ASQUITH PLACATES HANGING CABINET CHANGES

Ireland to Be Excluded From Conscription Bill

FOUR MEETINGS GIVE SIR ADAM WARM GREETING

Ratepayers at Many Points Strongly Favor Radial Railway Bylaw.

TO BUY METROPOLITAN Speaker Intimates It Will Be Taken at Fair Valuation With People's Consent.

Four enthusiastic receptions were given to Sir Adam Beck when he laid the hydro radial scheme before large audiences—the North Toronto town hall, the Technical School, Winchester Street School and the Parkdale Collegiate. On each occasion the audience were entirely favorable. Expressions of opinion were not sought for, but at each hall Sir Adam was assured by standing ovations and unstinted applause that practically every ratepayer who attended was heart and soul with the promoters of the bylaw.

Pointing to the record which the hydro system has enjoyed since it was instituted over six years ago, Sir Adam showed how it had lowered rates for no other reason than that large surpluses were on hand for which the commission had no need to carry on its business. Resolute predictions were made by the speaker declaring that the same prospects of blue ruin had foretold a dismal future when it was proposed to establish a power system which would be operated solely for the benefit of the municipalities it was intended to serve.

Help to Steam Roads.

Far from being detrimental to the steam roads, Sir Adam declared that it would prove of benefit to them. The hydro radial would handle inter-urban freight and would not interfere with transcontinental traffic. It would build up industrial Ontario, and would help to bring more business to the railroads. Reduction of the cost of living was claimed by the speaker as one of the results of the proposed system, which with better transportation facilities marketing could be effected more cheaply and the consumers would be greatly benefited.

Metropolitan Purchase.

Reference was made to the fact that the Mackenzie & Mann interests had sought to dispose of the Metropolitan Railway, and that Sir Adam had stated last night that a fair valuation of the Metropolitan road would be made and it would be taken over and operated for the benefit of the municipalities of Ontario, but not for the profit of any individual.

Sweden Forts Fired ON GERMAN WARCRRAFT

Teuton Torpedo Boats Invaded Territorial Waters in Chasing Steamer.

LONDON, Dec. 29.—The forts on the Swedish Island of Haestholm opened fire on two German torpedo boats pursuing a Swedish steamer off Karlskrona in Swedish territorial waters today, according to messages from Stockholm to The Politken, forwarded by the Exchange Telegraph Company's correspondent at Copenhagen.

THE CANADIAN PACIFIC IS BEHIND THE BOARD OF TRADE

The World hit the nail on the head yesterday when it said that the Canadian Pacific Railway was at the back of the board of trade's attack on the hydro radial bylaw.

That great corporation is planning to stridor Ontario with electric lines, and to acquire an immense water-power to drive them. If it can secure it. But it won't embark in this power business until it knows it can beat Beck's radials and kill off an opposition that, once inaugurated and supported by the municipalities, would be too much for even the great Canadian Pacific. They are acquiring and building their trial lines now, and hope to get the people of Brantford to sell them that city's line to Paris. A bylaw to that effect is before the electors of Brantford in this election. The Brantford Expositor is urging the ratepayers to sell out to the C.P.R.

TOM FOSTER'S "SOUND" POLICY

Controller Foster was left behind two years ago by the electors because they found him out in a piece of assessment on Mackenzie Avenue. We have no desire to recall the sad facts, for which he was excoriated last year by the same electors. His influence was an effective knife, and he was returned, and, therefore, it is only right to let bygones be bygones.

Mr. Foster was not going to be caught in any such way again, and he had his eyes on Mackenzie Avenue considerably increased in value on the assessment roll. He also increased his occupation tax on Mackenzie Avenue considerably, from \$22 at one city and \$22 at his home street residence in 1914 to over \$100 in 1915.

As a private citizen this may be all very well, but as the controller of the city, he is unwelcome advocate of what he calls economy, which we had occasion to show yesterday, does not really mean economy, we doubt whether he is a sufficiently model citizen to represent the electors of Toronto. We have all read the things in the advertisements that he has put out about the hydro radial. Probably he does say these things, but very few people have heard him saying anything that someone else had not said first. Besides this, there is a growing curiosity to know what Mr. Foster has done.

Among all the things he talks about, it is interesting to note that, while he is an expert on the hydro radial, he has all ready done that he is sentimental. He is sentimental about the hydro radial, to promote a scheme which would be a capital to give labor to the citizens or to promote them, for the benefit of the municipalities.

BIG OPERATIONS DEFERRED UNTIL END OF WINTER

British Staff Confident Allies Can Smash Thru German Lines.

AWAIT RIGHT MOMENT Reports From Russia Indicate Winter's Rigors Are Unusually Severe.

LONDON, Dec. 29, 10.08 p.m.—Despatches from the east and west express the belief that the winter weather is likely to prove the most severe obstacle to operations on the principal fronts during the next few weeks.

The most dreaded period of winter is from the end of December to the end of January, was a French general's reply a year ago to the demands for a great offensive. This same remark would probably apply equally this winter.

Reuter's correspondent at western headquarters, after remarking that the British staff is confident that the allies are now so strong in men and munitions that they can break thru the German lines whenever the right time comes, declares that the weather is the chief reason for postponing the big movement, and adds:

"Such a movement needs careful planning and extreme caution. Reuter's staff is confident that the allies are now so strong in men and munitions that they can break thru the German lines whenever the right time comes, declares that the weather is the chief reason for postponing the big movement, and adds:

"Such a movement needs careful planning and extreme caution. Reuter's staff is confident that the allies are now so strong in men and munitions that they can break thru the German lines whenever the right time comes, declares that the weather is the chief reason for postponing the big movement, and adds:

CONTRABAND ON BULGARS HELD SHIP OF PEACE BACK BY SERBS

Enemy's Loss Five Times Greater Than That of Serbians.

