LONDON, Sept. 16.-A special despatch from Naples says an agent of the Transvaal states that the object of Mr. Kruger's visit to Europe is to negotiate a settlement with Great Britain, and that he has full power to

LONDON, Sept. 15.-The war office has decided to invite details of the officers and men from each colonial corps in South Africa to visit England as the guests of the nation as soon as it becomes possible to reduce the forces there. The colonial troops will come with the first returning regulars, and the Queen will present them with

JOHANNESBURG, Sept. 14.--Prosix pence a pound and pork the same price, while matches are sold at one shilling per box. Other staple articles are proportionately dear, while many necessities are not obtainable at any

NEW YORK, Sept. 16 .- On the American line steamer New York, which arrived today from Southampton and Cherbourg, was Master James F. Smith, a messenger boy who has just returned from his long journey to Pretoria, where he delivered the address and resolutions passed by the schoolboys of Philadelphia, and which he delivered to President Kruger of the Transvaal Republic.

FRENCH OCCUPIES BARBERTON. LONDON, Sept. 15.—Lord Roberts cables to the war office under date of Machadodorp, Sept. 14, as follows:

"French occupied Barberton yesterday with the cavalry which he took across the mountains. He met slight opposition, the enemy being completely surprised. Twenty-three officers and fifty-nine men. who were prisoners were released. Three locomotives and other rolling stock were captured. The former will relieve us of great difficulty, as we had to put up with a few rickety engines. French reports that he has sufficient supplies for three weeks for his force and for a week for his horses. One hundred Boers, with many Mauser rifles and a quantity of ammunition, were captured. There are large quantities of cattle and sheep in the country, which is good news. intercepted large convoys,

LISBON, Sept. 15.-The Portuguese | French's force is still thirty-five miles behind the cavalry, owing to the difficulty of getting the wagons over the pass leading to Barberton."

MACHADODORP, Sept. 13.-The supplies of the Boers have been exhausted. The troops have not been paid to safeguard the personal security of sold.

LONDON, Sept. 15.-The war office has received the following cable from Lord Roberts, dated Machadodorp,

"Buller has occupied Spitzkop. He found 30,000 pounds of supplies, principally rice, sugar, flour and coffee, and three hundred boxes of ammuni-

liesberg. Delary admitted forty cas-

OTTAWA, Sept. 15. - Mails from South Africa have brought reports from Lieut. Col. Evans, commanding the 2nd Batt. C. M. R.; Lieut. Col. Lessard, commanding 1st Batt. C. M. R., and Lieut. Col. Otter, commanding the 2nd (special service) Batt., R. C.

Lieut. Col. Evans writes from Rietviel and Bankfontein. He sends an official diary for the fortnight ending July 29th. He describes the engegement at Koffyspruit on July 16th, during which three horses were shot. During the entire two weeks the battalion was more or less engaged in scouting or fighting. On July 29th the total strength of all ranks was 273. Lieut. Col. Lessard's report, also written at Rietvlei and Bankfontein, covers the period up till July 30th. He includes a telegram from Lord Roberts asking the number of men likely to go to England, as her majesty would doubtless like to inspect them and

limit the number, but I cannot decide showing that Barberton was used as on that until I know the number likea depot for supplies for the Boers in ly to accept." The parade state on the south and east. The bulk of July 30 showed 371 of all ranks.

present colors. Lord Roberts con-

gent to South Africa on that date to Sept. have been 875, all ranks. These, with "Severely wounded: 139, Corp. Flint-202 invalided to England, 39 killed or iff; 386, Nicholson; Devil's Knuckles, died of wounds, 26 died of disease, 14 10th Sept. transferred, makes the original "Dangerously ill at Cape Town, Cantransferred, makes the original "Dangerously ill at Cape Town, Canstrength of 1,156, all ranks. This 1,156 adian Regiment of Infantry, 7,836, includes the special enlistment of 7 men and the draft of 4 officers and 106 men sent out as reinforcement. On August 3rd G company had not been moved with the regiment, but was still doing duty in the armored train There was evidence that the regiment would be moved westward to augment the force operating against De Wett near Vredeport. No mails have been received from Canada for two weeks, owing to the line of communications being broken by the enemy. Of the total strength of the battalion 700, all ranks, were available for ser-

MONTREAL, Sept. 15.—The Star's of the Victoria Cross to Sergt. A. H. L. Richardson of Strathcona's Horse. Richardson gained the cross at Wolve Spruit, near Standerton, on July 5, when a small party of Strathcona's engaged double the number of Boers. After the order to retire had been given, Richardson, who was on a wounded horse, rode back under heavy cross fire to within three hundred yards of the enemy, rescuing a wounded trooper, whose horse had been shot. Richardson joined Strathcona's Horse in the Northwest as private in A squadron. His home before coming to Canada was Sefton Park, Liverpool, England.

"BOBS" PRAISES OUR BOYS. TORONTO, Sept. 16.—The Evening News publishes an autograph letter received from Col. Stanley, private secretary to Lord Roberts, in reply to a request from that paper asking the field marshal if he would send a message to the Canadian people as to his appreciation of the services of the Canadian contingents operating under him. The letter is dated Pretoria, Aug. 2 and says in part: "His lordship directs me to say it would be impossible to speak too highly of the work done by the various Canadian contingents. They have had hard work and suffered marly privations, all of which have been gone through with extraordinary cheerfulness, and it has been both a pleasure and an honor to him to have such troops under his command. A fact he thinks the Empire will not forget is that the determined advance of the Canadians on the morning of the 27th of February contributed in no small measure towards forcing the surrender of Cronje."

has been reported to the war office that Sergeants Hayne and McCulloch, and Privates Strong, Glendenning, Stumm and Duxbury of the Canadian Mounted Rifles, missing from the ranks, have rejoined.

CAPE TOWN, Sept. 16,-The military authorities have taken over the Netherlands railway. Gen. McDonald, operating in the

cortheastern corner of Orange Colony compelled the Boers to make a hasty flight from the Vet River. He captured thirty-one wagons, a quantity of cattle and stores, and 65,000 rounds

LONDON, Sept. 18.-F. W. Reitz, state secretary of the abrogated South African Republic, is going to Paris, according to the Pretoria correspondent of the Daily Mail, from which point he will proceed to the United States, where he will probably re- a stand off, about 8,000 of the 16,000 dition to Hsu Tung, guardian of the

CONCERNING CANADIANS.

OTTAWA, Sept. 17.-Further reports were received at the militia department today from the different contingents in South Africa up to Aug. 12th. The effective strength of the infantry on that date was 548, which shows an improvement over the last report. Two hundred and seventeen men were sick. The report is dated Wolverdene. Col. Otter states that no mail had been received from Canada for upwards of three weeks. After leaving the springs the battalion joined Gen. Ridley's Mounted Infantry, which was operating against De Wet. On the 9th of August the battalion joined Gen. Hart's brigade of infantry, which included the Northumberlands, Somersets, Derbyshires and Dublins. De Wet was marching northward, and the infantry after him, doing 11 miles one day and 15 miles the next under the most trying circumstances. The wind was blowing a gale and throwing up clouds of dust. Col. Otter says the men he has with him are standing the work very well.

The first battalion Mounted Rifles was at Bankfontein on Aug. 6th, its effective strength being 171 out of a total of 368. The second battalion Mounted Rifles was at Pan Station on Aug. 8th, its effective strength being 166 out of 373.

Fr. O'Leary of the Royal Canadian Regiment is meeting with generous treatment in England. He received a very kind letter from the Countess of Dudley, offering him the loan of one personal use, or of apartments at any of the hotels in England or abroad while recruiting his health. Father O'Leary greatly appreciated the offer, but was unable to take advantage of

The Ottawa Car Company, which supplied transport wagons for the Canadian troops in South Africa, and which are admitted to be the best that have been used there, has sent a tender to the war department to supply a large number of these wagons to the British army.

OTTAWA, Sept. 17.-The following cable was received by the militia department today:

"CAPE TOWN, Sept. 17 .- The pris-

Lieut. Col. Otter's report, which is 14, Bourke; 16, Boykin; 143, Gilroy; 144, dated Woelvehoek, August 3rd, shows crimina; 436, Hobsen; 73, McLeod; 37, the total strength of the first contin-

MONTREAL, Sept. 17.-The Star's London cable says: The following members of the Canadian Mounted Rifles, who were some time ago reported missing, have re-joined: 148, Sergt. Murray Henry Edward Hague; 346, Private Harold Strong; 69, Bertram William Glendenning, and 229, Farrier Sergt. David McCulloch, all formerly members of the Northwest Mounted Police; and 83, Private Thos. Duxbury, formerly of Pincher Creek, N. W. T., and 348, Private Slimm.

TORONTO, Sept. 17.—The Telegram's special cable from London says:

There is jubilation in Canadian circles over the award officially gazetted that No. 193, Pte. W. W. Flintoff, Fort Saskatchewan, was severely wounded in the knee while in action with Strathcona's Horse at Devil's Knuckles, on Sept. 10. No. 286, Nocholas, is also reported to have been wounded severely in the neck and jaw.

The official list gives No. 286 as Private R. Deering of Deer River, Manitoba. There is a C. J. Nicholson, No 386, who may be the person called Nicholas in the despatch.

TORONTO, Sept. 17.-The Telegram's special cable from London says: Only one Canadian has been awarded the Victoria Cross up to the present. The Associated Press cabled across the cean that Sergt. Arthur Lindsay of trathcona's Horse had been given the 77. C., using the Gazette as its authority. However, the name was not correct, as Sergt. A. H. L. Richardson of trathcona's Horse, as I cabled Saturday, was the Canadian who received the Queen's recognition for bravery in South Africa. The error of the Assoclated Press is traced to the fact that two of Richardson's names are Arthur and Lindsay, and as Arthur Lindsay

teers in South Africa will visit England on their return, the Queen desiring to inspect them. All war correspondents who participated in the South African campaign will receive medals in recognition of their services. Canadian newspaper men, as well as all colonial correspondents who followed their regiments to the front, will be included in the list.

was cabled, the mistake is explained

BIG COAL STRIKE.

President Mitchell Says the Success of the Effort to Tie up the Mines Exceeded

PHILADELPHIA, Sept. 17.--1'he great strike of mine workers in the anthracite coal fields of Pennsylvania. which represent practically the hard coal output of the world, began today. According to President Mitchell of the United Mine Workers of America, who who is personally directing the strike from his headquarters at Hazleton, the success of the four days' effort to tie up the mines exceeded the expectations of the strike leaders.

The hard coal region is divided into four great districts, the Lackawanna Wyoming, Lehigh and Schuylkill regions. In the first two, representing nearly 90,000 men, the tie up is practically complete, only one mine employing a few hundred men being operated, and this the strikers say they hope to close soon.

In the Lehigh region the situation is mine employes having quit work.

comparatively little strength in the Schuylkill region and the workmen there have no decided grievance, as in other districts, the strike was not general among the upward of fifty thousand men employed. Indications tonight, however, point to the closing tomorrow of some mines in the last named district that operated today, despite the assertions of officials of the Philadelphia and Reading Coal and Iron Co. and other companies operating the region that they will continue their collieries in peration Nearly all the efforts of the strike leaders are being devoted to organizing the men in the weak Schuylkill and Lehigh regions, and tonight their organizers and orators are redoubling

their efforts. No violence worth mentioning has marred the first day of the struggle. Practically no progress has yet been made in the efforts of some of the clergy to bring about a settlement of the trouble through arbitration.

ALTOONA, Pa., Sept. 17.-Inquiry by telephone among the near-by bituminous coal towns today developed the fact that the anthracite coal strikers will receive little if any help from the region north of Altoona. While it is reported that representatives of the hard coal men have been in this region agitating a sympathetic strike, there is no evidence of the fact in this vicinity.

Messages this morning deny that any such effort is making in those towns. The bituminous miners at each place say they will not even contribute money to help the eastern men, as they did not receive a cent from them during the bituminous wage troubles of recent years.

CRUSHED HER SKULL

SHAMOKIN, Pa., Sept. 17.-Two burglars broke into the house of Mrs. Leona Kress at Big Mountain, near here, today, and upon the woman's refusal to give them money, they badly that it is feared both women will die.

TESTS.

The Royal Baking Powder is all old candidate for favor with the housekeepers of the dominion. Its patrons will be pleased to know that the recent government report giving the analyses of baking powders sold in the dominion show the Royal to be the purest of cream of tartar powders, the most healthful in character, and of greatest leavening strength. It is shown that the art of bakingpowder making is to give a pure and healthful powder, of highest leaven-ing power, which will keep indefinitely without losing its strength. These two qualifications—effective keeping and nighest strength—it is impossible to combine in a powder except with the use of chemically pure ingredients. The report states that the only entire-

**British Government Consider**ing the Transfer of Troops from South Africa to India.

In Order to Make It Practicable to Send Large Reinforcements to China.

Sharp Engagement Between a Company of Americans and Boxers - Former Res cued by Benegal Lancers.

LONDON, Sept. 17, 4 a. m.-In connection with the prediction by Sir Associated Press understands that the British government is already considering the transfer of troops from South Africa to India, in order to make it practicable to send more British troops to China. The military authorities consider the war in South Africa so far ended that troops may be safely moved.

It is probable that the Russian legation has already been removed from Pekin to Tien Tsin, but there is no definite news as yet as to whether Li Hung Chang will after all go to Pekin. General Dorward is going to the WASHINGTON, Sept. 17.—The pascapital, leaving the British troops at sage of the day without any event General Horne Campbell. Vice Admiral Alexieff has returned to Taku. The Americans have begun at Ho Si Wu a permanent telegraph line between Pekin and Tien Tsin.

The Pekin correspondent of the Daily News says that the assassin of Baron Von Ketteler has been shot. The Morning Post representative there says that the question is being discussed of sending relief to a few British, French and American engineers who are besieged in a city two hundred miles south of Pekin. Shanghai advices say that a house

has been engaged there for Count Von Waldersee, who is expected to arrive next Saturday. Chinese officials estimate that 200,000 disbanded Chinese soldiers, by the simple expedient of turning their coats, managed to remain behind in Pekin. Other despatches confirm the report that, in adheir apparent, Yu Lu, Viceroy of Chi Principally because the union has Li, and Wang Yi Yung, president of the Imperial Academy, with 200 members of official families, committed suicide when the allies entered Pekin. Chinese regulars are reported to have relieved the Roman Catholic stronghold at Ho Chien, in the province of Chi Li, which the Boxers have been besieging since June.

