HOURS OF ATTENDANCE.

The Medical Superintendent receives applications for the admission of patients to the wards from 10 A.M. to 12.30 P.M. *Cases of emergency receive attention at all hours.*

For matters in reference to patients, address the Medical Superintendent.

Those pertaining to the Training School for Nurses are to be addressed to the Lady Superintendent.

On other matters, address the Secretary of the Committee of Management at the Hospital.

The Committee of Management meets weekly, Mondays, at 3.30 P.M.

Friends are permitted to visit public patients from 3 to 4 o'clock, Sundays, Tuesdays, Thursdays and Saturdays.

OUT-DOOR.

Surgery—Daily at 11 A.M., Sundays excepted.

Medical—Daily at 11 A.M., Sundays excepted.

Eye and Ear—Mondays, Wednesdays and Fridays, at 2 P.M.

Nose and Throat—Mondays and Fridays, from 2 to 3 P.M.

Diseases of Women—Tuesdays, Thursdays and Saturdays, at 2 P.M.

Skin Diseases—Wednesdays, at 2 P.M.

Nervous Diseases—Tuesdays, at 4 P.M.

Those are wisest who are their own executors, and distribute their money in their own lifetime ; but if our friends do not do so, we trust they will remember us in their Wills. A clause in a Will, as per form below, will have the desired effect :—

FORM OF BEQUEST.

*I give and bequeath the sum of.....Dollars
to the SOCIETY OF THE MONTREAL GENERAL HOSPITAL, and the
Treasurer's receipt shall be a sufficient discharge for the said legacy.*

The Seventy-Fourth Annual Report of the Montreal General Hospital.

The Seventy-Fourth Annual Meeting of the Corporation of the Montreal General Hospital was held in the Governors' Hall of the Institution, on Tuesday, the 19th of May, 1896, Mr. F. Wolferstan Thomas, President, in the chair. The Secretary read the following Report, which was adopted and ordered to be printed for circulation amongst the subscribers:—

LADIES AND GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL:

I have the honor of presenting a brief report of the Receipts and Expenditure of the Hospital, and of the proceedings of the Governors for the year which terminated on the 30th April, 1896.

The ordinary income of the year was	\$66,347 90
The ordinary expenditure was	66,476 57
Showing an excess of expenditure of.....	<u>\$128 67</u>
Comparing the ordinary expenditure of 1894-95	\$50,122 75
With that of the present year	66,476 57*
The latter exceeds the former by	<u>\$6,353 82</u>

An analysis of the year's outlay shows that the chief items of increased expenditure have been dry goods and bedding, \$1,655.57; fuel, \$1,081.65; lighting, \$392.33; furniture and utensils, \$804.90; salaries and wages, \$2,907.80.

Comparing the income of 1894-95.....	\$56,218 71
With that of 1895-96.....	66,347 90
The latter exceeds the former by	<u>\$10,129 19</u>

The increase in income is almost entirely owing to the addition thereto of legacies, without conditions, amounting to \$9,714.76.

* Or \$1.18 per diem for each patient, as against \$1.06 for 1894-95.

The legacies referred to were received from the following estates :
J. J. Arnton, \$900 ; D. McCarthy, \$2,000 ; G. Reinhardt, \$90 ; James
Tuckwell, \$6,274.76 ; Miss Margaret J. Rintoul, \$450.

The total number of indoor patients treated to a conclusion during the year was 2,392, an increase of 50 over last year. Of these, 138 remained over from the preceding year, and 2,416 were admitted during the year 1895-96, the most active period being the quarter of February, March and April. 162 patients remained in hospital at the end of the year.

There were discharged :

Cured	1,372
Improved	454
Unimproved	147
Not treated	247
There died in Hospital	172
There remained in Hospital wards, on April 30th, 1896	162

Giving a total of cases treated during the year of 2,554

Of the above deaths, 72 occurred within three days of their admission.

