PREACHER TRIES TO KILL HIS WIFE AND HER MOTHER

Joseph C. Savignac, Former Presbyterian Minister of Ottawa, Crazed by Liquor, Shoots Two—Victims Will Recover—The Assailant Escapes.

Ottawa, Sept. 24.—(Special).—A mother and her daughter are lying in the Protestant Hospital in a precarious condition. They were shot late this afternoon by the husband of the daughter.

Joseph C. Savignac has been running a Turkish bath establishment in Ottawa, but the profits have been for the most part spent in liquor. Finding, after the unproductive summer months, his resources at an end, he announced to his wife that he was going to Florida to claim the estate of his father, who was recently killed, and left no will.

The wife objected, and her parents refused to allow her to go. He insisted, however, that Mrs. Savignac accompany him and to-night they were to travel.

Buys Revolver.

About midday Savignac left their pretty little home near Cummings' Bridge, and after visiting one or two saloons in Ottawa, purchased a revolver 22 calibre and returned to Cummings' Bridge. David Mitchell, his father-in-law, was there with a rig to take away some of the unsold furniture. Mrs. Mitchell was also there.

While he was up stairs, Mr. Mitchell told The World, he heard sounds as of the breaking of furniture and he rushed down stairs to see what was wrong. In the dining room he saw his wife and daughter lying apparently dead and Savignac with a smoking revolver in his hand.

This Savignac pointed at Mitchell, saying: "I may as well finish the business." He pressed the trigger, but it snapped and Mitchell was saved.

Savignac produced another revolver, and leveled it at his father-in-law, but apparently changing his mind did not fire.

Mrs. Mitchell and Mrs. Savignac were not dead, but it seems, had agreed to feign death to escape. Seeing her husband leave the cellar with her 20 months old child in her arms, fearing that her husband would discover her she scrambled thru the narrow window and rushed into the road, and in the other room, where friends lived, but after proceeding a quarter of a mile she fell unconscious. She was shot thru both shoulders, just below the shoulder blades. A neighbor took care of her.

Mrs. Mitchell was also shot in two places. Her left arm was splintered and a bullet entered her back.

Murderer Escapes.

Meanwhile Savignac walked leisurely toward the fields in the other direction and had at least half an hour's start of the police, who were summoned by telephone. He has not been captured.

Both wounded women may recover. One of Mrs. Savignac's lungs was slightly pierced, but the other wound is not dangerous. One bullet was extracted.

Ordnance to Ministry.

About fifteen ago Savignac and Miss Mitchell were students at the French Presbyterian College, Pointe Aux Trembles. They became lovers, Savignac was a student of the law and a Roman Catholic, but had become converted to Protestantism. Miss Mitchell returned to the country, where her father had resided practically ever since he came from Scotland many years ago. Savignac went to the Presbyterian College in Montreal, and eventually was licensed to preach. He was ordained to the Presbyterian Church of Canada at Thurso, Que., a little later.

Eleven years ago the young couple were married in Ottawa, and started literary work, contributing for the most part to American newspapers and periodicals. He was successful for a time, and according to Mr. Mitchell, saved money. But the drink habit seemed to grow and his mind became unsteady. He removed to Florida, to which his father had migrated from France, and became a Baptist preacher. Two years of this sufficed and he came back to Ottawa. There were no Turkish baths in the city so he established one and called himself "doctor." He had not his grip and his profits were squandered.

Cause of Death.

On the death of his father, who seemed to be in a distraught condition, he resolved to go to Florida to claim the estate. His wife objected to go and she was aided in her objections by her parents. This and the fact that he had been drinking seem to be the cause of the tragedy. A pathetic part of the story is that the father of the children, a boy of ten, notified the police that his father had murdered his mother.

NO PASSES MEANS INCREASED RECEIPTS

Philadelphia, Sept. 24.—Statistics of passenger traffic on the Philadelphia and Reading Railway, presented in the annual report just issued for the year ended June 30, give the first reliable information on the effect of abolition of free passes on earnings and travel.

Comparison of figures for last year with those of the previous five years, when the pass system was in full swing, indicates that the Reading Railway has added about \$400,000 per annum to its passenger earnings by cutting off free transportation.

That would equal about 6 1/2 per cent. of the total passenger receipts for last year, which were \$6,216,318.

Similar comparison of statistics indicates that the company lost about 257,000 passengers a year, or less than 1 per cent. on the total number carried by refusing free passes.

For the six years the average annual increase in the number of passengers was 1,289,967. The increase last year was 1,146,382, so that in six months apparently 148,585 people who used to ride free found it possible to stay at home. For a year that would mean, say, 337,000 passengers.

WESTERN MILLS COMBINE TO GO FOR FOREIGN TRADE

Owners Hope to Be Able to Successfully Compete With Big Companies.

Winnipeg, Sept. 24.—(Special).—A number of smaller western flour mills have combined and organized a company known as the Canada Flour Exporting Co.

Designs are being made to be in position to compete successfully with the Ogilvies and the Lake of the Woods Co. for the foreign trade. As it is now they have to confine their attention entirely to local markets. An effort at first will be made to ship to England and Scotland, but it is intended ultimately to try and capture a share of the oriental trade.

