

PREMIER FOSTER REFUSES PROVINCIAL ASSISTANCE TO TWO CHURCH UNIVERSITIES

HALIFAX MERCHANT TAKES HIS OWN LIFE
Halifax, April 12.—Frank W. Fraser, hay and feed merchant, shot and killed himself in his home on South street today. He was in financial difficulties it is said, and of late had been greatly depressed mentally. He was forty-one years of age, and besides his widow he leaves four children.

PACKED GALLERY WATCHES DEBATE IN THE COMMONS

Battle Now is Over Question of Interim Supply for Government.
CIVIL SERVANTS OUT IN FORCE
No Money to Pay Them on Friday if Supply Does Not Pass.

Ottawa, April 12.—The long drawn out Parliamentary battle shifted tonight from marine estimates to the wider ground of interim supply—and the vote for completion of the merchant marine programme remains unpassed. Since three o'clock yesterday afternoon, with the exception of the two hour adjournment for dinner, the House has been in continuous session; and the Opposition is belligerent as ever.

The government first brought down its interim supply resolution last week. The resolution is for \$1,499,708 and covers one-sixth of the total estimates tabled in the House. At the time the opposition strenuously opposed the resolution and it was withdrawn. Tonight the resolution was presented again, and again it was opposed. "We feel," declared Hon. W. L. Mackenzie King, Liberal leader, "that in the public interest some degree of control should be exercised by the people's representatives over the vast expenditure which the government is making." Liberals were ready to meet the government in conference to decide what, in the public interest, it was necessary should pass for payment of salaries and to carry on the public service.

"There must be interim supply," replied Right Hon. Arthur Meighen, Prime Minister, "or there will be paralysis of the public service." "The government," he added warningly, "is open to every reasonable suggestion, but when that is done, we intend that the majority shall rule." "What reason," Mr. Meighen pursued, "was there for placing conditions on voting money to pay interest on war debt, to pay for soldier land settlement or pension? Packed galleries tonight are keenly watching the struggle in the House. Civil servants especially are following it with interest, as unless supply passes, their salary checks due on Friday, will be unpaid. House adjourned after notice of closure on shipbuilding vote and interim supply bill.

Claim Assailant Was Emden Captain

Wounded Three Allied Officers Before He Was Shot and Killed.
Glatwits, Prussian Silesia, April 12.—Polish newspapers today assert that the German captain, Von Danning, who on Thursday last attacked and wounded three allied officers in this city, and was himself shot and killed by another member of the commission, in reality was Captain Karl Von Mueller, commander of the German commerce raider Emden, in the German elections of May 1st, Captain Von Mueller was candidate of the National People's Party for a seat in the Reichstag.

MONCTON BILL UP
Fredericton, N. B., April 12.—The Legislature tonight in committee of the whole heard delegations for and against the Moncton Bill to amend the act respecting the division of the province into cities, towns and parishes. Mayor Chapman, Aldermen Goodwin and Melanson, and City Clerk Magee, appeared in support of the bill, and it was strongly opposed by Hon. Fred Maguire, H. A. Powell, K. C., John Hickman, H. R. Richard, James Priest and others. At 1:15 o'clock the committee arose and reported progress.

Mr. Allison and St. Joseph's College Want Same Help as U. N. B.

"BEYOND BOUNDS OF POSSIBILITY," HE SAYS
People Interested in Denominational Schools Must Not Expect State to Pay Bills.

Special to The Standard.
Fredericton, N. B., April 12.—A delegation consisting of representatives of Mount Allison and St. Joseph's Universities appeared before the Provincial Government this afternoon and presented memorials suggesting public aid for the two institutions from the provincial treasury as a result of the suggested additional provincial aid for the University of New Brunswick. The memorials from Mount Allison University officers follow:—
"Whereas, application is being made for largely increased public grants to the University of New Brunswick and whereas Mount Allison University has been rendering similar service to the public treasury, and whereas the friends of Mount Allison who have taxed themselves for the support of that institution will be obliged to contribute through the public revenue their support of any grant that may be made to the University of New Brunswick, thus being taxed additionally for service already provided."

"Therefore your petitioners request that an amount equal to any additional grant to the University of New Brunswick be given to Mount Allison, and respectfully submit that such a request is only in the interest of justice and fair play."
George Stole, Chairman of the Regents of Mount Allison, B. C. Borden, President, Mount Allison University and Josiah Wood, Treasurer, Mount Allison University.

From St. Joseph's College
The following is the memorial of the University of St. Joseph's College:—
"Whereas an application is being made for largely increased grants for the University of New Brunswick, and whereas the University of St. Joseph's College has been rendering similar services to higher education without aid from the public treasury, and whereas the principal educational work of the University of St. Joseph's College has been for the people, who, owing to language or other circumstances could not benefit by the assistance afforded by the province to higher education, and whereas as is shown by the calendar of the University nearly all the students of the University course are from the province,
"Your petitioners, therefore, humbly request that the assistance granted by the province be not restricted to one University but be afforded to the three degree granting universities in the province proportionally to their work for higher education within the province. (Rev.) L. Guertin, C. G. C., Ph. D., D. D., President."

No Aid Coming.
Premier Foster, in reply to the delegation, stated that in these days of diminishing revenues it was absolutely beyond the bounds of possibilities for either of the applicants to expect to receive any aid from the provincial treasury. Speaking in answer especially to the line of argument adopted in the Mount Allison memorial, Premier Foster said that the University of New Brunswick was just as much a portion of the educational system of the province as the public schools and as such was entitled to and had received financial support from the province.
The University of New Brunswick offered advantages which were open to any resident of this province who qualified in a recognized manner and because people were interested in or assisted a denominational institution was no more reason for them to complain as to taxation for state university upkeep than they could object to paying school taxes because they preferred to send their children to some private school and thus did not take advantage of the public schools system.

Ontario Has Plan For Rural Credits

Toronto, April 12.—Ontario is now well on the way towards establishment of a system of rural credits. In the legislature today Hon. Manning Dobson, minister of agriculture was successful in getting through the committee stage the bill providing for short term loans, for the promotion of agricultural development and to finance agricultural development. The house in committee accepted the amendments suggested by the sub-committee so that the maximum period for a loan to a person holding less than fifty acres shall be five years. The maximum term for any loan is to be twenty years instead of twenty years or originally proposed.

Ex-Kaiser Cannot Go With Body To Berlin

Dutch Gov't Refuses Permission for Return to German Capital.

The Hague, April 12.—The Dutch Government, it was announced this afternoon has refused permission to former Emperor William to accompany the body of ex-emperor Augustus Victoria to the German frontier. The former Emperor and ex-Crown Prince Frederick William therefore will proceed with the body only to Meaux where it will be removed from the automobile hearse and sent on by special train to Potsdam.

GERMANY ABLE TO PAY COSTS FROM BIG GAINS

French Claim Bank Deposits Show Huge Increase in Year.
ENORMOUS PROFITS BY INDUSTRIES
Large Investments Being Made in New Business Every Month.

Paris, April 12.—Figures compiled by experts to show the extent of Germany's economic revival as bearing upon her ability to pay reparations have been submitted in a report to the reparations commission.
The bank deposits of Germany, it is stated, increased last year from \$4,500,000,000 marks to \$2,500,000,000 marks. The experts declare there has been a marked change in the ratio of imports and exports which is bringing the value of the total exports to a considerable excess of the value of the imports of Germany. The exports to Holland alone they state, amounted to the equivalent of \$500,000,000 francs last year.

Made Huge Profits
The experts point out a number of cases in which industrial enterprises have made immense profits, several of these last year distributing dividends which exceeded the nominal value of their capital stock. They declare that 1,023,000,000 marks were invested last year in new shares or in new companies.
As evidence of the swelling of the German budget of which the Allies have complained as unnecessarily increasing Germany's burden, the experts state that the value of the exports of the country in 1914 in the face of a decrease of the half in passenger traffic and of twenty per cent in freight traffic.

CLOSURE MOTION TEXT

Ottawa, Ont., April 12.—The text of the closure motion as introduced in the House by Hon. C. J. Doherty, follows:
"Mr. Chairman: "I beg to give notice that at the next meeting of the committee of supply, I shall move that the further consideration of the resolution number 251 as printed at page 49 of the estimates for the current fiscal year and the further consideration of the resolution proposed this day for interim supply, shall be the first order of business of the committee and shall not further be postponed."

SOME TEACHERS WORKING

Edmonton, Alta., April 12.—Students attending Grades seven and eight are expected to attend school tomorrow morning, as enough school teachers are now available to re-open these classes, according to an announcement made by Superintendent Carpenter tonight. As sufficient teachers present themselves, the whole of the high schools system will be re-opened, he said. The teachers are holding daily meetings at the labor hall, but so far none have shown an inclination to return to duty.

SUCCEEDS EARL READING

London, April 12.—Sir Alfred Tatham, Lawrence, judge of the high court of justice since 1904, has been appointed Lord Chief Justice in succession to the Earl of Reading, who is now vicar of York.

TOWING SHIP TO PORT

Halifax, N. S., April 12.—According to advices received here tonight, the United States revenue cutter Seneca is heading for Halifax with the American steamer Castle Point in tow. The Seneca picked up the steamer 250 miles east of St. John's, Nfld., after she had been caught in the ice and sustained damage to her propeller.

FREIGHT RATES DOWN

Vancouver, B. C., April 12.—Freight rates on lumber and shingles shipped from British Columbia to Eastern Canada, will be reduced commencing April 21, according to word received here by railway officials. The new rates, it is said, will mean a reduction of about \$4.30 a thousand feet on lumber shipped to Toronto from Vancouver.

WORLD NEWS TODAY

CANADA.
Premier Foster refuses petition of Mt. Allison and St. Joseph's College for assistance by New Brunswick.
Hon. William Fungley, Lieutenant Governor of New Brunswick, calls attention of the province to necessity for residence.
House of Commons adjourns after being in session since three o'clock Monday afternoon.
Fourth bandit who killed Melbourne, Ont., villager while attempting to rob bank, is still at large.
UNITED STATES.
President Harding in his speech before Congress repeats assertion that United States will remain outside League of Nations.
"Colonel Bowie" lost in Gulf of Mexico and nineteen men are thought drowned.
BRITISH ISLES.
British miners refuse terms offered them by Premier Lloyd George.
Transport and railway workers, who were to have gone on strike last night, defer doing so.

MINERS REJECT LLOYD GEORGE'S PLAN FOR PITS

Situation More Critical as a Result of the Strikers' Decision.
RAIL AND TRANSPORT MEN STAY AT WORK
Premier Submits Eight Proposals to the Conference But All Are Refused.

London, April 12.—The representatives of the striking miners wrote to the government this evening refusing to accept the proposals that had been made by Premier Lloyd George and the settlement of their dispute with the owners. The letter of the miners to Mr. Lloyd George said: "We have fully considered the terms set forth in writing for us this morning, and we are sorry to find that you in your full conference of the miners' executive feel compelled to reject the terms proposed, as they offer no solution of the present dispute."
Other Unions Work.
The railwaymen and the transport workers, members with the miners of the Triple Alliance, will continue at work despite the strike order which had been set for tonight. They were instructed this evening by their organizations to remain at work, pending further negotiations.

