JUNE SESSIONS OPEN IN SIMCOE

County Constabulary Discussed—Rev. Dr. Dey is Honored

OTHER SIMCOE NEWS

(From our own Correspondent) Simcoe, June 12.—The action of Mr. Joseph Church to recover from the Canadian Express Company \$500 for the loss of three prize Boston bulls, occupied the greater part of the afternoon yesterday, at the county sittings before His Honor Judge Bales, and kept some hundred and forty men from useful labor.

Whether the dogs or the express company are to blame for this waste of time will doubtless be settled by the jury today. T. J. Agar is conducting the plaintiff's case. It is the only civil case on the docket. The grand jury received their instructions early in the session, and spent the afternoon considering three criminal actions, in all of which W. E. Kelly, R. C. C. has charge.

It is a record of great devotion to duty and has been recorded in the war diary of this battalion. The commanding officer wishes me to express to you his sympathy through the death of your son. Adjutant.

High Tribute to Dr. Dey. During his morning discourse on the "General Assembly" at St. Paul's last Sunday morning, the pastor, Rev. M. Scott Fulton, paid high tribute to the work of his predecessor, Dr. W. T. Dey, who was to London during the week to present his report as convener of the Assembly's Committee on Church Praise; and after informing his congregation that the new edition would be issued during the autumn, he told his hearers that after the doctor had left for home, the Assembly had resolved to recognize the splendid services rendered and in addition to a resolution of thanks decided to present Dr. Dey with a specially bound and engrossed presentation volume of the large edition.

Net Out For Small Fish. Rumors of wholesale summoning for infraction of the road rules and town by-laws that have been in the air since Saturday evening failed to materialize last night at police court.

The information against the driver of the chemical truck for driving on the streets with the machine without a marker was withdrawn. It was a case of the town receiving a fine and costs from the town at best.

A man called up and expecting to be summoned to the colors paid \$1 and costs on each of two points, driving a car without a permit and without displaying markers.

A garage proprietor having lost a marker retraced his trip on a motor cycle in search of it. He had no markers on the motorcycle and got "pinched" at the first house he called \$1 and costs. The first man called did not take care to be in the court room. He was loitering outside the court room, and a constable quite nonchalantly, threw his fedora on a chair with some force and approached the desk. Ridgely, Magistrate: "85 and costs this time."

Ernest Haskett—"How can you get it?" Magistrate—"Do you want me to send you over to the jail?" Here followed some cool advice and warning. Haskett: "How much time can I have?" Magistrate: "Forthwith." And the youth pulled out the long green.

Warden Buck was in town on county business yesterday. Old Ends of News. The contractors see the beginning of the end at the process building of the canning factory.

The boys' meeting being called to court for riding on the sidewalk while the big fellows escape, but it does not pay to show that resentment by "doing it again."

During a violent thunderstorm which passed over town last night, reflections from a fire due north lighted the sky.

The announcement of a 25-mill rate was received to-day with relief and pleasure. Some are still skeptical and aver that they will not be convinced till the Council has finished the year's budget within the estimates. It is clearly up to the Council.

SOLDIER IS REAL "PINCH HITTER"

Each Sport Has Celebrity Gaining Renown in Crucial Moment

The "pinch" is that tight situation created within the grasp of the burning point of any game. It is the moment you grasp the handle of the control in the elevator of achievement. Push one way and you go up; push the other way and you go down. It is the psychological moment of a contest and is possessed of all the cheers, tears, thrills, chills and indignities.

It is nature for some to rise to an emergency just as it is natural for others to lie in bed. For instance, Eddie Collins has been the best of the world's service while Heinie Zimmerman, although a great player, is famous for his failures in the last world's series and in many Chicago city series between the Reds and the Whites and the Sox. However, the greatest pinch performers in the world are our soldiers. Just now they are pinch hitters, but not when it comes to having a hole, etc.

Baseball, tennis golf, football offers so many pinches every day that we only mention a few noted ones: Frank Baker playing with the Athletics in world's series of 1912, drove out the most famous pinch hits of baseball. Baker made two home runs at crucial moments and each won a ball game and the ball games won the championship for Connie Mack.

Old Fitz was the greatest pinch hitter ever in the ring. Many times the old freckled warrior was almost down and out himself only to rise again and turn defeat into victory. Corbett, Ruhlman and Choyfink all seemingly had Fitz knocked out, yet the old boy managed to get over the old pinch wallop just in the nick of time.

De Aró, the noted Cuban pool and three-cushion billiard champion of the last decade, made innumerable pinch shots. In fact, De Aró was remarkable for his ability to come from behind and win at the last moment. It was rare that he ever went into a hole at night of play in the lead. At least one-third of his matches were won after they seemed lost.

Williams is the best of the tennis players in tight situations; Travers excelled American golfers; Groden, the world's best, is best when the score is 8-6.

TRANSFER NAVAL COLLEGE. Victoria, B.C., June 12.—That the decision has been practically made to transfer the Royal Naval College from Kingston, Ontario, to Esquimalt, B.C., is the announcement made this morning through the office of the British-Superintendent of the Esquimalt dockyard. The naval college, which was removed to temporary quarters at Esquimalt following the disaster last December, is to be transferred temporarily pending the erection of new buildings at Esquimalt. It was announced today that the naval students will be accommodated in one of the large buildings available in the Esquimalt dockyard, which can easily be converted for the purpose. It is understood that the naval students will be installed at Esquimalt by August.

