At militia headquarters today it was stated that the object of the militia department, in the past, had been primarily to secure men for service overseas. For this purpose the military police were necessary in order that defaulters might be forced to do their duty.

Few Signs of Gigantic Political Upheaval In The Streets of Berlin

Food Problem Overshadows Political Drama in Minds of People—New Cabinet Said to be in Full Control With Few to Question Its Authority—Preparing for New Republic

Berlin, Nov. 16.—(By the Associated Press)—Berlin has now had a week of revolution, yet the streets have the same appearance they presented on any Saturday during the war, with the exception of the absence of newspaper reference to events along the front. A casual visitor would not be aware that this has been the storm centre of a gigantic political upheaval. The mass of the public appears anything but excited over the future progress of events. Its jaded, weary nerves are apparently no longer capable of responding to the thrills, no matter how inspiring. News of food relief temporarily eclipses curiosity over the political drama. After four years of grinding war the listless attitude of the middle class elements in the early stages of the revolution is typical of the apathy that prevails.

While parliamentary leaders of the middle parties beat a headlong retreat when the abdication of Emperor William was announced and left the Social-Democrats undisputed masters of the tangled situation, the majority of the middle class citizens appeared oblivious or perplexed in the face of the grave events. It was only after the Socialists had worked feverishly for eight days to anchor the revolution in the hearts and minds of the workmen that the middle classes decided to issue their first call to arms.

THIS IS LATEST GERMAN APPEAL FOR CLEMENCY

Amsterdam, Nov. 20.—The latest German appeal for clemency, addressed by Prince Lionowsky, former German ambassador at London, to the British nation and especially to the Marquis of Lansdowne, Viscount Grey and former Premier Asquith, appears in the Berlin Vorwarts. It declares that the aim for which Great Britain entered the war—the protection of Belgium and France and the conversion of Germany into a democratic state—have been attained, and adds:

"I cannot believe that just and revenge and desire to strangle the German people prevail, to the exclusion of the sentiments which before the war dominated the British nation."

THE EXHIBITION PROBLEM

In view of the revival of activity by the Exhibition Association of St. John, it is interesting to note a discussion now in progress in Halifax in relation to the future of the Exhibition in that city.

The buildings used for the Nova Scotia exhibition were destroyed by the explosion last December, and most of the grounds were taken as a site for temporary dwellings for families whose homes were destroyed.

But what hereafter will be the relation of the German states to each other? Will the federal relations continue as in the past? Is there to be an empire, a republic, or a series of independent states? No one, not even in Germany, can answer this question.

It would be extremely interesting if we could learn from day to day what is going on behind the curtain in Germany. The gentlemen whose ambition it was to dominate the world are still there.

THE PRAYER OF A SOLDIER

Father of all, helper of the free, who pray with anxious hearts for all who fight on sea and land and in the air to guard our homes and liberty.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time.

A woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs, and made without alcohol, which makes weak women strong and sick women well.

Dr. Pierce's Favorite Prescription was prescribed to me. During an expectant period I became all run-down, weak and nervous and could not eat—was persecuted. I also got a complete wreck of my system.

Call them men of brave men fighting in the line. O thou who makest human hearts the channel of thy answers to our prayers let loose a flood of sympathy and wander desolate and suffering, leaving wrecked homes and fields and gardens trodden under ruthless feet.

Take Salts to Flush Kidneys and Neutralize Irritating Acids. Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

KIMBALL DEATH DUE TO HEART DISEASE

Coroner's Jury Has Something to Say About Hospital, Court, Police, and Jail Officials

That George Kimball died of heart disease was the verdict of the jury empaneled to enquire into the cause of his death. The inquest was concluded in the police court last evening when evidence was given by Samuel Clifford, turnkey of the county jail, and Detective William Duncan. In their verdict the jury said—
"We conclude from the evidence that the said George Hartley Kimball should not have been transferred from an in-patient to an out-patient of the General Public Hospital. We further believe that George Hartley Kimball should have been shown more consideration by the police, the court and the jail officials."

