The copy filmed here has been reproduced thanks to the generosity of:

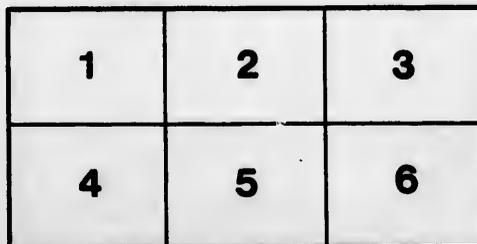

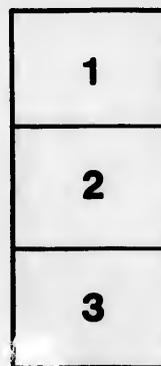

Anglican Church of Canada
General Synod Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Anglican Church of Canada
General Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PRAYERS

TO BE USED AT ALL MEETINGS OF THE SOCIETY, AND OF
ITS SEVERAL ASSOCIATIONS.

Prevent us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life, through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be one fold under one Shepherd. Prosper, O Lord, the labours of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertaking which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper Thou our handywork," for the sake and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy Name, Thy kingdom come, Thy will be done in earth, as it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation: But deliver us from evil: For Thine is the kingdom, the power and the glory, for ever and ever. *Amen.*

INCORPORATED CHURCH SOCIETY OF THE DIOCESE OF
MONTREAL.

The Annual Public Meeting of this Society was held in the Mechanics' Hall, on Wednesday evening, 17th January, 1865, at 7 o'clock.

The MOST REVEREND THE LORD BISHOP OF THE DIOCESE, Metropolitan, in the Chair.

Moved by J. J. DAY, Q.C.; seconded by Rev. M. BALDWIN, B.A.:

Resolved,—That the Report, now read, be adopted, printed, and circulated under the direction of the Secretary.

An Address on the state and prospects of the Church in the Diocese of Montreal.—ARCHDEACON LEACH.

An Address on the general work of the Church Catholic.—Rev. L. W. BALCH, D.D., Secretary of the House of Bishops, U. S.

Moved by S. C. BAGG, Esq.; seconded by Rev. G. SLACK, M.A., Rural Dean:

That the thanks of the meeting be given to the officers of the Society, and especially to the late Treasurer, T. B. Anderson, Esq.

Moved by the Very Rev. THE DEAN; seconded by the Rev. CANON BOND:

That the thanks of the meeting be given to the Most Reverend the Lord Bishop of the Diocese, Metropolitan, for his kindness in presiding on this occasion.

The Special Annual Sermon was preached before the Society, in the Cathedral, the previous evening, by the Rev. L. W. P. BALCH, D.D.

REPORT.

The Central Board, in presenting their Fifteenth Annual Report of the proceedings of the Society, do so with mingled feelings of thankfulness and regret. For while they have cause to thank Almighty God for a bounteous harvest, for the continuance of peace within our own borders, and for the termination of the destructive conflict, which has so long been raging in the neighbouring States, they have also to record a larger number of deaths amongst our members, than has appeared in any previous Report. Amongst the Clergy, they would specially name the Revd. Canon Reid, D.D., the father of the Diocese, and the successor and fellow labourer of the late Bishop Stewart, and who during the fifty years of his ministry served under the Episcopate of all the four Bishops, who have successively presided over the Diocese:—And also the Venerable Archdeacon Scott, D.D., Rector of Dunham, and Chaplain to our present Diocesan, who for many years worked side by side with Dr. Reid in the Eastern Townships. Whilst among the laity they have to deplore the loss of the Honourable George Moffatt and Judge McCord, whose names will ever stand on record in the Reports of this Society, as having been amongst the most active and prominent members on its list, and whose services have materially assisted in advancing the prosperity of the Church and developing its organization.

The Rev. Canon White having resigned the office of Secretary, in the early part of this year, a successor was elected in his place, and he wishes to acknowledge the valuable assistance he has at all times received from his predecessor.

In the month of May last, an address was presented to His Excellency Sir Fenwick Williams, Bart, K.O.B., on his departure from this Province, expressing the grateful sense which the Society felt for his continual and hearty support during his connection with the Diocese.

The Board have also to announce (and they do so with deep

regret, and sincere acknowledgments for his past valuable services) the retirement of your late Treasurer, T. B. Anderson, Esq., whose name has become a household word with your Society; and whose kind and courteous behaviour has endeared him to all the Clergy, who had any business to transact with him.

Mr. Hutton has been appointed as his successor.

DEANERY OF ST. ANDREWS.

AYLMER.

The Rev. F. CODD reports:—I have much pleasure in reporting a considerable improvement in the financial affairs of this Mission: and I am hopeful that increased regard for the “Kingdom of God and his righteousness” is in some degree represented by increased readiness to give according as God has blessed us, for the support and advancement of the Church of Christ. In the present transition state of the Church in Canada, from dependence on foreign aid, to independence, it is no doubt of the greatest importance that there should be a yearly improvement on the part of each Mission, so as ultimately to render it self-supporting; but I would remind the Society, that where, as in Aylmer, there is no Parsonage house—a Church greatly needing repairs and improvement—and this combined with a recent division of the Mission, it is impossible at present to do anything in the way of raising an Endowment Fund. We are surely doing well, and advancing rapidly towards self-support, when we have raised \$623 this year against \$247 for the half year previous.

The collections have been as follow:—

AYLWIN.

Rev. A. C. NASSITT writes:—Up to not quite fourteen months ago your Missionary, like, he fears, too many others, was ignorant, if not of the existence, certainly he was of the physical features, quality of soil and great extent of good tillable land stretching to a very considerable expanse from east to west and from north to south, over two hundred miles, on either side of the treacherous, meandering, but beautiful Gatineau. He thinks that were more known of this as yet wild and backward but truly delightful portion of Canada, it would not be long ere it should be more densely populated. At present the population is very sparse; and it is a pity to have it remain so whilst Britain has her thousands to spare in other portions of her vast dominions, who, with honest hearts, prudent heads, and industrious hands, might soon here very considerably better their condition. Between fifty and sixty miles north of Ottawa City is Aylwin, one of nine townships laboured in by our Missionary. From the Hudson Bay Company station on the Desert River in the north to the Rear of Alleyue in the County of Pontiac in the south-west of the Mission, at both which places divine service is performed, the distance is between 60 and 70 miles. This Mission is too large (not in number of people but in extent of area) for one clergyman; saying this, your Missionary does not wish to be considered as complaining; far otherwise, for it his prayer to be constantly increasing in true humility and thankfulness that it was pleasing to Him who rules in heaven and on earth to permit him to be, as he trusts he was, duly called, Apostolically ordained, and sent so opportunely to occupy the ground, and contribute his mite in that pure English branch of Christ's Church in endeavouring to make known the "glad tidings" here or any where in "Christ's vineyard."

Some of these new townships are fast being settled, though chiefly by people from the Upper Canada side of the Ottawa river; and what is pleasing to note is that they for the most part comport with them a considerable share of the Upper Canada energy and enterprise.

Were immigration to set in, "in earnest," (which would come to pass, did Government and its immigration minister make themselves cognizant of the important and valuable tract of country lying between the rivers Gatineau and Grand or Ottawa) many years will not have elapsed ere this now long and wide and scattered Mission shall, of necessity, be divided, and subdivided, requiring instead of one several labourers to enter the fields and garner up the Lord's harvest. At present your Missionary has very extended labour (*vide supra*) but the care of very few at all attached to the Church, and they as a general thing comparatively poor. The people of other denominations have their own ministers or servants in spiritual matters.

And here he thinks it not amiss or out of place to state that the thanks of the Mission and of the Church generally are due to those who first saw and spoke of the necessity of having a Missionary on the Gatineau, —The Rev. Mr. Codd, now incumbent of Aylmer, our respected Rural Dean, the Rev. R. Lonsdell, A.M., and our most worthy and beloved Bishop and Metropolitan.

Mr. Codd pointed to the place; the Rural Dean commended the field to the notice of His Lordship, who promptly found the men ordained, and sent them.

The Gatineau country, so long unknown and neglected, especially that older portion between Ottawa City and Aylwin, has now two Missionaries. At first the Rev. J. Seaman was sent, and, after travelling up and down for 60 or 70 miles, and working faithfully amongst the people, who everywhere became very fond of him, at the end of one year was permitted by the Bishop to take charge of that portion of the Gatineau district lying between the townships of Hull and Aylwin. He is being a very successful Missionary.