BELIEVES IT HAS SAVED HER LIFE

Superintendent's Wife Gains Thirty-one Pounds by Taking Tanlac

The following statement, made recently by Mrs. Annie Pasco, 57 Spadina Ave., Ottawa, is not only interesting, but altogether remarkable. "I have not only gained thirty-one pounds by taking Tanlac, but I firmly believe it has saved my life, and all who know of my dreadful condition are astonished at my wonderful recovery."

"I had fallen off from one hundred and seventy pounds to one hundred and thirty-two and got so weak I couldn't walk from the kitchen to the front door without holding on to something. I had to spend over half my time in bed, and was so nervous I am afraid to be left alone, and I could hardly sleep a wink at night. I took so much medicine without getting relief I became discouraged and lost of heart."

"Finally I decided to try Tanlac as I had seen it recommended so highly and before I finished the first bottle I noticed a decided change in my feelings. My appetite soon got better, the nervousness and indigestion began to disappear, and I could feel my strength returning. Then I began to regain my lost weight and now I weigh one hundred and sixty-three pounds, have actually gained thirty-one pounds and haven't had a touch of indigestion or stomach trouble in six months. My appetite is fine, I can eat just anything I want without the slightest discomfort afterwards and my nervousness is gone. I am feeling stronger and am doing all my housework. I think it nothing but right that I should tell others about this wonderful medicine."

Tanlac is sold in Brantford by Robertson Drug Store, in Paris by Apps Ltd., in Mt. Vernon by A. Yeomans, in Middleport by William Padden, in Onondaga by Neil McPhadden.

Pte. Geo. Doby of Belleville, who was a few weeks ago invalided home recently, in boarding a moving train slipped and fell with the result that a wheel of the train passed over his left foot.

GIRL'S ONE PIECE DRESS. If you are doing the spring sewing for the family now you will surely want to include this clever little design in your young daughter's outfit. No. 8759 shows the new convertible dress for girls—a very sensible and practical idea, for it has a double front closing. The dress may be opened all the way down, making it very easy to iron if it is made of wash material. A wide belt of contrasting material is attached to the panel. The large square pockets have loose flaps to match the other trimmings. The sleeves may be long or short. The girl's one-piece dress pattern No. 8759 is cut in five sizes, 8 to 14 years. As on the figure, the 8 year size requires 3 yards of 27 inch material; for 2% yards of 36 inch, with 3/4 yard 36 inch contrasting material. To obtain this pattern, send 15 cents to the Courier, Brantford, and two patterns for 25 cents.

TERRAIN IMPEDES GERMANS

Nature of Country Constitutes Great Obstacle to Teuton Advance

By Courier Leased Wire
With the French Army in France, June 11.—(By The Associated Press)—The difficulties confronting the enemy are very great in the nature of the country he has now entered in his new drive. The terrain comprises sharp hills, deep valleys and thick woods. Where his most pronounced progress has been made, in the centre of the battle field, the ground forms a sort of hollow through which runs the main road from Senle to Tovo and the Compeigne-Roye railroad.

of the Allied batteries, groups of machine guns, which possess the accurate ranges of all points.

This fierce opposition offered by the Allied troops appears to have disconcerted the German high command, which expected to be able to reduce the Allied salient around Noyon much more rapidly.

The enemy guns were very busy throughout yesterday and last night, but were well countered by the Allied artillery. In addition, the wind changed its direction, and tens of thousands of poison gas shells fired by the Germans did more damage to themselves than to the allies.

Further Improvement.
With the British Army in France, June 11.—(By The Associated Press)—Further improvement in the British battle front, just north of the River Somme, between Sailly-lez-Lannoy and Morlancourt, was achieved last night by a comparatively small but highly successful attack made by soldiers from Australia. Driving forward along the ridge of high ground which runs east and west below Morlancourt, the Australians forced the enemy back for a distance of about 750 yards on a considerable front.

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

Where to Register
Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.
In Cities and Towns, many of these places will be open for registration purposes prior to Registration day. Where such arrangements are made, the local papers will supply full information.
Large industrial and business concerns are being asked to provide facilities for registering their employees. Where they do so business will not be interfered with, and employees will suffer no loss of time.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hours—7 a.m. to 10 p.m. Register early and get your Certificate for your own protection.

THE SITUATION.
 The French not only continue to oppose the advance of the Hun hordes with magnificent valor, but in addition they yesterday inaugurated with great success a counter-attack upon their own account.

Southeast of Montdidier they turned upon the Germans and administered a severe defeat over a front of about seven and a half miles on the right wing. The enemy sustained heavy losses and Poch's men secured many prisoners and guns. Negro troops supported by tanks also delivered a splendid counter-attack and recaptured a crest running southwest of Marquiesles. The only progress made by the foe was in the neighborhood of the Thiessourt Wood and that was not very marked. Notwithstanding their exceedingly heavy losses, which have resulted in the calling up of auxiliaries not intended for the battle front, the enemy plans have not been abated. By onrush after onrush they are still endeavoring to attain their objectives and in this resolve are wasting troops with characteristic prodigality. The position of affairs is still menacing for the troops of the Kaiser continue in tremendous strength, but each day leads to a more hopeful view of the outcome.

By a notable piece of work the Americans secured Bellau Wood.

GETTING AFTER PROFITTEERS.
 News comes from Ottawa of further steps which have been taken to prevent profiteering. In connection with the recent order preventing the importation of certain things placed in the luxury class, it is provided that the current prices at which these things were sold on date of said order, June 3rd, shall not be increased except upon permission of the Minister of Trade and Commerce upon recommendation of the War Trade Board.

