CHURCHWARDENS' REPORT.

To the Vestry and Congregation of St. James's Cathedral.

Among the statements submitted is one exhibiting the Park Lots income as now finally settled ; and on the other side a re-arrangement of the debt of the Church also effected during the past year. It will be seen that by this re-arrangement the interest of the debt is reduced to $4\frac{1}{2}$ per cent., and that the principal is receivable in instalments which will pay off the whole within fourteen years from this date. The new Park lots income will provide within \$270.00 of the amount required each half year, to meet the instalments of principal and interest in full. Unless the Congregation very considerably declines in number and liberality from what it is at present there can be no fear but that the ordinary income will be sufficient to supplement the Park Lots income to the amount required.

A clause inserted in the new debentures provides that the Church site shall not be liable to sale for the debt, until the Park Lots have first been resorted to. Memorials and monuments are to be excepted from sale in any event. Practically the Church building may be said to be free from debt.

THE IMPROVEMENTS.

The plans of improvement approved by the Vestry during the past year have been proceeded with, with the assistance of the Finance Committee. The sum of \$22,200 was subscribed by members of the Congregation ; of which \$6,020 has been expended in the work done to the date of closing the financial year. As against the balance subscribed, but not yet called in, contracts have been made to the full amount available. These contracts include the new chancel organ, a specification of which has been settled with great care, and we are promised by the builders (Messrs. Warren, of Toronto,) an instrument of unsurpassed excellence as a church organ.

To carry the scheme contemplated by the Vestry to completion will require further subscriptions, to the extent of the original estimate. It is hoped that the amount to be subscribed will reach not less than \$18,000, to enable the work to be carried out in the best manner.

Promptness is particularly desirable to enable all contracts to be given out at an early date. This will ensure the completion of the whole work within the summer months of July and August of this year.

O. A. HOWLAND.

REPORTS OF PAROCHIAL WORK.

The Rector submits the following extracts from reports of the various organizations at work in the Parish. He cordially acknowledges the self-sacrificing labors of the several workers. The distances over which many of those good helpers come, at early and late hours, greatly enhances their good works. As the Parish becomes more and more removed from the residences of the congregation and correspondingly occupied with people of another class, it presents a greater field for earnest mission work. As one of the signs of His Kingdom our Lord and Master specified this: "The poor have the gospel preached to them." Let us account this a great opportunity; a great privilege. And as the spiritual necessities of the Mother Parish of this city increase and multiply, let us not forsake the place of so many hallowed associations in its hour of need. "Let us not be weary in well doing, for in due season we shall reap if we faint not."

ST. JAMES' CATHEDRAL MORNING SUNDAY SCHOOL YEAR ENDING EASTER, 1889.

The most important feature to be noticed in connection with the school during the past year, is the acquisition of an excellent and entirely new library, in every respect, and which, as regards equipment, as well as the system of management employed, will bear comparison with that of any other Sunday School. Further particulars will be found in the Librarian's report.

The only alterations that have been made in the means used in the school's statistical records, are those which have been introduced for the object of affording more accurate information.

The staff of teachers has undergone the usual number of changes, but is still a most efficient one.

The regular Quarterly, as well as several special meetings have been held during the year.

There being a considerable deficit in the funds of the school, owing to heavy library and other expenses, it was found necessary to devise some other means, whereby this should be removed. An entertainment was therefore given in the schoolhouse, on the 5th of last March, consisting of very interesting and instructive lime-light views of a journey from Hong-Kong, through Canada, to London, by Mr. Armstrong, of Montreal. The building was completely filled, and a handsome sum was realized.

The Summer Festival consisted of a Pic-nic to Lorne Park, and was held on the 13th July, 1888.

The Christmas Entertainment and distribution of prizes was held on 28th December, 1888. Both Festivals passing off with entire success.

Owing to the removal of the Treasurer, Mr. Grant Helliwell, to a distant part of the city, the school has suffered the loss of his much-valued services, which it has had the advantage of, for several years. Mr. Helliwell was succeeded on the 1st June, 1888, by Mr. Philip DuMoulin, who very kindly undertook the arduous duties of Treasurer.

During the Superintendent's accustomed absence in Europe, twice during the year, the charge of the school was once kindly taken by his brother, Dr. F. LeM. Grasett, and at another time, by Mr. W. B. Bridgeman Simpson.

BIBLE CLASS.

The Rector's Bible Class, attended by Mrs. Neville's and Miss Veal's schools and by others, has been held as usual.

The collection, \$39, was applied to Missions in the Diocese.

The Rector cannot speak too warmly of the pleasure it has given him to teach this class, and of the attention and intelligence of its members.

