

DIPLMATIC RELATIONS ARE SEVERED

Argentina's Reasons For the Breaking Off With Bolivia--Numerous Despatches to Representative of Republic Now at Manchester, Mass.

Lapaz, Bolivia, July 21.—It is stated here today the Argentine reason for breaking off diplomatic relations with Bolivia yesterday was the result of a telegraphic circular issued by the President of the latter Republic to the provincial governors in which he said in offensive terms to the Argentine authorities recently handed down by the President of Argentina in the matter of the boundary dispute between Bolivia and Peru and also the Bolivian President's orders to the municipal officials at Lapaz to suspend the centenary feasts and treat the day as one of national mourning. Argentina considered it incompatible with dignity to maintain diplomatic relations with Bolivia under the circumstances, and ordered the ministers at Lapaz to retire.

Lapaz, Bolivia, July 21.—The rupture of diplomatic relations was announced after extended official conferences held through yesterday, at which efforts were made to meet the aggressive attitude assumed by Argentina and at the same time allay the growing popular agitation in Bolivia. The spirit of the people was shown in monster petitions asking to be enrolled in the army, the petitioners asserting unconditional support to the Government cause in case of an armed conflict. The feeling that hostilities may occur is shown by the continued departure of many Argentine and Bolivian residents.

INCOME TAX SAYS BREWER ALL INCOMES

Milwaukee, Wis., July 21.—In his address before the Wisconsin Tax Association today the minister of finance said that the United States Supreme Court, under the hue and cry of today means a tax upon all incomes, and if that power to tax all incomes is given to the Government, we will see the states, taxed, not out of their existence, but out of their vitality. The idea leads up to the minister pleading the entire power in the control of the nation.

ODDFELLOWS RELIEF WORK SATISFACTORY

Special to The Standard. Kingston, Ont., July 21.—The annual meeting of the Oddfellows' Relief Association is in session today and the reports show a satisfactory year. The membership is 23,843, an increase of 1,008. The deaths reported in the province were 191,054, a death rate per thousand for the year was 6.42.

LIGHTNING STRUCK BUGGY DURING STORM

Special to The Standard. Ironquols, Ont., July 21.—A narrow escape from death by lightning in a thunderstorm is reported from Matilda township. While Dwight Hamilton was driving near Dundela lightning struck his buggy despoiling the top, rounding Mr. Hamilton unconscious. The bolt put five holes through Mr. Hamilton's hat and scorched his hair.

Divorce Court Resumes Today. Judge McKewen left last night for Fredericton, where he will preside at the divorce court, which will be held today. A number of cases are to come up, including the Curry case. It is understood Mrs. Curry will take the stand as a witness.

PERTH MILLING CO. PLANT IS NOW OWNED BY J. D. M'LAUGHLIN

Victoria County Industry Valued at Between \$20,000 and \$25,000 Recently Passed into Control of Queens County Man Who Was in the City Yesterday--Woodworking Plant Included in the Transfer--Mill Has Capacity of 25,000 Feet Per Day and is Fine Addition to Mr. McLaughlin's Lumber Interests.

Mr. J. D. McLaughlin, the well known contractor and lumberman, who has been in the city for a few days last evening by C. P. R. for Fredericton en route to Victoria County, where his lumber business is situated. Mr. McLaughlin has recently added to his already extensive interests by the purchase of the Perth Milling Company's plant at Perth, and it is now being operated under Mr. McLaughlin's control, Messrs. Brown and Cox being retained as managers. The plant is valued at something between \$20,000 and \$25,000, and has a capacity of 25,000 feet per day. The mill was built only four or five years ago, and is in splendid working condition. A woodworking plant is also operated in connection with the mill at Perth.

AGRICULTURAL COMMISSIONER TO ATTEND CONFERENCE TODAY

Hon. Dr. Landry Here Last Evening On His Way To Woodstock For the Conference of Produce Dealers There This Afternoon--A Commissioner Likely To Be Sent To West Indies To Look Into Opportunities.

Hon. D. V. Landry, M. D., Commissioner of Agriculture, passed through the city last evening en route to Woodstock where he will attend a meeting of the representatives of produce dealers and shippers, of the C. P. R. and other transportation interests. The meeting was called by the Government and Hon. Mr. Landry and W. W. Hubbard, secretary of the Department of Agriculture are in attendance to represent the Government and assure those taking part in the meeting of every assistance in a movement for the extension of the markets for New Brunswick produce. It is very probable that as a result of the conference a commissioner may be sent to the West Indies and other places with the object in view of securing markets for New Brunswick goods.

It is realized that some aggressive action must be taken to extend the markets as the present situation is by no means encouraging and some dealers fear that the 20 cents a bushel increase in the potato duty will render the American market impossible. Others again hold that the duty cannot affect the American demand. This question and a number of other problems will be considered and discussed at the Woodstock conference today and in a short time a similar meeting will be held in St. John in order to give the shippers and dealers in this vicinity an opportunity to state their views.

MOORS AND SPANISH CLASH AND CASUALTIES ARE MANY

Madrid, July 21.—According to the latest despatches the Moors made a series of fierce attacks at several points along the Spanish line with the evident object of cutting communications between Melilla and General Marina's camp at Alalayou, and to isolate the stores in the station at the extremity of the Spanish position. The Moors advanced steadily along the railroad, but were driven back by the artillery. The Spanish troops were aided by a tribe of faithful Kabyles. The Moorish losses were considerable. Extra provisions and arms are being rushed to the exposed Spanish ports. The gunboat Martin Alonso Pinzon bombarded the enemy, but was forced to retire high in order to avoid the Spanish forces. The Moors employed modern and daring tactics. They cut the telephone wires and often endeavored to burn the Spanish positions. The Spanish loss was 10 killed and 20 wounded.

F'TON MAN CUT THROAT AND YET LIVES

Special to The Standard. Fredericton, N. B., July 21.—Wm. Collins, of this city, attempted suicide at Hanwell last night by cutting his throat with a razor. He had been in poor health for some months and was despondent when he committed the rash deed. Dr. McGrath was called to Hanwell this afternoon and while he found the unfortunate man in a serious condition, he believes that he will recover. There is a gash in his throat about four inches long, but the wind pipe was not severed. He offered no explanation to the doctor as to how he came by the wound. A. E. Hanson of this city, has disposed of a large tract of lumber land on Musquoddy and Trout River, Carleton County, to the Peel Lumber Co. for ten thousand dollars. The lot consists of about two thousand acres. The Marathon baseball team of St. John is here to play two games with the Tartars. James Robert will be umpire. H. P. Timmerman, industrial agent of the C. P. R., is here today. The railway for a large influx of non-resident sportsmen to the province next fall is very bright. Already many of the guides have booked engagements for the entire season and applications are coming in daily.

ST. JOHN CRICKETERS WON AT HALIFAX

Halifax, N. S., July 21.—The St. John team completed its tour by defeating the garrison here today 237 runs to 78. The feature of the game was the batting of Cousins who ran up 77 before being bowled by James. His hands, consisting of 14 boundaries, 3 twos, and 15 ones. Bruckle and Flemming of Windsor, helped the New Brunswickers with 53 and 36 runs respectively. Popham bowled in fine style, taking 7 wickets for 23 runs. The field was wet and slippery owing to the rain which prevented sharp fielding. The garrison team was not at its full strength owing to many of the players being away on duty at Glace Bay and Inverness. Mr. James Tibbetts, of Fredericton, arrived in the city last evening to see the races.

IMPROVEMENTS TO BE MADE BY THE I.C.R. HERE

Increased Accommodations for Rolling Stock Must Be Ready By the Time of the Dominion Exhibition.

The building of new repair shops is by no means the only work of improvement to be carried out by the I. C. R. here this season. Yesterday some 200 men were employed in tearing down and removing the old coal shed opposite Victoria rink, and made good progress. This is only a part of the plan for the remodeling of the passenger car yards in order to provide accommodation for the immense amount of rolling stock which will find its way here at the big Dominion Exhibition in September, 1910. The same gang of men will proceed with the removal of the old repair shop and blacksmith shop, thus making ample room for the cleaning and storage of passenger cars.

