

### MANY AFFLICTED IN NORTHERN VICTORIA CO.

Spanish Influenza Shows No Signs of Abatement in That Section.

### IMPROVEMENT SEEN IN OTHER PLACES

Many Cases of the Disease Exist in the Vicinity of Newcastle.

Special to The Standard.

Grand Falls, Oct. 22.—The mortality during the past three weeks in the northern section of Victoria County are probably the greatest this part of the province has ever experienced. Not a day passes that two and three deaths are not reported. The Spanish influenza shows no signs of abatement, and in some of the county districts throughout the county it is on the increase. In such districts as Combes Ridge and in the Parish of St. Andre, there are whole families suffering with the disease.

Three deaths were reported today, John Dubay, William Orr, and Moses Des. The last named died after an illness of about three weeks as the result of eating poisoned salmon.

On the river front, and more especially in the portage section, practically every house has one or more cases of Spanish influenza.

Seven in One House.

One house is reported with having no less than seven cases. Doctors Guy Puddington, Chapman and King are working day and night endeavoring to stamp out the epidemic, but are considerably handicapped in their effort owing to the shortage of nurses. It is stated that several of the boys home on leave, and who are to report to St. John this month, have contracted the disease and, owing to the conditions as they exist at present, it is stated that it would be in the interest of the boys now in barracks to refrain from calling the farmers from this part of the county until there is an improvement. It is estimated by medical men that there are well over a thousand cases in this district.

### FORTY-SEVEN ARE ILL IN WOODSTOCK

Special to The Standard.

Woodstock, Oct. 22.—There have been three deaths this week from pneumonia. Although the doctors will not admit that there is any Spanish influenza in town, there are forty-seven persons sick with colds and the grippe. Harry Morehouse died on Sunday, and Edgar Fisher on Monday. The latter is a native of Harland, and is survived by a widow, Fred Jacques, son of the late Mr. and Mrs. J. M. Jacques, also died.

### TWO DIE IN ALBERT CO.; FATHER DONAHUE ILL

Riverside, Albert, Oct. 22.—The second and third victims of the influenza in Albert died Sunday. William Fullerton and Frank Fillmore were the latest to succumb. All the other cases are making progress towards recovery. In the last four days there have been four new cases in families not previously affected. Dr. Murray,

temporarily run out of the vaccine but more is being prepared. It will be about two days before general practitioners can get a supply from the department.

Deaths in Toronto from pneumonia and influenza, reported today up till noon were 28. In many other cities of the province there was a decidedly optimistic feeling that the epidemic was subsiding.

### 103 ADDITIONAL MONTREAL DEATHS

Montreal, Oct. 22.—One hundred and three deaths in Montreal from Spanish influenza this morning and 350 new cases were reported. 129 students at Rignand College have gone home, notwithstanding board of health regulations. There have been forty cases of flu at the college, but no deaths.

Work on vessels in port has been much retarded. Six hundred longshoremen out of the two thousand are in hospitals.

Doctors Too Busy.

Hamilton, Oct. 22.—Only a score of new cases of influenza were reported at the health office today, but Dr. Roberts explains the doctors are so busy that many are not making returns. In the last twenty-four hours ten deaths have occurred here from the disease.

Improves in London, Ont.

London, Ont., Oct. 22.—The influenza continues to improve here and in the immediate neighborhood. Some of the doctors and others fighting the epidemic even declare that the peak has been passed and the worst over. Since yesterday evening there have been but two deaths directly due to influenza and so far as can be learned only a slight increase in the number of patients.

216 in Windsor.

Windsor, Ont., Oct. 22.—Sixty-three new cases of Spanish influenza were reported to the board of health since yesterday noon, bringing the total number of Windsor affected to 216, while one or two of the physicians have not reported.

Better in Brantford.

Brantford, Ont., Oct. 22.—The Spanish influenza situation shows much improvement here according to all reports submitted to the health authorities. Ten deaths were reported in the past 16 hours, but these were nearly all of persons who had been taken ill some time ago. Fewer new cases are being reported and it is also declared that the type of influenza which is now recorded is not as bad as formerly.

Nineteen in Chatham.

Special to The Standard.

Chatham, Oct. 22.—There were nineteen cases of influenza reported to the board today. This probably includes some that were under observation Sunday. They are confined to five households. Only one of the cases is serious, pneumonia symptoms being present. Five of the depot camp patients were discharged today cured. One case is still in a critical condition at the isolation hospital.

Dr. Duffy is confined to his home suffering from a cold and this throws the entire burden on Dr. Marven. The situation is well looked after by the board. Some of the quarantines have been lifted.

Better in Moncton.

Special to The Standard.

Moncton, Oct. 22.—Three or four deaths from influenza were reported today. New cases continue to decrease and the situation generally in Moncton and throughout the community is improving.

CHATHAM BOY MISSING.

Special to The Standard.

Chatham, Oct. 22.—Pte. Howard Vanstone has been reported missing since September 30, according to a message received today by his parents, Mr. and Mrs. James Vanstone.

### RECENT ORDERS AT HEADQUARTERS

Non-Commissioned Officers Must Wear Stripes on Both Sleeves—Major Magee in Line for Promotion—Other Live News.

Recent orders received at local military headquarters are to the effect that all warrant and non-commissioned officers must wear their stripes on both sleeves.

Canadian regulations heretofore compelled all returned men to re-

### move the stripes from the left sleeve while on duty in Canada. English regulations were that stripes be worn on both arms so that the new Canadian regulation follows that in vogue in England.

It is rumored that Major J. M. Magee, Dental Corps, is in line for a promotion in the very near future, in view of a recent reorganization of the dental services, when M. D. No. 7 will, as the other military districts, have a lieutenant colonel, major and other ranks in proportion. Under the new system the senior officer will probably be given the higher rank.

Lieutenants Humphrey, St. John; G. C. L. Foster, Fredericton; J. A. Rankin, St. John, and Lieut. Gifford, who was awarded the Military Medal for service overseas, are it is stated in recent orders held in England for duty. If their military status and physical condition warrant removal

### to France these officers will be detailed for duty there.

Captain R. H. Bullock is at the present acting senior captain in the absence of Major Benson. Captain E. A. Sturdee reached the city from Toronto at noon yesterday, and it is rumored will be detailed for duty in this military district. Capt. Sturdee was formerly on the staff of the 25th Battalion and saw active service.

Quartermaster, Sergeant-Major Geo. Stogmann, chief clerk at military headquarters here reached the city on Saturday and has resumed his duties after an absence of two months spent on a tour in Boston, New York, Toronto and Ottawa.

### PT. JOHN MALLEY DIED YESTERDAY

Pauline D. Hulloch, May 6, 1918. Major Harold Perley, formerly of the 62nd Regiment, is mentioned as a temporary Major from the Reserve of Officers, and will be held for duty with his present rank.

Pte. John Malley, a member of the 1st Depot Battalion, succumbed to pneumonia, in the St. James St. Military Hospital last evening at 9:20 o'clock. Deceased was admitted to the hospital on the 15th inst., suffering from influenza. The remains will be forwarded to day to his former home in Newcastle, N.B.

# How Will YOU Answer Germany's Peace Proposals On This Day?

"Fellow citizens of St. John! We have held the Hun hordes for four long, dreary years, and now that the gleam of dawn appears in the sky don't leave us in the lurch.

"On October 28 and for the three weeks following YOU have YOUR chance to answer the Hun in the language he best understands—DETERMINATION.

