

GOOD THINGS COMING TO THEATRES OF ST. JOHN

With His Company of Pretty Girls And Smart Comedians at Lyric Next Week

St. John is fortunate in being able to boast of a musical comedy company this season, as such attractions are a decided scarcity.

MARGUERITE CLARK IN "SEVEN SWANS" TOMORROW

For her latest picture, "The Seven Swans" in which she will be seen on Friday and Saturday at the Imperial Theatre, Marguerite Clark has chosen a fanciful, elaborate version of one of Hans Andersen's best known fairy tales.

"LOVE LETTERS" LAST TIME TONIGHT AT IMPERIAL

Shannon Fife, well-known author, wrote "Love Letters," Dorothy Dalton's latest Paramount picture, which is being shown at the Imperial Theatre. It is Mr. Fife's habit to write his scenarios with a certain star in mind and to build around the character and ability of that star.

OPERA HOUSE TONIGHT ALL NEW TOMORROW

Tonight will be the last opportunity for seeing this week's splendid vaudeville programme at the Opera House—one of the best assorted entertainments, so everyone says, that we have had there this season.

ANNETTE KELLERMAN IN "DAUGHTER OF THE GODS" LYRIC AGAIN TONIGHT

Annette Kellerman, the most beautifully formed woman in the world, famous as a fancy swimmer and diver, will continue to be the attraction at the Lyric Theatre tonight and the balance of the week, appearing in the spectacular production, "The Daughter of the Gods."

GEMS PRESENT BILL LAST TIMES TONIGHT ALL NEW TOMORROW

The Gems will change its programme in entirety tomorrow afternoon, so those who have not yet enjoyed the sterling bill now running, had better come to tonight at 7.15 or 8.45. It's a rich entertainment for a small price. The new programme for tomorrow includes Nedie de Coursey Trio, unique comedy, dialogue and singing; Ledoux and Ledoux, comedy, knockabout acrobatic act; Marie Camella, dainty song offerings; McEvoy and Brooks, brand new comedy entertainment; Billy West in a loving two-reel comedy, "The Hero."

CAPTURE OF JERUSALEM AT IMPERIAL TODAY

In addition to the splendid Dorothy Dalton picture, "Love Letters," at the Imperial again tonight, the programme is doubly interesting because the British Government War Weekly shows a comprehensive moving picture of General Allenby's impressive entry into Jerusalem, the Holy City—once again in Christian hands. As the picture arrived unexpectedly this is the first opportunity to announce it. It is of great historic value.

Don't fail to see Helen Holmes in "Manager of the B. & A." at the Nickel, Queen square, today.

Land for Soldiers.

Ottawa, April 4—An order-in-council making reservations of domain lands for returned soldiers has been approved by council.

It is provided that all vacant and available domain lands within approximately fifteen miles on either side of a railway in the districts where there are sufficiently available lands to warrant reservation shall be reserved for the purposes of the soldiers' settlement act. This applies to the lines of railway in northern Alberta, where are situated the bulk of the best remaining homestead lands. A line is drawn along the township lines approximately fifteen miles from the railway on each side, making a belt of thirty miles in width within which all remaining vacant lands are held for returned soldiers.

SIR THOMAS WILL NOT RETURN TILL SESSION OVER

Hon. A. K. MacLean is to Deliver the Budget Speech, Says Ottawa Paper

Ottawa, April 4—The Journal-Press today says:

"Definite word has been received from Sir Thomas White that he will not return to Ottawa until after parliament progresses.

"His physicians have advised him that it would be unwise for him to return and participate in the labors of the session. In the meantime Hon. A. K. MacLean will continue acting minister of finance, and will deliver the budget speech this month.

"Friends of Sir Thomas White are hopeful that at the expiration of the period mentioned he will be so fully recovered that he will be able to resume his duties as minister of finance. Ottawa, April 4—Notice of a resolution providing salaries of \$7,000 per annum for Hon. A. K. MacLean as vice-chairman of the reconstruction and development committee of the cabinet, and Senator G. D. Robertson, chairman of the sub-committee of labor problems, has been given by Sir Robert Borden. The salaries will be paid from October 3, 1917, the date on which they became ministers of the crown.

PUBLIC ACCOUNTS

Fredericton, April 3—The public accounts committee met again this morning and completed consideration of the comparative statement of receipts and expenditures.

The chairman presented a tabulated statement of the expenditures, eliminating the Valley Railway finances, showing that the expenditures last year were less than \$50,000 greater than the preceding year. The auditor-general could not confirm these figures offhand and was asked to present a statement later.

The expenditures for the collection of the motor vehicle tax excited the curiosity of opposition members and full explanations were given.

Mr. Smith of Carleton said he thought this work could have been done by the department and Peter Hughes, secretary of the department, agreed with him.

Mr. Lezer said that the cost of license plates for autos was lower.

Mr. Pinder remarked it was time they found something that was lower and Mr. Lezer promptly produced another item, that of school books.

Mr. Lezer also raised the question of the man who sells his car during the year and buys a new one and who now must pay a second license. It was pointed out that he would pay only half the fee, late in the year, but Mr. Lezer felt this was not enough.

In examining the cost of permanent bridges it was shown that the large total was chiefly due to the bridge over the Pettaudic river at Moncton.

Fredericton, N. B., April 4—The legislative committee on agriculture met this morning with Mr. MacCrehan in the chair and listened to brief addresses outlining the policy of the department by Hon. J. F. Tweeddale, minister of agriculture, and W. R. Reek, deputy minister.

The corporations committee met this morning and took up bills relating to Frase Companies Limited, the Tremaine Boom Company and the Tabusintac Boom Company, all of which they recommended.

A bill to create a board of commissioners for the Nipisiguit River was next taken up. Consideration deferred.

PREDICTS LARGE ARMY FOR RUSSIA

Assistant War Secretary Says 1,500,000 Men Well Equipped as First Step

Moscow, April 2—(By the Associated Press)—Russia will form an army of 1,500,000 men, not inferior in power and equipment to the German and Japanese, said M. Podversky, assistant secretary of war, at a conference of the various military department heads. This would be the first step in arming the whole Russian nation. He said the army organization was impossible without the old officers, and outlined a measure to enlist the services of all generals and publish their names, giving to citizens the right to state objections to any one. He reported progress in enlistments for the red army, which was satisfactory in some places. Since the beginning of the army organization two weeks ago 11,000 have enlisted in Moscow and been properly equipped.

Peace With Ukraine?

Moscow, April 2—(By the Associated Press)—Peace has been proposed to the Bolshevik government by the Ukrainian government of Kiev, the non-Bolshevik organization, according to rumors current here. Although not confirming the report, a member of the Russian government said that the chances for peace are greater since Germany's reply regarding territory in the Ukraine offers ground for negotiations and an understanding on the territorial question.

Ex-Capt's Family Ill.

Petrograd, April 3—(By the Associated Press)—Several members of the former imperial Russian family, now at Tobolsk, are ill and the Red Cross has petitioned the Bolshevik government to allow the family of Nicholas Romanoff the ordinary rations instead of that allotted to soldiers. It has been decided to give the Romanoff family an allowance of 800 rubles a month.

The Novaya Zhieln reports the discovery of an organization in Moscow to carry out the calling of a constituent assembly. They include themselves Blue Guards, and are said to number 12,000.

The expenditures for the collection of the motor vehicle tax excited the curiosity of opposition members and full explanations were given.

Mr. Smith of Carleton said he thought this work could have been done by the department and Peter Hughes, secretary of the department, agreed with him.