AUTO CONTEST OF STANDARD ENDS MONDAY

Drive for the Seven-Passenger Studebaker and Other Free Autos in Full Swing.
WHICH CONTESTANTS WILL BE WINNERS?
Non-Winners Will Receive Commission if They Work Actively Until End.

To be, or not to be, is the question that is occupying most Standard prize contestants' minds at the present time.
Every contestant who agrees to join the big Studebaker, or one of the other free automobiles, should be hustling for subscriptions now as they have never hustled before.
The Big Automobile and Movie Star contest is rapidly nearing the end. Only four more working days after today remain.
It will be far better to have too many votes at the end of the contest than to not have enough.
Secure every possible vote between now and Monday, April 18th at midnight.

AT THE IMPERIAL TODAY

May Allison in "Are All Men Alike."
At the Queen Square Today—Anita Stewart in "The Fighting Shepherds."
At the Unique—Wesley Barry in "Dinky."

OPERA HOUSE TODAY—Vaudeville and feature picture.

Two of the prizes to be given away in The Standard's big contest are opportunities to become Movie Stars with the Universal Film Company, Filmdom's largest and most important Moving Picture Company.

J. A. Fowlie New Municipal Officer Head

Next Meeting of Association Will be Held in St. John in June.
Special to The Standard.
Fredericton, N. B., April 12.—The New Brunswick Municipal Officers' Association held their third annual session here this afternoon.
Several amendments to the Municipalities Act, as well as a pension fund for those who had been in the employ of the various municipalities for a long number of years were considered. The election of officers resulted as follows:—President, J. A. Fowlie, Chatham; Vice President, J. E. Linton, Newcastle; Secretary, Treasurer, Mrs. A. Glen; Executive J. King Kelley, St. John; G. R. D. O'By, Hampton; J. L. Thomas, St. John, and Louis Robichaud, Hochberg. The Association will meet in June at St. John before the convention of the Union of New Brunswick Municipalities is held there.

No Cork Loitering

St. John, April 12.—The proclamation against loitering in the streets was strictly enforced today. Sixty persons were arrested; forty were fined from ten shillings to five hundred. Any one looking into the shop windows was liable to arrest.

Nineteen Missing Since Ship Went To Bottom

British Vessel Picks Up Three Survivors from the "Colonel Bowie."
Beaumont, Texas, April 12.—The Bowie Line steamership Colonel Bowie, with twenty-two men on board, foundered in the Gulf of Mexico Monday night, according to wireless advices received today. Three men were picked up by the British steamer Chazy. Nineteen men are still missing.

LIBERALS FOLLOW BODY OF HON. SYDNEY FISHER

Montreal, April 12.—After a funeral service at Christ church Cathedral this afternoon the remains of the late Hon. Sydney Fisher were conveyed to Mount Royal cemetery where they were cremated. The service in the church was attended by Hon. W. L. Mackenzie King, Senator Hewitt Bostock, Hon. W. S. Fielding, Hon. Rodolphe Lemieux, Senator Arthur Boyer and A. R. McMaster, political confederates of the late minister. The service was conducted by Rev. Dr. Hextford.

FRANCE TO SEND HER "POLICEMEN" IF HUNS DELAY

May 1st to be Last Day French Will Wait for Their Money.
FRANCE MUST BE PAID SAYS HER PREMIER
Wildly Enthusiastic Scenes in Deputies' When Premier Makes His Statement.

Paris, April 12.—Premier Briand, in the course of the debate in the Chamber of Deputies today on German reparations, declared: "The time for words has passed. We now must resort to acts."
The premier recalled the warnings given to Germany by the Paris and London conferences and the subsequent application of penalties, and added that the government had hoped the German government would realize that it could no longer delay fulfillment of its undertakings.
"We discern, however, that the penalties entered have not produced the expected results. We note that there still exists in Germany a disposition to evade payment. On May 1st Germany will be face to face with a whole series of violations of the treaty which she signed."
Policemen Goes Next
"I repeat here with all the strength at my command, that we creditors hold a perfectly legal debt. A prosecutor has been despatched to Germany and if our debtor persists in refusal to pay, the next time a policeman will accompany him."
"This process is a legal proceeding as between individuals in every day life, and it is the same in relations between nations. It is no use to begin over again discussions which have already been held. We have in hand a promissory note duly signed, and if the debtor refuses to pay we must coerce him by all means of coercion we have in our power."
France is Firm
"In full agreement with our Allies we have a rendezvous with Germany on May 1st. France shall not fall that rendezvous."
M. Delastourie, official reporter of the finance committee of the Chamber said: "France must be paid. It is a question of life or death."
This declaration was applauded by the entire House.

SEARCH WOODS FOR MURDERER

Armed Men Keep up Day and Night Vigil to Get London Bandit.
London, Ont., April 12.—After a chase and man hunt covering a period of twenty-four hours since the murder and attempted robbery at Melbourn, Ont., yesterday, the missing bandit known as "Pat" was still at liberty today. The other three, Harry Jack, William, and Sydney and Willis McQuire, appeared in police court today and were remanded to jail for two weeks.
Still Search Woods
Armed men searched all forests throughout the Carleton swamps, where the fugitive is supposed to be hiding, but failed to find any trace of the missing man. Believing parties would find the hunt this afternoon and will continue until the bandit is rounded up or all trace of him lost.
The funeral of Russell Campbell, the victim of one of the bandit's bullets, will be held at Mount Brydges tomorrow afternoon. The service will be conducted under direction of the military authorities.

SIG FIRM BANKRUPT.

St. Louis, April 12.—The Industrial Transportation Company, which operates about 150 retail grocery stores in Missouri, Arkansas, Louisiana, and Texas filed a voluntary petition in bankruptcy yesterday in the U. S. district court here.

More Smallpox Found

St. Isadore, April 12.—Three cases of smallpox have been reported to the Department of Public Health from there via Yamaska. St. Isadore, Gloucester county. The cases are all in the one house and the necessary precautions to prevent the spreading of the disease are being taken.

May 28 For Vote in York-Sunbury

Special to The Standard.
Ottawa, April 12.—Writs for by-elections in Yamaska, St. Antoine and York-Sunbury will, it is understood, be issued tomorrow, polling to take place on May 28th.

Floating Fisheries School For Province

St. John Likely to be Centre of Teaching With Sydney, Halifax and Charlottetown.
Ottawa, Ont., April 12.—A floating fisheries school for the Maritime Provinces for training and research is projected.
Dr. L. W. Gill, director of technical education in the Department of Labor will visit Halifax and other centres on the East Coast next week with a view to looking over conditions and making plans. The proposed school will be permanently located at one point, but may conduct successive classes off Halifax, St. John, Charlottetown, or Sydney. The classes would be largely held during the winter months when fishermen are at leisure; and during the summer research work would be followed.
Attention to Packing
Special attention is to be given to packing, and Mr. Gill thinks methods may be arranged for marketing many species of fish which are now overlooked. Common sense ideas must be put into the organization of the enterprise, and, says Dr. Gill, local conditions will be met. For this reason, the school could not be modelled on any other now existing.
Dr. Gill says he has been urging the establishment of such a school on the British Columbia coast, and there is no doubt that both institutions will be created in due course. Leaders in the fishing industry, it is stated, are fully convinced of the value of such educational work. It is intended that all those interested in any branch of fishing or marketing of fish may attend the classes.

LIEUTENANT GOVERNOR WANTS SALE MONEY SET ASIDE TO BUILD HOUSE

Correspondence Between His Honor and Hon. Mr. Smith Read by Premier.
TWO SUGGESTIONS FOR USE OF CASH
St. John Bills Are Considered in Committee and Royal Assent Given to Some Acts

Fredericton, April 12.—The House met at 9 o'clock. Mr. Robichaud presented the report of the committee on Corporations.
Mr. Hayes submitted the report of the Committee on Municipalities and Mr. Michael presented the report of the Committee on Standing Rules.
Hon. Mr. Robinson said that he would like to learn from the member whose action had been taken with respect to the petition from the city of Moncton for the passage of a bill to amend the act which provides for the division of the province into counties, towns and parishes.
Hon. Mr. Michael said that the bill had been under consideration by the committee, but the members had not reached a decision in regard to it. The question to be decided was whether the bill should be introduced as a government or private measure. The committee also had under consideration the petition of the municipality of Westmorland praying against the passage of the bill.

PRES. HARDING REPEATS STAND AGAINST LEAGUE

In Opening His First Congress He Advocates a Nation Association.

LYNCHING NEGROES NATIONAL DISGRACE

Emergency Tariff Bill to be One of Chief Matters Before the Members.

Washington, April 12.—Following a session inaugurated by Geo. Washington, abandoned by Thomas Jefferson, and revived by Woodrow Wilson, President Harding delivered his first message to congress today in person. The two houses assembled in joint session in the House Chamber to hear the chief executive outline his views with regard to the many domestic and foreign problems pressing for solution.

"In the existing League of Nations, world governing with its super-powers," said the president, "this republic will have no part."

"There can be no misinterpretation and there will be no betrayal of the solemn expression of the American people in the recent election. And, until in our decision for ourselves, it is only fair today to the world in general and to our associates in war in particular, that the league covenant can have no sanction by us. Manifestly the highest purpose of the League of Nations was defeated in linking it with the treaty of peace and making it the enforcing agency of the victors of the war. There can be no prosperity for the fundamental purpose sought to be achieved by any such association so long as it is an organ of any particular treaty, or committed to the attainment of the special aims of any national or group of nations."

Wants an Association
"In rejecting the league covenant and uttering the rejection to our own people and to the world, we make no surrender of our hope and aim for an association to promote peace in which we would most heartily join. In the national referendum (the last United States election), we pledged our efforts toward such association, and the pledge will be faithfully kept."

President Harding declared for "instant tariff enactment, emergency in character and understood by our people that it is for emergency only."

"The matter of revision of our tariff laws should be based on the policy of protection, resisting the selfishness which turns to greed, but over-looked with this productivity at some which is the source of all abilities

WOMEN IMMURED FOR YEARS IN HOBOKEN HOTEL

File of Cans on Fire Escape Causes Hotel Man to Call Police.

SPENT THREE YEARS CLOSELY CONFINED

Taken to Hospital Where One Found to Have Tuberculosis—Refused Explanation.

New York, April 12.—The police and the health authorities of Hoboken, N. J., will be grateful to anyone who will put them in touch with relatives or friends of Miss Carrie Sunderland, 69 years old, and her niece, Mrs. Frankie Miller, who were taken to a hospital yesterday from two hotel rooms in which they had remained as voluntary prisoners for more than three years.

None of the officials who had anything to do with the case was able to learn from the women what their purpose had been in withdrawing so completely from the world. They are well educated and had paid their bills at the hotel regularly. They would

McEACHERN—On April 13th, 1921, to Mr. and Mrs. Henry McEachern, 53 High street—a son.

BORN.

