

BLOCKERS LAST DEFENCE IS SHATTERED

Debate at Ottawa is Only Matter of a Few Days Now.

Naval Bill will be Passed and Sent to The Senate—Yesterday's Proceedings.

OTTAWA, April 10.—The feature of the debate on the closure resolution yesterday was the speech of Mr. Meitzen. The member for Passage la Prairie, recognized as one of the ablest debaters in the House, battered down the last of the Liberal defences. His speech was a brilliant and powerful review of the whole history of the closure in British Parliaments and a remorseless demolition of the arguments put forward by the obstructionists.

Mr. George W. Kytte (Richmond) concluded the speech begun by him last night, making the extraordinary statement that such charges as that recently made against the Secretary of State could be prevented under the proposed changes in the rules. He was followed by Mr. J. A. M. McKens, K.C. (Brandon), who sketched the closure systems adopted by various Continental Parliaments. Mr. P. B. Carvell (Carleton, S.B.), one of the leading obstructionists, attacked the closure on several technical grounds, and indulged in a bitter personal attack on the Prime Minister and the Minister of Marine and Fisheries. Later in the sitting, Mr. Carvell having absented himself from the chamber, missed being reminded of his own declaration in favor of the closure in 1908. This declaration formed one of the many points raised by the member for

DUCHESS IMPROVING

LONDON, April 11.—The Duchess of Connaught, wife of the Governor-General of Canada, after her operation yesterday for intestinal obstructions, passed a good night. She continues to make satisfactory progress toward recovery.

Offer to Amundsen.

NEW YORK, April 11.—A report published from Christiania, Norway, is to the effect that the United States Government has offered Capt. Amundsen, when he starts on his North Pole expedition, the honor of allowing his vessel, the Fram, to be the first other than a warship to pass through the Panama canal. The Fram is now in South American waters.

The Courier Pays Cash And Pays on the Spot

One Instance of a Competitor Getting Paid For His Work—This Isn't a Fame and Glory Contest.

The Courier "Square Deal" Campaign is very properly proving to be a hummer. All of us like a FAIR RETURN for any work we may do, and this paper is paying liberally in cash for each new subscription and renewal.

Here is a sample illustration: Books to competitors were issued on Monday. Last (Wednesday) night, at 7 o'clock, a man walked in with SIXTEEN NEW subscribers and two renewals. Right on the spot he was HANDED IN CASH \$4.25 for doing that.

He'll bring in more, and will get the good old "rhino" every time. In addition he stands a chance of getting one of the VALUABLE SPECIAL PRIZES, which have a total worth of over \$400. Now this man is busy at work each day, and what he achieved was accomplished in two nights after hours.

In other words, he earned over \$2 cash per night on top of his regular pay, and DIDN'T LOSE ONE HOUR of his regular employment to do it. He brought in the names, and within a few seconds the "stingo bing" was IN HIS POCKET.

Can you beat that? And remember that it doesn't matter at what period you enter this contest. Get in as early as you can, of course, but remember that even if you are a little late in starting, you will be HANDSOMELY RECOMPENSED IN CASH for all that you do.

There are no blanks and no top-notch competitors who get it all and the majority nothing. The paper in itself is very handsome value for the subscription price, and, what's more, THE SALES in the book stores and on the streets most emphatically show that the public realize the fact. GET TO IT!

Man and Woman Fight Duel

[Canadian Press Despatch] FORT WILLIAM, Ont., April 11.—Mrs. M. Benjamin, 18, a Persian, and Sam Jacobs, 29, fought a duel with knives in the woman's home yesterday. Both are in the hospital, the woman with gash in the abdomen and the man with 13 wounds in his chest and stomach. The woman may recover, but the man has little chance. Mrs. Benjamin stated Jacobs attacked her.

OTHER CHANGES ARE ASKED BY HOTELMEN

Every Licensee in Brantford Attended Meeting Yesterday.

Demands On Government Formulated at Big Meeting.

Every hotelkeeper in Brantford and dealer, with one exception, attended the meeting of Licensed Victuallers in Toronto yesterday. It was not expected that the changes in the Liquor Act would be introduced into the Ontario Legislature until the Association had been heard, and the members were surprised yesterday in Toronto to learn that Mr. Hanna had introduced his bill on Thursday night.

A Toronto despatch re the convention says: Such a large number of hotelmen from all over Ontario answered the call of the executive of the Ontario Licensed and Allied Trades Association to meet in special convention at St. George's Hall, Toronto, that there was not space to accommodate them, and Association Hall had to be utilized. There were over 1,200 members present, and the speeches were of a uniformly militant character. The drastic changes in the License Act proposed by the Ontario Government have aroused the trade to the necessity for defensive organization, and an organization fund of \$150,000 was guaranteed by members present. A strong resolution was passed protesting against further curtailment of business opportunities.

President James K. Paisley of the Grand Union Hotel, Ottawa, and 11 others were appointed a committee to wait on the Government to-day. They will decide definitely on a course of action, the convention giving them "carte blanche" to do what they thought best towards the general advantage of the trade.

A "deputation" will approach the Government to-day and present the following resolutions: "That law be enacted to prevent newsboys and women operating hurdy gurdies from entering hotels."

"That compensation be provided out of the revenue of the Government from the liquor interest for hotelkeepers who lost licenses without costs."

"That all those on the 'Indian list' be photographed and copies sent to bartenders."

"That cars be allowed to remain open until 11 o'clock p.m. Saturdays."

Explanation Re Detroit Trip Will Be Demanded

"Does the Industrial Commissioner run this board, or does the board control the Commissioner?" This query was put by a member of the Greater Brantford Board of Directors at a meeting this week, when the recent trip of Mr. C. H. Emerson to Detroit was under consideration. Apparently Mr. Emerson had informed the board that he was going to Detroit, and the board had not been consulted as to the necessity of his going. The directors did not like it. It was suggested that Mr. Emerson's jaunt included London in its itinerary, where there is a vacant commissioner'ship, and for which position, it has been announced, Mr. Emerson has applied.

Mr. Emerson was expected to return to the city this afternoon, and his trip will be a matter of discussion at a meeting of the directors which will be called for that purpose. There has for some time been a feeling of dissatisfaction among the subscribers of the Greater Brantford Board with Mr. Emerson's services, and it is known that the directors themselves are none too pleased with results.

BEGS LIBERALS TO DROP OPPOSITION TO NAVAL BILL AND LET IT GO THROUGH

SEEDING IN THE WEST

[Canadian Press Despatch] WINNIPEG, April 11.—Seeding will be general in Manitoba by the middle of next week. This would be very nearly the same day as last year, April 15. In a very few districts the snow is still on the ground, but is rapidly disappearing. Seeding operations are delayed more by wet fields than from weather causes, although in some districts rain-falls have delayed the farmer after the usual spring moisture had dried up. Little wheat seeding has been done, but discing, harrowing and a general increase in the plowed area is reported from some localities.

MR. A. C. LYONS BUYS PROPERTY

Dalhousie Street Block Changed Hands Yesterday at Big Price

An important transfer of property transpired yesterday afternoon where-by Arthur C. Lyons purchased the property on Dalhousie street owned by Jeremiah Hurley and recently occupied by implement agents, and at the same time was used by the Brantford Screw Co. The ground floor of the building is at present leased by the Brantford Autocycle Co., and the second floor is used as a lodge room. The price involved was a substantial one.

SOME CASES ARE FAILURE

Results of Dr. Friedmann Cure in Toronto Announced To-day

[Canadian Press Despatch] TORONTO, April 11.—That in some cases at least of the tuberculosis cases treated by Dr. Friedmann in Toronto there has been a failure to produce the beneficial results expected is practically admitted at the Toronto-General Hospital. The coming of the much-heralded German physician was hailed with joy as the coming of health to those who had become the prey of the white plague. With eagerness they crowded to his clinic and felt the stimulation of hope. But with the passing of the days for some the hope has not been realized and they find themselves struggling again in the slough of despond.

Dr. Clarke, superintendent of the General Hospital, is preparing a report on the result of the Friedmann tests. His attention was called this morning to the reports of the collapse of patients in Montreal and New York who had apparently made a start towards recovery after treatment.

"What is the condition of the patients here" he was asked. "There has been no change," he answered.

"No change one way or the other?" "No."

"There were some who made temporary progress here?" he was asked. "It seemed so," was the not too hopeful answer; "but I will have the whole report on the matter shortly."

It is known that some of the patients whose former treatment had been abandoned after the Friedmann injection have again been placed under the old treatment.

NEW SHOVEL A NECESSITY

Ald. Suddaby Will Call Special Meeting to Buy New Steam Shovel.

Ald. Suddaby, Chairman of the Board of Works, announced this morning that a special meeting of the board would be held in connection with the purchase of the new steam shovel for the city. The machine, which was put into operation by Secord & Sons yesterday on the new post office construction, is working excellently, and it is claimed to reduce the cost of excavation by 50 per cent. Ald. Suddaby is anxious to secure a shovel for all round work, such as taking gravel out of the river, grading streets, etc. One is required that will lift 34 of a yard. The cost, it is estimated, will be around \$4,000. At the meeting of the board of works last night only routine business was transacted. The members were getting ready for a busy summer in local improvement work.

Spring showing of boys' suits, bloomer style, at \$4.95 to-morrow at Ludlow's, and a cap free with every suit.

STREET CARS RUNNING UNDER MILITARY GUARD IN CITY OF BUFFALO TO-DAY

Authorities Decide to Take Action To Bring About a Settlement—The Entire Service of 300 Miles is Tied Up—Only Ten Miles in Operation.

