THE THRIVING TOWNS OF FERNIE, COAL CREEK, MICHEL AND HOSMER HAVE BEEN WIPED OUT

SMOKER'S CARELESSNESS WILL GOST A FORTUNE Match Thrown in Underbrush Started a Great Forest Fire in Washington.

ABERDEEN, Wash., Aug. 4.—A careless traveller who threw a lighted match into the underbrush, started a forest fire 13 miles from Hoquiam, on the Hump-Tulippe-Hoquiam Road yesterday morning which, getting beyond control, has already swept over 10,000 acres of slashings in which were piled 15,000,000 feet of cut lumber and now threatens to destroy the logging camp of the Polson Logging Company, Shaw and Nelson and the Stockton Logging Company. Fourteen thousand acres of green timber lie directly in the path of the flames and there is no hope of saving any of it unless the wind which is now blowing a gale, dies down. One thousand are fighting the fire but at this time they seem unable to check its progress. The property loss will exceed \$500,000.

THE WHIRL OF DEATH WAS TRUE TO ITS NAME William Wilson Trying to Loop the Loop on a Bicycle Was Instantly Killed

COBROCKTON, Ohio, Aug. 4.—William Wilson was instantly killed in a theatre here last night when he tried a new kind of "Loop the Loop," known as the "Whirl of Death," on a bicycle. The theatre was crowded with women and children who became panic stricken and rushed to the exits. Many fainted and were trampled in the rush. None were seriously hurt. Wilson was thrown forward and high in the air, his head striking a beam. He was almost instantly killed.

LIT A MATCH TO FIND A GAS LEAK Pellovski Had No Further Trouble in Locating It—Three Men Werged Body Hurt

WINONA, Minn., Aug. 4.—Anton Pellovski last night struck a match in hunting a leak in a gas tank in the purifying building of the Winona Gas Company, and a terrific explosion followed, setting fire to the building and causing heavy damage. The city was left without gas light and it may be some days before the service is again resumed. The four walls of the building were blown out and the roof shattered. The fire was extinguished after a hard fight in offensive fumes. Three men were injured, one of whom may die.

BACK FROM BOSTON; TELLS OF ENCAPMENT

Allan A. Crawford, who accompanied the Knights of Pythias to Boston as a member of the Artillery Band, returned to the city on the Boston train this morning to attend his grandmother's funeral. Mr. Crawford expressed himself as very well satisfied with the appearance made by the St. John men at Boston. In the grand parade the fine appearance of the local corps was frequently commented on, and it was thought that they stood a very good chance of capturing the first prize for the best appearance.

While in Boston Mr. Crawford was located with the rest of the band in Franklin Field. Last night there were about 2,500 tents erected in the field, and they were occupied by about 15,000 men.

Four drunks faced Magistrate Ritchie in the police court this morning. One was fined \$5, but allowed to return to Hampton, under a suspended sentence. Another was allowed to depart under suspended sentence as his offence was not so very serious. The two others who were very drunk, were fined four dollars.

At the common council yesterday a communication was received from Charles E. Lordy complaining of an apparatus used for testing meters which is situated in the water works building on Leinster street. He said that the moisture from this machine was causing damage to his dwelling next door and asked that the matter be remedied. The communication was referred to the water works board. Among the applications received by the council for the position formerly occupied by the late Mr. Boyle, was one from Jos. Lang.

Death List in the Fernie District Will Amount to Seventy or Eighty---Awful Suffering of the People---Smallpox Patients Sent in With Healthy Families---Fires Still Raging.

MONTREAL, Aug. 4th.—Fernie—with the fire still burning fiercely, the death tolling all over the district, and families scattered in all directions, it is impossible to ascertain the exact number of dead. There are, it is known, 60 dead, and this will likely be increased to about a hundred. The property loss will be \$5,000,000. The known dead in Fernie are—Walter Ford, wife and two children, found in a well where they had sought refuge. Mrs. Turner, carrying an aged couple, whom friends were carrying to a place of safety, but had to leave her to save their own lives; two children and mother; one man lying naked on railway tracks; J. Anderson, engineer at Hosmer Mines, found in shaft, suffocated; Lena Bell, woman of the Red Light district. Several were drowned trying to swim the Elk River, but no search has been made for the bodies. It is thought that most of the men in the lumber camps are safe, but this is mostly conjecture. The loss in Fernie is estimated at two and a half millions, and with the lumber and timber a total of four or five millions. The insurance is about a million and a half, but many are so distraught that they do not know whether they have insurance or not. The companies chiefly affected are Anglo American, Equity, Ottawa, Montreal, Globe, Colonial, Lincoln Union, German American, Western Canada, London and Globe, Phoenix of London and Lancashire, Pacific Coast, Richmond and Drummond, Phoenix of Hartford, Mercantile and Royal. Insurance losses known are—The Anglo American, \$15,000 or \$20,000; the Equity, \$25,000; Sun Insurance, \$20,000; and the Norwich Union Fire Insurance Society, \$5,000. The provincial government have given their agents at Fernie, Nelson and Cranbrook carte blanche with regard to the necessary expenditures. Victoria has wired \$10,000. The Dominion express is carrying free clothing collected by the charitable organizations. Other contributions are Melrose, \$2,000; Vancouver, \$5,000; Saskatchewan, \$5,000. (Continued on page 7)

ZEPPELIN'S AIRSHIP S SAILING ALL OVER GERMANY

Remarkably Successful Voyage is Being Made Today—No Great Publicity at the Start.

KINZIG, Ger., Aug. 4.—The weather was excellent this morning when at 8:30 o'clock Count Zeppelin's great airship started on its swiftest trip at Friedrichshafen. The airship rose immediately from the waters of the lake for about 400 feet and after describing one magnificent circle over the lake proceeded in a bee line for this city, arriving here at 8:45 o'clock. The airship continued on its way and within one hour had covered 45 kilometres and was over Schaffhausen. From that point it continued along the Rhine to Basel. Count Zeppelin's plan is to continue to Mayence along the Rhine and from there return to Metz, cross over to Stuttgart and return if the weather continues favorable, to Friedrichshafen. A message on a car from even the imperial commissioners appointed to accompany Count Zeppelin on the voyage were present. The only official taking part in the flight is Major Gradwitz, who represents the German government.

MANHEIM, Aug. 4.—The Zeppelin airship passed over this city at twenty minutes before three this afternoon. The entire population came out into the streets and cheered vociferously. A card was dropped down reading: "We are flying smoothly in the direction of Worms." (Signed) Zeppelin.

