FRENCH VICTORY OPENS GREAT NEW BATTLE ON WEST; BRITISH FORCE HAS NOW LANDED AT SALONIKI

Offensive Begun With Capture of Hill 199 Expected To Continue

Germans Launch Savage Attacks Against Allies Along Great Part of Line But Everywhere Are Driven Back

Paris, Oct. 7.—The capture of the village of Tahure and the hill behind it is the signal of the opening of the second great battle of Champagne, which has opened most successfully for the French.

GERMANS IN DESPERATE EFFORTS, FAIL

Paris, Oct. 7.—The Germans last night violently bombarded all the French front, to the north of La Scarpe and at the same time, delivered four counter attacks against the positions recently captured by the French.

In the Champagne district last evening the Germans delivered a series of stubborn attacks, against the positions last by them to the French to the north of Tahure.

At Epernay the French exploded two mines, causing serious damage to German works.

Paris, Oct. 7.—The capture of Tahure apparently has silenced the critical and caustic section of the public which was beginning to declare the advantages won in the battle of September 25, were not being followed up fast enough.

This hillcock was fortified in every imaginable way and was held by the Germans.

Dr. Georges Wegener, the Cologne Zeitung's war correspondent, writing on September 25, summed up the situation from the German point of view, by saying: "A definite setback? Impossible! Our artillery is there again and we are going to drive the French out of our trenches."

ITALY'S PREMIER IS OPTIMISTIC

Turin, Italy, Oct. 7.—Premier Salandra announced at an important cabinet meeting according to the Stampa's Rome correspondent, that the Italian diplomatic policy in dealing with Bulgaria had been all along in line with that of the allies and would so continue.

The premier is said to have asserted that his government viewed the Balkan situation calmly, believing it might have the advantage of shortening the war, and bringing about the final success of the allies.

He announced that all military measures had been taken both for the war now in progress on Italy's frontiers, and that impending in the Balkans.

Troubles in Bulgaria London, Oct. 7.—The Petrograd correspondent of the Morning Post says: "The Bulgarian government has stopped the operation of the telegraph lines and no late news on the situation is available here. It is learned however, that anti-war demonstrations have occurred on a serious scale in some districts in Bulgaria, and that a state of siege has been proclaimed in order that this discontent may be dealt with."

Dutch Steamer Sunk London, Oct. 7.—The Dutch steamer Excelsior has been sunk. There were twenty survivors. The Excelsior was launched last year and was of 1,601 tons.

MONCTON MATTERS Moncton, Oct. 7.—Several more Moncton young men have enlisted for overseas service, including Robert MacPherson, William Goodwin, Fiddle Giroux, Alvin Aremault and T. J. D'Arcy.

TO TAKE HIM HOME AS A GERMAN SPY New York, Oct. 7.—Scotland Yard detectives reached here yesterday to take back to London, Ignatius T. Trebitsch Lincoln, a former British M. P., who admitted last spring that he was a German spy.

LOCAL STOCK W. C. McKay, manager of the Opera House, returned to the city today from Boston, where he has been for some days in connection with the establishment of a stock company for the season here. He said today he had been successful and was satisfied that the people would like the company.

Germany Seizing All Copper Articles In Sight London, Oct. 7.—The German ministry has announced that, owing to a scarcity of copper, all chandeliers and lighting apparatus as well as works of art, such as statues, will be taken over by the government.

Philadelphia, Oct. 7.—Thousands of baseball fans rushed, eagerly for their early morning mail today to learn whether they had been fortunate enough to secure reservations for the world's championship games.

Those who had taken the precaution to write the management last week and were modest in their requests, were in most instances, rewarded with a notice to report either at the grounds or at the downtown office of the Philadelphia club.

The line-up at these places took the place of the long line which in previous years stored a local department store where some of the reserved seats were offered to the public.

Although the first game will not be played until tomorrow afternoon and the entrance to the bleachers will not be opened until ten o'clock on the morning of the game, the line-up for the 7,600 seats in that section, which was begun yesterday by several men and boys, was augmented during the night and early today was composed of several score of eager fans.

Manager Moran plans to put his men through a stiff workout today. All the pitchers will be sent through their paces, and a lengthy batting practice will be included in the program.

The Boston Red Sox, who will end the American league season in New York today, will arrive here tonight and will, in consequence, have little time for signing practice. The team, however, is reported in good trim.

Manager Moran has invited Manager Carrigan to use the Phillies' playing field whenever he wants to. The American league title holders may look over the grounds for a while, while tomorrow morning and then go to Shibe Park, the home of the Athletics, five blocks away, for a real final workout.

Baseball Stir in Philadelphia Over Opening Game of World Series

READY IN LINE FOR SEATS IN BLEACHERS BRITISH TROOPS ARE NOW ON GREEK TERRITORY

More French Forces Also Disembark and Take Stand in Serbia — The Developments in The Balkan Situation

Athens, Oct. 7.—British troops began to land on Tuesday at Saloniki. French troops are disembarking a mile and a half from the town and are being concentrated in a camp on ground conceded to Serbia after 1913, upon which to build warehouses.

Bulgarians have evacuated all holdings on the coast near Dedagatch, while the facts of that city are being armed with long range guns and mine layers are placing a double line of mines across the port.

Dedagatch is reported to be full of troops officered by Germans from Constantinople.

Nis, Serbia, Oct. 5.—(via Paris, Oct. 7, delayed in transmission)—News of the landing of French troops at Saloniki spread throughout the country with great rapidity and caused intense enthusiasm.

The German design is probably being pushed forward to the betrayal of the Balkan cause. But it remains to be seen whether Greece and Bulgaria will submit, one to betray and the other to acquiesce in the betrayal of their national interests and sentiments.

The Morning Post demands that the British government take a bold stand and realize that it is not sufficient to have lofty views on a matter which is bound to strike for force in the whole of an ill-planned war.

Let us not look on and see the Balkan cause betrayed as the Belgian cause was betrayed. We have a right to demand of the countries concerned that they declare themselves either as friends or foes. If Greece is helpless in the face of a faction, let us use our navy and army to free her from that faction.

The King of Greece has the choice of recalling Venizelos on his own terms or risking the gravest disaster to his country and throne, says the Daily News.

The annual meeting of the Soldiers' Wives' League is being held this afternoon in the parlors of St. Andrew's church, the president, Mrs. George F. Smith, in the chair.

The report of Miss Barker, as secretary, showed 106 members on the roll, quite an increase since institution of the society here last winter.

The standing committee reported that their convener, Mrs. M. B. Edwards for the visiting committee; Mrs. S. Skinner for the sewing committee; and Mrs. W. W. White for the entertainment committee.

Miss Grace Leavitt's report as treasurer showed that satisfactory sums had been realized from various sources towards the upkeep of the movement, while the general reports gave evidence of help given to soldiers' families when needed, and sewing done by the members.

DEATH IN HOLDERVILLE David Middleton died last Tuesday at his home in Holderville. He was eighty years of age and is survived by his wife and five children.