At the same time the Canada Food Board has passed an order which it is expected will prevent profiteering in the produce business. On and after July 1st those who deal wholesale in meats, lard, cheese, oleomargarine, eggs, etc., will not be permitted to charge at a higher rate than ten per cent profit. There are also stipulations calculated to prevent speculation. Experience has abundantly shown that there are men who are not above exploiting the needs of the people during war time for the benefit of their own pockets, and the more safeguards there are introduced against this sort of thing the better. Moreover, there should be rigid and constant inspection and delinquents should come under an exceedingly heavy hand in connection with any transgression.

THE MUNICIPAL RAILWAY.
 The recent increase in the wages of the Street Railway employees represents approximately about \$10,000 a year. There can be no criticism with regard to the advance for the simple reason that most citizens will agree that it was warranted and necessary. The increased obligation in this regard, however, brings up anew the question of how receipts can best be augmented in order to prevent a quite heavy deficit at the end of the year. During the previous twelve months the balance was fairly well kept, although it was found impossible to lay aside any sum for depreciation of the plant. The central fact to be borne in mind is that everything in connection with the running of the system has enhanced in cost, while the fares have for years remained stationary. In this regard there has come the suggestion that eight tickets for a quarter during certain hours should be eliminated and six tickets for the same amount be made the rule for the entire street car day. Such a plan would without doubt help in distributing the traffic in a more even way and on the other hand the fear has been expressed that it would tend to lessen the number of people carried and in this way defeat the object aimed at. The results attendant upon such a move, of course, only be conjectured and many think that after a while the balance of patronage would become restored. This property is owned by the citizens and the general public when they know all the facts in connection with any matter have a habit of reaching a common sense conclusion. Any deficit, of course, falls on the municipal treasury and is a charge against citizens

as a whole. The commissioners are giving the matter very earnest consideration and should receive hearty backing in any conclusion they may reach in regard to what they consider the best interests of the road and the municipality. Certain it is that no one would for a moment wish to go back to the condition of affairs which existed under private ownership.

NOTES AND COMMENTS.
 It rains these days, first as regularly as prices go up.

Those in the profiteer class will not be entitled to shed any tears because of new restrictions from Ottawa.

Emperor Charles wrote King Ferdinand "This is a time when kings must stick together." And also a time when all of that brand should be stuck.

A Toronto doctor is alleged to have issued six hundred liquor orders in one month. The letters M.D. after his name evidently stand for More Drink.

Hindenburg is said to have opposed the attempt to make the latest rush to Paris but was overruled by the Kaiser. Perhaps that is the case and then again he may have developed the habit of his royal master in attempting to prove an idiot when things go wrong.

HOW TO DODGE THE CENSOR

British Tommy Has Many Ingenious Plans for Getting News Home

Thou shalt not disclose thy whereabouts," says the War Office in effect to the brawny warrior who leaves our shores for foreign parts. "Somewhere in France," or "B. E. Saloniki," is destined to be his address for the duration of the war. Very nice, too, of course, but not entirely satisfactory. To the contented ex-civil servant it conveys a glorious feeling of pride to know that he is so important that "B. E. France" will always find him. But to the majority it is far from enough. How many mothers, sweethearts and all these other dear relations we have just found take an interest in our welfare are content to know that we are in France? Say Ypres, or Arras, or the Somme, and it's more gratifying, but "France" alone means nothing.

And so the British Tommy has devised hundreds of secret codes by which he can give these at home some idea as to his whereabouts without their having to wait till he comes home on that ever-welcome but never-arriving leave.

Some of these wonderful codes pass the censor unobserved and unsuspected. Some of them don't, with the result that in a minute big blue strokes destroy the ingenious work of several hours. We shall be content to give no information to the agency however, we give one or two examples of Tommy's "tricks for dodging the censor."

One clever youngster, going out for the first time, evolved the wonderful idea that he would indicate his whereabouts by the initial letters he used on the addresses of his epistles. If he was at Ypres, he was going to address his mother as Mrs. Y. Smith one week, Mrs. P. Smith next week, and so on till he had spelled out Ypres.

Unfortunately, his active brains had not allowed for the fact that an army moves on, and is not always in the same place. So our hero was first sent to Passchendaele. Undaunted he commenced to spell it. He got as far as Mrs. P. Smith, Mrs. A. Smith, and Mrs. S. Smith. Then his regiment moved to Ypres and in a week or two in Messines and afterwards to Maroing. His mother, after about a month's studying, was driven to the conclusion that her son was at Passynomart! Hours and hours she poured over the address cards and over the letters from Russia and the East, before finally coming to the conclusion that "her Bill had gone to one of them places in Meserperantayr."

Perhaps a little more successful was the ruse adopted by a signaller whose sister was one of His Majesty's post office officials. Between them they arranged to use the Morse code by the way in which he dotted the 'i's and crossed the 't's in his letters home. It was then very easy to read "dot, dash, dot," etc., and the poor censor never troubled his head to see how many 'i's were crossed and how many 't's were dotted.

It is forbidden to say the date on which he expects to arrive home on leave, with the consequence that he often turns up at an unforseen moment, to find the family at the seaside and the house in such a state of affairs, some of our boys arranged to send a field post-card saying when they hoped to be home. The card was to read, "Received by telegram dated the date they expected to reach Blighty."

Do you think the blue pencil official spotted the idea? Not he!

NEW RECRUITING PLAN FOR IRELAND
American Regiments Are to Take Part in Campaign for Volunteers

By Courier Leased Wire.
 London, June 11.—The Dublin correspondent of The Daily Express professes to be able to give the details of a plan for recruiting a large number of Irishmen into the American regiments to Ireland to march through the towns and villages. These regiments, he adds, will bring their priests with them. This plan, continues the correspondent, will be carried out during the summer months, he has agreed to the direction of the chief secretary for Ireland. He adds that the progress has been made in the direction of enlisting the aid of the National Party. Stephen Gwynne, a Nationalist member of the House of Commons, is a member of the central committee of the plan, the correspondent states, while other Nationalist members have expressed a wish to help. Arthur Simpson, Nationalist member for West Clare, he continues, has agreed to serve as a recruiting officer and it is believed some others will follow Mr. Lynch's example.

