MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETY'S RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED,—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practicable effort to have the Subscriptions on their respective Circuits collected and paid to the Treasurer at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

TIME FOR THE ANNUAL MEETING.

"RESOLVED,—That in future the Annual Meeting of the Society be held in the month of September each year, at which the general religious and financial state of the Missions will be presented."

RETURNS FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace number of Members, Children on each Mission, and the probable amount of the current Income."

PROCEEDINGS
OF
The Annual Meeting of the Society.

THE THIRTIETH ANNUAL MEETING of the MISSIONARY SOCIETY of the WESLEYAN METHODIST CHURCH IN CANADA, was held in Toronto, on Monday, October 27th, 1861. JOHN McDONALD, ESQUIRE, in the Chair. The Meeting was opened with singing and prayer, and the Report having been read by the GENERAL SUPERINTENDENT OF MISSIONS, the following Resolutions were unanimously adopted:—

I. Moved by the REV. K. CREIGHTON, seconded by MR. R. WOODSWORTH, and supported by the REV. A. SUTHERLAND,—

That the General Annual Report, an Abstract of which has just been read, be adopted and circulated; and that this Meeting offers its most fervent ascriptions of praise to the Father of Lights for the success He has vouchsafed to His Society, and the Christian Missionary Societies of the nineteenth century.

II. Moved by the REV. J. A. WILLIAMS, seconded by DR. W. CANIFF, and supported by the REV. W. JEFFERS,—

That notwithstanding a gratifying and much-needed increase of the funds this year, this Meeting is deeply concerned to learn that there is a balance still remaining against the Society, and that it is therefore impracticable promptly to respond to the urgent calls for additional Missionaries from every department of the work, in the Canadas, the Hudson's Bay Territory, and British Columbia, where there are many redeemed men but partially supplied with, or entirely destitute of, the glorious Gospel of Christ.

III. Moved by the REV. J. ELLIOTT, seconded by the REV. C. LAVELL, A.M.,—

That this Meeting presents its hearty thanks to the Ministers, Officers, Collectors, members of other Churches, and of many Families, and Sabbath Schools, associated with all the Branch Societies of the extended Wesleyan Connexion, for their unwearied services and increasing Contributions, and feels the paramount importance of constant Divine influence, and of more zeal, intercession, faith, and liberality, for the salvation of souls everywhere, and the glory of the triune Deity.

Report.

In sending forth the Thirty-Sixth Annual Report of the Missionary Society of the Wesleyan Methodist Church in Canada, the Committee offer their congratulations on the present extent, usefulness, and prospects of the Society.

Their first act is one of humble gratitude to the infinitely benevolent Being who has vouchsafed truth and power to this Society, and to the honoured Evangelical Missionary Associations of the age. "The Lord gave the word: great was the company of those that published it. . .

. . . Bless ye God in the congregations, even the Lord, from the fountain of Israel. There is little Benjamin with their ruler, the princes of Judah and their council, the princes of Zebulun, and the princes of Naphtali. Thy God hath commanded thy strength; strengthen, O God, that which thou hast wrought for us. . . . Ascribe ye strength unto God: his excellency is over Israel, and his strength is in the clouds. O God, thou art terrible out of thy holy places: the God of Israel is he that giveth strength and power unto his people. Blessed be God." \

The spirit of these inspired ascriptions, it is believed, largely pervades the great body of the Society's patrons, clerical and lay, and next to a devout acknowledgment of God's indispensable blessing, the Committee have no greater pleasure than in making grateful mention of the steady and liberal support yearly rendered by all the Branch Societies throughout the Wesleyan Connexion, aided as they are by considerate members of different Christian communities, who in various degrees convinced of the scriptural catholicity of the Society's labours, make some return for privileges conferred on their brethren in isolated destitute localities; and when the annual period returns for the joyously-expected Branch Missionary Meetings, it is some repayment of the disinterested services of the Society, to find ministers, officers, collectors, and contributors, adult and juvenile, parents, children, teachers, and friendly neighbours, all conspir-

rary.

the General

ing to make their Anniversaries cheering occasions of amenity and piety, intelligence and benevolence; as if it were felt by them, that He, who in love redeemed all mankind, has a claim on the love, and talents, and zeal of all men.

The paramount and distinct object of the Society being the universal diffusion of Scriptural light and holiness, by the preaching of Christ crucified, and this course ever obtaining the Divine approbation, the spirit of the Society is never contaminated nor enervated by a secular selfish policy; its annual doings are fresh and efficient; the public countenance increases, and the Committee never have to report retrogression.

The INDIAN MISSIONS of Canada have a permanent utility, and have from the first Native conversion on the Grand River elicited, and added to, public christian sympathy and good will; and had the Society won no other trophies, its large and willing expenditure for them would not be regretted. Though ever and anon Pagan prejudices are removed, and gods and charms are still surrendered in Canada, the chief duties of the Missionaries are those of the pastor. Not a few Indians are now living who were debased Pagans when this work commenced, and the cause of surprise to-day is, not that all hereditary evils are not cured, but that so many, in so brief a period, have been eradicated. The one lost sheep of the wilderness has ever, with the Saviour, the angels, and God's people, been an object of intense interest, and the best reward of piety comes to those persons who lift into the light of the Gospel day the darkest and most degraded of the human family. The Industrial Institution at Mount Elgin is doing well. The Government has withdrawn its aid from the Institute at Altwick, because of the disinclination of the tribes to send their children from the distant settlements of the north. The Native Schools generally serve a useful purpose, notwithstanding, as from the first, diminished in their usefulness by frequent absence from home. There is a gratifying increase of sobriety and industry on nearly all the Indian Missions this year. Many of the unjust civil disabilities of the Tribes continue, but even with them imperfect civilization and social happiness are incalculably preferable to barbarism. The reports from the Missions will be read with thankfulness; the exultations of Indian deathbeds repay christian subscribers for their liberality; and they will rejoice that some of the most successful Missions the past year were in charge of devoted Indian labourers, brought to God by the venerated William Case, Peter Jones, and John Sunday, who is in age a faithful and much esteemed minister of Christ.

THE HUDSON'S BAY MISSIONS have always been considered very important, and the agency sent out has done much good. Recently the work has received a new impetus, and the discovery of gold there, and probable augmentation of the number of intelligent, enterprising settlers in the Territory, open a career of activity for the Society requiring more means and more agents. Christian worship, societies, schools, and industry, have taken the place of superstition, vice, and blood-shed in some places; but there are too many Tribes without a Sabbath, a Bible, and a Minister, exposed to the rigours of the north, the uncertainties of the chase, the fatalities of brutality; and morally, to the semi-Paganism of Papal emissaries. The Society's Agents are indebted to the gentlemen of the Hon. Hudson's Bay Company for many acts of courtesy; and additional Missionaries only are needed to meet the wishes of Tribes long expectant of Wesleyan help, for more of the hapless wanderers in that wilderness to be gathered and evangelized.

The BRITISH COLUMBIA MISSIONS, being the first of a Protestant character on the British Pacific Coast, have been welcomed by the people generally. Some opposition was to be expected, for it has been the lot of the Methodists since Providence called Wesley at Oxford. But this surely conduces to the fidelity of Methodist Missionaries, and the triumphs of their Master. Congregations, classes, Sabbath schools, and new church edifices and parsonages, and the cordiality and support of many inhabitants, shew that the earnest zeal of the Wesleyans of Canada in originating these Missions was not in vain. Full reports from the esteemed Chairman, the Rev. Dr. Evans, and his colleagues, occupying other pages, will be read with satisfaction. An increase of Missionaries is much required, and a systematic effort for Aboriginal evangelization a desideratum, to meet the wants of anxious gold diggers, and abolish the vanities and vices of sanguinary Pagan Tribes.

The DOMESTIC MISSIONS, extending from the Atlantic coast of Gaspe, to the St. Clair River west, and from the southern boundary of the Colony, to Lake Nipissing north, are among the choicest means for promoting the intelligence, religion, loyalty, and social unity and happiness of the country, and for securing the elements of the basis of Christian and British empire. The numerous Letters now published report accessions of regenerated converts; the efficacy of the stated means of grace; the effect of special means; the activity of official members; the germinant power of the Gospel in the heart for advancing the interests of spirituality, morality, education, science, and commerce; the erection of churches, parsonages,

and school-houses, and the sustenance of Connexional undertakings. There is a greatly improved taste seen in ecclesiastical buildings, an incessant flow of liberality in their frequent dedication, and much prudence in this being often done without, or with little, pecuniary encumbrance. The benefits of these Missions will be lasting as the fame of Canada.

The labours performed, and hardships endured, on these Missions are preliminary, however, to a higher ecclesiastical form, that of the self-supporting Circuit. And there is a lively and thankful feeling in seeing yearly transformations, and in knowing that fields which were rugged and toilsome, and dependent on the Missionary exchequer, are now beautiful and productive, and fruitful in benevolence for the good of others dependent on the fund. Were every Mission permanently attached to the Missionary Society it would be easy to show annually the state of the membership numerically; but every year large Missions become Circuits, taking with them many members, and the new Missions formed have no members, or very few. Last May the Quarterly Meetings at five places voluntarily determined to recommend to Conference that their Missions should be Circuits; thereby reducing the Society's members between eleven and twelve hundred. By the goodness of God may this process continue!

The FRENCH MISSIONS to the Romish population have ever elicited the attention and best feelings of respected friends in Eastern Canada and elsewhere, and been aided by their counsel and liberality, and there has been success. The published letters of the opposed but faithful Agents since the commencement of these Missions will have shown that there have been many miles travelled by them, many public and household religious services held, and many copies of the Scriptures and tracts distributed. The effort for the restoration of the Wesleyan Church at Roxton, destroyed clandestinely by fire, is very laudable. There are already a hundred Wesleyan members of the Church on these Missions, not mere nominal changlings from a corrupt to a pure faith, but, in many cases, sincere and renewed converts, justified by faith in Christ alone; and there is only needed an augmentation of funds, and additional Agents, with Divine power, for this necessary department of evangelical zeal to result in signal advantages to a deluded people.

The GERMAN MISSIONS, commenced last year, exhibit even in so short a period, the wisdom of the Society's deep sympathies and earnest endeavours for the destitute, and show that the selection of the Rev. Dr. Freshman for this new enterprise was not premature. His thoroughly Methodist labours have been unremitting in Hamilton, and ex-

tended to other places, where he has found large bodies of Germans in deplorable religious circumstances, and his frequent visits to them and to Circuits on public occasions, have been very acceptable and useful. A successful effort has been made for a German Church in Hamilton, and many generous persons in Canada have rejoiced to be contributors. Early in the year friends on the Ottawa, of different Circuits, voluntarily and liberally came forward to aid this work, and another suitable Agent was immediately employed in that region, whose travels are extending, and are well spoken of. The emigrants from Germany and Poland much require a genuine Gospel, and were means adequate, agents might at once be multiplied, and Luther's great renovating doctrines tell on many minds and families, and indirectly, on some kindred populations of Europe.

The following is a SUMMARY of all the Society's Missions for 1860-61, which, with the concise introductory statements accompanying it, will, it is hoped, be adapted for convenient use on the platforms of the Branch Societies:—

The INCOME of the Society last year was \$48,625 94c, being an increase of \$6,243 8c, wanting only \$224 11c to make it equal to the largest amount ever received by the Society. The Committee cannot leave unrecorded their conviction that the supporters of the Society act under the impulse of vital, generous principles. For several years the large amount received—the largest given to any Protestant Missionary Society in Canada—has been obtained under trying commercial difficulties, in which the entire population has shared; but no sooner is commerce relieved by abundant harvests, and social frugality and industry, than benevolence

promises, in a short time, to exceed the highest amount of the past. The Cities send in handsome sums, though not higher, perhaps, considering local ability, than many other places. Not a few of the established Circuits act most praiseworthy; and some of the Circuits lately Missions successfully vie with them. There are Missions which, with all their necessities, give well; and it will be seen from the report that there are many small, unknown Settlements that surpass, according to numbers and means, some older settlements. A limited community on a Circuit, until this year always a Mission, and having only a class of twenty members, sends \$52. A respected lady in one of the cities makes her charities, like the sun's beams, to reach Wesleyan Missions in other countries besides Canada. There are a number of precious Bequests in the receipts, developing an important principle, which, it is hoped, will soon be more fully recognized by the dying.

The Juvenile Offerings this year are very pleasing, and there might be an understood rivalry between the children of Eastern and Western Canada; for the Eastern lists were never so satisfactory. Several Branch Societies have sent to the Missionary Department in Toronto, from self-denying ladies and gentlemen, chains and lockets, necklaces, bracelets, and various chains, &c., and it has given new pleasure to hear a Methodist jeweller estimate them at \$30 or \$40. A number of sympathizing friends in Canada have from time to time sent packages of clothing and other necessaries for the poor in Hudson's Bay; and in return for the Society's care, the Rev. George McDougall lately sent a box from his people containing a war dress, bow, and full quiver, and from Indian females, well and ornamentally made, a good supply of moccasins, each bearing the donor's name. These are gifts which cannot rank among the subscriptions of the McLeods, Jacksons, Ferriers, McDonalds, and Carpenters of Canada, but liking the motive which prompts to the casting of the smallest much-prized amount into this treasury, the impression of the Committee is strong, that the Society's subscribers think of Him, who, though rich, became poor; and that the time is fast approaching when Christians of every name and country will, with thankful unanimity, "render to Cæsar the things that are Cæsar's, and to God the things that are God's."

