

IRISH SITUATION REMAINS ONE OF DOUBT AND DARKNESS

All Interest in Dublin Centres on the Session of the Dail Today.

DE VALERA-COLLINS PACT TO THE FRONT

Collins Expected to Review General Relations Between the North and South.

Dublin, June 7.—With little or no information given regarding the progress of the negotiations between Arthur Griffith, President of the Dail Eireann, and the British ministers at London, interest in the session of the Dail, which begins at three o'clock tomorrow afternoon, centres on the status of the De Valera-Collins pact and the prospective elections consequent thereon. Mr. Griffith's absence, the task of leading the House falls on Michael Collins, and, in the present state of national affairs, the people will concentrate on the average person, and the leaders and debate among the rank and file in the assembly in order to find some light on the situation, which, to the average person, seems to remain one of doubt and darkness. Mr. Collins is expected to review the general relation between the North and South, with special reference to the Pottigoe affair, but it is understood that the topic of most interest will be that of observance of the coalition pact in the coming election.

New Dail July 1.

When the business of the Dail is concluded at this session, it is not expected to meet again, but will be replaced by the new Dail on the course of election. The date of summoning the new body has been fixed for July 1 by arrangement between the Lord Lieutenant and the Provisional Government. The feature of the completed returns of the nominations is the certainty that in twenty of the twenty-seven electoral districts the dependents will oppose the 30 coalitionists of Collins and De Valera. Of the independents, 18 have been named by the labor party, 19 by the farmers union and 14 by associations representing rate-payers and business and commercial interests, while three are unattached.

Revised Constitution.

London, June 7.—The revised draft of the Irish constitution, brought to London today by Arthur Griffith, president of the Dail Eireann, provides among other things that the Evening News, "that Ireland shall remain within the empire in the same way as a dominion."

TWO TORONTO BOYS CRUSHED TO DEATH

Played Truant from School and Wandered Onto Railway Tracks — Crushed Under Cars.

Toronto, June 7.—Two young boys, Albert Sweeting, aged 12, living at 517 Perth Avenue, and James Wallace, aged ten, living at 476 Perth Avenue, played truant from school today. They went to west Toronto, wandered on to the railway tracks there, and were run over by shunting cars, both being killed instantly. A third boy, aged nine saw the accident and told the police.

PRIMATE OF IRELAND URGES HIS COUNTRYMEN TO GET TOGETHER

Through Discussions Among Themselves, He Warns, They Are Liable to Lose That for Which They Have Been Fighting, Their Freedom.

Hagginstown, Dundalk, Ireland, June 7.—Cardinal Logue, Primate of Ireland, in the course of a sermon here today, said that for seven hundred years the Irish had been fighting for their freedom, and it seemed within their grasp at last. Unfortunately, however, continued the Cardinal, "owing to the folly of our own people, instead of taking what is likely to secure that great blessing, there is danger, through the dissension and division amongst ourselves, of its slipping away altogether, and of our being thrown back into the terrible state of shame and confusion in which we were for the last two or three years."

FREE STATERS AND REPUBLICANS AT ODDS OVER NEW ELECTION PACT

Halifax in Bad Light Before Navy League

Calls Upon Dominion Council to Assist in Paying Debts of \$40,000.

Montreal, June 7.—Financial difficulties at Halifax occupied much of the time of the Dominion Council of the Navy League of Canada which opened its annual convention here today. Commander Jarvis, the president said the question arose as to the responsibility of the national organization towards the debts incurred by the Halifax branch. These debts amounted to \$40,000, of which \$10,000 was owing to the Sydney, N. S., branch, the funds having been diverted. The opinion was expressed that Halifax and Nova Scotia should raise the money needed to carry on the work at Halifax, the chairman suggesting that previous changes directed to that end, were only faint-hearted. The council accepted the report of the Halifax branch which was represented by Major Edwards of Halifax.

"GENERAL" M'DONALD DISGUSTED WITH VETS

Another Army of Hikers Ready to Visit Ottawa.

Toronto, June 7.—The veterans are losing the respect and sympathy of the whole world, which I gained for them," declared "General" E. C. McDonald, in an interview today regarding the results of the long hike to Ottawa. "I think they realize now that they are defeated. Their defeat at Ottawa came through the treatment they handed out to me. Something is going to be done at Ottawa, but it will be along the lines I laid down," he said. During his address last night "General" Riley intimated that Federal government did not grant their demands within 48 hours, there would be another army of "hikers" leave for Ottawa.

B. B. UMPIRE BADLY BEATEN BY MOB

Crowd Enraged by Decision, Jump on Official, Seriously Assaulting Him.

Three Rivers, Que., June 7.—Enraged by a decision of Umpire Masonry, of rioting in the Eastern Canada Baseball League game here this afternoon between Montreal and Three Rivers, the crowd waited for the umpire at his hotel, after the game, and so severely assaulted him that his condition is regarded as critical.

OIL TANKER RAMMED BY S. S. MATSONIA

Tanker Badly Crippled and Reported Filling With Water Rapidly.

San Francisco, June 7.—The steamship Matsonia, en route from San Francisco to Port Costa, rammed the oil tanker, J. A. Moffitt, in a dense fog off Yerba Buena, an island in San Francisco Bay, a few minutes after six o'clock tonight.

LENINE SUFFERING NERVOUS BREAKDOWN

Berlin, June 7.—The illness of Premier Lenin of Soviet Russia is due to a general nervous breakdown, complicated by a acute attack of gastroenteritis, Foreign Minister Tschitcherin, who is sleeping over in Berlin, on his way home from Geneva, said today. The Russian Premier had no serious organic trouble.

TWO FORMS OF BALLOT CAUSE MINOR CRISIS TO ARISE, SAYS DE VALERA.

Further Friction Has Arisen over the Summoning of the New Parliament, which the Lord Lieutenant, in a Proclamation, has called to meet July 1.

SUMMONING NEW DAIL CAUSES FRICTION

Republicans Refuse to Recognize Proclamation Issued by Lord Lieutenant.

Dublin, June 7.—Already what Eamon De Valera's newspaper, the Republic or Ireland, describes as a "minor crisis" has arisen in connection with the election compact between the Free State leaders and the Republicans. The Republicans nominate their panel candidates on the legal form, pursuant to the Free State agreement act, passed by the British Parliament, and after negotiations, an alternative form, headed simply "Dail Eireann parliamentary election" was accepted by the treaty party for no use of the Republican candidates. The treaty proponents themselves, have used the legal form, as technically required.

DOMINION COUNCIL OF NAVY LEAGUE

At Montreal Meeting Canada's Interests on the Sea Chief Topic.

Montreal, June 7.—At the annual meeting of the Dominion Council of the Navy League held here today, Commander Amelius Jarvis of Toronto emphatically declared that Canada must have interest on the sea, and that she cannot reap the full profit from her products if she leaves them at ports for others to transport. "To round off our national interest," Jarvis said, "these railways must have their ocean communications."

BRITISH SHIP OWNERS BEGIN TO GROW UNEASY

Gov't May Be Forced to Come to Their Aid If They Hold Their Own.

London, June 7.—A growing desire for some sort of protection by the British government for its merchant marine was indicated again today when Sir Owen Phillips, chairman of the Royal Mail Steam Packet Company said that the British ship owners could not long exist without some change in policy.

FAST EXPRESS LEAVES THE RAILS

York, Pa., June 7.—The Washington-Buffalo northbound express on the Pennsylvania railroad from Baltimore here at 9:10 p.m. left the rails at Brillhart, three miles south of here about nine o'clock. The train was killed and the engineer and several passengers injured.

POLICE HAVE INTERESTING CASE IN HAND

Girl Rushes Into Sydney Police Station and Begs for Protection.

WAS KIDNAPPED BY BAND OF GYPSIES

Tells Weird Tale of Prison Life—Twice Taken by the Band.