FORMER AMHERST GIRL CHARGED WITH BIGAMY TELLS PITIFUL STORY

Windsor, Ont., Nov. 20.—On complaint of her husband, G. Irving Tuck, of Toronto, a school teacher, Mrs. Jessie D. Sample, twenty years old, was taken into custody at Detroit this afternoon on a charge of bigamy. The girl told a pitiful story to the prosecuting attorney of how, after she had broken her engagement to another, and married Tuck in 1915, at her home in Amherst, N. S., she was continually subjected to ill-treatment at his hands and to prove her assertion showed an ugly scar on her arm several inches in length, which she said was the result of Tuck's treatment. She was forced to leave Tuck, she said, in October last and came to Detroit, where she met and married James Sample, a Detroit man, and the couple were living happily here when Tuck discovered her whereabouts and came here and caused her arrest.
Tuck's story is that he desires a divorce from his pretty young wife and believes that only by securing a conviction against her can he secure his freedom.

OAK HALL OPENS THEIR LARGE WAREHOUSE IN GERMAIN STREET, FRIDAY MORNING AT 9 O'CLOCK.

As previously announced, Oak Hall recently made a large purchase of clothing in St. Stephen from the well known M. J. O'Donnell store. Mr. O'Donnell recently retired from business and his stock was sold at a great sacrifice considering the present day values. These goods will be placed on sale at the Oak Hall warehouse, 101-107 Germain street, opposite Trinity church. This wholesale warehouse has been especially fitted up for the purpose. The sale will be of great interest to everybody and specially to working men and their families. The values offered will be amazing as the Oak Hall motto will be strictly adhered to, "A large volume at a minimum profit." Oak Hall finds that it is the best kind of advertising to give friends and customers the full benefit of close buying. A full list of merchandise, together with prices, will be found in another part of this paper.

WANT WOMAN MEMBER ON BOARD OF HEALTH

At a meeting of the executive of the St. John Local Council of Women, held in the King's Daughters' rooms, yesterday afternoon, several matters of importance were dealt with. The president, Mrs. E. Atherton Smith presided. Mrs. W. F. Hatheway read a resolution from the Woman's Suffrage Association asking the council to endorse the name of Mrs. Richard Hooper as the nominee of the suffrage society for membership of the new board of health for the city and county of St. John. The motion was seconded and unanimously approved. Owing to the continued prevalence of the epidemic it was agreed to postpone "Children's Aid Day," which was to be held at the last of November. Miss Amelia J. Haley, corresponding secretary of the local council was named as correspondent from New Brunswick for the "Women's Century."

DINNER FOR THOSE WHO PUT OVER THE VICTORY LOAN DRIVE

More than two hundred victory loan workers were the guests of Stanley E. Elkin, chairman of the Victory loan campaign, at a banquet held in the Royal Hotel last night. Following a tempting menu the chairman delivered an eloquent address.
Mr. Elkin gave some interesting figures of the drive. The grand total for St. John city and county reached \$6,028,680; the objective was \$5,000,000; the total represented \$655 in each application; 11,680 applications sent in that one in every 4.6 of the city's population had subscribed; \$190 per capita for every man, woman and child in the district. The basis of the population was 84,578. Imperial headquarters and the travellers had been responsible for more than 1,100 applications; one Y. W. P. A. and commercial men had netted 2,800 applications. The speaker referred to the co-operation rendered by the young ladies of the Y. W. P. A. through whose efforts came subscriptions that the men could never have secured. He showed the wisdom of bringing the ladies into the field.
Mr. Elkin, in passing, referred to the great work undertaken by the Y. W. P. A. in this city, and urged strong support for it. He concluded by thanking all the campaign workers. At the conclusion he was heartily applauded and "For he's a jolly good fellow" was sung in good fashion, followed by three cheers for the chairman of the committee.
In the programme F. J. Panter, Dr. Witt Cairns, Thomas Guy and Steve Matthews added pleasing songs and stories.

At the rear of the table occupied by the central committee was being the large honor flag won by the city and county. A large crown, showing that the district had succeeded in collecting \$1,250,000 over its allotment was also in evidence. At this table were the chairman and members of the central committee along with S. A. Thomas, provincial secretary, and Colonel Richard O'Leary, of Richibucto, as invited guests.

RECENT WEDDINGS
Vaughan-Chase.

A quiet but pretty wedding took place last evening at the home of Mr. and Mrs. E. W. Chase, 188 Hawthorne avenue, when their eldest daughter, Edith M. Vaughan, the bride, was united in matrimony to Mr. Richard O'Leary, of Richibucto, the groom. The bride was wearing a gown of georgette crepe, trimmed with rhinestones, and wore a veil and orange blossoms. They were assisted by Miss Edith Vaughan, sister of the groom, and Bagler Willmot J. Chase, brother of the bride. The ceremony was performed by Rev. Dr. D. Hutchinson, pastor of Main street Baptist church, in the presence of relatives and friends.
The gifts were both numerous and costly and testified to the popularity of the young people. Among the presents was a silver flower basket with mirrored rays from the M. S. A. office, where the bride was employed. The groom's gift to the bride was a check, to the bridesmaid a string of pearls, and to the groomsmen a pearl stickpin. A dainty luncheon was served in the dining room, which was attractively decorated in pink and green.
After a short honeymoon trip through the maritime provinces Mr. and Mrs.