Army and Navy
Early consideration of pending appropriation bills was urged. "The government is in accord with the wish to eliminate the burdens of heavy armaments," said the president. "The United States will ever be in harmony with each a movement towards the higher attainments of peace. But we shall not carelessly discard our agencies for defence until there is removed the need to defend. We are ready to co-operate with other nations to approximate disarmament, but never precede forbids that we disarm alone."

DIED.

HEATHFIELD—At her home, 132 Main street, on the night of April 12, Elizabeth K. Heathfield, leaving her husband and two daughters to mourn their loss.

Cambridge, April 12.—The funeral of Mrs. E. A. Black was held on Saturday, April 3. Services were conducted by Rev. D. Hutchinson and interment made in the Baptist cemetery.

Insurance and warning in one utterance.

Agriculture
The maintained retail costs in perishable foods cannot be justified. Reduced costs of basic production has been recorded, but high cost of living has not yielded in like proportion without the spirit of hostility or haste in accusation of profiteering some suitable inquiry by congress might speed the price readjustment to normal relationship.

COST \$1,000 FOR NON-RESIDENTS TO GET A MOOSE

Open Season This Year for Big Game from Sept. 13 to Nov. 30.

GRAND MANAN TO HAVE SHORT SEASON

Sharp Discussion Over Deprivations Caused by the Wild Animals.

Fredericton, April 12.—Upon coming in at 8.30 o'clock, the House went into committee with Mr. Hayes in the chair and took up further consideration of the Game Act. Hon. Mr. Robinson said it had been decided to fix the open season for big game from September 15 to November 30 for the present year only.

Mr. Estabrooks said that he was opposed to shortening the open season for big game. He thought the guides were capable of looking after the game, and it would be a hardship to them to have fifteen days out from the season. The last season 500 non-resident sportsmen took out licenses and they killed one moose for every two licenses. As it cost each visiting sportsman about \$500, it meant that the province received the benefit of an expenditure of \$1,000 for every moose killed by them.

Grand Manan Deer
Hon. Mr. Robinson submitted an amendment authorizing an open season

Mr. Young said that there was a similar provision in the act of 1914, and it was as absurd that in short time there were claims for damages amounting to \$30,000, which the then minister had refused to recognize.

Mr. Wetmore, on the section empowering the minister of lands and mines to compensate farmers for damage to crops caused by game animals, said he knew of cases in his district where serious losses had been incurred.

Open Season This Year for Big Game from Sept. 13 to Nov. 30.

GRAND MANAN TO HAVE SHORT SEASON

Sharp Discussion Over Deprivations Caused by the Wild Animals.

Fredericton, April 12.—Upon coming in at 8.30 o'clock, the House went into committee with Mr. Hayes in the chair and took up further consideration of the Game Act. Hon. Mr. Robinson said it had been decided to fix the open season for big game from September 15 to November 30 for the present year only.

Mr. Estabrooks said that he was opposed to shortening the open season for big game. He thought the guides were capable of looking after the game, and it would be a hardship to them to have fifteen days out from the season. The last season 500 non-resident sportsmen took out licenses and they killed one moose for every two licenses. As it cost each visiting sportsman about \$500, it meant that the province received the benefit of an expenditure of \$1,000 for every moose killed by them.

Correspondence Between His Honor and Hon. Mr. Smith Read by Premier.

TWO SUGGESTIONS FOR USE OF CASH

St. John Bills Are Considered in Committee and Royal Assent Given to Some Acts

(Continued from Page 1.) Mr. Baxter suggested that instead of having the bill go before the Municipalities Committee it be referred to a committee of the whole House.

Mr. Robinson introduced a bill respecting the Canadian Pacific Railway bridge now being constructed across the River at St. John. He explained that the object of the bill was to enable the City of St. John to acquire some additional land for the site of the bridge.

St. John Municipal Buildings Hon. Mr. Foster introduced a bill to provide for Municipal Buildings in the City and County of St. John, which on the ground of urgency, was read a second time.

The House went into committee with Mr. Hayes in the chair, and agreed, with amendments, to a bill to consolidate and amend the law relating to county courts. The committee also considered a bill relating to storage of water in rivers, streams and lakes.

Mr. Young said he was in sympathy with the purpose of the bill, but he had a few amendments to propose.

Hon. Mr. Veniot said that that was not the significance. All that was required was for the committee to prepare and file plans.

Hon. Mr. Veniot said he had recently had a dam blown out in his own County and he was interested in the bill.

The bill was reported amended.

Public Utilities The committee took up consideration of a bill to regulate the issue of shares and securities by public utilities.

Mr. Baxter said a gentleman had written to him with regard to rural telephone companies, and had asked if it were necessary to obtain the approval of the Board of Public Utilities for the issue of stock.

The committee took up consideration of a bill to amend the Act to further provide for the funding of motor vehicle fees.

Motor Vehicle Fees Hon. Mr. Veniot said he wished to refer the matter to the committee, since a limit of \$300,000 to the funding of the motor vehicles taxed in any one year had been imposed.

Some Cheap Houses The committee took up consideration of a bill relating to better housing.

Hon. Mr. Baxter said that this bill meant that some municipalities had provided houses for certain persons at less than cost and also for a class of people whom it had not been intended to benefit.

Hon. Mr. Foster said that such was about the meaning. During the war and immediately afterwards, there had been considerable excitement and a demand for housing had been a position of it.

Another Method Which might be adopted would be for the Minister himself to control the expenditures in connection with the maintenance of the residence and grounds, including an allowance for rental, and other necessary expenses, including in case the residence were not at the capital.

Mr. Veniot said he was aware of the provisions made in other provinces for the Lieutenant-Governors, and he did not point out to you the fact that the position of the Lieutenant-Governor of this province is much less desirable than that of the Lieutenant-Governor of any other province of Canada.

Mr. Veniot said he was aware of the provisions made in other provinces for the Lieutenant-Governors, and he did not point out to you the fact that the position of the Lieutenant-Governor of this province is much less desirable than that of the Lieutenant-Governor of any other province of Canada.

HOW REVERSING FALLS' BRIDGE WILL LOOK

QUEBEC BRIDGE

The proposed C. P. bridge over Reversing Falls is on the same plan from the floor down with trusses in the river and 150 foot straight cord.

C and D-E is shown in lower picture in comparison to the highway bridge.

F-G The straight cord so often referred to as being 2 1/2 feet higher than the present railroad bridge but which is practically all behind and to the right of Split Rock.

HIGHWAY AND R. R. BRIDGES

A-B Center line highway bridge.
C New C. P. pier on western or Fairville shore.
D-E Truss or arch of proposed C. P. bridge extending about 150 feet over the river nearly in range with Split Rock, most of the distance below the present railroad bridge which is straight from shore to shore and all of the distance below the corresponding arch of the highway bridge.
Split Rock is seen just to the right of line A B and prevents any navigation on that side, the center of C. P. bridge is 70 feet to the right of line A B.

was not more than one-third of what it is at present. Other provinces have, from time to time, by allowing the provincial funds to meet various necessities, expended in connection with the office, made it easier for their Lieutenant-Governors to meet the changed conditions. The same cannot be said of New Brunswick.

I am not, however, asking for any increase in the salary of the office, so far as the matter rests in the judgment of the government and legislative assembly, but in respect to this special and important trust the case is entirely different.

The Reply There can be no doubt that the proceeds of the sale of the Government House property can only be used for the purpose of the province. I do not remember anything being said at the time the act was passed authorizing the sale of the property as to the disposition of the proceeds in case of sale, except that the money was to remain in trust in a special fund.

I would presume the receipts from the sale made to the Dominion Government and the City of Fredericton, amounting to some \$200,000, would be sufficient to purchase a suitable residence for the governor and leave a sufficient balance for the upkeep of same.

I quite agree with your idea that the interest on the principal might be utilized in assisting in the expenses incurred by the governor in properly keeping up the dignity of the office, and it is possible to rent a suitable house at Fredericton during the session of the legislature.

What to Do Now Hon. Mr. Foster said that after the correspondence had passed between His Honor and the Executive Council, it had been considered advisable to promote further legislation. Members must remember that the proceeds of the sale would not be the property of the government, or the province, nor of the people, but must remain in trust to provide an official residence for the lieutenant-governor.

The question had arisen as to what would be done with the interest. It might be allowed to accumulate. The present time was not opportune for building operations and members might agree that the amount could remain unexpended. There were two courses. The money might be returned to the dominion and the property revert to the province. He must say that he did not see how the province could utilize the buildings. Again, the sum of \$50,000 could be taken and utilized to provide a residence for the lieutenant-governor, or it could be allowed to remain and increase.

Hon. Mr. Robinson moved reference of the bill to amend the act relating to the division of the province into counties and parishes, to a committee of the whole house.

Gives His Assent His Honor, the lieutenant-governor, at this stage entered the chamber and gave his assent to certain bills. The House again went into committee with Mr. Tracey in the chair, and took up consideration of a bill to enable the municipality of the City and County of St. John to borrow money.

Mr. Baxter said that the language of the bill should state its object. Mr. Scully said that the object was to enable the municipality to pay moneys already borrowed from the banks.

Mr. Baxter said that it was not necessary to mortgage public buildings and moved that the clause referring to that be stricken out.

Mr. Hayes said that he would offer no objection. The bill was agreed to as amended.

General Hospital The committee then took up consideration of the bill relating to improvements to the General Public Hospital, St. John.

Hon. Mr. Roberts said that the placing of a limit of \$300,000 on the borrowing power would impede progress. During the present year one or two units might be added to the hospital. The municipalities committee evidently did not want the bill to go through without a limit stated. He knew however, that the City of St. John had no limit in the matter of bond issues. As far as the bill was concerned, he wanted either a larger amount stated or no limit.

Mr. Baxter said there was much in what was said by the minister of health. No limit to bond issue was imposed in the case of the City of St. John because the five commissioners who composed the common council must be unanimous in the matter of a bond issue.

Wants Half Million Mr. Curran said that the members of the municipalities committee evidently had not been aware of the extent of hospital expansion in St. John. The work contemplated under the bill had been considered for six or seven years' work. The scheme had progressed to such an extent that a committee representing the municipal council, the hospital commissioners and staff had power to act. This legislation would hinder the work if a limit of \$300,000 was made. The committee which had the matter in charge believed that \$700,000 would be required. He would be satisfied if the amount would be placed at \$500,000.

Mr. Snowling said the sum of \$30,000 had been on the suggestion of Mr. Blacklock, but the suggestion

George Ferguson Creates Sensation

Tells Congregation That Drinking and Gambling Responsible for Fall.

Fredericton, April 12.—A sensation was created at the service held at the George Street United Baptist church last night by Rev. B. W. Kenyon, an evangelist from Massachusetts who has been carrying on a revival campaign here for the past month or so, when George Ferguson, who had been arrested during the afternoon on a charge of stealing letters containing money from the Fredericton post office where he was employed as a clerk, addressed the congregation.

Mr. Kenyon said that the cause of his downfall, he said he had gone wrong, but if he had been living a Christian life he would not have been in the position in which he was.

He said he asked for the Saviour's aid in meeting the situation in which he found himself at present and several of those who were present gave expressions of sympathy and comfort.