Sydney, N. S., June 7.—Giving her name as Rosa Miguel, of North Virginia, for whom police and private detectives are said to have been scouring the country without success for months, a girl, 21, and pretty, took refuge with the Sydney police this afternoon after making her escape from a band of gypsies, who had whisked up to her father after she had been kidnapped in Philadelphia two months ago, beat her, doped her and otherwise ill-used her. The immigration authorities are investigating her case and arranging for her return to her parents.

LIMITED TRAINING FOR MILITARY UNITS

For District No. 7, Thirty-Four Thousand Dollars Have Been Allotted.

Ottawa, June 7.—(Canadian Press)—Answering a question by Hon. H. H. Stevens, as to the distribution of the military camp items in the militia department estimates, Hon. G. P. Graham, Minister of Defence, stated in the House of Commons this afternoon that from thirty per cent to 40 per cent of the establishments of each military district would receive a limited training, either in camp or at local headquarters. Cavalry and infantry would be trained for nine days, artillery would have six days at local headquarters, and local detachments only six additional days in camp.

SPECULATING ON POSSIBILITIES OF DIVISION

What Would Happen in Event of Gov't Defeat on Budget Problematical.

Ottawa, June 7.—The debate on the budget dragged tediously on, although the expected some time tomorrow night. The Conservatives have practically closed their case against it, but it is understood that there are no fewer than fifteen Progressives still to be heard. Chief interest centres in the explanation which Mr. Fielding will offer of his extraordinary declaration that the Liberal Tariff Platform, the Minister of Finance, it is understood, will close for the Government.

TRIPLE BARRELLED STRIKE BALLOT

Cincinnati, June 7.—A triple-barrelled strike ballot calling for a vote of the 40,000 railway shopmen of the country on three separate questions was ordered by the executive council of the six stop craft unions here today.

FIRES QUENCHED BY HEAVY RAINS

St. John's, Nfld., June 7.—Heavy rains have quenched fires which for several days burned over large areas of forest land in Newfoundland, causing great loss of timber.

REPARATIONS COMMISSION OVERRIDE FRENCH OBJECTIONS

CARDINAL LOGUE SUBJECTED TO DISCOURTESIES BY ULSTERMEN

His Automobile Held Up and Personal Baggage Searched by Ulster Specials.

REVOLVER FLOURISHED IN PRIMATE'S FACE

Headquarters Admit Hold Up But Affirm It Was Against Orders.

Belfast, June 7.—Cardinal Logue, Primate of Ireland, while automobiling from Armagh to County Londonderry today with Archbishop O'Donnell, was held up at Lisnasaddil, near Armagh, by a party of Ulster Specials who insisted their intention of searching the car. The Cardinal objected and demanded their authority, whereupon, according to a Dundalk report, one of the specials whipped out his revolver and said: "That's my authority."

SENATE DECLINES TO ANSWER QUESTIONS

Refuses to Give Information in Respect to Senate Accounts.

Ottawa, June 7.—The Senate declined to answer questions placed on the Order Paper of the House in respect to Senate accounts. This information was given by the Prime Minister in the House this afternoon in answer to questions asked by George Black, (Conservative, Yukon).

ANOTHER REFERENDUM ON CHURCH UNION

Will Be Sought by Opponents of Movement at Presbyterian General Assembly.

Winnipeg, June 7.—Another referendum by the membership on the question of church union will be sought by opponents of the union movement at the sessions of the Presbyterian General Assembly which opens here tonight. It was said today by some of the commissioners arriving for the congress.

MILITARY ACTIVITY IN ENNISKILLEN

Infantry and Artillery on the Move, Apparently in Direction of Belleek.

Belfast, June 7.—There was considerable military activity this evening in Enniskillen. Infantry detachments in lorries and artillery were on the move, apparently in the direction of Belleek.

CATHOLICS GREATLY PLEASSED OVER ACTION TAKEN BY KING GEORGE

Has Military Guard Stationed at Mater Hospital in Response to Letter from Mother Superior Informing Him of Attack on the Institution.

London, June 7.—A message sent by the Mother Superior of the Mater Hospital, in Belfast, to King George, informing him of the attack on that institution, at a time when the streets were occupied by Crown forces, resulted in a military guard being stationed at the hospital today, says a despatch from Belfast to The Evening Star.

Grant Bankers' Committee Full Authority to Propose International Loan to Germany.

ON BASIS COMMITTEE THINKS DESIRABLE

Committee Desirous of Acting in Manner Not Hostile to French Wishes.

Paris, June 7.—The Allied reparations committee, by a 3 to 1 vote over-riding France's negative ballot, gave the Bankers' Committee today full authority to propose an international loan for Germany on any basis the committee thinks desirable. The committee indicated the disposition not to take any action that would be in opposition to the French Government's wishes.

SAFEGUARD FRANCE

The opinion that appeared to prevail among the bankers as they began their formal discussions, was that the view of its interests taken by the principal creditor, the French Government, ought to be the controlling factor. The bankers, it was pointed out, have seen from the first that there were great difficulties in the way of the flotation of a loan, and, therefore, they are not surprised at the turn events have taken.

The divided vote of the Reparations Commission marks the first important decision taken by that body with the French member, Louis Dubois, dissenting. Since the bankers put to the Commission a week ago the question whether they should limit themselves to proposing a loan under the present schedule of German reparations payments, the members of the committee had been consulting their governments. The British, Belgian and Italian Government authorized their members not to limit the bankers in their proposals. The French Government, however, held to the original instructions given the Bankers' Committee.

RUMORS OF POPE'S ILLNESS UNFOUNDED

The Pontiff is Granting Daily Audiences As Usual, and in Excellent Health.

London, June 7.—A despatch to the Times from Rome says the best proof that the recent rumors that the Pope was ill are unfounded is the fact that the Pontiff is granting daily audiences as usual. He received Cardinal Bourne this morning. The correspondent adds that he has been assured, in authoritative quarters, that Pope Pius is in excellent health, despite the fact that he is older and thinner than he was at the time of the election.

MILITARY GUARD STATIONED AT MATER HOSPITAL

Has Military Guard Stationed at Mater Hospital in Response to Letter from Mother Superior Informing Him of Attack on the Institution.

London, June 7.—A message sent by the Mother Superior of the Mater Hospital, in Belfast, to King George, informing him of the attack on that institution, at a time when the streets were occupied by Crown forces, resulted in a military guard being stationed at the hospital today, says a despatch from Belfast to The Evening Star.

This prompt action has given great satisfaction to the Catholic population of the city, and also to the malmed patients of the institution, the Mother Superior was quoted as saying.

FEDERAL HEALTH CHIEFS BAR INTERFERENCE WITH STATES

Government Has Gone Too Far, Says Colonel Clifford—Local Units Must Take Initiative.

Washington, June 7.—No longer research laboratories, and these are the United States Public Health Service interfere with the work of state and local health units in attempting to prevent and eradicate diseases, Col. Edward Clifford, Assistant Secretary of the Treasury in charge of public health, let it be known to a representative of The Christian Science Monitor.

"The Federal Government," he said, "should never do anything that local governments can do. Police work is up to the states and the Constitution is clear in this respect. The Public Health Service will not be available every time some state or city wants it to do some work, which that local unit can do itself."

The tendency all along has been for the states to try to put onto the Federal Government work which they should do themselves and which they are qualified to do. This makes a needless expense on the Federal Treasury. Some states have gone so far as to want the Federal Government to do the work in states all alone.

"When I spoke recently before state and territorial health authorities, I took occasion to point out that the states should assume their own responsibilities. I told them we have gone entirely too far and that it was time to stop and take stock, to see where we were going.

"Certainly I would not want the Federal Government to step in my home town of Evanston, Ill., and run the health work. I am too jealous of my rights, and therefore, I do not think it right for the Federal Government to encroach on state rights.

"Our function as a federal health service is to prevent contagion carrying the country through the immigrant, and to guard the interstate health. We also maintain elaborate

Political Pot in Mexico Even Now Begins To Boil
Presidential Elections, However, Are Two Years Away—Voters Want Guarantees.