VAUGHAN WILL MAKE THEIR HOME AT 7 PINE STREET.

Crisp in the presence of immediate friends. After the ceremony a dainty supper was served. Mr. and Mrs. Cawley received many beautiful wedding presents. The

GREAT CONFUSION
OVER NEW POWERS

Reports from Germany Indicate
Chaos in Government Affairs—
Against Liebknecht

Amsterdam, Nov. 17.—Berlin newspapers and despatches reaching here indicate that there is great confusion in Germany over the powers to be given the various councils, committees and officials.

The despatches indicate that there is chaos in government affairs owing to the formation by the Spartacus group of a new political party, which has reduced the strength of the Independent Socialist. How strong this new party will be is not known.

The so-called executive council of the Workmen's and Soldier's Council has followed the Berlin garrison's demand for "temporarily" rescinding its order for the formation of a civilian real guard. There is reason to believe that the executive council, despite the fact that Captain von Beberfeld was forced to leave it because he was considered too radical, is still more socialistic and radical than the larger council, from which it has its commission.

That the bulk of the soldiers themselves refuse to countenance Bolshevik methods again has been demonstrated at a meeting in the Reichstag building of delegates from all the Soldiers' Councils in Berlin and delegates of similar councils elsewhere. The Berlin soldiers are united firmly against Dr. Karl Liebknecht. They declare that he had been thrown out of the barracks owing to his

German Situation
At End of Fighting

Had War Continued Three Days
Longer Collapse Was Inevitable
—Preparedness for Hostile
Action Still Necessary

London, Nov. 19.—Regarding the military situation, The Christian Science Monitor is reliably informed that on signing the armistice, the German army's position was an extremely precarious one. Its communications were gravely disorganized, and the main lateral line was completely severed at

repeated efforts to deliver incentive speeches.

Premier Ebert, in addressing the meeting, declared that a vast majority of the people supported the government. The government had nothing to fear from the troops at the front but that many men from rear positions who are hurrying home are causing disorder in Baden and Wurttemberg.

The premier added that the United States would help feed the Germans, but that order must be maintained.

The Berlin Vorwaerts announces that a new non-Socialist Republican party is soon to be formed from the ranks of the Progressives and the left wing of the National Liberals. The new party will have a democratic and far-reaching social programme.

The Vorwaerts expresses the belief that such a party would command the support of a large part of the press, and says the Socialists would be compelled to meet strong opposition from the intellectual middle class.

Sedan. The troops were exhausted and had the war continued three days longer, the collapse was inevitable, particularly in view of Marshal Foch's great attack which was pending east of the Meuse. Five days' respite may have enabled them to organize communications to withdraw, though numerous forces make such a task colossal and difficult and may mean complete dissolution of the German army.

Preparedness against possible hostile action by enemy elements remains necessary. The setting up of revolutionary councils which may disagree with the armistice, plus the fact that the armistice is capable of termination within forty-eight hours' notice necessitates preparedness against eventualities.

It is considered premature to imagine that large numbers can be immediately released, or that demobilization can be begun for some time, as the uncertainties of the situation are very great. Certainly the German army was not in a position to resist, but should the troops refuse to acknowledge their present commanders and the army disintegrate, the Allies may still have much to do.

Exhaustion of the Czechs necessitated a withdrawal east of the Urals. The All-Russian government appointed the Russian, General Boldirev, commander-in-chief, serving with Kokchak as Tschek and Russians, the prospects are favorable for raising a reliable strong army in Siberia. Considerable progress has already been made in recruiting, and the Russian generals appointed are experienced. It is believed that General Denikin intends to clear the Caucasus of the Bolsheviks and occupy Baku.

Greatest Clothing Sale in The History of St. John

STOCK FROM THE WELL KNOWN CLOTHING HOUSE OF.

M. J. O'DONNELL, - ST. STEPHEN

HAS BEEN BOUGHT AND IS NOW OFFERED FOR SALE BY.