"We at the front have offered to GIVE our LIVES. You are asked merely to LOAN your MONEY.

"'Can't afford' doesn't appear in our vocabulary — it shouldn't in yours.

## Buy a Bond — Then Another — And Then Some More

The Victory Loan canvassers will leave their trenches and "go over the top" on Monday, October 28. Their objective is \$5,000,000. They MUST reach it. They want to exceed it so that St. John might win the Honor Flag. Help them, as good comrades, to win.

KING COLE TEA

"YOU'LL LIKE THE FLAVOR"

Two Model Lasts for Women who prefer a long vamp with narrow or medium narrow toe. Made in all leathers 8 inch or 9 inch height, Louis or Cuban heels, \$6 to \$12.

**True Economy in Stylish Shoes**

THE woman who likes shoes with a long vamp and a slender toe, will be well pleased with the two A. H. M. models shown above. You can obtain smart boots on either last with Louis or Cuban heels in black or tan calf or kid at prices ranging from \$6 to \$12.

The quality of the material in these shoes is better than you might expect at the price, due to our being able to cover our needs well in advance. We doubt if it will be possible to offer equal value again so long as the war lasts.

The model on the left is conservatively narrow in the toe with the popular Louis heel. The other model is more extreme in style effect having a somewhat narrow toe and a higher and more tapering heel.

You may be certain of getting style value and practising true economy when you ask your dealer for these A. H. M. models.

A. H. M. War-Time Selections offer special Service Value for Men, Women and Children. Ask your dealer for them.

**THIRTY-ONE DEATHS FROM THE DISEASE SINCE OCTOBER 1**

Number of Influenza and Pneumonia Cases Reported in City Steadily Increasing—Five Hundred and Twenty-Three Cases Listed.

Five deaths occurred in the city yesterday from influenza and five deaths from pneumonia were reported at the Board of Health office. As probably all the pneumonia resulted from influenza, the ten deaths should be charged up to the epidemic. Last week there were reported nine deaths from pneumonia, and five from influenza, on Monday one death was reported from influenza.

Since the first of October up to yesterday afternoon there had occurred in the city thirty-one deaths from influenza and pneumonia, and of this number twenty-two have occurred since Monday, October 14.

Yesterday afternoon there had been listed at the Board of Health office five hundred and twenty-three cases of influenza and a large number of reports had not been investigated. These will probably add fifty to this total.

Splendid progress is being made with the work at the Parks Convalescent Home, which is being fitted up as an emergency hospital, and it is expected this will be ready in a couple of days to receive patients. Yesterday ten sailors were sent to the isolation hospital suffering from influenza, and this building will also be used until such times as it is required for other purposes. Food was supplied to these sailors by the V. A. D. and their act was much appreciated.

Yesterday afternoon the Parks Home was visited by Senator Daniel, T. M. Burns, Mrs. G. A. Kuhring and Mrs. G. Ernest Barbour.

Calls for help being received from outside and yesterday two workers were sent to Minto and a military doctor has been sent to Hopewell Cape, where both the local doctors are down with the disease.

Dr. Melvin, chief health officer, had received the following reports up to last night:

From Madawaska County, St. Andrews, 79 cases, 4 deaths; St. Leonard, 115 cases, 2 deaths; St. Anne, 45 cases, 3 deaths; St. Basil, 350 cases, 13 deaths; Claire, 60 cases, 1 death; Deer Brook, 8 cases, 8 deaths; Ledges, 80 cases, 3 deaths; St. Jacques, 225 cases, 9 deaths; Fredericton, 295 cases, 9 deaths; 48 pneumonia cases.

Kingston, Kings County, 15 cases; Waterborough, Queens County, 3 cases, 1 death; St. George, Charlotte County, 40 cases, 4 deaths, epidemic spreading rapidly; Cantebury, York County, 3 cases; Hopewell, Albert County, 85 cases, 3 deaths, 6 pneumonia cases; Beach, Charlotte County, 60 cases, 1 death; Parish of Ludlow, Northumberland County, 79 cases, 1 death; Campbellton, Charlotte County, 30 cases; Marysville, daily report, 11 cases, 1 death, 36 cases to date; Grand Manan, Charlotte County, 2 new cases, previous cases better; South Esk, Northumberland County, 25 to 30 cases; St. James, Charlotte County, 2 cases, 1 death; Parish of Gasquetown, Queens County, 40 cases, 1 death; Parish of Hampstead, Queens County, 40 cases, 1 death, 20 per cent of cases pneumonia.

**HONOR ROLL.**

**Pte. J. D. Kelly.**  
Mrs. J. D. Kelly, 19 St. James St., received word yesterday morning that her husband, Pte. John Desmond Kelly, had been killed in action Oct. 12th.

Pte. Kelly was an American by birth, enlisted with the 12th Battalion and was transferred to the 15th Battalion. He was a musician. He leaves a wife and daughters, Mrs. O. D. Duncan, of St. James St.

**Private B. Conway.**  
Word has been received that Pte. Bernard Conway has been killed in action September 28. Young Conway is a son of Edward Conway, C. P. R. gate tender at Fairville, and was 19 years of age. He enlisted in the Depot Battalion in February of the present year and was in France only a few weeks.

**Pte. Stanley Galbraith.**  
Pte. Stanley Galbraith, son of Mr. and Mrs. G. H. Galbraith, of Lorneville, is reported admitted to a French hospital, Oct. 11th, gunshot wound, right leg.

**Gnr. G. H. Taylor.**  
Mrs. Edgar J. Taylor, of 18 Gordon avenue, Hyde Park Mass., in a letter to Miss Edna Crowley, 184 Union St., writes that she has recently received a telegram from Ottawa to the effect that her son, Gnr. Charles, had been wounded by gunshot in the right leg and had been admitted to a hospital in France. He went overseas with the 9th Siege Battery.

**Pte. Henry McBurrey.**  
Mrs. Henry McBurrey of 174 Water-look street has received a telegram from Ottawa notifying her that her husband, Pte. Henry McBurrey, has been admitted to 39 General Hospital, Danvers, Canada, on Oct. 9, suffering from gunshot wound, contusion hip acetabulum, fractured femur.

**Pte. W. H. Blair.**  
William H. Blair, 242 City road, received a telegram on Sunday from Ottawa announcing that his son, Private W. H. Blair, infantry, had been admitted to No. 14 General Hospital at Winchester, on Oct. 11, suffering from a gunshot wound in the right leg.

**Pte. E. Howard.**  
Pte. Edwin Howard, infantry, was reported dangerously ill in a telegram received by his wife, Mrs. Mary Howard, 126 Watson street, West Side, yesterday morning. Mrs. Howard was on Monday advised that Pte. Howard had suffered gunshot wounds in the right thigh and forehead and was receiving treatment in a hospital in France.

**GOVERNMENT WANT FISHERIES IF THEY TAKE OVER HARBOR**

Minister of Marine Asks Common Council for More Definite Resolution—Matter Will be Taken up Thursday—Other Matters at Meeting Yesterday.

A communication was read at the City Council yesterday afternoon from the Department of Marine, asking for a more definite resolution with regard to the taking over of the harbor, as to the amount of money expected by the city, and suggesting that the government would take over the fisheries if they took over the harbor. The matter will be taken up on Thursday, Commissioner Hilyard's recommendation that the manager of the Lock Joint Pipe Company be asked to come to the city and discuss the matter of extending the new water main on the West Side to Spruce Lake, failed to get a seconder. A tentative arrangement made between the city and provincial government for the building of an arch at the bridge near the Municipal Home, was confirmed.