Mexico City, May 27.—(By Mail)—Although the next presidential election is more than two years distant, there have been various indications during the past few weeks that the political pot in Mexico is even now commencing to boil.

President Obregon has been called upon frequently of late to give official assurance that full guarantees will be given voters and that no direct reference to the congressional elections to be held next August, the chief executive has stated repeatedly that an earnest attempt will be made to permit the voters of Mexico to express their sentiments without fear or hindrance.

SO EASY TO BE WELL AND STRONG

Take "fruit-a-lives" The Wonderful Fruit Medicine

805 Cartier St. Montreal.
"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened. At last, a friend advised me to take 'Fruit-a-lives' and in a short time the Constipation was banished. I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."

Madam ARTHUR BEAUCHER, 50c. a box 8 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Delegates Were Well Entertained

Those Attending Health Congress Enjoyed Dinner in Lancaster Hospital and Dance in Pythian Castle.

The second day's session of the Public Health Congress was marked by a pleasing feature, in the nature of a social function, which closed the day's proceedings. At 6:30 last evening, after seeing the sights of the city and vicinity in automobiles provided for the occasion, the delegates adjourned to the Lancaster Hospital where a sumptuous dinner was served after which a dance was given in the Pythian Castle which was largely attended by the delegates and their friends.

The arrangements in connection with the dinner were in the hands of Dr. J. A. McCarthy, superintendent of the hospital and put in a separate department with public welfare and the bureau of education. The argument advanced is that health questions and money matters should not be handled in the same department. A Congressional commission is now considering the advisability of such a transfer.

Deer Isle Captain Is Charged With Criminal Assault

John Richardson Held by Eastport Magistrate—Girl Reported Feeble Minded.

Eastport, June 7.—Capt. John Richardson, 55 years old, Canadian fisherman, was given a hearing before Judge Lincoln Newcomb today at police headquarters, charged with criminal assault on Mabel Holman, a girl, under \$1000 bonds for October court at Machias. He furnished bail later in the day. Richardson is a native of Deer Isle, N. B., four miles away, but makes his home during the year here with his daughter. He owns a small gasoline craft, used in the harbor.

Weddings

Silliphant—Lattimer
At the Main Street Baptist parsonage, 222 Main street, a quiet and pretty wedding took place last evening when Miss Jessie Anna Silliphant, daughter of Mr. and Mrs. Bertha Francis Silliphant both of this city, were united in marriage, the ceremony being performed by Rev. Dr. David Hutchinson. The young couple were unattended and will make their home in St. John.

McInerney—Parks
In the Cathedral of the Immaculate Conception at half past five o'clock yesterday morning, Rev. Raymond McCarthy, who was celebrated at nuptial mass, united in marriage Miss Amy R. Parks, daughter of Mr. and Mrs. George E. Parks, and J. Albert McInerney, both of this city. The bride was attended by Miss Evelyn McInerney, sister of the groom, and Edward J. Noel supported the groom. After a dainty wedding breakfast served at the home of the bride's parents, 54 Main street, Mr. and Mrs. McInerney left on a honeymoon trip to Boston, where they will spend two weeks. On their return they will reside at 31 Meadow street.

Boone—Jenkins
A pretty wedding was solemnized at noon yesterday at the home of Mr. and Mrs. E. C. Vincent, 62 Victoria street, when Rev. R. Taylor McKim united in marriage Miss Jessie Anna Vincent, daughter of Mr. and Mrs. Wesley Boone of New Glasgow, to W. R. Jenkins, son of F. W. Jenkins of this city. Mrs. Vincent was bridesmaid and Mr. Vincent supported the groom. The bride was given away by her brother-in-law, A. Gregory. After the ceremony a dainty buffet luncheon was served to relatives and immediate friends. Mr. and Mrs. Jenkins left yesterday afternoon on a wedding trip to Nova Scotia and Prince Edward Island, after which they will reside in St. John.

Big Rise in Sugar
Sugar jumped twenty-five cents yesterday, its cents the day before, and a ten more a few days previous, a forty-five cent rise in less than a week. Standard is now quoted at \$6.45 per hundredweight. "Humph," the annual jump before the berry crop, says the disgusted housewife, as she lays down the paper.

Safeguarding Of General Public

Compulsory Pasteurization and Keeping of Only One Cow by Private Families in Saskatoon.

That the West is forging ahead in regard to the safe-guarding of the general public by framing proper legislation for the prevention of disease, was brought home to the delegates of the health congress at present in session here, when by telegram was received yesterday afternoon, by Dr. Arthur Wilson, district health officer of Saskatoon, instructing him that that city had taken definite steps towards making the pasteurization of milk compulsory.

The telegram is as follows: Saskatoon, June 7, 1922. To Dr. A. Wilson, care of Dr. William Warwick, St. John.

City council passed a resolution at meeting held last evening providing for compulsory pasteurization and the keeping of only one cow by private families of single cows to dispose of surplus milk under permit from your department. New by-law effective May 1 next.

Mr. Lloyd George May Go To People On Irish Question

Uneasiness Expressed in Opposition Camps As British Troops Fight in Ulster.

London, June 7.—Uneasiness is expressed in all Opposition camps here today over the possibility of Mr. Lloyd George's going to the country over the question of not allowing Ireland to break away from the Empire. This question divides the Independent Liberals from their Labor allies and the protest is loud accordingly. One of the Liberal organs today roundly declares that the Irish crisis has been manufactured for political purposes.

Action on Ulster Border

Additional British troops are meanwhile landing in Belfast and supplied the contingent which co-operated yesterday when Sir James Craig's military in turning an insurgent Irish Republic army commando from the Free State out of a small salient of Ulster territory they had occupied. The insurgents, in this case, appear to have refused to surrender and fired upon an advance party of regulars as they entered the village of Pettigo which they had seized, but they were allowed to think better of the matter after the artillery had come into action. Only one man was killed on the Ulster side. The casualties among the insurgents have not been reported, but, however, insignificant, the affair may not be altogether dismissed, as there is no saying what its political effects may yet be.

Will Stand by Treaty

Mr. Griffith is to be back here tomorrow when the only important point remaining for settlement is the matter of the jurisdiction of the Privy Council as the ultimate court of appeal where South Ireland is concerned. In this matter, the Provisional Government's case is that the Privy Council, containing as it now does members like Lord Carson who have expressed strong anti-Free State views, would not afford impartial judges in Free State cases. This could be met, however, without placing South Ireland in a different position from the other great Dominions by the expedient of excluding the three "Lords of Appeal" from the Judicial bench entrusted with South Irish appeals.

Water Off Sunday

Commissioner Wigmore stated yesterday that the water would be turned off on Sunday to allow the repairing of a bad leak which has developed in the wood stove pipe between Phinney's Hill and Lake Lettmer. A gang of men are now repairing leaks in the old concrete pipe at Lake Lettmer.

The sixteen inch water main on Carmarthen street and the ten inch main on Burpee avenue, are being replaced by the Curran Construction Co., and a large gang of men are being given employment.

Science Reaches The Kitchen In Scandinavia

Caloric Contents of Market Balance No Longer Dependent on Chance.

Stockholm, May 16.—(By Mail)—Cooperation and scientific management have reached the kitchen in Scandinavia. The caloric contents of the market basket are no longer dependent on chance or the persuasive eloquence of the grocer and butcher, but regulated by culinary science.

THE STANDARDS SPORTING SECTION

Belyea Rowed Wonderful Race

St. John Men Returning from Philadelphia Report Favorably on the Canadian Champion's Performance.

After witnessing the wonderful boat race at Philadelphia last Monday, J. Chasler, Elmer Ingraham and H. H. Gregory returned to St. John and are loud in their praise for the wonderful race that Hilton Belyea rowed. The canoe and his brother Harry remain in Philadelphia for a few days and will return home after a visit to Boston. Regarding the race the St. John men state that Hilton is a little more time in a sculler despite the fact that he had to take a back wash from Hoover on four occasions. They said the referee warned Hoover repeatedly to get out of Belyea's water and if Hilton touched his boat he (Hoover) would be disqualified. The day before the race they say Hilton rowed the course in the remarkable time of seven minutes and twenty seconds.