An instance of the love of the Saviour and respect for his religion is made evident amongst us here in Aylwin this week. A man, growing old,—for he is in the neighbourhood of threescore, who has a large family of sons whom he wishes to set a good example, and actuated by a sincere desire to obey not only the Apostle's directions to have "all things done decently and in order," but also our blessed Lord's command, "Do this in remembrance of me,"—mounted his horse to ride from his own place to Ottawa City, a distance of sixty miles, making a journey of 120 miles on the saddle now in this cold season of December, over bad roads, to purchase a communion set or service, and that, too, at his own cost, in order that, as is purposed, the holy sacrament of the Lord's Supper may be on the Sunday preceding Christmas day publicly, duly and fitly administered for the first time in the Aylwin or Upper Gatineau Mission. The above is but one instance amongst many of the fruit of the faith and hope inspired or implanted by or through the Gospel received, as we trust it is, and may continue to be.

Struggling as the people are to erect the Parsonage, and looking forward from this hard year to another and a better one, in which to build a church to your Missionary, it seemed unreasonable and vain to solicit contributions to the Society, &c. Thanks to ladies and gentlemen in Aylmer and gentlemen in Ottawa City for contributions to our building committee. The Parsonage, a handsome Gothic structure, is very nearly completed, at a cost of about \$700.00. Money raised by subscription for Parsonage \$300.00. Value of work performed \$75.00. For clergyman's stipend \$80.00. Baptisms 28; Marriages 2; Burials 2.

BUCKINGHAM.

REV. J. BABIN says:—In my last report allusion was made to a school which I was then under the necessity of teaching. With the diligent, faithful and able services of Mr. H. B. Small, it is now giving more satisfaction than ever, and demanding very little of my time and attention. This, as it enables me to devote myself more entirely to the work of the ministry, is certainly a great improvement. Besides morning service every Sunday in St. Stephen's Church, two out-stations have been more or less regularly visited. Being now in Priest's Orders, holy Sacrament will be administered oftener than hithertofore; and it is purposed to have it six times a year, instead of four. The number of communicants on last Christmas day were forty-nine. Three burials, three marriages, and twenty-seven baptisms have to be recorded this year.

In the outskirts of this Mission in the township of Bowman, thirty-five miles from the village of Buckingham, there is a settlement of Germans in which my predecessor, the Rev. Wm. Morris, took a very kind and lively interest. As was the custom of that hard-working pastor, I visited this little colony on the 1st of March last. After following the river Lievre about thirty miles, I was obliged to leave the great lumber highway of this district, and plunge in a thick bush. Thanks to M. Kaapehe, who met me at the river, I reached his house without much difficulty. Here, in a neat little cottage, situated in the centre of a small clearance entirely surrounded by a dense forest and with no human habitation in view, we found his wife, their two young children and all the settlers. Men and women had left their usual avocation, and had come on foot from all directions to be present on the occasion. Some women had walked several miles through deep snow, carrying their children to be baptized. Five were admitted into the congregation of Christ's flock, and after Divine service an hymn of praise was sung in their native language which forcibly reminded me of our own beautiful "*Te Deum*." All were familiar with the words, and seldom did I hear such heartfelt singing. It was now time to part; but the company jingered and seemed unwilling to be separated. At last, several came forward and begged to have the Sacrament administered to them. Being unable to comply with their laudable desire, I invited them to Buckingham, assuring them that they would be welcomed guests to our Lord's Table. Accordingly at the confirmation on the 28th May, two women and several men came thirty-five miles through wood and in canoes on a very dangerous river, for the purpose of receiving the Communion and seeing his Lordship. It is gratifying to state that those people who so well appreciate the blessing of our holy religion, now enjoy the benefits of a resident clergyman in the person of the Rev. M. Kaapehe.

But a still more numerous class of settlers are the French-Canadians. We hold and believe that our Church is the church of the living God in this country. Yet the great majority of the population repudiate its authority, and are more or less opposed to its principles—are still groping in the darkness of Popery. Now how is this evil to be remedied! The French-Canadians who are Protestants, or seeking after the truth, are not numerous enough to engross the services of a native Clergy, and the country is not yet prepared for a general reformation or regeneration, as appears to be the case with Italy. This difficulty, it seems to me, would be best obliterated, and the greatest of real work affected, by following the advice of the late lamented and judicious Judge McCord, who remarked that every clergyman in Lower Canada should be able to preach in French as well as in English. Since my arrival here I have not lost sight of this fact. I have now in my Sunday-school several French-Canadians who are being taught the word of truth. Another was confirmed in May, and during the last administration of the Lord's Supper. I had the gratification of admitting into the fellowship of our Church, a widow hitherto a Roman Catholic. And, I may add, that it is my intention to hold an occasional French Service as soon as practicable.

Since my arrival here a debt upon the Parsonage of over \$400 had been liquidated. With the exception of \$20 this money has been realized exclusively by local subscriptions; and I cannot allow the present opportunity to pass without mentioning with pleasure the liberal manner in which Messrs G Wm. C. Hendall and others responded to my appeal. The thanks of the congregation are also due to Miss Sarah for her valuable services in the choir, and as a collector. During last summer we have been favoured with two visits from our venerable Bishop, and, to mark their appreciation of his Lordship's presence among us, a neat oak Gothic chair has been presented to the Church by the congregation. A handsome fence has also been erected in front of the Parsonage.

CLARENDON.

REV. G. ROBINSON:—In the report sent from this Mission for 1864, there was an omission of \$12, raised by the Ladies Sewing Society, and expended in purchasing a carpet for the chancel of the church; and also of \$3 contributed towards repairs on the parsonage. Nor was there a report of the offertory collections, and the amount paid towards the clergyman's stipend, from Christmas, 1863, to Easter, 1864—as there was nothing in the parish accounts to show what had been received during that time. The Rev. F. Codd, incumbent at that time, reports having received \$100, between Christmas, 1863, and Easter, 1864. The amount raised in the mission for 1864 was \$371 91, besides offertory collections for three and a half months.

The report for the past year shows a falling off in some respects, and a gain in others. The farmers have little to sell but oats, and the short harvest of 1864 left them without means to raise money. They have not been benefitted by the high prices of other produce, having little to dispose of.

An effort is being made to procure a church bell. Two soirees (the expenses of which were paid by subscriptions,) have been held—one in March and one in December. The proceeds will be used in paying for a bell. The ladies of the Sewing Society have been doing a good work. Though few in number, they have raised \$25, which they intend to add to the bell fund.

Services are held at the church and four out-stations, with good congregations; three Sunday schools are well attended, and with God's blessing will do a good work.

The following sums have been raised during the past year:—

GRENVILLE.

REV. F. S. NEVE:—No occurrences worth communicating have happened in my mission through the past year. I have, by God's blessing, been enabled to perform my duties with regularity at my different

stations, and I am glad to be able to say that travelling has been facilitated by the reconstruction of two bridges, which the freshets had broken, and some repairs to the road ; which are yet, notwithstanding, the worst in the diocese. There is a slight diminution in the amount raised for church purposes. I have shown in former reports that I expected this. The deficiency is chiefly in the contributions to myself. Last year the amount was increased somewhat by the payment of arrears ; this year the subscriptions of several members remain unpaid. They have yet to learn the obligation of paying the clergyman with the same promptitude as their other creditors, and to consider his claim as a debt, instead of a benevolence.

Great injustice was done me in last year's report. I am represented to have attributed the bad state of the roads to the opposition of the Protestants to the levying of *school taxes*, and to have said that the insurance of the parsonage amounted to \$29.12. Both statements are untrue and were not made by me. Again, at Christmas, 1863, I remitted to the Secretary \$13.85, collected for the Church Society. The lady who had the subscription paper was from home, and I could not send the list for publication in the report for 1864. Last year I sent a further sum of \$8.50, collected on that list, together with the names of the subscribers, to be published in the next report. I was credited with these remittances *Vide* report 1864, page 20, report, 1865, page 26—but the names, 23 in number, including my subscription, \$7.50, were suppressed.

