Chivers, D. D., General Secretary of the B.Y.P.U. of America. The addresses which he has delivered during the sessions of this Convention have been marked by strength of thought, depth and spirituality of feeling, chasteness and beauty of diction, and have been used of God to the clarifying of our understanding, the deepening of our convictions, and the enkindling of our enthusiasm concerning the work in which we are engaged. We would also assure our brother of the great satisfaction with which we view his work as editor of *The Baptist Union*, the official organ of our international organization. We trust that the good Providence of God may bring him to many future meetings of our Convention ; and we pledge him, in all his manifold labours, our prayerful sympathy and loyal support.

Rev. J. B. Morgan, by permission, withdrew the resolutions moved by him at this morning's session, relative to the disposal of money for Home Mission work in New Brunswick.

The resolution on the same subject, moved at the same time by Rev. G. O. Gates, was now again presented, and after a short discussion was passed.

[At this time there were about fifty persons present.]

Convention resumed consideration of report of Treasurer of Acadia University. Section 8, 9 and 10 were severally adopted, and the report was adopted as a whole.

The report of the Committee appointed in 1895 and reappointed in 1896 to confer with the Board of the Ministers' Annuity Fund, which report had been referred back to the Committee and Board on Monday evening, was now presented again, and read clause by clause by Rev. J. H. Foshay. (For the Report, see Index.) Clause 1, referring to Articles 7, 9, 11 and 14 of the Constitution, was adopted. Clause 2, amending Art. 15, was adopted, Mr. J. Parsons voting in the negative and desiring to be so recorded. Clause 3 adopted. Clause 4, specifying the conditions of the consolidation of the Ministerial Relief and Aid Fund and the Ministers' Annuity Fund, was laid on the table. The report, with this exception, was adopted as a whole.

Rev. Dr. Saunders, Treasurer of the Board of Ministers' Annuity Fund, read their annual report, embodying the financial statements of the Ministerial Relief and Aid Fund and the Ministers' Annuity Fund. After discussion the report was adopted.

Rev. Dr. Saunders moved the following resolution, which was seconded and passed, viz.:--

Resolved, That the Board of Ministers' Annuity Fund be directed to give to ministers who have withdrawn from the fund, taking out half of the amount they had paid in rates, credit for the amount they severally left in the fund, should they desire to have such credit.

The report of our representative on the Grande Ligne Mission Board—Rev. W. B. Hinson—was read by A. E. Wall, and, after discussion, in the course of which a statement was made by Rev. G. C. Crabbe, of Plympton, Digby Co., in the neighborhood of the French population among whom Rev. C. W. Grenier labours, the report was adopted.

The report of the Committee on Temperance was read by the Secretary, having been placed in his hands by the chairman of the committee. On motion the report was adopted. The rep by E. D. K The rep Rev. J. W.

FROM PRINCE EDWARD ISLAND, \$1,000.

#### TOTAL......\$21,600

Moved by Rev. A. H. Lavers, seconded by Rev. Dr. Carey, that the sum of twenty-five dollars (\$25.00) be handed by the Treasurer of Convention to the Secretary, for expenses of office during the coming year. Carried.

On motion of E. D. King, the hearty thanks of Convention were voted to ex-President Gates, for his valuable address, with a request that he furnish a copy of the same for publication in the Messenger and Visitor.

On motion of C. W. Roscoe, a like expression was voted to Rev. Dr. Trotter for the Convention sermon, accompanied with a request for its publication in the *Messenger and Visitor*.

On motion, the location of the meeting of the Convention next year was delegated to the President and Secretary.

The report of the committee on the Articles of Faith, etc., was presented by the Secretary as follows :---

On motion the report was adopted, and the chairman and other members of the former committee on this matter were appointed a committee to confer with the Baptist Book and Tract Society relative to printing the documents. [Of the original committee of seven, those now within the bounds of the Convention are, Rev. J. W. Manning, Rev. C. H. Martell, Arthur Simson and Rev. F. M. Young.—SEC'Y.]

The Treasurer of the Convention, R. C. Elkin, read his report, which was forthwith adopted, and it was ordered that the balance be paid to the treasurer of Denominational Funds for New Brunswick.

The report on the State of the Denomination was taken from the table, and considered. In view of the lack of time for deliberation, the sections relating to Temperance, and to the proposed change as regards the Associations were referred back to the Committee, and the remainder of the report was adopted.

On motion the report on Ordinations was allowed to remain on the table for another year, in view of the absence of the chairman and secretary of the Committee, and the lack of time for consideration. It was voted that this report be published in the *Messenger and Visitor*, the editor consenting, at least four weeks previous to the next meeting of Convention.

The motion to amend the Constitution of the Convention, notice of which was given by a committee last year [Year Book of 1896, p. 25], was now formally made by E. D. King, and duly seconded, whereupon all the amendments therein proposed were severally adopted.

Notice of motion to amend the constitution was given by Rev. J. B. Morgan, seconded by Rev. W. C. Goucher, as follows:---

That the following be substituted for Sec. 2 of Art. #### FUNDS FOR DENOMINATIONAL WORK.

#### REPORT OF TREASURER FOR NOVA SCOTIA.

In presenting this Fifth Annual Report, as your Treasurer for these funds, it is pleasing to be able to state that there has been some advance over the amount contributed last year. Only two departments have profited by this, viz: the North-West and Foreign missions. In the other departments there has been a falling below last year's contributions.

I have erdeavored to get statemen's from Treasurers of Foreign, North-West and Grand Ligne Missions, and the amounts reported to me have been incorporated, excepting the following from Treasurer of Foreign Mission Board, received after the books were closed: Lower Aylesford, \$31.50; Mrs. Chas. Wilton, \$2.50; Lydia Churchill, Hebron, \$2.00: per S. C., July 3, \$5,00: and Billtown S. S. \$35.00.

I am not sure that I have always credited the amounts to the right churches, as in some cases the information is not sufficient to enable me to tell where they should go.

After entering a few amounts sent for Famine fund, the Trensurer of the Foreign Mission Board objected, hence, the smallness of amount reported for that fund. Other sums sent to me were forwarded to Trensurer of Foreign Mission Board, who will report them.

The amounts contributed for work in British Columbia, per Rev. Ralph Trotter, are not included in the report.

Mrs. Smith, Treasurer of W. B. M. Union, has furnished the figures that appear in the W. M. A. Societies column. I have done my best to credit them to the right churches, I have had to guess some cases.

. 389 99 19 17836 82 I have audited the books and examined the vouchers of the Treasurer of the Denominational Funds for Nova Scotia, and testify to their correctness. DEAR BRETHREN :-- The 19th Annual Report of the Home Mission Board is herewith submitted.

#### VACANCIES FILLED.

When the Board received from the Secretary of the Convention the names of the members of the Board, it was found that one place had not been filled by the Convention, or had been omitted from the record. Rev. P. R. Foster was then appointed to that place. Subsequently Rev. Truman Bishop and Rev. B. H. Thomas, removed from the county, resigned and Rev. W. F. Parker and Rev. M. W. Brown, were appointed to their places.

#### GENERAL MISSIONARIES.

Rev. I. Wallace continued his labors till Dec. 31st. At that time, according to the intimation previously given to the Board, his term of service as General Missionary ended. Without repeating what was said in our last report, of the labors of this devoted servant of God, we cannot refrain from expressing the opinion that the good that has been accomplished through his ministry, only the Master himself fully knows.

When it became known to the Board that Bro. Wallace intended to retire from this work, Rev. A.F. Baker was offered an appointment, which he accepted and entered upon his work in September last. He has met the expectations of the Board, and a good measure of blessing has resultted from his labors. Bro. J. A. Marple has been continued in the service and has done good work.

These brethren are in great demand, and we suppose that pastors are sometimes annoyed because their requests for their help are not granted. It should be borne in mind that the chief object in appointing these Missionaries is to give to new and weak interests the evangelistic services they so much need. The carrying out of this object prevents the Board from granting many of the requests above referred to.

#### REVIEW OF THE FIELDS.

It is not possible in a report of this kind to go into details. The following brief review, together with the tabular statement that follows, gives some idea of the fields cared for, assistance given, labors performed and some of the results.

#### IN THE WESTERN ASSOCIATION.

Port Clyde Church.—A grant of \$50 was given to assist them in securing a portion of the services of Rev. E. Quick, pastor of the Barrington group. The little church has held on its way, and some have been added by b<sub>4</sub>ptism. It should be added that the Shelburne County Quarterly meeting have undertaken to make up by an extra offering, the amount of this grant.

The Carleton and Forest Glen churches hitherto grouped with the 3rd Yarmouth or Deerfield church, have been attached to the Tusket and Argyle churches, and the pastor of this large group has been given an assistant. It is hoped that this arrangement will make better provision for the numerous stations of the Tusket and Argyle churches. Special meetings were held for a short time at Forest Glen, the members were revived and some added to the church.

The Granville Mountain group was supplied during the summer of 1896 by Bro. W. H. Dyas whose faithful labors were highly appreciated and did much towards restoring the field to a better condition. Bro. Irad Hardy of Acadia is ministering to them at present. He reports considerable interest and hopes to see many turning to the Lord before the end of his mission. Continuous pastoral labor is much needed on this field, but a large grant would be required to make up even a small salary.

West Dalhousie.—This little church has been under the oversight of pastor Young of Bridgetown for the past two years. During the year now under review great advance has been made. Finding themselves shut out of the meeting-house, in which they had been accustomed to worship, and determined, to arise and assistance of comfortable are regularly religious wor

worship, and in which they supposed they had some rights, they determined, by the advice of the Annapolis County District Meeting, to arise and build. Through the efforts of pastor Young and the assistance of the churches of the County, they now have a neat and comfortable church home. Their Sunday school and prayer meetings are regularly organized and they have taken a foremost place in the religious work of the community.

East Dalhousie.—Pastor Webb has continued to care for this church in connection with the Springfield and Albany churches. A small grant has been given them to assist in making up his salary. Some of the faithful few have been called to their reward.

Kempt and Milford.—Bro. A. F. Newcomb remained with this group till the opening of the College in October. Efforts were made to find a man to take the pastoral charge, but without success, so that save occasional visits of Bro. Newcomb to Milford, but little work was done on the field till June, when Bro. E.P. Churchill, a graduate of Mc Master University, commenced his labors. It is hoped that he may remain with the churches for a year at least and that the good work done during the time of Brother Newcomb's service, will be established and extended.

This is a large field with several stations and with continuous faithful labor, ought at no distant day become self-supporting.

# IN THE CENTRAL ASSOCIATION.

Burlington, Kings Co.—This church has had a successful year under the leadership of Bro. G. L. Bishop. Special meetings were held for some weeks, Rev. D. H. Simpson, of Berwick and General Missionary Marple assisting the pastor. About 40 united with the church and its general condition was greatly improved. It is hoped that the mountain station of the Cambridge church may in some way be connected with this church so as to increase the financial support of the pastor.

New Minas.—This field has been cared for by student labor according to the custom of past years. Work has been kept up at New Minas, Blue Mountain, South Alton and Canaan. Bro. C. W. Rose continued his labors with them except for a few months in the winter, when Bro. P. J. Stackhouse acceptably fiilled the appointments. Bro. Rose reports some parts of the field ripe for another ingathering which he hopes to witness before many weeks.

Brooklyn Church.—Rev. J. W. Keirstead, student at Acadia had the pastoral charge of this church from June 1896 to June 1897. The several stations received the usual amount of labor and some were added by baptism. It was felt, however, that the interest of some previous years was not sustained. Bro. John Hardy is now on the field and will supply them through the year.

Windsor Plains (African).—Pastor Johnson has been unable to do very much work during the year. The small grant of \$40 has, however, been continued and brethren from Windsor have assisted in keeping up the Sunday School and other services. It is hoped that the income from the legacy of the late G. P. Payzant will enable the church to do without further aid from the Board.

Rawdon.—Pastor Bezanson closed his labors with this church in September. In December Bro. Marple was sent to them for a short season.

Student Meritt spent his Christmas vacation with them and made occasional visits afterward. On the recommendation of the Board, Rev. R. Mutch was called to the pastorate and commenced his labors with them early in May.

The drain upon it by removal of members keeps this church weak and dependent. But those enlisted in the Master's service here go to strengthen His forces elsewhere.

Maitland-Walton—Pastor Roop still continues his faithful labors on this long field. The most important event of the year was the opening of the new place of worship at Noel, which is in some sense the central station of the field. The building of this house has taxed them to their utmost, and they will no doubt greatly enjoy it. A few have been added to the membership, and a spirit of hopefulness pervades.

New Ross-Waterville.—Pastor Bleakney has done a large amount of faithful work on this field during the year. Extra services were held at New Ross, Waterville and Sherwood. A few were gathered in at New Ross and Sherwood, but at Waterville there were no apparent results. Death and removals have greatly weakened the church at this station, so that all interested in its welfare greatly desire to witness a work of grace in their midst. May this desire soon be satisfied. The large bequest of the late G. P. Payzant to this church will enable them to make up their part of the pastor's salary. A small grant to New Ross will still be necessary.

New Canada-Chelsea.—This group has not had a very happy experience during the year. Chelsea did not care to have the pastor for a second year, and New Canada did, so they parted asunder with the result that Chelsea was without ministerial labor during the winter months. Under this condition of things the Board hesitated for some time about granting any aid, but at length decided to help both churches, in the hope that time would improve the situation. A small grant was accordingly given to New Canada, and the student missionary sent to Pleasantville was directed to spend a portion of his time at Chelsea. Brother Marple, General Missionary, was also directed to spend a short time at Chelsea, in the hope that the condition of the church might be improved. This hope was fully realized. Differences that had long hindered the peace and prosperity of the church were removed and a goodly number professed conversion and united with the church. It is expected that the meeting-house that has been under way for some time will shortly be completed, and a brighter future is looked for.

Lunenburg.—This church has had a prosperous year. The meetings held in the town by Evangelists Crossley and Hunter were helpful in quickening its spiritual life and leading a number of the congregation to take their stand for Christ, by uniting with the church. Bro. Caleb Spidell, who took an active part in the establishment of our cause here, has been called to his reward.

West End Church, Halifax.—Pastor Lawson has continued to minister to this flock during the year. He reports the work in an encouraging condition. Attendance at preaching services and Sunday-school good, and a few added by letter and baptism.

made application to the Board for assistance in making up the salary of their pastor, Rev. M. W. Brown. On the recommendation of the Halifax District Committee \$100.00 was granted.

At the close of Brother Brown's pastorate, the question of the division of the field again came up for consideration. As the whole field has found itself unable to make up the salary of Pastor Brown, and as neither side of the Bay was prepared to assume the responsibility of full support for the pastor, the Board did not favor the division. However, as the churches on the East side of the Bay seemed anxious to settle Pastor Ingram, and to have all his time spent with them, and as the Halifax District Committee approved of the division, the Board reluctantly consented, and a grant of \$50 for the year beginning January 1st, 1897, was voted. Brother Geo. C. Durkee, student, is spending his vacation with the church on the West side of the Bay, and it is hoped some suitable provision may be made for them at the close of his labors.

