Ten of the present city council are going to the people Dec. 4 next for a mandate. One of these, Ald. H. J. Childs, is seeking the mayor's chair.

Ald. H. B. Ashplant, just appointed city auditor, is naturally out of the race, and Ald. E. F. Brighton, who has been one of ward one's representatives for several years, failed to qualify Tuesday night, although nominated.

Five other councillors are again seeking the vote and influence of the electorate, one of whom, Adam Palmer, also a former member of the board of education, has re-entered that field.

Ex-Ald. P. J. Watt is a candidate in Ward 1, Ex-Ald. W. A. Wilson in ward 2, Ex-Ald. John Colbert in ward 3 and Ex-Ald. William Boss in ward 4.

Interest Centers in Ward 3.

With the exception of the mayor-alty contest, the big fight is anticipated in ward 3, with a complete labor split, submitted in opposition to two of the present members of the council, who, while sitting as labor councillors, displaced the official labor body early in the year and lost

Fire At Trinity Destroys Four Barns, 20 Head of Cattle and Season's Crop

Special to The Advertiser. Brantford, Nov. 21.—Another extensive farm fire has been added to the list of recent barn destructions. This one was at the home of Mr. F. O. Vansickle of Trinity, near Ancaster Village. It broke out among the contents of one of the four barns on the farm about 9 o'clock Saturday night, and spread with such rapidity that it took but an hour to destroy all four buildings, about 20 head of cattle and the entire season's crop. The house was saved, but the

incineration at the Labor Temple convention.

One member of ward 3's quota in the present council, Ald. Gordon B. Drake, is also seeking re-election.

The last few minutes it appeared as though Mayor Wilson's prediction about six candidates by acclamation would prove correct. The clock slipped around to 8:30 p.m., with half an hour to go and but five nominees had presented themselves. Then somebody got real busy and Rev. G. Quintin Warner was urged into the contest, bringing the number to six. It looked as though they were elected without further preliminaries.

Palmer Enters Field.

In the meanwhile scouts had sallied forth to scour the community for prospective school trustees, and as o'clock drew apace, they commenced to arrive.

Ex-Alderman Adam Palmer arrived from East London and promptly qualified with the declaration "they have talked just a trifle too much, I'm in."

Then Mayor Wilson and S. F. Lawason drove up to the city hall, and the latter affixed his signature to the list.

It was just a minute or so before the whistle blew when Trustee A. E. Silverwood reached the hall post haste with George Hyatt, who signed up, making the ninth on the ballot.

Three retiring members of the present school board declined to seek re-election, Trustees Rev. A. A. Bice, A. A. Langford and Henry Hayman.

MIRTH ABOUNDS IN HELLO BROADWAY

Jimmie Evans' Musical Review Company Delights Patrons At Grand.

The presentation of "Hello Broadway," by the Jimmie Evans Musical Review Company at the Grand Opera House last night was a real hit with the audience, and each and every one who saw it went away with the conviction that it is one of the best shows seen in London in many months.

The show, from start to finish, is one of clean, witty mirth, with an ample supply of high-class singing interspersed in its many scenes, and every member of the cast deserves special praise for the obviously hard work he or she does to make this play the great success it is.

Miss Florence Pippin is especially charming in her violin and singing acts, and along with Miss Frase brought the house down with the rendition of a new and lilting bird ballad entitled, "Cuckoo Coo."

The comic side of the entertainment is handled in truly a masterful style by Jimmie Evans as Jerry Casey, an irresponsible Irishman, and Joe Devine in the role of Ike, the Hebrew. These two produced gales of laughter with their antics in the

poker scene, where Jerry lays a brick-bat on the table, and Ike produces an axe just to insure an amicable little game.

Every other comedy act in the play is equally good, and the distinctive feature of it all, and one that merits particular comment, is the fact that not one suggestive line is heard throughout the entire length of the long program.

Burt Ryan, of Broadway fame, is an attraction in himself, with the wonderful happy way in which he delivers his songs, of which there are many, and his real histrionic ability displayed in the other scenes of the presentation.

Joe Devine as a Jewish comedian has actual big-time ability, and proves a clever pawn for the practical and impractical jokes of Jerry, the Irishman. The working of these two together was entirely human and something that would intrigue the interest of any self-styled highbrow.

Every member of the cast of 20 is a true artist in his or her line, and the costumes and scenery are of a class not often seen in a road show, and are as well of a type that reveals the remarkably distinctive taste of their designers.

This play is being offered at unheard-of low prices and it is really a marvel that such a high-class production is as successful as it is.

"Hello Broadway" is certainly worthy of twice the present scale of admission. It will be presented again tonight with a special matinee this afternoon.

A girl's smile often tows a young man in and her father's boot toes him out.

ASKS JUDGE'S HELP IN FINDING MONEY

Foreigner Tells Troubles To Toronto Justice—Claims Lawyers Want Cash.

Toronto, Nov. 21.—Jacob Dolgan, a little whiskered man with a scant fluency in English, is hunting for \$210.00 or so. He says that he was deprived of it at Kapuskasing, and he holds the jail there as more or less responsible.

Dolgan, without a lawyer, but with a typewritten statement, tried to explain his quest to Mr. Justice Latchford in chambers at Osgoode Hall today.

According to his story, this had happened: Dolgan, a carpenter, lost his job. A police constable at Kapuskasing said he might live at the jail and do odd jobs. Dolgan was asked as to the money he had, and his answer was "a couple of dollars." Later Dolgan was found to have \$923.39. Presumably Dolgan was charged with begging and fined \$35, including costs. The money returned to him was \$618.

At least, the foregoing was Dolgan's version.

"I want my money," said Dolgan to the judge.

"Why don't you have a lawyer?"

"I've had two or three. But they want money."

"Then, why not go to the attorney-general?" "Do nothing for me; just write letters."

Mr. Justice Latchford: "I can do nothing for you. How can I advise you? In your statement you admit that you lied when you said you had only 'a couple of dollars.'"

Dolgan: "But, judge, my money was my own business. Why should I tell the truth? I was afraid somebody would take the money."

As there was no motion, there had been no service at Kapuskasing or elsewhere, and, therefore, Dolgan's side was the only one presented, even informally.

Following the so-called hearing before Mr. Justice Latchford, Dolgan told his troubles over again to M. Wilkins, barrister.

FALLS FIFTY FEET ESCAPES UNHURT

Montreal, Nov. 21.—A French-Canadian longshoreman, whose name could not be ascertained, this morning fell 50 feet from a gangplank in the hold of the Robert Reford Line vessel Vitellia.

Fellow-workmen who saw him disappear rushed to the edge of the hold, expecting to see his lifeless body in a heap on the floor below. Telephones buzzed and an ambulance was summoned, but all to no purpose, for the man was seen to pick himself up, brush the dust from his clothes and walk away puffing at a pipe, which still remained lighted, between his teeth.

question as to the amount received in this manner by Chief of Police William Armstrong as city license inspector, asked by Alderman Robert Middleton at the last council meeting, was referred to No. 1 committee, and will be gone into at the next meeting.

The chief was appointed as special license inspector for the city some time ago, and collects fees arising out of convictions under the Ontario temperance act.

An effort will be made to have returned to the city fees received by Manager Charles Johns arising out of cases where motorists are convicted on information laid by him for passing standing street cars. It is claimed that a resolution was passed by the council last year prohibiting the acceptance by the street railway manager of these sums.

**"EARL" TAKES CASE RIGHT
TO PREMIER OF BRITAIN**

In Letter of Protest, Claims He Has Been Railroaded to Jail Against Justice—The Jailer Was Glad To Have a "Real High-Class Crook" on His List.

NO LONGER ENGLISH FASHION PLATE

Jackson, Mich., Nov. 22.—A. J. Walker Greig, the self-styled Earl of Dunblane, and husband of C. Greig of Toronto, and Sara Turngren Dye, his Cheboygan "countess," is today in his new castle, the Michigan State Prison here, where he will serve two and a half years for embezzlement.

The Advertiser representative accompanied Greig, Sheriff Weaver and his deputy on the trip from Charlevoix, passed through the prison gates with the party, and was present when the "Earl" bid his last adieu to society, turned in all his personal effects, and donned the garb of a convict.

When Greig began his fateful journey yesterday he was not the same man who had sat so confidently through his trial, not the same aristocratic English fashionplate who mingled with Michigan's richest financiers. Despite his strong pleas to be left unhandcuffed, his wrists were bound with the steel bracelets when he stepped from the Charlevoix cells. Gone was his straight, almost martial appearance; his face was tired and his eyes showed evidence of tears. Dressed in a dark coat and wearing a black fedora hat, he was the picture of dejection.

He did not speak on the trip to the station. He did not speak until on the train. When he did he gave forth amazing words. He told of his latest attempt to prove his innocence.

Has Written Bonar Law.
"This is an attempt to railroad a British subject to prison," he told The Advertiser, "but I have taken the matter up with British authorities. I have written Bonar Law. I have written Lloyd George. And he had. The text of his letter was:

"Right Honorable Bonar Law, prime minister of Great Britain and Ireland: I, Alfred John Walker Greig, a British subject, was arrested in Montreal in July, 1922, charged with embezzlement. Extractions from the proceedings were not obstructed. I was taken to Charlevoix, Mich., where bail of \$7,500 was offered but refused. I was held without bail until Oct. 23, and tried on a trial of seventeen days."