Among the mills included in the combine are: Moosejaw Flour Mills; Swan River Milling Co.; Swan Lake Flour Mills Co.; Hamlet Flour Mills; Arrow Milling Co.; Winkler Flour Mills and Harding Milling Co.

Headquarters will be established in Winnipeg, where a big warehouse will be built.

John Maclean, manager of the Winnipeg Bag Co., has resigned to become Winnipeg manager.

NIXON IS CHAIRMAN.

Murphy Says Tammany Will Not Lead in To-Day's Convention.

Buffalo, N.Y., Sept. 24.—Lewis Nixon of New York City, a former leader of Tammany Hall, was to-night chosen as temporary chairman of the Democratic state convention, the first session of which will be called to order here at noon to-morrow.

Tammany Leader Murphy to-day made the most positive statement of his position and that of Tammany Hall that he has uttered in public since his arrival here.

"Tammany is not pledged to any candidate whatever," said he, "and I want that understood. We are here to find out who the up-state people want, and whoever they want is good enough for us, no matter whether it is Mr. Adam, Mr. Dix or anybody else. Tammany will follow no lead."

TEN CANADIANS WILL ATTEND.

London, Sept. 24.—Ten Canadian delegates will attend the quarterly conference of Aberdeen University. Principal Peterson, Prof. Walton, Dr. Shirres, Montreal; Prof. MacGregor, Halifax; Chancellor Sir Sanford Fleming, Prof. MacNaughton, Kingston; Wilfrid Campbell, Ottawa; Prof. Macalium, Toronto; Prof. Parker, Winnipeg.

Wilfrid Campbell is the delegate of the Royal Society and will be presented to the King, by special request.

4000 MOB-MURDERERS.

New York, Sept. 24.—The World to-day says: "Four thousand persons have been put to death without warrant of law in the United States in the last 25 years. Ninety-five per cent. of them were negroes, charged with assaults on white women. The methods of execution comprised hanging, shooting, flogging, burning at the stake and faying. In one instance in Arkansas, the victim's arms and legs were twisted from their sockets. As a rule, the more atrocious the crime, the more atrocious the punishment."

BEFORE SUPREME COURT.

Appeal in Fielding Election Case to Be Heard October 4.

Ottawa, Sept. 24.—(Special).—The documents in the appeal in connection with the personal charges against Hon. W. S. Fielding have been received at the supreme court. The case will probably be heard on Oct. 4 or 5.

Should the appeal be successful it will mean that the finance minister will have to go before the court below and explain all the details of his election transactions, which he has so far refused to divulge, on advice of counsel.

The judges of the Nova Scotia court will have to decide upon this and such other cogent evidence as they refused to hear at the recent trial, whether these transactions constitute the offence of personal bribery.

Previous to taking up the Queen's Shebarr case the supreme court will hear the appeal of Dan Gallery, ex-M.P. for St. Ann's division of Montreal, against his disqualification.

There is also an appeal to be heard from the decision of the Nova Scotia court, setting aside, upon a technicality, the petition against the election of Messrs. Roche and Carney of Halifax on the ground of bribery and corruption.

MILLERS AND THEIR WANTS BEFORE COMMISSION TO-DAY

Anxious to Secure Wheat of Quality, Free From Elevator Mixing.

"What the millers are most anxious for is to secure wheat of the quality as sold by the farmer without any mixing or dumping, such as is carried on, for instance, in elevators at Winnipeg, and besides Mr. Goldie there is in it. This change desired would allow only for cleaning and the removal of fowl seeds, foreign matters, etc."

"Another provision much desired is that elevators on this side of the lakes should be licensed and bonded by the Dominion government for the protection of shippers. At present the elevator men run their business according to their own sweet will, and to prevent any tampering with the quality of the wheat we would have the elevators under government inspection, as is the case in Manitoba."

Secretary C. B. Watts of the Dominion Millers' Association thus summed up the attitude of the executives of the Dominion Millers' Association on what is considered by that body two of the most important matters that will be brought to the attention of the government grain commission to-day.

Mr. Watts, who will appear before the commission at 10 o'clock this morning, when the session opens in the board of trade council chamber, intimated that there was a great deal of smaller matters about which representations would be made. Among the grievances that will be complained of are the alleged shortage of cars for the transportation of wheat from the west.

The meeting of the executive was presided over by the president, S. W. Vogan, Walkerton. Others present were: J. D. Flavell, Lindsay; Geo. Goldie, Ayr; D. B. Wood, Brantford; W. Munro, Thoronton; J. H. Shaw, Toronto; and Alex. Noble, Norval.

The commission will, it was stated last night by one of its members, G. E. Goldie, Ayr, be held by the Dominion Millers' Association on what is considered by that body two of the most important matters that will be brought to the attention of the government grain commission to-day.

In the year 1900 out of every five American women over 10 years of age there was one who was going outside of her family duties and who was taking part in the gainful work of the working world.

Just about 1,000,000 of America's 5,000,000 gainful women in 1900 were engaged in what the census calls as "agricultural pursuits."

The most notable advance made by women in the decade from 1890 to 1900 was in stenography.

The number of women at work increased 33 per cent during the decade from 1890 to 1900. In that same period the total number of women in the United States increased only 22 per cent.

TRUING'S SPECULATION BACKFIRE FROM 15-1 TO 4-1

Six Favorites Beaten at Gravesend—Louisville Results—Hamilton Program.