TRIES TO PROVE ALIBI.
 By Courier Leased Wire.
 Montreal, June 11.—Whether Peter Servaneur, alias Sharbanovitch, an Austrian, who is facing a murder trial in the court of the King's bench in this city on a charge of being the slayer of Basquill Ross, alias Gingo, will be convicted or not, hinges on his ability to prove an alibi. The murder took place in March, 1915, and the arrest was made this year. The accused claims that he was at Moose Jaw until April, 1917, and had been there since 1908, when he arrived in this country.

Two young boys, cousins, are under arrest, charged with the murder of Julius Macye, an aged lumberjack, near Waugh Man.
 At St. Thomas, John Graham, an M.C.R. engineer, died from the effects of injuries received ten days ago while on duty at Welland.
 Herbert Bland of Toronto, died in the General Hospital at Chatham from injuries he received when his auto overturned near Blenheim.
 At Cobourg a verdict of death from drowning was found in the case of a nine-year-old boy, May Johns, whose body was taken from Lake Ontario.

FERDINAND OF ROMANIA WAS BOUGHT BY FOE

Central Powers Promised to Help Monarch Retain His Throne

INTRIGUE LAID BARE

"Kings Must Stick Together" Austrian Emperor Wrote to Ferdinand

By Courier Leased Wire.
 London, May 31.—(Correspondence of the Associated Press)—A private and secret letter written to King Ferdinand of Roumania by Emperor Charles of Austria-Hungary in the latter part of February marked the turning point in Roumania's participation in the war and was one of the deciding factors in the long series of intrigues which eventually broke the spirit of the Roumanian king. Under this outside pressure King Ferdinand changed from an ardent supporter of the war against Germany into a lukewarm and vacillating opportunist and finally into a distinct peace-advocate.

"This is a time when kings must stick together." The most striking sentence of the letter to Emperor Charles. The letter has never been published and its existence up to this time has been known to only a few persons outside the highest court circles in Roumania. A summary of its contents was communicated to the American minister and to the Associated Press correspondent in London.

The letter was written to Ferdinand at the Roumanian court. In intimate tones the Austrian emperor directed the attention of King Ferdinand to the great danger for all monarchical institutions from the way of socialism which was sweeping eastern Europe. He drew a heart-felt picture of the danger to Austria from the spread of Bolshevism across the Russian border and declared the Roumanian dynasty was in equal danger from the same source.

Emperor Charles pleaded with the Roumanian king to join with other monarchs in Europe in the death struggle with the great danger of socialism. Ferdinand would abandon the Allies and Austria would support him in retaining his throne. After portraying Roumania as abandoned by the Allies and helpless before the power of the Central Powers, Emperor Charles closed his letter with the sentence "Stick together, kings!"

Within a short time after King Ferdinand's attitude began to undergo a change and the queen on the spot began to give up. A powerful court party brought continual pressure to bear on the king in support of every German peace intrigue and the king yielded rapidly to this pressure.

Queen Marie, on the other hand, was adamant and she made valiant efforts to rally the army and the king's personal staff. The soldiers generally responded to her appeal, but her hopes and efforts were all for naught.

Pte. Samuel Hoag, enlisted in Moose Jaw, and went to France with the 46th Battalion, being returned with severe wounds, was drowned in Wascana Lake, near Regina.

CHAPTER LXXXVIII
 Bob Meets Marion Riggs

The next night when Bob came home I reminded him that we were engaged for the Baldwins to play bridge.
 "I know it," he answered, "but I wish we weren't. It is the most forlorn bridge."
 "But I promised," I replied, almost hoping he would insist upon remaining at home with me.
 "Oh, well, I'll have to go all right. What in the world did you do to Marion Riggs that time she lunched with you and Elsie?"
 "What did I say? I haven't the slightest idea. Why?"
 "Oh, I met her in the street to-day and she was so cool, so different from her usual self that I stopped and asked her the reason. I feared she might have become dissatisfied with the house I sold her, or something of that sort."

"She told me that you begged her not to read her manuscript," he interrupted, "that you said I became foolishly interested and that you were willing to go to her. That you said the only place for me, or any other married man was at home with his wife. And that of course after you expressed yourself in that manner she couldn't receive me."
 "Well, isn't it true?"
 "But what must she think of you and me?" She will imagine you jealous and me a philanderer. Nice position."
 "She will imagine no such thing. I took special pains to tell her that I was not jealous, that I knew you were too much for me to do anything of which I disapproved. But I also informed her that I did not care for that silly Bohemian crowd you used to affect, and that I should accept no

invitations from them, and didn't wish you to."
 "So that was the reason she sent the message she did."
 "I suppose so."
 "You manage to place me in a very embarrassing situation," Margaret said. "Oh, you have seemed so different you have been so like I love you, to be. You know how I love you, dear; how all the happiness I have comes from you; how miserable I am when you do not give me all the love I have a right as a wife to expect. If only you'd always be with me."
 "Don't be silly! I have remained at home, cancelled all engagements because of Donald's illness. It would be a very foolish proposition for me to remain here unless I was needed."
 "Oh, I didn't mean just staying at home. I meant the way you acted toward me. I know you love me, Bob." I was always saying that to myself to give me courage, and that that I was not to be wretched, but sometimes it seems that you are too easily influenced to give up to others, to allow them to dispose of your time."
 "Oh, I didn't give up the visit; I wrote her that Donald was ill, and that as soon as he was better I would come. I shall go to-morrow night if she is ready to receive me."
 "So he had only postponed the visit I so dreaded to have him make. Tears filled my eyes and I went into my room and closed the door. I must not allow him to see me cry too often."
 "Stop that crying, Margaret," he said in a few minutes, "I'm absolutely ashamed of you. You are a perfect cry baby!"
 To Be Continued Tomorrow

