Commissioner Frink Wants Depot Word First From C. N. R.

FRENCH NOT TO LEAVE RUHR FOR YEAR

SAYS DEFINITE STATEMENT ON STATION NEEDED

Public Works Commissioner Would Like to Hear of Money Appropriated.

COST DIVISION

Says Difficulties Would Be Quite Easily Smoothed Away.

Commissioner Frink this morning expressed the opinion that it was for the Canadian National Railways management to say whether they intended to build a new depot at St. John and if it was announced that the money had been appropriated for this purpose the points at issue between the railway and the city in regard to apportionment of cost would soon be smoothed away. But until the railway had given some evidence of a bonafide intention to erect a station, he said, the council was justified in the stand it had taken.

"If Sir Henry Thornton or any of his authorized agents," said Commissioner Frink, "will say he is willing to support an estimate for the construction of a railway depot and its accessories at St. John and attempt to make provision for it at the next session of Parliament, all the difficulties about the overhead bridge and the apportionment of the cost will fade away like snow before the summer sun, but until he makes such a statement the railway cannot expect much consideration in this matter."

Ill, Jumps Five Stories to Death

New York, Aug. 12.—While hundreds of people looked on as a fat man Joseph Rosenstock pleaded with him not to jump, Charles Hubka, 60 years old, hurled himself from the roof of a five-story tenement. After breakfasting he went to the roof, saying he wanted to "get a breath of fresh air." He sat down on the cornice of the adjoining tenement, his feet dangling over the edge. He was under the impression that something would be heard in this connection.

By LLOYD ALLEN (United Press Staff Cor.)

Well informed observers expect word as to the date of evacuation by tonight. A final protocol incorporating all agreements reached at the conference may be signed Friday. Native ripe tomatoes, some green tomatoes and a few summer squashes were brought down the river steamer's Majestic and Hampton yesterday. The boats brought fair freights of country produce. Raspberries were in sharp demand and there were only a comparatively few crates offering so the price went to 20 cents a box. There was a big quantity of blueberries and the price slumped to from 10 to 12 cents a box. Only a few new potatoes were on board and these brought from 90 cents to \$1 a bushel.

St. John's, Nfld., Aug. 11.—On Friday and Saturday the views of the House heard by the committee of both Houses on the proposed measure regarding the sale of alcoholic liquors. The Government has, however, decided to introduce it as a party measure and it is anticipated the bill will be passed. Its purpose is the repeal of the Prohibition Act. It will permit the sale of wines and beer in hotels and the purchase of alcoholic liquors by individuals to the extent of a bottle a day. The different districts will be enabled to state whether or not they desire distribution centres which will be limited to one to 5,000 of the population.

THE CITY AND C. N. R.

The City Council cannot make any mistake in taking up the matter of the railway station at the earliest possible date. There should be no haggling over terms if the erection of the station can be brought about. We want the C. N. R. to take more interest in St. John, and its interests are ours, so far as the development of facilities is concerned.

THE LAST TRIBUTES.

The impression Hon. Frank B. Carvell made upon Canada by his strong personality and eminent service is revealed in the eulogies that have been pronounced, and in the number of those who journeyed far to pay their last tributes to his mortal remains.

A HEARTY WELCOME.

St. John gave a cordial welcome yesterday to the latest representative of the British navy to visit the port. The Lieutenant-Governor's dinner last evening was a most agreeable greeting to dependence everywhere else. The right phrase will be found or a passable one will grow familiar, but the main point will be to fashion sound working relations between the various states.

CANADA'S ATTITUDE APPROVED.

The statement issued by the Prime Minister of Canada last week makes it clear that the proposed conference between representatives of the British Government and those of the Dominion overseas is intended to be preliminary to a later and more extended conference. Hon. Mackenzie King explains that the communication sent out by the British Government suggested a conference to make a preliminary examination of problems arising in connection with questions of foreign policy, and make a report as a basis for further discussions.

represent Canada. Obviously, when the later conference takes place, it will be desirable for the Premiers of the Dominions to be present. The question of the status of the Dominions in international negotiations has perhaps caused more discussion in England than in the Dominions themselves. This has arisen from the fact that Canada's attitude in regard to the Lausanne Treaty and the present Inter-Allied Conference in London brought the whole matter very sharply to the attention of the British Parliament and press.

The Manchester Guardian regards it as a matter of course that, since the seven different parts of the Empire are recognized as distinct members of the League of Nations, it is only natural they should want to exercise other privileges of individual nationhood; and it sees in this no cause for alarm. The Guardian says this is the latest stage of the Empire's growth as distinct from Blackstone's views of the colonies, which he described as not parts of Britain, but real dependencies subject to her will and usable by her for her advantage.

The Ottawa Citizen remarks that the last minute recognition of Canada's claim to be represented at the Inter-Allied Conference left something to be desired, and that it would have been a blow to co-operation between the nations under the British flag if citizens of the Dominion had only been permitted to look on when three members of the British Government made new terms with the nations whose representatives those of the Dominion met on an equality in the League of Nations.

1. Great Britain can not go to war without the consent of all the other democracies. 2. Great Britain therefore can not undertake any treaty obligations involving a possible recourse to war unless the other British democracies share that obligation with her. 3. The control demanded by the Imperial Parliament over incurring such obligations must be conceded to the Dominion Parliaments on the same terms. 4. The Dominions must be represented by the Crown delegates at all the negotiations concerning these obligations.

