ITALIANS HAMMERING AUSTRIANS ON LONG FRONT DASHING FORAYS OF CANADIANS INTO GERMAN LINES HAIG REPORTS MORE GAINS—JOFFRE POUNDING ENEMY

BOLD RAIDS BY CANUCKS ON ENEMY TRENCHES

Winnipeg and Montreal Men in Spectacular Fighting.

GOOD WORK BY BATTERIES

Artillery of Canadian Divisions Smashing German Works.

HEADED FOR HOME AFTER STRENUOUS WAR EXPERIENCE

[Canadian Press.] Canadian Field Headquarters, Aug. 10 (Via London, Aug. 11).—During the past week the weather was particularly fine. Good progress has been made in the improvement and consolidation of our defenses. Our artillery maintained its activity and carried out frequent systematic shots upon selected sections of the German front line. Enemy trench mortar and machine gun emplacements were bombarded and hostile batteries engaged with marked success. On more than one occasion the German guns were silenced by our fire.

Numerous enemy working parties were dispersed by our field and machine guns. Indirect fire by our machine guns was also constantly employed upon points in the rear of the German positions. One machine gun company in one night fired over seven thousand rounds in this manner. The enemy exposed themselves more than usually, and our snipers accounted for a considerable number. Hostile retaliation for our bombardment and other activities was weak.

An aerial combat took place over our lines. The British plane drove the German to the ground behind the German trenches, following it down to within four hundred feet of the earth.

PATROLS ACTIVE

Several patrol enterprises were carried out by our battalions. A patrol of a Winnipeg battalion under Lieut. Power encountered two Germans about twenty yards in front of our wire and opened fire upon them. The Germans were seen to fall as though killed, but it was becoming very dark and our patrol could not approach to secure the bodies. Another night a German patrol of six men attacked one of our bombing posts. The bombers of another Winnipeg battalion under Lieut. Young immediately drove them off, wounding and capturing one of them. The others escaped in the darkness.

Killed Two Germans.

A party of one sergeant and three men of a Montreal battalion, while on patrol, discovered a large shell crater, which they proceeded to examine. Having entered the crater, they were suddenly attacked with bayonets by two Germans who emerged from a concealed sap. Although taken by surprise our men shot and killed the Germans with their revolvers. A third German, who attempted to attack, was killed in the same way. A number of the enemy were heard in the sap and our men emptied their revolvers into the opening with good effect.

Winnipegers in Raid.

A successful raid was carried out one night by a third Winnipeg battalion. An assaulting party under Lieut. Ford and Harris advanced after a short but intense bombardment by our trench mortars and artillery. Dashing forward our men entered the German trenches, Lieut. Harris, Scout-Sergeant Mackie and Pte. Burrell were the first to climb over the enemy's parapet. Lieut. Harris killed two Germans with his revolver and the weapons then jammed and thereafter threw a bomb which exploded.

RIVER ROAD FARMER COMMITTS SUICIDE BY SHOOTING HIMSELF

[Special to The Advertiser.] Chatham, Aug. 11.—Alex Pelkey, a well known farmer, residing at River road, Dover Township, six miles from the city, committed suicide at 5 o'clock this morning by blowing the top of his head off with a shotgun.

The farmer got up early this morning, and was apparently in his usual spirits. His wife and son, who were in bed, were alarmed at the report of the gun, got up and found Pelkey with his head shattered. He had tied a piece of string to his foot, which he had attached to the trigger of the gun, laid down on the floor, and apparently holding the gun to his head, pulled the trigger with his foot. Death was almost instantaneous.

Coroner R. V. Bray of Chatham was notified of the fatality and after inspecting the body and investigating the circumstances, decided that death was a case of pure suicide and that no inquest would be necessary.

Joffre's Great Guns Are Pounding German Works North of Somme River

French Take Some Prisoners in Raid On Enemy Trenches to East of Hill 304 in Verdun Sector.

(Canadian Press.) Paris, Aug. 11.—Noon.—The French have opened a heavy bombardment of German positions north of the Somme, according to an official statement issued by the war office today.

On the left bank of the Meuse the French took some prisoners in a raid on German trenches east of Hill 304. On the right bank of the Meuse there was skirmishing with grenades about the Thiaumont work. On the rest of the front cannonading was intermittent.

The statement follows: "North of the Somme our artillery directed a destructive fire against the defenses of the enemy. In the course of our operations we took prisoners and captured two machine guns in the small wood northeast of Haidécourt.

A Surprise Attack.

"On the left bank of the Meuse (Verdun front), we made a surprise attack on a German trench east of Hill 304 and brought back prisoners. On the right bank of the river there was the usual artillery fighting, as well as skirmishing with grenades northwest of Thiaumont work. On the remainder of the front intermittent artillery fighting occurred.

"On the night of August 9-10 French aerial squadrons bombarded the railway station and barracks at Vouziers and the station at Bazaucourt."

GERMAN WAR OFFICE ADMITS GIVING WAY BEFORE RUSSIANS

LONDON MEN BACK WITH WAR SCARS LANDED AT QUEBEC

Many Western Ontario Soldiers in Latest Batch of Invalids.

[Canadian Press.] London, Aug. 11.—Another batch of invalid soldiers arrived here yesterday evening from Halifax, having been taken there on the C. P. R. liner. There are a few Quebecers among them, including Lieut.-Col. O'Leary. There are quite a number of Montreal men and others from Ontario points. A list follows:

Bugle-Sergeant A. W. Nanfan, H. Wood, A. J. Noble, W. Austin, George Hayden, F. Lawson, Patrick Murphy, James Plumtree.

[Canadian Press.] Quebec, Aug. 11.—Another batch of invalid soldiers arrived here yesterday evening from Halifax, having been taken there on the C. P. R. liner. There are a few Quebecers among them, including Lieut.-Col. O'Leary. There are quite a number of Montreal men and others from Ontario points. A list follows:

Montreal—B. Barbeau, Jas. Bryant, Frank Brown, H. Borslad, A. Buere, A. Beards, H. Charbonneau, C. Crenier, F. Dube, H. Featherstone, C. Ford, R. Gundy, J. Hebert, W. Lavallee, Joe Valliere, P. Laroche, G. A. Mann, C. McPherson, L. Paquette, T. Roncari, H. Salmon, T. P. Chas. Weir, R. Wallace, D. Boyd, A. Campbell, H. Clark, B. Kennedy, C. C. McCully, P. J. Mooney.

Brookville—John Baines, Kingston—Peter Hampton, Renfrew—A. Broome, Sarnia—J. W. Janers, Woodstock—Wm. Chapman, Watford—Daniel Kelly, St. Thomas—J. Eason, Edward Poulton, Guelph—James Harling, Belmont—James Paget, Beccord—George Tyrell, Brantford—Lorne Watson, Port Hope—Frederick Uren, Huron City—J. Wilburn, Ottawa—James Alexander, H. Curran, Windsor—Peter Leonard, J. Leaver, Churchill—F. Akers, Belleville—George Allcock, Hamilton—A. H. Beaver, W. Craven, J. Landers, J. E. Young.

Toronto—Leonard Beer, Patrick Burns, Wm. Baker, Maurice Bailey, J. Craig, John Francis, P. Fletcher, G. Foster, Samuel Green, John Humphreys, P. Hart, P. Hughes, C. Iris, J. Jackson, J. A. Jones, D. A. Jiles, J. Kay, H. Leat, Samuel Rowley, W. Raym, H. Remmie, N. Rest, H. Sweeney, J. R. Sherry, P. Strange, H. R. Bouthrod, J. Collins, W. J. Price, F. Robertson, F. Smallman.

OIL PRICES REDUCED. New York, Aug. 11.—The Standard Oil Company today reduced the prices of refined petroleum for export 15 points, making refined in cases 11.35 a gallon, in tanks 5.10c, and standard white, in barrels, 8.50c.

FRIENDS HOPE THIS LONDON TROOPER OF C. M. R. IS PRISONER

TROOPER "BUD" SMITH, who has been missing since early in June.

Many of his old friends in this city are hoping against hope that Pte. Fred (Bud) Smith, who left the city with the Canadian Mounted Rifles, may be reported a prisoner of war. He was reported missing in the early June fighting to hold the Ypres salient, and since that time no further word has been received.

His father, a well-known Stratford merchant for many years, now resides in this city, and the only statement he has had was to the effect that his son had been in the fighting and was in a battalion that was almost wiped out. He had been selected to go to England to engage in munitions work, being an expert mechanic, and was about to take the boat when he was ordered back.

"Bud" Smith was a magnificent specimen of manhood. The picture of him which appears was taken by The Advertiser when it was feared he was lost in the great lakes storm. He is a cousin of the Houston and Ryan boys of this city, and was the bunk mate of Ed. Coombe while training in the city.

LAWYERS ASK FOR IMMEDIATE ACTION IN NAMING JUDGE

Wire Ottawa to Fill Local Vacancy at Once.

AN APPOINTMENT TODAY

Reply to Request Said to Give This Information, But No Names Mentioned.

Middlesex County has been without a judge since the first of the month, when Judge Talbot Macbeth left for Boston on his annual vacation. As a result the signing of papers and other important matters have been held up. Meantime there has been a contest in progress to secure the vacancy caused by Judge Elliott's death for four different lawyers.

William Gray, M.P., has been pulling for E. T. Essery, K.C., Frank Glass, M.P., has been pulling for Hume Elliot, K.C., George Elliott, M.P., has been pulling for Magistrate J. C. Judd.

Hon. Tom Crothers has been pulling for W. B. Doherty, city solicitor and city clerk of St. Thomas.

Today J. Percy Moore, one of the leading lights of the Conservative organization, is understood to have wired the department of justice, asking when a judge was to be appointed. A reply was received, according to information received, stating that an appointment would be made.

BRITISH PLANNED FOR BIG ATTACK IN EVERY DETAIL

Degree of Preparedness of Haig's Staff Unprecedented, Is Opinion of Military Experts—Nothing to Ensure Success of Offensive Overlooked.

On the British Southern Front, July 31.—(Correspondence of the Associated Press).—One of the most striking features of the great British drive north of the Somme was the extraordinarily thorough preparation before the offensive was begun. Long before the big attack was launched the British staff was busy building up a vast organization which should be complete to the most minute detail. Military experts declare that the degree of preparedness achieved was unprecedented. Seemingly nothing that could be done was left undone, and when a representative of the Associated Press visited this section of the British front to see the captured territory and watch the assault proceed the various activities being conducted with such coordination that they appeared to be done by clockwork.

Nothing Overlooked. The collection of stores of ammunition, the assembling of artillery and the concentration of troops were but one phase of the preparation. Bases for one of the most extensive supply systems were prepared, where they would be most easily accessible when the advance began. Emergency hospitals were constructed and inclosures were built for the reception of prisoners. Great numbers of extra motor lorries were provided for transport work over roads which were continually being improved by myriads of workmen, and Red Cross motor ambulances were made ready for the speedy handling of large numbers of wounded, both British and German.

Water Follows Men. But it was not only for work in the British-occupied territory that plans were laid. Provision must be made for the troops when once they had forced their way into German ground. The Royal Engineers worked out an elaborate

THIRTY THOUSAND CASUALTIES AT GORIZIA'S FALL

Losses of Both Italians and Austrians Believed Very Heavy.

FIGHTING WAS FIERCE

Bayonets, Bombs, Knives and Cavalry Swords Used in the Combat.

FOE WELL PREPARED

Italian Cavalry and Cyclists Swam River Under Searchlights' Glare.

[Canadian Press.] Rome, via Paris, Aug. 11.—The number of prisoners taken by the Italians since the fall of Gorizia now exceeds 15,000, according to the correspondent of the Tribune on the Isonzo front. Italian cavalry and cyclists are clearing the valleys of the retreating Austrians and, according to the correspondent, the battle continues in favor of the Italians on both wings.

[Canadian Press.] Rome, via Paris, Aug. 11.—The latest reports show that the Lower Isonzo action is drawing to a close in its first stage, with the number of Austrian prisoners still growing. The number of men killed or wounded in the battle is large. Neither side has yet been able to make an accurate estimate of the casualties, though the total for both sides was probably near 30,000.

From evidence arriving here, the belief prevails that the victory of the Italians was not due to the demoralization of the Austrians, as the fighting was the heaviest yet seen on this front. The Austrians fought every foot of the ground about Gorizia, even after the loss of the strategic points of Monte Sabotino and Monte San Michele.

While the moments of the Italians undoubtedly was due largely to the new heavy artillery, which matched at last, after a year of waiting for their manufacture, the heavy 205-millimeter Austrian guns, yet the hand-to-hand fighting was appalling in fierceness—bayonets, knives, bombs, cavalry swords, and arms of every description being used. Personal deeds of heroism were plentiful, especially in connection with the use by the Italians of a new method for destroying barbed-wire entanglements, involving the almost certain death of the soldier who plants the bomb for this purpose.

Foe Well Prepared.

The victory of the Italians is considered all the more creditable, since the Austrians, on the Lower Isonzo front, had long prepared for an attack on a large scale, having successfully resisted many previous ones on small sectors.

The taking of Monte Sabotino, the key to the Austrians' position, and the approach of Gorizia, the Austrians fought for the possession of San Michele to the very last, counter-attacking hourly.

SWAM THE RIVER.

The defence and capture of the bridge over the Isonzo connecting Podgora and Gorizia was the outstanding feature of the last 24 hours of the fighting before the first cavalry and cyclist assaults into the city. The Austrians were unable to hold the bridge against the Italian artillery and blew up one-half to three-quarters of the bridge.

LONDON OFFICER IN DARING RAID ON ENEMY TRENCH

Lieut. Carling in Party That Drove Off Strong Detachment of Germans.

[Canadian Press.] London, Aug. 11.—Under cover of darkness a London officer, Lieut. Carling, of the 1st London Division, was in a daring raid on enemy trenches, driving the enemy back and inflicting casualties estimated at fifteen.

In all probability, the Lieut. Carling referred to in the above dispatch, is Lieut. Wilfrid Carling, son of John A. Carling, of this city.

He went over with the 70th Battalion under Lieut.-Col. R. I. Towers, but when the battalion was broken up, he was attached to the 26th Battalion, which comes from New Brunswick.

ITALIANS PRESSING AUSTRIANS HARD; HEAVY FIGHTING ON BEHIND GORIZIA AS ENEMY TRIES TO REFORM LINE

RAILWAYS AND EMPLOYEES HAVE REACHED DEADLOCK IN THE PEACE CONFERENCE

[Canadian Press.] New York, Aug. 11.—No definite proposal for a settlement of the controversy between the railroad systems and the four Brotherhoods of Railroadmen had been made, so far as known, when the United States Board of Mediation and Conciliation resumed today its efforts to settle the dispute by mediation. Both sides had stated their case to the mediators and the situation was described by Martin A. Knapp, one of the mediators, as a "deadlock on the face of it." Mr. Knapp declined to prophesy as to whether a solution of the problem could be discovered. He said that the mediators were not in communication with President Wilson, and when asked if they would consult with him later, replied that it was impossible to say.

It was expected that in today's conference the mediators would endeavor to obtain concessions from both sides in an effort to formulate a basis of agreement. None of the mediators would indicate how long they expected to continue their efforts nor say what step was contemplated if they failed to bring the contending parties to an agreement.

RUSSIANS BAG FIVE THOUSAND IN TWO DAYS' FIGHTING--HUNS UNABLE TO STEM ADVANCE

[Canadian Press.] Petrograd, Aug. 11.—The fighting on the Stokhod, and on the Sereth Russians Advancing Despite Desperate Resistance—Letichitsky's Armies Now Overlapping the Flanks of Teutons Who Are Threatened With Destruction.