The average number of patients in the wards during the year was 154, an increase of 2 as compared with last year. The average number of days in Hospital per patient was 23.3. The aggregate number of days in Hospital by all patients was 56,406, a decrease of 300 as compared with last year.

Of the in-door patients treated to a conclusion, there were :

Males	1,428	Roman Catholics	1,035
Females	964	Protestants	1,291
		Other religions	66
Total	<u>2,392</u>	Total	<u>2,392</u>
Ordinary patients	1,840	Immigrants	6
Ordinary pay patients ..	374	Strangers	285
Private pay patients	178	Sailors	54
		Citizens	2,047
Total	<u>2,392</u>	Total	<u>2,392</u>

The death rate has been 7.5, or, excluding the 72 cases which occurred within three days after admission, 4.8.

There were 479 major operations in the in-door surgical department, an increase of 10 over last year, and over 1,000 operations in the out-door department. In the special department for the diseases peculiar to women, there were 120 operations; in the eye and ear department, 129.

In the general out-door department there were 31,373 consultations, an average of about 102 daily. Of these 9,596 were new cases, made up of 6,256 Roman Catholics and 3,340 Protestants.

The ambulance responded to 654 calls, the expense being partly defrayed by a grant of \$500 from the city.

The following Life-Governors have died during the year :—Robert Anderson, John Atkin, E. F. Ames, Judge Cross, S. Davis, R. L. Gault, Warden King, Geo. W. Lundie, Hon. Edward Murphy, Geo. W. Moss, Geo. R. Robertson, R. W. Shepherd, Hon. Henry Starnes. Of these, Mr. R. W. Shepherd and Mr. E. F. Ames had served on the Committee of Management, of which they were both valued members.

Twenty-six ladies and gentlemen have been constituted Life-Governors during the year :—Mrs. J. Alex. Hutchison, H. A. Budden, E. H. Copland, J. L. Marler, J. B. Clearihue, W. A. Scott, Henry Morton, C. S. J. Phillips, Rev. Dr. James Barclay, David Williamson, Dr. Ernest D. Aylen, Chas. J. Hodgson, George D. Ross, Chas. C. McIntyre, George L. Cains, D. W. Ross, Edward M. Gibb, Miss May Stephens, Miss Claire Stephens, Wm. M. Birks, Alex. Macdougall, John Date, Dr. L. H. Davidson, Q.C., Wm. A. Hastings, E. W. Gnadinger, R. A. Dunton.

Early in the year the Morland Wing was occupied. It contains two large medical wards, an excellent operating room, private wards, quarters for the medical staff and a well appointed out-door department.

One of the large wards in the Greenshields Wing has been transformed to a children's ward, and has proved to be admirably suited for this purpose.

Although the extra space thus acquired has added greatly to the efficiency of the work and to the health and comfort of the resident medical staff, yet the re-arrangement and occupation of an entire new wing has necessarily added considerably to the expenditure. Although every opportunity for economising has been utilised, consistent with an efficient administration, yet the rapid advance of medical science

imposes a constant and severe tax on the financial resources of the Institution. The increase in wages has been carefully looked into, and it has been found impossible to secure any marked reduction without seriously impairing the character of the work of the Hospital. Improved methods of relieving suffering, of restoring health and of prolonging life are, however, advantages which cannot be weighed in any financial scale.

Whilst the generosity of the public has been very great in the past, yet a special appeal must be made to cover the extraordinary expenditure involved by alterations and also to provide against the diminution of fixed income resulting from the shrinkage of income on investments.

The work of the Pathological Department, under Dr. Wyatt Johnston, has proved of the greatest assistance to the medical staff of the Hospital. Over 1,000 examinations of various specimens have been made, of which many were essential in the diagnosis of various forms of disease.

The Infectious Department has been carried on at the Civic Hospital under Dr. Bazin. The results obtained have been excellent, and the management in every way satisfactory. In the interests of the public, it is hoped that this department may continue under the control of the Hospital instead of passing into the hands of the civic authorities. It has only been by strenuous and determined effort on the part of the governors of the Hospital that this department has been retained.