NOW UNDER SEIZURE FIGHTING EVERY INCH

Britain Will Allow Remainder of Cargo to Reach Destination.

LONDON, Dec. 29, 7.49 a.m.—A British official statement issued tonight says:

"It is ascertained that 55 bags of rubber, all consigned to a well-known enemy forwarding agent in Sweden, were removed from the parcel mail on board the steamship Oscar II. The estimated weight of the rubber seized is about 4000 pounds.

"The remainder of the mail, which consisted of 734 bags, was handed over to the postoffice for immediate transmission to its destination."

CANADIANS HAVE FINE RECORD FOR SOBRIETY

Canadian Associated Press Cable.
LONDON, Dec. 29.—The general officer commanding at Saloniki has issued a divisional order congratulating Canadian troops on their good conduct. The general adds: "The proportion of drunkenness is less than one per thousand, which is far better than the usual record of regular troops, even in time of peace."

BULGARS HELD BACK BY SERBS

Enemy's Loss Five Times Greater Than That of Serbians.

FIGHTING EVERY INCH

Bulgars Claim Large Forces Are Being Massed Around Varna.

PARIS, Dec. 29.—(10.50 p.m.)—A despatch to the Havas Agency from Athens, dated Wednesday, says:

"According to information received from a Bulgarian source, the third Bulgarian army corps is now between Varna (on the Black Sea coast) and Rustchuk (on the Danube), while a Turkish army of 30,000 is at Burgas (to the south of Varna). A German army corps passed Uzkup Monday, going south.

"The Paris announces that General Stepanovitch's Serbian army has made good its retreat into Albania. It was 30,000 strong at the beginning of the Bulgarian attack, and has been continuously engaged, disputing the ground inch by inch. It has saved almost all the material belonging to it, and has caused the Bulgarians a loss five times greater than it suffered itself. It is now a complete army of 64,000 men."

EAST INDIANS ANXIOUS TO SERVE AS OFFICERS

Congress Asks British Government to Reorganize Present Volunteering System.

LONDON, Dec. 30, 12.10 p.m.—The Indian National Congress, on Tuesday unanimously adopted a resolution urging the British Government to admit Indians to commissions in the army and navy, and emphasizing the necessity of reorganizing the present system of volunteering to permit Indians to enlist without distinction of race or creed, according to the Bombay correspondent of Reuter's Telegram Co.

Sir Narayan Chandavarkar, in offering the resolution, said that the heroism of the Indian troops and their comradeship in arms with the British had awakened a spirit of enthusiasm and loyalty, and aroused an ardent desire to go to the front if only the opportunity were given. England, he said, had given equal rights without India, nor India without England, and if they wanted to stand united they must both take advantage of the present situation.

Another speaker declared that, if Indian soldiers in the Indian army were given the same military training as British soldiers, they would be a great asset to the British Empire. A resolution criticizing the laws which restricted the rights of Indian soldiers in the Indian army was also passed. Many speakers urged that the British should give equal rights with European immigrants.

ASQUITH FIRM IN PURPOSE TO FORCE CONSCRIPTION

FRENCH AVIATORS FLEW FAR OVER BULGAR LINES

They Penetrated Nearly One Hundred Miles and Bombed Effectively a Number of the Enemy's Encampments.

PARIS, Dec. 29.—(11.10 p.m.)—Despite numerous difficulties, such as landing grounds and a mountainous country, French aviators have succeeded, according to an official note issued here, in carrying on reconnaissance about 93 miles into the interior of the Bulgarian lines. In the month of November alone there were no less than fifty-four reconnaissance, during which observations and numerous photographs useful in strategic movements were taken. Aviators bombed cantonments at Uskup, Istip, Kara, Hodzall, Strumitza, and Petric. These bombardments were very effective.

The statement says that, thanks to wireless despatches, the French observers were able to regulate their artillery fire. It adds that a well-perfected aerologic service has been organized to aid aviators.

BRITISH NAVY MAKING ALLIES' TRIUMPH SURE

Balfour Believes Moving Pictures Will Give Public Clearer Realization.

PLAYING GREAT PART Success of Land Operations Depends on Work of Grand Fleet.

LONDON, Dec. 29, 5.30 p.m.—"The British grand fleet, which as a grand fleet has never yet had the opportunity of being in action, has never been so ready to go to sea as it is today, thru all the months of the war, been the foundation upon which everything else has rested," was the sentiment of J. Balfour, first lord of the admiralty, of the lessons to be derived from a moving picture record of the activities of the fleet, over the first production of which he presided this afternoon.

Mr. Balfour declared that the film shown was "packed with lessons to the deepest import to Britons and to the world."

Quiet But Effective.

The success of all the land operations of the allies, from Archangel on the north to the Fursia Gulf ultimately depended, he believed, on the fleet, because, were it removed, the allied nations, "now banded together against the tyranny of the central powers," would be cut off from the outer world, and from each other. He doubted whether the magnitude of the task thrown upon the British navy, and "so far triumphant," was being met.

GOVERNMENT POSITION FOR INVALIDED SOLDIER

Lance-Corporal Charles Gillingham Appointed to Ottawa Department of Labor.

Special to The Toronto World.
ST. THOMAS, Dec. 29.—Lance-Corporal Charles Gillingham is the first returned soldier from St. Thomas to receive recognition by the government, which today appointed him to a position in the department of labor at Ottawa.

Lance-Corporal Gillingham enlisted in St. Thomas when the war first broke out.

A regular bilizard, which is the worst storm of the season, started in this district about 9 o'clock this morning, and did not abate until this evening. A foot and a half of snow fell, and the heavy drifts in the surrounding country will make the roads impassable. The city electric cars were tied up two hours.