FOUR INJURED IN A FIGHT WITH STRIKERS

CLINTON, Mass., Aug. 4.—Four persons, two of whom were policemen, were slightly injured today in a battle between the police and a band of striking Italian laborers. One hundred laborers employed by the Boston Contracting Co., of Worcester, on an excavation job here have been on strike for a week and when strike breakers and contractors, under the protection of the board of selectmen and thirty-five police officers, reached the scene of the excavation work today they were met by fifty of the strikers who unfurled an American flag and displayed a placard bearing the words "Clinton strike, nine hours and \$1.75." The police ordered them off the field and the strikers attacked the officers with stones and other missiles. The officers fired their revolvers into the crowd, slightly wounding two Italians. The strikers returned the fire and drove the officers back to a wooden shanty. It was then found that two officers were injured. The officers and selectmen finally attacked the strikers and again dispersed them.

FERRY INVESTIGATION TOMORROW NIGHT

The ferry committee will meet tomorrow evening at eight o'clock to hold an investigation into the recent accident of the Ludlow when the steamer charged the floats at full speed with the result of considerable damage to both the boat and the floats. Aid. Baxter, who was on board at the time, made a general investigation at the time. He was told by Engineer Lewis that at the time of the accident the indicator showed full speed astern. Captain McCreedy told the aideman that he had given the usual signal and showed him that the apparatus was showing full speed.

DR. ANGLIN TO BE STEWARD OF PROVINCIAL HOSPITAL

Will Take Over Duties Now Performed by Wm. A. Quinton on November 1st.—Given Increased Salary, But Extras Are Cut Off—Larger List of Supplies Will be Purchased by Tender.

CHATHAM, Aug. 4.—The body of George Bieseman, 18-year-old Norwegian, drowned off the river bank above town yesterday afternoon was recovered at 6 o'clock last evening at the first draw of the grapple in the hands of John Fleigh and Clifford Cassidy. The victim of the accident was only 20 years of age. Edward Duplacy was badly injured last night while working on the right bank of the mill. His leg was broken and he sustained several bad cuts on his head. An interesting announcement of the Drury-McGrath case, has occurred. The young girl was arrested at the home of her uncle, Valentine McGrath, but on her representation that she left the Drury home because she was not satisfied with her treatment, she was released. She was charged with the accusation of stealing \$140 but this was dropped.

COMMITTEE ON CIVIC GOVERNMENT MET

Don't Want to Work Unless Some Attention Will be Paid to Their Recommendations. This morning a meeting was held by the committee consisting of Aldermen Kelly, Frink, and McGoldrick recently appointed to look into the various affairs of the city government with the idea of recommending a change to the common council. Mr. Kelly is in favor of the government by a Board of Control, using the aid of a court to look into the street work of other cities. As Aid. McGoldrick is the chairman of this board and a member of the committee, it is possible that the idea of recommending a change to the common council. McGoldrick is the chairman of this board and a member of the committee, it is possible that the idea of recommending a change to the common council.

The chief thing the committee did this morning was to decide to send a resolution to the council asking whether or in the event of the committee making a recommendation there would be any likelihood of its being carried out. The members feel that they do not want to devote a lot of time getting information if it is not likely to be put to any use.

A LOT OF STEALING ALONG THE WATER FRONT

Charles E. Colwell, a West Side fish dealer, reports that eleven large salmon were removed from his warehouse on Thursday night, and no trace of the thief has been found by the owner or the police. The police have investigated the affair and so far have been unable to find out where the fish were disposed of. Yesterday morning two men were held overnight to row a boat up to the new wharf being constructed by Clark and Adams in the West End, and from the wharf they attempted to remove some lumber when caught in the act. It is said that one of the persons heard abuse on the man in charge of the works. The police will probably be notified of the occurrence and the matter may result in a police court hearing. Up till this afternoon Mr. Colwell has not learned where his salmon had departed.

A report which was circulated last evening that a man was killed on that harbor thieves were again at work. There was a lull in the stealing when examples had been made of some of the culprits. Despite the warnings given the thieves along the harbor front have continued and they are becoming more daring.

Some time ago the Star announced that harbor thieves were again at work. There was a lull in the stealing when examples had been made of some of the culprits. Despite the warnings given the thieves along the harbor front have continued and they are becoming more daring.

THE "HUMANOV" GREAT HIT AT NICKELL

It ladies and their children wish to hear the excellent Humanov Company at the Nickel today they must be early attendants for the crowds were so great yesterday afternoon and evening that hundreds and hundreds were turned away. It was one of the largest days the Nickel ever had in the number of patrons and not one person made an unfavorable comment—in fact, nothing but praise and wonderment was expressed on all sides at the remarkable entertainment, the largest and best ever produced in America for a five-cent piece. The chief attraction was of course "The Humanov," a company of talented ladies and gentlemen from St. John, who rendered the dialogue for D'Emery's famous drama "The Two Orphans," with force and exactness. As the long reel of film was projected upon the canvas—each act the curtain rising and falling—the movements of the picture perfectly followed behind the screen by the players and words supplied with startling exactness. The audience sat in rapt attention, bursting now and again into hearty applause and again uttering loud exclamations as the marvelous old hag, Mother Frochard and her villainous son Jacques maltreated the poor blind girl and the cripple hero, Pierre. The remainder of the programme was made up of two excellent new Pathé pictures and songs by Miss Aubrey and Mr. Gurney, who the orchestra. This afternoon the great Indian story "The White Squaw," will be depicted in connection with the Humanov production and several Pathé pictures. Tonight the doors will be open at 8:30 o'clock. Parents are requested to leave their little ones home in the evening; send them in the afternoon. Infants and very small children excluded after supper.

