THE DEATH OF JUDGE SAVARY

Last Member of Canada's Confederation Parliament Has Passed Away.

Judge Savary who since the death of Sir James Grant, had been the last surviving member of the Confederation Parliament of Canada, died at his home in Annapolis at an early hour Tuesday morning, March 30th, in the 88th year of his age. Hon. Alfred William Savary who was a son of the late Sabine and Olive (Marshall) Savary, was born in Plympton, Digby county, Oct 10th, 1831; graduated M. A. at Kings College, Windsor, N. S., the oldest university in Canada. Studied law and practised four years in St. John, N. B. Returned to Nova Scotia and practised in Digby, he was inspector of schools for Digby county three years; member for Digby county in the first and second parliaments of the Dominion of Canada (1867 to 1874); created Queen's Counsel 1870 and appointed Judge of the newly established county Courts for the Counties of Annapolis, Digby and Yarmouth Aug. 21, 1876.

Feb 20th, 1877, he married Bessie Crookshank, daughter of Henry P. Crookshank, N. B., who died suddenly Oct 8, 1887. June 20th, 1882, he married Eliza Theresa, daughter of the late Rev. Abram Spurr, and Catherine (Johnstone) Hunt, who survives him, and to whom is extended the sympathy of a large circle of friends. By the first wife Judge Savary had three sons and one daughter, two of whom are living: Henry Phillips Otry Savary, Esq., a prominent barrister in Calgary, Alta., and Rev. Thomas William Savary, rector of the Church of England in Kingston, Ont., and who was present at the funeral in Annapolis and who also accompanied the remains to Digby via Thursday's express.

He leaves two sisters, Eliza Helen, who married James R. Garden, for many years postmaster at Gibson, N. B., and Miss Margaret Jane Savary, both of whom now reside on the old Savary Homestead in Plympton where they were born. Nova Scotia has produced few more remarkable sons than the deceased. In political life he was able and eloquent and he was the very fountain head of information on all matters relating to the history of this province. He took the material that Calne had arranged in his lifetime and embodied it in his history of the county of Annapolis; subsequently it was enlarged in another history. He was also the author of the "Savary and Severy Genealogy."

As a Judge he was fearless in all his decisions and enjoyed the respect and confidence of everyone. Noted chiefly for his devotion to historical and literary works, he was the foremost authority on subjects appertaining to the province of Nova Scotia. He was a prominent member of the Historical Society and also corresponded for a great number of historical publications.

He was an enthusiastic member of the Episcopal church and had spent a lot of time and money attending various meetings in many parts of Canada in connection with the church, he so dearly loved and so liberally contributed towards its support. The funeral was held from his late residence and St. Luke's church Thursday morning, the services which were largely attended being conducted by the rector, Rev. T. C. Mellor, whose address was one of the best ever given in the province and was listened to with great interest by all who were there.

Among the prominent out of town people present at the funeral in Annapolis was Judge J. A. Crierston, of Weymouth. The remains were then conveyed to the D. A. R. station and to Digby where a number of the leading and most prominent citizens of the town accompanied it to its last resting place in the Episcopal cemetery where the services at the grave were conducted by Rev. William Dyfield, rector of Holy Trinity church. The MONITOR extends its deepest sympathy to the bereaved ones.

SEVERUS ACCIDENT IN SAW MILL

Returned Soldier Had To Have His Hand Amputated

KENTVILLE, March 31—A distressing accident occurred at Millville yesterday afternoon, when Spurgeon Jones, a returned soldier married and with two children, had his hand caught in a saw at Hart's mills and had it so badly mangled that he was hurried to Berwick thirteen miles distant for medical treatment. On his arrival Drs. McNally and Balcom decided that the condition of the injury, was so serious that they could not save his hand, so it was amputated just above the wrist. As he had lost a great deal of blood and there were no facilities for caring for him at the mill, he was removed on this afternoon's express to the military hospital at Halifax, accompanied by Major G. J. McNally, and his son, as assistant.

The Tragedy At Tupperville

The Remains Found in the Ruins Identified as Fred Everson. His Twin Brother Arrested Wednesday Afternoon. The Preliminary Examination Commences To-day.

Following the report of the fire, which appeared in our last issue, the village of Bentville, now known as Tupperville, one of the prettiest and most quiet hamlets in this county, situated on the Annapolis road about one-half mile west of Tupperville station, was the scene of what may become the worst tragedy that has ever occurred in the county of Annapolis.

The Everson house, the scene of the tragedy, was an old fashioned one and one of the eldest in the village. It stood within twenty feet of the old Methodist church. Here resided Moses Everson and his twin sons, John and Fred, aged about thirty years. Their mother died over twenty years ago. Two daughters are married and reside in the same neighbourhood, Mrs. W. B. Hicks, at Centrelea, and Mrs. Robert Baker, Tupperville. The father is a quiet, peaceful man, of about seventy years of age, a farmer and at one time a section man on the D. A. R. The two sons were industrious and hard workers not only on their own farm but were often employed by others. They were little inclined, however, to roughness and their place of abode has often been a welcome place for "the thirsty" passing up and down the countryside, who wished to enjoy a home made glass of hop and molasses beer. The Scott Act Inspector had also visited the place and on one or more occasions had discovered a quantity of this well known drink.

It appears on Monday of last week that things were going on about as usual in the Everson home and in the evening the father and two sons were there. Between nine and ten o'clock a neighbour called and noticed that Fred was somewhat intoxicated, the drink then being used according to the evidence at the corner's inquest was cider. After the neighbor had departed the father told the two sons who were wrangling, that he was going to his son-in-law's, Mr. Baker's, to sleep saying he could not sleep where there was such a loud talking and noise. John, so the father says, said to Fred, his angry brother, "Why don't you keep still? See what you are making your father do, go away at this time of night." The father then left the house to the two boys and went to his daughter's a half mile away.

Shortly after twelve o'clock, midnight, Watson Kent, who lived across the street from the Everson house, had occasion to get up to close a slamming door. He saw a bright light in the Everson house that looked like fire and he rushed over and pounded on the door, but got no response. The kitchen was then full of fire. He immediately alarmed the neighbourhood. When the men gathered John Everson was found at the back of the house and when they asked him about his father he said he had gone to Baker's and when asked about his brother, Fred, he replied that he had gone on the train to Annapolis.

The house, being small was soon filled with smoke and fire and it was impossible for the men to get inside. Later they discovered what appeared to be the body of a person lying in the kitchen near the pantry door and but a few feet from the door where the brother said he escaped, after being aroused by Mr. Kent. They were unable to remove the body at that time and when they were able to get at it, in the early morning, it was burned beyond recognition. The limbs were partly destroyed, the skin gone off the trunk, except a small part in front, and the

upper part of the skull was all gone. The men discovered at the front gate, about ten feet from the house, a gun containing an empty cartridge, and a full cartridge lying near by. John Everson, when asked by the men about the gun said it was his gun and about the only thing he had saved.

How the house got on fire, how the gun with an empty cartridge, apparently recently exploded, got where it was found, why one brother escaped and the other did not, while both men were in the kitchen remains a mystery. Coroner Armstrong, M. D., began an inquest the same afternoon in the Temperance Hall, where the sons of temperance meet every week, but a few rods from the scene of the tragedy. The jury was composed of the sturdy farmers of the neighbourhood.