THE NAVY LEAGUE Interesting Matters at Meeting of Executive Here

A meeting of the Navy League executive was held yesterday afternoon, the president, E. T. Sturdee, in the chair. Letters were read from the dominion branches as to organization, etc., and it was hoped representatives from Montreal would be in the city before long and hold a public meeting in the interests of the league. The Treasurer, H. C. Schofield, reported that he had received a large supply of Navy League badges and brochures for distribution to members. It was also reported that a few hundred Navy League magazines are on the way and will be distributed to members on arrival. The treasurer was authorized to remit an amount of approximately more than \$1,000 to Montreal for the relief fund of the Navy League, London. This is from subscriptions already received by the Navy League here.

The president reported that he had written to the regents of all the chapters of the I. O. D. E. asking them to make a canvass for members, and also help the league, pointing out that the I. O. D. E. is regarded as auxiliary to the Navy League. He had received replies from several chapters promising active cooperation. It was considered certain that several hundred new members will be secured through their efforts. It was resolved that the regents of each chapter I. O. D. E. be a member of the executive. The executive is very anxious to have a large membership roll, and these is an appeal to all citizens, male and female, to hand in their names as members of the league. A committee was appointed to have literature printed with information regarding the league.

The Navy League, London, has been established for many years, and has done excellent work in bringing before the government the needs of the navy, and the Canadian Navy League will do the same in Canada, in addition to granting relief to disabled sailors or dependents. These are some of the objects of the Navy League.

From the first day of August, 1914, every ship of the royal navy, auxiliary, and merchant marine has faithfully carried out its duty in all perils and dangers. Since the outbreak of the war the British, protected by the navy, have transported 15,000,000 men, 2,000,000 horses, 20,000,000 tons of explosives and supplies, 51,000,000 tons of coal and oil for the fleet, army and Allies, 190,000,000 tons of food and materials, German shipping has been swept from the seas, and the German battle fleet confined to its harbors. Lloyd George says "The British Navy has been the anchor of the Allied cause."

THE B. CLEARINGS

St. John bank clearings for the week ending April 4 were \$2,181,593; corresponding week last year, \$2,144,911; in 1916, \$1,746,188.

FOOD BOARD RULES TO TAKE SPECULATIVE ELEMENT OUT OF PRODUCE BUSINESS

Ottawa, April 4—New regulations of far-reaching importance, prepared by the Canada Food Board and effective from today, will eliminate the speculative element from the Canadian produce business. The food board's order definitely limits the quantities of produce which a dealer may own, or have in storage for his own use, and also makes it impossible for him to carry larger quantities of food than are required to provide for his certain trade requirements during the season of scant production of supply. The holding of excessive quantities of produce in storage after the expiration of the period of scant production is thus made illegal and subject to heavy penalties.

BELIEVED CURRIE WILL BRING QUEBEC MATTER UP IN THE COMMONS TODAY

Ottawa, April 4—Unless all signs fail there will be debate in the commons this afternoon on the Quebec situation and, incidentally, the military service of the province.

Mr. Currie, Minister of the Interior, is determined to move the adjournment of the house to discuss a matter of urgent public importance. It is practically certain that he will secure the support of twenty members which is necessary to give him the right to speak to his motion.

HABEAS CORPUS APPLICATIONS FOR QUEBEC PRISONERS

Quebec, April 4—Test of the decision of the military authorities to hold men caught in the rioting here for examination under the M. S. A. will be made this afternoon applications for writs of habeas corpus were applied for by Francis Picard, ex-member of the military service because he is an Indian; Albert Berube, to establish upon what charge he and six others are held at the Ross barracks, ex-member of the military service because he is an Indian; and Albert Berube, to establish upon what charge he and six others are held at the Ross barracks, ex-member of the military service because he is an Indian.

The list of wounded is probably much greater than at first announced. Probably sixty people were slightly injured.

Change in Sherbrooke

Sherbrooke, Que., April 4—Orders have been received here to withdraw the dominion police who have been enforcing the Military Service Act in Sherbrooke and district. No reason is given. Chief Couture will now carry on the work.

PERSONALS

Chief Justice McKeown arrived in the city last evening on the Halifax express.

Miss Florence Robinson, of Fredericton, was visitors in the city yesterday.

Miss Winnifred McDonald, daughter of the late Mrs. Stewart of Chatham, N. B., is in the city, a guest of Mrs. J. Willard Smith.

H. C. Groat, general superintendent of the C. P. R. New Brunswick division, left last evening on an inspection trip to Woodstock and other places north.

WALL STREET NOON REPORT

New York, April 4—(Wall Street, noon)—The early activity, which gained some momentum from rumors of a revolt in the armies of the Central Powers, calmed after the first half hour, speculative issues meanwhile extending their first gains. Steels failed to keep pace with the general advance, however, and rails, except coilers, were extremely dull. Toward noon buying was resumed on a moderate scale, marines, oils and American Car loading the movement. Liberty 3 1/2's sold 96.92 to 96, first 4's at 96.92 to 96.70 and second 4's at 96.48 to 96.70.

A CORRECTION.

In a Fredericton despatch to the Telegraph this morning, relative to the auditor-general's report it was said by an error in transmission that expenditures incurred prior to Oct. 31, 1916, included \$384,000 for permanent records. The statement should have been that \$100,000 of this total was so incurred, this being for the purchase of road trucks. The balance was for road work carried on under the present government.

WAR GARDENS FOR ST. JOHN

Good Start Made Last Night With Association Organized

About 100 persons were present at the organization of the War Gardens' Association at a meeting in the court house last evening. T. H. Estabrooks was elected chairman.

How desert back yards might be made to blossom like the rose was shown by his slides. Back yard gardens in the cities of Ottawa, Toronto, and Montreal were shown, where splendid results had been obtained by similar organizations.

Mr. Adams during the course of his address pointed to how necessary it was for the amateur gardener to receive expert advice in matters pertaining to agriculture, especially how to treat the soil which he purposed to cultivate.

One encouraging feature of last night's meeting was the presence of not a few ladies from different parts of the city who took a deep interest in the proceedings and who voiced their appreciation of the movement and promised their complete support.

Appointment of officers followed. R. G. Haley was appointed vice-president for the city; H. B. Peck, vice-president for East St. John; W. L. Fenton, vice-president for West St. John.

THE 2 BARKERS LIMITED

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 4, 1918

The Evening Times and Star

ST. JOHN, N. B., APRIL 4, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE CLEVELAND PLAN.

The street railway system of Cleveland, Ohio, is operated under city supervision by a private company, the stockholders of which are guaranteed six per cent on their investments—no more and no less.

It will thus be seen that in Cleveland the principle of municipal control is recognized, and the franchise act provides that in the case of failure on the part of the company to perform its part faithfully the city has prompt and ample redress.

At all times during the continuance of the rights here granted, and any renewal hereof, the company shall keep in its office, open to inspection, at all reasonable times, full, true and accurate accounts of all moneys expended and liabilities incurred in connection with said business, and the maintenance and operation of said property, and also complete statistical accounts of its business and operations, which accounts shall be kept in the manner prescribed by the American Street and Interurban Railway Accountants' Association, or as may be provided by law, or by any authority created by law, and the said company shall make and furnish to the city street railroad commissioner monthly reports of its car-mileage and earnings, and such other statements and reports as the said commissioner may from time to time direct and said commissioner shall at all times have access to and full authority to inspect, examine, audit and verify all accounts, vouchers, documents, books and property of the company relating to the receipt and expenditure of money, and the business done by the company in the operation of its railway.