Moser River.—Brother W. S. Redden continued his labors with this church for fourteen weeks. After he left, the field was without pastora labor till the first of June, when Bro. H.L. Kempton, student of Acadia, was sent to them. The Board was unwilling to have this needy field pastorless, but an empty treasury ties the hands of the Board in cases where large expenditures are required.

Besides the work done by General Missionary Marple on the Mission fields of this association already indicated, he spent some time with the church at Pleasantville Lunenburg Co., where his visit was most timely in preventing threatened inroads, assisted pastor Weathers on some of the stations of Kempt church, pastor Martell at Port Williams, and pastor Hutchins at Lower Pereaux.

## IN THE EASTERN ASSOCIATION.

Little Hope Church, Guysboro Co.—Bro. W. M. Field closed his labors with the Port Hilford Church early in the year, and this church, which is associated with Port Hilford in the support of a pastor, was left without a shepherd. In a few weeks, however, Rev. R. B. Kinlay became pastor of the group and so the work has been kept up through most of the year. There is some improvement in the condition of the church and some progress is being made towards the completion of the meetinghouse at Fisherman's Harbor.

Country Harbor, 2nd St. Mary's and Goshen.—Rev. I. Wallace spent some days with these churches last autumn, rendering good service. Since that time Bro. W. M. Field has been with them. A grant of \$100 has been given to assist in his support. The prospects of the field are improving. Steps are being taken towards building a meeting house at Aspen. The old one has about served its day. At Country Harbor they have a comfortable hall in which they worship, but a meeting-house will be needed before many years.

New Harbor and Seal Harbor.—Brother J. O. Vince continued his labors with these churches till the 1st of October. His salary was gathered on the field. Good work was done, and Bro. I. Wallace, who visited them shortly after, baptized quite a number. Bro. A. G. Colborne recommended by Bro. Wallace, commenced his labors with them early in the spring. His services are proving very acceptable.

Crow Harbor, White Head and Cole Harbor,—Bro. C. W. Turner has kept up the work on this field, so well begun last year. Having no team his task has been by no means an easy one. The meeting-house commenced last year at Half Island Cove, has been completed and opened for worship. It is a neat well finished building and will be a suitable church home for the large number of the members living there. Only a small debt remains on the building. Bro. Turner deserves great praise for his energy in accomplishing this work. Some improvements have been made in other meetinghouses on the field.

Gabarouse, Fourchie and Grand Mira.—Pastor W. A. Snelling left this field about the first of September, to take up his studies at Newton. Bro. Gordon Baker went to this field not many weeks after, and is still with them. He is not receiving aid from the Board.

Port Morien, Homeville and Mira Bay.—After Pastor McPhee left this group last autumn it became known to the Board, that in consequence of the financial depression at Port Morien, the churches did not feel able to make up a pastor's salary without help. Bro. Marple spent a short time with them, but was called away sooner than was intended because of the urgent need at Pleasantville By the advice of the secretary, Bro. Simeon Spidell of Acadia, class of 1895, visited them and received a hearty call to the pastorate, which he accepted. The Board is assisting in his support. It is hoped that by a little timely assistance this field may again become self-supporting.

Little Glace Bay.—The work on this field has been well sustained under the leadership of pastor Beattie A few united with the church. The salary has been paid regularly, and a respectable sum contributed for denominational work.

Margaree and Mabou.—As was intimated in our last report, it was expected that this field would take its place among the self-supporting. They failed to do this however, and in response to their application for aid, a grant of \$60, was voted to assist them in making up the salary of Bro. C. W. Allan, for the current year. Bro. A. F. Baker held a few extra meetings in June. A few were baptized, but there was no general awakening. The visit, though requested by the pastor, was not timely.

Before leaving Cape Breton, it may be well to notice that the Port Hawkesbury church, which has for a long time supported its own pastor, now feels itself unable to do so, and has been recommended to the Board, by the Cape Breton District meeting for a grant of \$100.

Tracadie, (African,) Antigonish Co.—An arrangement was made with Rev. R. Mutch, pastor at Port Hawkesbury, to visit this people monthly and give them a mid-week service. This was kept up during the autumn and early\_winter. In May, Bro. W. J. Gordon, Lic., of Oxford church was sent to them for a mission of three months. He reports two conversions.

Lower Stewiacke and Musquodoboit.—Bro. F. M. Clay has very acceptably served these churches throughout the year. Repairs and improvements have been made in the church property, and a new house is being built at Little River, one of the stations of the Musquodoboit church.

River John and New Annan.—This group is a large one, lying partly in Pictou and partly in Colchester counties. Our families are few and much scattered, making it difficult to keep up the social services and Sunday schools. Pastor Dimock reports good congregations, however, at most of his stations.

Greenville, Wentworth, Westchester.—The work on this field was interrupted by the removal of pastor Atkinson early in January. Bro. McCabe, recommended to the Board by Rev. H. F. Adams, of Truro, was afterwards introduced to the field but no financial aid was given. He withdrew about the them.

West Brook, Diligent River and Port Greville.—Pastor McLeod ha<sup>8</sup> continued to minister to these churches during the year. Good work ha<sup>8</sup> been done. The meeting-house at Southampton has been completed and opened for worship. The outlook for the field is hopeful.

Linden, Amherst Shore and Tidnish.—In our last report we expressed a wish to have these churches organized into a group. This has been accomplished. During the vacation of last year, Bro. W I. Morse labored with them. During the winter the churches had little pastoral labor, as the men sent to them with a view to remaining failed to do so. In June, Bro. H. S. Mason, Lic., of Springfield church, and student of Acadia, went to them with a view to remaining for a year if agreeable to all parties. It is hoped that the Centreville church will join the group, and thus ensure its becoming self-supporting at an earlier date. Bro. A. F. Baker, General Missionary, held some meetings with the Linden Church in September last, which were very helpful to the church.

Besides the general Missionary work already referred to in the limits of this association, Bro. Baker spent some time assisting the pastors of the Oxford, De Bert and Maccan churches in special meetings. The services proved helpful to the churches.

# P. E. ISLAND ASSOCIATION.

Last year we were able to report all save one of the mission fields of this Association as having had continuous pastoral labor. From what follows it will be seen to have been quite different this year. Nevertheless, through the labors of General Missionary Baker, who spent the winter on the Island large blessings have come to some of our mission fields.

Alberton and Springfield.—Pastor Carter, to whose abundant labors we referred to in our last report, has, we regret to state, been laid aside from active service for most of the year. In consequence of this the work has suffered somewhat. Bro. P. J. Stackhouse, now stationed at Tyne Valley, has during the last few weeks given a portion of his time to this field. It is hoped that Bro. Carter may soon be able to take up the work.

Tyne Valley, Belmont and Lot 10.—Brother P. J. Stackhouse remained on this field till the opening of the College in Oct. last. His faithful services were much appreciated by the churches and very helpful to them. In Jan. Bro. Baker held some special services with the Belmont church. At first the prospect was very discouraging, old difficulties before referred to in our reports seeming to completely block the way. But the Lord appeared for the deliverance of this little church and a very gracious season was enjoyed. Bro. Baker reported the meetings as among the best he ever attended. Upwards of thirty-five were added to the membership and old things appeared to pass away and all things become new. During the remainder of the winter the pastor of the Summerside church visited them frequently and subsequently an arrangement has been made for this church to become a part of the Summerside field. This greatly weakens the financial strength of the Tyne Valley group but may be the best arrangement all things considered. Bro. P. J. Stackhouse is with the Tyne Valley and Lot 10 churches for the vacation, and is extending his labors to the Alberton group as before noticed.

Summerside.—Pastor Robinson has continued faithfully to feed and shepherd this flock. At his earnest request our general missionary was sent to assist in some special service in December last. The church was considerably revived and some added by baptism, but the general work of grace so earnestly longed for by the pastor was not witnessed. As Bel-

GENERAL TABULAR STATEMENT OF LABORERS AND LABOR 1896-'97.

Fairview and St. Peter's Road.—For the first time in eleven years these churches have been left for some months without pastoral labor, Brother Spurr having closed his labors with them July 31st, 1896. After considerable correspondence with the Cavendish church, with which these churches are grouped, in reference to the settlement of a pastor, Bro. C. W. Jackson, of Newton Seminary, was called to the field and has entered upon his work. It is hoped that his services may be a blessing to these little flocks.

Georgetown.—In our last report we referred to the opening up of an interest at Georgetown. This work developed even better than we hoped. Nine were baptised during Bro. Corbett's mission. Bro. Baker spent a short time there and though the place of meeting was small and unsuitable good work was done, and a number more brought in. The brethren are now moving in the matter of building a meeting house which they greatly need.

As the Montague-Murray River field was already very large the opening of this station seemed to make it necessary to divide the group. At the request of the churches and with the concurrence of the P. E. Island Conference this has been done. Montague, Georgetown and Sturgeon will form one field, and the Murray River church, with its numerous stations, the other. For a time grants will be required for both churches, but the added labor will, we believe, give a great impetus to our work over the whole field.

Souris.—The removal of Pastor Shaw from the East Pcint church left Souris pastorless, but only for a short time, as Rev. E. A. McPhee was soon called to the pastorate of the group. He has continued to give them a regular monthly service. In March General Missionary Baker conducted special services for a short time. These services were well attended, and in the opinion of the pastor were very helpful to our cause, though there were no additions to the church. It is hoped that there may yet be a bright future for this little church.

Annandale and Dundas.—On the recommendation of the P. E. I. Conference this group has been assisted during the year. Bro. N. A. Whitman was with them from May 1896 to May 1897. The few Baptists residing at St. Peter's Bay have been organized into a church. Rev. A. C. Shaw, of Newton, is spending his vacation with the group.

Besides the work of the General Missionary already referred to in this association, some meetings were held with the Cavendish church, but the condition of the roads was such as greatly to hinder the attendance at the meetings.

#### SUMMARY.

Summing up the work and results as reported to us, we have: 1,235 weeks of labor distributed among 94 churches; 3,114 preaching services; 2,420 other meetings; 6,675 religious visits; 2,600 pages of Tracts distributed; 419 baptized and 59 received by letter and experience.

A church has been organized at St. Peter's Bay, P. E. I. Meeting houses have been completed and opened at West Dalhousie, Anna. Co., Noel, Hants Co., Half Island Cove, Guysboro Co., and Southampton, Cumberland Co.

The supplements of general Missionaries' salaries and grants to the churches amount to \$3.813.05, divided as follows : \$2,505.90 to 30 fields in Nova Scotia; \$383.09 to 6 fields in P. E. Island, and \$924.06 for general Missionary or Evangelistic work.

# REPORT OF THE HOME MISSION BOARD.

## CHURCH EDIFICE FUND.

A grant of \$59.00 has been given to the brethren at Half Island Cove Guysboro Co., to assist them in the erection of a house of worship. Other deserving applications have been refused because this fund was overdrawn.

If the Board could have even a few hundred dollars per year for this department it would be of great assistance to our mission fields, for a church home is a necessity to the growth and prosperity of a church.

#### FINANCIAL.

The executors of his estate have paid over 'to the Board \$900.00, the bequest of the late G. P. Payzant, Esq., of Windsor, less the succession duties paid to the government of Nova Scotia.

The income from the churches, W. B. M. Union, etc., was \$3578.59, a falling off of \$852.92 as compared with last year. Had the \$6500 asked for been given us much of the destitution referred to in the report could have been prevented and the debt paid off As it is there has been an increase of the debt and it now amounts to \$1412.89.

The Treasurer of the W. B. M. Union paid to us last year \$114.81, which should have been paid to the Home Mission Committee in New Brunswick. By her order that amount has been paid over to that Committee and becomes a charge against the funds this year.

The amount from the 2nd Bradshaw Trust and the income from the Noah Webb fund have been paid to the same Committee to be expended for work in New Brunswick.

#### CONCLUSION.

As has been indicated in the report, five fields that have not been receiving aid from the Board will next year receive assistance, amounting to not less than \$550.00. On the other hand there are but few cases where the grants now given can be reduced. In view of these facts and the present indebtedness the need for larger offerings for this work is apparent. The several district meetings seem anxions, and rightly so, that all the destitute you can, brethren, to enable the Board to care for them? We do not blame known. What we ask is that you seek to put the Board in a position to supply the needs. Let the teaching and practice be in accord with the declaration of the Convention, viz., that Home Missions has the largest claim on the regular beneficence of the churches.

A. COHOON,

Wolfville, Aug. 10th, 1897.

# REPORT OF THE COMMITTEE ON HOME MISSION WORK IN NEW BRUNSWICK.

Your Committee report that during the year now closed they have met, in so far as they were able, with the Home Mission Board of the N. B. Convention in their monthly meetings. By mutual agreement with that Board we have discussed with those in attendance the needs of our N. B. field, and have given thought and attention to the work specially submitted to us. Through our Treasurer, Bro. R. G. Haley, we have assisted financially as we were able, as his account will show.

During the year two General Missionaries have been employed and twenty-two mission fields have received help. On some of these, missionary pastors have been at work during the whole year and on others for but three months. So far as your Committee are able to report for eleven months, dating from Sept 1st, 1896, to Aug, 1st, 1897, there have been on these mission fields and through the special work of the general missionaries, 216 baptisms and 51 received into churches by letter.

About thirty-four hundred dollars will be expended during the year. This includes the salaries of the two general missionaries.

New Brunswick has many small and weak interests belonging to our denomination, and these for years yet, if they are to be kept ours, must receive help. Our principles are not unpopular in this Province, and with care and attention good results must follow faithfully performed work.

Respectfully submitted,

G. O. GATES,

Sec'y Committee.

# Report of Committee on North-West Missions.

Your Committee appointed at the last meeting of the Convention to represent the North-West at the Associations, and report to this body concerning the same, beg to submit the following report:---

That we have striven to keep the needs and demands of our Mission in the North-West before the people as occasion has presented itself, and after studying the question of need and supply, we feel that though our churches in the province have contributed more during the year just closed than at any previous year, we still have much to do for this branch of our mission work.

The fruitfulness of the country has attracted many, both from our own provinces and other lands, the number thus far this year, far exceeding that of any previous one. Souls are there from almost every nation under the sun. They are still coming in large numbers. This brings to the brethren there increased responsibilities, and in order to give these people the Gospel, they must have the assistance of their brethren in the east.

That they themselves are doing nobly, may be seen from the reports received at their last Convention. While there are but seven of the fiftythree churches self-supporting, they have raised for mission work over \$2,000, and over \$40,000 for home work. Their membership being but little more than 3,000, it will be seen that their spirit of benevolence reaches far beyond that of the membership of our eastern churches.