The Shanghai correspondent of the Times, wiring yesterday, says: "Li Hung Chang has been notified

from Berlin that he must submit his credentials to the German minister at Shanghai, who will then communicate with Emperor William and await the result." (Copyright, 1900, the Associated Press.)

TIEN TSIN, Sept. 14, via Shanghai, Sept. 15.—British signal officer reports a sharp engagement between a company of the 14th U.S. Infantry and 2,000 Boxers at Mo Tao (Ma Tow?) on the road to Pekin. The Americans made a gallant stand, and a detachment of Bengal Lancers near by, hearing the firing, came to their rescue and charged the Boxers in the rear. The Chinese were routed, leaving 200 dead. The Americans had no casualties. The Germans report an engagement

with a heavy force of Boxers west of Pekin yesterday (Thursday). The German loss is said to have been 20. Indications now point strongly to the withdrawal of all the poers from Pekin to Tien Tsin.

The British have issued an order pronibiting the selling or renting of any building within the limits of the Brit-Gen. Fuihishima is here arranging

Tsin, and all nationalities are scrambling for buildings. One British bat- Pekin during the winter months. But tery and two hundred Australians have

LONDON, Sept. 18, 4.30 a. m.-There is no additional news from China this morning. The Daily Graphic asserts that all the powers have accepted Li crushed her skull and clubbed her Hung Chang and will probably accept daughter, Mrs. Mary Marcinick, so Prince Ching as negotiators. It says also that the powers have agreed to insist that a central government, satisfactory to the powers, shall be estab-Marcinick, while handing her mother lished in China, and that full retribution shall be exacted for the attacks No communications, however, have John-Boston route.

GOVERNMENT BAKING POWDER yet passed between the powers concerning indemnities, and a Berlin despatch says it is believed there that Dr. Mumm Von Schwartzenstein, the German minister, will purposely delay negotiations until Count Von Waldersee has arrived.

(Copyright, 1900, the Associated Press. PEKIN, Sept. 13, via Tien Tsin, Sept. 15, via Shanghai, Sept. 17.—Provost courts have been opened in Pekin by, all the military commanders. The Germans have made robbery a capital

Captain Wm. Forsyth, with 300 men of the Sixth U. S. Cavalry, will start tomorrow on a tour in the district to the northeast of Pekin to rescue Christians and to make a ten days' reconnaissance. Other expeditions have been planned, but the general sentiment is opposed to such undertakings, as they tend to keep the country disturbed. The British report that the Bengal Lancers entered Hiang-Asiang ahead of the Germans and temporar ily hoisted the British flag. They assisted the Germans in the attack. The Chinese lost two hundred.

WASHINGTON, Sept. 17 .- The police guard which has been maintained at the Chinese legation for several weeks is about to be withdrawn as no longer necessary. The matter was the subject of a conference at the state department this afternoon between Acting Secretary Adee and the local chief

LONDON, Sept. 17.—The British commander at Taku cables that a fatigue party, engaged in destroying gunpawder at Tung Chow, has been blown up. Eleven Welsh Fusiliers were wounded, two British Indian soldiers were killed, and 13 British Indian soldiers were wounded, and Captain Hill and eleven British Chinese Infantry soldiers were wounded.

WASHINGTON, Sept. 17.-The state department has received a despatch from the consul at Fu Chau, China, transmitting a copy of an agreement entered into between the viceroy and Tartar general of Fuh Kien province and the foreign consuls at Fu Chau, which provide that in his absence Chinese authorities will do everything in their power to protect the lives and property of foreign officers, merchants and missionaries resident in Fuh Kien and at Amoy; that Central and Southern China shall not be attacked by the foreign powers so long as the local authorities maintain order, and that the admirals of the several nations will be informed that it is not advisable that a number of naval vessels should visit Fu Chau lest the people be al-

The agreement is signed by the Russian, United States, Japanese, British and French consuls, and by Viceroy Hsu Ying Kur and General Shan Lien.

earing upon the Chinese situation went to confirm the prediction made last week by the officials, that there would be no immediate important developments. Several cable massages were exchanged and there were some consultations, notably between Acting Secretary Adee and the Chinese and Japanese ministers and the French charge d'affaires, but these were without visible result. The general impression is that nothing can be done until the Chinese themselves have progressed further toward the restoration of the government at Pekin. Meanwhile the military preparations for a winter stay in China go on without essation, though the officials are careful to point out that these are only precautionary measures and are not to be taken as an indication of a final determination on the part of the government.

Count Von Waldersee, who will command the allied armies, is expected to arrive at Shanghai next Wednesday or Thursday. There have been no announcements of his purposes, but it is expected that these will be developed as the result of instructions which he will receive on arrival. Although a military commander, it is the understanding among officials that he probably will exert considerable influence on the diplomatic situation, as he is a diplomat as well as a soldier. He was with the German embassy at Paris before and after the Franco-German war, and has had wide experience in the diplomatic field.

The Japanese minister, Mr. Takahira, had a conference with Acting Secretary Adee today concerning the status of Chinese affairs. Japan's course has been clearly defined in her answer to the Russian proposal. In this answer Japan announces her purpose of withdrawing from Pekin all "superfluous" forces, and continuing there only such force as is considered necessary. Just what number will constitute this superfluous force does not appear, although it is expected to be the bulk of the Japanese detachment now at Pekin. The efforts made by China to start peace negotiations have led to the suggestion that Marquis Ito, the distinguished Japanese statesman, represent that country in the negotiations. A strong public sentiment has been developed in Japan in his behalf, but he has expressed an unwillingness to accept the post, feeling that the conditions do not require his services. It was Count Ito who represented Japan in the negotiations with Li Hung Chang for the settlement of the Japan-China war.

The suggested removal of the Chinese capitol from Pekin to Shanghai is now practically abandoned. The The Germans are pouring into Tien main season given is the difficulty of communication between Shanghai and aside from this was the strong feeling in certain quarters that it would be undesirable to esablish a seat of government where British influence is so strongly dominant. The discussion has led to the general understanding among officials that Tien Tsin offers the greatest advantages outside of Pekin for purposes of negotiation, and it is likely to be the headquarters, military and diplomatic, of the foreign establishments not maintained at Pekin.

The International line purpose building a twin screw steamer for the St.

# DAVENPORT SHOT GUNS.

This cut represents our Davenport Ejector, Single Barrel Shot Gun. This gun has been on the market since 1894, and has never failed to give satisfaction. The barrels are taper of several houses in London for his choke bored, a system that ensures the strongest close shooting qualities. The lock parts are made of fine tempered steel, stocks black walnut with pistol grip. Every gun tested and targeted before leaving the factory. Price \$9.75.

The Acme Model is a first class shooting gun, same quality as above, with a sure working ejector. Price \$7.75. All kinds of double barrel guns also in stock.

W. H. THORNE & CO, LTD., ST. JOHN, N. B.

THE ART GALLEPLY. One of the most interesting and instructive places at the exhibition is the art room as it is commonly called. It is situated on the second floor directly over the main entrance, and is well worthy of a visit by every visitor to the fair. Here is art in many lines. painting, needle work and wood carvirg. The walls are hung with pictures, and the fancy work is displayed on stands or counters forming a large square. Most of the pictures shown are owned by C. Flood & Sons, and are for sale, the paintings, in oils and water colors, entered for prizes being very few. It is to be noticed that,

and that is not to be wondered at when no prize its given. But in embroidering and bil that work that women delight to do the display is excellent. Miss Martha Corker of Fredericton shows some samples of her painting. The work is done on velvet, satin, felt and card board, and they are being highly

with the exception of a single map,

there is not a drawing in pen and ink

pencil or otherwise, in the exhibit,

praised. Another interesting exhibit is that of Mrs. Wilson, a lady over eighty years of age. She exhibits a photo frame on which are embroidered two Union Jacks. A fine table cover is also shown. A crochet in cotton by Mrs. Beck is displayed on the wall. It is the British coat of arms, and is nicely done. The exhibitors of truly beau-

tiful work are quite aumerous. The X ray photograph taken by Geo N. Babbit of the Fredericton X Ray club shows a human foot embedded in which is a portion of a needle. Dr. Atherton was unable to tell the exact location of the needle till the X ray photograph showed its position. This is not the first time the machine has been used for such purposes, and no doubt it will be used much more when doctors and the public generally understand its great value.

sant Vale, N. B., 3rd. REPORT OF JUDGES IN GRAIN, ROOTS AND VEGETABLES.

To the International Exhibition Com-

mittee, St. John: Sirs-Your judges in classes 54, 55. Heaviest dozen white eggs laid by 56, 57 and 61, comprising grains, field ton, St. John, 1st.

pure bred fowl (2 entries)-E. S. Hat- roots and garden products, beg leave Cow, 4 years old (7 entries)-Rush-

J. W. Trainer, jr., St. Stephen, 1st, field, St. Martins, 1st; Hugh Campbell, to report that we have completed the work assigned to us, and that have, with a few exceptions, found the exhibits in our department satisfactorily arranged. In cereals we found this exhibit of a very high class. Some of the samples of wheat and oats could hardly be excelled at any show on the continent. Potatoes were of an uniform excellent quality Many of the samples, considering the lateness of the season, were surpris-ingly large. The field roots were a strong class considering the early date at which they were gathered, Small entry of corn, but some samples well matured. Garden : roduce was of an excellent quality, and a large exhibit.

Our duties, though onerous, have been pleasant, having received every courtesy from the officials in charge. Especially would we mention the valuable assistance rendered us in the discharge of our duty by our assistant, F. A. Pickett, who performed his work in a most satisfactory manner. W. M. BLAIR. (Signed) WALTER. SIMPSON.

Sept. 13th, 1900. CONCERNING FRUIT.

Report of D. H. Knowlton, the Judge of Fruit.

Judge Knowlton has presented the following report to Manager Everett: Having examined and passed judgment on the fruit shown at your ex hibition, I wish to express my pleasure with the uniform courtesy and assistance the exhibition officers and employes have everywhere given me It will be a pleasure to recall the ex

I wish to commend to your consideration the efficiency of Mr. Peters in arranging and caring for the exhibits. The general effect this year is the best in my experience as judge of your

previous exhibits. In quality, the fruits are not as good as in some previous years, due probably to the long continued dry weather. The quality of the New Brunswick fruit is steadily improving, and the excellence of the fruit hown from your province must be a great help in stimulating fruit growing among your people.

I know you will pardon me for offering a suggestion or two in connection with your schedule of premiums. They are not intended as criticisms of your present list, but rather from a conviction on my part that you would be able to accomplish more in making up a first class exhibition and prove of greater service in an educational way to many people who enjoy studying the fruits others are grow

ing among them. Class 58, sec. 22 . seedling apples)-That the conditions be either modified so as to have it call out New Brunswick seedlings with a written statement of merits, habits of the tree, origin, etc., or discontinue the premium entirely. In the absence of definite conditions, exhibitors bring in anything they may happen to have not included in the list elsewhere, so that, as it now stands, the surpose of offering the premium is not carried cut. In the same class, sections 52 and 33 fall and winter pears), oftentimes Large field beans (5 entries)-S. L. put a judge in a perplexing situation, judge of varieties. No two judges would be likely to agree and the same E. I., 1st. judge quite likely would not judge the second time the same as the first, and through no fault of the judge, either. To take the place of these two prizes on pears, I would recommend offering premiums on 5 Clapp's Favorite, 5 Bartletts, 5 Sheldon, 5 Beurre Clairgean. This list night be extended to advantage, as it would increase the E. I., 2nd. size of the exhibit. This would make the premiums after the same style as

in the single plate of apples. In the plum department, class 59, the size of the exhibit would be largely increased by the addition of premiums on a few single varieties like the Bradshaw, Washington, McLaughlin, Lombard, Abundance, Burbank, and Quebec, 1st.

### possibly some others.

THE FLOUR AWARDS. Wm. Shaw and E. A. Smith reported last night on the merits of the various samples of flour milled in the province from New Brunswick grown wheat. They say:

"We have carefully tested the flours in respect of color, dress, texture and strength, and taking all into consideration have awarded as follows: "1st prize-J. W. Hall Milling Co., Edmundston.

"2nd prize-J. M. Fripp, Woodstock. "3rd prize-M. McLaughlin, Bucouche

"Entitled to honorable mention-Wm. Richards Co., Boiestown, and W. W. Doherty, Campbellton. "All the flours shown, with hardly an exception, were nicely ground and of good color, and would make light, wholesome bread, comparing favorably

in most respects with Ontario flours.

"Samples of patent flour made from imported Manitoba wheat by the J. W. Hall Milling Co., Edmundston, and M. E. Riley & Co., St. John, are deserving of notice, ranking well with the best imported Manitoba patents. These flours, however, being of a different class and character, are not entitled to compete against the flours made from domestic wheat."

THE ATTENDANCE.

Saturday was a red letter day in the history of St. John exhibitions, the attendance reaching the handsome figure of 12,561, the highest for four years, and 1,589 more than Saturday's figures last year. The total attendance to date, exclusive of the opening night's figures, is 42,783, or 2,601 more than during the entire exhibition of 1897, within 4,656 of the total figures of 1898, and with three more days to run, within 16,731 of the total attendance last year. The comparative figures for the past four years are as

CHILDREN'S DAY (SATURDAY.)

Totals .. .... 59,514 47,439 40,182

The children of St. John took full advantage of Saturday's glorious weather to do the exhibition. The stream began almost as soon as the doors were opened in the morning and gained in volume as the day advanced. Afternoon and evening it was reinforced by thousands of adults, and when Marvellous Marsh mounted the runway preparatory to making his phenomenal dive, the parade ground

was packed as never before this year. The little ones enjoyed themsives to the utmost. They dived into recesses in Amusement Hall and the Waragraph pictures, dodged under the heels of the horses and cattle in the stock yards, drank in the music of the bands, patronized the peanut venders, the candy stands and the lunchcounters, kept the merry-go-round on one incessant twirl, and were not still a moment so long as strength enough remained to move. A happier juvenile throng could not have been found in all Canada. While delighted with everything, the fireworks were their special jey. They recognized the big portrait of Lord "Bobs" in an instant and cheered it to the echo, and they cheered again still more loudly when the armored train steamed out to attack the Boer forts.

The presence of a goodly lot of tars from H. M. S. Crescent and Pscyhe Thurrott, Maugerville, 1st; A. & C. A. added an uncommon element to the throng. They are a jolly lot of fellows and thoroughly enjoyed the outing.