Another crew of men are at work completing the freight car yards and siding at Island yard, which will take about four weeks to finish. A departure which will prove a great boon to the truckmen and freight handlers will be the paving of the approaches to Nos. 1 and 2 outward freight sheds. This work will be begun as soon as the men laying the granite paving have completed the work in the train shed, which will take three or four days more.

JOE DAILEY GETS TEN YEARS PENTENTENARY

For Robbery Committed At Campbellton On 5th July--No Bill in Two Other Criminal Cases.

Special to The Standard. Halifax, N. B., July 21.—In the County Court today Joe Dailey was given ten years in the penitentiary for robbing one Duthie at Campbellton on the 5th inst. J. S. Harquail, for the prosecution, and A. T. Leblanc, for the defence. Judge McLatchy presided. The Grand Jury threw out two other cases, leaving but one, and since there will now assume the responsibility of the case tonight, after two days sitting on the Dailey case.

ST. DUNSTAN'S COLLEGE WILL HAVE NEW HEAD

Special to The Standard. Charlottetown, P. E. I., July 21.—A change is about to take place in the person of St. Dunstan's College, Rev. Thos. Curran, D. D., who has for a number of years been the presiding officer of that institution, going to assume the duties of parish priest at Kelly's Cross, and being succeeded by Rev. Terence Campbell, who has been directing the affairs of that parish of late, making an exchange as were. Under the rectorship of Dr. Curran the college has advanced until it now occupies an honored position among the seats of learning in this Dominion. Dr. Campbell, who is the exclusive residential section and the great shore hotels. Starting in a lively stable near Second Avenue, the flames destroyed a dozen frame buildings, including the Coulter House, a four story hotel of modern construction which has not been opened this season. It will be almost a total loss.

ST. JOHN GOLFERS LOST.

Charlottetown Won Both Singles and Doubles in Yesterday's Game.

Charlottetown, July 21.—Perfect golf weather greeted the St. John golfers this morning and a most enjoyable day was spent at Belvidere. In the forenoon men's singles were played with the results, St. John, 5; Charlottetown, 7. In the afternoon the game was men's doubles and the home team won by a margin of 8 points. Tomorrow forenoon a return match will be played and in the afternoon mixed foursomes.

SHOE MAKERS STRIKE.

Lynn, Mass., July 21.—Every department in the James Peelan & Son shoe factory, employing approximately 800 hands, will close by the end of the week and two other factories are expected to follow suit within ten days, because of the strike of the packing room employees which was declared today. One other factory, it was rumored tonight, will make an effort to fill the places of the strikers. While the fight of the packing room employees for the new stand scale of wages is concentrated upon the factories of Peelan & Sons, V. K. and A. H. Jones, Joseph Gault and P. J. Harvey, a general strike in the shoe industry of this city will be considered. It is said at a mass meeting of the packing room employees in Lesters Hall tomorrow night.

HURRICANE HIT GALVESTON BUT SEA-WALL SAVED CITY

Tropical Storm With a 68-Mile-An-Hour Wind Inundated the Texan City--Trains Cannot Reach Galveston and City is Cut Off From the Outside World--Some Buildings Were Blown Down and Damage Will Be Heavy--Almost a Re-pitition of the 1900 Disaster--Ten Persons Reported Killed Tonight.

Galveston, Texas, July 21.—Fortified by her seventeen-foot sea wall, and her artificial elevation, Galveston today survived a hurricane that resembled the disastrous storm of 1900. Part of the island, on which the city is situated, was again inundated, the overflowing sea water reaching a height of seven feet or more, but that portion of the island which has been protected suffered comparatively little harm. No lives were lost, and the property damage is not large. Sweeping eastward, the tropical storm, which has been central over the Gulf of Mexico for 24 hours, struck Galveston shortly after 11 o'clock. The wind attained a velocity of 83 miles an hour and shifted to the northeast, heaving the waters of Galveston Bay up against the island and flooding that quarter which has been raised. The water backed up into the main streets of the city, but the principal damage was confined to the beach front, where bath houses and pleasure piers were swept away. A hurricane for east Texas was forecasted early this morning and warnings sent out. When wind and rain arrived several hours later, they found Galveston prepared. The inhabitants of the few scattered houses in the low part of the island, had already sought safety and vessels had sought safe anchorage in the bay. The fury of the storm soon abated and the anxiety of those who entered

tained fears of another tidal wave was soon relieved. A heavy dredge was blown against the single bridge that connects Galveston with the mainland, breaking the telegraph cables that were carried by the bridge. As a result, all manner of rumors were soon rife throughout the country that Galveston had again suffered such a storm as that which partly destroyed the city nine years ago. It was not until communication was re-established that these reports could be denied. It is impossible tonight to make an accurate estimate of the damage. Few buildings were blown down, but it is believed that many warehouses were flooded and goods ruined. The storm covered a wide area along the gulf coast. A fishing pier, seven miles from Galveston, was demolished by wind and waves. Thirty or forty persons who were on the pier were rescued by a pilot boat. As a result of the damage to the bridge that connects Galveston with the mainland and over which all the trains entering or leaving the city are forced to cross, communication by rail has been cut off. Tugboats are carrying passengers and mail and freight across the bay to Galveston tonight.

FRANCE'S NEW PREMIER IS LIKELY M. LEON BOURGEOIS

President Fallieres Will Offer Him the Premiership Today -- If He Refuses M. Briand, Minister of Justice, Is Second Choice--France Is In a State of Political Uproar--Clemenceau Suicided By Firing Several Phases at His Own Head, Says One Editor.

Paris, July 21.—President Fallieres tomorrow will offer the premiership to Leon Bourgeois, former Minister of Foreign Affairs. This decision was reached tonight, but as M. Bourgeois is not expected to reach Paris from Hamburg until tomorrow, his actual attitude with regard to the appointment is not known. Parliamentary circles, however, foresee that he will decline the honor, as his health is far from robust. Nevertheless, the cabinet crisis promises to be of short duration. M. Clemenceau, the late premier, M. Dubost, president of the senate and M. Erisson, president of the Chamber of Deputies, as a unit have counseled President Fallieres that M. Briand, Minister of Justice and Worship is the most available man after M. Bourgeois and it is understood that M. Briand is the president's second choice. The parliamentary leaders of the majority told President Fallieres today that M. Clemenceau's defeat was a personal reproach directed against the premier for his attack upon M. Delcasse and that it would not check the policies of Government which should be continued. M. Briand, after Clemenceau, is the most conspicuous member of the retiring cabinet. Although the temper of the senate is described as rather cold to the elevation of M. Briand, the attitude of the chamber is said to be sympathetic. If he is named premier it is expected that he will immediately reconstitute the Clemenceau ministry with Clemenceau omitted and commit himself to following the programme of reforms laid down by the Clemenceau cabinet. The entire political world remains completely stupefied at M. Clemenceau's action yesterday. No one can believe that an old campaigner like Clemenceau did not realize what he was doing and for this reason many advance the theory that he deliberately planned his own downfall. The general opinion is picturesquely summed up by Henri Rochefort, editor of the Patrie, who says: "Clemenceau had overthrown so many cabinets that he believed it proper to overthrow himself. He committed suicide yesterday by firing several phrases at his own head."

CLOUDBURST IN WISCONSIN DID ABOUT \$750,000 DAMAGE

Milwaukee, Wis., July 21.—Reports from northern Wisconsin tell of serious loss as the result of a cloudburst today, the estimates of the loss varying from \$400,000 to \$750,000. Many bridges and dams were carried out and the situation on the Odman Reservation is said to be serious on account of the high water. The White River power plant was wrecked causing a loss of \$100,000. In the summer resort district great damage has been done.

DR. M'INTYRE ALBERTA M. P. PASSES AWAY

Strathcona, July 21.—Dr. Wilbert McIntyre, M. P. for Strathcona, died at four o'clock today while under going an operation for acute kidney trouble. Dr. McIntyre was born at Rosedale, Victoria county in 1867. He was educated at Owen Sound Collegiate school and Toronto University.