We are glad to be able to report that the year, as a whole, has been a successful one, 474 having been added to the membership of the churches, 236 of whom were by baptism. The visits of Brethren Hall and Mellick were well received by our churches, and the total amount of \$3132.74 was forwarded to our brethren for their work during the year, thus assisting them to close the year free of debt.

We cannot but commend the aggressive policy of our Western brethren and wish that their high ideals may be realized. It is with pleasure that we greet the re-appearance of the North-West Baptist, and, as the business management of the paper is in the hands of the sisters, its success seems to be assured.

We regret to say that Bro. Mellick has found it necessary to resign the Superintendency of Mission Work, but we are glad for the work's sake that the brethren will still have the benefit of his valued advice and assistance in the work, and trust that the Lord may soon raise up one who may be able to take up the work and carry it on as energetically and successfully as did our brother. Rev. Mr. Vining is, for the present, acting in the double capacity as Secretary and Superintendent.

It is with heartfelt sorrow that we have to record the sudden death of our beloved brother Rev. Alexander Grant, a great and good man, whom many of us have met and known but to love for his work's sake. He

visited our Convention in Bridgetown five years ago and is to us as a passing shadow. He was, is not, and yet still is. His train of helpful influence fills the temple. He seemed to be indispensable to the success of the work in the Northwest, but God took him. Himself hath done it, and shall we not submissively say: "It is the Lord; Let Him do what seemeth him good."

In conclusion, we would recommend that, in so far as it is possible, the work in the Northwest have a more prominent place in our Convention plans and schemes for the furtherance of the Redeemer's Kingdom. The work is worthy a larger proportion of our Convention funds than that now given. We believe that seed sown here will most surely take root and as speedily grow into fruitfulness for God as in any other part of our mission field.

Respectfully submitted,

#### F. M. YOUNG, Chairman.

# GRANDE LIGNE REPORT.

In his report to the last Annual Meeting of the Grande Ligne Mission Secretary Lafleur said :

It has often been said that this Province of Quebec is the most thoroughly Roman Catholic portion of the papal church. If by that is meant that among the million and a quarter of Roman Catholics living on the banks of the St. Lawrence there are more truly devout, sincere, living members of that persuasion than among the same number in other countries, I think it is trne. It is less tainted with infidel ideas than in France ; less an external varnish than in Italy and Spain; less ignorant than Mexico; and, though very superstition, it is a little less so than some parts of Belgium or Germany. Though far removed from the headquarters of Catholicism, they are in very direct and intimate communication with it; they have here a prince of the church, a Cardinal; they have Jesuits who are the essence of Roman Catholism, assiduously working among them; bishops and priests are incessantly going to or coming from Rome. There are no sayings or movements of any importance in Rome but we have the echo and the rebound on our shore. Monks-white, grey and black, with their strange uncouth garments, eccentricities and effrontery, parade our streets in order to accustom our eyes to the garb of dark gone bye days and doings, and stealthily implant themselves in the finest quarters of our city. They come to reinforce the army which fights to perpetuate ignorance, superstition and false pretensions.

We find this sixtieth report of the Grande Ligne work to be full of interest.

#### FELLER INSTITUTE.

The session of 1895-6 was one of the most successful in the history of the school. There were enrolled among the regular boarders 75 boys and 38 girls, with 10 day pupils, consisting of 5 boys and 5 girls, bring up the total attendance to 123. Of these 12 were Roman Catholics.

Two of the young ladies took their diplomas last June. One of these is now teaching a Protestant dissentient school in the Eastern Townships, and the other is coming to the Institute as assistant teacher.

An excellent spirit seemed to prevail throughout the year, and twentytwo of the students professed conversion, among whom were two who had come to the school as Roman Catholics. Six only joined the Grande Ligne church by baptism, the others preferring to be baptized and join their respective home churches.

Of the French Baptist church at Grand Ligne village Pastor Parent reports :

A great amount of work has been done, but the results do not yet appear. Of the twenty persons who have testified to having been converted only seven have been baptised, less than half the number of last year. As to finances, the church and conglegation have a good report :towards pastor's residence. including interest, \$160; pastor's salary, \$180; general church expenses, \$100; Sunday collections, \$52.14, making a

In this village, as a result of difficulties connected with the erection of a Catholic Church in direct opposition to our work, nine prominent Catholics have seceded and formally sent in their resignations; and though remaining aloof from Protestants, and apparently uninterested in religious matters, it is hoped through the rent caused by disaffection the truth of the Gospel may find an entrance.

At Marieville, a field embracing 6 parishes, there are 124 French Protestants, 40 of whom are members of the church. The services of the church are quite freely attended by Roman Catholics, and three young people of the congregation were baptized last winter. Nine of the young people of this church are pupils at Feller Institute. The church raised for all purposes \$340.54. a total of \$8.50, per member.

At St. Pie, with its small church of but 7 resident members, there is an average attendance of about twenty at the services, and 7 have formally severed their connection with Romanism, while they regularly attend the meetings of the Protestant Church, and gladly receive the visits of the

Still there is evidence that encourages us, for several young Romanists are receiving instruction in our school, while many Catholics assert in private as in public that Protestantism is the more reasonable and purer

South Ely, rejoices in the fact that Roman Catholics frequent the Baptist Church ; sometimes as many as a dozen at a time. This constituency contains some eighty Protestants, counting the children. About 40 are members of the church, and all are French Canadians, most of them having family relations. Mr. Malboeuf, who quite lately celebrated with his wife their golden wedding, is a convert of Mr. Roussy. He was the means of his wife's conversion. They have brought up a family of

eleven children, 8 boys and 3 girls, who have all become believers. They themselves are now heads of families. So that out of the conversion of one, we have now some 50 adherents to the faith of the gospel.

Maskinonge, has more than held its own. It rejoices in the conversion from Romanism of a prominent farmer; also in the return to the joyful fellow ship of the church of an important member, who by the triumphant Christian death of his son, found the courage to resist the opposition of his wife, who for years has been the tool of the priests to hinder him. The pastor says that every one of the converts remain very much attached to the gospel and to the church, growing in their spiritual life.

From Sorel, where Pastor Cote labors comes cheering news. During thi<sup>8</sup> year at least five hundred Romanists have heard the gospel at the services or in personal interviews. A good many copies of the Holy Scriptures have been placed in good hands, and some six thousand religious tracts distributed. As the result of the labours of Pastor Cote and his young helper, J. Nicole, five converted Roman Catholics were received into membership by baptism. Three others who were candidates for baptism died after a short illness, thus preventing their making a public profession of their new faith.

A beautiful chapel has been built at the cost of six thousand dollars, including the land, on which \$1400, remains to be paid. The congregation contributed over \$300 to the building and church expenses. In July the chapel was dedicated with impressive services, at which a large number of Roman Catholics were present.

At Quebec, where our missionaries were stoned 3 years ago, nine have been baptized, and 3 young men and 1 young woman belonging to this mission are pursuing their studies at Grande Ligne Institute.

To the Montreal church, three have been added by baptism. In the Hall the gospel has been proclaimed to 3,241 persons, of whom 1,625 were Roman Catholics.

#### COLPORTAGE.

This work has been carried on during the whole year at some places and a shorter time at others. Twelve evangelists, including the two Bible women, Mrs. Scott and Miss Northwood, have been engaged by the Board, but some of them being students, could only work during their summer vacation.

As illustrative of this branch of the work, listen to the report of Madame Scott, a Bible woman, with weak body but brave heart, who assiduously labors in the City of Montreal: Testaments sold, 146; Portions of Scriptures sold, 26; Chapters read, 1,185; Religious Conversations, 547; Houses entered, 8,987; Special visits, 355; Tracts distributed, 1,118.

Concerning the labours of Brother and Sister Grenier I am able in reply to my request that they report as to work in their district, to read you the following letter.

MY DEAR BROTHER,—The French Mission has two meeting houses where I preach every Sunday alternately, and preaching and prayer meeting at one of these every Wednesday. Lately I was invited to speak at Weymouth Falls, where there are a large number of French Catholics. I hope by the grace of God, to make arrangements to preach there every fortnight. Aboutwisiting, our field is exceedingly large. It comprises thirteen sections, Waggoner, Burton, North Range, Weymouth, St. Bernard New Edinburgh, Beliveau's Cove, Church Point, Comeauville, Saulnierville, Eeteghan, Cheticamp, and Salmon River. Schutt has found six Baptist families in Edmundston, where he has had the honor of opening the first Baptist services held in that place. As he is familiar with bo h French and English, services have been conducted in both languages. The prospects of the work are good and several give good evidence of conversion.

In conclusion we have only to answer a few questions.

The Grande Ligne Mission operates chiefly in the Province of Quebec, where out of a population of one million and a half, one million and three hundred thousand are under the teaching of darkest Romanism. A growing spirit of restlessness under priestly control is manifesting itself among the thinking classes. Mandements and proscriptions are being received with a sullen independence which promises much for future work among this people. Dissatisfation with the educational status of the Province has resulted in a demand that the educational system shall be wrested from the control of the church, where it has always been. These and many other things fill the missionary with hope. However, this struggle for liberty of conscience and freedom of thought is only just beginning.

About 6000 persons have been converted aud added to the churches, many of whom, however, have been compelled to leave their native land because of the vigorous application of the boycott. More than 60 young people have received training for mission work in the school at Grand Ligne, some of whom are laboring in foreign lands. About one half of the ordained missionaries now laboring among the French in the United States were trained in our schools.

During the past year over 100 Romanists professed conversion as the results of our missionaries' labors. During the past six years, upwards of 120 young persons have given evidence of conversion in Feller Institute at Grand Ligne. About 60 per cent of the Catholic pupils in this institution profess conversion.

There are now nearly 20,000 French Protestants in the Province of Quebec.

Our opportunities to-day are only limited by our means. We ought to have \$50,000 this year, and every cent could be profitably spent in the enlargement of this work.

To continue the work as at present, the board requires \$22,000 for the year 1897. Say \$12,000 from Ontario and Quebec; \$4000 from pupils fees, etc.; \$4000 from the United States, and \$2000 from the Maritime

The interest on \$1000 will provide a permanent scholarship. Fifty dollars will provide an annual scholarship which will pay for the education, board, room, light, heat and laundry of a Catholic boy or girl for the school year of nearly eight months.

# Report of the Foreign Mission Board.

TO THE BAPTIST CONVENTION OF THE MARITIME PROVINCES :

#### Dear Brethren,-

Four great commissions were given to the Apostles; first, on the moun tain of Galilee; second, on Mt. Olivet before the Ascension; third, to Paul near Damascus; and fourth, again to Paul in a vision of the night in Western Asia Minor. It was this great work of missions that led Christ to overcome Peter's race prejudices and widen his conceptions by the vision at Joppa. It was in this, that He especially promised to be in the midst of his disciples, even unto the end of the world. The Acts of the Apostles are a missionary record. The theology of the churches was written in missionary letters.

Within the evoked the gre of God that an have wrought. the attention of there had been They had been found that look shriveled sort of was enkindled stopped worryi and expanded thus into the ve and the joy of question of the asked : "Wha been worth mor all the missiona

Within the last one hundred years the work of Foreign Missions has evoked the greatest transformation in the experience and life of the people of God that any thing short of the direct power of the Holy Spirit could have wrought. A contemporary of Carey tells us that up to the time that the attention of the English Baptists was called to the subject of missions there had been great depression on the minds and hearts of his parishioners. They had been thinking only of their own personal salvation. But they found that looking at their own frames and feelings was a starveling and shriveled sort of Christian experience. The new missionary spirit which was enkindled just then was like a flash of light in a cloudy day. Men stopped worrying about their own personal condition. Their souls rose and expanded with the thought of reclaiming a lost world-and coming thus into the very line of Christ's own life and activity, they felt the touch and the joy of a Christ-like spirit. It was easy then to lay down the question of their personal salvation at the foot of the cross while they asked: "What will Thou have me me to do?" That transformation has been worth more to Christendom, a thousand times, than all the cost of all the missionary enterprises of the world.

Is it not strange that men—even confessedly Christian men do not see this? There is improvement, growth on this point even in this material age. The members of our churches are feeling that the life worth living is a life of service for others, and that the most Christ-like life is the one which serves where the need is greatest. In order that this spirit shall obtain more generally, the Lord Jesus Christ must be lifted up as the only hope of a lost world and the great example for His people to copy. To do as Jesus did—to feel as He felt and to love what and whom He loved is beginning to be accepted as the rule of the Christian life. This is as it should be—and is the only true ideal. More and more are we called to come up higher—and get an enlarged view of the spirit and scope of the Christian. The great problem to-day is how shall the vast multitudes on the earth be brought into living touch with the Christ of God. This is the question that is occupying the mind and heart of your Board—a question which we would press upon the heart and conscience of the members in all our churches.

# SAILING OF MISSIONARIES.

In October last, after a farewell meeting, which was held in the Tabernacle church, Halifax, Rev. R. E. Gullison and wife, Miss Maud E. Harrison and Miss Ida M. Newcomb sailed in the steamer St. Johu City for India. They reached their destination late in December and were most joyfully welcomed by the missionaries on the ground. Fresh courage was given to the wearied toilers by this accession to their ranks. It would be equally gratifying if your Board could send an equal number this year.

#### ON FURLOUGH.

There have been on furlough during the year Mr. and Mrs. Higgins, Miss Gray and Mrs. Sanford.

Mr. Higgins, who returned to this country a year ago last spring on account of the very serious illness of his wife, has been visiting the churches in different sections of these Provinces in the interest of the work.

The service which our brother has rendered has been most helpful. He has been well received wherever he has gone.

Miss Gray has also been in this country enjoying a well earned rest. She, too, has been giving some time and strength, more especially among the

sisters, to the awakening of a deeper interest in world-wide evangelization.

Miss Gray expects to return to India this autumn.

Mrs. Sanford is still with her children at Wolfville, where they are pursuing their studies. It is one of the trials incident to missionary life for families to be divided. Mr. and Mrs Sanford have the sympathy of all who know them for the sacrifice which they are making for the Master.

#### RESIGNATION OF MISS WRIGHT.

Miss H. H. Wright, after eleven years of faithful service, has been compelled to withdraw from the work, owing to a complete break-down in health. She has tendered her resignation, and it also has been accepted. Miss Wright has not spared herself in the service of the Board. She has been diligent, painstaking and self-sacrificing, and has done good work which will be more apparent in years to come.