The EXPENDITURE of the Society for the year amounts to \$50,735 32c; the largest portion of this not being realized until the latter end of the year, renders assistance from the Parent Society very welcome, and loans on interest necessary. The objects requiring stated outlay have

been 151 Missions, some very remote and expensive, 192 Ministers, be-
sides Preachers under Chairmen. Industrial and Day Schools, and
Teachers and Interpreters ; and as was said last year, "Contingent Ex-
penses of management, outfits, travelling, translations, printing, books
and stationery for schools, building, repairs, furniture, allowances for
sickness, the disciplinary payments for children, training of Missionary
students, and the return of Ministers and teachers." Fresh doors of
usefulness stand open for the Committee ; and they, in dependance upon
God, cast the Society in confidence on its numerous benefactors.

These introductory statements are very general, and for detail the
reader is respectfully directed to the correspondence, contributions, and
disbursements on other pages, with the assurance, that incessant care has
been bestowed on the selection of new Mission localities, the appointment
of Agents, and the appropriation of funds.

The Committee deem it an honour to have the directorship of a Cana-
dian Association, which has for its operations the breadth of a continent ;
which from its formation has never lacked the Divine approval ; which
has ever had an Agency chosen and effective ; which has been generally
the Gospel pioneer in the country ; which has contributed eminently to
the religion, patriotism, and loyalty of Canada ; which finds its reward
continually in the spiritual, educational, and social elevation of an intelli-
gent and united British people ; which is sustained yearly by the counte-
nance, prayers, and liberality of tens of thousands of voluntary subscribers ;
and which, with no change of its Christian, Wesleyan, and Protestant prin-
ciples, nor abatement in its ardour, seeks, by a catholic and an aggressive
Christianity, the salvation of all men, and the glory of Christ. They
would hearken with faith and readiness to the voice of Him that crieth
in the wilderness, "Prepare ye the way of the Lord, make straight in the
desert a highway for our God. Every valley shall be exalted, and every
mountain and hill shall be made low ; and the crooked shall be made
straight, and the rough places plain ; And the glory of the Lord shall be
revealed, and all flesh shall see it together : for the mouth of the Lord
hath spoken it."

WORLD,

INDIAN MISSIONS.

NEW CREDIT.—The state of this well-known Mission is satisfactory, in charge of the Rev. Thomas Williams, and it is gratifying that a son of a departed Indian, John Jones, who aided, with his brother Peter, the people evangelised on the Credit River, and now settled at New Credit, is the very effective Teacher of the Ojebway School. Mr. Williams says,—

“The material form of the work on this Mission has not changed during the past year. The agents of the Society have continued to supply the places and people mentioned in last year’s Report. The congregations have been good during the whole year, and are increasingly so at the present time.

“In the early part of the year some increased interest in spiritual religion was manifest, awakened by means of a Camp-meeting, held in conjunction with our white neighbours—and some who united feel the benefit and exhibit it in their department as yet; but some have fallen away, and hence we are not able to report an increase in our membership.

“Two Schools have been in operation,—the New Credit School, all the year; the Delaware, from November until the middle of April, when it closed on account of the sickness of the teacher. In the first the children have progressed in the acquisition of useful knowledge, and as the teacher, brother Alfred A. Jones, is very orderly and systematic in his conducting the school, the effect of his discipline has been very marked. The branches taught are Reading, Writing, Arithmetic, English Grammar, Geography and History—with one day in the week set apart for special religious instruction. The New Testament and our Catechisms being text books. The average in this School has advanced during the year between 20 and 30; in the Delaware School the children have progressed from the alphabet to reading in the Second Reading Book and Testament, with a commencement in writing and arithmetic. The average attendance 12. Morally and socially, and perhaps in their industrial pursuits, our people stand much in advance of last year. Drunkenness has greatly diminished, and with it many of its attendant evils; yet I do not feel that I can congratulate myself or this people on our religious advancement.”

GRAND RIVER.—This old and valuable Mission has had its trials and bereavements, and is continually much exposed. The Rev. Peter German thus reports it:—

“The work on the Mission has become more settled and encouraging. We have made some improvements on the Mission premises. There are four services on the Mission every Sabbath; our congregations are far in advance of the commencement of the year, and we have some awakenings. Our Sabbath and Day Schools are in successful operation. Two Temperance meetings are held every week; this has proved a great blessing to the Indians. Our Missionary Meeting was very interesting, and we will be in advance of last year.”

MOUNT ELGIN AND MUNCEY.—The report from the Rev. James Musgrove is sufficiently comprehensive and minute, without prefatory statements,—except a remark upon the great age and faithfulness of two

Indians departed this year, who, we suppose, were indebted for their religion to the services of the earliest Wesleyan Missionaries on the Thames.

"On this Mission we have three separate Tribes, or Bands of Indians, speaking different languages, living in different localities, worshipping in their own Churches, and supplied with regular preaching by the appointment of a Missionary to each Tribe. In addition to the preaching in our Church at Colborne, among the Chippewas, there is occasional preaching in a newly erected School House at the other end of the Reserve, the distance being too great for those residing in that locality to attend the preaching at Colborne. We have regular preaching also on the Sabbath in the Institution, for the benefit of its inmates, and the white population in the neighbourhood.

"My esteemed colleagues, Whiting, Sickles, and Halfmoon, have laboured faithfully through the year, and not without some success. We have had to mourn over the unfaithfulness of some, who have indulged in the use of ardent spirits. Several have been dropped, and others have been borne with, hoping that our forbearance and labours may induce them to abandon for ever the practice of making use of intoxicating drinks.

"There have been nine taken from the Church on earth to the Church in heaven, two of whom were over 100 years of age, each. They had been exemplary members of our Church for many years, and died in faith. The number of expulsions, deaths, and removals amounts to thirty-seven. We have admitted thirty-four on trial, leaving us three less than the returns of last year. The average attendance of boarders at the Industrial School has been upwards of forty. The Bible Class and Sabbath School have both been attended too as usual; upwards of nine hundred verses have been recited during the past six months by one of the boys. As the result of a series of meetings held in the Institution, which continued for two weeks, twenty-three of the boys and girls joined the Society, and are now meeting in Class. We feel grateful for the past, and have hope in relation to the future."

WALPOLE ISLAND.—The work here, which dissimilarly to the work elsewhere, took years to originate, is, by the hand of the Lord, made prosperous and settled, and, when the necessary facilities for Divine Worship can be afforded by the funds of the Society, may be expected long to prosper. The venerable Solomon Waldron sends these statements:—

"At the close of this year, we present the following report, viz.: seventy-nine members in good standing, fifty-five on trial (all doubtful cases were placed on trial); ten removals, five excluded. Since the establishment of this Mission four years ago, there have been reported fifty births and twenty-seven deaths,—increase twenty-three. Attendance at School from ten to sixteen. The loss of our Teacher and Interpreter was embarrassing; we did the best we could in procuring a substitute. The want of a suitable Church still militates against the prosperity of this young and important Mission, being obliged alternately to worship in the School Room, Mission House, or in the open air. Our Meetings have been well attended both at home and in the sugar bush, where I administer to them God's word; and the best of all is, God has been with us."

SNAKE ISLAND.—The well-taught school here is yet in charge of Mr. Wm. Law, an old and valued agent of the Society: the Rev. Thomas Hanna writes: "This Mission is in a healthy state. We have lost one by death in the past year: she died in the Lord. One expelled for in-

RAMA.—The Rev. Robert Brooking's late arrival from Hudson's Bay prevents him from saying all he otherwise would, but he has reason for reporting some tokens of good, spiritual and temporal, which are likely to be permanent.

"The means of grace have been well attended during nearly the whole time of my residence here, and a small increase is reported in the Society. I have also reason to hope that intemperance is decreasing; two of the most hopeless characters having joined the Temperance Society, which is here fully organized.

"The School, I am sorry to say, has not been in operation during my residence here, and, indeed, for some time previous. The children for the most part, having been away nearly the whole time; neither is there any suitable place in which to hold it. The Indians have decided to build a new School House so soon as they shall obtain the consent of the Indian Department to an appropriation of a small sum for that purpose. I am also thankful to report an improvement in their temporal concerns; as the old settlers in the neighbourhood tell me that the Indians have never had so large a surface occupied with crops as now.

"Our people have been blessed, during the past year, with excellent health; three children only have died since my arrival of that peculiar, and apparently, little understood disease, diphtheria; and there has been an increase of the population by births over deaths, I think, of twelve, besides those who have come in from other places.

"In connexion with this Mission, we have a White Settlement in the Township of Mara, about five miles from this place, where we have a small congregation, to which I have regularly administered the word of life.

"Since my arrival here I have to give one Sabbath out of three to the Orillia Mission. This, especially since the spring, has been attended with considerable difficulty, and a travel of 50 miles."

SCHOOLOG.—No report received.

ALNWICK.—No report received.

RICE LAKE.—Here there is good doing, and the Rev. D. B. Madden writes encouragingly:—

"While the necessity of enforcing the discipline has resulted in the exclusion of some delinquents, your Missionary has been cheered by increased diligence in the attendance of others to religious duties, and in the conversion of those who formerly made no profession of faith in Christ. The Tuesday evening preaching, by the Indians, has been maintained, and well attended; while the monthly Temperance Meetings have greatly assisted in restraining and destroying among the Indians and Whites the vice of intemperance, and we can say, that with two exceptions, it does not exist among the members of this Mission. The Day School has been faithfully maintained by the indefatigable labours of our excellent teacher, Miss Cathey, and the children have, in many cases evinced a marked improvement in their studies, while the Sabbath School has received the oversight of your Missionary, and the faithful co-operations of efficient teachers. We require the addition of a small library, to give greater interest to the School.

"The completion of the Mission House, and fencing of the premises, as also, the putting of the land in an available condition, has demanded much.

"I think they are advancing, though not as rapidly as could be desired. Yet in comparing their present state as a people, with their past—the improvement is clearly seen; and I am confident would be more marked, if it were not for the bad influence exerted upon them by white men around them professedly christian.

"Our School is more interesting this spring than usual, and better attended."

CAPE CROCKER AND COLPOY'S BAY is in the state thus described by the Rev. Stephen Brownell:—

"The year has been one of peace, in all our borders, and of moderate prosperity. We have had comparatively but little increase in our membership and finance, but we are thankful that there has been no diminution in either.

"The migratory habits of this people are not conducive to either their temporal or spiritual interests. The year has been rather a hard one for our people—they have found it a difficult matter to subsist.

"Our last Quarterly Meeting was a time of great power; God was present to hear, and to bless. I never spent such a day as this was since I have been amongst them."

CHRISTIAN ISLANDS, BEAUSOLIEL ISLAND, AND FRENCH RIVER.—This is an extensive and laborious Mission, which has required much travel and exposure on the part of the Rev. Allen Salt; and his expositions of Scriptural truth, and mild, vigilant oversight of the Natives, have done good, though the separate localities of his people are not favourable to success. As everywhere else, the pestiferous calling of Romanism is, to obstruct the path of evangelical truth and morality; but these Native Missionary's meetings have been well attended, and some Pagans have cast away their superstitions, and become associates of a regenerated people. The scattered Membership is thus given:—

GARDEN RIVER.—According to the Rev. E. Sallow's statements, a brighter day dawns on his Mission:

"This is a wicked part of the country. Nominal professors are great sinners. Drunkenness and Sabbath-breaking are common sins. The morality of the few members of our Church evinces a striking contrast: in the midst of temptations, insinuations, and inducements, they cleave to God, and our cause. One of our members, Sister Sevison, died about two months since. She was a consistent member to the day of her death. The great design of the Missionary enterprise is carried out. Another soul is gone home to glory!

"We have had an interesting Sabbath School part of the time. Some of the children can read the Holy Scriptures, and sing delightfully some of our hymns in English. Visiting the sick, and success in medical skill, is giving us quite an influence among these people

"Two families have moved here from Sugar Island, Luther Rice and Ahpetahgezchick; they are planting here, and intend to remain. All the Indians are

expected to move here from Sugar Island in a few days. Chief Ogister is very much encouraged. He says: 'It looks like all the Indians coming back again to our Church. There never was so much planting at any former period, as there is this season: every body seems to have a new spirit in him.'

"There are two Mines, one about ten and the other about six miles from this place. These mines have been visited, and the miners having been chiefly trained under our ministry in the Old Country, are thankful for these visits. In all probability these mines will be more efficiently worked, when there will be congregations to listen to the Gospel, and Garden River become a central place for special occasions."

MICHIPICOTON AND BATCHIWANA BAY.—The following report from the Chairman of the Huron and Superior District, will be acceptable:

"Our native brother, James Ashquabe, has laboured at this Mission the past year with great success. About eighteen months ago he was driven ashore in a storm at Batchiwana, and now he has at this latter place a membership of forty. They have purchased of Government 640 acres of land, and have surrendered their annuities until it is paid. There is a good prospect that a goodly number of the neighbouring bands will come and settle at this place, which possesses advantages not often met with in that region. The Indians have earnestly petitioned for his continuance among them for a term of years. A little church edifice is indispensable at this place.