"There were two Irish Catholics in my office and the general counsel of the corporation was a German, married to an Irish woman, and all were Sinn Feiners. A conspiracy existed between all of them to ruin me. I was sentenced to from two and a half years to five years, and I wish the matter investigated by the British ambassador at Washington." (Signed) "Alfred Walker Greig."

Expresses Sorrow.
After this declaration of his innocence, Greig remained silent for a long time. He slumped down in the seat to hide the handcuffs under the sleeves of his coat. He knew the

**ADVISE REVISION
OF BANKING ACT**

Merchants Believe Merchants Bank Case Shows Need for Change.

The case of the Merchants Bank in Montreal and the complete exoneration of the directors will, according to the opinion of many business men in the city, necessitate some revision of the banking act during the coming session of the house in Ottawa. At present the discount rate on American money is about 1-32 of one per cent, yet all the banks are charging a full one per cent as the price of their services in this way, they claim.

Many of the local wholesale houses are accepting American bills at par, which they regard as a more reasonable arrangement, and more in keeping with the present situation. Some of these firms believe that the discount rate demanded by the banks is higher than conditions warrant.

**DECIDES NO LEGAL ACTION
POSSIBLE ON G. T. R. DEAL**

Committee of Shareholders to Ask Dominion Government for "Compassionate Allowance."

London, Nov. 22.—(Canadian Press Cable).—The committee on the Grand Trunk Railway shareholders, which has been considering the privy council's dismissal of the appeal against the arbitrators' award, announced that it has met, and been advised that in consequence of the judgment of the privy council no further legal action can be taken to obtain compensation from the Canadian government.

The committee has decided to memorialize the Dominion government, urging the government to take into its consideration the equitable claims of the Grand Trunk stockholders. The Times, in its city notes, says its way to make an offer of "compassionate allowance," its credit would not suffer.

**WALL STREET BOMBER
SENDS SECOND THREAT**

New York, Nov. 21.—A letter threatening the bombing of Borough Hall, Brooklyn, sent by a person who claimed responsibility for the Wall street explosion of Sept. 16, 1920, Tuesday reached Peter Chieffo, the custodian. The police bomb squad started an investigation.

**LANARK FIGHT
OLD-TIME EVENT**

By-Election Straight Campaign Between Liberal and Tory Factions.

Special to The Advertiser.
Perth, Ont., Nov. 22.—The Lanark federal by-election is the first in Ontario since the King government came in, and it is a straight old line contest between Liberal and Conservative, with no Progressive candidate running. This is somewhat surprising, inasmuch as both Lanark members in the provincial house are U. F. O. To understand the present situation one must bear in mind the fact that Lanark was long considered a Conservative stronghold. This is especially so in the case of South Lanark, where political adherence was almost a religion. If the Liberals succeed in breaking this Tory stronghold they will have achieved a signal victory.

A typical illustration of the Tory traditions of South Lanark was the vote in the Dominion general election of 1911 eleven years ago. At that time the old federal ridings of North and South Lanark had not yet been welded into one constituency. Lanark County, as a whole, elected two members to the Dominion house just as it still does in the provincial legislature. In 1911 the number of Conservative votes polled in South Lanark was 2,234. The Liberal vote was 1,067.

South Lanark went Conservative by a large majority, quite according to long-established precedents. North Lanark, on the other hand, gave only a small Conservative majority with 1,386 Liberal votes to 1,613 Conservative. The Liberals were defeated into a single riding, comprising the entire county. One of these was the extension of the franchise to women, and this factor made itself felt in a tremendous increase in the number of votes cast. The votes in North Lanark in 1911 numbered 2,999, in South Lanark 3,801, approximating the other figures very closely.

The total number of votes polled in the county was 6,800. Now last year more than twice as many voters entered no candidate in the united constituency. The number was 15,194. The other new and influential factor was the advance of the farmers' party to a position of considerable strength. The voters in both North and South Lanark returned U. F. O. representatives to the provincial house, so last fall the Liberals decided to enter no candidate in the united constituency. They decided to leave the whole field of opposition to the Conservatives to the farmers, or Progressive party, as they are termed in federal politics.

This party had done extremely well in the provincial elections of only two years previous. It was, therefore, reasonably to be expected that the events would repeat themselves. This was especially to be expected if the women's vote in the voters' list since 1911, the women's vote should be thrown on the side of the Progressives. But in politics events do not often repeat themselves. Last year's result was a surprise to those who expected a Progressive victory.

Greig did not move. His face expressed no emotion. He looked exactly as he did when sentence was pronounced—rigid and stony.

**CIVIC ASPIRANTS
"GO ON STUMP"**

Candidates to Address Citizens in Wortley School, Wednesday Night.

Municipal fireworks, with pretty variations, is on the bill for the mass meeting of Ward 1 electors, set for Wednesday night at the Wortley Road Public School, South London.

Both mayoralty candidates, ex-Ald. George A. Wenigo and Ald. H. J. Childs will make their initial bow to the public in the present campaign, and the leading issues of the past few months will be considered from every angle, it is promised.

"Government by the people" will, in effect, be the slogan of both aspirants for the mayor's chair and the electors of South London, if they attend, will be favored with a brief information as to what the respective candidates propose to do for them next year.

The several aldermanic candidates will also "take the stump" to defend their records and outline Ward 1's requirements for the ensuing year. It is expected that certain of the school board nominees will also be in attendance to deal with the south-east school situation and other burning educational questions of the day.

**SLACK BUSINESS HABITS
COST AMERICA BILLIONS**

Special to The Advertiser.

Buffalo, N. Y., Nov. 22.—Wasteful industrial habits are costing the nation billions of dollars annually, L. W. Wallace, executive secretary of the Federated American Engineering Societies, declared here today in opening the waste session of the sixth annual New York state industrial conference.

Lost production, caused by ill health, physical defects and industrial accidents was a prolific source of waste, asserted Mr. Wallace.

**WILL BE TRIED FOR DEATH
OF REGINA LIQUOR AGENT**

Estevan, Man., Nov. 22.—On a charge of murdering Paul Matoff, a Regina liquor agent at Blenfaith, Sask., on Oct. 4 last, Lee Dillego of Lignite, N. D. was last night committed to stand trial at the next session of the King's bench court by Magistrate J. C. Martin.

The decision came after a two-day preliminary hearing.

Lanark County, as a whole, elected two members to the Dominion house just as it still does in the provincial legislature. In 1911 the number of Conservative votes polled in South Lanark was 2,234. The Liberal vote was 1,067.

South Lanark went Conservative by a large majority, quite according to long-established precedents. North Lanark, on the other hand, gave only a small Conservative majority with 1,386 Liberal votes to 1,613 Conservative. The Liberals were defeated into a single riding, comprising the entire county. One of these was the extension of the franchise to women, and this factor made itself felt in a tremendous increase in the number of votes cast. The votes in North Lanark in 1911 numbered 2,999, in South Lanark 3,801, approximating the other figures very closely.

The total number of votes polled in the county was 6,800. Now last year more than twice as many voters entered no candidate in the united constituency. The number was 15,194. The other new and influential factor was the advance of the farmers' party to a position of considerable strength. The voters in both North and South Lanark returned U. F. O. representatives to the provincial house, so last fall the Liberals decided to enter no candidate in the united constituency. They decided to leave the whole field of opposition to the Conservatives to the farmers, or Progressive party, as they are termed in federal politics.

This party had done extremely well in the provincial elections of only two years previous. It was, therefore, reasonably to be expected that the events would repeat themselves. This was especially to be expected if the women's vote in the voters' list since 1911, the women's vote should be thrown on the side of the Progressives. But in politics events do not often repeat themselves. Last year's result was a surprise to those who expected a Progressive victory.

**CIVIC ASPIRANTS
"GO ON STUMP"**

Candidates to Address Citizens in Wortley School, Wednesday Night.

Municipal fireworks, with pretty variations, is on the bill for the mass meeting of Ward 1 electors, set for Wednesday night at the Wortley Road Public School, South London.

Both mayoralty candidates, ex-Ald. George A. Wenigo and Ald. H. J. Childs will make their initial bow to the public in the present campaign, and the leading issues of the past few months will be considered from every angle, it is promised.

"Government by the people" will, in effect, be the slogan of both aspirants for the mayor's chair and the electors of South London, if they attend, will be favored with a brief information as to what the respective candidates propose to do for them next year.

The several aldermanic candidates will also "take the stump" to defend their records and outline Ward 1's requirements for the ensuing year. It is expected that certain of the school board nominees will also be in attendance to deal with the south-east school situation and other burning educational questions of the day.

Ald. H. J. Childs, chairman of the finance committee, lined up on Wednesday with his colleagues in the city council who favor the purchase of the local street railway lines in 1925.

"I have considered the question thoroughly," he declared, "and I believe that it would be a wise move and one designed for the best interests of the public. We should control our own utilities and the transportation service is a rather important one."

**NEW STRAWBERRY
SELLS FOR \$50,000**

Three Rivers, Mich., Nov. 22.—B. E. Beattie, president of the R. M. Kellogg Company Nursery, this city, announced Tuesday the purchase of the right to develop an ever-bearing strawberry plant from Harry Rockhill, Conrad, Ia. The purchase price is announced as \$50,000, said to be the highest price ever involved in a similar transaction.

The Kellogg company maintains a 240-acre strawberry farm here, reported to be the largest in the world, and ships plants to every state and many foreign countries.