"Fighting Frank"--By "The Gallery Man"

Carvell was frequently spoken of as "Fighting Frank." The adjective was well earned: for if ever there was a dour political fighter, it was Frank B. Carvell. He was a strong man on the platform, but his strength did not lie in his eloquence. There was but little magnetism in any of Carvell's speeches, but there was an abundance of forceful facts—and he drove them one after the other just as a carpenter would drive spikes, and always added a final swing of the sledge-clinch such as "I never saw a man who was a speaker and nothing but a speaker."

after they happen. Fowler made a mistake, he knew it, and his friends knew it, whether the result of the voting was due in any great measure to the imperturbability and facts driven home by Carvell or not. "Fighting Frank" won considerable additional support from his joint meeting with George Fowler. I was present at another open-air joint meeting at Moncton in the by-election campaign, when Dr. E. A. Smith opposed the return of Hon. P. G. Mahoney, who had been chosen Minister of Public Works in the George Clarke government. The campaign called out many speakers on both sides of politics. There was unusual interest in it for the people. Hon. John Morrissey, who died a few days ago, had resigned the Public Works portfolio at the request of his leader. In his reply to Premier Clarke, he had made many statements concerning some of the Liberals to allow Mahoney to be returned by acclamation, inasmuch as a general election could not be delayed very long. Better counsels, however, prevailed. Dr. Smith was nominated and the fight was on. Mahoney and his colleagues had been returned four years before by a majority between five and six hundred and it was only the hope of an aroused public opinion finding expression that made Dr. Smith have any chance at all. The present Premier, as a general organizer, took charge of the campaign for the opposition forces. That keen politician, able editor and vigorous fighter, John T. Hawke, was also in the old country, but his newspaper, the Transcript, rendered the ablest service and splendid assistance to the campaign. The opposition press was particularly virulent and one of the editorials in the local paper contained a bitter attack upon Hon. C. W. Robinson and the late Hon. Frank Sweney as members of the Government. The Transcript, however, was not the only paper to remember the polling day organization in the Parish of Moncton at Sumner, where Robinson worked all day and his last effort was a forced automobile drive to Berry's Mills, where fourteen electors had been the train. The roads were bad and the distance about eleven miles. Robinson and Sweney were followed and seven of the voters who were wanted to vote for Mahoney.

THE GALLERY MAN. a committee to make the necessary repairs. Councillor Potts then took the chair and the finance committee was called to order. The report of the committee was adopted and the plans for the court house approved. The contract is to be signed at once and the work of restoration rushed along as fast as possible.

EAST ST. JOHN HAS NEW FIRE STATION

The buildings committee of the Municipal Council at a meeting yesterday afternoon recommended the acceptance of the tender of James Sproul, \$88,959, for the restoration of the court house. This recommendation was adopted by the finance committee at a session held later in the afternoon. A letter was sent to the buildings committee by S. A. Williams, explaining his reasons for withdrawing his tender, but this was not read. The buildings committee was called to order by Warden Wigmore, who stated it had been called, on account of the withdrawal of Mr. Williams, to reconsider the tenders for the restoration of the court house, and said he had a letter handed to him by Williams, which he read to the committee. Councillor Potts said he did not think the letter should be read and the chairman, after looking it over, said it was practically what he had stated to the finance committee on Friday last, that Mr. Williams, whose bid was \$68,178, was unable to sign the contract, because the masonry contractor had made a mistake.

Mr. Williams' letter in part follows: "I estimated the carpentry work myself and received bids for the other trades. When I heard that my bid was the lowest I got in touch with the masonry sub-contractor who had given me a bid for the masonry work, and he stated that it would be impossible for him to go on with the work at the price which he had quoted to me, as he had discovered that in his tender to include an item of \$5,850 for tiling and in consequence of his refusal to go on with the work under the price which he had quoted to me, I was forced to withdraw my bid. I am prepared to go on with the work at the price submitted by me plus the \$5,850 for tiling which the mason had omitted."

It was moved by Councillor Harding and seconded by Councillor Bullock that the tender of James Sproul, \$88,959, be accepted and recommended to the finance committee. This carried. The chairman said he would like to have authority to make some repairs at the jail building. The wall of the registry office was in danger of falling, and some repairs should be made to the building. The Warden and Councillors Potts and O'Brien were appointed a committee to make the necessary repairs.

THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, AUGUST 12, 1924

VICE-ADMIRAL IS GUEST AT DINNER

Sir James Fergusson Hopes Canada Will Stand by Navy.

That when the future of the Navy became a question for the people to decide he trusted that the people of Canada would raise up their voices in an unanimous approval of its continuance, was the hope of Vice-Admiral Sir James A. Fergusson, K.C.B., C.M.G., R.N., expressed in his very brief address in responding to the toast in his honor at the complimentary banquet tendered him by Lieut-Governor Todd at the Union Club last night.

The tables were set in the form of a "T." Large vases of sweet peas were the only decorations.

At the conclusion of the dinner Lieut-Governor Todd proposed the toast to the King, which was pledged to the accompaniment of the National Anthem.

The Lieut-Governor in a very short address thanked his guests for their attendance, and for their support in welcoming to St. John the command-in-chief of the North Atlantic squadron of the British Navy, Sir James A. Fergusson. From the pages of history one had gleaned an idea of the glorious deeds and valor of the men of the Navy, and only during the last few years had the present generation been able to witness some of the things the Navy could do.

In welcoming Sir James, His Honor said that the citizens of the province and of St. John, were stretching a hand across the ocean and strengthening the already strong bonds which joined this country with the Motherland. Of the loyalty of this country there was no doubt, but such occasions as the present offered an opportunity of expressing that loyalty.

Lieut-Governor Todd spoke feelingly of the death of Hon. F. B. Carvell, chairman of the Board of Railway Commissioners, in Woodstock on Saturday. He spoke of him as a man, really a big man of Canada, and one whose place would be hard to fill. To his widow he extended the most heartfelt sympathy of the assembly.

In concluding he proposed the toast to Sir James A. Fergusson and his officers.

speech. He thanked the Lieut-Governor and the citizens of St. John, and of the Province, for their cordiality and hospitality.

Being a member of the navy he could not say whether the complimentary things which the Lieut-Governor had said about it were justified. Since the war the navy has been decreasing. He lamented this and asked that, when the future of the navy became an issue for the people to decide, the people of Canada would raise up their voices unanimously for its continuance.

Sir James then asked his fellow officers to pledge a toast to the Lieut-Governor and his other guests.

An orchestra played a programme of music during the dinner and afterwards. Lieut-Governor Todd suggested to them that Sir James, being a Scot, might appreciate a few Scottish airs, to which suggestion the musicians responded by playing several of the well known compositions.

