Allies About Ready For "Forward" Move Against Germans

VAST ARMIES OF GREAT BRITAIN AND FRANCE ARE ABOUT TO START OFFENSIVE

Waiting Now For Ground To Dry so That Artillery Can Be Moved

Joffre's Reported Preparations Give Indication of Grim Work Ahead—Violent Attacks on British South of Ypres—Fighting on Greater Part of Battlefront

Paris, March 16—Vast French and British armies are about to begin the general offensive. The "forward" order will be given as soon as the fields are dry and artillery can be moved over them.

It is said that the French artillery has a store of 25,000,000 shells. A long and rapid pursuit could not be sustained with the railways torn up without adequate automobile transport.

The one hundred divisions of French troops of a normal strength of 20,000 each have been brought up to beyond the full war strength, so that regiments of 3,000 men on a regular war footing, frequently have 3,500 men.

The British troops now on this side of the channel are said to number 750,000 and they are reported to have been coming over during recent weeks at the rate of one or two army corps a week.

General Joffre is reported to have asked that the number of beds in the hospitals in Paris be doubled in preparation for the forward movement.

Paris, March 16—In an effort to divert the attention of the British from the La Bassée district, the Germans have launched a series of violent attacks against the left flank of the British line south of Ypres, in West Flanders.

Following a severe bombardment of British trenches on the Ypres-Armenote road, the Germans tried to carry the field works near Wytschate and St. Eloi at the point of the bayonet.

The invaders established themselves in the ruined village of St. Eloi, but retreated when British reinforcements were brought up and a counter offensive began.

Hard fighting is still going on in that district.

Farther to the north, east of Nieuport, an artillery duel is in progress across the swamps formed by the cutting of dykes.

Fighting is reported from the greater part of the battlefront and everywhere the allies claim success.

North of Arras the Anglo-French forces captured three lines of trenches by a brilliant attack. Between Albert and Rove, there have been extensive mining operations, carried on by both sides.

German forces in the Argonne district are increasing their activity to offset the vigorous French operations in Champagne. Several separate engagements are in progress in the Vosges and upper Alsace.

GERMANS BLOW UP FRENCH TRENCHES

Paris, March 16—A French War Office announcement says: "At Ypres our infantry delivered an attack which made it master of the western part of the village. We took numerous prisoners. At Bois Le Pretre, northwest of Pont-A-Mousson, the Germans blew up with a mine four of our advance trenches, which were completely destroyed. They gained a footing there after the explosion, but we recaptured the first two trenches and half of the third."

London, March 16—The Daily Mail's correspondent telegraphs from Northern France:

"So much progress has been made by the allies in the direction of Lille, that a large proportion of the German head quarters staff there has left the town and retired to Tournai. The general impression is that the Germans will very soon be compelled to evacuate Lille."

Italy Begins Breaking The Bonds

Rome, March 16—Italy and Austria are said to be at the breaking point. The Italian minister of posts and telegraphs has given orders suspending telegraphic money order business with Austria and cancelling post office cars to the frontier.

Paris, March 16—A special despatch from Rome says the government has issued an order expelling from Italy, the correspondents of the Vienna Tagblatt and the Frankfurter Zeitung.

Germans Move Guns Closer In Attack on Ossowetz

Ineffective at the Longer Range—Advantage With Russians in Eastern Theatre—Both Sides Using Skis in Carpathians

Petrograd, March 16—The following official despatch has been received from Ossowetz:

"The enemy has brought some of his batteries closer to the fortress because of their obvious ineffectiveness at the longer range. The artillery of the fortress effectively shelled a column of the enemy consisting of motor cars, trucks, and provisions and ammunition."

Fighting at moderate distances continued throughout Sunday and Monday with the advantage constantly with the defenders.

Official reports from other fronts follow:

Prasnyay—The Germans continue a violent artillery fire but their infantry is unable to resist our attacks. We are holding the enemy on almost the entire front with particular success in the wooded sectors bordering on the river Orze.

Barna region—The enemy is active at night, possibly reinforcing his artillery. The Carpathians—Conditions are extremely difficult for an offensive. Owing to the deep snow, troops can move only slowly. The men use beaten paths, moving in Indian file, which involves heavy losses. Troops on both sides are using skis. In spite of the conditions, the Austrians continue their vain attempts to relieve Prasnyay, where our heavy batteries are active.

London, March 16—Cormelin F. Just, trade commissioner for Canada at Hamburg, formerly an emigration official here, reached England last week after having been under military police surveillance in Hamburg since the opening of hostilities.

Mr. Just at first succeeded in getting a passport to return home, but was stopped at the railway station, and after seven months of confinement has now been exchanged for a German consul anxious to return to Germany from South Africa.

Mr. Just says nobody in Hamburg is allowed to know anything about the war on the outside world, except through heavily censored newspapers.

There is yet no sign of famine. Up to the time of sailing in London he knew nothing about the raising of Kitchener's army or the arrival of the Canadian Expeditionary Force. He had no idea of the resources which England has been able to call out during the last year.

He was in Hamburg to enable him to see that England was silently and gradually getting the upper hand in the grip on Germany, and in fact, in a side of twelve hours from returning here Mr. Just found it necessary to severance the ties of his country of how the war was going.

Two Breaks

House at Renforth; Store in Sydney Street

Sometime during the last few days the summer home of Charles A. Clark at Renforth was broken into and ransacked. They informed the owner. Instead of finding one window broken he found three, besides the large glass in the front door. The house had been ransacked, so far as he could learn nothing of value had been stolen. The thief or thieves had endeavored to get in through two windows in the upper flat and had broken the glass so as to remove the catch. Falling in this they went to the lower floor and again tried one of the windows. Finding that their efforts were frustrated they smashed the plate glass window in the front door and thus forced an entry. The work, it is thought, was that of boys. There were several valuable pipes in the house and they were not taken.

Last Sunday night when one of the policemen was patrolling his beat in Sydney street he noticed a window in the fruit and grocery store of H. A. McKim broken. He notified the owner and they discovered that some fruit, candy and other things had been stolen. The window had apparently been purposely broken.

LOSSES OF BRITISH SHIPPING IN WAR

Hundred and Sixty Six Interred, Captured or Destroyed

London, March 16—From the beginning of the war up to March 10, 166 British merchant ships were interned, captured or destroyed. This was announced today by Winston Churchill, first lord of the admiralty.

CHARGE NOW AGAINST FORMER POLICEMAN

Ex-Policeman Joseph Jeffrey is now facing a charge as a result of his fracas with the Chinese on Saturday night. One of the numbers made a charge against him, that of stealing \$9. This morning he appeared in court and asked for an adjournment in order to give him an opportunity to procure counsel. His friends feel that there is a mistake and he makes strong denial of the charge.

Kate, only daughter of Stephen Bylow, was burned to death in her home in London, Ont., today.

Hampton Wins From Thistles

An exciting match was played on Monday night in Hampton between two teams of the Hampton Curling Club and the Thistle Club of this city. The Hampton Club winning by one point.

Thistles—Joseph Dever, Harold Cleary, Raymond Hansen, Ernest White, Arthur Howard and Eddie Gibbons.

Maples—Hugh McGuire, Thomas Coughlan, Mike Cohlan, Joseph Crowley, James Doherty and Charles Coughlan.

Maples—Thomas McGowan, Vincent Kelly, Edward McElrath, Joe Coughlan, George Elliott, and Oty Olive.

The play off for the championship will take place either at the latter part of this week or the first of next week.

Golden Wedding of Mr. and Mrs. H. W. Chapman

Moncton, March 15—Mr. and Mrs. H. W. Chapman of this city celebrated their golden wedding anniversary on March 14. They are among the city's oldest residents. For many years he was an employee of the L. C. R. Seven of Mr. and Mrs. Chapman's family of nine are living, the most of them in various parts of Canada and the United States.

All doubt as to the identity of Alfred Vye, shot at a village near Montreal a few days ago, was settled when Mrs. William Stoyles of this city, received word that he formerly belonged to Moncton and is her brother. Chief Caneau of the Montreal police, writes that Vye's condition is improving. There is still no trace of the man who did the shooting.

BYE-LAW MATTERS

William Riley, a teamster, was in court this morning to answer a charge of driving on the wrong side of the street and also for driving between the gates and the grass plots in front of the L. C. R. station. He pleaded guilty and was fined \$10.