New York, Sept. 24.—True Wing, backed down from 15 to 1 to 4 to 1, won the Speculation Stakes, selling, at Gravesend today, defeating the favorite, Wes, by three-quarters of a length. It is estimated that \$30,000 was won here. Wes went out to see the pace, followed by True Wing. The favorite led by two lengths to the far turn, when Garner began to close up on the leader. In the stretch he was on even terms with Wes, 11, in the run to the finish True Wing drew away and won. Six favorites were defeated. Summary: First race, 5/8 mile—Bromont, 112 (J. Jones), 8 to 1; Vails, 90 (Hayward), 9 to 1; Arnie, 112 (Martin), 10 to 1; Time 1:07 3/4. Lord Bonaville, George S. Davis, Atlanta, Sigorta, Dan Buire, Vos Popoli, Linspepe and Troumaker also ran. "HIGHER SOCIETY" LOYAL BUSINESSMEN TRADES NOT

U.S. Consul at Kingston Reports on Trade Conditions Existing in Canada.

Want the Real Gold

No Silvery-Voiced Imitators Can Persuade the Man Who Knows

Perhaps the strongest "reason why" for Semi-ready tailoring is the spasm of imitation which nearly every ready-made clothier in Canada is adopting.

Without any reorganization or change of ancient methods in their factories the imitators proclaim their product "as good as Semi-ready."

The buyer who can get the genuine "Semi-ready" will never be satisfied with an experimental imitation.

"Semi-ready" tailoring to-day commands higher prices than many merchant tailors can get, for it is better than they can make.

Suits labeled Semi-ready sell as high as \$30 and at \$25, \$20, \$15.

The price of each garment is fixed by the makers.

Only two places in Toronto where you can get the real Semi-ready—81 Yonge-street and 472 Queen-street west.

THE MARK OF SURETY

BREWERY WORKERS END Will Meet Next in New York—Nominations for Officers.

The Brewery Workers' convention terminated yesterday with the election of officers. The next will be held in New York City.

One result of this year's communication was the withdrawal of Local Union No. 4 of Milwaukee from the International body. It came about thru a complaint from the greetings committee, that this union had published slanderous articles against its local officers. The convention requested them to retract their statements or withdraw from the body, and they chose the latter course.

A collection was taken up among the delegates and \$50 raised to aid an ill member of Local 132, Philadelphia, and \$40.50 was similarly subscribed for the assistance of the family of the late John F. Waite, editor of The Brauer Zeitung of Boston. One hundred dollars was voted to The New York York Zeitung, \$100 to The Chicago Auerger Zeitung, \$50 to The Buffalo Auerger Zeitung, and a bill of \$49 for executive expenses incurred in agitation work was ordered paid.

Under the latest amendment to the constitution the executive officers are merely nominated by the convention and the election left to the districts in which they reside. Following are the nominations: International secretary—Paul Kemmer, Albany, N.Y. International corresponding secretary—Chris Kull, Pittsburg, Louis. Kansas City secretary—Frank Frankovich, Denver. Financial secretary—Joseph Pabstle, Cincinnati. F. Sims, St. Louis. Editor of Brauer Zeitung—Gustave Mosler, Indianapolis. Richard Stahelgenweit, St. Louis. A. Slervinsky, San Francisco. Jack Hertel, Boston. Members of international executive—First district (New England States), E. F. Watt, Boston; August Schramm, New Haven. Second district (New York State, Canada and New Jersey), Fred Renz, Buffalo; J. A. Kugler, Newark, N.J.; C. F. Pechold, Brooklyn. Third district (Pennsylvania, Maryland, Delaware and District of Columbia), Peter Schaefer, Philadelphia; Chas. Hoehnan, Pittsburgh; Wm. Gibbons, Wilkes-Barre. Fourth district (Wisconsin, Michigan and Minnesota), Charles Lempi, Milwaukee; F. Meyer, Detroit. George Lutz, Milwaukee. Fifth district (Illinois, Indiana and Kentucky), Joseph Obergeffel, Indianapolis; Wm. Worsatz, Chicago. Sixth district (Pennsylvania, Missouri, Virginia and the Carolinas), Charles Alkrecht, St. Louis; Wm. Shreppel, St. Louis; Jos. Holmer, St. Louis; Jas. Price, Kansas City; Henry Schwab, St. Louis; Jos. Ryan, St. Louis. Seventh district (Alabama, Texas, Mississippi and Florida), George Walter, Houston, Texas; Geo. Buckhardt, San Antonio; O. Eder, New Orleans. Eighth district (Pacific coast), T. Murie, San Francisco; Snurr, Seattle, Wash.

Delegates elected to A. E. of L. Louis Kemper, Cincinnati; John Sullivan, New York City; Jas. Kugler, Newark; J. M. Gonor, Detroit.

CAN'T COMPREHEND SOCIALISM

Says Goldwin Smith in Welcoming Plasterers' Convention.

The feature of the opening session of the International Plasterers' Association's 19th annual convention yesterday was an address by Goldwin Smith, who was introduced by James Mahedy of Brooklyn, president of the association, "an eminent litterateur and no stranger."

Advancement of any cause, he pointed out, was possible only thru united effort.