[Canadian Press.] Petrograd, Aug. 11.—(Via London, Aug. 11).—In the fighting of August 8 and 9, more than 5,000 Austrians and Germans were captured. The statement follows: "Fierce fighting is continuing on the River Stokhod, in the region of Michalbach, the village of Vukli Lubachevski, the little town of Stobyny and the village of Zaroche.

"On the River Sereth our troops are advancing as a result of fierce fighting. The enemy is making a desperate resistance, alternating between defensive actions and counter-attacks. Notwithstanding the enemy's efforts to stem our advance, our gallant troops are progressing.

A NOTABLE VICTORY.

[Canadian Press.] London, Aug. 11.—A Petrograd dispatch to the Daily Chronicle says: General Letichitsky has scored another notable victory. His impetuous attack on a front of sixteen miles between the Kolomea-Stanislaw Railway and the Dniester has been everywhere crowned with complete success.

Menaced Russ Flanks.

It is now evident that the Austrians, fearing some such success, did all in their power to prevent it. Their attacks in the Carpathians, southwest of Kutny, and south of Delatyn, was aimed at diverting the attention of Letichitsky by threatening his flanks. Only yesterday a hard-fought battle, but fruitless attempts by the Austrians to advance on the River Koropiec at a point only seven miles from the town of Brody, both flanks of the Dniester, occupied by the Russians, but the commander was not to be distracted from his purpose.

The energy with which the recent success is being developed will be far reaching in its effects, especially when considered in relation to the Russian success south of Brody. Both flanks of General von Bothmer's army are now overlapped by the Russians.

NEARING STANISLAW.

[Canadian Press.] Petrograd, via London, Aug. 11.—The Russians are advancing on the River, in Galicia, the war office announced today. They have also entered the town of Monastyrzyska, northwest of Stanislaw.

Fighting is continuing in Monastyrzyska. The Russian advance from the Bystritsa River, a branch of the Dniester, which joins that river near Mariampol, is eight miles southeast of the important town of Hallez. They have also entered the village of Hallez, on the Bystritsa River, a branch of the Dniester, which joins that river near Mariampol.

Man Sentenced Was Reprived On Day of Execution.

[Canadian Press.] Buffalo, Aug. 11.—Sheriff Nichols of Cattaraugus last night at Little Valley, announced that a prisoner, Earl King, had confessed that he was guilty of the murder of Charles Phelps, and his housekeeper, Mary Wolcott at West Shelby, on March 22, 1915. For these murders Charles Stellow is under sentence of death, having recently been reprieved on the day of execution. King, who is 50 years old, was arrested on Tuesday night at Pavilion by a private detective agency.

BILLY SUNDAY PEEVED

Threatened to Quit Because Some People Left His Meeting.

[Canadian Press.] Vancouver, B. C., Aug. 11.—Billy Sunday addressed a prohibition rally attended by nine thousand people here last night. Because after he had talked fifteen minutes some people at the rear of the rink started to leave Sunday threatened to quit, and only after a quarter of an hour was he induced to resume his address.

MR. FOY LEFT \$135,000.

[Canadian Press.] Toronto, Aug. 11.—The will of the late Hon. J. J. Foy, K. C., has been probated. He left an estate of \$135,000, which is divided amongst his three daughters, Miss Marie Foy, Mrs. Florence Macintosh of Vancouver and Mrs. Pauline Reid. The testator left \$28,500 insurance to Miss Foy, and the residue is divided into three parts equally among the three daughters in trust funds.

Gadorna Now Assailing Austrians on a Twelve-Mile Front—Enemy's Attempt to Divert Italian Offensive by Attacks Elsewhere Proving Futile—Popular Enthusiasm at High Pitch Throughout Italy.

[Canadian Press.] Rome, Aug. 10.—Via Paris, Aug. 11.—The importance of the Italian successes around Gorizia is becoming more evident hourly. The battle is continuing behind the city over a front about twelve miles long. The Austrians have retreated along the railway in the direction of Dobner, eight miles southwest of Gorizia, and over the national highway to Schon Pass, six miles to the east and are now attempting to reform their front on a line extending from Vipavio to Tarnova.

Can't Divert Italians.

Meanwhile the Austrians are attempting to take the offensive at Monte Nero and various other parts of the Italian front, but thus far have been unable to divert the Italians from their operations behind Gorizia.

Popular enthusiasm is at high pitch throughout Italy. Congratulations are pouring in from all parts of the world to King Victor Emmanuel and Gen. Cadorna. The king and the chief of staff have been particularly pleased by messages from Italians in New York and other parts of the United States.

The third army, under command of the Duke of Aosta, which is still bearing the brunt of the fighting, has won high praise as well as much sympathy on account of its losses. The Duke, before the battle began, called on his army to fight and win "in the name of your mothers, your wives, your sisters and your country."

FIGHT WAS STUPENDOUS.

[Canadian Press.] London, Aug. 11.—A Daily Chronicle dispatch from Milan says: "The army that succeeds in battering down the defenses of the Isonzo will be justly able to boast itself the first army in the world."

This judgment, attributed to the late Lord Kitchener during his visit to the Italian front, is cited with proud satisfaction in the Italian press today.

A Glowing Chapter.

Accounts of the battle still filtering through are necessarily of a fragmentary character, but suffice to reveal what a glowing chapter will be contributed to the history of the great war when the story of the fall of Gorizia can be fully told. Its outstanding feature on the Italian front is that it has been a stubborn struggle, kept up till the very last, from hundreds of caverns, where, in vast subterranean halls had been excavated, serving at once as huge munitions depots and as lodgments for thousands of men.

SMOKED OUT.

From one of these great tortuous grottoes on Podgora Heights, 300 Hungarians with hand bombs and machine guns maintained a stiff, unflinching fight throughout a whole day and night and until noon on the next day. Even then they refused to give up the point of subterranean from big stores of petroleum fires which were lit at the

THE WEATHER

LOCAL TEMPERATURES. Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night. Highest 86; lowest 55. The official temperatures for the 12 hours previous to 8 a.m. today were: Highest 72; lowest 55.

TOMORROW—FAIR AND COOLER.

Forecasts. Moderate to fresh winds, shifting to west and light showers and local thunderstorms, becoming cooler at night.

Saturday.—Moderate to fresh north-west to west winds; fair and cooler.

Temperatures. The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

	High.	Low.	Weather.
Vancouver	61	44	Clear
Calgary	62	48	Clear
Winnipeg	61	44	Clear
Port Arthur	74	52	Clear
Parry Sound	86	61	Cloudy
Port Stanley	81	63	Clear
Buffalo	82	68	Cloudy
Toronto	80	55	Rain
Kingston	78	54	Clear
Ottawa	76	56	Fair
Montreal	76	58	Clear
Quebec	78	56	Clear
Father Point	72	56	Clear

Pressure is highest over Saskatchewan and the Northwest States, attended by very cool weather, while a shallow depression covers Lake Superior, causing showers and local thunderstorms over the Great Lakes. Light local frosts occurred during the night from Alberta to Manitoba.

DETACHMENT OF 71ST ORDERED TO FRANCE; WOODSTOCKERS IN IT

Lieut. Fred Hall Sends Cable to Father That Boys Are on Their Way.

[Special to The Advertiser.] WOODSTOCK, Aug. 10.—John Hall, of this city, today received a cablegram from his son, Lieut. Fred Hall, who went to England with the 71st Battalion. Lieut. Hall states that he and a number of officers and men formerly of the 71st were leaving today for France.

Most of the men in Lieut. Hall's company when he left here were from Woodstock, and much interest has been aroused by the cable. They were drafted into the 44th Battalion some time ago.

Those who are going overseas are: Gunners T. J. O'Connell, Corp. Campbell, Jack Hayes, Murray Steele, Alf Cox, Fred Taylor, Sam Polley, Will Williams.

ST. THOMAS SERGEANT MADE DRILL INSTRUCTOR

[Special to The Advertiser.] ST. THOMAS, Aug. 10.—Sergeant Harry Stevens, who left here with the 51st Battalion, has passed an examination in musketry drill, and has been appointed a drill instructor. He will be permanently in England. Sergeant Stevens was at the time of enlisting, storekeeper at the Wabash Railway here.

RECRUITER IN HOSPITAL; CHOKED BY OAT HULL

[Special to The Advertiser.] BRANTFORD, Aug. 10.—Corporal Wilson of the 21st Battalion, left behind for recruiting purposes, is in the hospital, having got an oat hull in his throat while eating. Unable to dislodge the hull, inflammation set in, and an operation had to be performed.

Another recruit has been signed up since the battalion left. A small squad has been left behind for recruiting purposes, and they will at once inaugurate an aggressive campaign to get more men to the battalion at camp.

AMHERSTBURG BOY GOES TO NAVAL SERVICE

[Special to The Advertiser.] WINDSOR, Aug. 10.—Windsor will lose one of its most popular young men when Lieut. J. E. McQueen, who has been in charge of recruiting for several battalions here will leave for Montreal, from where he will sail for England. He has received a commission in the Royal Naval Motor Patrol Auxiliary Service.

The young officer is well qualified holding papers as a lake passenger captain.

He came to Windsor from Amherstburg May 4, this year. Since that time he has obtained about 300 recruits, the Royal Canadian Dragoons, the Royal Mounted Rifles, the Army Medical Corps and the horse artillery. Although he joined as a private in September, McQueen was soon appointed a lieutenant. Since that time he has been assisting Major T. B. Balfour of Amherstburg. Lieut. McQueen is the son of Capt. J. S. McQueen of Amherstburg.

Military News of London and District

BRITAIN ASKS THAT EXTRA LIEUTENANTS BE SENT OVERSEAS

Fifty-Seven To Go From Camp Borden.

OPPORTUNITY WELCOMED

May Enable Lieut.-Col. Robson to Take One or Two.

[Special to The Advertiser.] CAMP BORDEN, Aug. 10.—Permission has been given headquarters to send fifty-seven supernumerary officers from the divisional camp staff to overseas. The supernumeraries came to camp for summer training only and understood that their only chance of going overseas would be by showing exceptional ability and replacing other officers. The shortage of junior officers at the front has resulted in a request for them from Canada. It is possible that Lieut.-Col. Robson may be able to take with him one or two of the officers who intended to resign their commissions because of the reduction of the establishment of officers.

Two Men Sentenced. Lieut. Robert S. Rudkin, 110th Battalion, today resigned his commission. His eyesight has become so weak that it is only with difficulty that he can see his rifle. In another way Lieut. Rudkin will suffer through his patriotism. He was a member of the first contingent and invalided to Canada with defective eyes, which was caused by shrapnel. His condition improved and he was accepted for service again in the 110th Battalion. On re-enlistment he was found to be physically fit and he renounced his rights to a pension. Now he is classed as a soldier who has not seen service and is not entitled to his former pension.

Corp. John O'Meara of the 158th Battalion was tried by district court-martial on charges of conduct which was prejudicial to good order and military discipline and has been sentenced to 14 days' imprisonment without hard labour. Pte. Camille Weysser, also of the same battalion, on a charge of using threatening language to a superior officer, was sentenced to six months. Ten trials are scheduled for the next three days.

The discipline here is not what the officers think it should be. They intend to impress upon the men that discipline is necessary. Lieut. P. E. Johnson and Capt. J. M. Warner of the 158th Battalion have been granted a three days' leave of absence.

Lieuts. W. M. Coghlin and Fred I. Gault, both of the 123rd Battalion, Brantford, are by today's orders become captains.

Scout Officers. Lieuts. H. A. Mowbray, 115th, W. E. Campbell, 135th, J. O. Malloy, 12nd, R. O. Swift, 149th, R. T. McLean, 161st, H. B. Johnson, 18th, A. Gilles, 18th, are now qualified to be scout officers. Lieut. L. Lott, 149th, and Lieut. G. C. Langford, 18th, are appointed brigade bombing officers. Some damage was done to railroad property on Sunday night. All battalions of the Eighth Brigade will be asked by headquarters to make it known that the 14th Battalion intend to protest against the manner in which headquarters has decided the matter.

The transport presented to the 142nd Battalion by the Lord Roberts Chapter, L. O. D. E. and Ladies' Auxiliary of the regiment, was used for the first time today. The regiment spent the day in manoeuvres. It has already proved to be a valuable acquisition to the equipment of the battalion.

Work and Play. The Eighth Brigade spent the morning at the ranges and the afternoon in watching the football match to decide the championship of the brigade, which ended in a draw. The 14th Battalion, in the evening a vaudeville concert of an amateur nature was given within the lines. Brigadier Lieut.-Col. Wigle is a strong supporter of play as well as work.

The lacrosse team of the 147th tonight defeated the team of the 180th for the brigade championship by a score of 15-10. The game was played at the stadium before a crowd of several thousand. The 14th team was McLean, Tinsley, Mercer, Saunders, Armstrong, Young, Wilson, Saunders, Oliver, Adams and Jackack.

SENT TO ENGLAND

Capt. Max McEvoy Unable to Return to Duty as Was Expected.

Cablegrams received by J. M. McEvoy, barrister, from his son, Capt. Max McEvoy, late of the 33rd, indicate that the young London officer was wounded more severely than was at first anticipated. The first word of his being in the casualty list was received in a cablegram that announced that he expected to return to duty almost at once. Such has not been the case.

Capt. McEvoy reached England on Wednesday on sick leave, and it will be some time before he returns to the trenches. It is expected. He was reported to have one ear drum shattered by shell shock, but whether his injuries are more than that is, as yet, unknown.

DONATIONS FOR SOLDIERS

Lady Superintendent of Belvidere Home Acknowledges Many Gifts.

Mrs. French, lady superintendent at military convalescent home, Belvidere, gratefully acknowledges the following donations to the home: Mrs. Bullen, 8 dozen bananas; Mrs. Yarker, vegetables; Mrs. Bishop, a game; Miss Ada Meredith, large basket of black currants; Mrs. Whetter and Miss Yarker, ice cream; books from Mrs. Bullen; Capt. T. Robson and Mrs. Marsh; magazines from Mr. Daly, Mrs. R. W. Pudicombe, Mrs. T. H. Smallman.

BECOMING PLENTIFUL

Green Corn in Larger Quantities on Market and "Roasts" Are in Order.

Green corn is becoming more plentiful on the local market these days, larger quantities being brought in on each successive market day. Despite the fears for a short corn crop and the general reports of poor quality and quantity, the prices being asked by the producers are not considered excessive.

With the quantity steadily increasing corn "roasts" will now be quite in order.

LITTLE STORIES OF CAMP BORDEN

SAY INVESTIGATION EEEDED.

Members of the Toronto City Council are continuing in their denunciation of Camp Borden conditions. At the city council meeting there yesterday, Ald. Joseph Gibbons declared that he would not send a dog to Camp Borden. "They are not properly fed. They are smothered with dust, and the conditions are such that the men, when they come back, tell others not to enlist," declared Ald. Gibbons.

Ald. Ryding said that this was a serious charge, but Ald. Gibbons said the conditions were well known and should be investigated. "Parliament will investigate them," said Mayor Church.

SOFT BEER PROHIBITED.

The ban on soft or non-intoxicating beer has been ordered by Brig.-Gen. Logie. The order has caused some dissatisfaction among the men, but according to the senior camp staff it was taken as a precautionary measure to prevent hard stuff being smuggled into the regimental canteens with the under-per cent beers.

PHYSICAL TRAINING.

Elaborate arrangements have been made all over the camp for physical training. Among some of the stunts which the men have to perform is the task of scrambling over a wooden wall ten or twelve feet high, an accomplishment that requires strenuous effort. There are wide ditches and hurdles to jump, fences to vault over and zig-zag planks to run across. Besides the improvement in physique which the exercise entails, the work trains the men to overcome their difficulties which have to be encountered in active warfare.

NOT THERE YET.

The detachment of the Canadian Permanent Army Pay Corps, which was supposed to have come into camp this week, has not yet arrived. In all 50 paymaster men are coming and will be quartered in one of the permanent buildings erected at the camp.

CAPTAIN IN 161ST.

