## A Big Day of Sports

PLANNED FOR JULY 7TH, IN WOLFVILLE

The committee in charge of the program for Wolfville's Big Sport Day on July 7th have the arrangements about completed. There will be something doing every minute and a good time is assured. There will be two games of baseball. In the morning the final game in the Kings County Boys' Baseball League will be played, and for this event there is a handsome silver cup which was won last year by Kentville. In the afternoon Annapolis will play Wolfville in the regular Valley League schedule, and the local boys will do their best to reverse the score made at Annapolis Wednesday. There will also be athletic events for the Boy Scouts and Tuxis Boys, and a grand Tug-of-war tournament open to all the county. In the evening there will be campfire games on the campus, and a grand display of fireworks. A feature of the day will be the free exhibition of the captured German aeroplane that Acadia University has recently received from the government. Further details will be announced as soon as possible. All should prepare for a big day at Wolfville on July 7th.

## Creek to be Dredged?

That the channel leading into the wharves is to be widened and deepened, and that the S. S. Prince Albert is to land her passengers and freight at the inner wharf, are reports going around town. It is to be hoped that the reports are not without some foundation. For the past week a government engineer and party have been making a survey, staking off the proposed channel and taking soundings. The people of Wolfville have for many years been requesting the government to do this work, and now it is hoped the time has come. A portion of the harbor front was purchased by the government some years ago for the purpose of building new wharves, but on account of the war the work was stopped. Wolfville is the natural outlet by water for the eastern part of the Valley, and if the contemplated work is done the town should soon develop into an important shipping point.

## A Music Recital

The following numbers will be sung at the Recital in Wolfville Opera House, Thursday evening, June 17.

"Hymn to the Night" Campbell Tipton  
 "Ah quel Giorno" Rossini  
 "Duna" McGill  
 "The Barefoot Trail" Wiggers

 "The Rose Enslaves the Nightingale" Kersakow  
 "Two Negro Spirituals" Burleigh  
 "Ah Moon of My Delight"  
 From the Persian Garden  
 "Old Highland Melody"  
 "Of These Were Dreams" Crist  
 "The Leaves And The Wind" Leon  
 "Dawn" Lurran  
 "Wait" D'Hardelot  
 "I Know a Lovely Garden" D'Hardelot  
 "Ah Love But a Day" Bach  
 Duet "Serenade" Schubert

Miss Marguerite Woodworth, and Miss Ethel Hemmeon, Accompanists.

## Card of Thanks

I wish through THE ACADIAN to thank my many friends for their kindness during the illness and death of my daughter. Also to all those who so kindly sent flowers.

JANET MARSHALL,

## Wolfville Juniors Win

DEFEAT KENTVILLE IN COUNTY BASEBALL LEAGUE

The first game in the Kings County Boys' Baseball League was played on the college campus last Saturday afternoon. The attendance was small and a large proportion of the spectators were from Kentville. The Wolfville people should turn out to see these games and give the boys every encouragement. The game resulted in a win for the local boys after a hard fight, the final score being 10 to 4. However, the score is not an indication of the play as the teams were evenly matched, and it was not until the eighth innings, when the Wolfville boys scored four runs, that the outcome was assured. Both teams showed lack of practice but excellent material for two good teams. The game was well handled by Paul Tingley and Simmonds, of Kentville. The teams were composed of the following boys:

Kentville	Wolfville
Hill	catcher C. Langille
M. Schofield	pitcher B. Elderkin
A. Sanford	1st base G. Rand
Hutchinson	2nd base A. Brown
Feener	3rd base McLeod
A. Lightle	s. stop W. Barteaux
Pyke	c. field Kennedy
Walsh	1. field Rhodenizer
R. Jess	r. field V. Rand

The score by innings was as follows:  
 Wolfville 0 0 2 3 0 1 0 4 0  
 Kentville 0 1 2 0 0 0 0 0 1

## Farmers' Party Want Free Apples

In the address on the Budget in reply to a question Honorable T. A. Crerar, the leader of the Farmers Party in the House of Commons, declared himself flatly in favor of removing the duty entirely from apples.

Following is an extract from his speech as found at page 2997 of unrevised Hansard:

Mr. Davidson—Is the honorable member in favor of making apples free?

Mr. Crerar—Certainly I am in favor of making apples free, my honorable friend from Annapolis is badly mistaken if he thinks he is putting a poser to me in that regard.