Referring to the long struggle of organized labor, Dr. Smith observed that his own reputation bore some honorable scars received in the warfare for the right of the working classes in England to organize.

It should not be forgotten by any section of the people that the freedom of labor was sacred.

"I have never been able to comprehend what Socialism means; so many views are taken by men who call themselves exponents of the doctrine," he said; nor did he consider that public ownership could in any way be called Socialism.

Speaking of Russia, he deplored the existence of the thought that society could ever be leveled by violent means. Also, he said, the government, in the public ownership idea, except that robbery of private interests must not be tolerated.

This great civilization which we inherit was as much the product of the brain of our forefathers, and we should recognize that, he said. The upper classes, so often blamed for things, existed by accident of birth, but nevertheless they had helped in a great measure to improve the condition of the laboring poor in England.

The franchise was the mechanic's possession—he owned a comfortable house and a car. In all his thirty years of contact with the neighboring republic he had not an unpleasant word.

Controller Ward and Ald. Graham extended a welcome.

James O'Connor of Boston replied for the visitors and expressed the opinion that the association there was no nationality just "man for man the world over."

WELL, KELLAR'S IN TOWN.

And Wonder is He Hasn't Been Connected With Junction Mystery.

Cable Sir Conan Doyle.

The reward may not be large, but after all, there is glory. The gallant Knight who has solved so many mysteries should not hesitate to again receive his Sherlock Holmes. There is a field for his talent at Toronto Junction. For Toronto Junction has a mystery. True, the name of the town may be commonplace, but what's a name; why shouldn't Toronto Junction be named after a mystery?

It happened on Saturday night—perhaps at any rate, when the good citizens of Toronto Junction retired on that night, there were two fine handsome trees of mountain ash upon their finest boulevard. These trees were surrounded by the homes of eminent citizens; they were protected, not only by the town's constabulary, but private watchmen also guarded them.

They were there on Saturday night. Yesterday afternoon His Worship Mayor Smith in traversing this thoroughfare discovered two ungainly stumps upon the sidewalk.

The railway and municipal board leave for Fort Williams Saturday to inspect the proposed line and terminal facilities of the G.T.P.

The treasury department has received a cheque for \$750,000, the balance of the late wife of John Charlton, M.P.

D'ORSAY MOST AMUSING

Bright Comedy at Princess—Wizard Kellar at Grand—Excellent Vaudeville at Shea's.

In its latest form "The Embassy Ball," written by Augustus Thomas, forms no unworthy successor to his highly popular "Earl of Pawtucket."

It is not an easy matter to duplicate a first success and to present its elements in a new and original setting.

But "The Embassy Ball" does this in a very clever and original manner.

The scene is in Washington and the plot is a comedy of the "curtain rises on the latest episodes in the bachelor life of Captain the Honorable Hawley Kellie, military attaché to the British embassy. Two years before he has met in Paris Madge Bender, daughter of Senator Bender of Oregon. The unfortunate memory has played him false and he has not been able to find her since.

It is not for the first time that he has met her in the hall, where the official issues, instead of the proper permit, a marriage license, and at the conclusion of the second act, Miss Bender's name, and out of this complication the amusing developments come which form the subject of the comedy.

Throughout all the ridiculous entanglements which follow, the military attaché maintains the imperturbability and chivalry, the curious obtuseness and unconscious humor associated with Mr. D'Orsay's inimitable creation. He helps his apparent ignorance is carried in some cases to the point of caricature, but it fits in so naturally to the part that it is not felt to be overdrawn.

Thru it all he is ever the English gentleman and the wiser than with him, there is never present a measure of respect for what wins the girl he loves.

Mr. D'Orsay's portrayal was conspicuous by its finish and refinement, and at the conclusion of the second act, in response to an insistent call, he tendered a few graceful words of acknowledgment. This was well deserved, for his personality, his artistic contrivance, and a company of support the Harry Harwood was really good as Senator Bender of Oregon.

Miss Bender, who was made a very favorable impression. Miss Josephine Drake played the part of "senator's" daughter with grace and charm and Miss Marian Barney showed distinct power as her stepmother, Mrs. S. B. Bender. The other roles were all competently filled. The comedy is beautifully staged and could hardly be better presented to any audience.

Nightingales—Star.

Campbell's Nightingales at the Star this week give a splendid show. A large company of pretty girls, wearing gorgeous costumes, bright and witty comedians, and good songs, combine to make lots of fun for all. The show opens with a witty burlesque entitled "A Trip to Puppier," in which Rich. Craig, the funny Dutch comedian, is shown in his best advantage. Mosele, in beautiful art posing, embellished by electric illuminations, gives an act rarely seen in Toronto. The Sisters Billee, French character change artists, are also introduced in the regular burlesques. The second of which is entitled "The Planet Jupiter," which comprises Ritchey W. Craig, the musical comedian, in a sketch "Me and My Partner," assisted by a graphophone. The Yorks, a sketch and Mosele is seen in a wonderful skit dance creation. Billy K. Wells, with illustrated songs. Don Tracy and Ada B. Burnes, in an eccentric and comical act, and Frank Thorndike and Dorothy Blodgett, comic opera duetists, are others on the program.

R. G. McPherson, M.P. (Vancouver), and wife, are at the King Edward. So is William Gallibier, M.P. (Kootenay), and Mrs. Gallibier.