OUR FIRST GOVERNOR. Rev. W. O. Raymond put on view in Essex Hybrid squash (7 entries)—W. the art gallery Friday the brass M. Thurrott, Maugerville, 1st; S. A. tablet, engraved by R. H. Green & Co. the Historical society, was ordered by English vegetable squash (7 entries) the provincial government to be placed -W. M. Thurrott, Maugerville, 1st; in St. Swithin's church, Nately, Scures, Hants Co., England, beneath which repose the remains of the first governor of New Brunswick. The tablet bears the arms of the province and the following inscription: "Beneath this church lies the body of General Thomas Carleton, governor of the province of New Brunswick, from its foundation in 1774 until his death in 1817. Erected by the legislature of New Brunswick." Along with the tablet are shown three photographs of St. Swithin's church, two views of Greywell hil and the Carleton mansion and scenes in old Grewell village. These photographs were sent to Prof. W. F. Ganong by Baroness Dorchester. In a letter accompanying the photos the baroness stated that every member of the Carleton family would deeply appreciate the New Brunswick tribute to one of their ancestors. There are memorials on the walls of Nately church to distinguished members of this family, but nothing to mark the resting place of the first governor of New Brunswick. Sir Guy Carleton, Lord Dorchester, was also interred be-

> TELEPHONES IN SWEDEN. Use of the Talking Wire Is Widely Extended

There. Sweden is the country in which the use of the telephone is most widely extended. The first long-distance line was established by the state in 1889 between Stockholm and Gothenburg, 300 miles' distance. Since then the number of lines has been increasing con-

the number of lines has been increasing constantly.

At the end of 1898 the longest distance covered was 2,000 miles, between Hoparando and Ystad. The progress is shown by the fact that in 1890 there were 7,680 miles of lines, 126 stations and 4,950 instruments. In 1897 this had increased to 45,180 miles, 734 stations and 32,890 instruments. The rapid development of the state telephone lines has not prevented the extension of the systems installed and maintained by private companies, as will be observed by the fact that in 1896 there were 25,200 miles of wire, 387 stations and 22,500 instruments.

Subscription rates asked on the state lines rarely exceed \$14, but on some lines reach \$125; in other cases the rates are as low as \$2.80. The General Telephone company of Stockholm is the largest of the private lines, and its system covers a radius of forty-three

and its system covers a radius of forty-three miles. Cometition with the government has brought about a reduction of rates, which accounts for the extensive use of the telephone in Stockholm and the region has not less than 30,000 telephone posts.—Scientific

QUEBEC INSURANCE RATES. QUEBEC, Sept. 11 .- Quebec's population is very excited today over the announcement that owing to the repeated collapse of the city water works of late and the disregard shown by the civic administration to the recommendations made some time ago by the fire underwriters for needed improvements of the city's fire and water departments, the Canadian Fire Underwriters' association have resolved to put up the rates of fire insurance in the ancient capital, the increase being the largest on mercantile risks, and amounting to fully twentyfive per cent. Circulars to that effect were received this morning by all the local insurance agents from the secre-

tary of the association, Mr. Hardrill.

SUN PRINTING COMPANY.

ALFRED MARKHAM,

#### THE SEMI-WEEKLY SUN

ST. JOHN, N. B. SEPTEMBER 19, 1906

NO LONGER ALARMED.

The dominion government has issued what purports to be a final statement of the finances of the fiscal year which The announcement is made in

government organs without a sign of ber the awful scare the party now in

power got over the expenditure and "At that time the Ottawa convention "viewed with alarm the increase of "controllable annual expenditure, and "the consequent increase of taxation "since 1878." It demanded . "strict

Mr. Fielding, now finance: minister is responsible for this plank in the platform. He brought forward the resolution. The expenditure which Mr. Fielding and his friends viewed with alarm was \$36,814,052.

It was \$97,000 less than the expenditure of 1889 four years before. Yet the party viewed the increase with alarm. Three years later, when the change of government came, the expenditure had increased from \$36,814.-052 to \$36,949,142, an advance of \$135, 090, or \$35:030 a year. By this time the alarm of the liberal party had increased to a panic. An increase of \$35,030 a year in the cost of government of the country meant ruin and national disaster.

The change of government came at the beginning of the fiscal year 1897. At the end of the first twelve months the expenditure on current increase in the first year of \$1,400,617.

The new government still showed some signs of alarm, but the ministers explained that they could not well get their work in the first year. The country waited to see a sweeping reduction in 1898.

But in 1898 the expenditure did not go back. There was a further increase instead. The jump this time was \$482,766, bringing the total current expenditure up to \$38,832,525.

The ministers did not go into hysteries. They were not terrified. They did not even view with alarm the increased expenditure. Instead they put on a fresh spurt the next year and got rid of an additional: \$3,070,475, bringing the outlay up to \$41,903,500. By this time the feeling of timidity had wholly disappeared, ... The year just closed shows it. For on top of the three millions increase of 1899 we have another raise of \$1,072,551.

The total current expenditure for the year now closed is set forth in the government statement at \$42,976,051. Incrase over the last year of the late government \$6,026,909.

Increase over the expenditure that was viewed with alarm, \$6,161,999. Yet Mr. Fielding is not frightened a

The consequent increase of taxation also frightened Mr. Fielding some years ago. When Mr. Fielding took office he found that the customs and excise taxation the year before had been as follows: Customs .. .... \$20,219,037

Excise.... 7,926,005 Total .... \$28,145,042 This was \$5.48 per head. It caused Mr. Fielding great alarm. In the year just closed Mr. Fielding

has levied the following taxes: Customs.. .... \$28,374,147 Excise.... 9,868,075

Increase of taxation since 1896, \$10,-

097,180. The present taxation is over \$7.20 per head.

Still the ministers do not view it with alarm. On the contrary, they boast that the revenue will be larger

It is not certain whether this will prove true. It is absolutely certain We will not, therefore, have the pleathat if this government remains in power until next July the expenditure will be larger.

Let it not be supposed that this increased outlay is due to railway construction, or the Yukon telegraphs, or street. to the Drummond road, or the Intercolonial terminal works, or to the South African war. All these things go into another account, and are additional to the regular current expen-

Brunswick acquainted with a French The sneer of the Telegraph that "the be in a bad way when they have to import a Quebec Frenchman like Mr. Monk to assist them, after all the abuse they have lavished on the French of Quebec." was an insult to He was invited to adconservatives of St. John have not They have expressed strong about Mr. Tarte, but no nany of his own race. They have also the English of New Brunswick. The go on expressing their opinion of traitors and boodlers in public life, whether they are French or English, Protestant or Catholic, white or black. The boodlers and traitors must look to their own orators and their own press for support. Those who attack them in this province have the satisfaction of knowing that their opinions or these matters coincide with those of honest French people in Quebec.

Mr. Monk has done his country service in exposing a scandalous wrong done to the Canadian soldiers in Africa and to the Canadian taxpavers department which has an English minister and a French deputy, while true Canadians, English, Irish and French, are grateful to Mr. Monk for exposing this wretched transaction That was one reason why the member for Jacques Cartier got such a fine reception in the city of the loyalists.

STILL AT IT.

The splendid and just tribute paid by the Montreal Star to Mr. Foster does not please Mr. Tarte's Patrie. Neither is the minister of public works willing to admit that Mr. Foster has a friendly feeling for French speaking

"How can Mr. Foster be our friend," asks the Patrie, "when he has for his organizer and right hand in New Brunswick that famous Mr. Hether-Queens and Sunbury, where Mr. Foster wants to be a candidate, that took Goebel's life, preached the doctrine that the next elections ought to be fought between the English and the French.

"How can he be our friend when he is allied with Mr. Clarke Wal-'lace and the fanatics of the News. 'the Spectator, the Mail and Empire. and to all those who throw us in "the dirt?"

Mr. Tarte knows that Mr. Foster has been perfectly fair and friendly to the French people. He knows, for the facts have been explained to him, that Mr. Hetherington never made the statements attributed to him. What Mr. Hetherington said was that Mr. Tarte was trying to stir up a contest between the English and the French in Quebec. The course of La Patrie proves that the charge is

One of the government organs announces that Mr. Lariviere, conservative M. P. for Provencher, Manitoba, will not be opposed. The government is not likely to carry a single seat of the seventeen west of Lake Superior. The Toronto Globe is already beginning to explain that Brandon, where Hugh John Macdonald is opposing Mr. Sifton, is naturally conservative, and was only captured at last election because of the remedial bill.

They have learned at Naples that President Kruger is coming to Europe to negotiate terms of peace. It was not necessary for him to come so far. The terms of peace will be the same in Europe as they would be at Pre-

Mr. Blair has been here again, and his provincial government has been instructed to issue the writs for Queens. The election comes off at a different date from that in Kings, to give the machine time to operate at full strength in both places.

The governors of Morrin College are about to open its doors again with the course smewhat revised and the prospects most bright of meeting with

AS OUR CLASSES ARE MUCH LARGER THAN USUAL we do not find it convenient to make our usual exhibit in the Exhibition Building. sure of meeting our friends at the fair, as in former years, but trust that they and all who are interested in Business Education will call upon us at our rooms, Oddfellows' Building, 87 Union

gave good advice in suggesting that it was time for the minister to "move The next thing is to try St. John.

This point decided, it seems to have been next concluded to get up a spontaneous demand for Mr. Blair in this city. Whereupon, immediately after

effort has been made to get the names bearers of the paper ask for names on the plea that the movement is nonlished abroad all over Canada to show how popular the Laurier governmen is in St. John, and how the liberal Prominent conservatives have been offered this fine opportunity to injure their party and themselves and to give the Tarte combination the benefit their name. They, have been almost insulted with flattery, and plied with all sorts of personal appeals. But Mr. Blair's friends will not have the privilege of taunting the conservative party with these defections. The names are

These four years which Mr. Blair has spent in the larger politics of the obtaining personal support on false and make their fight on straight party ing clings to the minister of railways.

#### GOBEL MURDER CASE.

FRANKFORT, Ky., Sept. 17.-The first really sensational testimony in the trial of James Howard, charged with having fired the shot that killed William Goebel, was given today by Bowman Gaines, a local liveryman, and James Stubblefield, a former deputy sheriff of Clay county. The former identified Howard as the man who ran out from the rear of the State House grounds and jumped over the fence mmediately after the shooting.

The most sensational witness, how ever, and at the same time the most important witness from the prosecution standpoint, was James Stubblefield, a one-legged and one-armed exdeputy sheriff of Clay county. Stubblefield testified that Howard exult ingly told him that he fired the shot

Stubblefield said he did not story of Howard's confession to him until he had heard that Howard and his friends were planning to kill him. The defence subjected the witness to a severe cross-examination, but failed to tangle him to any extent.

J. D. Jones of Knox county was introduced by the prosecution, and told of alleged remarks by Howard indicating connection with the murder, but his testimony was entirely broken down by the defence.

The other witnesses examined today told nothing new. The prosecution will probably conclude its testimony

SIR CHARLES AND COLD STORAGE

GUELPH, Ont., Sept. 17 .- One of the results of Sir Charles Tupper's trip is to find in the disabilities of the farmmers and fruit producers throughout all Canada thorough confirmation of the views entertained by him relating to the question of cold storage. Sir Charles has been in communication with all the well known experts of Europe, the United States and Canada on the question, and the result is that Sir Charles is convinced that his views have the endorsation of the scientific world, and he is completing a manifesto on the subject, which it is said will be of vast importance and certain to command the attention of the entire

### REPAIRED IN QUICK TIME.

QUEBEC, Sept. 17.-The Allan line steamer Corinthian was disabled on Thursday morning last, when nearing the Straits of Belle Isle, by her rudder chain breaking at the sternpost. A heavy storm with a heavy sea prevailed at the time, and the ship immediately became unmanageable, rolling heavily. The engines were stopped and every effort concentrated towards repairing the damage, and at 4 o'clock Friday morning, sixteen hours later. the vessel was able to proceed on her way. The passengers say the ship's engineers performed almost a miracle in effecting the repairs in so short a

### TROUBLE AT SALVADOR.

SAN DIEGO, Cal., Sept. 17.-The steamer Hereodot brings the story of a quick sup-pression of an inciplent insurrection at Sal-vador. Minister of War Castro was the instigator of a plot to remove the president, Thomas Regalade, and have himself pro-claimed president of the republic. In his plans to bring about the insurrection Castro plans to bring about the insurrection Castro deemed it necessary to remove the colonel of the birracks, and shot him down in cold blond. It was not known until after his arrest for that crime that the murder was a part of the plot to overthrow the present government, but in the investigation that followed, the whole scheme was uncerthed. Castro was frund guilty of murder, and on Sept. 3 he was shot by order of the president. With the death of the leader the threatened insurrection subsided.

### GILBERT PARKER NOMINATED.

LONDON, Sept. 17.-This evening Gilbert Parker, the novelist, was chosen by the conservatives of Gravesend as their candidate for the house of commons at the coming general election. Owing to the relative positions of parties at Gravesend, this choice is equivalent to a return.

#### TEXAS STORM.

Expected That in a Few Days All the Streets Will be Open for Passage of Vehicles.

Over One Hundred Bodies Removed from the Debris Yesterday and Cremated.

GALVESTON, Tex., Sept. 17 .- The all the means and power at his comwinth day after the storm and still the gruesome work goes on of recovering the dead from the gigantic mass of debris that lines the south side of hat remains of the city.

Yesterday 107 bodies were recovered and cremated. Among them was a mother with suckling babe tightly

clasped to her breast The body of Major W. T. Levy. U. 3. emigrant inspector of this district, was among the number. He made a struggle to save his wife and three children. All were lost. The bodies of wife and children have not been ecovered. The number cremated toay will exceed 100.

The task of recovering the bodies immed beneath the debris, extending from the eastern to the western limits of the city, a distance of over three miles, is herculan, and the most expeditious way of removing the whole from a sanitary point of view, is by This, however, in the crippled condition of the fire department and waterworks, would endanger the remaining portion of the city. As it now stands, this immense amount of debris, strewn with bodies, the carcasses of decaying animals, etc., is a menace to the health of the city and is the most difficult problem the board of health

The work of opening up the streets and disinfecting them is being vigorously prosecuted. The debris and garbage is being removed, 250 vehicles of every description carrying it out to a safe place, where it is burned. In a few days all streets will be opened for the passage of vehicles. Today it was decided at a meeting of the central executive committee that all the laborers now employed in burying the dead, cleaning the buildings and moving the debris from the streets and sidewalks shall receive \$1.50 per day and rations. Heretofore they have been working for nothing, and if they refused, were impressed by the military.