Lieut. Charles K. Macpherson of the 33rd (Huron) Regiment has been appointed a captain of the 161st (Huron County) Overseas Battalion.

ON INSPECTION TOUR.

Brig.-Gen. W. A. Logie, camp commandant, has been on a tour of inspection of the 158th Battalion, which is now at the Mount Rennie Depot at Hamilton and the camp at Niagara. The general was accompanied by the G. O. C. of the district and camp.

PRaise FOR WATERLOOS.

Following his inspection of the 115th (South Waterloo) Battalion, Maj.-Gen. Lessard declared that the 115th was one of the best he had seen on his inspection tours. The unit won golden opinions of itself for the general conduct and discipline of the men on the rifle ranges.

IMITATION BATTLE FRONT.

The members of the school of bayonet fighting and physical training will give an assault on their training area next Monday for the entertainment of the camp. An extensive battle front, consisting of imitation shell holes, trenches, entanglements, pitfalls, six-foot walls, barricades and other obstacles has been literally thrown together at Camp Borden for practice in training bayonet attacks over rough ground. The work was carried out under the direction of Lieut.-Col. May, a returned officer. The actual work of building the sector was done by the soldiers under the guidance of Capt. Hugh Galt, former prominent Varsity athlete. Capt. Conover will look after the training of the soldiers on this roughened area.

198 IN HOSPITAL.

The parade state of the camp hospital was 198 on Thursday. In all 22 cases were admitted on Wednesday and 25 patients were discharged as cured.

1,000 ON LEAVE.

More than 1,000 members of the camp signalling school are now away on harvest furlough, leaving only 600 out of the total number of 1,700 in camp.

STRUCK OFF STRENGTH.

Yesterday 25 men carried on the strength of battalions now at the camp were officially "struck off" the camp strength as absentees. Of the total more than half were from a Toronto battalion that will leave for overseas within a short time.

AT TRENCH SCHOOL.

Lieut. R. A. Paul of the 153rd Battalion has been detailed for duty at the school of trench warfare until further orders.

153RD TO TAKE 111TH PLACE AT COVE RANGES

Wellington Battalion Starts Musketry Monday.

The 111th Battalion has been ordered to return to camp at Carling Heights on Monday, the 14th instant. The unit has been at the Cove ranges completing its musketry course for the past two weeks.

As soon as the Cove range is vacated by the 111th, the 153rd will be sent down to take its course.

MAKING OWN ARRANGEMENTS.

Commanding officers as usual are making their own arrangements for church services on Sunday.

SAYS ACID STOMACHS NEED MAGNESIA

Calls Bismarck Magnesia Safest, Quickest and Most Effective Food and Acid Stomach Corrector.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles is due to the fact that it quickly neutralizes the excessive acid in the stomach and thus stops food fermentation. The direct cause of nearly all stomach troubles. Of the many forms of magnesia, such as bicarbonates, oxides, citrates, sulphates, etc., the most suitable and efficient for stomach purposes is bismarck magnesia, a tea-spoonful of which taken in a little water after eating, or whenever indigestion is felt, will instantly neutralize the excessive acid, stop fermentation, and make painless and normal digestion easy. Be sure to insist, therefore, that your druggist supply you with magnesia in the bismarck form—either powder or tablets. Stomach sufferers who follow this plan and avoid the use of pepper, charcoal, soda, salts, and other irritating agents, are assured to find the stomach once relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digesters.

BRUCE AND WELLINGTON UNITS MOVING CAMPS

Will Occupy Lines on Carling Heights From Now On.

Most of the men of the 153rd Battalion have returned from harvest furlough and the unit has received orders to move their camp to Carling Heights from Hillcrest. It will occupy the lines of the 118th Battalion.

The officers' mess house is being moved over today, and it is stated that the first of the next week will see the Wellington unit on the Heights.

The 160th Battalion is also to be moved to the Heights. The Bruce battalion will occupy the old lines of the 110th, nearest headquarters. The men of the 160th who are away on furlough, almost 1,000 of them, will be back by the 17th of the month.

The changes in location of the battalions are considered necessary to the expeditious administration of the camp.

FOUR KILLED, 17 HURT, WHEN SHELL EXPLODED

London Private of 1st Battalion Figured in "Bath House" Tragedy.

Two members of the 1st Battalion were killed; two were so badly injured that they died of their wounds, and 17 more of the same unit were wounded by one German shell that exploded in a bath-house, behind the lines, where the men were bathing, according to a letter received here from the 1st Battalion. Harry Nelles of this city, was in the bath-house at the time of the explosion, but escaped uninjured.

For more than a year Pte. McLeod has been in France, and has so far escaped injury or wounds. He is a brother of Corp. Roy McLeod, formerly of the 1st Battalion, who is now home on sick furlough from the front. Corp. McLeod went over with No. 4 Depot Unit of Supply, C. A. S. C., of the first contingent.

NEW REGULATIONS WILL RELEASE MANY GUARDSMEN

Expected to Enable Many Others to Join for Home Service, Too.

Modifications of regulations for the physical conditions of men signing on for home service, issued by the militia department of the government, will make it possible for many more men to sign on with the home guard in London, and will enable a number of those already in the guard throughout Ontario to go overseas.

Because of the fact that regulations change from time to time few guardsmen are able to get the necessary medical certificates to enable them to sign on for military service. Many people have complained of the fact that rejected men are not supplied with certificates, and authorities have come in for much adverse criticism. Once a certificate is issued it stands in the face of all new regulations, and no time limit must be put on it. It is for this reason that so few are given.

Recruiting at the armories for overseas units is continuing at the latest level. Fred Price, Bachelor, went to the Engineers. He came from Detroit to enlist with the Canadian forces.

FOR 142ND

Sock Shower To Be Held on Monday Next.

A "Sock Shower" for "London's Own" Battalion will be held in St. Andrew's Church ladies' parlor next Monday, August 14, from 3 to 5 p.m. In all 1,000 pairs are needed, and "Give what you can" is the motto of the request. On behalf of the Women's Auxiliary of the 142nd Battalion, Mrs. Alex. Calder acknowledges the following donations to the "sock fund":

The women's: Mrs. C. M. R. Graham, 55; Mrs. Fred Grant, 55; Miss Mary Hannah, Chicago, 55; Victoria School Mothers' Club, 53; Mrs. (Capt.) George Fraser, 2,500; Mr. J. Wainwright, 52; Miss Hornditch, 51; Woman's Auxiliary 142nd, 25 pairs socks; Mrs. Wolfe, 4 pairs socks; Mrs. George Brown, 2 pairs socks; Miss N. Gilbert, 2 pairs socks; Miss Fairbairn, 2 pairs socks; Mrs. Benson, 2 pairs socks; Mrs. C. R. Crowe, Guelph, 1 pair socks; Miss N. Turnbull, Guelph, 1 pair socks; Miss K. C. Skinner, Guelph, 1 pair socks.

ENLISTED HERE

16th Private Given Military Cross—Joined Battalion in City.

Pte. Thomas Jones of the 18th Battalion, who has been awarded the Military Cross for bravery on the field, the award being announced in the London Gazette of today, joined the regiment in this city on April 13, 1915. An Englishman by birth, Pte. Jones' next of kin is given in his attestation papers as David Jones, of 17 Little George street, St. Jude's, Bristol, England.

TO NAME OFFICERS

Local Branch of Soldiers' Aid Commission Organizes on Monday.

The members of the London branch of the Soldiers' Association will meet in the council chamber at 5 o'clock on Monday to consider a report from the committee in regard to nominating officers.

EAGER STRATFORD MAN WOUNDED IN KNEE

[Special to The Advertiser.] STRATFORD, Aug. 10.—Word was received in the city today by Mr. and Mrs. William Scott, that their son, Pte. James Henry Scott, had been wounded and is now in No. 50 Casualty Clearing Station suffering from a gunshot wound in the knee.

Pte. Scott enlisted here with the 24th Battalion, and was soon promoted to sergeant. However, so eager was he to get to the front, that he gave up his stripes to go with the first draft. He had been in France since May 25. He is 28 years of age, and before enlisting was employed with the Bell Telephone Company.

Two of his brothers are also in uniform. Wilfrid enlisted at Owen Sound with the 20th Battalion, while Francis is at Camp Hughes with the 198th Battalion.

Sure Son is Killed. In reply to a query made at Ottawa, Pte. Fred Bryant today received a telegram from the militia department stating that the regimental number of her son, Pte. James Bryant, who was reported a few days ago as missing and

Shopping News For Saturday

Merchandise New and Attractive in August Clearings

There's a feeling of buoyancy now in the very air we breathe, and what a stir the Saturday Sale announcements make at this store. This is the store of new things; new things smile at you from every counter and show case and garment rack, but they are not allowed to remain. The time has come for the quick clearance of all summer apparel and Saturday's prices should be the most effective yet.

BOARD'S ORDERS NOW SETTLE RAILWAY CASE UNTIL 1917 AT LEAST

Provincial Approval of Work Ends 1916 Differences.

"FINIS" IN DISPUTES

Countless Meetings, Cutting Off of Sunday Cars, etc., Necessary During Year.

The Ontario Railway and Municipal Board has approved of the plans for the extension of the London Street Railway on the Hamilton road, from Egerton street to West street, the double-tracking of Dundas street, from Queen's Park to the Interlocking line, and the double-tracking of the Hamilton road.

The order allowing the work to proceed, and carrying with it the board's approval, have been received by City Clerk Baker, and copy sent to the London Street Railway.

The issue of these orders means that all questions of dispute between the city and the company have been settled for 1916, and that Sunday cars will run without interruption until the 1st of May, 1917.

For many weeks there were meetings and discussions, and considerable bitterness over the question of track extensions and Sunday cars.

The franchise for the latter was used to compel the company to give the Hamilton road extension. The city was not entitled to this unless a special census, showing that the city had more than 45,000 population, were taken. However, the company yielded, after Sunday cars had been cut off for a couple of weeks, and agreed to the extensions.

Some wanted a line run up Quebec street, but the majority of the council members were favorable to the Hamilton road extension, and it was carried. The question of paving was settled some time ago by agreement. The company will pave the Hamilton road to Egerton street, Dundas east, portions of Adelaide and Rectory streets, and Beaufort street.

JUDGING SCHOOL PLOTS DEPARTMENT'S BIG TASK

76 Rural Schools With Average of 20 Gardens Each in County Competition.

E. I. Loughery of the Middlesex Branch of the Department of Agriculture, assisted by S. E. McInroy, school teacher at Poplar Hill, whose services have been secured by the department, are busy engaged at the present time inspecting and judging school gardens throughout the county.

This year, 76 schools have entered with enthusiasm into the competition, each having on an average of 20 gardens. The fact that the pupils cultivate the plots at their own homes adds to the task of the judges who must pay all the more visits.

But in this case, no objection is made to the large amount of territory which must be covered. The department is only too glad to see the gradual accomplishment of its ambition, the interest of the boys and girls of school age, in rural life and in farming in an intelligent, scientific manner. The plots are judged on the following points:

Figure and uniformity of growth 10
Kind of plants 5
Care in laying out plot and seeding 5
Freedom from weeds 25
Freedom from insects, blight, rust, etc. 15
Cultivation and general care during summer 25
Total 100

At the annual rural school fairs will be fruits from these school gardens. The first of the fairs will be held on September 19.

ADDITION OF KILWORTH SPRINGS BEING TAKEN UP

Report on This Water Supply Now Being Prepared.

It is probable that a proposition to connect up the Kilworth springs to the city waterworks will be considered very shortly. There is no question but that data on the springs is being secured, and General Manager E. V. Buchanan of the utilities commission is preparing a report on this proposition.

At Kilworth, including the Hobbs, Millard, Henderson and other springs, there is said to be a supply of more than one million gallons of water, in all probability two million gallons, which can be connected for less than \$150,000. There is no doubt about the purity of this water. It will flow by gravitation to Springfield, where it is plenty of pumping capacity to take care of it. It is very favorable to this idea, and a position to that effect will be considered very soon.

"We want water, and lots of it, no matter where it comes from," said Commissioner Mitchell. "We want it soon. So long as it is of the right quantity and pure, I do not care where it comes from."

GREAT FOR CROPS

Last Night's Rain Adds to Value of Grain and Fruit of District.

Falling on ground still very thirsty after the long drought, in spite of the showers of Monday night, it is estimated by agricultural experts, that the steady rain of last night has done the standing crops a world of good. A large part of the wheat crop is now under cover and consequently in no danger from soaking. The moisture is just what is needed for the late oats and barley beginning to fill out, and is also very much needed by the corn.

Apples and peaches will also derive much benefit.

NO WATER REBATES

Lack of Service No Fault of City Is Claim.

There will be no rebate for street watering, according to city officials. Some of the citizens, particularly on paved streets, who have paid the tax claiming that they are entitled to at least a cent a foot, are complaining of streets having been waterless for at least a sixth of the season.

"There will be no rebate," said a city hall official. "The city would have given the service had the utilities commission permitted."

According to Chairman Pocock, there will be no rebate for lawn services because the service was cut off for a time.

CITY BREVITIES

INVITATIONS OUT.—The special invitations, issued by the president and officers of the Irish Benevolent Society for the annual picnic at Port Stanley next Wednesday, are now out.

CONDITION SATISFACTORY.—A cable just received states that the condition of the crew of the *Albatross*, who were recently shot through the chest while fighting in France, is satisfactory. He is a son of Dr. C. S. Moore.

YOUNG LIBERALS TO GO TO FALLS.—The Young Liberals Club of Woodstock go by special train to Niagara Falls Saturday for their annual excursion. The train starts from London and leaves the Grand Trunk station at 10 o'clock in the morning.

A GOLDEN LILY.—S. F. Wood has placed on exhibition in the main corridor of the public library, a magnificent specimen of the golden lily of Japan (*Lilium auratum*). The specimen was grown from one of three bulbs given last year by the London Horticultural Society to each of its members.

DANGER ZONES.—Mayor Stevenson is going to have a safety zone established at Richmond and Dundas streets. Officials will be out shortly with a can of paint and a brush setting off sections further than which automobiles must not pass. His worship expects this to do away with much of the danger at this crossing.

BIRTHDAY PARTY.—A number of the friends of Dr. William Nesbitt, M. D., of Essex, Ont., gathered at the home of his parents, Mr. and Mrs. James Nesbitt, last evening. The party was given to honor the doctor on the occasion of the celebration of his birthday. Dr. Nesbitt, who enjoys a large practice in Essex, received the warm congratulations of the guests, many of whom were old school chums.

ACTION FOR RECOVERY.—Brickenden & McCrimmon of this city have issued a writ against Ross & Co. of Valhalla for \$406.88. This writ, they claim, is the price of goods delivered to the defendant and two bills of exchange drawn by the plaintiffs upon the defendant and accepted by them. They also ask a 5 per cent interest until judgment is given, and costs amounting to \$25.

BURNED VICTIMS IMPROVING.—At the condition of Victoria Hospital as to the condition of the two men, who were burned by a blast from the furnace at the Empire Brass Works, on Tuesday evening, and that of Mrs. William Horton, burned by a boiler explosion on Wednesday morning, show both to be improving. Both were attending physicians have in each case a very good prognosis.

MESSAGE UNDELIVERED.—An official telegram addressed to Mrs. Agnes Miller, 364 Ottawa avenue, was received by the fact that the carrier, Mr. Miller, 124705, infantry, had been admitted to hospital, was undelivered today. The information was given to the telegraph company, and it is now reported to be in this city, and is now reported to be in No. 32 Stationary Hospital at Wilmers, suffering from gunshot wounds in the head and shoulder.

