# Transvaal's reply

### Is Characterized as a Positive Insult.

### Friday's Cabinet Meeting the Turning Point.

### Expectation Is That an Ultimatum to the Transvaal Will Be Decided Upon.

### Significant Bustle in the British War Office.

### Boers Only Want Half a Day's Notice to Fight—Preparations for the Defense of Johannesburg.

London, Sept. 6.—This morning's news sheds no new light on the Transvaal crisis. The signs which the English are accustomed to see just previous to a war continue, and from these any number of sensational deductions may be drawn. Mr. Joseph Chamberlain, secretary of state for the colonies, remains at the colonial office, and the other cabinet ministers are either here or on their way to this city. General opinion tends to the belief that the cabinet council will result in

### AN ULTIMATUM.

followed by an immediate back-down on the part of the Boers, or the commencement of hostilities by Great Britain. This feeling, however, is founded on the trend of recent negotiations, and it is often forgotten that in these, Mr. Chamberlain had practically a free hand, and not hindered by the cautious conservatism which undoubtedly will characterize the deliberations of the full cabinet council.

### PRESS OPINION.

The Pall Mall Gazette says: "It is feared that during the past 24 hours, the probability of war has become appreciably greater."

Advises from various sources indicate that the acute tension in all parts of South Africa continues. But unless the Boers take the initiative, which at present is impossible, it is pretty certain that the

### ISSUE OF PEACE OR WAR.

lies solely in the result of Friday's cabinet council, hence public attention is centered more upon the signs of the times as exhibited at the army stations and dockyards than in South Africa itself, chiefly owing to the uneasy feeling that the Boers might end the diplomatic tangle by raiding Natal.

It is reported this afternoon that Mr. Chamberlain has sent a reply through Sir Alfred Milner to the Transvaal Government's latest proposition. The latter is generally understood to be a withdrawal of the former concessions and a tentative agreement for a further conference.

It seems impossible that Mr. Chamberlain has done this, as he probably would have awaited the cabinet's decision before taking such action.

### ONLY WANT HALF A DAY'S NOTICE.

The second edition of the Times, issued this morning, publishes a dispatch from Newcastle, Natal, which says that during yesterday's debate in the Raad, regarding the proximity of British troops to the Transvaal territory, Herr Delarey, a member of the raad, said: "The Boers only require half a day's notice to fight."

### Transvaal's Reply.

### SIGNIFICANT DOCUMENT.

London, Sept. 7.—Mr. Chamberlain remained at the foreign office till shortly before midnight. He declined to make a statement regarding the Transvaal situation, but expressed a desire to see a copy of the following transcript of the Transvaal Government's reply issued by the Transvaal agent at Brussels tonight, which was furnished to him by the Associated Press:

"In reply to the dispatch of the British Government, the Transvaal Government on Saturday handed to the British agent in Pretoria a response, of which the following is the report: The Government of the South African Republic regrets that Great Britain is of the opinion that it is unable to accept the proposals made by the Transvaal in the dispatches of Aug. 29 and Aug. 31, by which the term for enabling the franchise was fixed at two years and representation of the Witwatersand district was increased. The government regrets this inasmuch as it considered itself able to deduce from the negotiations previous to its former proposals that the latter would be accepted by the British government. In these conditions the Transvaal considers its proposals as annulled, and finds it necessary to submit them to the Volksraad and the people. It remains of the opinion that its proposals are extremely liberal and more extensive than those presented by the British high commissioner at Bloemfontein. It is also of the opinion that the conditions attached to these proposals are reasonable.

### HOPES FOR A GOOD UNDERSTANDING.

"The Transvaal never desired Great Britain to abandon any rights possessed by virtue of the London convention of 1854, or by virtue of international law. The Transvaal still hopes that this declaration will lead to a good understanding and a solution of the existing difficulties.

"With regard to the question of suzerainty, the Transvaal government refers to the dispatch of April 16, 1895,

and considers it unnecessary to repeat that dispatch."

The reply then proceeds to say: "The Transvaal government has already made known to the British agent its objections to accepting the proposals contained in the British high commissioner's telegram of Aug. 22, suggesting appointment of delegates to draw up a report on the last electoral law voted by the Volksraad.

### "ONE-SIDED."

"If the one-sided examination referred to in the last British dispatch should show that the existing electoral law can be made more efficacious, the Transvaal government is ready to make a proposal to the Volksraad with this object. It is also disposed to furnish all the information, and the enlightenment possible, but is of opinion that the result of such an inquiry, as far as regards a useful appreciation of the law, will be of little value. Nevertheless the government is very desirous of satisfying Great Britain in the matter of the electoral law and the representation of the mining districts."

### JOINT INQUIRY.

The reply then refers to Mr. Chamberlain's proposal respecting a joint inquiry, and says: "Considering that by these proposals Great Britain does not aim at any interference in the affairs of the Transvaal, and that the action would not be regarded as a precedent, but has solely for its object to ascertain whether the franchise law fulfills its purpose. The Transvaal government will await the ulterior proposals of Great Britain as to the eventual constitution of such commission, as well as the place and time of the meeting."

### A FRESH REPLY.

The Transvaal government further proposes, at an early date, to send a fresh reply to the letter of July 27, and expresses satisfaction that Great Britain has declared a readiness to negotiate on the question of a court of arbitration. It says it would like to know, however, whether the Free State burghers would be admitted to such a court, and what would be the scope of such court's decisions, it appearing to the Transvaal Government that the restrictions imposed will prevent the attainment of the objects aimed at. With regard to the ulterior conference, the Transvaal awaits the communication of Great Britain.

### The Brussels agent of the Transvaal claims that in making its recent proposals, the Transvaal Government has acted on the advice of the British agent in Pretoria, Mr. Conyngham Greene.

### A POSITIVE INSULT.

London, Sept. 7.—The Standard, referring to the abstract of the reply of the Transvaal Government to Mr. Chamberlain, as given out by the Transvaal agent in Brussels, says: "The dispatch is a positive insult to the British Government. Clearly, we are within measurable distance of an ultimatum."

### KRUGER COUNSELED.

The Cape Town correspondent of the Daily Mail says that three days ago, Hon. J. P. Hohnmeyer, Afrikaner leader in Cape Colony, telegraphed President Kruger, warning him that unless he complied with certain specified conditions, war would be inevitable. Kruger replied, promising compliance. President Steyn, of the Orange Free State, is also urging President Kruger, according to the Daily Mail correspondent, to come to terms with Great Britain.

### COLONIAL OFFICE BUSY.

London, Sept. 7.—The colonial office officials were busy until after 3 o'clock this morning. Dispatches have been passing by special messenger between the Queen and Lord Salisbury for the last few days.

There is a persistent rumor that in the event of war, Gen. Sir Evelyn Wood, adjutant-general to the forces, will have full command, Gen. Sir Redvers Buller the field command, with Col. Lord Paul Sanford Methuen as chief of staff.

### DEFENSE OF JOHANNESBURG.

A relief committee has been formed at Durban for the purpose of caring for refugees from the Transvaal. Lieut.-Gen. Sir Frederick Walker, who relieves Gen. Sir Francis Buller as commander of the British forces in South Africa, was met by cheering thousands and given a splendid reception at Cape Town.

At a meeting of the Johannesburg war commission a complete scheme was drafted, it is said, for protecting and provisioning the town in the event of hostilities.