"There are twenty-five members at Michipicoton still in a good measure adorning their profession."

PIC AND NIPEGON.—No report of this Mission has been received. It has been supplied from Michipicoton, and there are 63 members—Indians. The Mission, and Michipicoton and Batchewana have been well supplied by two Native Agents, Mr. Ashquabe and Mr. Blaker, and it is a pleasing circumstance that an earnest and respectful petition, for the return of each of them to their Missions, was sent to the last Conference. From the first visit of John Sunday, and others, many years ago, to the Indians on Lake Superior, the Native Agency has been very acceptable and efficient, and the wish is not unmet now, that it could be extended sufficiently to supply the wants of many more Pagan Tribes.

As another instance of efficiency, it may be stated, that at Ogahonegahmung, a place some distance from Michipicoton, visited by Mr. Blaker, new classes have been formed, and there and at Michipicoton the house is crowded by Indians, and at the Fort by whites, to hear the Gospel from the Native preacher.

HUDSON'S BAY MISSIONS.

NORWAY HOUSE.—The report of Rossville, from the Rev. George McDougall, Chairman of the Bay District, is interesting and cheering:—

it appeared that my work was done, or, at least that I should be unfitted for the Journeys and exposures of this rough country; but thanks to the great Physician, I am now strong to labour.

"Our connection with the people of Norway House and this Mission has been very satisfactory. At the Fort, a class of females was formed by Mrs. McDougall, and of males by myself. Some of these men will soon be on their way to Athabasca and McKenzie's River. They will carry with them our books and tracts, and thus prepare the way for the Gospel.

"All the adults who have died in the past year gave pleasing evidence that they were going to the better land. Some of these deaths were very striking. One young woman, who had been a pupil of Miss Adams, and one of the many young people of this Mission who are deeply indebted to that worthy Teacher, feeling that death was fast approaching, requested her friends to place her Bible on a pillow before her. This was her last request, but after language failed, her dying eyes still rested upon the precious words of Christ, as recorded in St. John.

"Our public services have been faithfully attended at the Fort; we preach twice, weekly, and the unction of the Holy Spirit has ever been manifest at these meetings. The weekly female prayer meeting increases in interest; eighty has been the average attendance. At our first Quarterly Meeting we found upon examining the classes there were one hundred and forty-four members; twenty-one have been added to the Church since that time. In the past year there have been seventeen deaths and twenty-two births. One of the interesting features of this Mission is the School; during the coldest part of winter seventy-five of our little folks have been regular in their attendance, and sometimes a larger number.

"Lectures on Temperance have been delivered both at the Fort and Mission. Our discipline and the views of Mr. Wesley explained, and good has been accomplished. We have seen but one intoxicated person at Rossville; much credit is due to the Chief Factor and Clerks; for though rum is one of the Honourable Company's articles of traffic, yet a laudable desire has been manifested to curtail the use of it at this Post.

"In aiming at local improvement, we found a willing people. Last winter more than eight thousand excellent rails were made; our potato fields are now enclosed with strong and durable fences; timber and saw logs have been procured for the purpose of enlarging the Church, and cord wood has been cut for your Missionary. The work done by our people, if contracted for, would have cost the Missionary Society more than two hundred dollars. The cause of Missions has not been forgotten. Norway House has done nobly. I forward you their draft for £27 5 0 sterling, and 25 pairs of moccasins, from our Indian friends."

OXFORD HOUSE.—The Rev. Charles Stringfellow's report is satisfactory, and well agrees with his favourable communications received during the year, from a Mission, which, though isolated, is of great use.

"We have now completed a fourth year at this Mission. To write the report of the past year, becomes a work of encouragement and admonition. We are encouraged because God has been with us—the Divine presence has not been withdrawn, nor his absence in the sanctuary, the closet, or the family altar deplored. Far removed from ministerial and christian associations, among civilized communities, we feel it no small matter to "enjoy the good will of him who dwelleth in the bush;" who was manifested in the cloud of the divine glory within the veil of the temple, and is now under the Gospel dispensation revealed in the heart of the Red, or the White believer in Christ,—as 'in you, the hope of glory.' We continue to exhibit a full, free, and present salvation, by faith, through grace, and in Jesus Christ, producing peace in the heart, and righteousness in the life.

"We have had our trials, and they have been, and still are heavy and numerous; such, indeed as are incident to Missionary life and family afflictions. Our joys do not as yet equal our sorrows, but

"Soon the reaping time shall come,
And angels shout, 'the harvest home!'"

"Then they that be wise shall shine as the brightness of the firmament, and they that turn many to righteousness as the stars for ever and ever," Dan. xii. 3.

"We are admonished by the rapidly fleeting nature of time. Another year is gone! and is added to the years of time past. The year has created vacancies in our midst, and two of our number have been called away, each of whom we should now remember.

"First. Sarah Morgan—an aged Indian woman. She first heard of Christianity at York Factory, but did not embrace the Gospel until some few years ago, after she came with her children to this place. My acquaintance with her enables me to testify that she valued religion; she always enjoyed the means of grace; was a glad and willing exemplifier of piety at home (1 Tim. v. 4), in one of its various forms—*family prayer*. I am persuaded there is hope in her death, although her friends were not gratified by anything audible from her at the time of death. I arrived at her tent on the day of her death, but on landing found she was dead and buried. It is inconvenient to keep a corpse in a tent in the heat of summer.

"Second. Andrew Yates—a young man of about twenty years. For a long season he had spent much time at the Mission; he had also been a scholar in our school. Here he had learned to read and understand, to some little extent, the English New Testament. He has been consumptive two or three years; was an orphan; and almost friendless. For several months he has been residing with our servants, where he was often supplied by Mrs. S from her own table, with such things as we had to give. For this he often expressed himself thankful. Before death, he was reduced to little more than a skeleton. His soul was in peace. He held constant communion with God. Heaven was near. I visited him frequently, often thrice daily, and thus had full knowledge of him. He had no fear of death; I seemed to think that God delayed to call him hence. The night prior to his decease I read, prayed, and spoke with him of the innumerable multitude above, and their employments, after which he stated his heart was enlarged and filled with joy in God; before I again called he had joined the company above. His testimony was clear, his religion a living reality, and all who came in contact with him, felt so; his spirit was eminently devout and heavenly. I never saw a more contented, happy dying christian, anywhere. What a blessed thing such a death! Here we have another proof of the blessed results of Canadian Wesleyan liberality and toil, amongst the poor destitute Indians of this extended Territory.

"I must again deplore the fact of so many of our members being necessitated to leave us for most of the year. We see little of their life and conduct. We rejoice that our native Leaders and others, at times make it their business to see their fellows, and preach to them of Jesus. There is a native agency arising amongst us that will make its influence be felt. Our Leaders (three) should be returned as 'Leaders and Local Preachers.' I know it is their practice throughout the year, to gather the people, talk and pray with them. I have at times listened and profited.

"We are now distributing a copy of the New Testament in each of the families of the Mission. It has been translated into Cree by the Rev. W. Mason, of the English Church, (formerly a Wesleyan Missionary). We regret that this translation should have passed into other hands than our own agency. The present translation receives a welcome, a better would receive a greater; and a better translation could be made. Mr. Mason claims the present translation, but has used without acknowledgment all the separate translations our own Society has published, and has little deviated from them. We hail the work, and it will tell.

"On the whole society is on the advance and received on the eternal life.

"On the whole we are progressing. The spirituality of the bulk of the society is on the increase. During the year a few pagans have been baptized and received on trial, and we trust are seeking glory, honour, immortality, and eternal life.

Drunkness is a growing evil in our midst. We preach against it, and use our influence to put it down, but it grows, and we fail. There are some instances in which allurements fail, but generally the temptation cannot be resisted.

"We have had large congregations lately, larger than at any former spring gatherings. Our Lovefeast and Sacramental occasions were blessed seasons, the influences of the promised Spirit descended upon us.

"Numbers in Society, 116; on trial, 6—one hundred and twenty-two, after making up deficiencies variously caused. Marriages during the year 10; baptisms 22—four adults and eighteen infants; deaths, 2"

LAC-LA-PLUIE.—The labours of the Wesleyan Society here have not been fruitless, and the good done, and the wishes of the Indians, are reasons why the intentions of the Conference should be carried out, and a suitable agent be sent as soon as practicable.

EDMONTON HOUSE AND ROCKY MOUNTAINS.—Letters and Journals from the Rev. Thomas Woolsey are too copious for insertion here; and parts of them may appear in another form; but we gather from them that his labours and travels are continued, and men of different Tribes are impressed by the truth, and seek baptism at his hands; and it is just to say, that by his efforts there is a sure propagation of the Gospel and Protestantism. He knows what perils among the heathen are, and every letter received affords painful evidence that Paganism is cruel and perfidious, and too often fatal in its brutal acts: still, he seeks them on the plains, and in the fastnesses of the mountains; and it is impossible to say how much the self-denying zeal of our Missionaries in the Territory mitigates the revolting scenes of barbarism.

He mentions with sad feelings the death of the Cree Chief, Joseph La Patack, supposed to have been poisoned by Pagans for his reproof of their vices. The Missionary calls him his "friend and brother in Christ;" and his dying wish for "a thousand tongues" to praise *his* Redeemer, is a fine contrast to the war whoop.

After all, it is not Paganism, but Popery, which is the most hateful barrier of the Gospel on the Saskatchewan, as it is throughout the world: indeed, Popery is a spurious and foul christianity in heathen trappings, and it is easier to persuade a cannibal to be saved than some dupes of Rome. Not seldom, however, Romanists, Mr. Woolsey shews, sincerely repudiate Popery for Protestantism, despite the puerile threats of priests; and recently he gave a convert from Popery a paper certifying his Protestant Wesleyanism, and intended for Protestant Ministers. The good convert stood firm; but by some chicanery the "Bishop of St. Boniface"

got possessed of the certificate, and insultingly sent it with a note to our Missionary! But here, as everywhere else, "the Man of Sin" will be demolished by Bible supremacy, and not a vestige be left of his bad despotism.

For years it has been felt that suitable Mission premises were necessary near Edmonton, and lately an eligible locality has been selected on a Lake, which Mr. Woolsey and the Indians say must be called after our beloved Queen. Expenses are now being incurred in the preparation of the land, and the erection of buildings. Mr. Steinhaur has his happy, plain, Wesleyan establishment at White Fish Lake, and ere long, by the goodness of God, and the generous aid of Canadian Christians, Mr. Woolsey will have his church, parsonage, school-house, Wesleyan society, and the dwellings and clearings of reclaimed and regenerated Natives, on the cultivated and British banks of "Victoria Lake."

WHITE FISH LAKE.—The Native Missionary here, the Rev. Henry B. Steinhaur, sends the following very acceptable report:—

"Through the goodness of Almighty God I am once more permitted to address a few lines to you from this remote corner of the Wesleyan Mission field, thankful that my worthless life is still spared, and that a measure of health and strength are vouchsafed to me; inasmuch as I am yet able to attend to the duties of my position as occupant of this obscure, though not the less important station of your Missionary Society.

"During the past year, we have, in common with others, engaged in the Missionary work, shared in trials and discouragements from different sources: none, however, are so formidable for there to be despair of overcoming. The Station has not been troubled with, nor have we been pained to see, the effects of that which is truly the *bane* of the Indian race. I am not aware that any of our members, since they endeavoured to become Christians, have been overtaken with the sin of drunkenness; because they consider this, which in fact it is, as one of the sins they are required to renounce by their baptismal vows. Just emerged from heathenism, they cannot be supposed to have already attained to perfection. There is a sin among them to which they, especially the young, are strongly addicted, namely, that of gambling; and I was under the necessity of excluding three of our numbers for indulging in this sin.

As to our members generally I have reason to think that they are endeavouring to advance in the Divine life. That they enjoy the comforts of the religion they profess. Our Quarterly occasions are seasons of much refreshing from the presence of the Lord. At spring and fall there is generally a gathering of Indians of all gradations to the station. It is then that ample opportunity is afforded for preaching the Gospel of the grace of God to those perishing for lack of it. It has been our custom since I have been at this station to hold at least one religious service every day in the week, when a portion of the Word is read and expounded. When the people are here we generally have a full house of attentive hearers. In this way a lasting benefit has been communicated to some dark hearts, and truth has even softened, nay crushed the prejudiced dupes of Rome.

"I reported last year that there were sixty members in Society at this station. I am sorry to say there has been no increase; and it is very difficult to ascertain the real state of those who have been baptized by us, professing to adhere to the Protestant faith; owing to their migratory habits. number is that of those who make the Mission station their home, with whom we are in daily converse. There have been two deaths, one adult male, and an infant; both took place on the plains, and the corpses were brought here for burial. Seven have been baptized, one adult and six infants, and four marriages solemnized during the past year.

"There was a great scarcity through the Saskatchewan last year. Providentially during the past winter the buffalo were quite numerous, and our people gathered a good deal of provisions for themselves; so they can work at their gardens without being anxious as to what they shall eat. Last year the Indians raised a good many potatoes, turnips, and barley, and this spring twice as much ground is broken up and prepared for seed than there has been before. We trust, the providence of God favouring the labour of our hands in this thing, to be blessed with good crops.

"Other Indians see the benefit of cultivating the soil; six or seven families have come already and busily engaged in preparing the ground for seed, and the time is coming when their only dependence will be on the produce of the farm; for buffalo on the plains, and other animals of the chase, are lessening annually.