The Librarians have to report this year the completion of a most decided improvement in connection with the Sunday School. Since July they have been engaged in fitting up a new room, and in selecting books, until now they have a Library which in point of system and size is not surpassed if equalled in the Dominion.

There are in the Library about 1,800 volumes, comprising books suitable for children of all ages—advanced scholars and teachers. The selection has been made from the Standard authors of English Literature, works tending to elevate character, encourage unselfish motives and promote a chivalric spirit. After a three months' trial it is gratifying to know that the system adopted has been found to work perfectly, and their efforts in providing suitable literature have been appreciated.

The average attendance of the afternoon school has this year increased.

Our annual picnic was held, in connection with the morning school, on July 13th, and the New Year's Festival on January 10th, both of which were much appreciated by all.

A children's service of praise was held on Sunday March 3rd in the Church. It is our intention to hold these services quarterly.

The offerings of the children have been used to defray the expenses of our picnics and festivals and to meet the running expenses of the school.

THE THURSDAY BIBLE CLASS.

This class is designed primarily for Sunday School Teachers, the lesson for the following Sunday always forms the subject of study. All students of the Bible are welcome. The contrast between a great profession of love and regard for the word of God and appreciation of opportunities to study it, is often very noticeable. For any encouragement given to this effort to promote an interest in the Holy Scriptures by the members of the congregation, it might long since have been abandoned; and so indeed it would have been were it not that many faithful and devoted teachers have found it a help and an encouragement in their difficult work. Those who think that they know all that may be known are naturally slow to avail themselves of this or any other means of grace or instruction provided by the Church.

The importance and usefulness of this weekly meeting for the study of the word of God, and prayer on behalf of the Sunday School is once more pressed upon all Sunday School Teachers; and upon all who really love the Bible and Prayer. The attendance this season has been good. It might easily be doubled. The attention and interest of the attendants have been all that could be desired.

REPORT OF THE DORCAS AND THE LADIES' AID SOCIETIES.

The first meeting of the season of the Dorcas and Ladies' Aid Societies was held on Tuesday, November 6th.

Dorcas Society—President, Mrs. DuMoulin; Vice-Presidents, Mrs. Gilmor, Mrs. Mulholland; Treasurer, Mrs. Strachan.

Ladies' Aid Society—President, Mrs. DuMoulin; Vice-Presidents, Mrs. Boyd, Mrs. Merrick; Treasurer, Mrs. F. Le M. Grasett.

The Societies meet for work every Tuesday morning. Those attending are for the most part members of both societies; and the work is more generally Dorcas work until the poor of the parish have been provided with necessary clothing. The Dorcas closes before Christmas.

At a late meeting a resolution was passed granting \$20 of the surplus Dorcas money to the Sewing School.

The work of the Ladies' Aid throughout the season has been devoted to missions.

But few orders for work came in; they were promptly filled.

A Christmas mission box was transmitted through our Secretary of the W. A. P. M. A., to Mrs. Sullivan, Port Carling, Algoma, consisting of warm clothing for the Indians, and many little things for a Christmas tree for the children—to gladden little hearts at that hallowed season. It was contributed to most generously by a few of the members: and by Miss DuMoulin and her Bible Class.

After Christmas indefatigable work, and the large donations kindly sent in by some of the members, enabled bales valued at \$200 of suitable clothing, etc., etc., to be sent the end of January to the Rev. W. T. Bourne, Fort McLeod, N. W. T., for distribution amongst the Indians on the Piegan Reserve.

The bales contained a liberal donation of flannels, etc., from Mrs. Grantham's Women's Association Class.

Through the kindness of Mr. Brock, a man from W. R. Brock's warerooms packed the bales.

That ended the season's work for Domestic Missions. Since then the Ladies' Aid have been engaged preparing a box of clothing, about to be packed and dispatched to a Clergyman's family in our own diocese.

Our Society was established eight years ago for the purpose of fostering and increasing a missionary spirit in our congregation, and to give each member an opportunity of encouraging and assisting in the work committed to us by our Divine Master when He said "preach the gospel to every creature."

On the formation of the Woman's Auxiliary to the Board of Domestic and Foreign Missions of the Church, we became a Parochial Branch of that organization.

Our Society seeks to enlist the interests of its members in our own Diocesan Mission; in Domestic Missions, i. e., Missions in Algoma and the great Northwest, and Foreign Missions throughout the world.

Donations of any amount are received and forwarded to any of the above sorts of Missions as the giver may designate, or if given to the Society without designation, are appropriated as may be deemed best.

The Society has already adopted special missions to which it sends regular support. These will be increased as means are provided.