"Why 't' it," he was asked "that you people in British Columbia import from India and Japanese and Chinese and—"

"Great Scott!" interrupted Mr. McPherson, "do you think we want to import them?"

"Well, don't, you?"

"Of course, not. We would drown them as fast as they come, but we understand that you Ontario people insist on the Hindus and the Japanese being allowed to land."

"You know, I am the father of the \$600 head tax on the Chinese. I am immensely benefited British Columbia. I am here to-day to arouse the people of this banner province against the Asiatic labor. If you are right as to how they already feel about it, I may as well go home. Our people in British Columbia are now, and always were bitterly opposed to Asiatic immigration; from India or anywhere else in Asia."

Mr. Shetter was one of a party of about 150 excursionists from New Cumberland, Va., Toronto, Steubenville and Wellsville, Ohio, who made a trip to the Falls. Somehow, he himself wanted to see Toronto, Canada, and he induced about thirty others to accompany him. His companions went back by the same steamer and he returns to-day to tell them all the good things they missed.

"Why don't you bring over more of these excursion parties who come as far as Lewiston and then go back without the rail across?" he asked. "Your city is worth seeing."

Count De Butz butts in in the first number of the bill at Shea's this week, which is a most excellent one. The "Wives" is accompanied by his brother and they have a very clever bicycle stunt. They are followed by Bonnie Gaylor, in "The Girl from Posey County," who tells stories and sings; John Hyams and Lella McIntyre in a comedy sketch, called "Two Hired Men," out of the ordinary, and Miss McIntyre sings and recites beautifully. "Postoffice" is introduced by the "Fifth Commandment," has a playlet that gives him an excellent opportunity to display a magnificent voice, accompanied by John Romano, harpist. The dramatic work is done by William Miller and Miss Helen Mae Wood. Lew Sulley's stories as usual pleased

DEMAND FOR BREEDING EWES. The following from The Chicago Live Stock World applies with equal if not greater force to the Canadian situation.

CHEAPER FARM POWER. Never perhaps in Ontario affairs has there been so clear a necessity for some kind of farm power, that will enable the general farmer to compete successfully in his feeding and dairying operations.

THE DAILY NEWSPAPER. A few years ago the daily newspaper was looked upon by the farmers as a luxury. To-day there are hundreds of Ontario farmers who consider it a necessity.

FARMERS DO NOT WANT A TARIFF ON TIN PLATE

What Establishment of Industry at Morrisburg Will Demand in Extra Cost of Everyday Material From Farmers, Cannermen and Dairymen.

While riding-by the quiet little town of Morrisburg, Dundas County, the traveler will be struck with the view of the construction work of some big factory there.

What do the farmers propose to do? In their representations to the tariff commission last year, they reason from the United States and Canadian industries that a country does not need to produce all the raw materials in order to encourage an industry.

Now who uses these tin plate goods? The farmer, the dairymen, the fruit-grower, the cannermen are the great consumers of tin plate, sheet steel and galvanized steel goods.

Now the Ontario government is reaching big dimensions. In Prince Edward County alone there are several flourishing factories. One of these, the tin plate works at Morrisburg, tin cans per year.

THE WESTERN FARMERS PINCHED. The pinch will come hard on the farmers of the west who are large consumers of hanged goods.

REACTION AND RALLY

Opening Weakness Followed by Better Support—Toronto Market is Inspidly Dull.

Monday, Sept. 24. Traders have given over to the local security market until nearly 10 o'clock.

The banks have lent to the sub-treasury since Friday \$5,412,000.

Democratic State Convention opens at Buffalo to-morrow and Republican State Convention at the same place to-day.

Total gold movement against deposits, \$32,700,000, of which \$10,000,000 has returned.

Lehigh Valley closed on common stock in past year equal to nearly 24 per cent.

Rumors of a 4 per cent. for Mexican National first preferred premature, but 2 per cent. more likely.

Light demand for stocks in the loan crowd.

Analysis of St. Paul report for year ending June 30 shows a net profit earned on both classes of stock.

New York—All grades of copper advanced 1/2c.

London—Bar gold to the amount of \$200,000 was bought for New York in the open market.

New York—Unabated firmness continues the distinguishing feature of the market for time money and mercantile discounts.

Joseph says: "I am almost to a man sure that the majority are not showing present intent. Big men are not only bullish, but they have the goods."

The support enjoyed by Canadian Pacific to-day indicates the market favorably which is held by investors.

It looks as if the bull cliques who are holding stocks were well provided with time money with which to carry them.

It is said that the Dominion Iron & Steel Company have secured a large order from the United States for overhead rods of 120 pounds.

GRADUALLY STEPPING DOWN PRICES.

The Wall-street market is giving splendid evidence of being stepped down after the prolonged and strenuous advance. It does not fall in the old-fashioned way of five to ten points, but the downward gradations are so almost imperceptible as not to be noticed. The outside feeling is so unanimously bearish as to cause liquidation on the first signs of weakness; the professional element is continuously ready to start the market on similar signs and nothing remains but for the insiders to support prices when these two forces appear. The market as a consequence is being held within the narrowest limits, and opportunities for profits are of the smallest calibre. In shading prices it is inevitable that numerous accounts be left high and dry above the ebb of quotations. The more of these there are the better success of the campaign. It has been difficult to keep bull accounts open, and it is only by the slowest process of disintegration of prices that these accounts can be kept from falling in with a small loss. Rallies such as occurred after this morning's weakness are made against shorts and after weak speculative holdings have been dropped. It may and probably will be necessary to give aggressiveness to prices later on when the money question is adjusted, but the more speculative long stock that can be unloaded prior to this will facilitate a decline, to be followed by a recovery later on.