"Our School has not been kept as it ought to have been done, owing to our want of a person to act as a teacher. Will you not undertake for us? There are at present upwards of 70 children here who are not receiving that attention which ought to be paid them. I am sorry for thus being single-handed, and having to attend all the secular work, and religious duties, required to be done at the Mission. My eldest daughter sometimes takes charge of the School, but being too young to manage such a wild set, she manages very well with the smaller ones.

"We are trying in our humble way to do the best we can to advance the cause of the Redeemer in this land of a benighted people. I am not yet tired of my work, though I have often to lament and cry, 'Who hath believed our report and to whom hath the arm of the Lord been revealed?' yet 'my heart's desire and prayer to God for this people, my own kindred, is, that they might be saved.' May I continue to share in your prayers."

BRITISH COLUMBIA MISSIONS.

The reports sent by the Society's Missionaries on the Pacific coast, though not containing all the statistics some readers may expect, and which annually are very desirable, will greatly interest those christian and liberal friends who have, with earnest prayer, contributed to the establishment of Missions which already promise great success and permanence, to the praise of Christ, and which it is hoped, will, with increased zeal, be supported by them.

VICTORIA.—The Rev. Dr. Evans, Chairman of the District, writes:—

"The past year has been characterised by events which will probably be regarded with interest by future generations, who may reap the fruits of the toil and liberality brought to bear on the establishment of Methodism in this metropolis. Among them may be mentioned the completion and dedication of a beautiful and commodious Church edifice, which we trust will be the

birth-place and nursery of many of the redeemed of the Lord. Since its opening there has been a steady increase of attentive hearers of the word of life; and we hope that by the blessing of God this may continue, and result in that revival of pure religion so much needed, and for which unceasing prayer is offered.

"The institution of a Sabbath School is another event gratifying to the friends of youth, and of religious progress. In our present population the proportion of children is much smaller than in older settled countries. It is believed that by far the greater number of children of christian parents attend school in the various churches; and we doubt not, from the results of our early operation in this department, that as elsewhere so here, we shall be honoured with our full share of confidence and responsibility in this branch of christian enterprise.

"As the year has progressed, we have been delighted by receiving into our classes a goodly number of Methodist emigrants from other parts of the world. To such, the means of grace to which they have been accustomed are of vital consequence, on arriving at these colonies, and we cannot too strongly urge upon the pastorate of the other lands the importance of furnishing immigrant members with letters of removal, and exhorting them to lose no time in connecting themselves with the Church, even though their stay at the point of debarkation may be but short.

"There is much in the state of society, and in the existing pursuits of the community, to dissipate and lower the tone of religious feeling, and which render pastoral oversight and christian association the more valuable.

"There are at present three classes organized here. The membership is fluctuating. During the year, a majority of those who have been united with us have removed to British Columbia, including some of the earliest and very efficient members of our official board, and Sabbath School Teachers. Notwithstanding this, however, we have the happiness to report an increased membership, for which we thank God and take courage."

"Our Sabbath School, which has been in operation since the completion of the church, opened a sphere for interesting effort, pregnant with promise of future good. Although there are few families here, compared with the entire population, yet the attendance of children is very general. A fair proportion receive instruction in our school. The Superintendent and Teachers have devoted themselves with praise-worthy assiduity to their work. During the past eight months, 9063 verses of Holy Scripture have been recited. A small, but promising Bible Class has been organized, from which we anticipate gracious results."

NANAIMO.—The Rev. E. Robson writes:—

"During the first quarter of the year, this Mission was under the pastoral care of Brother Browning, who had made arrangements for the completion of the parsonage, and taken steps toward the erection of a Church. The parsonage is now a comfortable residence for a small family, and the Church was dedicated by the Chairman of the District on the 11th of November last. It is a tasteful, comfortable, and substantial building, capable of seating one hundred and fifty people.

"There has been public preaching twice each Sabbath, and occasionally on week-day evenings. Since the services have been held in the new Church the congregation has increased in numbers, and we have not been without tokens of the Divine presence. The Sabbath School is doing well, as will be seen from the report. A Quarterly Board has been organized, and we have commenced a system of Tract distribution, which it is hoped will be beneficial, especially to those who do not attend upon the preaching of the word.

"As the members of the class, and the congregation, have contributed largely toward the erection of the Church, and the completion of the parsonage, &c., they have not been able to do as much as they otherwise would for the support of the resident Missionary.

"In addition to the work at Nanaimo, the settlers on Salt-Spring Island, 30 miles south of Nanaimo, have been visited, and supplied with religious tracts and bibles, of which some were destitute. I also preached to a good number of them, and intend, if I should be returned to Nanaimo, to visit them once a month, and preach at two different places on the Island, as it would be inconvenient for all to attend at one point. There are about seventy settlers on the Island, who are clearing and otherwise improving the land upon which they have located. I regret that through the long continued illness of Mrs. Robson, and the large amount of manual labour which I have had to perform, in connection with building our Church, &c., I have been prevented from doing much for the Indians. However, I have done what I could, with my limited time and means, in visiting them at their lodgings for religious conversation, and occasionally preaching to them on Sabbath. I have also instructed those of them who were willing to learn, in reading, writing, arithmetic, and the English language. I hope, however, that more will be done in this important part of the Missionary work in future years.

"The attendance of scholars and teachers has been somewhat larger than last year, notwithstanding that another Sabbath School has commenced during the year. The portions of Scripture, and our Catechisms committed to memory by the scholars, as well as their progress, is highly satisfactory. A good library has been obtained, which is well used by the children of the school. We close the year with confident hope that our labours have not been in vain."

NEW WESTMINSTER.—The Rev. E. White writes:—

"In reviewing another year's labour on this Mission, we are happy in being able to report that the good cause which we are here to advance is in an encouraging state of progress. Our members have increased from six to twenty-two, who up to the present have met in one class. But a second leader has been appointed in reference to the early commencement of another class. A Trustee and Quarterly Board have been organized during the year. The congregation is more than twice as large as it was a year ago, and much less fluctuating. Our cause is settling down upon a firm basis, and taken a strong hold upon the community. The unity, zeal, and liberality of our members augur hopefully in regard to the future, and furnish great encouragement to your Missionary. A portion of the military, who are Wesleyan in their predilections, are marched to our morning worship, and a considerable number attend also in the evening, although their camp is more than a mile distant. It is our strong conviction that Methodism in New Westminster, as population increases, will take a high and leading position.

"The Sunday and Day Schools mentioned in our last year's report have been continued and much improved. The former embraces nearly all the children who are old enough to attend. A highly interesting Bible Class of young men and women has been formed. At the Day school three young Chinamen attended during a great part of the year, and have made encouraging progress in the study of our language, and have shown hopeful signs of a disposition to learn and embrace Christianity. Although the number of other children attending the school has been small, yet, as it is the only school in the place, we have regarded it as an important part of our Mission work. There is now a prospect of having a Day School established under government patronage, which will, in a measure, obviate the necessity of continuing the Mission School."

FORT HOPE AND FORT YALE.—The Rev. A. Browning writes:

"Six months of the past year were spent by me in Nanaimo and Victoria. At Nanaimo, I had the honour of commencing what, under the administration of my successor, has assumed form and permanency. At Victoria, I had the pleasure of relieving our beloved Chairman, when pressed by unusual responsibilities, and physical affliction.

"On arriving at Hope I at once pushed on to the valley of the Similkameen, some eighty miles to the rear of that place. The first Minister to these parts, I experienced some discomfort—discomfort lost in the felt fact that the representative of Methodism was a welcome visitor, and a respected guest. Personal requests were preferred, urging frequent visits, and messages have since been received, reminding me of their wishes, and my limited pledges. Fort Hope is destitute of Methodist membership. The falling off of the local mines, and the wandering propensities of Frazer River sojourners, being the chief causes of the regretted exodus. Brother Robson's labours here are yet spoken of with respect, and more particularly his ardent zeal for the welfare of the Aboriginal tribes. At Fort Yale, as at Fort Hope, our congregations have been almost universally good; while on the river banks we have been enabled to gather attentive and appreciative audiences.

"I have preached in tavern, store, and cabin, sometimes to men of reckless lives and desperate characters; but have yet to receive annoyance in the pulpit, or unkindness out of it. Rather would we chronicle the earnest look—broken confession—and kindnesses the most delicate and self-sacrificing. I cannot record known conversions, but can recount the restraining of transgressions—the reviewing of holy purposes—the performance of kindly deeds. The adaptability of Methodism, as a means of Christianity, has been proved in the presence of men who pronounce it schism, and its ministers propounders of an unsound faith. Men who, for a score of years or more, have absented themselves from the house of God, have been found attentive listeners to the word of life; and from such your Missionary has received words of kindness and welcome. And in all, whether of labour or welcome, rejoicing or sorrowing, I trust God (in some humble measure) hath been glorified."

DOMESTIC MISSIONS.

Toronto District.—MONO is no longer a Mission made unattractive by its scanty facilities and hardships, if the straight-forward statements of the Rev. Richard Pinch are to be the criterion:

"After meeting casualties, we return 325 members, and 18 on trial. The claims of the Ministers have been met. The Connexional funds, with one exception, are in advance of last year. One frame church, 36 x 26 has been erected and opened for Divine worship. There are six Sabbath Schools in operation, in which there are employed about 30 officers and teachers; giving religious instruction to about 250 children. Methodism has on this Mission many warm hearted friends, who are walking in the fear of the Lord, and in the comfort of the Holy Ghost: but of others it may be said, we stand in doubt of you. Upon the whole, we have good reason to believe the work of God is advancing on the Mission; and if efficiently done, will soon rank among our self-sustaining Circuits, as the pay into the Mission fund is nearly three times the amount of the appropriation. To God be all the praise!"

ORANGEVILLE prospers in the hands of the Rev. John Wesley Savage, who remarks,—

"When it is remembered that three years ago there was not a Wesleyan church on the Mission, and now there are three good ones, it is a matter of devout thankfulness to God. Nothing will insure greater success in this Missionary field, (by encouraging a few good, liberal and true Methodists, who are our main supporters) than by the appointment of a good preacher, and a

The Mission has suffered in a pecuniary sense by the removals already referred to. The Sabbath School, commenced last year, is doing well. The spiritual state of most of our members is very gratifying and promising."

Hamilton District.—NANTICOKE is the only Domestic Mission on the District, and is after this to be a Circuit. The official brethren are setting an example to other Missions by acting so worthily, and the report of the Rev. J. N. Lake will be an incitement:—

"During the year we have taken on trial 104 persons, and received 6 from other circuits; and after 13 removals, 2 deaths, 24 dropped, and 3 withdrawn, we report 300 *full members*, and 50 on trial; thus giving us a net increase of 68 full members. The Mission has raised upwards of \$200 more for our Connexional funds than it did last year, besides paying up the preacher's claims in full. Whether this is spasmodic remains to be tested; but we are inclined to think it is not.

"Further, we think there is more spirituality amongst our members than at the commencement of the year; our Camp Meeting aided us very materially on this point; many who were nearly spiritually dead were filled with the love of God, and have been very useful since. We have also finished a new church in Dr. Cew's neighbourhood, which is free of debt.

"The members of our Quarterly Board, thinking they were able to stand alone, with God's blessing, have passed the following resolution:—'*Resolved*,—That the *cordial* thanks of this official Board are due, and are also tendered to the Missionary Committee for the liberal support given us during many years past: also, that as God has favoured us with *temporal* and *spiritual* prosperity, we are now willing to take our position as the HULLSVILLE CIRCUIT.'

"Thus we have abundant cause to offer in behalf of this dear people, 'the sacrifice of praise to God continually, that is, the fruit of our lips, giving thanks to his name.'"

Niagara District.—DUNNVILLE. The Rev. Thomas Jeffers' statements will afford much satisfaction:—

"Ten years ago, Dunnville became a Mission, and comprised the whole of what is now Cayuga Mission. The Quarterage collected for the support of the two Ministers was one hundred and sixty dollars; the amount collected this year on the same ground is seven hundred and eighty dollars; the subscriptions to the Missionary Society have increased; nine years ago, only four dollars were collected for the Superannuated Fund; this year on Dunnville Circuit, alone, we have collected upwards of nineteen dollars. Our Missionary Grant is fifty dollars less than former years. Last year we collected on the Circuit for the Missionary Fund, eighty-one dollars; this year, one hundred forty-four dollars, making a clear gain to the Missionary Treasury of one hundred and fourteen dollars. The Ministers have less deficiency than in former years. In ten years the Members in society have increased from two to four hundred. The attendance upon the means of grace is larger this year than the two former years, showing from the beginning a gradual increase. Class Meetings are well attended. Quarterly Meetings have been seasons of refreshing from on high. We have had a pleasing revival in Dunnville the latter part of the winter; thirty-two were received into the Church. We are sorry that we have not been more useful; but for the good that has been done we give God all the praise."

CAYUGA is stated by the Rev. Thomas Cobb to be busy in church

building: his people are increasing in liberality; the society is enlarged; and though he has cause for sorrow, he mentions only his joys, with gratitude to God.

Brantford District.—LYNEDOCK sends no report.

