SHAKE HANDS WITH ASTHMA.

Awfully distressing is asthma. But worse if possible when combined with Bronchitis. Relieved quicker by Catarrhazone than any other cure—cured so thoroughly by Catarrhazone that it doesn't return. Catarrhazone's healing vapor is breathed right into the lungs, destroying the cause of asthma and succeeds in the most chronic cases. Try it. Two sizes, 25c and \$1. at all dealers.

They are exploiting a new Patent. She has a lot of territory over before she comes up to her old one.

Minard's Liniment cures Dandruff.

ATE They sat at the edge of the wood, gazing dreamily at the falling leaves in the sunny fields, at the scarlet poppies that glowed among the golden grain, and at each other. "Darling," he cried, "I swear by this great tree, whose spreading branches shade us from the heat—by this noble tree I swear that I have never loved before."

The girl smiled faintly. "You always say such appropriate things, Dick," she murmured. "This is a chestnut tree."—Tit-Bits.

MARKED PERFECT

Teacher—Johnny, you may give me a definition of "hypocrite."

Johnny—It's when a teller says he loves his teacher.—Sketchy Bits.

How's This?

COURT HAS A NEW JUSTICE.

First Visit of Judge Tessier To New Carlisle Since His Appointment

COURT CONVENES

Many Cases of Interest were On the Docket Last Week.

NEW CARLISLE, Saturday.—The Superior Court for the district of Gaspé opened Wednesday morning. Honorable Judge Tessier took the bench, this being his first visit to New Carlisle since his appointment as Judge of the Superior Court.

Honorable Judge Tessier was appointed a few weeks ago and replaced Honorable Judge Carroll who was removed to Rimouski.

At the opening of the court the commission appointing the present judge was read by the prothonotary of the court, G. F. Maguire. An address was then presented to His Lordship by the members of the bar of this district.

Judge Tessier made a very happy reply and referred to the fact that his appointment was for the district of Rimouski.

He referred to the law, however, which prevents a son from pleading before his father in the province of Quebec, and as he had two sons who are practicing law in Rimouski district he had requested to be removed to the district court of Gaspé.

He stated that he would do all in his power to render his judgments according to law, justice and equity.

Last week presided the death of Auguste Beaudry, barrister, of Percé, who had practiced in this district for a great number of years.

Judge Tessier paid a very high tribute to the high standing of Mr. Beaudry occupied with the people. The court then adjourned as an act of mourning for the said deceased.

After the adjournment many cases were taken up. In the case of LeBlanc vs. Castillon a motion for particulars was granted without costs.

Rafter vs. Rousseau. A motion on behalf of the plaintiff was granted without costs.

Lecker vs. the British America Assurance Company. A motion for particulars presented by the Company was rejected without costs.

Dickie vs. the F. & M. Lumber Company. This case was postponed till the January term owing to the absence of certain witnesses of the plaintiff.

In the case of the Atlantic, Quebec & Western Railway Company vs. de la Rosbille, et al Fletcher Blois was appointed sole arbitrator to determine the amount of compensation to be granted for the taking of the land required for the right of way by the said company.

Roy vs. Roy. A motion presented by the plaintiff in this case was rejected.

Re LeBlanc vs. Babin. This was a case for dissolution of partnership and case was taken on delibere and judgment will be rendered shortly.

Re case Caroline Chamberlain estate. Two months were presented in Chambers concerning said estate. The first was to homologate the report made by the experts who had been appointed to value the said estate; and the second asked for permission to sell the immovables of the said estate after the formalities required by law had been fulfilled. This case has been up before the court on several occasions but considerable delays were caused by the obstacles placed in the way by one of the heirs, John Chamberlain, of Oshkosh, Wis. Notices will be given in a few days stating when, how, and upon what conditions said property will be sold.

Re case Shoolbred Selgory. Some time ago Matthew Stewart, of Campbellton, issued fifteen citations against the people of Nouvelle in order to compel them to pay the amount of rent due to him yearly as Seigneur.

The defense pleaded that the plaintiffs could not go on with their case at the present time as they had not produced all their titles.

As the motion made by the defendant did not state what documents or deeds were missing the motion was dismissed. The judge remarked that it was not necessary to produce the old titles and that it was sufficient to allege and prove the existence of the Seigneurial Cadastre. All that was required was for the plaintiffs to prove that they were in the rights of the parties whose names were mentioned on the Cadastre as being entitled to the said Seigneurie. As the titles from the Cadastre down have been duly filed the judge ordered the cases to proceed and the plaintiff made his proof, which was declared common to all the cases.

The only question that now remains to be decided is what amount each tenant should pay. There can no longer be any doubt of the rights and titles of the Seigneur and the cases are now reduced to the following point: How much land is occupied, by each tenant?

HOCKEY LEAGUE BEING ORGANIZED.

Enthusiasts Want to See a League on the North Shore.

COULD GET FIVE TOWNS.

Campbellton and Chatham Are Among Places Which Would Have Teams.

Hockey enthusiasts are already beginning to make plans for the winter's sport and the consummation of which many would like to see would be a North Shore hockey league, composed of teams from Campbellton, Bathurst or Dalhousie, Loggieville and Chatham, even going so far south as to take in a Moncton team, says the Chatham Commercial.

It is very possible that if such a league were started a trophy would be forthcoming from one of Chatham's public spirited citizens, but a suitable cup could easily be obtained if once the league were under way. This paper will be very glad to publish any communications on the subject and the organization could be affected much more speedily if individual players in the outside towns would look over the hockey material in their town and inform the local boys whether or not they could be counted on to have a team in the league. Chatham is certainly ready for any such project.

Campbellton has a good rink and there is no reason why the Restigouche boys should not be heard from. There is a rink in Dalhousie or Bathurst, or perhaps in both towns, and if the Newcastle boys could maintain an open air rink for practicing, they could easily play their games in Chatham rink. Loggieville likewise might play here, if they were dissatisfied with the dimensions of their present rink, though report has it that the new addition makes the rink a commodious one.

It is none to early to begin work and if all put their shoulders to the wheel the matter can be carried through successfully.

ORIENTAL IMMIGRATION. VANCOUVER, Saturday.—Before leaving for Ottawa Hon. Mr. Templeman was asked by the Asiatic exclusion league to urge the Dominion government to pass the natal act with its educational test clause as a means of limiting Oriental immigration. Mr. Templeman replied that while he personally favored the restriction and regulation as he has publicly stated in recent speeches here he has not spoken in recent speeches here he has not spoken in recent speeches here he has not spoken in recent speeches here.

FOUR WERE DROWNED. COTEAU LANDING, Saturday.—Five men tried to cross the river at the Cascades and the boat was overturned in the rapids four being drowned. They were trying to make connection with the train for New York.

When this is established the rate per acre is already fixed by law. The defence asked for an adjournment of the case until the next term so as to enable them to make a survey of the lands occupied.

On Thursday a great rainstorm occurred lasting till Friday morning.

Mr. Girard, of the Crown Land Department, Quebec, passed through here en route for Baie-Paul.

Best congratulations to Mr. and Mrs. George Gilker on the arrival of a fine boy.

Miss Isabel Maguire, who is attending Carleton concert is visiting her parents here for a few days.

We are informed that the W. C. Edwards Company, of Bonaventure, intend putting in a few camps this winter in Bonaventure. This is great news for all people concerned. Many of the men and teams are leaving daily for the woods.

Mrs. Browne entertained a few of her friends Friday evening. Quite an enjoyable evening was spent.

Mrs. Ernest Assels arrived home Friday after spending a few days in Campbellton.

Matthew Stewart of Campbellton is spending a few days in town.

Pierre Derache, Mayor of Port Daniel West, was town Monday.

A meeting of the Ladies' Guild of St. Andrews church was held Wednesday evening, the 6th inst., at the house of Mrs. John Hall New Carlisle East. There were eleven members present and considerable work was carried on and a very pleasant evening was spent by all.

THEY DEFINE AN AMATEUR

British Olympic Council Enlighten the World's Athletes

STATE QUALIFICATIONS

What a Man must not be in Order to Compete in Olympic Games.

TORONTO, Sunday.—Secretary Brown of the Canadian Amateur Athletic Union today issued the following announcement. "The attention of all athletes in Canada whether members of bodies affiliated with this union or not is directed to the following definition of an amateur as set forth in the regulations of the British Olympic Council and governing the qualification for competition at the Olympic games of 1908 in London: 'an amateur is one who has never competed for a money prize or monetary consideration or for any declared wage or stake bet, who has never engaged in, assisted in or taught any athletic exercises as a means of pecuniary gain and who has never taken part in any competition with anyone who is not an amateur.'"

ONE DROWNED BY BOAT UPSETTING NEAR ST. STEPHEN

ST. STEPHEN, Sunday.—A sad drowning accident occurred yesterday afternoon at Milltown, Me., of which the victim was a lad named Harry Robinson belonging in that town. With another lad named Hendershot he went duck shooting in the afternoon and they went together in an old boat on a small stream leading off from the St. Croix river. In some manner the boat was upset and both were thrown into the water. Hendershot could swim and reached into the water but Robinson was unable to swim and was drowned. Up to the present time all efforts to recover the body have been unavailing; he was 17 years of age, a young man and the only support of a widowed mother.

KILLED AT NEW GLASGOW. NEW GLASGOW, Saturday.—John McDonald was run over by a train here Saturday night and fatally injured.

A heavy rain, accompanied by a south easterly gale, which at times reached a velocity of fifty miles an hour, began to fall here early Thursday morning and continued until the same evening. Considerable damage was done by both the rain and wind.

The Silverthorne Company of North Tonawanda New York are about to commence to do business here.

Their representative J. F. McDuffee who has been here for several days has about decided that there are opportunities here for his company and will shortly open an office.