### CUTE BUT CROOKED.

### Ex-Princess Chimay, Nee Ward, Beats a Paris Money Lender.

New York, Sept. 7.—A Paris cable to the Journal follows: Ex-Princess Chimay, formerly Clara Ward, has just won the applause of the French Jew-haters. It has come to light that she has beaten a Jewish money lender of Paris, by name Schneider, out of \$50,000. The money was advanced to the princess when she was advertised as about to pose at the Folies Bergeres. With it she furnished luxuriously a house at Passy and paid an enormous bill at the Hotel Terminus, whose manager refused to surrender her multitudinous trunks until the bill was paid. The unfortunate money lender has made many futile trips to the ex-princess's lawyer.

### LOST AN ARM.

### Disaster to Soldiers and Workmen at Berber.

### Twenty-Four Men Killed by the Collapse of a Viaduct.

### Fake Dispatches Regarding the Alaska Boundary Question Denied—Sailing of the Oceanic.

London, Sept. 7.—Mr. George Askwith, junior counsel for Great Britain in the Venezuelan boundary dispute, has concluded his argument.

The Standard makes an editorial protest this morning against insinuations from America that Great Britain has rejected "Canadian dictation" and abandoned the Canadian claims in the Alaskan affair.

The Daily Mail's correspondent at Cairo says advices have been received from Berber on the Nile, near the confluence of the Atbara, that a train returning from Wady Halfa, with soldiers and workmen from the Atbara district, fell into a ravine, owing to the collapse of a viaduct, 24 being killed and 3 others injured.

The distress in the Province of Besenbebel, Russia, in consequence of the failure of the harvest, is very great. Farmers are unable to feed their horses, and are giving them away for a few coppers, or selling them to die. The Red Cross Society is endeavoring to help the starving people, but through lack of funds, is unable to accomplish but little.

The British postal report shows a profit of £2,500,000 for the year ending March 31. The weight of the letters and post cards despatched to Canada and Newfoundland shows an increase of 5,900 pounds. In circulars, books, packets, patterns and newspapers, there was an increase in weight of 24,500 pounds. From Canada and Newfoundland to Great Britain the increase in weight in both letters and parcels reached 23,300 pounds. The increase in imperial penny postage will not be known until the end of December.

The profits of the British North America for the half year have been announced as £28,587. During August the emigrants to Canada numbered 2,365 English, 137 Irish and 275 Scotch.

At Liverpool a crowd assembled at the landing stage and pier yesterday to witness the departure of the White Star company's new steamer Oceanic for London. The steamer Oceanic was unable to reach the pier and the passengers were transferred by tender. The river was crowded with boats, which heartily cheered the departing steamer.

The officials of the foreign office say they have not officially acquiesced in the Alaskan boundary dispute, and that no recent negotiations have been under consideration here. The British charge d'affaires at Washington, has carried on a discussion with Colonel John Hay, the United States secretary of state, with a view to a further consideration of the Canadian and British views; but nothing binding on either side could result from these negotiations.

## TRANSFER OF LONDON SOLDIERS

### To the New Company at Quebec—Regimental Headquarters Now at London.

While No. 1 Company of the R. R. C. I. was at Quebec, thirteen men from the London company were transferred to the newly-organized company at Quebec. The Royal Regiment now consists of five companies, No. 1, at London; No. 2, at Toronto; No. 3, at St. John; No. 4, at Fredericton; and No. 5, at Quebec. The establishment of the regiment will remain the same, 495 officers, non-commissioned officers and men, and No. 5 Company will be recruited from the four old companies.

Capt. Fages, who is now taking a course of instruction in England, and Lieut. Laybourn, both formerly attached to the Wolsey Barracks company, are among the officers who are slated to form the staff of the new company at Quebec. Drill-Sergt. Cooper and Sergt. Davies, also of No. 1 Company, London, have likewise been transferred to Quebec. Sergt. Cooper will report at Quebec at the termination of the autumn militia instruction camp of the 12th brigade, which begins at Sussex, N. B., on Sept. 12.—The brigade at Sussex will be in command of Lieut.-Col. Buchan, of London, who the other day succeeded Lieut.-Col. Otter in command of the R. R. C. I. Two non-commissioned officers of the London company will also go to the Sussex camp. They are Sergt. Orderly Room Clerk Hendrie, and Drill-Sergt. Price. The latter, who was sent to St. John upon some time ago, has been transferred back to No. 1 Company here. Capt. Carpenter, formerly adjutant at London, will be brigade major at the Sussex camp.

The books and papers of the regimental headquarters of the R. R. C. I. were transferred from Toronto to London yesterday, as a result of the shifting of headquarters to this city. Lieut.-Col. Buchan's appointment as commanding officer of the regiment has not yet been gazetted, but it is understood he will assume command upon his return from the Sussex camp.

Preparations on a remarkably liberal scale have been made by us for the coming Western Fair. The music department will be one of the great centers of attraction this year, because of the rich display of Pianos bearing the name of this firm that will occupy a large and conspicuous place there.

You will see other pianos. Of the making of Pianos, it may be said, there is no end. But there is only one Heintzman & Co. Piano—an instrument with an individuality of its own, that has given it a first place at home and abroad.

You must needs pay something more for one of these Pianos than for other Pianos. Gold always cost more than the alloy. But gold is worth the price of gold any day. So with one of these Pianos, that for 50 years have stood the test of time—they grow in favor—they never disappoint.

## "JAKY" BUTTS SENT FOR TRIAL

### Police Court End of a Street Fight.

### Peter Molnes Threw a Stone at a Street Car—Sentence Suspended.

Peter Molnes was charged at the police court this morning with having thrown a stone at a street car on Oxford street.

Austin Addison, conductor on the car, saw Molnes standing on the sidewalk and heard a stone strike the car just as it passed him. He did not see Molnes throw the stone, but saw him shaking his fist at the car.

To Mr. Love witness said their were no passengers in the car.

Archibald McNeil, who was on the car, training for a conductor, saw Molnes fixed in two seconds of \$100 each.

"Jaky" Butts was charged with assaulting and wounding Willis A. Moxley in a row at the corner of Simcoe and Maitland streets.

The complainant said he made some remarks in fun to Butts, and the latter got angry. He (Moxley) walked away when somebody called to him to come back. On returning, he was struck on the head by somebody and knocked down. Butts then kicked him several times in the face and about the head, inflicting a number of cuts and bruises. Complainant did not deny that he was under the influence of liquor, but denied ever having threatened to "put Butts out of business." He did not even remember striking Butts, but might have done so.

To the magistrate Moxley said he could not be positive as to how the row started.

Mr. Love, counsel for Butts—Did you get a revolver after the fight, Mr. Moxley and run up and down the street threatening to kill Butts.

Moxley—No, sir; I did not.

Mr. Love—Did you have a razor in your hand?

Moxley (indignantly)—No, sir. I never had a weapon of any kind. I never carried one in my life.

Butts was sent for trial. Bail was fixed in two securities of \$100 each.

Moxley appeared in court with his head bound up. Only a little bit of his face could be seen. His jaw and nose were cut, and his head is a mass of lumps and bruises. Dr. Macklin says it will be considerable time before he will be able to resume work.

John McLane was charged with non-support by his wife. Adjudged for a week.

John Doo, an 18-year-old youth, was charged with insanity. He was remanded. A drunk was remanded for a week.