The relief work of the sick and injured is well in hand, and under the direction of skilled physicians and nurses it is improving daily. Eleven hundred tents were received today by the board of health. All except three hundred, retained for hospital purposes, will be distributed by the chairman of the various ward sub-committees to shelter the homeless in their respec-

tive wards.

NEW YORK, Sept. 17.-The total of subscriptions received from sources in New York to date for the relief of the sufferers at Galveston is \$204,812. WASHINGTON, Sept. 17 .- The fol-

Herr Singer predicted a severe parliamentary session. He said the socialists were determined to repeal the Lese Majeste laws. Resolutions were adopted to protest in the Reichstag against the crushing out of Polish nationality.

### COTTON MILLS DOWN.

MANCHESTER, Eng., Sept. 17 .-Several more mills closed today. The operators agree that they cannot work profitably with cotton at the present

prices. Great interest is felt in the result of the vote now being taken by the employers of the federation with reference to closing the mills for twelve days in October. The outcome will be announced at Friday's meeting. An effort is being made to stop all mills, including those stocked with cotton.

THE FIRST DOLL.

The first doll was manufactured at Thur-irgia, Germany, fifty years since: It takes many workmen to make even a small doll. Certain men make the arms and legs, either by cutting them out of wood or by moulding them of papier-mache; others arrange the limbs, which are put near the stove or in the sun to dry; others dip the arms and legs into a basin containing red dye to give them a fleshlike appearance; others sew, cover and stuff the doll; others paint the cover and stuff the doll; others paint the eyebrows, lips and hair; if the hair be not merely indicated by paint, mohair, is glued on. The manufacture of the glass eyes, as well as the placing of them in the head, is accomplished by different people; and all the parts are put together by a small manufacturer, who usually lives in town and to whom the workmen engaged in the manufacture of parts of dolls carry the product of their weekly toil. Model dolls are similar to the wax dolls, with the exception that to the wax dolls, with the exception that they are provided with heads made entirely of wax. The dressing of dolls is also an extensive industry Manufacturers employ from 200 to 300 hands—mostly girls.

Steamer Turret Chief, Capt. Wilds, from Sydney, C. B., for Montreal, has arrived at Quebec with propeller damaged.

#### FIT THE GROCER. Wife Made the Suggestion.

A grocer has excellent opportunity to know the effects of special foods on his customers. Mr. R. A. Lytle of 557 St. Clair St., Cleveland, Ohio, has a long list of customers that have been congress of social democrats opened helped in health by leaving off coffee and using Postum Food Coffee. He says, regarding his own experience: "Two years ago I had been

elected president, and Herr Ulrich, also drinking coffee and must say that I was almost wrecked in my nerves. "Particularly in the morning I was so irritable and upset that I could hardly wait until the coffee was served, and then I had no appetite for

breakfast and did not feel like attending to my store duties. "One day my wife suggested that inasmuch as I was selling so much Pos-

tum Food Coffee there must be some merit in it, and suggested that we try it. I took home a package and she prepared it according to directions. The result was a very happy one. My nervousness gradually disappeared and today my nerves are all right. I would advise everyone affected in any way with nervousness or stomach troubles, to leave off coffee and use

#### OTTAWA.

OTTAWA, Sept. 16.-There is still no announcement respecting the elections, but the government is straining every effort to get ready. Last session when the elections bill was under discussion, the opposition suggested that the paper for ballots should be supplied from the government printing bureau. This is to prevent any local office from printing more ballots than were necessary, as was the case in West Huron. The solicitor general accepted this proposal. In anticipation of an early dissolution, the secretary of state has had the requisite ballot paper procured printed in blank form, so that ocal printing offices will only have to out in the names of the candidates. Hon. Mr. Blair returned from New Brunswick yesterday and left for Montreal this evening. Hon. Wm. Pugsley (Dr.) was here conferring

#### A BIG ROBBERY.

Over Two Thousand Dollars Stolen Two Interesting Communicafrom Louis Saunders Store, Carleton.

Merritt Lord and Robert Hanson Under Arrest - The Money was in a Box Under the Counter.

About midnight on Saturday, when Louis Saunders of Prince street, Carleton, went to bed he was the possessor of about \$2,150. When he awoke in the morning he was short that amount of cash. Who got it is the question which the police are now trying to solve, and to assist in the solution of the problem Merritt Lord and Robert Hamm, two well known west side young men, have been lodged in jail. counter in the front part of his grocery store. The door is on Prince street, at the corner of Market place, and is about six feet away from the counter. The door is guarded by shutters and fastened inside by a wooden bar quite low down. When Mr. Saunders left the shop to go to his room adjoining on Saturday night about 11.30, he left everything fast and apparently as secure as usual. Going to bed at midnight, he and his wife slept soundly until they were aroused about a quarter to 5, Sunday morning, by Clay Glark, the watchman of Galey's mill, which is near by. Mr. Clark in passing the shop saw that a hole about five inches by three had been cut in the shop door, which was standing Mr. Clark immediately notified Officer McLarren, who was on night duty. The hole in the door had been made by boring about ten auger holes with an inch bit and then breaking in the surrounded portion. This enabled the thief to put in his hand and lift the bar, after which the door was easily opened. Mr. Saunders on examrolls of bills, one hundred dollars in each roll, had been taken, together with the cash box in which it had been kept. The bills were in denominations of from \$5 to \$50. Besides this patrol. there were five sovereigns, a silver hunting case watch, a savings bank book and a Bank of New Brunswick deposit receipt for \$1,000. One of the \$100 rolls was in a striped rubber taken from the till, also a box containing papers, which was in the chest. Officer McLarren notified Sergeant

mark. It had been full of water. It There was a \$50 bill rolled up in some paper, and also a gold watch and chain, which had apparently been missed by the thief. There were a few tracks of small feet in the mud. From all the circumstances the officers think that the robbery was committed about 2 a. m. Going up the shore, they found Robert Henessey's boat made fast to a pole of George Lord's weir, but there was nothing suspicious

about the craft. Capt. Jenkins was then notified, and he sent Detective Killen over to assist Sergt. Ross. They made another trip up shore, and found a box, which was afterwards identified by Mrs. Saunders as the box which had contained the papers. Robert McCallum, a son of the owner of the boat, said he had picked the box up at the bow of the boat in the morning.

About 6 p. m. Herritt Lord and Robert Hamm were arrested. About 9.30 p. m. on Saturday they were seen coming out of Robert Hennesser's house on Water street, after which Lord did not go down Prince street as far as Saunders', Hamm is said to have been seen there. Lord is also credited with having made some remark about Saunders' money on that evening. Both were seen out as late as midnight. Nothing was found on the prisoners except a pass book with some leaves torn out and a piece of wax candle on Lord. In connection with this it was noticed that there were no signs of candle grease or matches in the store. If the thief had a light at all it must have been a lan-

Mr. Saunders has no suspicions. Late in the evening a tall stranger wearing a soft felt hat came in and got a \$5 bill changed, buying a fig of tobacco and a pipe. There was nothing suspicious about him and he was the only unknown customer.

TAKE HEART.

(Boston Transcript.) Though fearful storms have swept in wrath About thy toilsome, rugged path, And thou hast oftimes been cast down and sore dismayed by Fortune's frown, Faint not, but bravely bear thy part, O fellow man; once more take heart.

The storm is followed by the calm, And winter gales by airs of balm, Dark night gives place to sun-bright day; Let Hope still cheer thee on thy way, Beyond the cloud still shines the sun; Press on until thy work is done

Perchance thou many times hast failed, Some weakness over thee prevailed, And thou hast faltered in the strife And sadly rued thy blighted life; Though great thy grief and keen thy pain, o weary one, take heart again.

Dwell not upon thy mournful past, Arise, and for the right stand fast; Be strong and brave, fold not thy hands, For thee still flow life's golden sands; To better things sweet voices call, And God in love rules over all.

VAGUE INFORMATION.

Mrs. Jason-Si Hubbard has got a letter from his cousin in the Klondike, and he says a shave costs fifty cents. a haircut a dollar, and a bath with bot water \$3.

Still Quartered at Pan Station on the Delegoa Bay Railway—Walked Fifteen Miles-Still Doing Patrol and Outpost Duty.

PAN STATION, Aug. 6, 1900. Dear Pater-We arrived here about 10, having marched from Bankfontein this morning. Pan is a small station on the Delagoa Bay railway. It consists of two buildings at the station and a farm house about three hundred yards distant, which is now occupied

by the general. We have been told this morning that we are to sail on the 21st, which I sincerely hope is true. Any way, the order for remounts has been cancelled, Quebec tour have not yet been arranged. He will, however, speak in Montreal on Thursday, and probably on Friday, the first meeting being for the French electors and the second for the English-speaking. Sir Wilfrid will This was in a cash box, enclosed in a the English-speaking. Sir Wilfrid will This was in a cash box, enclosed in a the grass as they go through the country. They invariably burn the grass when they are retiring after a scrap. when they are retiring after a scrap. I presume their object is to cover their retirement in the smoke and also deprive us of grazing ground. B Squadron is greatly depleted through death, sickness, wounds and other causes. Out of 160 men we have only 62 left. and of this number 20 had to walk from Bankfontein, having no horses. A few days' marching would finish every horse.

There are only four Canadian horse left, and they are wrecks. The Argentines that we have been riding are played out, and fall on their knees over a straw.

We are all hoping to go to England on our way home, and in consequence suppose we will get lots of drill when we get rid of our horses. Wood is so scarce in this part of the

ountry that we have to send fatigue parties for miles to visit deserted Boer farms for wood. I have received papers up to June

RALPH.

PAN STATION, Aug. 11.-Yours of 29th June, with newspaper clippings, ining his chest found that twenty arrived last night. I have made some enquiry for H. S. White, Sun correspondent, but have not found him. It is possible that he is with "C" squadron, who are out on a three days'

We are still doing patrol and outpost duty from here, and there are rumors about that we will not leave here till we start for home.

Details of the Australian continpouch. Between \$5 and \$10 was also gents complete "A" squadron now, as so many of our men are working on the railway, for which they asked recruits when we were at Derdepoort. Ross, and together they went up the Some men of "A" squadron have gone river bank and searched the boats to Middleberg for remounts, in spite

living a little better than we have been doing. Mr. Best, the Y. M. C. had been high water about 3 a. m. A. representative with us, brought out a sack of sugar from Middleberg last at six pence per pound. We are to get bread in a day or two. The horses, or, I should say, ponies, as Argentines don't deserve to be called horses, are being fed hay today, the first time for two months. I was out six miles on the Delgoa Bay railway this week on a wood fatigue. We found a splendily built house that had been deserted in a great hurry. We tore off the windows doors, verandah, etc. I am sending you, under separate cover, some Boer papers I found in the house. In one of them you will find a reference to the Canadian contingents. For my own use I brought back a door mat (to lie on), an axe, box of coal, cross cut saw, frying pan, and tin cup. I also found a dog collar with the S. A. R. coat of arms on it. We visited a Kaffir krall for milk and eggs after we left the house, and by this time the wagon was some distance away, we started on what we though was a short cut, with the rethey went down the street, and while sult that we got lost completely. After roaming around for six or eight miles, we struck the railway and followed it. After walking about five miles on the track, we came upon a deserted section man's house, with all the windows broken, and having every appearance of being looted. We could not find anyone about the place until I shouted, "Anyone here?" when a scared Kaffir stuck his head around

the corner and said, "hello, boss." From him we learned that the Boers had looted the place a few days before, and that we were going towards Delagoa Bay instead of to Pan, as we thought. We made the Kaffir cook us some mealies, and then started for home, about five miles away. After passing three lines of pickets, one of which nearly fired on us, we arrived in camp at 11 o'clock, having walked all of 15 miles.

in which were two sights off the gun supposed to have been in the Jameson raid, and captured at that time by the Nuts required no cooking. Boers, and which Ryan helped to recanture.

RALPH MARKHAM. MARINE MATTERS.

Bark Valona, Capt. Thomassen, from Liverpool for Miramichi, was, according to a North Sydney despatch, reported all well on the 15th, bound up the gulf.

A serious fire occurred at Bradford's coal wherf, Albany street, Boston, on the 15th, Schr. Muriel, which arrived on Monday from Bear River, and was lying at the wharf, was totally destroyed. She completed discharging cargo the night before and was to have been towed to another berth that morning. Damage by fire will amount to fully ing. Damage by fire will amount to fully \$150,000. The Muriel was owned by Clarke Bros. of Bear River and was valued at food.

Bios. of Bear River and was valued at \$1,000.

A North Sydney despatch of the 17th says: The Norwegian steamer Thor, Captain Wilhelmser, lumer leden, from Montreal for the United Kingdom, arrived this morning in distress. The deckload was gone, boats were sn ashed and other damage done about deck. These damages were sustained in a gale on the 13th off Cape Race. The captain reports that while making North Sydney for repairs he passed a large bark or ship bottom up yesterday morning on St. Pierre bank. He could not ascertain the name of the vessel, but passed a boat full of water named either Arpie Burrell or Annie Bingay.

## NOVA SCOTIA NEWS.

CORNWALLIS, N. S., Sept. 11.-The Kings Canadian Hussars and the 68th battalion left for the annual drill at Aldershot this morning. The com-mand of Colonel W. Belcher has expired. Major Beckwith of Canning will assume command.

James Maxner of Upper Dyke village lost a son in New York last week. His remains were brought to Windsor,

Hants county, for interment. Todd Woodworth of California, son of the late Douglass Woodworth, ex-M. P. is in Kentville visiting his brother, Dr. P. C. Woodworth, Newman Cox, medical missionary in South Africa, with his wife, is at the home of his parents in Kingsport on a year's furlough.

Captain Wm. Baxter of Canning is about to build a vessel of 500 tons. with a probably fatal accident on Friday. While at work in his mili a large knife broke, flying into his forehead

and brain. T. D. Onderdonk of the firm of night. He soon disposed of the bag Nesbit & Onderdonk, Ontario, is in Cornwallis in the interests of the fruit trade. He pronounces the markets low and the apples faulty. Potatoes, however, are bringing a dollar per bar-

rel; pears three dollars per barrel. HALIFAX, Sept. 17.-Rain fell in torrents tonight while the grand stand audience were witnessing the Battle of Paardeberg at the Nova Scotia Provincial exhibition. While the show was going on a conference was taking place between Henry Wade, secretary of the Dominion Shorthorn Association in Ontario, and J. I. Hobson, president of the Dominion Shorthorn Association and chairman of the Ontario Agricultural College board. These men advised Nova Scotia breeders to drop their local cattle registers and go in with the Dominion Shorthorn Association. The idea was favorably received by the local men and will no doubt be carried into effect at an early

### THE LATE MRS. GUNN.

FREI ERICTON, Sept. 17 .- The death occurred yesterday afternoon of Mrs. Gunn, wife of John Gunn, a well known tailor of this city. Deceased was 50 years of age, and had been ill two years with cancer. A husband, one son and two brothers, Austin Dunphy, Fredericton, and Tyler Dunphy, Kentville, N. S., and two sisters in Nova Scotia survive. Deceased was a daughter of Thos. Dunphy of this city.