SYNOD COMMITTEES The meetings of the Anglican Synod committee will end today with a meeting of the executive at three o'clock.

TWO RECRUITS At the recruiting office in Mill street today two men joined the ranks of the 44th.

ANOTHER SAND POINT INCIDENT; THE POLICE FORGE NOW ONE SHORT

A melee between a Chinese member of the crew of the steamer Luercic and Policeman Cowan caused additional trouble at Sand Point this morning.

It is said that the Chinese came down the gang plank about 6:30 o'clock to move part of a staging, and Policeman Cowan interfered and ordered him back on deck.

At this point the policeman, it is said, seized the Chinese and pushed him up the gang plank, and while doing so drew out his revolver.

The Chinese is said to have jumped upon him, and in the tussle that followed, took the weapon away from the policeman. Running up the gang plank the Chinese discharged the revolver.

A telephone message was sent to police headquarters, and Inspector Wickman went over. Later in the day it was announced that Cowan had left the force.

COUNCIL AND CONCRETE At a special meeting of the common council held at noon today, Mayor Frink presiding, the situation arising from the order of Judge Ginnier for the removal of the concrete from the street railway tracks in Main street was considered.

The session was behind closed doors. On his conclusion, the mayor said that there was nothing to announce. After having been in conference for upwards of an hour, the council adjourned until noon tomorrow, when Hon. J. B. M. Baxter, K. C., solicitor, is expected to be present.

Major Frink said that the consideration of the matter today was upon its legal aspects.

Is There a German Cruiser on High Seas? British Steamer at Rio Janeiro Reports Being Attacked by Unknown Vessel

Rio Janeiro, Oct. 7.—The British freight steamer San Mateo arrived here today from Tuxpan, Mexico, and reported that she had been attacked at sea at night by an unknown vessel.

Eight projectiles exploded against her sides. One sailor was killed and six were wounded. The vessel was damaged but managed to escape.

Since the interment of the last German auxiliary cruiser at Newport there have been no reports indicating the presence of German war craft in the Atlantic.

Four Killed When Powder For Allies' Explodes Emporium, Pa., Oct. 7.—Four men were instantly killed, another probably fatally hurt, and six seriously injured in an explosion at the plant of the Aethna Explosive Company here last night.

A large quantity of smokeless powder, prepared for shipment today to the allies, exploded from some yet undetermined cause, blew the two story structure to atoms, and shook the surrounding country for miles around.

Officials informally expressed the opinion that the explosion was accidental. The property loss was \$815,000.

ADDRESS ON BIBLE SOCIETY

Suggestion For Change in Hour of Annual Synod Brings Declaration That St. John is Most Accessible Place in Maritime Provinces—May Finish Tonight

Young people's work occupied the attention of the maritime Presbyterian synod for the greater part of the session this morning.

After an address by Rev. H. B. Boyer on the work of the Canadian Bible Society, Rev. Mr. Upham reported for the Sunday school committee. His recommendation that the committee be permitted to co-operate with other denominations for the establishment of summer training schools for teachers was adopted.

Dr. J. Robertson of Toronto gave a comprehensive review of the work of the general committee on young people's work throughout the dominion.

The committee on records was given permission to search for and preserve old records of Presbyteries which may prove of value.

Dr. Falconer and Dr. Laing reported for the Ladies' College in Halifax, which now has an enrollment of 477 with the residence full to capacity.

An interesting address on the work of the Lord's Day Alliance was given by Rev. Dr. Minges.

A special prize offered at Spencerville for the biggest family on the grounds was carried off by Mrs. Kingdon of Grooten and her six stalwart sons in kind.

Two of these are Captain Kingston, of the 26th, Lt. Col. Ridd, and Private J. E. Kingston of the 2nd Battalion, 1st Canadian force, who has been invalided home. He had two bullets removed, and is said to still carry four about with him.

BID TO \$286. C. Richardson, of 191 Charlotte street, called at the Times office today to say that the Times office had been pushed forward to the betrayal of the Balkan cause.

TO WED ST. JOHN MAN Mr. and Mrs. G. Staples of Dartmouth, announce the engagement of their daughter, Miss Ernest Jewelling, to St. John. The wedding is to take place in St. John on November 8.

A slight fire broke out in Galbraith's restaurant, 464 Main street, early this afternoon, but was extinguished before any damage was done.

take an active part in the work of the church.

Greater attention to missionary instruction was urged by the speaker, who said that this work is aided by the committee with a system of help more comprehensive than that provided by any other church in North America.

A policy which would encourage the contribution of one-sixth of the foreign mission budget, a matter of \$285,000 a year, if each child gave one cent each Sunday and each young person earning money gives two cents a week, the full amount would be raised.

Dr. Serwick urged the importance of the best type of teachers for the Sunday schools, and especially men teachers for the boys. He also urged greater emphasis upon the apostles' (Continued on page 12, third column).

Philly and Pherindan WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

SYNOPSIS—The western disturbance is now centred over Lake Superior and showers have occurred in that vicinity and in some parts of Manitoba and Saskatchewan. Heavy rains have occurred in Nova Scotia, while in Quebec and the greater portion of Ontario, the weather has been fine.

Fair and cool. Maritime—Moderate winds, fair and rather cool today and on Friday. New England Forecasts—Generally cloudy tonight and Friday. Moderate northwesterly winds.

Washington, Oct. 7.—All the passengers were killed in a train wreck on the Medford Railway, between Vera Cruz and Mexico City, says a dispatch to the state department.

Another dispatch estimated fifty persons were killed and sixty injured. There were no foreigners injured, so far as known. The accident occurred on a steep grade.

Six Sons in Khaki Tamworth, Ont., Oct. 7.—A special prize offered at Spencerville for the biggest family on the grounds was carried off by Mrs. Kingdon of Grooten and her six stalwart sons in kind.

Two of these are Captain Kingston, of the 26th, Lt. Col. Ridd, and Private J. E. Kingston of the 2nd Battalion, 1st Canadian force, who has been invalided home. He had two bullets removed, and is said to still carry four about with him.

During the recess luncheon was served in St. John. The meeting was followed by the annual meeting of the alumni of Pine Hill College.

The moderator announced this morning that it was he had disposed of with this dispatch that he could hold out hope that they would conclude this evening.

After the opening devotional exercises Mrs. H. B. Boyer, secretary of the Canadian Bible Society, was heard in a review of the work of the society, both at home and abroad. In addition to the usual work he referred to the gift of a New Testament to each soldier going overseas, \$6,000 having been distributed so far, and the establishment of a Bible depot in St. John as headquarters in the maritime provinces.

The moderator expressed the thanks of the synod to Mr. Boyer, and Hon. J. G. Forbes moved for the society and endorsing the plan for a Bible Society Sunday on the fourth Sunday of October each year.