The Silverthorne Company are purchasers of manufactured lumber. Their annual business amounts to about 60,000,000 feet. Hitherto they have purchased principally in Maine, New Hampshire and Vermont and the south and west. Their business has chiefly been in pine, but now they intend to go in for the purchase of spruce. They believe that Campbellton is centrally situated for their business and purpose buying all along the line between Rimouski and Chatham. It is possible that in the near future they will erect mills in this territory. Mr. McDuffee is much impressed with the business opportunities offering here. He is now on his way to Tracadie and Chatham.

STE. FLAVIE, Friday.—A proud notary is now residing in our village and is doing well.

We have asked the I. C. R. authorities for a night constable. One is greatly needed as many complaints are made of rowdiness, etc.

WILL RUN LINE TO THE MINES.

Development of Iron Property will Mean Expenditure of Thousands.

TRANSFER MADE.

Jury Returns Verdict of Accidental Death in the Tom Narvey Case.

BATHURST, Monday.—Messrs. T. M. Burns and. Hussey returned from Montreal on Saturday night. A Graphic reporter interviewed Mr. Burns this morning and was informed that the transfer of the mining property had been completed. Communication has been had with the minister of railways who expresses a willingness to run a branch line from the I. C. R. to the mine. Immediate steps will be taken to have a survey made this fall and thus advance the work as much as possible before winter sets in. The operating of this property will necessitate the spending of many thousands of dollars and we sincerely hope that our town may receive a benefit.

P. J. Veniot, collector of customs, after being off duty for some weeks as the result of an accident, returned to his desk this morning.

The inquest regarding the death of Tom Narvey was held this morning at the Robertson Hotel. Coroner McLaughlin presided in the absence of Dr. Menghan who is attending smallpox cases in the lower end of the county. After examining several witnesses a verdict of accidental death while walking on the railway track was given.

Graphic friends were disappointed today by the non-arrival of the paper.

VALUABLE HORSE KILLED. DALHOUSIE, Friday.—The many friends of Geo. Lambie, popular conductor on the I. C. R. branch here will learn with regret the loss of a fine horse which he had in his pasture and which being frightened by some dogs and children galloped into a barbed wire fence, the fence not being strong enough to hold him he upended and broke his neck in the fall.

Joseph Butler of this town while working up river in the woods about a hundred miles from here cut his foot badly with an axe. Friends started for Campbellton with him in a boat, but on account of head winds were three days making the trip. Gangrene set in and Butler suffered terrible agony. On his arrival here he was conveyed to the hospital and Dr. Lunan summoned. Yesterday the doctor found it necessary to amputate four of Butler's toes.

YALE DEFEATS BROWN. NEW HAVEN, Saturday.—Yale defeated Brown today by 22 to 0.

LINGERING CLD.

Withstood other Treatment but Quickly cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

Constipation

Badly sweet apples, with some people, bring prompt relief for Constipation. With other people all-weather food will have the same effect. Nature's remedy is a vegetable remedy. It relieves every ailment known to man. If physical can't find Nature's way to health. And this is the only way to health. The mark of a certain tree in California—Cascadia—offers a most excellent aid to it. But, combined with Epsom Salts, this very fine bark, solid Extract of Prunes, etc., this is the best remedy for Constipation. A toothsome Candy Chalk, called Lax-ets, is now made at the Dr. Rocco Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Salivary Glands, etc., is indeed prompt and satisfying.

No eating, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful illustrated metal boxes at 1 cent and 10 cents per box.

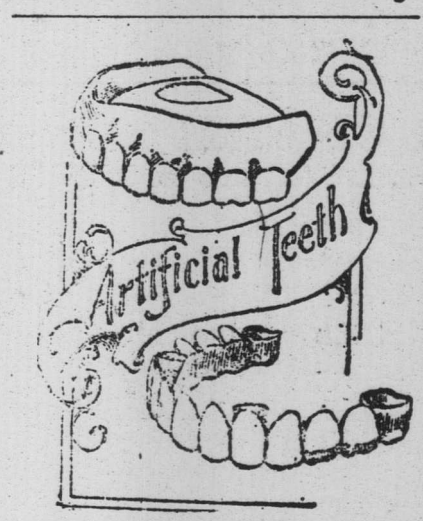

For something new, nice, economical and effective, try a box of

Lax-ets

BOVRIL

the kitchen economist

Much of the left-over food you now throw out can be turned into delicious dishes, by the addition of a little Bovril.

It gives warmed-over meats the juiciness of the original cooking. It gives body and strength to soups and gravies.

It gives a delicious, piquant flavor to cold meats and hashes. Every day you will find Bovril a help and an economy in your kitchen. Bovril contains the essence, flavor and nutrient substance of the very best beef. It gives strength and nourishment to the invalid, and helps fullness and economy to the cook.

All good grocers sell BOVRIL.

RIVIERE DU LOUP, Friday.—Tuesday evening at Fraserville college took place the opening of the provincial tournament in free English courses.

We are highly pleased to learn that the attendance numbered about 100 young men. Napoleon Dion, M. P. P., J. P. Babin and Dr. E. Gilbert of the Board of Trustees were present. Mr. Dion through whose efforts these courses were obtained spoke a few words of encouragement to the young men, advising them to derive all the benefit possible from these lessons. There was no lesson given. The professor in charge gave instructions as to books necessary and days and hours of future lessons. He eagerly insisted that all the young men should be present at every lesson in order to partake of every benefit.

JOHNSON'S Anodyne LINIMENT

It means the saving of miles of walking around a hot kitchen. It means relief from kitchen drudgery. It contains many new and exclusive features that have never been approached by other kitchen cabinets.

Preparations for the Execution of ondemned Man Made.

HOPEWELL CAPE, Tuesday.—Preparations for the carrying out of the execution of Thomas Collins which will take place on Friday next were begun today. The inclosure in which the death sentence will be carried out will be erected on the north side of the jail with a passageway extending across the front of the building to the jail entrance from which exit will be made to the gallows. The inclosure is 18 by 16 and 16 feet high. Collins has changed greatly in the last few days and appears to fully realize that his end is near. Much of his former cheerfulness has left him and his demeanor is grave and anxious. He reads the Bible a good deal and appears to be making preparations for the end that soon must come. Rev. Mr. Thomas the chaplain of the penitentiary at Dorchester visited Collins last evening and will come again to see him tomorrow and probably then vernal with the condemned man until the last act of the tragedy. The preparations for the execution here have cast a gloom over the little village. The impression prevails that the prisoner is not well balanced mentally and many think that imprisonment would serve the ends of justice. It was reported here today that Radcliffe would officiate at the execution, but Sheriff Lynde would not confirm nor deny this rumor tonight. The beam and weight are now on the ground at Hopewell Cape. On Saturday last Sheriff Lynde of Hopewell Cape visited Dorchester for the purpose of procuring the gallows used at the last execution in Westmoreland. The gallows borrowed by the Albert county authorities is Radcliffe's own design. The death trap is a very simple contrivance consisting of three upright posts, a cross piece and two or three pulleys for the rope.

TWEEDE SPEAKS

ST. JOHN, Tuesday.—Lieut. Gov. Tweedie was the guest of honor at the Canadian Club luncheon this evening. His subject was "Our forest wealth and its preservation. His honor dealt with the subject in a very exhaustive manner and his address was thoroughly enjoyed by the large number present. President Earle presided and at the close of the address a vote of thanks was moved by Judge Ritchie and seconded by Ald. Baxter. Today His Honor and Mrs. Tweedie will hold a reception.

A telegram received here from Montreal last evening conveyed the pleasant intelligence that the doctors by operating on Mrs. Dimock's shoulder were able to save her arm. Mrs. Dimock withstood the operation well.

Surely Longboat is entitled to a Tree scholarship now.

THE WOMAN BEAUTIFUL

The young women of Worcester, Mass., have organized a beauty club. This doesn't mean that all the members of it are beautiful, but it does signify that they will strive to be beautiful. We rejoice that one woman's club has been formed at last to which we can give our unqualified approval and support. We have never been interested much in the efforts of our sisters to solve abstruse problems, and to be frank we haven't the greatest faith in their ability to run the government or even to understand what Browning was driving at. But woman does understand angles and curves, especially as they affect the female form divine, and she is a competent critic of them—the most competent critic we may say. And a few women also understand that the greatest mission of young women is to be beautiful. If they accomplish this all other joys will be added. No wonder a frightened single man has already said: "If the club obtains a large membership it will not have a bachelor in Worcester. No mental test is required as we understand it. The organizers taking it for granted that nay girl knows enough to know whether she is good looking and whether there is room for improvement. It requires no profundity to discuss the ways and means of improving the figure and ironing out the creases in one's face. Club meetings, we have no doubt will be marked by a charming informality with every member entitled to the floor at once.

NEW YORK, Monday.—A special from Honolulu says, "should emergency arise offer yourself courageously to the United States army and navy and guard and maintain the prosperity of our imperial throne." These are the words with which the Emperor of Japan in his birthday message saluted 118,000 subjects in the Hawaiian Isles. The have caused no little comment throughout the islands and Americans are asking what the Mikado means when he speaks of an emergency. The position of a great body of Japanese in the islands, a population which rapidly increasing is regarded here as a source of danger in case of war between the United States and Japan and the address of the emperor has not added to the feeling of security. The fact that many who have come during the last two years are veterans of the Russo Japanese war and assist in instilling a spirit of loyalty among the older members of the Japanese colony does much to make the presence of the Japanese here a growing menace. The reading of the Mikado's proclamation from a thousand platforms has been the signal for the greatest display of fireworks in the history of Hawaii and Americans have never before seen the Japanese show such enthusiasm.

Sir Wilfrid Laurier has brought to bear eminent statesmanlike qualities to the solution of the many problems of political economy presented to him. The result is seen to-day upon every hand. Excepting only the grumblings of the Conservatives, whose desire to get into power obscures their judgment on every issue, there is nothing but satisfaction expressed at the conditions which exist throughout Canada. Then why change what appears so beneficial to all? What reason is there of sufficient force to influence the electors when they have an opportunity of expressing their views, to reduce the majority of the Government, or on the other hand, what claim can the Conservative party advance which would justify any increase in their ranks?

