### RURAL HYDRO AID EASY-SAYS BECK

#### On Return From Overseas Declares Commission Realizes Requirements.

London, Ont., Jan. 31.—Much improved in health, Sir Adam Beck, accompanied by Lady Beck and his daughter, Marion, returned to London today after a sojourn of over a month in Britain and France. Sir Adam is tanned like an athlete, due to long trips in the saddle and gymnasium work while in Paris.

Two letters to offer opinions on Hydro and rural matters which he regains touch with Ontario conditions, Sir Adam, after stating he had not seen the report prepared by a committee of the Ontario legislature which suggests the taxing of Hydro power so that electrical rates for the farmers may be cheapened, declared that the supply of power is available for rural purposes even at the present time, and so far as supply is concerned, there is no need to wait for the Chippawa development.

#### Easy to Supply Country.

The load on rural lines is scarcely perceptible, he said, and 10,000 horsepower would be sufficient to take care of practically any application made before the commission. This amount in the total of 800,000 horsepower controlled by the H. E. P. C. is not a quantity that could either threaten a shortage or carry any substantial part of Hydro's responsibilities.

#### Must Save Country.

The commission, Sir Adam said, has maintained a staff of experts trained in rural power problems and was vigorously working to bring the energy to farm and hamlet when the excessive costs provoked by the war, together with the acute power shortage then prevailing, compelled the suspension of activities.

Now, he said, prices of materials are falling, labor costs are not, and as the spring is, he hoped that conditions will justify rural extensions.

#### Give Special Aid.

"That has been our endeavor for years. Through the government we secured legislation that gives special facilities to aid the rural districts. Cities, towns and villages are being constructed, but the government supplies only at a low rate of interest to pay for rural power lines. They have been possible if they had to provide their own transmission stations, and to overcome that we require the urban municipalities to step down power and sell it at cost to the country."

#### Toronto Railway Buy.

Sir Adam answered: "No comment." When asked if he would accept the suggested railway buy, he said: "I am in favor of buying the Toronto street railway by friendly negotiation rather than by arbitration." He was asked:

"I am not certain as to what authority I have to negotiate a purchase, while I am an arbitrator," Sir Adam answered. "That may be a matter for Toronto to deal with."

#### New York Police Sergeant Goes to Jail Rather Than Disclose Facts.

New York, Jan. 31.—Refusal of Detective-Sergeant John Armstrong to testify today before the grand jury, resulting in a jail sentence and fine for contempt of court, was characterized by former Governor Whitman tonight as an example of the power which "the system" exerts over police officers.

The automobile phase of the corruption investigation came to a climax when Armstrong refused to answer questions relative to the acceptance of rewards for the recovery of stolen automobiles. The court sentenced him to jail for 30 days and fined him \$250 for contempt of court.

In discussing the attitude of Armstrong, Mr. Whitman said:

### SUCCESSFUL YEAR FOR BIG BROTHERS

#### C. L. Burton Elected President at Annual Meeting of Movement.

Last year was the most successful in the history of the organization, not only in the number of cases for supervision of delinquents from the juvenile court, but the large increase of preventive cases brought in by parents and the field secretaries. It is estimated that over seven hundred and eighty-one investigations were made.

The report presented by the chairman of the club work showed an increase of membership. The east end club now has a membership of 337, with an average nightly attendance of 150. The north end club has a membership of 165, average nightly attendance of 75 to 100. The boys are entertained by educational talks, motion pictures and games, and also a Sunday class on citizenship.

In each of these clubs there is a trained boy worker permanently employed, who is in close touch with the families of the boys. They have rendered valuable services in cases of illness and securing employment for the teen age members. It is interesting to note that where clubs are established boys from these districts do not appear in court.

The election of officers resulted as follows: President, Mr. C. L. Burton; vice-president, Mr. C. P. P. Tippey; secretary, Mr. J. B. Macdonald; general secretary, Mr. St. G. Freer; auditor, Mr. John I. Sutcliffe.

#### URGES EXCLUDING BOLSHEVIK TALK

#### Canadian Club Speaker Would Bar Reference on Platform and in Homes.

The importance of keeping the English-speaking nations together, and that as the only remedy for radicalism, was emphasized in the address of Paul Shorey, an eminent American writer and managing editor of university and scientific journals, at the annual meeting of the University of Chicago. He strongly advocated gradual liberal reforms and a return to the American constitution.

Mr. Shorey thought Bernard Shaw a mischievous lecturer who could do much harm among certain classes, and in the Chicago University bulletin board to be given by Rev. John Haynes Holmes before the so-called general club, a member of the sermon had been quoted and discussed with much favor by the radical press.

Radical procedure rarely succeeded, he added, and where it did succeed, it was only in part and the cost of incalculable misery to a whole generation.

## Announcement

The Head Offices of Shaw's Schools, including the Shaw Correspondence School, are now located at 364 Yonge Street, nearly opposite the old quarters so recently destroyed by fire at Yonge and Gerrard. Students at Day and Evening Sessions will be cared for at any one of the ten local Schools from Beaches and East Toronto on the East side to Parkdale and West Toronto on the West side of the city. The Main School Staff and students are distributed among these Schools since the fire, and we have good accommodation still available for all new students who may desire to register for any of our excellent courses.

The continuity and promptness which have characterized our Correspondence School Courses will be interrupted for a few days only as supplies of lessons which were stored in different parts of the city are ready for immediate use. Some lessons and criticisms have unfortunately been destroyed, with many of our records as well, but we will very soon remedy these losses and carry on all courses as heretofore.

Students and friends are invited to patronize our local schools and to call at our new premises for conference and consultation.

W. H. SHAW, President.

## FEDERATION DOING EFFECTIVE WORK

Institutions in Satisfactory Condition Despite the Unemployment.

In bringing in its report of the work of the institutions in the Toronto's Federation for Community Service for the month of January, the new budget committee finds that despite the unemployment situation the institutions are all in very satisfactory condition.