Rev. F. Upham reported for the committee on Sunday schools. They were encouraged by the increase of contributions but regretted to report a decrease in the number of pupils joining the schools. New Kind of Gas Used by Germans

French Soldiers Tell of Its Effects—Prussic Acid Believed to Be Basis

Paris, Oct. 7.—A new kind of gas apparently is being used by the Germans in the fighting in the Champagne. According to the writer, several of the men who fought at Souain, Sulpes and Moranvillers, they were surrounded for a few days, they suffered convulsive seizures resembling epileptic fits. Upon their arrival in hospital here they were found to have extremely weak pulse and to be suffering from general prostration, but showed none of the symptoms hitherto associated with gas poison. It is believed that Prussic acid is used as the basis of the new gas.

WHAT ABOUT REGIMENT TO WINTER IN ST. JOHN?

There is much speculation as to when the infantry battalion which is to be stationed here this winter in accordance with the assurances from Ottawa, will be quartered in the city. Rumor has it that on or about October 15 the army will be occupied for the purpose of recreation and mess rooms, but there is as yet no authentic word.

FORGIVENESS

My heart was heavy, for its trust had been abused, its kindness answered with foul wrong. So, turning gloomily from my fellow-men, One summer Sabbath-day I strolled among The green mounds of the village burial-places; Where, pondering how all human love and hate Wronged and wrongdoer, each with meekened face And cold hands folded over a still heart, Pass the green threshold of our common grave.

"ONE DOLLAR FOR A CAR"

A handsome five-passenger Cadillac car, containing four well-known young women, members of the Daughters of the Empire, attracted attention when driven about the city today by one of them, because of the patriotic interests involved. A large cardboard sign was fastened to the car, on which was inscribed: "This patriotic Cadillac car will be sold for \$1. The car was purchased at the patriotic auction yesterday, and a drawing is now to be conducted with tickets being sold read: 'One dollar for a car'."

Frederick Arthur E. Stone, Harry Fowles and Harry M. Milne, have gone to Charlottetown to join the heavy artillery.

WOMEN WANT PLACES ON BOARD OF HEALTH

Fredericton, N. B., Oct. 7.—The Women's Institute this morning passed a resolution recommending that women be appointed to provincial, county and city boards of health.

The Countess of Ashburnham and Mrs. Havelock Coy spoke briefly on the war and the women's part in it. Interesting papers were read by Miss B. Fraser of Grand Falls, Mrs. Herbert Trites of Salisbury, and Mrs. J. F. Roach of Sussex.

A. E. McCrewey and wife of Moncton are here on a automobile trip.

The Wheat Market. Chicago, Oct. 7.—Despite a rush of buying orders and a consequent new upturn in upward prices, the wheat market today was by no means one-sided. Predictions that the government report would enlarge the estimate of the spring crop seemed to handicap the bulls. It was said the report would not take into consideration the damage that has been done this week.

The President's Wedding. Washington, Oct. 7.—President Wilson and Mrs. Norman Galt, whose engagement was announced last night at the White House, will be married probably the first week in December. The ceremony will be private, only a few close friends being invited, and will take place in the home of the bride on New Hampshire avenue, near Dupont, Circle.

DEATH OF YOUNG MAN. George Allen Britney, eldest son of Mr. and Mrs. Thomas Britney, 115 Elm street, died this morning after a short illness. He was in the twentieth year of his age and was a well known and popular young man. Besides his parents he is survived by four brothers and three sisters. One brother, John, is at the front with the Army Medical Corps, which left with the first contingent. The funeral will take place Sunday afternoon.

The following letter of interest has been received by Mr. Day from Frank H. Elliott of the 26th.

East Sandring, Sept. 7, 1915.

Dear Mrs. Day—

As you know we have been working quite hard, and have about finished our training and expect to be in the firing line soon, probably before you get this letter. The men are all in great shape, and are enjoying themselves fine and are all looking forward to the time when they will be in the firing line. We certainly have a fine body of men, and we never fully appreciated what a good bunch they were until we got over here and had an opportunity of comparing them with other troops.

They have behaved themselves well, have worked hard, and are all as keen as can be to get to the front and do their little bit for old England. I don't think the men will ever quite forget the way they were treated in St. John. I know, for my part, that I won't. We have sermons from Capt. Hooper every Sunday morning and a "live" minister. The boys like him fine; he is always trying to help them some way and soothe out their little troubles. I guess he is some diplomat in this respect.

We have a large Y. M. C. A. tent where the men can go every night, and they have concerts, etc. they have a gramophone and a piano, a billiard table, and all the newspapers, both English and Canadian. They also have a well equipped kitchen and a light alcove during certain hours of the day.

I don't know how it is at home, but over here everybody is doing something for the war; all the girls and women either knit socks or make nurses and in some way doing their "bit," and you see mighty few men of military age who are not in khaki.

The people as a whole are practising economy and whenever possible they buy British goods in preference to other. By even the smallest economies they greatly assist the government and of course better the over the whole at the same time. But even people who do not have to consider the cost of anything they still are going without lots of their luxuries. It's one way that every one can help.

Comfy and tobacco for soldiers are very deserving causes, and when one knows the hardships that have to be borne at the front, and that some of the boys would deny them any little pleasure they may get out of tobacco. (You see I still remember your gift to me.)

I don't know how long the war will last, but from the news we get here, the end is not in sight, and it may be years before it is over. The English people are not demoralized or discouraged, but are lacking in it in good shape and there is no doubt that the result will be the complete defeat of Germany.

Do all you can to help recruiting; the only way to end the war is with men and machine guns. We will soon have lots of machine guns, but we need men, and any man who can possibly go, should go. It must be a nasty feeling for any man to know that some one else is at the front protecting his property and his people, while he remains at home a "blacker." Over here girls are taking over all the lighter kinds of men's work and the big firms and railways employ wherever possible, girls to do all the lighter work.

Well, I guess this is all the time, send me a letter when you have a chance. My address is 26th Battalion, Canadians, 5th Infantry Brigade, 2nd Division, France.

With kind regards to the doctor and yourself.

Sincerely yours,

RECENT DEATHS

The death occurred yesterday of Thos. Marshall, a respected resident of Milford, where for twelve years he had been in the employ of Cushing's and for the last five at Warner's mill. He was a member of the C. M. B. A. He leaves three daughters, Mrs. William Gillis, South Braintree (Mass.); Mrs. Joseph Shepherd, Randolph (Mass.); and Mrs. Michael Walton, Milford. Since the death of Mrs. Marshall some three years ago the late Mr. Marshall had resided with his daughter.

Mrs. Marina M. Ochiltree, widow of Dr. Henry Ochiltree, died suddenly yesterday at her home at Nerepis. She was 74 years of age but until a few days ago her health was perfect. Her death came very unexpectedly and will be a source of grief to her many friends here and elsewhere.

She was the daughter of the late James and Mercy L. Richey, of this city. Following her marriage she went to New York, where her husband practiced. He predeceased her by twenty years or more and during that period Mrs. Ochiltree had made her home at Nerepis. She leaves three brothers—Samuel J. Richey, of this city, and Robert, William and Lorenza, of Boston.

The funeral will take place on Friday morning from the station on the arrival of the Fredericton train. Interment is to be made at Fernhill.