Dr. McIntyre was one of the most conspicuous of the western Liberal members. He was first returned in a by-election in 1905, and re-elected at the general contest last year. He was 42 years old, and was married during the session of 1908. Dr. McIntyre was a Toronto university man. He went west soon after taking his medical degree, and at once became one of the leaders in the building up of the new town of Strathcona. He was president of the first Board of Trade, and of the North Alberta Medical Association. He was not a frequent speaker in Parliament, but he spoke with great earnestness and power, and seemed to be in the line of promotion. Strathcona seems to be a safe Liberal constituency. Dr. McIntyre had a majority of 1518.

MORGAN IS FIT. New York, N. Y., July 21.—Pierpont Morgan, who departed for his annual European trip on February 2 last, came back to New York tonight feeling fit, but rather uncommunicative. He said he expected to be at his desk in the financial district tomorrow morning.

\$10,000 WORTH DIAMOND RINGS STOLEN OTTAWA

While Two of the Robbers Engage the Clerk in the Sale of An Umbrella the Other Two Abstract the Rings and Make Off.

Special to The Standard. Ottawa, July 21.—One hundred diamond rings valued at \$10,000 were stolen today from McMillan's jewellers store on Sparks street. Four men took part in the theft at a time when the store was in charge of two assistants. The men asked to purchase an umbrella and two of them went to the rear of the store where they diverted the attention of the assistants while the others abstracted the rings from a show case near the door. The men got clear away.

REAL BATTLE OF STRUGGLE YET TO COME

Special to The Standard. Glace Bay, July 21.—Nothing of a sensational character developed today in the strike, situation to the number of men who go down into the mines to work daily is taken by the average citizen as an indication whether the strikers are gaining or losing ground. Regarding the value of this test to gauge the progress of the strike, a well-known man from outside who is capable of forming a sound opinion in such matters and who is outside the influence of either party to the struggle said: "I think you are taking too narrow a view of this matter to form a correct opinion, you people are all looking at little details of day's output and men going out and coming in. To my mind these are quite immaterial at least at present. The strike situation seems to remain exactly where it did on the first day of the strike. You have only had the preliminary skirmish; the great struggle will be hereafter. If you think that an organization, such as the U. M. W. is known to be, would call a strike down here against a comparatively small concern like the Dominion Coal Company alone, you are wrong. It is the united coal operators of America, that the men are up against and is to all intents and purposes a continental fight even though the battlefield is in this out of the way corner of the world. The coal operators laugh up their sleeves at the bugaboo of foreign organization. Capital disregard the international boundary line much less than labor." Reserve Mine is regarded as a pivotal point in the fight and changes there are very closely noted. A few U. M. W. men went back to work though today and the output of coal has slightly increased there. More men are being brought in here tonight. Some U. M. W. men are said to have gone down at No. 2, but gains or losses on either side are trifling.

EMPLOYERS' LIABILITY REJECTED

Hartford, Conn., July 21.—The Senate today rejected the Employers' Liability Bill by a tie vote, which the presiding officer, Senator Brooks, broke, by voting against the bill. The Senate also refused to take up the bill removing the limit of \$5,000 as the value of a life in accidental deaths caused by negligence. The House had passed both bills.

CONDITION OF AFFAIRS IN IRELAND

Dublin, July 21.—The National Convention of the Board of Erin, Ancient Order of Hibernians, has unanimously resolved to send a delegate to the United States to lay before the bill reorganizing the Order in that country, the condition of affairs in Ireland. The delegates also will make a reply to the criticisms of Matthew Cummings, President of the Order in America, who spent two months in Ireland, endeavoring to unite the scattered bodies of the Order there.

TO HAVE MOUNTED POLICE.

Edmonton, July 21.—It is stated that the Dominion Government has renewed the agreement with the Alberta authorities allowing the North-west Mounted Police to remain in charge of the police work for another five years. The news is received with great satisfaction. Mr. C. S. O. Crockett and son, Harold left last evening for Fredericton.

A NEWSPAPER CLIPPING WAS THE EVIDENCE

Frank Wallace Must Face Trial On Serious Charge -- May Have Been Victimized Himself.

"Forewarned is forearmed" is an old saying, and W. T. Beatty, of the firm of Beatty and Johnson, clothing, 695 Main street, found it to be a true one yesterday morning. Mr. Beatty had been warned that a smooth-spoken stranger, of prepossessing appearance, was trying to pass a raised cheque, and as a result, when a man giving his name and residence as Frank Wallace, of Moncton, offered a cheque for \$60 to Mr. Beatty, it was refused and the police being notified, Wallace was arrested and is now awaiting trial on the charge of attempting to obtain money under false pretences.

The first heard of the operations of the man with the raised cheque was on Tuesday when a commercial traveller, while riding in on the I. C. R. train, was reported to have been victimized, he having accepted a cheque for \$60, which was originally \$6. This was reported in the papers on Tuesday, Scovill Bros. & Co. Ltd. were asked to cash a similar cheque. They had heard the story, however, and turned down the man, who answers the description of Wallace to local firms, among the number being Beatty and Johnson.

About 9:30 yesterday morning a stranger walked into the North End store and Mr. Beatty says he knew what was coming from the first. Wallace chose a suit and raincoat, costing altogether \$30, and offered a cheque in payment, saying he was leaving town on the early train and could not cash the cheque at the bank.

The cheque bore the signature of P. A. Bellevue, a prominent Moncton merchant, and is now being tampered with very noticeably. Mr. Beatty called the attention of Wallace to the item in a morning paper, telling of the incident on the train, and the publisher was interested that he asked liberty to cut out the piece which he did. He then left the store, saying he would cash the cheque at the bank.

Mr. Beatty then communicated with the police and Deputy Jenkins and Detective Killen located him in the Grand Union Hotel, where he was placed under arrest. On being taken back to the clothing store, he stoutly denied that he had been there before, and Mr. Beatty asked the police to produce the clipping from the pocketbook taken from the prisoner, and the piece found exactly fitted in the hole left in the paper on the counter. This was conclusive evidence enough for the detectives and they took their prisoner to the Central Station. He was arraigned in the afternoon and remanded until Friday morning.

Though Wallace registered from Moncton, he gave to the police his native place as Port Maitland, N. S. He is 27 years of age, about 5 feet 11 inches in height and weighs in the vicinity of 160 pounds. It is conjectured that he was the man victimized in the train and that he was trying to even up by passing the worthless cheque.

P. A. Bellevue whose name was inscribed at the bottom of the cheque in question, arrived in the city last night. Mr. Bellevue declined to be interviewed.

As many as 22 dealers in milk will appear in the police court in a few days, charged with failing to comply with the board of health regulations. Of these 17 are vendors of the milk shipped into the city by five grocers, who have neglected to take out licenses. It is understood that the grocers have refused to sell their milk from earthenware vessels only, as required by the regulations. This trouble occurs annually, though the number of dealers reported this year is far larger than usual. The names of the alleged violators are now in the hands of the board of health council, J. R. Armstrong and the cases will be called on at his convenience.

The reports of the sub-inspectors appointed by the board of health council, to investigate sanitary conditions generally, have all been handed in and a number of prosecutions will likely follow as a result of their work.

LATE PERSONALS.

Mrs. Geo. Kierstead and Miss Viola Kierstead have gone on a visit to Somerville, Conn.

Stanley Webb and bride (nee Miss Gladys Roberts) returned to the city last evening.

Miss May Higgins left on the Calvin Austin to visit her brother at Jamaica Plains.

Alderman A. B. Kitchen, Mrs. Kitchen and their son, Walter, arrived in town yesterday from Fredericton, and are staying at the Royal. They will remain here until after the races.

Walker Finson, of the Customs service, who has been laid up for some time with an attack of ptomaine poisoning, was able to resume his duties yesterday.

Mr. W. S. Hooper, secretary of the Fredericton Exhibition Association, is in the city looking after advertising for the exhibition to be held there this year, and incidentally to see the races.

Funerals.

The funeral of the late Mr. Andrew Lindsay took place yesterday afternoon at 3:30 o'clock. Rev. A. L. McLean conducted the services. The interment was made at Cedar Hill.