The meeting was for those who had "made decisions" during the evangelistic campaign and the main charge was filled.

There have been almost seven hundred decisions made during the campaign and Ferguson was one of the converts who "stood up" on Sunday morning.

Western Teachers Are Out On Strike

Notification Sent to New Brunswick Association That Effect.

Fredericton, N. B., April 12.—Formal notification of a strike of teachers in western Canada was received this morning by A. S. McFarlane, secretary of the New Brunswick Teachers' Association, in a telegram from H. R. Arbutnot, of Toronto, secretary of the Canadian Federation of Teachers. The New Brunswick Teachers' Association is said to be the only provincial organization not included in the Canadian Federation and it is evidently feared by that organization that effort will be made to recruit staffs in this province to take the place of the striking teachers in Alberta and Saskatchewan. The telegram received here said in part:

"All Moose Jaw teachers and Edmonton high school teachers on strike today. Calgary teachers probably out also. They are refused arbitration and the right to negotiate an attempt is being made to fill their places."

North Carolina Boy Is A Fast Reader

Twelve Year Old Lad Reads from Three to Twelve Volumes Daily.

Raleigh, N. C., April 12.—Louis Silver, 12 years old, in the seventh grade of the public schools of Raleigh, is believed to be one of the fastest readers for his age in the country. The little fellow a few days ago read twelve books of the average number of pages in a single day, and declared he could have read several more "if I could have got them."

In a test given by his teacher, Miss Florence Fitzgerald, Silver read 624 words in a minute and answered every question correctly when she quizzed him on what he had read.

It requires the boy only about thirty or forty minutes to read a book of from 250 to 300 pages. He is a constant visitor to the libraries here, and it is a sorrowful day when he does not read at least three books.

Louis is the son of Joe Silver, a grocer, who came to Raleigh from Russia.

Regina Turns Down Lindsay Crawford

Regina, April 12.—Lindsay Crawford of Toronto, president of the Irish Self-Determination League, is denied use of the city hall here Tuesday night by a unanimous decision reached by the city council last night.

POSTPONE COMMISSION WORK

Fredericton, N. B., April 12.—The organization meeting of the Prohibition Commission which will handle the importation and wholesale distribution of liquor in New Brunswick which was set for today, has been again postponed. Because the other members of the commission were unable to arrive here in time for a meeting today. Hon. J. P. Tweeddale, the chairman, this morning announced that the commission's meeting had been postponed until tomorrow.

Economics of the New Poo. Want Ad in British Paper. About Lady-Lady wants lady cook and lady carter, £50 and £40 respectively; lady house maid kept; separate bedrooms; level kitchen and gas cooker, plain cooking; only five children and one husband.

Hands Bound To Keep from Scratching

A year with doctor-couldn't help this babe. "It got worse and worse" writes Mrs. W. H. Spence of McEwen, Manitoba. "His wrists were so swollen he could not move them. In about three weeks of treatment with D. D. D. the cure was made. His face and hands are now like velvet."

If you have never tried D. D. D. be skin disease, whether a small spot, or whether one of the dreaded forms—the treatment of eczema, the hard scales of psoriasis—get a bottle at once on guarantee that if it doesn't relieve you you will be refunded. Get a bottle. Try D. D. D. Soap box.

D. D. D. The Lotion for Skin Disease For sale by E. Clinton Brown, St. John, N. B.

New Terms For Grand Falls Power

Must Expend \$150,000 on Construction Work Before May 1, 1923.

Fredericton, N. B., April 12.—The corporations committee of the Legislature this morning finally agreed upon the provisions of the restrictions to be placed in the bill extending the Grand Falls Company's rights in the water powers at Grand Falls on the St. John River.

The company, under the terms of the amendments, are granted two years' extension under conditions that by the 1, 1923 they shall have expended \$150,000 on actual construction work and a provision has been made whereby a preference will be given to the construction of the Grand Falls and the matter of rates to be charged for same, etc., will be under the control of the Public Utilities Commission.

There are large delegations from the city of Moncton and Westmorland county regarding various controversial bills and the proposal to remove the shiretown of Westmorland county from Dorchester to Moncton.

Restigouche Case Opens Next Week

Fredericton, N. B., April 12.—An agreement was reached this morning by the lawyers interested in the appeal of the Restigouche county election case to postpone argument in the matter until next week. The case is on the docket of the court, which opened here this morning. Hon. J. B. M. Baxter, K. C., to support an appeal from the decision of Mr. Justice Barry declaring the election of Messrs. Stewart and Diotte, the Opposition candidates, illegal.

Navy Clock Accurate To 100th of A Second

Washington, April 12.—A master clock, which is accurate to the hundredth part of a second, has been installed at the United States Naval Observatory here. This clock is part of a system whereby every possible error in operation is carefully checked and compared with time in other parts of the world.

Every day at noon and at 10 o'clock at night these clocks send the exact time thru the air by wireless and cover nearly half a million miles of railway wires, touching every point in the country.

The number of private radio stations receiving time signals was hardly appreciated by the observatory here. The number of private radio stations receiving time signals was hardly appreciated by the observatory here. The number of private radio stations receiving time signals was hardly appreciated by the observatory here.

TRAIN OFF AT SACKVILLE Moncton, N. B., April 12.—Word was received here today of a run off of the C. N. R. near Sackville. It was reported that the locomotive and two cars left the rails, and the engine was derailed. The engine blew up.

WAS SUFFERING FROM INDIGESTION

No Fear of Pains Now. Indigestion is one of the worst forms of stomach trouble, and many people suffer terribly after every meal they eat. The rising and souring of the food, pains in the stomach, heartburn, water brash, belching of wind, vomiting shortly after eating, etc. are some of the symptoms.

There is no need for any person to be troubled with indigestion, dyspepsia or any other stomach trouble if they would only take Burdock Blood Bitters, which contains a combination of nature's roots, herbs, barks and berries; a combination that cannot help but put the stomach right.

Mr. H. H. Collins, Newton, N. B., writes: "I was with the overland forces for four years and two months, and in October, 1916, I was unfortunately wounded and taken prisoner. I was a prisoner for two and a half years, and the food they gave me was not good, at times, and after a few months I found I was suffering from indigestion. When I came home in July, 1919, was nearly a wreck. I was told to use Burdock Blood Bitters. I did so and found great relief, and can now eat without fear of pain and sickness. I would recommend Burdock Blood Bitters to all who suffer from indigestion."

Burdock Blood Bitters has been on the market for over forty years, and during that time has made a reputation second to none for relieving all stomach troubles. Manufactured only by The T. Millers Co., Limited, Toronto, Ont.

NEW SYSTEM OF TRAINING FOR FRENCH TROOPS

Elaborate Physical Drill Intended to Improve Their Physique.

BEST WILL FORM A SPECIAL BATTALION

From Their Ranks Will be Taken Mentors and Instructors for Juvenile Army.

Paris, April 12.—A new and elaborate system of physical training has been devised for the 100th class of French recruits, who are now being called to the colors. During the war the French military authorities were shocked by the deterioration of the physique of the recruits even from the country districts, and in 1918 a system of "physical education" was introduced in the public schools which is now being completed by the recruits' course.

Three Classes.

On arrival at the depots the recruits will be medically classified in three categories, those normal, those needing attention, and those needing physical re-education. The latter will be sent to special sanatorium centres until they are up to a higher grade. The two former will remain in barracks, where food and living conditions—which formerly left much to be desired—have now been brought up to modern standards.

At the end of the first month's training, which will be athletic rather than military, the young soldiers will be submitted to the following test: They will be required to run 100 metres in 12-3-5 seconds, 1,000 metres in 3 1/2 minutes, jump 1.30

No Change in Teachers' Strike

Moore Jaw Pedagogues and Trustees Are Still at Loggerheads Over Salary.

Moore Jaw, Sept. 12.—The situation between the teachers alliance and the school board remained at a deadlock today with a committee of the city council still striving to bring the two together, and end the strike of teachers in the city.

If the request of the teachers was granted, it would mean an additional expenditure for the year 1921 of only \$2,860, according to a statement given out by the alliance. This amount would be divided among fifteen teachers.

The teachers claim that they have at all times been anxious to discuss the salary situation with the school board, but have not been permitted to do so.

Winners Become Instructors.

Those who fulfill the test will be classed as strong and formed into special battalions d'élite in each regiment. From them later will be chosen mentors and instructors for the juvenile army in the athletic school.

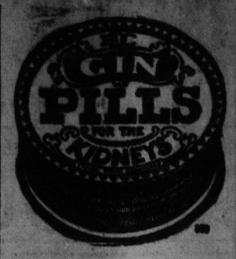

When the scheme first came before the Army Commission of the Chamber certain deputies from the country claimed that country boys be exempted from the athletic course, which they said was unnecessary. Figures immediately produced showed that the spread of alcoholism in such agricultural areas as the Vosges and Normandy—due to abuse of the privilege of private distilling by farmers—had brought country physique statistics below those of the cities, and the amendment was hastily dropped.

Woman Lives Long Because She Smokes

One Hundred and Seven Years of Age and a Steady Smoker.

Lyons, Kan., April 12.—Lyons has a resident who is 107 years old. She is Senora Bergele Pando, a native of Mexico, who lives in the Mexican colony here. In her conversation with J. T. Richards, assessor, the Mexican woman said she was born in 1814.

Senora Pando attributes her long life largely to the use of cigarettes, which she has smoked constantly since childhood. Manufactured cigarettes, she says, she prefers to "roll her own" in brown paper. When made in this manner the cigarette is a preventative for all disease, Mrs. Pando believes.

Bronze Age Axe Is Found in Britain

London, April 1.—A bronze leaf-shaped sword and a bronze socketed axe-head have recently been given to the British Museum, London, by the excavators of the late Mr. Charles Moore, the sportsman, of The Hollies, Elmstead.

The sword was found many years ago by a workman while grubbing up a fence at Yale Hill, in the township of Tetchell, in the parish of Elmstead. It appears to have been broken by his pick for it was in two pieces when it was brought to the late Rev. Walter Moore, Mr. Charles Moore's father, who was then Rector of Hordley, who got the village blacksmith of that period to repair it. The sword is in very fair preservation, though the hilt has been broken across through a rivet-hole, and besides the fracture of the blade the edge is slightly chipped and the surface pitted in one or two places. Its length is about 18 in. It dates from the last period of the Bronze Age, and should probably be assigned to about 1,000 B. C.

The bronze socketed axe, or axe-head, has a thick loop, is a little over 4 in. long with a width at the edge of about 2 in., and the weight is about 12-13 oz. It was found on

Health Officer Hoes Hard Row

Takes Townships into Court to Secure Adequate Remuneration.

Peterboro, Ont., April 12.—Today a tentative settlement was reached in the case of Dr. Arthur S. Thompson, medical officer of health for the Townships of Belmont and Melburn. Dr. Thompson sought to secure what he termed adequate remuneration for his services to the townships and failing to secure satisfaction through the medium of the municipality, he brought the matter to the county court. Evidence in the case was heard yesterday and today before Judge Haycho. The suggested tariff to be paid Dr. Thompson on calls for the townships is \$1 for the first mile and 75c for each subsequent mile. He will also be paid for the annual sanitary inspection of the fourteen schools in the townships.