SUCCESSFUL GARDEN PARTY.—In spite of somewhat chilly weather, a large number of people spent an enjoyable evening at a garden party held on the lawn of the Church of the Epiphany, Monday night. The lawn was very prettily decorated, and a large number of ladies had been prepared by the ladies. A good program of dancing and songs was presented. Miss Irene Ayer, Miss Irene Stark, Miss Tullet and Master Fred Dunlop delighted the party with a number of Scotch dances. Miss MacCarthy and Master MacCarthy presented a number of piano and vocal selections. The eloquentists of the evening were Mr. S. J. Hignam and Miss Tullet.

G. T. R. TO RAISE FREIGHT EMBARGO BY SATURDAY

New Rapidly Cleaning Up "Dead Freight" Held at Border Is Claimed.

Divisional Supt. W. R. Davidson of the Grand Trunk in Buffalo this week working on the embargo that was placed on "dead freight" from the States by the G. T. R. It has been officially announced that the embargo will be raised by the end of this week. Shortage of power on the Ontario lines of the Grand Trunk and not fear of the general strike on the American railways is claimed to be the reason that this embargo was placed. It was alleged that the G. T. R. could have raised the embargo on the Lehigh Valley and Pennsylvania roads, but that it refused the chance.

General Superintendent H. E. Whittemore of the Ontario lines denies this allegation and declares that the embargo will be lifted by Saturday night.

Coal brokers and agents have been busy in their complaints over the embargo and claim that the result has been serious in smaller towns and centres where manufacturers buy coal in car lots. The embargo has not only cut off a car at a time. Coal, more than any other else, has been effected by the embargo, which has been caused by the lack of power. The embargo was placed on the tremendous freight business being done locally sent 40 per cent of the engines of the Ontario lines to the shops at Stratford for general repairs. Shortage of engine crews, due to enlistments, has been a contributing cause of the tieup.

Each day the situation at the frontier becomes better. Today there are only 1,200 cars at Black Rock, and the normal state is 400. At St. Clair, Detroit, Windsor, Port Huron and Sarnia, the yards are being cleaned up rapidly.

STREET CAR VICTIM'S CONDITION SERIOUS

Man Who Was Rolled Beneath Fender May Be Injured Internally.

The condition of John Simmonds, 848 Dundas street, who was Thursday morning rolled under the fender of a Dundas car at the corner of Dundas and Wellington streets, is today reported to be as well as could be expected. Mr. Simmonds sustained several broken ribs, had his fingers cut and had the skin from practically his entire body taken off by the accident. Dr. F. P. Drake, the attending physician, does not know yet whether internal injuries have resulted.

Mr. Simmonds crossed in front of the car, was knocked down by the fender and rolled under. Fortunately the car was proceeding slowly at the time, but he was terribly bruised.

PATRIOTIC FUND'S LOCAL LIST ADDS ONE NAME DAILY

160 More Applications Received in June; 44 in July.

\$11,000 FOR MONTH'S NEED

Low Cost of Administration Here One of Features of Association.

This morning's mail brought to W. M. Spencer, honorary chairman of the London Patriotic Association, a check for \$11,000 to cover disbursements for the month of August to fully 900 beneficiaries of the fund, and office expenses.

Considering the large amount administered and demand on ability and time required for the work, it is remarkable that the cost of administration is less than one per cent of the total amount each month. This is owing to the fact that the services of the honorary chairman and secretary, from the London Patriotic Association, are given gratis and that office, light, heat and the janitor are contributions to the cause. Further, the services of the expert accountants, Mr. J. Morris and her assistants are obtained for modest salaries, which total \$19 monthly.

Every expenditure tabulated. Tab kept on every stamp used, and last month's stamp bill, including stamps placed on envelopes and checks, amounted to only \$40. The fund is placed in the bank here to the credit of Hon. Sir T. W. White, minister of finance. Each month a requisition is sent to Ottawa by the London Association for the amount required to cover expenses, and the minister of finance replies with a check such as that which came today.

As the names of the applicants are received to be placed on the list of beneficiaries, these are forwarded to Ottawa, accompanied by a full record of the case. In the office of Sir Herbert Ames, honorary secretary for the Dominion, a large corps of girls is engaged all the time making out records on cards for filing.

Audited at Ottawa. Each month a full statement of disbursements is forwarded to the headquarters in Ottawa from the London branch, accompanied by the vouchers which have been returned from the bank, and which agree to the last cent with the statement. Each month in Ottawa the statement of the London branch is audited to a cent.

Notwithstanding the large amount disbursed, the London branch is headed by the staff of the London Patriotic Association. Each month the chairman of the association, W. M. Spencer, is assisted by Mr. J. Morris, manager of the Huron and Erie Mortgage Corporation, are confronted by the task of examining and signing each of the 300 or more checks to be sent out. Thanks to the accuracy of the accountant, the examination is only a form, so far as any need of making changes is concerned.

One of the prerogatives of the headquarters at Ottawa is to question where it is considered a beneficiary is not entitled to the fund, or too little. It is a very complimentary to the efficiency of the London Patriotic Association that though it has been affiliated with the National since last March, it has not been the subject of a single query has been made regarding method or administration.

Names of new applicants are being added to the local list on an average of about one a day. In June, 160 new names were added, while in July there were 44. The total number of names in the list on the 1st of July was 1,244. The list is being added to the local list on an average of about one a day. In June, 160 new names were added, while in July there were 44. The total number of names in the list on the 1st of July was 1,244.

DEATHS AND FUNERALS

FUNERAL OF MRS. MALPASS.

The funeral of Mrs. Elsie Malpass, who died in Detroit last March, will be held from the residence of her brother, Robert Milne, 141 Biscuit street, Thursday morning at 8:45. Requiem mass will be said at St. Martin's Church by Rev. Father Laurendeau. Mrs. Malpass was the wife of Alex. Malpass.

The pallbearers were Messrs. Robert Milne, John Anderson, J. McLaughlin, Peter Anderson, G. Johnston, Robert Anderson.

VICTIM OF ACCIDENT BURIED

The funeral of Charles Rennie, who was killed at Chatham on Tuesday morning while working on an engine, was held from the undertaking parlors of N. J. Griffiths, Thursday afternoon. The services were conducted by Rev. Canon G. B. Sage. Interment was made at Woodland Cemetery.

SIX members of the Brotherhood of Locomotive Engineers acted as pallbearers.

MRS. TRIPP BURIED

The funeral of Mrs. Joana Tripp, the victim of an automobile accident on Wednesday at the corner of Dundas street and the Market Lane, was held this morning at 9:30 to the G. T. R. depot. The remains were forwarded on the 10:28 train to Stratford, where interment was made in the family plot. The services were conducted by Rev. C. R. Gunne.

FUNERAL OF MRS. McVICAR

The funeral of Mrs. L. Russell McVicar, only daughter of Mr. and Mrs. Donald A. McVicar this city, whose death took place on Sunday morning at her home, was held Thursday afternoon from the McVicar residence, 820 King street, Rev. Dr. Gustavus Murton conducting the services both the house and at Mount Pleasant cemetery.

The remains were brought to this city for interment by the husband and the parents of Mrs. McVicar, who were visiting her when she was taken ill, only eight days before her death. Among relatives who came for the funeral were Dr. and Mrs. McVicar of Newburg, Ontario, and Mr. McVicar and cousin Mrs. (Dr.) Clare of Toronto, Mrs. (Dr.) McClure, Bay City, sister of Mrs. McVicar and Mrs. Mackenzie of Chatham, a sister of Mr. McVicar.

The funeral was private, and attended only by relatives and a few close friends. The pallbearers were: Harold Garner, Fred Grant, J. Dunbar, O. L. Robb, John Poliski and Frank McKay. Mr. McVicar is obliged to return immediately to Regina owing to business, and leaves on Saturday for the west.

FUNERAL OF THOMAS SCOTT

The funeral of Thomas Scott, who died on Tuesday, was held this morning from the undertaking parlors of John Ferguson's Sons. Services were conducted at noon by Rev. W. M. Walker, pastor of South London Baptist Church. Interment was made at Delaware cemetery.

VETERAN POSTMASTER OF CITY, SOON TO CELEBRATE HIS 81ST BIRTHDAY, RECALLS OLD TIMES

Dr. Peter Macdonald Came to London More Than 70 Years Ago and Lived Here During Pioneer Days Before Advent of Railways to This Section of Western Ontario.

Birthday congratulations will be due Dr. Peter Macdonald, postmaster of London, on Monday next, August 14th. Asked to give an account of his life, who noted his erect carriage, spry walk, clear, keen eyes and general appearance of health and vigor, would probably say, "Between 65 and 70."

A group of people who had known London's postmaster for many years, personally or by reputation, referred to him a few days ago in conversation. The local dates which were given, were clear, clear, and general appearance of health and vigor, would probably say, "Between 65 and 70."

"Really?" exclaimed others. "Why, he looks much younger than that." The local dates which were given, were clear, clear, and general appearance of health and vigor, would probably say, "Between 65 and 70."

By any chance makes mistakes, says that "Really?" exclaimed others. "Why, he looks much younger than that." The local dates which were given, were clear, clear, and general appearance of health and vigor, would probably say, "Between 65 and 70."

RED TAPE HOLDS UP DELIVERY OF MAIL FROM MEN AT FRONT

Letters From France Set Aside Until Stamps Are Affixed.

MANY ARE COMPLAINING

Ex-Mayor Spencer Finds Cause for Delay in Round-About Methods.

Complaints from relatives of soldiers at the front regarding the delay at the local postoffice in handling letters from their soldier sons and husbands are being made.

Ex-Mayor W. M. Spencer, chairman of the relief committee of the Patriotic Fund for two years, confirms this. Mr. Spencer has a son, Lieut. A. C. Spencer, Canadian Corps, Cavalry Regiment, now in France for nearly one year, and letters sent home by him were plainly being delayed. Mr. Spencer went to the postoffice and investigated the matter. He was informed that it was customary to lay aside the letters from soldiers at the front, as the understanding between the post-office and the militia department was that these letters should be stamped at the local office. Letters from the British Isles were delivered without delay, but these from the men engaged in actual fighting were held up until someone could find time to affix postage. The result was that those letters missed at least one mail, and if they arrived on Saturday were not delivered until Monday.

"No one who has relatives at the front can realize the anxiety to secure letters as soon as they come," said Mr. Spencer. "It quickly becomes known that the mail has arrived, because people get letters from the British Isles and others learn that the over-sea mail has arrived. When they know that this mail is being set aside until the postoffice has time to handle it, they feel that they are getting something out of the deal."

It is difficult to understand why stamps cannot be cancelled in bulk if it is necessary for the two departments to keep track of their transactions, thereby obviating any delay in delivery.

Miss Madeline Graham of London has returned home after a month's visit on her vacation, visiting friends at Lenore, Irene, to Rev. Goodie, at Port Stanley.

Miss S. Goldburg of Detroit is spending her vacation visiting friends at Lenore, Irene, to Rev. Goodie, at Port Stanley.

Mr. and Mrs. Frederick William Wright, St. Thomas, announce the engagement of their only daughter, Lenore Irene, to Rev. Goodie, at Port Stanley.

Mr. and Mrs. Harry Roe left yesterday to visit in Barrie. Mr. Roe is at Camp Borden at present.

MAY RAISE PRICE OF BREAD
MONTREAL, Aug. 10.—Bakers in
Montreal are meeting this afternoon to
discuss raising the price of bread. The

present retail price is eight cents, and
it is suggested by some bakers that nine
cents should be the figure in view of
present flour quotations.

MUSCOVITE FORCES FORDED THE RIVER, NEARING STANISLAU

Zlota Lipa Crossed in West-
ward March.

GALICIAN PLAN MATURES

Gen. Letchitzky Fast Follow-
ing Up His Recent
Victory.

PETROGRAD, Aug. 10, via London.
—9:43 p.m.—Russian troops have forded
the Zlota Lipa River in Galicia, east
of Stanislaw, in the continuation of
their progress westward of the Mon-
asterzyska-Niznifoff railway, says the
official statement given out by the war
department this evening. The state-
ment follows:

"On the River Sereth, between the
villages of Metenize and Nosowce,
fierce fighting is going on, the Aus-
trians and Germans making a series
of counter-attacks against the woods
we occupy in the foreground of the
villages. Up to now we have captured
20 officers and 1,300 men.

"On the Monasterzyska-Niznifoff
Railway line, our troops have made
some progress in a westerly direction,
and have forded the River Zlota Lipa
at some points, as the bridges over the
stream have all been destroyed."

GUNS MENACE STANISLAU.
POTROGRAD, via London, Aug. 10.—
The town of Stanislaw, in Galicia, is
already within the range of the Rus-
sian guns. The Russian general, Letch-
itzky, losing no time to follow up his
victory at Tysmenitsa, has pushed
westward along the railroad and north-
ward, along the wagon road, and in
the latter direction has approached to
within six miles of Stanislaw. Simul-
taneously he has announced a drive
across the Kopronek River, and the for-
mation of a new line of advance north
of the Dniester.

Hitherto Gen. Count Von Bothmer
had enjoyed the most secure position
for his right on the Tarnopol position
from the flooded Dniester.

A New Element.
The appearance of an offensive north
of the Dniester, which has already car-
ried the Russians as far west as the
crossing of the river at Niznifoff, in-
jects an entirely new element into the situation.
With Monasterzyska seriously flanked,
Gen. Von Bothmer finds himself with
Gen. Letchitzky in the rear of his ad-
vanced position along the railroad, and
in close touch. The Austrians are
vainly striving to stem this new ad-
vance by desperate counter-attacks, in
which the troops engage in hand-to-
hand encounter, but apparently with
the net result always favoring the Rus-
sians.

The totalling of Gen. Letchitzky's
prisoners during the ten days' opera-
tions shows that he has taken upwards
of 15,000, and it is estimated at 10,000
more men were put out of commission.
This would bring the grand total of
prisoners to Gen. Brusiloff's credit
since early in June to 402,000.

CONDITIONS IN PERSIA IMPROVE FOR THE ALLIES

German Parties and Agents Arrested
or Dispersed.

LONDON, Aug. 10.—The general
condition of affairs in Persia has re-
cently shown a decided improvement,
said Lord Robert Cecil, minister of
trade and parliamentary under-sec-
retary for foreign affairs, in the House
of Commons today. The arrest or dis-
persal of most of the German parties
and agents in the country, he added,
gave good reason for hoping that the
improvement would be maintained.
Lord Robert said he hoped that ar-
rangements on financial and other
questions would shortly be arrived at
with the Persian Government. Anglo-
Indian officers would be engaged in
offering gendarmes in Southern Per-
sia.

Brusiloff Given
Jeweled Sword

LONDON, Aug. 10.—The Rus-
sian emperor has presented to
Gen. A. Brusiloff a sword of
honor of the Order of St.
George, ornamented with dia-
monds, for his victories over
the Austrians and Germans in
Galicia and Volhynia, says a
Reuter dispatch from Petro-
grad.

IMPREGNABLE, BUT TAKEN.
PARIS, Aug. 10.—3:25 p.m.—The city
of Gorizia was virtually in our pos-
session after the evening of August 8,
when the fortified barriers were taken
by assault by the third army and our
forces crossed the Isonzo, notwith-
standing the destruction of bridges
by the enemy," says a semi-official
statement forwarded from Rome by
the Havas Agency.

"Our advance attack on the main
bridge began on August 6, so that in a
battle of three days the most impor-
tant fortified position on the Isonzo
front fell into our hands. It was car-
ried as the result of one of the most
violent attacks on a fortified position
that has occurred in the European
war. It should be remembered that
Austria had given particular attention
to the fortifications of Gorizia, which,
owing to the difficult nature of the
ground and the manner in which the
heights had been fortified, were re-
garded as impregnable."

LINE STRAIGHTENED, VIENNA, AUG. 10.—Via London, 12:20 a.m.—The official statement is- sued from general headquarters today reads:

"Owing to the situation brought
about by the evacuation of the Gorizia
bridgehead, the town has been given
up after a sanguinary repulse of fresh
Italian attacks on the Dobrodo plateau.
The necessary straightening of our
line was carried out unhindered by the
enemy."