EAU CLAIRE, Wis., Sept. 15.— Eighteen men employed by the Northwestern Lumber Co. were crossing the Eau Claire river in a beat this evening when a heavy gale capsized the boat. Eight men attempted to swim ashore and six of them were drowned.

### TRAINED NURSE.

Remarks about Nourishing Food. "A physician's wife, Mrs. Dr. Lan-I hope you have received all the don, gave me a packet of Grape-Nuts packages I have mailed you, contain- about a year ago, with the remark that ing curios, etc. I thought it safer to she was sure I would find the food send them than to carry them around, very beneficial, both for my own use as Sergeant Ryan lost a small bag of and for my patients. I was particularcurios that he carried on his saddle, ly attracted to this food, as at that time the weather was very hot and I appreciated the fact that the Grape-

"The food was deliciously crisp, and most inviting to the appetite. After making use of it twice a day for three or four weeks, I discovered that it was a most wonderful invigorator. I used

my entire satisfaction that this change has been brought about by Grape-Nuts

"The fact that it is predigested is a very desirable feature. I have had many remarkable results in feeding Grape-Nuts to my patients, and I cannot speak too highly of the food. My friends constantly comment on the change in my apearance. I have gained nine pounds since beginning the use of this food." Eleanor Miner, Trained Medical and Surgical Nurse, 515 Jeff. St., Bay City, Mich.

WOODSTOCK, Sept. 12.-A fire occurred early this morning, plainly the work of an incendiary. It was in an unoccupied house and barn full of hay next adjoining Dickinson's tannery, and the barn was completely destreyed with all the hay. It was the property of Henry Upham. When the firemen went to take the nozzle off the nearest hydrant it was found that it had been taken off before and the inside filled with stones. It was also found that paraffine had been applied to different parts of the house. It was evidently a deep laid plan to destroy that part of the town in which the premises are situated. There was no insurance on the building.

FREDERICTON, Sept. 14 .- A lad Hold an Interesting Reunion in Kent Co.named Frier, living with his parents at the mills, was arrested yesterday afternoon by Detective Roberts, charged with burglarizing the store of James S. Neill several weeks ago. Frier has confessed to having perpetrated the Neill robbery, also with having broken into the B. and B. club house a few weeks ago, and with entering and ransacking the town residence of A. H. F. Randolph while the family were at their summer residence. He has implicated two companions, who have not yet been placed under

Dr. Arnold, a dentist, hailing from Sussex, who has been practicing dentistry at Stanley and Cross Creek during the summer, was found dead on the floor of his bedroom in Turnbull's hotel at Stanley yesterday afternoon. He had been drinking heavily for some days. An inquest was held last night before Coroner Moore and a jury. There was evidence that deceased had been drinking methylated spirits yesterday, and the jury found that deceased came to his death through excessive indulgence in alcohol and drinking methylated spirits. The remains will arrive here this afternoon and will be forwarded to Sussex tonight. Deceased was about fifty years

old and unmarried. Bishop Kingdon returned yesterday afternoon from a trip to the Miramichi. His lordship left Fredericton Saturday. On Sunday morning he consecrated the new church at Grey Rapids. Northumberland Co., and confirm ed twenty-three candidates. Sunday evening confirmation was held at Blackville, the rite being administered to twenty-four candidates. On Monday the bishop held confirmation at Derby, twenty-two candidates being presented. His lordship was at Bay du Vin on Tuesday and confirmed twelve, and at Chatham Wednesday evening, where Canon Forsyth presented forty-one candidates for con-

firmation FREDERICTON, N. B., Sept. 16.— The St. John Evening Star is meeting with a splendid reception in this city. People who have seen the paper are of but one opinion— "that it is one of the best and most up to date journals that have come to Fredericton in a long time." The Star is sure

of a big circulation in this city.

Fredericton is sending many visitors to the St. John exhibition, and those who have returned pronounce it to be a splendid Quite a number are expected to go to be present at the gover-

BOIESTOWN, Sept. 11.—Richards Gunter's steam saw mill here has suspended operations for the season and the men are getting ready for the woods. Messrs. Richards and Gunter are still shipping the cut lumber and will continue to do so for some days. Jas. Fairley is making quite extensive shipments of lumber via the Can-

ada Eastern railway.

The remains of William Green, son of The remains of William Green, son of Max Green of Hayesville, arrived here to-night by the Canada Eastern express from olis. Minnesota, The deceased went Minneapolis, Minnesota. The deceased went west last spring and recently was seized with an attack of typhoid fever, which caused his death. He was about 23 years of age and leaves a wife at Hayesville to irn his sudden demise. News of his death was not received here till Saturday evening, when a telegram arrived stating the remains were in Montreal, on their way to his former home. This came as a blow to his wife and many friends. The funeral took place Tuesday from his home at Hayesville. Rev. A. F. Robb, pastor of the Presbyterian church, conducted the obsequies. His widow and parents have the sympathy of all in their deep trouble. Parties for the lumber woods are beginning to arrive and make their way to their winter's work. A large cut is anticipated on the Miramichi waters this season.

Messrs. Simmons have commenced repairing the highway bridge over Burnt Land Brook, which was damaged so badly last spring by the breaking away of the mill dam at Richards and Gunter's mill. A temporary bridge has been plead to rest. temporary bridge has been placed in posi tion while operations are proceeding.

The rite of immersion was administered to four converts at Fairley on Sunday afternoon. Rev. Messrs. Barnes and who have been conducting a series

rival services in that section, closed their work there on Sunday evening. Rev. A. K. Robb preached in the Methodist church here Robb preached in the Methodist church here on Sunday evening to a good audience. Messrs. William MacMillan, Thomas Carroll and John Murphy, valuators for the parish of Ludlow, will shortly make a house to house tour of the parish, getting the residential valuation of the property preparatory to making assessment.

Messrs. McCluskey, who have been sojourning for some weeks on the tributaries of the Miramichl, looking into the mineral wealth of the various streams, returned on of the Mirament, weelth of the various streams, returned on Saturday and are stopping at Duffy's Hotel. They expressed themselves as satisfied of the fact that gold is present in most of the J. Z. and Mrs. Currie of Cambridge

Mass, formerly of Fredericton, are spending some days in the village. Dr. Curric, who enjoys a lucrative practice in the states, formerly taught school near here, and

is renewing old acquaintances.

Miss Gussie Knight, daughter of Rev.
Matthew R. Knight, resident Methodist
clergyman here, has entered the Normal
school at Fredericton, successfully passed
the entrance examination for first-class. the entrance examination for inst-class. Forest fires have been raging about here of late, doing much damage in places. On Friday and Sunday nights there were very heavy frosts, doing considerable injury to grain and other crops in this and outlying sections.

grain and other crops in this and oddying sections.

Fred McAllister and sister left last week for Minneapolis, Minn. Peardon Saunders of this place went to Fredericton on Saturday. William Duffy, who has been in the employ of Timothy Lynch at his mills, Nelson, arrived home Saturday morning. The water in the Miramichi is the lowest known for years. Rev. Father Crumley of Blackville preached in the R. C. church here on Sunday morning.

SALMON CREEK, Sept. 13.-Professor Jones and wife of Wolfville have been visiting here. The Baptist congregation held their

annual tea meeting on the grounds of Duncan McLane. A pleasant time was enjoyed by all. The Roman Catholic for Point du Chene, hoping to find Chruch also held their tea meeting at the same place.

Thomas Loyd died at his residence at Brigge's Corner after a lingering illness. He was 81 years of age, and had been an active worker in the Bapconducted by Rev. W. McIntire, assisted by Rev. Mr. Porter. The remains ward the Mecca of provincialists. were interred in the family lot at the

permanently. The tides last night and the night before were unusually high, and the dykes along the Shepody were broken in many places. A good deal of marsh was submerged and some hay injured. Crews of men have been at work to-

day repairing the damage. Mrs. John Christopher, whose serious illness has been reported, is now considered out of danger.

JARDINE FAMILY Twelve Children and Twenty-five Grand Children.

JARDINEVILLE, Kent Co., Sept. 12. Rarely does father and mother have the pleasure of gathering under the old roof tiee a family of twelve grown up sons and daughters after a separation of fourteen years. Such a gathering has just taken place here. Thomas Jardine is a member of the ship-building firm of J. & T. Jardine, who built upwards of seventy vessels. The scrier member of the firm, John, died some

eight years ago.

When shipbuilding failed, the younger generation, with characteristic energy, turned to lumbering. At present practically the whole of the lumber trade of Kent county is in their hands. One of the few bard saw mills in New Brunswick is in full operation at Kingston and numerous small water power mills on the barious branches of the rivers are controlled by them. The family, which has just been gathered r, consists of nine sons and three

daughters. James, the eldest (married and has a family) is in charge of the large general wholesale and retail business carried on at the George (married and has a family) lives at Kouchibouguac, at his mill, and superin-tends the extensive lumbering operations in

that part of the country.

John (a widower with a family) takes charge of the shipping of the cut lumber.

William (unmarried) looks after the farm. He has one of the best farms in the that part of the country.

John (a widower with county. He takes a great interest in breeding horses and cattle, and at present has a very fine stock. Thomas (married and has a family) super-

intends the operations at the band saw mill (married and has a family) Robert (married and has a family) is home from Scotland. He is a Doctor of Medicine of the University of Edinburgh, a member of the Royal College of Surgeons of England, and a Fellow of the Faculty of Inysicians of Surgeons of Glasgow. He is in practice in Glasgow, where he holds the important post of physician to the largest maternity hospital in Scotland. Some reaths ago he was appointed examiner in midwifery in the University of Glasgow, and midwifery in the University of Glasgow, and the Glasgow Obstetrical and Gynaecological Society have also elected him president. He has written many papers on Obstetrical subjects and has published two books. (married and has a family) is a

Hugh (married and has a raminy, so ivil engineer and at present working on the Intercolonial railway.

Elizabeth (married and has a family) onald Macdonald, is engineer in charge the band saw mill. of the band saw mill.

Janet (married) is home from Wales. Her husband, Capt. Wm. Pugh, is in command of the s. s. St. Cuthbert. has only recently returned from a rip to the old country. ntry. r at Jardineville Alexander is postmaster and also assists in the store.

David, like the son of Jesse, is the youngson and LL. B. of Dalhousie, His name and fame are not unknown on the football field.

Mr. and Mrs. Jardine are both hale and hearty and we trust they may be spared to many similar reunions of their family. As there are already 25 grand children, the name is not like to die out soon.

CORNWALLIS HAPPENINGS.

CORNWALLIS, N. S., Sept. 15.-On Wednesday evening the marriage took place at the Free Baptist church, Canning, of Ira Cox of Canning and Miss Lizzie, daughter of Joseph Cox, late which I am sending to you under sepof Habitant. The bride was attired in white organdie and satin. She was attended by her sister, Miss Almeda Cox, while Daniel Cox of Truro sup-

ported the groom. Joseph Bigelow of Canning and Minnie May, daughter of James Cameron of St. John, who were wedded at St. John on Wednesday, came beginning to have doubts of it. through to Canning the same day and held a large reception at the home of the groom's father in the evening.

Dr. Jacques of Canning is having another story added to Martin's block, which will be used as an office by the customs house. Captain William Baxter is in New

York on a business trip in connection with the new vessel which he is about to build. A seven year old daughter of William Jarvis fell into the pond near falls.

Lloyd's mill in Kentvile on Monday and was drowned. Monte Coffill of Scots Bay was married last week to a daughter of Mr.

Huntley of the same place. William Hutchinson of Saxon street lost a little girl on Tuesday of cholera. Captain Nelson and wife of New York are visiting in Cornwallis.

Interesting Communications from Corp. Ralph Markham.

The Mounted Infantry Have Had Some Pretty Hard Work Since Leaving Pretoria -The Men Will Not be Sorry to Get Home

BANKFONTEIN, July 29.-If you look at the map the Sun published you will find Middleburg. Bankfontein is eight miles northeast. There is a umor that we are to be here a fort-

We have had one engagement since the one at Wetfort, where Lieut. Borden was shot. We did not take an active part, however, being on a flank. We saw a Boer convoy a mile away, which I heard General French caught. I did not mind the war up to Pretoria, but now everyone is heartily sick of it. I suppose this is so because we all thought we would go home after

eaching the capital. Last night I was on outpost about two miles from the camp. We visited a house where there were some women and a girl in hysterics through fright. We were pretty hungry and did not stand on ceremony. We first of all asked her if she had any sugar. She said no, and on reaching the kitchen found a bag full. I am sending you some Boer papers, which you will find interesting to read, especially about the Queen's chocolate. You will also find enclosed a photo of some Boer artillery officers and some Kaffir rings. I got this in a house a few days ago. The blood on the back is off a goose which I was carrying. The day I got this goose and photo we got lost in the night and after marching for miles camp on the veldt. The next morning pleasant.

we were found by a scout. You will also find a Boer lead pencil and a button enclosed in the papers." I have heard nothing about Bev. Armstrong since he left us. We have had some pretty tough times since leaving Pretoria; one day it is a famine and the next a feast (when we strike a good fat farm.

I am also sending a piece of Transvaal ribbon, Kruger's hymn, or the Transvaal National Anthem, which you might lend to Mr. Ford for a day or two to look at, but be sure and get it back, as they are very scarce; also a primer I found in a Kaffir hut. Will write again in a day or two., are:

Had no mail for two weeks. BANKFONTEIN, Aug. 3.-We are still in camp here and doing patrol and outpost work. We are to be here ten days. Men are to go to Pretoria for remounts, which looks as if we were to be in the country indefinitely. We are all awfully sick of this business, especially since leaving Pretoria, which we all thought was our goal. However anxious we are to get home we don't want to leave the job unfinished. A few days ago we made a reconnaisance in force about eight miles from here. a party of about 100 Boers, who allowed the Mounted Infantry to walk right up to the kopje and then let blaze at 100 yards. Strange to say, not a man was hit. It was very bad shooting, on the Boers' part, and only goes to prove further that the Dutchmen are not such good shots as is common-

ly supposed. Our troop was out on patrol this morning about five miles from here. We found a deserted Boer house, in which I found papers, letters, etc., arate cover.