The National Anthem brought the entertainment to a close.

The Guest List.

Lieut-Governor Todd was seated in the centre at the speakers' table, on his right Vice-Admiral Sir James A. Fergusson, K.C.B., C.M.G., R.N., at his right was Rt. Rev. E. A. LeBlanc, D.D., Bishop of St. John, and Hon. H. A. McKeown, Chief Justice King's Bench Division, Supreme Court of New Brunswick. At the Lieut-Governor's right was His Worship Mayor Potts, Flag Captain Henry K. Kitson, chief of staff, and Senator J. W. Daniel. Seated at the long table, stretching the full length of the room, were Hon. Dr. J. B. M. Baxter, K.C., M.P., Lieut-Colonel H. C. Spaulding, D.S.O., Hon. Dr. W. F. Roberts, M.L.A., C. B. Lockhart, C. GAMBLING ONE CAUSE.

The Kingston Standard finds in the notorious Leopold-Loeb murder trial in Chicago a stern lesson against gambling. The paper quotes the State Attorney as claiming that the two youths planned the crimes of kidnaping and murder after they had lost considerable money through gambling, and that the principal qualification of their victim was that his father should be wealthy.

The Standard admits that there are differences of view regarding gambling, but it adds that if a general opinion could be obtained there is no doubt it would be that gambling had better be left alone. No one knows where the vice will lead to, says the paper, which quotes George Washington that the evil is "the child of avarice, the brother of intemperance and the father of mischief." The paper expresses the hope that the Chicago murder case will at least bring the dangers home to some people.

DEATHS

Mrs. T. H. Sime.

West St. John mourns the death of Mrs. Eliza Olive, widow of Thomas H. Sime, one of the oldest and most highly respected residents of that district, who passed away at her residence, Prince street, yesterday.

The late Mrs. Sime, who would have celebrated her eighty-eighth birthday on Monday, next, had she lived, had been an invalid for several years. She was a daughter of the late Mr. and Mrs. William Beattie, West St. John, and was the sole survivor of that family who for many years were prominent in the development of shipping and lumbering in the days when the West Side was most active in those industries. Her father was a prominent mill owner and also conducted an undertaking establishment. Her husband was Lloyd's agent up to the time of his death, 12 years ago.

Mrs. Sime was a Methodist and was a leader in church work for many years. She also carried on, unostentatiously, generous charitable work and was prompt in relief of needy cases so that she will be greatly missed by a number who benefited from her bounty in that regard.

Nephews and nieces who survive are: F. C. Beattie, William Beattie, Mrs. W. B. Brown, Miss Maria Beattie, Miss Louise Beattie, Mrs. Domville Beattie and Miss Florence Beattie, all of this city, and Mrs. (Dr.) Coulthard, Mrs. H. Fenety and Miss Lydia Hunter, Fredericton, Mrs. Harry Stevenson, Sydney, N. S., and Mrs. George Farlinger, of Port Arthur, Ont.

The funeral will take place on Wednesday afternoon from her late residence, with services at the house by Rev. Dr. Weddall, Fredericton, and Rev. W. H. Sampson. Interment will be in Fernhill.

John Kane.

The death of John Kane, aged 82 years, occurred suddenly at St. Martins on July 27. He is survived by his wife, three sons, Henry, at home; John of Seattle and Frank, of Washington and one daughter, Mrs. Louise Groves, St. Martins. He came from Ireland at the age of four years and has lived practically all his life in St. John county, with the exception of one year in Pennsylvania, when a young man. He was engaged in the lumber trade. Interment was at Mosher Hill with Rev. Mr. Dickinson, officiating.

Mrs. J. F. Kempster.

Many friends will learn with regret of the death of Edith, wife of J. F. Kempster, which occurred yesterday at her residence, Westfield Beach, Kings county, after a lengthy illness. Besides her husband, she is survived by four sons, Raymond, John, Russel and Allan, all at home. The funeral will take place on Wednesday from the residence to Woodman's Point.

FIND BODIES OF DROWNING VICTIMS

Halifax, Aug. 11—The body of Chief Petty Officer Leonard Hickman, of H. M. S. Republic, who, with Miss Nora Shea, of Halifax, was drowned in the Northwest Arm Sunday night when the canoe in which they were paddling upset, was located this afternoon close to the scene of the tragedy. Miss Shea's body was brought to the surface shortly after noon. Following the finding of Miss Shea's body a coroner's jury returned a verdict of "accidental death."

BOY SAMSON MARRIES.

Saxon Brown, known as "the strongest boy on earth," was married recently at Lewisham, England, to Dorothy Daves, who is said to be Britain's strongest girl. The bride is only 16 years of age, and for five months has been a pupil of Brown, who is now 19.

After the ceremony they went to a hospital fair at Catford to give their first show in a week's engagement.

By way of preliminary, Brown tackled a motor van, and gripping two of the spokes of the rear wheel, lifted it nine inches from the ground, and held it there for some minutes.

Feats performed later included crushing an apple to pulp in one hand, bending a bar of iron into the shape of a horseshoe, raising a 5-cwt. anvil on his chest, breaking an iron chain with his teeth, and lifting four men on a board.

The bride performed feats with a 66 pound dumbbell, and supported two men on a board.

Frocks For the Garden Party

By HEDDA HOYT (Fashion Editor of the United Press) New York, N. Y., Aug. 9.—Nearly every woman attends at least one garden party during the season. If she doesn't, she will at least want a garden party frock, for the vogue for things boyish has sent women hunting for the purely feminine frock. And when can one better wear the dainty summer frock than the garden party?

The garden parties which are held on the estates of Long Island and Westchester give proof of what's what for smart summer wear. Never have dresses been so luxuriously lace-trimmed, so fragile as to texture or so lovely as to coloring. There are the all-lace gowns, the lace and silk, the lace and tulle, the lace and chiffon and fluffly tulle. Colors follow pastel shades rather than brilliant ones, as bright colors are left more for sports wear. Yellow predominates at the garden party, as it does for evening and sports wear. Soft orchids and soft pinks are the favorite colors. A second. Black and white is also a favorite color combination and all white is popular, providing it is touched with color.