According to Mr. Geo. A. Howell, chairman of the permanent campaign committee, who along with other members of the budget committee visited the Aged Men's Home, the Aged Women's Home, and the Industrial Refuges, all on Belmont street, it is found that provisions, supplies and repairs of buildings were the main items to be dealt with in the January expenditure. However, the federation has appointed a committee to gain information on the cost of food and other commodities, and it is expected that a saving of thousands of dollars will result from the collective purchasing scheme which is now being tried out and which will be put into operation as soon as it is perfected.

The federation guarantees to the public that all funds entrusted to it will be applied with judgment to the work of the organizations for which they were contributed and that the sympathetic people comprising the boards of hospitals, day nurseries, orphanages and aged people's homes may devote themselves to their work with the confidence that their financial needs will be met.

The Neighborhood Workers' Association in the federation are relieving needy families during the present distress. During the month of January more than 1,500 families were helped with food, fuel, clothing and other necessities. To better enable the workers to establish contact with the source of relief and the needs of the people, members of the staff have been located in the districts, usually in the closest association and contact with the public health nurses. This arrangement admirably illustrates one of the principles which the federation has been able to effectively apply, namely, to secure without friction and at least expense effective co-operative service in the field of community welfare.

NO PERMIT SYSTEM... FOR QUEBEC LIQUOR

Instead, Those Who Over... drink Will Be Blacklisted... in All Shops.

Quebec, Jan. 31.—The provincial cabinet has agreed on the main features of the liquor control bill which will be submitted to the legislature this week, it is understood. In regard to the sale of the liquor at the retail government shops to the consumer, there will not be a permit system, such as is being suggested in British Columbia, but there will be an effective system of "blacklisting" every shop. Those who are condemned for drunkenness will get on that list, those whose mothers, fathers or wives complain that their male folks are drinking too much will get on that list; and the commission will devise such a system of checking up that it will be difficult to get such a list, especially in small places.

Severe Penalties. Penalties provided in the new law are so severe that only the most foolhardy will undertake to defeat some clauses of the law. Jail sentences without option are provided for violation of some clauses, even for the first offense, and provision is made in the bill by cleverly drawn clauses to prevent technicalities defeating the purposes of the penalty clauses. During the past year it has been impossible to send hotelmen and others to jail in Montreal.

Brewers Protected. It is understood that the bill will provide a measure of protection for brewers in this province by the imposition of a tax of \$1000 on brewers outside of the province which ship beer into Quebec. This would affect chiefly brewers in Great Britain. The province of Quebec, of course, cannot levy taxes on persons or companies outside its own boundaries, but this difficulty is overcome by making the tax apply to the wholesale agents in Quebec of such outside brewers. This government recognizes the protection of home industries, in addition to the matter of revenue. Brewers in the province pay a substantial tax on all they brew, namely, 2 1/2 cents a gallon, and this is not raised; consequently there is no good reason why outside brewers should not pay.

LETTERS WIELDED... REVEAL PROMISES

(Continued From Page 1.) ed them to Alan Ferguson, file clerk, that they were not placed on the list and did not come to light until discovered on January 15 last. Asked by J. Shirley Denison, K.C., to produce all the letters in his possession, Mr. Hele refused on the ground that they were private correspondence of Hon. Mr. Ferguson which he had taken home. Mr. Hele then read from the criminal code to the effect that any employee of his majesty's government without his consent is liable to a fine of four years' penal servitude. Mr. Hele said he would not produce the correspondence without first consulting Hon. Mr. Ferguson. Justice Riddell then produced all the letters now held must be produced at this morning's sitting of the enquiry.

Company's Contention. H. Gibson, counsel for the pulp and paper corporation, contended that the missing letters which he produced to two other letters which he produced. One was from the Hon. Mr. Ferguson, acknowledging receipt of the letter from Meade (and Mr. Smith's letter), and stating that, as he was no longer minister of crown lands, he was not in a position to fulfil former promises, but expressing the opinion that his successors in office would do what he could to build up the industry. The other letter was from Mr. Meade acknowledging receipt of Hon. Mr. Ferguson's letter.

Shelvin-Clarke Inquiry Over. It now appears that the Shelvin-Clarke Company inquiry is closed so far as Justices Riddell and Latchford are concerned. Mr. Justice Riddell made a statement, in reply to Mr. Denison's request, that the case be re-opened, in which he pointed out they had already advised criminal prosecution of those who seemed to have been guilty of crime, and it was for the crown and its legal advisors to determine who should be prosecuted, and for what offences.

Peter White, K.C., who had been acting as counsel for the Liberal-Conservative opposition in the timber investigation, announced on the reopening of the inquiry yesterday morning, that he would retire from the case. He took this action on the ground that he "could not take instructions from the Ontario Government while pretending to act for the opposition." He produced correspondence between the attorney-general and himself, in which the former suggested that the onus was on the latter of bringing before the commission matters prior to the coming into power of the Conservative government of 1905. Mr. White had in his reply pointed out that the Drury government had instituted the inquiry and should not now attempt to shift the burden to the Liberal-Conservative party.

SHOT THE BANDIT... WITH HIS OWN GUN

Collector Held Up in Tene... ment, Turned Pistol on... His Aggressor. Providence, R.I., Jan. 31.—Orrie A. Lane, collector for the Great Atlantic and Pacific Tea Company stores, carrying the day's collections, was held up on the stairway from his tenement today, but turned the hold-up man's gun on the robber and killed him. Lane went home to dinner with several thousand dollars in custody. After dinner he started for the bank; went down one flight and came face to face with a gunman on the second floor landing. Lane refused to hold up his hands, caught the robber's wrist and doubling his arm over, pulled the trigger so that the hold-up man was shot thru the head, he told the police.

Lane's wife called the police. They found one eight and a half, who has not been identified, dead at the foot of the stairs at the ground floor. On the second floor landing they found Lane's false teeth in the scuffie. Lane clung to the money bag. The police held him pending further investigation.

LABOR ASKS PROBE... OF RAILWAY WAGE

(Continued From Page 1.) against the employees and wage wages on a pre-war basis, so that railway profits may be enhanced when prosperity returns. The slipper would have to pay increased rates and the laborer would be exploited, if Gen. Atterbury had his way." The telegram was signed by B. M. Jewell, president of the railway employees' department of the American Federation of Labor; J. Hynes, international president, of the Amalgamated Sheet Metal Workers' International Alliance; Martin P. Ryan, general president of the Brotherhood of Electrical Workers; J. W. Kline, president of the International Brotherhood of Blacksmiths, Drop Forgers and Helpers of America; J. A. Franklin, president of the International Brotherhood of Holmakers, from Shipbuilders and Helpers of America, and J. F. Anderson, vice-president of the International Association of Machinists.