What is fair and right between the citizens of Cleveland and the street railway company of that city would be fair and right in St. John. When the question comes before the legislature the case of Cleveland should be cited. There the company has a fair and assured return on its real capital value, and the city gets adequate and efficient service at low cost.

ANGLO-AMERICAN UNITY

Anglo-American unity is certain to be brought nearer by such addresses as that delivered last evening by Mr. John A. Stewart of New York before the Canadian Club. Mr. Stewart made it clear that if Germany could have driven a wedge between Britain and her Dominions and the United States she would have done it at the time the English speaking nations were talking of celebrating one hundred years of peace; and he also brought out clearly the fact that after the war the keenest and wholly unscrupulous trade-rival of these nations will be Germany. If, therefore, the world is to be freed from the menace of Prussianism and of German world-domination, the English speaking people must get together. The war after the war will be a war of the spirit, and of ideals, and, if the English speaking people are united, the things for which they stand, and which they value as a priceless heritage, will not be overthrown.

The war has brought Canada and the United States very near to each other in sympathy and mutual esteem. The feeling will grow as the great struggle proceeds; for if the American people honor us because of what we had done in the struggle for the life of democracy before their country entered the war, we now look to them to provide the men and the material strength that will turn the scale in the final stakes of the titanic conflict.

St. John is glad to welcome any representative of the American people, and rejoices that old prejudices and doubts have been burned out in the crucible of common suffering and common aspirations for the future of the Anglo-Saxon race. That race stands today across the path of Teutonic ambition and hate, and after the war is over its ideals, if there be unity, will spread throughout the world, for the world's good.

With the arrest of the suspected ring-leaders of the Quebec riots the atmosphere is clearer. There was no disturbance last night. It is also announced that steps have been taken for a more effective operation of the military service act. The worst of the trouble is apparently over.

AT FREDERICTON.

The report of the auditor general is for the year ending Oct. 31, 1917. The Foster government came into power in April, 1917, and the old government is therefore responsible for most of the expenditure of the year covered by the report. The new government had to look after \$178,641 ordinary expenditure chargeable to the previous year and left unpaid by the Murray government. The new government does not conceal the facts. It spreads them on the record. That is something new, and it worries the opposition, who are also amazed that any member on the government side should have the independence to differ from the views of any member of the government regarding any subject whatsoever. The people generally appreciate the change from former methods. They are weary of blind partisanship and humble acceptance of whatever the party leaders choose to offer. The timber land scandals, the Valley Railway plunder, the hold-up of the liquor dealers and other exploits that are now common knowledge have made the people thankful that at last there is a government which takes them into its confidence and really strives to serve their interests.

OUR WAR GARDENS.

It was a happy thought which led to the presence of Mr. Thomas Adams at the organization meeting of the War Gardens Association. Not only was there inspiration in his message, but the garden pictures thrown on the screen, showing what has been done by gardeners in Ottawa and elsewhere will stimulate those who saw them to make the most of local opportunities to produce like results.

The meeting in the court house last evening was most successful. The room was filled with men and women who are deeply interested in the matter of increased production. In naming Mr. T. H. Estabrook, the right choice as president was made, and the other executive officers, who will include representatives of women's organizations, may be relied on to do their work conscientiously and well.

It is desirable that as many people as possible become members of the Association. They will not thereby get something for nothing, so far as actual outlay of cash for their benefit is concerned, except that they will have the benefit of the advice of a superintendent with a knowledge of what to raise and how to raise it; and they will also be able to get seed and fertilizer at cost, which otherwise they might perhaps have difficulty to get at all; and of course garden plots will be placed at the disposal of those who have none of their own to cultivate.

No doubt a series of prizes will be arranged for, and awarded at the close of the season. It should be possible this year to raise a very large quantity of vegetables, of the sort that can be successfully cultivated in this vicinity. The benefit will be two-fold. The crop will be of value, and the work of cultivation will be a healthful pastime. Mr. Adams gives wise counsel when he points out that in addition to what men and women will do the children should be encouraged to get better acquainted with the processes of nature and the pleasures of gardening.

The new Association is off to a good start. It embraces the city and suburbs, and should be able to give so good an account of itself that its future as a strong and valuable organization, in operation every year, will be assured. Even those who may not be able to join should encourage others to do so, for every vegetable raised this year will be a substitute for food that is sorely needed and must be shipped to famine-threatened Europe, where our sons are doing their part so nobly to preserve the liberties and the institutions which are the heritage of the British race.

Gen. Dumas has assured the people of Amiens that for the moment their city is safe. The German drive failed before it reached Amiens, but the enemy is nevertheless uncomfortably close to the city, and may make another great effort to drive out its defenders.

Italian air squadrons have been doing effective work on the French front. Supremacy in the air has been of great advantage to the Allies in the great battle of the last twelve days.

Whoever has a vacant lot that can be cultivated should either raise a crop this year or place the lot at the service of someone who will perform that national service.

German troops have arrived in Finland. The Finns will find German domination something they had not bargained for.

When our young ladies get their garden overalls we will all want to wear overalls and carry a hoe.

Let us hope the discussion at Ottawa will result in preventing any further fuel shortage in St. John.

Join the War Garden Association and help to win the war.

S. E. ELKIN ON FUEL CONTROL

Says It Is a Joke; Saint John Conditions

DISCUSSION IN PARLIAMENT

St. John Member Says no Arrangement for Canadian Schooners in United States Ports to Secure Supply—Oleomargarine and the Dairy Interests

Ottawa, April 4.—Consideration of various resolutions by private members occupied the attention of the house of commons until a late hour last night.

Immediate action by the government to prevent the possibility of any fuel shortage during next winter was urged in a resolution moved by Hon. Rodolphe Lemieux. He suggested the exploitation of peat bogs and other fuels, and the treatment of lignite to relieve the situation. Declaring that the government should take seriously the matter of fuel control, S. E. Elkin of St. John said that the fuel controller was a joke. Down in St. John they had absolutely no coal, and this was the time when the supply for next winter should be coming in. The fuel controller had made no arrangements for Canadian schooners in United States ports to secure a supply of coal. The fuel controller appeared to be playing into the hands of the Nova Scotia mine.

D. D. McKenzie of Cape Breton advised the government to deal directly with the men who produce coal. He declared that there were magnificent coal deposits in Nova Scotia. The Nova Scotia coal could be converted into coke, briquettes, gas or electricity, and the supply was inexhaustible. The government should make contracts with the mines for a supply of coal, and store it where it started for the ocean. He recommended the use of barges for transporting the coal.

Robert H. Butts of Cape Breton South said that the big trouble was one of transportation. He could not understand references made by other members to a coal scarcity in Canada, and asked if they could explain the reason for the closing of several mines in Nova Scotia during recent years.

Hon. Arthur Meighen in reply expressed the view that Fuel Controller Magrath had handled the situation well last winter, and announced that a conference will be held soon to consider ways and means of increasing coal production in Canada.

Oleomargarine. There was a prolonged discussion of a motion by J. E. Armstrong of Lambton calling upon the government more strictly to enforce the order-in-council regarding the manufacture, importation and sale of oleomargarine in order that the dairy industry of Canada should be protected.

A considerable variety of opinion was expressed by members as to the operation of the order, some of them expressing the hope that the importation of oleomargarine would not be continued after the war.