That the list may exactly tally with the sums subscribed, it has been my practice, since silver has been at a discount, to remit paper at my own loss, with a view to having the report a voucher for the payments, for the satisfaction of myself, of the collectors, and of the contributors. This satisfaction last year's report did not afford us. The usual copies of the report, too, have been withheld—the single copy, by mail, is the only one I have been able to obtain.

The financial statement is as under :—

Collections for the Church Society	\$25 25
After sermons on Thanksgiving Day	4 78
Towards Missionaries' support.....	142 20
Insurance and contingent expenses attending public worship.....	50 00
Total..	\$222 23

HULL.

REV. J. JOHNSON :—In presenting my report to the Society for the present year, it is very gratifying to me to be able to record a manifest improvement in the condition of this Mission. For about twenty-two years the village of Hull had been a very discouraging portion of my

Mission, as the population had always been composed chiefly of French Canadians, there having been but very few Protestant families settled among them ; but during the present year our congregation in St. James Church, Hull, has more than doubled. I am thankful likewise to be able to say that the number of communicants has increased more than two-fold, having from twenty-two to fifty, and as it regards these latter it is most gratifying to be able to say, that as far as man can judge, they are of that stamp of Christians whom the minister of Christ delights to see approach the altar to partake of the Communion of the body and blood of Christ. The Township of Templeton, which is separated from Hull by the River Gatineau, in the summer season is inaccessible for Sunday service to any Missionary residing in Hull, but during nearly the whole of last winter I was able to give them one service every Sunday afternoon. I have also visited Chelsea as often as circumstances would permit. At both these places, especially the latter, the congregations have been good ; although in Chelsea, with the exception of a few families, the people are old dissenters from the church. I labour under a very great disadvantage, having as yet no house in Hull, and as I have had a great deal of visiting to do during the past year. I think I have averaged, five days out of every seven, from ten to sixteen miles a day, most of which travelling would be saved were my residence in the village of Hull. Next summer I hope to effect this object.

The amounts raised in this Mission during the year were as follows.

Offertory collections.....	\$80 00
Towards purchase of Harmonium for St. James Church, Hull.....	40 00
Special collection towards repairing and keeping Church in order.....	30 00
Widows' and Orphans' Fund.....	5 00

Towards Synod expenses.....	2 00

MILLE ISLES AND MORIN.

REV. J. MEARRICK says :—The Missions of Mille Isles and Morin are situated in the north-western portion of the District of Montreal, about 45 and 54 miles respectively from the city ; they comprise the settlements of British origin between the seigniory lands and the unbroken forests of the north :—The people are for the most part but beginners in the backwoods, and have to struggle for maintenance on a soil not

naturally barren, but very difficult to work, owing to the mountainous and rocky nature of the country. The roads are in a very bad state, and the Missionary in summer is obliged to travel nearly altogether on horse-back.

Divine service in both churches has been regularly continued; but owing to the scatteredness and poverty of many of the families the attendance is not as large as could be desired. Sunday schools are held at both Churches; that at Morin under the superintendence of Mr. Jekil, who takes a deep interest in it, and in which I, myself, (as at Mille Isles) take part, is doing a good work and has the larger attendance. During the week a bible and singing-class is held, which are highly valued by the people.

By the good hand of God upon us, the parsonage was so far prepared that in the month of June we removed into it. It is well situated and commands an extensive prospect. Having been obliged for so long a time, nearly two years, to occupy a small log building, the only one that could be procured for our residence, we feel very thankful for the change. The kind interest taken in the movement by many friends in Montreal, especially Mrs. I. J. Gibb and Mrs. Millar, can never be forgotten by us.

With thankfulness to Almighty God, I am happy to be able to state that I have reason to believe that the work of the Lord is going forward in the Mission, as the teaching of the church is known and experienced. The Missionary regrets the inability of the people, in consequence of still pressing local calls, to contribute to the Church Society. We beg to return our best thanks to the promoters of the bazaar and conversazione held at Nordheimer's Hall, in aid of these Missions, from part of the proceeds of which the following articles have been provided for the churches: two chancel chairs, two altar cloths, two damask linen do.; two napkins; two surplices and silk scarfs, a packet of bands, one large Bible, Prayer and Altar book, and two Sunday School Libraries.

During the year there have been 17 baptisms, 201 marriages; 1 burial; and 39 Communicants, being an increase of 17 over the past year.

Four day schools are in operation, one under the Colonial Church and School Society, which I have visited; and another new school house has been built where it was much needed, and occupied lately; in all of which a good work is being done.

The promised subscription towards the Minister's support is and has been in arrears since I came to the Mission, especially in Morin during the past year.

The following are the subscriptions and collections for the past year:

PORTAGE DU FORT.

REV. J. GRIBBLE says:—We have again done a little this year in improving our church. Two very beautiful memorial windows have been erected by James Rimer, Esq., to the memory of his wife and son—they are the work of Mr. Spence of Montreal—the subject being the Crucifixion and the raising of the son of the Widow of Nain. The seat, chancel rail, &c., have been varnished, the varnish being given by John Auny, Esq. Some of the sleepers in the church having given way, on examination it was found that through being made of pine, and having no ventilation, they were all rotten; but through the energy of my churchwarden, and the readiness with which the people turned out to work, they were all replaced with good cedar sleepers, without any expense. On Christmas Eve the congregation kindly presented Mrs. Gribble with a silver cake-basket and butter-knife as an acknowledgment of her services in organizing the choir. The average Sunday morning congregation has been 81: Sunday evening congregation, 59: week-day congregation, 29. The Lord's Supper has been administered 17 times: average number of communicants, 20.

With the help of a grant through the Bishop from the S. P. G. we have been enabled to get the Havelock Church ready for consecration, and on the 1st day of August, the Lord Bishop of the Diocese solemnly set it apart from all common purposes, that it might be the house of God. On that occasion 18 candidates from different congregations in the Mission received the Apostolic rite of confirmation, and of those 15 have since become communicants. The Bishop also consecrated a grave-yard at Havelock, the ground being given by George Bryson, Esq., of the Colonge. The amount raised here for church purposes are as follows:

REV. R. LONSDALL reports :—There is nothing particularly deserving of note in the state of this parish, during the past year—the usual services have been, by the Divine assistance, conducted as heretofore. The usual morning and evening services in this parish have, through the Divine blessing, been conducted without interruption.

During the summer months an extra night service was opened, by special request, at Como, and continued till late in the fall. This service was always well attended. It is in contemplation to erect a small suitable Chapel for the use of this Congregation, towards which purpose, through the kind exertions and liberality of our city friends, a considerable amount has already been collected. It affords me much pleasure here to record the kind act of the members of this Congregation chiefly, in presenting me with a purse containing one hundred and seven dollars.

We have to deplore the loss, by death, of several heads of families, old members of the Church, and the consequent breaking up of one large family, the members of which have almost all left the parish; we have also lost a few members who have gone to other parts of the Province. All the services however, morning, evening and night, have been unusually well attended during the year. The contributions to the Church Society, from this Mission, for this year, greatly exceed those of former years; while the contributions to local objects have also been larger than usual.

NORTH WAKEFIELD.

REV. J. SEAMAN writes :—In reviewing the labours of the past year, we find that there is reason for thankfulness. This year now about closing has been one of the hardest ever experienced by the people in this section of the Diocese, and indeed tells its own tale in respect to financial matters; yet there is much reason to be thankful, for our poor people have put forth every effort to erect a decent place wherein to worship and have the Sacraments duly administered. The congregations have not only increased, but what is still more pleasing, their reverence has augmented. Our kind Bishop's first visit and first apostolic act of confirmation was an event that will not be soon forgotten by the Churchmen, scattered up and down the wilds of the Gatineau. After every effort having been put forth by the people, they have been able to make up but one third of the salary guaranteed; yet by kind words and deeds they have endeavoured to make up that which was lacking.

I am pleased to acknowledge the handsome donation of \$42.25, to assist me in paying for a waggon. Also I am happy in acknowledging thankfully for many other tokens of kindness from the people generally.

We have got the timber on the ground for the Church; the stone work partly performed, and one hundred and fifty dollars subscribed towards its erection. We hope to have it opened for Divine Service against July, 1866.

"There have been no collections made here in behalf of the Missionary Society," as it has been found to be impossible to get our people to contribute until they get their Church finished.

Sums collected during the year :

Clergyman's stipend.....	\$77 25
Debt on Parsonage.....	84 00
Church building.....	20 00
Offertory.....	16 25

Baptisms 30; Marriages 5; Burials 4.