#### RETURN OF MR. HIGGINS.

Your Board has been very desirous to have Mr. Higgins return to India this autumn. The condition of the work there—the fact that he has the language and can speak it with ease—and that some of the older missionaries are soon to return to this country worn out in the service—all seemed to point to this as the only course to pursue. It was felt that Mr. Higgins could enter upon the work immediately upon his arrival with all the ardor of youth and the efficiency of experience. It was therefore with no small degree of sorrow that the Board learned that Mr. Higgins did not see his way clear to meet their desires in this respect. After much deliberation and being assured that the health of his wife was so impaired as to render it certain that she could not accompany, nor even expect to follow him, in the near future, with the hope of living in India, Mr. Higgins believed that it was his duty to withdraw from the service of the Board Hr. Higgins expressed his willingness to return this autumn for a period of three years, he being at liberty to return at the end of that time in case his wife is unable to rejoin him in India.

The Convention is asked to make Brother and Sister Higgins the subjects of special prayer in their churches and in their families, that the God of missions may sustain and comfort them, in this time of heroic self-sacrifice and renewed consecration to our missions and if it be His will that He graciously grant to Mrs. Higgins such a restoration to health as will enable her to rejoin her husband at any early date.

#### REINFORCEMENT.

It has been the conviction of your Board that two new families ought to be sent to India this autumn. This is the least that ought to be sent if we want to hold the ground already occupied. One of the oldest of our missionaries is expected to return to this country next spring for a much needed rest. He may have to come sooner.

It is also to be feared that another mission family may be compelled to leave their work at no distant day. The health of these missionaries is far from good. With the greatest care and prudence they may continue a little longer, but the time for rest is not far off.

Baptist Mission Union, but she will only take the place of Miss Wright. This is no advance. We only hold our own. Your Board would most earnestly express the conviction that the great need of the mission field at the present hour is more families, and it is their purpose to send with Mr. Higgins another man *if* he can be found. We are led to believe that the churches will come to our help and make this possible.

#### FOREIGN MISSION DAY.

The result of efforts made by the churches, Sunday-schools and Young People's Societies, as well as other organizations connected with the church in the observance of Foreign Mission day were so satisfactory, where the day was observed, that your Board would ask that the same day—the last Sunday in March be observed this year wherever practicable, that missionary sermons be preached on that day and that Sunday-schools, B.Y.P.U's., and Mission Bands observe the day with appropriate exercises, and if possible, that special offerings be made for the work of a world's evangelization, and especially that it shall be a day of prayer to the God of Missions for a fuller realization of the claims of those who sit in darkness upon those who have the light of life.

#### MISSIONARY CONFERENCE.

At the suggestion of Rev. O. N. Chipman of Great Village, N. S., who was the Associational Secretary for Foreign Missions in the N. S. Eastern Association, a Missionary Conference was held in Truro. Pastor Adams of the 1st Baptist Church rendered invaluable aid and also Mr. Chipman in this effort to awaken a deeper interest in the work of world-wide missions. The hospitality of this church was fully extended to all delegates whom the churches of that Association should appoint. The papers and addresses which were given were most excellent. The presence of Dr. Barbour of Brooklyn, Mass., the chairman of the Committee on Systematic Beneficence, was a great help and stimulus by his timely utterances on the stewardship of money. Your Board is of the opinion that more of such gatherings in different centres would be most helpful to the work, and pastors and churches participating therein would be great gainers.

#### FAMINE FUND.

The great distress in India on account of the failure in the crops, due to the lack of rain, appealed to the sympathy of the christian people in Europe and America. Contributions were raised all over the eountry and many thousands of dollars were quickly gathered and sent forward to relieve India's starving multitudes.

As the people on our mission field were more or less affected by the famine, it was deemed wise to ask the churches to forward their offerings to your Board, who would transmit them to the missionaries on the ground for distribution as they should deem best. Besides it was felt that more of the money would be likely to reach those for whom it was intended through this channel than in any other way. It will be gratifying to learn that the response was quite general, though a large number of the friends sent their offerings through other agencies.

The total amount received was \$2478.06, of which amount there was sent from churches and friends in Nova Scotia, \$1,28767; in New Brunswick, \$1,053.88, in Prince Edward Island, \$74.30; and from outside these Provinces, \$62.21. There have been remitted to India \$2,369.13, which leaves a balance on hand for distribution of \$108.93, with the cry of distress from our own field ringing in our ears worse than ever.

#### SPECIAL CONTRIBUTIONS.

At the last Convention held in Berwick there were special pledges given of \$5.00 each for the support of R. E. Gullison. These pledges are to continue as long as the parties who made them feel able to do so. They may be withdrawn at any time, but the understanding is that they are of a permanent character. At the N. B. Convention, held a few weeks later, there were similar pledges given at a most enthusiastic missionary meeting. The total contributions received for Mr. Gullison's support have been \$385.51. The Board is very grateful to these brothers and sisters for this timely help and trust that the number of contributors may be so increased that provision shall be made for the entire support of Mr. Gullison.

#### FINANCES.

As usual these have given your Board much concern. The impulse which was given to the work at the last Convention, the presence of the outgoing missionaries, and later at the New Brunswick Convention, has had a good effect upon our people. Then the visitation of the churches by Mr. Higgins, who has been indefatigable in his efforts, as well as other agencies employed —have all resulted in an increase of funds. This increase, however, has not been sufficient to meet the increased expenditure and wipe out the deficit of last year. The total receipts have been \$19,752 37, which includes \$2478 06 received on account of Famine relief—and the total expenditures have been \$20,605.59—which includes the deficit of last year of \$782.29, and the amount expended for Famine relief of \$2369.13, which leaves a net deficit of \$962.15.

The amount received from the treasurer of convention for N. B. and P. E. I. has been more than was received for the past year, while the receipts from the churches in Nova Scotia show a decrease. This is more than offset however by the amounts which were sent direct to the Treasurer of the Board.

The interest received from the Bradshaw Trusts (1 and 2) have amounted to 1,349.52, of which 500.00 was from Trust No. 1, and 844.52 from Trust No. 2. There has been paid to the Trersurer of the New Bennswick Convention the sum of 237.50, less expenses incurred, to be expended by that body for the Foreign Mission Board, for Home Mission work in New Brunswick.

There has been paid to the Treasurer of the Home Mission Board of the Baptist Convention of the Maritime Provinces, in accordance with the provisions of the 2nd Trust, \$208.80, less expenses incurred, to be expended for Home Mission work in New Brunswick.

#### LEGACIES.

The bequest of the late G. P. Payzant of Windsor for \$1000 has been paid, but owing to the succession tax the amount has been reduced 10 p. c. The exact amount which came to the Board was \$898.87.

The equity suit brought by the administratrix of the late Jacob Bradshaw against your Board to set aside the conveyances made to them by Mr. Bradshaw, and to compel your Board to pay the plaintiff the moneys received by them with such conveyances, has been decided in favor of your Board. The plaintiff applied for a new trial of the case, but her application has been refused, and as the time for appeal has expired the case may now be considered as finally determined.

Your Board are not in a position to report the amount of their expenses of this litigation.

#### THE FIELD.

Bimlipitam.—This is our oldest Mission station. The work in this field has been full of encouragement. Of the six who were baptized, one was the son of a native preacher, and five came directly from heathenism. This is the largest number that has been gathered in on this field from Hinduism in any one year since Mr. Morse took charge of the work.

The baptism of a young man of the Weaver caste on March 15th, of whose conversion, K. Appalaswamy, the native preacher, was the instrument, makes a new link in the Weaver caste.

There is a large number of these people around Bimlipitam, and the way is opening to reach them with the Word as never before. Appalaswamy, who came out from that caste is now working among them with renewed courage and telling effect. Mr. Morse says, 'He is striking while the iron is hot and you will hear more from this quarter in the near future.'

During 1896 the missionary spent 97 days on tour. Mr. Morse says: 'On many of these tours the presence of Mrs. Morse with our organ was a great help in getting the ear of the people.' In quite a number of the villages which were visited the preaching of the Gospel seemed to be having a powerful effect upon some of the hearers. He says, 'We never marched over the field with more hopeful tread. Each successive visit has been more encouraging than the one before it. The God of hope 'has caused us to abound in hope,' and even where we have sowed in tears there has been an unquenchable hope that we yet should reap in joy.

The mission school is doing a good work. There are over 35 Hindu boys in attendance, most of whom are caste boys, although it has been repeatedly advertized that the purpose of the school is to lead the pupils to Christ. Besides the Bible classes taught by the teacher there is a gospel

service of half an hour every morning led by the missionary when he is at the station. These boys make a most inspiring congregation, and doubtless many of them will look to this school as the beginning of eternal life.

In the opinion of Mr. Morse there is no one way in which a missionary can do more towards influencing his whole field than by training his native helpers in the study of the Word of God. He says: "I regard our Bible Classes during the past year as one of the most important branches of our mission work. I believe that the chief victories of the year have been fought and won during the hours when we have been sitting together at the feet of Jesus and listening to His Word." Several most interesting cases are referred to by Mr. Morse in his report, which show that the gospel leaven is working, and ere long we shall hear the good news of many others making confession of Jesus Christ as their Saviour and Lord. To do this means much to these people, more, a great deal, than to any of us, but by God's grace it will be done.

It is therefore not at all surprising that the missionary is led to say as he looks over his field of labor, "Never before since we came to India has there been so much light on the horizon nor so much hope in our hearts."

Bobbili.-The work at this station has been carried on as usual.

During the early part of the year some time was given to the preparation of materials for completing the verandah of the chapel schoolhouse in town. This and the work of building later on, left much less time for touring and more direct evangelistic work.

The working force, always small on this field, has been weakened by the death of Bhagavan Behara, the only ordained preacher in our mission, with which he was connected since its commencement. His faith and hope in Christ were firm to the end.

The other preacher, C. Bussavana, was also ill and unable to work for a considerable time. But though the working force has been so weakened, and the work done comparatively small, yet there have been seven additions to the Bobbili church.

At Chekkagurda, a small village near Royaghada, a work has started that has filled all hearts with gladness, through the efforts of one who might be considered a weak if not unworthy instrument. 16 persons have been led to confess their faith in Christ by baptism. This is the largest number who have been baptized on any of our fields in any one year since the mission was established, and is an index of what may be expected in the years to come.

For some time the heathen neighbors did everything in their power to injure the little band of christians, and the prospect before them seemed dark indeed.

But they stood firm through all and showed no inclination to go back again. The young man Yerrakardoo, who has been the humble instrument in leading these souls to Christ, has been very ill and it was feared at one time that he would die. The need for more workers is great. This young man ought to be sent to the Seminary for further instruction. He has done well with his limited knowledge, but he greatly needs more training to guide and educate the people who have so much yet to learn.

It is one thing to get disciples, it is quite another thing to train them for service.

But as the reading and exposition of God's Word has been the genesis of this work, we have every reason to believe that it will endure.

But our prayers should ascend daily to the throne of grace for the christians of Chekkagurda.

The month of March was spent on tour partly among villages lying along the boundary between the Bobbili and Vizianagram fields. The missionaries in charge of these courage them in the

The last half of the month Mrs. Churchill, accompanied by her Bible women, were able to render most valuable help in reaching the women of the places visited. Several seemed near the Kingdom and professed a desire to be baptized but were kept back by their people.

The girls' school at this station is most interesting. It is full of promise. It has increased from 84 to more than 100 pupils.

Mrs. Churchill says :--" The Bible is taught daily and nearly all the pupils come to the Sunday School. The older girls show an increasing interest in Bible study and prayer. In some of the homes of these pupils the mothers are asking the Bible women to teach them to pray as the children are being taught. The attendance at the Sunday School is from 100 to 110, with six teachers, so that the new chapel is fully occupied."

There can be no doubt that by means of this school a great and good work will be done, for the promise is, "my word shall not return unto me void."

The colportage work still lags on this field, owing entirely to the need of a suitable agent.

In December last Miss Harrison was welcomed as a lady missionary for this field.

Mr. Churchill expects to return to the home land next spring. While we are reluctant to have him leave this work in India yet we are convinced that the time has come for rest and change. But who will care for Bobbili when the present mission family withdraws from the work? There ought to be more workers on the way to relieve the worn out veteran.

Chicacole and Palcondah.—These two stations are referred to as one because they have been under the direction of the missionary at Chicacole. And this has been so because there was no missionary to take up work at Palcondah.

Notwithstanding the many difficulties through which Mr. Archibald has been called upon to pass, and the heavy responsibilities which he has borne, his heart is filled with gratitude to God for His abounding goodness as he reviews the past.

The visible results of the work of the year have not been great. Four believers have confessed their allegiance to Jesus Christ.

One hundred and nineteen days were spent in touring on the Chicacole field and fifteen on the Palcondah field. The main centers of work were Tekkoli, Sompet, Calimgapatam and Palcondah.

At Sompet the missionary held three public meetings in English and six in Telugu. These were full of promise. On this Chicacole field there should be at least three families—one at Chicacole, one at Tekkali, and one at Sompet

Mr. Archibald says that he finds "the knowledge of the Gospel is becoming more widely known."

More religious literature has been sold than in any previous year. Books, tracts and papers to the number of 7072 were sold for \$168.36. Included in the above were 39 Bibles, 162 New Testaments, and 279 Scripture Portions, and 6630 other Christian books, tracts and papers. When books are bought they are usually read, which is not always the case when they are given away. The colportage work on this field is of a most encouraging character and is a potent factor in the work of evangelization.

There are three day schools on this field. These are located at Chicacole, Jalmur and Gopalpore, which have had an average attendance of about 32. The school inspector speaks of the station school as the best of its class in the town. The head teacher is very devoted to his work.

The Gopalpore school is attended by Savara children and is taught by a Christian Savara girl from the Boarding School at the station.

The Sunday Schools, of which there are three, located at Chicacole, Palcondah and Tekkoli, have had an average attendance of about 60.

The pastor of the Chicacole church, B. Subbraidu, has been poorly during the greater part of the year, which has prevented him from discharging his pastoral duties with his usual zeal and energy. There is a good spirit in the church and the members are looking for the manifestations of the Spirit's power in the conversion of souls.

The spirit of benevolence seems to be on the increase. Since the New Year came in the contributions of the Chicacole church have been larger than ever before. The Tekkoli church is also doing well.

The contributions of each resident member in both churches amounts on an average to about \$1.32.

In speaking of the needs of this great field Mr. Archibald says: 'The Palcondah field with its 212,000 perishing souls and its handful of Christians needs a resident missionary urgently. I cannot devote to it a tithe of the labor that it needs. Then the Sompet and Tekkali fields should be struck off from the northern part of the old Chicacole field. They would have between them 416,000 people, while the Chicacole field proper would still have left a quarter of a million of people for its missionary to look after.'

There are two acres of land in Tekkali for a mission compound, and the missionary says that if the expected rains do not come it is his intention to give work to those suffering from hunger by proceeding with the erection of a mission house and other buildings there.

At Sompet, which is a county town and a fine centre for Christian work, an effort is making for the purchase of four acres of land for a mission compound, and the missionary says with a tearful soul, 'May the God of Missions hasten the time when there shall be a mission family laboring, if by any means the benighted in that region may be rescued from perishing.'