Toronto, Sept. 4.—Rev. Mr. Elliott, of Richmond Hill, was in this city recently, on his way home from a trip, and was interviewed as to his experience in the use of Dodd's Kidney Pills, published some time ago. Mr. Elliott said at that time: "I consider Dodd's Kidney Pills a good reliable medicine for the diseases for which they are recommended. When I hear people complain of lame back or Rheumatic Trouble I always say, 'why don't you take Dodd's Kidney Pills?' I wish to say this testimonial is entirely unfeigned and only 'good will' to men induced me to allow my name to be published in this connection."

When interviewed Mr. Elliott fully and emphatically confirmed his first testimony.

The team includes A. C. Maclaren, C. L. Townsend, C. P. Fry, A. O. Jones, G. Brann and A. Priestley. The deceased was about 70 years of age, and was an Englishman by birth. He was unmarried. The circumstances point clearly to suicide.

Baston, of the Fourth Cavalry, has organized a band of 100 Macabee scouts, who will operate under the direction of Maj. Gen. Lawton. All of them were former Spanish volunteers. They will be armed and armed with Krags-Jorgensen rifles. The Macabebes will have a flag raising and barbecue on Friday next. Washington, Sept. 7.-The matter of making an effective blockade in the Philippines, and especially around the island of Luzon, so as to prevent the insurgents from obtaining ammunition and supplies, is one that is giving the administration considerable concern. It has not been deemed feasible to proclaim a blockade, as it would indicate a state of war and possibly open a way to the recognition of the insurgents. Whether or not it is feasible to attack, subdue and garrison all the ports of Luzon which might serve as ports of supply for the Filipinos has not yet been determined. Heretofore, there have not been sufficient troops in Luzon to make this possible, and the question will now arise whether troops had best be spared for this purpose. The president has been advised that the use of Hadway's Ready Relief for the purpose of preventing the introduction of contraband of war and supplies for the Filipinos.

Wild With Eezema For 12 Years She Suffered Terribly - Completely Cured by Three Boxes of Dr. Chase's Ointment. Mrs. R. Stoddard, Delhi, Norfolk county, writes as follows: "I was troubled with Eezema or Salt Rheum for over 12 years, and during that time doctored with different physicians, but found that they could only give temporary relief. I saw Dr. Chase's Ointment advertised, decided to try it, and before I had used half a box found great relief and change. Altogether, I have used three boxes, and am now completely cured. I have recommended it to my neighbors, and can say it is the best I have ever used, and in my estimation, worth its weight in gold." That Dr. Chase's Ointment will cure any case of Eezema, Salt Rheum or itching skin is fully endorsed by the evidence of scores and hundreds of cured ones. 60 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

A Pain Remedy. For over fifty years this wonderful remedy has proved itself the best, safest and surest antidote for pain in the world. The True Relief, Radway's Ready Relief For Internal and External Use. In using medicines to stop pain, we should avoid such as inflict injury on the system. Opium, Morphine, Chloroform, Ether, Cocaine and Chloral stop pain by destroying the sense of perception, the patient losing the power of feeling. This is a most destructive practice; it masks the symptoms, shuts up, and instead of removing trouble, breaks down the stomach, liver and bowels, and if continued for a length of time, kills the nerves and produces local or general paralysis. There is no necessity for using these uncertain agents when a positive remedy like RADWAY'S READY RELIEF will stop the most excruciating pain quicker, without entailing the least danger in either infant or adult. It instantly stops the most excruciating pains, always inflammation and cures congestions, whether of the Lungs, Stomach, Bowels or other glands or mucous membranes.

PAIN CURED IN AN INSTANT No matter how violent or excruciating the pains the Rheumatic, Bed-ridden, Infirm, Crippled, Nervous, Neuralgic or prostrated with disease may suffer. Radway's Ready Relief Will Afford Instant Ease. A CURE FOR Summer Complaints, Dysentery, Diarrhoea, Cholera Morbus. A half to a teaspoonful of Ready Relief in a half tumbler of water, repeated as often as the discharges continue, and a flannel saturated with Ready Relief placed over the stomach and bowels will afford immediate relief and soon effect a cure. No bad after effects (which are invariably the sequel of dosing with opium, etc.) will follow the use of Radway's Ready Relief, but the bowels will be left in a healthy, normal condition. A half to a teaspoonful in half a tumbler of water will, in a few minutes, cure Cramps, Spasms, Sour Stomach, Heartburn, Nervousness, Rheumatism, Sick Headache, Diarrhoea, Dysentery, Colic, Flatulency and all internal pains. MALARIA, Chills and Fever, Fever and Ague Conquered. Radway's Ready Relief Not only cures the patient seized with this terrible foe to settlers in newly settled districts, where the Malaria or Ague exists, but if people expect to it will, every morning on getting out of bed, take twenty or thirty drops of the Ready Relief in a glass of water, and in a few days, they will be free from attacks. This is not a remedial agent in the world that will cure Fever and Ague and all other malarial, bilious and other fevers, aided by RADWAY'S READY RELIEF. 25 CENTS PER BOTTLE SOLD BY ALL DRUGGISTS. Jouast and Jeffries.

The prejudice, one-sidedness and open animus displayed against the accused in the Dreyfus case, by the president of the military court, will cause the name of Col. Jouast to be bracketed in history along with that of the infamous Judge Jeffries, of the time of James the Second of England.

Macaulay writes thus of Jeffries:

"Macaulay might be remarked in him the most odious vice which is incident to human nature, a delight in misery merely as misery. There was a fiendish exultation in the way in which he pronounced sentence on offenders. Their weeping and imploring seemed to titillate him voluptuously, and he loved to score them into fits by dilating with luxurious amplification on all the details of what they were to suffer. Thus, when he had an opportunity of ordering an unucky adventurer to be whipped at the cart's tail, 'Hangman,' he would exclaim, 'I charge you to pay particular attention to this lady. Scourge her soundly, man. Scourge her till the blood runs down! It is Christmas, a cold time for Madam to strip in! See that you warm her shoulders thoroughly!'"

Similarly when Richard Baxter, the famous divine and author, was before him, Baxter essayed to speak, whereupon Jeffries bellowed: "Richard, Richard, dost thou think we will let thee poison the court? Richard, thou art an old knave. Thou hast written books enough to load a cart, and every book as full of sedition as an egg is full of meat. By the grace of God Almighty, I will crush you all." The noise of weeping was heard from some of those who surrounded Baxter. "Snivelling calves!" said the judge.

Col. Jouast, presiding judge in a trial through which runs the infamous purpose of at all hazards convicting an innocent man, covers up his wicked partiality a little more with the forms of politeness than did Jeffries, but equally with Jeffries he will be pilloried in history as the Unjust Judge.

The Situation in South Africa.

The South African crisis is still in the diplomatic stage, and the world is eagerly watching the adroit fencing between Mr. Chamberlain and his antagonist, President Kruger. The tension is too acute to be prolonged. The Outlanders are pouring out of the Transvaal. They represent its wealth, industry and intelligence. Without them it will be an empty husk of a country; its cities will go to rack and ruin; trade and commerce will dry up; the treasury will be empty, as it was before the Outlanders came. Not only in the Transvaal, but in the other states and colonies of South Africa the strain is unbearable. The Orange Free State, where the whites are mostly Dutch, is naturally in sympathy with the Transvaal, and might become an active ally in event of war. Natal, bordering on the Transvaal, is overwhelmingly British, and would be exposed to the first attack by the Boers if hostilities broke out. Cape Colony, in which the Dutch element is numerous, and controls the government, is seething with excitement and racial antagonisms. It is feared that, if military operations must come, the Cape Colony Dutch can be held in restraint only by a crushing display of British force. The whole of South Africa is plunged into an atmosphere of suspicion and a welter of conflicting passions. The prestige of the British is threatened; business is almost suspended; great distress prevails, and things will go from bad to worse so long as the present dispute with the Transvaal hangs like a pestilence over the country. Great Britain owes it to her South African subjects to put an end to this intolerable situation at once, by war if she must, peaceably if she can. The imperial authorities have tried to exhaust the resources of diplomacy, with the evident desire of morally vindicating Great Britain in the opinion of the world if she is compelled to go to war; but this patient course is inflicting great suffering on the very people in whose interests the British government is moving.