Must Be Readjustment. Gen. Atterbury, in his address, said: "We believe that as the wages of railroad employees were the last to go up, they should be the last to come down, but we do insist that for an ample wage, an honest day's work shall be given." "The public has a right to insist that this must be obtained. The public has also the right to expect that the railway executives, with the co-operation of the regulatory bodies and the employees, will as rapidly as possible reduce the cost of railway operation so as to eventually insure a reduction in rates.

The solvency of the railroads of the United States must be assured by a reduction in operating expenses. Unless prompt action affords relief to the roads, many of the lines may be forced into insolvency." "The labor board could prevent this catastrophe by cancelling the agreements, rules and working conditions instituted during the war period and permitting these matters to be arranged by negotiation between each carrier and its own employees."

ITALY READY TO BUY... NEWFOUNDLAND FISH

Will Purchase 2,500 Tons... Now That Regulations... Are Withdrawn. St. John's, Nfld., Jan. 31.—Further progress in the marketing of large quantities of Newfoundland codfish, which have been the usual markets of southern Europe, was reported by Premier Squires today. He announced that the Italian food control board, which had refused to buy any of the fish while the Newfoundland government maintained regulations fixing the minimum price to be paid, had responded to the recent withdrawal of these regulations by agreeing to purchase 2,500 tons.

The premier said that Italy was expected to increase its purchases substantially during the next three months. The prices to be paid were not announced but it is understood they will be somewhere between figures stipulated by the former regulations.

CUSTOMS RECEIPTS... FALL OFF IN JANUARY

Ottawa, Jan. 31.—(By Canadian Press)—The 19 months of the fiscal year ending today show an increase of \$7,881,047 in the total value of customs receipts as compared with the same period a year ago. Receipts for the 10-month period just closed this total was \$149,446,846. For the month of January alone, however, customs receipts show a decrease of \$8,987,754 as compared with January, 1920. Receipts for January, 1921, totaled \$18,176,426, while for the month just closed they amounted to \$10,058,872.

LITTLE PROSPECT... FOR TARIFF BILL

(Continued From Page 1.) effort to get an agreement for voting. He did not intend to vote for the bill with the bill in event of a defeat of closure, but Senators McCumber of North Dakota, and Borah of Idaho, Republicans, served notice that they would attempt to hold the bill before the senate and make every effort to get a vote before the session ends. The notices of these two senators were regarded as likely to change plans, laying aside the bill in event of failure of closure.

Little Prospect of Enactment. It was said that instead of side-tracking the bill formally, it probably would be laid aside "temporarily" from day to day to give consideration to the season's activities unless it was defeated there was little prospect of enactment of the measure. Senator Simmons of North Carolina, senior Democrat of the finance committee, announced his support of the proposal to vote Feb. 15, and E. H. Murf, farmer, were the candidates nominated officially today for election, which takes place there Feb. 7. Col. McPherson is a Norris government supporter and Mr. Muir is an Independent-Farmer candidate.

British Firm Takes Contract... To Repair Russia's Locomotives. London, Jan. 31.—An undertaking for the repair of virtually all of Russia's locomotives, extending over a number of years, has been signed between the London firm of Armstrong, Whitworth and Company and the Russian trade delegation. Reports to this effect had been current for several days and the company confirmed them today. It announces, however, that the contract is subject to the signing by Great Britain of the trade agreement with Russia.

Aim to Readjust Salaries... Of Canadian Staff in London. London, Jan. 31.—The Canadian Associated Press understands that S. L. GOVERNOR OF MAINE... DIES OF PNEUMONIA

Augusta, Maine, Jan. 31.—Governor Frederic Hale Parkhurst of Maine died today of pneumonia, which developed after his apparent recovery from an illness due to a diphtheria infection. He had been the chief executive of the state for twenty-five days and was the third Maine governor to die in office. Under the statutes he was automatically succeeded as governor by Percival P. Baxter, president of the senate, who took the oath of office late today.

TO URGE FEDERAL GRANT... OF WHEAT TO CHINA

Vancouver, Jan. 31.—Despite plecting by the unemployed to prevent day collections for Chinese relief on Saturday the money grant was double the amount expected, stated Dr. S. N. Osterhout, chairman of the several denominations in the wheat to consider the question of urging the federal government to make a grant of \$500,000 bushels of wheat to Chinese famine sufferers.

TOO COSTLY TO SHIP... U. S. CORN TO CHINA

Millions of Bushels Offered... by Middle West Farmers... Cannot Be Accepted. New York, Jan. 31.—Because of the difficulty of shipment and heavy expense involved, millions of bushels of corn offered by middle west farmers to help relieve distress in the famine regions of China cannot be accepted, the American committee for the China famine fund announced in a statement here today.

Experts in grain and transportation problems informed the committee that corn starting from the United States for northern China would heat and spoil en route unless it was dried, before shipment. This process, it was said, would be highly expensive, and even under the most favorable conditions the cost would be fifty cents a bushel to deliver at a Chinese port. As the dollar is now at a premium in China, the statement pointed out, the committee's representatives in Peking can buy food for almost immediate delivery more advantageous than awaiting cargoes from home. The statement announced the committee is now centering efforts toward getting funds into the hands of its representatives in the field to speak the death rate that has soared to thousands daily. Latest advices from northern China indicate, the committee stated, that 15,000,000 persons are in peril from starvation.

"DOES THE WORK,"... STATES FOREMAN

Toronto Citizen Declares Tan... lac Was the Best Invest... ment He Ever Made. "Tanlac has them all beat, it certainly does the work," said James Brack, of 172 Hampton avenue, Toronto, Ontario, foreman for the Christie-Brown Bakery.