Beattie gave as his reason for paying so great a price for the Rockhill plant, the wish "to encourage development of new and better strawberries."

TO SOLVE MURDER**

Special to The Advertiser.
White Plains, N. Y., Nov. 22.—Supreme Court Justice Morschauer has under consideration today a motion for the dismissal of the murder indictment against Walter S. Ward, former police commissioner of New Rochelle. Ward is charged with having shot to death Clarence S. Peters, ex-gov., early last summer.

The counsel for Ward argued that Prosecutor Weeks had made no effort during the last two months to solve the murder, and that it is unfair to his client to be held indicted and not given an opportunity to free himself of the charges in court.

**U. S. PRISON POPULATION
INCREASES TO 150,131**

13.1 Per Cent Is Rate Noted in Federal and State Prisons.

Washington, Nov. 22.—The prison population of the United States, not including chain and road gangs and women committed to religious or charitable institutions, increased from 140,188 on July 1, 1917, to 150,131 on July 1, 1922, the census bureau announced today.

Including women in such institutions and chain and road gangs, for which figures were compiled July 1, 1922, the number of persons in the country awaiting trial, serving sentences or held as witnesses on that date totaled 163,888.

A rate of increase of 13.1 per cent was noted in federal and state prisons combined, and the ratio of federal prisoners to each 100,000 population increased from 12.5 in 1917 to 15.1 in 1922, while the corresponding ratio for state prisoners increased from 72.4 to 74.5.

New Ministry Faced With the Disentangling of Near East Problem, German Reparation Question and Possible Uprising of Moslems in India.

EXPECT LORD READING'S RESIGNATION

The troubles of the Law Ministry in Great Britain are already beginning, and they must undertake at once the solution of a series of complicated problems with whose management they have charged Mr. Lloyd George.

There has now begun a conference at Lausanne at which an attempt is made to make an arrangement for the solution of the Near East and arrive at a stable settlement.

It seems likely that the Turks will be encouraged by the fall of Lloyd George's government to increase their demands in the hopes that the Law government, committed as it is to tranquility, will give more favorable terms.

Far From Settled.
The British plenipotentiaries must in the negotiations keep a weather eye on India, where things are far from settled. Apparently in that country the downfall of Lloyd George has been received with acclaim by the Mohammedans as a punishment for his treatment of the Turks and by the Hindu nationalists on account of a speech in which he seemed to threaten a reversal of reform policy.

The Indian government is understood still to be pressing the movement for a speech in which he seemed to threaten a reversal of reform policy. The Indian government is understood still to be pressing the movement for a speech in which he seemed to threaten a reversal of reform policy.

Reactionary Members.
Mr. Law, it happens, has entrusted the Indian office to two of the more reactionary members of his following, Lord Peel and Earl Winterton, who have taken place in the Ministry of the Punjab "die hards" in England and will at once begin to bring pressure for the stoppage of what they regard as the most liberal of all the races to the British connection, but there is now clear evidence of serious dissatisfaction among them.

Government Takes Extraordinary Measure on Rumor of Forces Being Armed.

BY HENRY SOMERVILLE.

Special Cable to Advertiser, Copyrighted London, England, Nov. 22.—The government has taken astonishing measures against today's unemployed demonstration. Not only have assemblies been forbidden within a wide circuit of Westminster, but a statement has been issued from Downing street, alleging that the unemployed had made big military plans and were armed with revolvers and knives.

Police reports of bombastic street corner speeches by obscure orators in little towns like Alfrincham, Cheshire, are raked up to make public flesh creep. When telegraphing a clock, mounted and foot police, with ostentatious batons are in strong force on embankment, where the unemployed were announced to assemble at 1:30.

At the moment there is no sign of an unemployed demonstration near Westminster.

CITIZENS CALM OVER FIRE BUG

Assistant Fire Chief Scott
Claims Incendiary Is Men-
tally Deranged.

Notwithstanding the claim of the fire department that a fire bug is responsible for the series of fires perpetrated in London recently, the majority of citizens holding inflammable property are not especially worried. Assistant Fire Chief Scott advanced a theory today that the man, if it is a man, responsible for the conflagrations is either mentally deranged or a dope fiend. The history of past fires in Canada and the United States reveals almost without a single exception that fire bugs are usually persons suffering from neurasthenia or some form of abnormal psychology.

As suggested above, however, local fire insurance companies note no appreciable increase in business as a result of the recent London fire. The business is reported to be slightly better than it was last month, not that it can be directly traced to the anticipated panic which such a calamity would naturally seem to create.

The fire bug may not be caught. Past instances indicate that degenerates of this variety usually burn up a few buildings and then cease their destructive practice before it is too late.

SPEEDERS INSPECT BODIES OF VICTIMS

Judge Delivers Lecture in De-
troit Morgue Before Mo-
torists Are Jailed.

Special to The Advertiser.
Detroit, Mich., Nov. 22.—Ten motorists convicted of speeding took solemn oath today never again to violate Detroit's traffic laws, while before them, on rows of slabs in the county morgue, lay lifeless bodies of seven victims of auto accidents.

Judge Charles J. Bartlett, who last week took convicted speeders to the children's ward of a hospital here, this time staged an even more gruesome and convincing object lesson for the offenders.

Led by the judge, escorted by policemen, the ten traffic violators, "speed maniacs," Judge Bartlett called them to the cold slabs of the morgue.

The body of a little child, who had been crushed beneath the wheels of a speeding car, lay on the first slab. Others were bodies of a woman and five men, all of whom had lost their lives through carelessness of motorists. Five hands, the motorists stood in line heads bowed, faces strained, feet shifting nervously, while the judge permitted them a long look at the bodies.

Then he spoke: "Gentlemen, you are now confronted with a mute and unresponsive appeal against speeding and violation of the traffic laws. The autoists nodded. Several drew their handkerchiefs as the strain became too great.

Judge Bartlett continued: "Gentlemen, raise your right hands. Every right hand went up. 'You do solemnly swear as under oath that you will not only carefully observe the traffic laws here in the future, but that you will spread the gospel among other motorists against this dastardly crime.'"

The prisoners swore to that effect and were led away to serve their respective sentences.

HUNDREDS PETITIONED CHILDREN TO STAND

Electors of All Schools of Political Opinion Join in
Indorsement of London's Native Son
for Mayor.

Proof of the fact that Ald. H. J. J. day in London, or Ontario, or Canada, is the candidate of all the people, irrespective of political or other divisions is furnished today by publication of the lists of members of the citizens' organization.

Hundreds of electors, many of them prominent in the Liberal party, and others equally prominent in the Conservative party, or the ranks of labor, many whose records attest their British patriotism and their confidence in the citizens of London and the people of Canada to efficiently administer their public affairs have deluged the citizens' headquarters with pledges of their support.

"The people of London were confronted with the approach of the election," said Mayor Little, "with the candidacy of a man who had concluded in his own mind that he would make a good mayor, but who as an alderman said nothing important and did less, except to make rash and unproven allegations."

We are not interested in whether or not a man's private business is advertised, to his own profit, by keeping before the public eye, but every citizen is interested in having his affairs as a taxpayer administered by men who are capable, steady-headed, aggressive and honest.

"Ald. Childs has been distinguished for these qualities, and while he has no selfish axe to grind, he has a love for the city in which he was born, and he was prevailed upon to stand for election. He has been a most successful businessman, and the citizens of London are well aware of it. He is able to devote the time to the duties of the mayor's office that the public interest requires. He is a British citizen, born in London as his parents were. He is no stranger within our gates. Londoner Protests He Cannot Keep Wife and Aid Father On \$22.39

Refusing to contribute to the maintenance of his aged father, a married Londoner was brought to the police court today. He explained that he had been married two years, and that his wife had been ill ever since their wedding day. As he earned only \$22.39 each week, he could ill-afford to keep his father, he was willing, however, to contribute \$5 each month.

His brother, a contractor, stated he could not keep the father at his home, as he had only room enough for his family of four. He was willing to pay his share of the father's maintenance. He stated his father had always been industrious until he was forced to retire. The father is 76 years old.

Press Club Play, "Thirty Days," Will Startle Londoners by Its Realism

Although unheralded by the usual huge multi-colored billboard advertisements, the biggest success of the theatrical season of 1922-23 is to be presented at the Majestic Theatre Friday and Saturday, Dec. 15 and 16. Were it not for the fact that the newspapermen and women of London do not place a very high premium on their lives, this stupendous production, billed at "Thirty Days," would never be revealed to the public. And so in the name of public service the knights of the blue pencil and scissors step into the glare of the footlights.

This is not a show that will appeal to one class. It holds an appeal for all. Even the bootlegging fraternity will find surprise awaiting them, because for the first time since the O. T. A. went into effect they will see a few members of the cast refuse to drink.

Governor Byron Dawson is seriously considering giving his prisoners midnight leave so that they may see "Thirty Days."

On how to conduct themselves while in jail, and on the latest version of the lockstep, as interpreted by men who have studied the art in some of the best jails in the country.

Magistrate A. H. M. Graydon, Judge J. C. Judd and a number of other members of the local police department are expected to appear among the box-holders at the performance for the faces of some of the artists will react to them in moments of days gone by.

Chief of Police Robert Birrell has promised to see that the law respecting the carrying of concealed weapons is strictly enforced during the three performances.

Extra spotlights will be used, so that Londoners may get a good glimpse of the men and women who lie behind the scenes in real life. The great public, who make up the drama of life, while they, the members of the press, tell of their tribulations, failures and successes.