DEANERY OF HOCHELAGA.

BERTHIER.

REV. W. C. MERRICK writes :—The year 1865 will long remain memorable in the annals of this Mission, as the year of the great inundation in the Valley of the River St. Lawrence, which, owing to the early breaking up of the ice, and other unusual circumstances rose to a height greater than any on previous record, and caused wide-spread disaster throughout the district.

The inhabitants of Berthier suffered greatly from the trying visitation, the members of our small congregation losing property to the extent of several thousand dollars. It is a cause for thankfulness notwithstanding the depressing effects of the calamity with which we were visited, that

the ordinary collections during the year have not diminished ; indeed if anything they have increased, an evidence, it is humbly hoped, of the sanctifying effects of the trial, and of the estimation in which the Lord's work is held amongst us. The damage caused by the inundation to the Church Parsonage and Glebe amounts to over \$200 ; to repair the most pressing portion of which an outlay of \$130 has been made ; of this the congregation contributed \$100, and \$30 was received from friends in Montreal ever ready to extend help where needed.

The generous response of the Church Society to our appeal for assistance towards the support of a catechist has enabled us to secure the services of a gentleman who is performing the duties of lay-reader with much acceptance, and is exerting by his faithful labours in the school, a good influence in the entire community.

The peculiar circumstances of this Mission, the Missionary being obliged to devote a large portion of his ministrations to a charge in the Diocese of Quebec, at a distance of twenty-two miles from the Parsonage, render the assistance of a catechist indispensable in keeping up the services on the Lord's Day, at the different stations. The original documents connected with the formation of our endowment movements have been deposited in the office of Messrs. Gibb & Hunter, the notarial registrars of the Diocese. The interest arising from the fund is now added to the principal, and will continue to be so, until a revenue of \$200 is derivable, half of which may be used, if necessary, the balance with the additional donations being allowed to accumulate until \$400 per annum is secured. The present state of the fund is as follows :— invested in real estate \$1000, subscriptions, interest, &c., since November, 1864, deposited in Saving's Bank, \$307,89 ; final notes of the original subscribers, &c., falling due next year, \$262,78 ; total, \$1570,67.

Owing to the difficulties following the inundation, no effort has been made, since the last report, to augment the school building fund, which, with the interest, the only addition this year, amounts to \$444,04. A suitable building for the Sunday and Day school and other public purposes, is now the most pressing want in the Mission, and when it is remembered that a scriptural school is the best nursery of the Church, and that a room of proper dimensions would contribute much to the successful working of various instrumentalities for the promotion of religion, it is earnestly hoped " if the Lord will," that active measures will soon be taken to bring this important work to a completion.

There is a feature in the collections for the Church Society worthy of special notice, the success which, so far, has attended the introduction into families of Missionary boxes for receiving private thankofferings, a mode of collection which is " twice blessed," as not only assisting the good work of the Society ; but promoting practical piety in the donors,

by suggesting the duty of a more than verbal acknowledgment of the daily mercies of God.

Before closing this report, our Missionary desires to express his deep thankfulness to the "Author and Giver of all good" for the measure of restored health which has enabled him to meet again the requirements of duty. It is his fervent prayer that God may bless the work of his Church in the Mission, and produce that "spiritual prosperity" without which all temporal advantages are "nothing worth."

COTEAU DU LAC.

The Rev. T. A. Young writes:—I have again this year to report a very large sum raised for local purposes. This is owing to the laudable exertions of the ladies of the congregation who formed a sewing society for the purpose of raising some funds to pay off a debt of the Church. Their endeavours were crowned with success, the handsome sum of \$110.00, being realized from the sale of the articles which were made, which has not only paid off the debt, but has left a balance in the Treasurer's hands.

COTE DES NEIGES UNION CHURCH.

The REV. G. HEATON.—The Church of Scotland being many more in number about the Two Mountains than the Church of England and Ireland, had been allowed the choice and took all the money services and pew rents throughout the year. From this circumstance and the removal of some of our families, our interest in the Union is showing decided symptoms of collapse.

Under such circumstances no subscriptions have been obtained except \$3.37½ for the Widows and Orphans. We, however cleared off the debt on the building by a fancy fair in the Summer.

Good has been done, and, with a fair start, we might have finished the course with more apparent success, than I fear it is being finished now.

MASCOUCHE AND TERREBONNE.

The REV. JOHN READE writes:—

Services.—On Sundays, Divine Service is held at Mascouche in the forenoon; at Terrebonne in the afternoon, and (since the eighth Sunday after Trinity) at Mascouche again in the evening; except on the last Sunday in the month, when the order of the first two services is reversed and the last omitted. Services are also held on the other chief festivals of the Church, and on the Wednesdays and Fridays in Lent. The attendance and attention have been generally exemplary. The Sunday-school numbers about 35 children; and as some of these live at distances of from two to five miles from the Church, the very act of coming shows the laudable interest which they take in the instructions which they receive.

Communicants.—The total number on the books is 98. The highest number during the past year, was, at Mascouche, 50; at Terrebonne, 9; respective averages, 29 and 6. The Holy Communion is celebrated monthly in each Church; and also at Christmas and Easter.

Confirmation.—On Trinity Sunday, 5 male and 13 female candidates were confirmed.

Registry.—Baptisms 6; Marriage 1; Burials 3.

Donations to the Church in this Mission.—From Mrs. O'Grady two handsome Offertory plates and a black stole; and from W. L. Mactier, Esquire, of Philadelphia, Pa., a Sunday-school Library, containing 60 volumes.

Financial.—Soon after Easter, the sum of \$400 per annum was guaranteed to the officiating Clergyman, on condition of receiving \$200 from the Church Society; which condition has been granted. In consideration of this effort, unprecedented in this Mission, and which entails on many of our Church people as much expense of this kind as they can conveniently bear, it has been thought wise to give some breathing time, before again soliciting subscriptions to the general funds of the Church Society.

The following amounts have been raised during the year:—

For Clergyman's stipend, Terrebonne.....	\$40 00
Mascouche, in Pew Rents.....	79 00
Sums to present Missionary.....	55 00
Offertory.....	31 26
For Widows' and Orphans' Fund.....	8 08

SOREL.

The Rev. Canon ANDERSON reports:—The parochial statistics for the past year have been as follows: Baptisms, 15; Burials, 11; Marriages, 3; Communicants last Easter 62, and on Christmas-day 52, and total number at present on the list 106, a diminution of *seven* as compared with the total number last reported. During the past summer and autumn, several Protestant families, numbering between twenty and thirty souls, have left Sorel, and it is feared that, with the opening of navigation next spring, many more will follow, as the Government works connected with the dredging of Lake St. Peter, and with the construction of a ship channel between Quebec and Montreal, are now completed. These works, for several years past, have given employment to a large number of persons, whose families resided in Sorel; many of them attended the Church, and whose departure will greatly lessen our numbers. The voluntary contributions, this year, for Foreign Missions, amounted to \$130, being considerably more than last year's collection, as *that* was in excess of any year that preceded it. This rising tide of contribution, in the face of diminishing numbers in the congregation, and of consequently reduced means of contribution, is a gratifying circumstance, indicating, it is hoped, an increasing sense of responsibility to God, and of the obligations resting upon all who have freely received, freely also to give.

One half of the amount collected (\$65) was paid to the Bishop of the Diocese for transmission to the S. P. G. Society, in England, in aid of their Missions to the Heathen in the East, especially of the Society's interesting work in the Diocese of Madras, the scene in former days of

the labours of the Apostolic Swartz, and the still widening sphere of usefulness to others who have trodden in his steps. The remaining \$65 was paid to the Treasurer of the Colonial and Continental Church Society, in special aid of their French and Indian Mission at St. Francis. This Mission is gradually acquiring consistency and strength. The school, conducted by a most intelligent Protestant Indian, is well attended, and is giving every satisfaction. The Rev. Octave Fortin, B.A., who acted formerly as Catechist, was ordained by the Bishop, in the month of March last, and now has charge of the Mission. His ministrations have been extremely well received by the Indians, and the room where the services are held is often quite incapable of holding the number who are desirous of attending. Matters are in progress for the erection of a small Protestant Church among them, and at the first meeting held at St. Francis, for the purpose, the Indians present, out of their deep poverty, and with most precarious means of support, promptly subscribed between \$70 and \$80, and which amount they hope still further to increase. As this mission to the Abenakis, at St. Francis, is the only Indian Mission, connected with the Church of England, throughout the whole of Eastern Canada, and as the Indians, though willingly making every self-denying effort to help themselves, are yet very poor, the hope is entertained that they will meet with liberal assistance in their efforts to erect this Church, from Churchmen and from fellow-Christians abroad.