TURKS CEASE ATTACKS TOWNSHEND REPORTS

Situation at Kut-el-Amara Has Been Quiet Since Christmas Day.

LONDON, Dec. 29.—(7.50 p.m.)—The following official communication concerning the operations against the British forces by the Turks in Mesopotamia was made public tonight:

"General Townshend reports an entire cessation of the attack and bombardment since Christmas Day. He also reports a heavy thunderstorm on the 26th."

Cabinet United on Main Principle, But Resignations Later on Are Fore-shadowed—Ireland Will Probably Be Excluded—Government is Prepared for Opposition.

LONDON, Dec. 29, 11.51 p.m.—The following explanation of the cabinet situation will appear in the newspapers of London tomorrow morning, furnished by the Press Association:

"It has been generally expected that Premier Asquith's pledge to married men would be carried out in letter and spirit, but the view is held in some quarters that a further chance for single men to enroll would not be inconsistent with the fulfillment of that pledge.

"The premier himself rejected this interpretation of his words and informed the cabinet that resort to compulsion was called for in his opinion, not only to carry thru an honorable obligation, but also it was needed in the present state of the war to provide a steady flow of reinforcements for the various battlefronts.

BUSINESS IS PLEDGED OVER THE RADIAL LINE

Municipalities Ask Toronto to Provide an Entrance and Assure Their Support.

TORONTO'S SHARE SMALL Guarantees Less Than One Per Cent of City Assessment, Others Guarantee Ten.

Further evidence that the hydro radial bylaw is a business proposition of which Toronto should take every advantage is being furnished daily, and yesterday the feeling thruout the business section was 50 per cent greater towards a favorable view of the agreement than on Tuesday.

Ninety per cent of the Toronto business men interviewed by The World expressed themselves as unqualifiedly in favor of the bylaw. The more enthusiastic supporters are those who have studied the problem to some extent and are conversant with the facts.

It was found also that a great many are taking the opinions of others, but when their attention was called to the issue they promised serious consideration. Every single one was a supporter of the radial, and those who had any objections whatever hinted them on what somebody else had said relative to control of the streets or some other clause.

Sir Adam Beck yesterday gave fresh assurances that a clause would be inserted setting at rest any misgivings along this line; but this assurance was given when he addressed the members of the city council some two weeks ago. In view of this rumor, a number of business men who had held back came out strongly for the bylaw.

SITUATION AT SALONKI CAUSES NO UNEASINESS

Serbian Army Being Reformed—Report of Attack on Scutari Denied.

LONDON, Dec. 29.—By all accounts Salonki is now safe. Certainly the central powers show no haste to attack the allies' position. Seventy-five thousand Serbians have reformed at Scutari and Elousan, in Albania, and the Montenegrin army, which heretofore has been debared geographically from taking any large part in the war, is now throwing itself energetically into the contest against the Austrians.

Reports that the Austrians are attacking Scutari are authoritatively denied. According to the latest advice the Austrians were at Belopojje, where they were recently repulsed by the Montenegrins, and cannot reach Scutari without crossing the Albanian Alps and the flooded River Drin.

THE BYLAW WILL SWEEP TORONTO

The coons started falling down out of the trees yesterday on the hydro radial situation—big ones and little ones. They saw that the citizens were almost a unit in voting for the bylaw. Hardly anyone will accept a vote of two to one that the bylaw will carry; or even money that it will be carried by three to one.

The outspoken support of The Globe and Star indicates that Liberals would emulate Conservatives in voting for Adam Beck.

Sir Edmund Osler, in his usual ready way, says he is against the bylaw. You can always find him—he doesn't do any walking in the middle of the road.

President Woods' board of trade admitted that he has personally undertaken the money responsibility of the advertising campaign against the bylaw.

The men who helped to drive W.K. McNaught out of politics and off the Hydro-Electric Commission are against the bylaw.

The strongest influence against the bylaw is from the railways. Any expectation of theirs that the Conservative machine would help them will be disappointed. No orders to that effect came from Ottawa or the Queen's Park. Sir John Willison is not going on the stump against the bylaw.

About the Hydro Radial Bylaw

Toronto guarantees bonds equal to about 2-3 of one per cent. of her assessment. The other municipalities are guaranteed over 40 per cent. of their assessments.

The municipalities agree to make good any loss. The hydro commission agrees to divide the profits in proportion to the amount of money guaranteed.

NEWS OF SPECIAL INTEREST TO WOMEN

SOLDIERS' COMFORT WELL LOOKED AFTER

Mrs. A. E. Gooderham Tells of Work Women Are Doing in Old Land.

IS NOT PESSIMISTIC

Thinks That While Mistakes Have Occurred, None Could Improve on Military Heads.

Home again and filled with enthusiasm for everything she saw in England, is Mrs. A. E. Gooderham, national regent of the Daughters of the Empire for Canada.

Visiting the hospitals was naturally one of the chief interests of Mrs. Gooderham, and the nurses' residence, which the money of Canadians had helped to erect, came under the same category.

Mrs. Gooderham was the medium thru which this new place of refuge for the sick and wounded will be established.

LITTLE ALMA DUTTON HEARS FROM FRONT

Eleven-Year-Old Patient of Hospital for Sick Children Made Soldiers' Comforts.

The following is the letter received by little Alma Dutton, an eleven-year-old patient in the Hospital for Sick Children, who, with many of the other little girls, spends many spare moments in knitting warm "comforts" for the men at the front.

Belgium, Dec. 8, 1915. Miss Alma Dutton, Hospital for Sick Children, Toronto.