Although word of the London Press Club's effort was only noised abroad a few days ago, Superintendent Charles Forrester, of the Central Trunk, fears trains from Western Ontario points will have to run on the days of the show in order that those who intend to secure seats for "Thirty Days" may be accommodated.

CRITICIZES ATTITUDE OF QUEBEC REGARDING HULL

Ottawa, Nov. 22.—Vigorous criticism against the alleged attitude adopted by the Quebec government toward the city of Hull was voiced by members of the Hull Branch of the Club at their weekly luncheon yesterday.

A resolution protesting energetically against the stand taken by the provincial government in placing the city of Hull, the third largest city in the province of Quebec, on the same footing as small towns and villages as regards its municipal autonomy, was unanimously adopted.

week to call attention to their condition and to ask the premier to accept a deputation.

Mr. Bonar Law declined to receive spokesmen of the unemployed, and promised that their cause would be heard by the ministers of labor and health. The leaders rejected this offer, and insisted upon seeing the premier.

To stand a Fight.

Rumors, supported by the police, spread throughout the city yesterday to the effect that organizers of the unemployed were determined to force an entrance to Downing Street from Whitehall today, and if the interview was still refused to start a riot, many of the demonstrators being known to possess arms.

It seems probable, however, that the suggestion made by some newspapers as to what may happen today, will not be fulfilled, inasmuch as interview with Mr. Bonar Law last night, agreed to advise the leaders of the unemployed to accept a deputation from Sir Montagu Barlow, the minister of labor, and abandon any plans for an attempt to force an entrance to Downing Street. The Daily Herald says this advice was accepted and that a deputation will see the minister of labor this afternoon.

COAL DEALERS PREACH THIRTY

Advise Public To Buy in Small
Lots Until First of
Year.

That small quantity buying of coal up to the new year is probably the safer and more satisfactory method of meeting the situation as it exists in this city, was the opinion of several dealers interviewed today. This view, however, was accompanied with the rather ominous warning that an exceptionally heavy blizzard might tie up transportation and so deprive many citizens of much of their expected warmth.

To overcome this possible phase of the situation, coal dealers are urged to continue as far as possible to economize. To be caught unawares is an enviable predicament. This was emphasized particularly. Those financially unable to obtain emergency rations of fuel are especially advised to take the above mentioned precautions. By the time the new year comes around, however, coal conditions will have become much easier.

Delivery Not Certain.

Hard coal is now selling at \$12 to \$13 at the mines and \$18 to the consumer. Delivery cannot be insured earlier than three weeks after ordering, owing, it is said, to a shortage of cars. According to fuel merchants, the situation is such that coal is a policy not advocated by those in touch with the situation. It is claimed that a decrease in price is expected after the close of navigation, if they believe the reduction, if any, will be negligible.

J. D. Hunt of Hunt Bros. coal merchants, stated that everything is being done to supply the public. He added, however, that the interests of the consumer to constantly enquire of the merchant just what the latest conditions are. A number of importers have made recent trips to coal distributing centres of the United States with a view of obtaining a large quantity and will meet requirements for the next two months.

Many Using Wood.

Many Londoners, rather than pay the price of hard and soft coal, are using wood. Demand for this form of fuel has been on the increase, according to D. H. Ross, a coal dealer. The best grade of domestic soft coal is bringing \$15 a ton. Other varieties of soft coal, of inferior quality, are selling at \$13 and \$14. Coal costs are given as causes for the high price. The cost of transportation, in hard coal, is in good demand.

As one dealer remarked, citizens of London are gradually learning the fine art of heating and cooking material. Electric ranges, gas and oil stoves are being used more and more. In times like these, and will, in the future, be a saving to the consumer. Those who are unable to take recourse to these devices are urged, as the only alternative, to practice thrift that they may not be in a position to meet unexpected exigencies.

APPELLANTS SEEK TO PROVE CLAIMS

Townships Present Document-
ary Evidence of Land Sales
in St. Thomas Court.

Special to The Advertiser.
St. Thomas, Nov. 21.—In an endeavor to prove that increases in assessments in various parts of the county are unfairly distributed by the valuating committee, a mass of documentary evidence as to land values was submitted Tuesday by Crown Attorney J. C. Elliott of London at the resumption of the hearing of appeals by Dunwich and Southwold before Judge D. Ross.

Sales abstracts as filed in the county registry office are being presented by Reeve Reeve Drummond. The entire morning was devoted to the submission of examples from Dunwich and Southwold Townships.

Dunwich, under the revised equalization, has a valuation of \$4,531,490, as against a previous valuation of \$3,185,254, and a percentage increase of 43.54. Southwold's revised equalization assessment is \$5,232,302, as compared with \$3,840,267, and a percentage increase of 36.25. Dutton's revised assessment is \$1,055,608, against a previous valuation of \$330,524, and a percentage increase of 217.

Dunwich is represented at the hearing by Reeve Arthur Drummond, Deputy Reeve Archie Crawford, D. McNabb, township clerk, and D. W. Graham, assessor.

The Southwold representatives at the hearing are: Reeve A. J. McIntyre, Deputy Reeve Neil Brown, John McLennan, clerk, and John A. Campbell, assessor.

Dutton is represented by Reeve William Patton and William Cape, assessor.

County Solicitor C. St. Clair Leitch, K.C., is appearing for the Dunwich and Southwold appellants, and submitting that the new equalization is fair and just, and should be sustained.

S. Robertson; Deputy Reeve Fred Carr and William Anderson of Yarmouth; Reeve J. McLean of Rodney; Reeve Peterlock of West Lorne, and Reeve F. F. McGee of Aldborough, and Reeve A. Nevill of Port Hope.

The last named were members of the special valuating committee. The chairman of the committee, Reeve J. R. Teeple of Yarmouth, is expected here from Northern Ontario Tuesday evening, and will be in attendance Wednesday.

Barrister Gillanders of London is also appearing for the appellants.

Wood of the Brantford Chamber of Commerce received a communication from Guelph this morning asking the local chamber to send a delegation to support in making the Ontario Provincial Winter Fair, which is being held at Guelph, a greater success than ever before. The fair, which will see its 25th birthday this year, will run on Dec. 8, and will run until Dec. 14.

THE POLICE are still looking for the owner of a motor car which they found two days ago along with three other stolen automobiles. Three of the cars were positively identified and handed over to the owners. Some pairs of leggings were secured by the police commission on the recommendation of Chief Donnelly, and each of the men were equipped in rainy, cold or snowy weather the patrolman would be made easier by the light yet warm leggings. Previously they wore heavy rubber boots in stormy weather.

POLICE CHIEF DONNELLY has secured square lanterns, which will be painted red and green and used on the traffic signals on the main corners of the city. But on Saturday evening, he has to be regulated by the "stop-and-go" signals, and with the lanterns on the work of the officers will be aided considerably.

AN OLD COUNTRYMAN who declared he had no relatives in the county and wanted to leave his property to a worthy cause, called at the office of the Children's Aid Society here the other night and offered to his particulars for the drawing up of his will, and his suggestion that his money go to the shelter was very appreciative. The society expressed the opinion that the charity continues as at present there is no need to open court.

ary Evidence of Land Sales
in St. Thomas Court.

Special to The Advertiser.
St. Thomas, Nov. 21.—In an endeavor to prove that increases in assessments in various parts of the county are unfairly distributed by the valuating committee, a mass of documentary evidence as to land values was submitted Tuesday by Crown Attorney J. Sales abstracts as filed in the county registry office are being presented by Reeve Reeve Drummond. The entire morning was devoted to the submission of examples from Dunwich and Southwold Townships.

Brantford Man Suffers Pain-
ful Wounds When Knocked
From Bicycle.

Special to The Advertiser.
Brantford, Nov. 21.—As the result of a nasty accident which occurred on Brant avenue at 7 o'clock this morning, Sam Proctor, of Petrolia, is in the general hospital suffering from numerous face and body cuts and bruises. Proctor was thrown from his bicycle when he was struck by a motor car. He rolled across the pavement, and though he sustained fractured bones, he was painfully hurt.

The accident occurred near the corner of Richmond street, on Brant avenue, and the unfortunate young man was being taken to the hospital by Dr. L. H. Coates. He was attended to by Dr. Coates and then removed to a general hospital in the emergency ambulance. The hospital report stated that the wounded man would be confined there for some time.

The motorist did not stop, but escaped by way of Brant avenue and the Petrolia road. The license markers on his car were dirty and the number could not be ascertained. The make of the car is known to be a Ford, and the driver is known to be a man who has been in the city with the expectation that the name of the reckless driver might be ascertained.

FINDS STOLEN MONEY IN ROAD

Lawood Girl Locates Roll of
\$200 Taken by Thieves
From Garage.

Special to The Advertiser.
Sarnia, Nov. 21.—Provincial Constable W. C. Oliver, who returned to Lawood from Inwood, reported a peculiar sequel to the robbery of the safe of Fergus McNally, garage proprietor in that town, when \$200 in bills was taken from his office safe when he inadvertently left the safe combination unlocked at the week-end. Apparently afraid of the police investigation which was immediately instituted, the culprit bound the \$200 with a piece of cord to a stone and placed it in the road in front of the garage, in the hope that it would be picked away by the wind. Monday morning a little girl picked up the roll and returned it to the astonished owner.