[Canadian Press Despatch] BUFFALO, April 11.—A conference between the representatives of the striking car men of the International Railway Company, President E. G. Committee of the company, and Mayor Louis P. Fuhrmann, held at noon to-day, failed to break the deadlock between the opposing factions. Another meeting will be held at 4 o'clock.

[Canadian Press Despatch] BUFFALO, N.Y., April 11.—With street cars running under military guard over only ten miles of the International Railway Company's 300 miles of tracks, and a general strike of all union labor in the city threatened, strong influences were brought to bear to-day upon the corporation and its striking car men to reach an agreement upon which questions of wages and hours can be arbitrated. Mayor Fuhrmann sought to reopen the negotiations, but the strikers, last night upon the one issue of recognition of the strikers' union by the railway company, and Governor Sulzer, through the state board of mediation, began an investigation of the whole strike situation. The railway company has published page advertisements in all the newspapers calling the attention of the public and its former employees to the terms upon which the company agrees to settle the strike. These are briefly, the re-employment, unconditionally, of every man in the service of the company on the day before the strike was declared, "whether he belongs to a union or not," discussion of complaints, grievances or troubles of any character with a committee of its employees, after the restoration of its service and finally arbitration of differences upon which this committee and the company fail to agree. They also agree to a board of three arbitrators, to be chosen in the usual way instead of having the mayor as sole arbitrator.

These terms are regarded as the company's ultimatum. President William D. Mahon, of the union, to-day reiterated his determination to continue the strike unless the disputed questions in regard to hours, wages and re-employment of men are taken up with a committee of the union.

In Court Now. District Attorney Dudley announced to-day that in response to complaints of citizens, he would at once present to the grand jury, now in session, evidence on the question whether the railway company has violated the law requiring it to train motorists at its power house and then station them on the platform of the cars with them for a period of 15 days as a skilled instructor.

Subpoenaes have been placed in the hands of the Sheriff for a number of the strikebreakers, and the policemen who have been riding on the cars as guards since the strike began.

Members of the state mediation and arbitration board, who are here to conduct the public investigation ordered by Governor Sulzer, stated that the probe would be opened to-morrow morning if the trouble is not declared off by that time.

LOFT BUILDING SYNDICATE FORMED

Brantford Men See Favorable Chance for Investment in Scheme.

A local syndicate has been formed which will undertake the erection of industrial loft buildings in this city. The syndicate, which will be in the nature of a private company organization, will, however, be of great assistance to the scheme as launched by Mr. Bunnell and other directors of the Greater Brantford Board recently. The scheme is to provide buildings or flats of buildings to infant industries until such time as those industries are able to undertake the erection of their own plants. The revenue derived from rental is such as to make the investment of private capital in such a scheme attractive, and a number of local men have decided to act upon their own initiative. Two or three prospective sites for the buildings to be erected are under consideration, but have not yet been secured. An announcement of the definite plans of the syndicate is expected in the course of a day or two.

WOULD DEPORT SUFFRAGETTES

The American Women Might be Considered Undesirables in England

[Canadian Press Despatch] LONDON, April 11.—It is understood that a member of the House of Commons who is friendly to the cause of woman suffrage intends to ask Reginald McKenna, Home Secretary, next week whether he is contemplating a plan whereby Miss Zelle Emerson of Jackson, Mich., and other foreign militant suffragettes guilty of breaking English laws, will be deported as undesirable aliens.

Under the English law Mr. McKenna would be acting within his legal rights in doing this. Therefore the report that he intends to do so has caused consternation among the American women here who have jail records, as well as among those whose affiliation with the Women's Social and Political Union, the militant suffragette organization, might lead to their being sentenced to a term of prison.

THE PROBS

[Canadian Press Despatch] TORONTO, April 11.—The depression which was in Iowa yesterday now covers the Great Lakes. It has occasioned heavy rains in Ontario, extending to Western Quebec. Fine, very mild conditions exist in the West.

DISGUSTING

The above is the only word which can be applied to the gross language of the Toronto Globe, with reference to Premier Borden and the incident of the closure.
Rev. Mr. Macdonald, the editor is at the Capital, and here are some extracts of the stuff he is writing his sheet.
"No incident in the recollection of the oldest Parliamentarians has aroused anything like the general indignation which has greeted the story of the cowardly conduct of Canada's Prime Minister to his invariably chivalrous opponent and distinguished predecessor. Many Conservatives themselves are privately expressing regret and disapproval and seeking to excuse themselves from participation in the responsibility. No hand ever scourged Premier Borden so ruthlessly as has his own."

DISGUSTING

The above is the only word which can be applied to the gross language of the Toronto Globe, with reference to Premier Borden and the incident of the closure.

Rev. Mr. Macdonald, the editor of the Capital, and here are some extracts of the stuff he is wiring his sheet.

"No incident in the recollection of the oldest Parliamentarians here has aroused anything like the general indignation which has greeted the story of the cowardly conduct of Canada's Prime Minister to his distinguished predecessor. Many Conservatives themselves are privately expressing regret and disapproval and seeking to excuse themselves from participation in the responsibility. No hand ever soaped Premier Borden so ruthlessly as has his own."

"The real mastership of Canada's Government was declared from the houseposts on Wednesday. And Macdonald actually had the consummate audacity to sign his name to such arrogant and indecent buncombe.

A SANE VIEW OF THE SITUATION.

The following is an editorial appearing in the Hamilton Herald (Independent):

"The Borden Government has got its closure rule before the House at last—not without trouble.

Mr. Borden introduced the closure resolution in a speech which was conciliatory in spirit and dignified in tone. He regretted the necessity of amending the rules of debate in order to cope with systematic obstruction, but the necessity existed, and must be dealt with. He claimed that the proposed closure rules were not so drastic as those which have long been in force in the British House.

Mr. Wilfrid Laurier opposed this and asserted that the proposed rules were more drastic than the British rules. Promptly Mr. Borden retorted by offering to substitute the British rules. For one which he proposed if Sir Wilfrid were willing, but the Opposition leader was dumb.

When Sir Wilfrid rose to reply the Premier it was his intention to offer an amendment to the Government resolution. This he admitted afterwards. But the Government had foreseen the effect of this and had evidently prepared for it. If Sir Wilfrid's amendment had been moved, it would have opened the way to an endless succession of amendments, and thus the Opposition tactics could have successfully obstructed the effort of the Government to get the closure resolution voted on and brought into force. It was necessary, from the Government's point of view, to prevent the introduction of Sir Wilfrid's amendment. This was done by the use of a rule which Sir Wilfrid himself had introduced some years ago, but which had never been brought into play until yesterday. The rule provides that when two members rise together to address the chair, the House may determine by vote which of the two shall be heard.

When Mr. Borden had finished speaking, Sir Wilfrid and Mr. Hazen, Minister of Marine, rose to their feet together. The speaker recognized Sir Wilfrid. But Mr. Northrup of East Hastings, resorting to rule 17, moved that Mr. Hazen be heard. There was nothing for the Speaker to do but to put the motion, and of course it was carried. Sir Wilfrid had to take his seat, and Mr. Hazen

promptly moved that 'the question be now put.' This motion could be debated, but no amendment could be offered to it. It effectually prevented prolonged obstruction, for no member could speak more than once on the motion.

"When the Opposition members realized that they had been outmaneuvered, naturally they became very angry, and language was freely used which ought never to be heard in the Canadian Parliament. This feeling is reflected in the comments of the Liberal press to-day. For example, the editor of the Toronto Globe, who was in the press gallery watching the proceedings, wires his paper that the Prime Minister dropped his mask "and in a manner shameless beyond precedent he used the Parliamentary coward's guillotine on the most distinguished statesman and the most gentlemanly Parliamentarian in all Canada"—and much more to the same effect. It reminds one of the horrified remark of the Duke of Cambridge at the battle of the Alma: "Great heaven! they're firing on the Guards!"

"When it is considered that Sir Wilfrid had opportunity a few hours later to say all that he wanted to say on the subject, and availed himself of it, it is hard to see that the Premier committed an unpardonable offence in permitting his followers to take the only course that could be taken to prevent systematic obstruction prolonged indefinitely. It is hardly reasonable to hold that because Sir Wilfrid is a distinguished statesman and gentlemanly Parliamentarian the Ministerialists should meekly permit him to checkmate the Government."

"The closure rule which the Premier has introduced provides for the closing of a debate at a fixed time by a motion introduced by a Minister of the Crown and carried by a majority of the House, and the limitation of speeches to twenty minutes each during the closure period. After all, the rule resembles an instrument for the discouragement of unnecessary loquacity rather than one for the suppression of free speech. It might be used arbitrarily and unjustly, however, and the necessity for it is to be regretted. But it is necessary in order to enable the majority to rule—as it should do.

Obstructionists do not enjoy the exercise of being obstructed. Sir Wilfrid Laurier did everything but go on a hunger strike and require to be forcibly fed.

Laurierism does not display much more fighting power than its navy. Laurierism braved the wrath of the patient man with the usual results at the hands of Rt. Hon. R. L. Borden.

When the Borden Government put its hand down on Sir Wilfrid Laurier the hand aforesaid was bigger than the whole of Sir Wilfrid.

Lamentations of Jeremiah excel in literary power, but do not exceed in poignant anguish the letters from Ottawa signed "J.A.M."

Ill fares the land, to hastening ills a prey, Where Laurier wails and Pugsley talks for aye.

that is purely a canard." As to that, unless this paper is mightily mistaken, a well known legal gentleman was sounded as to acceptance of the job. He replied: "Barkis is willin'," or words of that nature, but the goods could not be delivered, because the present occupant, a Hamilton man, was preferred for the post.