Stylish Furs!

The element of style is quite a consideration with Dineen Furs. Every garment is thoroughly up-to-date and distinctly high-grade.

As regards prices, we allow no one to give a greater equivalent for your money. A reputation of over 40 years for doing things right isn't likely to be discounted now, when more people are wanting good things.

We throw down the gauntlet of style and value to the entire fur trade. Make your own comparisons!

GREAT SHORTAGE OF CARS FARMERS CAN'T MOVE WHEAT

Serious Congestion at Western Shipping Points, and No Relief is in Sight.

Winnipeg, Sept. 24.—(Special).—From all over the west come complaints of the shortage of cars for moving the grain crop, and the congestion is serious. Grain men are growing alarmed over the situation.

Reports indicate that the elevators are being rapidly filled with wheat, and in many cases they are filled to the roof, with no relief in sight. Farmers are daily making deliveries largely in excess of previous years at this date, and there is no room for the incoming grain.

At some points available storage capacity is now filled, notably at Deloraine, Waskada, Thornhill and several other points. Between Winnipeg and the lakefront every siding is filled with cars loaded with wheat en route to ports, and grain men state that if cars were available 1,000,000 bushels a day could be delivered at terminal elevators.

The regular traffic of the railroads is so heavy at this period that cars are not available for shipment of grain, and despite many complaints which have been made there does not appear to be any immediate relief.

YORK COUNTY AND SUBURBS EAST TORONTO'S COUNCIL AGREE ON RAILWAY TERMS

Will Extend Franchise If Railway Board Can Arbitrate at End of 1912.

Toronto Junction, Sept. 24.—The town council held a special meeting to-night. A communication from the street foreman, reporting the condition of the crossing on the new switch on Ethel-avenue, was referred to the works committee. A petition from fifty ratepayers asked that the following terms be inserted in the Street Railway agreement: (1) That a time-table be established making connection with the Weston, Lambton and Davenport cars at Keele-street; (2) that transfers be good from one end of this line to the other; (3) that eight work tickets be sold for 25 cents. R. J. Leigh was appointed assessor and building inspector at \$720 per year. The committee on the administration of justice were instructed to meet the committee of York County Council on Friday morning for the purpose of making another agreement. A motion was carried to instruct the chief of police to offer a reward of \$10 for the conviction of the parties who cut down two shade trees on Palmar-avenue, and also a reward of \$10 for information leading to the conviction of any person breaking open the fire alarm boxes. Discussion Street Railway matters was prevented by a motion to adjourn.

The committee on works and the property committee will meet Tuesday night. Twelve of the gang who were holding forth on the corner of Keele and Bloor streets are being summoned to appear before Magistrate Ellis Friday morning next. All the latest novelties in millinery at the Alexandra, 113 West Dundas-street. Openings Wednesday, Sept. 19, and following days.

East Toronto. East Toronto, Sept. 24.—The council of East Toronto were tonight practically a unit as to the conditions upon which the Toronto and York Railway Co. shall be allowed to make the proposed extensions from the end of the town to the easterly limits. Following the instructions of council as expressed some two weeks ago Messrs. Johnson, Naamith, and Rose waited to-day upon Manager Moore of the Radial Co. The manager's terms were practically rejected, and the council were of conciliatory nature. In fact they were simply a repetition of those already made and stipulated in brief for the extension of the franchise for a period of 25 years, in addition to the unexpired term, which is some five years. These terms were practically rejected without comment, but knowing the fate which would befall these conditions the committee had in the interim between the meeting of the manager and the council to-night framed a set of propositions which were unanimously adopted, and which are in effect as follows:

1. The Town of East Toronto will grant a franchise until Dec. 31, 1921. 2. On completion of present franchise in 1912 the question of revision of fares, service and all other questions in connection therewith shall be submitted to arbitration by the Ontario and railway and municipal board. 3. The company to give a 15-minute service to and from the Woodbine and the terminus on the Danforth-road. 4. The company to be given the right to double track the portion of their track on the Kingston-road in the limits of the town. 5. All portions of the railway in the limits of the town are included in this franchise. 6. The company to give the same rates of fares as now exist, to be collected by separate ticket. 7. The question of renewal of franchise and all other business in connection therewith to be adjusted by arbitration and ratified by the proper legislation. 8. The clerk was instructed to forward the conditions as here agreed to on to the Toronto and York Radial Co. The council chamber was thronged, many ladies being present. A number of routine matters were disposed of, among them being the contract for the construction of plank walk on Spruce-avenue and Queen-street, which was awarded to McMillan and Costain. The Schultz Power Co. sent a communication asking for the favorable consideration of a proposal to construct powder works. Offer declined. A meeting of the public school board was held to-night when a number of routine matters were disposed of, as the passing of accounts. Mrs. J. L. Tidsberry, who has been seriously ill, is much improved.