Publicity given the circumstances of his deposition from the United States, as desired by Emmanuel Joseph, a Canadian citizen and ex-soldier, here yesterday, brought forth a denial from the Port Huron authorities. Inspector Leonard A. Kinister, American immigration officer, who made the deportation, said the reason was misconstrued on the part of Mr. Joseph. Port Huron jail officials claim the family was given the best treatment in the jail, and that Mrs. Joseph was given medical attention by Dr. Kinister. Kinister would rather stay in the jail than with his wife. They treated me so well there that I really had to leave. They gave me more than I could eat, and took the best care of my children. If every jail in the country was as good as the Port Huron jail I wouldn't mind living in jail every day in the week."

Joseph is a former London, Ont., girl.

DENT WILL BE HANGED FRIDAY

Condemned Murderer Main-
tains Composure As Fatal
Morning Approaches.

Special to The Advertiser.
Brantford, Nov. 21.—On Friday morning about 7 o'clock Harry Dent will pay the penalty for taking the life of Peter Haglan, wealthy Armenian, having been found guilty of the crime by the jury impaneled to try the case on September 13, and sentenced to death by Chief Justice Meredith, the presiding justice at the trial.

Jail officials state that Dent is standing up under the ordeal in an exceptional manner. Dent rarely talks of his trial, and as the case at the trial for his life, he appears to be unconcerned and little interested in what is taking place around him. He sleeps well and his appetite is the same as when he was first incarcerated in the county jail.

The jail is in all. Although it is not yet an absolute certainty, Hangman Ellis will probably have charge of the execution. Ellis has been asked to come to the jail surgeon, while Rev. W. G. Martin and the Salvation Army officials will attend Haglan with religious services. The hanging of Dent will bring to an end one of the most terrible crimes written in the annals of the local police force.

The victim, Peter Haglan, a wealthy landowner, was murdered the latter part of last April, and Dent was charged with carrying out the dismembered sections of the body to the river, after other portions, including the head, had been pulled from the river by a man who was fishing nearby. Dent's head thrown into the river by Dent, portions of the body were found in 20 pieces in all.

Both Harry Dent and his wife were charged with the murder. A few weeks later, Mrs. Dent was adjudged insane and sent to the asylum in Hamilton—the murder had taken her sanity, and on Friday of this week the husband will give a life for a life, as is set down by the justice of Canada.

It had been the general belief that the court room would be crowded, but only a few spectators were present. There was a large group of lawyers, including six gentlemen who are acting in an official capacity. The proceedings were all of a preliminary and preparatory nature, and of course, none of the looked-for sentencing.

TIGER STATES GERMANY IS MAKING READY

Ex-Premier of France Declares New War Now On Way.

APPEALS FOR ACTION

New York, Nov. 21.—The military in Germany already are preparing another war, Georges Clemenceau, war premier of France, declared tonight in the first address of his American tour.

"Don't you read the newspapers?" he demanded. "Don't you know what that means?"

The "Tiger" of France, speaking forcefully before a packed house, reviewed the situation in Europe, pointing to a rapprochement of the British and Soviet Russia as ominous clouds.

In the meantime, he declared, Germany and other German military were planning a coup against the democratic government there.

Describing the present as a time of greatest crisis, he urged that the United States should renew conversations with France and England, which without definitely committing this country to any set program, would present to Germany eyes a picture of the three unpleasant folks who faced her during the war.

He said that sooner or later the United States would have to intervene in the post-war affairs of Europe, because she could not continue to be comfortable and wealthy if Europe was covered with blood.

He suggested that the United States might establish a plan as to what was to be done in carrying out the terms of the peace treaty, and join with England and France in imposing it on Germany.

He was frank in his criticism of the United States' post-war attitude, declaring that America had had a large share in imposing the peace treaty and had a duty to see that it was enforced.

Challenging the worth of Germany's signature to a treaty, the "Tiger" declared that if France had known in 1918 that reparations would have been unpaid four years later she would have gone on to Berlin.

The Tiger received a great burst of applause for the assertion.

Hopes For Cooperation.
M. Clemenceau, who protested that he came to America on no official mission, but as a private citizen, to present the truth as he saw it, declared that reparations were an American idea because President Wilson had come forward with his famous "Fourteen Points" and the armistice represented essentially the American point of view.

At mention of Woodrow Wilson there was another great burst of applause.

Expressing the hope that the United States could find some way of renewing conversations with France and England looking toward enforcement of the peace treaty, Clemenceau said:

"I don't want to speak of the League of Nations; but I might, I might!"

The Tiger said he did not believe in the league as a means of preventing war, but that he believed in it as a means of arranging matters, deferring war, and giving the people time to think.

"You have seen one of the greatest dramas in the world," he said. "We are now in the greatest crisis. Nobody knows when it will end, and what effect European misery may have on American prosperity."

He asked what America had made war for, and what she gained. He said America had come to the last point where she was granted time to think. No sacrifice was demanded of her except the will to assert itself as the people she had vanquished were unable to do anything just at the present moment.

Recognizing Ignace Jan Paderewski, famous musician and former premier of Poland, in a box, the Tiger called on him to witness to the suffering and martyrdom of Central Europe had been subjected by Germany and Austria. The people of those countries, he declared, extended their hands to America when he arrived, as a man that brings justice, that brings the right for man to live—the jour de gloire est arrive."

America had freed herself in 1776, and now she rejected the whole of Europe, "all these people that had been put down under the sceptres of Germany, Austria and Russia."

Came as Private Citizen.
America had brought the day of glory, he said, but added:

"A people may be great one day and small and mean the next. You left after the contract was finished, and you told us to execute as we might. You were wrong in that you left without any proposal whatever. When people have been mixing their blood they have no right to leave if there is a difference without trying to adjust that difference. You broke all the organs of economic solidarity."

Clemenceau began his address with an allegory, in which he contrasted himself with a Buddhist monk who called his disciples together in an Indian village a thousand years ago to hear him preach. But instead of a human voice, the disciples heard only the golden voice of a beautiful bird perched on a branch above the monk. That was the sermon.

The Tiger expressed regret that he could not thus convey his message without speaking, saying: "In fact you may have heard it; I came here on purpose for that."

He came to the United States, he said, with the "American spirit, and ready to find fault in different ways."

"I must confess that I did not find

This disguise proved too much for the best detectives of London. It was adopted by Albert Close, who had been forbidden to attend the meeting of the commission on awards to inventors. Close is an inventor, and detectives were stationed at the doors of the building to see that he did not appear. Disguised as above, he marched through the line of police. Then came the coup de theatre when he removed the whiskers and addressed the commission.

as many faults as I expected. And today, having been taught through independence, I am trying to find advice. I have no mission; I did not come with a mission from anybody."

Thus, he said, he left France "without really knowing whether I was going to plead against you or to defend you."

In a challenging rumble, the "Tiger" then dared "anyone to tell me that I have a personal end in this trip to America, and I pursue any design, political, personal, or of any kind."

Not To Ask Money.
In fact, he asserted, he had been here long enough to decide he was "not going to have much trouble in establishing a basis of common thought on a very important matter."

Of the opposition in France to his visit, he said: "When a man with his own nature tries to aim as high as he can, it is encouraging to hear the raging shrieks from below." He came provided with such encouragement, Clemenceau assured his audience he was not about to ask them for money because they "have too much of it."

He wanted "something much more than that, much more valuable." He hoped, he said, to cause his hearers to "change their hearts" if they had been thinking ill of France, "as France's heart has been changed toward America."

"And about reparations—I think we are entitled to damages. Certainly we are entitled to reparations for damages which the war brought on us and which we had no hand in making."

"We are not looking for trouble; we are merely seeking to put ourselves in a position where we can prevent another such terrible war as that we have just been through. I think we are entitled to that. 'Safety'."

"France has had," he continued, "a very bad frontier since the day of the Roman Empire." German invasions have been a threat overhanging constantly. And yet France's integrity, said M. Clemenceau, is such that it one day to ask one of the little European nations upon whom it would depend in case of danger, the answer would be: "Upon France."

"But I should say," M. Clemenceau declared the speaker, "These new powers in Europe—they have your thoughts and feelings. And if you really think that you can live among yourselves, get your own produce safe from the rest of the world and do just as you please, there is not a word in 1776. What is to be done? You see where Germany is now. Germany began by not executing the conditions of the treaty. I am very sorry to say that the powers under the pressure of England accepted it and we gave up most of what we had gained by the treaty. Is it very extraordinary that Germany took advantage of that?"

"That was the beginning. Then we were told we must use the mentality of victory and the German finance minister said: 'We are going to settle out the line reparations.' 'Do you know that they are manufacturing cannons by the hundreds; that they are making machinery everywhere?'"

The German taxpayer pays, let us say, \$14—the French \$43. There is a line in the treaty that says Germany will have to pay as high as the taxes and all the rest."

"What are they preparing?" I tell

you plainly, as I told Lloyd George before the war—'They are preparing war again.' Don't you see what is going on? Don't you read the papers? Why, haven't you heard of the treaty between the Turks and the Germans and the Russians?"

"Now, I say that Gen. Ludendorff and Gen. Hindenburg are preparing war, civil war, to crush the German democracy, if they can. Have you forgotten what the Prussians did after Jena? How, with 50,000 men, they brought Napoleon down? Now, it is the same game. It is written. Nobody can deny it."

POINTS OUT DANGER OF BRIGHT LIGHTS

E. Krumes Delivers Lecture On Defective Illumination To Toronto Businessmen.

Toronto, Nov. 21.—Street lighting and the dangers of modern illumination were the subject of an intensely interesting address delivered by E. Krumes at a luncheon today of the Queen Street Businessmen's Association in the New London Cafe.