The outlook is most encouraging. The Gospel leaven is working. There is a marked change for the better in the way the people receive the missionaries, and the message which they bring. There is an increase in the number of inquirers. Mr. Archibald says: 'We pray that soon there may come a break and that a great harvest of souls may be gathered in.'

Miss Wright was the lady missionary in this field. She reports that work has been done in all the villages surrounding the station. That two tours have been made. The first was to Tekkali where the outlook seems to be very hopeful. The members of the little church are growing in grace. The example of the colportuer and his wife, who reside here, is having a marked effect upon the little flock.

The second tour was made at Gara and was full of interest. Conversations on the all important subjects were frequent, and the missionary came away with the feeling in her heart that many are not far from the kingdom.

Some effort was made to do work at Calingapatam. There was not as much touring done as in some other years, because attention had to be given to the boarding department at the station on account of the absence of Mrs. Archibald. ## REPORT OF THE F. M. BOARD.

In reviewing the work of the year a hopeful view is taken, because the word of the Lord is being read as never before in many places, and there is a greater knowledge of the truth as it is in Jesus. The need is the converting power of the Holy Spirit.

Parla, Kimedi.—This is the field over which Mr. Higgins had charge, and the oversight of which he was compelled to relinquish last year. Rev. H. Y. Corey and wife are the missionaries in charge at the present time. The responsibility thrown upon Mr. Corey was a heavy one, with his imperfect knowledge of the language. But he has given himself to the work with  $h_i$ 's well known fidelity and zeal.

He says of the work as it appeared to him :--"A little band of Christians needed counsel and instruction, a handful of preachers of the Word required encouragement and direction in work and study. The needs of a few school children demanded attention, the physical requirements of some of our destitute ones, made so by the total failure of their crops, was a matter for serious concern. The oversight of workmen in repairing of buildings, and in the erection of compound walls, stole a portion of time. The preparation for, and the teaching of a class of boys, in the Rajah's College, in the English Bible, all conspired to pick up the spare moments.

During the year, three months were spent on the Hills, principally on account of the health of Mrs Corey and child. But there was time for a half dozen trips from nine to forty miles into the surrounding districts, and a short tour among the heathen villages. This, with all the routine of station life and with the burden of time and strength given to the study of the language, has taxed the energy of brain and heart to the fullest extent.

The year has not been without results. Four believers were baptized and received into the fellowship of the Parla-Kimedi church. Two others have presented themselves to the church and asked for baptism, but before the hour of service their courage gave way and they failed to follow Christ in His ordinance. They could not face the dreadful opposition and perse-cution which such a profession would bring them. We are not to wonder It is just what we might and ought to expect from the nature of at this. things. It is only the grace of God that can help any of these people to stem the tide which sets so strongly against one forsaking the religion of their ancestors for that of Jesus Christ. Mr. Corey says on this point, "The people have no sense of aught arising from conviction. When the truth of a position is admitted they have scarcely any sense of obligation to act in accord with the admitted fact. And so it is with the greatest difficulty that any impression whatever is made, and to lead them to an intelligent decision to accept Christ as their Savionr requires long and steady effort. Strong faith and patience are prime factors in the equipment for missionary service. The grace that gets hold and holds one must obtain.

Miss Clarke is associated with Mr. Corey at Parla-Kimedy.

The year has been a broken one for her, but we trust the time has come when she may be enabled to give some continuous effort to the work which lies so near her heart. Her health is much improved, and besides studying the language she has had a class in Sunday-school and has visited the day school almost daily.

ad to be absence She has spent the hot season again in the hills. A Bible woman was engaged the first of December. She can neither read nor write, but is an earnest Christian and seems to have a love for the work.

Twenty-two days were spent on tour with Auklatampara as a centre. The pastor's wife here has been active during the past year and has gotten hold of quite a number of the women of the place.

Miss Clark says: 'A Bible class for the Christian 100 men has been held at the station since July, and we have enjoyed the study of the 'Life of Christ' and hope that as we learn more about Christ, the longing for souls may fill the hearts of the women and make them a blessing to their lost sisters.'

VIZIANAGRAM.—At this station a lone missionary is toiling on, cheered and encouraged by God's grace as he goes forth to his daily duties. He does not spare himself, but as if he felt the uncertainty of life he crowds into the passing moments all the energy which he can command.

Five months of the year were occupied principally in touring with the native helpers. There were seven district tours in all, which occupied 101 days. The missionary himself spent 96 days, and visited 152 towns and villages. Work has been done in about 300 different towns and villages. In touring much has been found to encourage. Many thousands have heard the Gospel. The native preachers have rendered good service. Mr. Sanford says:—'What the Lord has wrought through them we are not able to define. We have good evidence that the Holy Spirit has been present during the year, but his operation has not been manifested in the conversion of the heathen.

Church meetings have been held regularly every month. Four persons have been added by baptism and one by letter and two by experience. Telugu Sunday-school was established on the first Sunday in May.

Four Quarterly Meetings have been held during the year. These have proved a means of blesssing. At each meeting a review and examination have been made on the work assigned for the previous three months. During the year the greater portion of all the christians who can read have read repeatedly the New Testament from Luke to Collossians, inclusive. In addition to this, ten chapters in the Gospel of Mark have been studied in the Sunday School. They have committed to memory and have recited the Lord's Prayer, the ten Commandments, the names of the books of the Bible in their order, the names of the tribes of Israel, the first, second and twenty-third Psalms, the fifty-third chapter of Isaiah, and the second chapter of Ephesians. The four native preachers also have preached sermons at these meetings on texts previously assigned to them.

During the last three and a half months of the year a little day school of ten pupils has been in operation.

About 15,000 pages of tracts and handbills have been distributed and 818 books have been sold. Among these were 9 English Bibles, 7 Telugu Old Testaments, 5 Telugu New Testaments and 15 Scripture portions.

The mission buildings were very much out of repair and Mr. Sanford found it imperatively necessary to see that something was done in order to make them habitable. About Rs. 1000 were laid out on them during the hot season. The compound and buildings are now in a fairly good condition.

Mr. Sanford says:--"I am endeavouring to meet the needs of this field as best I can, but of course it is attempting an impossibility. Oh, how much and how grand a work could be done from this centre if we only had the means and the help to organize and prosecute a proper system of missionary operations. With two missionary families here constantly and one or two lady missionaries with means at their disposal to carry on the work efficiently, could be brought grand results. 7 quired, would me paratively, and c

work efficiently, by God's grace, I think the force of our christian efforts could be brought to bear on this whole field in such a way as to produce grand results. This one central station, with outstations as the work required, would meet fairly well the needs of the field, that is speaking comparatively, and considering the present supply of missionary agencies.

Mr. Sandford's health is of such a nature that he has been able to prosecute his work without interruption a single day during the last year.

#### SUMMARY.

A review of the field shows that there have been 47 additions to the churches—41 by baptism and 6 by letter and experience. There are six mission families and 4 single ladies—one of whom is on furlough. There are 19 preachers and evangelists, 6 colporteurs and 15 Bible women. There are 6 day schools, with an average attendance of 159, and 13 teachers, 4 of whom are not Christians. There are 2 Boarding Schools and 33 pupils. There are 8 Sunday Schools and 21 teachers, with an average attendance of 246. There are 7 churches with a membership of 194, and 10 outstations reported at the close of the year. Since then the membership has increased to more than 200.

This affords some idea of what is being done and the kind of men that is needed to do it. There is a great deal expected from our missionaries and sometimes we grow impatient because the results seem so small in comparison with the outlay of men and means which are expended,—but do we consider truly the condition of things on the field and how vitally we ourselves are related to this work. That the work is our very own has not begun to dawn upon many in the homeland. It is well to remember that success or failure, from our view point may be due very largely to ourselves and not to those who represent us on the field. The blessing may be withheld because we are not able to utilize it if it came in full measure.

#### GRATEFUL MENTION.

Your Board desires to record its full appreciation of the work of the W. B. M. U. for continued financial support and for the unflagging zeal which the Union shows in the work of missions.

We are also grateful to the many pastors who are doing so nobly in leading their churches to consider the claims of heathen peoples upon them, for what renders life in these lands so sweet and blessed.

#### APPEAL OF MISSIONARIES.

A most moving appeal has been received from our missionaries to which we desire to refer. A copy has been sent to the pastors of our churches.

The brethren say: "We all with one accord feel pressed in spirit to make an appeal in the name of the Lord to the churches of the living God in the in the Maritime Provinces, that they would join us in earnest and persevering prayer to the Lord of the harvest, that He would send forth laborers into His harvest.

In view of the possibility that in the near future the Bobbili and Chicacole fields may be deprived of their present missionaries for at least a time, we have but slight hopes that the services of Bro. Gullison will be available for opening up a new station.

With all this inexpressable and inconceivable destitution spread daily before our eyes we dare not represent the urgent and instant needs to be less than 31 additional families and a corresponding number of single ladies, making one mission family to every 50,000 Telugus.

These brethren make large demands upon our faith. And yet in view of the fact that nearly \$2,500 was raised by our people for the relief of the sufferers from famine in India without any special effort to raise the same, it is clear to your Board that our people could easily send three additional families this autumn if they only had the mind<sup>\*</sup> to do it.

Brethren of Conventions, messengers of the churches, it is for you to say what answer shall be given to this appeal! It is in your minds now, may the Holy Spirit lay it upon your hearts.

# Report of the Board of Governors of Acadia University for the Year ending August 1st, 1897.

A review of the year furnishes some cause for devout thankfulness to Him, who has guided the affairs of our Institutions and who, amid all our mistakes and failures, has continued to bless our schools with a good measure of success and usefulness.

#### MEETINGS.

Your Board met four times during the year. Patient and painstaking deliberation has been given to the business that has been before the Board. The Executive Committee has met on the first Friday of each month regularly, and has carried forward the business passed upon by the Board, and has also attended closely, to such matters as required immediate attention between the meetings of the Board. The Senate held their annual meeting on the 31st of May. The suggestions and recommendations sent by them to the Board, have received careful attention, and, as far as conditions will permit, will be carried into effect.

#### ASSOCIATED ALUMNI.

The Associated Alumni held their thirty-seventh Annual Meeting, on the 2nd of June. While many graduates and former students continue to manifest a deep interest in the aims of the Association there are many others who do not. Your Board would gratefully acknowledge the aid received from the Association, still it is a matter of regret that the salary of the Alumni professor, pledged to the Board, is not more promptly paid, and that their published accounts show so large a balance on the wrong side. Your Board have learned, however, with satisfaction that the Alumni are addressing themselves with new resolution, to the cancelling of their accumulated indebtedness to the Board, and to the prompt discharge of future obligations.

The New England Branch Association held their annual meeting in Boston in April. There were many expressions of satisfaction on account of the presence at this meeting of the President elect of the University. They report a membership of about twenty-five. Their Secretary says, "the influence of Acadia College is becoming better known among the American people, and they are disposed to give it a friendly hand." The Association sent their annual contribution of \$200.00 to the Alumni professorship.

During the year a branch association for New Brunswick was organized at St. John. This too, will aid in developing an interest in your university.

#### THE COLLEGE.

The College opened on Wednesday the 30th of September. During the year one hundred and twenty-four students were enrolled as follows :--Seniors, thirty ; Juniors, thirty-two ; Sophomores, twenty-nine ; Freshmen and General Students, thirty-three. The work of the college was prosecuted with regularity and success. The Professors met their appointments withovt interruption, except that Dr. Sawyer was laid aside by indisposition for two weeks. This occurred however, when the students were engaged in review work, so that his enforced absence from class, was of less serious matter than had it occurred at another time.

The Acting President for the year in his report says : "The Committees of the Faculty, invited by the Board to undertake some special duties for the year, and indeed, all the members of the Faculty have cheerfully borne the responsibilities incident to the present state of the college." "The committees on discipline, and on admissions and promotions have attended faithfully to their work, and have contributed much to the general success of the year." He also says, "I wish to speak in terms of commendation of the body of students. They have been marked by the manifestation of a worthy purpose and devotion to their proper work."

The College closed with appropriate public exercises, on Wednesday, the first of June. Thirty students having completed the prescribed course of study, received, in due form, the degree of Bachelor of Arts. Certificates for work done in the Honor Course were given to nineteen in the Senior class; eight in the Junior and three in the Sophomore class. Mr. Charles E. Morse received the Governor General's Medal, for the highest average during four years.

Eleven having passed satisfactory examinations, received the degree of Master in Arts.

Honorary Degrees.—The honorary degree of Masters in Arts was bestowed upon Rev. W. B. Hinson, of Moncton, N. B.; W. E. Roscoe, Esq., Q. C., of Kentville, and Hon. H. R. Emmerson, of N. B. The degree of Doctor of Civil Law was bestowed upon J. W. Longley, Esq., M. A., the Hon. Attorney General of Nova Scotia; and of Doctor of Divinity upon Rev. O. C. S. Wallace, M. A., Chancellor of McMaster University, Toronto.

Lectures on Law.—Mr. W. E. Roscoe has continued his lectures on "Contracts," and Prof. Tufts on "Constitutional History and International Law." Seven students elected to take these studies last year, and have successfully passed the examinations assigned by the Faculty of the Dalhousie Law School, and been admitted to the second year, in that Institution.

Your Board are under very great obligations to Mr. Roscoe for his services so freely and cheerfully remdered, in the courses of lectures on law. Dr. Gumbart, of Boston, gave last year \$25 for the purchase of a book of reference, for those taking this course.

#### THE G. P. PAYZANT LEGACY.

The executors of Mr. G. P. Payzant, deceased, have paid over to the Treasury of the Board the bequest made by him to the University. A full statement of the amount received, and the disposition made of it so far, will be given you in the report of the Treasurer.

#### THEOLOGY.

In view of the bequest of Mr. Payzant, and of the evident desire on the part of many among the constituency of the University for a Department of Theology at Acadia, your Board after long and careful deliberation have adopted the following :---

1. To accept the bequest of Mr. Payzant and apply it, in behalf of instruction in Theology, in accordance with the terms of the will.

2. To arrange for the opening of regular courses in Theology, not later than the autumn of 1899, provided the then financial condition of the University will warrant it.

The purpose is to establish a four years' course in Theology, answering in its essential features to the B. Th. course already outlined in the College Calendar; and also to open a second course of three years, to be known as the English Course, with certificate. This last will include all the English studies of the B. Th. course, and such other English studies of the Art Course as will complete a three years curriculum.

As the studies in the first year in each of these courses are almost identical with those of the Freshman year in the Arts course, the President can carry the Theological work of both these courses for the first year. For the second year beginning with the Autumn of 1900, an additional professor will be required; and for the year following, a third should be appointed.

The Payzant fund will supply full salary for one professor, and also, that portion of the President's salary chargeable to the Theological fund, and it is hoped by your Board that, by the time the third professor is needed, the endowment for Theology will have so increased or the general beneficence of the churches towards the college will have so enlarged as to make it possible to carry out the purposes above indicated.