London District.—Notwithstanding the stir which a certain heresy has made at STRATHROY, the Rev. J. A. Ivison writes of the erection of a church and parsonage; the liberality of his people; an increase of members; and the need of an additional Missionary.

WARWICK is repaying the labours of the Rev. W. Chapman and his colleagues. He says,—

"This is a very extensive field of labour; it includes the whole of the Townships of Warwick, Plympton, Bosanquit, and part of Enniskillen and Brook. It contains twenty-four appointments, and we return this year four hundred and eighty-five members, being forty-one of an increase on the numbers returned last year. We now think it should be divided into two four weeks Circuits.

"Operations have commenced for the erection of three Churches, one at Warwick Village 27 x 40 feet, one at McCays 26 x 36 feet, and one at Arkona 40 x 50 feet. Our funds are much in advance of last year, and we think, if properly worked, the Mission will soon become two self-sustaining Circuits."

The facts the Rev. W. Dignam sends from DEVONSHIRE AND MCGILLIVRAY are substantial and gratifying:—

"Pastoral visiting has been attended to; fourteen classes also regularly met; Sabbath Schools have been attended to, and fifteen of the children have met in classes.

"God has greatly aided us in one feature of the work, viz: paying off old debts on Church property. One church paid off \$400, long standing at interest; Another subscription amounted to \$1000, and the building is rapidly running to completion: \$800 being subscribed, and \$200 to be paid in work—expecting to cover costs. Out of \$3,740 worth of property on the Mission, there is only about \$125 due as a standing debt. If our Missionary money has been great other years, this year it has been still greater. Children's cards amount to \$43, and the whole to \$337."

The Rev. George Kennedy of NISSOURI is encouraged by attentive congregations, increase of probationers, and "Divine unction attending the ordinary means of grace, especially the meetings for prayer;" an important fact.

Chatham District.—The Rev. T. Atkinson writes with modesty of his work at MOUNT BRYDGES, but his is a mount of blessing for its classes, congregations, and supporters of the funds and institutions of his Church. At NAPIER the Rev. James Thornton is strengthening his position by increasing his appointments, attending to Bible classes, examining Sabbath Schools, and organizing new Classes with leaders. There is fruit at WARDSVILLE, thankfully spoken of by the Rev. W. Hawke, in a cheerful

"The past year has been one of pleasing prosperity,—nearly *one hundred* precious souls have, we believe, been truly converted to God, and the Church generally quickened. We have a very good increase in all our funds, especially the Missionary fund, which is 50 per cent. more than last year. We hope to dedicate, in three weeks, to the worship of the triune Deity a new church, now erecting, and which will be free of debt. We are also about commencing two others. During the year we have likewise enlarged our parsonage; the friends are, in general, very liberal in supporting the preacher who labours among them. We have not less than twelve ministers belonging to nine different sections of Christ's church labouring in this locality; nevertheless, the simplicity and the orthodoxy of our doctrines and church polity are greatly appreciated by the inhabitants generally. We require a second preacher upon this field of labour, as our borders are so extensively increasing. May the good Head of the Church still direct and bless! Amen."

Though the Rev. A. Dayman has had to drop members at MORPETH for unfaithfulness, he has good reason for hope. The Rev. J. Hodgson is encouraged at ROMNEY.

Guelph District.—The Rev. J. E. Dyer notes "a marked improvement—numerically, spiritually, and financially" at ERIN. ROCKWOOD enjoys an increase of members, though the Rev. A. Milliken regrets "a full salvation" is not enjoyed by more of his people. The Rev. S. C. Philips, notwithstanding difficulties, has in three years at BERLIN received a hundred persons on trial, and but for nearly eighty removals, would have had the pleasure of reporting a good increase. At WELLESLEY the official members shew a lively interest in Methodism, and one of the great objects for which it exists—aggressiveness—has been accomplished, and the Rev. D. Hunt says,—

"Having been favoured this year with a faithful and laborious colleague, we have been able to extend our labours into settlements where they had never been favoured with the labours of a Methodist minister; and through the blessing of God upon our efforts, we have succeeded in planting, in this very unmethodistic soil, *four* new classes of persons but newly converted to God.

"About *sixty* precious souls profess to have received the blessings of pardon and peace during the year, most of whom will, we have reason to believe, be useful members of our Church. A good work has been effected in the extension of our church accommodation; three churches have been erected, finished, and dedicated, on which there remains only a few dollars of debt.

"It has been a year of unspeakable toil and great anxiety; but the Lord has been our strength and our support, for which to his name alone be eternal praise ascribed."

ELMA is well spoken of by the Rev. I. Crane, for accessions, liberality, and unencumbered parsonage-building efforts. Good tidings are sent from

WALLACE, by the Rev. W. M. C. Luke, and he becomingly acknowledges the hand of the Lord in the success he reports:—

“After another year of privation and toil on this Mission, we are enabled, by the grace of God, to report a considerable degree of prosperity. After the labours of nearly thirteen weeks in protracted services, we had the pleasure of taking about 50 persons on trial, and organizing two new classes—leaving us at the end of the year with a membership of 186, and ten preaching appointments. Our Connexional funds this year have more than doubled, and our own salary is on the increase, though far below what it should be. We have got one church completed during the year, and another in course of erection. After carefully reviewing our lengthened connection with this people, we have much cause for humility, and yet we have not been toiling all night and catching nothing. Year by year the Lord has prospered us, and we take courage and thank God, gratefully raise our Ebenezer, saying, ‘Hitherto hath the Lord helped us.’”

Goderich District.—The position of GODERICH for numbers and piety, and respectable commodious church and parsonage edifices, being favourable, the Chairman of the District, Rev. T. Cosford, recommends that Goderich be made a Circuit. The report from MITCHELL is written with diffidence; still, the Rev. O. H. Ellsworth observes:—“We think we can safely say, peace and prosperity begin to cheer our hearts, and encourage us to hope for a brighter future. During the past year we have laboured very hard, and God has been pleased to own our efforts.” At STRATFORD there is spiritual improvement, financial advancement, and a hopeful effort for relieving the church and parsonage property of a great burden, and the Rev. T. Cleghorn thinks this Mission will soon rank among the Circuits. BAYFIELD is too briefly reported, and witholds desirable statistics, but the Rev. T. Robson has had “some prosperity.” The Rev. E. L. Koyle’s condensation of numerous interesting matters at WAWANOSH is exceedingly acceptable:—

“There is a tide in favour of Wawanosh. The Mission has not felt during the year one ecclesiastical jar. This is appreciated the more because it contrasts so vividly with the trying ordeal through which we passed last year. Our Camp-meeting last fall, though held under very unfavourable circumstances, was made a blessing. A few were added to the Church, and the membership were much helped. We have a net increase this year of seventy-four. Four new churches have been commenced; three of which we hope will be ready for use by next August; and though of cheap structure, we expect will add both to our pleasure and usefulness. Our Missionary gatherings are quite in advance of last year, and more than we receive from the fund. At eight of the appointments there are regular weekly prayer meetings, and at one there is and has been, for months, a meeting three times a week. The spirituality of the Mission is promising. Our Sabbath Schools, five in number, are doing good. The Mission remains a pleasant, as it has long been an important, field of Methodist labour.”

There is an increase of members, temporal means, and generosity on the KINGARDINE AND BRUCE Mission, and the Rev. J. F. Latimer

has lively and BELMORE require marks several progress and ANINLEYSVILLE:—

has lively anticipations among a worthy people. TEESWATER AND BELMORE require travel in five townships, and the Rev. W. Sutton marks several gratifying evidences of religious and financial progress and good will. The Rev. J. Hough must be heard for AINLEYSVILLE:—

“During the past year, the influence of Wesleyan Methodism has been increasing on this Mission, and it has now the confidence of a large share of the population. Two new classes have been formed, and the work considerably remodeled. The Mission has now a centre in the village of Ainleysville, where we have, during the year, erected and dedicated a commodious frame church, and advanced the parsonage nearly to completion. The spiritual edifice has been slowly rising, as well as the material ones; and though it has been found necessary to remove considerable ‘debris,’ ‘lively-stones’ have been added, which, we hope, will give strength and permanency to our institutions in this locality. With judicious management, and the blessing of God, Wesleyan Methodism here will yet be a great success.”

Of a labourer, new appointments, new converts, new classes, and new churches at Howick, writes the Rev. T. Hadwen. The Rev. H. Bawtinheimer has not laboured in vain at MORRIS:—

“The past year has been one of trial and anxiety, one too that has by the blessing of God been crowned with success. Two new Sabbath appointments have been taken up, and at one of them a very interesting class has been formed, while at one of the old appointments we have had a very gracious revival. Nearly all the classes have been increased during the year. We have let the building of one new church, and others are expected to be built during the year. The funds are quite in advance of last year. The Missionary avails are about double what they were the previous year. The members on this Mission are beginning to hope and work for better times. God speed and bless His work!”

Owen's Sound District.—The Chairman of the District, Rev. J. A. Williams, thus writes of OWEN'S SOUND:—“The cause of God is prospering—a steady progress is observable in all the institutions of the Church. The societies are much attached to that form of Christianity known as Wesleyan Methodism.” HOLLAND AND SULLIVAN are parts of the old Owen Sound Mission, and though faithfully attended to, the Rev. G. Jacques complains of a lack of suitable leaders. ST. VINCENT. Of it the Rev. E. Hurlburt says, “Notwithstanding the many opposing influences, Wesleyan Methodism occupies no secondary position in this part of the country. We have had a number of conversions during the year. Two new Wesleyan Sabbath-Schools have been established. It appears from what the Rev. W. Norton says, that the seed sown at THORNBURY is bringing forth fruit. The work at SOUHAMPTON and PAISLEY is laborious for one man, and the Rev. W. R. Dyre thus writes:—“Our congregations, with a single exception, have been large and increasingly attentive, and our people are growing in grace, and increasing in financial liberality

and attachment to our beloved Wesleyan Methodism. At ARRAN the "Quarterly Board" is said by the Rev. W. Hay to be increasing in numbers, liberality, and general efficiency: funds in advance, piety deepening, and forty new converts have joined our Church. At DURHAM AND HANOVER, though dealt with unjustly by some other bodies, the Rev. J. Hutchinson states, that "our God-honoured Methodism has a large share of the affection of our people, as is seen in their diligently endeavouring to carry out the design of our calling, in being a means of promoting vital and practical godliness through the world." MOUNT FOREST makes a claim for another Missionary, there being "yet many places without the preaching of the Gospel, many families without the Bible, and many neighbourhoods perishing for lack of knowledge, all of whom are inviting us." This is want, and what the Rev. John Scott further says is success, in the "Forest."—

"I am happy in being able to report that we have enjoyed a good degree of prosperity on this Mission during the past year. From three special services which I held during the winter, and which were sanctioned by the Divine presence in the salvation of souls, I have received an increase of 40 members to our society. At one of the appointments where I held a meeting for several weeks, a commodious brick church is in course of erection, and is intended to be completed and ready for dedication about September or October next. Two other churches also are in contemplation, and a general anxiety is manifested by the people for the prosperity and development of Wesleyan Methodism, which, notwithstanding the opposition it has to contend with, is making rapid progress. Our Sabbath School in Mount Forest is peculiarly interesting, and already numbers upwards of 40 children."

Failure in crops and other causes have militated against the finances of ARTEMESIA, but the Rev. A. R. Campbell writes of the power of the Word, the conversion of souls, happy deaths, and the commencement of four new churches.

Barrie District.—Innisfil is spoken well of by the Rev. T. D. Pearson, for the progression of members in the religious life, and in pecuniary raisings, and he hopes to see the work prosper more and more. From HOLLAND LANDING the following is sent by the Rev. T. Hanna:—

"In reviewing the past year, your Missionary feels happy in that he is able to say the Mission is in a better state than it ever was before, both in finance and spirituality; and although we have more to contend with on this Mission as a Church than there is, perhaps, on any similar field in the Province, yet, we have been steadily, although slowly, advancing for almost three years. In proof of this I need only say, here it was said three years ago, 'The Sabbath never came.' Now we have a church 26 feet by 36, a good congregation, and thirty in class. There are also two other churches on the Mission in course of erection, which I hope will be fit for use before the winter. We have a small increase in membership."

t. The Rev. C.

Silvester refers to obstacles at COLLINGWOOD AND NOTTAWASAGA, but says, "The Mission is in an improving state, for the aggregate of the Connexional funds has increased about fifty per cent; the congregations at most of the appointments are larger, several fresh persons have been received on trial, and a number have been reclaimed from a state of back-sliding." BRUCE MINES has its draw-backs from the frequent removal of miners, but the Missionary, Rev. S. Down, is encouraged by the respect and liberality of the people. Besides his public religious services, he delivers monthly lectures, has a good Sabbath School, and was about to organize a Tract Society, and a Temperance Society.

Whitby District.—PRINCE ALBERT, no report. The new work at POINT MARA is encouragingly reported of by the Rev. G. T. Richardson, and it is evident that though the labour required in clearing the moral soil for Christ is toilsome, it is productive of the fruits of righteousness.