After completing the race in which he was only beaten two feet for second place Hilton continued to row and showed no signs of fatigue. Both Mr. Chasler and Mr. Ingraham agree that if Hilton had a little more time to train and had not been forced to work so hard to get into condition he would have given Hoover the race of his life and probably defeated him.

When the race was completed Joe Wright, a famous rowing coach, told the St. John men that Hilton is one of the greatest scullers that ever lived and if he was in proper shape could defeat any one of the competitors.

They contradict reports that Hilton was behind at the beginning of the race. They maintain that all four got away to a flying start and Hilton remained in second position to Gilmore for some time and then settled into his grueling stroke that fairly "ate up space." They give no credit to the report that Hilton did not race again. In addition to the enthusiasts who went from here, there were former St. Johners in Philadelphia to witness the race. Among them were Jim Fleming, a popular young orator, who travelled all the way from Winnipeg to see the contest; H. Wilson, of New York; Harold Kuhnbaum, and C. Arthur Clark, Jr. and Mrs. James B. Rockwell of Spring Lake Beach, N. Y. cousins of Hilton, were in Philadelphia for a week.

City Intermediate League Schedule

The following is the schedule of games to be played by the City Intermediate Three Team League, showing date and place where games are to be played.

| June | First Series |
|------|--|
| 4th | St. George's vs. Wolves, East End Grounds. |
| 5th | Commercial vs. St. George's, West End Grounds. |
| 12th | Commercial vs. Wolves, East End Grounds. |
| 12th | Wolves vs. St. George's, West End Grounds. |
| 15th | St. George's vs. Commercial, East End Grounds. |
| 15th | Wolves vs. Commercial, West End Grounds. |
| 15th | St. George's vs. Wolves, East End Grounds. |
| 20th | Commercial vs. St. George's, West End Grounds. |
| 22nd | Commercial vs. Wolves, East End Grounds. |
| 28th | Wolves vs. St. George's, West End Grounds. |
| 28th | St. George's vs. Commercial, East End Grounds. |
| 28th | Wolves vs. Commercial, West End Grounds. |
| June | Second Series |
| 29th | St. George's vs. Wolves, East End Grounds. |
| 30th | Commercial vs. St. George's, West End Grounds. |
| July | |
| 3rd | Commercial vs. Wolves, East End Grounds. |
| 4th | Wolves vs. St. George's, West End Grounds. |
| 5th | St. George's vs. Commercial, East End Grounds. |
| 7th | Wolves vs. Commercial, West End Grounds. |

| 28th | Wolves vs. Commercial, West End Grounds. |
| 31st | St. George's vs. Wolves, East End Grounds. |
| 3rd | Commercial vs. Wolves, East End Grounds. |

At Poughkeepsie And Goshen Tracks

Thomas Murphy and Walter Cox Are Getting Ready for Grand Circuit Campaign.

By Frank G. Trott

A visit to the Poughkeepsie and Goshen tracks, given the impression that the trotters and pacers Thomas Murphy and Walter Cox are getting ready for the Grand Circuit campaign is not quite as forward in their training as they have been.

With the month of May gone there have been surprisingly few dashes of speed at either course, less, without question, than at any other track where horses are being prepared for the first belt (top on the mile track). The backwaters, however, is not as real as it appears. The spring to date has been more, favored and never have horses looked better. Since the day of the first repeats few workouts have been long and the reason that neither of the retainers have not ridden fast is because they have not reached the point where they deem it necessary.

Tommy Murphy is not training as many horses as a year ago, but he has the makings of another one of his wonderful campaigning stables, one is almost tempted to say it will be his best.

Frank Manning 1:57 3/4, is in grand condition. As he has not been named in the 2:05 stakes, to which he is eligible, his training as a yearling is for the most part, most difficult of competitors, Father Time. That he will demonstrate that the limit in trotting speed was not reached when he entered the one standing record of 1:55 1/4 set by Ulian is almost as certain as his training sound.

Arlon Guy 1:59 1/2, holder of the record for four-year-olds, is in grand condition. He has come out of his winter layoff and into early season training form as nicely as could be wished. The son of Guy Alexander is to be pointed for the steeple chase, and should obtain it.

Murphy's aged stake trotters are Princess Etawah 2:03 1/4, Clear Worthy 2:05 3/4, Din Sharon 2:11 1/4 and Lady Frisco. The last named is a chestnut daughter of San Francisco 2:07 3/4 and Georgia Asworthy by Asworthy, showed 2:05 last summer. She is a large rugged-made mare, with an easy way going, and in her present hand gives promise of developing into one of the best of her great family. Not much talked of during the past winter, she is now being picked her to be one of the sensational trotters of the year.

The daughter of Etawah has shown what she is capable of at Poughkeepsie and has only to train sound to be prominent all season. Clear Worthy has not trotted yet, but is not giving his trainer much cause for worry. He had him from mid-winter a year ago and knows he is a real trotter.

The Nova Scotia flash has, as last spring, the valuable at Poughkeepsie. He will in the next few days of horse to impress one as a great trotter out of harness, but when at speed he is better perfect. When the days get hot and an easy way to be of use, he may fade from the picture, as he did last year, but right now the stable followers pick him to be the racing star of the season.

Murphy has two San Francisco four-year-olds which should be handy along the campaign in Lord Frisco 2:09 1/4 and Ammunition 2:07 1/2. The Lord has only to improve a bit in speed to be a topnotch trotter.

The Sherwood, the green pacer who came from nothing to a mile in 2:04 1/2, is in grand condition. He is a picture and the long white blaze in his face will make him easy to spot through the stretch. He proves to be a bright and strong trotter. His track experience is probably the most limited of any pacer so extensively staked.

John Henley 2:08 1/4 has not grown a bit in height through the winter, but equipped with hoppers looks the part of a great little pacer.

Merriman 2:15 1/2, a three-year-old son of Belwin 2:24, is a picture and goes like it was fun for him to pace fast. Peter Etawah is another three-year-old pacer with promise of a brilliant future.

Murphy was shy of good two-year-old trotters last season, but this does not mean he will not be riding at the front this summer. Hope Frisco, which sold for the record price at auction as a yearling, is entered all the way down the line, along with Billy Smith, another San Francisco.

The Murphy two-year-olds are pleasant to look at. The ones the boys talk of most are Etawah, a chestnut filly by Sherwood 2:05, out of Harvest Gale 2:05 1/4, by The Harvester, and Guy Peter, son of Guy Asworthy 2:05 3/4—Lady Henrietta 2:21 3/4, by Peter O'Donnell.

Walter Cox

Walter Cox runs the mile track at Goshen to his liking, and on the completion of the new track, will have his entire stable mostly housed there. He has some forty head quartered there now which he and his assistant, Ted Moran, are working with more than a dozen at the mile track in charge of Bert Weston.

The new barn is modeled after those at Laurel Hill Farm and will likely set the style for those which Richard Belmont and others plan to build at the Harbinger track.

Without exception, the Cox horses are training to suit. The triplets, Major the Great 2:05 1/4, St. Colorado 2:04 1/4, and Jane the Great 2:04 1/4, have had close to ninety miles each and are going sound. Greyworthy Belmont and Sammie Harvester 2:04 1/4 are models and working nicely. The stake trotters, The Great Volo and The Laurel Hill, have been in 2:25.

St. George Defeated St. Stephen Team

Five Hundred Fans Witnessed Game Which Ended in Score of Two to One.

Special to The Standard.

St. George, N. B., June 7.—St. George was one of the hardest fought games ever staged on these grounds when they defeated St. Stephen by a score of two to one. It was a pitch ere battle all through until the sixteenth inning and the score a tie, St. Stephen leading in the sixth and the local boys scoring in the latter part of the eighth, then Stewart, seat a Texas leaguer to deep right driving home the winning score and only allowed three hits, and Spear, the bulky center, received his offerings in a very creditable manner. Duplessis, the happy trier, had twelve strike outs and allowed six hits, while Middlemiss, the old "Trotter" backstop, caught a very nice score. Rev. J. W. Collins, umpired in a very satisfactory manner.