We have not had a mail for three weeks and it is causing lots of grumother corps getting mail.

bling, especially when we hear of Do they talk of sending us to England when the war is over? I hope I can spend Christmas home, but am

> WE KNOW WHAT WE ARE TALK-ING ABOUT.

The letter from Admiral Seymour to Admiral Courrejolles is indeed noble in thought and lofty in tone. The British admiral pays to the French admiral a tribute of which our seamen may be proud, not only because the British know what they are talking about, but because, after what has passed between Great Britain and France, this tribute is of particular value. It honors equally him who receives and him who gives.-Le Gaulois, Paris.

THE WARSHIPS.

Admiral Bedford Presented With an Address at City Hall

Entertained at Dinner at Union Club Saturday Evening - Sailors Attend Service at Stone Church.

The warships Crescent and Psyche arrived off Partridge island at an early hour Friday morning from Bar Harbor. They came up to port in the afternoon and took berths off Reed's point assigned them by the harbor master. Collector of Customs Lockhart, accompanied by R. S. Barker, private secretary to his honor Lieutenant Governor McClelan, called upor Vice-Admiral Bedford soon after the vessels came to anchor. Mr. Lockhart extended a cordial welcome to Sir Frederick Bedford. Mr. Barker in quired when the vice-admiral would be ready to receive the governor of the province, and was informed that honor could call at any time. At 4.30 his honor the lieutenant governor, accompanied by his A. D. Major White of the 3rd R. C. A. and Major Edwards of the 62nd Fusiliers, and Mr. Barker, made an official visit to the flagship. The admiral entertained the governor and his staff. They were received with a guard of honor and the customary salue of 13. guns was fired when Governor Mc-Clelan left the vessel. Later on the admiral, accompanied by Capt. Colville and Chas. E. Byron, secretary to the commander, called upon Governor McClelan at his headquarters, the over swamps, rocks, etc, we had to Royal hotel. The visit was brief but

Mayor Daniel waited upon the admiral during the afternoon, and on behalf of the citizens wished Sir Frederick Bedford, his officers and men, a cordial welcome to St. John. The following arrangements are announced in consequence of this interview. The common council will meet at 10 o'clock this morning. At 10.30 o'clock they will visit the ship. At 11.30 the admiral will be presented with the civic

address. The Crescent is a first class screw cruiser of 7,700 tons and the flagship, of mixed foursomes and singles were on the North American and West In- played, while the Crescent's band disdies station. The principal officers

field, returned the call. There were Scott and Recorder Skinner. present in the Mayor's office, during Hon. H. A. McKeown, Hon. A. T. Admiral Bedford and the governor reford with the following address, Hazen. handsomely bound and engraved.

To Vice Admiral Sir Frederick George Dun-ham Bedford, K. C. B., Commander-in-Chief North America and West India

Sir,-We the mayor and aldermen, rising the Common Coincil of the City of Saint John, desire to extend to you, on behalf of the citizens, a hearty and cordial welcome to yourself and to the offcers and men under your command, on this, your first official visit to this port.

This city was founded more than a century ago by a band of Loyalists, who, consequent upon their devotion to crown and constitution, left their homes, in many cases, bushly properties to settle here, then a

constitution, left their homes, in many cases, valuable properties, to settle here, then a most unhospitable wilderness.

Blessed as we are, in this province, with an excellent climate, fertile land, an almost unexhaustible source of wealth, in the fisheries of our coast and the lumber from our forest we look forward to constantly ineries of our coast and the fumer from der forest, we look forward to constantly in-creasing prosperity and happiness. Our position at the mouth of the noble river is such that we are the natural outlet for an amount of merchandise so great in volume that no vessel has yet been obliged to leave here without full cargo. During the last five years we have been the winter port of Canada on the Atlantic seaboard for the ex-port of western produce, and have spent a canada on the Atlante seasonal of the coport of western produce, and have spent very large sum of money in equipping it that business. We hope that the increase

that business. We hope that the introduces importance, which this growing business has conferred on this city will receive the recognition of the admiralty.

For the first time in its history this dominion has taken on itself a portion of the burden of maintaining the supremacy om the flag. by joining its forces with those of the imperial government in the distant parts of the world, and we are pleased to in-form you that in responding to the call for troops this city and province willingly furn-ished more than the quota required of them. ished more than the quota required of them.

St. John being a port of much strategic importance to Canada, its citizens naturally take an interest in the royal navy, and we are gratified to read the enconiums which the resourcefulness and efficiency of its officers and men, as well as the excellency of its armament, have recently again called forth.

its armament, nave recently again carrot forth.

We trust that your stay in our city will be rendered so enoyable that, while holding the position of commander-in-chief of this station, you may make it a place of fre-

Signed, on behalf of the Common Council, J. W. DANIEL, St. John, N. B., Sept. 15, 1900

The admiral read the following re-

H. M. S. Crescent at St. John,
15 Sept., 1900.
To His Worship the Mayor and aldermen
comprising the common council of Saint

comprising the common council of Saint John:
Gentlemen—I thank you sincerely for myself and on behalf of the officers and men under my command for the cordial welcome you have extended to us on this, my first visit to the city of St. John.
I have already noticed the signs of prosperity in every direction which you refer to, and which cannot fail to continue to develop as increased facilities for commerce are provided at your port.
You call attention to the part the city and province have taken in furnishing a portion of that force from the dominion now fighting side by side with their brothers from the old country in Africa, and whose gallant behavior has won universal admiration.

ehavior has won universal admirati behavior has won universal admiration.

This patriotic movement cannot fail to bind together, more closely than before if possible, the ties that unite the mother country and the great dominion in which your city and province have an honored place. city and province have an honored place. I am glad I was able to pay St. John a visit this season, and shall look forward with pleasure to coming again on some future

AT ST. JOHN'S CHURCH. On Sunday morning, the announcement that a detachment of the sailors from the men-of-war now in our harbor would attend service at St. John's church, filled that edifice to its fullest | 12.-Harvesting is now well advanced, extent, many being unable to find places. The band of the 3rd Canadian Artillery preceded the sailors in their march to the church. The service was considerably shortened, in compliance with the regulation of the ships, the sailor's dinner hour being noon. Hymns 264 and 499 ("O God, our help," and "Crown Him with many crowns") were sung with fervor by the vast congregation. The special Psalm was No. 145, and the lesson Ephesians vi., from the 10th verse of which chapter the rector took his text: "Be strong in the Lord." After referring to the emphasis laid on strength both in the Old and New Testament, the preacher showed that something far beyond physical force and courage was meant by St. Paul. Those qualities all men recognized and revered, and if they wanted to learn the perfect embodiment of strength against external perils, the perfect appliances and discipline of a vices as organist during the nast year modern warship could teach them an ideal lesson. But Paul meant moral courage also, and he meant a strength showers of rice and good wishes. that neither human courage or human discipline can impart. Moral courage can do its duty, in spite of fashion, in spite of criticism, in spite of ridicule and unpopularity. A man may be a hero under fire and a coward before sneers and ridicule.

"Strength in the Lord" comes from God's gift alone in a Saviour's love. Their guests that day would bear away with them their loyal admiration and their most friendly good wishes. But also their prayers that today, nominated J. Harris McClellan those who might at any period be called on to face war in its most ter- i house.

rible aspect, should be one and allarmed with that divine strength which gives victory over self and sin. Noble were the words of Nelson before the Nile: "Victory or Westminster Ab-bey!" But the Christian could look But the Christian could look higher and further. The victory for which he strove assured him the eter.

nal kingdom. At the conclusion of the service the sailors immediately returned to the

ships. A number of the officers, including Capt. F. R. Pelley, were also present

AN AMERICAN OPINION

The following is copied from the

Pawtucket, R. I., Times of Sept. 8th . The coming of the first week of September marks the return of many of our citizens who have been vacationizing in distant parts. Among those who returned this week is Thomas Hannon, a well-known young man in this city. He has been spending his vacation in St. John, N. B., where he has been the guest of J. J. McCaffrey manager of the Dufferin, one of the leading St. John hotels. Mr. McCaffextends far and wide among the provinces as the "American Traveller's Friend," principally because he spares nothing in order to secure for the visitor as pleasant a recollection as possible of his stop at St. John, when he returns to his home. The city itself is one of the most beautiful places that one would care to visi Here can be seen the reversible falls located on the St. John River, one the most startling things about the falls is that the tide falls 25 feet when coming in and registers a fall of 30 feet when receding. Among other things for which the city is noted is its handsome natural park. Here you find about every known animal run ning carelessly about and presenting sight rarely found here in the States

TIPS IN LONDON.

Want Wages and Mustaches LONDON, Aug. 23 .- Every now and then the ordinary Londoner is surprised to hear their organ, the Waiters' Record, that waitis declared, and the proud soul of the waiter daily, almost hourly, is writhing under the constant insult. To the ordinary frequenter of the London hotel or restaurant the polyglot crowd of waiters seems to pocket the insult like Pooh-Bah, without the slight est objection—provided of course that it big enough. The union waiter, however, he of the proud and writhing soul, declar that he wants adequate wages, no tips, and freedom to wear a mustache. Inquiries at some of the leading hotels and restaurants in London show that the union waiters are few in numbers, and that their souls will probably have to go on writhing under the degradation of the tipping system. At the Cafe Monico regular waiters are glad to pay the proprietors from eighteen pence to four shillings a day for the privilege of waiting, according to the position. Good waiters, said the manager prefer tips to wages. At the Metropole, and pound a week; at the Criterion some are paid ten shillings a week and some nothing;

occupies some four hours. As one manager remarked, even if waiters received wages, the public would still go on tipping; perhaps the union waiter also is of this opinion, and is therefore anxious to add a comfortable wage to his comfortable but degrading tips. But one waiter suggested that if tips were abolished, he and his colleagues would in many places dis appear, and be replaced by girls, "for the employers wouldn't pay men's wages, when

they could get girls so cheap. INCOMES OF RULERS

Considered Generous. In connection with the reported intention of King Humbert to sell, or turn over, the greater part of his innumerable palaces to the state, a comparison has been made between the emoluments of the different rulers of the world. Republican governments are merely £10,000 annually, the Swiss president has to be satisfied with £500, and the two regents of the republic of San Marino have nothing at all for themselves and only £48 yearly for exceptional expenses. Perhaps the richest monarch is the Czar of Russia. His civil list is placed at £1,-000,000, while his Siberian mines and landed of Russia. His civil list is placed at £1,-000,000, while his Siberian mines and landed property each yield about £2,500,000 yearly, that is £6,000,000 annually. The Emperor of Germany has roughly about £1,600,000 a year, while King Humbert's civil list was £570,000, more than that of Queen Victoria, which is £385,000.

The Sultan of Turkey, from real estate and empluments as head of the state gets. and emoluments as head of the state, gets annually about £1,700,000. The Shah of Persia is much better off. His civil list is £480. 000, and his personal estate is valued at £6,000,000. In Portugal and Greece the monarchs are content with £52,000 yearly, while one hears no grumbles from Section

#### HUGH JOHN MACDONALD.

The Manitoba Premier Who is to Oppose Hon, Mr.

Sifton,

Makes a Splendid Speech and is Most Enthusiastically Received in Montreal.

a leader in whom every member of the

party has the utmost confidence. (Tre-

mendous cheers. We have no ques-

tion dividing us, we appear as we did

in the old days, as representing what

we believe to be in the Canadian in-

terests, and I am confident, just as

confident as I was before the last

election in Manitoba—(cheers)—that

when the votes are counted we shall

find that my honored friend, Sir

Charles, is the prime minister of Can-

ada. (Renewed cheering.) But there

is another advantage we have on this

occasion, and it is a great one. We

were placed in an awkward position

during the last fight by the fact that

the conservative party had been in

record. (Laughter and cheers.) They

which they came before the electors.

have not fulfilled the pledges they

made when asking the people for their

votes. That gives us an immense pull

were against us to our side. They

in our part of the country. He be-

get into power the duty would be

woods one day with his axe, when

him and it was making for him. He

pledged themselves to when the govern-

ment came before the great electorate

of Canada asking for their support,

and I think you will all agree with me,

servatives, that it is the duty of a

party when asking the electorate to

support them to tell them plainly what

they are going to do. (Cheers). That

is the thing that makes me proud to

be a conservative, because, rightly or

wrongly, the conservative party have

always told the people when asking

for their vote what their policy was.

(Hear, hear and cheers). Look at

1878, when they introduced their na-

tional policy, when the house met it

was attacked by men of great ability

like Alexander Mackenzie, Edward

Blake, Richard Cartwright, and

others. They all attacked it. They

said it was unworkable; that it would

ruin the country, that it would not

produce the reform it was suggested

in introducing their policy the con-

servatives had not carried out the

promises they had made to the people.

Sir Alexander Mackenzie said in the

house that they had tot only redeem-

ed their pledges, but had gone far be-

yond their promises. (Cheers). That

was a right position for a party to

take, and it was the position of the

conservative party at the last election.

(Renewed cheers). They went before

the electorate with a clearly defined

policy. A large number of the elec-

tors did not think it for the interests

of the people; but there was not one

intelligent man in Canada who did not

know what that policy was; and the

policy of the conservative party does

I can tell you now, speaking as a

humble member of the party, that

what we fought for in 1878 in the

shape of the national volicy is what

we are fighting for today. (Renewed

cheers). We believe in protecting our

own interests—(cheering); we believe

in protecting our own workingmen-

(renewed cheers); we think a man is

entitled to a fair day's wage for a fair

day's work. That was the conserva-

tive policy in 1878, and it is the con-

servative policy in 1900. (Renewed

cheers). And there is no false note

struck by any prominent man on our

side today. Every man when ad-

dressing the electors states what the

party will do if returned to power.