Mayor Hayes presided and Commissioners McLellan, Bullock, Hilyard, and Fisher were present.

The committee of the whole recommended that John Casey, mate, and lately deckhand on the ferry steamer, be paid the sum of \$152.95, being half pay for 115 days during which time he was off duty owing to illness; that the order of council of 8th October instant, granting lease to Hugo, Torner of certain land at Mispec, be varied, so as to provide that the leases be for a term of five years instead of one year, and the notice for terminating the same be six months instead of three months. Adopted.

A. B. McIntosh, Rockland Road, sent a bill of G. E. Fairweather's for \$10, for services rendered in arbitration proceedings between Mr. McIntosh and the city, to the council, asking the city to pay it. On motion of Commissioner McLellan, seconded by Commissioner Fisher, the bill was ordered paid.

A communication from F. W. E. Burnham, M.D., of Winnipeg, asking the city to hold a tag day for the benefit of the Canadian War Hospital Fund for Serbia, Montenegro and Macedonia, was referred to the mayor with power to act.

Alexander Johnston, deputy minister of marine, wrote that the resolution recently passed by the council with regard to harbor commission, was not as definite as the minister would like, as it failed to mention the amount which the city expected to obtain from the government, and before laying the matter before his colleagues he would like a more definite proposition. He also stated the Minister felt it the harbor was taken over it should be in its entirety and no privileges should be reserved.

Mayor Hayes stated the inventory value of the property to be taken over was \$2,253,465 plus \$45,500 of bonds paid off in 1912-13. Against this inventory value there was outstanding \$1,314,817. With regard to the fisheries he suggested that the receipts for the past five years be capitalized.

Commissioner McLellan suggested the receipts for ten years be capitalized as being fairer to all hands concerned.

Commissioner Bullock moved the communication be referred to the mayor and commissioner of harbors for a report. This was seconded by Commissioner Fisher.

Commissioner McLellan moved in amendment that the matter be taken up in committee on Thursday. This was seconded by Mayor Hayes.

Commissioner Fisher announced that as the mayor had seconded the amendment he would support it, and Commissioner Bullock withdrew his motion. The matter will be taken up on Thursday.

Commissioner Bullock gave notice that thirty days from date he would move for the issue of bonds to the amount of \$1,940 for work on the East Side ferry floats.

Commissioner Hilyard recommended that a tentative arrangement entered into between the water and sewerage department and the provincial government, whereby the city would construct an arch at the bridge near the Municipal Home, and the government pay the cost after the work was completed be confirmed.

He explained this was done to expedite the extension of the East St. John water main. The government was willing to pay for the work, but could not undertake it themselves just at present. The recommendation was adopted.

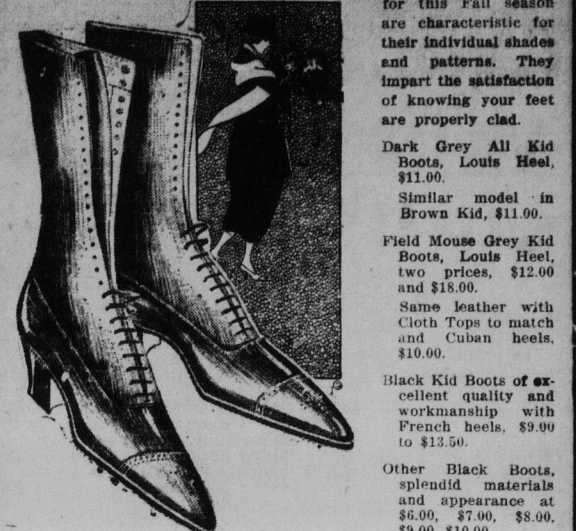

Commissioner Hilyard presented a report from the city engineer giving a comparison of the cost of extending the new water main on the West Side to Spruce Lake. The cost of a 36-inch cast iron main would be about \$510,000; of a 24-inch cast iron main \$395,000; and of a 25-inch concrete main \$334,000, and moved that the manager of the Lock Joint Pipe Company be asked to come to the city to talk the matter over with the council.

Commissioner McLellan asked what the present flow from Spruce Lake was, and was informed that it was about 4,500,000 gallons daily. He warned the members of the council that so far as he was concerned he would not vote for a bond issue of this magnitude unless it was clearly shown that all the water outside of what was used by the citizens in their homes was paid for.

Commissioner Hilyard's motion was not seconded and the matter dropped. The Commissioner of Salty was given authority to pool the balances in the police and fire departments.

On motion of Commissioner Hilyard the progress estimate of B. M. Tobias, contractor for the excavation at East St. John, was ordered paid on the contractor depositing with the comptroller a cheque for \$700 in lieu of the bond which had not yet arrived.

**CANADIAN BOY GOING STRONG.**

The October Canadian Boy, which has been somewhat delayed due to shortage of staff through the "flu," has come to hand. Although the inclusion of such features as Boys as Traffic Cops, Men of the Movies, Y. M. C. A. Work at the Front Praised, The Origin of Football, and several splendid stories of adventure and school life, all combine to make this number the best yet, the change in the cover design is a decided improvement, and should greatly assist in the sales. Apart from "In the Ring of Death," the serial story written by the Rev. H. A. Cody, now appearing, the publishers announce a new story, "Midst Shot, Shell and Gas," for the November issue. The high standard of the editorial policy evidenced from the first number, is not only being maintained, but articles of educational value are being introduced, together with interesting short and serial stories.

SHIPPING AND SMOKES THE BIG FEATURES

Mercantile Marine Preferred Advances Above 124, But Reacts Some — Baldwin Strong and Rails Continue Upward. New York, Oct. 22.—The market was quiet in the early afternoon, but the leading stocks recovered from the midday reaction and either held firm or worked higher. Shipping and tobacco issues were the features of the market. A sharp advance in Mercantile Marine helped the stocks, the Pfd. advancing above 124, but reacted some before the close. Baldwin increased its morning gain by nearly two points and the comment of the brokerage offices was that it was a mistake to regard this as a war stock, but there was also a reaction in this before the close and the uptick appeared to have been made largely at the expense of the short interest. The rails continued their upward course, reading selling up to 95 and closing near that figure. In some banking quarters it is predicted that easier money conditions will follow the completion of the first few payments upon the fourth Liberty Loan, just as they did after previous loans, although there is no disposition to expect actually lower rates. Strength in the rails which is more pronounced and has continued longer in this instance than in any similar movement for months past, is based in part on indications of the government attitude given by the Atchison adjustment. E. & C. RANDOLPH.

COTTON MARKET SOME STEADIER

Some Selling by Spot Interests on Recent Break — Little Demand from Mills or Shippers. New York, Oct. 22.—We should say that the cotton market today has taken on its tone from the popular interpretation of the German note. This was a disappointment to buyers of late last week and also yesterday. The market opened at a decline of 3 1/2 points under liquidation in consequence, but meeting with some demand later on around the 30c level for December which seemed to come largely from trade sources. This with the absence of any material pressure from the south, served to steady the market and there were rallies during the middle of the day on covering. There was some selling by spot interests on the late break. There has been nothing in the trading today to indicate any change in attitude of southern holders, but demand from spinners is reported light with exporters practically out of the market. W. W. PRICE.