"Wesleyan Methodism was comparatively unknown in this part of the country until about two years ago, under my predecessors, Rev. Messrs. G. McDougal and P. Campbell, whose united efforts were appreciated and crowned with success. As the result of those labours forty precious souls sought and found "redemption through the blood of Jesus, even the forgiveness of sins," most of whom continue steadfast to the present. This year we show an increase of five members and ten on trial. We have taken up one new appointment in the township of Eldon, twenty miles distant from here, and I have been requested to go ten miles beyond it. I visited them once, but the impassable state of the roads, except in winter, when, with Missionary meetings, special efforts for the conversion of sinners, and the constant demand upon our energies at appointments already established, we have not been able to penetrate so far into the wild woods regularly. Our congregations generally are very good; at Beaverton they are more than doubled; the class and prayer-meetings are also well attended.

"About seven months I have conducted a Bible class at the best appointment; the average attendance is 25. There has been an intense desire excited in the minds of our pupils to know the mind of the Holy Spirit, as revealed in the sacred Scriptures. I long and pant for the unction from on high, that they may be led to Jesus, the sinner's Friend,

"We have built a new frame church this year, and nearly the whole of the cost is paid. Our members have on an average paid more than \$4 per member towards their minister's salary, \$34.20 towards the Mission fund, and \$10.60 towards the Connexional funds. The fourth Quarterly Meeting was one that will be long remembered. "The best of all is, God is with us."

STOFFVILLE, no report. According to the statements of the Rev. D. A. Johnston, four protracted meetings have been held at Cartwright, and "one hundred and seven members" have, strange to say, been required to make up for losses by death, removals, and other causes, and there is a decrease of thirty-seven members!

Cobourg District.—At SEYMOUR there is stated, by the Rev. W. Short to be some advance in nearly all the Connexional funds; but there is, after a year's labours and expenditure, a reduction of members.

Peterborough District.—LINDSAY, where the worthy people had recent losses by fire, is briefly reported of by the Rev. D. C. Clappison:—

“There have been a number of conversions, an increase of piety, and also in the number of attendants on public worship. We have also increased our church accommodation during the past three years we have had the honour to labour on this Mission. At the time we came, we only had one church; now we have four, and another proposed to be built.”

At NORWOOD has been done, what is very general this year, the dropping of many members, after large accessions the previous year. This is lamentable, and makes a general remedy for the evil a matter of serious consideration. The Rev. H. McDowell says, “The Classes, thirteen in number, are all in a healthy condition, the congregations are good, and throughout every part of the Mission a deep and lively interest is taken in Wesleyan Methodism.” The intelligence from BRIDGENORTH, by the Rev. David Hardie is satisfactory,—new settlements visited, new congregations gathered, Missionary contributions increased, chiefly by “Juvenile” efforts, the members steadily attend the ordinances, and are growing in faith, knowledge, and love. The spirit with which the Rev. John A. Dowler leaves his Mission is very commendable, and not only to BOBCAYGEON, but all the Missions, is his remark of great importance—“that the Pastor requires even more knowledge and discrimination than the revivalist.” He says:—

“It is with mingled feelings of humility and gratitude I prepare this my third report of this Mission. At the commencement of this year three appointments and forty-one members, all except five on trial, were taken from Gull River Mission and added to this, which increased our number to two hundred and sixteen. During the year a very encouraging measure of improvement has been secured in connection with both the spiritual and temporal condition of the Mission. Several persons professed conversion, and joined our Church, and yet I find that the pastor requires even more knowledge and discrimination than the revivalist, and that to keep the flock in a healthy condition and facilitate their maturity requires more skill and attention than are necessary to gather them into the fold. We cannot suppress the emotions of sorrow we feel in leaving this truly kind people, who, notwithstanding their large expenditure in building churches, &c., have met all our claims this year, including Brother Burwash's, and return to the Missionary fund more than one hundred dollars. My successor will find a comfortable home, paid for, nine regular congregations to hear him, churches and school houses to worship God in, and upwards of two hundred members cordially to receive and support him. May the great Head of the Church continue to favour this Mission!”

At GULL RIVER “fifty persons,” the Rev. G. H. Kenny writes, have “professed conversion.” In organizing classes he has not always found sufficient suitable official men; there is much ground to be cultivated, and the people are anxious for the means of grace. This Mission makes no report of finances, either local, connexional, or Missionary.

Belleville District.—The facts sent from STIRLING by the Rev. J. Jack-son prompt to extended zeal:—

"The time has now arrived when this field of labour should be divided into a Circuit and Mission, the former self-sustaining, the latter dependent for some time on the Missionary Board. We have as wide extremes within this Mission as can be found in our best Circuits on the one hand, and destitute settlements on the other, whilst the great distance of the appointments from Stirling renders it extremely difficult for the minister in charge to pay that attention to many of the appointments which their necessities demand, and which they must have sooner or later, if they are ever to be anything from what they now are. Marmora is a promising field of labour, which will, in a few years, amply repay the liberality of the Missionary Board in sending a single young man there. According to the late census in that township, we have more than 800 Wesleyan Methodists, - though we have not 80 of that number members of the Church. Many of these are anxious to have the benefits of our ordinances, and during the year have applied again and again, but in vain, for us to take up an appointment. Verily this is a field white unto the harvest; on the other hand the frontier of the Mission is now as able to support a minister of itself as any country circuit in the District. The outlay of near \$1000 on our church in the village, more than \$800 of which has been already paid, will give us a position and influence second to none. The increased attendance on the ordinances of religion, the increased attention paid to the Word of Life as dispensed by our Ministers, the increase in the membership during the past year, notwithstanding a large number of removals and three deaths, and lastly, the increased and increasing liberality of our people, promise well for the future of our beloved Methodism here."

FLINTON AND ADDINGTON ROAD report—without a name—makes known a reduction of members, and an addition of pecuniary liberality, and attention to Sabbath Schools, besides the Christian death of several members. The condition of MADOC AND HASTING'S ROAD is clearly stated by the Rev. G. Carr:—

"The year just closed has been one of peculiar trial, bereavement, and affliction to us, but amid them all we have been graciously sustained, and in reviewing the past, are thankful to God for the measure of success with which he has crowned our labours. This Mission is very extensive, and consequently very laborious. There are within its bounds seventeen regular preaching places. These are scattered over the following townships: Madoc, Rawdon, Huntingdon, Elziver, Tudor, Wollaston, and Limerick. In meeting these appointments we have to travel 196 miles per month. The York Branch is fifty-two miles distant from this place. The country between this and the Branch is all settled,—and to the north, the east and the west of the Branch it is being opened up, and settlers are flocking in. These must be cared for and supplied with the Word of Life. Spiritually, the Mission has made some advancement. There have been a few souls converted to God, who are now rejoicing in the liberty wherewith Christ hath made them free. One new class has been formed with nine members, and another reorganized, and its numbers more than doubled. Our Quarterly meetings have been "seasons of refreshing from the presence of the Lord."

Kingston District.—GANANOQUE, no report. BREWER'S MILLS, no report. At CENTREVILLE AND TAMWORTH, the Rev. C. Taggart speaks of earnest, praiseworthy exertions in church-building, repairs, and paying

of debts. There are 14 preaching places, and "about 75 persons from the world" have been received into the Church: still, there is "a small decrease in the membership:" a fact for thought.

Brockville District.—MOULINETTE takes the right course in charge of the Rev. W. M. Pattyson:—

"Your Missionaries in this important field, after another laborious year, are cheered in the holy work assigned them; the Father has honoured the glorious Gospel of his Son, in the salvation of souls. Numerically, we have a decrease, yet Wesleyan Methodism is taking a firmer hold of *mind and public sentiment*; our old landmarks are held in higher estimation by the people, and in her membership, her *polity and spirituality* are exerting a healthy and more vigorous influence. Four Wesleyan Sabbath Schools have taken the place of Schools misnamed *union*; we have built one beautiful brick church, without embarrassment, purchased a burying ground, and secured the property to the Connexion; paid off some old debts, are grateful to your Committee for past aid, and now ask for a change of our relation from that of a Mission to a Circuit: thus, while others have gone to their reward, we have entered into their labours; they have *sown, we reap*. To the God of Missions be the glory!"

Though the Rev. J. Kiernan has good hope at WINCHESTER, it is to be regretted that *local* monetary exertions should there, or anywhere, at all reduce the Connexional funds:—

"We have eleven preaching places, twelve classes, one church, another in process of erection, and the ground secured for a third. There is a slight decrease of membership; owing chiefly to removals, an expulsion, and a few dropped. Twenty-two have been received on trial. This is small, but the work is promising, thank God! we take courage. The funds are a little less than last year, caused by church building, for which the brethren have taxed themselves as much as they can bear. Our congregations are improving, and peace and harmony prevail—"Praise the Lord!"

Perth District.—We are glad to receive the Rev. J. Hill's account of LANARK, where, though there has been church building, all the Circuit and Connexional finances are higher. This is the more excellent way; and it is especially satisfactory that new appointments have been formed.

"Sinners have been awakened, some of whom have united with us on probation. We see visible manifestations of the Holy Spirit's influence on the hearts of many, which inspire hope in reference to the future of this field of labour. During the year we took up three additional appointments, at two of which we have good attendance and attention. The good people in Playfair's neighbourhood erected during the year a very neat frame church, which will add to our influence in that locality.

"Taking into consideration our strength numerically, and the fact that the greater part of the members are poor, we think they deserve praise for their liberality. For Connexional purposes we raised more than double the amount raised last year; Missionary proceeds in advance; amount for salary also in advance. We have some kind friends here who love the cause, and who wish the day distant when they will be deprived of Methodism. Travelled during the year 2,776 miles; preached in regular work 16 times per month; other labours, special services, and pastoral visiting."

SHERBROOKE AND OSO is a rugged field for the itinerant and the settler, and therefore we the more prize the Rev. J. V. Wilson's simple and thankful details:—

"During the year now closing we have experienced much of the goodness of Almighty God. Shortly after our arrival we held a field-meeting, which was signally owned of God, and also in our Protracted meetings in the winter some ten or twelve sought and obtained redemption through the blood of Christ. During the year we took up two new appointments, thereby affording opportunities of attending Divine service to some who, although arrived at mature age, had not before enjoyed that privilege regularly.

"We have succeeded in getting the walls of a parsonage, 24 x 26, raised, which we hope to get finished during the summer, and have also obtained a grant for the site of a church, the erection of which is to be commenced the second week in June. Our congregations are large, and seem to hear the truth of God with deep attention, and although we can only report a membership of 46, yet our organizations, as it respects Class-meetings, &c., are in a much healthier state than at the commencement of the year, and the prospect of future success much more encouraging."

Ottawa District.—The Rev. J. B. Keough reports at LONG ISLAND LOCKS nine appointments, a church built this year, and thirty conversions. NORTH WAKEFIELD is unreported. In writing of LOCHABER the Rev. W. Creighton remarks, "Progress in these Eastern Missions must be calculated differently from progress in our Western ones. Here the majority of the population are Roman Catholic, and the Protestant sections are little more than struggling for existence." He speaks well of the piety of his people, and declares that gracious revival influences have descended on many of his congregations. The Rev. G. Case thus writes gratifyingly of OSGOODE:—

"The labours of the past year have not been wholly unattended by success. A few have been added to the Church. Unanimity and peace have prevailed in our counsels. The visit of our beloved President, the Rev. Dr. Stinson, last autumn, gave a delightful impulse to our cause in this Mission. Important improvements have been effected on our church in Metcalf village. I have secured a Connexional deed of the church and lot in West Osgoode, and had it duly registered. We have paid our quota towards the sustentation of Victoria College. A year ago two congregations were cut off this Mission and attached to Russell Mission; yet our contributions to the Missionary fund are in advance of those of last year. During most of the past year I have kept up a Bible Class, the exercises of which have been of the most delightful and profitable character. In some places our Class-meetings are not regularly kept up, owing to the want of suitable leaders. In other respects the Mission is as prosperous as could be expected, considering the opposing influences with which Methodism has to contend in this part of the country."

Regular and extra services have done RUSSELL good, and there is fresh impulse given to the spiritual and liberal feelings of the people about whom the Rev. R. Wilson writes. At GRENVILLE the scattered state of the population, absence of local help, and frequent removals, prevent rapid success. The testimony of the Rev. Robert Graham is, that Methodism

is esteemed and the attendance of the hearers regular; he sends no statistics, and hopes for better days.

Pontiac District.—The Rev. W. Morton, Chairman of the District, has found trials at PORTAGE-DU-FORTE, and a kind and liberal people, and that the country “requires energetic ministerial labour.” Of WESTMEATH the Rev. W. Tomblin thus writes: “This Mission embraces two townships in Eastern and two in Western Canada. During the past year a gracious revival of religion has doubled the membership. Our prospects are excellent, if we can obtain an additional labourer.” RENFREW is said by the Rev. A. Drennan to have but six appointments,—the membership and contributions small. The Rev. S. E. Maudsley’s particulars of EGANVILLE will be read attentively:—

“The Eganville Mission extends over six townships, having a Protestant population scattered throughout them accessible to, and mainly dependent on, Wesleyan labours for instruction. In some localities the Romanist majorities tell with an unhappy influence on isolated Protestants, inasmuch as several families have been drawn within the coils of the Man of Sin. During the year now closed we have been enabled to keep up eight regular appointments, although the exceeding roughness of roads and intricate forest paths made punctuality in attendance no little effort. We are thankful to record that the Wesleyan ministrations of the Gospel are appreciated by willing hearers, some travelling seven and eight miles to attend even week appointments, and prejudices which did exist, and hindrances which stood in the way appear to be rapidly waning.