Monthly meetings are held at St. James' School-house on the 2nd Friday in every month, at 3 o'clock, when missionary news, papers by members, letters from the missionaries assisted by the Society, and other missionary intelligence, are read.

The attendance during the winter has been very good and encouraging.

In October last, the President, Mrs. Blake, and the Secretary, Miss Wilson, resigned their offices. The resignations were accepted with much regret, and resolutions were passed thanking both ladies for their kind help in past years. In accordance with a public appeal, made by the Bishop of Algoma, for \$100 annually towards Mr. Renison's Mission at Red Rock, this money has been collected by two lady members of the Society.

In June, a bale of clothing valued at \$85, was sent to the Rev. Samuel Kidett, Blood Reserve, Fort Macleod, for distribution amongst the Indians of that place. The bale contained a donation of clothing, valued at \$35 from the Women's Association of St. James' Cathedral, of which Mrs. Grantham is President.

On December 18th, a box of articles, valued at \$45, for a Christmas tree, was sent to the Bishop of Algoma, for the children at Port Carling. The work was kindly done by the Ladies' Aid Society of St. James' Cathedral.

The donation of Christmas presents, made by Miss DuMoulin's Bible Class and valued at \$6.30, was included in the full amount, and the whole was very warmly appreciated and acknowledged by the

Bishop, who spent Christmas Day at Port Carling and himself distributed the gifts to the happy receivers thereof.

In December, Miss Joseph's Bible Class sent a box of useful presents for a Christmas tree to the Rev. Mr. Whatham, of North Cheddar, valued at \$50, also a number of Sunday School books.

On January 29th, 1889, two bales of clothing valued at \$200, made by the ladies' aid society of St. James Cathedral, were sent to Rev. H. T. Bourne, Piegan Reserve, Fort Macleod, for distribution amongst the Indians of the Reserve.

Articles valued at \$13.35 were received from Mrs. Grantham, President of the Woman's Association, to be sent to Mr. Bourne. Thanks are due to that Society for their help in mission work.

Our Society continues to pay annually the sum of \$400 towards Mr. Bourne's salary, and \$30 annually towards the salary of Miss Browne, the lady missionary of the Woman's Auxiliary at Glachen, N. W. T.

This year the Woman's Auxiliary have issued members' cards. Those who wish to become members can do so by paying the small sum of ten cents a year. We have already more than fifty members in the St. James Cathedral Branch of the Auxiliary. The Auxiliary has lately determined to publish a small pamphlet called "The Monthly Letter Leaflet," containing missionary items and letters. Price 15 cents a year. All persons interested in the missionary work of the Church and desirous of regular information thereon are recommended to take this publication and also the larger monthly "Canadian Church Magazine and Mission News," published by the Domestic and Foreign Missionary Society of the Church of England in Canada. Price one dollar per year.

In summing up the result of our years' work we may say, that we have a large membership, have held nine monthly meetings, and have collected and forwarded subscription boxes, clothing, etc., not including sums for Sabrevois Mission and North Cheddar subscribed by the Congregation.

While these results are very encouraging we would seek to increase our membership and our efforts.

We earnestly appeal to all good Christians in our Congregation to cast in their kindly encouraging influence with us in this great work which our Lord and Master has given his Church to do.

Finally we cannot close this report without the addition of a word calling attention to the first object in our list, viz.: Diocesan Missions. Although first in order it is too often last to receive aid. While remembering the Domestic and Foreign fields, let not the Diocese with its urgent and really missionary and forsaken places be forgotten. Let "the Gospel be preached to every creature," beginning at Jerusalem," *i. e., at home.*

All which is respectfully submitted.

ALICE GRINDLAY, *Secretary.*

" Maude Beatty Treasurer.
" Vickers Secretary.

The meetings of the Young Ladies' Auxiliary were resumed for the season, Nov. 9th, 1888, being held in the School-house every Friday morning, from 10 till 12, until the beginning of Lent, when it was decided to change the hour to 3 p.m., in order that members might be afforded the opportunity of attending afternoon service at 5 o'clock.

The attendance of members has not been as large as could be desired, though a fair number have been very regular in assisting in carrying on the work of the Society.

It is much to be regretted that a greater number of the young ladies of the congregation do not take advantage of this opportunity of doing a few hours' work in such a good cause.

Mrs. Arthur Grasett was re-elected President at the annual meeting, but owing to her numerous other duties, she was forced to resign and Miss Annie Beatty was elected in her stead.

The Society has decided to wind up the season with an At Home, to be held in the School-house on Tuesday, April 30th, from 3 to 10 p.m., at which meeting the work of the Society will be sold.

held twenty seven-meetings, at which thirty-nine persons have signed the total abstinence pledge, many of whom are of the class which it is most desirable to reach, the meetings on the whole have been well attended and the entertainments consisting of Readings, Recitations, Solos, etc., have been contributed to largely by members of the Society. To members of the Cathedral Choir and others we are indebted for kind service in this direction.