Frank E. Jones was reported for driving around the corner of King and German street recently and not sounding his horn. As the evidence was not sufficient the case was dismissed.

NAMES OF ST. JOHN BOYS FIRST AT THE BASE IN FRANCE

Interesting Letter Comes From "Bud" Tippet of Fairville

ONE LIFE LOST IN CROSSING TO FRANCE

Soldier Carried by Wave Against Steamer Railing and Skull Fractured—General French's Words to Canadians on Arrival—Letters From Other Soldiers

Another very interesting letter has been received by the family of "Bud" Tippet of Fairville, who was among the first drafted to join the active forces in France. Tippet was always of a bright, light-hearted disposition and from the tone of his writing he is by no means down-hearted while experiencing the rigors of war. His location was not mentioned. The letter which was dated February 28, was in part as follows:—

"On the eleventh we were ordered to leave camp and carry rations for heavy marching order for forty-eight hours. Heavy marching order consists of great coat to be worn, 100 rounds of ammunition in pouches, rubber sheet, blanket and several personal effects, such as suit of underwear, shaving outfit and a few other articles. Rations on this trip consist of small pieces of cheese, half dozen hard tack, two cans bully beef, one loaf bread.

"At midnight we boarded a troop train at Avonmouth, and embarked on the S. S. Australia. We were eighteen hours on board before leaving. There were 1500 troops and 300 horse. Naturally no state rooms or berths, every fellow for himself anywhere between decks except the engine room or crew quarters. The second day out we experienced very rough weather every wave was washing the deck. One fellow washed up against the railing, and fractured his skull and died soon after the storm abated. He was at sea and we will never forget the impressive experience.

"We were landed at the south of France then packed off for the front line. I was in box car, forty-one being in the car with me. In these soldier pullmans we spent more than fifty hours, then on a loaded for an eight mile march, heavy marching order to where we are now."

"At present we are so close to the firing line we can hear and even plaining the guns. I work and we will never forget the time you receive this we will be doing our little bit."

The first St. John boys to reach the base with Private Tippet were: Geo. K. Shields, Charles W. Brien, Louis Gorman, John Beckwith, Archie W. Young, Fred Lodge, Peter Murray, John Sharkey, Walter Coughlan, (of Chatham) John Marr, John Whitehouse, A. Cameron.

The boys are anxious that relatives and friends when writing to them should give the address for a great deal of correspondence has gone astray because of the confusion in London. It is published in the official gazette. It is the first expeditionary force of whom Tippet is one.

First Canadian Overseas Contingent British Expeditionary Force, No. 2 Brigade, 14th Battery First Royal Montreal Regiment, No. 2 Double Company or B Company.

Very little mail has been received by the boys and remembrances of paper, tobacco, gum, candy, etc. would be greatly appreciated.

Rudolph McKell, Lowell Lawson and Harold Duplessis, all of Fairville, are with the Princess Pats, in the thick of it. D. Hanlon is still at Lark Hill, Salisbury Plain.

General French and his staff reviewed the force on the day after they reached the base and said he: "If you boys can fight as well as you look, the Germans are going to receive a awful surprise."

Among the correspondence was also a field card from Tippet, stating the bare information that he was well and had received mail. This was initiated by his captain and stamped by the censor.

From Other Soldiers

Thomas L. Wilson yesterday received a letter from his brother Corporal Walter Wilson, who is with the First Canadian Cyclist Corps now in France. He said that he had been chosen for work in the trenches and was making preparations to proceed to the firing line at the time of writing. He said he could hear the roar of the big guns as he sat writing, but had no fear for the fray.

Stanley Nelson, one of the Fairville boys who is with the First Canadian Contingent in France, in a letter to his brother, which arrived yesterday, said that he had been transferred to one of

Washington Not Pleased With British Order

Talk of Protests When Cases Arise—New York Herald Says Any Protests From States Will Not be "High Explosive"

Washington, March 16—Administration officials were giving careful study today to the provisions of Great Britain's order in council aimed at the stoppage of all commerce by sea to and from Germany, which they regard as unprecedented and as having a far reaching effect on American commerce, particularly on shipments of cotton and importations of dye stuffs from Germany.

That officials are keenly disappointed is evident and that vigorous protest will be lodged by the American government against the British action is virtually certain.

What perhaps displeased officials most was prohibition on American commerce consigned to neutral countries, and suspected of enemy destination. It forces the principal basis upon which the United States government will insist on the freedom of its commerce from undue interference.

The probable course of the United States will be to await an enforcement of the British order in specific cases, each one of which will be made the basis for strong protest.

Official hope for an early improvement of conditions for the commerce of neutral nations was destroyed by receipt of the British order together with information that Great Britain had declined to accede to the American government's informal proposal for the withdrawal of Germany's submarine campaign and England's ban on foodstuffs for German civilians.

A DIFFERENT TONE

New York, March 16—The New York Herald this morning contains an editorial on the British order-in-council.

"To attempt to apply the old law of blockade to this situation would be like trying to apply the law regulating monopoly of fifty years ago to conditions at the present day. Of course henceforth the air will be full of protests addressed by all neutrals to all the belligerents, but these protests will not be in the nature of high explosives, so far as the relations between the United States and the allies are concerned."

The Herald declares that the sinking of the American sailing ship Frye, by a German cruiser, has unwittingly been "a most effective mine sweeper."

"GERMAN SNIPER" NEARLY SHOT HIM

Mrs. R. P. Allen of Fredericton Gets Letter From Nephew at Front

Fredericton, N. B., March 16—William J. Robinson, of Boston, formerly of this city, serving as a chauffeur with the British army in Belgium, writes to his aunt, Mrs. R. P. Allen of this city, and tells of an interesting experience. He was driving his ninety-horse power touring car over a bridge with an officer, when a German sniper opened fire on them from a tree nearby. They heard the shot and the heaviest passed between the officer and Robinson. Upon returning later in the day they stopped the car a quarter of a mile from the bridge and went in search of the sniper. They located him in same tree and brought him down with two shots. He had a tripod rigged up in the tree, and had his rifle trained on the bridge. Robinson writes he has met many Canadians at the front.

Right of Board to Rent New Buildings Brought Into Question in Grand Master Wallace's Address at Sussex

Sussex, N. B., March 16—The Grand Lodge of New Brunswick, L. O. A. M., this afternoon for their annual session, Grand Master W. B. Wallace, K. C. presiding. The sessions will continue tomorrow and possibly on Friday morning.

One of the first matters of business was the presentation of his annual address by the grand master and in this most interesting subject dealt with was revival of interest in the separate school question. The matter was dealt with chiefly from an economic point of view but it was declared that the administration of the act, while possibly conforming to the regulations, was in opposition to the legislation. The original arrangement, it was said, had permitted the school boards to rent schools erected by religious bodies, in order that they should not be wasted but the right of the boards to rent new buildings erected was questioned and the desirability of this policy questioned.

One of the activities of the order during the last few months has been the collection of money from members and lodges for the patriotic fund. In addition to amounts sent direct to the treasurers of various funds contributions amounting to about \$1,500 have been forwarded to the grand treasurer and the grand lodge will be given an opportunity to decide whether the amount will be added to from the grand lodge funds.

This is the year for the triennial celebration, which will be held in Fredericton, and the final plans will receive the consideration of the gathering.

Among the Oranemen who are here from St. John are W. B. Wallace, grand master; Nell J. Morrison, grand secretary; David Hipwell, past grand master; Harry Sellen, grand audit; W. H. Sells, P. D. M.; J. G. Sullivan, P. D. M.; Robert Wills, P. D. M.; J. H. Burley, P. D. M.; B. C. Waring, D. M.; C. R. Ward, county master; A. Ellison, W. M. of No. 1; D. B. Webster, W. M. of No. 24; W. B. Marter, C. M. Lingard, P. D. M.; John Kenney, P. D. M.; W. M. Campbell, past county master; Rev. F. P. Dennison, H. B. Whitbeck, W. M. of No. 2; Robert M. Thorne, George Blair and C. White.

Among the delegates from Fredericton are: A. D. Thomas, past grand master; H. T. Brewer, grand lecturer; W. T. Craig, D. C. M.; A. H. Roddington, J. M. Chappell, E. Boone and J. Barry Allen.

DEAD IN EARTHQUAKE IN ITALY ABOUT 30,000

Rome, via Paris, March 16—An official parliamentary report on the earthquake of January 13, gives the number of deaths thus far reported as 29,978, without including persons who afterwards died of injuries or illnesses caused by the disaster. The communities damaged by the earthquake numbered 302.