“There are some twenty or thirty German families mingled among us which have occasionally been visited by brother Schmidt. I consider his visits to be beneficial to them, as well as favourable to Methodistic influence and progress. The extent of the field of labour, and badness of roads, interfere with the duty of pastoral visitation, and the profitable working of the Mission by a single labourer, and will, I trust, be good reasons for yielding to a request, accompanied with a liberal subscription list, from the more-distant part of the charge, for an additional workman.

“We report 12 members in full Connexion, and 13 on trial. The soil of the country is poor, and the occupants are struggling—many of them—with pecuniary difficulties; and in consequence, the liberality of the Missionary Committee will be tried, as well as the patience of the labourer; but lying, as the Mission does, on the highway of a steadily increasing immigration, it is advisable to hold on in good hopes of a bright and cheerful future.”

It is noteworthy that though a good portion of the CLARENDON work was taken for a new Mission last year, reduced Clarendon has now vitality and financial ability sufficient to request to be made a Circuit, as stated by the Rev. W. T. Hewitt:—

“Our three years labour on this Mission are nearly brought to a close, and on retrospecting the past, we feel humbled that so little good has been effected; yet we feel thankful our labour has not been in vain in the Lord. Souls have been saved. We have peace in all our borders, notwithstanding we have had to use the pruning knife. Last Conference this Mission was divided, and Portage-du-Forte made the head of a new District. Our May Quarterly Meeting passed a unanimous resolution, recommending Conference to place the Clarendon Mission on the list of Circuits. Although the past ecclesiastical year has been one of unexampled scarcity of cash, in this vicinity, grain was sent to shanties, but no money has been received by many of our friends ; this is the reason of the smallness of contributions to our Connexional funds ; others have their grain by them, not being able to find a safe market for it."

The Rev. A. L. Peterson has found hard work at ONSLOW, yet is thankful to God for blessings received, and is expecting that Onslow "will yet become a fruitful field." CARP is said by the Rev. L. Vanderburg to be favoured with "a great improvement" in the number of public worshippers, and in respect for the family altar. The example of laborious zeal furnished by the Rev. A. Doxsee at POINT ALEXANDER was as necessary as it is deserving of approval, and the future result may be expected to be advantageous to souls :—

"At present the regular work of this Mission extends from Fort William to the De Joachim Rapids, a distance of about thirty miles, and includes four appointments, and although there are but few Protestants, they are becoming strongly attached to Methodism, some of whom have joined our Church during the last year, and all manifest their high appreciation of the preaching of the Gospel by their regular attendance upon the means of grace, as well as by their liberality towards the support of their Minister. During the winter I visited all the Protestant families between this and Lake Nipissing, a distance of one hundred and twenty miles, and preached within fifteen miles of the Lake. This part of the country at present is chiefly occupied by lumbermen, but on the south side of Lake Nipissing there is very good land for cultivation, and no doubt in a few years it will be well settled. I would state that the pleasure and joy manifested by those families whom I visited more than compensated me for all the inconvenience that I experienced, although during the three weeks I was gone I slept in a bed but three nights."

Montreal District.—At ST. JOHN'S there has been something to try the Rev. G. H. Davis, but more to encourage :—

"It is now three years since, in a state of infirm health, we were appointed to this Mission, and, by the blessing of God, we are thankful to say, though in much humility, good has been accomplished. During this time the membership has been doubled ; the congregation considerably increased ; the church, parsonage, and the whole property, which was in a very dilapidated state, put into a good and excellent condition ; and the heavy church debt so far reduced, that with the subscriptions that are yet to be received, it is now in a manageable way towards its entire removal.

"The past year has been one of peace and blessing."

HEMMINGFORD, under the superintendence of the Rev. H. F. Bland, sets an example of conformity to Wesleyan economy which must be beneficial locally, and if observed by others, relatively :—

"During the year special attention has been paid to the young. Several dozens of No. 1. Catechisms have been distributed, and the Catechumens have been steadily met, either in the church, or at their own homes. A week-night Bible Class has been sustained with interest, and all the members of it are now

regularly meeting with one of the Leaders. The writer feels that much grace and wisdom is needed in successfully guiding the youthful members of his charge.

"Twelve suitable and efficient men have been appointed as Exhorters, and a plan of the places on the Mission drawn up. Personal usefulness has been thus systematized, and country places visited on the Sabbath, that would otherwise have been necessarily neglected.

"The corner stone of a handsome brick church was laid last month at **HENRYSBURGH**. The estimated cost of this erection is something over \$1,000, toward which \$800 have been already subscribed. A new Parsonage is to be commenced at **Hemmingford** forthwith; the site of which, comprising between two and three acres, has been kindly presented by Col. Scriver, and his brother Mr. Wm. Scriver.

"Two Protracted Meetings have been held during the winter, and a small settlement, needing a better evangelization, after being preached in three times, has been taken on to the Plan, to be supplied by the Exhorters on the Sabbath, and occasional week night preaching by the Missionary. The membership returns show a net increase of twenty in the year. The writer has great pleasure in speaking with commendation of a kind, willing, and devoted people.

The Rev. W. Richardson has gladdening tokens at **FRANKLIN** :—

"The work of the Lord on this Mission is still progressing. We have not had as striking displays of saving power, or as rapid advancement as we had last year; but we have had more to listen to the word spoken, and some who have heard have received it, 'not as the word of men, but as the word of God,' and have been saved by it. After losing twenty-five by removals, expulsions, &c., we return, including twenty received from other circuits, twenty-four of an increase. Most of the classes are meeting regularly, and an ordinary spirit of piety seems to pervade them. The various funds of the Church, are all in a better state than they were last year. In short, almost every department of the work has been attended with some degree of success, and is at present presenting signs of the dawn of a brighter day for this extended and extending field of labour."

With some perplexities, the Rev. W. Shannon has had, at **ORMSTOWN**, indications of a desired prosperity, and he speaks of his "beloved people" as being liberal and faithful. The Rev. R. Brown deeply regrets to report no advancement, several of his most influential and liberal families and members having removed from **CAVIGNALL**; yet his little flock has enjoyed peace, and seen some conversions in the midst of Papists and Puseyites. The Rev. A. Andrew's excellent report of **ST. ANDREWS** is too lengthy for entire insertion, and two facts in the part of it we publish—that special services "have not been permitted to interfere with the regular work of the Mission," and conversions have been witnessed "at the regular means"—are of paramount importance to Methodism everywhere :—

"At three of our appointments special services have been held, and much good has resulted from them. About forty have professed to find peace with God. These services have not been permitted to interfere with the regular work of the Mission, nor have they rendered the usual services less effective; on the contrary, we have witnessed several conversions at the regular means, and we most earnestly hope that the day may not be far distant that many additions may be made to our Church in this regular way. valuable members, mostly of long standing, have gone to other parts. The entire number on trial is 50, and of members 216, total 266, being a net increase of 22 over the numbers of last year.

“A very great part of this section may be described as a land of barren rocks, sand, and broken land. Yet by frugality and extreme toil, our people enjoy tolerably the blessings of this life. It is satisfactory to learn that a larger sum has been raised this year towards the Missionaries' salaries, and other funds, than formerly. Yet we are still compelled to report some deficiency ; but the blame of this cannot be thrown upon the Mission, either officially or individually, for I have never known people to do more according to their ability than ours have done this year.

“There have been some noble examples of persons making sacrifices to support the cause of God. One of the oldest members of the Quarterly Board stated that he had paid to the support of the Mission this year one-fifth of his entire income ; and many others have done well. We trust we render all praise to God.”

Though experiencing some local disadvantages at WESLEYVILLE, the Rev. O. Barber is pleased with the steadfastness and liberality of his people, and some conversions—thanking God. The Rev. J. Webster's facts from RAWDON are acceptable:—

“This Mission might well be compared to an island in the sea, with this difference, instead of cooling water, it is surrounded with Romanism. But notwithstanding the pernicious influence of that dark, demoralizing system, the Lord has blessed the preaching of his Word, and several have turned from their sins to serve the true and living God. After making up for all deficiencies, we return an increase of 18 members.

“There has been considerable increase in local funds, (the Mission having averaged over \$4 per member,) yet there is quite a deficiency in the Minister's salary. There is no falling off in any of our Connexional funds ; except \$4 in the Missionary fund, and it is most surprising it is not much larger, as we had quite a failure in our crops last year.

“Our Sabbath School is well attended in the summer ; eight of the scholars have professed to experience religion during the year. The Temperance cause is also in a prosperous condition ; about 200 are now connected with it. ‘The righteous shall be glad in the Lord, and shall trust in him ; and all the upright in heart shall glory.’ Psalm lxiv. 10.”

Quebec District.—THREE RIVERS, no report received. The Rev. J. S. Evans sends the following good report of MELBOURNE :—

“Two self-sustaining Circuits have been, within a few years, cut off from this Mission. The remaining part is not yet in a condition to be raised into a Circuit. This year two of its appointments have been connected with a newly-formed Mission. We are thus able to give more frequent Sabbath preaching to important places, which remain. It is hoped that many who are favourable to the Society will become members, in which case abundant means could be furnished to sustain the work efficiently, and to repay with interest the benevolent aid which is at present needed.

“The circumstances which occasioned the “depression” to which my predecessor alluded, have not yet been fully removed. The hopeful features, however, are still brightening. The spirit of prayer for the full attainment and extension of Methodistic piety is spreading, and becoming more intense, among the membership ; and, as should be expected, they are again beginning to perceive instances of evident concern to secure the ‘salvation which is in Christ Jesus with eternal glory.’ After losing 49 names from the Society register, owing chiefly to removals or transfers, we return 181, only 19 less than last year.”

The Rev. T. W. Constable sends stirring facts from EATON:—

"This Mission is steadily advancing in importance and interest. Your Missionaries have laboured, nevertheless, under great difficulties during the three years past, arising from the dislike of the community to have any breach made in their long established custom of employing all the time of a Minister on each Sabbath, at one appointment. The opposition to our itinerant movements, however, as well as to our doctrinal views, is gradually wearing away. We have invariably filled three appointments during the past three years, excepting when storms or sickness have prevented it.

"Three years ago the labours of one minister were deemed an ample supply; it is now felt that henceforth there must be two, and that soon three will be required. The Mission has been enlarged to nearly double its former size; attention has been awakened to it as a desirable locality for settlements, and it is expected that a large number of new settlers from various parts of the Province will locate within its bounds. This year two Ministers have worked the Mission at a less cost to the Connexional funds than one did five years ago."

Whilst funds are improved at LEEDS, the report without a name, inconveniently written on the Missionary list, states that a few persons have been gathered to the Church, and a few dropped for wilful neglect of the means of grace. The Rev. Thomas Brock of NEW IRELAND observes he has "nothing of a flattering character to notice," and has a decrease of members, yet an increase of piety, and better congregations. The brief statements from the Rev. W. McDonough, shew gloominess in the state of DUDSWELL. There is expectation that the opening of a new church will increase light; but the membership is reduced from sixty to thirty. From GASPE the Rev. I. Tallman sends tidings of the healthiness and friendliness of his Mission, and the erection of three churches, but no report of his appointments, classes, congregations, conversions, accessions, Connexional collections, or Missionary contributions. ACTON is Methodistically reported by the Rev. Thomas H. Walker:—

"From this Mission it is difficult to present a report, as this is the first year of its separate existence. Previous to the last Conference a part of it belonged to Granby and part to Melbourne Mission. The prospect at present is highly encouraging. During the year one church has been erected, and decided on the Conference plan. It is situated in the flourishing village of Actonvale, now famous for its extensive copper mines; another church in North Ely has been pewed and painted during the year. The spiritual state of the Mission is greatly improved. We have five Classes, meeting regularly, and four Sabbath Schools organized. On this field of labour a number of persons from the world have been, we trust, converted to God; and the prospect is, that in a few years this Mission will rank among the self-sustaining Circuits."

PORTNEUF is a Mission commenced last year, and is likely to do well, as will be seen with pleasure from Mr. Matheson's first report:—

"Portneuf is a field of labour which is beginning to be opened out. It is situated near the banks of the St. Lawrence, about 36 miles above Quebec, and 50 miles below Three Rivers. During the summer there is communication with Quebec twice a week by steamer. arrival amongst them, a revival occurred. The people laid aside their work very generally, and attended special day and night services, and last winter 7 prayer meetings, weekly, throughout the Mission, have been kept up. The result is that about 20 families have already pledged themselves as adherents to the Methodist Church, in the event of a Wesleyan Mission being established amongst them. At least 30 individuals out of these families will be very eligible as members, when the term of trial is over, and there is every prospect of many more being added to our ranks in due time, if the Lord continues to bless us with the gracious influences of His Holy Spirit. Our first tea-meeting, last winter, was quite a success, and the interest then awakened in our cause bids very fair for the future. We have already begun to establish Class-Meetings, and Sabbath Schools, and the prospect is encouraging."

Stunstead District.—It is animating to receive the Rev. S. G. Phillips' intelligence from COMPTON:—

"Through the past year the Lord has visited Compton with times of spiritual refreshing, and about a hundred persons have sought the mercy of God, and many more the higher attainments of grace,—quite a number of these were members of other Churches.