Last night at the Bijou was a night of much interest to the hundreds of pleasure seekers who sat with smiling countenances gazing intently on the amusing incidents of the picture entitled "The Little Match-maker," and as it brought home to some of the young ladies with their beaus some little reminder of past happenings there was many a titter to be heard from the boxes. Even the older gentlemen smiled amiably as it brought back recollections of happy days of yore. The picture was shown to-day and is one everybody should see. But that's not all of the Bijou's programme. The "The Inland Crustacean," a laugh from start to finish, and in "Go, Little Cabin Boy" is told a tale of a little boy who was taken up by a fisherman and who takes up sea-faring as his calling. The musical part of the Bijou's programme was highly appreciated. The charming little selections, "Just a Ham and Egg," "The Inland Crustacean," "The Little Match-maker," and "The Inland Crustacean," were all well received. The "The Inland Crustacean" was a very fine dramatic picture, richly hand-colored, and many declared it to be the best seen here in months. Applause was bestowed on each of the above pictures at the end of each performance. A Disappointing Rehearsal is a comedy picture and serves as a warning to stage aspirants. Prof. Titus made a great hit with "When The Harvest Moon is Shining On The River," and Harry Letroy was heard to exclaim, "That's the best I have ever seen in my life." The S. R. O. sign was in evidence as usual. Same show today and another good one tomorrow.

A GREAT DRAMATIC PICTURE AT THE UNIC.
One of the best dramatic pictures ever produced is being shown at the Unique today, "The Tragedy in Japan." This picture is intensely interesting. An American officer in Japan neglects his wife whom he left in America, and makes love to a native girl. His wife arrives unexpectedly and the poor deceived Japanese girl kills herself. Her father vows to get his revenge which she cannot get, and kills the deceiver in a dramatic manner. "The Candidate": The experience of the candidate for public office is pleasantly portrayed in this picture. On the street he is very accommodating and gets himself into a great deal of trouble. He next sees him on election night; the report reaches him that he has been elected, and he supplies candidates to all his friends. In the midst of the celebration a messenger rushes in and says that a mistake has been made in the count and he is defeated. Two other good comedies, "The Artist and His Mother-in-law," and "Prof. Brice-Bridge's Invention," and "Miss Outous" making a decided hit this week in her song, "Keep a Little Mind in Your Heart for Me." Miss Outous is also heard to good advantage in his song, "I Have Room to Rent in My Heart for You."

AMUSEMENTS.
Harry Newcombe was greeted with rounds of applause. Mr. Newcombe was in good form yesterday and his rich baritone voice was never heard to better advantage. He is doubtless one of the finest baritones ever heard in the city and the excellent manner in which he sang "Rose" was a treat. The programme of motion pictures are a selected lot of high class films. A patron film that was well received is entitled "Penniless Post's Luck." A luckless and proverbially poor post meets with good fortune and for a day, at least, he seems to enjoy life. The landlord calls for the rent, and as it is not forthcoming the post is obliged to vacate the premises. Taking with him an old mantle clock, he sallies forth to realize what he can on his property. A hack is engaged, and the first stop is at a pawnshop, where his persistence to realize on the adjudged worthless property results in an altercation, during which the framework of the clock is broken. Now a fruitless search for a banker is made. The coachman will not dismiss his fare until he receives his money. All attempts to escape are frustrated. Finally he sells his coat and vest and with the proceeds he is taken to the mercantile store where he places a bet and wins. He buys the book-maker's coat, pays the coachman, and then is driven to a fashionable resort. The coachman receives a liberal tip and the clock.

SAD DROWNING ACCIDENT AT NAPAN RIVER
In Which Two Boys Lost Their Lives WERE WADING Tried to Cross Stream and Sank in Eight Feet of Water
CHATHAM, N. B., Aug. 3.—A drowing accident took place this morning at Napan River, when Frank Robertson, only son of Rev. John Robertson, an aged Presbyterian minister, residing at Napan, and James Dickson, the only son of James Dickson, lost their lives in the Napan River. It appears that Frank Robertson came down to the river about ten o'clock and invited Clement Dickson, who was boating on the north side of the river, to come for a swim. Mr. Dickson declined and called across the river to the two young men were wading out into the river, one from each bank. Frank Dickson went on with his work and for about ten minutes he was in a hollow, which hid him from sight. Frank Dickson, who was with him, had disappeared, but that their clothes were on the banks. He called to Harry Dickson, who was with him, and Andrew Dickson began a frantic search, finally locating both bodies in about eight minutes. The bodies were found in a hole, which was about a yard of each other. Neither could swim and it is surmised that one waded beyond his depth and called to his companion, who, in trying to reach his friend, went beyond his depth and both were drowned. To one actually saw the sad accident.

James Dickson, father of Frank, was in town when word reached him and he became almost frantic with grief. The other young man's father is an aged minister and though the shock of the news was terrible, he bore up bravely. Frank Robertson was 24 years of age and leaves two sisters, Maggie, at present in Fredericton attending Sunday school convention, and Jessie at home. Frank Dickson was 27 years old, and leaves two sisters, Lizzie, in St. Louis, and Belle at home.

A great deal of sympathy is expressed for the bereaved families. The funeral of Frank Dickson takes place tomorrow at 3 o'clock, and that of the Miramichi country yesterday morning at ten o'clock.

Two Norwegians who worked in the rowing mill waded into the river about the Miramichi country yesterday afternoon and one stepped into the channel, which is from forty to fifty feet deep. His companion tried to save him and would have perished also had not Thomas McLean been attracted to the spot. Mr. McLean at once went into the water and seized one Norwegian, who kept hold of his companion while Mr. McLean slowly hauled them towards safety. In some way the first Norwegian lost his hold on his companion's clothes and the man sank out of sight. The drowned man's name was Biegm. His body has not been recovered.

WANTS MORE PARKS.
Paris Pleasure Grounds Found Inadequate to the Size of City.
PARIS, Aug. 4.—A bill has been laid on the table of the Chamber of Deputies to transfer from the State to the city, the fortifications of Paris. It is proposed that the fortifications which form a rampart round Paris, should be converted into a boulevard, and at least four new parks and a number of squares and gardens should be laid out. Only four and a half per cent. of the area of Paris is open land, whereas the London has 14 per cent. The fortifications are obsolete for military purposes, and besides being a dangerous ground are the resort at night of dangerous characters. The open places of Paris have not kept pace with the growth of population, and the justly admired scene of space with which Paris has been laid out in accordance with the Napoleonic idea has become to some extent misleading. Paris therefore, breaks out in what Dickens called "a spring rash" of pleasure grounds.