DO NOT PROPOSE TO FOLLOW BARBARIOUS METHODS OF GERMANS

French Ministers' Statement in Connection With Reprisals by Allies

Paris, March 16—The text of the declaration defining the measures decided upon by the British and French governments as reprisals against German commerce, already announced from London, is published in the official gazette. It is preceded by a report to President Poincaré, signed by Foreign Minister Delcassé, Finance Minister Ribot, Minister of War Millerand and Minister of Marine Audouard.

This supplementary statement declares that, since Germany has proclaimed the seas around England and France a war zone, the allies have a right to reply by stopping all merchandise to or from Germany.

"Nevertheless," the report says, "the allied governments have no intention of following their enemy in his cruel and barbarous methods and the measures to which they have been obliged to have recourse do not involve any risk for neutral ships or for the lives of neutrals or non-combatants. They will be applied in strict conformity with the dictates of humanity."

BILL TO TAX BACHELORS \$5 IN WEST VIRGINIA

Charleston, W. Va., March 16—Delegate James of Mingo County has introduced in the West Virginia House of Delegates a bill proposing a tax on bachelors between twenty-five and fifty years of age. The money would be paid into the county road funds. The tax proposed is \$5 a year.

The military hospitals not far from the front. He said he was well and wished to be remembered to all his friends.

Mrs. Teresa McMenammon received a card yesterday from her son Sergeant Thomas, who is with the Canadians now in France. He said that he was well and wished to be remembered to the boys. He is at the front with one of the military hospitals, but did not make any mention of the fighting or of his position.

ASKING FOR PROHIBITION

Delegation Meets Government Views of Two Local M. P.'s

Fredericton, N. B., March 16—A delegation of temperance workers waited on the local government this morning and asked for legislation to prohibit the importation and sale of intoxicating liquor. The delegation was composed of Rev. R. H. Stavert secretary of the N. B. Branch of the Dominion Alliance, Rev. W. R. Robinson, Rev. H. E. Thomas, J. Willard Smith and E. N. Stockford of St. John; Rev. Thomas Marshall, Rev. J. J. Colter, W. G. Clark, A. Lamont and Howard Rogers, Fredericton. Besides members of the government Messrs. Tilley, Lockhart and Gramant were present. The spokesmen of the delegation were Messrs. Thomas Marshall and Smith who argued strongly in favor of a prohibitory law and the latter advocating stricter enforcement of existing laws. Premier Clarke made the usual diplomatic reply that consideration would be given to the matter.

SEAGULLS GIVE THE WARNING

Draw Jack Tar's Attention to Periscope of German Submarine and Save Cruiser

London, March 16—Seagulls perch saved a British cruiser and 800 men from a submarine, says a British blue-jacket with the North Sea fleet, in a letter to his family in Hull. He says he was standing by his gun when a large flock of gulls suddenly rose from the water. This drew the attention of the sailors to the periscope of a submarine, which the gulls had seen above the water. The warship turned aside and made away from the danger with a zigzag course.

THE DRESDEN SUNK NEAR ROBINSON CRUOE'S ISLAND

London, March 16—The British Admiralty last night announced the sinking of the German cruiser Dresden near Juan Fernandez Islands in the South Atlantic. An action lasted for five minutes after which the Dresden surrendered to the H. M. S. Glasgow, Kent, and auxiliary cruiser Ormskirk. The crew were saved by the British ship, and the Dresden was either sunk or damaged. The sinking of the Dresden leaves only two enemy ships to be accounted for in the high seas, the cruiser Karlsruhe and the auxiliary cruiser Kronz Prins Wilhelm. The place near where the Dresden was sunk is known as the Island of Juan Fernandez where "Robinson Crusoe" lived. The Dresden is the cruiser which escaped from the battle off the Falkland islands early in December and has since been at large. Nineteen of the crew of the German cruiser Dresden are missing. The Ormskirk arrived at Valparaiso today with the survivors.

CONDENSED DESPATCHES

The house of commons at Ottawa did not adjourn till three o'clock this morning. Today's speakers will include Sir Robert Borden, Hon. G. P. Graham, Hon. Arthur Meighen, and probably E. M. MacDonald. At New York today a motion to return Harry K. Thaw to New Hampshire was denied by the court. In Montreal today Hub LeBlanc of Fox Creek was fined \$5 for drunkenness and remained in a charge of trespassing on railway property with a team. Napoleon Poirier of Sunny Brae was fined \$50 and costs in one C. T. A. case, and another case was adjourned. The Kings county circuit court, Chief Justice Landry, opened at Hampton today. There was no business. The suit of Jones Bros. vs. Jamieson, a debt case, was settled out of court.

"GOD SAVE THE KING."

The Editor of the Times: Sir,—I notice with much pleasure Mrs. Adams' letter in this morning's papers and am glad that the Daughters of the Empire are interesting themselves in having due respect paid to the national anthem. It is to be hoped that all parents will read the letter and so instruct their children always to honor our national hymn. I wish to inform Mrs. Adams that this matter has already been dealt with by the St. George's Society, at their quarterly meeting last October, when the following resolution was unanimously passed and sent to the newspapers and managers of theatres: "Resolved, that the St. George's Society of St. John view with regret the constant disrespect paid to our king and country when the national anthem is played or sung at the close of entertainments, and do hereby urge the public to remain respectfully standing while God Save the King is being played, and that when the national anthem is played in the open, citizens be requested to raise their hats and soldiers to salute."

GERMAN LOSSES NOW WELL ABOVE MILLION

London, March 16—The last eight official Prussian casualty lists contain 142 names bringing the grand total of killed, wounded and missing since the war began, to 1,059,029. These losses do not take into account 160 Bavarian, 126 Wurttemberg, 119 Saxon and twenty naval lists.

NO COMMISSION ON ASSESSMENT JUST AT PRESENT

Business and Professional Men Petition Council—Public Works Bills

The common council is expected to meet this afternoon. Among other matters to be dealt with is a petition signed by a majority of the independent business and professional men of the city praying the council to take no steps towards the appointment of an assessment commission, for which power is given under the civic charter, until further information has been received regarding the systems in use all over Canada. Mayor Feak will report on the result of his inquiries arising from the protest of former commissioner M. E. Larr regarding a statement that unpaid bills had been coming in ever since he left the office. The mayor has found that the bills incurred under Mr. Agass's administration and paid since he left office totalled \$113,656, more than half of which was contained in one bill. Com. Foster will double the tax on vacant lands will be before the council for decision.

EVENTS IN HONOR OF ST. PATRICK'S DAY

Tomorrow, the 17th, and the anniversary of St. Patrick, will be celebrated with all the enthusiasm which marks this as one of the big days of the year for a large proportion of the population. Dramatic entertainments in aid of the orphans will be given in the various theatres and halls, the arrangements being as follows: Opera House, St. Joseph's Society; St. Peter's Hall, North End, St. Peter's Y. M. C. A.; St. Rose's Hall, Fairville; St. Rose's Dramatic Club; St. Patrick's Hall, Carleton, St. Patrick's Dramatic Club. Division No. 1, A.O.H. and the Ladies' Auxiliary will observe St. Patrick's Day by an entertainment in their hall in Union street. An excellent programme will be presented, the chief feature of which will be addresses by Rev. Dr. O'Reilly and John C. Ferguson. His many friends will hear of his death with regret. The funeral will take place on Thursday afternoon. SOLDIERS' BOOTS COMPLAINT AGAIN London, Ont., March 16—Investigation is being made today into a large number of defective boots recently issued to the men of the 23rd battalion. Shoes were produced with the soles so badly worn, only after a few days, that the men's feet were exposed. Officers are urging punishment of firms who supplied the goods. Examination of militia officers who conducted inquiries at various divisions points into the boots issued to the expeditionary force, was begun before the parliamentary post committee this morning. The evidence was of a character to satisfy the adverse findings which were made by the regimental boards. Major F. W. W. Doane, of the 68th regiment at Halifax, Capt. A. M. Jones of the 29th Battalion, Halifax, and Major W. J. Weston of the 29th regiment.

CARDS OF THANKS

Mr. and Mrs. Harry Cox and family wish to thank their many friends at St. John and Central Norton for the kindness and sympathy shown to them in their recent sad bereavement; also for the many handsome floral tributes received.