The Mission has to acknowledge, through Miss Kerr, of Quebec, the "gift from a few friends," of a kind and useful donation of a small quantity of bed and table linen for the use of the resident Missionary for the time being.

The total amount realized from sermons and subscriptions for the Church Society, amounts to \$154 92, being also in advance of the sum reported last year, as *that* exceeded the amount raised in any previous year, thus proving that the effort to help our perishing fellow-creatures abroad, ensures a blessing upon home effort. The contributions to our Diocesan Church Society, and its home purposes, keeps steadily in advance of the Foreign Mission effort, though the latter exhibits a steady annual increase for the last four years.

The Rev. Mr. Tocque, from the District of Gaspé, in the Diocese of Quebec, collected about \$28 for Church building purposes, in his poor and distant Mission.

The contributions to our Endowment Fund amount this year to \$340, being \$200 from "an old friend," who will modestly not permit his name to be mentioned; and a bequest of \$40, from the late Mrs. Pope, a former parishioner, several years absent from the Parish, but who, on her death-bed, out of very limited means, kindly sent her former pastor the above-

mentioned sum, to be at his absolute disposal, and which he appropriated to the Endowment Fund. Miss Outhbert and Mrs. E. A. Clarke have also paid to the same Fund their promised annual contributions of \$80 and \$20 respectively. Under the directions of the Investment Committee, now occupied with the matter, the sums at present disposable will shortly be invested in a mortgage on city property for the benefit of the Endowment Fund.

The spring of the present year was signalized in the Parish of Sorel by a terrible inundation, spreading devastation for many miles, through the low lands on the north shore of the St. Lawrence, but entailing the heaviest calamity upon this Parish, and upon the islands attached to it, in the loss of between thirty and forty lives, and, it is estimated, of full \$100,000 worth of property. These losses fell almost exclusively upon the Roman Catholic population; but the little Protestant community of Sorel vied with each other in promptly relieving their distresses,—contributions, private and public, in money, clothing and produce, to the amounts of hundreds of dollars were freely given by them. And in addition, the Easter Sunday collection in the Church, amounting to \$33 60, was handed to the Priest of the Parish, for the same purpose. The intrinsic value of this last gift was not great, estimated by its mere pecuniary value, but it carried with it some weight, as indicating that however strongly the errors of the Church of Rome may be protested against and condemned, yet that the followers of that system—especially in their hour of distress—are looked upon and treated by their Protestant fellow-citizens only as brethren.

The retrospect of the year's proceedings is now closed with the prayerful hope, that our little Protestant community may increase and abound yet more and more, in every work of faith and labour of love, and self-denying effort to glorify God and do good to men, and that alike by the labours of the past and in efforts for the future, the name of the Lord Jesus may be magnified.

DEANERY OF BEDFORD.

ABBOTTSFORD, ROUGEMONT AND MILTON.

The Rev. F. ROBINSON reports that, as nearly as can be ascertained from partially incomplete returns, the sum of \$371 76 has been raised in the Mission during the current year, including \$3 collected for Missionary purposes at St. Hyacinthe on the Sunday following the day of Thanksgiving, where he has occasionally performed official duty since that Station became vacant in May last.

Here it may be painfully remarked that it is scarcely creditable to the missionary spirit of our Church that a small congregation, too feeble to sustain, unaided, the services of the Church amongst them, should be abandoned by their brethren of the same (professed) faith except in so far as the voluntary usual services of a Clergyman, (fifteen miles distant) already burthened with a cumbrous and difficult charge, may tend to remind them that they are not absolutely left to believe that "no man careth for their souls."

In years now long past, four Clergymen in this vicinity, (including the Rev. T. Johnson, the father of the Mission, now upwards of fifty years in Holy Orders, and past work) sustained *monthly* services at St. Hyacinthe, involving, in the case of two thirty miles travel, in the case of another, fifty miles, and in the case of the fourth, upwards of sixty miles' travel each trip, and that, too, over clay roads, innocent of McAdam's salutary innovation. Now with our reduced numbers and increased duty we cannot repeat the arrangement. But might not the Clergy of Montreal, by a united effort, manage to give a monthly service to St. Hyacinthe, until such time as the Missionary zeal of our people shall enable the Bishop to make more permanent provision for the spiritual wants of this and other destitute places in the Diocese?

May our Heavenly Father, in his infinite mercy, grant that this, and similar cases of neglect, may soon cease to be a reproach to us. Our present transition state, from a well-fostered to a self-sustained Church, can excuse much neglect in certain cases, but it surely cannot excuse any neglect which might be so easily avoided as in this case, and doubtless in many similar cases.

St. Hyacinthe is now always easily accessible from Montreal, by Railway, without the danger of encountering those "perils in the wilderness" which those who formerly ministered in that place had to encounter.

If the devotion manifested in our several congregations, and an increase in the number of worshippers may be regarded as a token that our spiritual work is progressing, then we have cause for thankfulness.

The Thanksgiving collections, amounting to \$33 50, were the largest ever raised in the Mission.

BE'NFORD.

Rev. Geo SLACK, Rural Dean, says :—During the past two years we have had many local wants to supply and local objects to carry out which have engaged the energies and tasked the resources of our people. We have raised, principally by the indomitable energy and perseverance of one lady of the Congregation, \$400.00 for the purchase of one of Meneely's excellent bells, which now hangs in the Church tower and with melodious tones summons the worshipper to the house of God. The kitchen to the Parsonage was a miserable structure, and this has been replaced by a well built comfortable brick kitchen, the frame of the old building being turned round and converted into a wood shed. This has drawn upon the resources of our parishioners to the extent of upwards of \$100.00. Several small subscriptions have been made for objects connected with the Sunday-school, &c. Our Offertory collection during the year has amounted to \$76.62. Of this, \$36.08, the collections made on communion Sundays, have been retained for special objects connected with the orderly performance of Divine Service and the furnishing the holy table. The balance is appropriated by the churchwardens to the current expenses of the Church. Collections for Missionary Fund \$3.57, Widows and Orphans' Fund \$4.57. Thanksgiving day \$6.90.

An attempt has been made to commence an Endowment Fund for the Parish, the Clergyman waiving his demand for any subscription towards his support for that purpose. Our people however do not see far enough to take up such a scheme heartily, and it must be attempted in a different shape.

BROME.

REV. R. LINDSAY says :—All the works of the Mission have been progressive during the past year. We have about completed the stipulated allowance to Brome Woods Mission, amounting altogether to \$600. We have purchased a bell costing \$200 for Brome Corner Church, and have built a tower to it. We have had four Sunday-schools in operation during the summer. They have sent \$25 as a Sunday-school offering to the negro Bishop in Africa to aid him in his exclusive field of labour. Wonderfully has he been raised up and fitted for the work. May he be a leader in a good work for Africa and its injured people. We had 39 candidates for confirmation, and during the year eleven adult baptisms. We are about to commence another work in the sending forth of a lay reader to remote parts of the Mission, which cannot be reached by our present ministrations. We will hold Sunday-schools and Sunday services in those places. We trust by this instrumentality to pioneer the work, so that in a few years these places may be enabled to enjoy the regular ministrations of the Church. The total amount raised in the Mission for the year is \$910.

BROME WOODS AND FULFORD.