What the Other Fellow Thinks.

No Longer to Be Fooled. The Telegram: Canada is no longer to be fooled by Sir Wilfrid Laurier. The nation has learned to recognize Sir Wilfrid as a leader whose boned chivalry is a chivalry of pose not a chivalry of practice. The patron saint of Clifford Sifton's election courts and Clifford Sifton's bye-elections is not entitled to corrupt his brow in horror at the iniquities of Robert Rogers. Sir Wilfrid Laurier cut a poor figure at Ottawa yesterday. Sir Wilfrid Laurier and his followers learned that technical procedure, their favorite weapon, is a two-edged sword. Thereupon Sir Wilfrid and his almost seraph choir of wronged and indignant patriots whined and wailed like a crew of baffled and waten gamblers.

LADIES NIGHT AT BRANT LODGE

The Event Eclipsed All Previous Efforts—Very Large Number Present.

The annual "at home" or Ladies' Night of Brant Lodge A. F. and A. M., No. 45, which was held in the Masonic Temple last evening eclipsed anything of a similar nature every held by the members of that lodge.

As early as 8 o'clock the invited guests began to assemble and by 9 o'clock it was estimated that over three hundred were present. The guests on arriving were met and welcomed by Worshipful Master George Ryerson and the Past Masters of the lodge.

The Concert. The guests after undoing their wraps were shown into the handsome Blue Room where a rare treat was in store for them in the form of a splendid concert given by the well-known artists from Toronto—Miss Florence McNeil, soprano; Miss Pearl O'Neill, elocutionist, and Mr. F. McGarvey. Shortly before nine o'clock, W. M. Geo. Ryerson called the assembly to order and welcomed those present on behalf of the officers and members of Brant Lodge.

After issuing all a cordial welcome Mr. Ryerson announced that the programme would commence which was very much enjoyed and appreciated.

The Programme. Piano duet, "Barbieri Di Siviglia" (Rossini), J. R. and Miss Cornelius; song, "There's a Land," Mr. F. McGarvey; song, "Life's Merry Morn," Miss Florence McNeil; reading, "Uncle Ted and Billy," Miss Pearl O'Neill; song, "A Hundred Pipers," Miss Florence McNeil; reading, "At the Ball Game," Miss Pearl O'Neill; reading, Miss Pearl O'Neill; song, "When Irish Eyes Are Smiling," Mr. McGarvey; song, "Sing On," Miss Florence McNeil; duet, "A Singing Lesson," Miss MacNeil and Mr. O'Neill; "Wee Deach and Doris" (by Request), Miss O'Neill, Miss MacNeil and Mr. McGarvey. The opening number was given by J. R. and Miss Cornelius of this city and was well received.

The Toronto entertainers were exceptionally good, and were forced to respond to encores repeatedly. Mr. E. F. McGarvey is the possessor of a rich baritone voice and sang in capital style, his best number being "Lighterman Tom." Miss Florence McNeil, soprano, who is stranger to Brantfordites, seemed to excel herself last night and won herself into the hearts of the audience. Miss Pearl O'Neill, elocutionist, gave a number of interesting numbers, which provoked a lot of laughter. Her number, "At the Ball Game" coming as it did on the night of the opening of the big league made the hit of the night.

The Lunch. At the conclusion of the excellent programme, the master of ceremonies, W. M. George Ryerson announced that supper was ready in the banquet hall to which place those present retired when a very tasty lunch was provided. The tables set for four looked very dainty. During lunch hour, Johnson's orchestra provided splendid music.

Cards and Dancing. After partaking of the lunch, a return trip was made to the Blue Room while the committees in charge prepared the club rooms for cards and the banquet room for dancing.

After playing euchre for a couple of hours, and the points summed up the following were the winners: Gentlemen, W. D. Wiley; gentlemen, lone hand, Stuart Sanderson; ladies, lone hand, Mrs. T. Ryerson; ladies, Miss Ogilvie.

The music for the dancing was provided by Johnson's orchestra, and nearly every number was encored.

The committees in charge of the affair were: Entertainment—Bros. G. Ryerson, J. C. Montgomery, J. Broadbent. Dance—Bros. H. Clapsatt, E. H. Newman, F. Fraer. Cards—Bros. M. Mcheson, W. Scace, J. R. Hamilton.

POPE BETTER SAY REPORTS

But His Physician Will Not Allow Him to Read Newspapers.

(Canadian Press Dispatch)
ROME, April 11.—The Pope was feeling rather stronger to-day, an expressed his extreme disappointment at not being able to receive the pilgrims from Venice. He said he would have liked to have made an effort or to have been carried before them, and to impart to them the apostolic benediction, but Prof. Marchieva absolutely refused to consent either to that or to anything of the kind.

On learning of this decision of his physician, the Pope asked Cardinal Merry Del Val, the Papal secretary of state, to receive the pilgrims for him in the royal hall, where he would hand to each of them a commemorative medal.

At four o'clock this afternoon, Cardinal Merry Del Val received over 3,000 pilgrims of different nationalities, the largest gathering ever received by any Cardinal at the Vatican. A sister and a niece of the Pope visited him to-day and remained several hours in his room, while Mr. Bressan, private secretary to his holiness, celebrated mass. The Pope prayed, sitting up in bed.

Complaints of Pains
The Pope at times complains of pains in the small of the back, which increase when he sits up, also when he coughs. These and other symptoms are attributed by the physicians to renal neuralgia, arising from influenza, and remedies have been applied to insure free reaction of the internal organs.

Although the amelioration in the condition of the Pontiff continues, Prof. Marchieva is apparently not quite satisfied with the progress of the recovery of strength. He is inflexible in his decision not to allow his patient to undergo any exertion. The Pope himself declares that he feels better, and has expressed his desire to read the newspapers, saying that after what was invented when he was ill the first time, he is curious to see what they have been capable of doing after his relapse. Prof. Marchieva, however, refused to permit him to read, whereupon the Pontiff exclaimed: "That shows they must have killed and buried me."

Howe's mother also said he was at home all morning. It was Monday morning the Indian claims he got him the whiskey. His Worship said he thought Howe secured the Indian the liquor, "but, however, if you are doing that kind of business, you had better cut it. You will get the benefit of the doubt."

TWO HUNDRED NEW ARRIVALS

Maltese Arrive in Brantford And are Being Placed at Work.

Nearly two hundred men from Malta have arrived in the city recently, and are being given situations by the different manufacturing establishments and contractors. They are a good class of immigrants, as they are industrious and can speak pretty good English, having been educated in the government schools in Malta. Mr. Louis Stander states that he has already placed several of the new arrivals in jobs. Malta is the famous British coaling station, and the new arrivals are thoroughly conversant with British methods.

The Coal Famine.

SAULT STE MARIE, April 11.—Arrangements have been concluded between the deputy Minister of Marine, E. W. Frazer, acting for the Canadian Government, and John Wolvin, owner of the steamer St. Ignace, whereby the St. Ignace is to open the channel in St. Mary's river from Detroit to Lake Superior. The two Soos are threatened with a coal famine, the Algoma Steel Company is short of fuel and dealers are practically sold out. Boats loaded with coal are waiting for the opening of the river. The ice in mid-lake is reported solid, but last night's rains did much to weaken it. The ice crusher left St. Ignace this morning at 7.30.

NEW THEATRE ON COLBORNE

Two Stores Which It is Said Will be Purchased for The Purpose.

The real estate deal, reported in the Courier, involving the purchase of the properties on Colborne street occupied by the Royal Bank, Malcolm's woolen store and the Brantford Cafe, for a theatre, is likely to go through. A few days ago it was thought the sale would not go through owing to the Royal Bank having a lease extending over a period of years. The two stores are said to be sufficiently large for theatre purposes.

Body of Late Pierpont Morgan Reached New York To-day

NEW YORK, April 11.—The Steamship France, bearing the body of the late J. P. Morgan passed Nantucket lightship at 4 o'clock this morning and was expected to dock about 3:30 o'clock this afternoon. The body will be immediately removed from the ship and taken under strong police guard to the Morgan library, where it will rest until Monday when funeral services will be held in St. Georges church. It will then be conveyed by special train to Hartford, Conn., and placed in the family mausoleum.

J. P. Morgan and his son, Junius S. Morgan, obtained permits to go down the bay in a revenue cutter and board the France at quarantine. Extra details of police have been assigned to guard the pier, and no one will be permitted to enter the shed without a special customs pass. All photographers were barred. Streets leading to the pier were cleared for the departure of the funeral procession and a guard has been thrown about the Morgan house and the library. A large force will keep back the curious from the church during the service on Monday.

York Loan

The Next Dividend Will Be a Final One—An Announcement

TORONTO, April 11.—The next dividend will be a final one, and you may say that there will be no dividend this year, was the announcement at the National Trust Company, liquidators of the York County Loan and Savings.

The delay is due to getting in the payments on the real estate, which forms the greater part of the assets. These will not be in until July, and there will then be more than six months figuring to be done.

The result of the sale of the real estate is a vindication of the official referee's decision not to sell the property in a block to a syndicate. An offer was made in 1906 of \$600,000, but George Kapple, K.C., refused to entertain it, and the liquidator proceeded with the sale with the result that the receipts will be in the neighborhood of \$1,800,000, or three times as much as was offered.

The cheque for the first dividend declared in November, 1909, continues to trickle in. In March 30 of this year \$181,000 were presented for payment. In the same month about 350 cheques of the second dividend sent out on December 1st, 1912, were presented.