What Doctor Was Paid

For three years Dr. Thompson has been medical officer of health for these townships. In 1919 he was paid by fees and a small salary receiving in all \$194.73. Last year he received \$176.50, exclusive of \$83.70 paid him for making a sanitary survey of the schools. However, these moneys were only collected after recourse to the law courts. On January 29, this year, the council fixed his salary at \$150 a year by by-law. Dr. Thompson alleges he was refused a fair hearing in making application to be paid by what he considers the most satisfactory way to all parties—by regulation fees. The salary of \$150 was totally inadequate, he claimed, and he appealed to Judge Haycho to fix a remuneration compatible to his duties.

In view of the settlement, Judge Haycho agreed to adjourn the case sine die. The Glebe Farm at Hordley, and the date is approximately 1,000 B. C., or perhaps a little later.

OBITUARY.

John A. White
The death of John A. White occurred on Saturday at his home, White's Mills, Kings county, after a lingering illness. The deceased was in the 71st year of his age, and besides his wife, Adelaide M., he leaves four sons, Sanford E., Loren C., and Frank S., of St. John; also Fred G., of Bath, Me.; five daughters, Ella, Ethel and Lottie, of St. John; Mrs. George White, of White's Mills, and Lily at home; five brothers, James R. and E. Scovell, of White's Mills; David H. G. Frodick and Hudson R., of St. John; one sister, Mrs. Catherine Williams, of St. John; also seven grandchildren. The funeral service was conducted yesterday afternoon by Rev. Henry Waterston at St. Paul's church, Whitehead, and the funeral was held under the auspices of the Orange order. Interment was in the cemetery at Whitehead.

**IMPORTANT MATTERS MENTIONED IN
 BISHOP OF FREDERICTON'S CHARGE**

At Opening of Church of England Synod His Lordship Speaks on Marriage Question—Decision of Privy Council Referred to—Reports Received—Many Delegates Present.

The Diocesan Synod of Fredericton was opened in Trinity church yesterday morning with the celebration of Holy Communion. After the singing of a hymn, followed by prayer, Rev. Canon Smithers of Moncton, read the Epistle, and Rev. Dean Neales of Fredericton read the Gospel. Another hymn was sung and then the sacramental service was begun, administered by Archbishop Forsyth of Chatham, assisted by Archbishop Crowfoot of this city, Rev. Canon Smithers of Fredericton, Rev. Canon Armstrong, St. John, and Rev. Dean Neales of Fredericton.

Bishop's Charge.

In his charge, Right Reverend the Lord Bishop of Fredericton referred to the death of the late Rev. Canon Smithers and James F. Robertson. His Lordship dwelt on the great loss to the Church of England has sustained in the death of Mr. Robertson. To him the diocese owes the well-known orphan special fund, to his enthusiasm and far-sighted vision the diocese is indebted for the Rotherham Collegiate School.

Clerical Staff Changes.

By resignation and removal, His Lordship continued, we have lost the services of the following—The Rev. J. R. de Wolfe Cowie, the Rev. H. E. Bennett, the Rev. P. Coulthart, the Rev. G. H. Elliot, the Rev. D. H. Lowth, the Rev. John Ross-Jones, Rev. G. W. Fisher, whose resignation has been received, and will shortly take effect. There has been added the Rev. James Bennett, who was ordained to the diaconate last Trinity, and is in charge of the Parish of Richmond; the Rev. David Jenkins, formerly a priest of this diocese, and now in charge of the Parish of Grand Marais; the Rev. Mr. Gabriel, who was ordained to the diaconate in January, and is serving as a curate to Trinity Church, St. John; and the Rev. E. B. Hooper, who, after six years of fine work as chaplain to the forces, has become rector of St. Andrew's. In addition, several candidates for Holy Orders have recently come to the diocese from England, and are in charge of missions—W. Bernard Waddington, the Mission of Hammond River; A. E. Dickson, in the Mission of St. Martin's, and W. P. Haigh, in the Mission of Aberdeen and Brighton. I look forward to ordaining C. J. Markham as curate to the Archdeacon Forsyth in the Parish of Chatham, and F. J. E. Haslam as curate to the Rev. R. Taylor McKim in the Parish of St. Mary's, St. John. One more recruit will be mentioned in the person of the Rev. C. Russell Canham, who expects to come from England at the beginning of June to succeed the Rev. John Ross-Jones in the Mission of Wilmet, Wicklow, and Pease.

Concerning Marriage.

His Lordship spoke on two matters concerning marriage. He favored legislation making it legally necessary for those intending marriage to give public notice thereof for at least one week in advance of the ceremony. Another point, in that of mixed marriages as unions contracted between Protestants and Roman Catholics are usually called. The question has been brought before the public lately in a very forcible and striking manner by a decision of the Privy Council. His Lordship thought the time has come when the non-Roman Catholic churches can no longer, either in self-respect or safety, keep silent. There was the well-known fact that many of such marriages turn out unhappily. There is the important question of the children. If the marriage is solemnized by Roman Catholic rites, then the condition exacted is almost always that any children born to the union shall be brought up in the Roman Catholic faith. "When however, the marriage is not solemnized by Roman Catholic rites, then the legal and moral status of the contracting parties is at once called in question and denounced in the most authoritative and formal manner."

How To Revitalize Wornout Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind known as Nuxated Iron. Nuxated Iron helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while Nuxated Iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach. It is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes wornout, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine Nuxated Iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists in tablets only—never in liquid form.

For Women to be established at Moncton. The Evangelical Alliance was approached by the Salvation Army for assistance to establish a home under the auspices of the army. This did not meet with approval and another committee, composed of Presbyterians, Methodists and Baptists, was formed which purchased a property outside Moncton at a price of \$13,500. Canon Sisson felt unable to act further without authority from the Synod. The report explained the purpose of the home. The report was received. Archbishop Neale presented a report from the Social Service Council of the Church of England in Canada. This was received.

The chairman announced that, according to the roll call, there were 41 clergy present and 79 laymen, which is an unusually large attendance of laymen.

Canon Smithers gave a report of the standing committee, regarding the sale of lands in Perth. Executive Committee Report of the executive committee was given by Rev. Canon Smithers. It concerned King's College matters and several financial grants which were referred to the financial committee for action, including a loan of \$5,000 to the people of Orford to enable them to complete the building of their church.

In reference to the co-operation between this diocese and the diocese of Nova Scotia in King's College matters, the bishop stated that no definite policy has been determined upon, but that the board of governors are still considering plans. A scheme to elect a committee of Evangelical and those of a different trend of thought, was rejected by the Synod, whose action was approved by the Synod.

Board of Missions

Archdeacon Newham received the report of the Board of Missions, relating to the filling of vacancies. The following diocesan missions were vacant at the time of the report:—St. Martin's, Musquash, Gordon and Lorne, New Brunswick, Madawaska, Campbellton, Special Grants, St. John's, Colville, Barton, Blissville, Brewer's Mills, at a total of \$15,000. The board will be responsible for the salary of a financial clerk when appointed.

Clergy who received stipends of \$1,200 or less were granted a bonus of \$50 each. Student missionaries were engaged for twelve parishes.

A summary of statistics as received from the parishes was then read. It included the following statement:—Parishes receiving more than \$1,000.00; contributions for all purposes, \$164,114.66. Forward Movement amounts are not included.

In the discussion on statistics it was brought out that 1,000 less families or 5,000 persons were reported this year. It was felt by those responsible that reports from parishes were not made in the usual way. It was pointed out that it was unfortunate that the denominational reports are not correct, as the government is likely to take returns for religious bodies, and it gives a wrong impression of the Church of England in the province. It was urged by a number of speakers that full returns should be sent in so that a true showing may be obtainable. A parish return was suggested. A number of vacant missions not reported brought down the figures as follows:

Parish	1926	1927
Chatham	\$ 2,435	\$ 681
Fredericton	3,296	350
Kingston	3,252	919
Shediac	2,906	561
St. Andrews	2,430	679
St. John	11,065	3,036
Woodstock	1,518	424

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can be usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them, saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parment (Double Strength). Take this with and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tube, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every one who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

CORNS
 Lift Off with Fingers

Evidence Taken In Police Court
 Preliminary Hearing of Six Young Fellows, Charged With Breaking and Theft.

Doesn't hurt a bit! Drop a little "Freezies" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezies" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

In the police court yesterday the preliminary hearing was commenced of James Levine, Henry Collins, Albert Cameron, Charles Crawford, Harold Miller and Ronald Owens on the charge of acting together and breaking in the barn of James McCarthy, corner Queen and Germain streets, and stealing a horse and carriage, the property of Mr. McCarthy, valued at \$250, on the night of April 8; and on suspicion of acting together and stealing goods therefrom to the value of \$50 on morning of April 9.

CAME FROM ENGLAND TO BE MARRIED

A quiet wedding was solemnized by Rev. F. S. Dowling at his residence 88 Duke street yesterday afternoon, when Alfred Benjamin Crook of Winnipeg, Man., was united in marriage to Miss Minnie Good of Southampton, England. The couple were unattended and left on the evening express for Winnipeg where Mr. Crook intends to take up hand.

Concerning Marriage.

His Lordship spoke on two matters concerning marriage. He favored legislation making it legally necessary for those intending marriage to give public notice thereof for at least one week in advance of the ceremony. Another point, in that of mixed marriages as unions contracted between Protestants and Roman Catholics are usually called. The question has been brought before the public lately in a very forcible and striking manner by a decision of the Privy Council. His Lordship thought the time has come when the non-Roman Catholic churches can no longer, either in self-respect or safety, keep silent. There was the well-known fact that many of such marriages turn out unhappily. There is the important question of the children. If the marriage is solemnized by Roman Catholic rites, then the condition exacted is almost always that any children born to the union shall be brought up in the Roman Catholic faith. "When however, the marriage is not solemnized by Roman Catholic rites, then the legal and moral status of the contracting parties is at once called in question and denounced in the most authoritative and formal manner."

Your Pay Envelope

HOW about it? Are you able to keep up to your prescribed task? Is the boss watching your time sheet? Has he reason to think you are slipping back?

The efforts put forth to keep up to the new scale of work in conjunction with "high pressure" mode of life these days soon tell on the strongest system, shatters the nerves and weakens the heart.

Thousands are finding life a burden and others an early grave. The strain on the system causes palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells.

Milburn's Heart and Nerve Pills have helped hundreds just in such a condition by making rich new blood, strengthening and regulating the heart, refueling the nerve centres and infusing new life and energy into the system.

This remedy builds up and maintains a healthy, vigorous constitution, according to the testimony of hundreds who have used them.

Mr. Alfred Arsenault, Lot No. 6, P.E.I., writes:—"I was very nervous and run-down, and was so bad I could not sleep at night. I used two boxes of Milburn's Heart and Nerve Pills, and I was relieved. That was one year ago, and I have been well ever since."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

The St. John Standard

W. V. MACKINNON, Publisher, 25 Prince William St., St. John, N. B., Canada. REPRESENTATIVES: Montreal, Toronto, Ottawa, St. Paul, N. B., and other cities.