Mr. Baldwin and I came out away ahead, and I knew they laid his ill-nature to that; but I knew better. I was sure he was annoyed because of what I had said to Marion Riggs about his visiting her.
 After the game we had a delicious supper, and before it was over Bob was more like himself. But on the way home he again began talking of what I had said to Miss Riggs, how I had embarrassed him, etc., I was almost glad when he went into his room and closed the door.
 In the night I was awakened by faint cries. I got up and found Donald burning up with fever. I woke Bob and sent him for the doctor.
 "He's a pretty sick boy," the doctor said as he leaned over the crib. "For days we watched and prayed. For days the doctor came and went but held out no hope. Then finally the fever broke and our boy was saved. Bob had scarcely left the house. Once or twice he had gone in to attend to some pressing business and had flown back on the next train. Some way we seemed nearer together during those dreadful days

CONDEMN GERMAN METHODS

The Scandinavian Transport Workers Censure Sub-War and Blockade

By Courier Leased Wire.
 London, June 12.—(Via Reuter's Ottawa Agency)—The Scandinavian committee of the International Transport Workers Federation, which met at Copenhagen, passed a resolution expressing strong condemnation of German war methods, "which are not confined to impeding their enemies' imports, but also by preventing imports of the necessities of life into neutral countries, and expose to hunger the wholly disinterested inhabitants of those countries."
 In addition, the resolution says, "Germany in a base and murderous manner, has exposed neutral seamen to great suffering and painful death by sinking, without warning, or recourse to neutral circumstances, peaceful unarmed merchant ships."
 "Further, as from Norwegian quarters complaints have been received that U-boat commanders look on with cold indifference at the death struggles of neutral seamen without making any attempt to save them, it must be demanded, in the name of humanity, that these acts should cease. The barbarity of such methods cannot be defended, but will remain throughout all time as a dark blot of shame on the shield of the nation concerned."

POLICE COURT

Worcek Pekill, who was found last night in an intoxicated condition while driving a motor car, appeared in the police court this morning. He was remanded till Friday. Harry Noble, charged with allowing his horse to trespass on private grounds, was fined \$20 and costs, the \$20 to go to the complainant for damages done.

DUFFERIN BOWLING

Forty-two players turned up at the Dufferin bowling greens for the home matches last night, the play being interrupted by rain. This afternoon, weather permitting, three rinks from Paris were to play the Dufferins, and the tournament, open to all city clubs, is slated for tonight.

COUNTY COURT

Wm. Thomson and Reynold Young in the County Court yesterday afternoon were charged with stealing cattle from John Lampkin. They elected to be tried by the Judge and their case will be heard next Monday. Mrs. Agnes Greenfield claimed insurance from the Canadian Order of Foresters. The defence contended that the premium had not been paid in full, but it was proven that there was no premium owing, this having been paid to the agent of the C.O.F. The C.O.F. was ordered to pay the claim in full and the costs of court. The case of Fisher vs. Marin was adjourned till next Friday. The case of Brethour vs. the Brantford Coal and Iron Company was adjourned till Friday.

TWILIGHT MEET

Weather being favorable, the first twilight meet will be held to-night at Agricultural Park. J. G. Hunter and Co. have donated a \$5 Panama hat for the first prize in the ladies' race. For the relay the men's teams are, Cookshutt, Massey-Harris, Pratt and Letchworth, and a team made up of Mathews-Blackwell and Steel Company of Canada.

INSPECTED WELLS

Mr. Fred Frank and Engineer Webster of the water commission yesterday made a trip to Galt, Preston, Waterloo and Kitchener, and made an inspection of the drilled wells at these places. Some were found to be satisfactory, others the Brantford representatives believed tainted water. At Preston there is a good well, over 400 gallons flowing each minute from a 6 inch pipe. Though at some of the wells there are strong traces of undesirable minerals, these can be done away with by simple processes. The commissioners are drilling three wells on the waterworks property. It is not known as yet just what success will be made with these.

STORY HOURS OVER.

With the completion of a series of 70 different tales at the Story Hour in the Children's Library, the hour which has been under the direction of Miss E. H. Middleton, will be suspended during the summer. Since last September 70 of these "Hours" have been held with Miss Middleton in charge. The average attendance at each has been 85. The stories told include 7 nature study sketches, 7 biographies, 7 historical tales, 7 travelogues. In these allied countries were described their historical points, customs, modes of travel, peoples and heroes and great men in the present war in a complete and capable style. 7 stories of general literature were told, these legends, folk stories and classics, 8 stories of great inventions including the telephone, telescope, paper, glass, etc. The 27 stories were of the best fiction. These story sessions have been no doubt very useful to the school children attending and the large attendance at each shows the popularity of the Hour. The library is indebted to Miss Elsie Senn and Rev. G. A. Woodside, each of whom conducted a story session during the year.