In reference to this declaration of Mr. Crerar, W. E. Chappell, Secretary of the United Farmers of British Columbia, has made the following statement:

"I will not stand for the removal of the tariff on fruit, the prairie people may think such a policy is satisfactory but it is a blow at the fruit industry in this province, which I for one will not stand for."

## Recent Deaths

The death of Mr. Charles Murphy, one of the best known residents of this vicinity, occurred at Quincy, Mass., on June 1st. Mr. Murphy was born and spent all his life in this vicinity. He had been suffering from cancer of the throat for some time and left here recently to seek expert medical assistance, which however, proved futile. The deceased is survived by a widow resident here and a brother, Mr. Peter Murphy, of Pensacola, Fla. The remains were brought to Wolfville on Saturday and the funeral was held from his late home on Sunday, the interment being in the old Catholic Cemetery.

On Tuesday morning at the home of her mother, this town, there passed away, after a lingering illness, one of Wolfville's most popular and highly esteemed young ladies, Miss Minnie Hennessey. The deceased was of charming personality and had many friends. After completing her studies at the public school she accepted a position with the Telephone Co. here where she was very popular both with her associates and the public. A few years ago, owing to failing health, she was compelled to resign her position. She made a brave fight for life but in spite of the most loving care gradually weakened until the end came. She is survived by her mother and one brother who have the sincere sympathy of all.

## G. W. V. A.

There will be a special meeting of the G. W. V. A. on Thursday, June 17th, at 8 o'clock sharp, in the Club Rooms. Comrade Hugh F. Hamilton, secretary of the Nova Scotia provincial command at Halifax, will be present and address the meeting. All members are urgently requested to be present.

By order of the Secretary.

Furnished rooms to rent after June 1st. Apply to Box 462.

## Greenwich Items

Messrs. Kenneth and Everett Frazer spent Sunday last at their home here. The former is employed in electrical work with Mr. Murray Baird, of Kentville.

Miss Marion Bishop, who has been ill for some days, is now improving in health.

Two horses from our village were prize-winners at Kentville on the King's birthday, Mr. A. K. Forsyth's taking first prize as roadster, and Mr. Humphrey Bishop's second prize in the same class.

Mr. Arthur Leslie, of the N. S. Hospital staff, Dartmouth, is spending a few days at the home of Mr. Fred E. Forsyth.

Mr. Wm. S. Morine, who spent his boyhood in Greenwich, is here from Worcester, Mass., a guest of Mr. and Mrs. A. K. Forsyth. Mr. Morine finds many admirable changes in Greenwich, (which he has not seen for thirty-nine years) and like most visitors thinks one cannot say too much about the beauties of the Valley. He is a nephew of the Rev. Maynard Freeman of Wolfville, who greatly enjoyed a visit from him one day last week.

Mr. Douglas Terry, who has been visiting at the home of Mr. T. A. Pearson, left recently to return to his home near St. John, N. B.

When, on last Thursday, an aeroplane passed over here on its way to Annapolis Royal, some of us had our first glimpse of that sort of craft and gazed wonderingly until it was out of sight. Miss Ethel Frazer, who is so shut in from the outside world, had the delightful excitement of seeing it from her bedroom window.

One family would have been seeing it but for the alertness of their big white rooster, which gave such a sharp warning that all the hens made for shelter in a great fright. The folks, looking up for the cause of the rumpus, discovered the aeroplane, which Mr. Chanticleer had evidently taken for a hawk of heroic size.

News has been received of the death in United States of Mr. Stephen M. Griffin, who lived here some years ago. His wife died some time before him.

## Annapolis Defeats Wolfville

IN HARD FOUGHT GAME OF BASEBALL

The Wolfville boys lost their second game in the Valley Baseball League when Annapolis defeated them on Wednesday by the score of 7 to 6. The game was played at Annapolis, the boys making the journey there by auto. A number of fans accompanied them. The game was hotly contested from start to finish, both teams seeming to feel that the outcome of the League depended to a large extent on this game.

In the first innings Annapolis scored two runs to Wolfville's one, and the home team extended their lead in the second innings. The Wolfville boys were, in the meantime, doing their best to get accustomed to the roughness and other irregularities of the field. With the thirdinnings the Wolfville boys got down to work and a hard fought battle commenced which ended only with the last ball thrown. Annapolis still kept the lead but the Wolfville team steadily drew up and in the ninth innings tied the score at 6-6. While this paper is an ardent believer in sporty sport and both winning and losing with a smile, it is only fair to the Wolfville boys to state that in the play-off they had to contend with the umpire as well as the players. The game ended in the tenth innngs with the score 7-6.