East Gwillimbury. The will of John Hopkins, farmer, of the Township of East Gwillimbury, disposes of an estate of \$163, the bulk of which is in lands on the 6th and 7th concessions of East Gwillimbury. The widow, two sons, William and Jacob, and a grandson, Wilmer Watson, are the beneficiaries under the will. Gillem McKinnon, farmer, of York County, died Sept. 8 intestate, leaving \$2320, chiefly in farm produce and farm stock. Elizabeth McKinnon has applied for letters of administration.

Swansea. The harvest home services at St. Olav's Church Sunday morning, were conducted by Prof. Jenks of Trinity College. Fruit, flowers and cereals were arranged in the aisles and decorated the new gold roof screen recently put in place giving a quaint medieval effect to the transept. The anthem, "O, Give Thanks Unto the Lord" (Dr. Ham) was well rendered by the choir, Miss Helene Scroggs being the soloist. In the evening Rev. Mr. TenEyck, who was assisted by Mr. R. W. Allan, M.A., of Trinity College, preached. Rev. Mr. TenEyck will preach his farewell sermon on Sunday next, having accepted the curacy of St. Peter's, Hamilton.

Pickering. Manager Kerr of the Western Bank is seriously indisposed. Robert Miller, a brother of the late John Miller of Chisleton, is seriously ill at his home here. George A. Gordon, who has been engaged in his carpentering business in Regina all summer, has returned. It is reported that the C.P.R. line

will come near the village. The people here will welcome anything to enable them to get cars more quickly. J. L. Spinks of the mill here had to wait five days for an "empty" in which to fill an old country order for flour.

Sugar beets in this vicinity are suffering from the drought and many of the leaves have died. The turnip crop is almost a failure on account of the lice and dry weather.

Mrs. Woodruff, an aged member of the Society of Friends, died at the residence of her son-in-law, Mr. Wm. Allan, last Friday evening. Miss S. A. Dale, matron of Pickering College, has returned from a month's sojourn at Cochrane, Ont. A big shipment of apples by Wm. Taylor of Dunbarton was made to Winnipeg yesterday.

Charles Palmer, township councillor, is reported to be returning to farming. He retired to the village some three years ago. There is talk of several farms in this vicinity changing hands this winter.

Streetsville Fair. A special train leaves the Union Station via the C.P.R. at 1:15 p.m. to-morrow, Wednesday, Sept. 26. It is expected this year's exhibition will surpass all others. An extra large number of entries have already been received. The track is in excellent condition.

Agincourt. The home of Mr. and Mrs. Thos. Cherry, Roselawn, Amber, was the scene of a very pleasant event on the 15th inst. when their eldest daughter, Annie Gilmour, became the wife of W. Young of Winnipeg, Man. Only son of Mr. and Mrs. W. Young, Lynn Bank, Agincourt. Precisely at 4 o'clock the bride party entered the drawing-room to the strains of Mendelssohn's wedding march, played by Miss Ella Baker of Lemonville, Ont. and took their places under a floral arch of asparagus fern and the star of Bethel, caught at the centre by two hearts, tied with white satin ribbon, and from which swung the wedding bell. Rev. G. F. Dunlop of Toronto tied the knot. The bride entered on the arm of her father, gowned in a princess robe of ivory silk eolienne over ivory taffeta, wearing the bridal veil caught on the shoulder and carried lily of the valley. She was attended by Miss Jannetta I. Young, only sister of the groom, who was attired in blue silk eolienne over blue taffeta trimmed with cream applique and carried a shower bouquet of cream roses and fern. Little Miss Marjorie Milne of Markham, cousin of the bride, acted as flower girl, dressed in white organdie, and carried pink roses. The groom was supported by Mr. Johnston Cherry, brother of the bride, dressed in white tulle, and carried the bride's gift to the bride was a scroll of pearls and diamonds; to the bridesmaid and flower girl marquis rings set with pearls and turquoise, while the groomsmen received a gold nugget tie-pin. Among the many presents was a beautiful silver tea service from the staff of the

firm which the groom is connected with. The bride's traveling suit was of pearl grey, trimmed with touches of green velvet, with hat to match.

North Toronto. The morning mail arrived by the Metropolitan cars yesterday at 7 o'clock, an hour ahead of what has been the usual time.

Rev. T. W. Powell and Rev. N. Well-wood officiated at the funeral of Mrs. E. C. Brown yesterday. There were many floral tributes, including one from Daviville School. The schools were closed.

No tender has been received for the old waterworks tract.

Geo. Day of Roshampton-avenue had his right hand jammed in a roller and Dr. Bond had to put five stitches in his thumb.

Ex-Councillor A. J. Brown of Yonge-street has received his appointment as issuer of marriage licenses.

Markham. Dr. Robinson will open an inquest to-morrow afternoon at 5 o'clock into the death of Mrs. Cook of Malvern.

Schomberg. A wedding was solemnized at the home of Mr. and Mrs. Robert Norman, "Cherry Oak," Schomberg, when their daughter Edie was united in marriage to Clarence Meldrum Cutts of Toronto Junction. The ceremony, which took place on the lawn beneath a floral bely suspended from an arch of evergreen and asters, was performed by Rev. John McNeill of Walmers-road Baptist Church, Toronto. The bride was given away by her father and looked charming in a princess gown of white Brussels net and lace over taffeta. The bride veil of tulle was gracefully caught up with a spray of lily of the valley. She carried a shower bouquet of white roses. Her only ornament, a gift of the groom, was a brooch set with pearls and amethysts. The bridesmaid, Miss Ruby, sister of the bride, was dressed in a becoming gown of pink embroidered silk crepe over white. She carried a bouquet of pink carnations.