ST. PATRICK'S DAY AT OPERA HOUSE

There are still plenty of good seats left at the Opera House for both night performances, tomorrow and Thursday. "O'Brien the Contractor," presented by the Y. M. S. of St. Joseph, in aid of the orphans, through the advance sale has been very heavy. It would be well to make application early today, however, to secure desirable locations. The matinee tomorrow will be one price, 25c, to all parts of the house; no seats reserved.

Let Sharpe Keep Your Glasses Adjusted

The best frames manufactured will get out of adjustment through wear and handling. It is not the fault of the frames. It is simply something which cannot be helped. But frames out of proper adjustment take away some of the benefit you should get from your glasses. We will be glad to readjust your glasses at any time without charge. Just step into the store and ask us to do that for you. We are very much interested in having every one who wears glasses get the maximum benefit from them, consequently we regard it as a duty and a privilege to adjust frames free. We'd like to have you call regularly every six weeks or so for this reason. Doing so will add much to the comfort and good you derive from wearing glasses.

AT THE RANGE

The best averages, three targets each, on the city rifle range yesterday were as follows: Ladies—Large targets, semi-prone, Miss Fairweather, 92 1/2; standing, Mrs. R. P. Cowan, 92 1/2. Gentlemen—Standing, Pte. A. Harwood, 89; prone, E. G. McCullough, 88.3. Boys—Standing, W. Blair, 70. The best single target made yesterday was 97, scored by A. Simbald with his own rifle. Members of the signalling corps of the 29th battalion visited the range today and did some good shooting. Murray put on 97, and was closely followed by Carr. The competition among the firemen for the two prizes offered by Chief Blake for the best score, standing, will be held next week.

MILL WAS FORTRESS

London, March 16—G. F. Steward telegraphs to the Daily News from Rotterdam: "In connection with the Allies advance on the Yser front an exciting account of the capture of a mill reaches me. It had been transformed into a veritable fortress. The Allies' aviators were unable to destroy or seriously damage the place with bombs so it was mined. The whole place was blown up, with everything in it. It is discovered the Germans had stationed there no fewer than thirty machine guns. All were destroyed. Eight steamers of the Newfoundland sailing fleet are caught in the ice fifteen miles off Cape Bonavita. They must await a change of wind."

\$2,158 in Hemlet's Hut

A search of the squallid hovel in Britain street in which Michael Griffith was found dead on Sunday night, made by the police yesterday, disclosed the sum of \$1,486 hidden in four different places about the shack, besides a bank book in which his savings were shown as \$717.98. The bills were tied into the smallest bundles possible, and many of them were aged, worn and musty. It took Deputy Chief Jenkins and John O'Neill in central station the greater part of yesterday morning to count the money. The total, \$2,153.58 was given over to Coroner W. F. Roberts and a search will be made for relatives to dispose of it among Griffith's kin if possible. Griffith had been living in

HOUSE BUILDING CITIES
(Halifax Echo)

The Kansas Home Building bill has been reported favorably in the state legislature by the house committee on cities of the first class. The bill provides for the cities issuing bonds for home building or to assist in building homes for the worthy residents of the city.

Any person who is the head of a family and has been a resident of the city two years, who does not drink and appears to be industrious and honest, can avail himself of the bond privilege. Not more than \$2,000 may be issued for any one resident.

When a person makes an application for one of the bonds the city commission or the council appoints a board to appraise the property the man wishes to buy or the lots on which he desires to build. If the board considers the property worth more than the amount of the proposed loan and reports favorably the council or commission may then order the issuance of the bonds and the money paid over to the home builder, the city taking a deed of trust on the property. The bonds are to run for twenty years. Not more than five per cent. interest can be charged, and the bonds must be sold at the same figures as other municipal bonds of the same city are sold and bear the same rate of interest. The bonds are really city bonds as much as any other, and the city has a mortgage on the property, but pledges the city's credit against the bonds and the interest.

Before a city can go into the home building business the proposal must be submitted to a vote of the citizens.

PREMIER CLARKE AND MR. DUGAL
(Moncton Transcript)

The present premier of the province informed the house (last year) that the charges made by Mr. Dugal had no substantial facts behind them. This being the case, under the rules of parliament, Mr. Dugal should not be in his seat. On the contrary, the former premier is absent from the legislature, and Mr. Dugal still remains there. When the Gleason case was on, the Premier should have expell'd from that body, but if Mr. Clarke does not feel that, under the act, he can make this motion, then he ought to be gentlemanly and manly enough to stand up in the legislature and admit that the statement he made, at a previous session of the assembly, was now proven not to have been supported by facts. He should either move to condemn Mr. Dugal or to exonerate him. He owes it to the province to explain why the Hon. Mr. Fleming is no longer a member of the house or retains his seat.

THE WAR NEWS

The sinking of the German cruiser Dresden, without the slightest damage to the British vessels attacking her, was naturally hailed with great satisfaction.

Lord Kitchener in the house of lords last night expressed himself well pleased with the military situation both in the east and west, and said that the situation in the Dardanelles was well in hand.

BRITAIN'S BLOCKADE POLICY

Britain's act of retaliation against Germany at sea amounts to a practical blockade of the German coast. A cordon of ships has been detailed to shut off the commerce of German ports.

NEW BRUNSWICK SCHOOLS

Out of 70,923 pupils in attendance at the public schools of New Brunswick last year only 3,884 were over 15 years of age. The great proportion of children leave school before they have reached the age of 15 years.

second term of last year 1,831 were females and 291 males. Apparently the rewards offered by the teaching profession do not very strongly appeal to young men.

It is perhaps not necessary to observe that there might be a much more substantial increase in salaries without creating a suspicion that those who have so great a responsibility as that of educating our children were over-paid for their services.

Table with 3 columns: Year, St. John, Moncton, St. Stephen, etc. Shows attendance figures for 1912-13 and 1913-14.

German statesmen continue in a boastful mood, and one of them asserted yesterday that they would not sheathe the sword until they obtained guarantees that their enemies would not attack them again.

"If I could get some one to invest \$5,000 in that scheme of mine, I could make some money."

"Why, \$5,000?"

"James, dear," said a careful mother to her seven-year-old insurgent, "your Uncle Edward will be here for dinner today. Be sure to wash your face and hands clean."

"Yes, mother," hesitatingly—but but suppose he doesn't come?"

"Crawford—I understand that his matrimonial difficulties have been settled. Crabshaw—Yes; wife's relatives have agreed to maintain strict neutrality."

A missionary was returning to Basel from Patagonia, bringing with him, for the purposes of science, a collection of Patagonian skulls. The customs officer opened the chest, and informed the owner that the consignment must be classed as animal bones and taxed at such a pound.

The missionary was indignant. So the official agreed to reconsider. When the will had been revised it appeared in the following form:

"Chest of native skulls. Personal effects, already worn."

Mr. Manley—My dear, I've had my life insured for \$5,000. Mrs. Manley—How very sensible of you! Now I shan't have to keep telling you to be so very careful every place you go.

At present there are no Diamonds being put on the market. The controlling syndicate is holding their surplus stock.

The Canadian government has recently levied a war tax of 7 1/2 per cent.

Diamonds must just naturally go much higher. The American continent, which is being hit by the war, buys about 70 per cent of the world's output.

We have a beautifully selected stock of this kind of gems. Our prices have not been changed. They are the lowest in the land.

IN PARLIAMENT Sir George E. Foster on the Budget—All Night Session

Ottawa, March 15—Sir George Foster, the chief debating force of the government, broke his long and significant silence in parliament today.

He touched very gingerly on the increased taxation against British goods, his only defence being that that was necessary because the tariff was the only approved way of raising it, and that there was still a preference.

Mr. Carroll, Mr. Hughes, Mr. Laborer, Mr. Carvell and other Liberal speakers, who followed and continued the debate till nearly daybreak this morning, emphasized the fact that the breaking of the trade had been well understood by the government.

A Great Blessing to be Freed of Indigestion

For Years He Suffered After Almost Every Meal—Attributes Complete Cure to Use of Dr. Chase's Kidney-Liver Pills.

The experience of many people who suffer from indigestion is like that of the writer of this letter. Stomach medicine may bring some relief, but chronic indigestion is almost invariably the result of derangement of the liver, kidneys and bowels, and cannot be actually cured until these organs are set right.