"We have captured 4,100 Italian pris-
oners in the last few days."

Berlin Ignorant
Regarding Bremen

CADORNA ADVANCES EAST OF GORIZIA, PURSUING AUSTRIANS

An Austrian Aviation Station
Has Been Captured.

BOSCHINI IS OCCUPIED

Italians Keep Steadily On Af-
ter Taking Great Strong
hold.

New York, Aug. 10.—A News Agency
dispatch from Rome, published here to-
day says:

The Austrian aviation station of
Alsavizza, six miles east of Gorizia, has
been captured by Italian troops who
are continuing the pursuit of the Aus-
trian forces that retreated from Gorizia,
according to reports received here to-
day.

Cavalry detachments and Bersaglieri
Cyclist detachments entered Alsavizza,
after putting to flight the Austrian
rearguard, which attempted to make a
stand in the eastern suburbs of Gorizia.
In this action a body of Austrian troops
is reported to have been cut off from
the main force.

PIERCE ENTRENCHMENTS.

Rome, Aug. 10.—Via London, 6:15 p.m.
—The Italian have captured the strong
Austrian entrenchments northwest of
Monte San Michele, on the Isonzo front,
and near the village of San Martino.
The town at several points under heavy
fire. The presence of hostile forces
is reported on the heights northeast of
the town, on the hills of Rosenthal and
at several points along the Vertebbia
line. Our cavalry charged the enemy
with standards flying, inflicting heavy
losses and taking several hundred pris-
oners.

"On the Carso, after very hot fight-
ing, our troops succeeded in piercing
the strong entrenchments northeast of
Monte San Michele and near the village
of San Martino and occupied Boschini.
Prisoners continue to arrive. We
have counted up till now 255 officers
and 12,072 men.

Yesterday the enemy attempted to
relieve the pressure on the lower Ison-
zo by violent attacks and heavy bom-
bardment of various other portions of
the front," the statement says. "Ac-
tions of this kind took place on the
Tonale, in the Glisiciana and Isararia
valleys, on the Pashio, on Monte Ci-
mone, in the Val Travignolo and on
the Metil. Everywhere we maintain-
ed our positions."

A squadron of eighteen Caproni
aeroplanes, escorted by Neupont
machines, raided the supply stations at
Pravatica and Dornber, dropping
three tons of high explosives were
dropped on the railway stations and
on military depots. Good results were
observed. Notwithstanding the intense
fire of hostile aeroplanes, one of
which was brought down, the squadron
returned safely.

"A hostile aircraft dropped bombs
on Venice. Two persons were killed
and some damage was done."

IMPREGNABLE, BUT TAKEN.

reduced from \$1.25, \$1.39
and \$1.50. Choice ... 98c

Britain's Income
Equals Her Debt,
Says Chancellor

Financially Nation Is Not in an
Alarming Position, He
Proves.

LONDON, Aug. 10.—Reginald Mc-
Kenna, chancellor of the exchequer, was
subjected to criticism in the House
of Commons today on the ground of over-
reliance upon treasury bills, his critics
arguing that the large amount of such
bills outstanding constituted a danger,
and that the Government ought to have
issued another war loan.

In the course of his reply, the chan-
cellor claimed that Great Britain was
able to borrow abroad at much lower
terms than any other belligerent power.
He estimated the nation's total in-
debtedness at the end of the present
financial year to be £3,440,000,000.

From that amount, said the chan-
cellor, the nation was entitled to deduct
£2,000,000,000 lent to allies and dominions
of the Empire, the sum left being a
burden it could well sustain, as it was
practically balanced by the present
national income. In fact, he declared,
Great Britain was in the position of a
man whose income was £5,000 and
whose debts amounted to £5,000, which
was not an alarming position.

TORONTO GIVES \$25,000
Cuts Proposed Grant to Fire Sufferers
in Half.

TORONTO, Aug. 9.—The city coun-
cil at a special meeting tonight rejected
a motion that the city grant \$50,000 for
the relief of the Northern Ontario fire
sufferers and substituted \$25,000 in-
stead.

ALLEGED COUNTERFEITERS
ARRESTED IN MONTREAL

Three Captured With \$20,000 in Bad
Bank Notes.

MONTREAL, Aug. 10.—Chief Detec-
tive Charpentier today arrested three
men, Louis Charbonneau, representing
a French manufacturer, Alfred Goulet,
printer, and J. J. Chartrand, real
estate dealer, on a charge of counter-
feiting.

Counterfeit Bank of Montreal \$5
notes amounting to \$20,000 were seized,
as well as a press and zinc plates, al-
leged to have been used to print the
bills. A fourth man is being held by
the police on a charge of distributing
the money, but his name is withheld.

TOTAL PRUSSIAN LOSSES
NEARLY THREE MILLIONS

NEW YORK, Aug. 10.—According to
a Journal dispatch from Amsterdam
today the latest Prussian official casu-
alty list adds 67,461 to the Prussian
losses, making a total of 2,913,387 since
the beginning of the war.

TWO QUEBEC CHILDREN
PERISH WHEN HOME BURNS

QUEBEC, Aug. 10.—Trapped in a
rear room, where they were sleeping,
two children perished shortly after
8 o'clock this morning in a tenement
house fire on Hermine street, this city.
The dead are Roland Verret, aged 4,
and Cecile Lemelin, aged 6. The par-
ents of the children had gone to work,
leaving them to the care of Albertine
Lemelin, 12 years old, who saved two
other little ones by jumping to the
street from the second-story window.

Toronto Will Pay
Aviation Students

Council Decides to Give \$6 a Week
After Certificate Taken.

TORONTO, Aug. 10.—The city
council this afternoon decided to make
a grant of \$6 per week each to stu-
dents from the city preparing for the
Royal Flying Corps, the grant to op-
erate only after the student has taken
his Aero Club certificate.

ANOTHER RUSSIAN FORCE
REACHES WESTERN FRONT

BREST, Aug. 10.—1:09 a.m.—An-
other contingent of Russian troops has
been landed here. The soldiers were
given an enthusiastic welcome.

The first Russian troops to land in
France arrived in Marseilles on April
30, having sailed half-way round the
world from Vladivostok. They were
followed by three other contingents,
and after a short rest were sent into
the trenches in Champagne. Nothing
has been made public officially as to
the numbers of this Russian expedi-
tionary force, but unofficial estimates
have placed the strength of the first
contingents at not less than twenty
thousand men.

ANOTHER STEAMER SUNK.
LONDON, Aug. 10.—5:50 p.m.—The
British steamer Sphera was sunk by a
German submarine on August 3, ac-
cording to an announcement made this
evening by Lloyd's Shipping Agency.
The vessel of 411 gross tons was owned
in Scotland.

"Help Yourself!"
There are times in the warmer season
when you don't feel like drinking cocoa.
At such times learn to make the most
of your cocoa, bring it down from the shelf and
make it pay for itself by icing your cakes with it.
Perfection Cocoa is the best and most easily adapted to
such purposes. These warmer days, try your hand at it.

THE LONDON ADVERTISER COMPANY, LIMITED.
London, Ont., Friday, August 11.

THE POLICE MUST TIGHTEN UP.

MOTOR car accidents on the streets are to some extent blameable to the police officers, whose idea of regulating traffic at busy corners is to get the automobiles through as quickly as possible.

The pedestrian has a chance if the traffic officer will protect him. The pedestrian has as much chance as the lamb with the butcher if motor drivers are permitted to whirl around corners at fifteen miles an hour.

The writer of this editorial protest against laxity in motor regulations yesterday stood at Dundas and Richmond streets, and watched traffic for fifteen minutes. Sixty-two cars, or an average of four a minute were handled and hurried on their way. Some drivers were cautious to a fault; others were criminally guilty of endangering public safety. They were the get-out-of-the-way-or-I'll-knock-you-down characters, of a type with some horse-killing, irresponsible butcher boys.

At least a dozen people had to scurry to safety. Some old ladies were verging on nervous collapse when they reached safety. Six miles an hour should be the absolute limit for street crossings in this city.

London's principal streets are too narrow to accommodate the motor traffic that was undreamed of when these thoroughfares were planned. Logically, if streets were being laid out by sane men today there would be at least 100 feet for traffic. The motors would be given a certain restricted pathway. Bicycles, wagons and other slower vehicles would be required to keep close to the curb, pedestrians would be forbidden to cross streets except at crossings, but at these intersections their safety would be supreme.

The Advertiser has been commended for conducting an agitation for safer driving of motor cars, and from now on has praise come with better grace than the owners of cars, many of whom feel that the scatter-brains who happen to get behind wheels should be made a public example of.

The motor car owner should let this sink in: He uses the streets and has rights on the streets only in so far as the man or woman on foot gives him those privileges. The vast majority of people cannot ride in motor cars, and they have the power to give themselves protection.

BEWARE.

A CERTAIN Ontario paper's society editor uses that style of description which calls the denizens of high society by such names as "the Gushington Squibbs" or "the Corking Yappes" and one feels like sending her a series of Life's satirical stabs at the smart set.

It's all off with you when they start calling your family "the Alfee Snodgrass" or "the Willie Sneathes." When they say, "Why there goes the Dicky Joneses," do something to get from under or you'll have to dig up a coat of arms and spend most of your time proving that the old man's old man was not just a good old Canadian farmer or the village old man in the early days. Don't let them get you. Don't let them make a snob of you, even if they do get you! Don't think a motor car lifts you in the social scale. You can't get culture or superiority by having machinery or money! The most healthy and most happy folk are the "best-born." Besides the family crest thing has been worked to death. "The grand old gardener and his dame" are still smiling at "claims of long estate."

OUR FRENCH ALLIES.

THE war has completely corrected our old popular error of underestimating French stability and endurance. Not once, but twice or oftener in the last two years, have the French signally demonstrated their quality. First on the Marne they stemmed the German sweep and outmanoeuvred their enemy. As H. G. Wells says, this "was a stupendous relief, for if France had gone down, if her spirit had failed us, then we felt all liberalism, all republicanism, all freedom and light would have gone out in this world for centuries."

Then there was the great stand at Verdun this year, for over four months, which gave Germany the first undeniable check to her supposed invincibility in attack. The retreat from the Marne could be explained on the ground that the Russian invasion of East Prussia necessitated the diversion of German attention to that quarter. The defeat by the British on the Yser Canal and at Ypres was blamed partly on floods. But the resistance of Verdun is beyond dispute, a smashing disaster to German arms. Compare it to Marfeking and Ladysmith as a turning point of the war.

We have had to notice also that in attack the French have been at least the equals of the British forces. Both their drives, in Champagne and on the Somme, have been conspicuously successful. No doubt their training gave them an advantage over our men. But

even so, their exploits have earned our deepest respect. Freedom, democracy, republicanism at its fullest flower has been vindicated in the deeds of the French nation and army. As Pericles said of the ancient Athenians, they follow science, the arts and philosophy, without effeminacy; they are free, but the use they make of freedom is to devote themselves to death for the freedom of the world.

SEEING THE LIGHT.

Camp Borden authorities may be fully seized of their duties; but, to a layman, this continuous and extensive week-ending of troops to their homes seems a very roundabout way of preparing them for future action overseas.—Hamilton Spectator (Con.)

ALMOST half the troops at Camp Borden are away three days a week.

They lose about 45 per cent of their training time.

They also lose almost 25 per cent of their pay for railway fare to take advantage of the leave granted them.

A London officer informs The Advertiser that no movements excepting the Hughes' review have required any more space at Camp Borden than was afforded by camp grounds in the beautiful surroundings provided by the city of London.

Camp Borden has enriched the railways and certain contractors at the expense of the country and its devoted soldiers, and it has impoverished the men in khaki both in comfort, efficiency and money.

It is gratifying that the more honest of Canadian papers are beginning to see the light.

HOLIDAYS OF 1916.

IN a summer like this, under normal conditions, whatever the farmer's crop may be, the lake-side resorts should reap a glorious harvest. Of course conditions are not normal, and the worthy resort-proprietor thinks of what might have been with such weather.

The summer girl in the summer hotel must find times sadly changed. Where are gone the young men of yester year, the young men of stature and strength and spirit, who kept the ball rolling? There is bitter work now, breaking the enemy or getting ready under the broiling sun at Camp Borden.

Life in a summer resort depends for enjoyment largely upon certain genial and unselfish characters who move about among the population, breaking down the barriers of clique or individual isolation and constituting the cement of a casual and fleeting society. These characters are also likely to be less frequent in the summer place of these grim times. The men of buoyancy, unselfishness, initiative and ideas are many of them unable at present to enjoy the free-from-care holiday in the usual way. The air is full of anxieties, personal and national. We shall not be able to enjoy our holidays to the full again until the war is over, the victory won and Satan beaten under foot.

EDITORIAL NOTES.

London's vital need is to get an adequate supply of pure water.

Bumping the Bulgars with big guns is the next order on the program.

Nature's electric fan is a genuine article, once we get the hang of this turned on.

What finer match than a gallant young soldier and a wanted sister of the war hospitals!

Why should the Government deplete Lake Erie in order to stock Lake Huron with herrings? Half and half would be fairer.

The casualties among Canadian nurses are simply terrific. If the war continues there will not be a single one left.

We've made "Bob" Rogers awfully mad in print. He now knows how closely watched is the Parliament Buildings corner.

The motor owner should never forget that no road was ever made to accommodate the motor traffic of today. Safety must be secured by a surplus of care.

Advertiser readers called the magic of surgery to assist little Irene Grace, and now to get a pension for "Aunt Nannie," whose son gave his life for Canada!

The officers and men of the gallant 143rd (London's Own) Battalion deserve all the good things at the disposal of the citizens. When Col. Graham brings his men home, let their welcome be memorable.

It is said that four different members of parliament have recommended different lawyers for the Middlesex judgeship. Slightest on our great judiciary system!

Mr. Philip Penock performed a public-spirited act when he contributed \$100 to aid the stricken north country. If charity begins at home, Northern Ontario should not suffer more.

BILLION DOLLAR CROP EXPECTED.
After a thorough canvass of various points throughout Western Canada, Dr. McGill of the Dominion Grain Commission is quoted in Calgary as saying that Alberta would have a crop as good as last year, that the Dominion would have a billion dollar grain crop, and that the grain crop of the three prairie provinces would be little if any behind that of last year.

"The country as a whole never looked better than it does at present," said Dr. McGill. "The weather was made to order, as you might say, and I am of the opinion that this year's harvest will be another wonderful one."

Those who contemplate going West will do well to remember that the most fertile districts in Western Canada are served by the line of the C. N. R., and that this season they can travel from their home districts to destination Canadian Northern All the Way.

The End of Nowhere

By Susan E. Claggett.

He trudged wearily along, a mite of a youngster, with a mongrel cur watching him with adoring eyes and following closely at his heels. Tom was too miserable to think of anything but his desire to get as far away from everybody as he could.

He had not been treated fairly. His father had told him he could keep the dog—the one thing in all Tom's universe he wanted with his whole little heart—then had changed his mind. He gave no reason. Just said he wouldn't have such a looking cur about. That he must go, and Tom decided he would go also. If grown-ups couldn't keep their promises why should a little boy stay at home, when his best friend was sent away to starve.

At this thought Tom sat down and hugged the yellow cur close. With doggie sympathy the pup responded with moist tongue and a ludicrous attempt at wagging his stump of a tail. Tom's misery had reached the breaking point. Tears were near, although still held bravely back. He had walked miles and miles. No one had seen him. No one had seen him leave the house. Had he not known it, he was a very lost little boy with the whole neighborhood searching for him far and wide. This was not surprising. Tempted by the shade of big trees, Tom had left the main thoroughfare and wandered down a little-used road that carried him farther and farther away from the usual haunts of men. Now he was very tired and very hungry. With his arms about the yellow cur, tears just glistening on eyelashes that rested lightly against berry-stained cheeks, he slept the sleep of exhaustion, half hidden in the grass by the roadside close to the end of nowhere.