The death of George Brittain, eldest son of Thomas and Margaret Brittain, occurred early this morning at his parental residence, 115 Erin street, after a lingering illness. He leaves, besides his parents, three brothers and two sisters.

Mrs. Clara Maud Saunders, wife of Sterling Saunders, died on Tuesday at her home in Fredericton. She was aged thirty-one years and is survived by her husband and two little daughters, one of whom is ill. Death was due to pneumonia. She was a daughter of William Griffiths of Carleton.

Mrs. Sarah Allen died on Tuesday at her home in Gibson at the age of eighty-one years. She was the widow of Charles N. Allen. Two sons survive, Samuel and Ezekiel of Gibson.

Walter J. Fincher, head gardener of the Provincial Hospital Lancaster Heights, died last night after a lingering illness. He is survived by his wife and three children.

James Mowatt, a well known resident of Chatham, died yesterday morning. He was eighty-two years of age and is survived by his wife, four sons and three daughters.

Bernstorff's Ignorance.

(Boston Transcript).

The writer on the Philadelphia Public Ledger who crowed an editorial on what Bernstorff Does Not Know into half a column would make a snappy paragraph.

It may be, terrible to view, Crowd on his vision ceaselessly The dripping ghosts of many a crew He sent to murder on the sea. It may be now that more and more The sad conviction weighs him down That slaking by the German shore Brings not his navy high renown.

Perchance he's prone to contemplate The future and it sometimes heard To curse the long-expected fate Which o'er him hangs—suggestive world!

Whatever the cause—if choleric To find his vaunted fame grow dim, The Lord High Admiral is sick. As long the world has been of him.

—London Chronicle.

THE WAR NEWS

British as well as French troops have been landed at Saloniki. Italy is in full accord with the action of her allies. Roumania is apparently ready to join forces with them.

It is a fact that the Italian army has been in the hands of the Greek cabinet since a good deal of concern, but the fact that only a formal protest was made against the landing of French and British troops at Saloniki and that the majority of the Greek people are in sympathy with the cause of the Allies encourages the hope that Greece will eventually decide to throw in her lot with the forces of Teuton and Turk.

The British attitude toward the war is well stated by Mr. Tennant, under-secretary for war, in an interview in the New York Sun. He says: "I desire to emphasize significantly that our last shot has not been fired by a long way. Germany's boast was that her west front was impenetrable. We have shown the folly of that. It is not our habit to boast, but we have a job on that we shall finish and finish as it should be finished."

A WAR OF MILLIONS

Mr. Frank H. Simonds, in the American Review of Reviews, presents some very interesting figures regarding the number of men available for the war in the different countries, and the relative effect of a long war upon the conflicting powers. He estimates that one-tenth of the population can be put in the field, and says this was not far from the figure for the Southern States in the Civil War.

On a basis of ten per cent. Germany could put in the field 5,700,000 men, Austria 5,000,000, and France 4,000,000. Russia could put in on this basis 17,000,000, but could not equip them. She could, however, put in 8,000,000 at the start and furnish 3,000,000 more each year to meet losses. England raised 3,000,000 in a year, and by the law of one-tenth would have over a million available, apart from her overseas dominions. Italy would have 3,500,000 available under the law of one-tenth. This writer makes an estimate of losses as well as of available men, and comes to the conclusion that by Aug. 1, 1916, Germany and Austria would have 3,900,000 men left to face at least 7,000,000 fully equipped men of the Allies, while the latter, especially Russia and Italy, would have large reserves to draw upon.

The Banger Commercial says that: "According to the reports from Washington, the administration has planned to include four battle cruisers, two dreadnoughts, thirty coast defense submarines, six long range cruising submarines, twenty-five torpedo boat destroyers, a scout cruiser and an adequate supply of aeroplanes and auxiliary vessels. While this programme may be pruned somewhat there is no question but that the administration is thoroughly earnest in its effort to greatly strengthen our navy and in this position has the support of the great proportion of the public. There will be opposition but with public sentiment in accord with the attitude of the administration the opposition will fail."

DISPUTE OVER TAXES. The Fredericton Mail says that D. F. Maxwell, government engineer for the St. John & Quebec Railway, objects to paying taxes in Fredericton, contending that he is a resident of St. Stephen. He paid his taxes recently under protest and intends fighting the matter in the supreme court. It is understood that he has placed his case in the hands of Attorney General Baxter. The city council has decided to fight the case.

LIGHTER VEIN. They were pioneers in the vast army of fat hunters. "There are odd-looking chalk marks on that flat," said the young one. "They mean anything?" "You bet they mean something," said his more-experienced companion. "It's one of the secret signs of the Flatwellers' Protective League, and means 'no heat in these apartments, except in July and August.'" -Pack.

The professor of Jurisprudence in a western university was lecturing to 100 embryo lawyers. He asked whether anyone in America could own property. One fellow answered: "No a criminal can't own property." But the professor said: "Suppose a man owns a ranch, gets into trouble with his neighbor, assaults him and is put into the penitentiary. Does he still own the ranch?" The class was unanimous that he did. "If he did not continue to own it," went on the professor, "what would become of it?" The chief executive of the United States is to be married before the end of the year.

The Paris papers say that trouble in the Balkans will make the Allies' task harder but that they are equal to it. That is not doubted, but there is danger of a further lengthening of the war. The keynote of success is in Lord Kitchener's words of a few days ago—give him the men and munitions he wants. This is the justest call.

Tonight's recruiting meeting in the Opera House should be of special interest to the men of St. John. Brilliant speakers will be heard, and there is need of an awakening in this city to the grave danger which threatens the Empire. Germany wants Canada. She is fighting to secure it. She must be met in France and Belgium, and more and more Canadians must go there to defend their country.

Mayor Prink has received an invitation to have St. John represented at a meeting of the Union of Canadian Municipalities in Ottawa to discuss unemployment. If all the men who are fit and free don't do the best there will be no unemployment problem. We may assume that the Union will not overlook this aspect of the question, and that it will recommend the services of more recruiting officers as a patriotic and thoroughly satisfying way of solving the problem under consideration.