A DOUBLE SUICIDE.
PARIS, August 4.—Every day brings with it a formidable report of suicides committed in town and country. Most of these tragedies are of the ordinary type, a shot from the revolver or suffocation by means of a chemical pan. But from the provinces comes an account of a double suicide, which has taken place under rather peculiar circumstances. A young woman, belonging to the working class, left her husband to live with her brother-in-law, a few years her senior. After a while she consented to return to her home, and a morning or two ago kept her word and made her reappearance in the conjugal abode, as if nothing had happened. The midday meal having been despatched in perfect harmony between the reunited pair, the wife asked permission to go to the dwelling of her brother-in-law for the purpose of fetching some article of furniture which she had left there. She said that her absence would not last more than a quarter of an hour, and her husband pledged to have her back with him, willingly consented. Off tripped the young woman gaily enough, but as the hours rolled by and she did not return, her husband became uneasy and went to the garden to communicate his misgivings. A couple of officials proceeded forthwith to the house occupied by the husband's brother, and as several taps at the door met with no response, they opened it and walked in. Hardly had they entered when they beheld the young wife and her brother-in-law hanging side by side. Both were dead. The widower is left with three little children.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the laying of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars (\$6,000.00), must be deposited as security for the dredging which the tender-offer to perform in the Province of New Brunswick. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

SERGE SUITS
THE WISEST MEN

The wisest men are those who grasp good opportunities. Here is a suit we are proud of—a blue and black serge, English cloth, with a finish that doesn't glaze and is very easy to keep clean. The suit is made for service. And at the same time it is made to retain its shape and original elegance. It is exceptionally well tailored by the skillful craftsmen of the famous 28th Century factory. Now here's the point: This same suit sells at Montreal for \$22. But a few years ago WE started selling them for \$18, and although the manufacturers have since then increased THEIR price to us, we are still offering the suit at the same old price. Perhaps the best possible proof that the suit is as good as we think, lies in the fact that several of our customers have ordered again and again, also advising their friends to purchase this remarkable value.

BRINGING RESCUED CREWS OF FORTY FISHING VESSELS.
One Steamer Has 300 Newfoundlanders and Families Wrecked on Labrador Coast—Worst Storm in Years.
ST. JOHN'S, N. F., Aug. 3.—The crews of the forty fishing vessels which were wrecked by a hurricane off the northern Labrador coast in the early part of last week, have been taken aboard the steamer Fiona, and are now on their way south to their homes in Newfoundland. The Virginia Lake has 300 fishermen and members of their families who were "on Labrador" for the summer fishing season, while the government cruiser has 113 others. Many of the wrecked men suffered greatly from exposure and hunger at isolated points along the barren northern shores before rescuers reached them. The reports of the disaster which have thus far reached here are still meagre, but it is evident that the loss in vessels and fishing gear was greater than in any storm in recent years. As far as known here only three lives were lost.
Sir William MacGregor, governor of Newfoundland, who was on board the Fiona, on an official tour of the Labrador settlement when the disaster was reported, is returning south on the cruiser.
Mrs. Wm. McVay and Miss Alice McVay, of St. Stephen, who have been visiting Mrs. A. C. Smalley at Padenec, returned home yesterday.

NO SEX KNOWN IN LONDON RUSH
Special Cars for Women are a Failure.
Men Jammed in and Proved Their Right to Slay—Caravanning the New Suffragette Fad.

LONDON, Aug. 4.—Owing to the crowded state of the electric cars from the southern part of London to the city of London the County Council recently began running special cars for women, as typewriter girls, clerks, etc., were sometimes injured in the struggle for places. Men insisted upon getting aboard the women's car, however, claiming that they had the right to stay on board. When the matter came before the Commissioner of Police he decided that the men had the law on their side. So no special women's car will be run in the future and the women will have to take their chances with the men.
CARAVANNING AND PAGEANTITIES.
Those suffragettes who are not working for the next by-election are combining business with pleasure by going about the country in caravans conducting a propaganda. It is no uncommon sight on the country roads to see a large caravan filled with pretty girls who while enjoying country life are also talking to farmers' wives, interesting the women of the outside world in the cause of woman suffrage. Caravanning is becoming a popular way to spend the summer. Many teachers and other women workers are hiring caravans for this month to travel slowly from place to place. The nights are spent in the caravans, but the days are passed out in the open.
Pageantitis is indeed becoming a disease in England. Now society is affected by it, and this coming week titled men and women will give a pageant at Serby Hall. It will be called King Harry's Revels, and lords and ladies of King Edward's court will impersonate lords and ladies of the court of King Henry VIII. In many cases their own ancestors. As Henry VIII. once visited Serby Hall the pageant will be given on the very terraces where he walked.
When the Duchess of Albany visited the Dover pageant this week the royal standard was run over the hotel where she took luncheon. Presently an Admiralty official called and had the standard hauled down, informing the hotel management that an order had been issued that the royal banner could be flown only when the King was present. Consequently the King's sister-in-law finished her luncheon under the Union Jack.

NO HEREDITARY ANTAGONISMS.
He did not advocate alliances for the defensive or offensive. They were sometimes hindrances of peace rather than helps. The second step in the progress made was the substitution of international litigation of war, and, lastly, moral changes. The main thing was for the nations to get to know and understand each other. It would be grossly understating the case to say that half of the international quarrels arose from a lack of understanding.
The notion that there are hereditary antagonisms, which it is almost a point of honor to cherish, and national antipathies, which must from time to time find an outlet in carnage, was a pernicious superstition which needed to be eradicated, not only from the minds of children, but of men and of whole communities. Many forces were already moving in that direction. Travel, intercommunication, international trade and education helped, but the strongest hope lay in the efforts of international embassies of peace, such as those gathered at the present congress.

WAR SECRETARY HALDANE.
Earlier in the day, Mr. Haldane, Secretary of War, and Viscount Falkmouth emphasized the need of Great Britain keeping up her armaments, especially her navy, which, they said, should be maintained at such a standard as would enable her to command the sea against any probable combination of hostile powers. They said that these were not the days when any nation could prudently lessen its national defenses, not that there were any signs of war. On the contrary, they believed that Great Britain, France, Germany and the United States all understood each other and were on better terms. Still it was the tendency of all peoples to scrutinize their defenses, and Great Britain must scrutinize hers.

ARMAMENTS ARE NOT ORNAMENTS
Premier Asquith's Plain Talk at Peace Congress.
These are Not the Days When Any Nation Can Prudently Lessen Its National Defences.