A Wreck

G. T. R. Train Bound for Guelph Was Derailed.

HAMILTON, Ont., April 11.—The 8:40 C. P. R. train bound for Guelph was wrecked a mile west of Hamilton at Grand Junction this morning. The engine and baggage car were derailed and turned into the ditch, ripping up a large section of track. The engineer and fireman jumped and saved their lives. There were a number of passengers on the train but fortunately it was running at reduced speed or there would probably have been a heavy casualty list. The auxiliary from Hamilton and a steam derrick from Toronto were hurried to the scene, and it is expected the line will be cleared this afternoon.

The 7 o'clock train from Toronto on the C. P. R. last night near Oakville just missed hitting the end of a freight car which protruded slightly over the switch points. All the brass handles on the coaches on one side of the train were ripped off and several windows shattered. No one was hurt.

It was shown that Dr. Rennie was not driving the car on the night in question, and as the law provides that when a car is impounded it must be driven by its owner, the jury allowed the appeal. Both Sides Held Firm

Both sides held firm and the conference was off. The fact that President Connolly was willing to meet the strike leaders, was regarded as significant.

The Perfect Type of Man

No two men were ever all alike. When they match at the chest they differ in waist or in length of limb.

Different ways of walking have their effect upon one's carriage. Shoulders never really match. It is impossible to produce clothes which will absolutely fit unless the figure of the wearer is normal, and every man's figure must be specially studied. All properly fitting clothes must possess a corresponding unlikeness.

By the Semi-ready physique type system of tailoring every garment can be quickly finished to shape and to overcome figure defects. The finisher can intensify or diminish height—build out hollow spots, and improve a physique so cleverly that he has to all appearances produced this perfect type.

SUFFRAGETTE DESTRUCTION

Grandstand at Great Crick Ground Destroyed by Fire.

Fierce Outbreak Held at Albert Hall Last Night.

LONDON, April 11.—Militant suffragettes started on their work of destruction at a very early hour to-morrow when they set fire to the grand stand of the great cricket ground at Ambridge Wells. The left behind three dead, three wounded, left behind them a photograph of Emmeline Pankhurst as an indication that the women had taken their means of protesting against her imprisonment in Holloway jail.

The fire started in the dress room of the members' pavilion, which large quantities of tarred mung used in cricket practice, was stored.

The building was extensively damaged and the loss caused by the amounts to several thousand dollars. Miss Zelle Emerson, the militant suffragette from Jackson, Mich., is a serious condition, having developed appendicitis. Dr. Mansell-Moore, in her physician said this morning, "Inflammation undoubtedly has developed an attack of appendicitis. The pain suffered by Miss Zelle Emerson is responding somewhat local treatment, but it will be possible to correct her condition permanently without an operation which is unthinkable at present because her extremely weakened condition. The nervous symptoms have improved somewhat to-day, my patient having enjoyed a comparatively full night. She is still however, unable to see anyone."

SUFFRAGETTE DESTRUCTION

Grandstand at Great Cricket Ground Destroyed by Fire.

Fierce Outbreak Held at Albert Hall Last Night.

(Canadian Press Despatch)

LONDON, April 11.—Militant suffragettes started on their work of destruction at a very early hour this morning when they set fire to the grandstand of the great cricket ground at Ambridge Wells. They hid behind their door doada doada and behind them a photograph of Mrs. Emmeline Pankhurst as an indication that the women had taken this means of protesting against her imprisonment in Holloway jail.

The fire started in the dressing rooms of the members' pavilion in which large quantities of tarred mending used in cricket practice, was stored.

The building was extensively damaged and the loss caused by the fire amounts to several thousand dollars.

Miss Zelia Emerson, the militant suffragette from Jackson, Mich., is in a serious condition, having developed appendicitis. Dr. Mansell-Moullin, her physician said this morning: "Inflammation undoubtedly has developed an attack of appendicitis. The pain suffered by Miss Zelia Emerson is responding somewhat to local treatment, but it will be impossible to correct her condition permanently without an operation which is unthinkable at present because of her extremely weakened condition. The nervous symptoms have improved somewhat to-day, my patient having enjoyed a comparatively restful night. She is still however, unable to see anyone."

The Albert Hall Affair.

LONDON, April 11.—The suffragettes held their demonstration at Albert Hall last night without the presence of Mrs. Emmeline Pankhurst, who is still in Holloway jail, although she announced at the time she was sentenced that she would be at this demonstration. Mrs. Pankhurst said:

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Relief at once and as certain cure you. See a box at all dealers or Edmondson, Biscoe & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp to pay postage.

she would "break the prison bars" by, or before, April 10.

The public did not interfere with the meeting, at which there was the usual suffragette enthusiasm and vows to continue the attacks on property. Prominent persons who attended the meeting or sent letters regretting their inability to be present included Mr. and Mrs. Israel Zangwill, Timothy Healy, the Irish M.P.; J. F. L. Rolleston and wife, and Lady Maitland. The tickets announced that Mrs. Pankhurst would preside, though the program announced Miss Annie Kenney as chairman, but as one is in jail and the other bound over to be have herself until her trial on April 22, Mrs. Flora Drummond ("the General") presided.

General Drummond made a speech of the usual type. She said the suffragettes were going to keep on fighting. The arrests of the leaders of the movement, she declared, would only strengthen the movement.

Mr. Lansbury, a former member of Parliament, appealed to the men to form a militant league and emulate the women in destroying property of every kind.

A Record Haul.

A record haul of subscriptions was announced, the total with the results of the "self-denial week" reaching \$75,000. Many of the subscriptions came from various branches of the Women's Social and Political Union, but there were some big individual gifts. One woman gave \$6,000 and another \$5,000. Still another contributed her wedding ring and a gold chain. Several gave watches and jewelry. The announcement of the total subscriptions was greeted with tremendous enthusiasm. "General" Drummond exclaimed: "That is our answer to the Government's Cat and Mouse Bill" (the suffragettes' designation for Home Secretary McKenna's bill to make them serve out their sentences). "Money speaks, and members of the Cabinet who dabble in Macaroni shares know it. This money will be used by the organization. It does not take much to buy a match-box and a little paraffin."

"Burn Holloway Jail."

A woman in one of the galleries shouted, "Let this meeting go now and burn Holloway jail."

This was greeted with loud cheers, but the suggestion was not adopted.

BIG FIGHT ON IN BRUSSELS

Belgian Cabinet Determined To Resist Men Who Strike For the Vote.

(Canadian Press Despatch)

BRUSSELS, Belgium, April 11.—Determination to resist with all its resources the general strike of Belgian workmen to enforce the grant of manhood suffrage, which has been arranged for Monday, appears to be the intention of the Belgian cabinet, which has the support of the Monarchy and the conservative interests of the country.

On the other hand the Socialists seem to be firm in their decision to call out from 300,000 to 400,000 men. The local strig committees are showing the greatest activity in arranging to feed indigent strikers and in placing children with sympathizers beyond the frontiers. The workmen have been admonished the best means of demonstrating their fitness for the suffrage is to display restraint and calm and peaceful endurance.

The members of the cabinet hold rally councils to consider the situation. Two currents of opinion seem to prevail among them. The first is that the general strike will not succeed as it will be only feebly supported by the workmen. The second is that in case the strike should become general order must be severely maintained, and anybody desiring to work must be protected in exercising that right.

The workers union in many districts took a vote last night on the question of joining the strike. At Herstal of the 3,000 employees of the National Arms factory 2,700 voted in favor of the movement. The metal workers of Vieille Montagne adjourned without voting. The Typographical Union of Brussels showed little sympathy with the strike and the members decided to remain at work. In other places, however the typographical unions resolved to strike, in some instances by a unanimous vote.

Man's work is from sun to sun, but woman's work is never done, till she buys Holeproof hose for the entire family from W. D. Coghlin, 46 Market street.

Further Exemption.

Further the exemption on income derived from investment will be raised from \$300 to \$400, which will apply generally and not as above to the householder or head of a family. All cases where the total income from investments which do not exceed \$400 will be handled in this way, but those which go in advance must be submitted to a levy.

Rural telephone lines which have only one switch and which do not exceed 25 miles in length are exempt from taxation.

The assessment of lands and buildings is made more clear in detail to assist the local commissioners in deciding their difficulties more easily.

There is a further attempt made to show that in future property owned by public utility corporations shall be free from taxation, and that no misunderstanding shall ever occur in future. The contest in Toronto recently and the fact that some discussion has been caused by the T. and N. O. holding lands without assessment is understood to have inspired in part the making clear of this measure.

DOINGS IN LEGISLATURE

Change in Assessment Act Discussed in House Yesterday.

(Canadian Press Despatch)

TORONTO, Apr. 11.—The consideration which the Ontario Government has given to the demand for reform in the province was evidenced to the House yesterday afternoon in the introduction of a bill containing 3 amendments of varying scope and application. These, which are mainly the outcome of the special committee which met during the recess to deal with the problem, were laid before the members by Hon. W. J. Hanna and explained as bringing into existence changes which are of peculiar interest to different interests. They deal with the income tax, the exemption of farm lands and the explanation of the method of valuating land and buildings.

In order they stand as follows: The raising of the exemption on earnings in cities from \$1,200 to \$1,500, and from \$900 to \$1,200 in towns and villages, this to apply to householders and the heads of families, the repeal of the section providing for the special assessment of farm lands in towns and villages, which is designed to prevent the land butcher from holding large areas at a low rate while adjoining property is highly taxed.

Must Resign Seat.

LONDON, April 11.—Sir Stuart Montagu Samuel, radical member of parliament from the White Chapel division of London, and one of the leading bankers, must vacate his seat in parliament owing to his firm having last year become purchasers of silver for the Indian Government.