IS NEARING COMPLETION.

(Special to the Morning Graphic.) NEW CARLISLE, Friday.—The engine, pile driver and hammer is away to Pasphebie, Jean Prevost, of Pasphebie, being in charge and he expects to have a month's work at their wharf, after which the machinery will be removed to Port Daniel. The New Carlisle wharf which is near completion will be much appreciated by the people.

Minard's Liniment cures Dandruff.

Billy Sprout got one of the finest moose heads of recent years a day or two ago.

He was up river and after a long tramp with guide Benson came across a moose to his liking. He pulled the trigger and the animal came down. It was a monster moose and had a spread of antlers of about 63 inches. There were about twelve points on the head. Mr. Sprout will not be able to bring out the head until the snow comes.

Take two Beecham's Pills on retiring and avoid any ill effects from a late meal. Then you will sleep soundly, awaken with a clear head and a high opinion of the great stomach remedy,

Beecham's Pills

Sold Everywhere. In boxes 25 cents.

POPE IS SUFFERING FROM GOUT ATTACK

Takes Some Exercise, But Stops on Sustaining Chill.

LONDON, Tuesday.—Reports in regard to the health of the pope from time to time vary in irreconcilable fashion. The Lancets Rome correspondent writes this week:

"His holiness has been ailing for some time though with characteristic energy he has struggled through audiences and the multifarious business which is his portion from day to day."

"One day last week he spent from an hour and a half to two hours in gentle exercise, but the damp due to the torrential rains which have been flooding Italy induced a chill. This, in turn, was followed by a resuscitation of the gout, to which he is subject, accompanied by a swelling of the lower limbs."

"On Wednesday his physician, Dr. Petrucci, was summoned to the bedside of his holiness. He ordered absolute rest and the cancellation of all immediate engagements. This prescription, however, the pope observed, was a very perfunctory measure, and, although manifestly suffering, went through the ordeal of audiences and receptions. On the morning of All Saints' Day he even celebrated mass in his private chapel his sisters and nephew being present."

"At the conclusion of the mass he proposed a turn in the Vatican gardens, but a sudden recurrence of the gouty pains aggravated the swelling of his limbs and interposed a veto on his suggestion. He was taken back to his apartments and placed under surveillance of his body physician."

ED.—

The grand jury is certainly alive to the interests of the people of this county who protest against the delays at Dalhousie Junction.

Two big New York bankers are to be prosecuted for violating the banking laws. Thus, while general business is on a sound basis, there is doubtless a very panicky feeling in high financial circles.

THE GALLIES ABOUT READY TO HANG THOS. COLLINS.

Preparations for the Execution of ondemned Man Made.

HOPEWELL CAPE, Tuesday.—Preparations for the carrying out of the execution of Thomas Collins which will take place on Friday next were begun today. THE WOMAN BEAUTIFUL

The young women of Worcester, Mass., have organized a beauty club. This doesn't mean that all the members of it are beautiful, but it does signify that they will strive to be beautiful. We rejoice that one woman's club has been formed at last to which we can give our unqualified approval and support. We have never been interested much in the efforts of our sisters to solve abstruse problems, and to be frank we haven't the greatest faith in their ability to run the government or even to understand what Browning was driving at. But woman does understand angles and curves, especially as they affect the female form divine, and she is a competent critic of them—the most competent critic we may say. And a few women also understand that the greatest mission of young women is to be beautiful. If they accomplish this all other joys will be added. No wonder a frightened single man has already said: "If the club obtains a large membership it will not have a bachelor in Worcester. No mental test is required as we understand it. The organizers taking it for granted that nay girl knows enough to know whether she is good looking and whether there is room for improvement. It requires no profundity to discuss the ways and means of improving the figure and ironing out the creases in one's face. Club meetings, we have no doubt will be marked by a charming informality with every member entitled to the floor at once.

NEW YORK, Monday.—A special from Honolulu says, "should emergency arise offer yourself courageously to the United States army and navy and guard and maintain the prosperity of our imperial throne." These are the words with which the Emperor of Japan in his birthday message saluted 118,000 subjects in the Hawaiian Isles. The have caused no little comment throughout the islands and Americans are asking what the Mikado means when he speaks of an emergency. The position of a great body of Japanese in the islands, a population which rapidly increasing is regarded here as a source of danger in case of war between the United States and Japan and the address of the emperor has not added to the feeling of security. The fact that many who have come during the last two years are veterans of the Russo Japanese war and assist in instilling a spirit of loyalty among the older members of the Japanese colony does much to make the presence of the Japanese here a growing menace. The reading of the Mikado's proclamation from a thousand platforms has been the signal for the greatest display of fireworks in the history of Hawaii and Americans have never before seen the Japanese show such enthusiasm.

Sir Wilfrid Laurier has brought to bear eminent statesmanlike qualities to the solution of the many problems of political economy presented to him. The result is seen to-day upon every hand. Excepting only the grumblings of the Conservatives, whose desire to get into power obscures their judgment on every issue, there is nothing but satisfaction expressed at the conditions which exist throughout Canada. Then why change what appears so beneficial to all? What reason is there of sufficient force to influence the electors when they have an opportunity of expressing their views, to reduce the majority of the Government, or on the other hand, what claim can the Conservative party advance which would justify any increase in their ranks?

IS NEARING COMPLETION.

(Special to the Morning Graphic.) NEW CARLISLE, Friday.—The engine, pile driver and hammer is away to Pasphebie, Jean Prevost, of Pasphebie, being in charge and he expects to have a month's work at their wharf, after which the machinery will be removed to Port Daniel. The New Carlisle wharf which is near completion will be much appreciated by the people.

Minard's Liniment cures Dandruff.

Billy Sprout got one of the finest moose heads of recent years a day or two ago.

He was up river and after a long tramp with guide Benson came across a moose to his liking. He pulled the trigger and the animal came down. It was a monster moose and had a spread of antlers of about 63 inches. There were about twelve points on the head. Mr. Sprout will not be able to bring out the head until the snow comes.

CALLS ABOUT READY TO HANG THOS. COLLINS.

Preparations for the Execution of ondemned Man Made.

HOPEWELL CAPE, Tuesday.—Preparations for the carrying out of the execution of Thomas Collins which will take place on Friday next were begun today. The inclosure in which the death sentence will be carried out will be erected on the north side of the jail with a passageway extending across the front of the building to the jail entrance from which exit will be made to the gallows. The inclosure is 18 by 16 and 16 feet high. Collins has changed greatly in the last few days and appears to fully realize that his end is near. Much of his former cheerfulness has left him and his demeanor is grave and anxious. He reads the Bible a good deal and appears to be making preparations for the end that soon must come. Rev. Mr. Thomas the chaplain of the penitentiary at Dorchester visited Collins last evening and will come again to see him tomorrow and probably then vernal with the condemned man until the last act of the tragedy. The preparations for the execution here have cast a gloom over the little village. The impression prevails that the prisoner is not well balanced mentally and many think that imprisonment would serve the ends of justice. It was reported here today that Radcliffe would officiate at the execution, but Sheriff Lynde would not confirm nor deny this rumor tonight. The beam and weight are now on the ground at Hopewell Cape. On Saturday last Sheriff Lynde of Hopewell Cape visited Dorchester for the purpose of procuring the gallows used at the last execution in Westmoreland. The gallows borrowed by the Albert county authorities is Radcliffe's own design. The death trap is a very simple contrivance consisting of three upright posts, a cross piece and two or three pulleys for the rope.

TWEEDE SPEAKS

ST. JOHN, Tuesday.—Lieut. Gov. Tweedie was the guest of honor at the Canadian Club luncheon this evening. His subject was "Our forest wealth and its preservation. His honor dealt with the subject in a very exhaustive manner and his address was thoroughly enjoyed by the large number present. President Earle presided and at the close of the address a vote of thanks was moved by Judge Ritchie and seconded by Ald. Baxter. Today His Honor and Mrs. Tweedie will hold a reception.

A telegram received here from Montreal last evening conveyed the pleasant intelligence that the doctors by operating on Mrs. Dimock's shoulder were able to save her arm. Mrs. Dimock withstood the operation well.

Surely Longboat is entitled to a Tree scholarship now.

THE WOMAN BEAUTIFUL

The young women of Worcester, Mass., have organized a beauty club. This doesn't mean that all the members of it are beautiful, but it does signify that they will strive to be beautiful. We rejoice that one woman's club has been formed at last to which we can give our unqualified approval and support. We have never been interested much in the efforts of our sisters to solve abstruse problems, and to be frank we haven't the greatest faith in their ability to run the government or even to understand what Browning was driving at. But woman does understand angles and curves, especially as they affect the female form divine, and she is a competent critic of them—the most competent critic we may say. And a few women also understand that the greatest mission of young women is to be beautiful. If they accomplish this all other joys will be added. No wonder a frightened single man has already said: "If the club obtains a large membership it will not have a bachelor in Worcester. No mental test is required as we understand it. The organizers taking it for granted that nay girl knows enough to know whether she is good looking and whether there is room for improvement. It requires no profundity to discuss the ways and means of improving the figure and ironing out the creases in one's face. Club meetings, we have no doubt will be marked by a charming informality with every member entitled to the floor at once.

NEW YORK, Monday.—A special from Honolulu says, "should emergency arise offer yourself courageously to the United States army and navy and guard and maintain the prosperity of our imperial throne." These are the words with which the Emperor of Japan in his birthday message saluted 118,000 subjects in the Hawaiian Isles. The have caused no little comment throughout the islands and Americans are asking what the Mikado means when he speaks of an emergency. The position of a great body of Japanese in the islands, a population which rapidly increasing is regarded here as a source of danger in case of war between the United States and Japan and the address of the emperor has not added to the feeling of security. The fact that many who have come during the last two years are veterans of the Russo Japanese war and assist in instilling a spirit of loyalty among the older members of the Japanese colony does much to make the presence of the Japanese here a growing menace. The reading of the Mikado's proclamation from a thousand platforms has been the signal for the greatest display of fireworks in the history of Hawaii and Americans have never before seen the Japanese show such enthusiasm.