In the other League games played on Wednesday Middleton defeated Berwick at Middleton by the score of 22-0, and Kentville defeated Widdetown at Widdetown.

By a ballot taken at Windsor on Monday it was decided that the town would not adopt Day-light Saving time this summer.

Miss Dorothy Williams, who has been staying some time in Greenwich, was a guest for a few days this week at the home of Mr. Albert Eaton, Lower Canard. Mrs. Chas. Hays is recovering from a recent attack of the grippie.

Canada's claim against Germany for reparation for war losses amounts to 1,800 million dollars, or almost equal to the net national debt of the country. But there is precious little hope that we shall ever be repaid more than a trifling part of the vast sum which the war has cost us. The notion that Germany could be "made to pay," unfortunately, appears to have been a sad delusion.

The Gouin (La Loutre) dam on the upper waters of the St. Maurice river, Quebec, has a storage capacity of 160,000,000 cubic feet and a water area of 300 square miles, forming the second largest storage reservoir in the world. It is exceeded in size only by that of Gatun Lake, on the Panama Canal. The storage at Gouin will permit a regulated permanent flow of over 12,000 cubic feet per second at Shawinigan, rendering 1,000,000 horsepower now available on the St. Maurice.

During the month of April eighty-four thousand working days were lost through strikes in Canada. Reckoned at ten hours per day this means that eight hundred and forty thousand hours were unproductive. Calculated at the low figure of fifty cents per hour this tells of a monetary loss to workmen for the month of \$420,000, or at the rate of upward of five million dollars per year, to say nothing of the loss entailed in the industries where these hands were employed.

**Nourishing Food and Good Hours**

HELP YOU TO RESIST DISEASE—AID THESE WITH A TONIC TO KEEP THE BLOOD PURE

The power of your body to resist disease and to fight it after disease gets a foothold, is one of the most precious possessions you have. You weaken this power when you let your general health run down, your blood gets thin and your nerves unsteady.

You weaken it when you worry, when you over-work, when you do not get sufficient sleep, and when you are under-nourished, either because you do not eat the right kind of food or because your digestion is out of order.

You preserve your power to resist disease when you keep good hours and eat proper food at regular intervals. You further increase and strengthen resistance to disease when you build up your blood and nerves by the occasional use of a tonic like Dr. Williams Pink Pills, which are free from opiates and harmful drugs of any kind. The value of these pills as a health builder is fully shown by the experience of Mrs. E. C. Taylor, Hanover, Ont., who says:—"At various times since I was a girl of fifteen I have proved the value of Dr. Williams Pink Pills. At that age I was in a much run down condition, suffering from many of the well known symptoms of anaemia. My mother procured a supply of Dr. Williams Pink Pills, and after taking about a half dozen boxes I was restored to normal health. Again after my marriage, and before my boy was born, I felt miserable and again took Dr. Williams Pink Pills, which once more met all my expectations and fully restored my health. My latest experience with these pills was following an attack of pleurisy, which left me completely broken in health. Part of the time I was under the care of two doctors, and for three months I was practically between life and death. Again at my mother's suggestion I started the use of Dr. Williams Pink Pills. I had not been taking them long before I could tell they were helping me. Day by day I could feel my strength returning, and was soon enjoying good health once more. In view of my experience I think I can safely say there is nothing in the way of medicine better than Dr. Williams Pink Pills.

Dr. Williams Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

At the recent session of the Council a strong stand was taken against the tendency to make divorce easier in Canada. Maritime Baptist.

In the fiscal year, 1918-19, 12,723,000 pelts were imported into the United States from Canada. These imports included large numbers of rabbit skins from Australia and New Zealand and also about 250,000 sheep skins from Australia, New Zealand, India and Peru. These figures demonstrate that Canada is exporting more furs than ever before in her history, and that the number of fur-bearers taken in 1918-1919 was in excess of the annual increment, thus trenching upon our capital stock.

The special prize donated by the D. A. R. for heavy draft horses was won by E. C. Griffin, Port Williams.