The judicial committee of the Privy Council to-day decided that he must give up his seat, basing its judgment on an old act of parliament under whose terms a member of the House may not even be indirectly interested in such transaction or in any government contracts.

Big Rock Falls Into the Panama and Brings Mountain of Earth with it.

(Canadian Press Despatch)

WASHINGTON, April 11.—A giant shoulder of rock that for the past few years had prevented a mountain of earth from slipping into Culebra Cut in the Panama canal, at last has given way, and according to official reports received to-day, the slide has moved into the canal, a distance of eighty feet and is still travelling. A battery of steam shovels is now tearing away the earth and rock. At the end of March 32 of these engines were working in the canal prism at that point and besides this many shovels were engaged in terracing the banks and in miscellaneous operations.

As a result the obstacle has been so far overcome that the excavation has reached a grade in all but 8,000 feet of the ten miles length of the cut. By October 1, five and a half million yards of material will have been taken out by the shovels, when the water will be turned on and the shovel will retreat before the dredges, leaving them between two and three million cubic yards of material to remove. Up to January 31 last, the United States Government had expended on the canal \$281,702,630.55.

Must Resign Seat.

LONDON, April 11.—Sir Stuart Montagu Samuel, radical member of parliament from the White Chapel division of London, and one of the leading bankers, must vacate his seat in parliament owing to his firm having last year become purchasers of silver for the Indian Government.

The judicial committee of the Privy Council to-day decided that he must give up his seat, basing its judgment on an old act of parliament under whose terms a member of the House may not even be indirectly interested in such transaction or in any government contracts.

The annual meeting for the election of officers etc., of the Brantford Women's Musical Club, is being held in the Board room of the Public Library to-morrow (Saturday) afternoon at four o'clock. As the meeting is not only open to present members but also to those wishing to join, doubtless there will be a large attendance.

The patronesses of the Skating Club ball on the 15th, in Toronto, are as follows: Lady Gibson, Lady Pellatt, Lady Walker, Mrs. E. F. B. Johnston, Mrs. H. D. Warren, Mrs. Swenson, Mrs. R. J. Monday, April 14th, probably will be selected as the day for holding funeral services over the body of J. P. Morgan. The exact date has not been determined and will depend upon the time of arrival of the liner "France" which is bringing the financier's body from Havre. The services will be held at St. George's Episcopal Church and the interment will be at Hartford, Conn., the same day.

Mr. Morgan was for 45 years a vestryman of St. George's.

A story is going the rounds of the late King George of Greece, who delighted to travel incognito, and during these expeditions had many strange and sometimes amazing adventures. On one occasion while waiting for a train he noticed a woman beckoning to him from a third class carriage. The King ran to her assistance and loaded himself with her parcels, consisting of cheese and vegetables.

He helped her out and accompanied her to the looking office where he bought her ticket while his suitcase stood aglath.

The Duchess of Marlborough was invited to meet the King and Queen at both the great dinners at which their majesties have honored hostesses lately, i.e. the one given by the Prince and Princess Lichnowsky, the new German ambassador and his handsome wife, and the one at which Lord and Lady Londonderry were host and hostess. The charming American duchess is the only American of the same rank who is absolutely in the inner circle in London society.

She has hosts of friends and is very active in good works as well as in social affairs. She lent her house the other day for a meeting of a temperance organization in connection with the Church of England at which the Bishop of London was a speaker. The popularity of the bishop does not seem to wane. Wherever he preaches there is certain to be a good attendance, and his name upon a notice of a meeting has a magical effect.

An interesting reflection on the social development in the German Empire is had when the number of women employed in production is considered. Of the total number of wage earners counted in 1907—28,000,000—one-third are female, their number having increased from 650,000 in 1895 to 9,500,000 in 1907. The chief dominion of women is agriculture, there being 4,500,000 females engaged in these healthful occupations, while in 28 groups of the various industries, 2,100,000 are engaged, and in commerce and trade 930,000. Of the higher offices in Germany, requiring scientific training, only 2.5 per cent are held by women.—Engineering Magazine.

Mexico, despite its revolutions, is said to be one of the most conservative countries in the world. Few of the poorer people can read or write, and the "public newspaper reader" makes a comfortable living by going the round of the drinking places of the city and reciting the news of the day. News, however, is generally stale before it reaches print in a Mexican paper. "Good news," said one Mexican editor to a traveller, "is like good wine," it improves with age." It is always better to hold the news over for a week. If it is true we get more facts; if it proves false, why should we print it?"

Surgery is said to be one of the most ancient of the sciences. Archaeologists have for instance just discovered records of a surgeon who lived during the fifth Egyptian dynasty and must have been contemporary to the Pharaoh Sahrur, some 4,000 years before Christ. The first surgical operations of which anything is known, are splints found in the Nubian desert. In one place a graveyard was found and here were remains of bodies with fractured limbs that had been set with bark splints. One was a right thigh bone that had been broken and was still held in position by a workmanlike splint and bandages. All the knots were true ree-knots, and the wrapping showed how the strips of palm fibre cloth were set just as a good surgeon would set them nowadays, so as to use the full strength of the fabric. In other cases bodies were found with compound fractures, where the broken ends of the bone had broken through the skin.

Despite the inclemency of the weather, there was a very large attendance at the Talent Tea and Bazaar held at the residence of Mrs. Harry Leonard, Chestnut avenue, yesterday afternoon in connection with St. Paul's Anglican church, Holmedale. Between twenty-five and thirty dollars was realized from the sale of various articles and many orders taken for the pretty, dainty rugs and bed spreads which are a Holmedale specialty, (a large delft blue and white spread and rug to match to go to London, Ontario, in the near future), were much in demand. Altogether the affair was most successful and much enjoyed by all present. The Guild of St. Paul's, under whose auspices the tea was given, comprises Mrs. Wheeler, Mrs. John Vary, Mrs. Dugdale, Mrs. Ogle, Mrs. Hutton, Mrs. Bell, Mrs. W. Hartwell, Mrs. Syre, Mrs. Bonny, Mrs. Ginn, Mrs. Emmott, Mrs. Harry Leonard, Miss Raby Wye, and other untiring workers.

Exhibition of Women's Art
TURN, April 11.—This city is to hold this spring an art exhibition, the purpose of which is to remove the impression that women are far behind men in the field of fine arts. An exhibition with such a purpose is unique in Europe, and while it is not an effort to further the cause of women in the generally accepted sense it is one of the first evidences in li-

JOHNSON MAY BE BARRED FROM THE FRENCH RING

Tom O'Rourke, writing from Paris to Walter St. Dennis of the New York Globe, gives an idea of what Jack Johnson may be barred from fighting in France. Jack's work seems to be shrinking. O'Rourke says:

"I think I will return about April 9 if Johnson does not post his forfeit in the meantime to be here. I will not wait any longer on his promise, as he is too unreliable a person."

If he does not go through with agreement to box Palzer on the evening of the Grand Prix he will be barred from fighting in France.

The latest news from Hamilton is that the Lances are bringing the strongest team, also a big crowd of followers. The weather clerk is not dealing very fairly with the Duffs, but we hope he will grant an opportunity for a good day Saturday, as this will undoubtedly be the great day of the season. No athletics up to date has been reported in the team as selected.

This Old World

By WALT MASON

"This world is but a dismal place, a desert sad and dreary." So Croaker says, with longdrawn face, and Croaker makes me weary. I've hung around this good old sphere for two score years and twenty, and found that things are pleasant here, and there is joy a-plenty. Although Brer Croaker tears his robe and talks like some soured prophet, he will not leave this gay old globe until we push him off it. I've noticed that the chaps who roast this world wherein we're dwelling, and sigh to join the shining host where an-thems aye are swelling, when called away, put up a roar, and naught their grief can soften; they hate to leave this punk old shore that they've abused so often. I like to think that when we die to Aidenn we'll be wending, and sing beneath a glorious sky in happiness unending. However glorious the land for which (I hope) we're headed, we shouldn't knock this mundane strand where we are now homesteaded. I hope to have a harp that's pearled, and keep that harp a-humming, but while I loaf around this world I have no kick a-coming.

Latest Soccer News--- Big Game Here To-morrow

The Lanes of Hamilton Will Bring Their Strongest Team Here To Play Other Club News.

The latest news from Hamilton re- lates the big football match on Saturday is that the Lanes are bringing their strongest team, a big crowd of followers. The weather clerk again is not dealing very fairly with the Duffs, but we hope he will grant us an opportunity for a good day on Saturday, as this will undoubtedly be the great day of the season. I. B. grounds at 5:45 sharp, Saturday, April 12, 1913. Goalkeeper, Walter Johnson; full backs, Houting and McWhirter; half backs, Scott, Wallace and Underwood; forwards, J. Morrison (captain), A. Johnston, "Bill" Johnston, E. Hutchings and W. Spence.

All Scots in Training.
The All Scots F. C. had twelve of their players out training last evening. Trainer Burns reported all the boys in first-class shape and feels sure that they will give a good exhibition against the 25th Dragoons at Recreation Park to-morrow evening. John McGrattan, the Scots' right back, met with a serious accident on Wednesday, having his right foot run over by a street car. Jack will be a big loss to the club, as a back of his ability will be hard to find. As a junior he played with Strathclyde and Reetherland, Glencairn, both Glasgow clubs of reputation. He also played for Scotland against Ireland at Belfast in the Junior International of 1908.