"There have been added to our Church forty-five members, and thirty-three on trial. Our Circuit funds are in advance of previous years, and the Missionary fund has more than doubled what was raised last year at Compton and Coaticoke."

The Rev. B. Cole is likewise reaping the blessings of progress at COATIOCOKE AND BARNSTON:—

"Coaticoke is a flourishing village in the Township of Barnston on the line of railroad between Richmond and Portland, and nine miles from the boundary line, separating Canada from the United States. You have two respectable churches on this Mission, one at Coaticoke, and one at Barnston Corner; the attendance on the Sabbath is good and regular. Seventeen adults were added to the Church during the past year, professing to have found Jesus. The Connexional collections have been liberal. Two Sabbath-Schools are now in good working condition, and the Wesleyan Catechism is studied with interest. The class in Coaticoke is doing good work in building up believers. To God be all the praise!"

Untoward circumstances at HATLEY prevent the Rev. J. Forsyth from offering congratulations, but he is "hoping for better days." At GEORGEVILLE the Rev. E. Peake deplors the indifference of many persons to the house of God, and the Sabbath desecration and profanity of some, and hopes that the little prosperity he now has will be much increased by the blessing of God on the completion of a neat and commodious church. EAST BOLTON thus speaks by the Rev. D. Sutherland:—

"During our ecclesiastical year the Lord has been very gracious to us. We are not without our trials. The determined hostility of Romanism in Puseyite garb has been clearly manifested. Their arguments, however, have been too stale to produce much effect. The people here have common-sense enough to see that St. Paul never tried to vindicate his apostleship by efforts to break down Christian denominations. Methodism need not fear such attacks.

"In the course of the year it was our painful duty to drop twelve persons who had a name to live and were dead; 6 have removed and 1 has been taken by death. We have had a gracious reviving influence at several appointments,

Souls have been converted, and the Church quickened. After reasonable pruning, we now return 85 full members, with 15 on trial. We are looking for the baptism of the Spirit. Our Parsonage property is now out of debt, and our new church is just commenced: estimated cost \$1,300."

The first year of the KNOWLTON Mission is not without favourable indications, and the Rev. F. Hunt has hopes that the next year will be marked with the effects of "a more copious outpouring of the Holy Spirit." The Rev. J. Walton at GRANBY says, "In every respect we are low, and have no very bright hopes for the future;" and he is right in determining that, by God's grace, duty shall be discharged. The Rev. J. Tomkins sends interesting notices of DUNHAM:—

"More than sixty years ago, Methodism was introduced into this Mission and the surrounding country by Ministers from the United States, among whom was the late Bishop Hedding of the M. E. Church,—these Ministers and their successors spread their labours over a large extent of country, and gathered numerous small congregations, but not being able to supply them with the ordinances of the Gospel, Ministers of other denominations have come in, and to some extent have reaped the fruit of Methodistic labours, so, that ten or twelve of these Ministers have established themselves within the bounds of the Mission.

"We have preached to nine regular congregations during the year, all of which have been tolerably well sustained. Those at Abbott's Corner, Sweetburg and Stanbridge have considerably improved. Into Prelligsburgh preaching, has been introduced, and a Class formed. A new church is about to be erected in Stanbridge, and more than two-thirds of the cost has been subscribed. During the year a few new members have been added to the Church; but when the vacancies occurred by death, removal, and those dropped for non-attendance on the means of grace are reckoned, our numbers are much the same as last year."

The report from FARNHAM is entirely without statistics, and it mentions a "barren" aspect of things: so it is a relief to find the Rev. J. Thorneloe saying, that after humiliation on the part of pastor and people, "some few rays of light are already breaking in." SUTTON. "The work" here, it is noted by the Rev. H. Fowler, "has been somewhat extended," and "new appointments," we are glad to hear of, "are very promising;" and "the means of grace have been well attended. The Rev. J. Davies shews that the Missionary Society's expenditure at St. ARMAND has not been in vain:—

"In addition to the usual numerous causes of gratitude to Almighty God for the blessings of a year just ending, we feel thankful that throughout the past twelve months our congregations have been large, attentive, and graciously influenced by the Holy Ghost. A number have been induced to sue for the mercy of a sin-pardoning God, who rejoice that they have obtained, and evidently retain, a saving interest in the Lord Jesus Christ. Yet notwithstanding additions thus arising our membership is slightly decreased, being five less than last year. This is owing to thirty-five having removed from us, whilst we have received only three from other places, besides which we have dropped sixteen chiefly for non-attendance at class, and two have died happy in God.

REPORT.

xlix

"The state of Sunday-schools is highly gratifying. Our friends, the Officers and Teachers, have zealously performed the work God has given them to do, and though they had to contend against the influence of some who regard the religious instruction of the young as an encroachment, and the efforts of others who have exerted themselves to bring all the juveniles in this locality under their own "Apostolic" institution, yet the Teachers have been cheered with some fruit of their labours, scholars have increased, and Sunday-school libraries been augmented.

"The Missionary Committee will be pleased to learn that by a unanimous vote of our last Quarterly Meeting this Mission is in future to be a self-sustaining Circuit.

No name is attached to the CLARENCEVILLE report; and though from it we learn there has been less saving power than is desirable, some interesting conversions have been granted, and it is said, "We have evidence of progress in connection with each department of the work." SOUTH PORTON is a Mission formed by the Rev. S. Jackson last year, among a people somewhat incredulous by the impositions of others: the truth, however, has made an impression, and fifteen persons are now in fellowship with our Church.

FRENCH MISSIONS.

These Missions for the year have been QUEBEC, DURHAM, STANSTEAD, ST. ARMAND, and ROXTON, and only three reports have been received from them, which will however, give a tolerably correct view of the state of the French department of the Society.

The Rev. T. Charbonnell says:—

"In the earliest part of the present year I was sent to St. Francis, and laboured there till the beginning of September. From thence I went back to Stanstead.

"ST. FRANCIS.—This station is not a French one, but an Indian Mission. It is the head quarters of the Abenakis Indians: this tribe is composed of about 90 families, of whom 47 are yet Romanist, and 43 Protestant. The tribe owns six miles of land by three wide; they have a reserve of one mile square. Very much oppressed by the whites; their lands are taken away from them piece by piece every year, and, extraordinary to say, the priest is one of the first among all to encroach upon their lands, and is partner in a store where liquor is dealt out to them. The Government gives one hundred pounds every year for the religious and moral education of the tribe, and the whole amount goes into the hands of the priest. It is unjust; and half of that money ought to be given to the Protestant portion of the tribe. A petition signed by the head men of the tribe was got up, and I left about the time it was sent. The head men were willing to let us have some acres of the reserve for building a Parsonage.

"Drunkenness is the besetting sin of the place, and is a great barrier against doing much among the Indians. The membership, when I was there, was six in full connexion, and five on trial. We had a Quarterly Meeting, and though

we were but few, \$36 were subscribed by a few Indians. Could liquor be kept out of the way, much good might be done.

"ROXTON.—This Mission having been left two years without being regularly supplied; our Society was well nigh destroyed. I set to work, and through the power of God we were enabled to see our Christianity and Methodism rising again; the battle is a hard one; Romanism on one side and Dippers on the other; but thank God through Christ Jesus we stood our ground, so that our Church which was burnt has risen out of its ashes, and will be completed with but a trifle of debt. Our small Methodist band made about \$100.

"We have 106 members and 4 on trial; about 45 children at our Sabbath School.

STUKELY is our most promising field of labour; we cannot report any special revival yet; we have had a small increase. There are now ten families connected with us, supplying twelve members in full connexion, and eight on trial.

"Aside from these two places, I travelled through Bolton, Magog Outlet, parts of Stanstead and Potton, so that there are now some forty French families under the influence of the Gospel.

"It is impossible to judge of the immediate results of our work, as we extended it through about sixty miles of the country: I will give a solitary instance of it: Two years ago I met an Irish Romanist at one of our friend's houses, and in the evening I conversed with him about Romanism and his own salvation. Now that man has left the Romans, is a member of our Society, and has said that that conversation awakened him to search to know the truth as it is in Jesus."

The Rev. A. Parent says:—

"The past year has not been a year of so much prosperity as I had desired, owing to the great exertions of the Roman priests put forth to prevent the circulation of light and knowledge.

"Notwithstanding their care to keep plaster on the eyes of their people, the Lord, who is the light himself, has poured light into the souls of this people. This last year a goodly number in my field of labour, at St. Armand, have been truly converted to God, and a greater number who have been convinced of the falsity of the Church of Rome.

"There is a salutary influence felt in favour of Protestantism in my Mission, for many of them have called on me to settle their little troubles among themselves; which a year or two ago would certainly have called forth a Papal curse. I have preached at St. Armand West every other Sabbath, except two or three Sabbaths, when I have been called elsewhere to preach; and I have preached at Dunham four months, once every three weeks, and in Stanbridge, nine months, every two weeks; and I commenced preaching at St. Armand East last January, and at two other places occasionally. Some may be enquiring why it is that I have preached three months at one place and one at the other? The reason for this is, that most of the people are poor, and have no land nor house; under these circumstances, they are called to move from place to place, and I have found that their removal from my Mission has been against the immediate prosperity of the work in it; at the same time, I have learned that their removal to other places has been a blessing to their neighbours."

Mr. H. Tetrau has been labouring at PIERREVILLE with some success. Two sermons have been preached on the Sabbath, and one in the week; families have been visited, and had the Bible read and expounded to them; some persons have ceased to have confidence in Popish ceremonies; a small Sunday-school has been formed, and effects are produced on adult persons by exhortations to temperance; but the ceaseless efforts of the priests of Romish superstition to destroy Protestantism retard the work of evangelization.

GERMAN MISSIONS.

HAMILTON.—The commencement of Missions in the German department of the Society, announced in the last general Annual Report, now appears to have been opportune, as the year's labours of the Rev. Dr. Freshman have, by the direction and grace of God, been successful. He with brevity thus states what his labours have been, and prospects are :—

"In furnishing you with this Report concerning my labours among the Germans during the past year, I feel very much encouraged to bless the Lord for the past assistance which He has been pleased to vouchsafe unto me, and still to hope for a future success. During the past twelve months a goodly number of infidels enlisted themselves under the banner of Christ, and many a poor soul found salvation through the blood of the Lamb; in short, there is now an established society of eighty-five members, the most of whom have been formerly living without God and hope.

"My labours last year have been extended as far as Waterloo County, and even there, where infidelity reigns supreme, many would be glad to serve God if a faithful Missionary could be sent to them. My labours, which daily increase at home, prevent me from paying attention to that part of the country. I hope that some thing will soon be done in sending them the Gospel of God. I am now endeavouring as quick as possible to erect a place of worship for the Germans of Hamilton, which I hope, by the help of God, will be accomplished and dedicated to his service by New Year. The German emigration to this city is still increasing, but as they are accustomed to spend the Sabbath afternoons in worldly affairs, which is the only time now I can preach to them on Sabbath days, I therefore hope to meet with some success by having our own place of worship. The building will cost us \$2,500. Some of our friends have already nobly subscribed to it, but I have still to spend several weeks more to call upon the friends for assistance.

"The German Mission in this country is a very interesting and promising one. May He, whose glory we have to promote, assist us! My humble suggestion is, to send out, if possible, one helping hand more to labour with me in this part of the Lord's vineyard, which would enable us to extend our labours as far as Waterloo County; and I have no doubt, if we are faithful, that the Lord will bless this our new Missionary enterprise."

During the year, so evident were the religious and social necessities of many Germans and Poles, a number of Ministers and friends of the Wesleyan Church had their sympathies moved, and by their liberality the Society was aided in sending Mr. Schmidt as Missionary to persons of those nationalities on the OTTAWA; and though he has been employed only part of the year, congregations have been gathered, many families been visited, some persons become favourable to personal godliness, and there is good hope of the success of this evangelical enterprise.

CONCLUSION.

The Committee cannot better conclude their statement of the Society's proceedings, claims, and duties, than by adopting the last paragraph of a recent Annual Report of the British Parent Wesleyan Missionary Society. The Societies are united in valued bonds; their work and purpose the same; and their successes the effect of the same truth and energy, the gracious gifts of the Divine Spirit.

"Such, then, is the position of the Society. While thankful and joyful in the review of the past, it sees with sincere regret the openings which cannot be embraced, and hears with painful sympathy the calls to which it can make no response. Were the Committee at any time disposed to indulge a boastful and self-complacent spirit, they have but to think of the work yet undone, and every such thought will at once be exchanged for sentiments of sincere humiliation and fervent prayer. More must needs be done, to render what has been done complete; to make the gifts already bestowed by the great Head of the Church available to the utmost; and prevent, as far as possible, the needless expenditure of life which sometimes takes place. When the harvest waves in abundance around him, the husbandman feels it to be a calamity if reapers cannot be obtained, and would deem it a false economy not to employ a proportionate number. In the case of a remunerative manufacture, if the demand is found to be far in excess of the supply, who would think of stinting production? And shall the children of this world be wiser than the children of light? or rather, let us ask, shall not the same prudence, energy, and determination, which have so largely increased the wealth of this nation, find their appropriate and highest sphere in connection with this holy enterprise? Let the large demand be met by a large supply; let the fields white unto harvest be promptly reaped; and so let the work go forward until prophecy has become history, and the great voices long since heard in heaven are joyfully echoed in every part of the earth, 'Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ.'"