#### NEW PRESIDENT.

At the meeting of the Board in November, on the unanimous recommendation of a committee appointed in August to secure the nomination of a successor to Dr. Sawyer, the retiring president, Rev. Thos. Trotter, was unanimously appointed president of the University, and Professor of Pastoral Theology and Homiletics. He was offered the same salary as that paid to the former president, and asked to accept office on the first of August then ensuing. After several weeks of anxious enquiry, Mr. Trotter asked for a conference with the Board. This was given him at a special meeting called for the purpose on the third of February. At the close of the conference, Mr. Trotter intimated that he was prepared to accept the appointment of the Board under date of February 5th. Since Mr. Trotter's appointment to the Presidency, the degree of Doctor of Divinity has been bestowed on him by McMaster University. Dr. Trotter was for five years Professor of Pastoral Theology and Homiletics in that institution.

#### HORTON ACADEMY.

The Academy opened on the second of September. The number of students enrolled during the year, was eighty-six. Thirty-one were in the senior grade; forty-seven in the middle year, and eight were junior. Seventeen received diplomas of graduation and will enter college next year. The closing exercises of the Academy, were held in College Hall on the first of June, and were of much interest.

In his report of the year, the Principal says; "we have had on the whole, a good year. The students have displayed commendable industry and earnestness in study. The teachers have been faithful and efficient in the discharge of their duties. The health of all in the school has been exceptionally good, which he says we note, with sincere gratitude to God."

Mr. Shirley J. Case, who has taught in the A ademy for two years, resigned at the close of the term in June, and Mr. Charles E. Morse, a graduate of this year, and Governor General Medallist of his class, has been appointed to succeed Mr. Case.

Mr. G. W. Bashaw, who was instructor of Manual Training last year, resigned, and Mr. Geo. D. McKinnon, of Charlottetown, P. E. I., has been appointed to the place. Mr. McKinnon is a graduate of the department of Applied Science at McGill University. He also was Governor General Medallist of his class in McGill. He comes to us with very high recommendations.

During the summer the rooms in the Academy (have been newly painted and papered, and new furniture has been provided for each room, so that the place may seem as home-like as possible for the students.

Your Academy has rendered important service to the denomination that has sustained it, and to the country during a long series of years. More than 3000 young persons have taken a more or less extended term of study in its classes. The amount of benefit received by these, it is impossible to know. The Academy has furnished more than one half the Matriculation class in college each year, for many years, and notwithstanding the many County Academies and high grade schools now doing such noble service in the cause of education. Your Academy is a very important feeder to the college. It certainly deserves the hearty support of the denomination.

It will be manifestly impossible for the Academy to do much longer without a new building for class rooms, as the introduction of a new department in the college, will render it necessary to use for college purposes the rooms hitherto occupied by the Academy.

#### ACADIA SEMINARY.

The Seminary opened on the second of September. In many respects the past year was a prosperous one. The Principal, Miss True, reports very favorably of the staff of teachers and of the students. It is painful to have to record the death of one of the students. Miss Mamie E. Nickerson, of Forbes' Point, died in March after a brief illness. All that medical skill could effect was done for her, but without avail. Her mother, who was with her during her illness and death, expressed much gratitude for the loving attention and care shown toward her daughter and herself in their time of trial. Miss True referred to Miss Nickerson as "one of our brightest and best pupils."

The enrolment for the year was eighty-four. The greatest number of boarders at any one time during the year, including eight ladies attending college, was sixty-four.

The closing exercises were held in College Hall on the 1st of June. Dr. Sawyer presided, introduced the speakers, and presented the diplomas. Five young ladies graduated; three in the Collegiate course, one in Piano and one in Vocal Music.

Leave of absence for one year has been granted to Miss Higgins, teacher of French and German, in order that she may have opportunity for further study; and her place is taken by Miss Ida E. McLeod of Fredericton. Miss Ellen M. Freeman of the Art School, Cooper Union, New York, has been appointed teacher in drawing and painting, in place of Miss Chipman, who Elocu C. H

ns, teacher for further redericton. York, has Chipman, who also goes abroad for further study. Miss Burnett, teacher of Elocution, resigned in the spring on account of ill-health, and Miss Mabel C. Hall, of Halifax, has been appointed in her place.

As Miss True has desired to have some one of experience in caring for the sick, appointed to have the charge of cases of any serious illness, Miss Sadie B. Fales of Roslindale, Mass., has been engaged for that purpose. She will take some studies in the school, as opportunity may permit.

The following is from the report of Dr. Sawyer, the Honorary Principal of the Seminary, to the Board :----- For the past year I have conducted weekly exercises with two classes in Bible-study, one numbering fifteen, the other about forty. The first studied the Life of Christ, the second, the early history of the Jewish Monarchy. I have also met a class in Psychology and Ethics three times a week. Examined in its relation to the grades of the students, I must consider the quality of their work in those studies very satisfactory.

"In accordance with the plan outlined to the Board last year, I met the teachers of the Seminary a few times in the first part of the year, to consider with them the general interests of the school. Owing to some necessary limitations of my efforts since February, such meetings have not been as frequent as I had intended. But something has been accomplished in the way of promoting co-operation on the part of the representatives of the different sub-divisions of our work towards a common end; and also in promoting a more definite and reasonable classification of the school. Many pupils enter the Seminary intending to take a little of this subject and a little of that, but with no clear purpose of any definite course of study. The teachers have taken considerable pains to speak to the young ladies on the wastefulness of such a manner of study. As a consequence, it is probably true, that at no time in the past has so large a portion of the school permitted themselves to be classed as candidates for the completion of the full collegiate course. I consider this a great gain. If the effort in this direction is consistently continued, it will give promise of most valuable results in the education of the young women of these provinces.

"The Faculty of the college have agreed to admit to matriculation any young lady who presents a certificate from the Seminary, that she has satisfactorily completed the work of the collegiate course including Latin, to the close of the third year. The collegiate course of the Seminary carries the student one year further in study than the grade of Matriculation."

Dr. Sawyer adds :—" Having now obtained a somewhat intimate acquaintance with the general management and character of the Seminary, I can commend with confidence the wisdom of its administration, the fidelity and earnestness of the teachers, and the fine spirit so generally manifested by the young ladies of the school."

Religious Life.—The spiritual condition of your Institutions during the past year is matter for devout gratitude. A number of the students in the College, and in each of the other departments, professed faith in Christ. Some of them united with the Baptist Church in Wolfville, and some preferred to wait until their return home, before making church connections. The visit of Mr. Gale, the Evangelist, who, at the invitation of the College Y. M. C. A., held some special services in College Hall in March, was blessed to the quickening and strengthening of the spiritual life of many.

Both Mr. Oakes and Miss True report an unusual interest in their Bibleclass and prayer-meeting services. In the Seminary special meetings for Bible study were held with the Principal, by request of the young ladies.

Twenty-nine students in the College last year and six in the Academy are candidates for the Christian Ministry.

Canvass for Pupils. — The Executive Committee requested Dr. Trotter, the new President, to give his services to the Board during the months of June and July, so as to attend the Associations, and do such other work as he might be able, in the interests of the Institutions. He therefore agreed to attend the New Brunswick Associations, the Prince Edward Island, and the Nova Scotia Western Association. The Executive Committee also arranged for Dr. Keirstead to attend the meeting of the Nova Scotia Eastern, and Professor E. W. Sawyer the Nova Scotia Central Association. Prof. Tufts was engaged to visit Annapolis, Colchester, Cumberland and Kings Counties, Sackville, N. B., and other places if possible. Principal I. B. Oakes was to visit Albert, parts of Westmoreland, Carleton, and Charlotte Counties. Mr. A. F. Newcomb, of the Senior class, was directed to visit Yarmouth, Shelburne, Queens and Lunenburg Counties. Your Board confidently expect a large increase in the attendance of each of the departments of your Institutions, as a result of these efforts.

#### FINANCE.

The accounts of the business of the year will be placed before you by the Treasurer, but your Board have thought it advisable to call especial attention at this time to the financial conditions of your Institutions.

The indebteduess upon your Board is, in round numbers, nearly \$70,000. It is distributed as follows: The College, \$6,326; Chipman Hall, \$4,856; Horton Academy, \$10,656; Gymnasium, \$1,094; Acadia Seminary, \$46,170-a total of \$69,102.

The largest part of this debt is on the Seminary. It was incurred in erecting and furnishing the new building. The interest on \$26,000 of this debt was provided for at the time the money was expended, by pledges running over ten years. There has been, of course, some shrinkage in these, so that they meet now only the interest on \$20,000, and those pledges that are good are for only four more years, so it becomes a matter of serious concern to your Board to provide for the cancelling of this debt as soon as possible.

The debt on the College is due to accumulation of deficits in current expenses. There is no such satisfactory way of putting an end to this matter of an annual deficit as to increase the Endowment Fund by an addition of \$40,000 or \$50,000. This would place your College in the position, that while not independent of the annual contributions from the churches, it could then do its work, without the embarrassment of debt, and despite the fluctuations incident to the income from the Convention Fund.

The debt on Horton Academy is nearly all due to capital account; for with \$600.00 a year paid by the Board, as a rental for Chipman Hall, the Academy has, by strict economy, met expenses. It is exceedingly desirable that the Academy be furnished with a new building for class rooms, and that it be free of debt.

In view of these facts your Board have decided to make a vigorous effort to secure the attendance of a large number of students, and to increase the annual contributions from the churches. They have further decided to undertake a campaign for the raising of a special fund of \$75,000.00— \$25,000.00 to be applied to the Seminary for the reduction of its debt, \$10,000.00 to the Academy for the erection of new building and the reduction of its debt, and \$40,000.00 to the college for the increase of its endowment, the subscription to this fund to be payable in instalments, extending over four years. The Board are of the opinion that while it will be desirable and necessary to appeal to the entire constituency, they must, in orde provide

It has been arranged that the President, while carrying his administrative duties in the College shall do no class-room work for the current college year, in order that he may have freedom to lead in the financial undertaking. Your Board feel that this action is imperative and confidently anticipate the enthusiastic co-operation of the denomination in carrying the effort forward to success.

Your University has grown up during the century. It was founded by our fathers in faith and prayer, and in the full persuasion that the churches needed it. By the Divine blessing it has been instrumental in helping the denomination to it present condition of influence and usefulness. Ought we not to signalize the close of the century, by speedily raising the amount above named and so placing our Institutions above need. The God of our fathers is our God. He helped them. He will help us, if we seek His aid.

The net cost of the Year Book for 1896 was somewhat less than that of the preceding year, though containing 36 pages more.

The total cost is just \$1.00 per page for 248 pages.

This result followed from extra exertions made by the Ccmmittee to obtain advertisements.

It will be noticed that 19 pages were given to reports and statistics of B. Y. P. U. The larger portion of the expense thereby incurred was met by advertisements obtained by the President of the Union.

Your Committee have found two thousand copies of Year Book are an inadequate supply for the Churches, Associations and Boards, etc. We therefore recommend the printing of three thousand copies this year, which will involve an increase of forty cents per page on the present rate of \$1.35.

The Year Book last year was issued Oct. 12th, the earliest date on record as far as your Committee are aware. It would have been issued in September if all material had come promptly to hand.

Respectfully submitted,

## Report of Committee on Sunday Schools.

The Sunday School has been defined to be "the church at work teaching and studying God's Word." If this definition be intended to include soul winning as it undoubtedly is, it puts the Sunday School into the very highest plane of Christian effort, and renders it by far the most important factor in the religious life of our churches. Do our Sunday Schools respond to this definition? Teaching, as defined by Dr. Trumbull in his admirable work on Teachers and Teaching, is causing another to know.

What about our Sunday School teachers? Well, as a rule, they possess at least one great and essential qualification for their work. For the most part they are most earnest, devoted, consecrated Christians, the very cream of our churches; thank God for that. They are successful soulwinners; that is excellent; but do our teachers teach? Is it not a fact

## REPORT ON SUNDAY SCHOOLS.

that for the most part they are wholly untrained and altogether unqualified for the important work of teaching God's Word? Is it not, also, equally true that our children, after taking a seven years' course in our Sunday Schools, graduate therefrom with no attainment so remarkable as their most profound ignorance of the Bible? Ofttimes we can aftirm that they have given their heart to Christ and joined a Baptist church, and we are glad and rejoice. But should we rest satisfied here? Dr. Morehouse's alliterative statement, made in hearing of our Convention yesterday, was loudly applauded, and is profoundly true, "Evangelization without education is evaporation." The pastor of one of our largest churches, in addressing the B. Y. P. U. Convention last week, uttered a loud note of warning when he stated that ignorance and neglect of God's Word was very marked in our Young People's meetings. The members of your Committee are not alarmists, but they cherish the most profound conviction that with few exceptions the people in our Sunday Schools are not receiving the kind of instruction that is needed to ground them in the doctrines of God's Word, and to make them intelligent Christians and Baptists, simply because our teachers do not teach, and in most cases in addiction to ignorance of the most elementary principles of teaching, have no systematic knowledge of the Bible.

Is the Church at work studying God's Word in our Sunday School? In connection with a  $f_{ew-}$  very few of our churches, we are glad to believe that this may be affirmed, but in respect to the great majority it is quite otherwise. In most of our Sunday School our youth and young men are distinguished by their absence, largely because fathers and mothers and grown up members of the church have outgrown the Sunday School.

Your Committee believe that of all Christian people in the world, Baptists, who are proud to affirm that their only text book is the Bible, should set a better example. At the present day there is no excuse for such inefficiency and neglect. Our teachers may secure a fair amount of knowledge and training for their work if they so desire. In every town and hamlet, if not in every church, there might and should be a S. S. "Normal Teachers' Training Class," with a course of instruction specially adapted to the teachers' needs, and they should be encouraged to take such a course. Our Sunday Schools are, for the most part, running in the graded on the principle of the age or color of the pupils and the clothes worn by them, and are often degraded.

Your Committee recommend that wherever possible our Sunday Schools be graded on the well-known principle of supplemental lessons, according to the knowledge and intelligence of the pupils. A suitable series of books, commencing with the primary class and extending to the most advanced of the Bible classes, can easily be secured and, indeed, is already in use in some of our leading Sunday Schools. Such a course of lessons adapted to occupy not more than ten minutes of the teaching hour each session will be found to be most helpful to our denominational Sunday School work. It will create a feeling of progress, and in addition to the impartation of much valuable information in respect to the Bible and its doctrines, will arouse the enthusiasm and stimulate the school to a degree that those who have not tried it cannot easily imagine.

Respectfully submitted,

## Report of Committee on Temperance.

Your Committee on Temperance ask for the privilege of reporting as follows :

The attitude of the Maritime Convention toward the liquor traffic in all its details remains unchanged. It is an attitude of positive hostility. We stand together and declare for "no compromise" with the evil until absolute and entire prohibition is realized. We re-affirm the position taken by the Committee of last year that "total abstinence is the only safe and right thing for the individual, and that whoever persists in a different course is unworthy of church membership."