OAK HALL

AT THEIR WAREHOUSE ESPECIALLY FITTED UP FOR THE PURPOSE

101 - 107 Germain Street, - Opposite Trinity Church

CLOTHING FOR THE WORKING MAN AND BOY AT PRICES FAR BELOW MAKERS' PRESENT DAY COSTS.

Never in the history of St. John has such an opportunity been offered to men, especially working men, to procure clothing and furnishings at so great a saving;—and everybody realizes that an Oak Hall Sale is a bona fide sale in every sense of the word.

M. J. O'Donnell the well known clothing merchant of St. Stephen, recently retired from business, because of ill health, and sold out his entire stock. Oak Hall sent two buyers to St. Stephen, and procured a large portion of this stock at prices far below present day values. This stock along with other lines especially purchased for the purpose is now offered the public at real bargain prices.

Don't be misled with the idea that prices are going to be lower in the near future, just because the war is over. Practically all Europe must be clothed—and the Allied governments are only releasing sufficient wool for civilian purposes to meet the bare necessities.

Under these conditions good clothing is going to cost more before it will cost less. The economic conditions of the world will not allow of anything else. Knowing this, can you afford to let such an opportunity as this slip by without taking full advantage of it?

Mr. Working Man this is your big chance—hundreds of Suits, Overcoats, Furnishings, etc., for Man and Boy—at prices so far below present day values that we might almost say every dollar brings two dollars in merchandise. Read the lists catalogued below (which only represents a small portion of the entire stock.) You can't help but appreciate the great money saving opportunities. Buy your Overcoat for this winter. Buy your Suit for next spring—and save many hard earned dollars.

Business Standards For Business Men

For a quarter of a century, Fit-Reform Suits and Overcoats have been the standard for business.

Their sound styles; their general excellence of quality and workmanship; appealed to the business sense of men trained to demand value.

In these days of national economy, it is a pleasure to know that the Fit-Reform standard of quality has been, and is, steadily maintained.

A jury recently met to inquire into a case of suicide. After sitting through the evidence the twelve men retired, and after deliberating returned with the following verdict:—"The jury are all of one mind—temporarily insane."

Willie (who has just been taught a new prayer)—Oh, mummy, I wish I could say short prayers like nurse does. Mother—What sort does she say, dear? Willie—She just says, "Oh, Lord, why do I have to get up?" and that's all.

Demand that Kaiser Face the Bar of Justice

Montreal, Nov. 21.—At a luncheon of the Canadian Club of Montreal, in the Windsor Hotel, the following resolution was proposed by Lansing Lewis, seconded by W. G. Ross, carried unanimously and immediately cabled to Sir Robert Borden:

Resolved:—That the members of the Canadian Club of Montreal, in mass meeting assembled, having just heard the address of Lieut.-Col. McCuaig, a Canadian returned prisoner from Germany, and realising more than ever the frightful crimes of the late Emperor of that country—crimes which the world in its darkest ages can furnish no counterpart—request that the premier, Sir Robert Borden, now on his way to attend the War Council to demand of that body, on behalf of the men and women of Canada, whose sons and daughters have been the victims of the Kaiser's barbaric cruelty and inhuman torture—that he, William Hohenzollern, ex-king of Prussia, repudiated today even by his own subjects and acknowledged to be the world's greatest culprit, shall be brought to the bar of justice, like any other criminal, and tried by such a court as the Allies shall designate.

"And further, that all those of the German people who have been responsible for the numerous atrocities which have scandalised Christendom during the past four years be similarly dealt with; we owe it not only to the starved and maimed but to our sense of justice and to those who lie in foreign fields and in the fathomless depths of the sea."

Lieut.-Col. McCuaig, who was a hero of some of the most stirring events in the war, and who was for three years a prisoner in Germany, gave a modest account of his experiences as a prisoner. In the course of his remarks, he said he hoped there would be no mistaken sentimentality in dealing with the Germans. The treatment of prisoners, not only by the officers, but by the whole people, was shocking. He declared that had it not been for the Red Cross and the friends of prisoners, they would have been starved. The officers were submitted to all sorts of petty persecution and humiliations. The treatment of the men was terrible. When taken prisoners, those who were wounded but could walk were bayoneted if they fell behind through weakness.

They were made to work under shell fire at the front. They were forced into munition factories, for although they held out as long as they could, they were starved, beaten with the butt end of rifles, and often given solitary confinement in the dark until they gave in. He was thankful to say that many stood out to the last, and when they did give in did so much damage as possible in making munitions.