The following players will take part in Saturday's game: D. Muir (captain), Smith, Taylor, Dean, McGinley, Ormiston, R. Little, J. Muir, Connachan, Ramsay, J. Little.

which shuts him out all over the boxing world. Mr. Vienne has made up his mind to do this. I am sorry it does not come off for with Palmer in the best of shape I have not much doubt but what he would wear Johnson down before the end of 20 rounds. I am in hopes that when we return that McCarty can be induced to give Palmer a chance to fight him again, if not on the coast, at least (Continued on Page 10)

THE GAME.

First Innings.
"Play ball!" Across the world-wide field. The Umpire calls you to the fray; In Life's young spring you've had the field. Of preparation for the play; You've drawn your spell within the Bush. The Training Camp has done the rest. And now you mingle with the push. Who face the schedule's grinding test.

Second Innings.
"Get in the Game!" You've caught the cry. The Age sings from the coaching line: Head up, old pal and open eye. To catch and drive on at the sign; Keep primed and ready at the throw. To sprint without a wasted glance; Keep on your toes to let them know. A Live! One only needs a chance.

Third Innings.
"Wow—run it out!" The score is thick. With those who failed—with those who died— Who lagged but for a second's tick. Anr missed their station by a stride; The Bawf of Fate speeds swift and true. To drive you backward from the Base; The score is only for the few. Who meet and hold the rushing pace.

Fourth Innings.
"Now stick it over!" At the end. No brilliant effort crowns the slate. Save only, in the final blend. Of what you put across the plate: The finest curve, the greatest speed. That ever flashed upon the game; Is wasted at the time of need. When handed up with random aim.

Fifth Innings.
The time has come to Sacrifice. To help a good old pal along; To help another snag the prize. Unmindful of the cheering throng; To put Ambition on the shelf. And let it rest up—as it should. To work for others, not yourself. And cut in for the common good.

Sixth Innings.
"Hey, hit the dirt!" Forget your pride; You've got one lonely chance to win.

You hear it; "Slide, you bonehead, slide!" Go, take a chance, and sick your skin; Skate in and risk a healthy spill. And heed the frantic coach's call; The Ball of Chance won't wait until You've picked a soft spot for a fall.

Seventh Innings.
"Now, hit 'er out!" It's up to you. To come through in a pinch at last; To face the test and carry through. The rally started by your cast; To rise above your daily span. And cut in with a trifle more, Though it means something better than You've ever had to show before.

Eighth Innings.
"Now for the rally!" Start the dance. And take a lead from off the damp; The guy who doesn't take a chance. Takes little else except a thump; You've played it safe until at last. They've got you stumped for a spill; Go, mix it up and make the cast— And let it pan out as it will.

Ninth Innings.
Say, nix upon that alibi; We only ask the Final Score; You either copped or muffed the pic— The rest of it is wasted lore; Go sink it now and let it rest; Pack it away beneath the hood; So long as in the final test. You finished as a game guy should. After Tom Lorgboat quits once or twice more, better refer the matter to the doctors to find out whether his feet get sore or merely cold. Bowling team for Britain don't drink and don't know the rudiments of poker. What in thunder are they going to do for amusement?

We congratulate local footballers on the recognition they are getting in the sporting columns of the Grit sheet on the cupola corner. At the same time we ask footballers what the recognition would have been if The Courier had not started early this season to boost their game. Guess the old "Follow Up in Everything," hasn't got to hustle these days!

A half holiday May 7 for the Opening. Nothing to it, going to get it, got to have it!

CHICAGO CUBS MAY HAVE SMALLPOX

They Mingled With the Minneapolis Players on Tuesday.

CHICAGO, April 11—Members of the Chicago National League Club were disturbed yesterday when told that smallpox had broken out among the Minneapolis players. The latter used the visitors dressing rooms at the local club house here on Tuesday when they played an exhibition game and while it is said that Comstock was not with the Minneapolis club then, Killifer was. No word of the outbreak of the disease was sent to President Murphy by the Minneapolis officials, but it was said he would take measures to protect his players and those of the visiting clubs from contagion.

When the news reached President Murphy through the newspapers, he reported the matter to the Health Department. "The club houses will be fumigated under direction of the Health Department," said Murphy, "and I will follow any further directions the department may give."

Commissioner of Health Young declared that local players who were exposed to the disease should be vaccinated at once, but he did not state that he would insist upon this measure.

Mild Attack of Smallpox.
MINNEAPOLIS, April 11—The smallpox scare among the ballplayers of the Minneapolis Club of the American Association has about died out. Late yesterday physicians of the City Health Department made a thorough investigation of the team, and declared there was no cause for apprehension. Comstock, the pitcher, who was taken to the pest house early yesterday, has a very mild attack of the disease. He had not been with the other players since Friday night, coming away from Hickman at the same time the remainder of the team left for Memphis. One or two players who had accompanied Comstock are under

BASEBALL IN FRANCE GERMAN FOR BOXING

Naughton Tells How Our Sports are Creeping into Favor Abroad.

SAN FRANCISCO, Cal., April 11.—As a rule each nation is a stickler for keeping ever green its ancient traditions and customs, but this insularity does not extend to the field of sports. They play baseball in Australia now and we have borrowed their rugby. In France they have learned to box with their hands instead of their feet, while in Russia trotting and pacing have become staple pastimes.

Now the news is to hand that France has gone "daffy" on the subject of baseball, and that pugilism has gained a foothold in Germany. It's a great scheme. It gives added points to the old saying: "Hands across the sea," and it promises relief from congestion. When Russia and France went in such jib licks for horse racing, our superannuated jockeys disappeared as if by magic. They were absorbed by the foreign countries. Now baseball stars whose glory has dimmed somewhat will be welcomed with open arms in the land of the Gaul, and we can furnish Germany with shiploads of slightly damaged white hopes. Who knows but that in time the baseball magnate will be invading France in search of new pitchers and catchers, and that we will have "Kid" Vonderliffen and "One Round" Katzenbratzen coming over from the vaterland to try their mettle with American ringmen. In the event of the contingency last mentioned, it is to wonder whether

observation and the vaccination of players will be confined solely to those who have been in contact with the sick man. All the baggage of the team was thoroughly fumigated at the club house yesterday afternoon.

PRESIDENT WILSON AT THE SENATOR'S OPENING

The Highlanders Downed By Walter Johnson—Weather Was Cold.

WASHINGTON, April 11.—President Wilson forgot about the tariff and matters of State for more than two hours today and watched Washington defeat the New York team of the American League by a score of 2 to 1 in the opening baseball game of the season here.

Washington . . . 0000020x—2 6 1 R.H.E. Johnson and Ainsmith; McConnell and Stearns.

Athletics Downed the Champs. BOSTON, April 11.—The world's champions lost to the former title-holders in the opening game of the season yesterday by 10 to 9.

The locals have signed O'Hara, the youngster who was in Bermuda with the New York Americans. He is an infielder. After the training camp breaks up at Fort Wayne, the Senators expect to play exhibition games with Saginaw, Flint, Adrian, and Battle Creek, all clubs in the

Philadelphia . . . 200033000—10 14 3 Boston . . . 000234000—9 8 2 Coombs, Bender, Plank and Lapp Wood, Hall, Foster and Cady. Nunnemaker.

Good Pitching Beat Tigers. ST. LOUIS, April 11.—Weilman's pitching was too much for Detroit and St. Louis won the opening game 3 to 1. Shotten's fielding was the feature of the game. The score:—

Detroit . . . 01000000—1 6 1 St. Louis . . . 10011000x—3 1 Mullin and Stange; Weilman and Agnew.

Baseball in France

(Continued from Page 9) Her glove artists would preserve the names they left home or adopt the prevailing custom and mask their nationality under such names as Flynn and Sullivan.

Some Rooting, What? In view of what French temperament is like, baseball should progress like a house afire over there. And as a circus is no circus without peanuts and pink lemonade, baseball will scarcely be baseball unless the customary slang and vocal turmoil prevails.

There will come a time when an umpire will be considered a fit subject for assassination, and then no doubt the cry will be: "Tuez-l'arbitre."

When an excitable fan desires that a player rip the cover off the ball he will yell: "Ecorcez la balle." If his wish is complied with he will probably gurgle: "Ha, ha, ha."

As the French become educated to the game they will be able to distinguish between good plays and bad, and the man who is voted a bonhead will be assailed thusly: "A bas toi, tete d'os."

And the Ringside Rooting It is to tremble when one thinks of what the jargon of a German fight crowd would be. An upper cut or a cross wallop translated into the language of the Teutons would sound almost as bad as it feels in all probability.

Just imagine the ordinary tumult of a prize ring encounter heightened by a group of German fans urging one of the combatants to hit the other "in the slats" or "soak him in the breadbasket."

This is what it would sound like: "Schlag ihm in den Magen." A time would come too when a request would be voted that one of the boxers be knocked out. Then would hear: "Gebe ihm den schlaf."

Should a fighter display the despised yellow streak human nature would show itself to be the same in Hamburg as in San Francisco. Some one would yell: "Er hat ein gelben strich."

A Brother of Big Charley Mitchell is at the head of a couple of the newly formed associations in Germany. In a circular extolling the manifold advantages of becoming proficient in the spangly art, he asks: "Warum ist das boxen jedem menschen zu empfehlen?"

He proceeds to explain that boxing teaches its exponents to be patient, aggressive and courageous, that it increases self-control, inculcates self-reliance and cures nervousness.

Then he sets forth that he is to be found on certain days at the North German Boxing Club to give lessons.