**The Luxury Tax**

Ottawa, June 2—An important ruling dealing with the collection of luxury taxes, was issued tonight by the Department of Customs and Inland Revenue. The ruling provides as follows:

"Retail merchants and other vendors of articles subject to the luxury tax who sell to the purchaser for consumption or use, are advised that upon the occasion of each sale of a taxable article the following requirement must be fulfilled, viz:

(1)—An invoice or sales slip, showing the price at which the article is sold, exclusive of tax, and as a separate item, the amount of the luxury tax thereon, shall at the time of sale be delivered by the vendor to the purchaser.

(2)—The vendor shall at the time of sale collect from the purchaser the amount of the luxury tax shown on the sales slip. No merchant is authorized to advertise or announce that he is paying the tax for the purchaser, as in point of fact he is required to collect the tax from the consumer.

**Utilize Canada's Resources**

Canadians are justly proud of their structural timbers—red pine, western soft pine, tamarack, hemlock, Douglas fir, etc. That the qualities of these timbers may be well known to Canadian builders, so that the importation of no better or even inferior timbers may be reduced the Forestry Branch of the Department of the Interior has issued a publication known as Bulletin No. 59, "Canadian Woods for Structural Timbers", giving the facts about these woods. This has been followed by Bulletin No. 60, "Douglas Fir: Its Mechanical and Physical Properties", which deals with this wood from every point which is of interest to the structural engineer and builder. Those interested may secure these bulletins free upon application to the Director of Forestry, Ottawa.

**Dark Walls Waste Light**

The colour selected for walls and ceilings has a decided effect upon the lighting of rooms and upon our light bills. Even where the darker shades are used for artistic or other reasons, information as to the exact value of each color to reflect light is useful.  
 The illumination required in a room depends largely upon the amount of light absorbed by the walls and other surfaces. Dark surfaces absorb light, while light surfaces reflect a good proportion of the light back into a room. If the source of light is not changed, the effective illumination will vary

with the reflection factors of the surfaces in the room. If, on the other hand, it is desired to maintain a fixed intensity of illumination, then the amount of light reflected by the walls on which the different colours are used will be in the following percentages of the light used: Enameloid, white, 80; flat tone, white, 79; flat tone, cream, 71; enameloid, ivory, 64; flat tone, buff, 59; enameloid, pink, 51; flat tone, tan, 37; enameloid, tan, 27; enameloid, sky blue, 31; enameloid, cardinal red, 27; flat tone, forest green, 21; enameloid, wine, 12; enameloid, grass green, 10.—L. G. Denis.

**Constipated Children**

Children who suffer from constipation, indigestion or any of the other ailments due to a clogged condition of the bowels will find prompt relief through the use of Baby's Own Tablets. The Tablets are a mild but thorough laxative which can always be depended upon to regulate the bowels and sweeten the stomach. They are absolutely safe and are sold under a guarantee to be entirely free from opiates or other injurious drugs. Concerning them Mrs. Thomas A. Boutot, Lake Baker, N. B., writes: "I am pleased to state that Baby's Own Tablets were of great help to me when my baby was suffering from constipation." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Willinms Medicine Co., Brockville, Ont.

**Town Manager a Success**

The town of Woodstock is well satisfied with the town manager of government. Noting the fact that Chatham has been discussing this plan, the Woodstock Press says:  
 "As the first town in Canada to put the scheme in force, Woodstock is in a position to give good advice to the north shore town. There is only one way to successfully conduct the business of a town and that is by the town management scheme. If the right man is engaged, any town will be pleased with the system. Woodstock did not take up that movement hastily. It was considered, talked about, written about and agitated for years; experts were consulted, and finally the town manager of a leading city near Boston was brought to Woodstock and explained the movement to the citizens at a public meeting. There is no question as to the success of the scheme in this town. The few who scoffed at the movement at its inception now cannot give it too much praise. Why is it that the tax rate in Woodstock is only \$1.90 on the \$100, probably the lowest taxed town of its size in the Maritime Provinces? Because the taxes are collected at the right time; no part of the taxes are written off, everybody pays, and under the present system, there are no leakages."