Col. McCuaig was given a most enthusiastic reception. He was played to his seat by pipers, and repeatedly cheered. He said he hoped the others who returned would get as kind a reception as he had got.

BANK CLEARINGS

NOT AS LARGE AS EXPECTED.
The late spell of most disagreeable weather has had the expected effect of causing an increase in the number of influenza cases, though the figures are not so large as the health officials feared. So far—up to 2.30 today—only nine new houses have been placarded with a total of fourteen cases. The work of removing placards from "cleared" houses is going on speedily.

A NOVELTY SHOWER.
A novelty shower was held on Tuesday evening in honor of a happy event to take place soon, when friends of Miss Dorothy Whipple gathered at the home of Mrs. Arthur Betts, 92 Woodville Row. The "bride-to-be" received many useful and beautiful presents, including china, cut glass, linen, etc. A pleasant evening was spent in dancing and games. The National Anthem marked the close of the evening.

SON FROM WEST TO FUNERAL.
The burial of Patrick J. McCullough, who was killed by a fall at St. David's church last Saturday, will not be held until the arrival of Rev. W. P. McCullough, which was expected today. Rev. Father McCullough is a son, and greatly desired to be present at the obsequies, although the journey from Brandon, Man., to St. John, is a long one, consuming nearly five days and nights. In the early summer when the late Exmouth street citizen was very ill with pneumonia, Fr. McCullough came east to see him.

PERMITS NOT NEEDED.
James V. Lantulum, immigration agent, has received an order from W. D. Scott, superintendent of immigration at Ottawa, to the effect that the issue of permits to leave Canada may be at once discontinued. This means that residents of the dominion are now privileged to go where they please without getting the consent of the immigration authorities. Mr. Lantulum said this morning that from now on permits will not be necessary and those in St. John and vicinity desiring to go to the United States or any other country need not apply to him for permits.

THE RECALL

Labor Men Ready to Receive Nomination of Any Good Candidates

If the citizens, or any business organization have a candidate or two in mind for commissioner and the recall election, the labor men and those in charge of the recall campaign will be glad to consider their names at tonight's meeting. This was made today by F. A. Campbell, representing the recall committee.

Mr. Campbell said that he and his associates were simply looking for good men, and would be glad to have any names submitted at tonight's meeting, and that any good citizen with business qualifications, would receive consideration and support.

He asked the Times to make this clear to all citizens in order that the movement might not be regarded as in any sense a class campaign.

ALEX. HENDERSON, OF FIRST CONTINGENT, DIES IN FRANCE

Mr. and Mrs. James T. Henderson, 104 Duke Street, West St. John, were advised this morning from Ottawa that their eldest son, Driver Alexander Henderson, had died in the Canadian General Hospital, Letreport, France, on Nov. 19 from Spanish influenza which developed into pneumonia. Driver Henderson went overseas as a member of the first contingent in the ambulance train. During his four years of service he had been wounded seriously on two different occasions. He had only been discharged from a hospital recently and had returned to France. He was twenty-eight years old and was with his father in the plumbing business. His death will be learned with general regret. He was a well known West End resident and a highly thought of by a host of friends. Besides his parents, he leaves two brothers, Private Alfred, in France, and David, at home.

RED CROSS WORK FOR PRISONERS GOES ON

Lady Tilley received today the following telegram from The Canadian Red Cross Society, Toronto:

"Following cable has been received today from Chief Commissioner over-see: In conjunction with Central Prisoners' Committee, food and clothing for fifty thousand prisoners have been sent to Holland; also today large supplies drugs, medical comforts, invalid foods. Supplies also being sent to Denmark and Switzerland. Any supplies still needed in Germany will be forwarded from these centres. Communications and authentic information most difficult. Everything possible being done."

CORP. ALFRED THORNE IS SERIOUSLY ILL

Word was received yesterday by Miss Bertha Thorne of Waterbury & Rivington's Main street store to the effect that her brother, Corporal Alfred Thorne was seriously ill with pneumonia in the 3rd Casualty Clearing Station in France. Corporal Thorne enlisted in St. George's in the 115th Battalion. After crossing to England he was transferred to the 29th Battalion. This soldier has been in France for more than two years, coming through many of the heaviest battles and being recommended several times for his bravery. His many friends throughout the city will hope for a speedy recovery and a safe return home.