You can judge of the future by the

past, and if we return to power you

may be sure you will know what the

would ask you to glance briefly over

conservative party are going to do. I

the platform laid down by Sir Wilfrid

Laurier and his colleagues before the

not change. (Cheers).

power so long that, practically speak-

Mr. Quinlan says: "For years I have been a victim to one of the most dreaded forms of catarrh. My vocal organs became gradually affected, and last autumn I could not speak above a whisper. I used many remedies, but they did not help. At last the dector said I should have to go to the hospital, where I could be given proper treatment. Two months in Lunenburg Hospital falled to benefit, so I went to Halifax Hospital, but in three weeks the doctors said nothing could be done, and I returned home. Finally a friend advised me to use a semple of Catarrhozone, and the result was se encouraging that I continued the treatment. In a few weeks my voice became much strengthered and in a month and a half my power of speech was completely restored. Neighbors and friends concur with me that Catarrhozone is the only cure for catarrh and throat affections. Hundreds of dollars expended in other ways will not benefit as much as one expended on Catarrhozone." Hon. Hugh John Macdonald in his speech the other day at Montreal said: "We go in not as a divided party; we have no breaches in our ranks, going in well disciplined, well drilled, and well officered, and under

CATARRH.

failed to benefit.

almost lest his voice from the effects of

Catarrh. A case that baffled the doctors

and which months of hospital treatment

CATARRHOZONE CURED.

### CATARRHOZONE

Is a never failing cure for CATARRH, BRONCHIJIS, THROAT IRRITATION. It is a new scientific method of treatment, that we guarantee to cure these diseases or money refunded. The medicated air, when inhaled, spreads to all portions of the nasal passages and bronchial tubes, where it kills the germs, and at the same time scothes and heals the sore membranes.

Complete outfit, six weeks' treatment, price it; extra bottles of inhalant, 50c. At druggists, or by mail. Twenty-five cent trial size for 10c. in stamps, from N. C. Polson & Co., Kingston, Ont. & Co., Kingston, Ont.

ing, nearly a new generation had last election. It was a platform caregrown up and the majority of the elec- fully prepared; and what was the cartors had forgotten the time the re- dinal note? That they were going to formers were in power before, those eliminate every trace of protection dismal days of deficits and soup kit- from their fiscal policy. Have they chens-(hear, hear and cheers)-they attempted to do away with protechad then no record to which we could tion? Have they not stolen our refer; but now they have been in clothes? It is a mighty good thing for Post, and has many relatives in Kings, power between four and five years the country that they have done so and have built up a record—a mighty because they are a great deal better off now than in the ragged tattered have broken nearly every pledge on remnants they had on. But their clothes remind us very much of my It matters not what a man's political own appearance if I were to be habitopinions are, they must admit they ed, for instance, in the garments of the chairman. They would be much too large and the trousers vould bag at the knees. (Laughter). The contoday and has turned interests that servative suit was made for large men, but it was very :nuch better than tell a story of an Icelandic citizen up they had on before, and it was a very good thing for the country that lieved that if the reform party could they have made this theft. There is not a thing that entitles the governtaken off lumbering instruments and ment to the confidence of the electors now, and I shall be surprised if the farming implements. Believing these pledges he voted and worked for Sir people of Canada do not when they Wilfrid Laurier. He was out in the mark their ballot, show they believe in public morality, and that when a turning round he found a bear near party comes before them pledged to a certain policy they will show that it dropped the axe and ran away as hard shall be carried out. (Cheers.) I hope as he could. The bear followed him, everyone present will weigh very running faster than he could, so, see- carefully the position before marking ing a large trunk of a tree lying on his ballot; that he will look at the the ground with a hollow in it, he matter fairly from the standpoint of crawled in to escape the bear which the best interests of the country; and was following him. He crowled up the if he does so I am not afraid of the hollow part as far as he could go results. THE DEATH ROLL.

whether you are reformers or con- Two New Brunswickers Die in British Columbia. Capt. Henry F. Cana of Yarmouth

died recently at Batavia, Java. He leaves a widow and three young children. Dr. Arnold, dentist, was found dead in his room at Stanley, N. B., on

Thursday. Mrs. Baird, relict of the late Col. W. T. Baird, died at her late residence, Northampton, Carleton Co., on Thursday, aged 80 years. The surviving children are Mrs. Dr. Ayer of Amherst, N. S.; Mrs. Marshall, wife of Rev. Thomas Marshall of St. Stephen; Cal. John B. Baird of Northampton; and

H. Paxton Baird of Woodstock. After an illness of but a few days it would: but not one of them said that Hugh J. Doherty, a clerk in Watson's Douglas avenue grovery, died last evening, as a result of an operation for peritonitis. He leaves a wife and four

children. Says the Vancouver World of Sept. :-"Three short months ago Hugh R. McCormack of Grand Falls, New Brunswick, bade good-bye to his aged parents and left for British Columbia to take up his residence in this province. Today his mortal remains were sent east on the Imperial Limited. Mc-Cormack was doing well here, when taken sick. He went to the city hospital, but his case was a hopeless one. Thomas McCormack, the deceased's brother, accompanied the remains."

The World also has the following:-"The remains of the two comrades, W. A. Lund and A. E. Vaughan, whose tragic deaths occurred last Saturday night at Powell river, will be placed in their last resting places tomorrow afternoon. The funeral will be a double one, word having been received from the late Mr. Lund's folks in Sackville, N. B., to have the body of their son interred in this city."

THE QUEEN'S THANKS.

W. M. Wallace is the proud possessor of a letter that he values more than any other he has ever received. The letter is as follows:

The private secretary is commanded by the Queen to thank William M. Wallace for his letter of the 10th ult., and for the copy of his song, The Queen's Brave Canadians, which accompanies it.

4 September, 1900. Buckingham Palace.

ROY H. MCCREADY MARRIED. He is a Brother of the Editor of the Sackville Post.

The marriage of Roy H. McCready and Miss Annette M. Russ, only daughter of Walter E. Russ, took place Wednesday afternoon at 2 o'clock, at No. 33 Holyoke street, Brewer, Me., which has been newly fitted for the occupancy of the young couple. The house was very prettily deeprated for the occasion with ferns, plants and flowers, the decorations of the parlor in which the ceremony was performed

being especially attractive. In the presence of immediate relatives and friends the nuptial knot was tied by Rev. Benjamin B. Merrill, pastor of the First Congregational church of Brewer. The bride was charmingly attired in a pastelle broadcloth travelling suit and carried roses. The wedding march was played by Miss

Alice Ray, a cousin of the bride. The bride is an accomplished young woman of musical attainment, making her one of the popular accompanists of the city. Mr. McCready is train despatcher for the Bangor & Aroostook railroad and is held in high esteem by the officials and employes of the road and his acquaintances. The young couple were generously remembered with wedding gifts, beautiful and useful, and included a handsome china cabinet, from the general officers and the employes in the general offices of the Bangor & Aroostook railroad.

Mr. and Mrs. McCready left on the 3.20 train east for an extended wedding trip lasting about three weeks. They have the hearty congratulations of all their friends for a long and happy wedded life. They will be "at home" Oct. 15.—Bangor Commercial. [Mr. McCready is a son of Cyrus W. McCready of Apohaqui, and was formerly on the I. C. R.. He is a brother of A. W. McCready, of the Sackville St. John and Westmorland counties.]

C. H. PETERS' SONS' TANNERY. It Will be One of the Best Equipped in

The new tannery being built for C. H. Peters' Sons, on Erin street, near the foot, is fast taking shape. All of the several buildings have their frames up, and the contractors are putting forth especial effort to make it possible for stock to be manufactured during the first week in December. The land taken up by the tannery buildings extends from the Aberdeen school to Hanover street, and back to the water, and the architect has located the various departments so as to make them exceedingly convenient.

Railway sidings are to be run in beween two of the principal structures, making it possible to unload bark at the very building in which it is used, and with water facilities in the rear the expense of cartage is to be entirely eliminated.

The boiler and engine house will be 40x40 feet, and built of brick and stone. Then comes a bark storage yard, 200x 100 feet. In the rear of the boiler Erin street the currying shop is situ mensions being 140 ft. 6 inches long, 50 feet wide and three stories high. In the rear of this the tannery and beam house is being built. It is two stories Next to the school building is the jaare numerous smaller structures about the grounds, such as barns, hide

houses, etc. When completed the new Peters' tannery will be the most up-to-date in taken. Canada. The plant to be installed is contractors for the buildings are: John Duffy, who is erecting the beam doing themselves.

THE QUEENS CO. CAMPAIGN.

Horton B. Hetherington of Queens county, who will oppose Hon. L. P. Farris in Queens county, in the interests of the conservative party at the approaching election, came to town this morning. Mr. Hetherington says he and J. D. Hazen, M. P. P., held a rousing meeting in the Hampstead hall last evening. Councillor Nickerson occupied the chair, and the speeches delivered by Mr. Hazen and himself were very well received. Hampstead and vicinity gives every evidence of a favorable result for her majesty's loyal opposition on polling day. Altogether Mr. Hetherington has addressed fifteen meetings during the short campaign and finds favor with

all his audiences.

DEATH OF A. G. BOWES. By the death of Archibald . Bores, which took place last Thursday. St. John loses one of its oldest and most respected retired merchants. Mr. Bowes had been sick for some three months, but his condition was not regarded as serious until a fortnight ago. He was born in Edinburgh, Scotland, in 1826, and came to St. John with his father, John Bowes, in 1836. He was educated in this city and was apprenticed to E. Stephen of Water street in the tinsmith trade. His father was drowned in the harbor two years after his arrival here. In 1854 he entered into a business partnership, the firm being Bowes & Kennedy, which was dissolved in 1868, and from that time he conducted business alone until 1872, when the firm of Bowes & Evans was formed. . That connection was severed by the great fire of June, 1877, after which Mr. Bowes again carried on business alone, retiring about two years ago. In 1852 Mr. Bowes married Isabelle, daughter of James 'ender of Petersville, Queens Co., who, with one son, John A. Bowes, editor and proprietor of the St. John Gazette, survive. Mr. Bowes was a faithful attendant of St. David's Presbyterian church.

THE PROPERTY OF THE PROPERTY O Cosmetics and Face-Washes

...ARE NEVER USED

by the sensible woman who really values her complexion. The cause of a sallow color, of pimples and of unsightly blotches cannot be removed by caustic bleaches.

## Abbev's Effervescent Salt

when taken regularly, and as directed, strikes directly at the seat of the trouble. It restores the healthy action and appearance of the skin, by stimulating in a natural manner the organs of digestion. When the stomach, liver and bowels are healthy, the skin will be healthy too.

A pamphlet explaining the many uses of this scientific preparation will be mailed free on application to The Abbey Effervescent Salt Company, Limited, Montreal.

TIEN TSIN, Sept. 13, via Shanghai, Sept. 15.—The Russians, it is reported here, are rapidly pushing troops into Manchuria, where all indications point to extensive operations before the arrival of winter.

They have suspended work on the railroad to Pekin, which adds to the complications. It is believed that their object in this is to compel the other powers to consent to the destruction of Pekin.

The Tu Liu expedition has returned to Tien Tsin. The march back was unopposed and it is reported that the Boxers have retired in force to a village thirty miles up the grand canal. The Americans did not participate in the burning and looting of Tu Liu, and this caused considerable comment among the other commanders.

The 6th U.S. Cavalry, it is reported here, have been ordered to camp at Yang Tsun, up the Pei Ho, with a view of strengthening the line of communications. The regiment will take two heavy guns. Twelve thousand Germans have ar-

rived here. Corporal Hughes of the Third U. S. Artillery was killed and his companion wounded, while attempting to force a passage of the French bridge after dark.

(Copyright, 1900, the Associated Press.)

PEKIN, Sept. 11, via Taku, Sept. 14. -The allied generals were in conference four hours today, the principal panning shop, but about sixty feet topic being how best to encourage the from the main buildings. Then there Chinese to return to work. It was agreed that looting should cease and that foraging parties should hereafter be accompanied by an officer, who should give receipts for all supplies

The question of wintering at Tien fully up to the hour in the way of im- Tsin was brought up with a view of provements, and in view of these fa- ascertaining, if possible, the attitude cilities several new lines of goods will of the Russians. General Linevitch adbe added to Messrs. Peters' list. The mitted that most of his troops would

winter there. At the Japanese legation is it not house, tannery, currying shop and believed that the man who claims to japan house; Charles Tilley, who is have killed Baron Von Ketteler is the doing the boiler shop, brick and ma- actual criminal. The Japanese believe sonry; Alfred Dodge, the woodwork, that he has been paid to accuse himand the leech house Messrs. Peters are self by the Russians, in order to discredit Prince Ching. The Japanese favor Prince Ching and the lins ins Li Hung Chang.

The Sixth U. S. Caval will leave comorrow for the western "ills, where s located the summer house of the U. S. legation.

Two thousand Germans, under Gen. Hoepfner, have left for Siang Haian (Liang Niang?), a walled city, occupied by Boxers, who recently attacked a party of German soldiers. The city has one gun.

ST. PETERSBURG, Sept. 15.—Official despatches received here announce the capture of Fuljarda on Sept. 8, giving the Russians com-mand of the Manchurian railway.

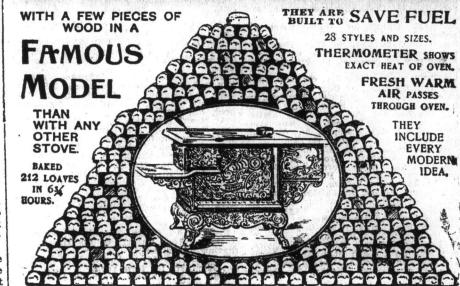

SCH. WINNIE LOWRY IN TROUBLE.

NEW YORK, Sept. 16.—The schr. Winnie Lowry, Capt. Smith, of Boston, which sailed from St. John, N. B., for Philadelphia, laden with laths, was overtaken by the storm off with laths, was overtaken by the storm off Sandy Hook early this morning and was picked up by tug Wallace B. Flint and towed into Red Hook. When sighted by the Flint the schooner had lost ther mainsail and jibs and was dragging her anchor in an attempt to keep off the shore outside the Hook. The captain and seven seamen were uninjured.

We built it out of the ormoz stone, And the amethyst, with its purple zone; We set white illies beside the door, And strewed the myrrh leaf on the floor; Out of the marble snow white and rare; One chamber of gold in a sea of white We built to the east for the morning light.

THE HOUSE OF LOVE.

(Folger McKinsey in Baltimore News.)
We built it out of a summer dream,
With hopes of wonder for arch nad beam;
We cleared a spot in the rosy lane,
Where oaks gave shelter from sun and rain;
We wasted wealth of our fancy there

that haven we built from the world of care.

It grew from the sill to the vaulted dome,
A sweet love nest and a love sweet home. There were secret ways through the tangled wood
To the spot where its walls of jasper stood;
There were chestnuts bending above the

moss. And the pine spread arms like a wayside cross; There were wildwood blooms for the feet to And the low, sweet plaint of the thrush's call; There were 'aith, and trust, and the song of life
In the rooms that were walled from the stress and strife.