Dear Little Alma: Just a line from a soldier at the front to thank you very much for the very nice pair of socks you knitted for us, which it was my good fortune to get this morning at the bath.

EXPERT KNITTERS WORK FOR SOLDIERS

Pair of Socks Turned Out Every Fifteen Minutes at Women's Patriotic League Rooms.

At the headquarters of the Women's Patriotic League there are no holidays. It might be imagined that after shipping something in the neighborhood of four hundred cases to the men overseas and seeing that everyone on this side whom they could possibly help had been given a good Christmas dinner, the workers at No. 559 Sherbourne street would take a few days' rest during the holiday season.

SUFFRAGE THE THEME OF LATEST OPERETTA

Proceeds Will Be Devoted to Charities Supported by Suffrage Associations.

A million dollars is what Miss Dresser and those associated with her expect to make out of an operetta which will be produced in the Waldorf-Astoria of New York shortly.

It is expected that this new feature in the realm of music will be heard all over the United States, and the proceeds will be given to suffrage charities.

KEEPING CLOSE TAB ON CANADIAN SOLDIERS

Lady Drummond's Information of Wounded Sometimes in Advance of War Office.

That specific work along special lines is illustrated by the special reports which Lady Drummond directs her activities in England. She keeps track of all Canadian casualties and her information is so up-to-the-minute that it is said she can give the whereabouts of a soldier, even in advance of the war office.

Part of the task Lady Drummond has given herself is to see that every patient receives at least a weekly visit, with the addition of probable dainties and assistance in any possible way that may be given.

CHILDREN HELP SWELL SOLDIERS' TOBACCO FUND

Fifty Thousand Dollars Raised by Children's Empire Day Collections.

Of the \$300,000 which have been subscribed to the overseas tobacco fund during the year ending Sept. 30, 1915, \$50,000 was donated by the children's Empire Day collections.

Table with columns: Country, Amount, Total. Includes Canada, U.S., Australia and N.Z., Europe, Africa, Asia, S. America, Central America.

MUTT AND JEFF IN COLLEGE

Opening at the Grand next Monday evening, Gus Hill will present the fourth edition of Bud Fisher's cartoon "Mutt and Jeff in College."

BON TON GIRLS COMING

Bert Baker and the Bon Ton Girls coming with the big musical show on the coming week in this city.

COMING TO HIPPODROME

Eugene Lockhart, well-known in Toronto as the clever half back of the Argonaut football team and a brilliant hockey player, makes his professional debut in Toronto as the headline attraction of a bright bill at the Hippodrome next week.

Toronto Grafonola Co. 61 Queen West. Open Evenings. Have you heard a Columbia? \$20 to \$650. January Records 85c.

THEATRES THE GIRL WHO SMILES. Seats will be placed on sale this morning for the sparkling musical comedy, "The Girl Who Smiles."

MRS. LANGTRY COMING. After an absence from the vaudeville stage extending over a period of nine years, Mrs. Langtry (Lady De Bache) comes to Shea's as the headline attraction of an all-star bill next week.

GIRLS FROM THE FOLLIES. At the Star Theatre next week Strause and Franklin will offer an entirely new and novel presentation in "The Girls from the Follies."

THEDA BARA AT STRAND. The photo-play, "A Fool There Was," is playing to tremendous business at the Strand Theatre.

NEW YEAR'S CONCERT. At Mr. Campbell's New Year concert in Foresters' Hall, 22 College street, on Saturday night there will be presented the following, splendid Scottish program:

"MESSIAH" TONIGHT. The Oratorio Society, under Dr. Edward Broome, gives its annual performance of "Messiah" at Jarvis Baptist Church tonight.

LEATHER SPORT TOGS LATEST FASHION FADS. Stunning Costumes for Skating and Other Winter Pastimes Are Fur Trimmed. DARING BRIGHT COLORS. Model of Hunter's Pink, Trimmed With Squirrel, Exploits New Features.

BUY YOUR Victrola Records at Heintzman Hall. You will need many new records for that Christmas Victrola. Our Victrola Parlors are the place to get them.

BUILDS HOUSE IN CANADA. An English journal is responsible for the assertion that Her Royal Highness the Princess Patricia has purchased some of the Duke of Sutherland's estates in the Canadian west and that she has a house erected there.

GUESTS OF ROYALTY. Madame Melba, always a favorite in Canada, and who has been the guest of the Duke and Duchess of Connaught at Rideau Hall, Ottawa, has left for New York.

KHAKI WEDDING SOLEMNIZED. BROCKVILLE, Ont., Dec. 29.—Major Winthrop Sears, of the 32nd Battery, C.E.F., and Miss Brenda Matilda Katharine Jackson, daughter of Dr. and Mrs. W. Fred Jackson, Brockville, were married in St. Peter's Church, Brockville, today by Rev. Canon Bedford Jones.

LITTLE THINGS COUNT. Even in a match you should consider the "little things"—the wood, the composition, the strikeability, the flame. EDDY'S MATCHES. Are made of strong, dry pine stems, with a secret perfected composition that guarantees "every match a lighter."

BUY YOUR Victrola Records at Heintzman Hall. You will need many new records for that Christmas Victrola. Our Victrola Parlors are the place to get them.

BIRDS. He will give similar records has contributed.

Who is the Mining Expert? No, he isn't the dean of the school of mining engineering. He isn't the builder of bridges, the subway and submarines. He isn't the owner of the ore mines of South Africa. He's a friend of yours! Take a good long gaze at that expansive back, those broad shoulders, that familiar cigar and the beautiful "stovepipe."

SURE, it's J. Rufus, the golden, with nerve and money blessed. Besides selling herring farms, hotels, sun motors and blue sky, Wallingford, Esq., as usual, leaned over night the most intricate details of mining, combined with the lithograph industry.