The issue between the two countries is clear and simple. Mr. Chamberlain demands from the Transvaal a measure which will give the Outlanders immediate and adequate relief, including representation in the legislature, with a guarantee that the legislative branch of government shall have due control over the executive. President Kruger has loaded his franchise proposals with conditions that would prevent the Outlanders coming into a fair share of political power at once. The main difficulty lies in the oligarchical nature of the Transvaal government. The executive, composed of a handful of burghers, is superior to the Volksraad or representative assembly, so that even if the Outlanders gained a fair representation in the popular chamber, it would avail them nothing, while the executive body retained its present authority. Mr. Chamberlain's latest suggestion is that a joint inquiry be made into the effects of the proposed new franchise law, and negotiations are still hovering around this point.

Whatever the solution of the present difficulties may be, the destiny of the Transvaal is plainly written. The Boers migrated northward to escape British civilization, but British civilization has overtaken them, not from any motive of conquest, but from the same irresistible tendency which has spread the Anglo-Saxon race, without conscious purpose of its own part, over so much of the earth's surface. This tendency is sweeping groups of colonies into great federations. The Dominion of Canada was the first. The projected commonwealth of Australia is the second. South Africa will be the third. Sooner or later the tide which is reddening the map will submerge the Transvaal and the Orange Free State, and another great nation will be born under the flag which stands for justice and freedom to all races.

A Race for Markets.

United States Consul Boyle, of Liverpool, whose report on Canadian competition in the British market, we referred to the other day, attributes much of the success of Canadian products to the excellent cold storage facilities provided by the Dominion Government. This is a high compliment to Hon. Sydney Fisher, Minister of Agriculture, under whose personal superintendence the cold storage system has been developed with such magnificent results to Canadian trade. Consul Boyle also remarks that "high officials from Canada have during the last two years traveled a great deal over Great Britain, making speeches before chambers and commerce and trade organizations, setting forth the claimed merits of Canadian food products. It is a matter of comment that English newspapers of late have devoted more attention to Canada and Canadian products than was ever before shown. All this, of course, has its effect. It tends to predispose the consumers of Great Britain in favor of Canadian products, and it certainly is an element to be taken into consideration in the competitive battle."

The "high officials" alluded to by Mr. Boyle are Hon. Sydney Fisher and Prof. Robertson, who have worked assiduously to advertise Canadian products in Great Britain, by public addresses and through the press. The leading newspapers of Great Britain teemed with Canadian articles last summer, thanks to the brilliant work of these two gentlemen. As press agents they were unrivaled.

To show how Canadian producers have distanced their American competitors, Mr. Boyle gives this table of British imports from the two countries for 1894 and 1895:

Table with 3 columns: Year, United States, Canada. Rows include Bacon, Butter, Eggs, Wood pulp, Flaxseed, Sawn lumber, and various other goods.

Russia is exporting millions of bushels of wheat, while Russian peasants are starving. Exports are so valuable. The types made us refer yesterday to an "area" of comparatively high prices for farm produce. Of course, the word "era" was intended.

The story that an English wall paper trust had been formed and would raise the prices 250 per cent, can be only half true. A trust is possible even in free trade England, but it cannot raise prices above the level without inviting a flood of competition.

Hamilton stands first in the Dominion as the city of workingmen ratepayers.—Hamilton Spectator.

Produce your figures. In this city 75 per cent of the people own their homes. We always thought London led the country in this respect. We think so still.

The Literary Digest, of New York, in discussing an article from the columns of this journal, is good enough to say: "The London, Ontario, Advertiser is one of the best-edited papers in Canada." Our able contemporary may

perhaps be interested to learn that The Advertiser is also the most largely circulated daily newspaper in Canada, outside of Toronto and Montreal.

General Lucas, of the Dreyfus court-martial, married some years ago an aunt of Colonel Piquart, the defender of Dreyfus. This fact is being used against the general. It is no more ridiculous than the effort to discredit Commissioner Ogilvie, of the Yukon, because he married the aunt of the wife of the Hon. Clifford Sifton some years ago.

Representatives of the outside press who were in London on Labor Day comment on the absolute freedom from disorder that marked the day's demonstration from morning till night. That great demonstration only proved what The Advertiser has all along asserted—that any disorders in the past, whether of stone-throwing or otherwise, were instigated not by organized labor.

The popularity of the Northwest as a place of settlement is shown by the great increase that is taking place in the sales of land in Manitoba and west of that Province. Here is a record of the sales for August compared with those for the same month last year:

Table with 2 columns: Acres, 1895, 1894. Rows include C. P. R., Southwestern Railway, and Canada Northwest Land.

Government lands have met with an even greater demand. It is indeed the growing time.

What Others Say.

A Bas Le Dog. [Ottawa Journal.] As a disseminator of dust and fleas, the average dog ranks high; as a disturber of the peace of the wee sma' hours he discounts roosters and cats; he is given to biting, and liable to go mad. Merit he has none except an abject devotion to those particular units of the community to whom he considers himself indebted. In the morning he attempts to tyrannize and abuse. When the automobile drives out the dog, civilized communities will be quieter, cleaner and happier.

Brave Laura Secord.

It is gratifying to learn that enough funds are on hand to pay for the proposed monument to "Brave Laura Secord." But it appears to be a case, if not exactly, at least somewhat, similar to that of Tom Hood, concerning whose magnificent monument at Kensal Green cemetery it was said "he asked for bread and they gave him a stone." Laura Secord's monument will be a fitting tribute to the memory of a heroine whom Canadians may well speak of with pride, but it is regrettable she was not treated as such in her lifetime, and her gallant conduct sufficiently rewarded. She deserved well of her country.

DOMINION MILLERS

Held Their Annual Meeting on Board a Steamer—Freight Rates Discussed—Officers Elected.

Oakville, Sept. 6.—The Millers' Association of the Dominion held their annual meeting and dinner Monday. The association chartered the steamer White Star and picked up at Oakville, returning in the evening. The business of the convention was transacted in the smoking room of the steamer.

The executive committee reported their success in protecting the interests of the Canadian millers at the international conference of Canadians and Americans conducted at Quebec. They recommended the payment of an honorarium of \$50 to the treasurer, Wm. Galbraith, of London, and a bonus of \$50 to the central wheat buyer, Mr. Charles B. Bates, of Toronto.

Mr. Hunt, London, spoke of the rates given on Ontario and Manitoba wheat

THOUGHT BABY'S EAR WOULD DROP OFF

Body and Head Mass Bleeding Sores. Suffered Beyond Description. Physician Could Not Even Relieve. Had to be Put Under Opium.

Father Gives Up Utterly Discouraged. Read CUTICURA Testimonial and Got CUTICURA Remedies. Cured in Seven Weeks.