ST. JOHN, N. B. WEDNESDAY, APRIL 13, 1921.

THE C. P. R. BRIDGE

There appear to be several features in connection with the discussion now going on with respect to the new C. P. R. bridge that there is a tendency to overlook or to disregard. It is a mistake to do this, because these features cannot be disregarded, no matter how much those interested in the subject would like to do so.

SURELY THE LIMIT

When the plans for the new bridge were completed, a blueprint of them was sent to the City Council by the C. P. R. engineer with the intention that if the Council had any suggestions to make with regard to them, the engineer would be glad to receive them.

Now, anybody who knows anything at all about engineering knows very well that in structures of this kind each individual part has to withstand a certain amount of strain, and the strength of each particular part has to be calculated to a nicety so that each may bear its proper share.

But even if it were possible to change the height of the new bridge, what would be the advantage? The C. P. R. so we are informed, has no intention whatever of taking down the present railway bridge, but intends as soon as the new bridge is ready to relieve the present one of the traffic.

It has been suggested that the C. P. R. may not be allowed to retain the present bridge when the new one is completed. They have every legal right to the bridge as it is, and that right will not be in the least degree diminished because to increase their transportation facilities, they build another alongside of it.

It seems to be a trifle difficult to understand just what the City of Moncton really does want. First of all, it asks to be made a municipality in itself, free and clear of the Province.

Benny's Note Book

With afternoon in school Miss Kitty told the class the difference between suggestion and persuasion. She said that suggestion is the expression known as the power of suggestion.

WHAT OTHERS SAY

"Picked Immigration." Among the many topics under consideration since the recent opening of the session at Ottawa, one of particular importance to the whole country has occupied the attention of the Cabinet. The subject is that of immigration.

Not Unanimous. Brotherhood leaders affect not to consider seriously the fact that the chief cause of the influx of immigrants which might bring them infections which would spread among Canadians.

DID NOT WANT OFFICE; FORCED TO ACCEPT IT

New Prussian Premier, Stegerwald, Rose from Ranks of Poor People.

ONLY MAN SOCIALISTS WOULD CONSIDER

New Minister Has Been Promised a Free Hand in Carrying on.

Berlin, April 12.—Much against his will, the Communist leader, Adam Stegerwald, has been elected Prussian Prime Minister by 333 out of 334 votes.

Though the old coalition of Communists, Democrats and Socialists, still had a bare parliamentary majority, there was danger of a number of Communists seceding on important questions and exposing the Coalition Government to defeat.

To Have Free Hand.

Stegerwald, who was Prime Minister of Public Welfare in the late Prussian Cabinet, and as such, made the best of his difficult job, as was admitted by all parties, will have a free hand, it being understood, however, that the Socialist Minister at the Interior, Severing, who successfully suppressed the recent Bolshevik rising, will retain his place.

The new Premier will not have an easy task, for the Socialists and the reactionaries of the Deutsche Volkspartei will doubtless strongly oppose the appointment of certain candidates whose names have been mentioned.

Son of Poor Parents.

The Prussian Parliament, for so long the proud preserve of the Junkers, has chosen a self-made man for its new premier. Herr Stegerwald, who received the votes of all parties with the exception of the Communists and a few Independents, is the son of poor parents and was born in a small village in South Germany and

Former Empress' Funeral Saturday

Not Expected There Will be Any Demonstration by Monarchists.

Berlin, April 12.—The funeral of former Empress Augusta Victoria will be held in Potsdam Saturday morning, it was announced here yesterday. The body will arrive in the Wild Park Railway Station there, once the private station of former Emperor William, Friday night and will remain in the reception room until Saturday morning under an honorary guard of officers formerly attached to the imperial household, who will wear full dress uniforms.

The monarchists are not expected to seize the occasion for agitation and it is believed the radicals, approving the solemnity of the event, will not protest against such simple services, a government official said yesterday.

While the radicals objected to the Reichstag adopting a resolution of sympathy, declaring it would be a monarchist demonstration, the former Kaiser personally has not been attacked, for she did not mix in politics, and was known as a good mother and a good woman.

The Conservative and Monarchist newspapers yesterday appeared with a black mourning border around the headline, "Our Kaiserin is Dead." They dwell upon the tragedy of her life ending in a foreign land. The radical newspapers published the announcement inconspicuously on inside pages and followed it with the warning that the monarchists probably would attempt to make use of the death of the former Empress for political purposes.

An English man said 1,566 bricks per day for 18 days.

apprenticed to a woodworker. While working as a journeyman he educated himself with great self-sacrifice and even managed to take a course of political economy in a Munich university. Later he became first secretary of the Union of Woodworkers and devoted several years trying to organize a labor party based on Christian principles. When the war came Stegerwald associated himself with the Centre Party and towards the end was called into the Prussian Ministry of Food, afterwards becoming first minister of the National Well-Being Department, which was inaugurated after the revolution. His task now is to form a provisional government.

Filed Leap From Brooklyn Bridge

Camera Clicked as Man Plunged 133 Feet into East River Uninjured.

New York, April 12.—While motion picture cameras clicked on the dock of a tug in the East River today, Daniel Carone, 27, of Mount Vernon, pulling a cigarette leaped from the centre of Brooklyn Bridge and was picked up in the water, 133 feet below, alive and unharmed. It was his second jump from the structure, he having performed the feat in 1914.

A policeman saw Carone spring from an automobile on the south roadway and climb a steel girder. He shouted and ran towards him, but before he could reach him Carone plunged into space.

Carone's friends on the waiting tug saw his body strike the water. He soon appeared and began to swim towards the tug. In fifty strokes he had reached the craft and was hailed, cheered, and cheered. Carone said he also had jumped off London Bridge.

TO ATTEND EXECUTIVE

Montreal, April 12.—T. P. Regan, K. C., of St. John, N. B., who is in Montreal on professional business, proposes to extend his trip to Toronto, on Friday, where in company with Mr. G. A. McNamee of this city, Mr. J. A. Duchastel, Dr. Desormiers and others, he will attend an executive meeting of the Canadian Good Roads Association, which is being called for the purpose of completing the programme for the National Convention to be held in Halifax on the 10th, 11th, and 12th, of May next.

N. B. HEALTH WEEK APRIL 24-30

What is Health Week? Health Week is a period of one week set apart annually by the Government for the special distribution of knowledge in the three important subjects of Child Welfare, the Prevention of Tuberculosis, and Social Hygiene, or the control of Venereal Disease. Well known Speakers will come to New Brunswick from Ontario, Nova Scotia, and the United States. Public Addresses will be given in this city and all the chief towns of the province, full particulars of which will be advertised later.

During this week the nucleus of permanent Provincial Associations will be formed to deal systematically with each of the above branches. The general idea being to provide information "that the people may know" and better, healthier citizens result.

WEDDINGS

Special to The Standard. McCluskey-Mulherin. Grand Falls, N. B., April 12.—A very pretty wedding was solemnized by the Rev. Father Cyr at the Church of Assumption here on Tuesday morning, April 12, when Miss Gertrude Mulherin and W. Adrian McCluskey were united in matrimony. The bride, who was attended by Miss Margaret Burgoine, was becomingly attired in a navy blue coat suit and wore a hat to match, and carried a bridal bouquet. The groom was supported by Ivan G. McCluskey of the C. N. R. staff. In addition to relatives, a large number of friends were present. Both parties are very popular in the community and many valuable and practical gifts were bestowed upon them. The groom's present to the bride was a cheque for a considerable amount. After the ceremony Mr. and Mrs. McCluskey were entertained at a dainty lunch, following which they left on the C. N. R. express. The young couple on their return will reside at Mile Brook, N. B., where Mr. McCluskey holds a very important position with the Federal Department of Fisheries.

Greenisland-Parie. Norton, N. B., April 12.—At the Baptist parsonage, Norton, on Monday, April 11th, Shirling Burton Greenisland, of Midland, Kings Co., N. B., was united in wedlock to Miss Greta Parie of Mount Edmonson, Kings Co., N. B., by Rev. I. E. VanWart. The happy couple will reside at Midland, N. B.

TNT as a blasting explosive is not detonated by bullet shock from a high-power rifle.

Robert Simpson Roberts. The death of Robert Simpson Roberts took place Monday at the residence of John H. Simpson, 192 Dorchester street, after a lingering illness. He was in the seventy-fifth year of his age and was born in St. John, but for many years lived in the United States. He was well known in the city and conducted a harness shop before he moved away. A large circle of friends will regret to hear of his death and extend sympathy to the bereaved ones of whom Miss Jane E. Roberts of this city is a sister. The funeral will take place on Wednesday afternoon at 2.30 from his late residence.

"DEATH HOUSE" FULL

Ossining, N. Y., April 12.—The housing shortage has extended to the "Death House" at Sing Sing prison. Twenty-one men and one woman are now confined there. But two vacant cells remain and there are more than a score murder cases in state courts either on trial or about to start within the next few weeks.

OBITUARY

Thomas Bell. Berlin, N. B., April 12.—The death occurred at an early hour on Sunday, April 11th, of Thomas Bell at his home in Jardineville, Kent County. Mr. Bell had been ill several months and was well and favorably known. His wife has been dead several years and no family remain. The funeral took place from his late residence in the Presbyterian cemetery in Gallaway and was largely attended. The services at the house and grave were conducted by Rev. George Gardner. George Wright.

Joseph Kane. Friends will regret to hear of the death of Joseph Kane, which took place at the home of his parents, Dipper Harbor, Monday. He was the eldest son of John and Ellen Kane and besides his parents leaves four sisters, Mrs. M. Martinson of St. John, and the Misses Ellen, May and Arantha of Dipper Harbor, and three brothers, Edward, John and Aubrey, all of Dipper Harbor. The funeral will take place today from his parents' residence.

Robert Simpson Roberts. The death of Robert Simpson Roberts took place Monday at the residence of John H. Simpson, 192 Dorchester street, after a lingering illness. He was in the seventy-fifth year of his age and was born in St. John, but for many years lived in the United States. He was well known in the city and conducted a harness shop before he moved away. A large circle of friends will regret to hear of his death and extend sympathy to the bereaved ones of whom Miss Jane E. Roberts of this city is a sister. The funeral will take place on Wednesday afternoon at 2.30 from his late residence.

To the Electors of the City of St. John. GENTLEMEN— I have had the honor of being for the past three years the Chief of Police of this City. I do, therefore, now offer myself as a candidate for the office of the Mayor of the City of St. John. I am, I believe, well qualified to discharge the duties of the office. I will exert my best efforts to promote the general interests of the City. Respectfully, Yours truly, J. WOODWARD.

To the Electors of the City of Saint John. GENTLEMEN— At the solicitation of many of the prominent business men of the City of Saint John, I offer myself as a Candidate for the office of Mayor of the City of Saint John for the coming year. I should be glad to be elected. I shall endeavor to represent the interests of the City generally. Yours obedient servant, Saint John, April 11, 1921. A. ALWARD.