THE NEW ADVENTURES OF J. RUFUS WALLINGFORD. Wonderful motion pictures of Pathé. Directed by the Wharton Bros. Starring Burr McIntosh, Max Figman, Lolita Robertson. Brought to you theatre by the local! PATHÉ EXCHANGE. The scenarios of Charles W. Goddard, author of the "Exploits of Elaine," "The Goddess," "Pauline," have been taken from the original stories of George Randolph Chester, creator of Wallingford. In order to thoroughly enjoy "The Stony Deal" in motion pictures, you must read the story in this week's WORLD.

Dawes Back Horse Ale & Porter. The Leaders for a Century. Consumers who cannot purchase the Black Horse Brands from their local dealer please address The National Breweries, Limited, cor. Bloor Street and G. T. R. Tracks, Toronto. Mr. J. Merner, Representative. Telephone Janet, 1254.

Commence the New Year Right. respectfully reminds his friends that it is unlawful to hire conveyances for voters an election day, and requests them to kindly go to the polls and vote for him as Controller as early as possible on Saturday. Anyone who will be good enough to volunteer to send conveyances for some infirm electors will oblige by phoning to M. 2983 on Thursday or Friday.

BUSINESS IS PLEDGED OVER THE RADIAL LINE

Municipalities Ask Toronto to Provide an Entrance and Assure Their Support.

TORONTO'S SHARE SMALL

Guarantees Less Than One Per Cent. of City Assessment, Others Guarantee Ten.

(Continued From Page 1).

two years he was a member of the municipal council of Whitby, and was one of its representatives appointed to confer with municipalities west and northeast of Toronto in regard to securing hydro-electric current for light and power as well as a railway which would give transportation where now there is none.

Mr. Laidlaw reviewed the success which has attended the hydro-electric venture then in regard to radials said: "The steam railways go out from Toronto equipped for a long haul, but they pay no attention to local traffic, and few trains coming east stop until Whitchy or Oshawa is reached. The distance of 30 to 40 miles. The district is not well supplied because the railways are heading for Montreal and not local points.

Agreement is Fair. "The municipalities got together and held meetings, often in the city hall here, and the mayor and controllers often attended. The features of the agreement were discussed at great length and the decision was reached that it was fair and equitable in every way. Then the hydro commission set up with the government, and the municipalities waited on the government, which passed legislation permitting the hydro commission to act as manager of a joint railway system backed by the various municipalities, and the government gave the power to make an agreement with the municipalities, which, of course, had to be approved by the ratepayers at an election.

"The plan that was prepared met with such approval that from Ottawa to Windsor similar groups were ready to go ahead and each was clamoring to be first. Such a hold did this movement secure that on a few days' notice one of the biggest deputations that have ever visited Ottawa went there a year ago to request that municipally-owned railways be given the same bonuses as granted private lines.

"The municipalities have staked their credit behind radial roads and they are saying to Toronto, 'You provide the entrance and we pledge all our business over that road.'

"Toronto is asked to guarantee some \$4,000,000 of bonds. This is about two-thirds of one per cent. of her assessment. The other municipalities are guaranteeing an average of ten per cent. of their assessments, and that shows they are behind the project. According to the schedule prepared by the Northeast Railway, Whitby guarantees \$183,000, ten per cent. of her assessment; the Township of Pickering guarantees \$578,000, this is over ten per cent. of her assessment; the Township of Markham guarantees \$803,000, and Scarborough \$565,000, both of which represent more than ten per cent.

"Is it likely that, in view of this, they will not do everything they possibly can to make the hydro radials a success?"

For the Good of All. "Regarding the question of the city handing over to the commission a right of way," Mr. Laidlaw continued, "it is agreed that that matter should be in the hands of a body that is not changed by annual elections or local issues on which the electors generally run, but one that will operate the road in the interests of all the municipalities guarantee that if there is any loss they will stand for it, but the hydro agrees to go into the radial scheme, they will not use any other, and will not allow any other to take the business away. That's all they ask Toronto.

"The private roads sit up nights to see how little they can do for the municipalities. The hydro-electric sits up nights to see how much more it can give the municipalities."

In Favor of Radials. John Macdonald, of the John Macdonald Co., Limited, wholesale dry goods firm, has been against the passing of the hydro radial bylaw because of the contentious clause over which so much controversy has arisen, and which is in regard to control of the streets. Yesterday, however, he heard a report to the effect that Sir Adam Beck had given new assurances that the city's interests were safeguarded in that respect.

"If that is the case," he said to a reporter of The World, "then I'm in favor of the bylaw. If a clause has been inserted as reported today, the bylaw has my unqualified support, but I want to make sure that these points have been given in writing and that the city is safeguarded and if so, all right."

"You can say I'm in favor of the agreement, if that clause has been attended to. I believe in radials. I believe they are the proper thing, but we must guard every point.

"Yes, if that assurance has been given, I'm in favor of the bylaw."

Resigns From Board. A great many objections are being heard regarding the campaign being waged by the board of trade, and yesterday Dr. John Noble withdrew his membership as a protest. He said in his letter that he does not believe the council speaks for the members generally.

J. W. Lyon, president of the Hydro-Electric Railway Association of Ontario, says he sees no objection set out in the board of trade advertisements that would not apply with equal force against the hydro-electric power bylaws, passed years ago, and now working to the entire satisfaction of all concerned.

Bets were made on the Standard Stock and Mining Exchange yesterday of ten to five that the bylaw would carry. Other organizations such as the Toronto Stock Exchange and Ca-

Hydro Radials Will Not Cost the People One Cent

Just Remember This:

The City merely gives its guarantee.

The Hydro-Electric Commission raises the money and builds the road.