BAPTISTS IN CONVENTION

The convention of the Oxford and Brant Counties Baptist Churches was continued this morning in Calvary Baptist Church. There was a large attendance of delegates from all parts of the district. The devotional exercises this morning were opened by Rev. W. E. Bowyer. Mr. C. J. Scott gave an address of welcome to those from out of town, Rev. J. H. Simons making a suitable reply. The association secretaries made their reports, all being received favorably. Later a conference on "The Work of the Boards," led by Rev. B. W. Merrill, took place. The points discussed were "What are the Boards?—How are they formed?—What is their work?—Their obligation to the churches, etc. A half hour period of prayer, led by Rev. L. Brown, was held. Prayers were offered for the national needs and those of our people. During the morning session Rev. I. G. Mathews, of McMaster University, gave a fine address.

GRAND JURY IS WELL PLEASED

Public Buildings Reported in Good Condition—Praise for O.S.B.

Grand Take One . . . du

The general court sessions commenced yesterday afternoon, and the grand jury met and made the following report:

His Honor Alexander David Hardy, Judge of the County Court of the County of Brant, and Chairman of the General Sessions of the Peace for the County of Brant:

May it please your Honor:

We, the Grand Jurors, in the General Sessions of the Peace and County Court, beg to report as follows:

We first visited the House of Refuge, which we found clean and excellently kept, evidencing the good management of the Superintendent and the Matron. Mr. Storey, the superintendent, was absent in the fields, but Mrs. Storey, who appears to be a very capable matron, showed us through the institution. Some of the rooms are very badly in need of paint and kalsomine, and we would recommend that a certain amount of this work be done as soon as possible. We are pleased to note that the sewerage system is being attended to, and we understand that connection with the city system is to

be made within a very short time. We then visited the Gaol, where we found everything in a very clean and sanitary condition. There are at present 11 male inmates.

Next we visited the Ontario School for the Blind, and the whole appearance of the institution gave evidence of most efficient management. We had the pleasure of hearing some of the pupils play the piano and sing, and were impressed with the remarkable skill displayed. It was practical evidence of the excellent work the institution is doing.

We visited also the basket and broom shops, and the work turned out there was also of a very high class.

All of which is, respectfully submitted.

Signed on behalf of the Grand Jury,

FRANK ALLEN, Foreman
Grand Jury Room, Brantford, June 11th, 1918.

THREE YEARS FOR THEFT.

By Courier Leased Wire

St. Catharines, Ont., June 11.—Ralph Hollister, former G.T.R. baggage man at Thorold, was this morning sentenced to three years in penitentiary by Judge Campbell for stealing articles of baggage left in his care. He pleaded guilty to three counts.

G. B. Burson, his solicitor, pleaded mental deficiency which the judge declined to admit, but rather considered the man was lacking in a realization of the enormity of crime.

DO NOT GOUGE OUT EYES OF PRISONERS

British Tommy Uses Knife for Variety of Purposes, But Not For This

TEUTON LIE DENIED

Behind British Lines in France, June 12.—(Correspondence of the Associated Press)—Every soldier in the British army in France is provided by the government, as part of his overseas kit, with a jack-knife.

The military jack-knife is built for service. It has only three parts—a big blade of Sheffield steel, a can opener, and a "marlin-spike." The whole thing clasps into a solid steel or bone handle four inches long, which is provided with a finger that it can be hung to the belt.

The can-opener is an indispensable part of the provision for a soldier's well-being at the front. Several important items of his daily menu are supplied to him in sealed cans.

The Sheffield blade has numerous uses too obvious to need mention, but it is noticeable that Tommy Atkins frequently uses it for purposes of setting in preference to the table knife in his kit.

The knife blade is also used constantly as a wood cutter. In the trenches the blade of a brailer is frequently a difficult operation owing to the vital necessity of avoiding smoke. The Germans have a strong antipathy to smoke, and the sight of it rising from the British trenches arouses in them disturbing evidences of envy, hatred, malice and uncharitableness. It is well, therefore, to avoid smoke so the wood for the brailer must be split up into thin sticks and shavings, and for this purpose the official jack-knife is the ideal instrument.

When the soldier is withdrawn from the trenches, it is his first duty to make himself and his belongings clean and presentable for inspection. Tommy hangs his coat on a peg and "shaves" it with the knife blade.

The marlin-spike attachment is useful for prying open wooden boxes for cleaning stones and mud out of the horses' hoofs, and for adjusting bolts and harness. Brailers for the trenches are made from Mescal (this punched full of holes to admit a draught).

The Germans were, for a long time, greatly puzzled by the marlin-spike attachment which they found in every British prisoner's jack-knife. They made great capital out of a story that it was used to gouge out the eyes of German wounded. In the official report of the British Prisoners of War Commission, several instances of this tale are recorded.

Captain Bekman testified before the commission that he was berated by a German Colonel for permitting his men to use their marlin-spike on the eyes of German wounded. Capt. Bryans told the commission of his meeting to a Uhlán major who was giving a lecture, and who exhibited a British jack-knife, showing the marlin-spike attachment, and describing it as used for torturing German prisoners. The story appears to have been deliberately cooked up by the German military authorities, for the consumption of their troops.

BOYCOTT IS GROWING.

By Courier Leased Wire

London, May 31.—(Correspondence of The Associated Press)—The British seamen's boycott of Germany, which it was agreed last year should last at least a month for every new crime committed by enemy U-boats, has now reached a total of five years and eight months. J. Havelock Wilson, leader of the British seamen, in a speech at Albert Hall, said that the 250,000 men in the shipping industry were determined not to touch a single German ship, British ship, and were agreed unanimously that they would not take a ship to any German port as long as the boycott lasted.