Your Committee views with alarm the tendency of many of our churches to regard the question of prohibition as being political, and therefore to refrain from any positive activity on the question lest they be accused of mixing religion and politics. We believe that prohibition has to do with a clean and pure citizenship, and that it is the duty of every church and every individual to give his whole energy to the bringing in of a better era of larger and cleaner citizenship.

As a Committee we suggest that when an Association, or other important body connected with the denomination, votes to petition, or take any action relative to the question, the officers shall obey, even though such officer's private opinion might oppose. He may not see as far or as clearly as the body adopting the resolution.

For years our denomination has demanded prohibition. Let us not now descend to ask for anything short of it. The plebiscite is not our child, it is not prohibition, not even total abstinence. If, however, the government of Canada gives a chance to speak "yes" or "no," we must do our best and make our reply most emphatic. We are not asking for a second edition of the "Royal Commission," and declare that such a question as the plebiscite should not stop our demands for prohibition.

We have the conviction that the liquor traffic would be glad to get all the churches and temperance people to go racing for plebiscite and forget the real issue.

If parliament proposes to give a plebiscite mixed with something else, 50,000 Baptists in Maritime Canada should unite in a mighty protest. We believe that if our people would get the ear of parliament straight, they should take a thoroughly active part in their own political party convention of whatever name, and thereby secure the nomination of good and true temperance candidates on all sides. Then whichever side loses temperance wins.

We further state that at the Provincial Exhibition in this city (St. John) in September, A. D. 1896, there were exhibited in one of the most conspicuous places and in the most ostentatious manner, intoxicating drinks in all their varieties, and placards were distributed by the persons who had such exhibits in charge, recommending their use as conducive to health and tended to i use more go injures eve poverty, m should be c their fellow

health and calculated to prolong life, such exhibits and placards being intended to increase the sale by advertising such drinks so as to make their use more general, and this Convention believing that the use of such drinks injures every community where the sale is allowed, and spreads broadcast poverty, misery and crime, temporal and eternal death as the results, and should be condemned by all who have the temporal and eternal welfare of

Therefore resolved, That this Convention, while it most emphatically disapproves of the exhibition of such drinks in this city at the Exhibition held last Sept., and the action of those who had the management and control in allowing it to be done, now asks those who have the management and control of the Exhibition to be held in this city next month, viz., the Exhibition advertised as "Canada's International Exhibition, St. John, N. B., to commence on the 14th September, 1897," to positively exclude from said Exhibition all exhibits of intoxicating drinks, and all advertisements of such drinks, so that the money of the citizens of St. John, and that of the Province of New Brunswick, given with the consent of the people for the purpose of encouraging trade, commerce and manufactures calculated to benefit society may not be used to enable men to advertise and recommend that the use of which is hostile to our social, political and moral welfare, and in all its forms evil and evil continually.

And further resolved, That the declarations in this resolution are equally applicable to the Exhibitions to be held in Halifax, N. S., and Charlotte-

He was born at New Canaan, Queen's Co., N. B., Oct. 15, 1829. He was baptized by the Rev. James Bleakney, uniting with the New Canaan Baptist Church in 1842. About fifteen years later he felt he could no longer resist the Lord's call to the work of the christian ministry. Could no longer resist the Lorus can to the work of the outstan innerty. #### D. W. C. DIMOCK, M. A.

On the 13th day of Oct. this venerable father in Israel heard the call of the Master and entered into his rest. Like a shock of corn fully ripe, and very fruitful, he was gathered home.

Mr. Dimock was converted in early youth, and it soon became apparent that the gifts and calling of God, which in turn made sturdy and successful preachers of the gospel out of his father, his grand-father, and his greatgrandfather before him, were to find in him a worthy heir to this divine family legacy. With the belief that God's call to the ministry includes also a call to prepare for it, he entered Acadia College to receive mental training, and at Chester, on Dec. 6th 1841, he was ordained and publicly set apart for the christian ministry. His father preached the ordination sermon from the text in Tim. 2: 1, "Thou therefore my son be strong in the grace that is in Christ Jesus." Shortly after his ordination Bro. Dimock became the pastor of the mother Baptist Church, of Colchester county, the Onslow church. With headquarters at Onslow, he labored all over a parish that reached from Five Islands on the west, to the county line on the east, and from Tatamagouche on the north, to Stewiacke on the south. Here he labored with great success for about 16 years. Churches sprang up and grew strong under his faithful oversight, and the highest honors of his denomination were upon several occasions conferred upon him.

In 1872 Acadia conferred on him the honorary degree of M. A. In 1858 he became the pastor of the Truro church, then newly organized—his pastorate continuing for about 14 years. Three years at Billtown closed his active work in the pastorate. His last years were spent in the home of his children in Truro, and from this comfortable home of his son he was called into the mansion of his Father.

#### REV. I. R. SKINNER, B. A.

Three days after the departure of Bro. Dimock this devoted servant of the Lord was also called into higher service, Oct. 16th.

He had come with his family to the home of his boyhood at Weston, Kings Co., N. S, to attend the Convention last August. But almost immediately upon his arrival home he was stricken down with disease of the heart, from which he was not to recover.

Bro. Skinner was born at Weston in 1846. At the age of fifteen he was converted, and baptized by Rev. E. M. Saunders, D. D. It was at this early period that he determined to devote himself to the ministry of the Word. He graduated from Acadia College in the class of 1873, and became assistant to Rev. Dr. Steele in the pastorate of the Amherst church. After two or three years in Amherst he was called to the pastorate of the church in Andover, N. B., where he was ordained in 1876. At River Hebert and Wittenburg, N.S., he spent fourteen prosperous years. Three years before the day of his departure he was called to the pastorate of a group of churches in Charlotte Co., N. B. Here he settled at Oak Bay, and after three delightful and successful years of work, his pastorate ended on the same day of the month on which it had begun, by his removal to the service that never ends. In all these pastorates our brother greatly endeared himself to his people. Faithful in the work God gave him to do, tender and sympathetic in his ministrations, Christ-like in his character, consecrated to the service of his Master and those for whom he labored, his memory will be long and lovingly cherished as a good minister of Jesus Christ.

after a tedious year of suffering, on Nov. 22nd passed to "the rest that remains for the people of God." Mr. Hughes was born in what is now called Cambridge, lower part of Grand Lake, Queens Co., N. B., on the 17th January, 1832. In the spring of 1850 he experienced a change of heart, and in the autumn of the same year he was baptized by the late Rev. James Trimble, at the Narrows. He was an exemplary young man, keeping up family worship in his father's home until he entered fully upon his Master's work, for from the time of his conversion he was impressed with a strong conviction that it was his duty to enter the Christian

He spent some time in study under Dr. Spurden, after which he accepted a call to the Baptist church at Mangerville, where he was ordained in Oct.,

Bro. Hughes was a faithful minister of the New Testament, and the constant consistency of his life added emphasis to his ministry, and made him more than ordinarily successful as a winner of souls. He rests from his labors and his works follow him. His daughter has gone forth, in the spirit of her father, to tell the gospel story to the perishing heathen.

#### REV. AARON COGSWELL

had his birthday in Kings Co., N. S., on the 26th of May, 1820. He was converted at the age of 18, and baptized by the Rev. E. Masters. At this early age he entered upon his life's work in the public ministry. opportunity for education at this date in these provinces was quite limited, and the demand for intellectual culture not as imperative as at the present day. Our educational institutions at Wolfville were just begining to supply for the Baptists the needed aid. Bro. Cogswell entered upon his studies there, at the same time supplying for the church at Hantsport. His educational plans however soon gave way to a pressure to give all his time to the direct work of the pastor. He was ordained over the Port Lorne and Hampton churches

The ministry of Bro. Cogswell was characterized by intense zeal. His early religious convictions and training were under the old "New light" regime, and his religious experiences and preaching were true to type. The three R's of the gospel supplied the theme of his sermons-Ruin by the fall, Redemption by Jesus Christ, and Regeneration by the Holy Spirit. When under the special influences of the Spirit he would give no uncertain sound on these subjects, in his own impassioned manner, with wonderful effect. His ministry was crowned with extensive and powerful revivals. It was the custom of his day to associate with neighboring pastors in special services, known then as "protracted meetings." great religious awakenings. Bro. C.'s gifts and graces were well suited to these methods of work. On the 24th day of Dec. Bro. Cogswell was called home, in the 68th year of his age.

### REV. DAVID BLAKNEY

died at Elgin, N. B., on the 15th March, in the 78th year of his age. He did not enter the regular ministry until he was 39 years old, but for a number of years prior to this he did the work of a calporteur. He loved the word of God and faithfully sought its distribution, and failed not to press its claims upon those to whom he sold it. Bro. Blakney was ordained pastor over the church at

Caledonia, Albert Co., N. B., in the year 1858. During his ministry he did some valuable work in destitute places. He was a man of great power in prayer. His faith in the eternal purposes of God was strong. His theology was strongly calvanistic. He sought to glorify his Lord in life, and when the end came he was ready to depart and be with Christ which is very far better.

#### REV. R. R. PHILP, B. A.,

was born in Halifax, August 1st, 1824, and born again in the 21st year of his age. He was baptized into the fellowship of the Granville Street Church, March 12th, '45, graduated from Acadia in 1856 and ordained at Margaree, C. B., in October of the same year.

After spending one year at Margaree and about four on the Port Medway field, during which periods over 100 souls were added to the churches by baptism, he took up his residence in the City of Haliax and labored most energetically in the surrounding churches of the county. Hammond's Plains, Sackville, St. Margaret's Bay and Indian Harbor shared the benefits of his labors and were all blessed by his ministry. After spending a year at Hebron and another at Antigonish and Guysboro' he was called to Maitland, Hants Co. While at Antigonish, all in the congregation over eleven years of age were added to the church. After two years of service at Maitland he accepted the position of Inspector of Schools for Hants.

Two crushing trials came into our brother's life—First, the loss of his devoted wife, and nine months afterwards the total loss of his eyesight. Thus bereaved of the light of his home and the sight of his eyes, and with three little girls to care for, with heroic faith he faced the conflict, having made his home in the City of Halifax—his native city. Cheerfully and resolutely, with confidence in God that seemed to be unwavering, he went on in darkness, training and educating his children—making periodical visits among the churches, proclaiming with much acceptance the gospel that saved and sustained himself.

On the morning of the 19th of April our brother passed peacefully away from what has been to him, for about 20 years, a land of perpetual physical darkness to the land of unclouded light.

The three daughters whom he fathered and mothered, and who, in turn, most affectionately ministered to him, are consistent, honored and active members of the church into whose fellowship he was baptized and in whose fellowship he died. Two of them are teachers in the public schools of Halifax.

"As to the statistics of the Sunday schools, you will be able to judge from

the reading of the Association letters. We believe there has been a growth Our churches are realizing that in the Sunday-schools there are great

possibilities for good.

They are realizing that if our church members of fifteen, twenty, twenty-five years from now are to have a knowledge of God's word, the Sunday school work must be done faithfully and well.

It was because this feeling was upon the hearts of our people, that the N. B. Baptist Association was founded. It was founded in response to a real need of our people. We hope it will receive their enthusiastic support. It would be indeed a sad thing if we, as Baptists, had always to seek

counsel and direction, yes, and submit to dictation too. We have got beyond it in other lines, and we believe that in the future our Sunday-

schools will be increasingly effective and to this end the Association have in prospect the engagement of a Field Secretary, that the Association may be brought into touch with the schools, that it may be helpful to them in the highest degree. As to lesson helps, we share the common pride that all Baptists feel when lesson helps are mentioned, for we believe that the series of graded helps from the Baptist teacher to the Primary Quarterly published by The American Bap. Pub. Society stand at the head of Sunday School helps.

A Baptist school which uses Cooks helps or other colorless denominational literature loses much, especially loses whatever opportunities are given by our international lessons to indoctrinate the children with our distinctive New Testament principles.

G. R. Baker, Chairman.

This report was favorably spoken to by Rev. J. Coombs, J. H. Hughes, Bro. C. W. Barton. Report unanimously adopted.

Upon motion, the report of the Committee on Arrangements was accepted.

Resolved, That the deed of trust to the Andover Baptist church be accepted.

Motion carried.

The report on Grand Ligne by C. W. Townsend, was read by Rev. J. W. S. Young, as follows :

We regard the problem of the evangelization of the Roman Catholics of the Dominion of Canada as of the utmost importance to all patriotic Protestants, Christians, and especially Baptists.

From whatever standpoint it is viewed, it demands our most serious and

prayerful attention. We believe that the Grand Ligne Mission has made a wise, noble and largely successful effort to solve that problem, and is worthy of our hearty sympathy and support.

We, as New Testament Christians, stand at the very antipodes to Rome in doctrine, policy and practice, and are therefore the best qualified to counteract its evil influence and win its superstitious votaries to a purer faith and a higher life. It has been well said that the way to mend the bad world is to create the good world, and assuredly the best way to overthrow error is to proclaim the truth. Give the word of God free course and it will run and conquer. In order to its triumphant progress, workers are needed to prepare the way of the Lord, and funds are urgently required to equip and maintain such workers.

Your committee would respectfully submit the claims of the Grand Ligne Mission to the generous consideration of our churches.

Many of them are already interested in its efforts and have responded liberally to its appeals for help. We pray that the interest of this great work may become more deep and universal, and that the amount raised for its prosecution may be greatly increased.

Signed in behalf of Committee,

C. W. TOWNSEND, Chairman.

# MINUTES OF N. B. SOUTHERN ASSOCIATION.

# Saturday Afternoon-Second Session.

Opened with prayer by N. B. Cottle.

The reading of church letters was first taken up, on completion of which it was suggested that an additional question in letter form,—How many copies of the *Messenger and Visitor* are taken by the members of the church ?—would be advisable.

Rev. J. H. Hughes presented the Report on Obituaries. Rev. I. R. Skinner was the lamented subject of the report, which was followed by appreciative words by Rev. G. O. Gates, speaking from the classmate's standpoint, and by John Lever, as an office-bearer in the church over which the deceased was pastor previous to his death.

The report of the Committee on publishing the Minutes was read and the balance ordered to be paid.

A motion, expressing the prayerful sympathy of the Association was fittingly tendered by the Moderator to the esteemed pastor of Bridgetown Baptist church, Rev. F. M. Young, who had just buried his beloved wife in this, his native place.

An additional report by the Committee of Arrangements was adopted.

#### Monday Afternoon.-2.30.

The Secretary read a letter from the Halifax district committee recommending a change of the time of our Annual Meeting in order to keep in closer touch with the other Associations. The matter was discussed at considerable length, the same having been tried on a former occasion, which did not work satisfactorily to all concerned but on motion it was resolved that the churches close the years work in June in order that the business of the Association can be accounted for in the Convention reports.