REV. T. W. FYLES :—The prospects of this Mission are encouraging. Both in Brome Woods and Fulford there is a growing interest in Church work. Our number of communicants is increased to thirty-five. In St. Stephen's, Fulford, we have Morning Service and Sunday-school once a fortnight. From Mr. F. England, the Churchwarden, I have received much kindness and help. Mr. Lewis, a Church member, has given me valuable assistance as leader of the Choir. And the people of Fulford generally have manifested a kindly disposition during the past year. In Brome Woods our Services are well attended. The Sunday-school is flourishing. Mr. E. M. Palmer, Mr. and Mrs. Shufelt, Mrs. W. Moffat, and Mrs. Courtney have taken great interest in it. We held a Harvest Home Festival in October, which was a great success. The Sewing Society has earned and collected from its friends enough money to purchase a Church bell, which we rang at Christmas for the first time. Some members of the Congregation clubbed together for the purchase of another stove; and we have bought a corona and some lamps; so that our Church is now well warmed and well lit. We have fenced in the Church yard, underpinned the shed, and built a flight of steps to the front door of the Church. Mr. Getty and Mr. Jenkinson, the Churchwardens, have helped me much, and my neighbours, Mr. W. Moffat, Mr. Courtney, and Mr. Shufelt, have cheerfully given time and labour whenever they have been needed in the Church service. It is with great pleasure I record the kindness of Miss Porter of Montreal, who some time since sent us twenty dollars, which enabled us to pay for the altar

in our Church, and for a stove; also, that of Mr. W. Hill of the same city, who very generously sent us enough materials for the thorough painting of the Church.

COWANSVILLE AND SWEETSBURG.

REV. J. C. DAVIDSON says:—Amidst the cares and anxieties common to all ministers who realize that they are put in charge of other souls besides their own, many things afford encouragement in this field of labour, and amongst them I would mention the respect and affection of the people, diligence in attendance upon the means of grace, increasing liberality, and the growth and influence of the Church within our boundaries.

The Bishop visited this Mission in July last, when twenty-seven persons, after suitable consideration and preparation, solemnly assumed the responsibilities of the Christian profession, and almost all have since been faithful in the participation of the Lord's Supper, and give pleasing evidence of their sincerity and heartiness in the service of God.

His Lordship's address to the candidates was very able, and admirably suited to the occasion.

By the self-denying exertions of the Ladies, an addition of \$100 has been raised for the Endowment Fund in the past year, and I have no doubt every effort will be made to do something towards the same object during the year 1866.

ELY.

Rev. A. FOATIN reports :—In reviewing the work of the past year, we have cause to thank Almighty God, for the progress made with regard to the interest taken in the service of the Church in this locality. When I came in charge of the Mission, the majority of the people were ignorant of our beautiful service, and in some of my stations, I was unable to use it, there being no one who could respond. But now, I am happy to say, that a spirit of interest is manifested among all those who attend our services.

The Mission is large including the whole Township of Ely and North Stukely. And as my services are also given to the French population, I find plenty to do in disseminating the word of God and establishing the Church of Christ. The Parsonage has not yet been built, on account, of some disagreement with regard to its site. In consequence of this delay I have been obliged to leave Boscobel for Roxton Falls, 8 miles distant. I hope that in the course of a year, we shall be able to build a model Parsonage house in the centre of the Mission. As the people are few, I thought I would not yet solicit any subscriptions for the Church Society. The following items specify what has been raised in the Mission during the past year :—

WEST FARNHAM.

Rev. T. W. MUSSEN reports :—The work of the Church, in this Mission, during the past year, has been steadily progressive. The Sunday congregations, both morning and evening, have been very full, the Church at times being so uncomfortably crowded as to suggest the necessity of its enlargement.

The Missionary Meeting, held here last February, proved very successful, and the excellent addresses of Dr. Bancroft, and of our Rural Dean, have been productive of much good.

Our Sunday-school took part in the great festival, at St. Johns, on the 9th of August; and a handsome silk banner lettered in gold, was liberally provided for the occasion.

UNITED MISSIONS OF GRANBY, ROXTON AND NORTH SHEFFORD.

The Rev. Wm. Jones, the Missionary at this station, in reviewing the joint efforts of himself and people during the past year, finds cause for much thankfulness.

The visit of our justly esteemed Bishop and Metropolitan to this parish on his confirmation tour last summer, was one of great spiritual interest, encouragement and refreshing to the entire community.

The addition to our picturesquely located burial-ground at Philipsburg was consecrated, and twenty-two persons connected with the two Churches confirmed, several of whom have already become communicants, and the rest, I trust, shortly will, to the glory of Him who hath done such great and marvellous things for us.

POTTON.

REV. JOHN GODDEN writes:—Were it not for the continued removals from Potton of many friends of the Church, your Missionary would be able to send a favourable report, and I hope in forming your estimation of our work, you will remember that within the last three or four years, we have lost through that cause not less than sixty of our congregation, while scarcely a friend has come in to supply their place. The services of the Church are, however, regularly held, and the sacraments duly administered. Fifteen persons have been baptized, and thirteen confirmed in the year. We feel thankful to our Bishop for gratifying us by holding a general ordination in this village in March last, and which, no doubt, was productive of good.

I expressed the hope in my last report to be enabled to erect a Church during the next year, and I am thankful to say that hope has been realized, and the Church was opened with Divine Service on the 15th October. It is situate in East Bolton, and will, I hope, be a witness for Christ and his Church, amid all the schisms which there abound. Mr. Fessenden is residing near the new Church, and, no doubt, has plenty work around him. The claims of the Missionary Society have been laid before the people, and I am indebted to Miss J. Blanchard, Miss Judith Perkins, and Miss Maria Blanchard of Potton, and to Miss Green and Miss Houldsworth of Bolton, for their willing aid in collecting for the Society.

I am thankful to say that although our number in Potton has diminished through causes over which we have no control, we have still a faithful few who feel interested in the extension of their Church. The following amounts make up what has been raised in the whole Mission during the year, exclusive of \$92.60 raised at Pic-nic for new Church.

STANBRIDGE EAST.

Rev. J. CONSTANTINE says:—Our collections for the Church Society, although small, are about double what they were last year. Having no extra work on hand, we have no special sums to return. Some work done in the interior of the church will not appear in this report. We have also in hand a subscription for finishing the exterior of the tower, the work of which is now progressing; but as it will not be fully carried out until spring, it will be reserved for next year's report.

In spiritual work the Mission is being consolidated, and presents a satisfactory aspect. We trust there is reality in the work. The congregations fully keep up to their mark, notwithstanding removals to other localities; communicants increase; the Sunday-school (our hope for a new generation) is very steady and efficient; and, altogether, there is a warmer interest in the work of religion.

Services as follows:—Sundays, morning and evening; Sunday-school in the afternoon; Holy Communion monthly; services on the greater festivals; daily evening prayer throughout the summer season.

SOUTH STUKELY.

Rev. C. P. ABBOTT writes:—Since my last report I have the pleasure to state that the external comfort of myself and family has been considerably increased, on account of having removed into a new and convenient Parsonage; and also the Glebe land has been made more valuable to me, and its appearance much improved, by the addition of a new and substantial front fence, so that now the whole of the Glebe is enclosed.

By the way of experiment, I have not sent round this year, as hitherto, a subscription paper amongst my people to obtain subscriptions towards my salary; but have notified them to pay direct to me whatsoever they are pleased to give towards this purpose. I will not extend this report by inserting the reasons that I gave the people of my Mission for wishing to discontinue the subscription paper; but will merely state that what has already been paid to me from my congregation towards my support equals the amount received last year at the corresponding date, and this sum, when taken in connection with that which I have no doubt I shall soon receive, will be somewhat in excess of what I obtained last year.

A few days ago I received a donation of about \$30 in value, and I have every prospect of my people bringing me, in the course of a few weeks, a year's supply of wood; and therefore, putting all things together, I cannot refrain from entertaining the hope that I shall not be obliged in any future year to have recourse to the usual subscription paper; but that, on the other hand, in the course of a few years, I may receive the greater part of my present salary from the proceeds of the

weekly offertory, which I regard as the most desirable mode of all for obtaining money payments.

Subjoined is a list of the sums that have been raised in the Mission during the past year :—

SUTTON.

Rev. J. SMITH reports :—It is with devout thankfulness that your missionary reports the continued interest manifested in promoting the different objects of the Mission for extending and perpetuating the blessings of our Zion. The past year has been one of activity and advancement. The various demands have been liberally responded to by the people, who have generously contributed of their limited resources.

Through the praiseworthy efforts of a member of the choir, a fine-toned cabinet organ has been procured, adding much to the impressiveness of our solemn services. The young ladies of the Bee-hive have, at an outlay of one hundred dollars, provided cocoa matting for the church, and furnished trimmings and coverings for the communion-table, desk, and pulpit; also blinds for the Parsonage. The ladies of the Sewing Society have reshingled the Parsonage, and one side of the church, and have placed several new pews in the interior, occupying all available space; they further contemplate painting and beautifying the walls and woodwork.