CHANGE MADE IN S. A. STAFF HERE

Brigadier Burrows Goes To Toronto—Major Burton His Successor.

Brigadier W. H. Burrows, divisional commander of the Salvation Army, has been appointed to take charge of Toronto west division, and with Mrs. Burrows will farwell here on Aug. 31 and leave for Toronto, Sept. 4. Brigadier and Mrs. Burrows have been attached to St. John for three years, and during that time have greatly furthered the work of the Army in this division. In a recent inspection visit Commissioner Scotton heartily congratulated Major Burrows on the progress which had been made. People throughout New Brunswick, members of the Army and laymen alike, will greatly regret the departure of Major and Mrs. Burrows. Major Burton, at present in charge of the Halifax division, has been appointed to succeed in command here. At the same time as Brigadier and Mrs. Burrows are farewelled, Staff Captain and Mrs. Ritchie will be farewelled also as the Staff Captain has been appointed to be divisional commander at Sydney. It is unusual to have the two leads of the organization removed at one time, but this has been made necessary by other changes, and what is St. John's loss is the gain of the district to which the two officers have been assigned. Staff Captain MacDonald, of interest locally is the appointment of Commandant Hurd, now in Halifax in charge of the financial department, to take charge as financial special officer at London, Ont.

ENJOY THE MARITIMES.

Captain Walter J. Woodman, retired United States army officer, of St. Augustine, Fla., is staying at the Royal Hotel with a party of friends on their way home after a trip through Nova Scotia. Captain Woodman said last night that he and the rest of the party had thoroughly enjoyed themselves on the trip and were delighted with the country. They had been fortunate, he said, in being here when the terrific heat wave of last week was rolling over Boston and vicinity. The party will remain in St. John until Wednesday and will leave then for Boston on the Governor Dingley.

A Chess Player's Move

Richard was a chess player and accustomed nightly to wage spirited warfare over the checkered board.

But here he was in a strange city with no acquaintance to sit opposite him in silent, tense, mental combat.

And even the most fanatical of chess fans will get tired, in time, of working out chess problems.

But, Richard, found a way, the way he wanted. He calls it "the want ad opening."

He inserted a personal advertisement to the effect that he would like to make the acquaintance of chess players so that he might have a regular opponent of his skill.

Now he plays every night.

Incidentally, there are hundreds of ways in which Times-Star ads can be of assistance to newcomers to St. John.

BROTHERS MEET AFTER 25 YEARS

Robert Story of St. John and Fred of Navy Have Re-union.

Robert Story returned on Monday from Halifax, where he went to visit his brother, Petty Officer Fred Story, who is a member of the crew of H. M. S. Repulse. When the two brothers met on Friday it was the first time they had seen one another for 25 years.

Petty Officer Story, who is now chief gunnery instructor on the Repulse, left the family home in Newcastle, in the north of England, when his mother died a quarter of a century ago. He joined the British navy and was transferred to the Australian navy. In 1922 he rejoined the British navy. During his long career as a man-of-war's man, Petty Officer Story has trained many young officers in the use of big naval guns. Among his pupils was the Prince of Wales, who is the throne lord of the line just the same as any other cadet and showed no disposition whatever to look for privileges that the rest did not enjoy.

The year after Fred left home Robert started for America and located in St. John, where he has lived ever since except for the time he spent overseas with the Second Divisional Ammunition Column under Lieut-Colonel W. H. Harrison.

While in Halifax the Story brothers were guests of Mr. and Mrs. Donald MacLennan, 38 Sherwood street. The reunion was a joyous occasion for both of them.

Follows Lead of Great Britain on Mutual Guarantees Action.

Geneva, Aug. 11.—The Dutch Government has followed the example of Great Britain and Germany and the United States, in rejecting the League of Nations proposed treaty of mutual guarantees. It was made known today in Holland that the treaty as it is, is contrary to the spirit of the covenant of the League but would be a constant menace to peace. The latter doubts whether such measures would tend to reduce armaments as the various nations would be likely to accept the limitations as a minimum instead of a maximum.

GEORGE FIFIELD
BOXES DRAW WITH
JOHNNY MCINTYRE

Carrying the fight to Johnny McIntyre practically all the way, George Fifield of Toronto, was awarded a draw last evening in the main bout at St. Andrew's rink, staged under auspices of the newly formed Commercial A. C. A last-round rally by Johnny probably caused the decision, but he has every reason to feel elated as by no stretch of imagination could any person think that Johnny was harshly treated by such a verdict. It must have been by taking everything possible in his favor that this decision was reached as the Toronto lad had far the better of more than two-thirds of the bout. The bout was billed for the junior welterweight championship of Canada, and the Upper Canadian started right out to annex it in the opening round. In the initial session and fought back, but was forced to accept considerable punishment. Fifield was on the local favorite all the way and in the fifth round appeared to have Johnny in serious trouble. An uppercut rocked the Toronto fighter and he appeared to have an overwhelming lead by the seventh round.

McIntyre rallied in the ninth, and had slightly the better of it in the tenth. In the tenth the local favorite cut loose in a desperate rally and backed Fifield to the ropes. An uppercut rocked the Toronto fighter and he appeared to have an overwhelming lead by the seventh round. They were boxing fast at the bell, although both were somewhat weary. The boxers both seemed to await the decision and a great many of the fans expected to see Fifield raised in token of victory owing to his long lead, established during the early rounds. However, when the judges handed in their decisions, a draw was awarded.

In the semi-final Sam Clukey of Boston, cleanly defeated Clyde McInnes of Toronto in the seventh and only the latter's gameness enabled him to weather the storm. Fight By Rounds. Round 1—After a brief moment's sparring the milling started and the men exchanged several furious blows to head and body. Fifield landed a terrible right swing to the head. They clinched and swapped heavy punches to head on breaking. McIntyre placed a well-timed right swing to the head. They clinched and another wicked exchange followed. The swings of both fighters landed with resounding thuds and McIntyre landed a heavy straight left to Fifield's jaw. Fifield's right arm went to the ropes when the bell ended the round.