A few yards farther on the road ended in front of a log house with a deep, screened porch and a gay flower border at one side. The forest trees grew close and within a stone's throw were the glint of murmuring waters and a sailboat tugging at its anchor.

The place was lonely. Somebody's summer camp, and that somebody was leaning mouldy against a tree whittling. So absorbed was he in his thoughts he did not see a small object come toward him and pause, pleading eyes fixed on his face. There was a whine. He looked up, then down. Before him was a mongrel cur, paws hanging, one ear cocked, the other limp.

The man laughed, then said whimsically: "Well, old fellow, I'm glad to see you. Where did you come from? You are not much to look at, but I will form a company. And we'll give it a name, 'devilish lonely'."

He stooped, but the dog whisked away from the kindly hand and sat down a few yards farther.

"Oh, that's it," the man said. "You want me to go with you? All right. Lead and I will follow. And follow he did, the dog stopped close by something lying beside the road.

The man gave a low whistle as he looked down at the boy. Then he gathered him into his arms and hurried back to the house. As he laid him on a couch, Tom opened his eyes.

"You told me you lived at the end of nowhere, Uncle Jack, and I came near finding you," he murmured. "But I just had to find you, for I'm in lots of trouble."

Well, son, you found me, all right, and from appearances you were some time about it. So you are in trouble, are you? That's funny. So am I. So deep in trouble that you and I will form a company. And we'll give it a name. Tom, how does Misery & Company sound to you?

"Misery & Company? Why, that's fine," Uncle Jack. "It's been so miserable an I know as soon as I found you that you would know all about it an' help me."

The voice trailed off as the telephone rang. It had been ringing for some time, but Jack Crowthers had not received the voice at the other end made him knit his brows.

"Tom is here," he made answer to some inquiry. "You are coming?" His own voice showed his surprise at what reached him over the line. "The child is safe. I don't know what the trouble is, but there is really no need for you to take the drive. It is late and I will keep him with me for the night. As you wish, if you really prefer to come. Of course, I will see you home. Not necessary? You must allow me to be the

judge of that," he answered shortly. He put up the receiver and turned to the sleeping child.

"Well, youngster, whatever your trouble, whatever has been mine, neither is anything to what is before me during the next hour. What possesses the soul of women, and your Aunt Mary's in particular, is beyond my limited knowledge. Trouble! Yours and mine! I well named it, Misery & Company, but did not know the depth the company might reach." He laughed grimly as he tossed an extra log upon the fire, for the June night was cold. "Pete surely is a factor in a man's destiny," he thought, "and fate, as I understand it, has come to me this night in the guise of my small nephew."

He threw himself into a chair and did not move until he heard the purring of a car as it came slowly up the lane. The woman who entered a moment later did not look at him as she crossed the room and knelt beside the child. She lifted the two dirty little hands and laid them against her cheeks, then she raised a white strained face to the man who stood beside the fireplace.

"How did he get here?" she asked. "All I know is that a little yellow dog took me to him," Jack Crowthers answered.

"We have looked for him all day. I did not think of his trying to find you until I phoned. You were so far away." "He told me he is in trouble. What is wrong?" Tom asked from a grown-up point of view. I suppose, but a very little makes for a child's unhappiness."

She laughed a trifle unsteadily. "Just a little yellow dog. There he sits." She pointed to the mongrel, who was watching her, one ear cocked, the other hanging limp. "His father wouldn't let him keep his dog. I heard Tom say he would run away with him."

"He seems to have carried out the threat," the man said dryly. "Where are his father and mother?" "They left for Chicago last night. I—she put her hand to her throat—I have been so desperately frightened."

"Why didn't you tell me at once?" she hesitated, the slow color mounting into her face. "How could I?" she said at last.

DO YOUR FEET BURN?

Then use Zam-Buk. There is nothing so soothing for tender, aching or blistered feet. It will soothe the burning, draw out the soreness, prevent blistering and give you perfect foot comfort. Also there is nothing so good as Zam-Buk for sunburn, heat rashes, blistered hands, aching muscles, mosquito and insect bites, cuts, bruises, burns and all skin injuries and ailments. 50c. all druggists and stores.

ZAM-BUK IS SOOTHING!

we have come to the conclusion that the chief asset of a swimmer (female), is a regular figure.

Enough for the Grouch Sisters today.

ON READING SMILLIE'S MUTE REFLECTIONS.

The man up there in Brussels, whose name's a synonym.

For the way our faces look when we're content.

Hands out some pretty complimentary to the "wait a minute" column.

And, I think, they are sincerely meant.

Smillie's style is rather pretty, and the way he turns a phrase.

Makes his lines roll from the tongue quite neat.

I trust he's no old rhymster, masquerading as a tyro.

And yet striving us poor novices to beat.

However, there is one thing, "wait a minute" is all right.

Playing no favorites and is always fair.

And when Smillie gets a brain-storm and feels that he must write.

Fellow sufferers will give him welcome there.

THE OLD UN.

ECZEMA

Pimples form, run watery matter which turns to crust, itching becomes painfully intense, and the disease spreads over the body.

There are many variations of eczema, but all are cured by the persistent use of Dr. Chase's Ointment.

Relief from itching is obtained at once, and gradually and naturally the sores are healed.

You can see with your own eyes just what is being accomplished from day to day by this wonderfully healing, soothing ointment, and this will encourage you to keep on the treatment until cure is complete.

A PAGE OF GENERAL INTEREST TO WOMEN READERS

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

Copied It Again.

Dear Miss Grey.—Some time along through the spring, "Anxious Inquirer" asked for the words of an old hymn, "Don't You Hear a Soft Voice Calling?" As I had the words in an old hymn-book, I wrote them off and enclosed them in a letter to you on May 17. I watched the page closely, but my letter or questions did not appear, so I concluded they had gone astray.

I have again written the hymn off, and am enclosing it for "Anxious Inquirer" if not too late. Am very interested in "our page." Enjoy the visits of the Mail-Box writers very much, and send sincere sympathy to "Aunt Nannie" and all the other sorrowing ones.

NEARLY SEVENTY-FIVE. Ans.—I'm sorry that your first letter did not appear, it surely must have gone astray. Thank you for recopying the verses. I'll use them some day soon. Re your postscript—odd, isn't it, that "someone" and "are neighbors"? Many thanks for your kind words. Am using that excellent recipe in our Cook Book.

Makes Her Sore. Dear Miss Grey.—Isn't it nice to be a soldier's wife these days? Nearly every time one picks up a paper there is something about soldiers' wives. Soldiers' wives drink and neglect their homes and children; soldiers' wives go to picture shows; soldiers' wives buy pianos; soldiers' wives won't work; and why don't soldiers' wives save and learn to work so that they can help

their husbands when they come home wounded?

Really, it makes me sore to read it day after day, and I wish the Government would bring in some form of conscription to make the single men go, and then pay the men who come home and go to work again; and then we would be free from all of the knocks. After reading the Mail-Box on Saturday, the 5th, I felt I couldn't help but write in defence of our good name, for we all try to do our best, and, really now, where can a woman go and get a drink? If there is such a place, I for one, have never seen it, and if "One From Old England" thinks we soldiers' wives are so well off, why don't she let her man go, for I am sure they are all needed these days, and then maybe she would be able to buy a piano or a seal coat. I will say this, that if a soldier's wife does her duty to her home and children, she doesn't have any money to throw away.

Then in regard to raising chickens, one cannot begin to build barns and runs without it taking a lot of money and then one cannot depend on them doing any good, for I know several people that have had chickens and have lost on them instead of making good. Well I guess I have said enough so will close with best wishes to the Mail-Box.

I will sign myself JEMIMA. Ans.—Regarding your personal note, Jemima, I think you do wonderfully well to get on as you do. If "O. F. O. E." could meet a few soldiers' wives of

your type we'd have a different opinion from her. As it is, evidently she's just seen or heard of the other kind, but I'm sure we'll win her over to a better understanding.

Active Oldtimer. "An Oldtimer" sends this cure for poison ivy: Take plantain leaves and either bruise or steep them and wash with the juice or tea; it is a sure cure.

Your quilt block came just in time to be slipped into "Aunt Nannie's" bundle, and so it has gone with the rest.

I really do remember you, and think you are wonderfully active. May you long continue so. Shall be looking for the songs.

Coal Oil For Cholera. Dear Miss Grey.—I am sending recipe for chicken cholera, which cured our chicks after second feed. We had lost seventy-five or more before I tried this simple recipe; hope it will do the same for "Sail Ford's." Have the coops all cleaned and disinfected, take one quart of wheat and put two teaspoons of coal oil, and if not a little damp use a few drops of water, let stand for one hour before feeding. I fed it to ours for supper and breakfast, and thought it worked like magic. Tell us how you get along, Sail Ford.

Ans.—Glad to pass your help on to Sail Ford, and hope it is not too late to save her chicks.

Should Not Criticize. Dear Miss Grey.—I saw in The Advertiser a letter about how the soldiers' wives use their money. Why should people criticize how a soldier's wife uses her money any more than a farmer's wife? Poor farmers, I feel sorry for them; how many are there that haven't pianos and autos, and the wives and daughters can give from \$15 to \$25 a hat? The farmers are not the only

Daily Bible Question Club

By Rev. T. S. Linscott, D. D. (All Rights Reserved.)

The six daily studies for this week constitute the International S. S. Lesson for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

"The Grace of Giving," II Cor. ix. Golden Text.—In all things I give you an example, that so laboring ye ought to help the weak, and to remember the words of the Lord Jesus, that he himself said, "It is more blessed to give than to receive." Acts, xx-35.

14. Verse 10. As God keeps the planets in their orbits, and gives the power to animal and vegetable life to reproduce itself, what is our degree of risk that he is both able and willing to "minister" to all our material needs? (This is one of the questions which may be answered in writing by members of the club.)

15. What are some of the fruits of righteousness, and particularly of taking care of the poor, and doing good generally?

16. Verse 11. What are the limits of inward, or soul, "enrichment," for those who love God with all their hearts, and

people in the world that work. I am a soldier's wife, and I have more to do than I can find time for. A lot of the farmers don't deserve help; when they get it, they don't know enough to treat people properly. They want all the work out of them, but don't want to pay only a starvation wage. I have worked on a farm for seven years, and I know what I am talking about. The majority of farmers seem to think that hired men and their wives should live on porridge and potatoes, and it would be a crime for them to have anything else.

The farmers would not be in the fix they are today if they had treated their hired help right.

But, on the other hand, a soldier's wife should not waste her money. I have three little children, and it takes me all my time to keep straight and feed and clothe myself and children. I have not been able to get a piano out of my Government pay, and I don't think I ever shall, if I keep the price it is now. But I think a soldier's wife has enough to bear in giving up her husband and taking the responsibility of raising a family and keeping the home going till her husband comes home, without people watching to see how she spends her money. I suppose there are some that do waste it, but the majority do not have any too much to waste.

I think this is the wrong time to be judging people; we should be thankful that so many men have come forward and offered themselves for King and country. But if the single men had shown up more, there would not have been so many married men needed, and that would mean less patriotic money. Hope to see other letters on this subject.

SOLDIER'S WIFE, OXFORD COUNTY.

Mysterious Molly. Dear Miss Grey.—Am enclosing a button for "Lost Heloise," as I promised, and I am so sorry I was so long in sending it, as I have been very busy. I hope she likes it very much, as I put it off my chest. I have a decided kick coming against "Caesar" for the things he said about "Silver Bell." I don't think she is that kind of a girl, and I think she feels kind of insulted, so, "Caesar," it is up to you to apologize handsomely to her. I extend thanks to "Trixie V." for her offer of candy and panes, and I was sorry to think I was in Camp Borden when the roses came, but I am sure they had stood enough strain without the journey to Camp Borden, so I accepted the will for the deed. I have been trying to think who "Molly" of "Molly and Cholly" fame is, as she says she thinks she knows me, but I cannot recall anyone answering to her description in my memory, but I am perfectly willing to be enlightened as to her identity.

I must now close, with lots of love to "Margaret Lindley," whose letters I used to enjoy, also "Calamity Ann" and "Beautiful Doll," also extend best wishes to "Miss Homestead" and to all readers, including yourself. Gee! this is some scrawl, but I am sure you will not scold when you find it is from your reader.

ANS.—The button has been sent on to "Lost Heloise," and I'm sure she'll be delighted. Hope before long your mystery re "Molly" will be cleared up, for it must be very trying on you, especially when added to mosquitoes, sand, etc. Am trying to locate that number you ask about.

Is Patriotism Worth While? Dear Miss Grey.—Kindly allow me to say a few words regarding "O. F. O. E." letter. Please Miss Grey, don't ever print such a letter again! I always turn to your page for consolation, and I am pleased to say I have derived great comfort from some of the letters, but when I read that one from "O. F. O. E." well I just had a good cry. "O. F. O. E." may have thirteen in the war, but after all, distant relatives are not such a great loss. I have had one brother killed, two now in France and my husband going; he is expecting to leave Borden for the front very soon, and I can tell you, Miss Grey, it is very hard to part with only one year married, and at that time, too, he was in a good position, and left it to enlist. I know "O. F. O. E." is not alone in her opinion of soldiers' wives, and I often ask myself, is patriotism worth the price? Re the patriotic pay, if you ever become a soldier's wife, "O. F. O. E." don't come to London to live, or you may find as I have done, that "patriotic pay" is merely a fairy tale. Yours sincerely, TWENTY-THREE.

Ans.—Re your unpunctuated question, "Twenty-Three," I think individuals have to go according to their strength in this matter. Some women can stand it, apparently, but it is a strain on the average woman, especially if she tries to keep things nice at home. Would depend too on what kind of employment you found and in what surroundings.

Delta's Bean Recipes. Dear Miss Grey.—Some time ago there was an inquiry for canning string beans. I have seen no reply, so am sending a couple of recipes, hoping they will not be too late!

String the beans, wash them in cold water, cover them with boiling water, boil for fifteen minutes, drain and pack them in jars. Fill the jars to overflowing with cold water, adjust the rubbers, lay the lids on loosely, stand the jars on the rack in the boiler, surround them partly with cold water, cover the boiler, bring to the boiling point and boil for one hour. Lift the rack carefully, screw down each top, then lift it, put the rack with the jars back into the boiler, cover the boiler and boil for 30

ADVERTISER PATTERNS

A Practical, Serviceable Model. 1715.—Ladies' Apron with or without sleeve in either of two lengths and with collar, or with neck edge in square outline.

Percale, brilliantine, mohair, saten, gingham, seersucker, lawn or cambric may be used for this design. It may be finished without sleeves and with the yoke cut in square outline at the neck. It may have loose sleeves in short length, or be made with sleeves in wrist length, thus affording a complete covering for the dress that may be worn beneath it. This style is good for housekeepers, or for studio wear.

The pattern is cut in 3 sizes: Small, medium and large. It requires 5½ yards of 36-inch material to a medium size with sleeves; without sleeves, 6 yards.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ADVERTISER PATTERN DEPT. Please send above-mentioned pattern, as per directions given below, to:

Name

Town

Province

Age (if child's or misses' pattern)

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent measure your neck only mark 22, 24 or whatever it may be. When in waist measure, 22, 24, 26 or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "yards." Patterns cannot be returned in less than one week from date of application.

minutes. Lift the jars and stand them aside to cool. As they are cooling, give the tops an extra turn if the glass has contracted.

Another way is to boil the beans until done and add a tablespoon of vinegar to each quart (or less, as it depends on the strength of the vinegar), salt to taste, seal, bottle in glass cans. I always sterilize the cans.

Another reader of the Mail-Box wanted the name of a magazine which would give instructions in painting on silk, etc. I think "The Modern Priscilla" would suit her, but it would be well for her to see a copy before subscribing.