KING ENTERTAINS GERMAN RULER.

Historic Hall of St. George Scene of Brilliant Affair.

WINDSOR, ENGLAND, Tuesday.—The historic hall of St. George at Windsor Castle King Edward and Queen Alexandra gave a state banquet this evening in honor of their German visitors. The hall which for centuries has been associated with the order of the Garter was decorated with the banners of the principal knights of the order, while the tables adorned with the famous gold plate one of the great heirlooms of the sovereigns of England. Departing from the usual custom King Edward and Emperor William sat side by side with the Queen at the right and the Empress on the left around the tables which were set for 100 guests there gathered a most brilliant company including many members of the British Royal House. The suits of the visiting sovereigns, cabinet ministers and former cabinet ministers and ambassadors and other diplomatic representatives. Among the ambassadors was Whitelaw Reid, King Edward proposed the health of Emperor William who acknowledged in a short speech, closing with a toast to the English King.

GLOUCESTER IRON MINES.

Their Operation Will Mean a Big Thing For the Province.

MONCTON, Tuesday.—"I believe that, New Brunswick is just on the eve of a great industrial awakening and development" said Premier Robeson tonight in speaking of the sale of the Gloucester iron mines to the Drummond Mining Company. "Surveyor General Sweeney and myself in company with Mr. Burns recently visited the mines and met there J. J. Drummond manager of the London-derry Iron Works and his engineer Fawcett. At that time the question of transportation and other matters were discussed and assurances were given that the local government would use every effort to bring about the construction of a branch railway or spur from the I. C. R. to the mines. The Surveyor General and myself waited upon the minister of railways and deputy minister of railways while they were in Moncton and we were assured that the I. C. R. would not hesitate to assist in the development of this important industry and would construct the necessary branch line as soon as sufficient evidence was before them of traffic which would be required. A great advantage to the I. C. R. of the establishment of the works at Bathurst will more than compensate them for the outlay necessary for the construction of the branch road. While a great deal of magnetic iron ore is already discovered at very little is known of the resources of the province in this regard. A careful analysis or samples from one borohole, taking specimens at every ten feet for a total of three hundred feet showed an average 51.38 of iron ore running as high as 3.82 per cent. The mine is situated about 25 miles from Bathurst and about 11 miles from the I. C. R. Mr. Drummond examined the facilities at Bathurst Point and was favorably impressed with the chances for iron smelting works at that place.

BATHURST, Monday.—The municipal election held in the parish of Bathurst today resulted in a victory for the Conservative ticket. Des Brisay and Frenette being elected over the Liberal Roy and Cormier. The poll was:

Petit Roche, Des Brisay, 126; Frenette, 103; Roy, 139; Cormier, 114.

Robertville, Des Brisay, 102; Frenette, 106; Roy, 64; Cormier, 66.

RELEASED ON BAIL.

WOODSTOCK, Wednesday.—Sherwood the Avondale farmer arrested on the charge of having carnal knowledge of a young English girl living at his house was this afternoon admitted to bail in the sum of \$1000 personal and two sureties of \$500 each. The case is set down for trial next month.

ANSLOW BROS., Publishers,

CAMPBELLTON, N. B. Nov. 14, 1907

St. John doesn't need a new station
hall as badly as Campbellton does.

Meanwhile Mr. Lemieux has some-
thing to say to the Mikado.

Mayor Fitzgerald of Boston has an
auto numbered 23. That machine
ought to go some.

Mr. Bourassa in retiring from Federal
politics perhaps saved himself the
odium of being retired.

Is the Canadian Club of St. John a
party organization? If not, why was
Mr. Graham overlooked?

St. John appears to have more re-
gard for its chamberlain than it has
for its accounts.

The Lusitania has just made several
new records, but then it takes such
a lot of medals to cover her.

T. M. Burns of Bathurst is to be
congratulated on his enterprise and
energy in bringing the Nepequin from
area to the attention of capitalists.

The have women ushers at one of
the theatres in New York now. This
seems to be the womanless age all
right.

Mr. Graham in spending Sunday at
Fredericton will be able to tell just
what other days are like in the cele-
stial city.

The Jamestown fair is \$1,000,000 in
arrears. Doubtless a large number of
persons who visited the fair are also
in arrears.

Notwithstanding the vogue of ocean
races, betting on the steamers is not
likely to lessen the number of chance
takers on the pines.

It is gratifying to learn from the
columns of the London Express that
the House of Lords is not entirely
made up of nonentities.

With the dawn of the balloon age
we find Prince Edward Island advo-
cating a tunnel. The island should be
a little more up-to-date.

Joe Martin has at last found a job
which will place him again in the
limelight. He is now leader of the
Exclusion League in British Columbia.

It is all very well to say that a town
council shouldn't do this and shouldn't
do that, but place yourself in a sim-
ilar position and what would you do?

Immigrants have been coming into
Canada since April at the rate of one
thousand a day, what per centage of
this influx can the Maritime Provinces
claim?

Mr. Bourassa evidently believes that
it will be easier to reduce the govern-
ment majority in the Quebec legisla-
ture than the liberal majority in the
House of Commons.

The Moncton Times observes that
"it was the conservative government
that gave life to the Canadian Pacific."
It was also the conservative govern-
ment that gave millions to the prom-
oters of the C. P. R.

A British M. P. says tariff reform
is dead in England. Britain's tariff
like that of Canada doesn't need to be
reformed. To make any radical
changes in it would be to corrupt it
rather than to reform it.

It is surprising to find that the
strenuous west finds time to take an
interest in ghost stories. The Wimp-
ing Free Press has just been com-
pelled to pay damages for having pub-
lished the report that a certain dwell-
ing was haunted.

While the election of the Hon. Mr.
McKeown by acclamation in St. John
doesn't altogether indicate the way the
rest of the province is going it shows
pretty plainly the strength of the new
attorney general in his own constitu-
ency.

Under the fostering care of the Min-
ister of the Interior the very best
class of immigrants are coming into
the country and settlement of the
West goes on apace. The total this
year will exceed 250,000, and they will
become wealthy producers for the Do-
minion in due course. The revenue of
this department is nearly twelve
times what it was the last year of
conservative rule; so much for intelli-
gent management.

Will the electors of Colchester, N. S.,
send to Ottawa a supporter of Sir Wil-
frid Laurier and his able finance min-
ister, Hon. W. S. Fielding, or do they
prefer to be represented by an oppon-
ent of these gentlemen who will assist
in bringing into power G. E. Foster,
the man who juggled with insurance
trust funds and was also conspicuous
in what his then leader described as
"the nest of traitors?"

McKeown appears to be the man
Friday of Robinson "Crusoe."

From Berlin, the headquarters of
the Jokesmiths, comes the news that
Rockefeller will pay the fine in \$3 in-
stallments.

Radcliffe is to hang Collins. Doubt-
less the sheriff who said he would
resign his job rather than hang the
Albert county murderer is now getting
his usual eight hours sleep.

There is some satisfaction in know-
ing that Mr. Aylesworth's successor
is as eminent as a French Canadian
barrister as Mr. Aylesworth is as an
English Canadian barrister.

A move is on foot to have the Grand
Army encampment in 1909 held in
Atlanta. There are some northern
cities that have not yet had the honor
and pleasure of entertaining the boys
in blue.

The immense public works now be-
ing constructed by the government are
a heavy drain upon the public purse,
but as the people provide the money
it is proper that it should be expen-
ded in the public interest and not for
the benefit of favored politicians.

It is confidently asserted that by
next fall four hundred miles of the
National Transcontinental Railway be-
tween Moncton and Winnipeg will be
graded, and much of it ironed. The
commissioners are urging on this
great work with the greatest energy.

On the lake which Mr. Carnegie
ordered for Princeton, and which was
unveiled, so to speak, and dedicated
Saturday, may spring up a new and
big factor in the rowing world. But
would the Tiger colors stream down
the Thames or the Hudson?

What respect have the people for
men who make blatant charges in the
House under the privileged condi-
tions which exempt them from respon-
sibility, and who are mute as claims
after the session, when, if honest, they
should have repeated their charges
before the public of Canada and de-
fied denial?

C. P. R. AND CONS.

Occasionally the Moncton Times
speaks the truth. It says "It was the
conservative government that gave life
to the Canadian Pacific." Yes, and
who was it gave to the Canadian Pacific
Railway Company 25,000,000 acres
of land for nothing? The Conserva-
tives. Who was it gave the Canadian
Pacific Railway Company \$25,000,000
of cash as a bonus for nothing? The
Conservatives. Who was it gave the
Canadian Pacific Railway Company all
the road already built by the Do-
minion at a cost of many millions of
the hard earned money of the people
for nothing? The Conservatives. Who
was it agreed to complete that por-
tion of the road already under con-
tract and give it to the Canadian Pacific
Railway Company for nothing? The
Conservatives. Who was it agreed that
no other road should be built parallel
to the Canadian Pacific Railway Com-
pany for years, thus ensuring to the
Conservative who controlled it a monopoly
at the expense of the Northwest settler?
The Conservatives. Who was it inserted
in the Canadian Pacific charter a clause
exempting the company from the pay-
ment of taxes for all time to come,
at the expense of the settlers in the
Northwest? The Conservatives. Who
is it now finding fault with the Liberal
Government because the Canadian
Pacific Railway Company is exempt
from the payment of taxes? The Con-
servative press, in its ceaseless in-
surance of Canadian history, or its vic-
tious attempt to place on the shoulders
of the Liberal Government the results
of its own asinine policy.

The time has passed when the peo-
ple will believe one side of a story
until the other has been told. There
has been such flagrant misrepresenta-
tion in the House of Commons, and the
foregoing is a fair sample, that the
injury resulting is greatly minimized.
When one reflects that the bottom
dropped out of the scandals which
were brought up in the House, one
by one, and that the Conservative
press pinned its faith to them jointly
and severally, it is not remarkable that
the recent Liberal endorsements are
not even alluded to by the opponents
of the government.

