wonderland." One of the feature numbers offered by the kiddies is their original concept of the dance craze, "The Shimmy," presented by Tricie Vane and Helene Lane, assisted by the entire company. A variety of up-to-date dances and popular and restricted song selections are also introduced. Marion Mansson, the lightning change artist, introduces eight characters, changing from one to another in a few seconds. Her skit she calls "The \$10 Bill." "The Stars From Over There" is a musical comedy vehicle offered by the La Follette Trio, in which dance specialties and a spectacular revue of songs predominate. Stein and Arnold, "The Laugh Creator," Hunter, Chick and Hunter, a trio of harmonious vocalists, sing songs; Storey and Clark, offering humorous and musical delights from Broadway successes; Loew's British-Canadian Weekly, and the "Mutt and Jeff" animated cartoons, complete the program.

"Broken Blossoms" at Regent. "Broken Blossoms" is the great motion picture drama that has attracted capacity audiences to the Regent Theatre all week. It has been characterized as D.W. Griffith's greatest production, and certainly stands out as among the finest motion pictures ever produced. Its story is simple, the theme is easily followed, but it pulls at the heart strings of few pictures have ever done. This is majestic direction at the hands of the director genius, Battling Burrows, his home, his daughter—the Clank—these three stand out and make the presentation a living picture. The tale that is told, by the scenes that of life all the way from the Orient to the slums of London. In the hour lives in the atmosphere of emotion created by it, the intelligence of the audience thru the presentation is a tribute to the players and the director. Farnum Thornton and co-players scenes eliminated from the picture. South Patterson, who has been well received. All in all, the Regent presents one of the most pretentious ever offered.

"Cracker Jacks" at Regent. If the pictures bestowed upon it by a criterion, then the patron of the Regent Theatre may expect a regular treat with the arrival here of the famous Cracker Jacks in "Knock-out" of 1919," who are said to contribute to the amusement world one of the best burlesque shows of the season. The affair is in two acts, with superb scenic setting and gorgeous costumes. The cast is headed by an able trio of fun makers, Frank Rags, Tom Murphy, Ruby Thorn and Charlie Clark. Murphy have hitherto won the popular opinion of the public at large. Eleanor Fischer, a prima donna, is conceded to be one of the best dressed on the burlesque stage, her gowns being designed especially for this tour. Ed Goldin, Anna Goldie, Pete Kelly and Lydia Berg are those who aid in making the program fairly sparkle. Faustina, the dancer, is featured in a scenic called "The House of Joy," which is said to be a reproduction of the slumming dive in New York's Chinatown.

At the Strand. "The Market of Souls," a truly remarkable human drama, a superbly artistic Paramount-Artcraft picture, made by the noted directing genius Thomas H. Ince, and starring that star of distinctive charm, Dorothy Dalton, is the powerful attraction coming to the Strand Theatre for the full use of next week. The term powerful is used advisedly in referring to this photoplay. It shows Miss Dalton in a role quite new to her—one which heightens her rise to greater drama. Miss Dalton plays the role of a girl from upstate New York who has been trained as a nurse and goes to the big city. There she meets two brothers—one "trouder," the other a real man, and is thrown into a startling series of adventures. One of the big scenes is a sensational picture of a New York revel to dance. Eyes, ears, and feet of the ballet girls mingle with the guests in the big ball room of the Broadway restaurant. The story concerns the struggle of a woman's soul in the dazzling life of the city so perplexing to a

country girl. Hundreds of players figure in this big picture. Alhambra Opens Monday. For half an hour previous to the beginning of the performance, the Alhambra Theatre, Bloor and Bathurst, will be open to inspection, after which the first half of the play will be presented. It is a Paramount-Artcraft picture, "Why Smith Left Home" and will assist in making the inaugural of the house a bright and successful occasion. Nothing has been left undone to make the Alhambra the most complete theatre in Canada. Its appointments and equipment are unique. It will be a pleasure to visit it and enjoy the highest type of motion picture. Special attention will be given to the musical program and next week J. Quintell will give a harp solo. Miss B. Canto is the soloist and possesses fine soprano voice. In addition to "Why Smith Left Home" there will be other film attractions, including a Burton Holmes travelogue. The overture by the Alhambra orchestra will be a feature in itself. Many prominent citizens have been invited to attend the opening performance.

At the Madison. A splendid "double-header" bill will be presented at the Madison Theatre the first half of next week. The beautiful Bessie Barriscale will be seen in "Her Purchase Price," while the distinguished English actor, Cyril Maude, and the beautiful Violet Heng are co-stars of the other feature, "Winning His Wife."

Detroit Symphony Orchestra. The Detroit Symphony Orchestra, engaged to appear in Massey Hall on Wednesday, Nov. 26, comes to Toronto with the proud record of many notes, also achieved in its credit. The orchestra's transition thru the brief period of five years, from a mere experiment, and somewhat precarious undertaking, to the position of prominence and of the highest eminence in the musical world, has registered a growth and development that is nothing less than phenomenal. The orchestra's conductor, Ossip Gabrilowitch, occupies a prominent place in the realm of music, and has been very largely responsible for the success which the orchestra has attained. Many orders are being received for the program, while, on Tuesday, Nov. 18, the best-seat sale will open at Massey Hall.

Beautiful Women in "Experience." There are many beautiful types of fascinating girls in "Experience," Hobart's modern morality play. "Experience," which F. Comstock and Morris Gest will present at the Royal Alexandra Theatre, will be seen at the theatre in writing. Hobart spent two years in writing the play, but an even greater task confronted the producers, selecting the various types of artists to play. As Mr. Hobart had chosen in "Experience" to have the various vices and temptations of the world, he goes out into the world in search of fame and fortune, impersonated by charming young ladies, in order that a committee of artists will be selected, to assist in choosing the girls for the various roles.