For the past two months the Hospital has been deprived of the valued services of the Medical Superintendent, Dr. Ridley MacKenzie, who has, unfortunately been laid aside by serious illness. His convalescence is, however, now proceeding satisfactorily, and his duties are meanwhile being efficiently performed by Dr. H. M. Kinghorn.

The resident medical officers have performed their work in a satisfactory manner. The Pathologist's assistant has been given quarters in the Hospital, owing to the great increase of work in this department.

The training School for Nurses continues to keep up a high standard of excellence, under the direction of Miss Livingston. The period of training has been extended to three years, an arrangement which is of decided advantage to the Hospital in giving it the services of nurses for a third year. There have been 13 graduates during the year.

The governors are greatly indebted to the following ladies and gentlemen, who have acted as collectors during the year :—West Ward, Messrs. Malcolm Thomson and Farquhar Robertson; Centre Ward, Mr. W. E. Cheese; East Ward, Mr. Daniel Hatton; St. James Ward, Mr. J. B. Clearihue; St. Mary's Ward, Mr. W. F. Borlard; St. Louis Ward, Mr. Joseph C. Wray; St. Ann's Ward (North) Mr. Wm. Masterman; St. Ann's Ward (South) Mr. J. E. Kirkpatrick and Mr. James Wilson; St. Lawrence Ward (East), Mr. Charles Gurd and Mr. J. Hamilton Ferns; St. Lawrence Ward (West), Mr. C. A. Jaques and Mr. Louis Sutherland; St. Antoine Ward (South), Messrs. George C. Nicholson and Moses Parker; St. Antoine Ward (North), Mr. E. H. Copland and Miss Copland; St. Antoine Ward (West) and Westmount, Mr. Charles J. Hodgson; St. Gabriel Ward, Secretary of Committee; Cote St. Paul, Mr. O. L. Clark.

The whole respectfully submitted.

F. G. FINLEY, M.D.,
Secretary.

In moving that the report be received, adopted and printed, the President referred to the fact that the expenditure on dry goods and bedding showed an increase of \$1,655.57. He thought that by exercising all possible economy, there might be effected on these items during the coming year a saving of about \$500. As to fuel, it is impossible to say whether or not a saving could be effected; he feared not. Lighting had cost in the neighborhood of \$4,500; but when the electric plant now under contract was put in it was expected there would be a saving of about \$1,500. In wages and salaries it might be possible to make a saving of \$400, but he would not like to say positively that this could be done. Out of some \$85,000 expended on renovations, etc., all had been paid in except about \$3,000, and nearly the whole of that was assured. One thing worthy of mention was that the cost per diem of patients during the year had been \$1.18, against \$1.06 in the preceding twelve months, or an increase of twelve cents. that was largely attributable, he supposed, to the more costly medicines that were used, and to antiseptic and other dressings. In regard to the Civic Hospital, it would be very much in the interest of the

gs. In regard to
ne interest of the

citizens that the General Hospital should retain it, but just now there was some uncertainty as to whether this would be allowed or not. He was quite sure that if the aldermen could see their way to allow it to remain as at present, they would do so. When it was considered that to enable this to be done there was only needed an additional sum from the Finance Committee of \$6,000, it seemed absurd that such a small amount should stand between danger and the health of the city, and especially when so much was spent that might be saved.

Mr. Charles Alexander seconded the motion of Mr. Thomas, which was then adopted.

Annual Meeting of Governors.

The Annual Meeting of the Governors of the Montreal General Hospital was held on Thursday, 21st May, 1896.

The President, Mr. F. Wolferstan Thomas, occupied the chair.

The chairman appointed Messrs. Louis Sutherland, E. H. Botterell and W. E. Cheese to act as scrutineers. The meeting then proceeded to elect officers for the year. On completion of the ballots, and announcement made of the results of the election, the following resolutions were severally submitted with appropriate remarks and unanimously passed :

DR. D. C. MACCALLUM moved, seconded by MR. JONATHAN BROWN :

"That the thanks of the Governors are due and are by this resolution tendered to the Committee of Management, for their administration of the affairs of the Hospital during the past year."