COLCHESTER.

Would the electors of Colchester
rather retain in his present position
Hon. Mr. Fielding, whose masterly
management of the finances of the
Dominion for the past eleven years
have resulted in an aggregate surplus
of over \$90,000,000, or would they vote
for a Conservative and assist in the
return to power of the discredited G.
E. Foster, who, while finance minister
succeeded in adding over \$80,000,000
to the public debt of Canada? Would
the people of Colchester be willing to
dismiss Hon. Mr. Fielding, a man of
sterling integrity, and many states-
manlike qualities, and put in his place
G. E. Foster, who juggled with the in-
surance funds of the L. O. O. F. and
whose unsavory record as the leader
in the nest of traitors, called down the

denunciation of Sir MacKenzie Bowell
the then prime minister, and his col-
league in the cabinet? Have the peo-
ple of Colchester arrived at the con-
clusion that Canada has had sufficient
prosperity, enough good government
and more than a fair share of good
times? If so then let them vote against
the Liberal candidate. If it seems de-
sirable to the electors of Colchester
to return to the pauperism of 1896—
the days of deficits, the times when
the natural resources of the province
were neglected, and Nova Scotians re-
ceived no courtesy at the hands of a
Conservative government, then let
the people of Colchester record their
votes in favor of an opponent of the
Liberal government. If the people
want a repetition of the Pacific scan-
dal—if they want in power men who
used their positions as members to
acquire big areas of land in the
northwest—if they desire to support
a platform that paves the way for
disension, unrest and the ingendering
of bad feeling between the provinces,
all they have to do is to support the
opponent of the government. Nova
Scotia did not injure herself by send-
ing one Tory to the present parlia-
ment, and with the record of the gov-
ernment before them, the electors of
Colchester may with confidence be re-
lied upon to live up to the traditions
of the past and by an increased ma-
jority send to Ottawa a supporter of
Sir Wilfrid Laurier and his able in-
finance minister, that eminent Nova
Scotian, Hon. W. S. Fielding.

Worth Millions

But Could not Buy Bread. So
goes the Story

LIKE THE MAN AT KLON-
DYKE, WHO DIED OF
VATION, WITH HIS HUT
FULL OF GOLD

Many die yearly, with means
of Salvation at hand, were
They but able to use them

Physicians the world over have
known of cod liver oil. They have, alas! also
realized its drawbacks and the im-
possibility of administering it where
it would do good. Doctors have seen
hundreds of people who, to realize how
other wasting diseases, whom they
knew might have been saved had they
only been able to take enough cod
liver oil to obtain from it a sufficient
amount of the medicinal principles
which it contained.

It is not necessary to go to doctors
to know why cod liver oil has not been
a popular remedy, or to realize how
few people are able to take enough of
it to do them any good. The many
who have needed and attempted to
take this nauseating remedy, if they
are still in a position where they need
cod liver oil, are the ones who should
throw their hats in the air and shout
their joy from the house-top at the
new, simple, and effective remedy now
that we know of it. Here Mr. McDonald
has, right in his store, a preparation
that looks like and tastes like delicious
wine. It is a delicious wine, only
there has been added to it the extract
of the curative principles, the means
of obtaining which is the only dis-
covery about Vinol. We do not be-
lieve there is an invalid in this city
suffering from throat, lung or bronch-
ial troubles, or in fact any wasting
disease, but has already interested
himself in this preparation.

Mr. McDonald is kept busy explain-
ing its merits and telling his many
friends how it is now possible to take
all that is necessary of cod liver oil, or
Vinol, its concentrated active medi-
cinal principles, to overcome disease.
It has not been a difficult matter for
him to explain, as he has done, the
absolute uselessness of the grease, it-
self and to demonstrate the great value
as the medicinal properties of the
liver of the cod.

There are many people right here
in our city who know from but a few
days' experience how much benefit
they are deriving from this preparation
and who have already learned that the
medicinal properties of Vinol act in the
most wonderful manner in checking
the symptoms of disease, while at the
same time enabling the stomach to
assimilate and digest from palatable,
every day food, the necessary nourish-
ment to renew tissue depleted by
disease.

Mr. McDonald is justly pleased at
the success that he has attained in the
connection he has made with the pro-
minent Boston firm who are putting
up this preparation, and justly de-
serves all the fame and profit that
will attach themselves to his name,
on account of his enterprise in intro-
ducing Vinol to our city.

SMALLPOX AT
LUMBER CAMP.

Malady Develops in Severe
Form Five Miles From
Blackville.

ONLY ONE CASE YET.

But There are Twenty-Four Men
in One Quarantined
Camp.

BLACKVILLE, Wednesday.—An outbreak of smallpox has oc-
curred at one of the camps of the
Gibson Lumber and Manufacturing
Company, five miles from here.
There are twenty-four men in the
camp, the majority being from
Blackville. There is at present
only one case, that of a French
man from Caraquet. Dr. Des-
mond and Col. Maltby of the
County Board of Health started to
drive to the scene of the malady,
but owing to bad roads were un-
able to get there. They sent word
to Dr. McManus of Blackville to
go in. The doctor went to the
camp, placed it under quarantine
and vaccinated all the men. It
is likely one of the hotels at Black-
ville will be quarantined. The
afflicted man and a friend stayed
there about a week ago.

A Methodist Minister Recom-
mends Chamberlain's Cough
Remedy.

We have used Chamberlain's Cough
Remedy in our home for seven years,
and it has always proved to be a re-
liable remedy. We have found that it
would do more than the manufacturers
claim for it. It is especially good for
croup and whooping cough.

Rev. James A. Lewis,
Pastor Milam, Minn. M. E. Church
Chamberlain's Cough Remedy is
sold by all druggists.

NEW CARLISLE

SATURDAY.
 William Phelan, of Port Daniel was in town Saturday.
 Mrs. John McNeill arrived here Saturday on the Lady Ellen on a visit to her old home.
 John Gallagher of Bonaventure was in town Saturday on business.
 Mrs. James Chatterton has left for Waterville, P. Q., where she intends spending the winter with her daughter, Mrs. E. Penders.
 Elias W. LeGrand of Passabiac spent a few hours in town Saturday.
 Mr. Wheaton Doddridge of New Richmond spent Saturday and Sunday in town and returned on Monday.
 John Allan of Shigawake drove through here Saturday.
 Daniel Thompson left for Shigawake to visit acquaintances.
 Mr. Tozer of Bonaventure spent Saturday in town.

MONDAY.
 Mr. Peter Bourdages and Mr. Alphonse Noel of Bonaventure were in town Monday on business.
 The general monthly meeting of the municipal council was held Monday evening, the 4th inst. in the town hall. The Mayor William T. Caldwell was present, also George Kempfer, secretary, and councillors Charles Cooke, P. T. Blais, James W. Hall and Jas. E. Mill.

Mr. Hill representing J. Lovell and Company, wholesale stationers, Toronto, was in town Monday and Tuesday.
 Schooner Flo Mader of Mahone Bay, N. S., is in port loading ties for the LeBoullier Bros., after which she will proceed to Hopetown to finish loading ties for Mr. W. J. Assels, merchant of New Carlisle.

TUESDAY.
 W. J. McRae of Hopetown was in town today.
 A Bodard of Port Daniel accompanied by a friend, spent Tuesday in town.

The public works department have forwarded the money for the work on the New Carlisle wharf for the month of September which was paid over to all the men.
 A light house boat arrived in Port Tuesday and delivered goods to Mr. John Chisholm lighthouse keeper and wharfingers, and then proceeded west. A large steamer passed up the bay last Monday. There will not likely be many more large steamers pass up and down the bay as it is getting late in the season.

WEDNESDAY.
 N. Nadler, of New Richmond spent Wednesday in town.
 Schooner General Middleton, belonging to Mr. T. J. Caldwell of New Carlisle is in port discharging a cargo of lumber.

NEW CARLISLE, Monday.—One of the worst gales experienced for many years swept through here Wednesday night and lasting all day Thursday. The wind was a perfect hurricane blowing from the northeast. Rain fell in torrents. From all directions come reports of damage done by the wind and rain in the shape of trees and fences being blown down. Part of the crib, for the protection of the railway track east of the wharf was washed away. Also the schooner Gen. Middleton in charge of Capt. Garrett, lying west of New Carlisle wharf, broke her windlass, chains, etc., and was driven ashore where she will remain for the winter.

Mrs. J. H. Kelly arrived here Saturday after spending a few weeks with her parents in Quebec.

Elias W. LeGrand of Passabiac, was in town Saturday.
 Miss Ethel de Ste. Croix, who is teaching school in Hopetown spent Saturday at her home here.
 The Mr. McNells of Dalhousie, are spending a few days here visiting friends and relatives.
 Mrs. A. Huntington and family arrived in town Saturday where they will spend the winter months.
 Miss Ida Thompson of Boston is visiting her relatives here for a couple of weeks.

JAPANESE CLAIMS

McKenzie King Awards Vancouver Victims \$10,775.
 (Special to the Morning Graphic).
 OTTAWA, Tuesday.—A report from Mr. W. L. MacKenzie King to the secretary of state says that final adjustment has been made of all the damage claims of the Japanese in Vancouver in connection with the riots of last September. Mr. King has awarded damages totalling \$10,775 on 56 claims presented. The total amount asked for was \$15,500.

Butcher—I tell you, ma'am, that bacon's as right as you are.
 Customer—I tell it's bad.
 Butcher—How can that be? Why, it was only riced last week.
 Customer—Then it must have had a relapse, that's all.

MAY ESTABLISH CANADIAN LINE

wards May put on Boats to Run to This Country.