"Six years is a long time for a man to suffer with stomach trouble, but that is exactly what I did. I underwent agonies from indigestion, everything I ate soured and formed gas that gave me awful pains through the chest, he didn't care to eat anything and I just forced down enough to keep alive. "I had to give up eating all heavy foods and didn't care to eat cabbage, potatoes or even eggs. If it hadn't been for my wife I probably would have indigestion yet, but she persuaded me to try Tanlac. I think the little money this medicine cost me was the best investment I ever made in my life. "I am like a new man now and my appetite is so good that I can eat meats, cabbage, potatoes, just anything I want to and never have a particle of trouble afterwards. Tanlac is wonderful. I have never known another medicine like it. I never miss a chance to recommend the best of all medicines, and my wife thinks so too." Tanlac is sold in Toronto by Tamblyn Drug Stores and by an established agency in every town.

BRING SCHOOL ACT... INTO OPERATION

(Continued From Page 1.) section of the act, pupils are expected to remain in full-time attendance at school until they are sixteen years of age unless employed on the authority of a home permit or an employment certificate as provided for by the act, but that it is not his intention to instruct attendance officers to make the act retroactive by endeavoring to compel young persons between fourteen and sixteen years of age who have been engaged in regular employment to return to school. School authorities, accordingly, will, in the future, be charged with providing only for the continued instruction of those who are at present at school and not for the numbers who might be forced to return to school by the strict interpretation of the act. To Appoint Officers. "At the same time," the minister expects that the act will be made fully effective to the extent that attendance officers be appointed according to law, and their departments organized to ensure, first, that all young persons between fourteen and sixteen years of age shall be either at school or at work; and second, that those who are at work either at home or in regular employment, shall hold the permits or certificates required by law. "Section 9, which provides for the establishment and maintenance of part-time courses of instruction for young persons at work, comes into operation on Sept. 1, 1922. The minister expects that boards will be prepared to make this section effective on that date. "Whenever it is desired, the minister, through the officers of the department of education, will be ready to lend assistance to boards, in organizing attendance departments and in forming or in carrying out plans for part-time instruction."

PROBE DEATH OF FIREMAN...

Ottawa, Jan. 31.—(Canadian Press.)—The inquest into the death of Fireman Nelson Poirier, aged 37 years, who died on Saturday night as a result of injuries received in the fire which completely destroyed the Bach Bros. junk company on East Queen street, at an estimated loss of \$70,000, opened this morning and was adjourned immediately until Tuesday night.

BREAD IN BELLEVILLE... IS TEN CENTS PER LOAF

Belleville, Ont., Jan. 31.—(Special.)—Bread took a four-cent drop here today to 20 cents per three-pound loaf. The wholesale price has been fixed at 18 cents. The Belleville bakers have been slow in falling into line with bakers in other towns and cities. Twenty-four cents was the highest price charged at any time by the bakers.

VALUE OF U.S. LIVE STOCK... LESS BY \$2,250,000,000

Washington, Jan. 31.—Value of live stock on farms and ranges in the United States has decreased more than \$2,500,000,000 during the last year and the amount of live stock about \$10,000,000, according to estimates announced today by the department of agriculture. Cattle and sheep decreased in number more than ten per cent, and swine decreased more than five per cent. There was a decrease in the value of more than \$500,000,000 in milk cows and about the same for other cattle, while the value of sheep decreased almost \$500,000,000 and sheep almost \$250,000,000.

U.S. COMMANDER... MAKES APOLOGY

Expresses Regret to German... and Baden Governments... for Arrest. Berlin, Jan. 31.—Brigadier-General Henry T. Allen, commander of the United States army of occupation on the Rhine, has made a formal apology to both the Berlin government and the government of Baden for the recent attempt by men connected with the United States forces to take into custody Grover Bergdoll, draft evader, and his chauffeur, Isaac Stecher, for the attempt against Bergdoll, which he greatly deplored. The order for Bergdoll's arrest, Gen. Allen stated, was issued by the provost marshal in Coblenz, who only recently arrived in Germany and who was under the impression that Bergdoll was sojourning in the French zone of the occupied area.

Civil Service in South Africa... Is Seething With Discontent

London, Jan. 31.—A cable from Johannesburg says that the civil service of the Union of South Africa is seething with discontent, owing to the delay in rectifying the scales of pay. Many of the younger officials are reported to be strongly in favor of direct action, especially in view of the success of the recent strike of bank clerks. The older men with families and responsibilities have hitherto been able to hold the extremists in check, but the position is becoming more menacing.

LAVERGNE SPEAKS SATURDAY...

Kington, Jan. 31.—(Special.)—Armand Lavergne, member of the Quebec legislature, will be the guest of the Kingston Knights of Columbus at a banquet Saturday evening. Mr. Lavergne is also to speak to the knights next Sunday afternoon.

DOES NOT EXPECT BANK RATE REDUCED

Governor of Bank of England Holds Out No Hope for Near Future.

London, Jan. 31.—Montagu Collet Norman, governor of the Bank of England since last March, has argued by a representative of The Daily Mail whether it was true that the bank rate, which is now seven per cent., cannot be reduced until there is a corresponding reduction in the price of money in the United States, and that negotiations are progressing concerning the situation applied that he had not heard of any such arrangement.

To the question whether he could hold out the hope of a reduction in the bank rate soon, The Daily Mail quotes Mr. Norman as laconically replying, "I cannot."

Mr. Norman has just returned to London from a vacation on the shores of the Mediterranean, where, coincidentally, the chancellor of the exchequer also has been spending a holiday, but Mr. Norman would not admit having met the chancellor.

According to The Daily Mail Mr. Norman was reticent about his talk. When the representative of the newspaper suggested that the people would welcome a reduction in the bank rate, Mr. Norman is quoted as having said, "everyone wants to make more profits, that is why."

Regarding the German indemnity bill, Mr. Norman said he did not think it possible that Germany could settle the debt in gold.

Professor John Maynard Keynes, who was the principal representative of the treasury at the Paris peace conference and deputy for the chancellor of the exchequer at the economic council, in an article in The Manchester Guardian, analyzes the Paris reparations agreement, and the present tends to show the impossibility of Germany paying the suggested sums except by enormous development of her export trade, and the holding of the staple duties of Great Britain from the world markets.

He characterized the agreement as "a meaningless variation on an impossible figure," but points out that the postponement of consideration of effective penalties "constitutes Lloyd George's solid triumph in Paris."