The partial Endowment Fund, alluded to in last year's report, through the judicious exertions of Asa Frary, Esq., one of the churchwardens, has been arranged, and the necessary steps have been taken, in accordance with the Church Society's regulations, to obtain the bonus of \$300, making a sum total of \$1,800, which, by a resolution of the vestry, is to accumulate at interest for a period of seven years.

The corner stone of the new Church at Abercorn was laid by the Lord Bishop and Metropolitan on the 10th July last. The church has since been erected and enclosed, to protect it from the weather. It is a substantial brick edifice, with stone foundation, and basement. The amount so far expended is \$2,000, which has nearly all been raised in the Mission. A considerable sum will be required to finish the interior. The churchwardens, Messrs. B. Seaton and R. Spencer, have been most

assiduous in superintending and forwarding the work to its present state. The site, which is a beautiful one, is the gift of the former gentleman. The building committee, Messrs. R. E. Way, T. O'Brien, N. Willey, A. Neild, J. Simpson, S. Robinson, with R. Spencer, Chairman, and B. Seaton, Secretary, have all subscribed very liberally. The further prosecution and completion of the work must depend, in a great measure, on the untiring zeal and liberality of these gentlemen.

Your Missionary must not omit to mention a very pleasing duty he had to perform of presenting a communion service, with "fair linen cloth," to the congregation of All Saints, Abercorn, on behalf of the ladies of Grace Church, Sutton.

Notwithstanding the numerous demands made on the people, it is gratifying to notice that the subscriptions to the Church Society have not diminished, although but a small acknowledgment of its claims. Your Missionary believes that the importance of its labors is truly realized, and hopes that, as God prospers the Mission, there will be an increased liberality in this branch of the work.

Summary.—Baptisms, 41; Marriages, 2; Funerals, 5; Communicants 30; Candidates confirmed, 43.

REV. D. LINDSAY writes:—I am thankful in being able to report the complete arrangement of our Endowment Fund, which will now yield to the Parish \$330 per annum. As there is, in addition to this endowment,

a disposition to contribute annually for the support of the ministry, I am enabled to place a portion of my clergy reserve fund at the disposal of the Bishop for the support of a lay reader, so as to reach Mission stations in this Parish; and I look forward to the time when I can relinquish the whole, so as to have a colleague in the ministry. The sum of \$116.15 has been raised for the various purposes of the Church Society. There has been paid by the Endowment Fund \$324.41, and \$268.50 subscribed, making in all \$592.91. Of this sum \$80 was due for last year, \$335 for this, and \$88.24 has been paid for lay assistance, leaving a balance of \$89.71. Mr. Burgess, of Lennoxville, begins as lay reader by the Bishop—proves himself a valuable assistant. There is still a great deal of positive missionary work to be done in these Townships; and I trust that we may be enabled to carry the means of grace to those places which have not been so highly favoured as others. I would earnestly plead for North Stukely and Ely, at present nominally under my charge, and served by the Rev. W. Fortin. The proprietors of the land, W. F. Coffin, Esq., and the heirs Boston, have contributed each \$50 per annum, an act of consideration and liberality worthy of commendation. REV. J. A. MACLEOD.—It is with thankfulness to God that we are enabled to report very favourably of the past year's efforts in this parish. There has been a small increase in the amount remitted to the Treasurer of the Church Society, and we have also liquidated the remainder of the debt which was incurred in improving the interior of our Church. The funds for this purpose were obtained (1) from a special subscription, which was liberally responded to by the Congregation; and (2) from the proceeds of a Christmas Tree, which was arranged and rendered successful by the exertions of the ladies. We would use this report as a channel to communicate our thanks to the various Members of the Congregation who have contributed towards bringing about this desirable result by their liberality and exertions. We beg to refer to the subscription lists, which will be found in their usual place.

EDWARDSTOWN.

REV. E. G. SUTTON writes:—In reviewing the state of the Mission for the past year, there are reasons to be thankful to the Author of all good for some pleasing indications of His help in blessing His own work, and making successful man's feeble and imperfect efforts to advance His kingdom. Though not without cause for sorrow and humiliation, considering the backwardness and lukewarmness of many, there are reasons to rejoice over others who have manifested a better spirit. The beginning of the year was marked by something new in the Church of England—the holiday of Missionary meetings. The one held here was attended by a crowded Church, listened to with breathless attention, and its objects sympathised in by all most cordially. Many regretted its conclusion, and would have been glad of its renewal. It realized \$11, a very good sum for such a Mission. It has led to a more lively interest being taken in the Society, and the setting to work of several voluntary collectors to replenish its funds, and their efforts have been most praiseworthy, resulting in the sending to the Society of a sum larger than ever before sent.

I would also mention the generous gift to the Missionary of \$20 from Mr. J. Dunn of St. Remi, being intended as some remuneration for services rendered to a beloved daughter, and a most valuable Church member, on a bed of sickness, and (as, alas! it terminated,) at her grave.

Another instance of spontaneous assistance to the Missionary may be mentioned. On Christmas Eve Mr. G. Nesbitt, of Havelock, called and surprised him and his family, by presenting a variety of articles adapted for family use—meat, fowl, tea, sugar, &c., &c., which had been collected for the support of the Missionary from the Havelock congregation by Mrs. Nesbitt and Miss Nesbitt, amounting to more than \$12. This, from a place but scantily supplied with the means of grace, from people mostly poor, is indeed gratifying, and drew forth from a daughter who, coming home unexpectedly, witnessed the prize packages and variety of good things, in surprise and gratitude, "Then we shall not die yet." Great praise is due to the two ladies who commenced and undertook the work. And such collecting tours might beneficially be attempted in other places better able to assist a Clergyman to live in these hard times. Wherever there exist two gentlemen, or, perhaps, more, likely, two ladies possessing piety and courage sufficient, the same example might profitably be followed, thereby carrying out the Apostle's precept, "Let him that is taught in the Word minister unto him that teacheth in all good things."

HEMMINGFORD.

REV. E. DUVERNET, RURAL DEAN, writes:—The year now drawing to a close has passed away with the usual alternations of joy and sorrow. Whilst there are many who call themselves Churchmen, who seldom enter the House of Prayer, yet I rejoice to say there are others who are manifesting an increasing interest in our sacred services, and who take a pleasure in confessing that they have found them not only means of grace, but very beneficial means to their own souls.

The school in connection with St. Luke's Church, which was closed for a time, has been re-opened, and is now in good working order, and under the charge of a male teacher, holding a model-school diploma. It receives no Government grants, fees, or allowances of any kind, but is kept up altogether by private subscriptions. There has been a regular attendance of twenty-five scholars during the past three months, and

were it not that the heads of families are taxed to keep up the District School, there would be a much larger attendance. The Sunday services, with but two or three exceptions, have been regularly kept up, and I am happy to say that the attendance at both of my churches at the Roxham Station has been encouraging.

During the past year there seems to have been an improvement in church matters in this Mission; larger sums have been raised than in any previous year, and the congregations have generally been very good, and much interest has been shown by the people. At Hinchinbrooke a spacious shed has been erected, by the people subscribing the amount required, without any Bazaar, or any other equally unworthy manner of collecting money for church purposes. At Huntingdon, in the summer, the Parsonage was put into thorough repair at a considerable expense, but alas! only to be enjoyed for a short time, for on the 4th of January it was burnt to the ground—a heavy loss to the people, inasmuch as there is no insurance on it.

ST. JOHN'S, C. E.

At the close of another year the Rector records, with much thankfulness, many signs of progress, and increased interest in the ministrations,

work, and general welfare of the Church. The Sunday congregations have been, upon the whole, above the average; and the Friday evening 8 o'clock services have been more numerous and regularly attended than heretofore; whilst several additional communicants have presented themselves at the Lord's table. Several articles necessary to the comfort, convenience, and ornamentation of the Church have been supplied by private subscription, such as cocoa-nut-fibre matting for the entire building, and a handsome pall; added to which a simple but tasteful colored window, (the workmanship of Mr. Spence, Montreal,) has been placed in the Chancel as a Christmas gift by James McDonald, Esquire. The Church steeple also, which had become unsafe, has been repaired and painted, and a considerable improvement has been effected in the interior of the parsonage. With reference to the finances of the parish, the accompanying statement will show that there has been a considerable increase in the Sunday offertory, whilst a further reduction has been made in the High School debt, which, it is expected, will be fully liquidated by Christmas, 1866. The amount subscribed to the Church Society exceeds that of last year, and though it is by no means equal to what is desired, it is probably as much as could reasonably be looked for from a locality in which so much necessary work yet remains to be done to secure the permanance and well-being of the Church. The collection for Missionary purposes was not taken up on the day of Thanksgiving for harvest, it having previously been set apart for the collection on behalf of the Widow and Orphan Fund.