"The Taming of the Shrew" at Regent. At the Princess Theatre, the week commencing Monday, Nov. 24, the attraction will be "George White's Scandal of 1919," a sumptuous musical revue which comes to Toronto direct after a long run in New York City. The entertainment is a unique one, and the principal attraction is the "Follies." Others in the company are Lou Hotz, Louise, George Bickel, Yvette Rugel, Adele Arroy and Le Sythe. E. H. Sothern and Julia Marlowe, who recently returned to the New York stage after an absence of seven years, will appear at the Royal Alexandra Theatre in "The Scandal of 1919," which will be seen on Tuesday and Saturday nights, and "The Taming of the Shrew" on Wednesday and Thursday nights and Saturday matinees. There will be only one matinee.

"Bringing Up Father in Society." The latest screen and joy distributor, "Bringing Up Father in Society," will be the attraction at the Grand Opera House next week. From all accounts this conception of a mirthful, melodious, novel, surprise and "Father" series. The plot revolves around the efforts of "Mother" to "but" into the society game. She endeavors to carry "Father" with her. How he eludes her best intentions is the situation. "Bringing Up Father in Society" thru the same rose-tinted glasses, forms an amusing and interesting picture, about in seasons.

In selecting the cast for "The World and Its Woman," the new Gertrude Farrar picture which Goldwyn will present at the Allen Theatre, beginning Monday, great care was exercised to fill the roles with people of considerable experience and ability. Another important role is played by Louise W. Hunt, an actor of unquestionable ability, who has appeared in "Mme. DON'T "LEAVE IT TO GEORGE"

Canada was never lacking in war enterprise—war strategy—war efficiency. She always carried out successfully her plans of war.

Now—we must apply the same determination and energy to the plans of peace, for we now have new problems to solve.

We are faced with the great work of re-adjusting our country from a War to a Peace footing.

Our immediate duty is to provide the national working capital, without which it will be impossible to carry out the Plans of Peace.

Demobilization, bonuses to soldiers, civil re-establishment, credit loans to Britain for the purchase of Canadian surplus products, ensuring continued employment to our workers. All these call for national capital, and the Victory Bonds 1919 will provide that capital.

Therefore, the success of the Victory Loan is not something that concerns "the other fellow" only.

You have a part to play.

Your individual prosperity is at stake.

YOU must support the Victory Loan just as enthusiastically as your fellow citizens.

Canada must have the money to carry out the Plans of Peace.

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you have rheumatic pains or lumbago, gout, sciatica, obtain at your nearest drug store "Anurie" (anti-uric-acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "Anurie" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "Anurie" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins.

JUDGE ROBSON DEFENDS O'CONNOR

Says J. D. McGregor Makes Groundless Attacks and Ignores Facts

Judge Robson of the board of commerce yesterday issued a statement from the city hall in reply to the charges brought against Mr. O'Connor, vice-chairman of the board, by J. D. McGregor of Winnipeg, B.C., before a committee of the board of commerce. Mr. McGregor made his charges at Victoria, B.C., before a committee of the Western Canada Live Stock Union.

In his statement, Judge Robson says: "I have noticed in the Globe of today, the report of some extravagant utterances of Mr. J. D. McGregor, in which he attacks Mr. W. F. O'Connor, my associate in the board of commerce. One inference from the item is that Mr. O'Connor had individually stated that he wished to state that no orders are made in such matters by one commissioner. The orders to which Mr. McGregor refers are orders which had my entire groundless."

"The attack made by Mr. McGregor on these orders, as injurious to the stock production, is entirely groundless. All the board of commerce did in that connection was to temporarily hold in check the prices of milk while a proposed increase could receive consideration. The consumer was entitled to be considered. Was he to be deprived of all right to be heard? Mr. O'Connor secured for the consumer that right, and he had my full concurrence therein at the time."

"The further intimation, whereby, this board has been charged with touching the live stock industry in the matter of hog products, the facts are that Chicago live weight hog prices are lower than ours, and foreign demand is very low. "Not a cent ever came off the farmer by any action of the board of commerce. Those are all instances in which it can be said that the board of commerce got even within sight of the cattle or hog producer, and Mr. McGregor says Mr. O'Connor unsettled the whole live stock industry all over Canada."

"If Mr. McGregor is really looking for some grievance to remedy, let him inquire into the price fixing of mill feeds. He will find something there which really touches the subject. Ignorant of Facts. "It is regrettable that a man making a public utterance, as he was, was so ignorant of all the pertinent facts. He is, of course, likewise ignorant of efforts being made by the board of commerce to materially reduce the cost of mill feeds. These efforts are likely to be successful. "Mr. McGregor, to be reasonably fair, should have pointed out the fact that the high cost of mill feeds was the cattle-raiser's real difficulty, and that the burden of that lies with the Canadian wheat board, which has the pricing power. The question will be brought before that board at Winnipeg tomorrow by a representative of the board of commerce. (Signed) "H. A. Robson."

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes: "For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent better than I was, and had to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the success of the future man or woman depends upon the baby's present, and if nourished it is not to be expected that he will grow into a strong, active man, who will hold his own in the business world a few years hence. Mothers, it is a duty you owe the future to keep your little one well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Greer, Elginburg, Ont., writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him since he was a small baby. I certainly think them a splendid medicine. The Tablets are sold by medicine dealers or by mail for 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."