With the liver sluggish there is constipation, and the food ferments in the bowels instead of being digested. This is the source of pain and suffering, and the cause of such dread-dread diseases as appendicitis, peritonitis, and kidney disease. It is much better to be on the safe side and prevent such ailments by the timely use of Dr. Chase's Kidney-Liver Pills.

Mr. J. D. Barrett, Nelson, B.C. and formerly of Twillingate, Nfld., writes—"For several years I was a great sufferer from indigestion. The least bit of food caused me considerable trouble, and often I could scarcely eat a meal a day. The many remedies I tried proved futile until I began the use of Dr. Chase's Kidney-Liver Pills, and after using about eight boxes I was completely cured."

"Since that time I have not been troubled with indigestion, which I consider a great blessing. I feel grateful for this cure, and shall gladly answer any inquiries from persons suffering as I did."

Dr. Chase's Kidney-Liver Pills, 25c a box, 5 for \$1.00, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

BRONCHITIS If Neglected Will Surely Turn Into PNEUMONIA.

Bronchitis comes from a neglected cold. It starts with a short, painful, dry cough, accompanied with rapid wheezing, and a feeling of oppression or tightness through the chest.

You have no doubt, wakened up in the morning and have had to cough half a dozen times before you could raise the pillow from your bronchial tubes, and when you do succeed in doing so you find that it is of a yellowish or greenish color, and you get some relief right away.

When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other more serious trouble.

Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system. This can be quickly done by the use of DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Howe, Mahone Bay, N.S., writes: "My little boy, aged six, was always troubled with bronchitis, and when he had whooping cough he was worse. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him."

MALE MUSICIANS.
The Harmony Male Glee Club, which met for its usual Monday evening practice last night under the direction of E. S. Peacock, hopes soon to give a concert for the benefit of the Associated Charities. The party included some of the best trained male voices in the city and they are practicing a splendid selection of glee, choruses, and part songs, including a few ambitious operatic favorites so that when they appear before the public it is hoped that they will give lovers of good choral music an agreeable surprise.

Howard Eastman of Kensington, N.H., came to school one day recently, although it was noticeable that he was not feeling very well. He gave as his reason the fact that he did not want to break the family's good record. His brothers, Hubert and Charles, have attended school six years, and have never been absent or tardy, and Howard, in his third year, has been absent but once, on account of severe illness.

Big Picture Features at the Imperial With an Entertaining Vaudeville Act

The drear bleak weather of mid-March seemed to be forgotten by those who laughed long and heartily at Imperial Theatre yesterday. Certainly the leading feature of the splendid programme was Charles Chaplin's imitable fun in the two-part comedy entitled "A Night Out." Imperial patrons have now acquired the Chaplin habit in the way of comedies and it required the mere announcement of this Englishman's appearance on the screen, to attract large crowds. His ever humorous action was depicted in moving photographs, the present film is certainly it. The laughter that sounded through the house was continuous and hearty and doubtless many more people will be attracted by the same feature today.

It had been a long time indeed since Arthur Johnston and Lottie Briscoe, well-known Lubin stars, had been seen on the Imperial curtain and their appearance in this programme in the well-known magazine style, Her Martyrdom, was very welcome. In a superbly staged drama of three acts they presented an artistic performance rising to the highest dramatic and emotional height. This is the first of Imperial's new Monday-Tuesday engagements of star players in successes which are packing the theatres of the larger American cities.

The vaudeville this week is a pretty little offering by Sinclair & Griffiths, introducing novelty, songs, merry chatter and some artistic dancing. The act is sweet and pure and what the performers lack in singing ability, they certainly make up in good looks and intricate dancing.

Wednesday, the century-old classic, Cinderella, will be produced by the Famous Players Co. with Mary Pickford playing the title role. This will undoubtedly be a treat for picture-fans, who have been looking at so much of the modern plays that a return to the childhood days of fairy tales will doubtless be a happy respite. Furthermore, this is one of Mary Pickford's absolute masterpieces and the production is finely staged.

KENTUCKY DRAMA AT OPERA HOUSE ENJOYED

Week Well Opened By The Young-Adams Company Last Evening

Bright and sparkling with the life of old Kentucky, the four act comedy drama "A Girl of the Sunny South," presented by the Young-Adams Company at the Opera House last night provided pleasure to those present who showed their appreciation by frequent applause. The play was prettily staged, it abounded with exciting moments, thrills, laughter and sobs, all blending well because of the quickness of action. Love is the keynote of the drama, with the familiar story of the girl "who loved not wisely but too well" deserted by him who should have protected her, but who is seeking the hand of another in a higher circle in life.

The scheming of this man caused many stirring incidents and climaxes, as he planned not only to desert his sweetheart, but to marry "The Girl of the Sunny South," and to put her true sweetheart, a big-hearted Irishman, out of the way, and also to put out of business the father of the Southern girl whose hand he was seeking. Finally the name of the hero is cleared from a charge made against him, the villain is rightfully accused, the heroine is enrolled in the arms of her sweetheart, and all ends well.

Miss Adams as the southern girl carried herself with ease and grace while Mr. Young as the Irish hero was at all times a favorite. Mr. Lyon portrayed the old banker and colonel to advantage, while Mr. Hadfield as the destroyer of homes and happiness made himself quite detested—complimentary in that that was the aim of the part. Little Miss Marguerite was particularly popular in the childish role which she handled with cleverness and Miss Stevenson in the unpleasant part of the wronged girl had the sympathy of the audience. Pleasing vaudeville acts were given, a hoop-rolling and juggling feature being especially attractive. "A Girl of the Sunny South" will be played again tomorrow and on Friday, while on Saturday the production will be "Uncle Tom's Cabin."

CHAPLAIN AT THE UNIQUE IN BRILLIANT FARCE

Thameser Police Dog Story and Other Popular Features

Good clean amusement of the highest laughable order, with that far-famed film comedian, Chas. Chaplin, at the wheel of fun, is the ruling feature of the Keystone comedy hit, Getting Acquainted, which is one of the items on the programme of the Unique. Every single minute of this brilliant farce was thoroughly enjoyed by yesterday's audiences. The story itself suggests a good vein of humor, and being exploited by such notable players as Mr. Chaplin, Mabel Normand and other popular Keystone stars, it gets over with a swing, and laughter is no stranger.

A special Thameser play, in the Centre of the Web, having to do with the rounding up of a band of society counterfeiter, and introducing the New York police system, and the police dogs, is a diverting subject, highly sensational and interesting. The work of the dogs is particularly good, their efforts in bringing the counterfeiter to justice being something of an innovation in motion pictures. The thrilling chase scenes have a tendency to keep one on edge while the acting represents the best work of the Thameser players. On Wednesday and Thursday the Unique will present the extra war drama, When Her Country Called.

It's Billie Ritchie, famous picture comedienne, in "After Her Millions." Does he get them? How does he try? O such fun! Gem Wed. and Thurs.

AMATEURS TO PLAY THE COMEDY MRS. DOT

Local Players to Give Performance For Patriotic Purpose

The DeMotts Chapter of the Daughters of the Empire wish to equip ten beds in the Cliveden Hospital, having received a cable from General Jones that same were much needed. In order to do this, it is necessary to raise \$500, and it is their intention to produce one of W. S. Maughan's comedies in the Opera House on Thursday and Friday evening, April 8th and 9th. The comedy is entitled "Mrs. Dot," and is a three act play, the scene being laid in London. Rehearsals have been conducted for the past few weeks, and the cast is as follows:

Mrs. Alywne Compton, as "Mrs. Dot"; Harold Ellis, Gerald Halstane; P. C. Macmillan, James Blenkinsop; Mrs. J. J. McCaskill, Lady Sellenger; Miss Kathleen Coster, as Nellie Selenger;

Mrs. L. B. Knight, Mrs. MacGregor, aunt of "Mrs. Dot"; Shirley Peters, Freddie Perkins, nephew and secretary of "Mrs. Dot"; Ernest March, Charles, Gerald's servant; Bayard Coster, George, Blenkinsop's man;

Miss Kathleen Sturdee, the maid; Guy Merritt, Mr. Wright, a tailor; Carl Peters, Mr. Rixon, Gerald's solicitor.

The comedy is exceedingly clever, and made a big hit when performed in London and New York. The management of the Opera House have given the Chapter the use of the Opera House at

LOCAL RED CROSS

At the meeting of the Red Cross Society yesterday afternoon the statement for the month of March showed fairly large receipts. The expenditures amounted to \$355.14, leaving on hand a balance of \$2,271.28.