Round 2—McIntyre sprang off the ropes and landed a terrific right cross to the chin. George retaliated with a telling left hook and after giving each other spicy head jabs and stonking blows, Fifield rushed Johnny to the ropes, but Johnny recovered quickly and placed two timely swings to the jaw. McIntyre planted a furious right swing to Fifield's chin and had Fifield swinging just a trifle loose when the round ended.

Round 3—The men rushed each other and both blocked cleverly. McIntyre planted a hot right swing to Fifield's body and ducked a furious retaliation. The McIntyre tried for a left uppercut during the infighting but missed. Fifield parked three or four springing jolts to the body and missed landing a trashy right cross by inches. The bell rang as the millers were exchanging short, swift head and body jabs. Seem Eager to End It.

Round 4—Both appeared eager to cut it short and tore each other with fierce jabs. They clinched and McIntyre located a speedy uppercut to the chin. The infighting continued in the greater part of the round and tearing body blows were exchanged with vengeance.

Round 5—After a short-lived spar they clinched and, after breaking, Fifield settled a jabbing right to the jaw. Uppercuts were freely received and Fifield settled a steaming right straight-arm jolt to the stomach and McIntyre countered with a right lead cross. Fifield blocked a swinging left and transferred a couple of whizzing jolts to McIntyre's head.

mixing it in the corner when the gong sounded. Round 9—George initiated this stanza with a jutting left jolt to the chin but was forced to give way before a barrage of left and right straight arms. Both flailed like windmills with neither showing a desire to stop. McIntyre was hooked on the chin and sagged. Fifield's chin with three beautiful straight jolts. They were exchanging furious body punches as the bell rang. Throughout the entire act the exchanges were fearsome with neither showing the least desire to give way. Both were looking for a chance to land the K. O. punch. Fifield almost tumbled through the ropes in a heavy exchange but recovered his balance immediately and tore into McIntyre with a hard right jolt to the chin. McIntyre ducked a swinging left and parked a thudding right cross to Fifield's jaw. Both exchanged furious swings and the pace they set gave the impression that the referee and four calling arms were the only contents of the scene. McIntyre let loose a terrible right swing to the chin but George did not let up for a second and they were exchanging several furious jolts to the head and body. The draw decision was a popular one.

Sam Clukey Wins. The preliminary was also a good one. Clyde McInnes, Halifax, entered the ring at 116 pounds, conceding eight pounds to Sam Clukey of Boston. Both were clever with the gloves and Clukey, especially show in the footwork. McInnes' gameness in sticking it out after he had been floored twice in the seventh round won for him the admiration and applause of the crowds. The McIntyre tried for a left uppercut during the infighting but missed. Fifield parked three or four springing jolts to the body and missed landing a trashy right cross by inches. The bell rang as the millers were exchanging short, swift head and body jabs. Seem Eager to End It.

Round 4—Both appeared eager to cut it short and tore each other with fierce jabs. They clinched and McIntyre located a speedy uppercut to the chin. The infighting continued in the greater part of the round and tearing body blows were exchanged with vengeance.

Round 5—After a short-lived spar they clinched and, after breaking, Fifield settled a jabbing right to the jaw. Uppercuts were freely received and Fifield settled a steaming right straight-arm jolt to the stomach and McIntyre countered with a right lead cross. Fifield blocked a swinging left and transferred a couple of whizzing jolts to McIntyre's head.

Round 6—Fifield rushed across the ring and McIntyre received a fierce right swing to the neck. McIntyre tore into Fifield's body. It appeared as if the latter were looking for an opportunity to land a haymaker. McIntyre landed a savage left jolt to the face and followed this up with a variety of body blows. Johnny looked to be a trifle winded and Fifield planted a right swing to the head. The men were clinched when the bell ended the round.

Round 7—McIntyre was more cautious at the opening of this session but the body blows the men exchanged brought low whistles from the fans. Fifield settled a seething uppercut to the chin but received a nasty left hook in return. Both slugged in the center of the ring and Johnny stopped Fifield with an imperative right swing to the jaw. McIntyre had Fifield backed against the ropes when the bell sounded.

Tenth Round a Slasher. Round 8—McIntyre started off with a wicked left swing to the chin. He seemed to have shaken off the lethargy which threatened to engulf him in the preceding rounds. Fifield continued his aggressiveness and settled a couple of short jolts to the head. Johnny placed a straight jolt to the chin and received in return a smashing swing to the face. Fifield snugged McIntyre's jaw with a heavy right cross and McIntyre neatly ducked a speeding right swing. Fifield unleashed a bombardment of body blows and the two were freely

DIGGS PITCHES ROYALS TO WIN

Freddie Diggs pitched masterly baseball last night and the Royals advanced to within half a game of third place by defeating the Machine Gunners, 6 to 1. The colored boys hit timely, Earle Nelson getting three hits in three times up. Price got two. Brooks and Price were the Gunners and pitched steadily.

are playing for N. B. TENNIS TITLES. Opening Matches in Championship Tournament Are Well Contested. The New Brunswick tennis championships are now being played at Sackville, N. B., and from all indications some thrilling contests will be staged before the conclusion of the series. Yesterday the preliminary events were run off and the enthusiasm and zest displayed by the contestants augurs well for a great struggle for the various titles.

While all of the matches on the card had a number of thrills some were more bitterly contested than others. The outstanding events on the opening day was a match in the men's doubles in which Schofield and Starr defeated Cudlip and Postler—4 all four members of the Rothsay Club—and Dorchester and Miss Hickman of Dorchester and Miss Betty Thomson of Rothsay, which was won by the former.

The best tennis for the week will be seen in the men's singles, and men's doubles, with several good matches promised in the mixed doubles. The ladies entry list is comparatively small, and great disappointment has been expressed in this regard. It had been expected that Bathurst, Newcastle and Chatham would be represented at this year's tournament, but to date only two North Shore entries have been received, both from Bathurst.