My infant boy was afflicted with a terrible skin disease. The upper part of his body was one mass of bleeding sores which extended to his head, and one of his ears was so affected that we thought it would drop off. His sufferings were beyond description, and he had to be kept constantly under the influence of opiates. Our physician did everything for his relief; but instead of the child getting better, the disease seemed to become more aggravated every day, until he became utterly discouraged. I could find nothing that would even relieve my child one day my attention was called to a CUTICURA testimonial published by you. I bought the CUTICURA remedies, using the CUTICURA CUTICURA SOAP, and CUTICURA RESOLVENT. The result was simply marvelous. After the third day the sores were discontinued, the child was free from pain and the terrible itching sensation. From day to day improvement progressed, and in seven weeks from the day we started on the CUTICURA remedies the child was cured, the sores falling off, leaving a clean, smooth baby skin in their place.

for export being lower than the millers can get on wheat for their own use. The rates of Canadian roads compared with the local government-owned railways from American points show a wide difference. The rate for one barrel of flour sent from East St. Louis to Montreal for export at present is 38 cents; the rate from Chicago is 30 cents per barrel, from Detroit 23 cents. From Toronto the freight to Montreal for one barrel of flour is 29 cents. The association offered no solution of the difficulty and did nothing in the matter but pass a motion granting the executive committee the authority to look into the question and bring it to the attention of the government.

all future annual elections shall be so elected." Carried. It was decided to ask for legislation to raise the local government sections of the municipal act so as to empower municipal councils to charge an equitable proportion of the cost of permanent improvements to streets, such as macadam, asphalt, brick or other pavement to general expense fund of the municipality, and to issue debentures for these all. It was also decided to form an association to be known as the "Ontario Municipal Association, to be composed of the mayors of cities and towns of the province and such other representatives of the city and town as its council may from time to time appoint; that such association shall meet at least once a year, and oftener, if necessary, at the call of the executive committee; that prior to each meeting of the Legislature of Ontario the executive committee shall arrange with the Executive Council of the province a hearing of the Municipal Association at such time as the government may appoint, upon any questions which the association shall desire action to be taken by the government of the Legislature.

the baskets and boxes; also that the Dominion Government be asked to pass an act requiring box or basket raised charges to stamp thereon the capacity of the same. The next convention will be held in London. A Good Test. If you have backache and there are brick dust deposits found in the urine after it stands for 24 hours you can be sure the kidneys are deranged. To effect a prompt and positive cure and prevent Bright's disease, suffering and death, use Dr. A. Chase's Kidney-Liver Pills, the world's greatest kidney cure. It is estimated that since the Christian era began over 4,000,000,000 human beings have perished in war. No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels immediately and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market. A temperance association composed of members of the Six Nations is doing much to check intemperance among the Indians. THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eucalyptic Oil—a pulmonary, of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swollen neck and croup in the back; and, as an inward specific, possesses most substantial results. There are six schools in Ireland where Irish is taught.

MUNICIPAL REFORM

Close of the Convention at Hamilton. Resolutions Passed Favoring Abolition of Wards and Election of Aldermen From the Whole Municipality.

Hamilton, Sept. 6.—The municipal convention wound up yesterday afternoon, when it was decided to hold the next convention at London during the Western Fair. After a short discussion it was moved by Mayor Keating, of St. Catharines, seconded by Ald. Robertson, of St. Catharines, and carried, "That the Legislature be asked to amend the municipal act so as to provide that mayors of cities and towns may be elected for a term of two years, and aldermen and councilors for two or three years, one-half or one-third of the number to be elected annually, as decided by law to be carried by the ratepayers."

GRANDMOTHER

Used Dr. Fowler's Extract of Wild Strawberry. Mrs. Thos. Sherlock, Arnprior, Ont., Tells How This Famous Remedy Has Been a Family Friend for Several Generations.

Grandmother always gave the little ones Dr. Fowler's Extract of Wild Strawberry when they suffered from cramps, colic, diarrhea, dysentery, or any bowel complaint. The little ones grew up—had children of their own—gave them Dr. Fowler's Extract of Wild Strawberry when necessary. These grandchildren, now with children prattling at their side, can find nothing better than the old reliable Dr. Fowler's Extract of Wild Strawberry that grandmother, in her wisdom, always kept in the house during the summer season.

Mrs. Thomas Sherlock, of Arnprior, Ont., illustrates this in the following letter which she recently wrote: "My little girl, 3 years of age, was taken very bad with diarrhea, and we thought we were going to lose her, when I remembered that my grandmother always used Dr. Fowler's Extract of Wild Strawberry, and often said that it saved her life. I got a bottle of it and gave it to my child, and after the third dose she began to get better and slept well that night. She improved right along, and was soon completely cured."

The recital to be given by Miss Jessie Alexander, the ever popular elocutionist, in Dundas Center Methodist Church, on Monday evening next, will doubtless be a most enjoyable one. A splendid programme has been prepared.  
SMITH-COWAN.  
Dr. Colan E. J. Smith, of London, was married to Miss Louisa Cowan yesterday at the home of the bride's parents, at Mayfair. Among the guests present from London were Drs. Dawson, Holmes, Bentley, Campbell, Dr. and Mrs. Roope and Miss Mabel Dawson.  
IT IS POPULAR WITH ALL.  
Mrs. Jas. Riddell, 352 Colborne street, lost a Scotch terrier pup on Monday. An advertisement was inserted in The Advertiser, and last evening a party called at the residence with the dog. This is convincing evidence that The Advertiser cannot be excelled for "wants," lost or found, to let or any classified advertisements. Everybody reads The Advertiser. It is popular with all.  
CONGRATULATIONS FOR DR. BURGESS.  
T. J. W. Burgess, M.D., C.M., formerly on the staff of the London Asylum for the Insane, is receiving many congratulations on his appointment as professor of mental diseases in McGill University, Montreal. Since 1890 Dr. Burgess had been medical superintendent of the Protestant Hospital for the Insane, Montreal. He is one of the best equipped alienists on the continent.  
CANNED BY FELLOW-EMPLOYEES.  
Duncan C. Davidson, of Bruce street, South London, upon the occasion of leaving the employ of John Purdon a few days ago, was presented by his fellow-employees with a gold-headed cane and a gold piece, accompanied by a kindly worded address. Harry Sanders read the address and James McNaughton presented the cane, while Neil Graham handed the gold piece to the recipient. Mr. Davidson had been in the employ of John Purdon, of Mr. Purdon, and is going into business for himself.  
A QUICK TRANSFORMATION.  
The British Weekly has the following: "The remarkable feat of transforming growing wheat into bread in the space of eight hours by Mr. Prosser, baker, of Erdington, has evoked an immense amount of interest throughout the country. It is stated that at Blockley, Moreton-in-Marsh, Gloucestershire, wheat has been converted into bread within 33 minutes of its being taken to the mill, the wheat having been cut the same morning." It would be interesting to know the best Canadian record. Some Middlesex farmers could doubtless lower it a notch or two.  
W. M. S. CENTENNIAL METHODIST CHURCH.  
The auxiliary of the Women's Missionary Society connected with the Centennial Methodist Church, held its regular monthly meeting on Tuesday afternoon. It being also the annual meeting of officers was a part of the business. The officers for last year were all re-elected, and are: President, Mrs. Rev. W. J. Ford; first vice-president, Mrs. Belton; second vice-president, Mrs. Allan; recording secretary, Mrs. King; treasurer, Mrs. Smale; corresponding secretary, Mrs. Wickert; delegate to branch meeting, held in October, Mrs. Small.