Mr. Krumes, in the course of his address, pointed out that during the past seven years a new era of illuminants had come into being. "Since 1865," he said, "when illuminating gas was first used in the city of London, England, until 1905 we used only illuminants of a comparatively low brilliance. Then the modern nitrogen lamps with their tantalum and tungsten filaments came into general use. These lamps are by comparison intensely brilliant, and people have up to the present utterly failed to realize the grave dangers attendant on their use. The increase in brilliance of these lamps can be gauged by comparing the number of units of brightness of gas, tungsten filament lamps, and the modern nitrogen lamps. The figures are as follows: gas lamps, 18,000 to 25,000 units; tungsten lamps, 500,000 units, and the nitrogen lamp, 1,400,000 units.

"The danger of these intensely bright lamps without a proper shield between the eye and the filament was not realized," explained the speaker. "There is a defective vision wholly and solely because of defective lighting and too often because of lights not properly shielded by diffusing glassware."

Mr. Krumes explained that Dr. Hal Brown, an Ontario optician, had stated that in the course of his investigations into the light of industrial plants that not only had he found that the eyesight of the operators was seriously impaired by defective lighting, but that various nervous disorders had been common, and that the direct cause of these disorders was the effect of defective lighting on the optic nerves.

"An investigation has also been made into the health conditions of the people who work in New York's skyscrapers," went on the speaker. "This has revealed an alarming state of affairs. More than 30 per cent of the people employed in them suffer in less than three years from defective eyesight, while 90 per cent of these people develop consumption in a more or less virulent form in this short period."

The diseases of the eye are almost invariably caused by the modern intensely bright lights, while the tubercular condition is also largely brought about by the nervous disorders which lower the health standard and render the body prone to the development of the tubercular condition.

To use the unshielded condenser nitrogen lamp in a store window was a great mistake, explained the lecturer, because the intensely bright light blinded the prospective customer and prevented him seeing the wares displayed for sale in the windows.

Mr. Krumes gave an interesting explanation also of why people frequently went to sleep in church during the sermon. The cause, he said, was not always the lack of eloquence of the minister. More often, it was because there was one bright light left burning in the vicinity of the pulpit and the eyes of the congregation being focussed upon it, they became tired and they fell asleep. A preacher who wished his flock to remain awake should have nothing more than a carefully-shaded light in the vicinity of the pulpit.

FARMERS PLOW LARGE ACREAGE

Unusual Open Weather Favors Agriculturalists in Completing Fall Operations.

Toronto, Nov. 21.—Following is a summary of reports made by the agricultural representatives to the Ontario Department of Agriculture:

The unusually open fall weather has enabled farmers to plow a large acreage than ordinarily, and also to do much more general farm work than usual. This, with the generous supply of fodder on hand, has here and there caused the farmers to take some extent of the discouragement caused by decreased prices for farm products.

Fall wheat on the whole is looking well, although some reports of injury by Hessian fly is reported, the most serious reports coming from Middlesex and the southern townships of Huron.

Kent says that but very little of this year's corn has yet been marketed. The crop is selling at 65 cents per hundredweight.

The threshing of beans is still under way. Elgin reports the yield at 30 bushels to the acre, and the quality good. Prices in that county and in Kent are around \$2 a bushel.

Many of the farmers in Huron will feed all their turnips, rather than take the offers of 8 cents to 10 cents a bushel that are being offered by shippers.

Seneca reports that alskike is yielding about nine bushels of seed to the acre, and is a first-class sample. Red clover is not so good in quality, and is yielding only about four bushels to the acre owing to a touch of frost in June.

Ontario farmers have not lost the old-time confidence in spelt. The old-time representative says: "I noticed on Thursday morning a plowing bee, in which there were nineteen teams plowing on the one farm. The man on whose farm the bee was held had been ill for some time."

Frontenac states that the marketing of livestock is made up of city of lambs, hogs, canners and store cattle.

Hogs are getting closer attention than for a year or two. Prices are of bacon type are showing good values, and little pigs are selling in Peel for from \$10 to \$14 a pair, and in Lennox and Addington at from \$10 to \$18 a pair.

Bruce says: "According to Mr. Gavin Barbour of Ingersoll, 80 per cent of the hogs marketed from Port Elgin recently would have graded selects had they been marketed earlier. As they were graded 40 per cent selects, the balance were thick smooths and the rest heavies."

Waterloo reports: "During the past two weeks a large number of feeders have been put in the stables of this county. Probably more feeding cattle have been put in this year than for some years back."

Huron claims that more cattle are going into that county than are being sent out.

York states: "Holstein cows and heifers, which had been purchased on an average of \$800 two or three years ago averaged \$100 apiece. These cows were of a good type and had good records. A seven-year-old Clydesdale mare sold for \$150. A team of good working horses in good condition sold for \$85."

Grey says: "One feeder and drover whom I visited recently had 55 head of cattle, none of which weighed less than 1,000 pounds, and all of them less than two years of age. He feeds the best bred stock himself. Others purchased are disposed of to less experienced feeders. It is an object lesson in the value of the use of purebred sires."

Bruce reports sheep raisers as being well satisfied as a rule with the returns from sales through the Co-operative Wool Growers Organization, whose prices were from 18 to 20 cents a pound for wool, compared with from 11 to 14 cents offered by others.

Leeds points out that a number of farmers are making from \$11 to \$15 per day teaming stone on the provincial roads, and are tempted to let farm work slide while prices are so low for farm produce.

SEES NO MENACE IN KU KLUX KLAN
Federal Government Will Not Intervene in States Where Organization Is Active.

Washington, Nov. 21.—(By Canadian Press.)—The federal government, for the time being at least, sees no great menace in the activities of the Ku Klux Klan, and will not intervene in the states where the klan has been most active.

This was the attitude taken in an official communication from the United States department of justice, issued last night following an interview between President Harding, Attorney-General Daugherty and Governor John Parker and Attorney-General Cocco of Louisiana.

Governor Parker, who came to Washington to acquaint federal authorities with the situation in Louisiana, reported to the president that the klan in its operations threatens to frustrate administration of the state laws in some localities, and asked that the federal government co-operate to curb certain alleged offenses which were of an interstate character. He denied that the state authorities had found it impossible to deal with the situation.

The official statement from the government read: "It appears that the state of Louisiana will be fully able to take care of the situation. There is nothing at this time for the federal government to do, except to give assurance to state authorities that whenever federal interests are involved the federal authorities are ready to extend full co-operation."

Ku Klux Klan activities have caused a great deal of comment in official circles here. It has been alleged that the mysterious association has become firmly entrenched in Congress, and that it commands the allegiance of at least 70 members of the lower house. It is impossible to verify this, although undoubtedly several of the newly-elected members were supported in their campaign by the klan.

GALT TAX TO BE SAME AS IN 1921
Court of Revision Lays Down Principle—Will Investigate Appeals.

Special to The Advertiser.
Galt, Nov. 21.—The court of revision on the 1922 assessment roll today laid down the principle that unless there are some cases of special circumstances, or where the assessor desired to be heard, they would revert the assessment to that of 1921, but they are incidentally taking up every one of the personal appeals entered.

Alderman A. E. Willard has won a victory on his general appeal, the court finding there was no justification for the general increase on land values. Interest in the court's sessions waned considerably today, there being plenty of room in the spectators' gallery, which yesterday was taxed to capacity.

J. W. McVicar was sentenced by Magistrate J. R. Blake to a term of not less than six months or more than two years, less one day in the reformatory on a charge of perjury while Martha Scott, alias Martha McCullough, was also found guilty of perjury, but was remanded to the county jail until Thursday for sentence, so that she can be medically examined. Perjury cases are rare in the local court, and those of today arose out of an assault case in which Martha Scott, charged McVicar with having assaulted her with a poker, causing actual bodily harm. Today she denied that she was injured, and both declared they had not seen or spoken to each other since the case was in court on November 16, when they were ordered by the magistrate to keep apart. Crown Attorney D. S. Bowley promptly charged them with perjury a policeman testifying that he had seen the woman go into McVicar's place on Monday afternoon, and she further admitted that to Chief Gorman. Both were found guilty.

Alderman A. E. Willard charged by Dr. J. H. Radford, M.O.H., some weeks ago, with a breach of the plumbing by-law, and whose case has been adjourned several times, was found guilty by Magistrate Blake this morning and remanded for sentence for two weeks, even though Alderman Willard gave notice at the council meeting Monday night of his intention to amend the plumbing by-law to curtail the powers of the M.O.H.

SETTLE TRANSFER COSTS.
Toronto, Nov. 21.—The cost of transferring the fund collected for the 20th Ontario fire relief from the old committee to the new committee, as directed by the court order, was settled today to be paid out of the fund. Solicitors for the committee are to have their costs taxed. The attorney-general's costs are fixed at \$100.

NURSE THINKS NOTHING BETTER
Lydia E. Pinkham's Vegetable Compound Advised for all Women in Poor Health

Toronto, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for years and it is the only medicine I ever recommend. I am a nurse and I find a woman is in poor health I always tell her to take it. Although you know that doctors and nurses do not use patent medicines I must say that I think there is nothing better than your Vegetable Compound. When I first took it I was so tired when I got up in the morning that I could not eat, and when I went to bed I was too tired to sleep. My mother-in-law told me that Lydia E. Pinkham's Vegetable Compound was just what I wanted so I tried it and only took two bottles when I felt better. Since then I have found that there is nothing that makes me feel so well, for it seems to build my system right up. I don't know any other medicine that has done so much for women."—Mrs. W. H. PARKER, 19 Wellesley Ave., Toronto, Ontario.