Evidence was taken from: Moses Everson, father of the boys; John Everson, brother of the missing man; Robert Baker, a brother-in-law; Watson Messenger, who first saw the fire; Spurgeon Messenger, who called at the home during the evening; Lloyd Woodbury, L. W. Chipman, L. B. Potter, Stanley Kent and Leslie Dargie.

On both John Everson said that he was on the lounge and asleep when aroused by the alarm of fire and that his brother had gone away on the Owl train. But it was after the hour of the Owl train when his father left the boys in the house wrangling. The body was identified by the watch. John also swore in his evidence that there were no fire arms in the house and that he did not have a gun. The father swore in his evidence that a gun was in the house and had been for some time.

The remains as found contained some broken bones, which would not likely have occurred if the man had simply been burnt up. It was therefore thought by the coroner and the jury that a thorough medical examination should be made of the body to ascertain if possible the cause of the death and to search thoroughly for any shot or bullet in the remains. The inquest which continued Tuesday afternoon from one to six o'clock, was adjourned until Friday afternoon at one o'clock.

EVERSON ARRESTED

Wednesday afternoon Chief Police Gill arrested John Everson in connection with the burning of the Everson house and the death of his brother. He was taken to Annapolis via Wednesday evening's express and locked up in the county jail to await his preliminary examination which will be commenced before Magistrate Fay this afternoon.

ADJOURNED INQUEST

The adjourned inquest in connection with the body found in the Everson fire was resumed Friday afternoon. The beautiful fine spring day, together with the extreme excitement aroused throughout the countryside was the means of filling the

WILL BRIDGETOWN BOYS COMPETE?

Tuxis Boys Will Take Part in the National Athletic Contest.

Thousands of Canadian boys have been waiting impatiently for the week of April 19-24. The time will soon be here. On those days Tuxis Boys and Trail Rangers in all parts of Canada will gather for the events of the National Athletic Contest.

Any Camp of Trail Rangers or any square of Tuxis Boys that can meet with another group for running off the various events can take part in this contest. There is no expensive journey to a central point and no elaborate athletic equipment necessary. The groups must be properly organized Sunday School groups with a regular Sunday attendance. The events can take place in almost any open space or a basement floor or vacant lot.

The average score made by the members of the group will then be sent to the Secretary of the provincial Boys' Work Board and from these scores the winner for the province will be decided. The winning scores will then be sent to the National Boys' Work Board and from these the Dominion Championship will be determined.

One big thing about this Contest is the fact that it is the group that counts and that receives recognition; the individual boy receives no honor or recognition for himself; he merely strives his utmost to swell the score of his "bunch of fellows." He forgets himself in his concern for the honor of his team or club. No individual boy will be crowned as national champion, but some Camp or Square of wide-awake fellows, because of the strenuous team play of all its members, will receive the laurel as winners for all Canada.

Tuxis Boys of Bridgetown are you doing your utmost to be winners in this National Contest? Every boy must train for every event if his "bunch" is to win. Train now, the time is short.

He also felt sure that he had not been shot in any of the parts he had examined. This completed the evidence. The Coroner addressed the jury calling their particular attention to the many puzzling features of the case. After being out one and a half hours the jury returned the following verdict:

That the body found in the ruins of the Everson house March 29th, 1920, is that of Fred Everson, of Tupperville, but how he came to his death we are unable to determine.

BEATS THEM ALL

Record of the Poultry For the Month of January and February, 1920 at the Experimental Station, Kentville, N. S.

JANUARY 1920
Laying stock 222 birds. Eggs laid 2,086. Highest pen averaged 18.45 pullets laid over 20 eggs each (from 20 to 28). Average whole plant 9.4. Profit over cost of feed \$72.96. Profit per bird laying 48 cents; whole plant 35 cents. Highest pen 5 shows 84 cents profit per bird; No. 7 shows 71; No. 2 shows 62 1/2.

FEBRUARY 1920
Laying stock 205 birds; eggs laid 3,048. Highest pen averaged 19.8; second 19.5; third 18.3. Highest pullet laid 28 eggs. Highest pen shows a profit 76 cents per bird over cost of feed. Pullet averaged 16.6; hens 9; whole plant 14.8. 75 pullets laid over 20 eggs each (from 20 to 28). Profit for months over cost of feed \$104.29. Pullet show profit of 60 cents per bird; hens show profit of 25 cents; whole plant shows profit of 50 cents. Highest pullet had 110 eggs to her credit February 29th; 2nd highest pullet had 93 eggs; 3rd highest pullet had 91 eggs; 4th highest pullet had 84 eggs; 5th highest pullet had 81 eggs; 6th highest pullet had 79 eggs. Mr. Harry Strong, Bridgetown has charge of this department.

NEW SEASON

TO THE TRADE.
Last season was not all clear sailing for the Retailer or Manufacturer.
The Manufacturer was greatly troubled by the labor unrest, so much so that it was almost impossible for him to procure adequate skilled help; to say nothing of the high prices.
The uncertainty of the market caused the retailer to be over-cautious in buying, and ordered in smaller quantities and at a later date than usual, thus causing the Manufacturer to be delayed in the commencement of operations.
The hide condition does not materially affect the situation at present, and there is every reason to believe that the market will remain strong throughout the current year, and we look for prices to advance rather than recede.
We have a full stock of GOOD, FANCY AND EXTRA FANCY SHOES, Oxfords and Pumps and we are at your service.

Surburban Notes

TIVERTON

Dr. Weir, of Freepont, is in town. Samuel Gidney, of Mink Cove, is in town. Sorry to report Jolson Robbins on the sick list. Mr. Irvin Pyno is improving after being seriously ill. Miss Helen Blackford has returned home from St. John. Mr. Joseph Ossinger visited relatives at Freepont recently. Mr. W. A. Pugh, of Westport, was in town Friday 20th. Mrs. James Cossabon is visiting relatives at Freepont. Mr. Wilfred Robinson, of Rosway is in town for a few days. Mrs. Angelo McWay has returned home from Mink Cove. Mr. Norman Brown is improving after her recent illness. Mr. Hilman Oosthouse has returned home from Bridgewater. Mr. Victor Oosthouse has returned from a business trip at Little River. Mr. Arthur Brown has returned home from Waverly, Mass. Mr. Oosthouse has returned home from Massachusetts. Mrs. Brown Oosthouse has returned home from Bridgewater, Mass. Mr. Earl Oosthouse has returned from a business trip at Little River. We are sorry to report that Oosthouse is in poor health. Mrs. Warren Ossinger is very ill. Mr. Earl Logan is visiting at Freepont. Congratulations to Mr. and Mrs. Hamilton Oosthouse and Mr. and Mrs. Ralph Oosthouse on the arrival of sons. Mr. Burwell Oosthouse left last week for Maine for medical treatment. He was accompanied by R. A. Oosthouse. Members of the Baptist Church raised the sum of \$17.00 on Wednesday evening 24th, selling ice cream and pies. Mr. Delbert Clifford, who has been ill in General Public Hospital at St. John returned home Friday 26th accompanied by his sister, Miss Nellie Clifford.