LONDON, Tuesday.—The Liverpool correspondent of the Canadian Associated Press in asking at the Cunard office failed to secure either a denial or confirmation regarding the rumor re the Cunard company and the T. R. Harding the Canadian passenger trading circles as to the truth of the matter. H says much doubt exists in rumor. Had the rumor connected the Allan line instead of the Cunard with the G. T. R. it would have readily obtained credence in shipping circles. It is well known that the Allan line and G. T. R. have recently become the closest friends and in every way are working on most amicable terms. Some people are of the opinion that on the completion of the G. T. R. will amalgamate with the Allan line the latter keeping control of the New York service and Mediterranean service.

A transit of Mercury over the sun's disc will take place Thursday morning, and with clear weather will be partially visible here. Owing to the sun rising with the planet on its disc the ingress will be lost, but the remainder of the transit will be visible. In appearance like a small black spot moving across the sun only with a telescope, which, however, need not be very powerful.

DALHOUSIE, Friday.—H. J. E. Martin, general merchant has closed his doors at the request of the firm of Manchester, Robinson, Allison Co. Ltd. of St. John.

The steam ferry Florence running between here and Miramichi finished her service for the season Wednesday the 6th inst. She will winter in Carleton.

The Finland, Capt. Waas, loading for the Shives Lumber Co. here, finished her cargo Monday evening and will sail at once.
 Our popular young stevedore Samuel Norton suffered an accident which nearly cost him his life while finishing loading the Finland. He made a misstep between the ship and the cars falling twenty feet into the water below. Bystanders had much difficulty to save his life.

The Dalhousie Lumber Co. boom broke after dinner yesterday. Many men helped to save the logs the wind being in the right direction.
 Mayor Montgomery is at present in the woods overlooking certain mineral claims he owns. Reports vary, but we are of the opinion that a real good thing has been found. This will naturally be good news for the whole of the county in general.

GASPE, Friday.—On the 28th inst. Phil LeGros an employee of the Gaspé Lumber and Trading Company, met with an accident, while running the double derrick. We are pleased to see that he is out again although he will not be able to attend to his work again for a few days. On the following day, Clem LeGros the brother of the above mentioned was badly cut while at work in the mill and will probably be laid up some time.

The Gaspeian was delayed on her last trip from Montreal owing to bad weather and she has a quantity of freight to be landed on the coast and did not arrive until Sunday evening about 7.30. She sailed Tuesday at 7.30. This is her last trip of the season.
 Fred Dohel of Grand Grevé visited town last week.
 Wm. Frang Co. Ltd. are now occupying their handsome new store.
 Alfred Carter has just installed a large acetylene gas lighting plant in his residence, and is also supplying light to the custom house, his own office and E. P. Suddards store.

MARATHONS BEAT MONCTON.
 ST. JOHN, Sunday.—The Marathons winners of the St. John's League trophy on Saturday defeated the Moncton team by the score of 8 to 3, in the association game between the Garrison of Fredericton and St. John, the local team won by 4 to 1.

TORY PRESS.
 It is admitted that the press moulds public opinion, there can be no doubt that the press is an educator, therefore it follows that an ignorant press contributes to the ignorance of the people. That the Conservative press is lamentably ignorant on public affairs is well understood. An attempt is being made to instill into the minds of the people that the new provinces have been defrauded of their lands, and that the government when passing the autonomy bills gave a subsidy in lieu of lands. This is not in accordance with the facts—it is true that the government gave a very generous subsidy to the provinces, but it was not in lieu of lands, but in consequence of the province having no lands and therefore no asset of that character to produce revenue. To those who are familiar with Canadian history it is well known, that the lands now within the boundaries of the new provinces, were in fact purchased by the Dominion of Canada many years ago, and for a long period had been administered at the expense (not of the provinces) but of the Dominion. Yet today the Conservative press states in its ignorance that the new provinces have been wrongfully deprived of their lands. As a rebuke to the Conservative press Mr. Borden, although for political purposes he advocates that the provinces should own their own lands, he distinctly provides that the provinces shall pay the Dominion a fair price for them. How the Conservative press can reconcile this with the allegation that the lands should be handed over as the property of the province without compensation, no person pretends to know.

SUFFERING WOMEN

who find life a burden, can have health and strength restored by the use of

Milburn's Heart and Nerve Pills.

The present generation of women and girls have more than their share of misery. With some it is nervousness and palpitation, with others weak, dizzy and fainting spells, while with others there is a general collapse of the system. Milburn's Heart and Nerve Pills tone up the nerves, strengthen the heart and make it beat strong and regular, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is the result of renewed mental and physical vigor.

Mrs. D. O. Doughton, Orillia, Ont., writes: "For over a year I was troubled with nervousness and heart trouble. I decided to give Milburn's Heart and Nerve Pills a trial, and after using five boxes I found I was completely cured. I always recommend them to my friends."
 Price 50 cents per box or three boxes for \$1.25, all dealers or The T. Milburn Co., Limited Toronto, Ont.

WILL ERECT LARGE SCHOOL.

Riviere Du Loup Commissioners Give Contract to Geo. St. Pierre & Co.

(Special to the Morning Graphic).
RIVIERE DU LOUP, Friday.—Geo. St. Pierre and Co., contractors have obtained a contract from the board of school commissioners for the sum of \$2,445 for the building of a large school house at Riviere du Loup. This school house is to be built according to the plans of architects Ouellet and Levesque of Quebec and is to be completed in August, 1908.

PULP AND PAPER MILLS TO START

Company Headed By Senator Edwards to Build At Bonaventure

The Morning Graphic learns from a reliable source that the company headed by Senator Edwards which recently acquired the LaBlanc property at Riviere du Loup, will commence next spring. The erection of pulp and paper mills at that place. The present saw mill will be enlarged and equipped with the most modern machinery. It is also the intention of the company to improve their shipping facilities at Bonaventure. A new wharf may be erected and other facilities for shipping added. The company has now a large force of men in the woods and will operate on an extensive scale next season. The sawing will be made by rail as well as by water.

IS ROUNDING UP TRAIN ROWDIES.

Inspector Noble Has Two Men Heavily Fined For Raising Disturbance.

Inspector Duncan Noble is determined to stamp out rowdiness on the I. C. R. trains. On Saturday accompanied by Constable Garon of Rimouski he arrested Alfred Levesque, sixteen miles back of Amqui on a charge of creating a disturbance on the train. Levesque was taken before a magistrate at Rimouski and fined \$21. Inspector Noble and Constable Garon arrested on the same day at Kempt, Phillip Medeau on a similar charge. Medeau was fined \$17.

Mr. Noble who returned to Campbellton Saturday night told a reporter for the Graphic that the farmers of the Matapedia valley were still digging potatoes. He added that there was an abundance of grain yet to be taken in.
 Speaking of rowdiness on local trains, Inspector Noble said that it had to stop. Every case of the kind would be severely dealt with.

CANADA'S INDUSTRIES SHOW LITTLE SIGNS OF RETRENCHMENT.

TORONTO, Wednesday.—The Toronto Star today says correspondents in different parts of Canada have sent despatches indicating the state of industry in their districts. The report indicates general prosperity but also a feeling that caution should be shown lest the remarkable activity of the last year be followed by a period of comparative darkness. A number of places report a policy of retrenchment affecting employees some of whom have been paid off and others put on shorter hours. Brief summary as follows, Ottawa, several thousand laborers on railway construction in Canada will be laid off for the winter, but hundreds will find work in lumber camps. A quieter period everywhere is possible but hard times not expected. Montreal, 700 men discharged from Long, probably 100 laid off and working hours reduced. Stratford 200 men dropped, Sydney, everybody kept working. Halifax full staff retained. Walkerville, some firms running light. Windsor all men working. St. John, factories busy, Guelph, some curtailment. Hamilton, most plants working full. Winnipeg, northwest is bustling. Phoenix, B. C., 200 men laid off. Owen Sound, factories working overtime.

BATHURST

WEDNESDAY
 Rev Jas Wheeler has returned from river. While away he succeeded in capturing a good sized moose.

Posters announce that the Royal Scots concert party will appear at the Opera House, on Saturday evening of this week.

Mrs. S. R. Shirley and daughter Hilda, left on Monday to visit Mrs. Shirley's mother, at Lincoln Me.

H. T. Jameson, Springfield Mass who has accepted the position of bookkeeper for the Fred S. Morse Co., arrived in town, Sunday morning and has taken up his new duties.

P. G. Mahoney, of Melrose is in town.

Rev. S. J. Doucett, Grand Anse is in town.

J. H. McDuffie, Portland, P. P. Brannan, Geo. A. Noble, John B. Arthur, St. John, are at the Robert son House.

Thos. Narvy, an aged Indian, was instantly killed at Belledune last evening. Narvy was walking along the track at Belledune. At the same time a working train was backing into the station. The foremost car struck Narvy knocking him down. Two or three cars passed over him before the accident was noticed. Narvy's remains were horribly mangled, when taken from beneath the cars. They were conveyed to the Belledune freight shed where they now lie. Coroner McLaughlin of Bathurst was notified and will view the remains.

KAISER EARNEST IN DESIRE FOR PEACE.

Declares Main Prop For Peace is England's Good Will Toward Germany

WILL DO ALL HE CAN.

(Special to the Morning Graphic).
 LONDON, Wednesday.—In the course of his reply to the address of welcome presented him at the guild hall this morning, Emperor William spoke of his previous reception at the guild hall in 1891 and emphasized his unalterable desire to foster the peace of the world. "It is not on this spot that my aim is above all the maintenance of peace. History, I venture to hope, will do me justice in that I have pursued this aim unwaveringly ever since. The main prop and base for the peace of the world is the maintenance of the good relations between our two countries and I am further strengthened in this belief by the fact that the German nation wishes to coincide with mine. The future will show a bright prospect."

MOTHERS, HERE IT IS!
 A friend and comforter, an unending aid in every house for the uncared and ailments that do turn up. Nervine is too valuable to be without. If something aches, causes trouble, if it's cramps, indigestion or headache, Nervine cures. For cold on the chest, aching limbs or lame back rub on Nervine and get ease at once. As a family safeguard nothing is known to excel Poison's Nervine. Get the large 25c bottle from your dealer.