PANDRIEDS DECIDE ON ONLY ONE TEAM

Fast Juniors Will Be Used To
Build Up Intermediates.

Tillsonburg, Nov. 21.—All those vague hockey rumors that have been floating around town in regard to no hockey here this winter were conclusively exploded at one of the largest and most enthusiastic hockey meetings ever held in the town to night, and as a result the Pandrieds team will again be on the hockey map, in a good strong manner.

The officers elected were: Honorary president, T. W. R. Taylor; president, Harvey Johnson; vice-president, George Valle; secretary, treasurer, Frank Valle; manager and trainer, D. Hicks.

It was the decision of the meeting to have only one team, which no doubt will be intermediate, and in this case a very strong team, to be built up with the assistance of the excellent junior material from last year's juniors. As trainer the services of Mr. Deloss Hicks have been widely sought, and his decision to take over this position was one of the deciding factors in going ahead this year. Some of the players available are: Barrett brothers, Fred Carroll, Fred Perry, D. Valle, C. Russell, N. Stillwell, M. Bailey, L. Rodgers, M. Colloun, D. Thurston, C. Travis.

I'm an ex-soldier of the recent world war and know just how it feels to have been through that awful crusade, in which many Detroit boys were crippled. I am willing to meet any 152-154-pound pugilist in Detroit, my entire proceeds to go to the most unfortunate ex-soldier of the war, 'Buddy' to be selected by the American Legion.

ARRANGE FOR NEXT OLYMPIC.
Washington, Nov. 22.—The first steps for the participation of the United States Olympic team in the international games to be held in Paris in 1924 were taken at the quadrennial meeting here today of the American Olympic Association. At the conference the American Olympic committee was formed, and the foundation laid for the selection of the five hundred men who will choose, develop, finance and transport the several hundred United States athletes of both sexes who will invade France during the summer of 1924 for international competition.

"SOLDIER" JONES FLOORS ENGLISH BOXER.
London, Nov. 22.—"Soldier" Jones, the Canadian pugilist, defeated Ken McLaughlin of Chislewick last night at Shepherd's Bush London, in what was to have been a twenty-round bout, but ended in the fifth with McLaughlin's retirement. It was a very one-sided contest from the start.

McLaughlin showed little relief for his work. Jones floored him in the first round with a right to the jaw, for the count of eight, and in the second round he drove McLaughlin all over the ring. In the third round, however, McLaughlin landed a series of lefts to Jones' face, but the soldier was plainly holding himself in reserve. He sent McLaughlin to the floor twice in the fourth.

In the fifth round Jones attacked McLaughlin fiercely, and after the latter had received considerable punishment, his towel was thrown into the ring and Jones was declared the winner.

WILL PROBE WILD PARTY AT WINDSOR.
Windsor, Nov. 21.—George A. Urquhart, crown attorney of Essex County, declared today that he would begin an immediate investigation into the party held in a local hall by a sporting association Saturday evening at which nude dancers are said to have furnished the entertainment.

Mr. Urquhart said that such affairs would be carefully guarded against in future, and if such reveals accurate details of the night he would be detailed to attend all private parties and banquets. Meanwhile, the crown attorney stated, prosecutions may be launched if responsibility for Saturday night's affair can be definitely established.

CLAIMS HE GOT LIQUOR FROM MAN NOW DEAD

Hamilton, Nov. 21.—Marvin Hood, Freelton, admitted to Magistrate Vance in the county police court today that he was in possession of a bottle of moonshine on Saturday night, and was fined \$100.

He was then asked to name the person from whom he got the whiskey. He hesitated. The court stated that he could be sent down for three months for not telling. He then made a clean breast of the affair. He told the court that he got it from Joe Veroni of Guelph. Veroni, it was learned, was murdered in an Italian feud at Niagara Falls about a year ago. The court was skeptical about Marvin's disclosure, but he stuck to his story, and the court let it go at that.

Chicago, Nov. 21.—William Bross Lloyd, millionaire Communist Labor party leader, convicted with 19 other men of violation of the Illinois sedition law, was reported today to have appeared at the Joliet penitentiary last night prepared to begin his term of one to five years. ITALIAN AT GUELPH DIES FROM BURNS

Clothes Catch On Fire When Coal Oil Can Explodes.

Special to The Advertiser.
Guelph, Nov. 21.—As the result of severe burns which he received when a coal oil can exploded as he was attempting to start a fire in his kitchen stove early this morning, Michael D'Angelo, a well-known local Italian, died this afternoon in St. Joseph's Hospital.

D'Angelo lived alone in a small house at 47 Inkerman street, and was employed on the Grand Trunk as a section hand, and was prosperous and thrifty. As he attempted to light the fire the match was placed too close to the can and the latter exploded, the result being that D'Angelo was completely covered with the oil, and in an instant he was a mass of flames.

He ran round the house, and finally in his desperation ran out into the street his clothing falling off him as he ran, and when seen by a neighbor was practically naked and terribly burned from head to foot.

Following his death this afternoon, a coroner was called, and after making an investigation decided that an inquest was unnecessary.

D'Angelo was 35 years of age, and had been a resident of this city for the past ten years. It is understood that his sweetheart is about to start for Guelph from her home in Italy and the pair were to be married on her arrival. He leaves one brother in Guelph and one in Italy. He was a native of the province of Teramo, Italy.

In accord with the law of the eternal fitness of things, Eve must have handed Adam a green persimmon.

THREE BOATS IN PACIFIC CALL FOR ASSISTANCE

Seattle, Nov. 21.—Storm-battered by a stiff north wind, the flames ate their way toward the center of the city, and at 1 o'clock were threatening an entire city block. The municipal building and fire headquarters are in the block threatened.

In the Pacific, 500 miles off Cape Flattery, the steamers Bessie Dollar, Stuart Dollar and the tug Sea Monarch of Seattle sent out distress signals today, which were received at the United States naval radio station here.

The coastguard cutter Halda was ordered to proceed immediately to the assistance of the three vessels.

1,000 EGGS In EVERY HEN

If You Keep Chickens CUT THIS OUT

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Howard Traylor, president of the National Poultry and Breeder, for nearly eighty years secretary of the Poultry Success.

If kept the second year, she may lay 100 more. Then she goes to market, yet she still sends her eggs to hatcheries so that every pullet is born or hatched with the same germ-free, safe, disease-free germs in her system—and will thus produce on a highly profitable basis over a period of up to six years' time if given proper care."

How to work to get 1,000 eggs from one hen; how to keep 100 hens all year; how to make the old hens lay like pullets; how to keep up heavy egg production; how to make your flock pay for itself—these are some of the other money making poultry secrets are contained in Mr. Traford's "1,000 Eggs From One Hen." If you want one copy of which will be sent absolutely free to any reader of this paper who writes for it, send no money, but should go to a dollar or more a dozen this year. This makes big profit to the poultry keeper. Write for yours now. Mr. Traford tells how, if you keep your flock healthy, you can have them for you, cut out this ad and send it with your name and address to Henry Traford, Box 67, Farmington, N. Y., and a free copy of the "1,000 EGGS HEN" will be sent by return mail.

Thousands of others have gotten rid of theirs without dieting or exercising often at the rate of over a pound a day and without payment until reduction has taken place.

I am a licensed practising physician and personally prescribe the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over stoutness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany over stoutness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overstout do not postpone but sit down right now and send for my **free trial treatment** and my plan whereby I am to be **paid only after reduction has taken place** if you so desire.

Warning Against Nation's
Aspirations.

Toronto, Nov. 21.—A dark and foreboding picture of the state of affairs in Europe with the German menace destroyed, with German influence behind the destinies of Russia, with the Balkans and hate and discord in the disrupted Austro-Hungarian Empire, was painted by Rt. Rev. M. F. Fallon, D.D., Catholic Bishop of London, Ont., addressing a large gathering in Massey Hall tonight under the auspices of the Christian Brotherhood Boys. Son of Detroit Mayor Rescues Bride From Back of Runaway Saddle Horse

Detroit, Nov. 21.—The dramatic rescue of his bride from the back of a runaway saddle horse featured the honeymoon of Frank Cousins, son of Mayor James Cousins, it was revealed today upon the return of the newly-weds from the Pacific coast. The Cousins were married at Kitchener, Ont., the bride's home, on Oct. 13, and left immediately for the coast. Mrs. Cousins, who was Miss Margaret Lang, is an accomplished horsewoman, having ridden since she was a child. While honeymooning at Coronado Beach, Cal., she elected to test her skill as an equestrienne on a spirited

mount. Frank Cousins also rode a fast animal. Mrs. Cousins' horse got the bit in its teeth, reared and ran away, with her clinging to the saddle. She was unable to control the horse and a crash appeared imminent. Meanwhile, Frank, who is no mean horseman, had spurred after the runaway. After a thrilling chase he pulled alongside and grabbed the bride of his bride's mount, bringing the horse to a prancing stop. The couple will reside with Mr. and Mrs. James Cousins at the mayor's home, 610 Longfellow avenue, until the completion of the new home which Frank Cousins is building at 2000 West Boston boulevard.

seem to be suffering any serious consequences from the Great War. I seemed to feel a quiet, unostentatious, determined conviction that they were coming back. I was not impressed with the financial collapse of Germany. The thing we fought against eight years ago appears to be as powerful now as then, and at the back of it all is the hand of Germany over the whole Russian people controlling them with a complete control that could not be excelled. That is what we have done with the German peril.