WANTING SOMETHING FOR NOTHING

(Annapolis Spectator)

The Middleton Outlook has a lengthy and sensible editorial about the requests it gets for free publicity, concluding with the suggestion that the newspapers should get together to make a stand against giving free space in such matters. No necessity for any association in this matter, at least in this country. The only thing necessary for each paper to act on its own initiative and "turn 'em down." The Spectator gets enough of this stuff every day to light two fires with every morning, but has found that it doesn't lose any vast amount of revenue by declining to hand out free tickets to space sponsors. In some cases the articles sent for insertion have been returned with an offer to print them at cost of production, but so very few of such offers are accepted that it is seldom worth while bothering to make the offers. It does seem curious, however, that it is the country publisher (who has the hardest work to make ends meet) who is most pestered with these parasites. In a city the people are well trained to know that if they want newspaper publicity they have to pay for it, yet it is most often city people who try to impose upon country publishers.

CLEVELAND, OHIO

City Progress Seen in Window Display in a Western City. We copy the following from a Cleveland, Ohio, paper: "Cleveland First" has a strong supporter in the Burrows Brothers Company, stationers, Guardian Savings & Trust building. In a window display the company has a miniature city traction system, and cards stating Cleveland has more than 140,000 different articles of manufacture. Leads in hardware manufacture. Greatest iron ore market. Parks of 2,672 acres in area; 43 1/2 miles of highways. More public library books than any American city. A greater percentage of citizens own their own homes than New York, Chicago, Philadelphia or Boston. Doubled its population every twenty years.

THE COUNTRY PAPER

(Hamilton Spectator)

The old chap who writes these Musings spent over 40 years as the owner of a country newspaper, and naturally he has great sympathy for the boys who are now trying to struggle along and keep out of the sheriff's hands in these days of the high cost of living. It is a question at times whether the country editor who think they are conferring a great favor on him by paying him a dollar or a half or two dollars a year for the weekly visits of his paper, or whether he knows how cheap they are selling goods, even in these over the top times. Do they ever think that the home paper gives each year from \$500 to \$1,000 in free advertising to the community in which it is published. The editor, in proportion to his means, does more for the town in which he lives than any other dozen men, and in all fairness he ought to be supported—not because you like him or admire the interesting way in which he tells the current history of the town. Is there a child born in the town, or a wedding, or a death, or a sad tale, or a happy one, or a scholar in literature or music, is there a wedding in the family, or sad tale, is there a death, who is it that can so kindly tell the story as the country editor? The Bugle Horn of Liberty may not be brilliantly edited or crowded with high falutin thought, but financially it is of more benefit to the community than the preacher or the teacher. Understand me, I do not mean mentally yet on moral questions you will find most of the papers, in city or country, on the right side. Today the editors of city and country papers do the most, for the least money in the community in which they are published of any people on earth.

THE ROMANCE OF AN INDUSTRY

The Great Industrial Show Place in Canada

Most visitors to the Border Cities usually make a point of visiting the plant of the Ford Motor Company, of Canada, Limited, which is today one of the great industrial show places of Canada. Few of them are aware, however, of the romantic rise of this huge concern which is today the factory with the largest automobile output within the British Empire. In the year 1903 a modest building housed the works of the Walkerville Wagon Company, so modest and unpretentious in fact was this building that the general manager, Gordon McGregor, could, if he so desired, walk around his shop in two minutes by the factory clock. The acre of land which was formerly occupied by the Wagon Company is now swallowed up by a building six stories high, covering over 9 acres of ground and having a total floor space of 498,389 square feet. There are also eight Branches in Canada with a floor space of over 887,574 square feet. At the present time the Home Office Factory employs number 3,509, besides which there is the office staff of 231. To these must be added the factory and office employees of the Branches totalling 650 persons, making a total of over 4,200. It is conservatively estimated that the number of people in Canadian firms who are directly or indirectly kept busy by the demands of this Company for material and finished products is upwards of 35,000. The Ford employees are the highest paid automobile mechanics in the Empire, the minimum wage being \$5.00 per day, and over 70% of the men employed own their own homes. The power in the original factory was derived from a 75 h. p. engine but today the wonderful combination of gas and steam engines in the power house have a total capacity of 7,500 horse power. The first piece of machinery installed in the old factory was a solitary drill press. Now the machine shop presents a bewildering and seemingly endless forest of whirling belts, revolving wheels, flying cranks and spinning shafts. Here are machines designed by the Ford engineers which are marvels of the industrial world. One of such machines will mill 15 cylinder castings at one time. A giant punch press weighing 115,000 pounds with a 900 ton squeeze will form a crank case out of cold steel by one stroke while several other presses equally massive finish the operation. Other machines seemingly possessed of almost human intelligence pick up various parts with metal fingers and convey them to ingenious cutting, drilling and threading devices. Others again need only to be fed with a raw metal to carry out the entire operation and hand out the finished product. Yet in the seeming riot of these steel monsters, and amidst the crash of the ponderous presses and the roaring and screaming of the multitudinous machines, there is no confusion, no lost motion, everything has been reduced to a science. Since the humble beginning with that solitary drill press, the Company have manufactured and marketed 250,000 cars, and at the present time they are being turned out at the rate of over 250 per day. The most recent progressive step of the Company was the acquisition of the Dominion Forge and Stamping Company's plant for the manufacture of automobile fenders, which will mean an addition of close on 200 men to the number of employees. With eight flourishing Canadian Branches, 700 dealers and over 2,300 service stations, the Company has every reason to be proud of the part it has played in the industrial life of the Dominion.

YOUNG WOMEN AVOID PAIN

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"For two years I suffered from periodic pains and nausea so I was unable to get around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to do about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one, as I hope it will."—Miss Z. G. BLACKWELL, 2013 Oiler Place, Regina, Sask. If every girl who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering. It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

EXPERIENCED MOTHERS SAY

Zam-Buk is best for children's injuries and skin troubles, because: It is herbal—no poisonous mineral coloring. It is antiseptic—prevents cuts and burns taking the wrong way. It is soothing—ends pain quickly. It heals every time. Just as good for grown-ups. Sold at all stores and druggists.

NOT USING THE SAME ENERGY

The Digby Courier says: The churches, having successfully put over the financial part of their Forward Movement are now trying to work out a spiritual advancement—but it seems to me they are not putting the same energy into it that they did when dollars and cents—and not souls—were the objective. They had canvassers (and good ones, too) out for the money; why wasn't the same method kept up for the other objective? There are dozens of families which never have a representative in a church and never send a child to Sunday School. Canvassers could reach these homes, find out what was wanted in clothing or any other of the physical wants and could possibly make church goers out of them. The prayer meetings and special services only reach those who are already church goers. Under the circumstances they may deepen the spiritual life but they do not extend it into new homes and sections.

FARMERS AGAINST DAYLIGHT SAVING

FREDERICTON, March 18.—The New Brunswick Farmers and Dairymen's Association passed a resolution unanimously this morning protesting against the adoption of daylight saving time or any other than the present time, upon the grounds that confusion was caused thereby and productions would be curtailed. The morning session was the final one of the convention, which has been in progress here all week, and the delegates are spending the rest of the day in the Dominion Experimental Station. H. H. Moore, of Rothesay, was elected president and the report of M. A. McLeod, Superintendent of Agricultural Societies, showed a total of 154 Societies in New Brunswick, with 10,280 members.