**What's in a Name?**

The following is a story of an incident that is said to have actually transpired in the early days of the war.  
 Officer (to recruit brought in by sergeant)—What's your name?  
 Recruit—Watt, sir.  
 Officer (impatiently)—What's your name?  
 Recruit—My name is Watt, sir.  
 W-A-T-T.  
 Officer—Humph! Where do you come from?  
 Recruit—Ware, sir.  
 Officer—Yes, where do you come from?  
 Recruit—I come from the town of Ware, sir.  
 Officer—That'll do. (Turning to the next one). What's your

name?  
 Recruit—Mee, sir.  
 Officer—Yes, you; what's your name?  
 Recruit—Mee, sir.  
 Officer (by this time fairly out of temper and evidently thinking the man was working a joke)—Will you give me your name?  
 Recruit—My name is John Mee, sir.  
 Officer—Humph! Where do you come from?  
 Recruit—Hoo, sir.  
 Officer—Confound it, sir, where do you come from?  
 Recruit—Hoo, sir.  
 Officer—Well, if ever—  
 Sergeant (interposing)—He comes from the village of Hoo, near Chatham, sir.

**Welcome Home**

A very pleasant event took place at the home of Mr. L. E. Shaw last Friday evening. A "Welcome Home" was extended to Rev. W. V. and Mrs. Higgins, returned missionaries from India. It was regretted that on account of illness Miss Enid Higgins could not be present. The house was filled and many persons met Mr. and Mrs. Higgins for the first time. Miss Helen DeWolfe gave a violin solo that was much enjoyed. Mrs. J. W. Manning spoke words of welcome to the old home and church after 30 years of mission service, to which Mr. and Mrs. Higgins feelingly replied. Mrs. C. H. Martell gave a farewell message to Mrs. Young and presented her with a handsome gift to show the love and appreciation of her many friends. Mrs. Young made fitting reply. We all regret that she will not return to her position next year. The choir of the Baptist church were among the guests of the occasion. Refreshments were served and a social hour enjoyed, closing with "Blest Be the Tie that Binds".

**Cricket**

The Club made its first start on the Campus last Thursday with a good attendance of members and visitors, and a very interesting game was played. Inspector Robinson was unanimously elected Captain and Manager. On Saturday there was a much larger attendance. Two elevens were chosen and a good match played. The equipment has arrived from Montreal and will be used at once. There is plenty of material in Wolfville for at least one first class cricket eleven, and it is hoped that the club will be able to arrange some matches later on in the season. Practices will be held as frequently as possible. Visitors cordially welcome.

Mrs. A. W. Bleakney left yesterday morning for Lawrence-town, Annapolis county, to make a short visit.

Mrs. Whitford McNeily and daughter, of St. Johns, Newfoundland, are spending the summer in Wolfville, guests at the Royal Hotel.

Mrs. Elizabeth M. Rady of Pensacola, Fla., and Mrs. Nesbit, of Quincy, Mass., accompanied the remains of the late Mr. Chas. Murphy, to Wolfville, and will remain here some weeks, settling the estate. Mrs. Rady is a sister and Mrs. Nesbit, a niece of the deceased.

At a meeting of the Playground Committee of the Civic League held on Monday evening, it was decided to go ahead with the supervised playgrounds this summer, and Capt. John Pratt was appointed to get the school ground in readiness. Swings, sand boxes, and others forms of amusement, will be provided.

Last Sunday at the Baptist church good congregations enjoyed the privilege of hearing one of our best known missionaries, and a native of Wolfville, Rev. Walter V. Higgins, of Waltair, India. The addresses, both morning and evening, were intensely interesting and bore testimony to the zeal and earnestness Rev. Mr. Higgins has put into his life work. At the morning service the subject was "The Unfinished Task", and in the evening he spoke on "The Truth About India".

There are two single rooms and two suites on each of the three floors, and each room is equipped with a private bath. The floors are all of hardwood and the wood work is finished in white enamel. With this new addition to his hotel Manager Rockwell will be better able to cope with his ever increasing tourist business.

**Airplane Over Wolfville**

The first airplane to be seen over Wolfville appeared over the town on Thursday evening of last week, and caused considerable excitement, it being the first time some of the citizens had ever witnessed one. The plane was on its way from Truro to Annapolis to make an exhibition flight. The pilot was Lieut. I. Logan Barnhill, and the mechanic, E. C. Atkinson, son of Mrs. E. G. Atkinson, of this town. The plane returned to Truro on Friday afternoon again passing over the town en route.

# MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

## Be Sure of Your Brakes

Are you sure of your brakes? Are they 100 per cent. efficient? Say next Sunday you lead out faithful little Ford, pack your wife and kids and go bowling down the main streets as big as life with the speedometer registering 30 miles an hour. And say that just ahead of you a big truck comes shooting out of a side street—if you slam on your brakes can you bring your car to a stop within 37 feet? If you can't you are liable to muss up the wife and family a little bit—you may possibly dent the truck—you are sure to arouse the wrath of the local police officials.

According to a huge chart worked out by automobile engineers, any car going 20 miles an hour should stop within a space of 37 feet; any car going 10 miles an hour should stop within the space of 9.2 feet—if they can't stop within such a space in an emergency the brakes are not working properly.

The chart is representative of the national brake inspection movement advocated by many of the progressive police officials in towns and cities throughout the country. Legislation is being proposed requiring annual brake inspection of all cars—safety first societies are endorsing the idea and like the glaring headlight and boisterous cut-out, it is only a question of time before the inefficient brake will be a thing of the past.

In the rare cases where the carburetor catches fire because of a back fire, the conflagration may be extinguished by turning off the gasoline and then racing the engine. In this way the engine sucks the flaming liquid out of the carburetor and so the fire dies out of itself.

## Japanese Road Rules

Motorists thinking of visiting Japan are advised to read and consider seriously the following English-Japanese rules of the road that govern motor drivers in that country according to the Forecast:

At the rise of the hand of police-man stop rapidly. Do not pass him by or otherwise disrespect him.

When a passenger of the foot hove in sight, tootle the horn trumpet to him melodiously at first. If he still obstacles your passage, tootle him with vigor and express by word of mouth the warning, "Hi! Hi!"

Beware of the wandering horse that he shall not take fright as you pass him. Do not explode the exhaust box at him. Go soothingly by.

Give big space to the festive dog that makes sport in the roadway. Avoid entanglement of dog with your wheel spokes.

Go soothingly on the grease mud, as there lurk the skid demon. Press the brake of the foot as you roll round the corners and save collapse and tip up.

## Canada's Tire Production

Figures made public in Montreal show that there were about 2,000,000 automobile tires manufactured in Canada last year, requiring about 8,000,000 square yards, or 12,000,000 to 16,000,000 pounds of tire fabric, and that only about one-third of the fabric required in the manufacture of these tires was made in Canada. The remainder came from the United States. Increased production of tire fabric is now aimed at.

During March a new record for the production of cars was made in Detroit, when slightly more than 176,000 passenger automobiles were manufactured.

## A Profitable Strawberry Business

The well known fruit growing firm of Cyrus and Manning Ells has had a most successful spring in their strawberry business. While they are experts in apple production, they perhaps, have obtained more of a lead over other fruit growers in the growing and sale of strawberries.

At a season of the year when the ordinary farmer has but little to add to the revenue of the farm this firm digs out of the soil and ships to all parts of the country a fine lot of strawberry plants, which yield them a handsome income.

This year they have shipped to all parts the enormous amount of eleven hundred thousand plants. The average price obtained from these was six dollars per thousand—a good year's income from an ordinary farm. The plants are of best varieties and shipped in a manner which assures a ready growth. One order alone was for a quarter of a million plants which was obtained from the Quebec Government for strawberry plantations in that province.

Messrs. Ells have also just received an order from Quebec City for shipment of 50,000 boxes of the fruit and these will be sent forward by express for early shipments and later in refrigerated cars.—Western Chronicle.

## How Forest Fires Start

The rise in the price of lumber has awakened all Canadians to the fact that the forests comprise one of Canada's greatest resources. The land on which our forests stand is in the majority of cases not fit for farming, and, consequently, the time when no forests are growing thereon represents a dead loss. Forests cut down grow again with comparative rapidity, but areas burned over by fire are slow to reproduce, and when trees come on again they are likely to be of inferior kinds. Thus there is every inducement to save our forests for the axe and to save them from fire. Yet in Canada eight or ten times as much timber has been burned as has been cut. Our governments and lumber companies are now fighting forest fires, but they still take a terrible toll. Fires start from many causes, but camp-fires left alight by tourists and hunters, and cigarette stubs and burning matches thrown carelessly into the underbrush are among the most prolific. It is to the advantage of every citizen, young and old, to aid in keeping down the forest fire evil.

Are you a slave to your business or is your business your servant?