The lineup follows:

St. Stephen Catcher St. George
Middlemiss Pitcher Spear
Duplessis Pitcher Stewart
Clark 1st Base Doyle
Smith 2nd Base Fay
Boles 3rd Base Gray
Waterston Shortstop Campbell
Mitchell Left Field Leavitt
Punroo Right Field Lee
Russell 3rd Base Gordon

Rothesay Lost Cricket Match

Players from R. M. S. P. Chaleur Proved Victorious by Score of 68 to 33.

The team of the R. M. S. P. Chaleur defeated the Rothesay Colingale boys in an interesting cricket match played on the College field yesterday afternoon. In the first inning Rothesay scored 33 runs, and the West Indians in the next inning Rothesay went to bat first, and scored 68 runs for six wickets, as the game was then stopped to enable the men to catch their train, the match went to the men from the Chaleur. Only the first runs being scored. Yesterday was the first match played between the two teams. The Rothesay boys were much pleased with the playing of the visitors, who proved themselves and cricketers and sportsmen as well.

The summary follows:

Toy-Sized Yacht Racing Today

William J. Daniels of England and E. A. Bull of Brooklyn Will Race Series Off Bayside.

New York, June 7.—Where Sir Thomas Lipton with a man-of-war yacht called another Britisher, William J. Daniels, with a toy-sized boat will try to regain for England some prestige in nautical competition by winning two out of three model yacht races in the quiet waters of Bayside, Long Island.

Daniels is staunchly confident that he will defeat E. A. Bull of Brooklyn, the United States defender.

After final trials in the sound today the two skippers fitted their boats out of the water tonight and placed them on their accustomed shelves in the boat house, trying up their skills from which the models will be handled, to posts at the end of a pier.

McTigue On A Trip To Ireland

If Canadian Champion and Jeff Smith Meet in Halifax It Will Be in August.

Halifax, June 7.—If Mike McTigue, claimant of the Canadian middleweight championship and Jeff Smith, Bayonne boxer, meet in Halifax it will not likely be before Halifax carnival week, August 7th, there no meeting for the best new state.

It had been hoped to bring the two together here next day, June 8, but McTigue, it is said, is on a trip to Ireland.

Australian Open Golf Champion

Joe Kirkwood Denied He Had Decided to Accept High Salaried Position in States.

London, June 7.—Joe Kirkwood, the Australian open golf champion in a statement to the Associated Press this afternoon, emphatically denied a report from Sydney, Australia, published in a London newspaper today, to the effect that he had decided to accept a high salaried position with a golf club in the United States. Kirkwood said that after the present "Thousand Guineas" golf tournament at Glenageary, Scotland, was over, he expected to return to go on a world tour and then return to Australia, after which he made no plans.

WILLIE LOGAN HAS NEW SHELL

Youthful Oarsman Has Boat Built on a New Design from Usual Type.

The "Wallace Rose" a new racing shell has been completed for Willie Logan, the boy sculling champion, who also won the junior single scull race in the harbor last summer. The boat is built of a new grade of cedar is about twenty-three feet long and has been built with great care and skill. She is named the Wallace Rose and is much different in design from the usual type of scull as known here instead of having a wooden skid on the bottom of the hull, the new design has been carried almost out to the bow and of the craft. The expectation is that the boat will prove faster than cut through the water and just what she will be able to accomplish will be watched with interest by local lovers of races.

The idea in designing the shell with a comparatively flat shallow bow is to duplicate a principle of hull design as worked out successfully in fast motor craft, where the bow line is to have the boat skim or slide over the surface of the water instead of cutting it like a knife.

ST. LUKE'S TUXIS WON FIRST GAME

Defeated East End Giants in Junior City League by Score of 16 to 15.

The St. Luke's Tuxis copped the first game of the Eastern section of the Junior City Baseball League last night when they defeated the East End Giants by a score of 16 to 15 in a nine inning game played on the Victoria Square diamond.

As the score indicates it was "a battle of the giants," and two pitchers were sent in by each side in the fight for victory. There were many spectacular plays which attracted a large and fair-sized crowd. Special features were the hitting of Tupper for the Tuxis and Williams for the winners. H. Usher Miller, the honorary president, pitched the first ball and formally opened the league. The victories were: For the winners, Maroney, Ednam, Bourke and Williams; for the losers, Bourgeois, Tupper and Armstrong.

ST. PETER'S VS. GARRISON

This evening at St. Peter's Park the Garrison Club and St. Peter's team will meet. These teams are well matched and a close game may be expected.

Dorchester, Mass., Lost To St. Peter's

Interesting Game Went Full Nine Innings Last Evening—Score Five to Four.

A large crowd was delighted with a fast and full nine inning game of ball played on St. Peter's park last evening when the Saints defeated the Dorchester, Mass., team by a score of five to four.

The locals scored three runs in the fourth inning and two in the fifth, while the visitors got three runs across the plate in the seventh and one in the last inning. Hansen pitched six innings and was only found for three singles while the home team managed to chalk up a two bagger and single of Bellou's delivery. It was a good brand of baseball and proved interesting from start to finish. The following is the official score and summary:—

| Dorchester | AB | R | H | PO | A | E |
|---------------|----|---|---|----|----|---|
| Fraser, c. | 5 | 0 | 1 | 0 | 0 | 0 |
| Nichols, 1b | 4 | 0 | 1 | 0 | 0 | 0 |

Water Cox

Water Cox runs the mile track at Goshen to his liking, and on the completion of the new track, will have his entire stable mostly housed there. He has some forty head quartered there now which he and his assistant, Ted Moran, are working with more than a dozen at the mile track in charge of Bert Weston.

The new barn is modeled after those at Laurel Hill Farm and will likely set the style for those which Richard Belmont and others plan to build at the Harbinger track.

Without exception, the Cox horses are training to suit. The triplets, Major the Great 2:05 1/4, St. Colorado 2:04 1/4, and Jane the Great 2:04 1/4, have had close to ninety miles each and are going sound. Greyworthy Belmont and Sammie Harvester 2:04 1/4 are models and working nicely. The stake trotters, The Great Volo and The Laurel Hill, have been in 2:25.

Strangler Lewis Trimmed Caddock

Won Two Falls Out of Three in Boston—Champion Had Weight and Strength.

Boston, June 7.—Ed (Strangler) Lewis, heavy weight wrestler champion, defeated Earl Caddock, former champion, here tonight two falls out of three. The third and deciding fall was a ten minute, 30 seconds on a headlock.

John Peck, of Nebraska, defeated Dick Davico, of Texas, in the semi-final bout, throwing his man in 26 minutes, 57 seconds.

Caddock displayed his old time speed and cleverness, but the champion's weight and strength proved too much for him. After twenty-two minutes, two seconds of wrestling, Lewis secured a headlock for the first fall. Caddock won the second in seven minutes and seconds with a head scissor and wrist lock. The champion brought the match to a close with a second headlock.

Peck subdued Davico in their one fall match with a double arm scissor.

but are up to a whole lot more, of course. The brother to Peter Volo has gotten over the hump many times that kept him from being a great colt trotter.

The stable has few pacers which have shown enough to warrant entering extensively, but there are several which are being trained with 1922 in mind.

Walter's two-year-old trotters are the greatest lot ever in one stable and from the way he will have a headliner when the returns are counted this fall. He sold one of his own recently for \$1,000 and her loss, good as she showed, is not missed.

Picking two-year-olds to May is not a wise gamble and really even the best trainer is hard put to pick out his three tops at present. The ones everyone likes are Guy Bacon, by Guy Asworthy; Volodina, the brother to C. Bostwick, by Peter the Great, and Princess Frisco, by San Francisco. Suavi, 2:09 1/4 is the star three-year-old of the stable and the look and to lasting popularity.