Receipts for the month were reported as follows:

Life memberships: Mrs. W. B. J. Brodie, \$25; Lady Barker, \$25; Mrs. G. R. Ewing, \$25; donation, Mrs. Horn, \$10; Ladies' Auxiliary, N. H. S., \$75; Royal Standard Chapter, D. of E., \$400; Miss Huntley (per Miss Stetson), \$5; school at Wateride, per E. E. Lewis, \$24.85; Mrs. Robinson, \$20; Mrs. E. E. Lewis, \$20; Nurses' Association, \$200; Soldiers' Aid Society, Riverside, per Mr. Mc. Carnwath, \$20; Graduate Nurses Club, \$6.05; two tons coal, F. P. Starr, \$20; from Mrs. Anglin's Circle, in Lancaster, for materials, \$35.

New members were reported as follows:

Life: Mrs. W. Brodie, Lady Barker, Mrs. G. R. Ewing.

Regular: Mrs. Cortland Robinson, Mrs. W. A. Lockhart, Jr., Mrs. G. B. Blizard, Miss Mary H. Blizard, Mrs. W. C. Matthews, Miss L. M. Hill, Mrs. Vescey, Mrs. Horn, Miss Elizabeth Rowe, Mrs. T. H. Carter, Mrs. James Gilchrist, Miss Eleanor Robinson. Mrs. White reported receiving 1,808 articles in two weeks.

Miss Stetson reported fourteen boxes shipped to Halifax since the first of March, making a total of seventy-nine sent.

Mrs. Campbell reported fifty-six names on the list of out-of-town workers. Of course none of these are in places where a Red Cross branch exists. She has received thirteen parcels and expressed fourteen.

Mrs. McAlvay spoke of the holding of an executive meeting when the board advised to refuse no outside work, feeling sure the public would help us if we come to the end of our funds. Mr. Estabrook at that meeting announced the gift (through the local Red Cross)

LIFE INSURANCE
(Winnipeg Telegram)

Life insurance is now an essential element in both our social and economic and our commercial life. The more we study the practical and beneficial results of this business, the more apparent is it that the contributions of the many to a common fund minimize the disastrous individual losses due to the inherent uncertainties in human speculations. Though there is still a modicum of unimformed selfish humanity who regard insurance as the fifth wheel on the commercial chariot, yet all our most enterprising business men and our foremost thinkers regard insurance as equal in importance with banking, transportation, electrical transmission of messages, or a dozen other essentials which are woven into the warp and woof of our commercial life.

The law of chance or probability which confronts every individual ceases to be such when that individual is absorbed into a community, since on a large scale it is now actuarially possible to estimate in dollars and cents the exact mathematical cost of covering a risk assumed by a life insurance company.

Some unthinking men devoid of foresight say life insurance is only a gamble at best, that the insured simply wagers \$20 that he will die within a year, while the company wagers \$1,000 that he won't die. Individually this is true, but collectively it is manifestly absurd and unscientific.

The law of averages, which is as fixed and as natural as the law of gravitation has been confirmed by experience and by collection of data from all parts of the civilized world. Even the most illiterate must admit that the larger the mass of facts considered the more definite and scientific must be the resulting conclusions. Life insurance has thus been reduced to a science.

The average duration of human life and the financial value of that life to one's dependent can be reckoned to a nicety, thanks to the various actuarial associations in Europe and America, who for nearly two centuries, have known a

Is 83 Years Old And Her Heart Does Not Bother Her.

Thanks to MILBURN'S Heart and Nerve Pills.

Mrs. J. McLaren, Commanas, Ont., writes us under date of February 9th, 1914. "Sixteen years ago I took bad with my heart and nerves, and was not able to do anything. I tried a good many doctors, but they did me no good; in fact one doctor gave me up to die. I heard about Milburn's Heart and Nerve Pills, and I thought I would give them a trial, and after using a couple of boxes I saw that I was improving. I kept on using them for quite a long time. I am eighty-three years old and my heart does not bother me at all.

"I am raising a little girl who was never very strong, and the doctor said that she had palpitation of the heart, so I started to give them to her. She is now twelve years old, and they are doing her more good than I can possibly tell you. I would advise anyone who has a weak heart to try Milburn's Heart and Nerve Pills, as they have done wonders for us."

GLASS OF SALTS IF YOUR KIDNEYS HURT
Eat Less Meat if You Feel Back-ache or Have Bladder Trouble
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

COMMANDS ITALY'S BATTLE FLEET

The Duke of the Abruzzi, the new Italian naval commander and his flagship.

They kept on coming. My company commander, seeing how things were, jumped out of the trench and ordered our men to meet them with the bayonet. But, Lo! bless you, they were like locusts and drove us back by sheer weight of numbers. There was nothing for it but to retire as best we could, though we lost heavily in the retreat. However, we got back to the unoccupied line of trenches two hundred yards in the rear and held on there.

"It was getting dark by this time and we wondered if our relief was ever coming. With their aid most of us figured the night would be a long one, but we averaged our losses. But nothing compared to that of our senior major, who took command after the colonel was wounded.

"He passed down the line and told the men that they must drive the Germans out.

"They are stronger than we are," he said, "but I know that you boys can do the job. Remember we must capture that trench or the regiment's position on our right will become untenable.

Attack in the Night

"And so we pulled ourselves out of the trench and began our advance. The ground was as flat as a billiard table and the mud was awful. Right in my right boot, and I had lost my right boot, and my good many of the chaps were in the same plight. It was like traveling through a quagmire, and it was impossible to move at a quicker gait than a slow march.

"Then we were puffing and blowing like grampuses, but in spite of the noise we didn't think the Germans heard us coming. In fact, I believe that we might have reached the trench without being perceived, but for one of those booming star shells bursting overhead and revealing our line. Then they gave it to us—machine gun and rifle fire. It was though hell was let loose. We flopped down in the mud and fired at the flashes of their rifles until the order came to advance platoon by platoon. With the officers leading the way we floundered on again, finally reaching the trench.

"We were bayonet and butt, hands and feet—a regular Donnybrook. Some of the North Staffords swept up from the right, and in a few minutes we had cleared the trench of all but the killed and badly wounded. It was a hot time, though, while the scrap lasted, and the Germans lost heavily."

"How about your own losses?"

"Well, they were heavy, too. In my company of 180 effective only 48 are left. The Black Yorks, had another company of 100 left. All told the day's fighting cost the battalion upwards of 800 killed and wounded."

"Including yourself, of course?"

"The sergeant-major ridden under his bandage.

German Used Teeth

"Well, it's what you might call a wound, and then again you mightn't. You see," he explained, hesitating, "I had tackled a big German and had thrown him to the ground, but before I could get up he had taken a part of my right ear off. Ever since I have suffered from blood poisoning."

WHAT ONE MAN ACCOMPLISHED

A City In California Which is Devoted Exclusively to the Production of Moving Pictures

ENTRANCE TO UNIVERSAL CITY, THE WONDERLAND TO WHICH ALL MOVIE LOVERS ARE INVITED

A few years ago a man named Carl Laemmle was worrying along with a few hundred dollars capital trying to convince his friends that there was a good field in moving pictures. The majority of those who talked with him as a crank—placed him in the same category with those feverish investors who talked perpetual motion and the fourth dimension. A few others believed that he was a modern industrial prophet and those few are now so well-to-do that they require the services of a masseur to fight against the obesity which comes of opulence and a good appetite.

Mr. Laemmle first got a good grasp on the pulse of the moving picture industry and he has not let go yet. He organized the Universal Film Manufacturing Company. He says the weaker elements drop by the wayside. He began making pictures in a modest way with a few companies, but his product was in demand. About a year ago the Universal company built the largest and most up-to-date studio in the world at Hollywood, California. It has a capacity of 20,000 feet of finished film a week. It has commanded the attention of every moving picture producer in the country because of its perfect modern equipment.

employed for the transportation of material and people from the studios to the ranch and return. The Zoo Squared in the middle of the ranch is a zoo. The cages are built around a large animal stage, a wire-walled arena, connected with the cages by runways. The company owns elephants, camels, zebras, water buffalo, lions, tigers, bears, leopards, wildcats, wolves, monkeys and fifty different species of dogs, these in addition to horses, cattle, sheep and a collection of birds.