The following is the result of yesterday's play: Men's Singles: Frith defeated Jones, 6-4, 8-6, 6-3; Frith defeated Robinson, 6-2, 6-4; Trueman defeated Crocker, 6-4, 6-3; Biglow defeated Mercereau, 6-0, 6-2; Drumme defeated Hall, 6-1, 8-6. Men's Doubles: Schofield and Starr defeated Cudlip and Postler, 4-6, 6-3, 7-5; McInnes and Jones defeated Trueman and H. Hickman, 6-2, 4-6, 6-2.

TIPPETTS' HITTING WAS BIG FEATURE

The heavy bat of "Gene" Tippetts played a prominent part last evening in the Vets' 7 to 6 victory over the visiting Newburyport team, as his three hits, a homer, a triple and a single, all played a valuable part in the local scoring, and he registered himself no less than three times.

Eddie Ramsay also crashed out a double and a triple before he injured his leg in running out the latter hit and had to be carried to the bench by his teammates. McLaughlin led the locals and he greatly strengthened the Vets, playing also secured three hits.

Ray Hansen was on the mound for the locals and he hurled a beautiful game for the first six innings. He appeared to be in his old time form and he weakened, but managed to hold the home side to a total of two runs. He pitched a beautiful game for the first six innings. He appeared to be in his old time form and he weakened, but managed to hold the home side to a total of two runs.

Finamore made a beautiful running catch in center, robbing the batter of a triple and saving a run in the fifth. Phillips made a sensational stop of a hard drive, and by a beautiful peg to first robbed one of the locals of a nice hit.

A financial statement was submitted showing a deficit of \$1,282.76. A meeting of citizens interested in the Independent League was held at the city building. Plans for dealing with the financial situation were discussed.

A meeting of the Civic Baseball team was called last evening at the office of the city stables, Wm. Gormanly acting as chairman. The team was withdrawn from the league and the name changed to the Civic Stars. George Buckley was appointed manager; John Bain, business manager, and Robert McEachern captain. The battery will be chosen from Markham, R. McEachern and Gormley. The other players are: Bains, 1b; J. McEachern, 2b; G. Buckley, 3b; A. TO DECIDE TITLE IN GAME TONIGHT. A Win For Trojans Over Saints Will Give Them South End Crown. The championship of the South End League is at stake in tonight's game between the Trojans, league leaders, and St. John the Baptist, as the winner of the Trojans will clinch the title and the Saints will have to settle for the South End crown. The Saints are in perceptibly the Orange and Black has piled up a substantial lead in the best and hottest race in the history of the South End grounds and goes into tonight's game confident it can settle matters with the most dangerous competitors. The Saints got away to a wretched start, but with the advent of "Lack" Dalton has played capable baseball.

It will be a case of veteran versus youth in the box tonight. Twirling for the Trojans will be the reliable Leslie Kerr, a veteran in point of service but still young in years. Kerr has pitched winning ball this year for the Trojans and when going right is unshakable. He will have valuable aid with him tonight in the person of Eddie Cox, who is still without a peer in the amateur ranks as a backstop. This battery has seen service on many fronts and should give a good account of itself tonight.

Opposed to Kerr will be the promising young Dalton. The Saints pin their hopes on Dalton's pitching arm tonight. Already he holds two decisions over the Trojans and since his joining the line-up, the Saints have played largely been responsible for his team's great drive for the pennant. If he is backed up in the style he thoroughly deserves, he will give the Trojans many anxious moments. The hitting power on both sides is fairly even and the same applies to the fielding. With two solid seven-man teams, the breaks will decide the issue. A record crowd is anticipated.

An Intermediate League game is scheduled for this evening on the North End grounds between the Martellos and the St. Luke's. The series now stands one all and the game tomorrow night is mightily important. The teams are evenly matched with the balance of the hitting power going to the Portlands. This fact and the keen rivalry that exists between the two teams should make tomorrow night's session about the busiest here in many days. Manager Snodgrass may elect to send Hannum back again or may call on Gormley while Harry Fitzgerald probably will call on Conlon.

RENAULT DEFEATS BARTLEY MADDEN. Outboxes Opponent in 15 Round Bout—Shows Much Skill. New York, Aug. 11—Jack Renault, Canadian heavyweight, gave Bartley Madden a scientific boxing lesson in a 15 round match at the Queensboro A. C. in Long Island City tonight, decisively defeating his opponent all through the route and cutting him up badly about the face, but despite the battery of rights and lefts which were trained on him from long and short range, the stubborn New York Irishman remained upright, refusing to succumb to the terrific punishment aimed at the resolute Canadian. It was Renault's fight by a wide margin. The Canadian, however, lacked the necessary steam to his punches to floor Madden, contenting himself with cutting his opponent with a knockout appeared impossible.

CHARLIE GORMAN HITS TWO HOMERS

Series Between Portlands and St. Rose's Now Stands One All. Another chapter on "the versatility of Charlie Gorman," written by Gorman himself, was penned last night when the champion speed skater elevated himself in the select circle ruled by one Babe Ruth, by crashing out two rousing home runs in a ball game which his team, the Portlands, won from St. Rose's last night on the Nashua Park, 8 to 0. In writing this section, Mr. Gorman chose propitious moments—his first one starting matters in the first inning and the second one coming in the third with two men on bases. In other words, Mr. Gorman was responsible for half his team's runs and sufficient to win the old game, which the Portlands badly needed to even the count with the saints in their rivalry warfare for the City League title. The next game is scheduled for tomorrow night on the North End grounds.

The other highlight in last night's game was the twirling of Ira Hannah. Or, rather it might be the catching of Eddie Cox, the Trojans star. Without Cox, Hannah was given a trimming the last time these teams met, but last night with Cox guiding him, it was different. Ira allowed three scant hits and struck out eight men. "Bunker" Murphy was touched up for seven safeties, Bartlett and Sparks getting doubles. Manager Snodgrass went hitless in four times up—an unusual procedure for this hard-hitting first baseman. Frank Campbell collected a double and single and O'Toole got the other hit off Hannah for the Fairville boys.