LIVERPOOL LUMBER MARKET NARROW

Little Stock in Market—Demand is Good, But Shipping Ban Still on. Liverpool, Oct. 1.—Farnworth & Jardine's Wood Circular says: Imports on very narrow lines, largely on Government account, and exceeded in the aggregate by deliveries. Stocks previously light are reduced further, and in a number of important items appear dangerously low. Canadian Woods.—Pine Timber.—The Liverpool market is quite bare of stock, but 36,000 feet are held in Manchester; no consumption during the past month. Wane Pine.—First-class. Stocks are unchanged. Second-class: practically no enquiry. Square Pine, Red Pine, Oak.—Stocks exhausted. Elm.—The import of 44,000 cubic feet went to Manchester. Deliveries exceeded this quantity, leaving stocks very low, viz.: 3,000 cubic feet. Pine Deals.—Import limited. Small consumption with light stocks. New Brunswick and Nova Scotia Spruce and Pine Deals.—The Mersey, including the Manchester Canal, received the exceedingly light import of 360 standards. The demand was steady, and even with the restrictions on consumption, about 1,570 standards were accounted for by deliveries, being fairly evenly distributed between Liverpool and Manchester. Stocks now stand at an exceedingly low figure, amounting to 4,130 standards, chiefly held in the Liverpool district. Pine Deals.—No stock. The quotations: Yellow pine timber, St. John, 18 in average, 48.6d to 6s. per cubic foot, birch, St. John, 8s. 6d. to 10s.; spruce deals, St. John, Miramichi, etc., £22 10s. to £28 10s. per standard. Mexican Pete. Heavy. Mexican Petroleum was heavy throughout, showing a decline of 17 points at the end, while Royal Dutch forfeited 12 points and Texas Company 3. United States Steel did not furnish its usual large quota, being closely pressed in point of activity by Southern Pacific and Marines. Traversing a narrow radius, steel closed unchanged at 110 7/8. Other Industrials and equipments, including war shares, were strong to firm, Bethlehem, Crucible, Lackawanna and Midvale Steels, as well as Baldwin and American Locomotives, American Car and Industrial Alcohol, gaining 1 to 4 points at their best. Tobacco was among few specialties to exhibit marked strength, with some of the low-priced motors, General Motors, however, weakening at the close. Sales amounted to 1,100,000 shares. Bonds were strong on the further rise in speculative railway issues, the foreign division recording no material change. Liberty issues, notably the 3 1/2's continued to ease. Total sales, par value, aggregated \$10,250,000. Old United States Bonds unaltered on call.

DECIDED UPTURNS IN CORN MARKET

Bullish Sentiment Appears as Outlook for Peace Becomes More Uncertain. Chicago, Oct. 22.—Decided upturn in the price of corn resulted today from bullish sentiment due to the uncertainty of peace raised by the German note. All other factors were virtually ignored. Most of the buying, however, was confined to shorts. Opening prices, which ranged from 7 1/8 to 3 3/4 cents higher, were well maintained, though with some reaction from top figures. Oats rose with corn. Absence of expert inquiry failed to act as a check. After 4 to 1 1/2 cent net higher, with November 6 1/2 to 6 1/2 cents, the market continued firm. Packers buying gave strength to provisions. Demand was chiefly for ribs.

TORONTO CATTLE.

Toronto, Oct. 22.—Cattle receipts, 252; calves 106, hogs, 925, sheep 979. Trade slow, cattle prices a little easier. Lambs slightly firmer and calves steady.

HALIFAX COAL SUPPLY.

Halifax, Oct. 22.—Yesterday Mayor Hawkins, wired Controller Murphy, now at Ottawa, in connection with this city's fuel supply for the winter, asking him to suggest to the government the commandeering of schooners lying idle at Lunenburg and other western ports and conscription of crews to carry coal from Sydney and produce from Prince Edward Island to Halifax and other Nova Scotia ports. The capacity of the schooners would be about 200 tons each, ten or twelve would be sufficient, and there was no fear of submarines, said His Worship's message.

Either Side the Right Side. It makes no difference which side of the new W.G. & R. Double Wear Cuff you wear turned out. Both sides are neatly finished, with the pattern evenly matched on both sides. The Double Wear Cuff turns easily and lies flat. Not a wrinkle nor a bulge. That's the improvement—"not a wrinkle nor bulge." Men have long waited for a cuff such as this. Here it is—just ask for W.G. & R. shirts—the only shirts with the new

W.G. & R. DOUBLE WEAR CUFFS. Patented 1918. "the cuff that doubles the life of the shirt" Only W. G. & R. SHIRTS have the Double Wear Cuffs.

GAINS OF ONE TO FOUR POINTS ON WALL ST. BOARD

Pronounced Expansion of Recent Buying Movement in Rails, Coalers Scoring Substantial Advance—Pacificals and Shippings up. New York, Oct. 22.—The stock market seemed to draw away from the war and its more immediate influences today, a very large proportion of the trading concentrating in high investment shares. There was a pronounced expansion of the recent buying movement in rails, coalers, under guidance of Reading, gaining 1 to almost 4 points, while Pacificals and many low-priced transportations gained 1 to 3 points. Shipments also reflected a revival of inquiry for substantial quarters, mostly at the year's maximums. Atlantic Gulf made an extreme advance of 6 points and Marine Preferred and the six per cent. bonds gained appreciably, foreshadowing early announcement of the company's capital re-justment plan. Oils continued to be a bullish factor, the gyrations of the group making traders cautious. Mexican Pete. Heavy. Mexican Petroleum was heavy throughout, showing a decline of 17 points at the end, while Royal Dutch forfeited 12 points and Texas Company 3. United States Steel did not furnish its usual large quota, being closely pressed in point of activity by Southern Pacific and Marines. Traversing a narrow radius, steel closed unchanged at 110 7/8. Other Industrials and equipments, including war shares, were strong to firm, Bethlehem, Crucible, Lackawanna and Midvale Steels, as well as Baldwin and American Locomotives, American Car and Industrial Alcohol, gaining 1 to 4 points at their best. Tobacco was among few specialties to exhibit marked strength, with some of the low-priced motors, General Motors, however, weakening at the close. Sales amounted to 1,100,000 shares. Bonds were strong on the further rise in speculative railway issues, the foreign division recording no material change. Liberty issues, notably the 3 1/2's continued to ease. Total sales, par value, aggregated \$10,250,000. Old United States Bonds unaltered on call.

C. P. STRIKE ENDS.

Ottawa, Oct. 22.—Senator Gideon Robertson stated at noon today that a basis of settlement of the C. P. R. freight handlers' strike at Calgary and other western points had actually been arrived at. The basis of agreement is that all strikers in the west will be reinstated with the exception of twenty-four in certain cases of these men and other matters in dispute, will be dealt with by the railway war adjustment board.

PAPER REGULATION.

Ottawa, Oct. 22.—Action has been taken by the government to require newspaper manufacturers to comply with the order of Commissioner Pringle, dated August 9, 1918. Instructions issued under order in connection with the event of any companies named in Mr. Pringle's order refusing or neglecting to comply with any of its requirements, "no license for copy of paper shall, so long as such refusal or neglect shall continue, issue to such company refusing or neglecting to comply." RIOTS IN JASSY. Paris, Oct. 22.—(Havas Agency)—Violent demonstrations have occurred in Jassy, according to advices received here. A mob broke into the offices of the Isator Gazette, the government organ, and the printing plant was demolished.

Fine Furs In the most approved styles and combinations. Having effected large purchases of high-grade skins far in advance of the season, H. Mont Jones is now in a position to offer the completed garments at prices that cannot fail to interest prospective buyers. Early selections are earnestly recommended. H. Mont Jones 92 KING STREET St. John's Only Exclusive Furrier.