A committee was appointed to locate a suitable spot to erect a monument to commemorate the memory of Father Preston the organizer of the Association. The Church Yard at Preston was looked upon as a suitable place. When all the churches throughout the Association were expected to contribute as liberally as their means would allow.

Session closed with Benediction by the Moderator.

#### Report on Missions received.

Missionary meeting opened by singing Hymn 623 from the Psalmist "Take the name of Jesus with you." Prayer by Rev. A. Clements. A short sermon was preached by Rev. J. A. Smith followed by Rev. Clements, and several others. Text chosen— Luke 24 : 27 "And that repentance and remission of sins should be preached to all nations beginning at Jerusalem." The addresses were spirited and profitable as the need of means to do Missionary work was largely debated. Very good singing was rendered by the audience.

Services closed with Prayer and Benediction by the Rev. John A. Smith.

A collection was taken and forwarded to the Home Mission Secretary.

# Tuesday Forenoon Session.—Sept. 7th 9.30.

Session opened with prayer by the Moderator. Minutes of previous session read and approved. Report on State of the Denomination received and discussed. Never was there a time that our Churches in the Denomination are more threatened by invasion than the present, which necessitates our Churches to look well after their young people. The committee earnestly urged upon the delegates the importance of advising their young to establish Young People's Societies among themselves thereby strengthening their own Church home. Also to contribute as freely as their means will admit to denominational work through the Mission Board this being the great lever which moves the work to a successful issue, especially when we can see with open eyes the desire of the Home Mission Board to assist.

Report of Committee on Education received and discussed. The needs of an educated Ministry are severely felt from a race standpoint and it is hoped that our young men who are now attending the various places of learning will turn their attention thitherward to their better equipment than in the past.

Report on Obituaries received and discussed. One licensed brother, James Downey, who for over fifty years was a member and exhorter in his Church had passed from labour to reward. Humble in his office, meek in his general deportment; always ready to do what he could for his Master, his life was one of a humble child of God. True to his convictions, nothing could

Session closed with Prayer and Benediction by Rev. A. Clements.

#### Tuesday Afternoon, Sept. 7th.-2.30.

Opened with prayer by Rev. Clements. Minutes of previous session read and approved. Report on Sabbath Schools was presented, and fully discussed. The great needs of Sunday Schools being established in every church, was forcibly debated by brother Joseph. The speaker showed the importance, the needs, and the possible good that would result, where in many of the churches, preaching is held but once on the Lord's day, the Sabbath School would fill an important gap. Other speakers also supported the Chairman, when they hoped every church in the Association would report a school in their midst by next yearly report.

Circular letter written by Rev. Clements was read by him, its importance discussed and by motion ordered to be printed in the minutes.

Committee on Temperance reported. This report had a good airing, it being apparent that although the avenues seemed closed against the nefarious traffic, yet a large and elusive trade is carried on by the violators of the law. No measure has been adopted by the legislature to prohibit the increasing evil. We will hail with joy the day when the Prohibition Act shall pass in the Dominion Parliament.

The invitation from the Cornwallis Street Church, Halifax, for the Association in 1898 was accepted.

The same number of copies of minutes was ordered to be printed as last year.

Voted that Rev. J. A. Smith write the Circular letter.

Session closed with Prayer and Benediction by the Moderator.

#### Tuesday Evening Session. \_7.30.

Temperance Meeting opened with prayer by Bro. Jacob Flint, Text chosen for the subject, Prov. 17: 29, "Who hath sorrow, who hath woe." Bros. Wm. Joseph, Jacob Flint, Rev. A. C. Clements, and Smith, all took part in the Temperance discussion which was profitable, and pleasant. The meeting was largely attended. Much earnestness manifested by all present.

Session closed with the Benediction by Revd. Langford.

Rev. W. H. Warren, chairman of Pledge Committee, reported as follows :----

"Your Committee beg leave to state that in their opinion it would be nowise to recede from the position, taken by our B. Y. P. Union from the first respecting the Pledge. In a large measure the Pledge has become inwoven into the texture of our Young People's work. Many societies have for years maintained it with a fair degree of fidelity, and others, whilst hesitating to formally obligate themselves to keep it, are nevertheless impressed by its simple and reasonable statement of duty. We would therefore recommend, that the Pledge be retained, as at least a continued object lesson for our young people, leaving to individual societies the right of deciding for themselves, whether they shall at once adopt it formally, or retain it as an ideal pledge for future adoption."

Report adopted.

The discussion re-Executive Committee's expenses was resumed after a large number had taken part, the question was called for The motion passed almost unanimously.

#### Tuesday.-1.15 p. m.

Meeting opened with singing and prayer. Minutes of morning session read and adopted.

The following resolution was moved by Rev. C. P. Wilson, seconded by Rev. J. G. A. Belyea.

Resolved, "That we consider the advisability of securing an efficient man, to visit the Unions of the Convention, with a view of arousing greater interest in the Master's work and also organizing new Unions; also to assist in Sunday School work, so far as he possibly can."

This was laid on the table for one year.

Rev. C. W. Corey read the several resolutions, prepared by the committee. These referred to the generous entertainment which had been accorded the delegates. The kindness shown by pastors and young people throughout the city. The pleasure of having Dr. Chivers present with us and thanking all who had contributed to the success of the meetings. An expression was also given of the attachment of the young people to the educational interests at Acadia, and pledging hearty support of them. Appreciation of the efforts of the Messenger and Visitor to advance the interests of the B. Y. P. U. and attachment to the Baptist Union, with a plea for the publication of the C. C. courses in separate sheets, as a means of extending the scope of these studies. The following resolution passed unanimously.

Resolved, That we express our hearty appreciation of the work done during the past year by our Executive Committee, with special mention of the indefatigable efforts of our President, Secretary, Treasurer and Editors.

A letter from the Rev. A Grant, referring to the engaging of an evangelist, was referred to the Executive Committee.

The Convention then adjourned to meet at the call of the Executive. Closed with prayer.

## BAPTIST YOUNG PEOPLE'S UNION.

# REPORT OF THE SECRETARY.

DEAR BRETHREN: --I am sure it will not be regarded presumption, for me to say that a measurably successful year has just closed. The watchword of the International B. Y. P. U. for the year has been "co-operation," and to a considerable extent the spirit of it has been realized throughout our constituency, and a degree of progress is manifest along most all lines

#### MEMBERSHIP.

At the last annual meeting, (122) one hundred and twenty-two societies were enrolled; of these, (95) ninety-five have sent in statistics this year. Some of the non-reporting societies are among our most flourishing, and we have reason to believe that others are as well doing good and efficient work. But we would emphasize the importance of collecting and forwarding statistics from every Young People's Society within the bounds of this Convention. We are making history, and such data is of real worth.

The membership of the reporting societies is (4470) four thousand four hundred and seventy. The reports indicate the organization of fourteen new societies, and as none have been reported to me as defunct we may infer that there are about one hundred and thirty-five societies in the Maritime Union, with a probable membership of (6,000) six thousand or more.

#### ASSOCIATIONAL UNIONS.

There are (6) six Associational Young People's Unions within the bounds of the Maritime Convention. The N. B. Western alone is un-organized to-day. The N. S. Eastern B. Y. P. U. was organized in 1893. During the past year or two it has been dormant, but this summer it was resusitated at New Glasgow with a hopeful outlook for good work. In the absence of the Associational Secretary from the E. N. B. Association, at Albert Co., in July, and a vigorous union was organized.

We believe that through the Associational organizations our work can be much more efficiently carried forward, and the limits of our broad field thus be cultivated.

#### JUNIOR WORK.

The junior work in our churches does not seem to have that general impetus that it would seem to merit, as but nine (9) reports from junior societies have been received. There are a few other such societies, but this department is not generally taken hold of by our workers.

#### THE C. C. WORK.

We have to yield the "Palm of Victory" this year in our C. C. Work. The students reported are (71) seventy-one in the Bible Readers course, (16%), one hundred and sixty-six in the Conquest Missionary course, and (730) seven hundred and thirty in the Sacred Literature course. There are doubtless several others not reported. The official returns from Chicago give the number of successful examination papers in the different courses as follows :--(51) Fifty-one in the Bible Readers course, (45) fortyfive in the Conquest Missionary course, and (207) two hundred and seven in the Sacred Literature course. It will be of interest to the Maritime Union to know that the Records at Chicago show over (600) six hundred persons in the Maritime Provinces have begun the C. C. Work and taken up one, two or three departments and then dropped out. Of these (450) four hundred and fifty are from Nova Scotia, (100) one hundred from New Brunswick and (60) sixty from Prince Edward Island. Our Christian Culture work being second in importance in no particular, but rather the

distinctive feature of our organizations, the reason for this decrease in student enrolment is a matter worthy of consideration by this delegation.

May we not reasonably conclude that a very much larger number in our churches participate in the benefits of these courses ?

#### SURVEY.

The reports indicate that the utility of this movement in our churches is being recognized more and more each year. Our young people are being stimulated in service and are coming to apprehend the possibilities of their time and are cheerfully enlisting their energies towards the advancement of the Masters reign in the land, through our own existing denominational agencies. Our young people in greater numbers are turning towards our own "Acadia" while our institutions of learning have an ever increasing large place through the Young People's Societies in our churches.

Indeed it seems manifest that God is very signally using this movement among the young life of our churches to the building up of a more intelligent devotion of our denomination to His cause.

#### Fraternally Yours,

H. G. ESTABROOK.

#### REPORT OF THE EXECUTIVE COMMITTEE.

The Maritime Baptist Young People's Union has now completed the fifth year of its existence, the organization was effected at Bridgetown, N. S., Aug. 19th, 1892. Dr. F. L. Wilkins, Gen. Sec'y of the B. Y. P. U. being present as organizer.

Five annual conventions have marked the periods of its advance, and we are gathered for the sixth. Then, our members were but small, to-day we constitute a host of over six thousand young people organized within our churches, having a single purpose as expressed by the object of our organization.

#### MEETINGS.

The only full Executive meeting during the year was held in Moncton, Nov. 17th, 1896, when the different matters of the year's business were carefully considered.

Individual members however have come together at different times and places as occasion offered, and in this way, together with a voluminous correspondence, the work of the year has been kept constantly before us and thus mutual help has been afforded in carrying it forward.

#### NOTABLE FEATURES OF THE YEAR'S WORK.

#### 1.-Constitution.

The International State Constitution not being suited to our needs, one has been specially drafted for the Maritime B. Y. P. U. Copies were sent to several prominent B. Y. P. U. workers throughout the provinces. Profiting by the suggestions and criticisms thus gathered, the constitution has been printed in present form for your adoption at this Convention.

#### 2.-Programme.

In accord with the direction of the Convention last year, the programme now in distribution amongst you has been arranged for the present gathering. ordinarily at our disposal, upon receiving a cordial invitation from the Baptists of Union St., St. John, to their commodious and beautiful house of worship, and to enjoy their hospitality for one day prior to the usual gathering of delegates to the Maritime Baptist Convention, the programme was arranged to commence with Thursday and extend over Friday. It seems unfortunate that when complete an unforseen difficulty should arise, due to our Friday programme conflicting with that of the Ministers' Institute which meets at the same place and hour. We regret that such a misarrangemeat should be made, but trust that an harmonious re-arrangement may yet be effected between the Young People and the Ministers' Institute, as both societies are upon the ground.

We congratulate ourselves on being able to announce the Rev. E. E. Chivers, D. D., Genl. See'y. of the B. Y. P. U. as occupying a prominent place upon our programme. We look forward with bright anticipations for his visit at this time. He will receive a whole-hearted welcome at our

Special arrangements have been made to realize the largest possible good from the morning social meetings throughout the entire Convention.

Pastor H. F. Adams of Truro, and Rev. Dr. Trotter of Wolfville have respectfully assumed charge of the conduct of the 6-7 and 9-10 series, which arrangement is for six consecutive days. The speakers and subjects are according to their arrangement. The leading thought of the 6.7 series is "an intelligent devotion"; that of the 9-10 series being "a devout intelligence." It is hoped that the subjects as arranged will furnish courses of a helpful character to the seeker after the truth.

#### EXPENSES.

The importance of our work as a Young People's Union in our churches is so great that your executive feel that some better means should be provided for its extension. The financial problem with us is perhaps the one of greatest moment just now. There being no provision made whereby your officers in the discharge of their duties can be reimbursed for the expense they are under especially in attending one or more of executive meetings in the year. We suggest that steps be taken at this gathering to have this obstacle to our more efficient work in so far as possible removed and that such expense be born by the Maritime Union.

## OUR COLUMN AND THE BAPTIST UNION.

During the year your committee have endeavoured to place all of their work before the people through the B. Y. P. U. column of the Messenger and Visitor. We believe that this column should be a bureau of information from all our Unions, and would urge upon all our workers the desirability of making the most of it, thus standing by our editors in the truest sense. We wish to place on record our appreciation of the extra interest manifest in our work by the management of the Messenger and Visitor in arranging for us a special B. Y. P. U. number of that paper. We wish also to express our satisfaction in the work being done by the

editor of the Baptist Union and of the policy being adopted by that paper that is destined to make it a very potent factor towards the closer federation of the Baptists of the entire continent of America.

The statistics and minutes of Associations have been received by your committee with so much delay as to preclude a careful study and analysis of the results shown by them. This, however, is a task which every reader of the Year Book may pursue for himself with much profit and advantage, especially if the statistics for a number of years past are carefully compared. Such a study will throw great light upon the state of the Denomination and upor the state of religion in the Denomination.

One matter suggested by the statistics may be mentioned as cause for serious reflection. In 1895 the additions by baptism were 2729; in 1896 they were 2580, and this year 2324. Why this decrease? "Is the Lord's Arm shortened that He cannot save?" Or is the fault ours? Have we given ourselves to the work of Christ with as much devotion as we should have done? Have we as a Denomination holding principles which distinguish us from other bodies and which principles we regard as founded upon the divine word, have we stood for these principles as we should? Or is there a tendency among us to sink our individuality and go with the multitude?

It is always profitable to review our past. "Tis greatly wise to talk with our past hours and ask them what report they bore to Heaven, and how they might have borne more welcome news." 'Tis greatly wise at times to call a halt and pass before us all our short-comings, all our lack of faith and devotion, all our neglect of opportunities.

We therefore recommend that the first Sunday in December next be set apart in all our Churches as a day for review of God's dealings with us during the year, for thanksgiving to Him for all His manifold mercies, for humiliation for our lack of earnestness in His service and for prayer that the incoming year may be marked by the outpouring of greater blessings than any that have preceded it. And we further recommend that the same subject be introduced at all our Prayer or other Social Meetings during the same week.

Aug. 1897.

Respectfully submitted,