THERE IS A BUSY SCENE

On the Property of Motor Trucks Ltd. — Getting Ready to Fill Large U. S. War Order

The property of the Motor Trucks, Limited, of Murray and Bruce streets, presents a most animated scene these days. Practically speaking the four and a half acres will be covered by buildings in order to handle the very large war contract which this firm recently received from the States. One new building, 700 ft. by 90 ft., is already up. The steel work by the Dominion Bridge Company was completed in several and a half days, which is a record for a structure of that size. Other buildings are in course of construction and being rushed to completion. It is hoped to commence shipment of goods in October and the complete outfit of men and women will total 500. The work when complete will be of a most modern nature. The company have had lady canvassers at work in surrounding district and over 400 workmen to be brought here if necessary.

P. H. Secord and Son are the building contractors and a great deal of credit is due them for the rapid progress already made.

SEND OFF TO POLICEMEN

By Courier Leased Wire London, June 11.—Four hundred policemen of the Metropolitan force had an enthusiastic send-off at Scotland Yard yesterday. They complete the draft of a thousand London policemen released for the army. The commissioner, in bidding farewell to the drafts, said there were hundreds of others most anxious to join up, but at present it was impossible to release more.

Up to the present, said the commissioner, seventy-seven London policemen have already gained decorations and a number have gained medals. In South Wark, which disease includes 614 clergymen, 234 of whom are over 51 years of age, the Bishop of Exeter has accepted 28 for combatant service, 22 for non-combatant and 13 for the church army, etc., and 17 as army chaplains. The bishop states that 10 of his clergy are already serving as chaplains in the army and navy.

BRITISH OFFICIAL

By Courier Leased Wire. Bulletin, London, June 11.—The British last night carried out an operation in the east of Amiens by which their line south of Morian court was advanced a half mile on a front of a mile and a half, the war office announced today. Two hundred and thirty-three prisoners were taken.

WHY BEAUTY FADES

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes thin, pale, haggard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, until perhaps fatal consumption sets in. If prompt steps are not taken to increase and enrich the blood supply, to make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor thin blood mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WILSON'S MESSAGE TO MEXICO IMPORTANT

President Proposed Pan-Americanism by Agreement With Pan-Americans

By Courier Leased Wire. Washington, June 11.—President Wilson's address here last Friday to a party of Mexican newspaper editors, which was given out here today for publication in the United States is expected to be recognized as one of his most important war messages. It deals almost wholly with pan-Americanism by agreement with the President took the opportunity to send back to the Mexican people through 90 or more representative newspaper editors, a personal message to emphasize the disinterestedness of the United States in all its part of the fight for world democracy.

It was the president's wish that his speech inasmuch as it practically addressed to the Mexican people should be published in Mexico first. To that end no copies were given out for publication in this country until today, although it was sent at the same time to the embassies and legations abroad, it seems to have been given to foreign newspapers because editorial comments were coming in over the cables today.

CREATION OF WAR CHEST

This Plan is Proposed in the Case of Brantford The Idea is to Have One Appeal Instead of Many

The Patriotic Fund will in future be contributed by the government instead of by local levies as heretofore, but the patriotic committee will still remain for administrative purposes. In this regard, the suggestion has arisen that for the Cross, Belgian relief and other purposes there should be a "war chest" established in the city. Under this plan, as followed in other places, there is only one call upon citizens each year, instead of the several which now occur, and from the chest various grants are made to the different patriotic endeavors.

Yesterday afternoon, at the request of the patriotic committee, a meeting took place in the Free Library to consider the matter. Those present included representatives from the various interests concerned. Mr. W. Woodcock occupied the chair. After considerable discussion a resolution was passed asking that another meeting be called to which delegates will be invited from the various war charities, the Board of Trade and Labor Council and so on, when a final decision will be reached. At a meeting of the patriotic committee held last night this plan was confirmed.

FOUR DROWNED

By Courier Leased Wire. Banff, Alb., June 11.—Thomas Brown, J. P. Erickson, L. Lusk and S. Barkas, employees of the Eau Claire Lumber Mill, were drowned in the Spray River here yesterday when attempting to cross that stream to where they had some work to do. The river was badly swollen and a high wind was blowing, which finally caused the swamping of the boat. William Webster, another occupant of the boat, saw the danger, and after advising his companions, jumped overboard and swam ashore.

I.O.D.E. RECEIVED CHECK FROM SEMI-CENTENNIAL ASS'N

Dufferin Rifles' Chapter Given \$125.00 to Aid in Carrying on Work

The Dufferin Rifle Chapter, I. O. D. E. held its June meeting on the verandah at the Armouries, Tuesday afternoon, the vice-regent, Mrs. Coghlin, presided. There was a large attendance.

The routine business was soon dispensed with. Great satisfaction was expressed at the flourishing state of the finances, and the reports of the wool committee that four hundred pounds of excellent wool had been obtained—that makes over six hundred pounds in the last three months.

A letter was read from G. D. Watt, Esq., Hon. Treasurer of the Brantford Semi-Centennial Association, enclosing a cheque for \$125 to be used in any way the chapter sees fit, and wishing every success to the good work of the chapter.

The payment of the cheque of the Railroad Construction Troops in France, expressing thanks for a parcel of socks, which were doubly appreciated as in the three weeks preceding their receipt they had marched 150 miles, and some men were badly in need of socks.

Sapper Blanchard, late of the Brantford police force, thanked the chapter for two pair of socks and jackets of tobacco, though he would have preferred cigars. He said there were a lot of Brantford boys there, and a few socks and eats does a lot of good.

The registration of the chapter as a war charity was received from the Secretary of State.