Someone has asked "Society" is the death of home life here, and she gave them a warm recommendation for library use.

Yes, coupon and flag requests are showing the Mail-Box just now, but maybe the "fever" will wear off before long—just like the kissing discussion.

Today, and Simple Living. Dear Miss Grey.—Was very much interested in "Old Bird's" letter comparing the present day with the struggle to "keep up" to our grandmothers' day of simple living.

She said that "we would all enjoy a supper of good bread and milk, but mercy, if anyone dropped in what would they think?"

My dear "Old Birdie" they would not do half as much thinking as you would; white you would be worrying about it, they would just be enjoying it, that is if you invited them to share it with you, and wishing that more women had the courage to do likewise.

If our women of today would only realize how much time and energy they are wasting on things that are not worth while, and make up their minds to "turn over a new leaf" and live the simple life, there would not be as many nervous, tired-out women in our land.

The home should not be just a well-conducted boarding-house, but the centre of all interest, pleasure, and happiness, for everyone connected with it. Some have said that "society" is the death of home life, and that hospitality is the flower." Don't you think that father, brother and husband would enjoy their home better and that there would not be so many children "coming up" on the street; mother and sister would have more time to devote to the children in the home; there would be more time to devote to the sweet courtesy and gracious interchange of feelings and ideas, and that the majority of

men and children would prefer home to any place on earth, if we lived the simple life in our homes.

But we seem to have so much to do, so many interests, and we are living so fast our lives have become like plants in a garden; they get too crowded sometimes and one thing chokes out another, and too often it is the best that gets choked out. It is a real danger and one that threatens us all in our rushing life in these days; cares and worries seem to grow in our hearts as naturally as weeds grow in a garden, and worry is a weed that grows very quickly, and if allowed to grow will soon crowd out the good.

Then let us weed our heart's garden

sometimes and pluck up the smallest roots of worry before they crowd out all the beautiful things that ought to grow there. Every few months—twelve at the very most—we carefully take stock to learn how our financial affairs stand. But day follows day, year follows year, yet how many of us take stock of what we have written on the hidden tablets which lie in the breasts of our dear ones in the home, our friends and companions. Let us try to get a little nearer to the simple life and see if the impatient word that comes from tired nerves would not be checked and replaced by kind and tender ones. Let us try it and watch the result.

Why it pays to eat Macaroni

IT pays—in dollars and cents—because Catelli's Milk Macaroni gives nearly twice as much food value as a pound of lean steak, at less than half the cost. And it may be prepared in over a hundred different ways, to delight the appetite of young and old.

CATELLI'S MILK MACARONI

"THE Girl at Catelli's" is the name of a dainty little book that tells how to prepare Catelli's Milk Macaroni in many attractive ways. Mailed free on request—

10c.

has a delicacy of flavor—a smoothness and richness—that gives a new piquancy to even the simplest dishes. Made of the choicest wheat (ground into Semolina) and milk, in a modern sunlit factory—it is a pure food product, deserving a place in every home. Get a 10c. package at your Grocer's, and try some of the dainty dishes mentioned in our recipe book.

THE C. H. CATELLI CO., LIMITED, MONTREAL.

Krumbles

The New Whole Wheat Food with the Delicious Flavor originated by the Kellogg Toasted Corn Flake Co. BATTLE CREEK, MICH. and TORONTO, CANADA

THE dainty little miss of the household knows how good KRUMBLES is—the new all-wheat food with the delicious flavor.

Krumbles is the whole of the Wheat, cooked, "krumbled," and delicately toasted—and as everyone knows, there is nothing more nourishing and wholesome than whole wheat, especially when the Krumbles method makes it a joy to eat.

Made in Toronto, Canada.

BRENNAN WANTS ANOTHER CHANGE AT GEORGE RIVET

Has Posted Forfeit to Meet Frenchman at Early Date.

Eddie Brennan of Cleveland, who fought George Rivet of Montreal at Tecumseh Park on Tuesday night, is not satisfied with the outcome of the scrap, and wants to meet Rivet again. Referee Taylor gave no decision after the bout, but Rivet was given a newspaper decision on points. This did not meet with the approval of the Cleveland scrapper, and he has posted a forfeit of \$100 to meet the Frenchman at a future date.

Promoter Tony Zaccaro has taken up the matter, and it is likely that the two will be brought together at an early date.

Brennan was at a decided disadvantage in the last bout, as he was called upon to take the place of Fighting Kelly at the last moment, and did not have time to undergo the course of training that he would have ordinarily have done for the scrap. As it was, he put up a lively tussle, and if the boys are matched for another affair it should be a more going a long way to see.

Quality First

THE NEW WAY TO SPELL ECONOMY—C-H-A-L-M-E-R-S

A cheap piece of machinery, like the boy with a little knowledge, is sometimes a dangerous thing.

Men are buying better and better lawn mowers, and reapers, and printing presses, and gasoline engines and pumps.

Why? Because they find it pays.

Probably there's no better example of this in the case of automobiles than Chalmers cars.

Figures show that over 75% of men who have bought Chalmers cars this year previously owned a low-priced car.

And the great big increase in Chalmers sales (792% in six months) has come from towns just like this.

In the old days Chalmers cars were sold for the most part in the larger cities.

You can find Chalmers cars most any time of the day in most any block in such towns even now.

But in the smaller communities Chalmers cars are getting more numerous every day. Because the people in these towns were quick to see the value, note the endurance, and observe the wonderful performance.

Particularly of this 3400 r. p. m. Chalmers, which is, in our opinion, the most able car that ever came to this town.

Every Chalmers car sold in Canada is made in the plant at Walkerville. The co-operation we receive from them means we can give satisfactory service to our owners.

Prices—5-Passenger Touring, \$1475; 2-Passenger Roadster, \$1475; 3-Passenger Cabriolet, \$1900; 7-Passenger Touring, \$1775. All f. o. b. Walkerville.

J. C. BEEMER.

You are invited to visit the Chalmers booth at the Canadian National Exhibition, August 26 to September 11. A full line of Chalmers cars will be on display and the sales force will be adequate to give prompt and courteous attention to all visitors.

DRAKE DEFEATS WESTBY IN ALL SAINTS' LEAGUE

Wins Out in Final End by Two Points.

One of the best games of the season was played Thursday night on the bowling green of All Saints' Church. A fifteen-end game between L. Westby's rink and that of A. H. Drake ended in a score of 12 to 14 in favor of the latter. At the end of the fourteenth end the score

**ENHANCED WHEAT PRICE
WILL OFFSET RUST LOSS**

REGINA, Aug. 10.—Department of agriculture officials and other crop experts here state that the grain has reached a stage where it will be impossible to tell more of the black rust damage until the wheat is threshed. C. A. Dunning, general manager of the Saskatchewan Co-operative Elevator Company, asserts that at the enhanced price, the farmers will have more money than under ordinary conditions.

**THIN PEOPLE CAN
INCREASE WEIGHT**

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. There is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days following this simple direction. And Sargol does not of itself make fat, but it makes the body fat. It is a food of all the new flesh stays put. Sargol does not of itself make fat, but it makes the body fat. It is a food of all the new flesh stays put. Sargol does not of itself make fat, but it makes the body fat. It is a food of all the new flesh stays put.

**COUNSEL DISPUTES
KEEP COURT BUSY
IN WINNIPEG TRIAL**

Defence Objects to Over 100 Questions Asked.

HORWOOD STILL IN BOX

Says Montague Called Him His "Star Witness" Before Committee.

WINNIPEG, Aug. 10.—In the trial of the three former ministers of the Manitoba Government, today's proceedings were devoted uneventfully to re-examination of W. W. Horwood, former provincial architect, by R. W. Craig, K. C., for the crown. A great deal of time was taken up with disputes among counsel on rules of evidence brought about by the objections, numbering more than one hundred, entered by the defence during the day to Mr. Craig's questions. It was claimed in numerous instances that the re-examination was not based on evidence brought out in cross-examination by the defence. Mr. Craig did not concede, though the court set an extra hour in the afternoon, and Horwood will enter the witness box tomorrow morning for his fourteenth day.

Horwood was questioned about the circumstances under which he gave evidence before the royal commission. He declared that when, in April of last year, he went to Rochester, Minn., for surgical treatment, he intended to give evidence before the commission, and when he saw that the commission was to meet in Minneapolis, he disregarded the advice of his surgeon and told his story. Afterwards he went to bed for a week. "I wanted to get this off my mind; I did not want to hurt anyone," he said.

The defence objected to the answer. The witness must be given an opportunity of placing himself in a right light if he can," commented the judge.

The witness quoted Thomas Kelly as saying that John Sweeney, formerly employed as an engineer with the Dominion public works department, was "a very clever man" and that everything was "all fixed up." Horwood said he understood from this that Sweeney "had made calculations which would protect the caissons."

At this point R. A. Bonnar, K. C., chief counsel for the crown, jumped to his feet with a remark that "there's a man sitting here insinuating me into the fact" and he indicated the chairs occupied by the defence staff.

"My learned friend was the aggressor," replied A. J. Andrews, K. C., chief of the defence counsel. "He shouted out, 'That was the Arthur book,' and Mr. Sweeney said he did not have the Arthur book. That was all there was to it."

"If the witness," said Mr. Bonnar, "is allowed to sit here by consent, while all other witnesses are excluded, I think he should conduct himself properly. Otherwise we shall have to ask that he be excluded with the others."

Mr. Sweeney has sat with the defence counsel throughout the case, and from Mr. Bonnar's comment it was inferred that at a later date he will give expert testimony for the defence on technical matters.

Horwood said his evidence before the public accounts committee was untrue wherever it differed from his evidence in this trial. He declared that Montague called him his "star witness" for "protecting the amounts" so well before the public accounts committee.

**NOMINATED FOR
RIDING IN TORONTO
IN LIBERAL CAUSE****HARTLEY DEWART, K. C.,
NOMINATED BY LIBERALS
IN SOUTHWEST TORONTO**

Unanimous Choice of Large Gathering—Change of Government Needed, Says Chairman.

[Special to The Advertiser.] TORONTO, Aug. 10.—H. H. Dewart, K. C., was unanimously chosen by the big gathering of Liberals in Broadway Hall tonight to contest the provincial riding of Southwest Toronto in the Liberal interests. The naming of Mr. Dewart took place amid intense enthusiasm. The nominee himself was not present, being at Uxbridge, and a committee headed by Sir Allen Aylesworth was appointed to wait upon Mr. Dewart and tender him the nomination. Pending this action the meeting adjourned until Saturday evening.

Outside of the unanimity of the nomination, the meeting which was probably the largest of its kind ever held in "Tory Toronto," was a very warm and at times, tumultuous one. It was opened with a speech by a member of a chairman, five being nominated and rejected in rapid succession.

Toronto, said the chairman, was now seething in discontent over the pitiful spectacle presented by the Hearst Government, and the fact that the city found itself with ten useless representatives in the Legislature.

Berlin Must Stay as Name of City Despite Citizens

Word Reaches the Waterloo County Seat That Decision Is Made.

[Special to The Advertiser.] BERLIN, Aug. 9.—On account of a village away up in the Kootenay District in British Columbia, bearing the name of Berlin, the name of the city of Berlin has been given a popular vote of 75, this municipal corporation which chose Kitchener as a new name will have to be content with the name Berlin.

It was learned tonight, from what may be considered a reliable source, that the postmaster-general, although nothing has been given out officially, has decided that only one Kitchener shall appear in the postal guide.

It is known, however, that the name will not be "Welch" or "Milla."

**Bad Weather
Stops French
Army Advance**

Cannonade North of Somme and at Thiaumont Only Activity.

PARIS, Aug. 10.—10:30 p.m.—The official communication issued by the war office tonight reads:

"Except for a somewhat spirited cannonade north of the Somme and in the region of the Thiaumont work, the day was calm along the whole front. Bad weather continues to interfere with the operations."

Belgian communication: "There was some activity on the part of the German artillery at various points on the Belgian front. Our batteries carried out successful shelling of the sector of Steenstraete and further to the south."

**MYSTERY SURROUNDS
CANADIAN'S DEATH
IN CHICAGO HOTEL**

Vancouver Mining Engineer May Have Been Poisoned.

[Canadian Press.]

Chicago, Aug. 11.—A new element was present today in the mystery surrounding the death at a Michigan avenue hotel last Wednesday of Morse Davis, a mining engineer of Vancouver, B. C. It was the announcement made late last night that Dr. William D. McNeilly, coroner's chemist, in a chemical analysis of the contents of the stomach of Mrs. Davis, who was found unconscious at the time of her husband's death, had discovered no poison of the kind believed to have killed Davis.

The chemist said he would make more tests today for other poisons, and that he would analyze several bottles of medicine found in the Davis apartments.

Mrs. Davis, after she regained consciousness, was quoted as saying that she had analyzed several bottles of medicine found in the Davis apartments.

Mrs. Davis, after she regained consciousness, was quoted as saying that she had analyzed several bottles of medicine found in the Davis apartments.

**FLOUR PRICES ADVANCE
IN NEW YORK MARKETS**

Goes Up 80 Cents a Barrel Following Higher Wheat Prices.

[Canadian Press.] New York, Aug. 11.—Flour sold in the New York markets today at \$5 to \$5.10 a barrel, an advance of 70 to 80 cents a barrel, as a result of an increased price of wheat. One miller said there was considerable demand for flour in the hands of jobbers, which was still selling at prices prevailing before the advance. The average flour for domestic use, it was stated, now costs \$5 a barrel, and householders will have to pay from 10 to 20 cents more for a sack than before the advance in wheat. The price of bread here has not yet been increased.

**POINCARÉ CONGRATULATES
THE ITALIAN MONARCH**

[Canadian Press.] Paris, Aug. 11.—President Poincaré has sent the following telegram to the King of Italy:

"I learned today while in a town reconquered in Alsace of the taking of Gorizia by the Italian troops. The acclamation of the population delivered by our army enabled me still better to understand the joy of Italians, freed by the victory of their brothers. I beg your majesty to accept my heartfelt congratulations for the magnificent successes of your brilliant army."

Why Suffer From Heat in the City When You Can Cool Off on the Great Lakes?

Take the Canadian Pacific Steamship Express from Toronto any Tuesday, Thursday or Saturday at 2:30 p.m. for Port McNicoll, where direct connection is made with either the "Assiniboia" or "Keewatin" for Sault Ste. Marie, Port Arthur and Fort William. An ideal vacation trip at small cost. Particulars from any Canadian Pacific Ticket agent, or W. B. Howard, District Passenger Agent, Toronto. 22-zxv Aug 15

**STOP DANDRUFF!
HAIR GETS THICK,
WAVY, BEAUTIFUL**

Girls! Draw a Cloth Through Your Hair and Double Its Beauty.

Spend 25 Cents! Dandruff Vanishes and Hair Stops Coming Out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Danderine and use it now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use—when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp.

Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth and draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Kindly send me without expense on my part—

1. Your booklet on the Sunshine Furnace.

2. Also forms for filling out, so that your heating engineers can tell me how to order and install a system that will properly heat my home.

BERLIN AND VIENNA CANNOT YET AGREE ON POLAND CONTROL

Hollweg and Rajecz to Hold Another Conference.

BERLIN, Aug. 10.—Via London, Aug. 11, 3:35 a.m.—An official communication issued today says that the imperial chancellor, Dr. Von Bethmann-Hollweg, accompanied by Gottlieb Von Jagow, the German foreign minister, has gone to Vienna to visit Baron Burián von Rajecz, the Austro-Hungarian foreign minister, to continue the conference concerning the territory occupied by the central powers.

LONE AIRMAN OF FRENCH DROPS BOMBS ON ROTTWEIL

[Canadian Press.] Berlin, Aug. 11.—Via London, 12:10 p.m.—"On the night of August 7, enemy airmen dropped several bombs on Rottweil, Wuerttemberg," says an official statement issued here today. "A dwelling house was hit and several persons were wounded. No military damage was done."