To Close Out Dryden Co.'s Affairs.

Yesterday Judge McLeod gave a decision allowing the liquidators of the H. H. Dryden Co., Ltd., of Sussex, to complete the closing out of that company's business. Some time ago tenders were called for the assets of the concern. A portion of these were sold and the factory, the store on Main street, Sussex, and other assets will be offered on August 2, by the Judge's order.

MEDICAL SOCIETY TO BE IN ST. JOHN IN NEXT YEAR, TOO

The New Brunswick Medical Society closed its annual meeting yesterday with a final session held at the council chamber of the court house. The society decided to meet here again next year, when the Maritime Association will be in annual session.

The convention has been a particularly successful one. There have been upwards of fifty delegates in attendance and all have expressed themselves as being well satisfied with the results of the meeting.

Although no actual step was taken in the campaign against the spread of tuberculosis, the society reiterated its former stand in the treatment of the disease.

The Morning's Session.

At the morning's session, a new business was done, but a highly instructive and very enjoyable programme was carried out, consisting of papers and addresses on current medical matters, and by some of the physicians. About twenty-five members were present this morning. The newly elected officers were in their respective places.

The first number on the programme was an interesting paper on the report of a case of fracture of the base of the skull read by Dr. F. H. Wetmore, of Hampton, in which he dealt with the methods of attending to such cases, and the results likely to accrue from neglecting to administer the proper treatment. The paper was listened to with a great deal of attention and the speaker was loudly applauded at its conclusion.

A paper on Psoriasis, by Dr. G. G. Melvin, showed clearly that the speaker was familiar with his subject. He told of the effects of the disease, which included almost all kinds of cutaneous elements, and referred to several cases which had come within his notice while practicing.

One of the best papers yet read was that of Dr. W. B. McVey, on the Actiology of Tuberculosis, in which he referred to the good work already accomplished by the society, which was founded here recently to check the spread of the disease. He also gave his views on the methods of treating consumptives, both for the prevention and cure of the disease.

The paper was discussed at length by Dr. Thomas Walker, in a very able manner. He dealt also with the home and sanitarium treatment of tuberculosis in New Brunswick. He commented on the absence of consumptive beds in hospitals and sanitariums in St. John, and said that the only one institution in the city which provided beds for consumptives.

Dr. Walker also touched on the disinfection of schools, which he said should be different from that of fresh air and rest were the requisites essential to the downfall of this terrible disease of tuberculosis.

Dr. Bailey of St. Martins spoke for what he had to say on the subject of the tuberculosis preventive society in the county had not been more widely advertised.

HOOF PRINTS.

The bell rings at Moosepath today. El Galo (2:16 1-4) will make his first start here.

Simms (2:08 1-2) and Terrace Queen (2:06) the old rivals, meet today for the first time this season.

There's a great contingent of Fredericton horsemen in town and Maine also has a large contingent. Andy Sullivan will occupy the auctioneer's box at the Moosepath meeting. The popular Andy always made a hit in the province.

Word comes from Kentucky that J. M. Johnson has three very fast Coket yearlings in training at the Lexington track.

Lady Jones, 2:07 1-4, is in Tom Murphy's stable. She mated a third and fourth heat in 2:10 1-4 before leaving Pittsburg.

The Connecticut mare Naoma, who showed her ability to trot in 2:10 last summer won at Corry, taking a maiden record of 2:18 1-4.

Terre Haute did not uncover any trotters or pacers that look up to the standard of American blood. Spanish Queen, Minor Heir or The Ed.

Billy Andrews expects Hamburg Belle to give him the fastest ride of his life. Having marked John R. Gentry in 2:09 1-2, he counts the daughter of Axworthy a two-minute trotter.

When the California trotter Kid Wilkes took his record of 2:11 1-4, he was timed separately in 2:08 3-4. His manners are such that he cannot make the most of his wonderful speed.

George Garth has three high-class pacers in March McEwen, Walter He and Vic McEwen. Walter has not been beaten, while the latter made Rock C. go in 2:09 1-2, over a two-lap track.

Evening Gray, the daughter of Crepuscle, who was given a record of 2:24 1-4 at Peoria, is out of the dam trotter Bellini, 2:08 1-2, and Tokio 2:09, and is probably the best trotter bred in 2:15 and will be saved over another year.

Gamar, 2:13 1-2, is about the best trotter racing on the harbor track. He is a 5-year-old stallion and began the season with a mark of 2:17 1-4. His pedigree is particularly rich, being by Tekumseh, sired by Gavatte, by Migrol, second dam Anagnan, by Fred. Igal, Tekmar is a son of Alcantara and Irma, 2:18 1-2, by Nutwood.

Sturgeon Are Valuable.

A few sturgeon are still taken in the St. John river. At one time they were numerous but they were not then so much prized as they are now. Yet they were killed so successfully that the race was almost totally exterminated. Better protection is doing something to restore it, but this huge fish is of slow growth and difficult to restock. When a sturgeon is taken in this neighborhood it is likely to be eaten in St. John. Dealers have standing orders for them at fancy prices from New York and Boston. A fish weighing 300 pounds might be worth \$40 to \$50. This does not include the prized delicacy, the sturgeon roe, the raw material of caviare. The roe is worth \$1.50 per pound.

Mr. G. J. Barrett, of Fredericton, arrived in the city last evening to attend the races.

THE MUNICIPAL COUNCIL HAD A BUSY SESSION

The \$1,000 Appropriation For Improved Heating Apparatus Was Passed --- Other Business.

At the quarterly meeting of the county council held yesterday afternoon it was decided to undertake the necessary repairs to the registry office at a cost not to exceed \$1,000. A motion introduced by Coun. Kelley providing for the proper conveyance of prisoners to and from their work was discussed at some length, but finally shelved upon the motion to adjourn being carried. After the disposal of the report of the Finance Committee there was little business transacted.

The members of the council were all present with the exception of Councilors Codner, Curran and Dean.

The report of the Finance Committee was the first matter taken up. It was disposed of section by section. Section one recommended the payment of the quarterly accounts. It was ordered carried.

Section two recommended that the matter of improving the registry office as regards heating and other necessary changes be referred to the committee on county buildings with order to act, the cost not to exceed \$1,000.

Ald. Baxter in moving for the adoption of the section explained the nature of the improvements to be undertaken, and to the necessity for prompt action. The cost he thought would very likely not exceed \$800, but the committee did not desire to tie the hands of the members engaged in superintending the repairs.

Ald. Potts objected to an expenditure of \$1,000 on the registry office. He thought that the grand jury room of the court house was more in need of repairs. The speaker was not a visorist but he believed that the day's work was not far off when the city and council would unite to erect a suitable building in the transaction of their county affairs.

At the suggestion of Ald. Baxter the order of business was suspended and a pilgrimage made to the registry office, where its defects were made known to the doubting thirteenth. Upon the contingent returning the section was adopted with an amendment providing that the court house be also included in the expenditure.

Section three recommended that James Moreland tax no legal claim for damages against the municipality arising out of a driving accident of which he was the principal.

The meeting adopted the section suggesting at the same time that Mr. Moreland take the matter up with the highway board of Simonds, the in which the accident occurred. Mr. Moreland claims \$65.50 damages.

Section four reads as follows: "The committee recommend that the resolution passed by this council at the last May meeting, relating to the insurance on county buildings be rescinded, and that no further action be taken at present."

Councillor Frink explained the meaning of the section, by stating that the insurance companies were unwilling to come to an agreement in the matter and therefore the scheme had to be abandoned. At last meeting of the council it was decided to reorganize the system of the placing of insurance, lumping the policies in one and making the company responsible for its administration.

The section was adopted as read, and the report as a whole was subsequently carried.

A communication was read from the county treasurer, George R. Johnson, asking for an increase of salary. On motion of Coun. Baxter, his salary, which now averages between \$850 to \$900, was increased by \$100.

On motion of Coun. Donovan Francis J. Rafferty was appointed a weighman for the parish of Simonds.

Coun. Kelley moved that the municipal council be authorized to carry on prisoners to the scenes of their employment. Coun. Kelley held that it was demoralizing to a large section of the city; residents and to the prisoners themselves to be marched manacled through the streets of the town.