The resolution was withdrawn at the request of Hon. T. A. Cresser, minister of agriculture, who assured the mover that the government would not do anything to injure the Canadian dairy industry. Mr. Cresser said he was not apprehensive that the dairy industry was going to suffer because the price of oleomargarine was lower than that of butter. He expressed the opinion that the market for Canadian dairy products would broaden after the war.

A Question of Privilege.

William Duff of Lunenburg, N. S., rose on a question of privilege, to deny certain statements made in a local newspaper affecting his loyalty. He commenced to read a lengthy article, but was called to order by the speaker, who

told him that a brief denial of the statements was in order. Sir Robert Borden interposed that a question of privilege at such a time, but the speaker maintained that the member for Lunenburg was in order, provided he cut his remarks very short. Finally Mr. Duff said: "I wish to state an unqualified denial of the statements made in the newspaper." He followed this by referring to his loyalty, but was immediately cut short by the speaker, who said he was out of order.

BOTHA OR BOURASSA?

(Toronto Globe.)

Amid the grim and graphic cables chronicling another chapter in the bloody battle raging on a fifty mile fighting front in France—the crucial struggle between desperate Hun determination to dominate and dauntless and undismayed British and Canadian forces for the welfare, a struggle in which thousands of gallant young Canadians are participating this Easter—two significant despatches from wide-apart overseas Dominions found place in the news columns of yesterday's issue of "The Globe." They interpreted the spirit and told the story of some of the descendants of other races, who now share the citizenship of the British Empire, who enjoy the liberty insured by British institutions, and whose fellows are gladly giving service and sacrifice to perpetuate that heritage for generations yet unborn.

One of these despatches came from Cape Town, South Africa; the other from Quebec, Canada. The Cape Town despatch records that General Louis Botha, erstwhile enemy in the Boer War, now premier of South Africa, in the course of an impressive speech to the Parliament of the Union, "expressed the desire to move as an unopposed motion" to tribute to the forces of Field Marshal Haig, bespeaking "a deep sense of the tenacity shown by them in the great battle now progressing." General Botha's resolution concluded: "We are proud to think that our brother South Africans have acquitted themselves like men in this great test. We fervently pray the Almighty to grant success to our arms to Great Britain and her Allies, and we trust that the success of the Allies may lead to a lasting peace among the nations of the world."

The Quebec despatch tells that members of the Dominion police and several civilians were injured in a riotous clash between officers and civilians in connection with the administration of the Military Service Act in that city. "A mob of 5,000 persons," the despatch states, "stormed the station in which the officers entrusted with the enforcement of the Act had taken temporary refuge. A summons was sent for the fire department, the milling of the mob was threatened, and the city police had to hold the mob back "with revolvers in hand." Again last night, as recorded by despatches in another part of this issue, the tumult was renewed in deliberate and more serious form, and the offices of the Chronicle newspaper, which had criticized the rioters, were raided and destroyed.

Why this contrast between Cape Town and Quebec—this contrast so tragic to Canada. Responsibility cannot lie wholly at the door of our misguided French-Canadian fellow citizens. The gallant service of many of their soldier and sailor sons testifies that their race has lost none of its indomitable courage, none of its rasping heroism. It must be that the home-staying French-Canadian has missed something essential that has been given in large and noble measure to the home-staying South African. He has not the same appreciation of the supreme issue at stake. He has not the same understanding of the world situation which has to be determined in the clash of cruel combat on the fields of France and Flanders. He does not realize his own stake and the stake of his children's children in the outcome. He has not grasped the fateful fact that victory for the Allies is the only thing which can "lead to a lasting peace among the nations of the world"—a peace based upon democracy, self-determination, and recognition of the rights of minorities and little nations, the very thing for which he contends.

The splendor of Cape Town and the tragedy of Quebec lie, in the final analysis, in leadership. The contrast is the contrast between Botha and Bourassa. The achievement of the Boer in building about him a contented, happy, prosperous, and patriotic people, in bridging the chasm from Krugerism to British liberty, in healing the wounds of war, in discouraging sectionalism and internal strife, in developing national sentiment to its noblest expression, has made his people big and great. To make his people narrow and small seems to lead the spurious "nationalism" which afflicts Quebec. Left by the twisted, tortuous happenings of the electoral campaign of 1911 in "little authority," "this unworthy demagogue has devoted his energies and abilities to the development of a discontented, unhappy, suspicious sentiment among his compatriots. If there were grievances, he sought to magnify them. If there were schisms, he laboured to widen it. If there were wounds, he salted them. And where there were none he persistently plotted to create distrust, to breed sectionalism and strife between race and race and creed and creed. When war came he served the Boche. His extremity was his oppor-

Its stress was his satisfaction. When the heroic Beland eagerly pledged his service to Belgium, the unworthy Bourassa fled to a French port and hastened homeward under the protection of the British navy, there to launch with renewed zest and bitterness his dishonest and disonest propaganda. Unfortunately the contemptible work of this disloyalist in the sister province of Quebec has been unwittingly aided and abetted by extremists in Ontario. Sectionalism clashed with sectionalism; bigotry combated bigotry—and both toughened in the conflict. In his own

RECENT DEATHS

The many friends of A. M. Saunders, of Gondola Point, will read with regret of his death at his home on Wednesday, April 3. Mr. Saunders had been ill for some time, but bore his sickness with Christian patience, and had his family with him to the last, as well as his brother Elias, of Moosejaw, and sister, Mrs. William Marr, of Lynn (Mass.). He was sixty-five years of age and leaves his sorrowing wife and three daughters, Mrs. Walter Saunders, Mrs. Frank Jackson, and Mrs. Allan Harrison, all of Gondola Point; also four brothers and seven sisters.

He was well known in public life, having been supervisor of roads for many years.

Guelph, Ont., April 3—Death removed an old and highly respected citizen of this city today, when Mrs. Elizabeth J. Knowles, widow of the late W. G. H. Knowles, passed away after a very brief illness. Deceased leaves a grown-up family, one of the sons being C. O. Knowles, general manager of the Canadian Press Limited.

The death of Mrs. William Wilson of Stiles Village, parish of Moncton, occurred on March 31 at the residence of her daughter, Mrs. F. L. Loftus, Moncton. Mrs. Wilson was in the seventy-second year of her age and is survived by her husband and nine children. The sons are Seymour, Alonzo, Bruce and Oliver of Moncton; John and James of Stiles Village. The daughters are Mrs. James Fairweather of Stiles Village, Mrs. F. L. Loftus and Mrs. Dow Milton of Moncton. J. N. C. Briggs of Moncton is her father and A. A. Briggs is a brother; also James Briggs of Waverly, Mass., and Arthur Briggs of Stiles Village. Mrs. Robert McFarlane of Moncton is a sister.

The death of Lewis S. Lutes occurred on March 29 at his residence, Turtle Creek, N. B. He was eighty-four years of age and is survived by several sons, W. S. James, Harry and Albert Lutes, all of Moncton, Roy, George and Archie, now on active service in France.

Pte. Albert Dalton of the depot battalion died in the Pitt street hospital on Tuesday night of pneumonia in his 29th year. He was a son of Mr. and Mrs. James Dalton, Chipman, Queens county.

The death of Mrs. John Eddy, daughter of the late Mr. and Mrs. Wm. Tilley of Olliville, Queens county, occurred in Aven, Conn., on March 26.

Mrs. Amelia Jane, wife of William M. Calhoun, passed away at her home in Albert yesterday at the age of sixty-one years.