Canadian League

Ottawa Journal. Although Pitcher Carpenter has deserted the colors and jumped to the Richmond club, Manager Frank Shaughnessy isn't worrying. Yesterday he received an invitation from the Youngtown Inter-State League club to drop off in that town on his way down to Fort Wayne and take his pick of 13 twirlers who are working out there.

The deal with Richmond whereby the Senators hope to obtain Outfielder Harris in exchange for Draper now depends upon the actions of "Topsey." If he will report to the Richmond club all will be well. Morris, playing yesterday for Richmond, got a triple, a single, stole a base, scored one run and accepted seven out of eight chances. Williams, the shortstop Robinson has signed up, playing against Fairmount, Va., with the Gary team, scored the only run of the game with a homer.

From this it would seem that the Senators will have a heavy bunch Shaughnessy hits over the .300 mark and Rowe may be counted upon to perform for the same clip, and two or three of last year's men with the extra seasoning, should be good to about .300.

South Michigan League.

Ottawa Free Press. The Senatorial pitching string will be about as big as major club's list. About eight are already counted upon to report while more will be tried out down at Fort Wayne. The competition should be keen all along the line for places in every position.

Reports of the clouting propensities of Williams and Arnfield increase each day. Williams holds a homer in a game down in West Virginia last week which was the only run scored in the contest. Arnfield has been playing for the past month around Elgin, Ill., and should report in good condition. In fact all the regulars, as well as the tryouts will be in shape when they land in Fort Wayne. It will go hard with them if they don't, for the daily routine covers five and one-half hours hard work, and the fellow who has to lay up for a day or two to get the soreness out of his frame, has a poor chance of catching on against the conditioned men.

Curley Blount, who played left field for Fort Wayne last season, and is managing the Youngstown, Ohio club in the Interstate League, this year, has written Shag to stop off at his town and look over his surplus men. He has a big bunch training and an exceptional line of twirlers.

From this it would seem that the Senators will have a heavy bunch Shaughnessy hits over the .300 mark and Rowe may be counted upon to perform for the same clip, and two or three of last year's men with the extra seasoning, should be good to about .300.

Lady Marjorie's Love

The Dowager tossed her head again choking with rage and trembling resentfully more than ever. "Oh, my dear Countess that is precisely as you please, of course!" Lady Marlingford slightly shrugged her shoulders with a gently indifferent smile. "I have not the least right or wish to interfere with your arrangements, I am sure. I simply express my opinion as a matter of duty. I merely desire to free myself of my present disagreeable position of responsibility towards my step-daughter. So that I do so I really won't pretend that I care in the least whether she is transferred to your charge or to that of a husband. But she is an excessively tiresome and difficult girl to manage, and I am afraid you will find before long that you have been somewhat rash. By all means take her to Ireland as soon as may be convenient to you. I should be the last to place any obstacle in your way. I am quite sorry for Mr. Barrington, and in her heart, I don't doubt that the foolish little creature is very fond of him! but you don't approve, and really it is no affair of mine. I may think it a great pity that she has not more common sense and cannot conquer her absurd pride and prejudices in favour of mere birth—as I said, they are really quite obsolete nowadays—but I wash my hands of the whole affair completely. I will wake just one suggestion, though. Marjorie is excessively obstinate—most weak people are; her father was just the same—she has entirely made up her mind to go to her aunt Paget, and she is of age. If she refuses to leave here so summarily, and insists upon waiting until her letter is answered, I fear you will find it a little awkward. If I may advise, I should say do not be quite so sudden and peremptory. And of course we neither of us know but what she may accept Barrington when she finds that Mrs. Paget declines to receive her. Sooner than go to Ireland I almost think she would—I should not be in the least surprised, really. That is all." The Countess, smiling, rose and sailed majestically out of the room.

It was a miserable, depressing, doleful sort of day, but it had been everything that was lovely and sunny Gerard Barrington, returning from a necessary interview with Mr. Pethwick at Upton Wafers, would probably have walked past as fast. The weather was so atrocious that the walk or row with Marjorie which he had hoped for yesterday was clearly impossible, but if luck favored him, and that alarming old woman the Dowager were only out of the way, it might be possible to steal a little talk with her, either in the corner of her favorite window-seat in the hall, or on the huge old sofa where they had sat and talked last night, all unconscious of sharp-eyed and scandalous Discovery lurking behind the curtains. His head was full of her, for he was very much in love, but if she had been the last thing in his mind instead of its most prominent interest and concern he could not have been more utterly surprised than he was when presently he struck out of a crossway path among the trees and saw her figure in the road in front of him. Startled to see her there in the gray, threatening, incle-

Negatives and Positives

By RUTH CAMERON

ARE you a negative or a positive? The other day I went into a book shop to buy a birthday present for a small nephew. After some difficulty I corralled a clerk from behind some bookshelves and stated my errand—"What have you in books about animals, for very small children?" The clerk turned a cold and inquiring eye upon me. "We haven't anything at all," she said. She added nothing further, and there was a finality in her manner which made me feel as if I had run up against a blank wall.

I went to another shop. A pleasant-faced clerk came forward to greet me. I asked the same question. She seemed much interested, as if I had propounded a most absorbing problem to her. "Well, let me see," she said. "I don't know that we have anything in stock just appropriate, but I'm sure we can order something. Or perhaps I can find something else that will do. Let me bring you a catalogue." In a few minutes that clerk had deftly persuaded me that a book of fairy tales would do quite as well as the other book, and had sold me an expensive copy of the first clerk was a negative; her suggestion was entirely negative. She told me what she didn't have, but not what she did have.

The second clerk was a positive. She passed lightly over the negative and at once began to radiate positive suggestion. And she got the sale which the other clerk might have just as well had.

The shops are an excellent place to study the positive and negative types, but clerks are by no means the only people who attract success by their positive suggestion or repel it by negative. That is what we are all doing each day.

For instance, two boys go hunting for a position. One of them approaches the prospective employer by saying, "I don't suppose you want a boy to do office work." The other says, "Can you use a bright, energetic boy around your place? I'm sure I could make good." You can imagine which gets a position first.

The mother who is a negative is always telling her children what not to do. "Don't do this," and "Don't do that," she cries from morning until night. Like "Dorothy Don't," her children almost wonder if that dread word isn't part of their names.

On the other hand, the mother who is a positive uses the negative as little as possible. Instead she is full of positive suggestions. She knows that it is far better to distract the baby's attention by a harmless toy than to snatch the harmful one away from him, better to suggest a desirable play to the older children than the ban of the undesirable one.

In any club or society, it is the positives who scheme and plan and construct and create, and the negatives who simply exist. Which are you, a negative or a positive?

IMPURE BLOOD IN THE SPRING

The Passing of Winter Leaves People Weak and Depressed.
As winter passes away it leaves many people feeling weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give.
Dr. Williams' Pink Pills for Pale People are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood. Returning strength commences with their use and the vigor and cheerfulness of good health quickly follows.
There is just one cure for lack of blood and that is more blood. Food is the material from which blood is made, but Dr. Williams' Pink Pills double the value of the food we eat. They give strength, tone up the stomach and weak digestion, clear the complexion of pimples, eruptions and boils, and drive out rheumatic poisons.
If you are pale and sallow, if you feel continually tired out, breathless after slight exertion, if you have irritable and nervous, if your joints ache, if your appetite fails and food does not nourish nor sleep refresh you, Dr. Williams' Pink Pills will make you well and strong. To build up to the blood is the special purpose of Dr. Williams' Pink Pills, and that is why they are the best spring medicine. If you feel the need of a tonic at this season give Dr. Williams' Pink Pills a fair trial and you will rejoice in new health, strength and new energy. Do not let the trying weather of summer find you weak and ailing. Build yourself up now with Dr. Williams' Pink Pills—the pills that strengthen.
Ask for Dr. Williams' Pink Pills for Pale People and do not be persuaded to take something else. If your dealer does not keep these Pills they will be sent by mail post paid at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

There is still some doubt as to the probable recovery of the trotting stallion Baden, 205 1-4. The horse has been very sick and, even if he recovers, it is said that he will never be raced again, though he will be used in the stud if his life can be saved.

Two new Grand Circuit secretaries spring into prominence with the announcements of the season's start offerings. They are W. J. Thubert of Pittsburgh and John A. Kink of Syracuse.

Dr. John Fisher of Chicago recently brought the green pacer m. Spirits, by Theodore Shelton, 209 (brother to John R. Kentry, 200 1-4 and Gib Elliott) has the mare do show track work at the Libertyville, Ill., track.

Fifty horses wintered in fine feed at the Jackson, Tenn., track, and the lot being the racing string of late railroad king, F. H. Harriman. There are 10 candidates in this stable and Johnny King has them in charge.

The Harriman estate pacer, Sil Bentry, 217 1-4, looks like one of the real live ones that will have to be reckoned with in the 1913 campaign. This one has greatly improved during his winter training at Jackson, Tenn., and last week showed eighth in 15 1-2 second. He won trial mile last year in 2:07 1-4.

The total offering of the Grand Rapids, Mich., association for the line meeting will amount to \$300,000. John E. Madden last week shipped the trotting gelding Brighton, 2:11 1-4, and the pacer Winans (2:09) to E. T. Bedford of Brookline, Mass., for driving purposes in the semi-metropolitan events in and around the city.

Ex-Senator Joseph W. Bailey of Texas is back in the game again. Last week he bought twenty thousand shares of the Texas & Pacific.

In Big League

NEW YORK, April 11.—Boston feared New York in the first game of the season here yesterday before a big crowd by a score of 8 to 0. The usual opening day ceremonies were omitted, with the exception that Mayor Gaynor threw out the first ball. Sunless skies and cold wind made conditions unpleasant for players and spectators alike. Perdue held home club at his mercy, and champions made only two singles. Not one of McGraw's men got farther than second base.