The series now stands one all and the game tomorrow night is mightily important. The teams are evenly matched with the balance of the hitting power going to the Portlands. This fact and the keen rivalry that exists between the two teams should make tomorrow night's session about the busiest here in many days. YANKEE STAR IS STILL IN LEAD

Babe Ruth of the Yankees raised his batting average over the 400 mark during the week just closed and now leads the American League in batting average. A week ago Ruth was being closely followed by the Red Sox slugger with a .388 batting average, which included game played last Thursday in New York in which he hit four of four, with his nearest rival, F. Falk of the White Sox with .382. Ardchord of Chicago is third in the list with an average of .364, while Jameson of Cleveland is fourth with .348 and Collins of Chicago is fifth with .342.

Most Stolen Bases—Collins, Chicago, 31. Leading Pitcher—Holloway, Detroit, 10 victories, 2 defeats; percentage .833. Rogers Hornsby of the Cardinals dropped a few percentage points in his batting average during the past week, according to the latest unofficial averages, but he still retains the National average of the batmen of the League by a fairly safe margin. The St. Louis star now has a mark of .343 and his closest competitor for the hitting championship is Zach Wheat of Brooklyn, who is thirty-three points behind with a mark of .309. The star bats in third place with .367. Rogers of Cincinnati is fourth with .355 and Bressler of Cincinnati and the Red Sox are tied for fifth with .347 each.

IMOGENE LOSES FOLLIES PLACE
OVER SPAT WITH FRANK TINNEY

Is the Day of Sensational
Publicity in Broadway
Ended?

(United Press.)

New York Aug. 12.—In view of Miss Imogene Wilson's dismissal from Florenz Ziegfeld's follies because she and Frank Tinney chanced to have a little spat, it seems only fair to warn ambitious young girls that the old order changes and that Broadway is becoming a 9 o'clock street. Perhaps Broadway is suffering from an attack of respectability. It may even be that Mr. Ziegfeld is growing old because he says his show cannot tolerate the sensational notoriety surrounding Miss Wilson.

three stripes she was promoted to the rank of specialty actress, and she distinguished herself in some particularly notorious scandal she was promoted to stardom on the field of action. Promotion was rapid in those days, too.

Comedy Turns Tables as Dramatic
Stars Drift Into Slapstick Field

(By A. H. FREDERICK.)

Hollywood, Calif., Aug. 12.—It used to be that when the comedy division of the motion picture world developed an actor or actress to a certain state of perfection, he or she would be drafted by one of the dramatic companies.

No more. That is, not without retaliation. True, there are still those leaving comedy work for other employment—most recent example being Miss Dorothy Devore, now Metro-Goldwyn-Mayer star, but also there is Mack Sennett invading the serious drama and emerging with Ralph Graves and Miss Madeline Hurlock as prizes.

RALPH GRAVES.

Graves was one of the leading sheiks of serious drama when Sennett converted him to the lighter side, and Miss Hurlock was well known for her roles in plays of more intensity than the film will do on the Sennett lot.

"The Mailman" is Film
With Great Variety
of Action.

With a Pacific battle fleet in action; guns belching fire and shells in the fury of bombardment; swift sea-planes dealing death in a torrent of lead from the skies; with shore batteries pouring their fire from the sandy reaches of the coast, Emory Johnson's melodramatic production, "The Mailman," takes rank as one of the outstanding photoplays of its kind to date.

efficient organization is dramatized by Mr. Johnson, is stressed in many gripping scenes. The smothered feeling of the mail system that spans the nation and that reaches out across the seas is also developed with high skill by the producer.

ARE WELCOMED ON THE FLAGSHIP

Citizens Board Calcutta Today—Will Be Open Again Tomorrow.

Commander Geoffrey S. Arbuthnot of H. M. S. Calcutta, now in port, announced this morning that the flagship would be open for public inspection at 2 o'clock, as well as this afternoon. Tomorrow will be the last day the public will have an opportunity to inspect the warship, which will leave for Halifax about noon on Friday. Her schedule after Halifax calls for stops at Sydney, C. B., Tadoussac, Charlottetown, Montreal and Quebec, and back to Bermuda, where she is due about October 8. A great many men went through the flag this afternoon.

Commander Arbuthnot said this morning that the crew, from Vice-Admiral Sir James Fergusson, K. C. B., C. M. G., R. N., down to the humblest seaman, greatly appreciated the welcome extended to them by the citizens of St. John. He said it had been many a day since they had been in a port where they were more generously treated than here.

This afternoon the majority of the crew were ashore. The rifle shooting team of the Calcutta was on the loom range this afternoon, while tomorrow evening the football team of the ship will meet the St. Andrew's Club of the city. The eleven from the Calcutta is an exceptionally good one, holding decisions over the strong St. John's 8 fids, team and the team from H. M. S. Constance. They defeated the Constance crew, 4 to 1, at Bar Harbor recently. They will line up as follows: Goal, Jones; fullbacks, Cropp and Warren; half-backs, Murguder (captain), Larkin and Grit; forwards, Youds, McCormack, Ruston, Stewart and Oates. Band Corporal Thompson is manager of the team. The game will be played on the Barrack Green, commencing at 6:30 o'clock.

Tomorrow afternoon on the Barrack Green the ship's cricket team and the team from the St. John Cricket Club will meet in a friendly match. The tars also have a good cricket team.

"EXPO" MANAGER CAMPS ON GROUNDS

H. A. Porter Takes Up Offices in Exhibition Building.

H. A. Porter, manager of the Exhibition Association, moved his office this afternoon to the exhibition building and will in future, until the big show is over, be found there. He reports that all space has been taken and the prospects are for an even better exhibition than in previous years. From now until the time of opening, August 30, the buildings will be a hive of industry.

The wisdom of the early applications for space was brought home this morning when a request for space for a fishery exhibit was received from J. E. Calder and the secretary had no space to give him.

