

Miramichi and the North Shore, etc.

FOR WATCHES, jewelry and silverware to L. Harris & Son's.

THE DEATH of Mr. Bartholomew Hogan of Bissetts is announced. He was one of the best known dentists of the parish.

DR. FROST, DENTIST expects to resume the practice of his profession in Chatham on about Thursday of next week.

THE TWO LITTLE has taken the place of the steamer "Fishing" on the Grand Manan route while the latter steamer is undergoing repairs.

MEMORIAL Church Sunday's Services 11 a. m.—"The power of God." 3 p. m.—"The Contending City." Temperance Hall, Chatham, N. B., at 3:30 p. m.—T. H. Outburt, Pastor.

L. HARRIS & SON are sole agents for the celebrated Raleigh cut pipe smoking tobacco. Try it and be convinced of its excellence.

ENTERTAINMENT—A very pleasing and creditable entertainment was rendered in St. Patrick's Hall on Tuesday evening last under the auspices of St. Michael's R. C. A. Society.

DEATH OF MRS. PHILLIPS.—A telegram of yesterday's date from the ADVANCE's correspondent at Point Beauséjour announces the death, that morning at a quarter of nine, of Mrs. Henry W. Phillips.

PERSONAL.—Mr. Gilmer Brown, C. E., goes to New York in a few days to take a life partner.

MR. A. Shirley Benn was married Thursday, 5th inst., in New Orleans to a southern lady.

INSPECTOR T. E. Oakes has accepted the principality of the Baptist Seminary at St. Martin's. It is expected that the institution will open about the middle of September. A better choice of principal could scarcely be made.

MR. W. E. Staver has been transferred from Point to Moncton as manager of the agency of the Bank of Nova Scotia in the latter town.

WE were glad to see Robert Swin Esq., of Daktown in Chatham on Tuesday, looking well after his late severe illness.

RATES.—Mr. David Finn, Collector of Rates, has opened his office in the Elkin building, Water St., a few doors below the ADVANCE office, where he expects to have ratepayers call and settle their tax bills in accordance with the requirements of the law. Heretofore the collection of taxes has been rendered somewhat difficult by reason of the collector's disposition to be obliging and easy as possible in the discharge of his duties. Those, however, who are inclined to take unfair advantage under such circumstances will find, this year, that they will be required to pay up promptly, or get in trouble. People who are willing to pay their taxes, and do so, are invited to having to make up for the shortcomings of those who do not.

FOR THE CHEAPEST and best assortment of Brass and Meecham pipes go to L. Harris & Son.

DOGS.—All dog tags not paid by the 15th inst. are to get not only the dogs in trouble, but result in the owners being brought before the Police Court. The 9th section of the County by-laws relating to dogs says: "That the owners or keepers of all dogs found going at large in the Town of Chatham and Newcastle, without a collar of brass or other metal or leather, having a plate of brass or other metal attached thereto, with the first letter of the owner's name and the name of the dog, and a legibly engraved or marked thereon, shall be liable to a fine of \$2 for every dog so found, and any Constable or Policeman may kill such dog."

Some owners of dogs seem to be under the impression that they can evade compliance with the law on the plea that their dogs are young, but they cannot be let off on such pretext, and will have to learn that the law framed for the defence and protection of all must be obeyed by all.

Lumber Driving. The Globe says:—Lumbermen are greatly troubled over the stream driving problem. They say "as stream driving has not been so good a year as in this Spring. The little now that falls from the past winter's level so suddenly that it did not swell up abundantly, and from previous stream driving this season. It is expected that the quantity of logs, which will be hung up at the bows will be very large unless there should be a rain-fall with the next week or two."

On the Miramichi and its tributaries the driving is not good. In the main river there is fair water for driving and rafting, but the smaller streams are quite dry. There is however a good deal of snow in the woods and a few days of warm weather will make a treat.

Ratepayers' Meeting. The Councillors for Chatham, being desirous of ascertaining the views of the ratepayers of the police district, or town, in reference to proposed improvement in lighting the streets applied to the town clerk, Mr. W. T. Connors to call a meeting for the purpose, which was done and the meeting took place in Masonic Hall on Monday evening and was a very large one. Mr. Connors having stated the purpose for which he issued the notice, Richard Curran, Esq., was elected chairman and Mr. Thomas Crocker, secretary who was the first speaker and the arrangement with the Gas Company was made to expire and he and his colleague, having considered the matter, had notified the company that it was not proposed to continue to pay \$30 per lamp for the 18 lamps used by the town. The service by the Gas Company was not an adequate one because several localities were not supplied with gas. The Electric Light Company offered to place ten arc-lights on the streets for \$650, or \$450, and put an extra light at the gas works without charge. He and his colleague wished to consult the ratepayers on the subject and to be guided by their decision. They had really come to the meeting to be instructed in the matter.