LONDON, Aug. 3.—At a government banquet to the delegates to the Peace Conference, Prime Minister Asquith, while cordially welcoming and approving the efforts of idealists in the direction of peace from which he augured the best results for the future, said he could not indulge in the hope that the youngest person now alive would witness the event of the day of universal armament. He was not impressed by the contention that the complete cessation of the mechanism of destruction and the vast scale on which war now was organized would prevent statesmen and diplomats from light-heartedly indulging in war. The armaments of civilized nations for armaments was now roughly \$2,000,000,000. These nations did not buy these things for ornaments, they were intended for use, and some day they would be let loose upon the world. So long as man's nature continued what it was, it would be necessary for prudent statesmen to provide for war. National security must always have first place in the thoughts and plans of the government of any country. Nevertheless, no enterprise was worthier than trying to minimize the risks of war. Real progress in that direction already had been made, first, by the growth of international agreements, such as Great Britain had made in the last two years.

ELBOW BANGLES FOR ENGAGED MEN.
The newest vogue for engaged men is the wearing of gold bangles above the elbow. The bangle is given by the girl and is locked on. The summer sports of golf, tennis and riving have revealed just how many athletic youths wear a gold bracelet. Their president was set by the King, who since his marriage has always worn a heavy gold bangle on his wrist.

A., of Toronto, Ont., who is endeavoring to reach New York with a message to Mayor McClellan, from Mayor Oliver, in 15 days, reached this city last night after a 33 mile hunt from Geneva. He is in good shape and is confident he will accomplish his purpose. He will leave for Rome this morning.

A GREAT WELCOME TO BRITISH ENVOY
Remarkable Demonstration at Constantinople.
Italian Ambassador Has Become the Object of Popular Indignation—Recall Demanded.

CONSTANTINOPLE, Aug. 3.—The most remarkable scene since the demonstration in honor of the constitution last Sunday was the impulsive welcome given Sir Gerard Lowther, the new British Ambassador, when he arrived at the railway station here. A great crowd, headed by Ali Komal, a litterateur, who had just returned from exile, assembled in the vicinity of the station with banners, and many of the demonstrators chanted the station. There were shouts of "Long live England, liberty and the constitution!" when the Ambassador arrived. All Komal addressed Sir Gerard extolling England's free institutions, and acclaiming them as an example for the liberated Turks. The Ambassador made an appropriate reply, after which the demonstrators surrounded his carriage, and, shouting and waving flags, escorted him to the quay, where he embarked for Thessalonica.
The Italian Ambassador, on the other hand, has become a victim of popular indignation for aiding in the escape of Selim Pasha, Mehemet, ex-Minister of Mines, who is the best-hated of the Turkish officials. The Mehemet family had long held a high and influential position. Their downfall, as a result of the revolution, is a matter of general rejoicing. Some of them have fled from the country, while others have mysteriously vanished, and probably are in hiding. Habib Mehemet was arrested by Young Turk officers at the Mustapha police station, as he was attempting to flee from the city. Selim Mehemet, two of whose daughters married German military officers, and another an Italian officer, asked the Italian Ambassador for the use of the Embassy's launch for his son, Mihad, who was going to Rome as secretary of the Turkish Embassy. The Ambassador readily consented, but Selim himself used the launch to board a steamer on which he fled, bearing popular hatred. This has now focused on the Ambassador.

RECALL DEMANDED.
The Revolutionary Committee has telegraphed a protest to Signor Tittoni, Italian Minister of Foreign Affairs, and insists that the Ambassador ought to be recalled. The populace there, the only Italian newspaper here, unless it denounces the Ambassador, the Italian colony shares in the native indignation, and expressed its anger at a public meeting.
The decree of amnesty has now been made effective, and political prisoners have been released, but to the widespread alarm of the law-abiding, there has been a general jail delivery. Why criminals should thus be set at liberty cannot be imagined.

NOVA SCOTIA'S GIFT TO THE PRINCESS OF WALES
The part that Nova Scotia played in the Quebec celebration reflects the greatest credit on the very thoughtful ladies who planned and carried out so successfully the gift that brought Nova Scotia so very prominently to the front in the great celebration at which more notable personages were assembled than we may see again in Canada for many years.
The gift seemed so appropriate, fashioned as it was from the native produce of the province and all made within the province, and the idea of presenting it to the Princess across the seas, was indeed a gracious tribute from the people of Nova Scotia to their future Queen. Then the magnificence of the royal gift would lend splendor even to a throne. A coat of the finest silk, with buttons of finest gold, pearls and amethysts.
The price was, of course, delighted, and well he may be.
G. W. Cooke, of the Dunlap Cooke Co., Ltd., who accompanied the gift to Quebec, returned on Saturday. The presentation was made by Governor Fraser, Premier Murray and Hon. Wm. Fleming.
After the royal party had ample opportunity of admiring the garment, the Prince summoned Mr. Cooke, and full particulars regarding the gift were rendered by the Prince's secretary. His Royal Highness also gave permission to place the garment on view, and notwithstanding that the Chateau Frontenac was crowded, a parlor was reserved for this purpose, and the royal guest shown to the great assemblage of distinguished personages, besides the governors and premiers and members of parliament of the different provinces, and their ladies. Among those who viewed the garment were Lord Strathcona, The Duke of Norfolk, Lord Loch, Sir Thomas Shaughnessy, Vice-President Fairbanks, Lord and Countess Grey.
Byron M. Walker, president of the Battle Fields Association, particularly requests that all records of the gift be forwarded to him to be preserved with the records of the anniversary of the founding of Quebec.
The following address accompanied the gift, which seems particularly pleasing to His Royal Highness:—
To the Most Illustrious Prince, George Albert, Prince of Wales, Duke of Saxony, Prince of Coburg and Gotha, Duke of Cornwall and of Rothesay, Earl of Chester, Carrick and Dublin, Baron of Renfrew and Lord of the Isles, Great Steward of Scotland, Knight of the Most Noble Order of the Garter, Etc.
May it please Your Royal Highness: The people of Nova Scotia desire to take advantage of the opportunity presented by your visit to Canada, as the central and august figure in the Celebration of the Three Hundredth Anniversary of the founding of Quebec, to present to Your Royal Highness an address expressive of their deep-seated loyalty to the Throne and Empire, now so fitly represented in your Royal Person.
While regretting that more important engagements prevent you from visiting us at this time, yet we gladly join with all Canada in a welcome which is none the less hearty on account of being denied this pleasure. We confidently look forward to another time when you may find occasion to visit our province, and view the scenes and places, which in the past have contributed so largely to the history of the Great British Empire, and mark as well the progress we are making in our endeavor to march with the times. We beg to assure Your Royal Highness that there is no corner in your Royal Father's Dominions where will be found a stronger attachment to the throne, and to British institutions, or a greater regard for the personality of the Blood-Royal than in the loyal old Province of Nova Scotia by the sea. We trust that this visit of Your Highness to Canada may afford as much pleasure to yourself as we know it will afford to all classes and creeds who owe allegiance to His Most Gracious Majesty King Edward VII. in this broad Dominion, and be the means of cementing more firmly, if that were possible, the ties which bind the new land to the old. We cherish the memory of your visit to this province in 1901, when you were accompanied by your Royal Consort, the Princess of Wales, whose engaging grace and pleasing manner endeared her to all our hearts. In remembrance of that occasion we desire to give tangible expression to our feeling in some fitting manner. Herewith we bring a basket of native wool, steel and gold, containing a coat of milk fur, with buttons of gold, wrought with pearls and amethysts, all the product and workmanship of Nova Scotia, which we most humbly request your Royal Highness to present to the Princess in the name of her loving people of Nova Scotia, with an assurance of their fervent wishes, that all happiness may attend her.
"She openeth her mouth with wisdom, and in her tongue is the law of kindness."
On behalf of the people of Nova Scotia.