THE HON. A. W. OGILVIE moved, seconded by MR. S. H. EWING :

"That the valuable services of the Medical Board during the past year deserve the thanks of the Governors, which are by this resolution presented to them."

MR. J. P. CLEGHORN moved, seconded by MR. W. J. WITHALL :

"That the Governors, recognizing the importance of the services rendered to the Hospital by the lady and several gentlemen who have, during the past year, called upon the citizens for their subscriptions, beg to tender their warmest thanks to Messrs. Malcolm Thomson, Farquhar Robertson, W. E. Cheese, Daniel Hatton, W. F. Borland, J. Hamilton Ferns, J. C. Wray, C. Gurd, C. A. Jacques, L. Sutherland, George C. Nicholson, W. Masterman, J. E. Kirkpatrick, Miss Copland, Mr. E. H. Copland, Mr. J. B. Clearihue, Mr. C. J. Hodgson, Mr. Jas. Wilson, and Mr. O. L. Clark."

MR. I. H. STEARNS moved, seconded by MR. JAMES WILSON :

"That the Governors desire by this resolution to express their thanks to the employees of the various mercantile and manufacturing establishments who have subscribed to the support of the Institution during the past year."

MR. JAMES WILLIAMSON moved, seconded by MR. G. M. KINGHORN :

"That the Governors have much pleasure in conveying, by this resolution, their thanks to the clergymen and congregations who have made collections for this charity during the year just ended."

MR. J. C.

Mr. G. M. KING-

this resolution, their
ctions for this charity

The President, in closing, expressed the hope that the Governors would take strong measures to keep the Civic Hospital under the control of the General Hospital. Last year the sum allowed for carrying on the work, which has been so efficiently discharged by Dr. Bazin and those connected with him, was only \$12,000, and this year it had been cut down to one-half, and the Finance Committee and the Board of Health said that when that was expended there would be no more funds forthcoming. It said little for the city that it should be parsimonious in preserving the city from infectious diseases. If there came a great outbreak of scarlet fever or diphtheria, and the patients had to be nursed at their homes, it would be the means of driving away all the visitors to the city, and doing away in a very large measure with trade. One person talking to another about the matter could produce a great influence in the community, and if this were done he did not think that the City Fathers would change the control of the Civic Hospital.

Fifth Annual Report of the Training School for Nurses.

TO THE PRESIDENT OF THE MONTREAL GENERAL HOSPITAL :

DEAR SIR,—

I have the honor to present the Fifth Annual Report of the Nursing Department for the year ending 30th April, 1896.

The Training School now numbers 49 pupil-nurses. During the year there has been 310 formal applications, an increase of 20 over the previous year; of the number 50 were received upon probation, 39 of whom were accepted as pupils, after the usual probationary term.

The nurses on duty at the close of the year are as follows:—

Head Nurses	12
Senior "	14
Junior "	23
Assistant Superintendent	1
Night "	1
Charge Nurse in Operating Theatre	1

Miss C. L. Davis, who filled the position of Assist.-Superintendent so efficiently for three years, resigned last June, and Miss Hall (a graduate of the School) was appointed to fill the vacancy. Since then the nursing has been done entirely by the graduates and nurses of the School.

Systematic instruction by classes and lectures has been conducted from November 1st to April 1st.

Twenty-four nurses have passed their final examinations during the year, thus making our total number of graduates 96.

Upon May 4th, the Diet Kitchen was opened. The result has been most satisfactory.

Respectfully submitted,

NORA G. E. LIVINGSTON,

Lady Supt.