COUNCIL WON'T PUBLISH NAMES ON PETITIONS

Commissioners May Do So at Their Own Expense—Agreement with W. E. Scully Will Permit Resumption of Street Car Service

Matters pertaining to the recall were chief subjects at a meeting of the common council this morning. The main question at issue was the publishing of the names and addresses of those signing the petitions in the local papers at the expense of the city, a motion to this effect being made by Commissioner McLellan, but an amended motion made by Commissioner Bullock to publish the names and not the names carried.

When the meeting was brought to order Commissioner McLellan moved that the headings of reasons on the recall petitions and the names attached be published in one issue of the local newspapers at the expense of the city. He pointed out that the expense should not have to be borne by the commissioner-recalled as the publication of the lists would be in the interest of the public. He maintained that there was a principle at stake and that the city was interested.

Commissioner Hilyard, in seconding the motion, agreed that the public should know the names on the list. He said that he had been approached by people who had refused to sign the petitions and they were anxious to know whether or not their names had been placed on them without their permission. If the movement was above-board, he said, there was no harm in printing the lists. He said that on one street four names apparently had been signed by one person and it might or might not be a case of forgery. The publishing of the names, he said, would put an end to any such doubts and would be to the interest of all concerned.

Commissioner Fisher said that he was not so certain that it would be in the city's interest to have the names published. He pointed out that the expense was an item to be considered. If he felt that it was in the public interest to have them published, he said, he would not oppose it, but he did not think so.

Commissioner Bullock moved in amendment that the reasons on the petitions be set forth and published and they carried. Commissioners Bullock and Fisher and His Worship voting aye. The original motion was then put, but lost, only Commissioners McLellan and Hilyard voting for it.

Commissioner McLellan said that there was no more authority for printing the heading than there was for the names. He said that he and Commissioner Hilyard would publish the names at their own expense and added that the amendment voted by the mayor and Commissioners Bullock and Fisher, that the reasons of the recall should be published alone and paid for by the city would indicate that he and Commissioner Hilyard may expect to fight the mayor and Commissioner Bullock as well.

Water Contracts.
Commissioner Hilyard then brought up the question of terminating the water extension work at Lake Fitzgerald. He said that the operations be suspended until next spring and then read two letters which were being forwarded to the contractors, the Lockjoint Pipe Company and Messrs. Moses and Tobias. In the former letter, he said that the city would agree to accept the responsibility of damage to the pipes during the winter, providing that all pipes were properly closed up at both ends and covered with brush and that the back filling was done to the satisfaction of the engineer and that the company wished the work to be discontinued for the season.

Motions that this action be taken were put and unanimously passed. Hon. J. B. M. Baxter, the city's solicitor was present, and on his advice some changes were made in the letters.

The extension to east St. John was then taken up but nothing definite was done. Commissioner Hilyard reported that the representatives of the Bedford Construction Company roughly estimated that it would cost about \$10,000 to extend the trench from Westmorland road to the County Hospital. This was not looked on very favorably by the council, and it was decided to allow the matter to stand over until Saturday morning at 11 o'clock when other competent contractors mentioned would be able to submit a figure. The urgency of having the extension rushed to completion was impressed upon the members by the mayor and Commissioner Hilyard.

In Council.
The meeting then adjourned and went into council. The resolutions regarding the termination of work at Lake Fitzgerald were passed and also the one regarding the publishing of the names of those signing the petitions.

Commissioner McLellan moved that the call be made on the \$50 increase granted them at the first of the year. He explained that when he made the original motion he overlooked the fact that their year ended on Nov. 30 and not on Dec. 31, as he thought. His motion was put and carried.

Street Railway Blockade.
Further consideration was then given of the property dispute between the street railway and W. E. Scully in West St. John. The city solicitor said that he had further conversation with Mr. Scully and the latter would relinquish his claim to the front lot, over which the car tracks run, if in return the city would give him a lot in the rear of his building and rent him another one for a period of seven years. The solicitor said that his attention had been drawn by the city's engineer to the fact that a spur line running to Mr. Scully's property was crossing on city property and there was no record that permission had been granted for the use of the spur.

Commissioner Bullock moved that the city give Mr. Scully a rear lot for the one in front and have the matter amicably settled. This was carried.

The Film Exchanges.
Mayor Hayes told about meeting picture film exchange men, who said that they would remove from the city if there was an enforcement of the assessment act whereby they would be taxed on their gross income. They agreed to pay a tax of \$100 and be assessed on their stock and trade the same as other business men. This proposition met with the approval of the council, and on motion it was agreed to promote legislation to that effect.