The Foolish Niece of My Uncle

By F. D. BARROWS.

(Continued.) I told him not to mention it, for we had been living on fish and haddock, and that I was famished. I started up the path to the house. A P. was rubbing her glasses and trying to read in the twilight. When I stepped in, she came up to me quickly.

I tried to think on my way back to camp. My anger, disgust and hatred of myself seemed to make me strong, and that came fairly shot through the fater, his little lantern bobbing up and down unsteadily. All sorts of ideas just seethed through my head.

"May I paddle you back to camp, when you see I have not been able to do a thing for you since the first day I saw you. This foot—"

When I walked into camp my own troubles all had to be banished, for I found a bluish-looking telegram waiting for me, and had to pack for the next train. Uncle was not well, and my vacation must be ended.

"What was that?" I cried and jumped up, turning at the sudden noise in the sand behind me. A little cry came from the darkness of the night.

When I was at the table in Aunt Pheobe's place and pour the tea for her. And then it was such fun to peer over the top of the lamp, on one side of it, to ask if "his" cup was empty. Just as if he were Uncle, my brother—or yes—a husband. I suddenly felt confused at this free thought, and that was the reason I answered, "Yes, old sport," when he asked me for the cream.

New York Society Woman Badly Hurt—Three Deaths at Holyoke—Suicide at Toronto.

HOLYOKE, Mass., Aug. 3.—Three fatalities occurred in this city tonight. While trying to save his five-year-old brother, Daniel, from drowning in the third level canal, James, seven-year-old son of Howard A. McVeeney, of 39 Bridge street, fell into the water and was himself lost. Daniel's body was recovered soon afterwards, but life was extinct. James' body was not found.

Zavis LeBrun, known here as Jerry Sporo, 23 years, all from the platform while fixing a belt in the Ferris wheel, was killed by a falling nut. Miss Clara McCorrick, 15, of North Bay, was injured today near Burlington, a fashionable resort, placed the muzzle of a revolver in her mouth and blew her brains out. She had a jealous quarrel with her husband and took the weapon to shoot him. He ran to the woods and the woman then turned the weapon on herself.

ST. FRANCISCO, Cal., Aug. 3.—Five persons were killed and two were injured today near Burlington, a fashionable resort, placed the muzzle of a revolver in her mouth and blew her brains out. She had a jealous quarrel with her husband and took the weapon to shoot him. He ran to the woods and the woman then turned the weapon on herself.

MILLINOCKET, Me., Aug. 3.—The little settlements of Hastings and Woodboro, several miles from here, were endangered tonight by extensive forest fires. Crews of woodmen are fighting the flames and aid has been sent from here.

Anty Drudge on Marriage.

Miss Dolly Dainty—"I certainly do love James—but he's far too poor for us to get married. I'm not strong enough to do the family washing myself, and we cannot afford a girl."

Easy on the woman: easy on the clothes! That, in a nutshell, is the Fels-Naptha way of washing. Fels-Naptha soap does away with all the hard and disagreeable part of washing clothes.

Then, clothes last longer with no boiling to weaken their fiber and no hard rubbing to wear them thin. Look for the red and green wrapper.

DANGEROUS CONVICT GETS OUT OF JAIL

DORCHESTER, N. B., Aug. 3.—A sensational escape from the county jail took place this afternoon about three o'clock. A paroled convict from the penitentiary by the name of Woodworth, who was recently apprehended by Chief of Police Ribout of Montreal and was sent up by the police magistrate today after quarrelling with her husband. She took a revolver to kill the man, who ran into a woods. She then placed the muzzle in her mouth and pulled the trigger.

INDOMITABLE MADE 25 KNOTS ACROSS OCEAN

OTTAWA, Aug. 3.—His Excellency the Governor-General received tonight the following cable from His Royal Highness the Prince of Wales: "Arrived safely after a most successful voyage. We averaged over twenty-five knots from land to land. (Signed) 'GEORGE.'"

DIED IN NEW YORK

FREDERICTON, N. B., Aug. 3.—J. W. Spurdon, former manager of the Bank of Montreal, received a telegram today announcing the death in New York of Herbert Estey, his nephew. The deceased was a son of the late Henry Estey, and was in his twenty-fifth year. For many years he served here in the Peoples Bank, and was a young man well liked and made a most popular official.

THOUSANDS DROWNED IN CHINESE FLOODS

Terrible Scenes Witnessed After the West River Flooded Its Banks.

(Victoria Colonist.) The overflow of the West river in South China, which rose 40 feet in a night and overwhelmed a vast area, drowning several thousands of people, has left hundreds of thousands homeless and starving, according to news all the world over.

At Kwangsi, over a thousand lives were lost after the water rose 100 feet in 24 hours. Receding the waters disclosed wrecked houses and corpses on all sides, and the crops covered with a deep deposit of mud and silt. Steamers were sent up the river as relief expeditions to distribute food and many hand-to-hand scenes were noticed. The Chinese government has telegraphed the miserable condition of the sufferers to the Peking Government, asking for assistance, and is giving relief to the sufferers by disbursing money out of its own pocket.

At Kweilin, the big walled city of Kwangsi, over a thousand lives were lost after the water rose 100 feet in 24 hours. Receding the waters disclosed wrecked houses and corpses on all sides, and the crops covered with a deep deposit of mud and silt.