This label protects you. It distinguishes a perfect blending of the richness of matured Indian Tea with the delicacy of Young Ceylon Leaves.

'QUAKE IN GUATEMALA. Panama, Oct. 22.—There have been severe earthquakes in Guatemala, and 15 persons are dead, according to reports received here.

JUMP INTO IT!

"When you're up against a 'Undon't be afraid of 'urting 'im!"

That's the way the English drill sergeants train our men for bayonet fighting.

Put every ounce of your weight into your thrust — jump into it with your whole soul—that's the way to save your own life and the only way to win.

We at home must jump into the Hun IN JUST THAT WAY, and help save the Nation's life and win the Nation's war.

Canada is up against a danger that is real, vivid, menacing. The only way to end it is "BY FORCE TO THE UTMOST."

JUMP INTO IT!

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If little stomach is sour, liver torpid or bowels clogged.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given.

Be wary of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

Quick, Painless Way To Remove Hairy Growth

(Helps to Beauty) Here is a simple, unobtrusive way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless but to avoid disappointment be sure to get the delatone in an original package.

New Brunswick Must Raise \$13,000,000

## Easy to Make This

**Pine Cough Remedy**  
Thousands of families agree by its  
prompt results. Inexpensive,  
and saves about \$1.

## You know that pine is used in nearly

all prescriptions and remedies for coughs.  
The reason is that pine contains several  
powerful elements that have a remark-  
able effect in soothing and healing the  
membranes of the throat and chest.  
Pine is famous for this purpose.  
Pine cough syrups are combinations of  
pine and syrup. The "syrup" part is  
usually plain granulated sugar syrup.  
To make the best pine cough remedy  
that money can buy, put 2 1/2 ounces of  
Finex (50 cents worth) in a 16-oz.  
bottle, and fill up with home-made sugar  
syrup. Or you can use clarified mol-  
asses, honey, or corn syrup, instead of  
sugar syrup. Either way, you make 16  
ounces—more than you can buy ready-  
made for \$2.50. It is pure, good and  
very pleasant—children take it eagerly.  
You can feel this take hold of a cough  
or cold in a way that means business.  
The cough may be dry, hoarse and tight,  
or may be persistently loose from the  
formation of phlegm. The cause is the  
same—infamed membranes—and this  
Finex and Syrup combination will stop  
it—usually in 24 hours or less. Splen-  
did, too, for bronchial asthma, hor-  
seshoos, and whooping cough.  
Finex is a highly concentrated com-  
pound of genuine Norway pine extract,  
and is famous the world over for its  
prompt effect upon coughs.  
Beware of substitutes. Ask your drug-  
gist for Finex. It is sold in all directions,  
and don't accept anything  
else. Guaranteed to give absolute sat-  
isfaction or money promptly refunded.  
The Finex Co., Toronto, Ont.

## CLAIM THE PEOPLE

## SPOIL THE ROADS

Government Road Supervisors  
Allege Roads in Province  
Are Damaged Through  
Carelessness.

(Sent from the Office of the Premier  
of New Brunswick.)

Road supervisors in many parts of  
the province who have taken great  
pains to make ditches and otherwise  
to follow out the drainage instructions  
for the benefit of the trunk and  
branch roads are complaining of the  
carelessness of many of the residents  
in their districts who evidently think  
that a road ditch is made only to be  
obstructed, for instead of banking  
small pole bridges across the ditches  
so as to get into their fields, they level  
up the road by throwing a lot of poles  
or stones or brush into the ditch.  
The supervisors say that if they  
are asked to remove the obstruction,  
in many cases they either refuse to do  
so or they say they will attend to it  
and never get around to it. The result  
is somewhat discouraging for the  
heavy rains of the past month have  
caused an unusual flow of water in the  
road ditches and where this meets with  
such an obstruction as described, the  
water invariably gullies out the new  
roadway and does, in some cases, hun-  
dreds of dollars worth of damage.  
There is a section of the Highway Act  
of 1913 which says that no person shall  
under the penalty not exceeding \$20,  
with costs of prosecution or imprison-  
ment for thirty days, "pile any wood,  
logs, lumber or stone or refuse within  
the limits of the right of way for a  
longer period than twenty-four hours."  
"Any person who shall continue any  
encroachment or obstruction on any  
highway or ditch after a notice verbally  
or in writing by the supervisor requir-  
ing him to discontinue or remove the  
same, shall be deemed to have en-  
croached on or obstructed such high-  
way or ditch within the meaning of  
this section."  
The Highway Act further says that  
any person who by obstructing a high-  
way, causes injury to the same, shall  
be liable to repair such injury under  
the instructions and to the satisfac-  
tion of the supervisor, and in case he  
does not after being notified by the  
supervisor, the same shall make such  
repairs and may recover the cost there-  
of together with costs of suit.  
The act therefore is plain about ob-  
structing a highway or ditch and there  
is no doubt it is generally understood  
to be so by those who disregard the  
public interests and upkeep of the  
roads by placing obstructions in the  
ditches. The road engineers and super-  
visors all consider it of importance  
that particularly during the fall and  
spring, residents should exercise the  
greatest care in keeping their ditches  
clean and assist to perfect the drain-  
age of the road system without which  
good roads are impossible.

## IF BACK HURTS

## BEGIN ON SALTS

Flush your kidneys occasion-  
ally if you eat meat  
regularly.

## THE GERMAN PEOPLE

**CALLED TO PRAYER**  
London, Oct. 22.—A Christiania de-  
spatch to the Morning Post says the  
German Emperor is suffering from a  
serious mental disease, and the Kaiser  
recently events is becoming more  
and more pious, praying many hours  
daily.

## Basel Switzerland, Oct. 22.—(Havas

Agency)—Cardinal Hartmann, Arch-  
bishop of Cologne, has issued a pas-  
toral letter in which he says that  
hours have come for Germany, threat-  
ened by an enemy superior in num-  
bers, and shaken to the foundations of  
the state by internal changes. His  
flocks were drowned, owing to panic  
prayers.

## Deep discontent is spreading every-

where among the German people, the  
cardinal writes, and they not only give  
expression to their state of mind by  
what they say, but write dishearten-  
ing letters to the men at the front, im-  
pairing their courage and power of  
resistance. The cardinal invites all  
Catholics to rally around the emperor.  
In all Protestant churches of Prussia  
public prayers have been ordered for  
the misfortunes which threaten her.

## TRAFFIC OFFICER.

Ottawa, Oct. 22.—The name of Jas.  
Hardwell, chief traffic manager of the  
railway board, is being mentioned in  
connection with the two existing ve-  
hicular expert on the board due to the ex-  
piration of the terms of office of Com-  
missioners Scott and McLean, who  
have not as yet been re-appointed.  
Mr. Hardwell has been the traffic and  
safety expert of the board practically  
since its inception and, it is under-  
stood, his promotion is being urged  
on the ground of his practical knowl-  
edge of these matters and long ser-  
vice.

## All Fat People

## Should Know This

The world owes a debt of gratitude  
to the author of the now famous Marmola  
Prescription, and it is still more in-  
debted for the reduction of this harm-  
less, effective obesity remedy to tab-  
let form. Marmola Prescription Tab-  
lets can now be obtained at all drug  
stores, or by writing direct to Mar-  
mola Co., 384 Woodward Ave., De-  
troit, Mich., and their reasonable  
price (75 cents for a large case)  
leaves no excuse for dieting or vio-  
lent exercise for the reduction of the  
overfat to normal proportions.