BIG ROMANIAN LOSS.

LONDON, Aug. 11.—According to Reuters' Bucharest correspondent the Romanian postoffice has lost over \$1,000,000 through the alleged embezzlement of a source accountant named Filotti.

HONEY YIELD ABUNDANT

Bliss Bee Keeper is Already Selling This Season's Production.

[Special to The Advertiser.] BIRCH, Aug. 10.—Mr. Coleman, the leading apiarist of this district is now disposing of large quantities of this season's honey crop. The yield has been a good one.

E. Harris, proprietor of the local store, while returning from London had three cases of cigars fall out of his auto. They were found by Mr. Charles Addley, who received a liberal reward on returning them.

A number of Orangemen from here and Ballymore intend motoring to Saran on Saturday for the Black Knights big field day.

FIVE EDMONTON PEOPLE DROWNED, SAYS REPORT SENT FROM LAC LA BICHE

Visitors Went Out in Launch and Have Not Been Seen Since.

EDMONTON, Alta., Aug. 10.—Word of a drowning accident on Wednesday at Lac La Biche, 125 miles northwest of Edmonton, in which five well-known Edmonton people are believed to have lost their lives, reached the city tonight. The victims are: Harry Flowers, manager of the Somerville Hardware Company here, and formerly of Regina; Mrs. Flowers, Mrs. Williams, wife of E. B. Williams, barrister; Mrs. Soper, wife of H. E. Soper, chief clerk of the provincial treasury department, and their daughter Elaine, aged 14 years.

They were all guests at the new J. D. McArthur Hotel, on the Fort McMurray, at Lac La Biche. On Wednesday afternoon they were out on the lake in Mr. Flowers' gasoline launch, when a severe storm came up suddenly. Since that time no trace has been found of the party, and the upturned boat drifted ashore this afternoon.

NEW C. P. R. STATION AT QUEBEC FORMALLY OPENED

Guests Include Many Notables at Luncheon in "Palais" Station.

QUEBEC, Aug. 10.—The new C. P. R. station at Quebec was formally opened this afternoon by His Worship Mayor Lavigne in the presence of a very large and influential gathering, who were entertained to luncheon in the new general waiting-room of the station, to be known as the "Palais" station.

Lieut. Governor Leblanc was unavoidably absent, having received a hurried call from Montreal, and sent expressions of regret at not being able to take part in the proceedings.

Among the two hundred and fifty guests present were Major Victor Pelletier, Hon. T. Chasse, Casgrain, Sir Lomer Gouin, premier of the province, Quebec, Senator Choquette, Hon. Senator Pope.

The waiting-room was profusely decorated with hunting and beautiful palms by Mr. McMahon, manager of the Chateau Frontenac, and his able assistants.

Speeches were made by Mr. MacTier, the Hon. T. Chasse, Casgrain, Mayor Lavigne and F. L. Wanklyn.

ONE MUNITIONS PURSE FOR ENTENTE ALLIES

NEW YORK, Aug. 10.—A news agency dispatch from Rome today says: "The Allies, it is reported today, are about to institute a common fund, out of which munition purchases will be made abroad and the manufacture of munitions in their own countries provided."

SINK ANY SHIP WHICH HAS CONTRABAND ABOARD

Orders Given to German Commanders of Warships.

LONDON, Aug. 11.—2:02 a.m.—The German minister at Stockholm has issued, in behalf of his Government, a revised list of those articles contraband, says a dispatch to the Morning Post. At the same time, it is reported, commanders of German warships have been instructed to sink any ship carrying contraband to enemy countries which consist wholly or partly of contraband.

CATCH MINK AT INGERSOLL.

INGERSOLL, Aug. 10.—On Monday evening a mink was captured alive at Staples' garage, Charles Staples, east. There is a creek near by, but it is somewhat of a mystery what prompted the animal to stray from its usual haunts. After much excitement it was brought uninjured, and thus far is doing well in captivity.

KNOW YOURSELF!

Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the Common Sense Medical Adviser, a book of 1,008 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., 50 cents in one-cent stamps for a cloth-bound copy. Customs prepaid.

LORD LANSDOWNE TO RESIGN, REPORT

LONDON, Aug. 11.—The Daily Chronicle says this morning:

"There is reason to believe that the Marquis of Lansdowne is about to resign. His resignation has no political significance, being due solely to falling health."

The Marquis of Lansdowne is a member of the cabinet without portfolio.

THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follows depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilblains and rheumatism. In some people there are sharp pains in the back and joints, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric." Send 10c for trial package.

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and insurance companies examining doctors always test the water of an applicant before a policy will be issued. Have you ever sent aside a bottle of "Anuric" to your doctor? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the "Invalids' Hotel." If you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff, Assisting Physicians will inform you truthfully.

Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the Common Sense Medical Adviser, a book of 1,008 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., 50 cents in one-cent stamps for a cloth-bound copy. Customs prepaid.

Avoid waste of Fuel

Unless you *KNOW* positively that a cheaper furnace will heat your home without waste of fuel, there is small satisfaction in saving a few dollars on its purchase. The Sunshine Furnace saves coal because it is well made and because every part has been carefully thought out.

LOOK IT OVER. Any one can see that the greatest heating factor in a furnace is the fire-pot; that a pot with straight walls like the Sunshine fire-pot will give off more heat than one that must often have an outer lining of ashes.

Doors and dampers that are tightly fitted will certainly hold the fire longer than those that are loosely fitted. The wider air passages and larger radiating surfaces of the Sunshine must heat the air much more readily. These Sunshine Furnace features are coal-savers that mean much in mid-winter.

If you are looking for economical heating, you must see clearly that it will take a good modern, well-made furnace to supply it. You will naturally think well then of

McClary's Sunshine Furnace

Saving coal interests you, of course. Then you will want a copy of our booklet. Send the coupon to-day for a copy. If you want information about the cost of heating your home, we will let you have it promptly and without charge. If you will write to our Heating Engineer, he will show you how to plan your heat distribution so as to get the utmost warmth with the least expenditure. Write him, giving the size and number of rooms in your home—a floor plan of the upstairs and downstairs—and he will give you the probable cost of putting in a system that will give you the heat you want where you want it. Fill in and send the coupon direct to the factory.

PRAISES CITY HOSPITAL

Treatment Excellent and Cost Moderate.

Says Dr. Helen MacMurchy.

Dr. Helen MacMurchy, inspector of hospitals, etc., has presented her report on Victoria Hospital, in which she pays a tribute to the way in which the institution is managed. There are few suggestions made for improvements, conditions being very satisfactory.

"There is no city or town in Ontario where the sick of all classes of the community receive more excellent hospital nursing, housing and nourishment at a more moderate cost than in this hospital," she declares in her report.

PROTECTION CARDS FOR

ALL AD CLUB MEMBERS

Fake Advertising Promoters Will Be

Given Short Shift.

The protection committee of the London Advertising Club at a recent meeting, decided to furnish every member of the club in good standing with a card, to be hung in store, factory or office, reading as follows:

"All advertising projects submitted to us must first have the approval of the London Advertising Club, Box 223, Postoffice."

This protective card is intended to check the activities of those who periodically promote various advertising schemes of little or no merit. When a canvasser for such a proposition calls upon a merchant or other advertiser, he or she is referred to the card hanging in a prominent place.

The idea is used in most American cities where there is a good live advertising club. It is valuable to the advertiser in that it protects him from fraudulent or worthless devices, spares him the trouble of investigating such propositions offered to him, and saves him valuable time and money.

It benefits the legitimate seller of advertising, and the canvasser who offers a bona fide value-for-money advertising proposition. Such will be gladly given the approval and support of the club.

The cards are supplied free to members by the London Advertising Club, and may be obtained from the secretary, T. H. Yull, Federal Advertising Service, 212 Dominion Savings Building.

WILL TEST NEW LAW

ON LIQUOR SHIPMENTS

Citizens to Find Out If Grog Can Be

Shipped Direct.

When the provincial temperance act goes into effect on September 15, a test case will be made by several citizens as to the possibility of liquor being delivered in Ontario from local manufacturers without having to resort to the necessity of shipping the goods to Quebec and back.

They maintain that a bonded warehouse being in effect Dominion Government territory and solely under the jurisdiction of the federal authorities, is outside the province. Nor could the official in charge of such a warehouse be prosecuted by the provincial authorities for any actions in keeping with the federal regulations governing his duties. Therefore, it is claimed, shipments could be made from brewery or distillery into bonded warehouse, and a liquor dealer in Quebec, on receipt of an order for liquor in Ontario, could have that order filled direct from a bonded warehouse in Ontario.

The clause on which this will be based is that providing for the sale of liquor to a person outside the province and vice versa.

The result of the experiment will be closely watched by interested parties.

KNOCKED DOWN BY AUTO

Assistant Superintendent Dick Griffiths

of Street Railway Slightly Hurt.

Another auto accident occurred last night at the corner of Dundas and Richmond streets. Richard Griffiths, assistant superintendent of the London Street Railway, was knocked down by a car turning from Dundas street west to Richmond street south. He suffered several slight abrasions on the left elbow and hip.

The driver of the car, who gave his name to an advertiser reporter as E. B. Fetterley, claims that he was proceeding east on Dundas street and was running at a speed of about 15 miles an hour when he saw the signal at Richmond street. When this was given he turned to the south on Richmond. He states that two little girls were directly in the way of his car and he had to turn out on the car track to avoid hitting them. Mr. Griffiths was standing on the car track when hit and made several attempts to get out of the road. There was only the driver in the car.

Dick Griffiths stated that he thought the car must have been going at least fifteen miles an hour.

SAW THE ALLIGATOR

South London People Think Two Were

In the Thames.

Citizens residing on Riverview avenue telephoned The Advertiser last evening that an alligator was swimming about in the water at the foot of the street. It swam around for some time and then made its way across to a marsh. The citizens telephoned to Springfield, thinking the rumor might be the one which escaped from the zoo recently. They were told, however, that the alligator which escaped was captured in the afternoon. The one seen around Riverview avenue is about two feet long.

SPECIAL EXCURSION, DETROIT

AND RETURN, \$2.75 VIA CANADIAN PACIFIC RAILWAY.

The Canadian Pacific Railway will run an excursion to Detroit and return, good going on special train at 5:50 a.m. Saturday, Aug. 12, and good returning up to and including Aug. 14, at rate of \$2.75 including war tax. Tickets and full information at City Ticket Office, corner Richmond and Dundas streets. H. J. McCallum, City Passenger Agent.

MACGREGOR WELLS

Utilities Board Considers

Ways of Increasing Supply.

MAY REQUIRE A VOTE

Present Amount Asked for the

Property Is Considered

High.

The utilities commission, at the meeting yesterday afternoon, decided to ask the owners of the MacGregor wells to submit a proposition for the purchase of the property outright, including the land and all water to be found thereon. If they agree, the commission will continue further investigations for water. If not, other sources of supply will be looked for.

Cal S. Parker, on behalf of the owners, submitted an offer, in which he stated that the company would accept \$30,000 for the wells and property, with a guaranteed flow of one million gallons of pure water, and a probable increase in price for all water over and above that amount. This proposition did not exactly meet the demands of the commissioners, who decided to ask the lowest price for the land and all water therein contained.

Not So Strenuous.

The commission's meeting was not so strenuous as on the previous occasion, although the matter was gone into thoroughly. It was pointed out that an offer of \$25,000 a year for one million gallons of water delivered into the mains was once made to the owners of the MacGregor property, and the price asked was much more favorable.

"In the absence of a report from the health officer as to the purity of the water, what can we do?" asked Chairman Pocock.

"We had better delay until Dr. Harvey comes. He will be here next week."

"It is incredible that the water is impure," said Commissioner Dennis.

"We will not accept until we are convinced that it is right."

"Must Concentrate."

"We want a scheme that will allow us to concentrate our pumping plants."

"We should consider the Kitchissippi. We do not want several plants scattered everywhere throughout the city."

"The MacGregor well water will come to the north end of the city, and the water from the Kitchissippi will come to the south end of the city."

"We should like to see a report from the health officer as to the purity of the water, what can we do?" asked Chairman Pocock.

HORTICULTURISTS CLOSE

SESSION IN BERLIN

Fred Dicks of London Is Elected

Second Vice-President.

[Special to The Advertiser.]

BERLIN, Ont., Aug. 10.—The nineteenth annual convention of the Canadian Horticultural Association, which has been in session here since Monday, concluded at noon today and it was decided to meet in Montreal next year.

Papers were presented on the "Problems of the Retailer," by H. Dillenault of Toronto, and on "Outdoor Roses" by J. Luck, Montreal.

A resolution was passed, having as its object the broadening of the association in its usefulness in whatever manner possible. Especially will an effort be made to increase the membership.

The election of officers resulted as follows: President, James Fraser, Prescott, vice-president, E. J. May, London; secretary-treasurer, F. Dicks, London; executive (for three years), C. A. Smith, Lachine; J. J. Lachance, Montreal; G. H. Guelph, Guelph (for two years), C. H. Janzen, Berlin.

This afternoon the delegates left by G. T. R. for Guelph to visit the Ontario Agricultural College and Farm.

CITY MAY HELP

FIRE SUFFERERS BY

MAKING A GRANT

Board of Control Refers Question to the

Finance Committee.

The request of the Associated Boards of Trade of Ontario to the city council, asking that it grant a subsidy to the sufferers from the fire in New Ontario, was considered by the board of control yesterday afternoon, and the matter was referred to the finance committee.

"We should do something," commented Controller White.

"This looks like a job for the Government," said Controller Gammage's opinion. However, if there is urgency the council will deal with the matter on Monday night.

The Hamilton Gault Chapter was given the \$2500 grant to the Con. T. Kennedy shows for the week's performance in Queen's Park.

An agreement for a sewer on High street, for which Westminster Township Council must pay a portion, was presented and will be forwarded to the township council at once.

The Grand Trunk Railway objected to the payment of taxes amounting to \$836 frontage on Bathurst street, claiming that as the London and Port Stanley used a large portion of this property, they should pay the taxes. However, the city will collect from the Grand Trunk.

Willis Chipman, designer of the storm sewer system, stated that the plans for the scheme were available for the board of health and copies would be forwarded to that body if desired.

City Engineer Brazier complained that the speed with which large motor trucks crossed the city bridges was destroying them and suggested that a by-law be passed limiting the speed. No. 4 committee will look into the problem.

The Grand Trunk was given permission to erect a gatekeeper's shanty on city property at the Coburne street crossing, provided that the city be absolved from all damages.

W. Berry & Sons were given the contract for whitewashing the market basement for \$30.

TO RUSH NEW WING

OF INGERSOLL HOSPITAL

[Special to The Advertiser.]

INGERSOLL, Aug. 10.—Plans for the Dr. Carroll wing of the Alexandra Hospital have been prepared by Architect William G. Murray of London, and accepted by the hospital trust. Tenders are being called for. The budget of the late Dr. Carroll was for the establishment of hospital accommodation for sick children. It is proposed to proceed with the work at once in order to have the building ready for occupancy at the end of the present year.

RETURNING TO FRONT.

KINGSTON, Aug. 10.—Dr. G. L. Starr, dean of Ontario, left today for Halifax, where he will be attached to one of the overseas hospitals for service at the front. He has already seen service at the front and holds the rank of major.

School Shoes

Why not buy them now? That boy

will want new shoes soon. Buy them now when he or she returns. They'll want nice ones, too. Just like

their schoolmates. Of course, you want them to be as stylish as possible. And

consistent with good wear. And we'll

promise you the latter. We'll give you children's shoes from makers whom

we know to be good. The styles are the latest. The leather is the best. And the

prices as low as we can make them.

Why not come in at

once, for a look at our

stock?