These embankments later collapsed and the villagers ran to the hills known as Pang-Kong Shan with their families for refuge, while the able-bodied men were busily engaged in mending the dikes, which were in a dilapidated condition.

AN ELECTRIC DANCE

Take a pane of glass a broken one will do—secure it by placing the ends between the leaves of two large books, letting the glass be two inches from the table. Cut from lightweight writing paper, dolls, dogs and other figures. Place them on the table beneath the glass. Rub the glass vigorously with a silk handkerchief, and the figures will cut all kinds of antics.

Looseness of The Bowels.

It is very seldom during the summer months that most people are not troubled with "looseness of the bowels." Sometimes it only goes that far, but generally it develops into Diarrhoea, Dysentery or Summer Complaint and has a tendency to weaken the whole system. When the bowels get loosened up in this way and you wish to check the unnatural discharge without bringing on constipation, there is only one remedy to use, and that one is Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY. This remedy is not an experiment as it has been used in thousands of families during the past sixty-three years.

DRAMATIC CLIMAX ON STRANGE CASE

Winnipeg Man Acquitted of Double's Crimes

Actual Perpetrator Confessed When Taken Red Handed—Two Men Bore Close Resemblance

WINNIPEG, Man., Aug. 4.—James Tollman, the innocent victim of an astonishing chain of circumstantial evidence, connected with a series of assaults on women in the Wellington Crescent district, has been exonerated before Judge Myers, and all possible reparations made by the Crown authorities. At the same moment Alfred Wood was being given a penitentiary sentence by Magistrate Daly which carried with it the lash, on a plea of guilty of the offenses which Tollman was under heavy bonds to answer.

TREMENDOUS FIRE BURNS TWO CHICAGO ELEVATORS

CHICAGO, Ill., Aug. 4.—Fire which was so hot that the firemen could not get nearer than a block of it, and which made it necessary to play streams of water on buildings and four squares away, this afternoon destroyed the Burlington Elevators "22" and "23," the deck transfer warehouses of that road, and either burned or rendered useless 100 box cars. The loss on the grain in the two elevators placed by Armour and Company, who owned it, at \$700,000. The total loss is placed at \$1,000,000.

THE PAPER MILLS STRIKE

NEW YORK, Aug. 4.—Gen. Mgr. Whitcomb, of the International Paper Company, last night made a statement embodying the company's attitude toward the strike which is now said to be in force in all its paper mills. Whitcomb said: "A strike started at all the paper mills of the International Paper Company yesterday morning, practically closing all the mills operated by the corporation that were manufacturing paper. Only a few round wood mills and sulphite mills are as yet affected, although it is possible that as the strike continues all plants will be closed in due time, but it is not practicable for the company to run its pulp mills for any long period of time, while the paper mills are not in operation."

YUKON DANCE HALLS BOOMED AND SALOONS MAY FOLLOW

Bill Before Council to Abolish All Bars Except in Properly Equipped Hotels

VICTORIA, B. C., Aug. 3.—The movement of the temperance wave throughout the continent has brought it even thus early as far north as the Arctic circle. One of the first measures offered to the Yukon Legislature, the annual session of which has just opened, is a bill for the elimination of all saloons within the territory, inclusive of Dawson City, and giving only to properly equipped hotels the right to sell intoxicants.

SHAWVILLE, Que., Aug. 4.—Yesterday Mrs. John Rennox of the village of Caldwell, while on a shopping expedition was attacked by five hounds belonging to a resident of Shawville and severely bitten on her dress being torn to ribbons by the animals. She fought them as best she could with an umbrella and some other weapons coming to her assistance the brutes were driven off just as Mrs. Rennox fainted.

INCENDIARY CAUGHT FIRING A DWELLING

FALL RIVER, Mass., Aug. 3.—Simon Richards was arrested tonight on a charge of attempting to set a fire during the progress of a lively bias this afternoon in the Bourne Mill tenements, situated on the boundary line between Fall River and Tiverton, E. I. A fire started from an unknown cause in a shed near one of the mill buildings, and in one time seven houses of wood, were on fire, but the Fall River department saved all from destruction. The total loss is about \$5,000. It is claimed that while the fire was burning, Richards was seen attempting to throw another fire in the mill near those which caught from the burning shed. No one was injured as a result of the tenants were at work in the mills.

SUDDEN DEATH OF THOS. ELLIS, HALIFAX CABLE OPERATOR

HALIFAX, N. S., Aug. 3.—Thomas Ellis, an operator in the office of Direct Cable Company, Halifax, became ill on the street today and in a few minutes was dead. Heart disease is supposed to be cause of death, but he was not known to have been troubled with this previously.

A meeting of the Salisbury Liberal Club was held in their rooms in Salisbury, on Saturday evening. The hall was well filled notwithstanding the busy season among the farmers.

NELSON, B. C., Aug. 4.—The latest news from the Crown Nest Pass disaster shows a death list of 82, which will probably be increased to 90 or 100.

By a resolution it was decided to have regular meetings on the first and third Saturday evenings of each month.

INDOMITABLE'S VOYAGE A VICTORY FOR TURBINES

Conard Records Broken for Greater Part of the Trip—Many Icebergs Passed

COWES, Aug. 4.—The Indomitable, which brought the Prince of Wales from Quebec, during four hours in the early part of the voyage, made 26.5 knots an hour. Although for the 2,000 miles from land to land, she beat the record of the Conard Line ships, the vessel was not stripped to enhance her racing powers, but carried her heavy guns, her magazines full of ammunition and all the equipment of active service. The longest day's run was 406 knots. The engineers consider the feat of the Indomitable a splendid tribute to the Parsons Turbines.

FISHING THE TUNA IN MIRA HARBOR

(Sydney Record.) The news that the monster fish tuna has invaded the waters of Mira Bay has aroused the enthusiasm of those who are interested in the quest of big game, and the probabilities are that at least a number of exciting chases will be crowded into the next week or so. Some idea of the difficulties attending the sport may be gained from the fact that the tuna is a voracious fish and fishermen in the last few years, when some local men and several visitors from the United States who had followed the sport down Florida way, took up the pursuit of the fish in Mira Bay.