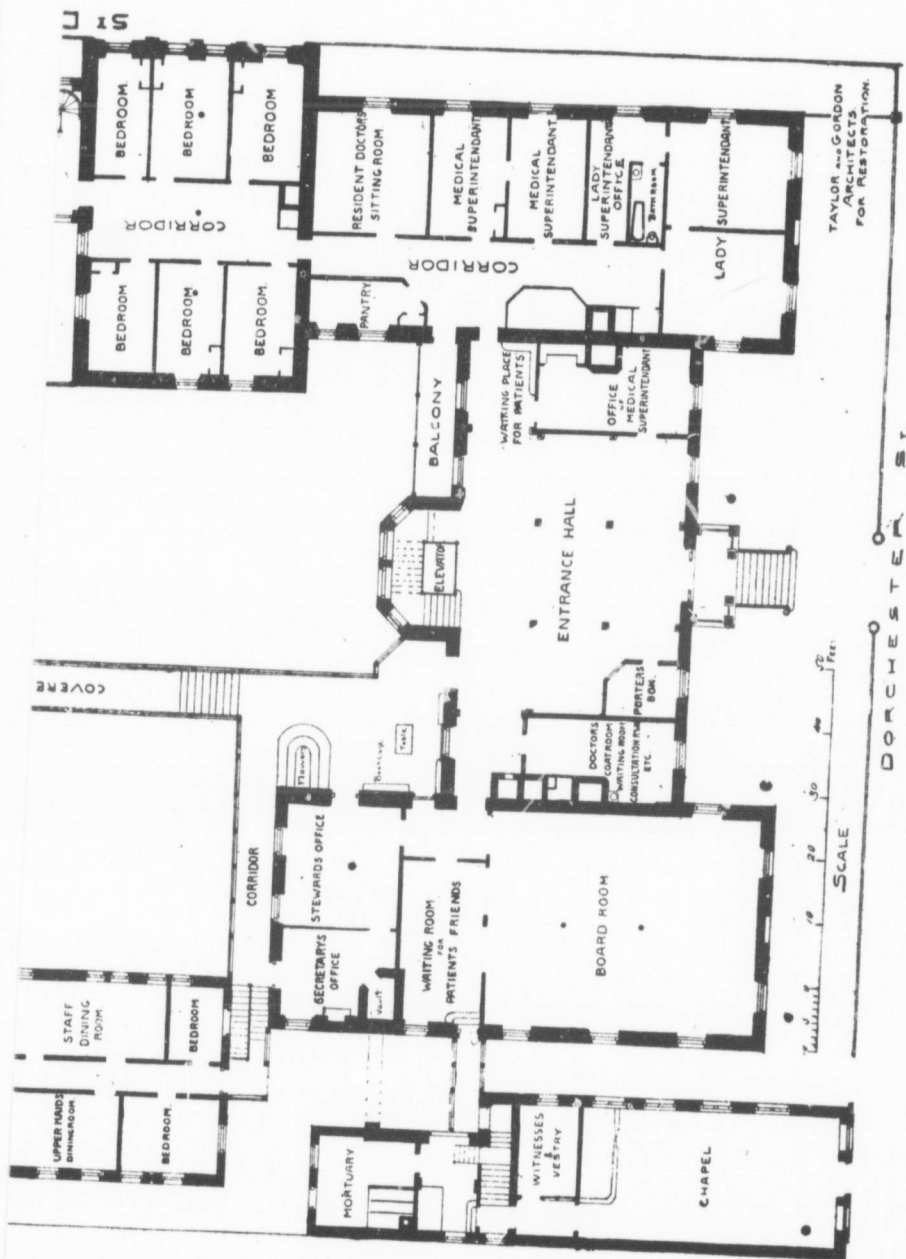

CLASS 1895.

PATHOLOGICAL REPORT,

For Year ending 30th April, 1896.

It may be of interest, now that the new Pathological Laboratory has been in operation practically a year, to compare the amount of work now done with that of previous years.

Formerly the specimens were sent to the McGill College Pathological Laboratory for examination. For many years past the number of specimens thus examined averaged between 100 and 200 per year, never passing the latter figure.