The Blind Men and the Elephant. (By John G. Saxe). It was six men of Hindostan To learning much inclined, Who went to see the elephant (Though all of them were blind), That each by observation Might satisfy his mind. The first approached the elephant, And happening to fall Against his broad and sturdy side, At once began to bawl: "God bless me, but the elephant Is very like a wall." The second, feeling of the tusk, Cried, "Ho, what have we here! So very round and smooth and sharp? To me 'tis mighty clear! 'This wonder of an elephant Is very like a spear." The third approached the animal And, happening to take The squirming trunk within his hands, "This boldly up he spake: 'If see," quoth he, "the elephant Is very like a snake." The fourth reached out his eager hand And felt about the knee: "What most this wondrous beast is like Is mighty plain," quoth he; "'Tis clear enough the elephant Is very like a tree." The fifth who chanced to touch the ear, Said: "E'en the blindest man Can tell what this resembles most; Deny the fact who can, This marvel of an elephant Is very like a fan." The sixth no sooner had begun About the beast to grope Than, seizing on the swinging tail That fell within his scope,

Side Show Sidelights. Diverting Chronicles of Circus Life. By FRANCIS METCALFE. THE ANIMAL BAROMETER AND THE ETERNAL FEMINE. Uncle Sam spends a large amount of money to forecast the weather from 24 hours to a week in advance, and the farmers and seafaring folk watch the bulletins no more eagerly than do the owners of the many shows whose harvest time is the brief summer season at Conny Island.

weather wisdom of the animals from long association with them, but at any rate, I was uneasy at the delays and as I whizzed along in the trolley I congratulated myself on my foresight in having warned Barton, as the thunder heads were gathering and I knew the animals would have the jumps and be unsafe to work with. But my heart sank as I drew near the building and saw that it was brilliantly lighted up.

curse me. Leotta gave a scream of terror as the brute turned his back on the cage and, as if by a preconcerted plan, every one of the six great beasts jumped for her. "Barton knew that the game was up, and in his drunken rage he attacked me and it kept my hands full to manage him; but the others rushed for the cage, and white Bonavia and Stevenson beat off the lions with the help of the keepers on the outside who were firing pistols and Roman candles and using fire-extinguishers through the bars. Bobby Mack picked up Leotta and carried her outside. Of course, that ended Leotta's career in the show business and finished Barton's employment with me. The poor little thing's beauty was gone, for a lion's claws make deep cuts, and it was many a

our available assets and round that they were pretty well stung toward a minus quantity, it makes me dead put up the spud on the front, and Merritt lectured inside and we did a land-office business. Lots of smart guys came around and tried to get gay with the mermaid, but she couldn't understand their joshing and never cracked a smile. The blame tent caught fire one night when it was filled with people, and she had such a wholesome recollection of the bale stick that she kept as still as a cigar store Indian until we had cleared the place and put the fire out. "Jim," says Merritt as he looked her over admiringly after that experience, "there is a great advantage in having a squaw for the top part of that there fish. She can't understand what the Wilks boys say to her and nothing fazes her. A white gal would have had hysterics and given the whole show away." It gave Merritt a lot more confidence and we felt pretty safe after that experience, and neglected to have the buck repertory his bale stick admonitions to her upon the necessity of cultivating respect of man ner. Everything was lovely and we were turning hundreds of people away by making more money than the big show. One afternoon we were playing to a record house and Merritt was doing himself proud on his lecture. "Ladies," said he, "gentlemen, my squaw, I have the honor to present to this intelligent audience a creature which is commonly, but erroneously, supposed to be extinct at the present day, and you have before you a living and convincing proof that mermaids still exist. I confess that until I was able to obtain this unique specimen, which was captured while basking in the sun and singing a love song upon an 'low' rock in the Antarctic region, I had marvels of nature to the American public it had never been my good fortune to acquire one. You will observe that she is half woman and half fish, and she is perfectly helpless when out of the water. She is unfortunately unable to express herself in any known tongue; in fact, she has never uttered a sound since her capture and we fear that she has lost her voice, which— Just then he was interrupted by a howl of terror from the platform, which was followed by a roar of laughter from the audience, and when he turned he saw the squaw standing up and trying to wrap the fake tail around a pair of well-developed, copper-colored legs. Her face was as pale as a squaw's face could get and Merritt knew the jig was up. I was peering in the door, and when I saw what had happened I gathered up the box-office receipts and faded away. I met Merritt that evening in our usual cafe, and underneath a pair of black eyes and a battered-up pigtail I could see that he was wearing a look of deep disgust. "Jim," says he, "this is what comes from planning your faith to a woman and not appreciating the weakness of the sex. She faced the danger of being burned alive and never turned a hair; but when she saw a measly little money crawl under the platform she busted up the whole show." The stranger said good-night and started for the city, but before he reached the railway station he was drenched by the downpour which the proprietor had predicted for that evening.

disobedience of orders, had made her way into the cage, and he had taken advantage of my absence to break our iron-rod rule which forbids a trainer to drink. I saw the whole situation as soon as I entered the building, and I would have given the whole show to have the little woman safely on the right side of the bars. The animals in the dens were raising a worse row than they did tonight, and the lions in Leotta's group had forgotten their fear of the trainer in their greater fear of the approaching storm. They were ugly, and Barton, who was more than half-dead over, stood at the bars shouting abuse at his wife and the lions and jeering at her evident terror. I saw that the other trainers and keepers appreciated the danger, for they were gathered around, holding iron bars, Roman candles and pistols; but they had sense enough to know that any interference which would draw their attention from the cage would precipitate the trouble, and none of them could make Leotta appreciate the danger of her position. I went up to him quietly and told him that I thought he had better call the rehearsal for the night, intending to square accounts with him as soon as Leotta was safely out of the cage; but the drink was in his brain and he turned on me and

day before she was able to leave the hospital. You can see that I have reason to be confident of the accuracy of the predictions of my weather bureau, for if there had been no thunderstorm brewing I might have developed a sensational lion act. "Or if Leotta had understood English," commented the press agent, as he beckoned to the writer. "Of course, it is sometimes an advantage to have performers who can't converse with the audience, but it is mighty inconvenient if they can't understand the orders of the boss. I lost the chance of making a lot of money once, because a squaw who was working for us couldn't understand the white man's lingo. A guy named Merritt and myself were disappointed about getting a concession for a snake show at the Lewis and Clark exposition, and we found ourselves broke in St. Louis, which is separated from the Bowers by about 1,000 miles of very tough walking when you haven't got the price of a railway ticket. Merritt was mad clean through at being thrown down by the exposition managers, but he was an inventive genius and I knew that he would figure out a way to raise the price of transportation. "Jim," says he as we counted up

of a bale stick. The thing which he

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of lemons and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of lemons and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease."

Henri Clark, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble. My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated. I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial."—Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada.

CUT UP PUMPKIN; SELL IT PIECEMEAL

Tonight's Feature of the Patriotic Auction—Other Features Worth Watching

An interesting drama will be staged at 8:30 o'clock tonight in the St. Andrew's rink. It is entitled "The Pumpkin's Sacrifice" and is in two acts, with one scene. The first act shows the cutting and quartering of the patriotic pumpkin, which this week has brought to the spectators assembled at so much a quarter, and the seeds at whatever price is bid for one or a dozen. These seeds in future years will be highly cherished souvenirs. They may be enclosed in a golden frame and hung in a place of honor in the parlor, or perhaps some thrifty regular will re-plant the seeds and trust to nature's aid to have brought forth an improved and modern species of pumpkin with a money sign imprinted on the skin setting its worth at the \$500 mark. But it does not matter what you do with them—its your own choice as many as you want at your own price tonight. Be there at 8:20!

SECRET ENQUIRY ABOUT ZAM-BUK

Some Sensational Revelations

A party, both interested and curious, recently set foot a secret inquiry from a number of persons who had been reported as giving testimonials to the value of Zam-Buk.