Hints at Reasons.
Continuing, the speaker said he could not understand why the German menace had been allowed to remain after the victory of the allies. The evil architect, Bismarck, had bound the various states together, many of them under protest, and the simple way out of the difficulty would have been to undo that work. "Why was this not done?" he inquired. "I asked that question in every European country I visited, often from the highest in authority, and there was a strange concord in all the answers, a strange note of agreement. This general answer was so appalling, so incredible, so unbelievable that it would undoubtedly arouse the most heated controversy if I were to give utterance to it. I can only hint at hidden forces, secret influences, dishonest attempts at the satisfaction of personal ambitions and other things more appalling." Turning in the direction of Austria-Hungary, Bishop Fallon expressed the opinion that if Austria and Hungary had been made into separate states all would have been well, but now nine governments divided the allegiance of the people.

URGES SHIPPING BILL BE PASSED

President Harding Denies
Statute Framed For "Favored Interests."

Washington, Nov. 21.—President Harding, in an address today in a joint session of Congress, urged speedy enactment of the administration's shipping bill as a means of cutting down present losses through operation of government ships and putting America at the forefront in the peace triumphs on the seas of the world.

With great emphasis the president challenged "every insinuation" that the bill was framed for the benefit of "favored interests," or for the enrichment of the special few at the expense of the public treasury. He declared that first of all he was attempting to save the treasury. Calling attention to the hostility in the popular mind to the word "subsidy," stressed, he said, by the opposition, the president asserted that government aid would be a fairer term than subsidy in defining what he was seeking to do for upbuilding of the American merchant marine.

HOT DOG PRICES SOAR IN GERMANY

Washington, Nov. 21.—High prices for hot dogs have hit Germany, the commerce department has been advised by Consul John A. Scott at Dresden.

"One of the chief topics of the day in Germany," he said, "is the tremendous increase in meat and sausage prices. The consumer places the blame on the butchers, while the latter condemn the slaughterhouses, and from there the high prices are passed on down to the farmer, who states that it is the high cost of feed that forces him to demand a high price for his meat. Beef, mutton and pork have risen over 100 per cent in the last 60 days, while slaughterhouse fees have risen 200 per cent."

MASKED HIGHWAYMEN ROB AUTOISTS OF \$180

Montreal, Nov. 21.—While driving in their automobile opposite the Jewish cemetery at 10:30 last night, J. E. Trudeau and Joseph Robert of St. Eustache were suddenly confronted by two masked bandits, who, after threatening them with revolvers, forced them to vacate the machine and submit to being bound and gagged. When they had been securely trussed up, the highwaymen went through their pockets and took \$180 in cash and two checks, one for \$140 and the other for \$16. The victims were then conveyed to a field nearby and left, while the hold-up men drove off in the car. It was not long before Trudeau and Robert had freed themselves from their bonds. They immediately communicated with the police and began a search for their car, which was discovered abandoned a few blocks away.

FINISH LINES OF TRADE TREATY WITH FRANCE

Fielding and Lapointe Confer With Officials of Commerce Ministry.

WITHHOLD TERMS OF PACT

Paris, Nov. 21.—The broad lines of a commercial treaty between France and Canada have been completed by the Canadian ministers, Hon. W. S. Fielding and Hon. Ernest Lapointe, in conference with officials of the French ministry of commerce. Announcement of this was made today by the foreign office, and from present indications the treaty will be signed within two or three weeks. The terms already agreed upon are withheld; however, pending completion of the treaty. It is believed that the effect of the new convention will be to increase trade between the two countries.

Messrs. Fielding and Lapointe are returning to Paris tomorrow from a visit to Verdun and other war areas as guests of the French government. They will continue conferences with the French officials until the treaty is ready for signature. The Near East crisis has delayed the negotiations to some extent, absorbing much of the time of the French government.

The meetings this week will have to do with mutual concessions which must be made under the tariff. It is expected that there will be a number of these reciprocal clauses, as the officials of both countries are anxious to do all possible to facilitate commerce between France and Canada. The Canadian ministers have been extensively entertained while in Paris by Canadian and English friends. Tomorrow they will be guests at a large reception to be given in their honor by the Canadian commission in Paris and Mrs. Philippe Roy, wife of the Canadian commissioner-general to France.

DELIGHTFUL EVENT HELD AT ST. MARYS

Stratford Young People's Federation Pay Visit To Methodist League.

Special to The Advertiser.
St. Marys, Nov. 21.—Bygone days were revived again in the Methodist Church, St. Marys, on Monday evening last, when the Young People's Federation of Central Methodist Church, Stratford, visited the local Young People's League for a social evening together. The local society had charge of the games and refreshments and the visitors supplied the program.

The program was opened by an address of welcome by the local president, Hubert Dickerson. The Scripture lesson, the 19th Psalm, was then read by Mr. Edward Burt of Stratford. After prayer was offered by Miss Marshall of Stratford the audience were treated to a duet by the Misses Cullis and Tremaine of Stratford.

One of the main features of the evening was the splendid way in which the Stratfordites took up the discussion of several of our prominent Canadian poets. The life and work of Mr. Robert Service was taken up by Mr. Stanley Hodgins; "Pauline Johnson," by Miss G. Cullin, and "Henry Drummond," by Miss C. Griffith. The program was concluded by another duet by the Misses Tremaine and Cullis.

Games and refreshments, followed by a hearty vote of thanks from both St. Marys and Stratford, and an invitation for St. Marys to visit the Stratford federation, closed one of the most enjoyable evenings spent by the local society for some time. Music for the hymns of the evening was supplied by the Central League Orchestra of Stratford.

Miss Walton, the visitors' president, took charge of the program.

RECKLESS AUTOISTS MUST VIEW DEAD

Detroit Judge Will Conduct Violators Through Morgue Today.

Detroit, Nov. 21.—Twenty-five or more traffic violators, most of whom were up on charges of drunkenness and reckless automobile driving, will be conducted through the county morgue tomorrow by Judge Charles L. Bartlett of recorder's court to view the bodies of three men killed in traffic accidents in the last few days. Judge Bartlett, who has announced that he will deliver a stern sermon to halt what he called "speed maniacs" and led a group of traffic violators through Receiving Hospital, where lay the victims of street accidents, personally will deliver a sermon against reckless driving at the morgue.

Wednesday is the big day of the week on the traffic violation docket. At least 25 defendants will make the tour, whether they are fined or given jail terms or merely put on probation, but the court expects many more.

The judge himself made arrangements for the tour today. He called the county coroner's office by telephone and asked that the bodies of traffic victims be kept there. The judge will lead the procession to the scene of his anti-speed sermon. In the chill vaults, his audience grouped about the gurneys will be pulled out from their niches, sheets covering the traffic victims be pulled back, and Judge Bartlett will tell of the toll of reckless driving.

And by way of further emphasizing his stand, the judge announced today that jail sentences will be given those motorists who drive through occupied safety zones.

Putting his new policy in force at once, Judge Bartlett sentenced J. L. Fox, 5816 Loring avenue, to 30 days in the house of correction, fined him \$100, and recommended for a year's license be rescinded for a year. Fox ran through a safety zone at East Jefferson and Joseph Campau avenues, Oct. 22, injuring Christopher C. Strakben, 927 Fisher avenue.

ARRESTS ALLEGED NORWICH ROBBER

Albert Stoner Held At Woodstock Charged With Rifling Till of U. F. O. Mill.

Special to The Advertiser.

Woodstock, Nov. 21.—On Sunday afternoon the mill at Norwich conducted by the U. F. O. was broken into and the till rifled of its contents, which amounted to \$25.88. On Monday Constable Lindsay arrested a young fellow named Albert Stoner, charging him with the crime. He appeared before H. Sanders, J.P., and was sent to the local jail to await his trial before Magistrate Patterson. The young man is said to have admitted doing the job. The constable recovered the money stolen from the mill till.

Brigadier-General King, C.M.G., D.S.O., of London conducted the annual inspection of the Twenty-second Oxford Regiment last night. He had the unique experience of inspecting what is probably the smallest number of men that ever turned out for an annual inspection of a local regiment. Outside of the band, the signallers and the officers there were exactly 11 men on parade, nine privates and two corporals. The brigadier in addressing the men following the inspection complimented them on their interest in the work of being trained as members of the militia force of Canada, a duty which all the young men of this country owe to the state in which they lived. He said that there was a real need for military training as a means of making better citizens out of the young manhood of the nation.

A few days ago a young married woman giving the name of Mrs. Mills arrived in the city accompanied by her three-year-old daughter. She

had been sent on from Stratford, where she had applied for entrance to the Perth Children's Shelter. She was in destitute circumstances, and both the mother and child were sadly in need of clothing and food. After arriving here the mother told the authorities that her home was in Tillburg and that about a month ago she had left there because her husband would not support her. The local authorities agreed that the woman board her child with a woman here and that she herself should secure a job. This she wanted to do, but after securing a job and starting to work the poor woman was compelled through weakness to give up the job. She has been removed to the local hospital for treatment. It is one of the most pitiable cases that has come to the attention of the local authorities in some time.