Moved by Mrs. Miller, and seconded by Mrs. Howard, that the secretary send the thankful gratitude of the chapter to the Semi-Centennial Association for its generous gift, and express thanks to Miss Marjorie Jones and Miss Mildred Sanderson for their delightful concert, which contributed about \$100 (the receipts are not all in) to our funds, besides the great pleasure it gave to Brantford music lovers. Also to Mrs. Hudson Smith for her kind loan of the piano and organ; to the Darwin Company for its articles of furniture, to Mr. Young for the rug, and to the Hamilton Bros. for the palms and cut flowers.

Many congratulated the chapter on the artistic arrangement of the platform, which made a charming setting for the clever young artists and the assistants, who gave us a long to be remembered treat.

By a standing vote, congratulations were to be sent Col. and Mrs. Colquhoun for his latest honor, the C.M. in the following recognition of a happy time with her three soldier men.

The monthly meetings will be postponed until October. A series of verandah gatherings were arranged for to be held during the summer. The first on Wednesday afternoon following registration week, at Mrs. Oxtoby's, the next at Mrs. Howard's. It is hoped the members and their friends will enjoy these afternoon teas, many hats and mittens and contribute to our wool funds.

WILSON'S APPEAL TO LABOR

Washington, June 11.—President Wilson today telegraphed to the American Federation of Labor and the American Alliance for Labor and Democracy, in convention at St. Paul, Minn., urging renewed efforts of labor in support of the program. "The war can be best in this as well as on the fields of France and ill-considered or unjustified interruptions of the essential labor in this country may make it impossible to win it," said the President's telegram to Robert Maltet of the American Alliance for Labor and Democracy.

GET RID OF HUMORS

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other eruptions come from humors, which may be either inherited or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and to improve the digestion and assimilation.

From your druggist get Hood's Sarsaparilla, which may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing can take its place.

CUNARDER TORPEDOED

Ninety of Her Crew Landed on the Irish Coast Many Missing

New York, June 12.—The British transport Asonia, owned by the Cunard Line, has been torpedoed in the Atlantic by a German submarine and 90 of her crew have been landed on the Irish coast, according to cable messages received in New York today.

The survivors were picked up by an eastbound steamer and a search is being made for the missing members of the crew, which numbered 120 officers and men.

The Asonia was commanded by Captain R. Capper, who was very popular in the Mediterranean passenger trade from New York before the war as the commander of the Panonia. No details have been received concerning the names of those who are missing.

On June 15, 1917, the Asonia was attacked by a submarine off the English coast while under convoy, and had her stern blown off by a torpedo, but she managed to reach port in a sinking condition.

The Asonia was a steel four-masted steamship of 8,153 gross tonnage, built at Newcastle, Eng., in trade between London and Canada. She was 460 feet 6 inches long, 54 feet 2 inches beam and 29 feet 2 inches depth of hold, and was equipped with six twin-screw engines which gave her a speed of 14 knots.

A white frost visited the Niagara fruit belt Friday night, causing considerable damage to tomato and cucumber plants in the lower lying portions of the eastern section.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids and to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia water drink.

Appreciation of Sanitarium

The following letter is a striking testimonial to the Brant Sanitarium: Brantford, May 31, 1918.

Mr. C. Cook, Pres. Brant Sanitarium: Dear Sir—I want to thank you and the managers of the Sanitarium Board, also Miss Bowen and the nurses for their kindness to my little boy, Eugene, aged 5 years. He was a patient there for seventeen months. He received the greatest of kindness, and the best of care from all up there; in fact, he is so much attached to Miss Bowen that he does not care to stay home, and that speaks for itself.

It meant a great deal to me to have my boy cured while his father and brother were away fighting. Had it not been for the Sanitarium, my boy could not have lived very much longer. To-day he is the picture of health. My husband wishes me to thank you all in his behalf. Allow us to thank Dr. Marquis, Miss Bowen, the nurses, and the members of the San Board Committee for their past kindness to Eugene and the other members of my family when they visited him up there. I remain, Yours truly, Mrs. Dessie Vansickle.

MIKADO'S SON WILL MARRY A PRINCESS

Japanese Crown Prince Will Change Old Custom—Fiance Only Fifteen Years Old

The Emperor of Japan has disregarded the custom of recent years of selecting a bride for the Crown Prince from among the five noble families of Japan. Instead he recently selected the bride for his son from among the Imperial princely families, according to an announcement made by the East and West News Bureau, which represents the Japanese Government in the States.

The engagement of Princess Nagako, eldest daughter of Prince and Princess Kuni, to the Crown Prince of Japan was informally announced on January 17, although the official statement was not issued until April 29, the seventeenth birthday of Prince Hirohito, heir to the throne.

Princess Nagako, the Imperial fiancee celebrated her fifteenth birthday on March 6 this year. She is now a pupil in the third year class of the Peers' College, and is known as one of the prettiest young princesses of the Imperial Court. Her father, Prince Kunikida, King's Miyu, a lieutenant-general in the Japanese army and commander of the Fifteenth Division, Toyohashi.

DUKE AT WOODSTOCK.

By Courier Leased Wire Woodstock, Ont., June 11.—Woodstock was aglow to-day with decorations in honor of the visit of the Governor-General of Canada. The vice-regal party was met at the Grand Trunk Railway depot by Mayor West and other officials and escorted to the court house, where the official address of welcome was read.

The Duke in reply to the official welcome contrasted the peaceful state of affairs in Canada with the chaos which existed in France and Flanders and stated that at the present time we are fighting for the defence of our homes and urged aid for our gallant troops overseas. In conclusion he said that the Allies are determined to win and asked Canadians to stand together and have confidence in the future.

The vice-regal party afterwards visited the hospital, children's shelter and other public buildings.