The death of Mrs. Judson Barker, aged fifty-one years, occurred at her home in Fredericton yesterday.

Asa Jonah, one of the oldest residents of Hillsboro, aged eighty-eight years, passed away at his daughter's residence in that town on Sunday.

"FLORAL FLAG" FOR DOMINION

Canada One of Few Countries Still Without a National Flower

Far Flanders Fields—Selection of One Especially Urgent New to Mark Where Heroes Lie

(Toronto Globe.)

They should take immediate steps to see that the burial grounds in Flanders of Canadians who have fought and died that we might retain the right to possess national sentiment and ideals are made spots where native flowers shall bloom, and remind those who visit those burial grounds of the glories and beauties of the country for which the dead gave up their lives, and that among the burial places of those honored dead those of our sons shall be suitably clothed and perfumed with simple but enduring tributes from the homeland.

This is the substance of a communication from the Ottawa Horticultural Society to the Ontario Horticultural Society with headquarters in Toronto. The local society discussed the matter at its November meeting and appointed a committee to consider the question. This committee submitted their recommendations at two meetings held on March 15 and 22 at the University of Toronto. They also suggested a list of flowers from which they considered the choice should be made, and they propose to consult with educational and other institutions as well as horticultural societies. The matter will be placed before the teachers at the Easter convention by Prof. R. E. Thomson, Dr. Cosens of Parkdale Collegiate and Mr. Ivey of Harbord Collegiate.

Need of National Flower.

The reasons given by the Ottawa society for the need of a national flower are as follows: Nearly all other countries have national flowers; a national flower signifies national personality and sentiment; as a national emblem it becomes like a nation's flag, the golden cord binding together historic events and national incidents; it has a definite value similar to the value of a state seal; the selection of such a flower will encourage an increased interest in Canada's wonderful flora; and, finally, a national flower on the graves of fallen Canadians in Flanders will be a perpetual banner over our dead.

The flowers suggested for selection by the Ottawa society are the columbine, the perennial aster, the geranium, the iris, the phlox and the peony, while the Toronto suggestions are the columbine, the bunch berry (dwarf cornel), the hepatica and the trillium.

From the discussion that has ensued, and from correspondence that has passed between Prof. Thomson and F. E. Buck, president of the Ontario Horticultural Society, several points of interest, and divergent views as to the solution of the problem, have emerged.

Maple Leaf Not National.

Prof. Thomson, speaking to the Globe, said that the local committee was very anxious that the decision in the matter should be as wide as possible, and for this reason they were asking for the co-operation of all societies, whether professional or otherwise, that might be supposed to favor the project. The first point of interest that emerged, he said, was the question of the maple leaf, and it was felt that the maple leaf was now too sacred a thing to be interfered with by any secondary emblem. "Then we found, to our surprise, that the maple leaf does not enter into the coat of arms of Canada. It is in the shield of the provinces of Quebec and Ontario. The dominion coat of arms made up of those of the four original provinces—Quebec, Ontario, New Brunswick and Nova Scotia—and the maple leaf appears on the coats of arms of the provinces of Quebec and Ontario, but does not appear, as such, that is, as a national emblem, otherwise on the coat of arms of the dominion.

Not a National Emblem.

"Now, Canada hardly knows this. The wreath of maple leaves has been authorized by the College of Heralds in London, in so far as the governor-general's coat is concerned, and in another case that I forget, but the point is that it does not occur at all as a national emblem. So, our first movement was to emphasize the importance of the maple leaf, and urge its being put into the dominion coat of arms, because at present it is really only the emblem of two provinces.

"But, secondly, the meeting decided that, instead of recommending a definite flower as the national flower, we plant a number of flowers on the graves of our dead, and then, after trying them out, horticulturally, find out which one appeals most largely to the sentiment of Canadians.

"Here is another reason for careful

Ontario Labor Begins Drive Towards the Parliaments

Trades Unionists, United Farmers, Single Taxes and Various Socialist Bodies Represented at Convention

(Toronto Globe.)

Bolshevism has few adherents among the members of the labor unions and the working-class organizations represented at a meeting yesterday in the Labor Temple to consider the formation in Canada of a Labor party organized along lines similar to that in Great Britain, or ten often tried to speak at once, when it came to a question of controlling the gathering it was discovered that the radical Socialists numbered but thirty-six, and were a small though noisy section of the 300 delegates present.

The objective of the gathering was to unite the different sections represented in order to secure representation in the dominion parliament and the Ontario legislature. The delegates were not prepared to go as far as the British Labor party along the Socialistic lines, a vote to adopt one of the clauses of the platform of that party being defeated by 129 to 60.

Text of the Resolution.

As a result of lengthy deliberations, the following resolution, drawn up by a representative committee, was adopted:

almost unanimously by the meeting: "The name of the party shall be the Ontario Section of the Canadian Labor Party."

"The membership comprises the trades unions, Socialist societies, cooperative societies, trades councils, local labor parties and farmers, together with those men and women who are individual members of a local labor party, and who subscribe to the constitution and programme of the party."

"Objects: (a) To organize and maintain in parliament, provincial and federal a political Labor party. (b) To cooperate with kindred organizations in joint political or other action in harmony with the party constitution and standing orders. (c) To give effect, as far as may be practical, to the principles from time to time approved by the party conference. (d) To secure for the producers, by hand or by brain, the full fruits of their industry, and the most equitable distribution thereof. (e) Generally to promote the political, social and economic emancipation of the people, and more particularly of those who depend directly upon their own exertions by hand or brain for the means of life."

Many Organizations Represented.

The gathering convened yesterday morning with representatives of the labor organizations, United Farmers of Ontario, Socialists of America, Social Democratic party, Fabian Socialists, Social Reconstruction group of the Theosophical Society, and Single Tax organizations in attendance. H. J. Halford, Hamilton, was appointed chairman, James Simpson, secretary, and Secretary P. M. Draper was on the platform, representing the Dominion Trades and Labor Congress.

TO A SCHOOLMATE—KILLED IN ACTION

(By Harold Trowbridge Pulsifer.)

Gordon Rand, we saw you last
On a baseball field at play—
Now the word is swiftly passed,
"Gordon died in France today!"
Gordon Rand, the boy we knew
Vanished when that message came—

We shall always think of you
As a torch of living flame.
Ere our first few hundreds fell
It was your proud lot to fall
Underneath a German shell
In the vanguard of us all.
Gordon Rand, the men who die
As the pledge of hosts to come
Are a trumpet in the sky
And an ever-sounding drum.
We who still must wait and pray
For one chance to serve our land
Know what drum and trumpet say—
We salute you—Gordon Rand!

Have You a Callous or Pain Right There?

Just on the ball of your foot—or do your feet pain or ache? Relief can be easily and quickly secured by using

WANTED—CAR REPAIR

THE OLD LADY TALKS

By Edith Barnard Delano of The Vigilantes

They were waiting in the railroad station for the 6 o'clock train to town; the trolley was stopped up, and it was Saturday, so the station was crowded, of course everybody knew everybody else.

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success Which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

PROVIDES FOR ADMINISTRATOR OF FUEL IN PROVINCES

A federal order-in-council passed on March 20, embodying the regulations governing the importation, sale and delivery of coal, contains the following new provisions regarding the provincial organization:

LIVER TROUBLE and HEARTBURN CURED BY MILBURN'S LAXA-LIVER PILLS

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, heartburn, water brash, etc.

CREAM FOR CATARRH OPENS UP NOSTRILS

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone.