The Rev. A. D. McLeod, of Harcourt, N. B., was asked his candid opinion of the preparation. This is what he said: "As to my personal opinion of Zam-Buk, I think it is simply wonderful. I know of nothing like it. Having charge of an extensive mission and travelling amongst my people, I have lots of opportunity for observation, and I find that for sores, ulcers, eczema, abscesses, skin diseases and the like—not only occurring in young and middle-aged people, but in the aged—Zam-Buk is really marvellous. It works cures at a trivial cost, and if Zam-Buk were in every home, I know it would save many a doctor's bill."

J. E. Arsenault, the well-known Station Master at Wellington, P. E. I., (a magistrate for the district, too), who was heard to have spoken highly of Zam-Buk, was also approached and asked his opinion. "Certainly I will tell you," he replied. "Some years ago I began to suffer from eczema on my legs. I went to a doctor, but the disease persisted. Another doctor failed to cure me, and I then turned to various advertised remedies. I got no relief, and the disease persisted for years, sometimes very bad, sometimes a little better. Then Zam-Buk was recommended. I tried it, I persevered with it, and the result is that today I am free from every trace of eczema. Believe me, Zam-Buk does what is claimed for it, and I, for one, have proved it."

Several other persons were interviewed. One lady said Zam-Buk had cured her of ulcers which had troubled her for four years. Another lady—the mother of a large family—said her children had so often proved the value of Zam-Buk that whenever they got a cut or a bruise they never bothered her, but went and got the Zam-Buk box.

MORNING WAR NEWS

French infantry have captured Tzaur and an important dominant position in the second German line, in Champagne. Ministers of the allied arms have asked for their passports from Sofia, Bulgaria's answer to the Russian ultimatum having been unsatisfactory.

A new coalition cabinet has been formed in Greece. The French troops are still landing at Saloniki. Emperor Franz Joseph of Austria is said to be dangerously ill.

The auction will close on Saturday. Make your purchases early.

Appetite Keen and Bowels Regular

You can relish your meals without fear of upsetting your liver or stomach if you will put your faith in Carter's Little Liver Pills.

Point out the distinctive features of this medicine: Cleanses the blood, purifies the bowels, and restores the appetite, dispels and softens skin. Small Pill—Small Dose—Small Price. GENUINE must bear signature.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying: First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop into pounds and pounds of healthy flesh between your skin and bones. Sargol is a safe, pleasant, efficient and inexpensive. All leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on guarantee of weight increase or money back on refund for each large box.

MISSION NIGHT AT THE SYNOD

Cheering Reports From Home and Foreign Fields—Memorial Service For Pioneer—Mission Churches Contribute More Per Family

The evening session of the Presbytery synod yesterday was devoted to Home and Foreign Missions and interesting addresses by those engaged in the work were heard.

Rev. Robert Johnston, Halifax, reported for the Home Mission Committee that the work had been carried on to its full extent in spite of the war. Thirty of the workers have gone to the front but their places were filled by men from outside. There is a deficit of \$1,000 on this year's work and next year's budget totals \$18,500.

Rev. John Macintosh moved a resolution of appreciation of the efforts of the home mission workers, seconded by Rev. W. W. Mackay of Conception Bay. W. H. Mackay spoke of the work in Labrador.

The report of the Foreign Mission Committee was presented by the convenor, Rev. E. A. Sutherland, Rev. J. T. B. Mackay of the work in India and Dr. R. B. Mackay of Toronto secretary of the amalgamated boards; reviewed the entire foreign work of the church.

That sessions and congregations be urged to appropriate to augmentation its due percentage of the total amount given to the schemes of the church. Rev. Dr. John Geddie, the first foreign missionary to go from a British colony, who went from Nova Scotia and founded the mission work on the St. Heleides.

Dr. Falconer, in a short address in which he paid a high tribute to the late missionaries, introduced Rev. Dr. Annand, formerly missionary to the Hebrides, who spoke of the life of his former colleague.

Dr. Annand, a venerable missionary, who has seen long service in the south and infirm ministers fund pay in full all beneficiaries from the date of their retirement, irrespective of their earnings in church supply work.

Rev. S. J. MacArthur presented the report of the century church and manse fund, printed copies of which were distributed, and on his motion the report was adopted. The report showed total assets of \$21,569.80, all of which and an overdraft of \$28.80 is invested in church property.

IMPERIAL APPEAL FOR RED CROSS OCT. 21

Mayor Receives Request For Cooperation With Parent Society—Local Organization Appoints Convenors of Committees

An Empire-wide appeal for a special campaign for funds for the Red Cross Society to take place on October 21, has been made by the Marquis of Lansdowne, the president of the parent society. At a meeting of the provincial society in the mayor's office last evening the lieutenant governor presented the cablegram which he had received, backed by the endorsement of the governor-general, and asked for the support of New Brunswick. Mayor Prink, as president of the provincial branch was asked to communicate with the various public organizations and ask for their help in organizing the campaign.

The executive of the local Red Cross Society met yesterday afternoon and completed organization for the coming year by the appointment of convenors. Mrs. Frank S. White was reappointed convenor of needlework, with Mrs. James Harding and Mrs. M. B. Edwards as assistants, and Mrs. E. H. Robinson as convenor of knitting.

Other convenors appointed were Mrs. J. Fred Harding, in charge of surgical work; Mrs. Franklin Stetson, repair department; Miss Stetson, packing; Miss Rosamond McAvity, junior Red Cross; Mrs. James Harding, pins and badges. A. C. Skelton is treasurer and the advisory and finance board consisting of Messrs. W. E. Foster, T. H. Estabrooks, Arthur Thorne, A. C. Skelton and R. O'Brien, remain unchanged.

PATRIOTIC FUND; AN EXPLANATION

Facts That Are Timely and Should Be Known By Every Citizen

The Patriotic Fund is just now very much in the public eye, and in spite of the generous effort to supplement its funds, there is a certain amount of criticism of it and its administration.

The process of getting on the fund is a simple one. When war was declared and the first contingent of Canadian soldiers mobilized, it was decided by the people of the various Canadian cities and towns to which the soldiers belonged, to make an effort to give during their absence, some financial assistance to their families or dependants.

The Patriotic Fund was the result of this idea. To facilitate its administration in St. John as well as other Canadian cities, this plan was adopted. A women's committee was formed, an auxiliary to the general administration board. From this committee a convenor was chosen for each of the city's wards, with, to help her, as many assistants as she may require.

investigated, a full statement of the case, and also a recommendation for assistance, if, in her judgment, the facts established justify such a recommendation. One of the considerations entering into her decision and summing up of the case, is whether or not the special family with which she is dealing would be in want were there no Patriotic Fund.

Per Month: Wife on her own account—estimated at \$1 per day. Allowance for one child—between ten and fifteen years of age, at \$6 per day.

(a) Amount of separation allowance, estimated at 2 shillings and 4 d. per day. (b) Wages paid family by former employer. (c) Earnings of members of family. (d) All other sources of income.

allowance and pensions with the families of local soldiers, a confusion very often arises in the minds of the people, especially those receiving assistance from the fund. The Patriotic Fund does not control these; they belong to the militia, and are controlled at Ottawa. The Patriotic officials, however, to facilitate matters, and because they are in close touch with the families of the soldiers, and because there is no other department how to handle these matters, take up, with those who wish it, any question concerning these subjects.