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER. SHELL DWELLERS.

While there are few people who like the old woman, lived in a shell. The shell consists of an entirely imaginary wall which these unfortunate persons have erected about themselves and within that enclosure they live and die.

Now I know someone who was like that when she was young, and after she grew up she decided that people out in the world had a nice, time than she had; that it was very exclusive and dull in her little shell, and that if she could come out and try to meet people half way perhaps they would let her share some of the good fun they had.

In justice to the shell dweller let me say that she had made some attempts to make friends with those in the outside world, but had, being inexperienced, chosen the wrong kind of people and on being rebuffed had retired farther into her shell than ever.

When she did emerge she regretted the wasted years, as she found the world a much pleasanter place to live in than she had ever dreamed it could be.

Now, don't you think there are quite a number of people like my friend? They are kindly, affectionate and sympathetic, but they suffer from shyness and are afraid to let others see their real selves. Consequently they are regarded as hard and unapproachable and selfish. It is not thought that they could enjoy pleasures so these are not offered them, thus they have to go through life unappreciated and misunderstood.

One need never gush, but it is wise if one can overcome inherited reticence, to make too much of a mystery of your feelings. Kindly impulses are nothing to be ashamed of, rather the contrary. If your actions are misinterpreted, if your sympathy is not accepted, that is the fault of others and should not discourage a second attempt to give help where perhaps it will be most welcome.

It is all very well to be brave over a sorrow, but being too ideal prevents another soul in trouble from seeing their heart in words which would give relief. The bond between those who have suffered is very strong, and to be able to convey one's sympathy without words is a gift the exercise of which should not be restrained. Then, too, the reserved nature misuses so many of the joys of social intercourse and often possesses talents which would give enjoyment to others, if those talents were exercised.

It needs resolution and perseverance to overcome the habits of years, but it is worth it, my friend says, and I believe her. What do you think about it?

MARGUERITE.

THE HORSE IS A SOLDIER'S FRIEND

While modern inventions of motor transports have to a great extent taken the place of the horse in the present war, it must not be forgotten that most of the guns are moved about by horses, and that a great many horses and mules are used in various ways on the battle line.

A society which cares for the wounded horses is called the Blue Cross, and is worthy of all the help which can be given to it. When it is remembered that the faithful friends of man are sent into danger and that when sick or hurt their sufferings can be relieved to a large extent in splendidly equipped hospitals provided by animal lovers, it must be brought home to us that such a humane society is deserving of our support.

Apart from sentiment the supply of horses must be kept up and each one that is restored and made fit for service is that much better for our cause. In letters from the front we read, "I lost my faithful old horse who had been through so much with me." And again, "Leaving Egypt I had to say good-bye to my good old horse and while I have another it is not the same to me."

The devotion of the men to their horses is a noted characteristic of the British soldier, while cruelty to animals is on the contrary a distinguishing mark of the Hun.

A branch of the Blue Cross Society has been established in St. John for some time under the direction of Miss Violet Whitaker. All contributions to the funds are purely voluntary and are sent direct to the treasurer or put in the white boxes marked with a blue cross which are to be found in several of the city stores.

Recently five of the local chapters of the Daughters of the Empire have contributed the sum of \$110 to this society of mercy.

FORTY-FOUR MEN ARE ARRESTED ON TRAIN

Dover, N. H., Oct. 22.—Forty-four men, the majority of them from New Hampshire and the rest belonging in the State of Maine, were arrested in one of the biggest liquor seizures in this section for a long time.

The raid, which was under the Webb-Kenyon law, was conducted on the Boston and Maine train which was in Portland at 8:30 and department of justice officials from Boston and United States deputy marshals participated.

Most of the liquor which was secured was in packages and there was enough to load a good sized truck. All of the men were brought before the United States commissioner here and gave bail.

CANADA REPRESENTED AT THE WAR CABINET

London, Oct. 22.—(Canadian Press Despatch from Reuters' Limited.)—Replying to Mr. Marcott today in the British House of Commons, the Right Hon. Andrew Bonar Law stated that the dominion governments had not yet formally nominated resident ministers to act as members of the Imperial War Cabinet, but Premier Borden had recently arranged for the attendance of Canadian representatives at a meeting of the Imperial War Cabinet.

General Smuts was available as representative of South Africa, while as regards Australia, Premier Hughes would be able to attend the meeting. Several meetings had been held since last session.

CORP. THOS. JOHNSTON KILLED IN ACTION

Mr. William Johnston, of North Otonabee, Queens County, received official notice on Thursday that his son, Corporal Thomas Johnston, was killed in action in France on Sept. 29.

Corporal Johnston had been living in Calgary, Alta., for some years, and in December, 1916, he enlisted in the 28th Canadian Highlanders. With this regiment he went overseas, and later was transferred to the 72nd Battalion. He saw many months of hard fighting and had never been wounded. The deceased, who was 32 years of age, was a young man of fine character, and was well liked by all who knew him. A brother, William, is in France doing his part with the American Expeditionary Force.

ROYAL STANDARD MAKE DONATIONS

Plans for Housewives' Fair Made Last Evening at Small Executive Meeting.

A meeting of the executive of the Royal Standard Chapter, I. O. D. E., was held last evening with five members present. Plans were made for the annual Christmas Fair to be held Dec. 3rd. This year it will be called the "Housewives' Fair." Each day in the week will be represented and many choice and varied gifts suitable for the holiday time will be sold in the different booths and rooms. This will be one of the events of the season as many will remember the successful fairs given annually by this energetic chapter.

CASTORIA For Infants and Children. Mothers Know That Genuine Castoria Always Bears the Signature of J. C. Atkinson. In Use For Over Thirty Years CASTORIA

HAROLD LOCKWOOD, FILM STAR, DIES

Harold Lockwood, a film star who in the last two years had become a favorite with thousands of patrons of the pictures, and who has appeared in many Metro dramas here, playing opposite May Allison, died on Saturday in New York. The World says:

Influenza and pneumonia caused the death on Saturday of Harold Lockwood at the Hotel Woodward, Broadway and 56th street.

Mr. Lockwood was born in Newark about twenty-nine years ago. When twenty he began work as a 'sub' in a motion picture studio and soon received more prominent parts. Three years ago he became associated with the Metro Motion Picture Corporation and it was while posing in one of this company's films that he was stricken with influenza a week ago. The picture entitled The Yellow Dove was about half completed and will have to be recast.

On them the Shadow fell

THESE, our little Canadians, born to freedom, to a heritage of happiness, Germany's greed would enslave!

For they were heirs to Canada's boundless wealth—our mines, our forests, our teeming fields—the Hun hungered for these riches of Canada.

In his plans for world power, Canada was not overlooked in the German scheme of plundering the nations.

Doubtless there are to-day in Berlin plans for the apportionment of concessions of Canada's natural resources, plans for the government of Canada, for the policing of our cities, the levying of taxes, for enforced adoption of the German language as was done in Lorraine after 1871, and all the other systems of government by German methods.

And a brutal German soldiery would have enforced those systems by which the people would have been enslaved and every vestige of freedom and independence destroyed.

If Prussian plans had carried the smile

would have passed forever from the happy little faces in our homes.

Our boys and girls—heirs to Canada's riches—would have worked as slaves in their own mines, in their forests, their fields and factories.