A REAL LIVE TESTIMONIAL

Given By Professor Hamilton of Hampton Metepghan River, Digby Co., N. S. This is to certify that I took a severe pain in each big toe. Feet swelling up and legs, and toe nail coming off. I told my wife that my time had come and I would not live with the same disease. I tried two doctors without results so I sent for Prof. Hamilton and he cured me in a very short time, three years ago. I have been working ever since and feel good for a man of 75 years. I highly recommend the professor sick and suffering.

LEON BOUDREAU.

Outlook: Her many friends are pleased to see Miss Jean Messinger again in Middleton, she having rejoined the Royal Bank staff.

HOW CRUEL OF HIM!

Hubby pushed his chair back from the table with a disturbed look on his face. "What's the matter now?" asked his wife sharply. "I can't eat this soup!" he replied in coldly firm tones. "You can't eat the soup?" shrieked the partner of his woes and bliss. "What do you mean, you ungrateful wretch? Here I've slaved all the afternoon making this soup for your supper, and now you say you can't eat it! Why not? Isn't it good enough for your Majesty?" The man waited till the echoes of her wrath had died away in the little room before he told her sadly: "Because I have no spoon!"

KENTVILLE BOOMING

The citizens have been asked by the Council to attend a public meeting to consider and if deemed advisable to authorize the expenditure of the following amounts, viz: \$5000.00 for additional Sewerage; \$17,000.00 for additional Water Main from the first Reservoir to Main St.; \$4000 for laying out a New Street at Denison's Crossing; \$200.00 for a Chemical Car for the Fire Department; \$25,000.00 for retiring maturity debentures. Water Works, Schools and Park.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and Pain generally. Made in Canada. Handy tin boxes of 10 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monachweide, Germany. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

BELLEISLE

The birds, lambs and wood-saws have returned with their same old songs. Mr. Eldon Parker, of Paradise, spent last week with his sister, Mrs. Arthur Gosner. Mrs. Atherton Marshall, of Clarence was a week end guest of her father, Mr. Israel Longley recently. Glad to report Mrs. S. P. Wade's wrist much improved after a bad sprain from a fall on the ice. Miss Agnes Gosner is home after spending a month with her sister, Mrs. Frank Mills, at Granite Ferry. Mrs. Seth L. Gosner returned home Thursday after a two weeks visit with her mother, Mrs. R. L. Hardwick, at Annapolis. Miss Mildred Wheelock, of Clarence, spent a week at the home of Mr. and Mrs. Alex. Fraser and also visited other friends at Belleisle and Upper Granville. Miss Edith Reeks, of Round Hill, spent the week end with Miss Kathryn C. Fraser, at the latter's home. They returned across the river on the ice at Tupperville, March 21st.

Middleton Outlook

Miss Laura Payson spent the week end in Middleton, with her uncle, Mr. G. M. Moore and in order to reach home on Monday had to walk to Wilnot on the railway.

IMPORTANT EVENT

Woman's Institute Organized at Bear River

A largely attended meeting of the ladies of Bear River, was held in the vestry of the Methodist Church on Wednesday evening, March 3rd to meet Miss Helen McDougall, of Truro, Provincial Superintendent of "Women's Institutes."

Women's Institutes are supplying the long felt need of an organization that has an elastic constitution, allowing its members to take up all matters pertaining to the good of the community.

HAD NOT A WELL DAY IN 17 YEARS

Halifax Woman Gave Up Hope and Is Soon Restored To Health By Tanlac

"Honestly, I don't remember a single day during the past seventeen years that I could say I was well, but since I have taken Tanlac I feel twenty years younger."

"For seventeen years I had been troubled with indigestion," continued Mrs. Brunt, "and had fallen off until I weighed only ninety-three pounds and had given up all hopes of ever being rid of my troubles."

"I even took a trip to Boston and through the New England States, hoping the rest and change would help me, but all the time I just kept getting worse and worse."

"A neighbor of mine had taken Tanlac and it had done her so much good that she persuaded me to try it, but I will admit I took it more to please her than anything else, for I had about lost all confidence in medicine."

"I am certainly glad now that I took it, for before I had finished my first bottle I began to improve and by the time I had taken my fourth bottle I was feeling so fine I could hardly wait to feel any better."

"Tanlac is sold in Bridgetown by S. N. Wear and in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris."

BOSTON'S AUTO SHOW A Big Advertisement for Nova Scotia

The biggest and most brilliant Automobile Show that Boston has ever known was in full swing last week. It is estimated that more than 37,000 persons were in attendance the opening day, in spite of very unfavorable weather conditions.

The decorations were on a grand scale, the principal feature of which was called an "Arcadian Fete" and was supposed to represent the beautiful scenery of the Annapolis Valley in Nova Scotia with its wonderful apple orchards in full bloom.

Inadvertently, Nova Scotia is in this way securing a large amount of the very best kind of advertising and many, no doubt, out of the vast multitude of people witnessing this splendid representation of scenery for which Nova Scotia is so justly famed, will wish later on to make a tour of the country and see all its beauties.

The Weekly Monitor Established 1878 J. S. DUNHAM, Editor and Manager WEDNESDAY, April 7th, 1920

EASTER IN THE PARISH OF ST. JAMES

As is usual, the first "Evensong" of the Easter festival was held in St. Mary's Church, Belleville, at 8 o'clock on Saturday evening. This was followed by a Celebration of the Holy Communion at 8 a. m. on Easter Day. The Altar with its lights and Bernadine Lilies (kindly donated by Mrs. Lytle) forming a suggestive setting for the great "mystery". Another service was also held in this church at 10 o'clock in the afternoon.

The parish church (St. James, Bridgetown) the services were at 11 a. m. and 7.30 p. m. on Easter Day and were attended by large congregations. The Altar was the centerpiece as the lighted up the festal hangings and choice hot-house blooms.

At the parish church the rich needlework already possessed by this church has been further augmented by the addition of two sets of book markers—the white set being used for the first time on Sunday last.

WEDDING BELLS

Archdeacon Armitage officiated at 6 o'clock on Thursday morning, at St. Paul's church, Halifax, at the marriage of Henry Gould, mechanical engineer of Halifax, son of Arthur and Annie Gould of Jeddore, and Miss Lavinia Pearl Gillis, daughter of Joseph and Norah Gillis, of Bridgetown.

THE PUBLIC SHOULD BE NOTIFIED

In future when it becomes necessary to turn off the water from the whole, or a portion of the town, the water-takers should be notified. Someone, evidently without the authority of the town officials, turned off the water on Queen Street last Monday morning without the people being notified in time to draw off even a painful of water.

ORDINATION SERVICE

Last Wednesday evening an ordination service for two deacons took place in the Bridgetown Baptist Church—Stanley Marshall, of Clarence, and George Chute of Beaconsfield. Rev. I. A. Corbett, of Paradise preached a powerful ordination sermon, the charge was given by Rev. M. S. Richardson, pastor of the Bridgetown Baptist Church, and the ordinance prayer by Deacon A. D. Brown.

