That Has Made This Business Grow, and Grow, and Grow.

Watch the growth and development of a business and you can form a good idea of the values they are giving their patrons. You must remember the comparatively small way we started only eight years ago. It did not take the public long to appreciate the fact that we were giving better Clothing Values than they were getting elsewhere. You remember how one brick wall after another had to give way in order to accommodate the ever increasing business. Is not this the strongest possible proof of our values? This Spring shows even a greater increase. We invite your inspection of the Clothing that is making this business boom.

The statement was made with emphasis and President Jordan paused a moment to give it added force. During the pause there was heard the scraping of a chair on the back row of the platform and the next instant Professor Foulet appeared at the front of the stage with his face flushed and visibly much agitated, Turning squarely in front of the speaker, the professor raised his hand and virtually yelling in his anger, said: "It is not so.

The magistrate remarked that Sir Robert Perks gave a quotation that, "Every now and then a fool arrives in London." To be Heard in Exchequer Court-John J. Gleason Brings Suit for Nervous

The Exchequer Court will open here on Tuesday the 8th inst. in the Admiralty Court rooms, Pugsley Building, at eleven a. m. His Honor Mr. Justice Cassels will preside. The following cases make up the docket:

Gleason vs. The King—Messrs. Slipp and Hanson for the suppliant; Mr. E. H. McAlpine, K. C., for the respondent

in three cases.

In the case of Gleason vs. The King, John J. Gleason, a letter carrier, of Watertown, Mass., is the suppliant. Sometime in the month of July, 1905, the suppliant was sitting in an I. C. R. car at the depot in St. John. In the course of making up the train the car in which he was sitting was violently moved, causing a leather suit case which was in a rack above the seat in which the suppliant was sitting, the fall and strike him in the abdouen. He claims that he sustained serious injuries as the result of the accident and alleges that the accident was caused by the negligence of His Majesty's servants employed on the I. C. R.

In the case of Rogers vs. the King, Frank S. Rogers, jeweller, of this city, is the suppliant. Mr. Rogers is suing His Majesty for damages which he alleges he sustained on July 20th, 1906. The facts of his claim are set out in paragraphs three and five of his petition as follows: "3. That suppliant took a seat in a first class car of the said train which lets." S. Tohn. N. R.

he had a right to do, and was seated in the passenger car therein, his left arm being near the window of the car in which he was seated, suppliant's left arm was violently struck by a bar or other fastening of a certain other car, which said bar or other fastening was swinging loose from said other car, which was standing on an adjoining track or siding within the station yard of the Intercolonial Railway, and close to the main line upon which the train in which suppliant was seated and viopassing, so that sail bar or other fastening, so swinging loose as aforesaid, was projected into the passenger car in which uppliant was seated and violently struck against suppliant's arm as hereinbefore described."

"5. That in the manner above set

abled and stiff at the elbow, whereby he is very materially hindered in carrying on his business."

The suppliant claims the sum of seven thousand dollars.

The rest of the docket is composed FOR CRIMINAL LIBEL of North Shore cases.

DAUPHIN, Man., June 3.—A destructive forest fire is raging for a hundred miles between Crooked River and Bowsman and from Hudson Bay Junction to near the Pass. The value of timber burned will not be less than \$75,000 so far, and probably some farmers, remote from railroad, have suffered severely. Ruby Lake lumber mills were destroyed last night and considerable damage has also been done to C. N. R. tracks.

Ruler of Morocco Ignored Ultimatum.

Ainister Now Wants to Quit But the Madrid Government Has Declined to Accept His Resignation.

MADRID, June 3—The Espana Nusva announces that Merry del Val. the Spanish minister to Morocco, whose mission to Fez last May to arrange questions at issue between Spain and Morocco proved a failure, has tendered his resignation to Foreign Minister Manuel Allendesalezar, who has declined to accept it. The cabinet has discussed the matter without reaching a concession. The Heraldo suggests that Merry del Val were a monopoly of the fishing rights on the Riff coast, the cession of important territory around Ceuta and Melilla, and a stipulation that all contracts for public works on the Riff coast would be given to Spaniards. As the Sultan did not reply immediately Merry del Val served him with an ultimatum that the demands must be granted within a given time. Thereupon Mulai Haffd replied that he would not even consider them, and also that he did not wish to have any further relations with the person who had represented them, Merry del Val returned to Tangler.

The majority of cases are caused by constipation and dyspepsia. The dull throbbings, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Burdock Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

The Island Dock and Warehouse Co., on the strength of the Ludgate lease, began cutting timber on the island. At 8 o'clock this morning Chief of Police Chamberlain, Acting Mayor Prescott, Park Commissioner Bell Irving and sixteen policemen appeared on the island and arrested E. L. At the police court Kinman was allowed out on ball of \$1,000.

This afternoon Kinman, accompanied by William Smart and F. L. Dartley, returned to the island. Their landing was opposed by Police Officer Kurney. Kinman assaulted the officer with a heavy club, knocking him unconscious. Some and four men were arrested and lodged in the police station.

Many complaints are being made that Sunday fishing is being carried on in the Penobsquis district to an alarming extent. Parties of desecrators of the Lord's Day arrive every Saturday night from St. John and other places and spend the Sabbath whipping the streams and often in drunken wantonness, destroying fences and other private property. It is surely time that the farmers united in posting up notices and putting a stop to this nuisance. If one or two were arrested for violating the law, it would be a warning to the others. It is rumored that one party intends to arrest the next Sunday fisherman he sees and let the law take its full course.—Sussex Record.