Boston started to hit Tresear the fourth and from that inning they rapped the ball hard. Clegg was slaughtered in the ninth. Boston put up a fine defensive game, giving their pitcher errorless support. In the eighth, the recruit shortstop of visitors, the bright star of the game both in the field and at bat, scored.

PHILADELPHIA, April 11.—Hitting by Brooklyn, which was tempered by timely singles by Dantz and a home run by Clegg, and a home run by Fisher in early innings and a three bagger. Cutshaw in the eighth with the ball filled gave the visitors the victory in the opening championship game here to-day by 11 to 3. Ragon, very effective, except in the eighth inning, when Miller and Crave pinch hitters, hit safely and scored on sacrifice flies. The cold, cloudy day.

The Motorcycle

By HOWARD L. RANN

THE motorcycle is a portable gas-engine with a stuttering form of speech and the disposition of a coyote. It is used to carry people from one point to another at the rate of one mile every fifteen seconds and incidentally to discourage pedestrians from crossing the street without having to duck under a dray.

Motorcycles are so constructed that they never kill anybody except the innocent bystander. No body ever heard of a motorcycle blowing up and kicking a speed maniac into the future state. The motorcycle always picks out somebody who is in perfect health and shuffles him into the great beyond before he has time to straighten out an overcharge at the butcher shop. On this account, motorcycle victims should be regulated by law, and nobody should be allowed to be killed by one unless his life insurance will wipe out his outstanding debts.

Motorcycle riders always wear green goggles so that they cannot see anybody who gets in the way. This gives them a comfortable sense of security and enables them to run down people who ought to be on the sidewalk or up a tree without being annoyed by their conscience. As the owner of a motorcycle aims to ride with his head down, he never knows when he passes over a lady victim unless he punctures his rear tire on her hatpin.

The motorcycle has a deep-toned exhaust which warns pedestrians that the most successful form of sudden death ever invented is about to perform in their midst. Many a pedestrian has heard this exhaust coming down the road two miles away and tried to get across the street in two frenzied jumps, only to be overtaken in the second leap and scattered in four directions from his last transfer. It is more dangerous to attempt to pass in front of an intoxicated motorcycle than it is to mount a trolley car backward. Some motorcyclists slow up on passing through a crowd, but they make up for it by burning large holes in suburban pavements.

LADY THOMPSON PASSES AWAY

Wife of Former Premier of Canada Died Last Night in Toronto.

TORONTO, April 11.—Lady Thompson, widow of the late Sir John Thompson, a former Premier of Canada, died at her home on St. Joseph street at a late hour last night.

The news of Lady Thompson's death, although reported late in the evening, was flashed to places all over the Dominion. The older men and women of Canada well remember the part Sir John Thompson played in the stirring political discussions of the nineties, and the death of his widow came as a profound shock to them especially.

Lady Thompson's maiden name was Annie Emma Affleck. She was a daughter of the late Captain Affleck of Halifax and married Sir John Thompson in 1870 before he had won his spurs, and five years after he had been called to the bar of Nova Scotia.

Lady Thompson is survived by five children—two sons and three daughters. Joseph A. Thompson of the law firm of Aylesworth, Wright, Moss & Thompson, is the oldest of the children. A daughter married Mr. Street, son of the late Justice Street, while the other two are unmarried.

Lady Thompson, like her husband, was a staunch Roman Catholic.

Ardent Church Worker.

She was always an ardent church worker, and to the people of Toronto she was widely known for her charity. Gray-haired folk will well remember the surprising circumstances of Sir John Thompson's death in Windsor Castle, England, about twenty years ago. At the time Sir John, as Premier of Canada, was having a conference with the late Queen Victoria. Sir John and the Queen were having luncheon, when suddenly he was seized with a stroke of heart failure. The court attendants carried him into another room, but he expired almost immediately. His body lay in state in Windsor Castle, and was afterwards borne to Halifax, Canada, on a British man-of-war. Queen Victoria sent a message of condolence to the bereaved widow, and with it a painting of the coffin and the remains of Sir John.

SOME CIRCUS AT Y.M.C.A.

Performers Last Night Put On a Two Hour Laugh in the Gymnasium.

Those who attended the Amateur Circus put on by the members of the Y.M.C.A. in the "Y" gymnasium last evening enjoyed a two hours laugh. There was not a dull moment from start to finish.

At 8 o'clock the Grand Entry Pageant was played into the sawdust ring by a number of the members of the Dufferin Rifles band who furnished the music for the evening, bringing with it clever performers, funny clowns, sailors, soldiers and other artists.

About this time the peanut and chocolate vendors who did a good business, made their appearance. Two constables, Messrs. Harry Ransom and Charles Bremner were detailed to keep order during the evening. The constables experienced difficulty in keeping order mostly caused by the clever and funny clowns who were continually getting into mischief. One P. C. received injuries to his eye. The clowns were very successful in their work. Wm. Johnson, Lorne Watson and Mr. Reg Harris being especially successful.

Gymnasium events were put on which include maze running by the juniors, parallel bar work by Messrs. Alfred Clark and Reg Harris, bag punching by Mr. William Sweeney; elephant work by the juniors; tumbling by Messrs. Jack Pollock, Charles Bremner, Alfred Clark and William Sweeney; high bar work by Messrs. Alfred Clark and Reg Harris. The clever work of Messrs. Clark, Harris and Sweeney was appreciated by the audience. The leaders' corps, Messrs. Gord. Sage, Fred Sage, Alfred Coles, Fred Yonmans, A. Wallace, J. Joyce, H. Banner and W. Johnson put on the sailors' hornpipe.

The circus carries two monkeys, Walter Johnson and Percy Vansickle, who delighted the audience with their funny stunts which includes a chariot race in true circus style, save in the popular, vs. what circus chariots do not generally overturn.

The circus also carries a very learned professor who expounds to the audience the wonderful qualities of a large gramophone which will make sausage as well as it produces music. The popular act of the "Y.M.C.A." contributed to the circus program by rendering a grindorgan solo. The last number on the programme was a spectacular battle between several very unsoldierly boys. Mr. Jean Bell made a most efficient ring master.

MUSIC and DRAMA

Reveries are the rage just now, but the one of "Robin Hood," which will be seen at the Grand on Tuesday, April 15th, is probably the most pretentious one that has ever been made of a light opera. Not content to spend an immense sum for the scenery and the costumes, the management of the De Koven Opera Company has drawn from the principal opera houses of the world for its leading singers. Bessie Abbott, who heads the cast, has her first experience in the musical world at the Paris Grand Opera and this was followed by several seasons at the Metropolitan Opera House in New York. Henrietta Wakefield and Herbert Waterous also come from the last named theatre. Walter Hyde, by all odds the best tenor in England, hails from the Royal Opera, Covent Garden, in London. Sylvia Van Dyck is an English soprano who won her spurs at the Brussels Opera House. Anna Buesert was a member of the Berlin Opera House, while Mincha Pironzo was for several seasons at La Scala in Milan. In addition to its musical score, "Robin Hood" possesses a witty libretto and the principal performers of the company will be Hal-len Mostyn, Phillip Sheffield and Anna Boyd. The musical director, Frank Tourin, comes from the Gaiety Theatre in London.

All the Tired Nervous Women

CAN FIND A CURE IN DODD'S KIDNEY PILLS

Madame Perreault Tells How She Cured Her Kidneys With Dodd's Kidney Pills, and Found Health and Contentment.

VERNER, Ont., Apr. 6 (Special).—"I am very content. Dodd's Kidney Pills have made me well." These are the words of Madame Perreault, a highly respected lady of this place and mother of a large family. For twenty years she was a sufferer. But let her tell her own story.

"I was always tired and nervous," she states. "I felt heavy and sleepy after meals. My limbs were heavy, and I had a dragging sensation across my loins. My skin itched and burned at night. I had a bitter taste in my mouth, especially in the morning. In twenty years I hardly knew what it was to have a well moment. Then I commenced using Dodd's Kidney Pills. Six boxes cured me."

Madame Perreault's symptoms were those of kidney disease. They are the symptoms of nine out of ten of the nervous, rundown, pain-racked women of Canada. Madame Perreault found a speedy and complete cure in Dodd's Kidney Pills. They simply cured her kidneys.

DEATH AT DRUM

REMAINS M

Evidence Favors Theory That Man Was Unintentionally Poisoned.

Neither Result of Post-mortem Nor Analysis Ready for Inquest.

WOODSTOCK, April 12.—Coroner Mackay of this city went out to Drumbo, yesterday and continued the inquest on the body of Frederick Beemer, who died in convulsions in that village on March 25, after having taken several doses of salts.

The coroner expressed some disappointment at the failure of the Government analysis of the contents of the stomach to arrive, nor was the report of the two doctors appointed to conduct the post-mortem on hand, all of which necessitated another adjournment. A considerable amount of evidence, however, was taken, but nothing of a sensational nature came out. What evidence was adduced appeared to be in favor of the theory that the deceased met his death by poison, but not administered by one desiring his death.

Mrs. Beemer, wife of the deceased, was kept on the stand for over an hour by County Crown Attorney Ball. She declared that her husband was sober, cheerful and had no family or business troubles. She denied having made the statement that Beemer told her he had been poisoned. After the third dose of salts she said her husband seemed to improve, but died a few hours. She admitted having forgotten to tell the doctor of her husband's expressed wish that his stomach be pumped out.

Charles Cassidy, a neighbor, testified that Beemer had told him he felt like a man who had been poisoned.