Coun. Donovan also favored the move. The motion to adjourn, however, was put at this juncture, and upon being carried the meeting dispersed.

BOSTON MARKETS.

Boston, Mass., July 21--Butter--Firm; northern, 29 to 30; western, 29 to 32.

Beef--Fresh, steady; whole cattle, 9 3-4 to 10.

Lard--Steady; pure, 13 3-4.

AUGUST BELMONT AND SONS ON THE LUCANIA

New York, July 22.--Among the passengers outgoing recently on the steamship Lucania, of the Cunard line, were August Belmont and his two sons, Raymond and Morgan Belmont.

Mr. Belmont refused to deny reports that he was to wed Eleanor Robson, an actress, and simply raised his hands over his head when the question was first point blank at him.

But when he was asked about racing, Mr. Belmont discussed the sport, and said that in his opinion racing is now more popular than ever.

"Even without betting," he said, "racing will always be popular, both in this country and Europe."

GOVERNMENT ANNUITIES ACT EXPLAINED BY DR. SAMSON

Dr. Samson, of Windsor, Ont., who was recently appointed by the Dominion Government to explain to the people of Canada the provisions of the Annuities Act, addressed a large and representative meeting at the Y. M. C. A. hall last night.

Dr. Samson is a most interesting and impressive speaker and he handled his subject in a manner that met with approval.

The speaker was introduced by His Worship the Mayor, who in a few words emphasized the importance of the subject to be discussed, and urged its thorough consideration.

Dr. Samson started in opening that the subject was, perhaps, the most important of any that had ever engaged the attention of a St. John audience.

There was not a single man in Canada who was unable to lay away sufficient money to provide for him in his old age, with this fact prominently in view the people of Canada through their representatives at Ottawa had formulated a scheme by which this provision might be made absolutely certain.

It was a simple business proposition, designed wholly for people of moderate means, the people who own the country. Other countries had schemes for the protection of their aged poor. England had a pension system. But it had remained for Canada to hit upon a scheme in the protection of which the future of its poorer inhabitants was secured with out pauperism.

There were several ways for the poor man to provide for the rainy day. He might invest in an insurance policy. There was the post office savings bank, but it possessed one great disadvantage, the money deposited might be withdrawn at the will of the depositor. It was here that the Government had stepped in with a system of annuities by which the old age of any one thirty and that meant worth while might be secured.

"Annuity is a new word in this country," said Dr. Samson, "and the most important statement that I have to deliver to you concerns its interpretation. An annuity is an agreement made with a company or country by which late today and on a vote, the men declared they will not return to work under any circumstances until the company agrees to their demands. The men also pledged themselves to conduct the strike from now on without violence.

OZEN D. DID IT.

P. E. Island Was Fast As Three-Year and Has Retained His Speed.

Charlottetown, July 21.--At Tunnel Track at Cape Traverse today some sensational work was done by Ozen D. This horse is a provincial record of 1:06 1-2 for half mile.

This horse is expected to campaign this season and some good work may be expected of him. His performance today made the programme an interesting one to the many horsemen who attended. Ozen D. is also the holder of the Maritime record of 2:27 for three-year-olds. Baby Boy was second and Sylvia Electra third.

In the free-for-all, Mamie P. won after a close contest. Queen M., second, Owens third.

The three-minute class was won by Lady Bell, King Brazilian second, Kendall third.

LOG SALE.

The annual sale of "no mark" and mixed logs, raffed by the St. John River Log Driving Company, was held yesterday morning in the Board of Trade rooms. Auctioneer F. L. Potts conducted the sale, and the buyers were as follows:

Hamlock, 2,200 feet at \$5 per thousand; cedar, 130,000 feet, at \$7.25 per thousand; and pine, 23,600 feet at \$10.10 per thousand, to the Scott Lumber Company, Fredericton. Spruce, including merchantable bats at two thirds price, and condemned, (thrown in), 350,000 feet at \$13.90 per thousand, to Randolph and Baker, Randolph, N. B.

R. B. McFarlane, of Fredericton, is at the Royal to attend the races.

Mr. G. D. Prescott, M. P. of Afford, and Mrs. Prescott, are in the city.

At Pittsburg.

Pittsburg, Pa., July 21.--The strike of the employees of the Pressed Steel Car Company has resolved itself into a waiting game on the part of the strikers. After two conferences today between counsel for the car company and counsel for the strikers, it was announced that nothing approaching a settlement had been reached. The conferences were explained as attempts on the part of the strikers to show the car company officials evidence of graft under pay and general abuse received at the hands of minor employees of the car company at the Schoenflies plant. The strikers claim that today's conference was partially successful inasmuch as the car company promised to investigate certain claims of underpay. A mass meeting, one of the largest yet held by the striking workmen, was

SUTTON CASE NOW BECOMES VERY DRAMATIC

Annapolis, Md., July 21.--When the naval board of inquiry, which is investigating the death of Lieut. N. Sutton, of Portland, Oregon, finished its third day's session at the Naval Academy Auditorium, only four witnesses out of fifteen subpoenaed by the Government, had been examined.

Henry E. Davis, chief counsel for the Suttons, has not much more than started his cross-examination of Lieut. Edward S. Willing, now attached to the Marine Barracks at the navy yard in Philadelphia, when the hearing was adjourned for the day. In a few minutes the hearing resumed, and a description of the immediate scene of the tragedy, Mr. Davis succeeded in showing discrepancies in Lieut. Willing's testimony at this and the former inquiry. Willing, who was on duty the day at the marine camp, and was routed out by Lieutenants Utley and Bevan, when Sutton was running wild in camp with two revolvers prior to the tragedy, as follows: Willing had testified, was the first man to say that he reached the scene of tragedy in time to see Adams punching Sutton. Lieutenants Utley and Bevan, who ran down to the place where the tragedy occurred, testified, was the first man to say that he reached the scene of tragedy in time to see Adams punching Sutton. Lieutenants Utley and Bevan, who ran down to the place where the tragedy occurred, testified, was the first man to say that he reached the scene of tragedy in time to see Adams punching Sutton.

Major Leonard, the judge advocate, asked the witness how he would have killed him or if the witness had any way of knowing whether Sutton was dead before the last shot was fired. It was known that Mrs. Sutton had testified, was the first man to say that he reached the scene of tragedy in time to see Adams punching Sutton. Lieutenants Utley and Bevan, who ran down to the place where the tragedy occurred, testified, was the first man to say that he reached the scene of tragedy in time to see Adams punching Sutton.

Major Leonard, the judge advocate, asked the witness how he would have killed him or if the witness had any way of knowing whether Sutton was dead before the last shot was fired. INTERNATIONAL WATERWAYS COMMISSION CLOSSES FRIDAY

Commissioners Will Visit Van Buren, Me. Again To Hear More Evidence, and Will Inspect Fredericton Booms Next Month

The International Waterways Commission's sessions in the city continue and it is likely that the commissioners will continue here until Friday evening.

Yesterday, Mr. J. Fraser Gregory, of the firm of Murray and Gregory, president of the St. John River Log Driving Company, was on the stand most of the day.

Mr. Jones asked that he be received as evidence, but Mr. Fellows objected, giving as a reason that witness had written upon the document before submitting it.

Mr. Fellows then examined the witness, and put Mr. Gregory through a severe cross examination.

Mr. Gregory stated that Loggie and Schoinar Co. cuts logs for the firm of Murray and Gregory, while the firm's logs are on the stump.

Mr. Gregory's valuation of his mills, Mr. Gregory placed a valuation of \$75,000 upon them.

Mr. Gregory's valuation of his mills, Mr. Gregory placed a valuation of \$75,000 upon them.

Mr. Gregory's valuation of his mills, Mr. Gregory placed a valuation of \$75,000 upon them.

There was a larger jam at the sorting works than on the same date this year. He would judge 20,000,000 feet. They were not using side gaps to let out side-gaps to let their logs out to their mill.

This year no logs had been brought down the Aroostook but were cut on the St. John or its tributaries, above St. Francis river.