The fruits of their toil, the wealth of Canada, theirs by right, would have been borne across the seas to fatten the German beast.

While the beast lives, his venom, his gall, his merciless, monstrous ambition threaten our homes.

Canada—young, high-spirited, independent—must stand firm.

Canada must use the wealth the Hun lusts after to crush him to earth.

Canada's strength, the united strength of each and every true Canadian, must raise the shield of protection for the generations to come.

The call will soon come for more of Canada's wealth. It is your money that is needed—every cent that you by cheerful sacrifice and loving self-denial can lend to your country.

Be ready when the call comes to buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

NOSTRILS END A COLD OR CATARRH

To Get Relief When Head Noses are Stuffed Up.

It's! Your cold in head or nose appears. Your clogged nostrils, open, the air passages of the head will clear and you can breathe easily. No more snuffing, mucous discharge, dryness, no struggling for breath.

Small bottle of Ely's Cream is your drugist; and apply a little of this fragrant anesthetic cream to the nostrils. It penetrates every air passage of the head, and healing the swollen or mucous membrane, giving relief. Head colds and sniffles melt like magic. Don't stay and miscerible. Relief is yours safe to send a Dominion Money order. Five for three cents.

BRINGING UP FATHER BY McMANUS

I JUST LOVE TO HEAR YOU RECITE—

I COULD RECITE FOR EVER AND EVER FOR YOU.

BY GOLLY, THAT FELLER MUST THINK HE'S AT THE NORTH POLE WHERE THE NIGHTS ARE SIX MONTHS LONG.

DAUGHTER—COME HERE—

I WANT YOU TO ASK YOUR MOTHER WHAT SHE THINKS OF THAT GUY STAYING AT THAT LATE HOUR EVERY NIGHT—

I DID—FATHER!

AND SHE SAID MEN HAVEN'T CHANGED A BIT SINCE SHE WAS A GIRL.

### Around the City

#### GENERALLY FAIR

**SOUTH AMERICAN CARGOES.**  
It is understood that cargo from a South American port will be handled through St. John this coming winter, and this is expected to swell the total of the exports for the season of 1918-19.

#### THE STEAMER PREMIER.

The steamer Premier was brought through the Falls yesterday and was beached in the Market Slip. Temporary repairs will be made and she will then be placed on the block for a thorough overhauling.

#### BOY SCOUTS BUSY.

The Boy Scouts were out yesterday distributing Victory Loan literature, and they did their job in approved Scout style. One party delivered folders at the houses and another distributed stickers among the business houses.

#### FOR THE IMPORTERS.

The secretary of the Board of Trade has received from the War Trade Board of Canada a number of copies of a hand book for importers, containing instructions to importers, and a list of restricted imports. Copies of this hand book may be obtained by applying at the Board of Trade.

#### IS A TANK DRIVER.

Friends of S. Starfield, who was for some time manager of the Perkins Electric Company in St. John, will be interested to hear that he is now a member of the McGill University Company, 1st Tank Battalion overseas. Writing to a friend in Montreal Mr. Starfield says that he is now a full fledged tank driver, but is trying for a berth in the war office cinematograph department.

#### SET OFF THE ALARM.

While doing some cleaning in the Merchants Bank of Canada, Prince William street early last evening the janitor accidentally sets off the burglar alarm. The sound of the alarm bell created some excitement and efforts were made to shut it off but without avail. A man, employed in another bank in the city, who was passing by offered his services and the alarm was finally disconnected.

#### THE POLICE COURT.

McCormack and Zelman, wholesale fish merchants of the city, appeared in the police court yesterday morning to answer a charge entered by Fishery Inspector H. Brittain, of buying salmon in close season. Geo. H. Belyea appeared for the plaintiff and Jas. Stothart for the defendants. Inspector Brittain stated he seized three barrels of fresh salmon at the depot addressed to the firm mentioned above, and further that the barrels were marked mackerel. Mr. McCormack swore he did not buy or order salmon to be shipped to him after the close of the season, or had he any salmon in or on his premises after the season closed. The case was set over until next Tuesday.

Five young boys appeared on a charge of stealing an umbrella. Four were allowed their freedom after each had promised to behave well in the future. The other had was detained.

#### SEVEN MONTHS IN SOUTH AMERICA

Beverly Appleby Has Returned Home After Successful Trip to Guatemala for U. S. Government.

Fresh from a seven months' stay in South America, Beverly Appleby, a well known North End boy, has arrived in the city and is being welcomed by his friends. Mr. Appleby went to Guatemala, South America, as a member of a party sent out by the United States government to bring back to them some of this precious mineral to supply the needs of munitions for some time. The party left Norfolk on February 18, 1918, in the steamer Cecile. The expedition was made up of a shore party of sixteen experienced prospectors and a crew of fifty-six. Mr. Appleby had the position of quartermaster of the crew. The prospectors were successful in locating some likely looking spots and in having mined while on the station enough platinum to last for the best part of a year. Mr. Appleby said that after he had got used to the hot weather he enjoyed the trip immensely and if a second expedition was sent down, which was probable, he would likely be one of the party.

#### WHEN BAN LIFTED IN OLD BOSTON

Scenes that may be seen repeated here after the raising of the ban on the theatres, poolrooms and other places were enacted in Boston when the ban there was lifted the first of the week, according to a man who arrived from the Hub yesterday. He stated that when the ban was lifted on Sunday the theatres that were running concerts were so crowded that hundreds of people could not gain admittance. He stated that people seemed famished for a show and he noticed also that the poolrooms and soda fountain parlors were crowded to the doors. He also remarked on the attendance at the churches; the congregations being much larger than usual.

#### SOLDIERS' CHRISTMAS BOXES ST. JUD'S CHURCH.

Contributions of money, candy, smokes and comforts (money preferred) will be gladly received before 1st November by Rev. F. H. A. Holmes, 195 City Line, or Mrs. George Scott, 8 Dufferin Row West.

### OLIVILLE HERO PAID SACRIFICE

Pte. Charles McCutcheon, 4th Siege Battery Man, Killed in Action—Brother Killed in 1916—Another Wounded.

Mr. and Mrs. William McCutcheon, of Oliville, Queens County, received word on October 15 that their son, Charles, had been killed in action. Pte. McCutcheon, who was twenty-six

PTE. CHARLES MCCUTCHEON

years old, went overseas with the 4th Siege Battery. He had been wounded and gassed, but recovered and returned to France. Another son, Ernest, was killed in 1916, and Garfield, who went overseas at the beginning of the war, is now recovering from wounds received in action. The name of Pte. McCutcheon is the third in the list of young men from the Parish of Petersville who have, within the week, given their lives in France, war having been received that Pte. Gallagher, of Bunkskillen, and Thomas Johnson, of Clones, have also fallen.

### BARRACK SQUARE A BUSY PLACE

Kane & Ring Have Contract to Erect Number of Buildings—Are to be Finished in Sixty Days.

Work will begin this morning on the erection of an armorer's shop, a blacksmith shop and a carpenter shop on Barracks Square. The three buildings will be frame structures, all one story in height; and according to plans will be made ready for occupancy in sixty days' time. All three buildings will stand near the Ordnance shops on the northeast corner of the grounds.

Kane and Ring, local contractors, have the contract for the erection of the three buildings, and commence operations this morning, having a crew of men already on excavation work. The long felt want of such buildings will now be eradicated when the structures are made ready for occupancy. Another large building is being erected by the same contractors, and is of goodly dimensions, being forty-three by two hundred and sixty-one feet in dimensions. This is a kitchen mess building and will seat 1000 men when finished, according to the present plans.