TO JOINTLY DIRECT AT LAKE OF WOODS

Federal Conference Results in Dominion-Ontario Agreement.

Ottawa, Jan. 31.—An absolute agreement between the Dominion and Ontario governments on the much-disputed question of control of power levels in northwestern Ontario, affecting power developments in this province and Manitoba, was reached at a conference here today between Premier Meighen and Sir James Lougheed, representing the Dominion, Premier Drury, Ontario, and Hon. T. H. Johnson and Hon. A. B. Hudson, Manitoba.

When the Dominion and Ontario governments entered into the agreement, it was announced that there was an unanimous agreement between the Dominion and Ontario governments to establish a central board with four members, two from each province, to control the flow of the Winnipeg River, between the Lake of Woods and the English River, and (4) of the English River, between its junction with the Winnipeg River and Lake Senial.

It is, of course, unquestionable that monarchism in this country has recovered considerably since its dark days immediately after the war, but the great deal of proof will be needed to persuade the masses of the people that the ex-prince is not a feather-bedder swindler, but a respectable and unassuming man, and that the ex-prince's present unpopularity is not the result of a deliberate campaign of vilification.

WOULD COMPEL TEACHING OF FRENCH IN ONTARIO

Montreal, Jan. 31.—In a short talk to the High School Boy's Canadian Club this morning, Sir John Willison, of Toronto, advocated the compulsory teaching of French in all the high schools of Ontario, and the employment of high school teachers, to the number of twenty-five or thirty, between the provinces of Quebec and Ontario, with the object of breaking down the language barrier between the two provinces.

FIX RATE OF EXCHANGE FOR FREIGHT SHIPMENTS

Ottawa, Jan. 31.—(By Canadian Press.)—The board of five-way commissioners, in accordance with its judgment and order of January 14, has fixed the rate of exchange, in connection with the exchange of freight bills between points in Canada and the United States, at eleven and seven-eighths per cent. for the period January 21-February 14. The surcharge during the same period will be seven per cent.

THREE BARGES SUNK IN NORTHEAST STORM

Sandwich, Mass., Jan. 31.—Two of three empty coal barges which were in trouble in a northeast storm at the eastern end of the Cape Cod canal today, were at the bottom of the bay tonight. The crews were safe. The third barge, the Haverford, sank at a new anchorage early this evening and will stay off the breakwater tonight. The strag was bound from Boston to New York in tow of the tug Triton.

ALLEGED MILLERS IGNORE ACT

Calgary, Alta., Jan. 31.—It is alleged that some of the western millers are refusing to abide by the feeding stuffs act which came into operation at the beginning of this year. J. L. Waters, of Lacombe, Alta., one of the members of the advisory board under the act proceeded to Ottawa Sunday night to go into various points with the board.

GRANGERS TO DECIDE ABOUT WHEAT POOL

Question to Be Chief Topic of Interest at Convention in Moose Jaw Today.

Moose Jaw, Jan. 31.—Interest among delegates here to attend the annual convention tomorrow of the Saskatchewan Grain Growers' Association centers chiefly about the proposed wheat pool.

While no report will be made to the convention, it was learned from authoritative source today that the special committee on the wheat pool which met in Winnipeg Saturday has decided to apply to the Manitoba legislature for a charter.

The Winnipeg meeting was held for organization purposes. H. W. Wood, president of the United Farmers of Alberta, was appointed chairman. A number of recommendations received were considered and dealt with. The powers to be requested when application is made to the legislature were considered, and the committee decided to hold a second session in Regina on February 14 to complete arrangements. Reports will be made to the Canadian Council of Agriculture, which meets in Regina the day following.

GERMANS TURNING TO CROWN PRINCE

Monarchists Now Regard Ex-Kaiser as Incubus, and Favor His Son.

London, Jan. 31.—The increase in the progress of reaction in Germany, in the opinion of the Berlin correspondent of The London Daily Telegraph, is measured by the increasing boldness of the Crown Prince party.

In the current number of The Preussische Jahrbucher, the most serious of the German monthly reviews, Dr. Friedrich Thimme, an historian of some repute, and for many years librarian of the Prussian house of lords (Herrenhaus), publishes a long and extravagantly laudatory eulogy of the ex-prince, which is evidently part of the restoration campaign. It is significant that the writer opens with an attempt to prove that the character of the ex-prince is in almost every respect the reverse of that of his father. Monarchists, now regard the ex-kaiser merely as an incubus, and realize that the only hope of his little peculiarity would have no chance of regaining the throne.

In further development of his theme, Dr. Thimme represents the ex-prince as a man of "stable, tranquil, cool-headed, almost passionless" character, averse to pomp, show, ceremony and ostentation, of a kindly, unassuming, modest nature, quite free from arrogance and prejudice, deepening peace, shrewd and far-sighted.

With one exception, Dr. Thimme defends the ex-prince against all the charges of which he has been the object. He denies that the ex-prince favored war, and asserts that he was one of the first to urge a conclusion of peace without the cost of sacrifices. The ex-prince's devotion to sports and frivolous pleasures is explained by the ex-kaiser's jealous refusal to allow him insight into or participation in the affairs of state. The article speaks of his being "notorious" that the ex-prince opposed the idea of attacking Verdun and continually urged the suspension of hostilities.

Again: "Instead of the great spring offensive in 1918, the crown prince would rather have seen a great peace offensive with the ex-prince as the obvious purpose, that already many years ago the prince showed a distinct leaning toward the English system of government."

It is, of course, unquestionable that monarchism in this country has recovered considerably since its dark days immediately after the war, but the great deal of proof will be needed to persuade the masses of the people that the ex-prince is not a feather-bedder swindler, but a respectable and unassuming man, and that the ex-prince's present unpopularity is not the result of a deliberate campaign of vilification.

IS CRITICAL TIME FOR JEWS SAYS BRICKNER

Montreal, Jan. 31.—Rabbi Brickner, of Toronto, speaking at the Zionist convention here tonight, said the time had arrived when the Jews of the world must decide whether they will become assimilated among other nations or whether they will remain Jews and turn their eyes towards Palestine.

