The eyes are always in sympathy with of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy. Scrofula, which produced a painful in-flammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsuparilla. For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—
G. E. Upton, Nashua, N. H.

From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with boundfuid results Arer's Saraparilla, and consider its great blood purifier.—Mrs. C. Phillips, Glover, Vt. I suffered for a year with inflamma-tion in my left eye. Three ylcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete, — W. E. Sutherland, Evangelist, Shelby City, Ky.

The only candidate yet in the field, is Mr. George Moffatt, run as the Conservative nominee. It is not likely that the Grits will put a man in the field to face defeat, and Mr. Moffatt's return by acclamation is almost certain. The report spread by some of the Grit papers that Hon, Mr. Adams was "fishing" for a nomination in Restigouche, is pronounced a falsehood by the Advocate, which says:-Mr. Adams went to the funeral of the late Mr. Moffett, and this last act of respect for a departed friend, it seems, served only to arouse suspicions and ungenerous remarks from his enemies. Mr. Adams never had any idea of seeking to represent Restigouche. It was furtherst from his thoughts. He has no idea of laying down or forsaking the Liberal Conservative standard he bore so manfully against such terrible odds in the 'late election in Northumberland. There is already a gradual awakening of the people of this county to the great mistake they made on that occasion, and away down in the hearts of the Conservatives are solid chunks of faith and hope that by swings round they can run their man to victory along the line of the improved experience of the people, and Michael Adams, by virtue of right and worth, will no doubt be that man. A TEST VOTE.

An Analysis of the Commons Divi-There was nothing like the excitement in the House of Commons over the division on the deputy speakership question that there was on the first test of the strength of the parties, and yet it was the first vote of confidence. Sir John's call to the House to vote the parties of Canadian wheat and the confidence down the motion to abolish the office, had made it a motion of want of confidence, and for the first time sings the elections the two parties measured their strength on a straight vote. The majority of 43 may be taken on which to settle bets. If Bestigouche had not been vacant it would have brought the majority to 44. As this vote will probably be taken to decide hets an analysis of it may be taken to decide bets, an analysis of it may be interesting. The vote cast was 100 for the Government and 66 against, leaving the

THE EFFECTS OF THE PLOOD. At Woodstock, Drysdalei' sash and door factory has shut down for some days, and many of the adjacent dwellings are badly flooded. Last week the warehouse of the Peoples' Line was washed away, and we passed the wreck lying on the northern side of Bear Island. The water works machinery at Woodstock which was about down for the at Woodstock, which was shut down for two days last week, is now in operation, the water having receded sufficiently to allow the fires to be lighted. At and below Grafton, (oppoaite Woodstock) the highway road is impe point. Three bridges on the main road in between Woodstock and Fredericton is unde water, and over most of them the boat could sail without difficulty. As we sped at railroad speed down the Meductic Falls, (which by the way are scarcely recognizable as falls now,) the water rushing through them in a solid body without any visible break in the descent), Richard Bellamy, M. CAPT. DUNCAN IS DESERVEDLY POPULAR with the travelling public as well as the river residents. An amusing incident occurred at Eel River.
A native had brought dewn a yoke of steers for the boat but had neglected to secure them. The festive bovines naturally objected to walk the plank and made for the hilltops at a rattling gait. For half an hour one judge of the supreme court, two lawyers, one hardware merchant, one gentlemen farmer, ardware merchant, one gentleman farmer,

Despite the assistance of the natives the animals escaped the lasso, and at last accounts wage heading for the back districts at a record-breaking clip. The judge and the stenographer were the only happy men among the vanguished group, each having added ten miles to his mileage claim, payment of which the Government will hardly be able to "atser" clear of.

AYER'S Hair Vigor has given me perfect satisfaction. I was nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had, was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my head is now well-covered with a new growth of hair.