Cne to the west was of crimson sheen For the sunset ribbons to flash between, And one was the secret room of the heart, Where thou, O Love, didst reign apart From the dust that stifles the voice of song, Where the feet go by of the hurrying throng, From the road and rumble that thrill the In the hundred haunts of the human fray.

We built it out of a summer dream,
We followed the path of the far-off gleam,
Hend in hand to our hopes we went.
Under the lanes where the chestnuts bent.
And what if the house were a house of dust?
And what if we wasted our faith and trust?
And what if it crumbled away at our feet?
We had our cream—and the dream was sweet!

NEWFOUNDLAND.

ST. JOHNS. N.F., Sept. 15-Further reports ST. JOHNS, N.F., Sept. 15—Further reports from different sections of the island show a number of schooners lost, though fortunately without many fatalities. Several schooners, however, are still missing, and the fishing fleet on the Grand Banks has not reported yet. The Labrador coast, it is feared, suffered considerably. No news has been received from there for some days.

PRINCE HENRY OF HESSE DEAD.

MUNICH, Sept. 16 .- Prince Henry of Hesse died here today.

#### BOSTON LETTER.

Fierce Forest Fires Raging in Massachusetts, Many Houses Burned.

Former St. John Lady Applies for Divorce - Race War Between French and Irish Catholics in Massachusetis-Lumber Firmer.

(From Our Own Correspondent.) BOSTON, Sept. 13.-The annual fairs, the leading events of the year in most New England agricultural communities, are now in progress. Boston is also having a fair, but this one is on the stage at the Park theatre, where Neil Burgess has revived his old-time play, The Country Fair. The dry weather which has prevailed for weeks continues, and has caused heavy damage in the country districts. Yesterday, during a terrific

gale, it seemed as if nearly all sections of eastern Massachusetts were aflame. Great fires were burning in the woods on all sides, and during the day a large number of cottages within the fire belt were swept out of existence. The woods are as dry as tinder, and a fire once started gains rapid headway, in spite of all efforts to subdue it Last night the skies were brightly illuminated by the flames in Norfolk and Plymouth counties, where thirty

square miles were burned over.

A bill in equity, asking for the appointment of a receiver for the Corcoran, Hill & Oldham Mining Company, of this city, has been filed, and Judge Knowlton of the supreme court has ordered that a notice issue to the defendants, returnable Sept. 18th. The bill is brought by Springfield, Holyoke, Northampton, Amherst, Boston, Lynn and Worcester stockholders against the company, and J. Burpee Neily of Boston, Benjamin N. Poole of Rockland and H. E. French of Newton, directors of the corporation. The concern owas miling property in Nova Scotia, part of which is situated near Halifax. The company was incorporated under West Virginia laws, with a capital of \$500,000. The bill alleges that the defendant company is owing a large amount of money, is threatened with suits, and is insolvent. It also alleges negligence on the part of the board of directors, and that Neily, French and Poole, by misrepresenta-

tion, have made fraudulent secret profits, which were converted to their own use, and thus defrauded the company and its stockholders of its capital stock and profits, to wit, 499,900 shares of the authorized stock of the The superior court of Middlesex county has been petitioned by Mrs.

At Hillsboro, Sept 12, schs Nellie J Sawyer, Willard, for Newark; E A Lombard, Dixon, for Waterside.

Mrs. Vanwart alse asks for the custody of her nine year old daughter, Cora May. It appears that this case came up in the courts at Cambridge last winter, but owing to some legal complication was put over until this summer. It will be heard October 1.

> The bitter warfare between the Irish and French Roman Catholics of North Brookfield, tihs state, continues, and Rt. Rev. Thomas D. Beaven, bishop of the diocese of Springfield, has given notice that all persons attending St. Anne's church, in North Brookfield, after Sunday next, will be placed under the ban of excommunication. This order includes also Father Jean Berger, the pastor. The French Canadians of the district are numerous, and for a long time have requested to be allowed a new church, or a priest speaking French at the old church. Both requests were refused, and, as a result, the French Canadians formed a church of their own. Many persons think that the bishop will not carry out his excommunication decree until

> further efforts in the interest of peace are made. Deputy Superintendent William H. Pierce of the Boston police department will spend a three weeks' vacation in St. John and vicinity.

Thomas Mansfield, formerly of St. John, died at 38 Leverett street, this

city, on Sept. 10. Spruce lumber appears to be in good demand here, with the yard owners still buying quite freely in order to replenish their depleted stocks. The eastern mills appear to be busy, and prices are firmly held around the agreement list. Laths are improving and there is a better call for laths shipped by water. Laths, 15-8 in., are quoted at \$2.60 to 2.75, and 1.1-2 in. at \$2.25 to 2.30. Three cargoes of provincial arrived here recently with over 350,000 feet, 31,538 feet of piling and 3,376,000 shingles. Shingles are somewhat firmer with the market better sustained. Extra cedars are worth \$2.60 to 2.70; clear, \$2.25 to 2.35, and second clears, \$2 to 2.10. Hemlock is in small supply and firm at \$13 to 15 for Canadian. For spruce dimensions, 10x12 inch, \$17 is still asked, \$15 for nine inches and under, and \$14 for

nerchantable boards. The mackerel supply continues liberal, with prices out of vessel in the vicinity of \$9 for plain and \$10 per bbl. for rimmed. Large shore codfish and dry bank fish are scarce. Trade, however, is not especially active. Large dry bank are worth \$4.50; medium. \$3.50 to 3.75; large pickled bank, \$4.25 to 4.50, and large shore and Georges, \$5 to 5.50. New Nova Scotia barrel herring are coming in and are bringing high prices. N. S. large split are worth \$6.50 to 7, and medium \$6 to 6.50, Live lobsters are steady at 16c., and

boiled are worth 18c.

ART CRITIC DEAD. NEW YORK, Sept. 16.—John B. Randolph, a well known art critic of this city, was killed by a fall down stairs in his residence on West 121 street today. The accident took place shortly after midnight and death came at a hospital at 9 a. m., his skull having been fractured by the fall. Mr. Randolph, for years, had been the purchasing art critic for the Goulds, Huntingtons, Mills and several other prominent families. and several other prominent families. NEWPORT, Vt., Sept. 15.—The first from the remode the rest of cold in one day along the Canadian border today.

CONSERVATIVE RALLY IN QUEENS. Enthusiastic Meeting Held at Hampstead HAMPSTEAD, Queens Co., Sept. 14.—Mr.
Trafton of the Reformed Baptist church held meetings in the hall here on Sunday morning and Monday evening.
The Central Hampstead F. B. Sunday school held their picnic at Williams on Saturday afternoon.

At the meetings held in the Westelling No. meeting held in the Woodville hall

At the meeting held in the Woodville hall here in the interest of the liberal conservative party, addresses wre made by J. D. Hazen, M. P. P., and Horton Hetherington, the candidate in Queens to oppose L. P. Farris. The addresses were good. Mr. Hatherington dealt in a masterly manner with the canvasses used against him by Mr. Farris and his party, showing from what source the government campaign fund came. He also set forth the platform of the opposition, which, if elected, he would support. He was applauded throughout his address. J. D. Hazen, M. P. P., was heartily greeted and three cheers and a tiger were given for him. He dealt with the financial and bridge questions in his able speech. He said he came to give facts which were very important and which the public should know. He showed the government to be nothing but a mass of corruption and trickery, and asked the people to support Mr. Hetherington. ed the peorle to st pport Mr. Hetherington. David O. Nickerson, conucillor for the parish, acted as chairman of the meeting.

The meeting closed with cheers for the speakers and the Queen.

At the close of the meeting a number stepped to the platform and signed Mr. Hetherington's nomination paper.

### ST. ANDREWS NEWS.

ST. ANDREWS, Sept. 13.-Miss Banks, housekeeper at the Algonquin during the past season, and William James, the genial porter, left by the C. E. A. Cockburn, Mrs. and Miss Cockburn, have gone to visit the St. John exhibition. Miss Marguarite Parker and Miss Bessie Grimmer have gone to resume their studies in the Ladies' college, Edgehill, Windsor, N. S. Dr. Charles Kennedy of Charlottetown, P. E. I., after a short vacation spent with his parents, Angus and Mrs. Kennedy, has left for the Island to resume the practise of his profes-

sion there. Daniel Craig last week in one tide seined out of his weir off Ministers' island one hundred and sixteen hogsheads of sardine herring, which netted him four hundred and sixty-four dollars. E. L. Andrews has a quarter interest in the weir.

### CURRYVILLE, ALBERT CO.

CURRYVILLE, Albert Co., Sept. 14. -Detective Peck and Constable Spencer made a flying visit here today. Their business was the arrest of a gentleman hailing from Arabia, who Daniel, and to their left were Majors for some weeks has been working at Edwards and White, acting A. D. C.'s the Dimmock plaster quarry and to the governor and their staff. The boarded at the Klondyke hotel. The guests, as they entered, were preinformation was laid before Willard sented to the guests of honor and pas-O. Wright by Frank Richards, a native of Bonaventure Co., Quebec, who was a fellow-laborer and boarder with Joseph Rood, the accused. The charge is theft of five dollars and a pocketbook. The accused was taken before the magistrate tonight and remanded until ten o'clock in the morning. Joseph H. Dickson, Q. C., clerk of the peace, will appear to prosecute.

QUEENS COUNTY HAPPENINGS. WHITE'S COVE, Queens Co., Sept. 11.— The present dry weather has been very in jurious to potatoes and buckwheat. In many sections late potatoes will not be worth discours. jurious to potatoes and buckwheat. In many sections late potatoes will not be worth digging.

J. E. Austin, who has been laid up with a bad gash in his leg, is able to attend to his duties again. Fred Durost, who has been engaged in the steward department of the tug boat Winnie during the last few months, is now home suffering with lung trouble. He is attended by Dr. M. C. Mc-Donald. William Molaskey, sr., of Lower Jemseg, is prostrated with sickness.

James Campbell of Cherry Hill, died on Tuesday last, after an illness of several W. A. Ferris, who had the contract for roofing and painting the Baptist church at Mill Cove, has completed the job. He is now engaged in new roofing the Methodist

now engaged in church in this place.

Church in this place.

Warren E. Molasky and Samuel Knight, warren B. Moiasky and samuei Knight, who have spent the summer in Portland, Maine, arrived home on Thursday on a short visit to their parents. Mrs. George Kierstead of Kiersteadville, Kings Co., is visiting his sister, Mrs. C. W. White.

Take no other as all Mixtures, pills and mitations are dangerous. Price, No. 1, \$1 per box, No. 2, 10 degrees stronger, \$5 per box. No. 1 or 2 mailed en receipt o price and two 2-cent stamps. The Cook Company Windsor, Onter Nos. 1 and 2 soid and recommended by \$1 responsible Druggists in Canada.

No 1 and No. 2 sold in St. John by all Wholesale and Retail Druggists.

## LT. GOVERNOR'S

RECEPTION

In Honor of Vice-Admiral Sir Frederick G D. Bedford

One of the Most Pleasant Social Events for Many Years.

The reception given in the Assembly Rooms, Mechanics' Institute, last Monday, by Lieut.-Governor McClelan, in honor of the visiting admiral, Sir F. G. D. Bedford, K. C. B., was one of the most largely attended and most enjoyable functions ever held in St. John. The rooms during the day were in the hands of A. O. Skinner and his corps of decorators, and the wonderful transformation effected reflects great credit on their skill and good taste.

The reception room was tastefully decorated with bunting and pictures. the windows and doorways draped with handsome curtains and portiers. while chairs, lounges and settees, interspersed with palms, potted flowers and fur rugs, covered the floor. Where the host and guests of honor stood was a beautiful Oriental rug, and back of this the New Brunswick ensign and the Naval Jack were gracefully draped. to st pport Mr. Hetherington. In the dancing room, walls, ceiling and pillars were hidden by beautifully arranged red, white and blue streamers. over the centre of the room the Canadian ensign and the Naval Jack hung gracefully intertwined, the glare of the lights was softened by rosettes of tinted paper, around the room hung battle pictures and portraits of British heroes, and at opposite ends of the room were portraits of Her Majesty and the Prince of Wales, protected by

crossed rifles, with bayonets fixed. The luncheon room was profusely decorated after the same manner, with tricolored bunting and flags, but the table was by far the most attractive portion, especially as the hours drew on toward morning. On the table, beautifully decorated with flowers, reposed a collation worthy even of Messrs. Raymond & Doherty. Jellies. ices, salads, cold meats and fowl, fruits in profusion and variety, and all displayed in the best taste of these well known caterers, were indeed refreshing as well to the sense of sight

as to the taste. The reception began at 9 o'clock. In the middle of the reception room, to the right of those entering, stood the Lieut. Gov. and Mrs. McClelan, in front of the New Brunswick ensign, tastefully draped. To their right was Vice-Admiral Bedford and Lady Bedford, and at their right was the admiral's A. D. C. and staff. To the left of the lieut. governor stook Mayor and Mrs. sed on to the ball room.

Shortly after ten o'clock the reception room was cleared, and here and in the ball room, to the music of Harrison's orchestra, hundred of happy couples whiled the passing hours with whirling feet until the wee sma' hours. when all departed, tired but happy. and enthusiastic to the distinguished host for his delightful and bounteous hospitality. About twelve hundred invitations

had been sent out and nearly all accepted, but many, of course, were unable to attend:

### BIG COAL STRIKE.

FHILADELPHIA, Sept. 16.- That the strike of the mine workers in the Anthracite regions of Philadelphia, which President Mitchell, of the United Mine Workers of America, has officially ordered to be gin tomorrow morning. will be one of considerable magnitude seems certain tonight from reports received from the regions affected. It seems equally certain that a number of operators will make an effort to run their collieries, even though shortharded, but whether they will be successful orly can be determined when the breaker whistles sound the cail to work.

Today was one of quiet throughout the entire ccal district. The mine workers were orderly and their leaders were busy addressing meetings to encourage and enthuse the members of the union and to will over such of the non-union men as they could. Many of these latter, although not fevering a strike, will, it is the general opinion, remain away from the mines rather than bear the criticism and reproaches of their fellow workmen.

An effort is being made tonight to have A chbishop Ryan of Philadelphia act as arbitrator. Father Phillips of Hazeleton, who has been labering hard to effect a peaceful settlement of the United Mine Workers, urging him to delay the strike until Archbishop Ryan shall have exhausted his efforts. dent Mitchell, of the United Mine Work-