Other speakers were Dr. Schmerya Levin of Palestine and Dr. Bar Epstein, a world traveler on behalf of the Jewish national fund.

PROMOTE A. B. CALDER TO EXECUTIVE OF C.P.R.

Montreal, Jan. 31.—A. B. Calder, formerly assistant general passenger agent, has been promoted to the executive staff of the Canadian Pacific Railway.

Mr. Calder is the son of Alexander Calder, railway and steamship agent in Winnipeg. He accompanied the Prince of Wales' train across Canada as representative of the president of the Canadian Pacific Railway.

WOMEN OPPOSE WOMEN'S VOTE

Ottawa, Jan. 31.—The Federation of French-Canadian Women, Hull branch, has gone on record as opposing votes for women in municipal and provincial elections. A resolution asks Premier Taschereau to suppress any and all laws that might result in enfranchising the women of Quebec.

DOG'S BARK SAVES FAMILY

FORCED TO FIELD CASH IN POCKETS

Lloyd Donovan Victim of Early Morning Hold-Up in West Toronto.

Lloyd Donovan, 162 Medland street, reported to the police of West Toronto station late yesterday afternoon that at 12:20 on Monday morning he was held up by six young men at Dundas street and Clendennan avenue and robbed of \$41.

Mr. Donovan was unable to appear in person at the station because of the rough usage he received at the hands of the thugs, and spent the day confined to his home.

Donovan stated to a police constable, who was sent to his home to investigate the case, that he was proceeding home along Dundas street from a party, when, nearing the Clendennan avenue intersection, he noted the approach of six young men, who were talking, laughing and "carrying on."

They were talking, laughing and "carrying on" in a way that he thought was nothing could be done at the present time. It is not possible to put all down at the present time, "on account of an unusual excitement."

He would be extremely dangerous if it was placed on the street now. I would like to see the man who is in charge of the police in North Toronto some relief, but the only thing I can see is for the city to put a pavement down. I cannot hold out any hope of any immediate relief," he said, in conclusion.

"It constitutes a great danger," was the way Dr. P. B. Wilson of 12 Orchard street, who was present at the hearing for his opinion, "especially in the spreading of disease such as tuberculosis, and if allowed to continue it will undoubtedly have a serious effect on the health of the city."

Dr. Wilson, speaking from a medical point of view, thinks the city should immediately take some steps to stop this menace.

A very quiet but pretty wedding took place at the Daville Methodist church when William Blackie, son of J. H. Blackie, 45 Dundas street, was married to Miss Myrtle Tomlinson, the ceremony being conducted by Rev. Mr. Reynolds, of the Blackie's, brother-in-law.

The bride, who is a resident of the city, was accompanied by her sisters at 124 Humberwood avenue, the newly-wedded couple left for Los Angeles by the afternoon train.

An interesting ceremony took place at the home of Comrade A. Ford, secretary of the North Toronto branch of the G. O. P., when the ladies' auxiliary and the G.W.V.A. met and presented Comrade R. A. Cummings, second vice-president of the local branch, and chairman of the entertainment committee, for the past two years.

The Young People's Club of the Eglington Presbyterian church held their annual dance last night in the church on the following: "Resolved, that the church should be a place of entertainment for the community." The affirmative side was led by Leighton Hurbutt and Hilda Madden.

CITY AND SUBURBAN

PLAGUE OF DUST ON YONGE STREET

Street Commissioner Wilson Unable to Promise Speedy Relief.

NORTH TORONTO

North Yonge street these days has a plague of dust. The merchants are up in arms about the matter as they say that their merchandise is suffering. The housewives are also complaining, as the dust lies in a thick carpet everywhere in the house directly the doors are opened.

Medical men maintain that it constitutes a grave danger from a health point of view, but there appears to be no relief in sight for the north-enders. Speaking to The World last night, Street Commissioner Wilson said that nothing could be done at the present time.

It is not possible to put all down at the present time, "on account of an unusual excitement."

WEST TORONTO

Rev. J. P. Roberts, rector of St. Jude's Anglican church, 154 Dundas street, west, indicated his retirement on Sunday evening, after 21 years' service. A retiring meeting has been called to settle differences between the rector and the wardens regarding the matter of salary. It is reported that the rector is to be paid in salary and a debt of honor of \$500 also a matter of dispute. Rev. Mr. Roberts is to be succeeded by Rev. J. P. Roberts, who is to be succeeded by Rev. J. P. Roberts.

BIGGS WILL PROBE DEATH OF M. STONG

Hamilton, Jan. 31.—(Special.)—Hon. F. C. Biggs is demanding an investigation into the cause of the accident that resulted in the death of Milton Stong, this accident occurring on the steep hills near Ancaster. Just what was the fault has not been learned, but it is the chief cause of the accident, which could not be overcome in six months.

DANFORTH

The question of a civic hospital for Danforth was the principal topic of discussion at a well-attended meeting of the Danforth Business Men's Association, held in the Broadview Boys' Y. M. C. A. auditorium, Broadview avenue, last night.

The meeting was held in full agreement with the establishment of a civic hospital on the river Don, on a suitable site, provided it is not erected on a main business thoroughfare.

The meeting opposed the proposed purchase of the Danforth avenue frontage for the new technical school, on the grounds that no school or church building should front on a business thoroughfare. It was pointed out that church property on business streets was detrimental to the business of the main shopping thoroughfare.

F. W. Lewis, secretary, reported that since the complaint to the association to the police department regarding the large pipes laying for an indefinite period along West Danforth street, the department has taken notice and the majority of the pipes are now underground.

A meeting of the Leaside public school board will be held this evening in the public school, when the question of a new brick school will be discussed.

Plans and estimates of cost have been prepared and the overcrowded condition of the present two-room frame building will be pointed out.

A meeting of the Leaside town council will hold its first meeting of the year in the public school, tonight, when the question of the nomination for the vacancy of councillor will be taken and the positions of wardens and assessors will be filled.

Mayor R. P. Ormsby will preside. The following are the members of council: Mayor R. P. Ormsby, James Rae, H. H. Horsfall, J. A. Beatty, Rev. P. M. Lamb, J. G. Conlan and Allan G. Stuart, councillors.