The medical department will be of first importance in the new city. A hospital, which is thoroughly modern and extensively equipped, contains eight beds, an operating room and a fully equipped pathological laboratory. The sanitary measures used on a moving picture ranch are similar in every way to those used by the military during camp and active practice. In taking of western war and animal pictures, even though the utmost care be exercised, minor accidents are frequently recorded.

March 15, and which has its mayor, chief of police, fire department, school, church and theatre, and is the first and only city of its kind in the universe. And when it is considered that the man who created this wonderful city came to America a few years ago in the steerage of a steamship, and upon his arrival in this country started out to make a success with only a few coppers in his pocket, the achievement is remarkable. That man was Carl Laemmle who, on March 15, will officially open the city.

Edith Taliaferro in Jesse L. Lasky's production of "The Quaker Girl." The next picture is "The Girl in the Red Velvet Gown," announced March 15. Samuel Goldfish announces on behalf of the Folies Bergere, of which Jesse Lasky is the leading entertainer, and the hit that she made here was responsible for her engagement in the title role of "The Quaker Girl," a success which literally meant fame and fortune for the young artist.

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered for Forty Years Until He Used "Fruit-a-tives" "Bronte, Ont., Oct. 31st, 1913. "For about forty years I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies which never did me any good. Then I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy.

My son suffered from the same trouble and frequently had to leave off working, but "Fruit-a-tives" remedied it for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use "Fruit-a-tives."

Rheumatism

A Home Cure Given by One Who Had It In the spring of 1898 I was attacked by muscular and inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when such relief is thus offered you free? Don't delay. Write today.

THE ISOLATION OF GERMANY

Text of Britain's Strong Retaliatory Measures Against Kaiser's Pracy

London, March 15.—The British order-in-council decrees retaliatory measures on the part of the government to meet the declaration of the Germans that the waters surrounding the United Kingdom are a military area, was made public today in the Official Gazette. The text of the order-in-council follows: "First—No merchant vessel which sailed from her port of departure after March 1, 1915, shall be allowed to proceed on her voyage to any German port. Unless this vessel receives a pass enabling her to proceed to some neutral or allied port, and if not requisitioned for the use of his majesty, be restored by order of the court upon such terms as the court may in the circumstances deem to be just to the person entitled thereto.

"Second—No merchant vessel which sailed from any German port after March 1, 1915, shall be allowed to proceed on her voyage with any goods on board laden at such port. Goods so discharged in a British port shall be placed in the custody of the marshal of the court, and if not requisitioned for the use of his majesty, shall be detained or sold under the direction of the prize court.

"Third—Every merchant vessel which sailed from her port of departure after March 1, 1915, on her way to a port other than a German port and carrying goods with an enemy destination, or which are enemy property, may be required to discharge such goods in a British or allied port. Any goods so discharged in a British port shall be placed in the custody of the marshal of the prize court, and unless they are contraband of war shall, if not requisitioned for the use of his majesty, be released by order of the court upon such terms as the court may in the circumstances deem to be just to the person entitled thereto, and provided that this article shall not apply in any case falling within articles two or four of this order.

"Fourth—Every merchant vessel which sailed from a port other than a German port after March 1, 1915, and having on board goods which are of enemy origin or are enemy property may be required to discharge such goods in a British or allied port. Goods so discharged in a British port shall be placed in the custody of the marshal of the prize court, and if not requisitioned for the use of his majesty, shall be detained or sold under the direction of the prize court.

"Fifth—Any person claiming to be interested in or to have any claim in respect of any goods not being contraband of war placed in the custody of the marshal of the prize court under this order or in the proceeds of such goods may forthwith issue a writ in the prize court against the proper officer of the court and apply for an order that the goods should be restored to him, or that his proceeds should be paid to him, or for such other order as the circumstances of the case may require.

WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, and make your hair so soft and lustrous, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

MRS. ROCKEFELLER

The Life Story of Wife of Multi-Millionaire Oil King

The Times announced the death of Mrs. Rockefeller, wife of John D. Rockefeller, the other day. Some particulars about her will be of interest. She was born in Wadsworth, O., of well-to-do New England parents, on Sept. 9, 1838. She was her husband's junior by three months. As a child she lived in Wadsworth, in Burlington, Ia., in Akron, O., where her father, Harvey B. Spelman, achieved a considerable success in goods business, and later in Cleveland. In the grammar school at Cleveland she met John D. Rockefeller when they were fifteen years old.

Rockefeller was a country boy. She was the daughter of one of Cleveland's chief citizens. His home was a little farm house; hers, one of Cleveland's handsomest residences. His associates, outside of school, were mostly farmers and country boys; hers were talented folk of affairs drawn to the city. Her father's business was in the oil business, and she was a member of the Ohio legislature.

Laura Spelman's schoolmates knew her as a quiet, studious girl, who would rather read a good book than go to the theatre; as a devout churchgoer, and as a girl who was always well dressed in good taste, avoiding extremes and seeking simplicity. She was intensely practical and home-loving. In school she caused some surprise by taking not only the prescribed course, but bookkeeping and shorthand. At high studies, little pursued by young women in those days.

A "Perfect Teacher" During Rockefeller's early manhood, she encouraged an earnest marriage. After John had established himself in his first place—as bookkeeper at \$800 a year—she left Cleveland to study at Worcester, Mass. She returned when she was twenty, taught in Cleveland's public schools and renewed her friendship with young Rockefeller.

Either Way—Drugs Are Harmful!

If a tea or coffee drinker, have you stopped to think that, with every cup, you are taking from 1-12 to 3 grains of caffeine, a slow but powerful drug! According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.

Sometimes, when the drug gets in its ticks, you'll realize the harm it does; but wouldn't it be better to avoid trouble—stop both tea and coffee now and use Postum. It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives Postum a snappy delicious flavor, but it is absolutely free from caffeine, or any other harmful ingredient.

Postum comes in two forms:—Postum Cereal—requires boiling—15c. and 25c. pkgs. Instant Postum—a soluble form—no boiling required—made instantly in the cup with hot water—30c. and 50c. tins.

The difference is only in the form. Both kinds are equally wholesome and delicious and the cost per cup is about the same. Be sure to ask for the kind you want.

WILL EASE YOUR THROBBING HEAD-- AND STOP DROPPINGS IN THE THROAT

To Cure Sniffles and Clear Stuffed Nostrils Nothing Equals "Catarhazone"

You can end a cold mighty quick—cure it completely—by Catarhazone. Any sort of Catarrh, whether in nose, throat or bronchial tubes, can be driven forever out of the system by simply breathing in the healing vapor of Catarhazone. It's in the nostrils and air passages that Catarrh germs breed. The germ-killing vapor of Catarhazone means instant death to these germs—means that a healing process is started throughout all the sore membranes, thereby effectually ridding the system of the real cause of the trouble.

Catarhazone promptly opens up clogged nostrils, takes that irritating pain out of the nose, prevents the formation of hard painful crusts. If there is a nasty discharge it disappears with a few hours' use of Catarhazone Inhaler. If a bad cold keeps you sneezing, if you have dull frontal pains over the eyes, you'll get the speediest cure possible with Catarhazone. Years of wonderful success in Europe and America have proved Catarhazone a specific for all catarrhal, throat, bronchial and breathing-organ troubles. Simple, pleasant, safe and sure. Use the tried and proven remedy. Any dealer who has dull frontal pains over the eyes, a running nose, or a sore throat, should at once purchase a supply of Catarhazone, large complete outfit \$1.00; small size 50c; trial size 25c.

As for mechanical strength the White Sox have plenty to win a pennant, provided the spirit lasts and they have the luck. But no other team in the league outclasses them far enough to lay claims to the pennant if things break luckily for the Sox and badly for them.

FAIRVILLE FIREMEN HAVE PLEASANT SOCIAL TIME

The casual visitor at the engine room of the Lancaster fire department usually sees the fire fighting apparatus and perhaps the engineer giving a little attention to one part or another of his special charge. An odd man may also be attending to other routine duties and the whole appearance of things bespeaks watchful readiness.

Last night however the members gathered for a little relaxation and upstairs in their snug quarters made merry with their friends for several hours undisturbed by fire going or other alarm.

Wm. Fox presided at the piano most acceptably and following him lead the boys broke into a song, dirty or shabby whichever happened to be nearest. Harry Brownell and Wm. Gorte handled the accordions and their line of music embraced everything from grand opera to Saucy River.

If there was any chairman Wm. McAuley was that functionary but his duties were easy and the programme was mostly spontaneous.