The week will end the Cox and Murphy horses working faster than 2:30.

Assault Case In Police Court

Much emotion was registered in the police court yesterday morning, when Mrs. Doyle was charged with assaulting Mrs. Sarah Gillon on June 1st, and again on June 2nd.

Much emotion was registered in the police court yesterday morning, when Mrs. Doyle was charged with assaulting Mrs. Sarah Gillon on June 1st, and again on June 2nd. Both women told totally different stories, and Mrs. Doyle stated she had been provoked by the complainant beyond reason. A fine of \$10 was imposed.

Another new buck rolled in to the city treasury when Clarence Slack, house man at 1100 St. John street, was fined \$10 for the use of the expletive for a motor car. Sergeant Sweeney and Policemen Garter testified against him.

Wesley Nattr was arrested at noon for assaulting his wife, Mrs. Nattr, but the case was allowed to stand until today.

WOMEN'S TENNIS GAMES IN ENGLAND

London, June 7.—Mrs. Mollie Burton beat Mallory today when she won the semi-finals of the women's tennis singles in the 10th tournament of Stamford Hill. She defeated Miss St. Dis 1-6; 6-3. The other players in the semi-finals are Mrs. Bannister, Mrs. Edington and Miss Head.

WHY PAY MORE?

[ALSO PACKED IN TINS OF 50]

CHARGED WITH THEFT

John and George McDevitt were taken into custody last night, and are being held for the County police to answer to the charges. One error was made for drunkenness, and three propositions were made for the night in the cells.

These make sixteen concerts in King Square, two in Carleton, two in North End; five in King Square in June, six there in July, and five there in August.

All concerts will be on Monday and Thursday evenings from eight until ten o'clock. For postponed concerts there are odd evenings vacant each week, and all postponed concerts could be given during the season. Each band should guarantee at least twenty-five men at every concert night. The cost is \$50 a concert.

The mayor requests that during the time the bands are playing, automobile owners refrain from driving about the square, as the resulting sounding of the horns and klaxons disturbs the music and is a source of annoyance to those enjoying it.

Walter Cox runs the mile track at Goshen to his liking, and on the completion of the new track, will have his entire stable mostly housed there. He has some forty head quartered there now which he and his assistant, Ted Moran, are working with more than a dozen at the mile track in charge of Bert Weston.

Many Men Are Looking For Work

Unemployment Situation in St. John Reported More Serious Since Winter Work Ceased.

Despite the better days to be seen rolling about the streets, and the crowds, there are many heavy hearts in St. John these warm June days.

The fact of the matter is that the unemployment situation is more serious at the present time than it was in the winter, for then the big liners closed a few days a week for each man, instead of steady jobs for a few.

Many of the laborers thus employed looked for a seasonal activity this summer, hoping the lumber would be better and the saw mills open to employ large crews of men.

They were disappointed, as very few of the mills are open, even these are limiting their output.

The city by its extensive street paving operations last summer, employed large numbers on the Douglas avenue, Market street, and Marsh road jobs.

But Commissioner Frink only yesterday while commenting on the acute unemployment prevailing, lamented the fact that the department of public works was unable to afford work to the large numbers of men who fairly haunted his office in their search for honest employment.

Many calls have been made on private citizens as well, by men begging for work or for food, and the fact that they were penniless and in great need.

A married woman with a family, recently applied for work as a maid in a private family. Her husband could not get work, and the task of becoming the bread earner was taken up by her.

The lady who employed her, being the wife of a man whose hands were badly scarred, asked the cause, and was told they were caused by frost bites.

There was not enough money to keep the little home during the winter to buy sufficient fuel to heat it properly.

The erection of several schools and buildings is relieving matters to a certain extent, and the relaying of water mains is giving work to others.

The road to the Courthouse Bay works is covered by men each day hoping for more extensive developments there, but they return to the city footsore and disappointed.

TINT AWAY GRAY OR FADED HAIR

The Safe, Harmless Method by Which Thousands of Women Keep Looking Young.

There are many hair dyes and hair tonics, but none is so safe and so effective as "Brownstone" Hair Tint.

"Brownstone" is not only odorless and harmless, but is positively non-toxic. We absolutely guarantee it to contain no lead, sulphur, arsenic, mercury, zinc, salicylic, or coal tar products.

Honor Men Slain At Chateau Thierry

John B. Steeves, of Fifth U.S. Marines, Was a Former New Brunswicker—Has Relations Here.

The following from a Boston paper, bills of honor recently paid to dead American soldiers and former New Brunswickers—

"Funeral services for John Burton Steeves of the 5th Regiment of the United States Marine Corps, who was killed at Chateau Thierry on June 5, 1918, were held yesterday afternoon in Curtis Hall, the Municipal Building of Jamaica Plain, Bay, Wilfred Harrison, pastor of the Ramsey Congregational Church of Dorchester, officiated.

Several thousand people lined the streets as the body, on a caisson from the Commonwealth Armory, passed on its way to its final resting place in the Woodland cemetery.

The line included delegations from the Michael J. O'Connor Post, American Legion; also the band from the Cecil W. Fogg Post, delegations from Veterans of Foreign Wars Post, Carpenters' Local 67, led by a Spanish War veteran, from the Massachusetts Marine Corps, the 2nd Battalion of Troop A, 10th Cavalry, There was also a detail of privates from the Marines attached to the Navy Yard, and a firing squad of Marines, who did final honors at the grave.

"Burton was one of the first Jamaica Plain boys to enlist, having enlisted in the 10th Cavalry, and was one of the first to see active service in the war."

The father of the deceased soldier is James J. Steeves of Dover. Ovid Steeves was a member of the famous "Fighting 26th" New Brunswick Regiment in an uncle, and Mrs. George Todd, of King street, West St. John is an aunt.

Lady Astor Will Make No Speeches On Her Next Visit

Of High Nervous Tension, Public Speaking Has Not Been to Her Advantage.

New York, June 6.—The next time Lady Astor visits America, she intends to make no speeches. That was what she confided to reporters before sailing for England.

Few public speakers, or workers of any sort, are ever loyally to the high nervous Association, and her nervousness was charged when addressing an audience. Her nervousness may not have been so apparent to listeners as it was to those who saw her in public appearances in this country during April and the first three weeks of May.

But when she stepped to the high platform to make a speech, she was quickly overcome by the high nervousness which she had inherited from her father, and she was unable to utter a word.

Somehow the strain never seemed to effect the clarity of her speaking. In fact, her talks to crowds of people at her old public speaking appearances in this country during April and the first three weeks of May, but it was not until she was quickly overcome by the high nervousness which she had inherited from her father, and she was unable to utter a word.

THE SCIENTIFICALLY BUILT WATCH

Variety In Watch Fashion

Two interesting ladies' watches—alike, yet not alike. The same famous Waltham movement inside—but dressed in different styles.

The one is ribbed in pure black silk (charged at the slightest of cost)—the other a bracelet watch, convertible according to the wearer's mood or the "dress" occasion.

These jeweled, fashionable Waltham Watches will keep time for a life-time. Whichever one you prefer. They are sold by first class jewelers. Ask your jeweler to show them to you. He knows what fine watches they are.

WALTHAM THE WORLD'S WATCH OVER TIME

The Above Watches Can Be Obtained Through Ferguson & Page JEWELERS 41 KING ST. Diamond Dealers, Etc.

Record Of Artillery Officers Overseas

The Artillery Association is in the near future proceeding with the printing of a series of biographical sketches of all details of every officer who served in the Canadian Artillery overseas.

These details will include rank, units served in, various medals, decorations, and appointments, as well as a list of the names of commanding officers of the units comprising the various divisions, Artilleries and Corps Artillery at various stages of the war.

The details have all been compiled by or checked with the Records Branch of the Militia Department and this Record will, it is felt, not only be as accurate as possible, but should prove of very great interest to overseas artillery officers.

The Association is ordering 500 copies and proposes to make a free issue of one copy to each Canadian Artillery Unit in Canada, which will take about 100 and offer the remaining 400 for sale to individual officers at a charge of one dollar.