IN THE INTEREST OF THE BRIDGE

Mayor J. W. Salter and Mr. E. A. Hicks, President of the Bridge-town Board of Trade, left yesterday for Halifax to meet a committee from the Highway Board in connection with the construction of the new traffic bridge across the Annapolis River at Bridgetown.

"AUCTION OF SOULS"

Messrs. Bishop & Bishop have succeeded in arranging for the presentation of the "Auction of Souls" in the Primrose Theatre for Friday evening, April 23rd. This attraction is sure to draw a full house. See adv. in another column and watch for further particulars.

ANNAPOLIS VALLEY BASE BALL LEAGUE

A meeting of the Annapolis Valley Baseball League was held in Middleton yesterday to make arrangements for the coming season. The Bridgetown Amateur Athletic Association was represented by the Secty, F. E. Bath, also H. S. Magee and Lisle Salter.

St. John, N. B. is to have a new million dollar railway station.

Local Happenings

The regular monthly meeting of the Town Council will be held next Friday evening.

Appropriate sermons and special music were given in the various churches Easter Sunday.

Rev. Father R. J. MacKay will conduct services in St. Alphonsus church Sunday, April 11th at 11 a. m.

Ross B. Miller, of Mt. Hanley, has been appointed a Justice of the Peace in and for the County of Annapolis.

The will of the late Hon. S. W. W. Pickup left no public bequests. The estate was declared under \$36,000.

Jas. A. Taylor has been appointed Prothonotary and Clerk of the County court in and for the County of Digby.

Mr. A. J. Wagner has sold his property in Bridgetown to Mr. W. A. Swift, of Berwick, formerly of Dalhousie.

Local fruit dealers report some thirty or forty thousand barrels of apples yet to be shipped from the Annapolis Valley.

Good Friday which was observed as a general holiday passed off very quietly in Bridgetown and the surrounding villages.

A good time to clean up your surroundings. Get busy, and help make your community a more attractive place in which to live.

The Town Clerk's salary in Digby has been raised to \$1100 per year. He is also furnished with free office rent, light, heat and telephone.

The sum of \$15.00 was realized at the 10 cent tea held in the Ruggles on Saturday afternoon by the ladies auxiliary of the W. V. A.

The quarterly meeting of the United Fruit Co was held at the Company's building in Kentville on Wednesday with a good attendance from the various companies.

It is reported that some one endeavored to start a fire Friday night in the basement of the Corner School House. No arrests have yet been made.

It is easier to collect your thoughts than it is to collect a back subscription from some regular church goer who asks the Editor why he is not a regular attendant.

The First Degree will be conferred on candidates in Crescent Lodge, I. O. O. F., to-morrow (Thursday) evening at which no doubt there will be a large attendance as usual.

It pays to be kind to newspaper men. A Maine girl has been left \$100,000 by a newspaper man to whom she had been kind. The great query is where did he get it?

Mr. Parker Whitman has sold his farm at Carleton Corner to Mr. H. A. Francis, of Bear River, a returned soldier, and has purchased the Dr. DeBlois property on Granville St.

Good Friday an interesting game of base ball was played on the Bridgetown High School playgrounds, between the Juniors and Sub Juniors, the former winning by the score of 8 to 4.

The bridge and dance held in the Court House Monday evening under the auspices of the Lawn Tennis Club was a big success. The sum of \$50, will be realized after all expenses are paid.

Owing to the bridge being out and general claiming after the commencement of the transmission of gas, it is suggested that you pay your bill by check to the \$1.53 subscription rate to April 30th. Get busy for after that date suddenly there can be no reasonable excuse.

Our friends will confer a great favor if they will avoid as much as possible the transmission of gas, telegrams and other matter for publication over the telephone. Mistakes are easily made and much time is lost. The MSS is much more satisfactory in every way.

Mr. Hugh Goldsmith, who commenced carrying the mails between the D. A. R. station and Bridgetown Post Office last Thursday has had a telephone installed in his residence on Church Street. Mr. Goldsmith is also carrying on a general trucking business and is already quite busy.

The Statute enacted by the Provincial Legislature has gone into operation which prohibits automobile owners from using the highways from March 29th, until May 1st, unless by permission of the Superintendent of Highways. This law does not apply to roads within the limits of any town.

The clergy of the Rural Parish of Annapolis will hold a "Chapter" meeting at Clementsport on Monday and Tuesday of next week. The "ad clerum" sermon on this occasion will be preached by the Rev. E. Underwood, Rector of Bridgetown, who will also give an address at a service to be held in St. Matthews' Church, Deep Brook, on Tuesday evening.

The first Provincial Convention of the United Farmers of Nova Scotia will meet in the Court House, Truro, on Wednesday, April 14th at 9.30 a. m. holding three sessions. Mr. J. J. Morrison, Secretary of the United Farmers of Ontario, Mr. G. F. Chipman, Editor of the Grain Growers' Guide, Winnipeg and others will address the meetings. See adv. in another column.

Easter Monday night was a lively one in social circles. The Tennis Club had a dance and bridge party in the Court House; the Social Club a dance in the Ruggles block; Autumn Leaf Rebekah Lodge initiated a couple of candidates; these together with a wedding and three or four more dances and several private parties made the night a busy one in Bridgetown and vicinity.

LOCAL DEATH ROLL

S. C. SHAFNER The death took place at his home in Granville Ferry on Sunday morning last of Samuel C. Shaffner, well known school examiner former teacher and highly esteemed resident after a lingering illness at the age of 73 Mr. Shaffner was born at South Williamsburg this county but had lived in Granville for more than twenty years, his business latterly being in fertilizers and furs. He was twice married. His first wife was formerly a Miss Bogart, and left one daughter Mrs. Fullerton in Halifax. His second wife, who survives, was the widow of Wm. Shaw she having been Miss Jean Ruggles. She had one son to Mr. Shaw but no family with Mr. Shaffner. Deceased was an active member of Annapolis Royal Lodge No 33 A. F. and M. and was buried on Tuesday afternoon at the Wadswell Cemetery with full Masonic honors. Mr. Shaffner had been a member of the County Council for three years until last fall and was widely known.

RUFUS W. HARDWICK Rufus W. Hardwick one of the wealthiest citizens of Annapolis, died suddenly at Lynn, Mass., on Friday last aged 75 years. He was visiting his sister in law Mrs. Sanders, on his way home from a month in Florida and southern cities. His only son G. Bertram Hardwick, left Saturday for Lynn on receipt of a telegram that his father had been overcome by gas. It is supposed that being driven to his room over night, but he had been in falling health. He was a widower. The remains arrived by steamer from Boston Wednesday and were forwarded to Annapolis for burial; his son Bertram Hardwick accompanied the remains; Mr. B. B. Hardwick is a brother of the deceased.

OBEDIAH CHUTE One of the oldest residents of the county in the person of Obediah Chute, died suddenly at his home in Bear River, on Wednesday at the advanced age of 88 years. He was born in Bear River and lived there all his life. He leaves two sons and two daughters to mourn.