The Best Engineers have studied the situation, and the report issued is that, like the publicly-owned London and Port Stanley Railway, the Toronto-to-London Radial will pay from the beginning.

Toronto's Interests are not dissociated from the interests of the other communities of the Province. We are allies, and in our unity there is strength. The welfare of this city in connection with the Hydro Radial project will be protected by a Board of Trustees composed of Sir Adam Beck and his colleagues—the men who made Ontario famous as the home of cheap power.

Hydro Radials Are TORONTO'S Opportunity

Will Prevent Slums Will Increase Production Will Link Country With City Will Cut the Cost of Living

Every Newspaper Supports the By-law Every Advocate of Public Ownership is Behind the By-law. Every Corporationist is Against the By-law

Vote "YES" on Saturday for Hydro Radial By-law

Indian Bankers' Association expressed the opinion that the bylaw would meet with the approval of the ratepayers.

CUNARD LINER CAMERONIA. The Cunard Steamship Company announce that they will despatch the new and favorite S.S. Cameronia from New York to Liverpool on the 8th of January. Excellent accommodation is available on this steamer in all classes. Tickets, plans and all information may be had from A. F. Webster & Son, general agents for the Cunard Steamship Company.

STOLEN MONEY IN MOUTH. Sentence was deferred for one week by Judge Winchester in the sessions yesterday on Hannah Porter, colored woman found guilty last week by the jury of theft of \$21 from a soldier. When searched in the police station \$18 of the amount was found in the woman's mouth.

FOUR MONTHS AT FARM. In the sessions court yesterday Judge Winchester sentenced Thomas Jelliman to serve four months at the jail farm. Jelliman was bookkeeper for the Provincial Motor Co., and was charged with depositing \$168 in the bank, absconded to the United States. After having a good drunk Jelliman gave himself up to the Rochester police.

DAMAGES REDUCED. Judge Coatsworth's jury in the county court yesterday reduced the claim of Mike Grasson from \$1000 to \$150, and gave judgment for that amount. The suit arose over an accident last summer, when the plaintiff was knocked down and injured by a sight-seeing car owned by George Verall, the defendant.

THURSDAY MORNING, DEC. 30.

Hydro Radials Will Solidify City Values

Mr. Woods is the only gentleman on the council of the board of trade who has had the temerity to place before the citizens of Toronto the roshah of absurdities which were familiar to the public in the early days of the hydro-electric discussions...

Mr. Hewitt naturally shuns the notoriety which Mr. Woods is acquiring. But we would like to ask Mr. Hewitt, if he happened to be a promoter, how he would like to undertake to float a company to operate a radial railway running thru the best part of Ontario between Toronto and London...

He would capitalize it for anything from fifty to five hundred millions, according to the duration of the war, and he would guarantee dividends on it all. Promoters always guarantee everything, and we feel sure Mr. Hewitt would not transgress the precedents...

It would be a good thing for a corporation it would be a doubly good thing for the people, and there would be no doubt of its success, for the business would come to it as naturally as water runs down hill, because the service is all to be at cost.

This, it appears, is the one thing Mr. Woods and Mr. Hewitt and their friends cannot away with. The idea of giving service at cost is abhorrent to every man with money to invest. It is abhorrent to every man with money invested, for he is afraid that his investments may be disturbed.

Public ownership of public utilities does not measurably narrow the field of investment. And it makes the other side safer ground for the man who has money to put into business enterprises.

Advertisement: Tom Foster says: Hydro Radials will dispose of slums. Hydro Radials mean better transportation facilities. Hydro Radials will increase production. Hydro Radials will lower the cost of living, and Hydro Radials will not cost the people of Toronto one cent in real money.

the effect of the hydro radials will be with cheaper farm produce, cheaper fuel, cheaper dairy products and lower cost of living generally. And in addition to these the cost of electric light and power will be still further lowered by the additional development of power brought about by the radials.

Every man who owns property in Toronto will vote for the radial bylaw because it is to his own personal interest to do so. The contest on the part of the board of trade council is one between the stock and bond men and investors in outside property, as against the real estate men and property holders of the city.

Mr. Woods has not gone into this side of the question. He is not a real estate man. He puts his faith in another line of business, Mr. Hewitt and a few others of the council are in touch with real estate, and they are not so willing as Mr. Woods to assume the prominence and publicity of the four-column ads.

Mr. Woods' "Extra" President J. W. Woods of the board of trade is becoming quite a humorist. Either that, or else he is having a brain storm. The advertisement he printed last night with his signature attached is about the funniest thing we have had for a long time.

Mr. Woods is acting in good faith when he palms off rubbish like this on the citizens, but he has taken advantage of his position and seems to think he can cram any absurdity down the throats of the people. If this be the result of training under corporation business methods it is clear there is nothing worse to be feared from public ownership.

The bylaw has only to do with radial railways. Mr. Woods goes out of his way to misrepresent the aim of the legislation obtained for the purpose of furthering that aim. This legislation was passed in the spring of 1914, nearly two years ago. The agreement has been on the statute books all that time, and was put there at the request of the municipalities, Toronto included.