The officials are elected by the log owners, each having one vote for every 100,000 feet of logs cut in the year of the election.

Mr. Gregory explained that he had built a mill and had a great deal to do with transactions of this nature.

Mr. Gregory's valuation of his mills, Mr. Gregory placed a valuation of \$75,000 upon them.

Mr. Gregory's valuation of his mills, Mr. Gregory placed a valuation of \$75,000 upon them.

Vienna, July 21.—Despite the warnings of his physicians that only a complete abstinance from business care would bring about his complete recovery, it is learned today that E. H. Harriman is still conducting immense financial and railroad transactions by cable from the watering place at Bad Gastein, where he has been ordered by the specialists to take the cure.

FEAR OF A BIG FLOOD IN GALVESTON, TEXAS.

Washington, July 21.—The weather bureau today issued the following bulletin: "A report received by the weather bureau from Galveston states that at 10.30 a. m. today, the sea was high and rising and water in the western portion of the city was several feet deep. At that hour the barometer stood at 29.64 inches and was falling rapidly. The wind was from the N. E. and blowing at the rate of 44 miles an hour with a maximum from the Northwest of 62 miles. The storm that is approaching the Texas coast was first sighted the day before yesterday over the Caribbean Sea and it is feared that a serious flood may result.

Washington, July 21.—The weather bureau today issued the following bulletin: "A report received by the weather bureau from Galveston states that at 10.30 a. m. today, the sea was high and rising and water in the western portion of the city was several feet deep. At that hour the barometer stood at 29.64 inches and was falling rapidly. The wind was from the N. E. and blowing at the rate of 44 miles an hour with a maximum from the Northwest of 62 miles. The storm that is approaching the Texas coast was first sighted the day before yesterday over the Caribbean Sea and it is feared that a serious flood may result.

GEORGE GANO IN 2.07 1/4.
Tommy Murphy won at Windsor yesterday—Bisa lands for "Longshot" Cox and Geers wins with the Harvester.

Windsor, Ont., July 21.—The weather and track were again ideal for the races here this afternoon. The crowd was large, fully 2,000 people being on the grounds. Summaries:

2.12 Pace.
George Gano, b s, by Rambetta Wilkes (Murphy) . . . 1.11
Hoosier Prince, (Cox) . . . 3.42
Vrasgelburg (no driver given) . . . 2.34
Shadland Nutsie (Hopkins) . . . 2.34
Time—2.09 1/4, 2.07 1/4.

TODAY'S CARD.
Favorites in Free-For-All are Rudy Kip, (2.04 1/4) and Louise E. (2.11 1/4).

Two fine events are on the card for the opening day, the free-for-all with four starters and the 2.27 stake with seven starters.

In the free-for-all the favorites are Rudy Kip (2.04 1/4) and Louise E. (2.11 1/4) with Rudy Kip perhaps the best thought of the two. It will be his first start in the province and those who remember his great campaign on the grand circuit when Tommy Murphy ply never had to ride behind with him, feel confident that he will be able to do the trick.

MOOSEPATH ENTRY.
All the Classes are Well Filled and Fields are Largest Ever Seen in St. John.

The complete list of entries for the Moosepath races follows:

ACCIDENT AT HILLSGROVE
Driver Cook Badly Hurt in Collision in 2.17 Pace—Leona, Prince Hamlin and Morris S. Winners.

Hills Grove, R. I., July 21.—A serious accident in the second heat of the 2.17 pace in which C. H. Cook, of Hartford, Conn., driver of C. H. R., was so badly hurt as to necessitate his removal to St. Joseph's Hospital in Providence, marred the second day's racing at the Hills Grove half-mile track today. In the heat at the first track today, in this heat at the first race, Leona, Prince Hamlin and Morris S. won the 2.17 pace and Belle broke and swerved into the middle of the track, colliding with Red Rose. Kingstown Belle was thrown to the ground and Cook, who was close behind with C. H. R. swerved to the right to avoid hitting the fallen horse when he was crashed into by W. E. Lead, driven by Niles. Cook was thrown under W. E. Lead's heels and was trampled upon, receiving a bad gash over the left eye that rendered him unconscious. His condition is serious. None of the horses was badly hurt and with the exception of C. H. R. all were placed in the third heat. All today's races were decided in four heats. None of the horses were pulled off without a result. Royal Trust, Bay Billy and Rachel each having two heats to their credit when the racing was over. The 2.27 pace was an easy win for Alfio. Results:

AT DELORIMER PARK.
Alfio Steps in 2.16 1/4 to Win 2.27 Pace—Six Heats and 2.23 Trot Unfinished.

Monday, July 21.—Today's card at De Lorimer brought out a hot contest in the 2.27 trot, six heats being pulled off without a result. Royal Trust, Bay Billy and Rachel each having two heats to their credit when the racing was over. The 2.27 pace was an easy win for Alfio. Results:

MINOR HEIR WON.
Defeated Dan Patch in Their First Race This Season at Grand Forks, N. D.

Grand Forks, N. D., July 21.—Before the largest crowd ever assembled in North Dakota, Minor Heir, 1.59 1/2, beat Dan Patch, 1.55, in a race paced over the half-mile track of the North Dakota State Fair grounds today. The course was heavy and a terrific wind was blowing. Both of the pacers were in good condition for so early in the season.

JOHNNY KLING PLACES BAN ON MURPHY AND CHICAGO

Great Catcher At His Home in Kansas City Says That He Will Play With Any Other Club That Meets His Price—The Champion Cubs Have Secured a Semi-Pro Shortstop From North Attleboro, Mass.—Lajoie in the Game For the First Time in a Month and Naps Beat the Red Sox—Collins, Late of Bangor, Making Good in Big Leagues.

Kansas City, Mo., July 21.—"I will quit baseball play for Murphy," said Johnny Kling, the champion catcher here today. "I am through with Murphy and his Chicago club. I will play with any other club that meets my terms, however, but never with Chicago."

CUBS GET SHORTSTOP.
New York, N. Y., July 21.—The Chicago National League Club is said to have purchased Joe Heath, a semi-professional shortstop from North Attleboro, Mass.

THE BIG LEAGUES.
Lajoie Gets Back in the Game and Cleveland Beat the Red Sox.
Cleveland, July 21.—Cleveland defeated Boston today, 4 to 2. Ryan was the hero as he was taken out. Cleveland scored four runs, which were enough to win the game. Cleveland did nothing with either Pagan or Collins, who succeeded Ryan, while Berger was effective except in the first inning.

BROWNE RANKS THIRD.
Old Boston National Fielder Setting Merry Clip at Bat Since He Joined Washington.
Following are the averages of the leading batsmen of the American League who have taken part in 10 or more games. The figures include the games of Friday, July 16.

Name	G	AB	R	H	AV
Hyatt, Pt.	19	23	5	9	.391

LOCAL RUNNERS TO PERFORM AT CHATHAM MEET
The Every Day Club will send two speedy runners to the big long distance meet at Chatham next Monday evening. Geo. Stubbins and A. O. Stubbins both entered, and they should be able to make the best of the long distance. In the seven mile championship event, Thomas, P. E. Island, Cameron, of Amherst; Stubbins, of Fredericton; and Gilmour, of Chatham, and possibly a few others are expected to start, and as over three miles of the race will be run on the fastest track in the Maritime Provinces, the time will likely be shaved down pretty close to the record. Twenty likely youngsters have entered in the three mile event, and the novice race is also filling slowly. The prizes are of an exceptionally high order of merit; the first prize cup in the seven mile being a particularly fine one. The race is being promoted by the Y. M. C. A. and is sanctioned by the M. P. A. A. Runners and members of clubs represented by contest only can obtain a single fare for the round trip from any station on the I. C. R. by asking for a Standard Certificate.

STEEPLE CHASER SOLD.
winner of the Grand National, the Whitney Memorial and the Consolation stakes, was purchased late today by A. Henry Higginson, of Boston, from Col. Robert Neville, of Virginia. The price stated to have been \$4,500.