## Nuts Behind The Wheel

New Jersey has made the startling discovery that many persons who are mentally deficient are driving motor vehicles about the roads and thoroughfares of that state. "When it is considered that New Jersey's method of examining applicants for driver's licenses ranks in stringency with any in the United States," says George B. Duren, in Motor, "it can easily be imagined how many persons mentally unfit for the responsibility are today sitting behind the wheel of an instrument which has death dealing possibilities. For a motor vehicle in the hands of an incompetent is as dangerous a weapon as a machine gun." What is the condition in this respect in our own province?

**Let Us Know**

The best way to get an item in the paper is to let the paper know.

Day before yesterday a perfectly nice lady called up and with tears in her voice reproved us for not mentioning the fact that she had a friend visiting her last week. We told her she had not let us know she had a visitor. Then she said: "Well, you should have known. I thought you were running a newspaper."

Wouldn't that rattle your slats? Some people think an editor to be a cross between Conan Doyle and Anna Eva Fay. They seem to think that our five senses are augmented by a sixth that lets us know everything that happens, even if we see, feel or smell it not. Dear lady, editors are only human. If you have a friend visiting you, if you are going away or have returned from a visit out of

town, if Johnny falls and breaks his arm, if your husband chops his toe instead of a stick of wood, if anything happens to make you glad, or sad, happy or mad, let us know. That's the way to get it in the paper.

**A Record for Longevity**

The house of Mr. Ross Chipman, at Chipman Corner, can probably produce the largest record of aged people of any in Kings county. In this household are Mr. Chipman, aged 85; Mrs. Chipman, 74; Mrs. Somerville, 83; Mr. Robert Starr, 90 in a few months; Mr. John Leopold, who works on the farm, aged between 70 and 80. The combined ages of the five is over four hundred years. Mrs. Somerville mentioned above is a sister of Mr. Chipman, and wife of Rev. Robert Somerville, deceased, a former Presbyterian clergyman at Wolfville. After residing in New York for over 25 years, she has lately returned to Kings county to live with her brother.

**Induction at Gaspereau**

Recognition services in connection with the installation of the new pastor, Dr. R. W. Bennett, were held in the Baptist church, Gaspereau, on Thursday evening, May 27th. Those present and taking part in the service were Revs. W. H. Watts (Methodist), G. W. Miller (Presbyterian), J. D. Spidle, of Liverpool, and Os-good Morse (former pastors), Drs. Archibald, Spidle and DeWolfe. Miss Bennett delighted the audience by singing "The Holy City." Dr. Spidle and Rev. J. D. Spidle sang in a very impressive manner that beautiful song, "Face to Face", and Mr. John Gertridge established for himself a name by the rendering of the song we all love, "Thy Will Be Done." Miss Letta Gertridge ably presided at the organ. A most delightful part of the proceedings was the presentation of a beautiful hand mirror to Mrs. Bennett by the ladies of the church.

At the close of the service a reception was held in the church parlors. In the receiving line with Dr. and Mrs. Bennett were Mr. and Mrs. Miner, and Mr. and Mrs. Hunter. The refreshments as well as the proceedings were enjoyed by all. I. D. Martin, Esq., presided in his usual able and genial manner. Dr. Bennett comes to this important charge well equipped both by education and experience. He with Mrs. Bennett, their son and daughter, are already winning their way into the hearts of the people. A most pleasing feature of the occasion was the presence of the pastor's father, mother and sister, who only recently arrived from England. K. HUNTER, Clerk.

**DOUGHNUTS and CRULLERS**

From the NEW ROYAL COOK BOOK

**DOUGHNUTS** made the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

**Doughnuts**  
3 tablespoons shortening  
1/2 cup sugar  
1 egg  
1/2 cup milk  
1 teaspoon nutmeg  
1 teaspoon salt  
3 cups flour  
1 teaspoon Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 30 seconds. Drain on ungreased paper and sprinkle with powdered sugar.

**Afternoon Tea Doughnuts**  
2 eggs  
1/2 cup sugar  
1/2 teaspoon salt  
1/2 teaspoon grated nutmeg

**Crullers**  
1/2 cup shortening  
1/2 cup sugar  
2 eggs  
3 cups flour  
1 teaspoon cinnamon  
1/2 teaspoon salt  
1 teaspoon Royal Baking Powder  
1/2 cup milk

Cream shortening; add sugar gradually and beaten egg; stir together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 1/2 inches long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.