Corpus Christi Mass., has just received word from the secretary of the Holy Name Church building fund, that a plan has been decided to build the new church, which would be developed into a complete church. The members present pledged themselves to the plan, and the secretary is now circulating subscriptions for the proposed structure.

MAYOR INSISTENT ON BUILDING NEW HOUSES

Mayor Church will urge the board of control today to send to council with a recommendation his motion that a commission be appointed to investigate cheap houses for rent or sale. The mayor said many men out of work just now who could be employed on a civic house-building scheme, says the mayor, and it would be a better policy to give them employment rather than free money.

PUTTING CHECK ON GRANTS

The city officials are recommending that a check be put on the granting of grants for the entertainment of visitors. Half a dozen applications are already in the hands of the city clerk, and the mayor is now endeavoring to use public money for the entertainment of distinguished visitors. Many American cities have been criticized for the making of grants for the entertaining of visitors.

MILK PRODUCTION IS COSTLY IN YORK

Committee Reports Outlook for Reduction Is Not a Bright One.

The committee appointed by the Dominion government to investigate the cost of milk production in Ontario has, thru its chairman, E. S. Archibald, presented its second report on the subject. It is dated Jan. 15, and the wholesale food prices of that date were used as a basis of calculation and is confined entirely to the cost of producing milk for city consumption.

It is stated that while labor costs show some signs of being reduced in the future, there is no cut as yet in farm labor costs. The report states that it is estimated that the year round net cost at the farm per 100 pounds of milk is \$3.24. There were 115 cows on the average in Ontario in 1930, and the average production per cow of 6,000 pounds of milk yearly.

The report concludes: "This relatively high cost of production existing on these farms undoubtedly actual and can be reduced only by years of most strenuous effort on the part of the producer in the breeding of higher priced cows and in raising farm more cheaply. Even so, it is noted that the 88 farms surveyed from which the above figures were compiled have a production per cow of only 5,500 pounds, which is 500 pounds below the average production per cow throughout the province of Ontario."

Torway Lodge, No. 881, L.O.L., held their first dance of the season last night in the hall, when the large number of people who were present enjoyed a very successful evening. The music was furnished by the orchestra, and the refreshments were served.

Todmorden Lodge, Sons of England Benefit Society, held their "white rose" dance last night in the hall, when a large number of people were present. The music was furnished by the orchestra, and the refreshments were served.

EDUCATION BOARD WILL OBTAIN REPORT WITH VIEW TO SAVING PREMIUM.

Schemes to save the board of education five insurance policy premiums were before the finance committee yesterday afternoon.

Trustee Edmunds, chairman of the committee, appeared to startle the committee when he informed them that the members of the board would be personally liable under the present law if the board attempted to dispense with insurance and a large school fire occurred.

Trustee Edmunds, chairman of the board, suggested that the board might save money by establishing a fire loss sinking fund.

Business Administrator Pearson considered that a minimum of \$28,000 a year must be required for ten years to provide a moderate fire loss fund for the estimate of 1930-31.

Trustee John Laxon asserted that the fire danger was very slight in the case of the new school building. His motion for a report on a fire loss fund was adopted.

Trustee John Wanless advised the finance board on his three notices of motion respecting changes in the financial policy of the board of education. He withdrew the motion for the estimate of 1930-31.

Trustee Edmunds spoke in favor of applying to the Ontario legislature for a statute to provide that in the purchase of playgrounds or sites the owner should be obligated to sell at an advance of not more than fifty per cent. of the assessed value.

The finance committee sent the proposal to the committee on legislation.

Trustee Edmunds remarked that the assessments in many cases were very low.

CHANGES PROMISED IN EDUCATION ACT

Minister Is Considering Important Legislation at Present Session.

To a deputation which saw him yesterday, the minister of education, Hon. R. H. Grant, said he hoped some solution would be found this session of the demand that the education act be amended to include the cost of buildings in ascertaining the cost of education, and that a definite percentage of this value be added to the annual cost of the maintenance, and 100 per cent. of their total school tax be collectable from all municipalities taking advantage of the accommodation provided.

A closer censorship of moving pictures, especially those in serial form, "which appear to be largely based on narratives of studied crime and various forms of violence," was asked and that the attorney-general rigidly enforce the regulations concerning the attendance of children at theatres.

Appeal Is Favoured. Hon. Mr. Grant promised consideration to their request that appeal be provided for to the local inspectors from the judgment of attendance officers under the adolescent act where the latter grants home permits and employment certificates. They also insist on academic qualifications for teachers, particularly of vocational subjects, the minister replied that he hoped that a Dominion school would be established.

Another report was to establish junior high schools, including the fourth public school book and the commercial and vocational training curriculums of the high schools. Mr. Grant said the adolescent act covered this.

The association presented a request for immediate action, without regard to expense, to obtain text books for the high schools.

We must have regard to expense, but all the provinces have suffered similarly from the scarcity of paper," said Mr. Grant. He suggested that greater generosity should be shown to educational authorities in the "monetary allowance for athletic purposes in the public schools.

Toronto board of education now receives \$150,000 in government grants. Principal A. C. McKay of the Central Technical High School gave the finance committee yesterday the good news that the government grant for the technical schools was now \$200,000.

Chairman McClelland said that the work of the Toronto technical schools was so widespread in its influence that a government grant of \$100,000 would be none too large.

R. H. Cowley, chief inspector of public schools, placed the Ontario government grants to aid the public school work at about \$300,000.

By a decision of the appellate division yesterday, concentrators belonging to six mining companies in Tisdale township, Porcupine district, are not liable under the statute to municipal taxation. The property thus exempted is valued at between \$1,500,000 and \$2,000,000. The matter is determined in the action brought by the concentrators for the township against the McIntyre Gold Mines, Limited.

JANUARY FIRE LOSSES. Fire department records for January show: No. of alarms, 212; estimated loss, \$225,025, including \$92,775 damage to buildings; no loss, 40; unknown cause, 24; false alarms, 24; stoves and furnaces, 22; street cars and autos, 11; children and matches, 11; dump and grass fires, 9; rubbish fires, 6. There was one second alarm fire and two calls into the country.

Receipts Fifty Per Cent. Ahead of Previous Period—Officers Elected.