NOTICE.

 ANSLAW BROS. CAMPBELLTON.

A HAPPY ENDING.
 Visitor to your poor husband has passed away, Mrs. Murphy. He died happy, I hope?
 Mrs. Murphy—Oh think so, mum. The last thing he did was to crack me over the head with a medicine bottle!

Don't Condemn Yourself to Bright's Disease

TAKE GIN PILLS NOW

Bright's Disease claims its thousands yearly solely because people won't heed nature's warnings.
 Pain in the back and constant headaches mean Kidney Trouble. Swollen hands and ankles, and pain in the joints, mean Kidney Trouble. Frequent desire to urinate—urine hot and scalding—mean Kidney Trouble. Neglecting sick Kidneys means Bright's Disease.
 If you know your kidneys are affected—or if you suspect they are affected—give them the help they need—GIN PILLS. Taking GIN PILLS regularly soothes the irritated, inflamed membranes—gives to the kidneys new strength—corrects every kidney and bladder trouble.

NAPAPIER, May 11, 1905.
 I received the sample box of GIN PILLS and was greatly benefited by them. My kidneys were in such bad condition I could sit or sleep without great pain. In fact, they pained me nearly all the time. I have taken three boxes, working all the time at heavy work on the railroad, and did not lose a day.

And they are sold on a positive guarantee that they will cure you or money refunded. Put them to the test with the understanding that you are working. So secure we get your money back. Write, mentioning this paper, to the Bole Drug Co., Winnipeg, 50c. a box—5 boxes for \$2.50. 89

PEOPLE LIKE Morse's Teas.

They like them because they have a richness of flavour that is peculiarly their own. It may without exaggeration be said that they are the finest of the fine.

THE NEW WAY TO SAW WOOD
 If you want to saw your wood cheaply and also make money sawing for your neighbors, get a FAIRBANKS-MORSE Jack-of-all-Trades GASOLINE ENGINE
 A 2 H.P. engine will saw wood as fast as three men can handle it.
 It also pumps water, grinds, shells corn, runs separator, etc., etc.
 Write today for free catalog. On showing the different uses the engine can be supplied to. Cut out this advertisement and send it to The Canadian Fairbanks Company, Limited, 444 St. James St., Montreal, P. C. I may want an engine for.

See one of our Engines Running Every Day at EVENTS OFFICE.

whom it may concern, that there will

be sold at public auction at the Court

House, in the town of Dalhousie, in

the county of Restigouche, on Satur-

day, the seventh day of December, A.

D., 1907, at the hour of twelve o'clock

noon, all the right title and interest,

both at law and in equity of Peter

Stewart in the following described

lands and premises, situate, lying and

being in the Parish of Durham, in the

county of Restigouche and described

as follows:—Commencing at a spruce

tree standing on the western shore of

the Bay Chaleur, and at the eastern

angle of lot number twenty, granted to

Paul Devereaux thence running by

the magnet, south forty-two degrees

and thirty minutes, west one hundred

and fifteen chains of four poles each,

crossing a reserved road, thence south

forty-seven degrees and thirty minutes,

east four chains and thirty-five links,

MAN'S BODY FOUND

ALONGSIDE TRACK.

No 34 Strikes a Dead Man

Two and a Half Miles

From Red Pine

KILLED PREVIOUSLY

Man, Who was Well Dressed

Evidently Run Over or Fell

From Train

When driver John Morton of No. 34

got within two and a half miles of Red

Pine yesterday morning he noticed a

body lying across the track. Driver

Morton reversed the throttle, but the

body was displaced and lying in all

directions. The train crew placed

the remains at a safe distance from

the track and No. 34 proceeded on its

way. The body was discovered at what

that deceased had either been run

over or had fallen from a train which

had previously passed Red Pine.

Coroner McLaughlin of Bathurst

was notified and an inquest will be

held today.

Later reports from Bathurst state

that the victim is believed to be a

young man from Pictouville, in

Northumberland county named John

Mullally. He went recently to the

lumber works.

TO COMMAND FORTRESS.

Likely Go to Quebec.

QUEBEC, P. Q., Friday.—It is re-

ported in military circles here that

Lieut. Col. R. W. Rutherford of Ottawa

will be appointed commander of the

Quebec fortress to succeed Col. Wil-

TOWN TOPICS

Here's hoping the Gloucester iron ore areas will turn out to be the most valuable in the world.

Mails for the Cape Coast via Lady Ellen have been discontinued for this season.

Christ Church, Divine service Sunday morning and evening, in the W. C. T. U. hall, until further notice.

Auditor J. W. Wallace of the I. C. R. is here inquiring into the claims in connection with the freight shed fire.

On his birthday, King Edward got a diamond about the size of a teacup. The king is now qualified to take a job as a bartender.

The directors of the Curling rink have commenced to put the rink in shape for curling and expect to make an early start on the game.

Rattling operations have been suspended by the Restigouche Boom Co. for the season. The amount of lumber rafted has been in the vicinity of 80,000,000 feet, some 10,000,000 over last season.

The bodies of three of the men drowned off Miramichi, Monday night have not yet been recovered although grappling parties have been steadily at work.

Trackmaster Patterson is working exceptionally hard these days, having large orders of ties. The shipment of ties from these parts was never heavier than it is at present.

Theatre goers will be delighted to learn that W. S. Harkins will bring his excellent company to the Campbellton Opera House for four nights Nov. 27, 28, 29 and 30. The booking was made by Manager Dimock over the telephone yesterday afternoon.

The board of health met yesterday afternoon in Dr. Murray's office. A number of accounts were passed. Inspector Duncan submitted his report from May 1 to date. In it he stated that the town was exceptionally free from infectious diseases at the present time.

It is expected now that Ambrose Babin who was injured by a powder explosion, out on the International road on Tuesday will lose the sight of both eyes. Louis Henri who was injured at the same time will lose one eye, but a strong effort will be made to save the other.

Through the energy and enterprise of Dist. Supt. Price arrangements have been made to supply toilet rooms on the first class cars of the local passenger trains in and out of here. There will be towels, soap and toilet paper placed in each train.

The marriage will take place Thursday evening at the home of John Moffat, Tide Head of his daughter May Moffat, to Dr. John B. McKenzie of Loggieville, N. B.

Rev. A. J. Tibert intends holding mission services next week as follows: Monday, Black Cape; Tuesday, New Richmond; Wednesday, Oak Bay; Thursday, Riverview; Friday, Runnymede; Saturday, morning prayer service at St. Michael and All Angels at 11 A. M.

With his skull fractured and a few bruises on his body the remains of Desmet Roman, an Austrian laborer, employed at the I. C. R. new shops at Moncton was found Tuesday morning lying beside the tracks. Amos Leblanc, a laborer at the shops found the body when on his way to work. It was lying face downward nine feet away from the railway track. It is not known exactly how the Austrian met death. He was in the city Monday night with some fellow countrymen drinking in a hotel. He was left behind when his friends took the night freight for their boarding house which is located near the new shops. Roman was badly intoxicated, they may have followed and fallen from the train. Either he did that or was struck. There were some bruises and cuts about his left hip and leg and he had bled profusely from the nostrils.

MONCTON, Wednesday.—The police started on a more active Scott Act campaign last night when all city cars were visited and as a result a great many were practically closed up today and much care is being exercised in admitting those who desire the forbidden liquor.

GRAHAM BELL LAUNCHES HIS BIG AIR SHIP

EXPERIMENTED YEARS

Launching Takes Pace At Quebec Yesterday in Presence of many Persons

HALIFAX, Wednesday.—After many years of experiment work a contrivance with which Dr. A. Graham Bell hopes to solve the problems of aerial navigation was successfully launched at Baddeck, N. S., today in the presence of a number of intimate friends of the inventor and a few of the more prominent citizens of the place. The launching took place at the Bell Laboratory, the ceremony of christening being attended by Mrs. Bell who in breaking a bottle of Champagne over the bow of the airship declared its name to be "The Signet." At 3 o'clock the great doors of the workshop were thrown open and the kite was conveyed to a float upon which it was towed out in the waters of the Bras D'Or Lake. Owing to adverse weather conditions, however, a flight was not attempted the formal launch of the vessel only taking place. The kite is itself a section of tetrahedron 13 metres long on the top, 10 metres long on bottom by three metres deep. It is composed of 234 units or small tetrahedrons two faces which are covered with silk thus forming a two winged cell. These cells so arranged as to give the result of many tests the maximum stability with the lightest weight. A hole is cut through with the centre of the contrivance to furnish accommodation for the motor and aviator. The ship is also provided with a bow for flying purposes. It has four cylinders, 20 horse power and weighs 120 pounds. It drives two coiled screw propellers on the same shaft but in opposite directions. These are employed to reduce the turning movement which results in the tendency to overturn the ship when but one propeller is used or two are driven in the same direction. Although the ship exposes 2200 square feet of silk the area of its horizontal projection being 34 square metres. With the motor in position it weighs 230 pounds. As was carefully explained at the laboratory today by Dr. Bell, it is claimed of the Signet that she has now solved the problem for which she was constructed. This is hoped she will do through nothing definite can be given out until after her trial trips. Indeed the threshold merely has been reached in the development of the machine and experiments now to be taken up will be mainly productive in the furnishing of data for future experiments. Theoretically the machine is prepared to be modified into a number of different conditions obviously unable to be taken into account in its construction.

In speaking of the entertainment to be given in the Opera House, New-castle, on the 15th the Halifax Chronicle says: The Royal Scottish Concert Company gave the first performance at the Academy of Music last evening. There was a large and very enthusiastic audience present, who thoroughly enjoyed every number on the program from first to last.