In the first eight months in 1894 (preceding my appointment), 48 specimens were then reported upon. In the autumn of 1894, a system was introduced by which all specimens are examined and reported on at the Hospital. This has had the effect of greatly increasing the amount of this work, so that the number of reports sent during the twelve months ending April 30th, 1896, was 1,002. The number from January 1st to April 30th rose from 90 in 1895, to 470 in 1896.

The work of the Laboratory has included the examination of cultures from the throats of all persons admitted into the diphtheria wards of the Civic Hospital; and during convalescence further examinations are made, until the throat is found entirely free from diphtheria bacilli, before the cases are discharged. A certain number of cases also were judged, by the absence of bacilli, not to be diphtheria, and I am informed by Dr. Bazin that none of these subsequently developed the paralyses which are so frequent and characteristic in diphtheria. At present a small portable bacteriological culture outfit is provided, by which cultures can be made in any case of infectious disease, by the physician in charge, and sent to the Laboratory for examination. Supplies of these tubes are kept in specified parts of the Hospital, and the branch institutions connected with it. The facilities thus afforded have been made good use of by the members of the Hospital staff.

The number of autopsies has also materially increased. In 1895 148 autopsies were performed in the Hospital post-mortem theatre, a number exceeding by about one-half that in any other Canadian hospital. Some of these were medico-legal cases arising out of work in connection with the Coroner's Court, but the number (102) of autopsies on actual Hospital cases is larger than in any previous year. The average number of autopsies annually for the ten years, 1883-1892, according to the records, was 66, including a yearly average of eight or ten cases of diphtheria and scarlatina, which we no longer have since the removal of the infectious hospital out of town. This appears to indicate that the public is beginning to have less repugnance to the idea of autopsies, and to realize that with the methods adopted there is no disfigurement. It must be borne in mind, however, that the total number of autopsies performed each year in all the hospitals in Montreal is less than is the rule in the hospital of an average German university town of 20,000 to 40,000; a fact which is of considerable importance, in view of the fact that we aim at giving in this Hospital as thorough a practical training as is received abroad.

The new apparatus imported last year has been found very satisfactory.

During the year a great loss was sustained by the death of the late Dr. E. P. Williams, Assistant Pathologist, whose services were invaluable in organizing the work of the Laboratory under the new arrangement.

The appointment of Dr. W. H. Jamieson as Assistant Pathologist, has proved a very satisfactory one; and Dr. J. A. Williams, the Externe Pathologist, proved himself to be an enthusiastic worker. The system of having an externe pathological assistant, with the rank of a house surgeon, has been a decided improvement, and without it we would have been utterly unable to do the work of the department.

Owing to the increasingly large number of specimens coming in for examination late in the evening, it would be much better to have the House Pathologist reside in the Hospital.

The teaching work has been going on satisfactorily, and the new Laboratory is well adapted for it.

I would suggest the advisability of publishing each year a *résumé* of the scientific work done in the Laboratory.

(Signed) WYATT JOHNSTON, M.D.

NOTE.—In addition to the summary of the work of the Pathological Laboratory given in the General Report, a Special Pathological Report, will shortly be issued by the Pathological Laboratory. This will form the third volume of the series, the two previous volumes of which were edited by Dr. Wm. Osler, who was formerly a Pathologist of this Hospital. It will consist of a complete summary (anatomical diagnosis and reference index), of all the lesions obtained in the autopsies performed during the period from January, 1883, to December, 1895, inclusive.

The information thus furnished will, it is hoped, be of considerable general scientific interest, not only to those engaged in pathological work, but also of special local interest, as illustrating the relative frequency of pathological conditions found in Canada.

The book is now in press. By arrangement with the Hospital Committee of Management, the report is to be published at cost price, which, for the estimated edition will be 30 cents for unbound, and 50 cents for bound copies. It will form about one hundred large 8vo. pages.

Those wishing copies will please leave orders with Dr. Wyatt Johnston, Dr. Bazin, or Mr. J. Patton, Montreal General Hospital, or with a bookseller.