**A CHARMING HOME WEDDING**  
Ballantyne-Elliott Nuptials—An Important Social Event.  
Description of the Ceremony and Guests—The Guests.  
September, the ideal month for weddings, on one of its ideal days, witnessed the most charming home wedding of the season. Yesterday the spacious residence of Mr. Charles H. Elliott, Craig street, South London, was transformed into a veritable bower of red roses, palms and maiden-hair fern, when his only daughter Millicent, one of London's belles, was united in marriage to Alexander Ballantyne, of Brantford.  
At 2 o'clock as the exquisite strains of Mendelssohn's Wedding March stole through the drawing-rooms, the charming brunette bride entered, leaning on the arm of her father. Her gown was a creation of ivory duchesse silk, en train, with trimmings of rose point lace, and a chiffon, her only ornament being a pearl and diamond star, the gift of the groom. She carried a shower bouquet of bridal roses. The bride was attended by Miss Nettie Wilson, Seaford, who wore a fairy-like gown of white organdie with trimmings of mousseline de soie and pearls, and carried a shower bouquet of American Beauty roses. The groom was supported by Mr. John Paddock, Jun., Bothwell. The nuptial knot was tied in the presence of a large number of guests, by Rev. W. J. Clark, First Presbyterian Church, London.  
After partaking of the recherche repast provided the happy couple left for the east on the 4:40 train, followed by showers of rose leaves and congratulations.  
The wedding going away gown was a suit costume of seal-brown broad cloth with watermelon silk front. With this she wore a brown picture hat.

**THE GUESTS.**  
Among the invited guests were the following: Mr. and Mrs. James R. Elliott, London; Mr. Fred Elliott, Kincardine, the Hon. **FIREMAN FOLEY WAS FIRED**  
London Motorman No Longer a St. Thomas Fireman.  
At a meeting of the St. Thomas city council Tuesday night, it was moved by Aid. McCully, seconded by Aid. Ponsford, that James A. Foley be dismissed from the city fire department on account of his long absence from the city. Carried.  
Foley is a motorman on the London Street Railway, having taken the seven months' leave of absence which he had written a lengthy appeal to the council asking that he be allowed to retain his position on the St. Thomas fire department, notwithstanding the fact that he was employed in London on the street railway. His prayer was granted.

ized as a weak oration. His arguments, colored by his usual mannerisms, evoked outbursts of laughter. He said that Dreyfus wrote the bordereau. Discussing the correspondence of "A" (Col. Schwartzkoppen), Major Carriere declared emphatically his belief that Dreyfus had relations with the power of which "A" was the agent. He admitted Esterhazy was not a nice person, but said there was nothing to prove that he was a traitor, and he said that Picquart had utterly failed to convince him of the innocence of Dreyfus. "My belief in the innocence of Dreyfus," said Major Carriere, in conclusion, "has been transformed into a conviction of his guilt, which has been strengthened by the testimony of the witnesses for the prosecution. Today I come to tell you, on my soul and conscience, that Dreyfus is guilty, and to ask for the application of article 76 of the penal code."  
DREYFUS NOT DISCOURAGED.  
When Major Carriere had concluded, Col. Jouaust ordered the adjournment of the court, and Dreyfus rose quickly and apparently not dejected. As the prisoner was passing his counsel's table M. Labori stopped him and whispered "courage." Dreyfus smiled and nodded as he proceeded.  
M. Jaures, the Socialist leader, and a number of other seated on the benches before which Dreyfus passed, repeated M. Labori's word of encouragement.

A Transient Experience

The northern winter sun was dropping low before he climbed high enough to see that the jagged rocks, which he had thought led up to the summit, were parted from it by deep hollows...

This spot, no doubt, had been the scene of old Daniel's strange experience and great victory. Here had he wrestled and prevailed, and hence had he descended, a changed man...

George sat still and looked down at the dark water, at the stony descent, and at the dark valley beneath.

What had happened there to Daniel Gladwin? What personality or actualised presence had come into him in the awful solitude of the mountain heights?

George felt himself to be absolutely alone, no friend, no angel, no spirit, no mortal combat. Only the hills themselves stood round and looked at him.

He covered his face with his hands to shut them out, and Helena's message filled his mental vision. After all, where was the battle? Helena was not for him. He could not give up that was not his to keep.

Ab, but such common conduct meant being a better man instead of a worse. It meant conquering himself, which was no easier than, and perhaps equivalent to, conquering the devil.

Yes, he thought, grimly, "there wasn't much I could do. It wouldn't occur to me to murder Norman, and God knows that I wouldn't win her, at cost for her of one pang of shame.

But who can wrestle and prevail with the tyranny of temperament? George could not do so. He would sell his Moss Head, waste his patrimony, of brain and opportunity, make a poor thing instead of a good thing, of his immediate future, fail, in fact, in what life had set him to do, be a poor schoolmaster instead of a good one.

Without vivid impulses, in fact without happiness, he could not endure his life. If he had endured a dull routine one day he would throw it up the next. He could read his own nature as

George sat still with hidden face. His dream was over. Could he go back to Whitebury, could he stay there by day, and work steadily when work was dull, and keep a brave face when his heart was sinking, and live without interest and excitement when the whole world seemed empty of souls?

Could he resist recurring impulses to give himself a little ease, to get a little variety in the dead level of a life without enthusiasm and without love?

No, he could not do it. He had tried. It was not much, as the world goes, to do. Only what would be expected of a man of common-sense and common good feeling.

well as that of others, and he read it with a heavy heart.

He raised his head and looked around him, at the silent empty hills. He felt the profound solitude of the place. He sat there, motionless, reckoning up the probabilities of his future and despaired of himself.

Where was the new force that had, in that very spot, changed old Daniel Gladwin from a man who went into a prophesy to a man who came out of it as an Angel of the Lord. "Ah," he thought, "if one could but hear the still small voice, would one not fall down and worship, and follow it to the world's end?"

Then a sudden thought came to him. He could not do as others did, submit, go without, hold his tongue; but he could, as he knew he should do, work and help, and persuade and prevail.

He could fulfill the fate that had been begun in Ashdown Church, so long ago. He could not stand by and see Helena's fate settled without him, but he could, he felt he could, bring it himself to a happy conclusion.

Such was the sense of new hope, filled with a new and spiritual presence within him. He dropped metaphors. It wasn't possible to go fully on, as if Helena had never existed, and as if he were apart from all that concerned her. He must carry the thing through.

It was in more, and not in less enthusiastic effort that his salvation lay. Not in doing nothing, but in doing much. He could not let her go, but he could give her up. He looked up again; the evening sky was soft and clear. The hills stood round about him, but they seemed to wear a kinder face.

"What," he said to himself, with a half laugh, "I think the devil's gone out of me. I shall just go back and look up Norman and offer to help him."

There was a little space during which he knelt with his face towards those hills of heaven, and then he rose and began his descent.

I. O. F. HIGH COURT

Conclusion of the Annual Meeting for Ontario—Mr. G. L. Wilson, of Toronto Elected H. O. R.—Next Meeting in Owen Sound.

Toronto, Sept. 7.—The High Court of the Independent Order of Foresters concluded its session last night. At the morning meeting the report of the committee on finance was presented by Bro. Alex. McGilvray.

The High Court is out of debt, progressing favorably, and there is not a single default court in the jurisdiction. The recommendation for the appointment of two organizers was referred back, as the report of the financial committee only allowed \$2,000 for extension of the order.