The Rector has been compelled to discontinue the Sunday services at Lacadie, partly because his increasing duties in St. Johns will not admit of them, partly because of the inability of the inhabitants to defray the expenses of transit. Every opportunity is given to those resident in that neighbourhood to attend the Church services at the parish church, and they will still continue as far as possible under the Rector's general pastoral care. The Sunday-school connected with this parish continues in a satisfactory condition, save that the want of a Lay Superintendent and male teachers is greatly felt. The Sunday-school Convention, held on the 9th of August last in this town, (at which the schools of 13 parishes, with their friends, to the number of nearly 4000 persons, assembled to listen to an address from the Bishop,) was a great success, and has done much to encourage those who have laboured long and faithfully in the good cause, and to stimulate all to increased efforts. Such a Church of England gathering had never been witnessed in this neighbourhood, and its effect will not be lost. The respectable and intelligent appearance of the young people, and their quiet and orderly demeanour, were the theme of universal commendation.

It would be impossible to close this Report without gratefully testify-

ing to the zeal and efficiency of the office-bearers of the Church, and the peace and prosperity which have crowned their efforts, as well as to the kindness and consideration which the Church members in this locality have invariably manifested towards their pastor.

LACOLLE.

REV. A. D. LOCKHART says:—In the year which is just closed we have had many things to encourage us in connexion with the work of the Church in this Mission. The congregation attending St. Saviour's Church has been large and respectable. The number of Communicants has been gradually increasing, and at almost every celebration of the Holy Communion on the first Sunday of every month, as well as on the great festivals of the Church, we have had some new communicants, who have joined with us in that solemn ordinance in partaking, in a spiritual manner, of the blessed Saviour's body and blood. Our Ladies' Sewing Society has also been in a very flourishing condition and well attended, and the Ladies have just purchased a very handsome Set of lamps for the Church at a cost of nearly \$30. The Society meets at the houses of the different members of the Church in succession, and I think our meetings are calculated to do much good as they bring our people together, and keep up a good feeling amongst them. The Ladies have still a considerable sum in hand with which they contemplate purchasing a new Harmonium for the Church of greater power than the instrument we have been using. I have to acknowledge the reception of several presents during the year from different members of my congregation, which are an evidence of the good feeling which exists between the Minister of Christ and those over whom he is placed in the Lord. And on

Christmas morning last Mrs. Lockhart received a very valuable present of mink furs, through Mrs. J. C. Bowman, from the Ladies of the congregation, accompanied with an address expressive of their appreciation of her services in presiding at the Melodeon, which she has done for upwards of two years. I would here tender my sincere thanks to the Ladies and Gentlemen of the choir for their valuable services and regular attendance during the year that is past, and beg to thank them and the other members of the Congregation, who kindly assisted in decorating the Church with evergreens for Christmas. I humbly hope that our success so far in the work of the Lord during the year that is now closing upon us for ever, will encourage all to renewed exertion for the future.

ORMSTOWN.

Rev. W. BERTHOUD reports:—The exertions made in promoting the interests of our Church in this Mission have not, I trust, been without success. The Church is long since completed; the Parsonage house (a photograph of which is enclosed) is very comfortable, though not quite finished. The future prospects of this Mission are encouraging.

Having nearly got through with many of our locals wants, we commence this year our annual subscription, with the full determination to increase it in the future. Much has been done for us, and it is high time to begin to pay back even the interest of what we received.

RUSSELTOWN.

REV. JAMES FULTON writes :—The year that is past, like those that have gone before, has left marks of change indelibly engraved upon it. Some have gone to their eternal rest and reward, and others have migrated to other parts ; amongst the latter, I have to regret the departure from amongst us of Abraham Moe, Esq., and his family—one who was always prompt and willing to assist in Church matters—who gave us our present burial ground, and whose wife kindly presided at our small organ for some years, and whose eldest daughter relieved her mother, and for the last three years was not only punctual in attendance, but likewise very efficient in rendering the chants and psalms in a correct manner ; and at her removing, as a small token of their regard and esteem, the congregation presented her with a gold cross and chain.

Yet amidst a few discouragements there is much cause for thankfulness at the tokens of progress, though small, of a more healthy tone pervading the people as to their responsibilities and privileges. We had a very successful meeting at the time the deputation came here, and although the collection was not large, the interest it created was very satisfactory.

We have been enabled to put up and cover in a substantial stone chancel, 18 × 18, and a small vestry of the same material to the Church at Havelock ; and in connection with this I must not omit to mention the great interest and self-sacrifice, in time and money, of Mr. James and Thomas McCort, Thomas Saunders, and the late Mr. John Fiddes, who was suddenly cut down in robust health and strength—one ever ready to forward anything connected with the Church, and a young man highly esteemed and respected in the community.

I feel that I ought not to omit all mention of the many gifts in kind that I have received, for they partake of the quality of mercy, which is twice blessed, for it blesses those that give and those that receive, and although it may seem invidious to particularize, I cannot refrain from naming Mr. A. V. Hogle as amongst the most forward.

LABREVOIS.

REV. N. V. FENN :—For nearly four months of the past year I have been absent from my post here—the first two through severe illness; the latter part of the time on the work of the Sabrevois Mission. The English service was regularly kept up in my absence by Mr. Roy, the licensed Lay-Missionary here, and Mr. DeGruchy, my assistant at the Mission College.

The English families continue to diminish in this district through the same causes as before, viz.: removal of the younger members by marriage, or to find employment and seek their fortunes in more favoured districts.

Notwithstanding an effort has been made to complete a fund contributed by English friends for a Church-bell, the sum of £50 clear of expenses was raised by a Soirée in February last for this purpose, and placed in the Savings Bank at Montreal.

Chancel chairs, correct and beautiful in style and workmanship, have been added to the furniture of the Church by some members of Christ Church, Cheltenham, England, (Rev. J. F. Fenn, M.A., Incumbent.)

Returns from Chambly, the Gore, St. John the Evangelist, Kildare, Lachine, Onslow, Rawdon, Thorne, were either not sent or received too late for publication.

In thus briefly reviewing the events of the past year, whilst not unmindful of a certain progress, your Committee cannot forget that at the close of one of the most prosperous seasons with which Providence has blessed us for many years past, the support which the Society has received to aid it, in carrying on its labours for the promotion of the glory of God and the salvation of souls, bears no just proportion to the increased expenditure which is every-

where going on for the promotion of secular objects and mere worldly pleasures. And another subject which causes great concern is that while those of our leading citizens, who in past years have cheerfully identified themselves with your Society and the work of the Church, are one after another being taken from us, we see but rarely any persons of corresponding influence and position in our social community or in fact few others, coming forward earnestly to occupy the vacant places as working members. It cannot be otherwise than a reproach to a community, if, while their leading men are ready to give their services for objects of social advancement, and material wealth, there is any lack of able and faithful labourers of the same class to take part in that work, which, if done for Christ's sake in a Christian spirit, is to lay up for themselves treasure in heaven.

Your Committee cannot conclude their Report without congratulating the Society upon the presence amongst us again at this anniversary of the Rev. Dr. Balch, Secretary to the House of Bishops of the General Convention of the Protestant Episcopal Church in the United States; and they wish to place on record their most sincere and Christian thankfulness for the fraternal love and generous welcome shewn by the members of that Church to your President, and the deputation from our Provincial Synod, during their late visit to the General Convention at Philadelphia. Your Committee accept the same as a pledge of a still increasing gathering together in visible unity, as well as in oneness of spirit, of the various members of the Catholic Church of Christ; and looking forward to such a blessed consummation, they trust that we shall all labour more consistently and pray more earnestly for the coming of Christ's Kingdom, and the accomplishment of His own most solemn prayer, that we all may be one as He and the Father are one.