Officers are strongly advised to purchase copies and should make immediate application, accompanied by one dollar, to Colonel C. H. Sherman, Secretary C.A.A., 18 Woodlawn Ave., Ottawa.

There are some 5,000 officers names and records in the book and therefore it is possible that considerably more than 600 copies will be required. This can only be arranged by officers making early application so that sufficient copies may be ordered from the printers before the type is dispersed.

Russia Needs Vast Amount of Machinery

Incoming Supplies Wholly Inadequate for Actual Requirements of the Country

Moscow, May 20.—(By Mail)—Russia needs a vast amount of machinery and other material for the upbuilding of her industries, but instead of a flood, the incoming streams of supplies are tiny and hardly make any impression on the actual needs of the country.

Had the German conference agreed upon an international loan to help Russia, conditions in this regard might be much more favorable today. It is pointed out, but as it is, Soviet officials are saying: "A little water is welcome in a desert."

Up to the present time the German-Russian agreement signed at Genoa has not been followed by any great economic co-operation between the two countries, nevertheless German salesmen, German experts and German engineers are constantly arriving in Moscow in constantly increasing numbers. Every train from Riga brings dozens of them and they are scattering to the four corners of Russia to buy, or sell, or just look around. Some of them return to Germany disgusted with business chances. Others stay and do business.

Foreign money is coming into Russia in arrears, and foreign industrialists, particularly German, are accepting contracts with a measure of control by the Bolshevik government.

Herr F. Shottack, charged affairs of the German mission at Petrograd, has announced in the evening that a Russo-German Chamber of Commerce, is to be organized at Petrograd.

"Germany," he said, "will give Russia technical help, aim of the opinion that Russia and Germany can re-establish their economic life by their own efforts."

This feeling of Herr Shottack is shared by many Soviet officials with whom the correspondent has talked. They never had much hope, after they learned that America would not participate in Genoa, that they could expect any immediate economic help from the allies.

The Russian Foreign Trade Department and the Supreme Economic Council discontinued many negotiations with individuals seeking concessions or endeavoring to make sales, while the Genoa conference was in session. Those negotiations are now to be renewed.

WORKMEN BUSY ON THE CITY STREETS

Asphalting Prince William Today—Work in Other Sections.

The asphalting of the Prince William street sidewalks from Princess street to Market Square and King street, will probably be completed today. The expeditious manner in which this work has been carried out by the Public Works Department employees, has aroused much favorable comment.

Commissioner Frink stated yesterday, that the work of paving the street itself would be begun so soon as the New Brunswick Power Co., were ready to furnish the necessary new rails.

Concrete steps have been constructed from Main street to Murray street and as soon as the concrete sets, iron railings will be placed on either side. The work is expected to be completed by the end of the week.

It is expected that the work of paving Horsefield street will be started today.

A sidewalk is being placed in Millidge avenue and a new masonry junction box has been installed near the junction of the Board's Head road.

SLIGHT FIRE An alarm was rung in from box 9 at about 5.30 o'clock yesterday afternoon for a fire in the McAvity foundry, 77, Water street. It was quickly brought under control and extinguished before any considerable damage could be done.

THE WEATHER

Toronto June 7.—An extensive low area covers Northern Ontario, Quebec and Newfoundland, and pressure is also low in the south western states. In Eastern Canada, fair weather prevails with quite high temperatures in many localities.

Maritime — Moderate westerly winds; fair and quite warm. Northern New England — Continued warm and probably fair weather Thursday and Friday; gentle to moderate westerly winds.

AROUND THE CITY

LEAVES FOR NEW PARISH

Rev. Arthur P. Allen, of the Cathedral staff, left yesterday for Petersville, where on Sunday next he will enter on his duties as pastor, in succession to Rev. W. P. Hannigan.

THE LADY WITH THE TAXI

"The Lady With the Taxi," has arrived in Saint John, and in a classy "gas wagon" is all ready to carry passengers. One at a time boys, and don't crowd.

MILL STREET CROSSING

A manganese diamond crossing reached the city yesterday to replace the one now in use on the Mill street crossing at the Union station. It will be installed immediately.

WITH THE POLICE

Officers McEllinney and McNamee, of the city police force have returned to duty after being on the sick list for the past few days. Police Sergeant Hastings, and Police Constable Gorman are still incapacitated.

TALKS OF THE ORIENT

"The Muddled East" was the subject of an address delivered by William Jessop, National Canadian Foreign Work Secretary for the Y. M. C. A., at the Foreign Work banquet held in the Y. W. C. Cafeteria at noon yesterday. Mr. Jessop drew on his twelve years' experience in the Far East for much of the interesting material he presented to his hearers.

BISHOP LEBLANC AWAY

His Lordship Bishop LeBlanc left last evening for Quebec, where he will attend the consecration of Mgr. M. J. J. Levesque, recently appointed Vicar Apostolic of St. Lawrence. His Eminence Cardinal Bégin will have as assistant prelate Bishop Chasson of Chatham and the Ordinary of Miramichi.

TO COMMAND NEW UNIT

Lt. Col. S. Skinner, M. D., C. A. M. C., and senior medical officer, will, it is understood, become the head of the D. S. C. R. in the New Brunswick district to be created when effect is given the promise made by Hon. Dr. Beland, for the re-establishment of an independent provincial command of the D. S. C. R.

BAND CONCERT POSTPONED

Owing to the 62nd band having an engagement, previously arranged, it will be unable to render a programme on the King Edward band stand, King Square, this evening. It was also found impossible to substitute one of the other bands for similar reasons. It has been decided that there will be no concert tonight. The regular schedule will, however, be picked up on Monday night next. Speaking of these public concerns, Mayor McLellan said that he would again request automobile drivers to refrain from touring round the square and sounding their horns during a concert as it proved an annoyance to hundreds of citizens who assembled there and on account of the noise are unable to enjoy the different musical numbers.

Rousing Meeting At Hardingleville

Lieut.-Col. Harrison and J. Starr Tait Given Great Reception in New Polling District.

Marked enthusiasm in favor of the arguments advanced by the speakers characterized the first political meeting ever held in the new polling district of Hardingleville, when Lieut.-Col. W. H. Harrison and J. Starr Tait addressed the electors of that place, last evening in the interests of the opposition candidate, Dr. Barton. There are altogether 72 voters in Hardingleville, and a particular feature of the meeting was the fact that the attendance numbered 60. Robert Tait acted as chairman, and introduced the speakers of the evening.

Both addresses contained a strong message in favor of the opposition cause, and the arguments of the speakers made a telling impression on the audience, sustaining applause being a frequent occurrence throughout the meeting. Not only were the speakers accorded a most enthusiastic reception while on the platform, but after they had left the hall, the audience gave vent to prolonged cheering for them.

SCENE OF SERIOUS DAMAGE AT MUSQUASH; HEAVY LOSS WHEN PIPE COLLAPSED

On Thursday last when a heavy flow of water was turned into the pipe leading from the gates to the Hydro Power plant at Musquash, the joints leaked so badly that the earth supports were washed away and the pipe collapsed. At the time it was intended to test the machinery and have the power on before election day, but the disaster has not only caused the loss of a large amount of money, but the delay is regarded as rather serious. It was a ten-foot diameter wood stave pipe supported by earth embankment. It was found that there was a breakage in the control gear which rendered the closing of the gate impossible and left the gate open. When the pipe collapsed tons of water rushed in a deluge from the broken pipes tearing deep gulleys through the embankments. Since the disaster many teams and men have been employed filling in the washed out space with earth. The question has been asked, "If the above has occurred in a pipe line of a few hundred feet, what might happen to the other line of a mile and a half under construction?"

MISREPRESENTATIONS OF THE GOVERNMENT WERE EXPOSED

Hon. J. B. M. Baxter, M. P., Dr. Barton and F. L. Potts Deal With Misleading Statements of Speakers at Provincial Government Meetings—Ringing Call to Temperance Workers to Block Proposed Liquor Legislation.