The election of officers resulted as follows: H. C. R., Bro. G. L. Wilson, Toronto; H. V. C. R., J. W. Frost, Owen Sound; H. Secretary, R. J. Niddie, M.D., Creemore; H. Treasurer, Alex. Fleming, Toronto; H. Councilor, W. A. Boys, Barrie; H. Auditors, Bros. Barlow Cumberland and George Charles, Toronto; H. Orator, Rev. John J. Little; H. J. Secretary, W. J. Hetherington, Toronto; H. S. W., James Douglas, Millbrook; H. J. W., R. F. Dale, Harriston; H. S. B., W. R. Allan; H. Marshal, E. J. Hearn, Toronto; H. Conductor, J. Oliver, Stayner; H. Messenger, H. Reeves, Toronto; Assistant High Messenger, C. J. Stalker, Toronto; H. Organist, J. E. Zieman, East Toronto.

Owen Sound was chosen as the next place of meeting, and it was decided to hold meetings annually.

The Grand Cross of Merit was awarded to Bro. W. B. Sanders in acknowledgment of his services to the order.

It was unanimously resolved that the supreme executive should be requested to bring before the next meeting a proposition that only delegates, members holding active office and past high executive officers, should have the right to voting at High Court meetings.

The new officers were installed by Bro. David Millar, P.H.C.R., Toronto.

If a man is going to fight he wants to be well. He wants to be strong, steady-nerved, vigorous—able to take and give punishment. One of Roosevelt's Rough Riders actually starved to death because his digestive system wasn't strong enough to extract the nutriment from food that kept his comrades strong and well and in tip-top fighting trim.

The soldier isn't the only one who fights and needs strength. Business men, clerks, engineers, laborers, all have a fight on their hands. All have to fight for a living.

The weak go to the wall. What about you?

Is your blood all right? Do you feel right? Are you losing flesh? Feel "run down?" Do you sleep well? Have trouble with your stomach? Tired all the time?

If so what you need is Dr. Pierce's Golden Medical Discovery. It makes men strong. It keys the digestive system right up to concert pitch. It tones the stomach, stimulates the liver, strengthens the nerves, enriches the blood—makes a new man of you. Puts snap and vim and endurance into you.

A. D. Weller, Esq., of Pensacola, Escambia Co., Fla. (Box 444), writes: "I have taken eight bottles of the Golden Medical Discovery, and I have been transformed from a weakling shadow (as my friends called me), to perfect health. AIDES-DE-CAMP TO LORD MINTO

The Full List Will Probably Be Announced This Week—Only Three Gazetted—Both Parties Should Be Represented.

[Special to The Advertiser per C.P.R.] Ottawa, Ont., Sept. 7.—A list of the honorary A. D. Cs to Lord Minto will be announced in a few days. It is probable that they will be known this week. So far only three A. D. Cs have been gazetted. They are Lieut.-Col. Irwin, Ottawa; Lieut.-Col. Otter and Lieut.-Col. Gibson, Toronto.

In addition to these it is said that Gen. Hurton and his excellency the governor-general have decided on the following: Lieut.-Col. Irwin, Ottawa; Lieut.-Col. Sherwood, Ottawa; Lieut.-Col. Labelle, Montreal; Lieut.-Col. Evanturel, Quebec; Lieut.-Col. Drury, Kingston. The entire list is selected from Conservatives and Liberals.

The minister of militia, it is said, has declined to be responsible for it because he is of the opinion that in filling honorary positions of this kind both parties should be represented. The only Liberal named is A. D. C. is Col. Gibson, who, as president of the Dominion Rifle Association, could not very well be passed over.

Lieut.-Col. Gregory, who is in command of the Pacific Rifles, succeeding Lieut.-Col. Prior, is well known to be a Liberal, and Lieut.-Col. Peters is equally well known to be a Conservative. Lieut.-Col. Gregory has been passed over and Col. Peters is being considered.

Liberal politicians recommended the former and Conservatives the latter, and the former will now say that Gregory has been cast aside because of his politics.

A military man stated today that while the political complexion of the parties should not be considered—although it has always been in the past just as races and creeds have been looked to—still an officer ought not to be rejected because of his politics.

While the governor-general has the right to name his own A. D. Cs, it is argued that as the department of militia is asked to give them and pay their travelling expenses, the minister ought to have something to say in their selection.

JOTTINGS FROM NEAR-BY PLACES

HARRIETSVILLE. Harrietsville, Sept. 7.—The death of Mrs. Margaret Jane wife of Wm. Harriets, occurred on Saturday, the 4th, at her residence, after an illness of six weeks, which was borne with fortitude and Christian resignation.

The subject of this notice was educated at the village of Gladstone, under the tuition of Ebbinger Groat, who was contemporaneous with Solomon F. Smith. She was united in marriage to Wm. Harriets at the age of 27, and eight children were born to them, three of whom have died. She united with the Baptist Church, Gladstone, and was a worthy member of the same.

AN OLD LADY CREMATED

Destructive Blaze at Hamilton Beach—St. Thomas Man Dies After Stopping a Runaway Team—Seven Men Killed in a Tunnel.

Hamilton, Sept. 7.—Six cottages were burned at Hamilton Beach yesterday morning and an aged woman, Mrs. Carlson, who occupied one of the cottages, was cremated. Mrs. J. H. Horton, whose cottage adjoining Carlson's, was also severely burned, and her cottage destroyed. The other cottages burned were owned and occupied by D. McRae, C. M. Judd and P. M. Williamson. No fire-fighting apparatus of any kind is kept at the beach.

KILLED BY EXCITEMENT. St. Thomas, Ont., Sept. 7.—Wm. Kimbel, son of Wm. Kimbel, auctioneer, of this city, died suddenly yesterday. The young man started out with a companion to drive to Port Stanley to bring a piano to the city. Kimbel was driving the horses, when they took fright and ran away. The young men finally succeeded in getting the horses under control near Union, and then young Kimbel, who appeared to be very much excited, said he would get in the back of the wagon and lie down. When the bridge was reached, his companion noticed that Kimbel was driving, and when help arrived he was dead. The excitement had proven too much and caused death.

SEVEN ARE DEAD. Williamson, N. Y., Sept. 7.—Seven persons were killed by a freight train wreck today in Dingess tunnel, on the Norfolk and Western Railway. The dead are Frank R. Archer, brakeman; Charles Booth, brakeman; John Charlif, fireman; four tramps, names unknown.

NARROW ESCAPE. Coldwater, Mich., Sept. 7.—A singular accident came near crippling Miss Zeila Blake, aged 15, for life. Miss Blake and a younger sister, while walking on the railroad track, found two little tin boxes. Curiosity soon caused Miss Blake to open one. Falling at first, she placed it on the rail and struck it with a stone. An explosion followed, tearing the young girl's arm fearfully. The other "tin box" will not be investigated.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, which I followed, and his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."

Salt Rheum for 5 Years

The prompt and permanent relief that Burdock Blood Bitters gives from the burning, itching and endless torture of salt rheum is something that cannot be obtained through the use of any other remedy.

Even in the worst cases of long standing when applied externally and taken internally according to directions it cures quickly and completely.

Mrs. Jas. Dalzell, High Bluff, Man., writes: "I have been troubled with salt rheum for five or six years and could get nothing to cure me until I took Burdock Blood Bitters. It only required five bottles to cure me completely, so that I have never suffered since from that terrible disease."

I. O. F. HIGH COURT

Foresters of the Central Ontario Body in Session.

Finances in Good Shape—Organization Work—Bylaws Passed.