THE SITUATION IN QUEBEC LAST NIGHT

Quebec, April 3.—Amidst cheers forty-six men out of the sixty-two detained by the military authorities in connection with the rioting here on Monday night were this afternoon liberated on the charge of being in a crowd causing a disturbance by Judge Langellier in the police court, but thirty-five of them must still satisfy General Lessard, officer commanding in Quebec, that they are not subject to the Military Service Act before they are given their liberty.

"PUT IT HERE" SAYS COLONIAL TO THE KING

King George Spent Fifty Busy Hours in France Visiting Gallant Troops

The following account of the visit of King George to the front in France was telegraphed from British headquarters in France by Reuter's correspondent.

Little Girl Had Jaundice

And All Treatments Failed to Arouse the Action of the Liver Until Dr. Chase's Kidney-Liver Pills Were Used

Plymouth, N. S., March 14.—This is a case in which the liver became sluggish and torpid and failed to filter the bile from the blood. As a result the child's complexion became yellow and muddy, the white of the eyes discolored and the whole system poisoned by the accumulation of impurities.

DUTIES OF E. S. CARTER

Fredericton, N. B., April 3.—In answer to inquiry No. 64, by Mr. Jones, information was submitted to the legislature today as follows:

BANGOR LIKES DAYLIGHT SAVING

Daylight saving proved to be a success in Bangor from the start, says the Commercial. The first practical benefit from this measure was noticed on Sunday evening when people found that they could eat supper by daylight. It was not necessary to use gas or other artificial light till 9 o'clock, whereas last week most people had to turn on gas at supper time between 6 and 6.30.

Glass of Salts Cleans Kidneys

If your Back hurts or Bladder bothers you, drink lots of water. When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract.

These Bad Results follow a lazy liver-- Constipation; Disordered Stomach; Headache; Biliousness; and other evil, painful, dangerous things.

This Good Old Remedy comes to the rescue.

Take two or three pills at bed-time--once after that, one each night; two, now and then, if necessary. Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

WORK WHILE YOU SLEEP

Tonight sure! Take Cascares and enjoy the gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath bright and feeling fine.

NEW AUDIT ACT FOR PROVINCE

Hon. Mr. Foster Introduces It in Legislature

MANY IMPROVEMENTS

Mr. Dickson Introduces Power Company's Bill—Budget to Be Brought Down on Next Friday

Assembly Chamber, April 3—The house met at 8 o'clock.

Mr. Burchill presented the report of the committee on standing orders.

Notices of inquiry were given as follows:

As to the purchase and distribution of sheep by the government.

By Mr. Crockett as to the date of the donation made by the province to the Halifax relief fund.

By Mr. Smith (Albert) as to whether the government is to increase the grant to school teachers.

Mr. McGrath presented the petition of the town council of Newcastle for the passage of an act relating to said town.

Mr. Dickson introduced a bill to enable the New Brunswick Power Company to make a temporary increase in rates.

Hon. Mr. Smith introduced a bill to provide an annuity for James Lynn.

Auditing.

Hon. Mr. Foster introduced a bill to provide for the auditing of the public accounts of the province.

In explanation he said that the proposed bill would replace the Audit act passed in 1909.

While that act had good features and had worked to the benefit of the province, it had been in operation for eight years and those responsible for its operation felt that in some respects it could be improved upon.

with the levying of taxes for school purposes, the equipment of buildings, and the taxation of non-resident owners of real estate, including marsh land, river island land or tidal lands.

Mr. Baxter did not think it was necessary to repeat the entire section of the Act, as the insertion of the amendments only would serve that purpose.

Hon. Mr. Murray said he would offer no objection to that being done.

Mr. Young said that all those who had to do with school business were not lawyers and in his opinion the whole section should be repeated.

Hon. Mr. Foster said he could appreciate the remarks made by the honorable member for York; still he thought it might be well to act on the suggestion of the honorable member for St. John county and eliminate the section.

Marsh Lands Assessment.

Hon. Mr. Murray said he had an amendment which would provide for the assessment of marsh lands owned by non-residents in the parish of Moncton in the parish in which they were situated.

Mr. Mesereau thought that the section should be amended so as to apply to all parishes of the province. It might also more clearly define marsh lands and intervals lands. He knew of cases in his own country where non-residents had refused to pay taxes on school lands.

Mr. McGrath endorsed the remarks made by the honorable member for Sunbury.

Mr. Baxter said that the term "marsh lands" applied only to such lands which were dyked to protect them from sea water.

Mr. Young objected to a provision in the bill which exempted clergymen from the payment of a poll tax. He said that most clergymen took an interest in school work and would not object to paying the paltry sum asked for.

Mr. Peck said that there were marsh lands in his county which were protected from salt water by means of dykes. If non-resident owners of such lands were not taxed in their own districts, the schools in such districts would suffer.

Hon. Mr. Robinson said that in some instances the owners escaped taxation both in the district where the land was and in the district where they resided. He agreed with the honorable member for Albert that people owning marsh lands and living in back districts should assist in the supporting of schools in their locality.

Mr. Baxter said he could see no reason for assessing real estate, other than in the district where it was situated.

Mr. Smith (Albert) said he would strongly object to any change being made in the law, as it affected the parish of Hopewell in his county. Much of the marsh land was owned by residents in the back districts and they should pay the taxes where they reside.

Hon. Mr. Robinson said that he could see the point of the honorable member's suggestion. The parish of Hopewell had a consolidated school and the tax rate being necessarily high, non-residents in getting their assessment out of that district.

Mr. Murray (Kings) said he favored the principle laid down by the honorable member for St. John county, but he felt that weight should be attached to the objection raised by the honorable member for Albert.

Hon. Mr. Veniot said he could see no reason for changing the existing law. It had been in existence since 1909 and had worked satisfactorily.

Hon. Mr. Robinson said that there had been a bona fide request from Moncton around the act so that marsh land would be assessed in the district in which it was situated. He explained that he had prepared an amendment to the effect, but after consultation with the chairman (Leger) he had decided not to press it.

The bill was agreed to with amendments.

The Registry Act.

The house went into committee with Mr. Leger (Westmorland) in the chair, and took up further consideration of the bill to amend the registry act.

Hon. Mr. Byrne said the bill had been considered in committee but had been left over at the request of the honorable member from Moncton, who wished to introduce an amendment. It was his desire to have the county of Westmorland divided into two sections for the purposes of registration, a new office to be located in Moncton in addition to that already existing in Dorchester. To meet those wishes he moved that a section be added to the bill establishing a new registry office in Moncton for a registry district composed of the parishes of Salisbury and Moncton city.

Mr. Murray (Kings) asked for an explanation of this division of Westmorland county.

Hon. Mr. Robinson said that it was recognized to be of great convenience to have a registry office located in a larger centre of population in a registry district. In Westmorland it was not convenient in many cases to go to Dorchester when it was desired to visit the registry office. He knew it would be out of the question to ask for the transfer of the registry office from that town to Moncton, but the establishment of an additional office in Moncton would meet the situation. Except for the upkeep of the office there would be no additional expense, and the aggregate business of the two offices would be increased. There would be few registry offices in the province which would have a greater

Deficit Due To The Handling of Funds By Former Government

Fredericton, April 3—There was considerable amusement in government circles today over the comment of the opposition press on the report of the auditor-general and the public accounts.

"Money of the people frittered away for a most imperfect return, extraordinarily large deficit, expenditure increased apparently without justification and without results in any way commensurate with the expenditures"—these are some of the comments, and the government members heartily agree. For once the members of the administration party and the opposition are in perfect accord. The reason is simple, the expenditures which fully justify these comments were made by the late government which now constitutes the opposition.