DOG CATCHER ENLISTS BOYS; GETTING RICH

Use Theater Tickets for Bait and Lads Clean Up Town. TARRYTOWN, N. Y., Aug. 4.—Tarrytown like many another town, has more dogs than is good for it. The problem of getting rid of them has been a serious one for Poundmaster William Martin and as the dogs have not disappeared as fast as the people think they should, he called in the small boys of the Tarrytown News as follows: DOGS WANTED—To any boy who will bring me a dog I will give him six tickets for the moving picture show that will give him an opportunity to enjoy himself every night in the week. William Martin, poundmaster.

LOCAL NEWS

UP-TO-DAYNESS

When the term "Up-to-date" is used, it is wise to question the date. For instance, some loose-leaf card and duplicating systems are ten to twenty years behind the times. This class of so-called up-to-date stationery is sold by publishing houses to business colleges. If you desire to be "up to date" in the latest systems, examine those now exclusively controlled by the Currie Business University, Ltd., which systems are being taught received from the largest offices in Canada, United States and Europe. You cannot be deceived as the names of the firm are printed on the forms. Four or five new systems of cost accounting are now being introduced into St. John by experts. One St. John concern handles, successfully, over a thousand time-drafts a month without the aid of a bill-book. Ask any business college manager what he knows about these things, then call at the Public Service Offices of the Currie Business University for its side of the story. Be just to yourself. That's business.

As they drove nearer the moose surveyed them quietly and then, with little sign of fear, moved away and climbed a hill into the woods.

At the council meeting yesterday the matter of securing license fees on taxes from the aliens employed on the Telegraph and Times was referred to the Safety Board.

Star this morning regarding the action his board would take in the matter, Alderman Vanwart said that he had not yet given the matter much thought but he would look into the situation during the next day or two. It would be necessary to find out what men, if any, had already paid license fees or had been put on the tax lists for this year. When this information was secured the police department would have to take action according to the usual custom and see that the delinquent were forced to pay up.

The quarterly meeting of the R. K. Y. C. will be held this evening. After all the guests had gathered, Mr. R. H. Parsons called Mr. and Mrs. Akery forward, and after referring in a few words to the high esteem in which they were held by their friends, presented them, on behalf of those present, with a handsome dinner set. Though taken by surprise, Mr. and Mrs. Akery both replied, thanking their donors most heartily for their remembrance. After refreshments had been served and ample justice done the same, the happy gathering broke up about midnight.

THE BISHOP'S PICNIC
IS BEING HELD TODAY

This Forenoon's Parade Attracted a Great Deal of Attention.

A pleasing sight that is annually looked forward to is the parade of Sunday School children who attend the Cathedral picnic at Torriburn. The parade this morning was quite as attractive as any of the others, and many fathers and mothers stood along the line of procession and watched their children parade in the same manner as they had done years ago.

The City Cornet Band held its place at the head of the parade, which place it has occupied for many years, and following the band came the little tots of girls all happy and seemingly most important in their snow white dresses. After hundreds of girls had passed by the boys came in line. The scholars were in charge of the parish priests and teachers and hundreds of children were in the procession. The route of procession was from St. Malachi's Hall, Sydney street, south side of King Square to Charlotte, thence to King, Duke and Mill streets to the depot. The special train conveying the children to the picnic grounds left at ten o'clock. The City Cornet Band will be in attendance all day. Trains left for the grounds at 10 a. m., 12:30 and 2:30 p. m. On return they leave Torriburn at 4:30, 6 and 8 p. m. The proceeds of the picnic will go towards the support of the orphans at St. Vincent's Convent and St. Patrick's Home.

FOREIGNERS EMPLOYED

Editor of The Star—While passing through Sheriff street today I saw ten or twelve men digging a trench for a sewer or water pipe. I looked the men over carefully and found them to be what the boys would call a "bunch of Dagos." It seems to me it would be for the people's good to give this work to our own citizens.

Yours truly

PIGSKIN GRAFTED
ON GENE McAULIFFE

Remarkable Operation at the Public Hospital

Gaping Wound in the Lad's Body is Now Entirely Covered — Dr. White Handled the Instruments.

The second skin-grafting operation on little Eugene McAuliffe, an operation which is unique in the records of surgery in Canada, was performed yesterday at the General Public Hospital.

A few days ago the Star told how Johnny Taylor had given a large slice of skin to help cover the great raw wound on young McAuliffe's body. This operation, while perfectly successful, was only a little help in closing up the mangled stump of the leg. A young pig was brought here some little time ago from New York, and was carefully fed at the hospital. Yesterday in the operating room the pig was chloroformed, sections of the tough though flexible skin were removed from its belly, and grafted on to the wound on young McAuliffe. The pigskin took hold, and this morning was firmly attached. The operation, while a most delicate one, differs from the ordinary skin grafting operation only in the kind of skin used.

Young McAuliffe's case has been a most remarkable one, for it is considered almost miraculous that anyone, and especially a fourteen year old boy, could have survived the terrible injuries he received. It is a triumph for the statement made by lay members of the hospital commission, that the surgical staff at the institution is now the best in its history.

The operation was performed by Dr. W. W. White.

WRIT SET ASIDE IN CASE
OF DAY VS. GRANDALL

One Stage of Kings County Case Comes to an End

Kings County Court, Abraham W. Day and Charles V. McEath, vs. Arthur Grandall.

In this case the plaintiffs had been hauling lumber for the defendant during the winter and claim the balance due them of \$191.87. A dispute arose between the parties as to the quantity of logs hauled. The plaintiffs immediately leased a bailiff capias against the defendant in the Kings County Court for the recovery of the amount they claimed and at the same time procured an order from Judge Wedderburn (without disclosing the fact of the bailiff capias) for the issue of the Writ of Attachment under the Woodmen's Lien Act, and sent the Writ of Attachment and capias to the Sheriff of Kings by the same mail, in the same envelope. The Sheriff executed the capias, but before he could execute the Writ of Attachment an application was made by Hamilton and Hamilton to the order for the attachment and proceedings thereon with the writ and proceedings thereon, upon which a summons was granted by the judge with a stay of proceedings. After a lengthy enquiry including the reading of fifteen affidavits, many of them being of great length, the plaintiffs having refused to attend for cross-examination (upon the affidavits) and upon hearing counsel for both parties, His Honor Judge Wedderburn rendered his decision in favor of the defendant rescinding his order and setting aside the Writ of Attachment and proceedings thereunder with costs. R. G. Murray, plaintiff's attorney, Hamilton and Hamilton, defendant's attorney.