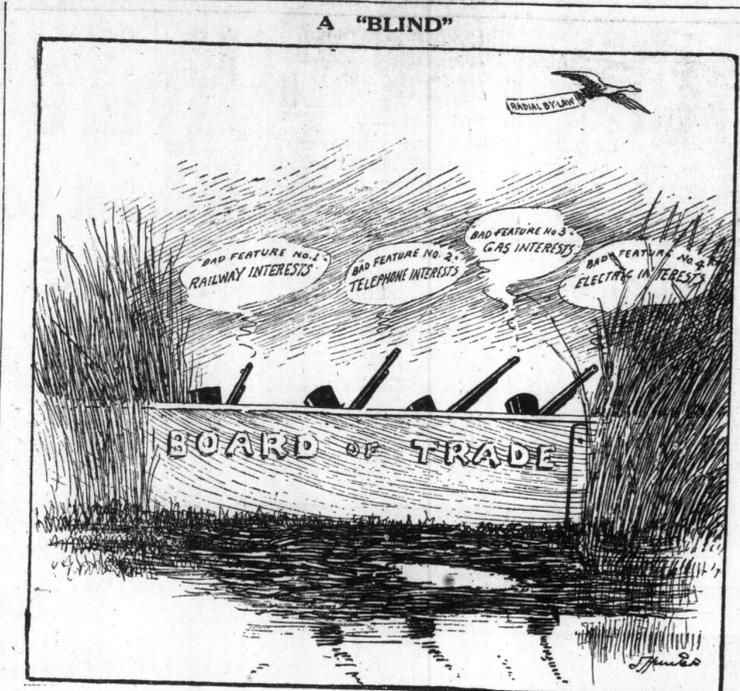

Next Monday morning the police will start to take up the military census of the city. Each inspector of the divisions will have special men detailed for the work. It has been decided not to canvass the residential part of the city, and the efforts of the places, factories, hotels and boarding houses, Chief Grassett stated yesterday that every man in the city will have his name on form, firemen and policemen included. Those who employ labor will be supplied with forms by the police, and the hotels and boarding-houses will receive close attention. It is thought that with 150 special policemen the census will be completed in a week.

Mr. Thompson produced the agreement between the Empire Clothing Company and Hopkins, which was formed in February last, to complete an order from the British government for 25,000 jackets at \$15 each. The agreement was only to continue in force until the order was finished. On Dec. 9 the agreement was dissolved.

Frederick Powell free on manslaughter charge. In the police court yesterday Frederick Powell was charged with manslaughter, in causing the death of Coleman Blewit, of Peterboro.

TRIED TO GAIN ORDER THRU PATRONAGE LIST C. F. Hopkins Solicited Contract From Government - Acton Case Closed.

OTTAWA, Dec. 29.—Evidence taking in the charges of "Men's Wear" was closed this morning. Sir Charles Davidson will later make his report on the matter. George Kelly, in speaking for James Acton, editor of "Men's Wear," stated that the article was only true in as far as it concerned the British contract. There was no evidence to show that any real estate man, as had been charged, had secured a contract from the government. He said that, taking everything into consideration, Mr. Acton was justified in his article. He had learned of a real estate man obtaining a contract which he had "farmed" out, and he was naturally indignant.

STRUCK BY EXPRESS. William Dodd, aged 60, Rockwell Avenue, injured at Weston Road Crossing.

CONDUCTOR DROPS DEAD. Michael Murray, G.T.R. conductor, a former resident of Toronto, but of late living at Belleville dropped dead yesterday morning at the latter place while boarding a train for Toronto. He was about 55 years of age and leaves a widow and grown-up family.

FREDERICK POWELL FREE ON MANSLAUGHTER CHARGE. In the police court yesterday Frederick Powell was charged with manslaughter, in causing the death of Coleman Blewit, of Peterboro.

Magistrate Holds Him Blameless of Death of Coleman Blewit of Peterboro.

ARMY OF PORTUGAL TO BE MADE READY PARIS, Dec. 29.—(5.20 p.m.)—A long and important meeting in secret of the principal army officers of Portugal is reported by newspapers of Lisbon, says the French correspondent there. The minister of war and marine attended the conference.

BIG BRITISH WARSHIP HIT BY TURK SHELLS Enemy Asserts Battleship of Agamemnon Class Suffered in Action.

CONSTANTINOPLE, Dec. 28, via London, Dec. 29.—The Turkish war office tonight gave out the following statement: "Dardanelles front: 'One of three enemy aeroplanes flying over Avli Burnu, was hit by our artillery fire and fell into the sea. Later it was towed by two vessels to the island of Imbroz. 'A vessel of the Agamemnon class (a British battleship) with a displacement of 16,500 tons, protected by two cruisers, two monitors and eight torpedo boats, bombarded at intervals our positions. Our artillery replied, hit the Agamemnon and one of the cruisers with two shells. On the 27th of March fired eighty shells on the Anatolian coast narrow. 'Our Anatolian batteries repeatedly bombarded the landing places at Avli Burnu and Seddul-Bahir, destroying an enemy transport, sinking a boat near Tokke Burnu and destroying a great shed. One of our water planes successfully dropped four bombs on a tent camp.'"

MEETING AT LOEW'S. Hon. W. T. White Will Be One of the Speakers on Sunday Evening Next.

Walton, general passenger agent at Chicago, to general passenger agent at Winnipeg. A. C. Shaw goes from Winnipeg to Montreal, and E. J. Wain from Minneapolis to Chicago. These changes will go into effect Jan. 1.

CONSCRIPTION'S SCOPE DECIDEDLY LIMITED INCOME TAX MEASURE PASSED FRENCH SENATE

Less Than Three Hundred Thousand Men Estimated to Be Affected. MAY BE NO SHAKE UP. DEPARTMENT CREATED. It Will Control All Operations Regarding Furnishing of Coal Supplies.

LONDON, Dec. 29.—"The notion of 'slackers' is unwarranted by the facts," says the parliamentary correspondent of The Daily Chronicle, who today presents the following figures: Total number of unmarried men who have not attested, as shown by the national register, is 600,000, and includes a very large proportion of military service. It also comprises many thousands of men engaged in essential industries. In 1914, not more than one-half of the 600,000 are available for military service. Again from this remainder of 300,000 large deductions have to be made on account of numerous cases where the man is the bread-winner of the family. The notion that there are vast numbers of 'slackers' is unwarranted by the facts. Just as many unmarried men proportionately are not attested as unmarried men."