THE STANDARD'S FINANCIAL SECTION

ERRATIC MARKET ON WALL STREET FEATURE OF DAY

One to Four Point Drop in Many of the Usual Market Leaders.

BETTER NEWS ABOUT LABOR OVERSEAS

Call Money Continues Firm at Seven Per Cent. All Day.

New York, April 12.—The stock market was again beset by conflicting influences today, many of the usual leaders in the industrial division reacting 1 to 4 points, while other shares of less prominence were distinctly intruder.

Stronger dealing with the financial news and dividend prospects of the so-called independent steels caused incessant offerings of that group, Republic, Lackawanna, Steelton, and Bethlehem proving especially vulnerable to bear drives. On the constructive side the market was represented by oils, motors, coppers and tobaccos, which showed little recuperative power. Sales amounted to \$60,000,000.

Court of Appeal

Special to The Standard
Fredrickson, N. B. April 12.—The special division of the Supreme Court continued this afternoon.

Papers Closed On Lower Side In All Montreal Trading

Laurentide Was Largest Seller and Gains Two Points But Failed to Retain Gain.

Montreal, April 12.—The paper stocks with the exception of Waynagmack closed on the lower side of the market in today's trading on the local stock exchange. Laurentide furnished the largest turnover of the day, touched 93 at one time, but later failed of absorption and fell two points to 91, representing a net loss of the day of 1 1/2 points. Abitibi lost a fraction at 75, and the preferred 1/2 fraction at 80. Laurentide lost a fraction at 93, while Waynagmack finished the day at a net gain of 3 1/4 points at 70 1/4.

STEELS WERE STRONGER

Stronger stocks included Ontario Steel up two points at 66; Dominion Steel up to 42, but later stock was offered at that price with no bid above 40. Steel of Canada gained a fraction at 58 1/4.

LONDON MONEY MARKET

London, April 12.—Close: Bar silver, 36 1/2d. per ounce; bar gold, 104s. 10d. Money, 5 1/2 per cent. The count rates, short term, six per cent; three month bills, 6 1/2 per cent. Gold premiums at Lisbon, 16d.

GOSSIP AROUND THE MARKETS

Announcement is made that T. Palmer Howard, one of the directors has been appointed controller of Howard Smith Paper Mills, Ltd.

Recent negotiations have indicated that the proposed additional financing of the Rickard Co. Ltd., might be done in the form of 8 per cent five year convertible mortgage notes which might carry convertible features and with the rights of conversion partly into common shares. It is believed that the issue at present will be approximately \$4,000,000 payable in Canada and handled on the Canadian market only.

Montreal dividend declarations are: Canadian Converters Ltd., 1 1/4 per cent, payable May 15 to record April 2.

New York funds in Montreal are quoted at 12 1/2 to 9 1/2 per cent premium. Sterling in New York, demand 3 1/2-4; cables 3 1/2-3 1/2. Sterling in Montreal, demand 4 1/2-5 1/2; cables 4 1/2-5 1/2.

Unlisted securities reported by the Montreal stock exchange are: Great Eastern Paper 85 at 4 1/2; 15 at 7 1/2; N. A. Pulp 60 at 4 1/2; 10 at 4 1/2; 25 at 4 1/2; 40 at 4 1/2; 15 at 7 1/2; N. A. Pulp 60 at 4 1/2; 10 at 4 1/2; 25 at 4 1/2; 40 at 4 1/2.

The Aktiebolaget Ullindustriali of Norrkoping, Sweden, formed in 1915, to wash and comb wool and to spin yarn, will shortly be completed, according to the Swedish press. The company's share capital, which was originally 70,000 pounds, has been increased to 140,000 pounds.

According to information received in Washington, holdings of the British Government in the Anglo-Persian Oil Company total 6,000,000 ordinary shares, 1,000 preference and 120,000 debentures.

Extreme Weakness in Wheat Market

Excellent Export Demand on the Decline and the Premiums Are Increased.

Winnipeg, April 12.—Extreme weakness was evident in the local wheat market today, and after the opening values slipped rapidly until May wheat showed a loss of almost eight cents and July a fraction over one cent. This was followed later by some reaction and the market closed 3 1/2 to 6 cents lower.

The conditions in the cash market were exactly opposite to those existing in the futures. There was an excellent export demand on the decline and the premiums increased 1 to 1 1/2 cents, and at one time were 19 cents over for May for number 1 Northern. Owing to more liberal today, an offering that a few producers had been forced to liquidate.

CHICAGO

Chicago, April 12.—Close: Wheat, July, 1.10 1/4. Corn, July, 65 3/4. Oats, July, 37 3/4. Pork, July, 15.65. Lard, July, 10.25. Ribs, July, 2.55.

LABORERS STRIKE ON CHILEAN FARMS

Refuse to Work Until Sunset During Harvest, as Has Been the Custom.

Santiago, Chile, April 12.—The first farm laborers' strike in Chile was called by several hundred workers on the 10,000 acre estate of an English woman near here. While the actual movement was confined to one farm and involved a relatively small number of men, it attracted widespread interest and has been pointed out as marking the beginning of a new era in the existing relations between the land proprietor and the Chilean agricultural laborer.

System on Plantations

The "inquilino" system prevails on most of the large estates which form a characteristic feature of the farming region of Central Chile. Under the system the laborer there is given possession of a plot of land for purposes of cultivation, a house and rights of pasturage. On the estate where the strike took place the daily wages were 80 centavos (about 15 cents at normal exchange).

RUSH FLOUR OVER BORDER

Winnipeg, Man., April 12.—Shipments of Canadian wheat had four sold to American dealers are being rushed across the border in an endeavor to avoid the heavy duty that will follow in the event of the tariff being lifted. This was made up of modified shipments that shippers requested be rushed as soon as possible.

Painter Fooled French Dealers

Artist's Pictures Boomed While He Was in Madhouse—Recovery Ruined Plot.

Paris, April 12.—Utrillo, released from the madhouse, is painting better pictures than ever. It is the news that came two weeks ago to upset one of the best little pieces of picture dealing Paris has ever known.

Utrillo was a young modernist painter of great talent who attracted the notice of the shrewdest Parisian art dealers a few years ago. Quietly they began buying his works—often getting the canvases for no more than the price of a meal. Suddenly eighteen months ago, the high-strung brain of the artist, who from the first was affected by brooding fits of melancholy, gave way completely under the pressure of overwork and overstimulation. He disappeared into a private asylum, which physicians declared he would only leave in a coffin.

Immediately art dealers, secure in the knowledge that they had "cornered" the artist's best work, began an Utrillo boom. From 50 to 100 francs, the price of his pictures mounted steadily to 8,000. They were bid for eagerly at the best sales and occupied the best places in the showrooms of the leading galleries.

But once again the doctors had spoken too hastily and now Utrillo is back in his Latin quarter studio hard at work. True, he is under the care of a male nurse, but pictures he has already sold for 600 francs—a far better price than anything he ever received himself before—challenge comparison with the best of his early work. The dealers are in despair, but can do nothing.

From Church To Moving Pictures

Step Being Contemplated by Rev. W. G. Millar of Toronto.

Toronto, April 12.—If the officials of Bond Street Congregational Church decide to secure another minister by August 31, Rev. W. G. Millar, the present incumbent, will resign the pastorate on that date.

DR. E. VON FOSSERT DEAD

Steel Prices Cut By U. S. Corporation

New York, April 12.—Reductions in the selling prices of the products of the United States Steel Corporation and its subsidiaries were announced tonight by Herbert H. Gary, head of the corporation, after consultation with the presidents of the various companies. The new prices become effective tomorrow.

The list of reductions follows: 4 x 4 and heavier, billets, from \$38.50 to \$37, a gross ton; slabs \$43 to \$38 a gross ton; sheet bars and small billets, \$47 to \$39 a gross ton; bars \$2.15 to \$2.10 per 100 pounds; plates \$2.65 to \$2.30 per 100 pounds; structural, \$2.65 to \$2.30 per 100 pounds; wire rods, \$67 to \$48 a gross ton; plain wire base, \$3.45 to \$3.00 per 100 pounds; tin plate \$7 to \$6.25 per base box. Wire nails in kegs were unchanged at \$3.25 a base.

STILLMAN DIVORCE POSTPONED

New York, April 12.—Hearings in the divorce suit brought by James A. Stillman, president of the National City Bank, against the former F.H. Potter, today were postponed until early in May, when John A. Mack, guardian ad litem for Guy S. Stillman, whose paternity is questioned, refused to agree to April 20, the date selected by attorneys for husband and wife.

The Mexican Secretary of the Treasury announces import taxes on Treasury annuities import taxes on textile goods will be increased 10 per cent, instead of 20 per cent, on April 30, as originally planned.

Important To Have Lightning Protection
Prof. W. H. Day Gives Interesting Talk on His Investigations
The Shinn Mfg. Co. of Canada factory and head office is in Ontario, is holding a two day convention of its Maritime dealers at the Royal Hotel, St. John. The specialty is protection against lightning. The convention is in charge of the company, who for years was professor of Physical Ontario Agricultural College and who during that time of extensive investigations lightning rods to determine the way whether they really effective in protecting buildings. The results of his investigations are contained in a book issued by the Ontario Dept. of Agriculture, and which may application to the department. The convention opened at 10 o'clock on Monday morning, when a made of the 1920 business lessons to be derived from method of manufacturing lightning rods. The convention was also planned. In the afternoon at 1.30, Prof. Day outlined his investigations at the O. A. C. They began when it was found that no were to be had either in Europe by which the effective lightning rods could be still only three of them, or in Canada, where they were lightening rods, and of these 210, cent were burned. Among hundred there were 44 rods of which were so poor that they were not worth the cost, or cut were burned. Thus the buildings, even though they were poor, had only at high a percentage burned unprotected ones. Although this saving seemed considerable, yet it was not sufficient ground for advising the general adoption of lightning rods. However, studying the from the scientific side, the became convinced that according to the laws of electricity, good rods properly installed, do prevent lightning from striking buildings. The problem came investigation in 1906, but for years little progress was made. Several false clues were striking in the investigation. The ing data from all parts of the province. Finally in 1912 he was persuaded to examine several houses in different parts of the province. His reports it was found every 7,000 unprotected by lightning rods, which about 7,000 that were equipped with lightning rods. This thus showing that the rods flashes in 35 cases out of any of 37, which amount to per cent. This shows the efficiency that it was a wise to publish these findings. The investigations showed that the rods in those states that had been installed, and they proved to be effective as in Ontario. The data at hand the results of the investigations were published in 1914, and since then they verified by several American writers and also by the Fire Department of Ontario, as in 1915. A study has been made of cases where rods had been damaged and in some cases the damage had been due to improper installation of equipment or workman where the laws of electricity were not observed in the conductor, designing the system, and installing the rods on the building so that they were not struck. The rods in those states that had been installed, and they proved to be effective as in Ontario. Important To Have Lightning Protection

Prof. W. H. Day Gives Interesting Talk on Result of His Investigations.

The Shinn Mfg. Co. of Canada, whose factory and head office is at Guelph, Ontario, is holding a two day convention of its Maritime dealers at the Royal Hotel, St. John. The company's specialty is protection against lightning.