A prominent newspaper man in conversation with the Editor of Graphic was very enthusiastic in his favorable criticism of Campbellton's new daily. "It is certainly a creditable publication to any town of three times Campbellton's population, not only in new items, but in general get-up and style. You seem to have taught the right idea in publishing a daily paper that reaches the North Shore towns at least four hours before any of the lower provinces morning papers and the people must surely appreciate the enterprise which you have so successfully started. I consider it second to none of the other morning daily papers and I hope that the North Shore public will lend you every effort to bring prosperity to a paper which caters to its needs so well."

The New Brunswick Telephone Co. have in press a revised schedule of telephone tolls. In a number of places the rates have been raised and in some have been lowered. We understand the rates between Campbellton and Dalhousie have been fixed at 15 cents.

MONCTON, Wednesday.—Thomas Radcliffe, professional hangman passed through this morning en route to Hopewell Cape to superintend preparations for the execution of Thomas Collins and to conduct the last act in the Albert county tragedy on Friday morning. Radcliffe arrived on the maritime express and appeared to be in a nervous state. His hands trembled as he talked and he said he had never felt so badly about any previous execution as this one since the evidence was so largely of a circumstantial nature and so strong a fight had been put up to save Collins from the gallows. Speaking of the execution Radcliffe said he did not approve of using the same gallows as was employed at Dorchester in the last execution there and said he thought that a new one would be built. The professional hangman was the object of a great deal of attention as soon as his identity was learned, scores of people crowding around the car in which he was seated.

TORONTO, Wednesday.—Miss Lydia McLean, a St. Catharines, Ont., young lady who for some few years has been employed here by the Keen Manufacturing Company, died in Grace Hospital last night. Upon being told that she had only a few hours to live she expressed a wish to be united to the man she loved before she died. Her father who was present made the wish known to the young man W. McArthur who at once agreed. A clergyman was hastily brought to the hospital and the marriage ceremony performed. The dying girl was conscious throughout of the full meaning. Shortly after the bride of an hour passed away but her last moments were made happy by the knowledge that she was united forever with the man she loved.

ST. JOHN WANTS NEW STATION. ST. JOHN, N. B., Friday.—Hon. G. P. Graham arrived here this morning about ten o'clock from Halifax in a special train. He will make an inspection this morning of the terminal and at 11 o'clock he will leave here for Fredericton. He will be waited upon by delegates from the board of trade and city council. He will be asked for a new I. C. R. station or for a new union depot.

THE CAUSE OF IT ALL. Judge.—Why are you here, sir? Prisoner.—Per givin' a correct imitation of a policeman. Judge.—In what manner? Prisoner.—I took two bananas from a fruit stand.

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT OR LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED.

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs. A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will quickly effect a cure, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be lugged into buying so-called Norway Pine Syrup, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mrs. Henry Seabrook, Hopworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

CALEB POWERS CONFIDENT ON FOURTH TRIAL.

Thrice Convicted By Political Foes of Murder of Goebel.

GEORGETOWN, Ky., Wednesday.—After having spent seven and a half of the best years of his life in jail awaiting trials, accused of complicity in the assassination of William Goebel, Democratic Governor of this state, in 1899, Caleb Powers, a Republican, was once more placed on trial today.

Thrice prosecuted by bitter political enemies, Powers has been thrice convicted and sentenced to imprisonment for life and once actually placed under the death penalty with the day of his execution fixed. Within the shadow of a Republican administration, Powers reiterated last night that he was eager for the new trial today. Special Judge James S. Norris, appointed by the retiring Governor, J. C. W. Beckham, will preside, and Powers' friends said they were satisfied of his fairness. Governor, J. C. W. Beckham, will re-appoint, or Judge Norris vacate the bench, appointed for another judge would be by Governor-elect Willson, who, in his campaign canvass, repeatedly declared that he would insist upon a fair trial of Powers and ex-Governor William S. Taylor.

In some respects the Caleb Powers case is the most remarkable that ever has been before the American courts—most remarkable in the fact that it is steeped in political animosity, that a commonwealth has failed to make out a case against the defendant, that unquenchable political revenge of the Kentucky kind has been the mainspring in a prosecution which has become a national scandal.

In all his years in jail his faith has not failed; in the shadow of the death penalty, this man has said, "Justice is the law." In the years as they have drifted by, Caleb Powers has spent his time in furthering the fulfillment of that law which has given him a confidence and a faith that is amazing.

Today, in his cell in the Georgetown jail, Powers smiled pleasantly in the prospect of another trial—this time, however, not believing that he is to be condemned, as he "knew" before William S. Taylor, Republican, had been ousted from the office of Governor of Kentucky to be succeeded by Goebel. Goebel was crossing the Capitol grounds in Frankfort on January 30, 1899, when he was shot from an ambush in the office of the secretary of state, who was Caleb Powers. That circumstance is one of the strongest bits of evidence upon which the Powers prosecution has been built.

Serene, Though Sought by Mobs. Powers is a man boy in appearance, despite his 35 years and his long imprisonment. He has the face of a student of the arts, a great forehead, a nose slightly convex, small lips, a sudden retrogression between the lower lip and the chin. His eyes are blue and soft as a baby's with a baby's innocence in them. He smiles frequently, and, altogether, it would seem that his greatest display of ferocity would be a warning to children to be good or the big brown bears would eat 'em.

Today in the Georgetown jail Caleb Powers was as serene of manner as he was in each of the three attempts of mobs to take him from jail to lynch him. Asked to tell of his emotions upon these occasions, Powers said:

"Well, I could hear the mob only once—the first time. I had only an intuition that a mob was forming the second time, and I was ignorant of it until the mob had dispersed the third time. I don't know that I experienced any particular emotion. I knew each time that there was so much thing as reasoning with a mob."

ST. JOHN, N. B., Friday.—Hon. H. A. McKeown was elected by acclamation today to fill the vacancy caused by the resignation of Dr. Riddick in St. John county. The proceedings were purely formal. After receiving congratulations Mr. McKeown made a statement referring to the debt of the province as shown in the auditor general's report as \$4,841,719.19. Now it is only fair to the present government that the people should remember that when the present administration assumed power they found debts (bonded and otherwise) amounting to \$1,141,200.08. In fact somewhat more than the amount mentioned, but the excess was paid off by Mr. Blair's government out of the current revenue. Deducting then the last named sum, the debt is only \$3,700,519.19. From this \$1,008,000 the subsidies legislated for by the preceding government must be taken. From this there is a balance of \$2,692,519.19 for which amount the present government is responsible.

Mr. McKeown went on to say that the new subsidy of \$100,000 recently granted to the province would be paying aside out of it \$30,000 per year in fifty years pay off the whole debt and he believed that it is to the credit of the government that this event will take place.

SACKVILLE, Sunday.—The Mt. Allison football team downed their old adversary Acadia here on Saturday by a score of 8 to 0.

We trust that Governor Tweedie's observations before the Canadian club at St. John will bear fruit.

The principal difference between Hazen and Morrissey is that Hazen shows gleams of intelligence.

MILBURN'S LAXA-LIVER PILLS

are mild, sure and safe, and are a perfect regulator of the system. They gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, curing Constipation, Sick Headache, Bilelessness, Dyspepsia, Coated Tongue, Foul Breath, Jaundice, Heartburn, and Water Brash. Mrs. R. S. Ogden, Woodstock, N. B., writes: "My husband and myself have used Milburn's Laxa-Liver Pills for a number of years. We think we cannot do without them. They are the only pills we ever take."

Price 25 cents or five bottles for \$1.00, at all dealers or direct on receipt of price. The T. Milburn Co., Limited, Toronto, Ont.

Social And Personal

Mrs. James Patterson is visiting relatives in Sussex.

A. E. McKenzie was sworn in attorney at Fredericton this week.

Mrs. W. L. Goodwin is now visiting at her home in Quebec River.

The Misses Bertha and Eva Davis of Gaspe are in town.

J. B. Keenan of St. John is at the Royal.

George Miles was successfully operated on for appendicitis this week in the hospital at Amherst.

W. W. Steves representing the National Drug and Chemical Company was in town yesterday.

The many friends of Mrs. John White will regret to learn that she is confined to her home through illness.

George J. Ross, the popular representative of J. H. Harris and Co. of Moncton is at the Royal.

F. P. Morrill, manager of the Gloucester Navigation Company was in town yesterday.

Mr. and Mrs. Armand Lavigne have taken up their residence at the Chateau for the winter.—Quebec Telegraph.

Newcastle Union Advocate: Rev. T. H. Cuthbert, late rector of St. Andrew's church here, and now assistant rector of Palmer Heath, Basingstoke, England, will shortly return to this country and take charge of the Anglican work in Derby and Blackwell.

The many friends of Mrs. S. W. Dimock will regret to learn that she is compelled to go to Montreal and have one arm and shoulder amputated on account of a cancerous growth which she has been troubled for some time. Mrs. Dimock leaves for Montreal tomorrow accompanied by Mr. Dimock and Dr. Lunan.

THORNS IN THE FLESH. Even worse is the agony of corns. Why suffer—cure is waiting in every drug store in the form of Putnam's Corn Extractor which relieves at once, cures thoroughly and without pain. For good results use only "Putnam's."

ST. CATHARINES, Tuesday.—It was learned today from an authentic source that at the next session of the Dominion parliament the merits of several bills which have been submitted for making the Welland Canal a deep waterway capable of accommodating the largest vessels will be discussed.

The improvement of the St. Lawrence route or proceeding with the Georgian bay canal will also be discussed and probably decided.

IF IT'S YOUR FAULT

you are bound to feel uncomfortable. When we make your friend a suit that's stylish, while yours at same price, is not, there is something wrong, isn't there?

It's in the Cloth and the Tailoring

We know both. Suits made by us wear and look well. We understand cutting and making.

MacKenzie & Co., Merchant Tailors.

MOIR'S COCOA BEANS

Pure Chocolate is made exclusively from the kernel of the cocoa or chocolate nut.

The only positive way to avoid frequently adulterated forms and to procure the pure article is by personally selecting genuine cocoa beans and grinding them yourself, which we do.</