PARIS, Dec. 29, 6.55 p.m.—The senate today agreed to accept the income tax bill as it was passed by the chamber yesterday. Before adjourning on Jan. 11, the senate sent to the French and allied armies and their chiefs its greetings and expressions of full confidence and hope. The chamber of deputies sent similar greetings to the government today. The Chamber, at its session today, passed a bill creating a department of coal, distribution and price of coal. The idea of this department is to centralise all operations regarding the furnishing of stocks to the public and private industries and those working for the national defence and to control domestic consumption. The department will have powers to requisition coal, working in accordance with the military authorities, and will co-operate with the government in selling and distributing bureau which are to be established through the country. The bill also provides means for putting supplies at the direct disposal of consumers and regulates the prices to be charged. Application Limited. The income tax law, as passed by the chamber, provided that the law should be applied before Dec. 31, 1916. It will apply only to real revenue. Of a revenue of 100,000 francs an unmarried man will pay a tax of 1700 francs and a married person a tax of 1100 francs. If the income of a person in 1915 is reduced during the following year the tax will be levied in accordance with the diminished revenue.

MUTINY OF BULGARIAN REGIMENT IS REPORTED Serbians Have Army of Seventy-Five Thousand Men in Albania. PARIS, Dec. 29.—The 11th Bulgarian Infantry Regiment, stationed at Goumdzhina, Bulgaria, has mutinied, according to information reaching the Athens correspondent of The Post-Journal. "According to reliable information, there are 75,000 Serbian troops at Scutari and Elbassan, Albania," say the Athens correspondent of the Havas Agency. "They are in excellent trim, notwithstanding the difficulties encountered in their retreat. They hold strongly fortified positions against the advance of the Austro-Germans and Bulgarians, and it is unlikely that they will be transferred to Salonika."

SUITABLE FOR A NEW YEAR'S GIFT 55TH CHAPTER OF ISAIAH. One of the greatest chapters in the entire Bible is the 55th chapter of Isaiah—Old Testament or New. No where else is greater confidence in God's loving kindness, such a message of humanity of His mercy and love, and a bond and surety of the life to come. It ought to be read frequently, as well as the story of Isaiah. The text in the Big Print Red Letter Edition now offered by this paper is so clear, so easy on the eyes, that elderly people say it is a pleasure beyond ordinary words to describe, to sit down and read from it. The coupon, elsewhere in this issue, shows how simple it is to acquire this lifetime treasure. On view at The World Office, Toronto, of Hamilton.

FOREIGN SITUATION
COURTIALS TRADING

Considerable Anxiety Over Austrian Outlook and British Crisis.

SPECIALTIES RALLY
Storm Also Bearish Factor—Anglo-French Bonds Touch New Low.

NEW YORK, Dec. 29.—Increased anxiety over the foreign situation, the outlook for the steel and the acute political conditions in Great Britain, together with a new quotation for the Anglo-French bonds, served as the principal factors in the movement of the market today. Trading suffered some curtailment, also, as a result of the heavy construction communication with this center.

Adverse developments were partly balanced, however, by others of a highly constructive character. Heaviness prevailed at the opening of the market, followed by spasmodic rallies in which specialties were most conspicuous. United States steel and leading rails inclined to lower levels, St. Paul proving the most notable. A sharp rally in Anglo-French 1-8's prior to the publication of November earnings, also, a net increase of \$2,000,000, Canadian Pacific was unresponsive to the rally.

The fall in Anglo-French 1-8's to the new low price of 97 3/4 occasioned much conjecture as to the principal cause of the selling. Offerings overshadowed all other features of the bond list, one lot of \$750,000 changing hands at 94 immediately before touching the new minimum. Sales of this issue aggregated \$2,000,000.

Domestic bills on London rose to 47 3/4-4, with yieldless in France, but Austrian and Russian remittances again approached lowest rates since the outbreak of the war.

Bonds as a whole reflected the heaviness of the Anglo-French issue. Government, par value, aggregated \$16,500,000.

OPHIR, REFINANCED, WILL RESUME WORK

Now that the Ophir Company has been refinanced, work is being done to the present to remove the water from the pit. The unwinding process, it is expected, will be completed within a few days and active operations will be commenced immediately.

CHAMBERS-FERLAND PROVING UP WELL

According to the latest reports, splendid values are being found on the Chambers-Ferland property in following short time ago. It is believed that in drifting to the north an extension of the strike has been struck.

DOMESTIC CONSOLIDATED OPENED

A party, consisting of the interests who control the Dominion Consolidated will leave for the Porcupine camp tonight to commence active operations on the property. This property has been worked, and in order to locate the best values in ore diamond drilling will be carried on extensively.

WINNIPEG GRAIN MARKET

WINNIPEG, Dec. 29.—After a fairly active morning, Winnipeg closed today at 3 1/2 higher, and stronger in tone. Trade was very largely speculative in nature, but interest developed at the low points, and there was considerable trade. At the close, the market was carrying a charge of 3/4c.

LIVERPOOL MARKETS

Note to United Marine Corps... However... for Loss of

LONDON, Dec 29. (AP) — A note on the Austrian reply to the Hungarian Government's demand for the return of the Ancona, which was damaged during the sinking of the ship, is being received here. The Austrian Government has agreed to supply the particulars of the event of such nature as to enable the Hungarian Government to take the necessary steps to secure the return of the ship. The note also states that the Austrian Government has agreed to supply the particulars of the event of such nature as to enable the Hungarian Government to take the necessary steps to secure the return of the ship.