SEALED TENDERS, addressed to H. E. Wardrop, Common Clerk, City Hall, corner Prince William and Princess streets (marked "under for paving, etc.") will be received until noon of July 27th, inst. for the improvement of German street and Paradise Row, according to the following estimated approximate quantities, viz:—
11,000 sq. yds. paving, price to be per square yard.
550 lin. ft. excavation and backfill for water mains.
250 lin. ft. excavation and backfill for service pipes.
3,500 sq. yds. sidewalk, price to be per square yard.
and the setting of about 2,700 lin. ft. of granite curbing, which stone will be provided by the city.
Contractors submitting proposals must attach specifications for the construction of the pavement proposed to be made and give a ten years' guarantee of the same; they undertaking to repair all defects and maintain the street during this period.
Each tender must be accompanied by a certified check payable to the City of Saint John for five (5) per centum of the estimated amount of the tender, which deposit will be held by the city during the term of the guarantee or until a satisfactory guarantee bond is executed.
No tender necessarily accepted.
Plans, specifications and other information obtained at the office of the City Engineer, City Hall.

C. W. Burpee, engineer of maintenance of way on the C. P. R., arrived in the city from Fredericton last evening.

at Windsor—Six Heat Race at De Lorimer Park—Minor Heir Beat Dan Patch

Fredericton, July 21.—The return to the diamond of "Dick" Tibbits, the idol of the baseball fans of this city, was celebrated this afternoon by the Tartars defeating the St. John Maroons in one of the best games seen here for a long time.

Fredericton, July 21.—The return to the diamond of "Dick" Tibbits, the idol of the baseball fans of this city, was celebrated this afternoon by the Tartars defeating the St. John Maroons in one of the best games seen here for a long time.

THE WEATHER.

Maritime—Fine and warm followed Friday by showers and thunderstorms. Toronto, Ont., July 21.—Light rains have occurred today in the lower Lake region due to the advance of a disturbance which was last night centered in Dakota. Light rains have also occurred in Nova Scotia, but elsewhere in Canada the weather has been fine and in the west warmer.

New England Forecast.

Washington, D. C., July 21.—Forecast for New England: Partly cloudy Thursday, showers by Thursday night or Friday; light to moderate south to southwest winds.

The Annual Picnic.

At a meeting of the congregation of Carleton Place United Church last night it was decided to have its annual picnic at Woodfield Beach on the 5th of August.

A Missing Cow.

Richard Ryder, of 97 Magazine St., was anxiously looking for a missing cow last evening. Inquiries at the pound failed to throw any light on the situation, and it was quite a mystery as to where the animal had disappeared to.

Signalers Inspected.

Capt. T. E. Powers inspected the corps of 15 signalers who will go with No. 3 battery, C. A., to Petewawa on Saturday. The men represented the three companies, five from each, and all displayed a high state of efficiency. The inspection was held in the drill shed.

Ill Wind Blows Good.

There is no ill wind that does not blow good to somebody. The Quebec bridge disaster which resulted in the killing of 80 people and a loss of eight million dollars, now brings in a large income to a steamship company which runs an excursion steamer out to the bridge twice a week.

Fixed to a Day.

The Holy Ghost and His Society whose principal base of operations is at Shelton, Me., has received advice that the end of the world is about to come at 20 minutes and 30 seconds past ten o'clock on the morning of Wednesday, September 15.—Gloster Times.

Inspection of Saloons.

North End saloon keepers were on their good behavior last evening. The Liquor License Commissioners accompanied by Inspector Jones, made the rounds and found screens removed and everything satisfactory. The trip of inspection occupied the time from 8 to 9:45 o'clock.

Sub-Committee to Report.

A meeting of the buildings committee of the municipality was held yesterday at the close of the county council meeting. The meeting was called for the purpose of taking steps in the projected alterations to the registry office. A sub-committee consisting of Couns. Holder and Sproul, was appointed to go into the matter and to report back to the committee.

The Late D. J. McLaughlin.

The body of the late Mr. D. J. McLaughlin arrived from St. Andrews yesterday and was taken to his late residence, 105 Leinster street. The only ones of the family who have not yet arrived are Mrs. Walter McLaughlin, of Minneapolis, who is expected to arrive this evening, and Mr. Douglas McLaughlin of Winnipeg, who has not been able to come. The funeral will take place this afternoon at 3 o'clock.

Mrs. Charles Thompson.

The death of Mrs. Charles Thompson, who formerly lived in St. John, occurred at New York on July 20. Her husband, who died some time ago, was a cabinet maker. The funeral will take place from the residence of her son, R. B. Thompson, 210 Paradise Row, when the body arrives. Besides Robert of this city, the deceased leaves two daughters, Nellie and Agnes, and one son, George B., all of New York.

Mrs. McLeod Fined.

The case against Margaret McLeod charged with selling liquor in Sheffield street, was finally disposed of in the police court yesterday afternoon. The defendant admitted the selling of beer and on application of her counsel, E. E. Ritchie, the charge was amended to the selling of beer without license and on Mrs. McLeod pleading guilty, a fine of \$10 and costs was imposed. She agreed to leave Sheffield street altogether.

Oddfellows Elect Delegates.

Peerless Lodge, No. 19, I. O. O. F., have chosen delegates to attend the meeting of the grand lodge to be held in the Oddfellows' Hall, Union street, commencing August 11th, as follows: M. D. Brown, H. B. Elliott, Chas. Ledford, G. A. Chas., J. R. Dunham, R. E. Coupe, Walter Logan, A. B. Thorne, B. W. Thorne, delegates; E. E. Staples, W. H. Shaw, John Salmon, A. Washburn, J. W. Lettney, E. W. Stockford, C. Hannah, J. R. Smith, Geo. Blizard, alternates. H. B. Elliott is the paid representative.

Wedding.

A pretty wedding took place yesterday morning at 256 King street east, when Miss Annie J. McLeod of Halifax was married to Mr. G. B. Scovill, superintendent of dredges. The marriage was held at the house of the bride's sister, Mrs. James Scovill and the Rev. A. A. Topham, pastor of St. David's church officiated. The bride wore a travelling suit of navy blue silk with hat to match. Mr. and Mrs. Scovill left by I. C. R. for a trip to the North Shore and Prince Edward Island.

Immigration Officers Busy.

A rather unusual situation developed on the Boston train yesterday, when Zena Brown, a young girl of 12, the daughter of Mrs. Solomon Brown, of 49 1/2 Brussels street, was ordered from the train by the United States immigration officer. Zena, who was going to Bangor to visit her aunt, got on the train before it left at 6:45 in the morning and presented her ticket to the conductor. Later the immigration officer came along and said that she would have to leave the train at Westfield. A boy and a man and a woman from Newfoundland, were also told to get off. They all do so and were brought back to the city on the suburban train. The girl seems to be an intelligent girl and attended school regularly. The reason probably is that she did not possess \$25 but many others have passed the line without that amount.

E. M. Sipprell returned to the city last evening on the Boston train.

TO INSTRUCT DELEGATES TO AUSTRALIA

Council of Board of Trade To Discuss Subjects For Empire Congress Tomorrow—Their Plans Outlined.

A meeting of the council of the Board of Trade has been called to meet tomorrow to give instructions to W. Frank Hatheway, M. P., and James Pender who will represent the Board at the Congress of Chambers of Commerce of the Empire, which will open in Sydney, N. S. W. on September 13. The attitude of the board on preferential trade, immigration and similar subjects of Canadian and Provincial interest will be considered.

Mr. Hatheway will leave St. John next Wednesday and before proceeding to the coast will visit relatives in Montana. He will join Mr. Pender and the other Canadian delegates at Vancouver. The party, which will number about twenty, will sail on August 13, and are due in Australia on September 6, one week before the Congress opens.

It is Mr. Hatheway's intention to spend some weeks in Australia and to devote part of his time to studying the effect of the labor laws in the Commonwealth. Before returning home he will visit some of the tea gardens in India and Ceylon. He expects to arrive in St. John towards the end of December.

Mr. Pender will take the opportunity while in Australia to visit his brothers who have been engaged in the mail business there for many years.

JOLLY PICNICS.

Annual Picnic of St. Mary's Church and Good Shepherd Church of Fairville Held Yesterday.