Mr. Gillette, President of the Gas Light Company said the gas company could not light the hill, because the pipes were laid down there. The lamps were first in charge of the justice, and then were removed with him.

Mr. Tweedie—If we had one light for every justice we'd have enough. (Laughter.) Mr. Gillette said the electric light would be better than gas in this vicinity. The gas company had been making

found property in plaintiff for 700 pieces. In the second case Edward Walker vs. John Horton, one thousand pieces of sleepers and posts. The jury found property in plaintiff for fifty sleepers and one hundred posts. C. J. Sayre for plaintiff in both cases, McInerney and Carter for the defendants. The court was in session four days.

SCHEER, G. MARSHALL, formerly used as a Lighthouse at Miramichi, and recently purchased by Capt. W. S. Malley, of Kingston, has been thoroughly overhauled and equipped with masts, sails, etc., and will be employed in the fishing and coasting trade this summer.

CAPT. JOHN T. BELL recently launched a trim little craft of about ten tons register which will be used in the fisheries. This latest addition to the Richibouctou fleet reflects credit on Capt. Bell, who has no pretension to anything in the shipbuilding line.

THE SCIR, "Henry Swan" will be on the opening of navigation, sail for Newfoundland, via Alberton, P. E. Island, with supplies and outfit for the lobster fishing trade, instead of tallow candles (laughter) the company would make more money. He placed the offer of the vessel in the hands of the public, and the lights fully before the meeting.

In response to calls Messrs. D. G. Smith, L. Tweedie, Geo. Watt, A. D. Smith, L. Abbott, R. A. Lawlor, R. Murray, W. Whooler, P. E. Winslow, R. Adams and others spoke, Mr. Oakes being making the speech of the evening, both in point and effect upon the subject of clearing himself of the charge of electricity.

The motion of Mr. D. G. Smith, seconded by Mr. F. E. Winslow, was that the meeting be adjourned to the 15th inst. at 7 o'clock. The meeting adjourned.

MR. GEORGE CASSEY is not being any time in his new western home. When he determined to leave Chatham and the prosperous industry he had created here in a few years, many feared he might be going farther to far west. But he seems to be pushing ahead with his new enterprise in Vancouver. The daily "News-Advertiser" of that place says:—Messrs. Leamy & Kyle, the well-known lumber men and mill owners of this city, with their usual energy and energy, have formed a partnership with Mr. George Cassey under the name of George Cassey & Co., and will shortly commence the manufacture of doors, sashes, etc. The erection of a large factory at the foot of Canby street on Fallow Creek, has been commenced, and will be pushed forward rapidly. The main building will be two stories in height, and will be 50 by 75 feet. In addition to this there will be a large drying room, a boiler house, and all the requisite outbuildings. The machinery, which is now in the city, is of the latest approved make, and has been purchased by Cowan & Co., Galt, Ont. A single mill will also be run in connection with the factory.

It is the intention of the proprietors to make a specialty of high class work, and while ordinary stock will be kept on hand every article will be best in the direction of producing the finest grades of doors and sashes. It is a much needed work, and the proprietors are confident that they will be able to supply the market. The building is now in the hands of an active and energetic contractor, and it is reasonable to expect that the work will be pushed forward to a speedy and successful termination. The time for receiving tenders expires at noon on Friday, May 18th.

An accident of a serious nature happened on Sunday evening last. Mary Babineau, a domestic at Miss Satoen's, slipped off the sidewalk near Mr. George Melton's former residence and broke the ribs of her left leg. The accident will cause a considerable loss of time to the unfortunate woman, and may result in an action against the municipality for a defect in the sidewalk. Dr. C. T. Weeks, formerly of Westmorland County, is attending Miss Babineau.

SHIPMENTS OF POTATOES TO UNITED STATES from Richibouctou and outport of St. John's, N. B., via the Grand Manan Railway. OVER BRIDGE & MONCTON RAILWAY. Small lots 18 cars—978 bushels. Total 8790 bushels.