The fiscal year for which the accounts were submitted dates from Oct. 31, 1916, to the end of October, 1917. It was quite late in 1917 when the present government took office and it was on June 28 when the house prorogued, after the first session of the new legislature. The incoming administration had contracted, for only the later part of the fiscal year. The expenditures they made were largely controlled by arrangements entered into by their predecessors.

That there is a deficit due to the reckless handling of the public funds by the old government, and that it is a burden on the present administration for which the present government is in no way responsible.

That the Foster government had nothing to conceal is shown by the frank and complete manner in which the financial condition of the province is laid before the people. For the first time in the history of the province the government includes in the annual report a full statement of the current liabilities of the province at the close of the year.

Some of the Reasons.

An examination of the list of expenditures shows some of the reasons for the financial state of the province. Last year's accounts include, for instance, ordinary expenditures of \$178,641 chargeable to the previous year, bills which the former government had left unpaid when they closed the books in 1916. Of this amount \$97,538 was incurred by the

public works department. The old government did not pay even ordinary interest charges, and \$86,551 is carried over on this account. Then there are such items as Jordan Memorial Sanitarium, \$5,831; agriculture, \$5,886, and even fish, forest and game had unpaid bills of \$4,800. The accounts which really show how little money the present government had to spend, are those relating to permanent works to every part of the province. His predecessor, Hon. B. O. Smith, managed to charge up \$888 for the winter months of the same year, when practically no road work was in progress.

In practically every account burden of expense and particularly the expenditures for which inadequate returns can be shown, is found chargeable to the previous administration. In charging that the accounts are extravagant and that the waste of public money, the members of the opposition and their press are accusing themselves.

Travelling Expenses.

Mention has been made of travelling expenses. A single instance shows how they compare. Hon. Mr. Veniot last year incurred \$1,200 on this account, but it included travel over 7,000 miles of road on inspection trips to every part of the province. His predecessor, Hon. B. O. Smith, managed to charge up \$888 for the winter months of the same year, when practically no road work was in progress.

25,000 BOYS FOR THE Soldiers Of the Soil. AN army of twenty-five thousand boys from 15 to 19 years, inclusive, working on Canada's farms this summer can produce enough food to feed several hundred thousand fighting soldiers at the front. Because soldiers must eat to fight, producing food for them means just about the same thing as fighting itself. Last year eight thousand boys went on the farms of Ontario and this year most of them want to go back again. —And most of the farmers they served with want them back again. Why? Because those lads went at farm work patriotically, the same as the soldiers fight patriotically in the trenches—they took the work seriously because they realized it was for a serious purpose. And to-day the production of food looms more seriously, imperatively urgent than ever before. Starvation faces millions of people among our Allies, and the cry reaches Canada for food, more food and yet more food. This is where Canadian Boys can do, if not a grown man's part, a very manly part, for his country. Full information, enrollment blanks, etc., from High School Teachers, Y. M. C. A. Secretaries, Scout Masters and others who take an interest in boys and their welfare. Enrollment week begins April 8 and ends April 13. Boys who serve three months on farms will be presented by the Dominion Government with Bronze Badges of Honour which correspond to the Military Service Medals of the soldiers. CANADA HENRY B. Wounded Reaching London Tell Amazing Stories of Slaughter

Huge Masses Decimated—Huns, Drugged or Drunk, Danced Grotesquely in Front of Guns

Wounded men arriving in London tell amazing stories of the fighting. The men in the front trenches west of Le Catelot on March 21 knew the date and time of the enemy's attack which was launched exactly at the expected minute.

Facing columns threatened to take us on the flank of either side, that we began to leave the trench. As we left we continued to enfilade them by our fire and reduced their numbers, while our own ranks were getting thinner and thinner.

THE RING.
The Late Charley Mitchell.
Hove, England, April 3—Charley Mitchell, one time middleweight champion of England, died here today of locomotor ataxia.
Charles Mitchell was born at Birmingham, England, Nov. 24, 1861. Although he fought many ring battles against big men like Sullivan, Corbett, Cardiff, McCaffery, Kilrain and Burke, Mitchell was a middleweight pugilist, never turning the scales at more than 154 pounds when in perfect condition. His remarkably fast foot work and skillful boxing offset his disadvantage in weight, and he proved to be equally effective as a puncher when fighting either with or without padded gloves.

After James J. Corbett had won the world's championship from Sullivan in 1892, Mitchell challenged him for the title, and at Jacksonville (Fla.), on Jan. 25, 1894, Corbett knocked out the Englishman in the third round. This was Mitchell's last fight in the ring, as he returned to England and engaged in business there up to the time of his demise.
Bigger Job for Kilbane.
Camp Sherman, Chillicothe, Ohio, April 3—Johnny Kilbane, of Cleveland, featherweight boxing champion, who has had charge of boxing instruction here, has been placed in general charge of boxing instruction in military camps all over the country, according to word received here.

FOOTBALL.
Old Country Soccer.
London, April 3—The following are the results of the matches played in the old country on Monday:
London Combination.
Arsenal, 1; West Ham, 3.
Fulham, 4; Brentford, 5.
Tottenham, 5; Clapton, 2.
Midland Section.
Huddersfield, 4; Lincoln, 0.
Notts F., 0; Notts C., 3.
Sheffield W., 6; Barnsley, 2.
Sheffield U., 1; Rotherham, 0.
Lancashire Section.
Manchester U., 2; Manchester City, 0.
Oldham, 1; Rochdale, 0.

BASEBALL.
Seek Howley as Manager.
Toronto, April 2—President J. J. McCaffery, of the Toronto Baseball Club, is making an effort to secure Dan Howley, late manager of the Royals, to succeed LaJoie as leader of the Leafs. Howley is now connected with the Boston Red Sox as a coach.
Zimmerman Wins Race.
San Antonio, Tex., April 3—Meine Zimmerman had to come within throwing distance of the historic Rio Grande to win a foot race from third base to the home plate. Zimmerman was trapped between third on an attempted double steal yesterday and got away with it. The great Zim's victory came after he had endured the unearthly yells of 5,000 fans, most of them soldiers, who seemed to have a knowledge of Zim's great polo ground effort.

From the time he first came to bat the soldiers seemed to take fendish delight in comparing Zim to a "truck" and a "tank," a "clodhopper" and a "steam roller." Zim bit his underlip and accepted the bantering in good part. In the third inning Zim had singled, scoring Benny Kauff. He managed to get around to third with Fletcher on first.
Duke Schofer, on the line, ordered a double steal and away went the famous infield pair. Fletcher wasn't molested, but the ball was zipped to the catcher to head Zim off and then began the race that Zim won.

Red Sox Trade Foster.
Boston, April 1—Word was received here today from Little Rock, Ark., that the Boston American League Baseball Club had traded pitcher George Foster to the Cincinnati Nationals for Dave Shean, a second baseman and formerly manager of the Providence Club of the International League.
A Boost for Rudolph.
Even though Evers has deserted the

As good as they look

National League, he is a great booster for Little Dick Rudolph. Johnny says that next to Christy Mathewson, Rudolph is the smartest pitcher that ever put on a glove.
Owners May Decide.
Chicago, April 1—President Ban Johnson of the American League announced tonight that the organization would not start all games at 4 p. m. under the daylight-saving plan. Each club will be permitted to decide the hour for starting its own games, he said.
Once A Day Practice.
Manager Lee Fohl, of the Indians, is still champion of the once-a-day training stunt for his big league players. "He started this two years ago, and insists that the results have justified him. "I've now given the once-a-day workouts a thorough test, and so far as I'm concerned, any team I handle will all-day Lee recently.
All other big league leaders still cling to the twice-a-day style in their training camps, working out the players both morning and afternoon.

