that the city had no authority to contract of creatis, but only for recruits. The case is, however, to be decided by a full banch. The manufacture, 620,000 feet of bis noted for the curious machinery used in the river at that piece on the 6th inst. "A Mar's A Mar's A MAR FOR A' TRAT-Robt Burne was once taken to tank by a young Edinburg blood, with whom he was waking. The machines run alght and day, and 300 hands are employed at the works. 500 pounds of paper per day are used to make the scone bonnet, and the boot hose that if a gote to, but the mass that was in them is and the man, wit, for true worth, would weigh down you and me, and ten more such any day." The machines run alght and day, and 300 hands are employed at the works. 500 pounds of paper per day are used to make the ight small bocks for the curing the same thes and the phosphorus is 9,600 pounds.— The machines run night and day, and 300 hands are employed at the works. 500 pounds of paper per day are used to make the ight small bocks for the subset ping mass and the store, same the store ign was suprised to find a ho'e in the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the floor of the size of the store, and the same's the store in the floor of the size of the store, and the floor of the size of the store size of the store size of the store size and the construction for the whole days while a couple of wordy attorneys contended shout the construction for two whole days while a couple of wordy attorneys contended shout the construction for the law is repealed. HOUSEBERAKING IN FICKERING.— Some two weeks ago a German str tory in western New Yor

ood.". So

Iui and as ingeniously contrived as those that make the matches. A long coil of paper, an wide as the box is long, revolves on a wheel, one end being in the machine. It first passes through rollers, where the printing is done, from thence to the paste boxes. where the sides and ends only are pasted; trom thence to the folding aparatus, where the ends are nicely folded, and the whole box is pasted together and drops into a basket. A similar machine is at work at the corers, and thus 144.000 boxes per day are manufactured.

Married. At Sandwich, on the 11th inst., by the Rev. Mr. Bruiere, G. W. Girdlestone Esq. Am. Express Agent, Windsor, to Miss Louisa