The annual meeting of the Zenana Bible and Medical Mission was held yesterday afternoon at the office, 14 1/2 street. Rev. I. R. Dean presided, and in addition to the reports an address was given by the Rev. Christiana Eicher, missionary in India for seventeen years, and now home on furlough.

Miss Fionn Foster, secretary-treasurer of the mission, reported that the total receipts for 1930 amounted to \$30,321.93, being a 50 per cent increase over last year, which had been the banner one. The total disbursements for the year amounted to \$4,849.40. Mrs. J. P. Fleming, the mission president, in her report told of the success of the mission, having secured contributions and support having come from 488 sources. Special gifts from the Babes' Home were received in kind as well as in money.

The officers elected were as follows: Patroness, Her Excellency the Duchess of Devonshire; president, Mrs. J. J. Fleming; vice-presidents, Mrs. J. J. Gartshore, Mrs. A. C. Crews, Mrs. D. R. Richardson and Mrs. S. J. Jarvis; recording secretary, Mrs. T. C. McCaig; hon. treasurer, Mr. R. D. Richardson. In addition there is a committee of fifteen members and an advisory board of eleven members.

MANY NEW CASES FOR MOTHERS' PENSIONS. Between three and four hundred new cases were presented to the mothers' allowance committee yesterday. In some instances there were from four to six children with no support but what their mother could give by her daily labor. The number of cases now amount to 1,420. All the cases that come under the notice of the provincial commission have been investigated by local boards, who have received data as far as possible from employers, clergymen or friends.

Home Made Bread. Home made bread is without doubt the cheapest and most healthful food that can be produced for human consumption. It is the most completely digested solid food in the world, over 90% of it being transformed into health and strength. It yields nearly twice as much nourishment as rice or potatoes, and is ten times as nutritious as an equal value of meat. No bread is more truly wholesome or more perfectly satisfactory than that baked at home in which Royal Yeast Cakes are used.

Scientists have discovered a new and truly wonderful use for Royal Yeast Cakes. Physicians are prescribing it with remarkable success for conditions attributed to poor blood conditions. Soak a cake of Royal Yeast for half an hour in a cup of lukewarm water with one teaspoon sugar. Then stir well and strain once or twice through muslin and drink the liquid. BETTER results will be obtained by allowing it to soak over night and drinking half an hour before breakfast. Repeat as often as desired. # MOTOR STOCKS FIRMER

## A HATING MARKET

### Declaration of Regular Studebaker Dividend Has Cheering Effect, But Most Industrial Advices Are of a Kind to Make Traders Hesitant.

New York, Jan. 31.—Trading in the stock market today was again very dull and altogether inconclusive. Interruption to wire service contributed to these conditions, but there was little in the nature of a panic. The market opened with a slight gain in the movement of tonnage, and the middle west reported a decline in railroad traffic. The latter resulting in extensive liquidation of loans.

### Motors Buoyant.

Declarations of the regular dividend on Studebaker common influenced the market. This was accelerated by news that several of the largest motor companies in the Detroit district resumed operation.

### NEW BOND HOUSE OPENS IN TORONTO

Four Experienced Young Men Start in the Investment Field.

Announcement is made of the establishment of a new bond house in Toronto, to be known as McLeod, Young, Welch & Co. The new house will be located at 100 Queen street west. The four members of the firm, Messrs. D. I. McLeod, W. E. Young, W. L. Welch and Mr. J. H. Ratcliffe, have been associated for a considerable term of years in the department of investment in financial circles.

### UNEMPLOYMENT IN SALES INCREASES

But Financially the Month Has Been Encouraging, Says Reserve Board.

Washington, Jan. 31.—Industrial operations in the United States have not increased sufficiently to effect a material reduction in the widespread unemployment. The reserve board of the Federal Reserve System, in its monthly report, says that the unemployment situation in the south and west is particularly serious. It also notes that the unemployment situation in the Detroit district, previously slightly affected, has become more serious.

### DOMESTIC BECOMES ACTIVE IN THE GOLD STOCKS.

New York took a hand in the local mining stocks yesterday, specializing in those on the wall street market. Traders here have been expecting an upward movement to start, but thought it might be delayed until the company was in a shape to show full development. The reported strike at the tenth level of the company has been a relative disappointment.

### CEMENT AND ASBESTOS ADVANCE AT MONTREAL

Montreal, Jan. 31.—Of the 44 issues dealt in on the local stock exchange market today only 29 figured to the extent of a bid or ask price. The active market was in the hands of the day unchanged, but with some loss of net sales, and 8 showed net gains.

### MONEY MARKETS.

London, Jan. 31.—Bar silver, 35 3/4 per ounce. Bar gold, 106 1/2. Money, 4 3/4 per cent. Discount, 3 1/2 per cent. Three months' bill, 5 1/2-11-18 per cent. Gold premium at London, 10.

## DEPRESSES WHEAT

### Belief That Germany Will Refuse Allies' Terms for Reparations.

Chicago, Jan. 31.—Predictions that Germany would refuse the allies' terms for a sharp setback in wheat prices today in connection with acute weakness at Buenos Aires. The close was heavy at 2 to 2 1/2 net lower, with March \$1.60 1/2 to \$1.65, and May \$1.45 to \$1.50. Corn advanced 1/4 to 3/4 and 1/4 to 1/4; oats, off 1/4 to 3/4 and 1/4 to 1/4, and provisions at a decline of 5 to 10c.

### NEW YORK CURB.

New York, Jan. 31.—Some of the old trading favorites on the curb came to life today with a rush, and a few advances were secured by such former favorites as Perfection Tire, Car Lighting and Power and Tenograph.

### STRIKE OF FIFE GOLD AT HERB LAKE, MANITOBA

The Pas, Man., Jan. 31.—A strike of free gold in the shaft of the Rex Mine at Herb Lake at the depth of 245 feet is reported.

### MORE GOLD FROM LONDON.

New York, Jan. 31.—Gold bars valued at \$4,500,000 arrived yesterday on the steamship Aqueduct, from London here today. Of this amount, \$2,400,000 was consigned to Kuhn, Loeb and Company, who have imported nearly £100,000,000 worth of bullion in recent months.