If the assigned pay does not arrive on the expected date, if the separation allowance is a day late, she at once tells her visitor, or informs the patriotic secretary that she is not getting her money. As a rule the secretary asks for a previous investigation, but even if the word has gone forth that Mrs. So-and-so did not get any money this month, and an investigating listener at once assumes that it is the Patriotic Fund that is at fault.

Another item that is causing a certain amount of discussion has to do with the revision of the list. No child over 15 is provided for. A child of 14, but generally speaking they indicate the lines along which the fund works. Compassionate allowance is the name under which, in times of extreme need, sickness, an accident or some such temporary occurrence, an extra grant is made.

SON FIGHTS SPALDING WILL

San Diego, Ca., Oct. 7.—Contest of the will of the late A. G. Spalding, baseball pioneer and millionaire sporting goods merchant, was entered immediately after the filing of the will for probate by Mr. Spalding's son, Keith, who charges that the will was procured through the undue influence of his wife, Elizabeth Churchill Spalding, and Mrs. Katherine Tingley, head of the Universal Brotherhood and Theosophical Society, at Point Loma, Cal.

Mr. Spalding died at his residence in Point Loma on Sept. 9 last. The contestant alleges that for several years before his death Mr. Spalding was not in his right mind; that his mental and physical strength was impaired by advancing age, by sickness and by business worries.

About \$2,000,000 was accumulated by A. G. Spalding and his first wife, who died in 1899, according to the contestant. This, says Keith Spalding, was the result of the joint industry of his father and mother and was accumulated before the second marriage, which took place in 1900.

At the time of her marriage to Spalding, the contestant says, Mrs. Elizabeth Churchill was the intimate friend of Katherine Tingley, and was held up by Mrs. Tingley to the public as her successor in the command of the work and instruction of the Theosophical Society at Point Loma.

Immediately after the marriage, the document continues, Mrs. Spalding persuaded her husband to take up his residence within the grounds of the Theosophical Institution. The purpose of this, it is alleged, upon information and belief, was to alienate Spalding from his son.

Mrs. Elizabeth Churchill Spalding, the widow, who filed the will for probate and who was named as executrix, estimated the estate to be worth \$600,000. Keith Spalding, under the terms of the will, was to receive \$100,000, of which he had already received \$65,000. The adopted son, Albert Spalding, also was bequeathed \$100,000, of which he had received \$1,000. The remainder of the estate was left to Mrs. Spalding.

START OF WORLD SERIES TOMORROW

Large Sums of Money Being Bet on Result of the Games

If weather conditions are favorable, the great baseball series between the Philadelphia Nationals and the Boston Red Sox will be well under way tomorrow afternoon. As time draws near for the great contest the excitement of the fans naturally increases and large sums of money are being wagered on the outcome.

The name of Alexander is on the lips of every baseball enthusiast and many are so confident that he will carry his team through victoriously that they are staking all on the Phillies.

Those who have seen the Detroit Tigers play this season and also the Philadelphia Nationals, say that the Tigers looked more formidable, and if the Red Sox twirlers held them in check why can't they hold the Phillies? Alexander may prevent the Red Sox from hitting the ball, but it is not within his power to control the opposing twirlers or to make his team-mates hit, so after all his team-mates are equally big factors in the coming strife.

The Red Sox have many good players and according to averages shade their rivals, thus it will be seen that the coming series will be a battle royal. The following statistics may be of interest:

Thanksgiving Day THE DOLLAR MARK

RIGHTS ASSURED TO RUSSIAN JEWS

London, Oct. 7.—W. A. Appleton, secretary of the General Federation of Trades Unions has issued a statement giving the result of representations made by him on behalf of the Workers' League for Jewish emancipation to M. Bark, the Russian finance minister, in the course of the latter's recent visit to London.

In a letter to Mr. Bark, Mr. Appleton said many thousands of Jews were full of concern as to the future of the Jews in Russia and would be glad to receive from him some word of encouragement, pointing out that many Jewish anxieties would be lessened and hopes increased if they could be assured that wherever they performed the duties of citizens they would receive the rights of citizens.

The communication brought an immediate invitation to meet M. Bark, who pointed out that problems of race and creed frequently created extraordinary difficulties for governments. Russia had, he said, her share of such difficulties. She had been anxious to overcome them and it had been for some time a question of discovering the best way.

The Russian government, the minister said, had proceeded upon the assumption that knowledge and association would break down prejudice and pave the way for greater privileges and liberties. It had consequently removed restrictions and was permitting Jews to settle down and live among the rest of the population. It was quite true that some districts were still closed to the Jews, mainly those inhabited by Cossacks, but a continuance of this restriction was in the interest of the Jews themselves.

The minister added that Russia possessed within herself all that went to make up the life of a nation. What she needed were capital and enterprise. She knew the Jews could supply both. If those with liberal views would co-operate the New Russia would be happier and stronger than she had been under the old regime.

THE JURY TODAY

In the case of Frank P. Doody vs. J. C. Mcintosh & Company, M. G. Teed, K. C. for the defendant, company, and D. Mullin, K. C. for the plaintiff, addressed the jury this morning. Judge Berry started his address at this afternoon's session, when the case will be given to the jury.

A NOVELTY SHOWER

A novelty shower for Miss Mildred Craft, at the home of Mrs. Jack O'Brien, Prince street, West St. John, was the occasion of a delightful time last evening. There were music, dancing and refreshments, and the affair ended a little after midnight with the national anthem.

THE REVISED HYMNAL

At the ten o'clock meeting of the synod committee on church literature yesterday afternoon it was decided to authorize the sale of copies of the revised hymnal. The final sanction to the revision will not be given until the next general synod three years hence, well has been believed that permission will be granted to use the new books in the meantime, although not officially authorized.

YOUNG PEOPLE'S WORK DISCUSSED

(Continued from page 1)

ered, the ten o'clock meeting of the synod committee on church literature yesterday afternoon it was decided to authorize the sale of copies of the revised hymnal. The final sanction to the revision will not be given until the next general synod three years hence, well has been believed that permission will be granted to use the new books in the meantime, although not officially authorized.

A Fifth Wheel.

A. V. Morash suggested that the children be included in the weekly synod system of church contributions. He also questioned if the Nova Scotia Sunday School Association should be becoming a fifth wheel to the church as the denominational organization covers the work.

Dr. Robertson said that the graded lessons should not be introduced unless approved by the pastor, but he would welcome the idea of receiving all the children's contributions through the church service—all the children attended church, and pointed out that the co-operation suggested was chiefly for the training of leaders.

Rev. Mr. McIntosh spoke in defence of the Nova Scotia Sunday School Association. The conclusion of the discussion was marked by the adoption of the resolutions offered by Mr. Upham.

Rev. Robert Dewar reported for the committee on Presbytery records that they had been found well kept.