Toronto, Sept. 7.—About 230 delegates to the high court of Central Ontario, I. O. F., attended the third annual meeting of the court, which sat all day at the Temple, W. B. Saunders, high chief ranger, occupied the chair.

The only business of the morning session was the appointing of the different standing committees, and in the afternoon the reports of the officers were read.

The report of the high chief ranger, Bro. W. B. Saunders, referring to the position of the order, stated that during the year 1,721 applications for membership were received, 1,329 during the first six and 392 during the latter six months of the year. The cause for the result in the latter half of the year was: First, the introduction of the new rate, table, and second, the dispensing with the services of their organizers. While a temporary falling off in membership had taken place, it had not been nearly to the extent anticipated.

When the division of the high court of Ontario was affected, in October, 1896, the proportion of the indebtedness for which this court was responsible was \$3,122.71, but this has been entirely wiped off. The number of courts now on arrears is 23.

The report of the high secretary, Bro. R. J. Nidder, showed receipts, \$5,174.90; cash balance, \$1,733.31. The report of the high treasurer, Bro. Atwell Fleming, pointed out that there was in the treasury at the present time \$2,693.98.

Notices of bylaws were given, dealing with the meetings of the high court, as to whether they should be annual, biennial or triennial, and also dealing with the finances of the order and organization work. These matters are all to come up again.

Estimates for the coming year were submitted mostly on the lines of last year's figures, excepting that in view of the better financial condition of the order it was recommended that more money be spent on organization work. It was agreed to pass a bylaw providing for the distribution of the reports to delegates in advance of the meeting.

He handed in an advertisement to The Advertiser Tuesday, and yesterday Mr. John Aitken, foreman of No. 3 Fire Hall, brought the coat to The Advertiser. The readers of this journal, which has the largest sworn daily circulation in Canada, excepting Toronto and Montreal, are not confined to one class, but everyone sees it. The Advertiser is on top, and its circulation books are open to inspection.

A very pleasing event occurred on Wednesday evening, Aug. 30, at the residence of Mr. Walter Biddle, Southwood, when his eldest daughter, Pearl, was married to Mr. Wm. Loucks, of Clear Creek. The house was beautifully decorated with flowers and evergreens, the ceremony being performed by the Rev. Mr. Huff, of Iona, under a horseshoe of evergreen and white roses. The bride entered the room leaning on the arm of her father, while Miss Mabel Wilson played the Wedding March. The bride was handsomely attired in white organdie, trimmed with pearls and silk ribbons, and wore a tulle veil and orange blossoms, carrying a bouquet of white carnations. The bride was assisted by her sister, Miss Mabel, who was attired in organdie over pink and carried a superb bouquet of pink carnations. The groom was attended by his cousin, Mr. Clarence Loucks, of Belmont. The young couple were the recipients of many beautiful presents, showing the esteem in which they are held. After the ceremony the company sat down to a splendid repast, after which Mr. and Mrs. Loucks left for Brantford, where they intend residing. The company was composed of friends from London, St. Thomas, Aylmer, Mapleton, Kingsmill. The bride and groom have the best wishes of their many friends for their future happiness and prosperity.

FARMERS' DAY AT "GLENMORE"

Yeomen and Their Families Entertained by the London Hunt.

An Interesting Programme of Sports—Some 400 Guests.

The members of the London Hunt Club entertained the farmers of London township yesterday, who have allowed the members the privilege of crossing their fields when following the hounds. The pretty home of the club, "Glenmore," was gaily decorated with flags, bunting and flowers. "Farmers' Day" has always been looked forward to in pleasant anticipation by the yeomen of that district, as the huntmen take every possible way of showing their appreciation of the many kindnesses extended to them during the hunting season.

The programme numbered some 400 yesterday, and they were all delighted with the hospitality of the London Hunt. The hosts did everything within their power to make the farmers and their families feel perfectly at home. The visitors roamed through the beautiful grounds and the spacious club house at will. The members and officers of the club were tireless in their efforts to make everybody enjoy an afternoon of pleasure, and they were entirely successful. The farmers were all invited personally by members of the committee, who spent a number of days going from place to place, making arrangements for the programme. Music was furnished by the Seventh Band, 25 strong, during the entire afternoon.

THE SPORTS

The different events were run off on the track to the south of the club house, and were all keenly contested. The officers in charge were Messrs. Adam Beck, the master of the hunt; W. T. Strong, and E. Kilgour, judge and Dr. H. R. Abbott, J. A. Hunt and Geo. C. Gibbons.

In the flat race there were five starters, and in the second lap Walter Taylor and Thos. Faxon were thrown from their horses and seriously injured. The other riders finished the race. Manning Breen, on Duke, won first prize, and Wm. Reeves, on Dick, was second. Dyer's Paddy finished first, but was disqualified for running inside the flag.

In the hurdle jumping contest, R. Gough, on Barney, captured first prize, and Luke Dyer, on Paddy, second.

The wheelbarrow race was won by M. Breen and Thos. Gartick, with J. Breen and W. Corsant second. This event was very amusing.

The most interesting of the events was the wrestling on horseback. After a 20-minute struggle, Wm. Reeves succeeded in pulling Luke Dyer from his mount. Manning Breen and T. Dyer also wrestled for the same length of time, but as neither could effect a fall, the judges decided that prizes of equal value should be given them and Reeves.

At the conclusion of the games the prizes were presented by Mrs. Adam Beck.

Among the members of the club who were present were Messrs. Adam Beck, George C. Gibbons, H. S. Blackburn, W. T. Strong, Dr. H. S. Abbott, Dr. Stevenson, E. Sterling, John S. Brown, H. E. Gates, Dr. George Wilson, Sir John Carling, T. H. Smallman, T. H. Carling, J. B. Kilgour, Dr. Drake, J. E. Smallman, Walter Smith, E. B. Smith, W. J. A. Hunt, George Macbeth, J. L. Ashworth, Ed. Harris, J. Gilmore, Allen Gibbons, George Gibbons, Dr. Henderson, J. E. Kerrigan, Thos. Martin and A. Tillman.

RESPECTFULLY DECLINED

Plan of the Doctors for Hospital Management.

Trust Prefers to Keep a Medical Superintendent.

Who Is Responsible to Them, at the Head of the Hospital.

Arrangements for Drafting the Bylaws—Medical Profession Will Be Consulted.

The hospital trust met yesterday afternoon to consider the proposed bylaws for the government of the hospital, submitted by the advisory committee of medical men at the preceding meeting. The trustees decided at the outset that the proposed bylaws were not adapted for the government of so small a hospital. So it was decided to retain the old bylaws as a basis, and take up the proposed bylaws clause by clause, to see to what extent they might be adopted.

The chairman, Col. Lewis, stated, to begin with, however, that he was opposed to the proposition to abolish the office of medical superintendent, who will be responsible to the trust," said the chairman.

Dr. Balfour said the entire proposition of the medical men hinged on that one point, viz. whether there should be a resident medical officer, who should be a young graduate, should have charge of the care and treatment of the patients, under the instruction of the medical staff, and should have charge of the medical superintendent.

Mr. Purdon read the clauses in the proposed bylaws, which provided that a resident medical officer, who should be a young graduate, should have charge of the care and treatment of the patients, under the instruction of the medical staff, and should have charge of the medical superintendent.

Dr. Balfour said the entire proposition of the medical men hinged on that one point, viz. whether there should be a resident medical officer, who should be a young graduate, should have charge of the care and treatment of the patients, under the instruction of the medical staff, and should have charge of the medical superintendent.