NOTICE

Citizens of Bridgetown, please take notice that meaning up week will commence shortly and owners of property are requested to clean their premises, keeping the garbage and coal ashes separate, garbage to be put in barrels or boxes and placed on sidewalk in front of house or store. The superintendent of streets will have them moved, commencing April 15th, and continuing for one week. A person having coal ashes please notify the superintendent and he will have them moved. Let everybody take pride in their premises by clearing their own homes. Be boosters and stop knocking. If you see your next door neighbor cutting his lawn and taking an interest in the appearance of the town, try and beat him by making yours look better and I am sure you will be helping to give Bridgetown prominence among the many tourists that pass through.

The merchants would do well to have their post that is lying at Carletons Corner placed in position before the Automobiles commence running, so as to guide strangers to the town.

Let us all stop throwing peanut shells and paper on the streets, GEO GILL Chief Police

Miss Mary Wyman and Miss Evelyn Cobble, of Acadia, spent the Easter holidays in Bridgetown the guests of Miss Hazel Freeman. Miss Mona Chute was called to

Boston Saturday owing to the serious illness of her mother, Mrs. H. M. Chute, at Melrose Highlands.

Mrs. A. K. Patterson, of Aylesford, spent Easter with her daughter, Mrs. C. W. Fair. She was accompanied by her son, Mr. Lindsay Patterson.

Caledonia Gold Hunter: Mrs. Gordon W. Crowe, of Middleton spent the week end with her brother, H. L. Edwards. Harry is on the mend now.

Miss Jean Messenger, of Middleton and Mr. Donald Messenger, of Acadia spent Easter with their parents, Mr. and Mrs. R. J. Messenger, Cranville street.

Dr. W. H. Beckwith, of Halifax, arrived here Saturday and is spending a few days in his native town, where he is always greeted by a host of friends.

Mr. F. E. Bath was in Deep Brook Thursday and Mr. A. L. Beeler in Digby, one selling a Gray-Dort and the other an Overland during their absence.

Mrs. L. W. Elliott of Clarence is stopping in Wolfville with her son Dr. M. R. Elliott while the latter's wife is with her father, who is seriously ill.

Miss Frances Smith, of Digby who had been the guest of Miss Angie James, is at present in Halifax on business in connection with her property in that city.

Berwick Register: Mr. W. A. Swift, who recently disposed of his property here to Mr. James Adams, moved this week to Bridgetown where he intends residing.

Middleton Outlook: Capt. Amos Burns, of Clementsport was a guest at The American on Friday evening last. We are pleased to see the genial Captain in such excellent health.

The Westman: We regret to learn that the Rev. A. R. Reynolds of Lunenburg was taken quite seriously ill on Saturday, March 20th. He is still confined to bed but is gradually improving.

M. Wentzel, of the Granville Fruit Co.; F. H. Johnson, Banner; J. A. Myers, Bridgetown; H. E. Bent, Bellisle; H. W. Bent, Tupperville; attended the directors' meeting of the United Fruit Co. at Kentville last Wednesday March 31st.

Kentville Advertiser: Mr. R. L. Hardwick, proprietor of the Kentville and Annapolis Hat shops was summoned to his home in Annapolis yesterday by the news that his residence was on fire.

Mr. J. William Smith, of the John McInnis Lumber Co., Halifax, spent Sunday in Bridgetown the guest of his brother in law Rev. M. S. Richardson, the popular pastor of the Bridgetown Baptist church.

Mrs. J. S. Parry, one of the teachers of the schools here spent a few days at the home of Mr. and Mrs. F. V. Young, Halifax, returning home via Monday evening's express. Mrs. Stevens, supplied for Mrs. Parry for the school during her absence.

The friends of Rev. E. E. Daley will regret to know of his serious illness following an operation at the Victoria General Hospital, Halifax on Friday last. Mr. Daley was pastor of the Baptist church in Bridgetown for several years and has many friends here who are anxious for his recovery.

Middleton Outlook: Capt. L. W. Elliott of Clarence was in town on Friday last. He informs us that his daughter, Miss Cora Elliott, of Robbills, India has been ill of "Flu" and 52 of the 85 children in her school. Two deaths occurred among the pupils.

Monday's Halifax Chronicle: Mr. and Mrs. G. O. Thies and Miss Elsie Black, of Bridgetown are guests at the Carelton House. Mrs. Thies assisted the choir of the Tabernacle Baptist church yesterday, rendering the soprano solo parts in the Easter anthems Mrs. Thies' solo was much appreciated.

Capt. Joseph U. Blakney, who is retiring from the superintendence of Sable Island "the grave yard of the Atlantic", has purchased the Clarence Young farm, Bridgetown east, and will be moving here with his family in two weeks. He is a man who has had a remarkable marine experience and was sent at one time to relieve Lieut. Perry in one of his arctic expeditions.

Wolfville Acadia: Dr. and Mrs. G. E. DeWitt and Miss DeWitt have been spending the winter at St. Petersburg, Fla. At the tournament of the St. Petersburg Tennis Association held on March 22nd Miss DeWitt and partner won the women's doubles in three straight sets, the scores being 6-4, 6-2 and 6-3. The president of the association presented two handsome Sliozinger rackets to the members of the winning team.

Wednesday's St. John Telegraph: The three-masted schooner St. Clair Theriault, Capt. LeBlanc, arrived in port yesterday from Yarmouth, and docked at Reed's point. She will load for Barbados.

His Cough is Gone

Windsor Junction, N.S.
 "Some time ago, I had a bad cough and felt very much run-down. I got a bottle of your OLIVEINE EMULSION and used it with the best of results. I have taken four bottles in all and am completely well."
 JOSEPH MCGOWAN

OLIVEINE EMULSION

The Great Health Restorer
 purifies the blood, creates flesh and builds up strength at the same time it is healing the lungs, reducing the inflammation in throat and chest, and relieving the cold, tonsillitis or bronchitis. OLIVEINE EMULSION contains an improved and tasteless preparation of the extract of Cod Liver Oil (the great body builder) Extract of Malt (nourishing and invigorating) Extract of Wild Cherry (appetizing and strengthening to the digestion) Quinine and Syrup of Hypophosphites (the grandest tonic known to medical science).
 All these ingredients are scientifically combined by skilled chemists into an elegant and agreeable preparation suitable for every member of the family. Insist on having OLIVEINE EMULSION—the favorite home remedy. Sold by Druggists and General Stores.
 Prepared by Frazier, Thornton & Co. Limited, Cookshire, Que.

A ONE HORSE FARMER

We Do Not Want This Kind in Bridgetown

He will ride around a week looking for a \$2 pig.
 He will sprain his back lifting something to show how strong he is.
 He will pay \$3 for a new bridle and let the calf chew it to pieces before Sunday.
 The one horse farmer has a life long ambition to wear a dirty shirt.
 He will get all the neighbors to help in getting a cow out of a bog then let her die for want of attention.
 Stock will get in and destroy his crop at a place in his fence he has put off fixing for six months.
 He will complain of hard times and then tear his pants climbing a fence where a gate ought to be.
 He will alarm the neighborhood by getting up before day and setting around and not going to work before sun up.
 He will ridicule the mechanism of a corn planer and then go out and smash his thumb nailing a board on the fence.
 He will talk all Sunday about what he knows about farming and then ride around the neighborhood Monday looking for seed potatoes.
 He will go to town Saturday and come back with fifty cents worth of coffee a paper of pins, and a dollar's worth of chewing tobacco.
 He will go in his shirt sleeves all day to show how much cold he can stand then return home at night and occupy two thirds of the fire place till bed time.
 He is economical; economy is his fort, he will save ten cents worth of axle grease and ruin the spindle of a wagon. He won't subscribe for a paper, but will borrow one from his friend and forget to return it.