YOUNGSTERS MAKE FIND OF LIQUOR

Last evening Inspector Alexander Crawford and Policeman Quinn seized three five gallon kegs of liquor hidden under a large tank in the rear of the cold storage plant off Main street. The kegs had been discovered by the sharp eyes of youngsters playing nearby and the information was passed on to Inspector Crawford. As a result the kegs were confiscated and will be sent to Fredericton.

One of the features in connection with the case was the fact that the kegs were reposing in a place where the liquor could be kept nice and cool. The fact that a couple of glasses were also found led to the belief that the owner had his hold secreted and was doling it out at so much "per glass."

MAY NANNARY TOOK PART.

St. John friends will be interested to learn that May Nannary of San Francisco, Cal., formerly of this city, recently appeared in Maurice Maerlinek's impressive drama "Mary Magdalene," which was presented by Ralph Fincus at the University of California. Nance O'Neil, who is conceded to be one of the leading actresses on the English speaking stage, took the lead and May Nannary appeared as Martha. According to newspaper accounts the drama was one of the most impressive presented in San Francisco for some time and flattering tributes were paid to the work of the two clever actresses. It will be recalled that Man Nannary spent last summer with her aunt, Mrs. Teresa Hansen, 28 Douglas avenue.

IN NEW QUARTERS.

The new lodge room of Oliver Lodge, I. O. O. F., No. 9, in the market building, thoroughly overhauled and renovated, was opened last evening at the regular meeting of the lodge. New paper on the walls, a new coat of paint and new linoleum worked wonders and the members passed a hearty vote of thanks to the hall committee for its efficient work. While the hall was opened last evening, the official opening will not take place until next month. Visitors from other lodges were present last evening to look over the new quarters. It was announced last night that an invitation will be extended to the Grand Lodge to hold the annual meeting here next year. W. E. Furze, noble grand master, presided last evening.

FEEL ASSURED OF ST. JOHN SHOWING

Committee Holds Optimistic Meeting on Matter of Local Exhibit.

The committee in charge of the "Made in St. John" exhibit proposed for the coming exhibition met this morning and received very optimistic reports from sub-committees which have been interviewing the merchants and manufacturers. Another meeting will be held on Friday at which a definite announcement will be made in regard to the exhibit. It was the opinion of the members of the committee that it was an assured fact.

David Magee, chairman of the committee, reported that he had had a number call him up and express a wish to be in on this exhibit of local manufactured articles and their willingness to pay the small fee required to clear expenses.

An estimate of the expenditure and receipts was given showing an expenditure of \$600 and receipts above \$700. It was said that the Exhibition Association had been asked to guarantee \$100 and the City Council \$200, in the event of the fees from exhibitors not being big enough to pay the cost of the exhibit but the chairman said he was sure that neither would be called on to make good such a guarantee.

The meeting was presided over by D. Magee and those present were H. B. Schofield, A. F. Blake, G. E. Barbour, W. C. Allison, F. A. Dykeman, W. E. Anderson, F. Z. Fowler, P. H. Butler and H. A. Porter.

"PORTLAND PICNIC" BEING HELD TODAY

Little Ones Parade to Train On Way to Torryburn.

The annual Sunday school picnic of St. Peter's and Holy Trinity churches, better known as the Portland picnic, is being held at Torryburn. Although the sky was overcast conditions at the grounds were not so ideal as in former years. A large number of people, young and old, took advantage of the occasion to spend the day in the country. The first train left this morning at 10 o'clock, the second at 12:30, the third at 1:30 and the last at 2:30. A large and efficient committee from the two parishes took charge of the refreshment booths and games, and as many of the latter were new it was anticipated that the patronage would be even better than in former years.

One of the features was a parade of the children from St. Peter's Sunday school to the Union Depot. They formed up on the grounds and, led by the City Corner Band, wended their way down Main street to Mill and into the train shed where they boarded the cars for the picnic grounds. The sight of the little ones clapping hands and dressed in their neat summer attire was an inspiring sight. The eagerness which was apparent in every countenance was eloquent and all were apparently keyed up with the hope of the time in store.

As the kiddies marched down Main street one merchant hurried into his store and when he returned he had several boxes of plums in his arms, which he passed to them. Another man delighted the hearts of many by tossing handfuls of coppers in their ranks.

The picnic was in charge of Rev. James Cloran, C. S. R., rector of St. Peter's church, who was assisted by Rev. Francis Hill, C. S. R., Rev. Joseph O'Hara, C. S. R. and Rev. Arthur Conlogue, C. S. R.

MEETS OLD FRIENDS.

Friends have been extending a hearty welcome today to James R. Kelly, formerly a telegraph operator with the C. P. R. here, who came to the city last evening on his return to Montreal from Nova Scotia, where he was on a newspaper mission. Mr. Kelly left here 19 years ago and has been in the news game since in the U. S. and Upper Canada. He has been with the Associated Press and the United Press and now is with British United Press in Montreal. He has been in Halifax in connection with the story developing from the flight of U. S. aviators around the world. He came to St. John to see his mother, Mrs. M. Kelly, 400 City Line, West End, on his way back to Montreal, and met many old friends through the day in happy renewal of old associations. Mr. Kelly will leave this afternoon, but may visit the home city soon again.

As Hiram Sees It

"Look-a-her!" said Mr. Hiram Hornbeam to The Times reporter, "d'you s'pose you could git them there Primers Macdonald an' Herryyott to take a run over to St. John?"

"I fear not," said the reporter. "They are very busy men."

"Well, it's too bad," said Hiram. "I do believe if they were here they'd find some way fer that City Council an' the C. N. R. to come together an' fix up things so that no railroad station could be started—seen' as both sides wants 't. I don't believe it 'ud be much harder than to git France an' Germany to git together—an' that's been done. If I was that here City Council I wouldn't let no grass grow under my feet. It 'ud be wuth a lot o' money to the town to tell the world it was gittin' a million dollar station as well as a million dollar hotel an' a two million dollar coke plant an' all them other buildin's. Yes, sir—I'd go an' fix it out-foot—an' now. Valuable premiums given away."