But Fohl points out that in two years this hasn't been one glass arm or charlatan, and only one glass arm was reported on the Indian squad during the two spring seasons he has handled their training.
"and that one glass arm wasn't developed down South," says Lee. "Lanky La Garret, a rookie hurler, brought it with him from West Virginia, when he reported to me at New Orleans."
Ganzel Gets Giant Recruits.
Kansas City, April 2—Manager John Ganzel of the Kansas City American Association baseball club has among his material for this season's team seven men released by the New York Nationals. They are Catcher Jack Onslow, Infielder Schepner, Outfielder Titt and Pitchers Winters, Hubbell, Hogan and Johnson.
Ganzel early this year reached an agreement with the Giants whereby Kansas City would get the pick of recruits released by New York.
The local club has received signed contracts from Joe Schuch, third baseman, and Mickey La Longe catcher, who played with the Toronto club of the International last year.

HOCKEY.
Toronto, April 2—Arrangements have been completed with the Cleveland Arena whereby the Toronto Professional Hockey Club will play a picked team there on Thursday, Friday and Saturday nights of this week. The Toronto team will line up with the same team which beat Vancouver, with the exception of Harry Mummy, while the All-Stars will have Lehman and McDonald of Ottawa, Rusty Crawford and Jack Adams of Toronto, and a couple more yet to be selected. The guarantee is just about sufficient to pay the expenses of the players and leave a little to buy ice-cream cones.

THE FREEDOM OF THE SEAS
(The Century.)
In the truest sense of the word the freedom of the seas must ever mean the freedom of the seas upon the seas. During the first few months of the present war the United States was technically neutral. But our rights as a neutral to ship supplies to Germany were negated.

and now the American nation has joined them heart and soul.
When this noble companionship of arms shall have brought the conflict to a successful termination and laid low the spectre of faithless German bureaucracy we may rest assured that the freedom of the seas will be set forth in no uncertain terms. Never again shall the subordinate commerce of civilization be subjected to barbaric and indiscriminate slaughter through irresponsible engines. Mines shall not be laid in the sea lanes for us, and they could not believe that public opinion in this country would insist upon the full letter of the right to ship supplies to the invader of Belgium. After months of education the American people have come at last to realize the true significance of the conflict they comprehend fully now what Great Britain and France have been fighting their fight for the supremacy of international law over the cynicism of national egoism, world to the consequences of international lawlessness. All the nations will set down the true principles of the freedom of the seas, and no forward government will ever again dare to transgress them. Thus shall we know the freedom of the seas.

WANT TO GO WITH TANK BATTALION

That the tank battalion authorized by the militia department is to prove a popular unit is shown by the number of applications daily being received at the various military headquarters throughout the dominion. At local headquarters there are already twelve applications from either returned officers or militia officers who have not had an opportunity of getting overseas with their present rank. The names of those applying will not be given out until their appointments are authorized by Ottawa.

TALK OF FLUSHING CITY STREETS

Commissioners Go Over Matter In Conference

SOME FAVOR FOR PLAN

Mr. Fisher to Take up Question With His Officials—Pay of the Men in Charge of the Polling Booths

A committee meeting of the common council did not take place this morning owing to the lack of a quorum, but an informal discussion was indulged in regarding cleaning streets and other matters. Mayor Hayes said he read an article in The Telegraph which suggested flushing the city streets. He said he was representing the water and sewerage department during the absence of Commissioner Wigmore, and that as the head of the public safety department and the public works department were present he thought it a good opportunity to discuss the matter. He asked Commissioner Fisher if he favored such a procedure. The latter said it was a question for the other departments as well as his as it would require co-operation. Commissioner McLellan said it was for the public works department to keep the streets clean. He said he had a lot of old hose which they could have, but he felt that the water and sewerage department should join in the movement so as to keep the catch basins from choking. The latter, he said, were never in so bad a condition as this year.

Commissioner Fisher said that he knew some were choked up, but did not think the condition general.

Mayor Hayes said the question was whether or not flushing the streets would be an improvement over the present system of cleaning them.

Commissioner Fisher said he felt that it would in certain districts. He said two big obstacles had been removed when Commissioner McLellan agreed to give him the hose and he had been granted permission to use the fire hydrants. He promised to take up the matter with the street superintendent and engineer.

Commissioner McLellan suggested that a man be procured from the water and sewerage department to look after the hydrants as he did not favor every employe tinkering with them. Mayor Hayes agreed to furnish a man.

Mr. Wardroper, common clerk, said he had forgotten to have a resolution passed at the last meeting of the council to vote the sum of \$8 for the commissioners in charge of the various polling booths to furnish meals for themselves and assistants on election day. All present agreed that it was essential and he was instructed to get the clerk to have the present resolution at the next meeting.

Mr. Wardroper said there was considerable difficulty getting men to officiate as clerks on election day as they were only offered \$2.50. He said that as the constables were getting \$8 a day he felt that the clerks should get the same. This was also agreed upon.

Commissioner Fisher said that he had received a bill from the post office authorities for damages done to letter boxes during the winter by city ploughs. He did not think this was right as the letter boxes were distributed about the streets in places where they hindered sidewalk traffic. He said he expected to pay the bill, but he did not think it was right.

Commissioner McLellan agreed that the boxes should not be placed about in any place or in any angle. He felt there should be certain places for the boxes. With reference to a notice about the C. P. R. tracks in German street in West St. John Commissioner McLellan said he hoped Commissioner Fisher was not thinking of dealing with the question himself. He said that it was a very serious matter and that the C. P. R. have got to stand by their agreement.

Commissioner Fisher explained about correspondence received re the removal of the tracks. At this point the discussion was concluded.

WOOL CASE LIKELY TO JURY TODAY

Hearing of Evidence Completed at Session of Court This Morning

In the case of Harry Hayes, Harry Hayes, Jr., John Hayes, George Drew, Stanley Hartin and Carl Kelly, charged with the theft of wool from the warehouse of the Colonial Hide Company, the taking of the evidence was completed this morning. This afternoon argument of counsel was to be heard. It was expected that Judge Barry would deliver his address this afternoon, and that the case would be sent to the jury late in the day.

Four witnesses were called today on behalf of the crown, all employed by the Colonial Hide Company. All testified that from December 1 until February 17, they took no wool from the warehouse. George Drew took the stand in his own defence, and denied having cashed a check payable to John McLean, and endorsing the name John McLean on the check in the Bank of Montreal. He denied any connection with the theft of the wool. Harry Hayes, Sr., and Jack Hayes also gave evidence in their own behalf. Harry Hayes, Sr., said that he was employed hauling the wool for a man named Johnson, and was paid for his work in the usual way. Jack Hayes also said that he hauled wool for a man named Johnson, and that he took no part in theft of the wool. He told of taking the wool to the Willis woolen mills at Golden Grove between two and three o'clock on Sunday morning, and said he was accompanied by Stanley Hartin, Harry Hayes, Jr., and Will Hayes. Hayes told of leaving the city for Montreal in company with Hartin and Will Hayes, and said that they met George Drew in Montreal, and were arrested there and brought to this city.