Rev. J. A. MacLean presented a resolution "that the synod instruct its committee on records to find out where the old records of Presbyteries are report on their historical value, secure them if possible, and have them deposited in a college vault under the care of the librarian and report to the next synod."

Ladies' College.

Rev. Dr. J. W. Falconer reported briefly that he had found everything satisfactory at the Ladies' College in Halifax.

Rev. Robert Laine, principal of the Ladies' College, reported in detail on the work of the college. There is a total enrollment of 47, with 655 enrolled in the conservatory of music. In addition to the work in the conservatory its head co-operated with Dalhousie in qualifying students for the degree of bachelor of music. Owing to the war, probably, the number of day students fell off last year but this year the attendance is better and the resident students fill the entire accommodation. Financially the institution had done well and there was a balance of \$202 after expenditures of \$2,927.

On motion of Dr. MacKinnon the committee on public education was authorized to co-operate with the Presbytery of Truro in dealing with alarming religious conditions at the provincial normal school in Truro.

Dr. Mungie was then heard on behalf of the work of the Lord's Day Alliance, giving illustrations to show how their work affects almost every department of church work. Sunday newspapers threatened Canada, just have been syndicated; Sunday concerts, involving labor, have been kept within bounds, the governor general has given the alliance his patronage.

A resolution, moved by Dr. Rogers and seconded by Mr. Ross, approving of the work of the alliance and commending it to the church, was adopted.

Rev. H. Kent moved that the Synod be pleased to hear of the increased usefulness and circulation of the Presbyterian Witness, and again commends it to the support of the congregations and extends to the editor, Dr. G. S. Carson, his congratulations on the honor bestowed on him by the Presbyterian College in conferring on him the degree of doctor of divinity. The resolution was adopted.

Changes Proposed.

Rev. A. H. Foster, for the committee on synod business, reported on the recommendations of last year, remitted to the Presbyteries for consideration. They were that the synod should convene on Tuesday morning at ten o'clock for the formal opening, instead of in the evening as at present, that a small business committee be appointed, that doors be closed during devotional exercises and that each committee should present for discussion only one phase of their work each year. The recommendations had received the approval of a majority of the presbyteries.

Mr. Foster spoke of the suggestion that the synod sessions should commence on a Monday evening and said that it would be impossible, as the majority of the delegates could not get there in time except when held in St. John. In this connection he said that he had demonstrated that more people could leave their homes in the maritime provinces and reach St. John in the evening than could get to any other place in the province.

Mr. Foster moved that the recommendation be approved and adopted, but the matter was left over for discussion when the synod adjourned.

Pine Hill Reunion.

At one o'clock luncheon was served in the school room of St. John Presbyterian church for the delegates. This was followed at the same place by the annual meeting of the alumni of Pine Hill College. The speakers were: Rev. A. B. Morash, president; Rev. G. A. MacKinnon, vice-president, and Rev. J. A. MacKinnon, secretary. The business included the election of officers, matters connected with the scholarship provided by the alumni, as well as a series of speeches.

THOUGHT A ST. JOHN MAN FIRED THE FATAL SHOT

Artemus Randall Killed in Mistake For Moose on the Portabella Stream

A Frederickton special says—"Shot and killed in mistake for a moose was the sad fate which overtook Artemus Randall of Lakeville Corner while out gunning of Portabella stream near his home last night. He was in a canoe with two companions named Rogers and Hudlin. The shot which killed Randall was fired from another canoe about forty yards away. The bullet entered his abdomen, and he died ten minutes later. R. B. Hanson of this city, clerk of the peace, left for the scene of the accident this morning to attend an inquest to be conducted by Coroner Ferguson.

"The name of the man who fired the shot has not been learned here but it is reported that he was a member of a St. John party. It was quite dark when the shooting occurred and the supposition is that the canoe in which Randall was sitting was mistaken for a moose. Randall was about thirty years of age and leaves his wife and four small children. He was a cousin of Edward Chase, accidentally shot while hunting near this city last week."

PRESENT LIBRARY TABLE TO REV. B. H. NOBLES

The annual business meeting of the Young People's Society of Victoria street Baptist church was held last evening. Reports showed the society to be in an encouraging condition. Walter Heston, president, in a brief speech, presented to the pastor, Rev. B. H. Nobles, a library table in appreciation of his kindness in the help he had given as honorary president. Guy G. Kierstead of Hampton, a former active member of the society, read an address. Officers were chosen as follows:—Honorary president, Rev. B. H. Nobles; president, Walter Heston; secretary, Roy Watters; second vice-president, Stanley Shortt; secretary, Miss Starkey; treasurer, Miss Starkey; president, Miss Hazelwood; assistant pianist, Miss Scott.

H. L. SPENCER STRUCKEN

The venerable poet, H. L. Spencer, whose home is with Miss Wilson, 183 City Line, West St. John, suffered a stroke of paralysis last night, and both his limbs and his speech are affected. Dr. F. L. Kenney was summoned, and Mrs. E. A. Smith visited him this morning. It may be deemed advisable to remove him to a hospital. Mr. Spencer has not been able to go out of his house for months, but could walk about indoors, though very feeble. He is eighty-two years old. His condition is therefore serious.

CAN'T GET HIS MONEY

Edgar M. Day of Day's Corner, built the bridge on the highway in what is called Weldon's Hollow in 1913, and has not yet been paid for the job. He says the bridge was passed by J. F. Saunders, the commissioner, but the latter changed his mind afterward and said the work was not done up to contract. There was some further correspondence and Mr. Day was finally offered \$80. He was to have got \$100 for the bridge, with additional pay for some additional work. He refused to accept the \$80 and also \$60, which was offered later, and there the matter stands, after more than two years. He says he has proof that the commissioner passed and accepted the bridge, and charges that he is being most unfairly treated.

POLICE COURT

In the police court this morning three men arrested yesterday for drunkenness were fined \$8 or two months in jail. Mortimer Sieber, colored, was fined \$8 or two months in jail for using obscene and abusive language to the captain of a schooner lying at Starr's wharf. He pleaded guilty and wanted the captain to withdraw the charge, but the captain was not disposed to do so even if it had been within his power.

Harry Graham, a soldier, who was arrested for interfering with Policeman Armstrong and also resisting arrest and using profane and obscene language on Tuesday evening, was sent back into jail. He was warned that he was liable to a fine of \$80 or ten months in jail.

MEDICAL SOCIETY

The opening meeting of the St. John Medical Society for the season was held in Bond's last evening, and took the form of a banquet. The feature of the evening was an address by President L. M. Curran, dealing with present day medical topics. About twenty-five members were present, and in addition, two new members were admitted.

MRS. LOUISA GOUGH

The death of Mrs. Louisa Gough at the age of eighty-one years is announced. She passed away Oct. 5 at the home of her son, George E., in North View. Mrs. Gough also leaves her husband, Nelson Gough, and one other son, Captain Fred Gough of St. Martins. The funeral took place at Linton Corner, Victoria county, on Oct. 4.