Little Miss Jessie Thomson, cousin of the bride, dressed in white silk, made a dainty flower girl. She carried a basket of American Beauty roses, from which she scattered flowers before the bride, who crossed the lawn to the strains of Mendelssohn's Wedding March, played by Miss Mae Norman of Aurora. The groom was assisted by his brother, Samuel H. Cutts of Toronto Junction. The bride went away in a suit of plum-draped chiffon cloth, the smart coat opening over a blouse of white silk and Valenciennes lace. She wore hat of white chenille and plum velvet with trimmings of white tulle and sprays. The young couple left for New York, Boston and other American points. They will reside in Toronto Junction.

Newmarket. Mrs. Al Proctor is very ill. An operation on her throat was performed on Saturday afternoon.

How Banks Clear Debts. The Canadian Progress Association, at its meeting last night, discussed the idea of clearing banks. It was shown that the utility of the chartered banks to the public is that of "clearing houses," and that the banks did not effect a proper clearance of the debt of the theory of bank clearings next Monday night.

One Hundred Men's New Fall Overcoats

Reg. \$14, To-Morrow Morning \$7.95

We're merely following out the weather's suggestion when we call men's attention to these new Fall Overcoats. The need of them is now beyond dispute, the only dispute that we foresee will be about the hundredth, the last coat to be sold—who'll get it? There's sure to be more than one claimant. These coats were made up for our regular stock, and for this season are right in every respect.

100 Men's Fall Weight Overcoats, consisting of the popular topper style cut, on the newest models, a little longer than those worn last season, slightly conforming to the figure, with centre vent, they come in plain fawn covers, also fancy coatings in shadow stripes and overplaid, there is also among the lot some Chesterfields, in dark grey chevrot and fancy checked tweeds, handsomely tailored and perfect fitting, sizes 34 to 44, regular \$10.50, \$12, \$13.50 and \$14, to clear Wednesday at \$7.95.

Men's New Fall Hats

Reg. \$2, To-Morrow Morning 89c.

If any straw hat still lingers in use, this announcement should put an end to it. These hats are this autumn's importations, and we've been selling them right along for \$1.50 and \$2. The assortment is now down to three hundred, and we'll clear them to-morrow at this starting price.

300 only Men's Stiff and Soft Hats, new and up-to-date fall styles, fine grade English fur felt, and splendid trimming, colors black only, sizes 6 5-8 to 7 1-2. Regular \$1.50 and \$2 hats, Wednesday, 89c.

260 Men's and Boys' Yacht and Hookdown Shape Caps, fine serges and beaver cloth. Regular prices 25c, 35c, 50c, 75c; Wednesday, 17c.

Best Lines in Men's Furnishings Reduced.

The items in to-morrow's list for the Men's Furnishing store represent some of the best lines that we carried in stock. But there are only a few of each left—the only justification for this cut in prices.

Men's English Silk Underwear, broken lines of high-class goods in plain white, pale blue and salmon pink shades, light and medium shades, sizes 34 to 42, regular value up to \$4 per garment, Wednesday \$2.19.

Men's Imported Fine White Cotton and Sateen Night Robes, French neck, fancy trimmed, sizes 14 to 18, regular prices \$1.50, \$2, Wednesday 89c.

Boys' Imported Cashmere Jerseys, fancy striped bodies, rolled collars and buttoned shoulders, neat colors, sizes to fit boys 5 to 15 years, regular value \$1 and \$1.25, Wednesday 49c.

The Sale of Imported Linoleums.

We have never had a better response to a sale of this kind than we had when the store and the sale opened yesterday morning. The hundreds of customers found that Scotch Linoleum had been made the feature of the third floor, and it is safe to say that no such display of this sterling product has been seen in Toronto for many a day. Remember the three outstanding points of this sale that distinguish it from others: First, that this Scotch Linoleum comes in two, three and four yard widths, which largely does away with the necessity for unsightly seams; second, that this Scotch linoleum is the same color all the way through as it is on the surface, and third that it is worth half as much again as we're selling it for on Wednesday, 29c, 33c and 42c.

Now See Our Blankets Go!

The prices that we've been able to quote during this sale of ours has knocked the bottom out of the ordinary generalities that are ordinarily mentioned in the ordinary September Blanket Sale. Our blanket man has run a lively campaign through the hot weather, and now with the cold comes his reward. The blankets are going out as fast as they can be bundled up—they're all low-priced, but more important they're all thoroughly reliable—that's what makes this department doubly sure of its claim that it is headquarters for blankets.

\$4.80 All Pure White Wool Blankets, \$3.98. These Blankets contain only long, pure Canadian wool, thoroughly scoured and cleaned, well napped, pink or blue borders, full 8 lbs., 48 x 88 inches, made from well spun, smooth yarns, 50 pairs. Regular \$4.80 per pair; Wednesday, \$3.98.

\$4.40 Extra Super Unshrinkable White Wool Blankets, \$3.69.