THREE EGGS FOR A NICKEL IN CHINA

Coal 50 Cents a Ton and Wheat 30 Cents a Bushel Rebuilding Shanghai

NEW YORK, March 8.—About 200 members of the American Manufacturers' Export Association got a thrill when Julian Arnold, commercial attaché at Peking, told them about China. For, said Mr. Arnold, anthracite coal sells there for fifty cents a ton, wheat brings 30 cents a bushel, and eggs are practically free at three for a nickel. But as the attaché pointed out, that's no Chinese panacea for the H. C. of L. West China, lacking transportation can't get the stuff out into the world. The Chinese, he said, are rapidly injecting the Occidental idea into their business and they are particularly keen for building materials and methods from the breezy west. New York and Chicago rebuilt under the direction of American architects. Mr. Arnold advocated the introduction of young Chinese into American business houses as likely to stimulate Chinese-American trade and national good feeling.
 Selling abroad under the present adverse exchange conditions was discussed by Joseph McElroy, an exporter. He said business men should make an effort to halt the proposed scheme to shelve the bureau of foreign and domestic commerce. Mr. McElroy disclosed that certain English firms were counting on English exchange getting around normal at the end of six months, but said he was not so optimistic himself.

ONTARIO RURAL SCHOOL FAIRS

During the year 1919 the Ontario Department of Agriculture, through its agricultural representatives, distributed seeds and eggs to 78,946 pupils in 3,278 rural schools of the province. R. S. Duncan, B. S. A., writing in the Agricultural Gazette, for January states that the following quantities were distributed: 1,890 bushels of potatoes, 432 bushels of grain, 12,575 packages of root seeds, 30,700 packages of vegetable seeds, 21,900 packages of flower seeds and 11,045 dozens of eggs of a breed to lay strain of Barred Plymouth Rocks. These figures give some idea of the magnitude of the school fair movement in Ontario.
 The first school fair was organized in 1909 by three schools taking part. Ten years later 257 rural school fairs were held in the province and the pupils had 69,848 home plots and made 111,823 entries. It is estimated that about 250 people saw the first school fair in which 58 pupils took part, while last fall 52,600 children and 107,599 adults attended the school fairs in Ontario. This is truly a wonderful growth.

RE-MODELLING OF "CORNWALLIS INN"

The extension improvements on the new D. A. R. Hotel, "Cornwallis Inn" at Kentville are being pushed rapidly forward. The two wings are about completed and ten new baths are being installed. The glass enclosed verandah when completed will give a very pleasant and sunny appearance to the dining room, which will be greatly enlarged. The ladies' parlour with its fine large fire place and furnishings, will open into the ladies' glass enclosed sun parlor and writing room, which faces the D. A. R. Tennis Courts. When re-modelling is completed this will be one of the finest hotels in the province. Notwithstanding the extensive building operation being carried on this popular hotel is filled to capacity, every effort being expended in inconveniencing guests as little as possible.

MEAN WEAK BLOOD

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills are an all year round tonic, blood builder and nerve strengthener. But they are especially valuable in the spring when the system is clogged with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills improve the appetite tone the stomach and aid weak digestion. It is in the spring that poisons in the blood most often find an outlet in disfiguring pimples, eruptions and boils. Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In spring anaemia, indigestion, neuralgia, rheumatism and many other troubles are most persistent because of weak, watery blood and it is at this time when all nature takes on new life that the blood most seriously needs attention. Among those who have proved the value of Dr. Williams' Pink Pills is Mr. Archie D. Carmichael, Tarbot, N. S., who says—"For a number of years I was bothered with pimples which would break out on my face and body. The trouble was always worse in the spring and although I tried different treatments, it was without much success. In the spring of two years ago, the trouble was worse than usual and although I was taking medicine it did not help me until I finally decided to try Dr. Williams' Pink Pills. Under this treatment the pimples disappeared and there has since been absolutely no return of the trouble."
 Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SOME DOG

There's a dog lost in Canada, for our scribbles find the following in an exchange: "Loosed one daug Been loos him about 3 weeks. Him white dawg almost white with him tail cut off close next to her body. Anybody find her bring him to me I belong to him and give small rewards for same. Black spot on him nose about size fifty cents or dollar piece, Canadian money or United states all the same. For yours truly with anxious Felix Carno, hind side of Methodist church about three blocks in the white house upstairs with the green painting."

\$1365 GR
 F.O.B. CHATHAM WARTAX EXTRA

When the Gray-Dort was designed our engineers had two definite orders: "Build an economical, simple priced car."
 "Build a light car at least stronger and finer and greater value than the usual twenty-five pound light-car purchasers have been getting. The original Gray-Dort was built these orders. Every improvement refinement since that time has been in line with this policy.
 And yet the price is only \$1365.—what you get in to-day's Gray-Dort is \$1365.
 A big motor—3 1/2-inch bore and 4-inch stroke—finely finished and smooth running. A forty-pound crankshaft against the usual twenty-five pound crank. Three-ringed pistons instead of two-ringed. Cellular radiator, instead of tube and fin. Newly improved carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big-car feature.
 We designed a bigger and better rear axle light car—and we are having it built exclusively for the Gray-Dort here in Chatham. We've set a new standard of safety by solving the spring problem in the same way you'll realize what we've done when you see long, cantilever rear springs of the Gray-Dort. We've increased the safety of the Thermoid brake-lining. We've increased safety by building a steering gear 50% bigger and stronger. We've put in a bigger gas tank—put it in the rear, with a vacuum feed system. Your comfort in driving or riding has been tended to. With a shorter cowl, there is more room in the driving department. There are several inches more leg-room in the front. The seats are open with the doors. You sink the seats at the most comfortable angle. The top is really a one-man top. The gears can be shifted with two fingers' pressure. The emergency brake is now on a lever. The instrument

\$1365 GRAY-DORT

When the Gray-Dort was designed, our engineers had two definite orders. "Build an economical, simple, low-priced car." "Build a light car at least 50% stronger and finer and greater value than light-car purchasers have been getting." The original Gray-Dort was built to these orders. Every improvement and refinement since that time has been in line with this policy. And yet the price is only \$1365. Note what you get in to-day's Gray-Dort for \$1365.

A big motor—31 1/2-inch bore and 5-inch stroke—finely finished and smooth running. A forty-pound crankshaft, against the usual twenty-five pounds or so. Three-ringed pistons, instead of two-ringed. Cellular radiator, instead of tube and fins. Newly improved Carter carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big-car feature.

We designed a bigger and better rear axle for light cars—and we are having it built exclusively for the Gray-Dort here in Chatham. We solved the spring problem in the same way—and you'll realize what we've done when you see the long, cantilever rear springs of the Gray-Dort. We've set a new standard of safety by using Thermoid brake-lining. We've increased safety by building a steering gear 50% bigger and stronger. We've put in a bigger gas tank—and put it in the rear, with a vacuum feed system.