Refreshments were served, after several hungry sprints, of questionable etiquette, had remarked, at the lateness of the hour and their fondness for choice coffee. The boys had a good time all right and are already planning anticipating the next celebration.

MR. MACKEIGAN IS MODERATOR

Officers Chosen By The St. John Presbytery

DR. MACVICAR'S RESIGNATION

St. Andrew's Minister Will Resume Mission Work in Honan—Departure Regretted—Appointments in Home Mission Fields

At the meeting of the Presbytery of St. John held in St. Andrew's church this morning reports for the last year were presented and officers for the coming year elected. Rev. J. A. MacKeigan was selected as moderator.

The resignation of Rev. Dr. J. H. McVicar of St. Andrew's church who is to leave at the end of the month to resume missionary work in Honan, China, was accepted with general expressions of regret at his loss.

An unusual course of procedure was decided upon in connection with the Norton field. For two years this congregation has had no settled minister although twenty candidates have been heard. A committee was appointed to inquire into the causes of the long delay.

Those present were: ministers, Rev. G. Pringle, moderator; Rev. Messrs. J. Ross, J. J. McCaskill, F. Baird, clerk, M. S. Mackay, J. H. A. Anderson, W. Townsley, J. A. MacKeigan, B. H. Manuel, W. W. Malcolm, T. A. Mitchell, J. H. McVicar, J. A. MacKeigan, B. J. Miller, J. Colman, L. J. King, C. Mortimer, F. G. Mackintosh, F. W. Thompson, A. J. Langlois, J. F. Mackay, H. B. Drummond, D. W. A. J. W. Bock, E. D. Hattie, Elders, R. Scott, P. T. Murphy, Hon. J. G. Forbes, W. S. Clouston and C. B. Spear.

The Officers

The election of officers for the coming year resulted in the choice of the following, moderator, Rev. J. A. MacKeigan, St. John; clerk, Rev. Frank Baird, Woodstock; treasurer, Peter Campbell, St. John; treasurer traveling expense fund, Rev. J. H. A. Anderson, St. John.

The report of the treasurer of the traveling expense fund was presented by Mr. Anderson.

Mr. Campbell presented his report as treasurer for the last year showing balance of \$921.16, receipts \$921, total \$1842.16; expenditures \$823.12, balance \$1019.04. The audit committee was named as follows:—Messrs. Willey, Scott and Mortimer.

The clerk presented the report on the presbytery roll showing eighteen self-supporting churches all well up in the list, thirteen augmented charges of which two were vacant, four mission fields with ordained ministers. The summary showed: Elders, increase of five; preaching stations, increase of twenty-five; individuals, decrease 185; families, increase, one hundred and twenty-four; Sunday schools, increase, 985; added by profession of faith, decrease six; eight; by certificate, decrease, fifty-eight; communicants, decrease, thirty-four; missions, \$9,171, increase \$25; total budget, \$10,088, increase \$25.

Rev. Mr. McVicar's Resignation

The clerk then presented the resignation of Rev. Mr. McVicar, D.D., of St. Andrew's church, St. John, for reasons of making an extended visit to Honan where he had been a missionary in pioneer days.

W. C. Whittaker and Alex. L. Law, commissioners for the session of St. Andrew's, appeared before the presbytery to present the resignation.

Dr. McVicar was heard and explained that he had long planned a visit to his former field in China. He had resumed his study of the language and if, after a year there, he found he had recovered his fluency, he intended to offer for permanent work there. Dr. McVicar spoke in the highest terms of the treatment he had received at the hands of his congregation and the presbytery and the regret he felt at leaving.

Messrs. Whittaker and Law for the session, H. C. Rankine for the congregation and Hon. J. G. Forbes were heard conveying the assent to the change, but also the sincere regret of the congregation.

Rev. J. J. McCaskill, in moving, and Rev. J. A. MacKeigan, in seconding, a motion to accept the resignation, paid high tributes to Dr. McVicar. Rev. Messrs. Thomson, Ross and Calhoun also spoke in the highest terms of the esteem in which he was held.

The resignation was accepted, to take effect after March 28, his name to be retained on the constituent roll of the presbytery. Rev. Mr. Dickie was appointed western moderator and the congregation given permission to moderate in a call.

Rev. Gordon Dickie presented the report of the home receding commission. As a result of his report on the situation in Norton, which has been vacant for two years although twenty candidates have been heard, a committee was appointed to inquire into the reasons for the delay. The committee consists of Rev. Messrs. Dickie, Thompson and McKeigan.

The appointment of Rev. N. S. Mackay of Waseg to Kirkland was recommended.

The appointment of George Gough as ordained missionary for Scotch Ridge for two years was recommended to the synod.

The issue of presbytery certificates to Kenneth Baird and George Scott was recommended.

Rev. Wm. Mathewson was heard in a five minute address before the presbytery adjourned for lunch.

WHO WILL JOIN THE AIR CORPS?

Colonel Armstrong is Asked To Sign on Recruits

TODAY WITH THE SOLDIERS

Artillery Lads to Halifax Tonight—The Route of March—Examinations—Mobilization Point of 55th Not Yet Announced

Recruits are wanted in St. John for the Royal Aviation Corps. Lieut-Col. B. R. Armstrong received orders this morning to sign volunteers for service in this branch. Are there any men in St. John or through New Brunswick who have had experience in aerial manoeuvres? It would seem that these are the class of men desired for the new corps which will probably be centered prior to going overseas, in Upper Canada. The understanding is, however, that skilled mechanics who might have a knowledge of repair of the air-machines would be valuable factors in the ranks of the corps. At any rate Lieut-Col. Armstrong would be pleased to hear from any volunteers in either connection.

An Revolt!

The artillery unit for garrison duty at Halifax has been completed and the men will entrain this evening under Captain Allen. The unit will comprise seventy-five men and officers. This evening at 10.30 o'clock they will land from Partridge Island, at Rock's Point, and there relatives may go among the ranks to bid a hasty farewell. Headed by the Artillery Band the lads will then proceed along William, into Duke, along Charlotte, to King, and thence via Dock and Mill streets to the Union Depot where they will be given a hearty send-off on the late Halifax train.

Early Mobilization.

H. Wellwood of the construction department of the C. P. R. at Montreal, arrived in the city this morning to supervise the arrangements for the mobilization of the Canadian Railway Construction Corps. He will be an officer in the new unit but as yet has not been gazetted so that his rank is unstated. Some 500 men are required to fill the ranks, and they can be secured with ease. Applications for posts with the corps have been received from all parts of Canada, and from the United States. In fact a letter reached the city today for Lieut-Col. Ramsey, O. C. the corps, from San Francisco, asking for a place in the roll. The names of twenty recruits have been taken by H. A. Brennan, in this city up to noon today. Only the better class of volunteers is being enrolled, with a careful process of elimination.

Inspection Today.

Major Pappageau, of the R. C. R. at Halifax, will be in the city this morning and left again at noon after making the final examination of the candidates for commissions being gazetted today. After taking the course of instruction here the examinations were conducted by himself and Capt. L. A. Peters, of the corps, and were very successful under the direction of Sergeant Instructor Ford and he has become most popular during his stay in the city.

Today's Drill.

Riding without saddle and with saddle, manoeuvring on horseback, and becoming generally acquainted with the work of equitation as required, were the features of today in West St. John. The school of equitation for officers and men was opened this morning and training given. With the 20th company drill was continued, while the 6th Mounted Rifles practised squadron drill.

D. MCKENZIE WINS

The elimination English billiard tournament in the Ideal Parlors, was brought to a close last evening when D. McKenzie defeated W. Gribble, 200 to 182. The match was for the championship and was one of the most keenly contested in the tournament. After the game McKenzie received a beautiful silver cup, emblematic of the championship. H. Groves was the winner of a billiard case presented to the one making the highest break during the tournament. The management are planning for another tournament, which will be run on a handicap basis.

DEATH OF MRS. EDITH M. GREEN

The death of Mrs. Edith M. Green, wife of Archibald Green, occurred at her home, 2 City Road. Before her marriage she was Miss West of Nappan, N.S., and had resided in St. John since her marriage. Mrs. Green, who was forty-one years of age, is survived by her husband and six children, four girls and two boys all at home, and a half brother, Mr. Henwood, and a half sister, Mrs. Casey, in Nova Scotia. The funeral will take place on Wednesday afternoon at 2.30 o'clock from the Mission church.