The meeting held last night at Fairville in the interest of the opposition candidate, Dr. J. H. Barton, was well attended and the remarks of the speakers, Hon. J. B. M. Baxter, M. P.; Dr. Barton and F. L. Potts, listened to with the closest attention. Mr. Potts, in dealing with the temperance issue called attention to the fact that it was up to women voters of the county to save the province from the infamy of enacting a law legalizing the sale of liquor for beverage purposes, in order that the provincial government might have more money to squander. Robert Catherwood acted as chairman of the meeting, and in opening he made the prediction that after Saturday next Dr. Barton would write M. L. A. after his name.

Dr. J. H. Barton The first speaker was the candidate, Dr. Barton. He said the government speakers during the campaign had been kept busy trying to explain why they had over-expended in practically every department, and why they had deflected every year of their regime. He also referred to a statement of Premier Foster's, made at a meeting in Beauséjour, where it was claimed the whole credit for the money saved by the refunding of bonds belonged to the present administration. This was just another instance of the way in which the government speakers were misrepresenting the facts, in order to try and win this election. The facts of the case were, and Premier Foster knew it for he had access to all the correspondence which should be on file in the office of the provincial secretary, Hon. J. A. Murray had begun negotiations for the refunding of these bonds in 1916, and in March 1917, at the last meeting of the old government before going out of office, a representative of Messrs. Kessel, Kenrick and Co., was present to close the deal, but Mr. Murray said, "This is a large transaction and I will leave it for our successors to complete, and the only credit due to the present administration was that they had common sense enough to complete a good bargain made by their predecessors."

The government, he said, were fond of telling what they were spending on the roads, but if they had spent a few dollars on the river wharves a bright young life would not have been snuffed out on Monday last, when a young girl was drowned because of the dangerous conditions of the wharf at Palmer's, and this matter had been called to the attention of the government more than once. He also made a reference to the votes of people of Lancaster by starting work on the South Bay bridge a few days before the election was held, when last winter they could not spend a cent to relieve the unemployment existing at that time.

Hon. J. B. M. Baxter The next speaker was Hon. J. B. M. Baxter, who was given a most cordial reception by the audience. Dr. Barton said he was glad to be there to say a few words for his friend, Dr. Barton, a man who he believed when the votes were counted on Saturday next would be returned at the head of the poll. The thing for the electors to consider at the present time was whether the Foster government had kept its promises and deserved their support. Judging from the result of the last provincial election the majority of the voters of the province did not think so, for they only elected one half of the members of the House, and he doubted, if a general election was to be held now, if they could do that well. The present government had gone on spending money until the province was faced with direct taxation to meet the cost of carrying on the affairs of the country. This statement was made on the authority of no less a person as the Hon. W. E. Foster, Premier, who had spoken when he was

asked to introduce a bill legalizing the sale of liquor for beverage purposes, said just that. The next thing to find out was who was responsible for bringing this to pass. When the Murray Government laid down the reins of office there was no thought of direct taxation, let alone any mention of it, so that it must be Mr. Foster and his party who had brought this state of affairs about. They tried to make excuses and claimed there had not been as much lumber cut, and they had not received as much revenue last year as they expected. The first statement was true, but the latter was not. It was true they had not received as much as the year previous, but they had taken in \$210,000 more than the estimated receipts, and if they had kept their expenditures within the estimates passed by the legislature, would have been able to take care of the Valley Railway interest and still have a surplus. While they had taken in this \$210,000 more than they estimated, they at the same time spent nearly half a million more than they were authorized to do by the legislature, and this was what had caused the deficit. Of this amount Hon. P. J. Veniot, minister of public works, was responsible for \$245,000. Hon. Dr. Roberts for \$13,000 and the forest service for \$30,000. This was the reason why Mr. Foster had said they must either go into the liquor business or place a direct tax on the people of the province. It was his duty as premier to check these over expenditures, but he knew he dared not try to curb Mr. Veniot or that gentleman would wreck his government.

Dr. Baxter had something to say about the Valley Railway. This had been built with the consent of all parties, and he recalled the fact that Mr. Foster was a member of the first company formed to build this road, and a member of various delegations which had appeared before the House government to urge its construction. He believed the Dominion government would take over this road and it would be part of his duties at Ottawa to press for that action. Mr. Foster was fond of claiming this was a Liberal government, but he (Baxter) did not think Dominion politics should be introduced into provincial matters. In closing he made an eloquent appeal for hard work on the part of the electors from now until the close of the polls in order to roll up a large majority for Dr. Barton.

F. L. Potts The chairman introduced as the last speaker of the evening, F. L. Potts. Mr. Potts said it gave him great pleasure to address a Fairville audience in the interests of Dr. Barton, a man who would well and worthily represent the county on the floor of the legislature. He dealt principally with the temperance question and urged the ladies present to see to it that they left no stone unturned to elect Dr. Barton and show Premier Foster that they would not stand for any tampering with the present provincial prohibitory law. He referred to the statement of Premier Foster last spring that he had a bill prepared along the lines of the British Columbia Act, and did not introduce it because it could not be sure of enough support to carry it, and warned them that if the government carried Kings and St. John this bill would be introduced at the next session and passed, and if it once went on the statute books it would stay there for a long time, for no government would repeal it. This was their fight, and it was up to the women who wanted to save the boys of the country from the curse of the rum traffic to get busy and give Premier Foster his answer on June 19. The singing of the National Anthem brought a very successful meeting to a close.

Cheese And Butter Board In Session

Cheeses Boarded from Factories, 735—That Offered All No. 1 Grade, Sold at 13.5 Per Pound.

The first St. John meeting of the New Brunswick Cheese and Butter Board was held yesterday afternoon at the Board of Trade rooms at 3 p.m. The meetings of the board have always been held in Sussex before, but recently a change in this policy was decided on and the meetings will be held alternately here and in Sussex, one each month in each place. Buyers were present representing the Harris Abattoir Co., Swift Canadian Co., W. F. Hathaway Co., Jones & Schofield, Baird & Peters, G. E. Barbour Co., G. S. deForest & Sons, Hall & Fairweather, Northrup & Co., and R. B. Colwell. In all 735 cheeses were boarded from the following factories: Bellefleur, 30; Corn Hill Corner, 46; Corn Hill B. and C. Co., 95; Collina, 45; Havlock, 123; Head Millstream, 69; Hammond Vale, 24; Lower Ridge, 49; Pearsonville, 56; Penobscus, 138; Springfield, 46.

The meeting was presided over by A. T. Stockton, Tom Hill, president, and George Thimena, Sussex, acted as secretary. The cheese offered was all No. 1 grade and sold at 13.5 cents per pound the buyers being the C. E. Barbour Co. and the Swift Canadian Co. The next meeting will be held at Sussex.

City Cadet Corps Annual Inspection

Industrial Home, Winter St. and King Edward Schools Inspected by Lt.-Col. Snow

The Cadet Corps in the city are now undergoing their annual inspection by Lt.-Col. A. D. Snow, and some of the corps are showing up very well indeed, he said to The Standard yesterday.

ARE INVITED TO THE RECEPTION

Visiting Delegates and Local Physicians to Attend Function Today at Government House.

Among the features of today's programme in connection with the public health congress, will be the reception to be given this afternoon by His Honor Lieut.-Governor and Mrs. Pugsley at Government House, Rothesay. To this function are invited all the delegates registered at the Congress and all local physicians, and their wives, who may not have as yet registered, and have therefore not received formal invitations at the office of the secretary. Cars will leave the armories for Rothesay at 4:30 o'clock sharp.

POTATO EXPORTERS The Board of Trade yesterday received from Havana a request for the names of potato exporters in the Province of New Brunswick. The required information will be furnished.

Clifton House, all meals, 50c.

NEW PERFECTION Oil Cook Stoves and Ovens For Delicious Food—Fluffy biscuits, juicy roasts, flaky-crustied pies—the New Perfection bakes and cooks everything perfectly.