Your comfort in driving or riding has been attended to. With a shorter cowl, there is more room in the driving department. There are several inches more leg-room in the tonneau. The side-curtains open with the doors. You sink into the seats at the most comfortable angle. The top is really a one-man top. The gears can be shifted with two fingers pressure. The emergency brake is now on a lever. The instruments are handy.

Of interest to Farmers

DUSTING APPLES

(By G. E. Saunders, Dominion Entomological Laboratory, Annapolis Royal, N. S.)

In view of the fact that between 200 and 300 dusting machines will be in operation in the Annapolis Valley this season it seems best to outline what seems the best programme for the season.

For those who are going to use 90-10 sulphur-lead arsenate dust we have the following advice:—Apply the dust in the early morning when the air is still, and the plants are wet with dew. Apply enough dust 75 pounds per acre application on 20-25 foot trees. You cannot get results without using enough material. If possible space your dusts a little closer together than liquid sprays applying five dusts during the same period as you apply four sprays.

Some will use the new copper arsenate dust on all four applications on account of their preference for Bordeaux, and also for economy. The advice regarding the application of sulphur dusts applies to copper arsenate dust excepting that 50 pounds of copper arsenate dust per acre per application is enough for 20-25 foot trees. If the copper arsenate dust is used on half as much russeting of the fruit will result as results from the use of Thompson Bordeaux. If one wishes to avoid this russeting, and it is worth while avoiding it, one can use 90-10 sulphur lead arsenate dust for the calyx application, and the copper arsenate dust for the remaining applications.

Important things to note in ordering dust are:—

Copper arsenate dust costs \$1.00 per hundred less than 90-10 sulphur lead arsenate dust.

In using copper arsenate dust 50 pounds per acre per application is enough for average orchard.

In using 90-10 sulphur lead arsenate dust 75 pounds per acre per application is enough for average orchard.

Order enough dust for 4 or 5 heavy applications, and use it all.

In former days when dust was expensive we could not reasonably blame people for being saving of it. During the past year we have worked hard in order to lower the cost of dusting material, thereby getting into many rows with spray firms, etc. Now that we have got the material down to a low price do not skimp on it and then blame dusting for the results of stings.

DAIRY SCHOOL

The special courses in dairying are now on at the Agricultural College. The butter makers' course ends this week and the cheese makers' begins next week. The enrollment for butters making is twenty-one, in addition to regular students already reported. All these are going to work in the creameries, and then the demand for experts in this line is by no means met.

The Dairy School is badly handicapped for lack of time and equipment. It is practically impossible to give adequate instruction in the short time available, and there is probably no line of agricultural work in which it is necessary to have effective training as that of Dairying.

It is remarkable, none the less what has been accomplished by some students. One student who is taking the course this year was here three years ago. He was then employed by an ordinary country creamery. When he went to work the overrun at that creamery, was 11%. This past year the overrun has reached 22% a gain of 11% attained through more expert knowledge. He made 125,000 lbs of butter this year. The gain in overrun means that out of the same number of pounds of butter fat he produced \$7,700 worth more butter than would be possible under 1914 methods. This man picks up sufficient expert knowledge to do this in two weeks. It takes the average student much longer.

The demand for experts along these lines was never as strong as now, and never was the need for a real Maritime Dairy School so imperative. From the production standpoint the same insistent call comes. The average cow sent about \$50 worth of butter fat to the creameries the past year. The best herd recorded sent \$208.43 worth per cow. The demand for training in dairying is surely one of the most insistent demands of the East today.

FERTILIZER SUPPLIES FOR 1920

Reports received by the Department of Agriculture from several fertilizer dealers are to the effect that they are advised by the companies they represent that a full supply of fertilizers will not be available in time for the spring seeding. It is hoped that all companies are not so situated. There is every reason to believe, however, that there is danger of short age in fertilizers supplies. Every farmer therefore, who uses fertilizer should see to it that his orders are promptly placed with his agent, merchant or co-operative company. Otherwise it is probable that they may have difficulty in securing sufficient supplies.

NEW STOCK AT THE COLLEGE

A new Clydesdale stallion has recently arrived at the Agricultural College, Truro. His name is Premier Fashion and he is sired by Baron's Pride one of the most famous Clydesdales ever bred in Scotland. On his dam side Baron's Pride is his grand sire. This makes him strong in that notable strain of blood, and yet free from any taint of inbreeding. He follows Lord Ullin, who was a nephew of Baron's Pride on his sire's side, and a grandson on his dam's side. The new horse will be three years old in June. He is a fine large colt with good legs and fine feather. He is long ribbed, close built in the back, giving him a deep body. He promises to develop a weight of a ton or more and all this should be a very big acquisition for the Clydesdale stock of Nova Scotia.

Berwick Register: Mrs. Foreman Baltzer is visiting her parents, Mr. and Mrs. Wm. Hart, Middleton.

FIELDS CROPS COMPETITIONS

The Department of Agriculture will issue in a few days a leaflet giving particulars in regard to the Field Crops Competitions which will be conducted during the coming season. The conditions of these contests will be much as in former years, with a few notable exceptions. On principle announced last year set forth in the leaflet, will mark a decided advance and demands attention now inasmuch as farmers who propose to enter in 1920 must look ahead to secure their seed.

This year no fields will be admitted to the Competitions except those seeded with either registered wheat and oats or with seed that has been inspected and approved by the Provincial Department of Agriculture. Full particulars of all conditions will be found in the leaflet and farmers are advised to write and secure a copy.

Mr. A. L. Pelton, of Kentville, left Saturday on a trip to Boston, New York and Detroit, Mich.

Kentville Advertiser: Judge Chesley, of Lunenburg Co., was in town this week on official business of the Methodist church.

LEFT NOVA SCOTIA OUT OF THE MUD

The road between the farm and the town all over Nova Scotia which has to carry a large share of the agricultural products of this Province has come to be a muddy rocky uncomfortable bit of highway. Those who travel it coming or going find it well nigh impassible.

What's more, folk at both ends of the line are mostly engaged in scolding each other and blaming each other for the condition of this road. As a rule the man at the country end feels that the man at the town end is to blame for the mud and ruts and rocks while the man at the town end has quite the same opinion of the man at the country end of the road.

Once in a while the man at one end of this road takes his pick and tries to fill up some of the ruts and pick off some of the stones. Occasionally the same thing occurs at the other end. But the result is far from satisfactory. The road keeps getting muddier and rougher, until now all are seriously asking themselves what can be done really to lift the road up out of the mud, to help both consumer and producer, so that all will have a living chance.

One thing is just as certain as anything can be before any great change for the better can come, men will have to understand each other better. As long as the stuffed club method prevails the same old conflicting ways will exist. We need to get together men of the farms and men of the towns sit down together and calmly talk things over to get each other's view point more clearly to gain an insight into each other's problems, to find out what we can do to make the going better and easier for each other.

To quit knocking to get together and to work together, is the right and only way to make the road from farm to town good and smooth and easy to travel.

Yes, Alfred, rolling the ruts back to dance, during courtship, is far different from taking them to beat, after marriage.