Addresses have been kindly given by Rev. G. M. Wrong and Messrs. Robertson & Sims, Wicklyfe College, Mr. Powell, Trinity College, and Messrs. Mercer and Inskip, St. Georges.

We are also greatly intebted to those who while not able to give personal service have willingly contributed of their means (per statement enclosed) thus enabling us to provide a light refreshment at nearly every meeting during the season.

Very grateful thanks are due to Miss M. E. Dixon for untiring services in season and out and to whom in a great measure is due the success of the society.

It is to be regretted that some of those who have signed the pledge have broken their promise. This, however, is only in keeping with all experience in temperance work, proving that gospel methods are the truest lines to work on. This we have tried faithfully to do, feeling that only with much patience and by the grace and blessing of Almighty God can any permanent good be effected.

In conclusion, I would say that whether our efforts shall prove to be of a lasting character or not, at least an honest endeavor has been made to lift up the poorest and most degraded of the Parish and they cannot truthfully say: "No man careth for my soul."

I am, Rev. Sir, most respectfully,

GEORGE STAGG, *Secretary.*

BAND OF HOPE.

ATTENDANCE 200.

It is true this number is smaller than last year, but it is due in part to the effort made during the latter part of the season to instruct as well as amuse the children. A stricter discipline has also been maintained.

Teachers.—It has been gratifying to see the faithful attendance of many under the most trying circumstances.

Addresses.—A number of students have addressed the children on various subjects.

Offerings.—Instead of devoting to defraying current expenses, the offerings have been given to buy fruit, etc., and sent to the "Homes" in the city, thus endeavouring to foster the love of the children through free-will offerings on objects outside of their own interest.

The expenses have been fully met by subscriptions from friends, and a debt of past years partly wiped out.

Smaller gatherings and more definite teaching is recommended.

Before the children are called together for the next season's work, some definite work should be planned.

It should be so arranged that the children would feel it a privilege received, not given, to be members of the Band of Hope.

In a parish such as this is, a band of carefully selected children might meet and practice songs and recitations. Concerts *free* could

be given to meet their needs. These B and fruit and fruit successful wo work, and so that th tended for

be given to the poor people, and district visitors might be able to meet their charges oftener.

These Bands might in turn visit the Homes and distribute flowers and fruit bought by their *own* savings. We are convinced that successful work can only be done when the children are doing some good work, and that some simple work suited to children, care being taken so that they be not filled with self-importance through a work intended for older people.

Respectfully submitted,

THE WOMAN'S ASSOCIATION.

Meetings began middle of October and discontinued middle of April owing to the absence of so many members from sickness and removal. One parcel of work given to the Ladies' Aid to be sent away valued at \$14. Value of finished work on hand, \$18.

YOUNG MEN'S SOCIETY.

We are glad to be able to say that the interest in the Society has increased from the first day, and the attendance for the last month was larger than at the opening.

Much care has been exercised in training the members to enable them to speak in public, and these efforts have been rewarded by a marked improvement.

We have had several good essays. One lecture by a member.

If this Society is to do the work it should do, the business men and the professional men must be willing to come amongst us, and give the experience and information required to make it profitable.

A number of the members are workers in the Parish.

We have had two public debates and two "At Homes."

MISS M. JOSEPH'S GUILD.

The Guild met weekly on Tuesday evenings during the first half of winter. The attendance was large and encouraging. The meetings were occupied with work, readings, music, etc.

The work resulted in a box of clothing, toys, etc., valued at \$50, and sent to the Rev. Mr. Whatham's Mission at Cheddar. The children at this distant and secluded place were greatly delighted with the contents of the box. Let the Guild "Thank God and talk courage."

PAROCHIAL MISSION WORK.

Regular weekly services have been held at 99 George street, the residence of our good friend and fellow worker Mr. Stagg, on Friday evenings. The clergy and Lay Reader took charge of the services and Miss M. Joseph was always present to play the organ, lead the singing and personally to infuse a fervent spirit into the service and exercise a kindly influence over the attendants.

A Sunday evening service is held at the Fireman's Hall, Lombard street. The Rev. I. K. Powell has mostly officiated. Miss Annie Joseph has presided at the organ and generally attended to the musical portion of this service. The efforts of those who have had charge of this service have been very warmly appreciated by the men of the Brigade We hope to continue and improve this service, and also to set on foot occasional entertainments to be given at the Fireman's Hall on week evenings.