The need of such a building, long felt as needed, will give ample quarters to the soldiers stationed in the city in the future. This building, as the three former ones mentioned, will be a one-story frame structure, and calls for completion in sixty days' time. A guard room 22x45 feet dimensions, to be utilized for the detention of delinquent soldiers, is also to be erected, and plans are now being made. It will contain ten cells, and be a one-story structure also. It is officially stated that Kane and Ring will be given the contract for the erection of this, as soon as the plans are completed.

### MILITARY MEDAL FOR WEST END BOY

Joseph S. Pitman Distinguished Himself in Battle at Amiens—Has Also Been Promoted to Rank of Sergeant.

Friends of Joseph S. Pitman, a former West St. John boy, will be glad to learn that he has not only been promoted to the rank of sergeant, but has been honored with the Military Medal for efficient work and bravery on the field of battle while fighting at Amiens.

Sergeant Pitman went overseas with Lieut.-Col. Harrison in the Ammunition Column at the commencement of the war and has been through all the heavy fighting. His mother is at present residing with her daughter, Mrs. Butler in Yarmouth, N.S., and the medal won by her brave son is now on its way to her from England.

### HUSBAND AND WIFE DIED YESTERDAY

Mr. and Mrs. Aleck Chenard Pass Away Within Few Hours—Double Funeral Takes Place This Morning.

A pall of sorrow was cast yesterday over the home of George Cady, 479 Main Street, when two persons in the same family fell as victims to the dreaded influenza.

The two, who were snatched away in their early life, were a loving husband and wife, Aleck Chenard, and his wife Alice. They had lived with Mr. and Mrs. Cady for a time since the husband's return from Sanford, Maine, where he was employed, and while in the city was a familiar and well known citizen, especially around the water front, as he was employed as a longshoreman.

The late Mr. Chenard belonged to Caracquet, N.B., his wife belonging to Richibucto, who before marriage was a daughter of Geo. Chenard, who reached the city a short time ago from his home, having answered the call of his daughter.

The husband was stricken down about three weeks ago, and gradually became weaker until pneumonia developed, which claimed his victim yesterday. Mrs. Chenard fell ill about a week ago with the influenza, and complications setting in very soon afterwards, she never fully rallied, and passed peacefully away yesterday shortly after her husband.

The two were young and in the vigor of life, being aged twenty-six and twenty-four years respectively. To add gravity to the sad occurrence, one child, Arthur Joseph, survives, an infant of but eight months old, who was also ill, necessitating the doctor's care, but who sat in his little cradle last evening playing joyfully, not knowing of his great loss. The dying wishes of both father and mother were that the child be reared to manhood by Mr. and Mrs. Cady, and according to the wishes of his dead parents, Mr. and Mrs. Cady stated last evening that they would rear the child, as it was indeed as one of their own.

The deceased man went to Maine about three or four years ago, and was afterwards followed by his fiancée, who became his wife soon afterwards, they being married at Sanford, Maine. About a year ago deceased removed to this city, and had continuously made his home with Mr. and Mrs. Cady.

The deceased leaves, beside his only child, his father and mother, residents of Caracquet, N.B., three sisters, one in the States, and the remaining two at home; and three brothers, one in France, and two in Canadian forces, the other two at Caracquet.

The deceased lady leaves her father, Philip Blanchard, of Richibucto, now in the city to attend the double funeral today, and one brother, Arthur, of New York.

### SARDINE FISHERY NOT A FAILURE

Inspector Calder Says Value Caught so far This Season is \$800,000—Down the Bay Fishermen Have Done Well.

That the sardine fishery had not been the failure it had been reported to be, was the statement made by J. Calder, fishery inspector, last night.

Last season the value of the sardines caught in the Bay of Fundy was given as \$1,000,000, up to date this season the value of sardines caught was about \$800,000 and the end of the season has not come yet.

While it was true that above Point Lepreau the catch this season had been very light, at several places down the Bay the catch had been above the average. At Deer Island there had been a heavy haul, and at herring catch this season that for the first three years; at Campobello the catch this year was better than last, and the same was true of the eastern end of Grand Manan Island, at Woodward's Cove to North Head. At Long Island the catch had been an exceptional one, the four or five boats there having landed about \$100,000 worth of this toothsome delicacy. In St. Andrew's Bay a number of the crews have earned from \$3,000 to \$10,000 each and the same was true of the Upper Digdigwash.

### SERG. W. A. NODDIN OF MONCTON KILLED

Young Hero Son of Mr. and Mrs. Bruce Noddin—Went Overseas With W. and K. Battalion.

Bruce Noddin, of Moncton, has received word that his son has been killed in action. The official telegram from Ottawa reads:

"Deeply regret to inform you 82263, Sergeant Wm. A. Noddin, infantry, officially reported killed in action September 29th."

Sergeant Noddin enlisted at the beginning of the war in 1914 and was doing home duty at Halifax, later being transferred to Amherst. In September, 1916, he went overseas with the Westmorland and Kent Battalion, remaining in England as bayonet instructor for four months, after which he went to France, and has been through some of the heaviest fighting, having been gassed at the battle of Passchendaele, October 13, 1917.

In a recent letter home he stated that he had just returned to the line being at the base in a training school for five months, and was sorry he had missed the big scrap, as they had a lot of fun going over the top.

Sergeant Noddin was 22 years of age and had many friends in this city and his parents, Mr. and Mrs. Bruce Noddin reside in Moncton, 146 Dominion street. He is survived by three sisters, Mrs. Wm. E. Harmer, of Norton; Mrs. George MacDonald, of Moncton; Alice and Mildred at home; also two brothers, Beverly and Ralph, both in the Canadian forces, of 213 Waterloo street, this city, is an aunt.

### WOUNDED IN ARM FOR SECOND TIME

Sergt. Harris A. McGinley of 26th Admitted to Hospital in Liverpool With Gunshot Wounds in Left Arm.

Mrs. W. A. McGinley was informed by telegram from the Director of Records, Ottawa, yesterday, that her son, Sergt. Harris A. McGinley, had been wounded in the recent fighting in which the Canadians participated. The message was as follows:

"Sincerely regret to inform you that 817,801, Sergt. Harris Addy McGinley, 26th Battalion, was wounded admitted 1st Western General Hospital, Fazakerley, Liverpool, October 14, gunshot wounds left arm."

Sergeant McGinley, who is a native of this city, was in Roseburg, Oregon, when he learned that his brother, Willard G. McGinley, of The Standard writing staff, had been appointed to the 140th Battalion. He at once came home and enlisted in the same battalion, was promoted to sergeant, and here was in charge of the cadets at West St. John, and at Valcartier upon the removal of the battalion to camp. When the 140th was broken up in England he gave up his stripes and joined the 26th in France. He was with that battalion when he first wounded a year ago, but on that occasion his wound was not sufficiently severe to cause his removal to England. His friends will regret that the second injury is evidently more serious, as he has been admitted to hospital in Liverpool.

THE COAT OF HUDSON SEAL STANDS FOREMOST IN FUR FASHIONS FOR WINTER WEAR AND SERVICE.

Veiled by swirling snow-flakes or silhouetted against a background of white, the richness and lustre of Hudson Seal is indescribably incomparably lovely, and in part of comfort—the salient feature in fur—the sumptuousness and warmth of such toppers makes of winter a luxury—nothing less.