The picnic held by St. Mary's church yesterday at Watter's Landing was the most successful ever held by the congregation. The steamer Majestic took up large crowds on both the 9:30 and 1:30 trips, and altogether about 650 were in attendance. A friendly game of baseball was played during the day between teams representing the church, and the R. K. Y. C. members who chanced to be in the vicinity, and resulted in a victory for the navigators. An extensive programme of sports was carried out, and as many as fifty prizes were distributed. St. Mary's band rendered excellent music. The Majestic brought the happy crowd home at 7:30 and every one spent a most enjoyable day.

Two bushes made trips to and from Fairville to Kingsville yesterday and conveyed the picnicers from the Church of the Good Shepherd Sunday school. The picnic was held on the beautiful grounds of Randolph and Baker, and was enjoyed by a large number. The usual races and amusements were indulged in and prizes generously distributed. A garden party was held in the evening and it was a late hour before the end of the holiday crowd returned.

THE FUNNY MR. COPP.

"Fairville" Gives Some Advice to the Presumptuous Member for Westminster.

To the Editor of The Standard Sir—That funny Mr. Copp is reported by The Telegraph to have said at Fairville last night, "Give me the common people and Mr. Hazen can have the aristocracy." Talk of this kind is very foolish. It must be humiliating to intelligent people to have to listen to it. The inference also intended to be conveyed is without any basis of fact. It would be well if Mr. Copp could learn to inform himself on matters upon which he seems bound to speak. I would remind him that it was not the so-called aristocracy of Fairville that supported the candidate of the Hazen Government. It was the working men of Fairville and Milford who turned up as his friends and active supporters of the administration. It was the Barnhills and Cushings, the Readys, the Bakers and the Moores, the so-called "aristocracy of Lancaster," who fought the Hazen Government and who are today its most bitter opponents. Mr. Copp should not attempt to trifle with the working men of Fairville. They will understand his motive.

Yours, FAIRVILLE.

CHARGED WITH THEFT.

Herbert Mayo, of Chatham, Arrested Here Also Escaped From The Industrial Home.

Herbert Mayo, a youth 18 years of age, said to be a native of Chatham, was taken in charge yesterday by Deputy Chief Jenkins and Detective Killen, charged with theft. He was brought before Magistrate Ritchie yesterday afternoon and remanded for trial. Mayo was sent to the Industrial Home from Chatham some years ago. He succeeded in making good his escape a year since, however, and managed to get away with sundry articles which, under the strict letter of the law, did not belong to him. A warrant was issued at the time and the boy returning to the city recently was again ensnared in the toils of the law yesterday.

Detective Killen to Rescued.

Paul Simon Collins, 10 years old who stated that his home was in Boston was stopped by the United States immigration officials yesterday and held pending advices establishing the country of his nativity. Collins has been visiting a cousin in Sydney and was returning home when stopped by the officials here. He had no money and the matter of his keep became somewhat of a problem to the officials of the city. The immigration officers gave him a ticket for the Army Hospital but he lost this and Detective Killen coming to his rescue provided him with a supper. The matter is being taken up with the United States consul.

Rev. C. T. Phillips, formerly pastor of the Waterloo street Baptist church was in the city yesterday.

ALD. SPROUL DISCOVERED 'A DOG CATCHER

Will Tell the Mayor Today of His Qualifications, and the Future of the Country is Now Safe.

That the city was not to go without a dog catcher was the somewhat peculiar news that was circulated about the streets yesterday. Ald. Sproul has in view a man who he thinks would make a perfectly good dog catcher, and the problem it was stated last night was practically solved. Thos. Nash is the man in question, and he is to report to the mayor this afternoon.

Recently the council failed to appoint an official to discharge the somewhat onerous duties of stray dog prospector, and the matter was left to his worship to dispose of. Applicants for the position, however, have been exceedingly scarce and it was only yesterday that Ald. Sproul decided to come to the rescue.

Under the provisions of the by-law governing the matter the dog catcher is to receive \$1.00 a head from the city for all canines rounded up, and \$2 from the owner of the dog. He must provide a place for the proper caring of the animals and must be prepared to administer the hemlock should the occasion demand.

At the weekly meeting of the Carpenters and Joiners' Local Union held last night, it was decided to attend in a body the Labor Day demonstration to be held in Moncton on September 5. While definite arrangements are not as yet complete it is proposed to secure a special train for the conveyance of the visiting delegation to the railway town, and to attend the celebration en masse. The Carpenters and Joiners are expected to muster 80 strong and with a band, banner and all the fixings are anticipating the making of a good showing.

While the Carpenters and Joiners are the first to take an active step in the matter, it is understood that the masons are also considering the advisability of attending, and it is not unlikely that the city will be well represented at the demonstration.

It is proposed to have a monster parade during the forenoon of Labor Day, in which contingents of workmen from all parts of the Maritime Provinces will march. The afternoon will be devoted to sports, and the affair will be rounded out with a torchlight procession.

FOR LABOR DAY.

Carpenters and Joiners' Local Union Decide to Attend Moncton Celebration.

At the weekly meeting of the Carpenters and Joiners' Union, held last night, it was decided to attend in a body the Labor Day demonstration to be held in Moncton on September 5. While definite arrangements are not as yet complete it is proposed to secure a special train for the conveyance of the visiting delegation to the railway town, and to attend the celebration en masse. The Carpenters and Joiners are expected to muster 80 strong and with a band, banner and all the fixings are anticipating the making of a good showing.

TAKES BRIDE WEST.

Former Carleton Bay Married at His Old Home Yesterday and Left Last Night for Tacoma.

A long wedding journey was that commenced yesterday by Mr. and Mrs. Robert Brittain, who left in the Montreal train for Tacoma, Wash., where they will reside. Mr. Brittain is an old Carleton boy, the son of Mr. and Mrs. George Brittain, and a few days ago he returned from the Pacific coast to wed Miss Ethel Moran, daughter of Henry Moran, also of this city. The ceremony was performed at St. George's Episcopal church at 4 o'clock yesterday afternoon. Rev. W. H. Sampson officiating. They were attended. The bride wore a becoming travelling suit of navy blue with hat to match, and bouquet of white roses. The bride was the recipient of many gifts of good will and the young couple said farewell to many friends at the depot, seemingly not daunted by their long journey.

Before Privy Council.

The appeal in the case of the St. John Pilot Commissioners vs. The Cumberland Railway and Coal Co. was heard before the Judicial Committee of the Privy Council yesterday. E. L. Newcombe, Deputy Minister of Justice represented the Pilot Commissioners, and H. H. McLean, the Railway and Coal Company.

At The Golf Club.

Owing to the absence of some of the players, the finals in the mixed foursome competition at the Golf Club has not yet been played. Andrew Jack and Miss McGovern will meet Miss Christie and F. W. Fraser in this event. The second round of the Ives cup, in which 16 players out of 42 are left, will likely be completed this week.

Nonagenarian Dead.

One of the oldest women in the province in the person of Mrs. Joseph Hochey, died yesterday morning at Bathurst. Mrs. Hochey had reached the age of 95 years. The sad news came to her daughter, Mrs. James Lavigne, of Mill street, yesterday. Two other daughters, Mrs. Israel O'Rourke, of Bathurst, Mrs. Wm. McKindon, of Boston, and one son survive. The funeral will be held Friday.

A Display of Driving.

There will be a showing today at M. R. A.'s which will be of much interest to horsemen. It consists of a collection of Driving Clubs, as is seldom seen, a couple of larger cities. This display, together with an exhibit of Driving Clubs may be inspected in the Motor Outfitting Section.

A most attractive assortment of Driving Dusts may be viewed in the Clothing Department. These garments are shown in a variety of shades, they are simple and roomy, buttoning close to the neck, affording complete protection from dust. They perfectly fill every good duster requirement and are most invitingly priced.

If you are economical you will appreciate the special value in men's and boys' summer suits at C. B. Pidgeon's, 100 Main street, corner Main and Bridge streets.

Mr. A. M. Best, of McAdam Junction, was in the city yesterday and returned home last evening.

WATER WINGS

For floating. Great sport in the water.

50c. Try them for bathing.