The convention opened at 11 o'clock yesterday morning, when a study was made of the 1920 business and the lessons to be derived from it. The method of manufacturing lightning rods is also being discussed.

In the afternoon at 1:30, Professor Day outlined his investigations which at the G. A. C. began in 1901, when it was found that no statistics were to be had either in America or Europe by which the efficiency of lightning rods could be determined.

However, studying the problem from the scientific side, the Professor became convinced, according to the laws of electricity, good lightning rods properly installed, should really prevent lightning from striking the buildings that were so protected.

A study has been made of the few cases where rodless buildings have been damaged and in every case studied the damage has been traced to improper installations either in equipment or workmanship.

While in Michigan in 1912, Prof. Day found that a number of mutual insurance companies were keeping their rodless buildings in separate class from the unrodged ones and assessing each class for its own losses.

Passenger and freight agents of the Eastern Steamship Lines, from the principal points in the company's territory, met in conference one day last week in the main dining saloon of the steamer Canden at India wharf.

Freight Wreck Delays Traffic

Leaves the Iron at Sackville, Holding up Express from Halifax Six Hours.
Engine trouble on a freight train this side of Sackville yesterday afternoon, in which some part of its mechanism went wrong, lifted it from the rails and derailed several of the freight cars which piled up in all shapes and directions, hindering the express crew and blocking traffic for six hours.

Maintenance Industries Must Have Chance

Member of Nova Scotia Government Making Fight for Lower Freight Rates.
Hon. R. E. Finn, Minister without portfolio in the Nova Scotia Government, was in the city a short time last evening enroute to Halifax from Fredericton where he had been in conference with the Premier Government on matters pertaining to freight rates.

Restaurant Bill Favorably Reported

Com. Thornton Thinks City Will Soon be Able to Regulate Conditions.
The bill to regulate the conduct of restaurants in this city was given favorable consideration at Fredericton yesterday, and soon the authorities will have legal power to straighten out some of the emporiums in this city that have not been regarded as having been conducted in a manner conducive to the moral uplift of the community.

Fishing Baskets
'Fishing basket pretty well shook?' Perhaps you haven't completed your casting yet. No angler is completely equipped without a fishing basket, and the best is none too good. Our new line of fishing baskets is, by long odds, the finest we've ever shown.

AROUND THE CITY

ST. ANDREW'S CHURCH.
The regular monthly session of St. Andrew's Church was held yesterday when only business of a routine nature was transacted.

TO REBUILD FLOATS.
At a meeting of the commissioners of the Indian Affairs and Lands Department held Monday evening a sub-committee was appointed to proceed with the rebuilding of the floats on both sides of the river.

STEAMER PASSENGERS.
The steamer passengers from the C. P. O. S. liner Victorian, numbering 800 left Sand Point yesterday morning in two special trains en route to their destinations throughout the Dominion.

RIVER STEAMERS.
The river steamers Majestic and Champlain left Indiantown yesterday morning on their first trip of the season. The former went to Upper Jeanes and the latter to Perry's Point on the Washademoak. Both had fair sized cargoes.

USE SQUARE AS DUMP.
The street superintendent has reported that residents in vicinity of Victoria Square have been using that space as a public dump. A great deal of work will be necessary before the square is in good order for the summer season.

LUXUR TEMPLE.
At a meeting of Laxur Temple executive held yesterday final arrangements were made for the grand ceremonial tomorrow. A banquet will be served at four o'clock in the afternoon, a banquet at six, ceremonial at eight, concert and motion pictures at 10.30, is part of the programme.

CANADIAN IMPERIAL LEAGUE.
Members of the Canadian Imperial League assembled in their new room Market building last evening and conducted routine business as well as making arrangements for a patriotic mass meeting at Queen's theatre next Sunday afternoon, when Rev. H. A. Goodwin will be the speaker.

CHICKEN THIEVES.
The chicken thieves who have been reported to have stolen hundreds of hens from premises in the outskirts of the city last week have started operations in Lower Cove. Yesterday morning a resident found that twelve of his favorites had been stolen from the hen-house. It appears about time that the culprits were apprehended.

MRS. HEATHFIELD DEAD.
Mrs. Elizabeth K. Heathfield, an aged lady, who sustained a fracture of the hip a few days ago, died at her residence, 188 Main street, last evening. She is survived by her husband, William Heathfield, who resides at 188 Main street, Baptist church, and two daughters. The funeral arrangements will be announced today.

PRENTICE BOYS FAIR.
The fair conducted by the King Edward Lodge, Prentice Boys in their hall on West Side was largely attended last night and all the games well contested. The prize winners were: Door prize, carving set, won by A. L. Robinson; air gun, silver butter dish, A. V. Duffy; 10 pins, nut cracker, T. MacAulay; bean board, silver box, Ben. Smith; B. Wilson; right and flower stand, B. Wilson; ring toss, silver spoons, A. V. Duffy; devil-among-tailors, silver pickle dish, H. Moffat. The funds are to go towards purchasing furniture for the lodge.

MEMORIAL SHOP OPEN.
Mayor Schofield issued the following announcement yesterday regarding the memorial shops:
The memorial shops are now open for business on the second floor of the building recently occupied by T. McAvity & Sons at a warehouse on Water street, immediately opposite the rear of the customhouse.

PASSENGERS ON PARTRIDGE ISLAND.
With the exception of one quite severe case of tonsillitis, the quarantine of passengers of the Scandinavian on Partridge Island retired again last night with a clean bill of health. The day is to be held Monday and the day's cargo being eagerly counted till the one that brings their release.

Companies Must Mark The Poles

City Fathers Make Order — Issue Certificates of Indebtedness to Provincial Gov't.
Commissioner Frink yesterday introduced a resolution into the city council that will, if carried out, make it easy for the city officials to know who owns the poles on any of the streets; the mayor and common clerk were authorized to issue a certificate of indebtedness to the provincial government for the amount borrowed by the housing commission and permission was granted the Telephone Company to rebuild their pole line on Millidge Avenue.

Given Permission.
The committee of the whole report, was adopted. The commissioner of finance and affairs reported that he had received the resignation of Lee V. McKell as constable and recommended its acceptance. Adopted.

Marking of Poles.
Commissioner Frink referred to the difficulty which at present existed in finding out who owned the poles on the streets of the city and in order to remedy this he moved that each of the companies in the city using poles be ordered to mark in white their property within one month from the date of the order as follows: New Brunswick Telephone Co., the letter T; New Brunswick Power Co., the letter P; Western Union Telegraph Co., the letter W; and the C. P. R. Telegraph the letters C. P. All city poles to be marked with the letter C. This was seconded by Commissioner Jones and carried.

That Deficit.
With a deficit of seventy millions in railway operations Mr. Finn thinks, with heavy men of business, that an extra five million deficit wouldn't be any hardship upon the people providing such an extra deficit would be incurred in giving the Maritime Provinces rates that would encourage our industries. Today in the windows of I. C. R. passenger offices there are displayed posters begging the people to seek home-made goods in the West. These people, who want to take a chance, an inducement of special low rates is held out to them, said Mr. Finn. But he said, there is no inducement in the way of lower freight rates held out to encourage our industries. The time has come for action, he said, and action must be speedy and effective if the West of Canada is to have a chance.

Canals For the North.
The I. C. R. is to the Maritime Provinces, he declared, what the canals are to the Upper Provinces. They have no tolls, or practically none, and these Provinces of ours held back by the burden placed on the Maritimes there has been no complaint.

That Deficit.
The Railway Commission has a right to function for the Canadian Northern and can make rates to benefit the territory it serves. It has no power to make rates on the I. C. R. to benefit the Maritime Provinces, said Mr. Finn. This he regarded as a travesty on fair play.

Reception Tendered.
A very pleasant reception was tendered to their pastor, Rev. Isaac Brindley, by the Relief Society of Ladlow street Baptist church at the school room last evening. The entertainment was under the direction of the president of the society, Mrs. Charles Belyea. Senior Deacon, John F. King was chairman and led the opening exercises. E. J. Ring led in prayer.

Executive Meeting.
A meeting of the executive of the Playgrounds Association was held at the Y. M. C. A. yesterday afternoon. The matter of securing supervisors and teachers for the playgrounds this summer was discussed. It was decided to take up the matter in which the athletic fields of the city should be supervised with the commission of public safety. It was also decided to employ High School boys as caretakers of the playgrounds this summer, provided suitable boys can be secured.

Playgrounds Assn. Executive Meeting.
A meeting of the executive of the Playgrounds Association was held at the Y. M. C. A. yesterday afternoon. The matter of securing supervisors and teachers for the playgrounds this summer was discussed. It was decided to take up the matter in which the athletic fields of the city should be supervised with the commission of public safety. It was also decided to employ High School boys as caretakers of the playgrounds this summer, provided suitable boys can be secured.

Good Attendance At Free Dispensary.
A larger attendance at the Free Dispensary was reported at yesterday's regular meeting of the Association for the Prevention of Tuberculosis. J. A. Likely presided and his message was added to the committee who are endeavoring to find new quarters for the society. Dr. Logie expressed himself as pleased with the fact that people are making use of the Dispensary to a much greater extent than formerly.

Reports Received and Discussed at Meeting of Assn. for Prevention of Tuberculosis.
The matter of the Victorian Order of Nurses visiting with those of the association was allowed to drop. Dr. William Warwick asked that a committee be formed to assist in securing a large attendance at an Anti-Tuberculosis meeting to be held during Public Health Week. The following committee was appointed:—Dr. Murray MacLaren, Dr. H. Farris, Dr. Logie, Mrs. W. E. Scully, Mrs. Busby.

RECEIPTS RECEIVED AND DISCUSSED AT MEETING OF ASSN. FOR PREVENTION OF TUBERCULOSIS.

Too Long Exploited

The Maritime Provinces, he said to The Standard last night, "have been exploited too long to build up the West. They have taken our lands, our money, and the increase of our money, and we have never murmured. The intercolonial railroad was built for the Maritime Provinces as a part of the scheme of the Maritime Provinces was our road to give us a market for the products of our industries that we might be on a fair basis of competition.

Large Congregation At Trinity Church

Forceful Sermon Preached by Rev. Canon Cody of Toronto to Last Evening.
All who wished to attend were unable to gain admittance to Trinity Church last evening when the Synod service was held. It was necessary to place extra seats in the aisles to accommodate the large congregation which assembled.

Forceful Sermon.
Rev. Canon Cody of Toronto, was the special preacher and he delivered a forceful sermon, speaking from "How old art Thou," Genesis 47, 8. The lesson emphasized was that it is not length of days but achievements which count. A life may be long but narrow. It is not how many years an individual has lived which matters, but what did he do with his life? Was it one of selfish pleasure or a life of service? Lives given in sacrifice for others as those of war heroes are counted lives although the men were not not old in years. The life of Jesus was not long as measured in time but think of what was crowded into those brief years.

Responsibilities.
The Church of Christ may be asked this question. Has she realized her responsibilities? The function of the Church is to hold up Christ to the people, to make him Lord and Master of the lives of human activity. No other agency is seeking to raise spiritual life and the Church must do her duty in this.
